#### **Forward-Looking Statements**

*This document contains statements which are, or may be deemed to be, "forward-looking statements" which are prospective in nature, including, without limitation, statements regarding the Company's planned acquisition of a bank and the receipt of regulatory approvals in connection therewith and any statements regarding beliefs, plans, expectations or intentions regarding the future. Forward-looking statements are not based on historical facts, but rather on current expectations and projections about future events, and are therefore subject to risks and uncertainties which could cause actual results to differ materially from the future results expressed or implied by the forward-looking statements. Often, but not always, forward-looking statements can be identified by the use of forward-looking words such as "plans", "expects", "intends", "anticipates" or "believes", or variations of such words and phrases or statements that certain actions, events or results "may", "could", "should", "would", "might" or "will" be taken, occur or be achieved. Such statements are qualified in their entirety by the inherent risks and uncertainties surrounding future expectations. Such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the Company's actual results, revenues, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Important factors that could cause the Company's actual results, revenues, performance or achievements to differ materially from the Company's expectations include, among other things: the Company's ability to satisfy conditions to the closing of the bank acquisition, including the receipt of requisite regulatory approvals; the Company's ability to integrate and realize the benefits of such acquisition; and other factors beyond the Company's control. Such forward-looking statements should therefore be construed in light of such factors. Other than in accordance with its legal or regulatory obligations, the Company is not under any obligation and the Company expressly disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Additional information about these and other assumptions, risks and uncertainties are set out in the Company's Annual Report on Form 20-F filed with the U.S. Securities and Exchange Commission and the Company's Management's Discussion and Analysis for the three and nine months ended September 30, 2015, filed with the Canadian securities regulators.*
