**PROXY STATEMENT
OF
MFC BANCORP LTD.
RELATING TO THE
2003 ANNUAL MEETING OF STOCKHOLDERS OF
EQUIDYNE CORPORATION**

PLEASE SIGN, DATE AND RETURN THE ENCLOSED GREEN PROXY CARD

TO THE STOCKHOLDERS OF EQUIDYNE CORPORATION:

This proxy statement (the "Proxy Statement") and the enclosed green proxy card are being furnished by MFC Bancorp Ltd. ("MFC", "we" or "us") for the solicitation of proxies from you, the holders of the shares of common stock of Equidyne Corporation ("Equidyne" or the "Company"), to be voted at Equidyne's 2003 annual meeting of stockholders to be held September 9, 2003, including any adjournments, postponements, continuance or rescheduling thereof and any special meeting called in lieu thereof (the "Annual Meeting").

We are soliciting your proxy to vote for the following proposals (the "Proposals"), which we intend to submit for approval at the Annual Meeting:

ELECTION OF DIRECTORS: To elect Michael J. Smith, Roy Zanatta, Mark Steinley, Greg Elderkin, Dr. Stefan Feuerstein, James Musacchio and James Carter (the "MFC Nominees") to serve as the directors of the Company until their respective successors are duly elected and qualified or their earlier resignation or removal (if fewer than seven directors are elected, we propose to elect the MFC Nominees in the order listed above); and

REVOCATION OF BYLAWS to adopt the following stockholders' resolution (which we will refer to as the "Bylaw Revocation Proposal"):

RESOLVED, that each and every provision of the Amended and Restated Bylaws (the "Bylaws") of Equidyne Corporation adopted on or after May 1, 2003 and prior to the adoption of this resolution is hereby repealed.

**THIS SOLICITATION IS BEING MADE BY MFC AND NOT ON BEHALF
OF EQUIDYNE OR THE CURRENT BOARD OF DIRECTORS**

MFC is not aware of any other proposals to be brought before the Annual Meeting. However, should other proposals be brought before the Annual Meeting, the proxies named on the enclosed green proxy card will vote on such matters in their discretion.

We are soliciting proxies for use at the Annual Meeting. Equidyne's current board of directors (the "Current Board") announced the date of the Annual Meeting to be September 9, 2003 and the record date for determining those stockholders entitled to receive notice of and vote at the Annual Meeting to be July 14, 2004 (the "Record Date"). Stockholders of record at the close of business on the Record Date will be entitled to one vote at the Annual Meeting for each share of Equidyne common stock held on the Record Date. We are asking you to mark, sign and date the enclosed green proxy card and return it in the enclosed, postage-paid envelope to our proxy solicitor, Georgeson Shareholder Communications Inc., as set forth below. We beneficially own approximately 8.7% of the Company's common stock and intend to vote our shares for the Proposals.

ANY PERSON WHO HELD SHARES OF EQUIDYNE COMMON STOCK ON THE RECORD DATE MAY GIVE A PROXY. WHETHER OR NOT YOU PLAN TO ATTEND THE ANNUAL MEETING, WE URGE YOU TO SIGN AND DATE THE ENCLOSED GREEN PROXY CARD AND RETURN IT IN THE POSTAGE-PAID ENVELOPE PROVIDED.

YOUR LATEST-DATED PROXY IS THE ONLY ONE THAT COUNTS, SO YOU MAY RETURN THE GREEN PROXY CARD EVEN IF YOU HAVE ALREADY DELIVERED A PROXY. WE URGE YOU NOT TO RETURN ANY PROXY SENT TO YOU BY EQUIDYNE OR THE CURRENT BOARD.

This Proxy Statement and the enclosed green proxy card are first being sent or given to stockholders of Equidyne on or about August [5], 2003.

YOUR VOTE IS IMPORTANT!

TO VOTE FOR OUR PROPOSALS, PLEASE DO THE FOLLOWING:

* If you hold your shares of Equidyne common stock in your own name, please SIGN, DATE and MAIL or hand-deliver the enclosed green proxy card today in the enclosed postage-paid envelope to our proxy solicitor, Georgeson Shareholder Communications Inc., at the address below.

* If you hold your shares of Equidyne common stock in the name of one or more brokerage firms, banks or nominees, only they can exercise voting rights with respect to your shares, and then only upon receipt of your specific instructions. Accordingly, it is critical that you promptly contact the person responsible for your account and give instructions to SIGN, DATE and MAIL (or fax both sides of) the GREEN proxy card representing your shares to our proxy solicitor. We urge you to confirm in writing your instructions to the person responsible for your account and to provide a copy of those instructions to us in care of Georgeson Shareholder Communications Inc., who is assisting in this solicitation, at the address and telephone numbers below and on the back cover of this proxy statement, so that we will be aware of all instructions and can attempt to ensure that such instructions are followed.

QUESTIONS AND ANSWERS ABOUT THIS PROXY STATEMENT

Q: WHO IS MAKING THE PROXY SOLICITATION?

A: This proxy solicitation is being made by MFC. MFC beneficially owns approximately 8.7% of the Company's common stock. For more information about MFC, please refer to Annex III hereto. For more information on Equidyne, please refer to Annex I hereto.

Q: WHAT ARE WE PROPOSING?

A: You are being asked for a proxy to be voted in favor of:

* Electing the MFC Nominees to serve as the directors of Equidyne. The MFC Nominees together have over 40 years of management experience advising and restructuring troubled enterprises;

* Approving the following resolution:

RESOLVED, that each and every provision of the Amended and Restated Bylaws of Equidyne adopted on or after May 1, 2003 and prior to the adoption of this resolution, is hereby repealed.

Q: WHY ARE WE SOLICITING YOUR PROXY?

A: We are soliciting your proxy to replace Equidyne's Current Board, whom we believe are at least partially responsible for the Company's poor performance. Our beliefs are based on the following, among other things:

* In February, 2002, the Company's stock traded as high as \$9.00 for a short time and closed at over \$6.00 at the end of that month. Equidyne's stock closed no lower than \$3.00 per share at the end of every month from December 1999 through February 2001, except November 2000, which it closed at \$2.94(1). It often closed the month much higher than \$3.00 per share, such as in March 2000 (\$5.31), September 2000 (\$4.75) and January 2001 (\$4.05)(2). Since August 2001, however, the stock has not closed above \$1.00 at the end of any month. On July 31, 2003, the Company's stock closed at \$0.49. While many factors, some of which are external to the Company, can impact share price, we believe that management's decisions are at least partly responsible for the Company's poor stock performance. For example, Equidyne's management spent over \$5 million in fiscal 2001 and 2002 building automated, high-volume production systems to manufacture products.(3) Equidyne almost immediately determined that it had no current use for the production systems and took an asset impairment charge of \$5.2 million to write down the entire carrying value of the equipment in the second quarter of fiscal 2002.(4)

(3) Source: Annual Report of Form 10-KSB for the fiscal year ended July 31,

2001 filed by Equidyne on November 19, 2001.

(4) Source: Annual Report of Form 10-KSB for the fiscal year ended July 31,

2002 filed by Equidyne on October 28, 2002.

* The Company's market capitalization decreased from more than \$151 million to approximately [\$6.1 million] from the third quarter of fiscal 2000 to the end of fiscal 2003.(5) Marcus R. Rowan, the Company's CEO and a current director, was a director throughout this period.

* From December 31, 2001, the date Marcus Rowan became the Chief Executive Officer and Mark Myers became President, until July 31, 2003 the Company's stock price has decreased over [50%].(6)

* For the nine months ended April 30, 2003 the Company's net sales were only \$65,000, which we believe indicates a minimal level of business activity. Nonetheless, the Company has continued to incur losses throughout the 2003 fiscal year, including an operating loss of \$687,000 for the three months ended April 30, 2003 and an operating loss of \$2,584,000 for the nine months ended April 30, 2003.(7)

* We believe that management has little stock ownership and therefore, in our opinion, its interests are not sufficiently aligned with the stockholders. According to public records on file with the Securities and Exchange Commission (the "SEC"), the Company's Chief Executive Officer, President and Chief Financial Officer held a combined total of only 148,300 shares (less than 1% of the Company's outstanding shares) as of July 3, 2003.(8) We believe that the managers' lack of significant stock ownership in Equidyne may lead their economic incentives to conflict with those of the stockholders. While stockholders benefit from maximizing share price, managers with small or nominal shareholdings are more likely to benefit by maximizing corporate perquisites or compensation and may be less concerned with share price. Compare this with managers who have a significant equity stake in a company and can directly gain by maximizing the share price. In a company like Equidyne, where management owns less than 1% of the outstanding stock, this conflict of economic incentives may be acute. In our opinion, Equidyne's current managers would have little to gain from increasing Equidyne's share price because their stockholdings are less than one percent of the Company's outstanding stock. MFC's interest in Equidyne, on the other hand, consists of voting rights over 1,304,233 shares of which MFC is the registered holder of 100, as well as an option to acquire another 485,844 shares of Equidyne from Concord Effeckten AG ("Concord") for an exercise price of \$0.45 per share. MFC would thus benefit directly from a rising share price, and therefore our economic interests in Equidyne are aligned with those of our fellow stockholders. MFC is also funding this solicitation and is assuming the risks and financial responsibility of any potential litigation which may

arise in connection with such solicitation. According to public records on file with the SEC. Equidyne's current management has options to purchase

1,471,875 shares of Equidyne.(9)

* It is our belief that management compensation is excessive for a company with the size and circumstances of Equidyne. The Company's Chief Executive Officer, President and Chief Financial Officer have a combined base salary of over \$600,000(10) per year. At this rate, they were paid \$450,000 for the nine months ended April 30, 2003, seven times Equidyne's reported revenues of \$65,000 for that period.(11) In addition to salary, the Company paid \$187,000 of executive management bonuses in the quarter ended January 31, 2003.(12) The

Company's Chief Executive Officer was also paid a bonus of \$120,000(13) for his

"extraordinary" services to the Current Board in the first five months of fiscal 2002.(14) Mr. Rowan also received a signing bonus in the amount of \$80,000 when

he was appointed Chief Executive Officer in December 2001.(15) Mr. Rowan was

paid \$40,000 of his signing bonus during his first week of employment, with the remaining \$40,000 payable in equal installments on each of April 1, 2002, July 1, 2002 and October 1, 2002, contingent upon Mr. Rowan's continued employment.

* The Company, in our belief, has performed very poorly, but despite this in January 2003, the Current Board issued to the Company's Chief Executive Officer and President an aggregate of 630,000 stock options at an exercise price of only \$0.34 per share,(16) a price equal to approximately one-third of the Company's

book value per share as set out in the Quarterly Report on Form 10-QSB for the period ended January 31, 2003 and among the lowest market values of the shares for the entire month of January, 2003. This issuance is in addition to an issuance of 1,050,000 options to the same two persons in December 2001 when they were appointed to their positions.(17)

* Since the management changes in December 2001, management has failed to generate new revenue streams from the Company's existing technologies or to successfully develop new business opportunities for the Company. Though the Company has announced that it is seeking diversification strategies not necessarily related to the medical field,(18) it has not announced any

transactions or material developments in this regard. In the meantime, overhead expenses and losses, which we believe are excessive given the Company's total revenues, have continued to deplete its capital base. For example, total operating expenses were 49 times greater than sales for the three months ended

April 30, 2003 (\$682,000 in operating expenses against \$14,000 in net sales)(19)

and 40 times greater than sales for the nine months ended April 30, 2003

(\$2,579,000 in operating expenses against \$65,000 in net sales.)(20) Further, management has not explained what investment expertise it purports to have. If the Company pursues an investment strategy to create stockholder value, we believe it should be overseen by directors with substantial investment expertise such as the MFC Nominees.

* On January 21, 2003 the Current Board amended the Bylaws, revoking stockholders' right to call a special meeting and reducing the maximum permitted number of directors

(9) We could not conclusively determine the exercise price of all of management's options from the public records on file with the SEC.

from ten to seven, among other changes. We believe these changes disadvantage stockholders by making it more difficult to unseat entrenched leadership.(21)

Q: WHO ARE THE MFC NOMINEES?

A: The MFC Nominees are Michael J. Smith, Roy Zanatta, Mark Steinley, Greg Elderkin, Dr. Stefan Feuerstein, John Musacchio and James Carter. None of the MFC Nominees presently serve the Company in any capacity. The principal occupation and business experience of each MFC Nominee is set forth in this Proxy Statement under the section entitled "Information About the MFC Nominees" on page 12, which we urge you to read. As shown therein, the MFC Nominees are qualified individuals who, combined, possess over 40 years of management experience advising and restructuring troubled enterprises.

Q: IF THE MFC NOMINEES ARE ELECTED, WHO WILL BE THE OFFICERS OF THE COMPANY AND WHAT WILL THEIR COMPENSATION BE?

A: If the MFC Nominees are elected, we expect that they will terminate the employment of Marcus R. Rowan as Equidyne's Chief Executive Officer and Mark C. Meyers as its President. According to Equidyne's SEC filings, Mr. Rowan's annual base salary is \$250,000 and Mr. Meyers' is \$190,000. For the fiscal year ended July 31, 2002 Equidyne reported that Mr. Rowan received \$334,898 in total cash compensation for services to the Company and options to purchase 750,000 shares and Mr. Meyers received approximately \$208,615 in total cash compensation and options to purchase 300,000 shares. The Company also had disclosed that it paid \$187,000 of executive management bonuses in the quarter ended January 31, 2003 without specifying how the bonuses were allocated. In January, 2003, Mr. Rowan and Mr. Meyers were also awarded another 450,000 and 180,000 options, respectively, at an exercise price of only \$0.34 per share.

We expect that the MFC Nominees would appoint Michael Smith as Chairman and Chief Executive Officer and Roy Zanatta as Secretary. Neither Mr. Smith nor Mr. Zanatta would draw a salary or accrue any compensation until at least such time as the Company consummates a transaction or becomes active in a new business venture or activity.

Q: HOW WOULD THE MFC NOMINEES AND NEW MANAGEMENT IMPROVE THE COMPANY'S PERFORMANCE?

A: The MFC Nominees have extensive business experience, particularly in the restructuring of troubled companies. For a discussion of the background of the MFC Nominees, please refer to "Information About the MFC Nominees" on page 12. If elected, the MFC Nominees will attempt to enhance shareholder value by:

* preserving the Company's cash by minimizing overhead expenses through the elimination of excessive management salaries and the minimization of other overhead expenses;

(21) MFC had no ownership interest in Equidyne on January 21, 2003 and acquired its beneficial ownership interest of the shares of Equidyne with knowledge of the Bylaw amendments. See the discussion of the Bylaw Revocation Proposal at page 13 for additional information.

* discontinuing investments and expenses related to the needle free industry other than those which the MFC Nominees believe will realistically produce an attractive return through realization of value from the Company's existing technologies;

* seek new business opportunities, investments and acquisitions so as to utilize the Company's capital and public listing to earn a return on the Company's capital.

If elected, the MFC Nominees will owe a fiduciary duty to the Company and its shareholders, and therefore cannot guarantee that these fiduciary duties will not prevent the implementation of plans that are currently proposed.

Q: WHO CAN VOTE AT THE ANNUAL MEETING?

A: The Record Date is July 14, 2003. IF YOU OWNED SHARES OF THE COMPANY ON JULY 14, 2003 YOU HAVE THE RIGHT TO VOTE AT THE ANNUAL MEETING, EVEN IF YOU DISPOSED OF SOME OR ALL OF YOUR SHARES AFTER THAT DATE.

Q: HOW MANY SHARES MUST BE VOTED IN FAVOR OF THE PROPOSALS TO ADOPT THEM?

A: When a quorum is present, all elections or questions other than the election of directors are decided by a majority of votes cast of shares present in person or represented by proxy. Thus the Bylaw Revocation Proposal requires a majority approval at the Annual Meeting. Candidates for director receiving the highest number of votes will be elected, even if such candidates do not receive a majority of votes cast. The Bylaws provide that when a quorum is present at a meeting for the election of directors, a plurality of votes cast of shares present in person or represented by proxy at the meeting and entitled to vote for the election of directors shall be sufficient to elect directors.

A majority in voting power of the issued and outstanding shares of stock entitled to vote, either in person or represented by proxy, constitutes a quorum. The Company reported [14,984,803] shares of common stock outstanding as of July 14, 2003. Therefore, at least [7,492,402] shares must be present in person or represented by proxy at the Annual Meeting to constitute a quorum. We beneficially own approximately 8.7% of the Company's issued and outstanding shares and will vote for the MFC Nominees and the Bylaw Revocation Proposal.

Q: HOW DO I VOTE?

A: If you hold your shares of Equidyne common stock in your own name, please SIGN, DATE and MAIL or hand-deliver the enclosed GREEN proxy card today in the enclosed postage-paid envelope to our proxy solicitor, Georgeson Shareholder Communications Inc. at 17 State Street, 10th Floor, New York, New York, 10004.

If you hold your shares of Equidyne common stock in the name of one or more brokerage firms, banks or nominees, only they can exercise voting rights with respect to your shares, and then only upon receipt of your specific instructions. Accordingly, it is critical that you promptly contact the person responsible for your account and give instructions to SIGN, DATE and MAIL the GREEN proxy card representing your shares to Georgeson Shareholder Communications Inc. We urge you to confirm in writing your instructions to the person responsible for your account and to provide a copy of those instructions to us in care of Georgeson Shareholder Communications Inc., who is assisting in this solicitation, at the address and telephone numbers set forth below and on the back cover of this proxy statement, so that we will be aware of all instructions and can attempt to ensure that such instructions are followed.

Q: CAN I REVOKE MY PROXY?

A: You may revoke an executed proxy card at any time before the Annual Meeting by:

* marking, dating, signing and delivering a written revocation to our proxy solicitor, Georgeson Shareholder Communications Inc., at 17 State Street, 10th Floor, New York, New York, 10004, with a copy to MFC Bancorp Ltd. at Suite 1620 - 400 Burrard Street, Vancouver, British Columbia, V6C 3A6, Attention: Roy Zanatta/Rene Randal, facsimile (604) 683-3205. A revocation may be in any written form signed by the record holder as long as it clearly states that the proxy previously given is no longer effective;

* delivering a subsequent and properly completed and dated proxy in opposition to an earlier proxy; or

* attending the Annual Meeting and voting your shares in person.

Although a revocation is also effective if delivered to the Company, we request that either the original or photostatic copies of all revocations of proxies be promptly mailed or delivered to our proxy solicitor at the address or facsimile number on page 18 of this Proxy Statement or proxy solicitation so that we will be aware of all revocations. Revocations sent to the Company may be delivered to its business office which, according to its SEC filings, is located at 11300 Sorrento Valley Road, Suite 255, San Diego, CA 92121, or to any other address provided by the Company.

Q: WHO CAN I CALL WITH QUESTIONS ABOUT THE PROXY SOLICITATION OR THE PROPOSALS?

A: Please call Georgeson Shareholder Communications Inc. toll free at (800) 293-6057.

INFORMATION REGARDING FORWARD-LOOKING STATEMENTS

This Proxy Statement may contain forward-looking statements. Forward-looking statements give our current expectations or forecasts of future events. You can identify these statements by the fact that they do not relate strictly to historical or current information. They use words such as "anticipate", "estimate", "expect", "project", "intend", "plan", "believe", and other words and terms of similar meaning in connection with any discussion of future operating or financial performance. In particular, these include statements relating to:

- * future actions;
- * prospective services;
- * future performance or results of anticipated sales efforts;
- * potential growth and performance of Equidyne; and
- * projected operating results.

Any and all forward-looking statements in this Proxy Statement can be affected by inaccurate assumptions we might make or by known or unknown risks and uncertainties. Consequently, no forward-looking statement can be guaranteed. Because these statements are subject to risks and uncertainties, actual results may differ materially from those expressed or implied by the forward-looking statements. We caution you not to place undue reliance on the statements, which speak only as of the date of this Proxy Statement. The cautionary statements contained or referred to in this section should be considered in connection with any subsequent written or oral forward-looking statements that we or persons acting on our behalf may issue.

REASONS FOR THIS PROXY SOLICITATION

On May 2, 2003, we advised Equidyne of our intention to nominate directors and otherwise solicit proxies for the upcoming Annual Meeting. On May 9, 2003, Equidyne advised that it will mail our materials in connection with such solicitation. On May 24, 2003, the Current Board and the Company were again advised of an intention to nominate a new slate of persons for election as directors. In that letter we also demanded that the Current Board:

(i) agree not to undertake any steps outside of the ordinary course until the conclusion of the Annual Meeting; (ii) announce a date for the Annual Meeting; (iii) co-operate in the selection of an independent chairman and scrutineer for the Annual Meeting; and (iv) provide us a list of stockholders and non-objecting beneficial holders. On May 26, 2003, we formally demanded the right to inspect and make copies of the books and records of Equidyne, including its stockholders' list and other materials. Having received no response to our various demands and requests, further letters were sent on June 12, 2003 and July 11, 2003 reiterating our request for the stockholders' list and other materials.

On June 24, 2003, we made an application to the Delaware Court of Chancery (the "220/211 Application") to seek an order requiring Equidyne to: (i) schedule an

annual meeting pursuant to Section 211 of the DGCL; and (ii) produce information regarding the Company's stockholders pursuant to Section 220 of the DGCL. On June 26, 2003, the Company announced that the Annual Meeting would be held September 9, 2003, with a Record Date of July 14, 2003. On July 22, 2003 Equidyne agreed to provide MFC with the stockholder information and MFC withdrew its Section 220 claim. The Section 211 matter was heard on July 30, 2003 by Vice Chancellor Leo E. Strine, Jr. who is

expected issue a ruling on or about August 1, 2003. The Section 211 matter mainly concerns whether there will be a quorum requirement at the Annual Meeting and is not expected to affect the announced date of the Annual Meeting or Record Date.

We are soliciting your proxy to vote for the Proposals because we believe, based in part on the following, that the Current Board and senior management are at least partially responsible for the Company's recent poor performance and should be replaced.

POOR RECENT OPERATING RESULTS

As noted above, we believe the Company's recent financial performance has been poor, as evidenced by the following:

* In February, 2002, the Company's stock traded as high as \$9.00 for a short time and closed at over \$6.00 for that month. Equidyne's stock closed no lower than \$3.00 per share at the end of every month from December 1999 through February 2001, except November 2000, which it closed at \$2.94(22). It often closed the month much higher than \$3.00 per share, such as in March 2000 (\$5.31), September 2000 (\$4.75) and January 2001 (\$4.05).(23) Since August 2001, however, the stock has not closed above \$1.00 at the end of any month. On July 31, 2003, the Company's stock closed at \$0.49. While many factors, some of which are external to the Company can impact share price, we believe that management's decisions are at least partly responsible for the Company's poor stock performance. For example, Equidyne's management spent over \$5 million in fiscal 2001 and 2002 building automated, high-volume production systems to manufacture products.(24) Equidyne almost immediately determined that it had no current use for the production systems and took an asset impairment charge of \$5.2 million to write down the entire carrying value of the equipment in the second quarter of fiscal 2002.(25)

* The Company's market capitalization decreased from more than \$151 million to approximately [\$6.1 million] from the third quarter of fiscal 2000 to the end of fiscal 2003.(26) Marcus R. Rowan, the Company's CEO and a current director, was a director throughout this period.

* From December 31, 2001, the date Marcus Rowan became the Chief Executive Officer and Mark Myers became President, until July 31, 2003 the Company's stock price has decreased over [50%].(27)

* For the nine months ended April 30, 2003 the Company's net sales were only \$65,000 which we believe indicates a minimal level of business activity. Nonetheless, the Company has continued to incur losses throughout the 2003 fiscal year, including an

operating loss of \$687,000 for the three months ended April 30, 2003 and an operating loss of \$2,584,000 for the nine months ended April 30, 2003.(28)

EXCESSIVE MANAGEMENT COMPENSATION

Despite the poor recent operating results, management has been compensated and rewarded in a manner as though the Company has been achieving results for the stockholders:

* It is our belief that management compensation is excessive for a company with the size and circumstances of Equidyne. The Company's Chief Executive Officer, President and Chief Financial Officer have a combined base salary of over \$600,000(29) per year. At this rate, they were paid \$450,000 for the nine months ended April 30, 2003, seven times Equidyne's reported revenues of \$65,000, for that period.(30) In addition to salary, the Company paid \$187,000 of executive management bonuses in the quarter ended January 31, 2003.(31) The

Company's Chief Executive Officer was also paid a bonus of \$120,000(32) for

his "extraordinary" services to the Current Board in the first five months of fiscal 2002.(33) Mr. Rowan also received a signing bonus in the amount

of \$80,000 when he was appointed Chief Executive Officer in December 2001.(34) Mr. Rowan was paid \$40,000 of his signing bonus during his first

week of employment, with the remaining \$40,000 payable in equal installments on each of April 1, 2002, July 1, 2002 and October 1, 2002, contingent upon Mr. Rowan's continued employment.

* The Company, in our belief has performed very poorly, but despite this, in January 2003, the Current Board issued to the Company's Chief Executive Officer and President an aggregate of 630,000 stock options at an exercise price of only \$0.34 per share,(35) a price equal to approximately one-third of the Company's book value per share as set out in the Quarterly Report on Form 10-QSB for the period ended January 31, 2003 and among the lowest market values of the shares in the entire month of January, 2003. This issuance is in addition to an issuance of 1,050,000 options to the same two persons in December 2001 when they were appointed to their positions.(36)

MANAGEMENT'S ACTIONS ARE NOT CONSISTENT WITH STOCKHOLDERS' INTERESTS

Management's actions have failed to enhance stockholder value:

* We believe that management has little stock ownership and therefore, in our opinion, its interests are not sufficiently aligned with the stockholders. The Company's Chief Executive Officer, President and Chief Financial Officer held a combined total of only 148,300 shares (less than 1% of the Company's outstanding shares) as of July 3, 2003.(37) MFC's interest in Equidyne, on the other hand, consists of voting rights over 1,304,233 shares of which MFC is the registered holder of 100.(38) MFC is also funding this solicitation and is assuming the risks and financial responsibility of any potential litigation which may arise in connection with such solicitation. MFC also has an option to acquire 485,844 Shares of Equidyne from Concord for an exercise price of \$0.45 per share.

* Since the management changes in December 2001, management has failed to generate new revenue streams from the Company's existing technologies or to successfully develop new business opportunities for the Company. Though the Company has announced that it is seeking diversification strategies not necessarily related to the medical field(39), it has not announced any

transactions or material developments in this regard . In the meantime, overhead expenses and losses, which we believe are excessive given the Company's total revenues, have continued to deplete its capital base. For example, total operating expenses were 49 times greater than sales for the three months ended

April 30, 2003 (\$682,000, in operating expenses against \$14,000 in net sales)

(40) and 40 times greater than sales for the nine months ended April 30, 2003

(\$2,579,000 in operating expenses against \$65,000 in net sales)(41). Further,

management has not explained what investment expertise it purports to have. If the Company pursues an investment strategy to create stockholder value, we believe it should to overseen by directors with substantial investment expertise such as the MFC Nominees.

Although there can be no assurance that our MFC Nominees will succeed in their efforts, we believe they can create stockholder value by drawing from their experience restructuring troubled enterprises. We believe that we can create long term stockholder value by minimizing overhead expenses and pursuing new business activities and acquisitions.

MANAGEMENT ENTRENCHMENT

On January 21, 2003 the Current Board approved changes to the Bylaws which we believe reduced the Current Board's accountability to the stockholders.(42)

Among other changes, the Current Board:

(37) Source: Definitive additional materials filed by Equidyne under Form

DEFA 14A on July 3, 2003.

(38) MFC has no economic interest in Concord's 1,304,133 shares. MFC's economic interest is limited to the 100 shares MFC currently owns. However, to the extent that MFC has an option to purchase 485,844 shares from Concord at \$0.45 per share, MFC has an economic interest in a rising share price.

(39) Source: Annual Report on Form 10-KSB for the fiscal year ended July 31, 2002 filed by Equidyne on October 28, 2002.

(40) Source: Quarterly Report on Form 10-QSB for the period ended April 30, 2003 filed by Equidyne on June 13, 2003.

(41) Source: Ibid.

(42) MFC had no ownership interest in Equidyne on January 21, 2003 and acquired its beneficial ownership interest of the shares of Equidyne with knowledge of the Bylaw amendments. See the discussion of the Bylaw Revocation Proposal at page 13 for additional information.

- * eliminated the Bylaws' requirement that the annual meetings of stockholders be held (an annual meeting must now be held only if required by applicable law);
 - * eliminated stockholders' power to call a special meeting;
 - * eliminated stockholders' power to set the number of directors by resolution; and
 - * reduced the maximum number of directors from ten (10) to seven (7).(43)
-

We believe the Company's Bylaw amendments were adopted as an entrenchment technique and diminish stockholder value by discouraging leadership changes that could be beneficial to Equidyne's share price or business operations. We believe that, by amending the Bylaws, the Current Board has taken significant defensive steps to entrench itself and to ward off challenges, which may not be in the best interests of stockholders.

LACK OF DIRECTION

Management of Equidyne has claimed to be evaluating "diversification strategies" including "investing in business opportunities not necessarily related to the medical device field".(44) However, since they were appointed in December, 2001, management has not announced any transactions or material developments in this regard. In the meantime, expenses and losses, which we believe are excessive given the Company's total revenues, have continued to deplete its capital base. For example, total operating expenses were 49 times greater than sales for the three months ended April 30, 2003 (\$682,000 in operating expenses against \$14,000 in net sales)(45) and 40 times greater than sales for the nine months ended April 30, 2003 (\$2,579,000 in operating expenses against \$65,000 in net sales)(46) Further, management has not explained what investment expertise it purports to have. If the Company pursues an investment strategy to create stockholder value, we believe it should be overseen by directors with substantial investment expertise such as the MFC Nominees.

WE BELIEVE NEW LEADERSHIP CAN MAKE EQUIDYNE SUCCEED

We believe that the Current Board has totally failed to preserve or enhance stockholder value. Most recently, Equidyne reported an operating loss of \$2,854,000 for the nine months ended April 30, 2003 in its Quarterly Report on Form 10-QSB filed with the SEC on June 13, 2003.

If elected, the MFC Nominees intend to seek new business opportunities for Equidyne. Although the MFC Nominees have indicated that they will implement this strategic business plan if elected, we cannot guarantee that the Company's operating performance will improve or that its profitability will be restored. In addition, if elected, the MFC Nominees will owe a fiduciary duty to the

Company, and therefore cannot guarantee that these fiduciary duties will not prevent the implementation of plans that are currently proposed.

ADDITIONAL INFORMATION REGARDING THE PROPOSALS

PROPOSAL 1: ELECTION OF THE MFC NOMINEES

MFC is proposing that Equidyne's stockholders elect the MFC Nominees to Equidyne's board of directors at the Annual Meeting. The first five individuals named in the table below will be nominated to be elected to succeed the Current Board. One or more of the other individuals named in the table below will be nominated to be elected: (i) in the event that the Current Board purports to increase the number of directorships pursuant to Article III, Section 2 of the Bylaws of Equidyne; and/or (ii) in the event that any of the first five individuals named in the table below is unable for any reason to serve as a director.

Additional nominations made pursuant to the preceding clauses are without prejudice to any position MFC may take which may claim that any attempt by Equidyne to increase the size of Equidyne's board of directors constitutes an unlawful manipulation of Equidyne's corporate machinery to disenfranchise the Company's stockholders. Each MFC Nominee has consented to being named in this Proxy Statement and our other solicitation materials and to serve as a director, if elected, until the next annual meeting of the Company's stockholders or until his successor has been elected and qualified. The Bylaws provide that the board of directors shall determine the number of directors eligible for election, which is currently five. The Bylaws also provide that a single class of directors will be elected at each annual meeting and hold office until the following annual meeting or until their successors are elected and qualified. If elected, the MFC Nominees would serve together as a single class of directors in accordance with the Bylaws.

Our primary purpose in seeking to elect the MFC Nominees is to help turn Equidyne around and enhance the value of the Company for the benefit of all stockholders. If elected, the MFC Nominees would be responsible for appointing new management to operate Equidyne. In addition, the MFC Nominees will owe a fiduciary to the Company and its shareholders if elected, and therefore cannot guarantee that these fiduciary duties will not prevent the implementation of plans that are currently proposed.

Although each MFC Nominee has consented to serve as a director if elected and we have no reason to believe that any of the MFC Nominees may be unable or unwilling to serve, if any MFC Nominee is unable to serve as a director of Equidyne due to death, disability or otherwise, the remaining MFC Nominees may designate another person or persons to replace the nominee or nominees unable to serve.

The name, age and present principal occupation of each of the MFC Nominees is as follows:

Michael J. Smith, age 55, is the President and Chief Executive Officer and a director of MFC. Mr. Smith's principal business address is Floor 21, Millennium Tower, Handelskai 94-96, A-1200, Vienna, Austria.

Mark Steinley, age 40, is an independent consultant. Mr. Steinley's principal business address is 3915 East Broadway Boulevard, Fourth Floor, Tucson, AZ 85711.

Greg Elderkin, age 39, is the Executive Vice-President and a director of and the designated real estate broker at Pacific West Brokerage, Inc. Mr. Elderkin's principal business address is 555 South Renton Village Place, Suite 700, Renton, WA 98055.

Roy Zanatta, age 38, is Secretary of MFC. Mr. Zanatta's principal business address is 1620-400 Burrard Street, Vancouver, British Columbia, Canada.

Dr. Stefan Feuerstein, age 51, is Chief Executive Officer of MFC Capital Partners AG and a director of MFC. Dr. Feuerstein's principal business address is Charlottenstrasse 59, 10117 Berlin, Germany.

John Musacchio, age 55, is Vice-President of MFC and Chief Operating Officer, Chief Financial Officer and a director of Mymetics Corporation. Mr. Musacchio's principal business address is Floor 21, Millennium Tower, Handelskai 94-96, A-1200, Vienna, Austria.

James Carter, age 57, is Vice-President of MFC. Mr. Carter's principal business address is Floor 21, Millennium Tower, Handelskai 94-96, A-1200, Vienna, Austria.

In addition, if the MFC Nominees are elected, it is expected that Mr. Smith, age 55, will be appointed to serve as Equidyne's Chief Executive Officer. Mr. Smith, as the President and Chief Executive Officer of MFC, has extensive experience in restructuring companies in order to enhance stockholder value. For further information about MFC and Mr. Smith please refer to Annex III hereto.

The foregoing information has been furnished to us by the respective MFC Nominees. Annex III contains additional information about the MFC Nominees required to be disclosed under Regulation 14A of the Securities Exchange Act of 1934, as amended. It is expected that each MFC Nominee, if elected, will thereafter be reimbursed by Equidyne for reasonable out-of-pocket expenses incurred in the performance of his services as a director. The MFC Nominees will also be entitled to indemnification by the Company in accordance with the Bylaws and the DGCL.

The green proxy card delivered with this Proxy Statement provides each shareholder with the opportunity to designate any of the MFC Nominees whom he or she does not desire to elect. WE URGE YOU TO VOTE FOR ALL OF THE MFC NOMINEES ON THE GREEN PROXY CARD DELIVERED WITH THIS PROXY STATEMENT.

WE BELIEVE THAT IS IN THE BEST INTERESTS OF THE SHAREHOLDERS OF EQUIDYNE TO ELECT THE MFC NOMINEES AT THE ANNUAL MEETING. WE STRONGLY RECOMMEND THAT YOU VOTE "FOR" THE ELECTION OF THE MFC NOMINEES.

PROPOSAL 2: REPEAL OF BYLAWS ADOPTED ON OR AFTER MAY 1, 2003

The Company's stockholders are being asked to adopt the following resolution, which would repeal any amendments to the Bylaws adopted by the Current Board on or after May 1, 2003 and prior the adoption of this resolution:

RESOLVED, that each and every provision of the Amended and Restated Bylaws of Equidyne Corporation adopted on or after May 1, 2003 and prior to the adoption of this resolution is hereby repealed.

We do not intend to exercise discretion in this regard. Although this Bylaw Revocation Proposal, if adopted, will repeal every Bylaw amendment adopted by the Current Board since May 1, 2003, it is not part of a plan to remove all anti-takeover devices available to the Company, and we believe the MFC Nominees do not have any present intention to make other proposals which would remove other anti-takeover measures. Rather, it is designed to prevent the Current Board from taking actions to amend the Bylaws to attempt to nullify or delay the actions taken by you under this Proxy Statement or

to create new obstacles to your ability to freely elect a board which we believe represents your best interests. We chose the May 1, 2003 date because on May 2, 2003 we gave our notice of intention to bring business before the Annual Meeting to the Company in accordance with the Bylaws. Based on publicly available information, we are not aware of any amendments to the Bylaws that have been adopted or proposed since May 1, 2003. The Bylaws in force on May 1, 2003 were last amended on January 21, 2003 and filed as Exhibit 3.2 to the Company's current report on Form 8-K on January 27, 2003. MFC acquired beneficial ownership of its shares of the Company with knowledge of the Bylaw amendments. We do not seek to repeal the January 21, 2003 Bylaw amendments.

The approval of the Bylaw Revocation Proposal could result in the repeal of newly adopted Bylaws which may be in the best interests of stockholders, although we believe that such a possibility is unlikely in view of the fact that the Current Board has not disclosed any such Bylaw amendments. Except for the proposed actions described in this Proxy Statement, the MFC Nominees, if elected, do not intend to take any other action that would remove other anti-takeover measures or render them ineffective. MFC intends to distribute to the stockholders of the Company supplemental materials in the event that the Current Board amends the Bylaws after the date of this Proxy Statement and such amendments are made available to us or the general public (which amendments the Bylaw Revocation Proposal, if approved, would repeal).

WE RECOMMEND THAT SHAREHOLDERS OF EQUIDYNE VOTE "FOR" THE APPROVAL OF THE BYLAW REVOCATION PROPOSAL.

(1) 100 of these shares are held by MFC directly and MFC has the right to vote 1,304,133 shares pursuant to a voting agreement with Concord Effecten AG. For more information on this agreement, please refer to Annex III hereto.

Under applicable regulations of the SEC, MFC and the MFC Nominees are deemed "participants" in this proxy solicitation. Certain other information about MFC and the MFC Nominees and any transactions between any of them and the Company are set forth in the attached Annex III. No persons other than those named in this Proxy Statement will participate in the proxy solicitation. Concord may also be deemed to be a "participant" as a result of an agreement it entered into with MFC pursuant to which MFC was granted the voting rights over the shares of common stock of Equidyne beneficially owned by Concord. On April 30, 2003, MFC and Concord entered into an agreement pursuant to which Concord agreed that, with relation to the Annual Meeting of stockholders of Equidyne and any other meeting of the Company or any adjournment or postponement held prior to June 30, 2004, Concord would provide to MFC, upon request, any proxies or otherwise take such actions as may be required or desirable to vote the common stock of Equidyne owned by Concord at the time of such meeting in favor of any nominees for election as directors of Equidyne put forth by MFC and otherwise vote such common stock as directed by MFC with respect to any proposal before the shareholders of the Company. In addition to being granted the voting rights over the shares held by Concord, MFC was also granted an option to purchase up to 485,844 of the shares held by Concord which option is exercisable at any time until earlier of the date that is 60 days after the date of the Annual Meeting and August 31, 2003 for an exercise price of \$0.45 per share. MFC was also granted a right of first refusal pursuant to and for the term of the agreement to purchase all, but not less than all, of any shares which Concord proposes to sell to an arm's length purchaser.

The MFC Nominees will not receive any compensation from MFC for their services as directors of Equidyne. MFC has agreed to indemnify all of the MFC Nominees against any costs, expenses and other liabilities associated with their nomination and the election contest.

The MFC Nominees will owe a fiduciary duty to the Company and its shareholders if elected, and therefore cannot guarantee that these fiduciary duties will not prevent the implementation of plans that are currently proposed.

According to the Company's public filings with the SEC, directors of Equidyne who are not employees of the Company receive \$2,000 for each meeting attended and all directors of the Company are reimbursed by the Company for travel and other expenses incurred in connection with their services as directors. MFC disclaims any responsibility for the accuracy of the foregoing information, which has been extracted from the Company's public filings with the SEC.

MFC does not expect that any of the MFC Nominees will be unable to stand for election, but in that event, the shares represented by the enclosed green proxy card will be voted in each such case for a substitute nominee selected by MFC. MFC reserves the right to nominate substitute or additional persons if the Company makes or announces any changes to its Bylaws or takes or announces any other action that has, or if consummated would have, the effect of disqualifying any or all of the MFC Nominees. MFC expressly reserves this right without prejudice to any position MFC may take which may claim that any attempt by Equidyne to increase the size of Equidyne's board of directors constitutes an unlawful manipulation of Equidyne's corporate machinery to disenfranchise the Company's stockholders. In any such case, shares represented by the enclosed green proxy card will be voted for all such substitute or additional nominees selected by MFC.

In accordance with applicable regulations of the SEC, the green proxy card affords each stockholder the opportunity to designate the names of any of the MFC Nominees whom he or she does not wish to elect. Notwithstanding the foregoing, we urge stockholders to vote for all of the MFC Nominees on the enclosed green proxy card. The persons named as proxies in the enclosed green proxy card will

vote, in their discretion, for each of the MFC Nominees who is nominated for election and for whom authority has not been withheld.

VOTING SECURITIES

According to the Company's certificate of incorporation, Equidyne's shares of common stock constitute its only class of outstanding voting securities. Accordingly, only the holders of the Company's common stock as of the Record Date are entitled to execute proxies. The Record Date for determining stockholders entitled to vote is July 14, 2003. As of the Record Date, there were [14,984,803] shares of the Company's common stock issued and outstanding. We believe that there are no other classes of common stock and no shares of preferred stock outstanding. Each outstanding share of common stock as of the Record Date is entitled to one vote at the Annual Meeting. Stockholders of Equidyne do not have cumulative voting rights, which means that your shares are voted separately for each Proposal.

Pursuant to Article III, Section 2 and Article II, Section 7 of the Bylaws, at each meeting of stockholders of the Company for the election of directors at which a quorum is present, the persons receiving a plurality of votes cast of persons present in person or represented by proxy at the meeting and entitled to vote for the election of directors shall be elected as directors. All other matters require approval of a majority of shares represented at the meeting in person or by proxy and entitled to vote on the matter.

Abstentions and broker non-votes will have the same effect as votes against the Bylaw Revocation Proposal and will each be included in determining the number of shares present for purposes of determining the presence of a quorum.

Pursuant to an agreement between MFC and Concord dated April 30, 2003, we exercise voting control over 1,304,233 shares of the Company's common stock as of the date hereof, representing approximately 8.7% of the issued and outstanding shares. Under this agreement, MFC also has the option to purchase up to 485,844 shares of common stock of Equidyne. We intend to vote for the MFC Nominees and the Bylaw Revocation Proposal. For more information about the security ownership of certain beneficial owners and the Company's officers and directors, please refer to Annex II attached hereto.

LITIGATION

As of the date of this Proxy Statement, other than the 220/211 Application,

there are no material pending legal proceedings in which MFC, any MFC Nominee or Georgeson Shareholder Communications Inc. or any of their respective associates is a party adverse to Equidyne or any of its affiliates, or in which MFC, any MFC Nominee or any solicitor or any of their respective associates has an interest adverse to Equidyne or any of its affiliates.

SOLICITATION

The solicitation of proxies pursuant to this Proxy Statement is being made by MFC. The MFC Nominees may also assist us in soliciting proxies from the Company's stockholders. Proxies may be solicited by mail, advertisement, telephone or telecopier and in person. No one will receive additional compensation for such solicitation.

In addition, we have retained Georgeson Shareholder Communications Inc. as our proxy solicitor to assist in the solicitation, for which services Georgeson Shareholder Communications Inc. will be paid an initial fee of \$25,000, plus \$2,500 for tabulation expenses and a \$10,000 success fee and will be reimbursed for its reasonable out-of-pocket expenses. It is anticipated that Georgeson Shareholder Communications Inc. will employ approximately 25 persons to solicit Equidyne stockholders.

Banks, brokers, custodians, the MFC Nominees and fiduciaries will be requested to forward solicitation material to the beneficial owners of shares of the Company's common stock. We will reimburse banks, brokers, custodians, the MFC Nominees and fiduciaries for their reasonable expenses for sending solicitation material to the beneficial owners. The cost of the solicitation of proxies will initially be borne by us. We intend to seek reimbursement from the Company for the costs of this proxy solicitation if we are successful in obtaining the requisite proxies for the Proposals since we believe the purpose of the Proposals in this Proxy Statement is to advance the interests of all of the Company's stockholders. If such reimbursement is sought, the question of whether such reimbursement will be made will not be submitted to stockholders but will be submitted to the board of directors for final decision. Any MFC employees or directors serving on the Equidyne board at the time will abstain from any board vote on this matter. Greg Elderkin and Mark Steinly are independent of MFC and, if elected, could vote with regard to reimbursement of expenses incurred in the solicitation. Costs related to the solicitation of proxies include expenditures for attorneys, proxy solicitors, litigation, printing, postage, and related expenses and filing fees and are expected to aggregate approximately \$275,000, of which approximately \$75,000 has been spent to date. The portion of such costs allocable solely to the solicitation of proxies to the Proposals is not readily determinable.

STOCKHOLDER PROPOSALS

Equidyne's definitive Proxy Statement on Schedule 14A, dated May 1, 2002, set July 30, 2002 as the deadline by which proposals by the Company's stockholders that are intended to be presented by such stockholders at the Annual Meeting were to be received by the Company in order to be considered for inclusion in the proxy statement and form of proxy relating to the Annual Meeting. However, in the event that the Annual Meeting is held more than 30 days after May 28, 2003, the deadline is required to be extended until a reasonable time before the Company begins to print and mail its proxy materials.

APPRAISAL RIGHTS

Holders of Equidyne common stock do not have dissenters' appraisal rights under Delaware law in connection with the election of directors or the Bylaw Revocation Proposal.

REIMBURSEMENT OF COSTS

If the MFC Nominees are elected, we intend to seek reimbursement from the Company for our costs since we believe the purpose of this Proxy Statement is to advance the interests of all of the Company's stockholders. We estimate that the cost of our solicitation efforts will be approximately \$275,000. If such reimbursement was to occur, it would have the effect of a one-time, non-recurring expense and would reduce the Company's working capital.

Other than the foregoing, we are not aware of any other adverse consequences that would result from the election of the MFC Nominees pursuant to this Proxy Statement.

SPECIAL INSTRUCTIONS

IMPORTANT: IF YOU HOLD SHARES THROUGH A BROKER OR BANK, ONLY THEY CAN EXECUTE A PROXY ON YOUR BEHALF. PLEASE CONTACT THE PERSON

RESPONSIBLE FOR YOUR ACCOUNT AND INSTRUCT THEM TO EXECUTE A PROXY ON YOUR BEHALF TODAY.

If your shares of the Company's common stock are held in "street-name" only your bank or broker can execute a proxy on your behalf, and then only upon receipt of your specific instructions. Please SIGN, DATE and RETURN the enclosed GREEN proxy instruction form to your bank or broker today in the postage-paid envelope provided. To ensure that your proxy is effective, please also contact the persons responsible for your account and instruct them to execute a green proxy card on your behalf. We urge you to confirm your instructions in writing to the person responsible for your account and provide a copy of those instructions to us in care of Georgeson Shareholder Communications Inc. at the address set forth below so that we will be aware of all instructions given and can attempt to ensure that such instructions are followed.

We urge you NOT to sign any white proxy card for Equidyne's Current Board and management. If you have already signed a white proxy card you may revoke it by signing a green proxy card in favour of the election of the MFC Nominees and the Bylaw Revocation.

WE URGE YOU TO DATE, SIGN AND RETURN THE ENCLOSED GREEN PROXY IN THE ENCLOSED ENVELOPE.

YOUR VOTE IS IMPORTANT. PLEASE MARK, SIGN, AND DATE THE ENCLOSED GREEN PROXY AND RETURN IT IN THE ENCLOSED POSTAGE-PAID ENVELOPE PROMPTLY OR MAIL THE CARD TODAY AT THE ADDRESS STATED BELOW.

OTHER MATTERS TO BE VOTED UPON

Except for the election of directors of Equidyne and the approval of the Bylaw Revocation Proposal, MFC is not aware of any other matter to be presented for consideration at the Annual Meeting. However, if any other matter properly comes before the Annual Meeting, the persons named as proxies by MFC will exercise their discretionary authority to vote on such matters in accordance with their best judgment. As of the date of this Proxy Statement Equidyne has not yet filed its proxy materials, in which management may propose additional matters to be voted on at the Annual Meeting. If MFC becomes aware a sufficient time in advance of the Annual Meeting that Equidyne's management intends to present for stockholder vote at the Annual Meeting any matter not included on the enclosed green proxy card, MFC intends to either: (i) refrain from voting on any such matter (in which case stockholders will not be able to vote on such matter

except by attending and voting at the annual meeting or on proxy cards furnished by Equidyne's management); or (ii) revise the green proxy card in order to include any such additional matter thereon. MFC will, to the extent practicable, furnish stockholders with additional proxy materials describing any such additional matter.

IF STOCKHOLDERS VOTED OR VOTE ON THE ORIGINAL GREEN PROXY CARD WHICH DOES NOT INCLUDE SUCH ADDITIONAL MATTER, THE PERSONS NAMED AS PROXYHOLDERS ON THE ENCLOSED GREEN PROXY CARD WILL EXERCISE THEIR DISCRETIONARY AUTHORITY WITH RESPECT TO SUCH ADDITIONAL MATTER AND MFC WILL ADVISE STOCKHOLDERS AS TO HOW THE PROXYHOLDERS WILL USE SUCH DISCRETIONARY AUTHORITY. IF A STOCKHOLDER WISHES TO SPECIFY THE MANNER IN WHICH HIS OR HER SHARES ARE TO BE VOTED ON ANY SUCH

ADDITIONAL MATTER, THE STOCKHOLDER WILL HAVE THE OPPORTUNITY TO VOTE ON A REVISED GREEN PROXY CARD. SUBMISSION OF ANY PROPERLY EXECUTED PROXY CARD WILL REVOKE ALL PRIOR PROXY CARDS.

ANNEX III

INFORMATION CONCERNING MFC BANCORP LTD. AND THE MFC NOMINEES

The following persons are or may be deemed to be participants (the "Participants", and each a "Participant") in the solicitation of proxies in support of electing the nominees of MFC to the board of directors of Equidyne:

(i) MFC; (ii) the MFC Nominees: Michael J. Smith, Roy Zanatta, Mark Steinley, Greg Elderkin, Dr. Stefan Feuerstein, John Musacchio and James Carter; and (iii) Concord. Information set forth herein about each Participant was provided by that Participant.

MFC is a public corporation organized under the laws of the Yukon Territory, Canada, with its common shares quoted on the Nasdaq National Market and on the Frankfurt Stock Exchange. MFC operates in the financial services industry, specializing in merchant banking internationally, and has an address at Floor 21, Millennium Tower, Handelskai 94-96, A-1200, Vienna, Austria.

A description of each MFC Nominee, including his name, business address, age, present principal occupation and five-year business experience, is described in MFC's Proxy Statement under the heading "Information About the MFC Nominees".

SECURITY OWNERSHIP

The beneficial ownership of securities of Equidyne by the Participants is described in the following table. No Participant and no associate of any Participant (within the meaning of Regulation 14A under the Securities Exchange Act of 1934, as amended) beneficially owns any securities of Equidyne other than common stock as described in the following table. No Participant beneficially owns any securities of any parent or subsidiary of Equidyne. No Participant has record but not beneficial ownership with respect to any securities of Equidyne.
