Item 8.01. Other Events.

On August 24, 2015, Charles Robbins, Chief Executive Officer of Cisco Systems, Inc. ("Cisco"), adopted a pre-arranged stock trading plan to exercise up to 42,000 Cisco stock options originally granted in 2007 and set to expire in 2016, and sell the acquired shares of Cisco stock. Sales under the plan may begin in December 2015, and the plan is scheduled to terminate in September 2016.

The transactions under the plan will be disclosed publicly through Form 144 and Form 4 filings with the Securities and Exchange Commission. The plan was adopted in accordance with guidelines specified under Rule 10b5-1 of the Securities Exchange Act of 1934, as amended, and Cisco's policies regarding stock transactions.

Rule 10b5-1 permits individuals who are not in possession of material, non-public information at the time the plan is adopted to establish pre-arranged plans to buy or sell company stock. Using these plans, individuals can prudently and gradually diversify their investment portfolios over an extended period of time.
