**Item 8.01 Other Events.**

On May 13, 2013, the Board of Directors of The Clorox Company (the “Company”) terminated its previously announced May 13, 2008 and May 18, 2011 share repurchase authorizations and authorized an updated share repurchase program for an aggregate purchase amount of up to \$750 million. This reduces the total dollar value of shares that the Company could repurchase under its open market share repurchase program from \$821 million to \$750 million. Repurchases may take place from time to time, depending on market conditions. The Company has no obligation to repurchase shares under the authorization, and the actual number and value of shares that are repurchased will depend on a number of factors, including the price of the shares.

This \$750 million open market share repurchase program is in addition to the Company’s previously announced evergreen repurchase program to reduce or eliminate dilution in connection with issuances of stock under the Company’s stock incentive plans.
