NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

January 31, 2008

NOTE 1 — BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The information furnished herein reflects all adjustments which are, in the opinion of management, necessary for a fair presentation of the consolidated balance sheets as of January 31, 2008 and October 31, 2007 and the consolidated statements of income and cash flows for the three-month periods ended January 31, 2008 and 2007 of Greif, Inc. and subsidiaries (the "Company"). These consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for its fiscal year ended October 31, 2007 (the "2007 Form 10-K").

The Company's fiscal year begins on November 1 and ends on October 31 of the following year. Any references to the year 2008 or 2007, or to any quarter of those years, relates to the fiscal year or quarter, as the case may be, ending in that year.

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States requires management to make certain estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual amounts could differ from those estimates.

Certain prior year amounts have been reclassified to conform to the 2008 presentation.

Industrial Packaging Acquisitions and Divestitures

During the first three months of 2008, the Company completed three acquisitions of industrial packaging companies for an aggregate purchase price of \$69.4 million. These three acquisitions were a joint venture in the Middle East in November 2007, a South American company in November 2007, and a North American company in December 2007. These industrial packaging acquisitions are expected to complement the Company's existing product lines that together will provide growth opportunities and scale. These acquisitions, included in operating results from the acquisition dates, were accounted for using the purchase method of accounting and, accordingly, the purchase prices were allocated to the assets purchased and liabilities assumed based upon their estimated fair values at the dates of acquisition. The estimated fair values of the assets acquired were \$65.7 million (including \$16.0 million of accounts receivable and \$8.1 million of inventory) and liabilities assumed were \$35.7 million. Identifiable intangible assets, with a combined fair value that is insignificant and are yet to be allocated, including trade-names, customer relationships, and certain non-compete agreements, have been recorded for these acquisitions. The excess of the purchase prices over the estimated fair values of the net tangible and intangible assets acquired of \$39.4 million was recorded as goodwill. The final allocation of the purchase prices may differ due to additional refinements in the fair values of the net assets acquired as well as the execution of consolidation plans to eliminate duplicate operations, in accordance with SFAS No. 141, "Business Combinations." This is due to the valuation of certain other assets and liabilities that are subject to refinement and therefore the actual fair value may vary from the preliminary estimates. Adjustments to the acquired net assets resulting from final valuations are not expected to be significant. The Company is finalizing certain closing date adjustments with the sellers, as well as the allocation of income tax adjustments.

During 2007, the Company completed seven acquisitions of industrial packaging companies for an aggregate purchase price of \$346.4 million. These seven acquisitions were Blagden Packaging Group, two small North American companies in November 2006, one small North African company in January 2007, the acquisition of the remaining ownership of two of our minority owned plants in Russia in July 2007, a North American joint venture in October 2007, and one small South American company in October 2007. These industrial packaging acquisitions are expected to complement the Company's existing product lines that together will provide growth opportunities and scale. These acquisitions, included in operating results from the acquisition dates, were accounted for using the purchase method of accounting and, accordingly, the purchase prices were allocated to the assets purchased and liabilities assumed based upon their estimated fair values at the dates of acquisition. The estimated fair values of the assets acquired were \$158.0 million (including \$61.2 million of accounts receivable and \$43.5 million of inventory) and liabilities assumed were \$75.1 million. Identifiable intangible assets, with a combined fair value of \$56.4 million, including trade-names, customer relationships, and certain non-compete agreements, have been recorded for these acquisitions. The excess of the purchase prices over the estimated fair values of the net tangible and intangible assets acquired of \$207.1 million was recorded as goodwill. The final allocation of the purchase prices for three of the 2007 acquisitions may differ due to additional refinements in the fair values of the net assets acquired as well as the execution of consolidation plans to eliminate duplicate operations, in accordance with SFAS No. 141, "Business Combinations." This is due to the valuation of certain other assets and liabilities that are subject to refinement and therefore the actual fair value may vary from the preliminary estimates. Adjustments to the acquired net assets resulting from final valuations are not expected to be significant. The Company is finalizing certain closing date adjustments with the sellers, as well as the allocation of income tax adjustments.

As of the completion date of the acquisitions made during the first three months of 2008, the Company had only begun to formulate various restructuring plans at certain of the acquired businesses discussed above.

During 2007, the Company implemented various restructuring plans in respect of the acquired businesses discussed above that were previously in the planning and evaluation stages. As of the consummation date of the acquisitions, management began to assess and formulate plans to close certain acquired locations. The Company's restructuring activities, which were accounted for in accordance with Emerging Issues Task Force Issue No. 95-3, "Recognition of Liabilities in Connection with a Purchase Business Combination" ("EITF 95-3"), primarily have included reductions in staffing levels, other exit costs associated with the consolidation of certain management or sales and marketing personnel, and the reduction of excess capacity. In connection with these restructuring activities, as part of the cost of the above acquisitions, the Company established reserves, primarily for severance and excess facilities, in the amount of \$11.7 million, of which \$7.0 million remains in the restructuring reserve at January 31, 2008. These accruals have been recorded as liabilities to the opening balance sheets (increases to goodwill) pursuant to the provisions of EITF 95-3. These charges primarily reflect severance, other exit costs associated with the consolidation of certain sales and marketing personnel, and the reduction of excess capacity.

Had the transactions occurred on November 1, 2006, results of operations would not have differed materially from reported results.

During the first quarter of 2008, the Company sold its Australian drum operations and a 51 percent interest in its Zimbabwean drum operations. The net gain from these divestitures was \$29.9 million and is included in gain on disposal of properties, plants, and equipment, net in the accompanying consolidated statement of income. The sales in 2007 from these operations were \$45.0 million and the 2007 net income from these operations was \$2.1 million. Had these sales occurred at the beginning of the prior fiscal year, the October 31, 2007 earnings per share of Class A and Class B common stock would have been \$2.66 and \$3.98 respectively. The October 31, 2007 earnings per share as reported for Class A and Class B common stock were \$2.69 and \$4.04, respectively.

Stock-Based Compensation Expense

On November 1, 2005, the Company adopted Statement of Financial Accounting Standards ("SFAS") No. 123(R), "Share-Based Payment," which requires the measurement and recognition of compensation expense, based on estimated fair values, for all share-based awards made to employees and directors, including stock options, restricted stock, restricted stock units and participation in the Company's employee stock purchase plan. In adopting SFAS No. 123(R), the Company used the modified prospective application transition method, as of November 1, 2005, the first day of the Company's fiscal year 2006. Share-based compensation expense recognized under SFAS No. 123(R) for the first quarter of 2008 and 2007 was \$0 and \$0.1 million, respectively.

SFAS No. 123(R) requires companies to estimate the fair value of share-based awards on the date of grant using an option-pricing model. The value of the portion of the award that is ultimately expected to vest is recognized as expense in the Company's consolidated statements of income over the requisite service periods. Share-based compensation expense recognized in the Company's consolidated statements of income for the first three months of 2007 includes compensation expense for share-based awards granted prior to, but not yet vested as of November 1, 2005, based on the grant date fair value estimated in accordance with the provisions of SFAS No. 123. No options have been granted in 2008 and 2007. For any options granted in the future, compensation expense will be based on the grant date fair value estimated in accordance with the provisions of SFAS No. 123(R).

The Company will use the straight-line single option method of expensing stock options to recognize compensation expense in its consolidated statements of income for all share-based awards. Because share-based compensation expense is based on awards that are ultimately expected to vest, share-based compensation expense will be reduced to account for estimated forfeitures. SFAS No. 123(R) requires forfeitures to be estimated at the time of grant and revised, if necessary, in subsequent periods if actual forfeitures differ from those estimates.

Equity Earnings and Minority Interests

Equity earnings represent investments in affiliates in which the Company does not exercise control and has a 20% or more voting interest. Such investments in affiliates are accounted for using the equity method of accounting. If the fair value of an investment in an affiliate is below its carrying value and the difference is deemed to be other than temporary, the difference between the fair value and the carrying value is charged to earnings. The Company has an equity interest in four affiliates, and the equity earnings of these interests were recorded in net income. Equity earnings for the first quarter of 2008 and 2007 were \$0.4 million and \$0, respectively.

The Company records minority interest expense which reflects the portion of the earnings of majority-owned operations which are applicable to the minority interest partners. The Company has majority holdings in various companies, and the minority interests of other persons in the respective net income of these companies were recorded as an expense. Minority interest expense for the first quarter of 2008 and 2007 was \$0.1 million and \$0.3 million, respectively.

NOTE 2 — RECENT ACCOUNTING STANDARDS

In September 2006, the Financial Accounting Standards Board (“FASB”) issued SFAS No. 157, “Fair Value Measurements”, which defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. The Company will be required to adopt SFAS No. 157 on November 1, 2008 (2009 for the Company). The provisions of SFAS No. 157 should be applied prospectively to the beginning of the fiscal year in which SFAS No. 157 is initially applied, except with respect to certain financial instruments as defined by SFAS No. 157. The Company has not yet determined the effect, if any, that the adoption of SFAS No. 157 will have on its consolidated financial statements.

In February, 2007, the FASB issued SFAS No. 159, “The Fair Value Option for Financial Assets and Financial Liabilities,” which allows an entity the irrevocable option to elect fair value for the initial and subsequent measurement for certain financial assets and liabilities on a contract-by-contract basis. Subsequent changes in fair value of these financial assets and liabilities would be recognized in earnings when they occur. SFAS No. 159 further establishes certain additional disclosure requirements. SFAS No. 159 is effective for the Company’s consolidated financial statements for the fiscal year beginning on November 1, 2008 (2009 for the Company), with earlier adoption permitted. Management is currently evaluating the impact and timing of the adoption of SFAS No. 159 on the Company’s consolidated financial statements.

On December 4, 2007, the FASB issued SFAS No. 141(R), “Business Combinations,” and SFAS No. 160, “Accounting and Reporting of Noncontrolling Interests in Consolidated Financial Statements, an amendment of ARB No. 51.” These new standards will significantly change the financial accounting and reporting of business combination transactions and noncontrolling (or minority) interests in consolidated financial statements. The Company will be required to adopt SFAS Nos. 141(R) and 160 on November 1, 2009 (2010 for the Company). The Company has not yet determined the effect, if any, that the adoption of SFAS Nos. 141(R) and 160 will have on its consolidated financial statements.

NOTE 3 — SALE OF NON-UNITED STATES ACCOUNTS RECEIVABLE

Pursuant to the terms of a Receivable Purchase Agreement (the “RPA”) dated October 28, 2004 between Greif Coordination Center BVBA (the “Seller”), an indirect wholly-owned subsidiary of Greif, Inc., and a major international bank (the “Buyer”), the Seller agreed to sell trade receivables meeting certain eligibility requirements that the Seller had purchased from other indirect wholly-owned subsidiaries of Greif, Inc., including Greif Belgium BVBA, Greif Germany GmbH, Greif Nederland BV, Greif Spain SA and Greif UK Ltd, under discounted receivables purchase agreements and from Greif France SAS under a factoring agreement. The RPA was amended on October 28, 2005 to include receivables originated by Greif Portugal Lda, also an indirect wholly-owned subsidiary of Greif, Inc. In addition, on October 28, 2005, Greif Italia S.P.A., also an indirect wholly-owned subsidiary of Greif, Inc., entered into the Italian Receivables Purchase Agreement with the Italian branch of the major international bank (the “Italian RPA”) with Greif Italia S.P.A., agreeing to sell trade receivables that meet certain eligibility criteria to the Italian branch of the major international bank. The Italian RPA is similar in structure and terms as the RPA.

On April 30, 2007, the RPA was amended and restated and the Italian RPA was amended by the parties thereto. As a result of the amended and restated RPA and the amended Italian RPA: (i) the maximum amount of aggregate receivables that may be sold under the Company’s non-United States accounts receivable sales program was increased from €90.0 million to €100 million; (ii) Greif Packaging Belgium NV and Greif Packaging Spain S.A., both indirect wholly owned subsidiaries of Greif, Inc., have established discounted receivables purchase agreements with the Seller; and (iii) Greif Packaging France SAS, an indirect wholly owned subsidiary of Greif, Inc., has established a factoring agreement with the Seller. On November 15, 2007, the RPA and Italian RPA was amended to increase the maximum amount of the aggregate receivables that may be sold under the Company’s non-United States accounts receivable sales program from €100.0 million to €115.0 million (\$170.0 million at January 31, 2008).

In October 2007, Greif Singapore Pte. Ltd., an indirect wholly-owned subsidiary of Greif Inc., entered into the Singapore Receivable Purchase Agreement (the “Singapore RPA”) with a major international bank. The maximum amount of the aggregate receivables that may be sold under the Singapore RPA is 10.0 million Singapore Dollars (\$7.0 million) at January 31, 2008.

The structure of these transactions provides for a legal true sale, on a revolving basis, of the receivables transferred from the various Greif, Inc. subsidiaries to the respective major international bank. The bank funds an initial purchase price of a certain percentage of eligible receivables based on a formula with the initial purchase price approximating 75 percent to 90 percent of eligible receivables. The remaining deferred purchase price is settled upon collection of the receivables. At the balance sheet reporting dates, the Company removes from accounts receivable the amount of proceeds received from the initial purchase price since they meet the applicable criteria of SFAS No. 140, “Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities,” and continues to recognize the deferred purchase price in its accounts receivable. The receivables are sold on a non-recourse basis with the total funds in the servicing collection accounts pledged to the banks between settlement dates. At January 31, 2008 and 2007, €80.8 million (\$119.5 million) and €73.9 million (\$95.6 million), respectively, of accounts receivable were sold under the RPA and Italian RPA. At January 31, 2008, 4.8 million Singapore Dollars (\$3.4 million) of accounts receivable were sold under the Singapore RPA.

At the time the receivables are initially sold, the difference between the carrying amount and the fair value of the assets sold are included as a loss on sale in the consolidated statements of income. Expenses, primarily related to the loss on sale of receivables, associated with the RPA and Italian RPA totaled €1.1 million (\$1.6 million) and €0.5 million (\$0.6 million) for the three months ended January 31, 2008 and 2007, respectively. Expenses associated with the Singapore RPA were not material to the consolidated financial statements for the three months ended January 31, 2008. Additionally, the Company performs collections and administrative functions on the receivables sold similar to the procedures it uses for collecting all of its receivables, including receivables that are not sold under the RPA, Italian RPA and Singapore RPA. The servicing liability for these receivables is not material to the consolidated financial statements.

NOTE 4 — INVENTORIES

Inventories are summarized as follows (Dollars in thousands):

	January 31, 2008	October 31, 2007
Finished goods	\$ 81,085	\$ 75,428
Raw materials and work-in-process	219,313	202,392

Reduction to state inventories on last-in, first-out basis	(35,542)	(34,826)
Total	<u>\$264,856</u>	<u>\$242,994</u>

NOTE 5 — NET ASSETS HELD FOR SALE

Net assets held for sale represent land, buildings and land improvements less accumulated depreciation for locations that meet the classification requirements of net assets held for sale as defined in SFAS No. 144, "Accounting for Impairment or Disposal of Long-Lived Assets." As of January 31, 2008, there were nine facilities held for sale. The net assets held for sale are being marketed for sale and it is the Company's intention to complete the facility sales within the upcoming year.

NOTE 6 — GOODWILL AND OTHER INTANGIBLE ASSETS

The Company annually reviews goodwill and indefinite-lived intangible assets for impairment as required by SFAS No. 142, "Goodwill and Other Intangible Assets." The Company has concluded that no impairment exists at this time.

Changes to the carrying amount of goodwill by segment for the three-month period ended January 31, 2008 are as follows (Dollars in thousands):

	Industrial Packaging	Paper Packaging	Total

The goodwill acquired of \$39.4 million is preliminary and primarily relates to acquisition of industrial packaging companies in North and South America and the Middle East. The goodwill disposals of \$6.9 million represents the divestiture of the Australian drum operations, and the goodwill adjustments represent a net increase in goodwill of \$11.5 million primarily related to purchase price adjustments on 2007 acquisitions.

All other intangible assets for the periods presented, except for \$8.6 million, related to the Tri-Sure Trademark, Blagden Express Tradename, and Closed-loop Tradename, are subject to amortization and are being amortized using the straight-line method over periods that range from five to 20 years. The detail of other intangible assets by class as of January 31, 2008 and October 31, 2007 are as follows (Dollars in thousands):

	<u>Gross Intangible Assets</u>	<u>Accumulated Amortization</u>	<u>Net Intangible Assets</u>

Other	10,032	3,892	6,140
Total	<u>\$122,868</u>	<u>\$ 26,612</u>	<u>\$ 96,256</u>

During the first three months of 2008, other intangible assets increased by \$1.3 million. The increase in intangible assets is based on preliminary purchase price allocations related to the acquisition of industrial packaging companies in Europe, Asia and North America. Amortization expense for the three months ended January 31, 2008 and 2007 was \$2.3 million and \$3.1 million, respectively. Amortization expense for the next five years is expected to be \$10.7 million in 2008, \$10.6 million in 2009, \$10.2 million in 2010, \$9.1 million in 2011 and \$7.7 million in 2012.

NOTE 7 — RESTRUCTURING CHARGES

The focus for restructuring activities in 2008 is on integration of recent acquisitions in the Industrial Packaging (formerly known as “Industrial Packaging & Services”) segment and on alignment to market focused strategy and implementation of the Greif Business System in the Paper Packaging (formerly known as “Paper, Packaging & Services”) segment. During the first three months of 2008, the Company recorded restructuring charges of \$10.5 million, consisting of \$3.8 million in employee separation costs, \$5.6 million in asset impairments, \$0.3 million in professional fees and \$0.8 million in other costs. Two company-owned plants in the Industrial Packaging segment were closed. The remaining restructuring charges for the above activities are anticipated to be \$12.8 million for the remainder of 2008.

In 2007, the focus for restructuring activities was on integration of acquisitions in the Industrial Packaging segment and on alignment to market-focused strategy in the Paper Packaging segment. During the first three months of 2007, the Company recorded restructuring charges of \$2.0 million, consisting of \$0.7 million in employee separation costs, \$0.4 million in asset impairments and \$0.9 million in other costs.

For each relevant business segment, costs incurred in 2008 are as follows (Dollars in thousands):

	Total Amounts

NOTE 8 — SIGNIFICANT NONSTRATEGIC TIMBERLAND TRANSACTIONS AND CONSOLIDATION OF VARIABLE INTEREST ENTITIES

On March 28, 2005, Soterra LLC (a wholly owned subsidiary) entered into two real estate purchase and sale agreements with Plum Creek Timberlands, L.P. (“Plum Creek”) to sell approximately 56,000 acres of timberland and related assets located primarily in Florida for an aggregate sales price of approximately \$90 million, subject to closing adjustments. In connection with the closing of one of these agreements, Soterra LLC sold approximately 35,000 acres of timberland and associated assets in Florida, Georgia and Alabama for \$51.0 million, resulting in a pretax gain of \$42.1 million, on May 23, 2005. The purchase price was paid in the form of cash and a \$50.9 million purchase note payable by an indirect subsidiary of Plum Creek (the “Purchase Note”). Soterra LLC contributed the Purchase Note to STA Timber LLC (“STA Timber”), one of the Company’s wholly owned subsidiaries. The Purchase Note is secured by a Deed of Guarantee issued by Bank of America, N.A., London Branch, in an amount not to exceed \$52.3 million (the “Deed of Guarantee”), as a guarantee of the due and punctual payment of principal and interest on the Purchase Note. The Company completed the second phase of its previously reported \$90 million sale of timberland, timber and associated assets in the first quarter of 2006. In this phase, the Company sold 15,300 acres of timberland holdings in Florida for \$29.3 million in cash, resulting in a pre-tax gain of \$27.4 million. The final phase of this transaction, approximately 5,700 acres sold for \$9.7 million, occurred on April 28, 2006 and the Company recognized additional timberland gains in its consolidated statements of income in the periods that these transactions occurred resulting in a pre-tax gain of \$9.0 million.

On May 31, 2005, STA Timber issued in a private placement its 5.20 percent Senior Secured Notes due August 5, 2020 (the “Monetization Notes”) in the principal amount of \$43.3 million. In connection with the sale of the Monetization Notes, STA Timber

entered into note purchase agreements with the purchasers of the Monetization Notes (the “Note Purchase Agreements”) and related documentation. The Monetization Notes are secured by a pledge of the Purchase Note and the Deed of Guarantee. The Monetization Notes may be accelerated in the event of a default in payment or a breach of the other obligations set forth therein or in the Note Purchase Agreements or related documents, subject in certain cases to any applicable cure periods, or upon the occurrence of certain insolvency or bankruptcy related events. The Monetization Notes are subject to a mechanism that may cause them, subject to certain conditions, to be extended to November 5, 2020. The proceeds from the sale of the Monetization Notes were primarily used for the repayment of indebtedness.

The Company has consolidated the assets and liabilities of STA Timber in accordance with FASB Interpretation No. 46R, “Consolidation of Variable Interest Entities.” Because STA Timber is a separate and distinct legal entity from Greif, Inc. and its other subsidiaries, the assets of STA Timber are not available to satisfy the liabilities and obligations of these entities and the liabilities of STA Timber are not liabilities or obligations of these entities. In addition, Greif, Inc. and its other subsidiaries have not extended any form of guaranty of the principal or interest on the Monetization Notes. Accordingly, Greif, Inc. and its other subsidiaries will not become directly or contingently liable for the payment of the Monetization Notes at any time.

The Company has also consolidated the assets and liabilities of the buyer-sponsored special purpose entity (the “Buyer SPE”) involved in these transactions as the result of Interpretation 46R. However, because the Buyer SPE is a separate and distinct legal entity from the Greif, Inc. and its other subsidiaries, the assets of the Buyer SPE are not available to satisfy the liabilities and obligations of these entities and the liabilities of the Buyer SPE are not liabilities or obligations of these entities.

Assets of the Buyer SPE at January 31, 2008 and October 31, 2007 consist of restricted bank financial instruments of \$50.9 million. STA Timber had long-term debt of \$43.3 million as of January 31, 2008 and October 31, 2007. STA Timber is exposed to credit-related losses in the event of nonperformance by the issuer of the Deed of Guarantee, but the Company does not expect that issuer to fail to meet its obligations. The accompanying consolidated income statements for the three month periods ended January 31, 2008 and 2007 includes interest expense on STA Timber debt of \$0.6 million and interest income on Buyer SPE investments of \$0.6 million.

NOTE 9 — DEBT

Long-term debt is summarized as follows (Dollars in thousands):

	January 31,	October 31,
	2008	2007
Credit Agreement	\$305,745	\$173,131
Senior Notes	300,000	300,000
Trade accounts receivable credit facility	102,132	116,024
Other long-term debt	362	33,530
Total	<u>\$708,239</u>	<u>\$622,685</u>

Credit Agreement

The Company and certain of its international subsidiaries, as borrowers, have entered into a Credit Agreement (the “Credit Agreement”) with a syndicate of financial institutions that provides for a \$450.0 million revolving multicurrency credit facility due in 2010. The revolving multicurrency credit facility is available for ongoing working capital and general corporate purposes. Interest is based on a euro currency rate or an alternative base rate that resets periodically plus a calculated margin amount. As of January 31, 2008, \$305.7 million was outstanding under the Credit Agreement. The weighted average interest rate on the Credit Agreement was 5.18 percent for the three months ended January 31, 2008, and the interest rate was 4.26 percent at January 31, 2008 and 5.50 percent at October 31, 2007.

The Credit Agreement contains financial covenants that require the Company to maintain a certain leverage ratio and a minimum coverage of interest expense. At January 31, 2008, the Company was in compliance with these covenants.

Senior Notes

On February 9, 2007, the Company issued \$300.0 million of 6 ³/₄ percent Senior Notes due February 1, 2017. Interest on the Senior Notes is payable semi-annually. Proceeds from the issuance of Senior Notes were principally used to fund the purchase of previously outstanding 8 ⁷/₈ percent Senior Subordinated Notes in a tender offer and for general corporate purposes.

The fair value of the Senior Notes was \$285.8 million at January 31, 2008 based on quoted market prices. The Indenture pursuant to which the Senior Notes were issued contains certain covenants. At January 31, 2008, the Company was in compliance with these covenants.

United States Trade Accounts Receivable Credit Facility

On October 31, 2003, the Company entered into a five-year, up to \$120.0 million, credit facility with an affiliate of a bank in connection with the securitization of certain of the Company's trade accounts receivable in the United States. On October 24, 2007, the trade accounts receivable credit facility was amended to extend the maturity date to October 20, 2010. The credit facility is secured by certain of the Company's trade accounts receivable in the United States and bears interest at a variable rate based on the London InterBank Offered Rate ("LIBOR") plus a margin or other agreed upon rate (4.07 percent interest rate at January 31, 2008 and 5.38 percent at October 31, 2007). The Company can terminate this facility at any time upon 60 days prior written notice. In connection with this transaction, the Company established Greif Receivables Funding LLC ("GRF"), which is included in the Company's consolidated financial statements. However, because GRF is a separate and distinct legal entity from the Company, the assets of GRF are not available to satisfy the liabilities and obligations of the Company and the liabilities of GRF are not the liabilities or obligations of the Company. This entity purchases and services the Company's trade accounts receivable that are subject to this credit facility. There was a total of \$102.1 million and \$116.0 million outstanding under the United States trade accounts receivable credit facility at January 31, 2008 and October 31, 2007, respectively.

The United States trade accounts receivable credit facility provides that in the event the Company breaches any of its financial covenants under the Credit Agreement, and the majority of the lenders thereunder consent to a waiver thereof, but the provider of the trade accounts receivable credit facility does not consent to any such waiver, then the Company must within 90 days of providing notice of the breach, pay all amounts outstanding under the trade accounts receivable credit facility.

Other

In addition to the amounts borrowed against the Credit Agreement and proceeds from the Senior Notes and the United States trade accounts receivable credit facility, the Company had outstanding debt of \$74.9 million, comprised of \$0.4 million in long-term debt and \$74.5 million in short-term borrowings, at January 31, 2008 and outstanding debt of \$49.3 million, comprised of \$33.5 million in long-term debt and \$15.8 million in short-term borrowings, at October 31, 2007.

Annual maturities of the Company's long-term debt are \$37.8 million in 2009, \$436.6 million in 2010, \$20.3 million in 2011, \$20.3 million in 2012, \$20.3 million in 2013 and \$365.8 million after 2013.

At January 31, 2008 and October 31, 2007, the Company had deferred financing fees and debt issuance costs of \$5.2 million and \$6.2 million, respectively, which are included in other long-term assets.

NOTE 10 — FINANCIAL INSTRUMENTS

The carrying amounts of cash and cash equivalents, trade accounts receivable, accounts payable, current liabilities and short-term borrowings at January 31, 2008 and October 31, 2007 approximate their fair values because of the short-term nature of these items.

At January 31, 2008, the Company had a note receivable from Lunival Holding BV for the amount of €23.0million (\$34.0 million at January 31, 2008), which matures in November 2008. Under the notes receivable agreement, the Company receives interest at a fixed rate of 6.0 percent. The fair market value of the notes receivable approximates its carrying amount.

The estimated fair value of the Company's long-term debt was \$694.0 million and \$620.4 million as compared to the carrying amounts of \$708.2 million and \$622.7 million at January 31, 2008 and October 31, 2007, respectively. The fair values of the Company's long-term obligations are estimated based on either the quoted market prices for the same or similar issues or the current interest rates offered for debt of the same remaining maturities.

The Company uses derivatives from time to time to partially mitigate the effect of exposure to interest rate movements, exposure to foreign currency fluctuations, and commodity cost fluctuations. The Company records derivatives based on SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities," and related amendments. This Statement requires that all derivatives be recognized as assets or liabilities in the balance sheet and measured at fair value. Changes in the fair value of derivatives are recognized in either net income or in other comprehensive income, depending on the designated purpose of the derivative.

The Company had interest rate swap agreements with an aggregate notional amount of \$180.0 million and \$230.0 million at January 31, 2008 and October 31, 2007, respectively, with various maturities through 2010. The interest rate swap agreements are used to fix a portion of the interest on the Company's variable rate debt. Under certain of these agreements, the Company receives interest monthly or quarterly from the counterparties equal to LIBOR and pays interest at a fixed rate (5.05 percent at January 31, 2008) over the life of the contracts.

On August 1, 2007, the Company entered into new cross-currency interest rate swaps which are designated as a hedge of a net investment in a foreign operation. Under these new agreements, the Company receives interest semi-annually from the counterparties equal to a fixed rate of 6.75 percent on \$300.0 million and pays interest at a fixed rate of 6.25 percent on €219.9 million. Upon maturity of these swaps on August 1, 2009, August 1, 2010, and August 1, 2012, the Company will be required to pay €73.3 million to the counterparties and receive \$100.0 million from the counterparties on each of these dates. A liability for the loss on these agreements of \$18.7 million, representing their fair values, was recorded at January 31, 2008.

At January 31, 2008, the Company had outstanding foreign currency forward contracts in the notional amount of \$80.2 million (\$82.5 million at October 31, 2007). The purpose of these contracts is to hedge the Company's exposure to foreign currency transactions and short-term intercompany loan balances in its international businesses. The fair value of these contracts at January 31, 2008 resulted in a gain of \$0.9 million recorded in other comprehensive income and a loss of \$0.3 million recorded in the consolidated statements of income for 2008. The fair value of similar contracts at October 31, 2007 resulted in a gain of \$1.1 million recorded in other comprehensive income and a loss of \$0.4 million recorded in the consolidated statements of income for 2007.

The Company has entered into certain cash flow hedges to mitigate its exposure to cost fluctuations in natural gas prices through October 31, 2008. The fair value of the energy hedges was in a favorable position of \$0.3 million (\$0.2 million net of tax) at January 31, 2008, compared to an unfavorable position of \$0.3 million (\$0.2 million net of tax) at October 31, 2007. As a result of the high correlation between the hedged instruments and the underlying transactions, ineffectiveness has not had a material impact on the Company's consolidated statements of income for the quarter ended January 31, 2008.

While the Company may be exposed to credit losses in the event of nonperformance by the counterparties to its derivative financial instrument contracts, its counterparties are established banks and financial institutions with high credit ratings. The Company has no reason to believe that such counterparties will not be able to fully satisfy their obligations under these contracts.

The fair values of all derivative financial instruments are estimated based on current settlement prices of comparable contracts obtained from dealer quotes or published market prices. The values represent the estimated amounts the Company would pay or receive to terminate the agreements at the reporting date.

During the next nine months, the Company expects to reclassify into earnings a net gain from accumulated other comprehensive income of approximately \$0.4 million after tax at the time the underlying hedge transactions are realized.

NOTE 11 — CAPITAL STOCK

Class A Common Stock is entitled to cumulative dividends of 1 cent a share per year after which Class B Common Stock is entitled to non-cumulative dividends up to one half cent per share per year. Further distribution in any year must be made in proportion of one cent a share for Class A Common Stock to one and a half cents a share for Class B Common Stock. The Class A Common Stock has no voting rights unless four quarterly cumulative dividends upon the Class A Common Stock are in arrears or unless changes are proposed to the Company's certificate of incorporation. The Class B Common Stock has full voting rights. There is no cumulative voting for the election of directors.

The following table summarizes the Company's Class A and Class B common and treasury shares at the specified dates:

	<u>Authorized Shares</u>	<u>Issued Shares</u>	<u>Outstanding Shares</u>	<u>Treasury Shares</u>
January 31, 2008:				
Class A Common Stock	128,000,000	42,281,920	23,865,726	18,416,194
Class B Common Stock	69,120,000	34,560,000	22,941,166	11,618,834
October 31, 2007:				
Class A Common Stock	128,000,000	42,281,920	23,754,753	18,527,167
Class B Common Stock	69,120,000	34,560,000	22,943,666	11,616,334

All share information in the above table has been adjusted to reflect the following: On February 26, 2007, the Company's shareholders approved an amendment to the Company's certificate of incorporation increasing the number of the Company's authorized shares to 128,000,000 shares of Class A Common Stock and 69,120,000 shares of Class B Common Stock. Subsequent to the aforementioned approval, the Company's Board of Directors authorized a 2-for-1 stock split of the Company's Class A Common Stock and Class B Common Stock. The split was payable on April 11, 2007 to shareholders of record on March 19, 2007. The stock split means that each holder of Class A Common Stock as of the close of business on March 19, 2007 received on April 11, 2007 one additional share of Class A Common Stock for every share they held of Class A Common Stock and each holder of Class B Common Stock as of the close of business on March 19, 2007 received on April 11, 2007 one additional share of Class B Common Stock for every share they held of Class B Common Stock. The day on which such shares began trading on the New York Stock Exchange reflecting the stock split was April 12, 2007.

All share information, including the number of shares and per share amounts, included in the Consolidated Financial Statements has been adjusted to reflect the aforementioned 2-for 1 stock split.

NOTE 12 — STOCK OPTIONS

In 2001, the Company adopted the 2001 Management Equity Incentive and Compensation Plan (the "2001 Plan"). The provisions of the 2001 Plan allow the awarding of incentive and nonqualified stock options and restricted and performance shares of Class A Common Stock to key employees. The maximum number of shares that may be issued each year is determined by a formula that takes into consideration the total number of shares outstanding and is also subject to certain limits. In addition, the maximum number of incentive stock options that will be issued under the 2001 Plan during its term is 5,000,000 shares.

Prior to 2001, the Company had adopted a Nonstatutory Stock Option Plan (the "2000 Plan") that provides the discretionary granting of nonstatutory options to key employees, and an Incentive Stock Option Plan (the "Option Plan") that provides the discretionary granting of incentive stock options to key employees and nonstatutory options for non-employees. The aggregate number of the Company's Class A Common Stock options that may be granted under the 2000 Plan and Option Plan may not exceed 400,000 shares and 2,000,000 shares, respectively.

Under the terms of the 2001 Plan, the 2000 Plan and the Option Plan, stock options are granted at exercise prices equal to the market value of the common stock on the date options are granted and become fully vested two years after date of grant. Options expire 10 years after date of grant.

In 2005, the Company adopted the 2005 Outside Directors Equity Award Plan (the "2005 Directors Plan"), which provides the granting of stock options, restricted stock or stock appreciation rights to directors who are not employees of the Company. Prior to 2005, the Directors Stock Option Plan (the "Directors Plan") provided the granting of stock options to directors who are not employees of the Company. The aggregate number of the Company's Class A Common Stock options that may be granted may not exceed 200,000 shares under each of these plans. Under the terms of both plans, options are granted at exercise prices equal to the market value of the common stock on the date options are granted and become exercisable immediately. Options expire 10 years after date of grant.

No stock options were granted during 2008 and 2007.

Stock option activity was as follows (Shares in thousands):

	Three months ended January 31, 2008		Year ended October 31, 2007

As of January 31, 2008, outstanding stock options had exercise prices and contractual lives as follows (Options in thousands):

Range of Exercise Prices	Number Outstanding	Weighted- Average Remaining Contractual Life
\$5 - \$15	573	4 years
\$15 - \$25	399	6 years
\$25 - \$35	24	8 years

All outstanding options were exercisable at January 31, 2008 and October 31, 2007.

All references to the number of shares and per share amounts in the consolidated financial statements are presented on a post-split basis.

NOTE 13 — DIVIDENDS PER SHARE

The following dividends per share were paid during the periods indicated:

	Three months ended January 31	
	2008	2007
Class A Common Stock	\$ 0.28	\$ 0.18
Class B Common Stock	\$ 0.41	\$ 0.27

NOTE 14 — CALCULATION OF EARNINGS PER SHARE

The Company has two classes of common stock and, as such, applies the “two-class method” of computing earnings per share as prescribed in SFAS No. 128, “Earnings Per Share.” In accordance with the Statement, earnings are allocated first to Class A and Class B Common Stock to the extent that dividends are actually paid and the remainder allocated assuming all of the earnings for the period have been distributed in the form of dividends.

The following is a reconciliation of the average shares used to calculate basic and diluted earnings per share:

	Three months ended January 31	
	2008	2007
Class A Common Stock:		
Basic shares	23,789,223	23,426,112
Assumed conversion of stock options	559,649	683,044

Class B Common Stock:		
Basic and diluted shares	<u>22,942,913</u>	<u>23,031,066</u>

There were no stock options that were antidilutive for the three months ended January 31, 2008 and 2007.

NOTE 15 — COMPREHENSIVE INCOME

Comprehensive income is comprised of net income and other charges and credits to equity that are not the result of transactions with the Company's owners. The components of comprehensive income, net of tax, are as follows (Dollars in thousands):

	Three months ended January 31	
	2008	2007
Net income	\$ 60,687	\$ 33,979

Comprehensive income	<u>\$ 23,945</u>	<u>\$ 22,800</u>

NOTE 16 — INCOME TAXES

On November 1, 2007, the Company adopted FASB Interpretation No. 48 ("FIN 48"), "Accounting for Uncertainty in Income Taxes." FIN 48 is an interpretation of SFAS No. 109, "Accounting for Income Taxes," and clarifies the accounting for uncertainty in income tax positions. FIN 48 prescribes a recognition threshold and measurement process for recording in the financial statements uncertain tax positions taken or expected to be taken in a tax return. Additionally, FIN 48 provides guidance regarding uncertain tax positions relating to de-recognition, classification, interest and penalties, accounting in interim periods, disclosures and transition.

The recognition and measurement guidelines of FIN 48 were applied to the Company's income tax positions as of the beginning of fiscal year 2008, resulting in an increase in our tax liabilities of \$7.0 million with a corresponding decrease to beginning retained earnings for the cumulative effect of the change in accounting principle. The total amount of unrecognized income tax benefits at the beginning of fiscal year 2008 was \$150.5 million; of this amount \$139.2 million, if recognized, would affect the Company's effective income tax rate. The Company has the ability to offset substantially all of the total unrecognized income tax benefits through purchase accounting items, net operating loss utilization, and deferred tax benefits for temporary differences between book and tax return items.

Interest and penalties related to uncertain income tax positions are reflected in the Company's income tax expense. At January 31, 2008, interest and penalties of \$13.2 million have been accrued.

The Company has estimated the reasonably possible expected net change in unrecognized tax benefits through January 31, 2009 based on 1) anticipated positions taken in the next 12 months, 2) expected settlements or payments of uncertain tax positions, and 3) lapses of the applicable statutes of limitations of unrecognized tax benefits. The estimated net decrease in unrecognized tax benefits for the next 12 months is approximately \$5.2 million. Actual results may differ materially from this estimate.

The Company is subject to U.S. federal income tax as well as income tax of multiple state and foreign jurisdictions. We have concluded all U.S. federal income tax matters and substantially all material state and foreign income tax matters through fiscal year 2003, with the exception of Brazil and The Netherlands. The Company is undergoing tax audits that have not concluded in these two jurisdictions.

There have been no significant changes in these amounts during the quarter ended January 31, 2008.

NOTE 17 — RETIREMENT PLANS AND POSTRETIREMENT HEALTH CARE AND LIFE INSURANCE BENEFITS

The components of net periodic pension cost include the following (Dollars in thousands):

	Three months ended January 31	
	2008	2007
Service cost	\$ 3,151	\$ 3,419
Interest cost	7,660	6,827

NOTE 18 — BUSINESS SEGMENT INFORMATION

The Company operates in three business segments: Industrial Packaging; Paper Packaging and Timber.

Operations in the Industrial Packaging segment offer a comprehensive line of products and services, including steel, fibre, and plastic drums, intermediate bulk containers, closure systems for industrial packaging products, polycarbonate water bottles, blending and packaging services, logistics and warehousing. These products are manufactured and sold in over 45 countries throughout the world.

Operations in the Paper Packaging segment involve the production and sale of containerboard, both semi-chemical and recycled, corrugated sheets, corrugated containers, and multiwall bags and related services. These products are manufactured and sold in North America.

Operations in the Timber segment involve the management and sale of timber and special use properties from approximately 268,300 acres of timber properties in the southeastern United States. The Company also owns approximately 36,500 acres of timber properties in Canada, which are not actively managed at this time. In addition, the Company sells, from time to time, timberland and special use land, which consists of surplus land, higher and better use land, and development land.

The Company's reportable segments are strategic business units that offer different products. The accounting policies of the reportable segments are substantially the same as those described in the "Description of Business and Summary of Significant Accounting Policies" note (see Note 1) in the 2007 Form 10-K.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

GENERAL

The terms "Greif," "our company," "we," "us" and "our" as used in this discussion refer to Greif, Inc. and its subsidiaries. Our fiscal year begins on November 1 and ends on October 31 of the following year. Any references in this Form 10-Q to the years 2008 or 2007, or to any quarter of those years, relates to the fiscal year or quarter, as the case may be, ending in that year.

The discussion and analysis presented below relates to the material changes in financial condition and results of operations for our consolidated balance sheets as of January 31, 2008 and October 31, 2007, and for the consolidated statements of income for the three-month periods ended January 31, 2008 and 2007. This discussion and analysis should be read in conjunction with the consolidated financial statements that appear elsewhere in this Form 10-Q and "Management's Discussion and Analysis of Financial Condition and Results of Operations" included in our Annual Report on Form 10-K for the fiscal year ended October 31, 2007 (the "2007 Form 10-K"). Readers are encouraged to review the entire 2007 Form 10-K, as it includes information regarding Greif not discussed in this Form 10-Q. This information will assist in your understanding of the discussion of our current period financial results.

All statements, other than statements of historical facts, included in this Form 10-Q, including without limitation, statements regarding our future financial position, business strategy, budgets, projected costs, goals and plans and objectives of management for future operations, are forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934. Forward-looking statements generally can be identified by the use of forward-looking terminology such as "may," "will," "expect," "intend," "estimate," "anticipate," "project," "believe," "continue" or "target" or the negative thereof or variations thereon or similar terminology. All forward-looking statements made in this Form 10-Q are based on information currently available to our management. Although we believe that the expectations reflected in forward-looking statements have a reasonable basis, we can give no assurance that these expectations will prove to be correct. Forward-looking statements are subject to risks and uncertainties that could cause actual events or results to differ materially from those expressed in or implied by the statements. For a discussion of the most significant risks and uncertainties that could cause Greif's actual results to differ materially from those projected, see "Risk Factors" in Item 1A of the 2007 Form 10-K, updated by Part II, Item 1A of this Form 10-Q. All forward-looking statements made in this Form 10-Q are expressly qualified in their entirety by reference to such risk factors. Except to the limited extent required by applicable law, Greif undertakes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

OVERVIEW

We operate in three business segments: Industrial Packaging (formerly known as "Industrial Packaging & Services"); Paper Packaging (formerly known as "Paper, Packaging & Services"); and Timber.

We are a leading global provider of industrial packaging products such as steel, fibre and plastic drums, intermediate bulk containers, closure systems for industrial packaging products, and polycarbonate water bottles, which are complemented with a variety of value-added services, including blending, packaging, logistics and warehousing. We seek to provide complete packaging solutions to our customers by offering a comprehensive range of products and services on a global basis. We sell our products to customers in industries such as chemicals, paint and pigments, food and beverage, petroleum, industrial coatings, agricultural, pharmaceutical and mineral, among others. In addition, we provide a variety of blending and packaging services, logistics and warehousing to customers in many of these same industries in North America.

We sell our containerboard, corrugated sheets, corrugated containers and multiwall bags to customers in North America in industries such as packaging, automotive, food and building products. Our corrugated container products are used to ship such diverse products as home appliances, small machinery, grocery products, building products, automotive components, books and furniture, as well as numerous other applications. Our full line of multiwall bag products is used to ship a wide range of industrial and consumer products, such as seed, fertilizers, chemicals, concrete, flour, sugar, feed, pet foods, popcorn, charcoal and salt, primarily for the agricultural, chemical, building products and food industries.

As of January 31, 2008, we owned approximately 268,300 acres of timber properties in the southeastern United States, which is actively managed, and approximately 36,500 acres of timberland in Canada. Our timber management is focused on the active harvesting and regeneration of our timber properties to achieve sustainable long-term yields. While timber sales are subject to fluctuations, we seek to maintain a consistent cutting schedule, within the limits of available merchantable acreage of timber, market and weather conditions. We also sell, from time to time, timberland and special use land, which consists of surplus land, higher and better use (“HBU”) land, and development land.

In 2003, we began a transformation to become a leaner, more market-focused/performance-driven company – what we call the “Greif Business System.” We believe the Greif Business System has and will continue to generate productivity improvements and achieve permanent cost reductions. The Greif Business System continues to focus on opportunities such as improved labor productivity, material yield and other manufacturing efficiencies, along with further plant consolidations. In addition, as part of the Greif Business System, we have launched a strategic sourcing initiative to more effectively leverage our global spending and lay the foundation for a world-class sourcing and supply chain capability.

CRITICAL ACCOUNTING POLICIES

The discussion and analysis of our financial condition and results of operations are based upon our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States (“GAAP”). The preparation of these consolidated financial statements, in accordance with these principles, require us to make estimates and assumptions that affect the reported amount of assets and liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities at the date of our consolidated financial statements.

A summary of our significant accounting policies is included in Note 1 to the Notes to Consolidated Financial Statements included in the 2007 Form 10-K. We believe that the consistent application of these policies enables us to provide readers of the consolidated financial statements with useful and reliable information about our results of operations and financial condition. The following are the accounting policies that we believe are most important to the portrayal of our results of operations and financial condition and require our most difficult, subjective or complex judgments.

Allowance for Accounts Receivable. We evaluate the collectibility of our accounts receivable based on a combination of factors. In circumstances where we are aware of a specific customer’s inability to meet its financial obligations to us, we record a specific allowance for bad debts against amounts due to reduce the net recognized receivable to the amount we reasonably believe will be collected. In addition, we recognize allowances for bad debts based on the length of time receivables are past due with allowance percentages, based on our historical experiences, applied on a graduated scale relative to the age of the receivable amounts. If circumstances change (e.g., higher than expected bad debt experience or an unexpected material adverse change in a major customer’s ability to meet its financial obligations to us), our estimates of the recoverability of amounts due to us could change by a material amount.

Inventory Reserves. Reserves for slow moving and obsolete inventories are provided based on historical experience and product demand. We continuously evaluate the adequacy of these reserves and make adjustments to these reserves as required.

Net Assets Held for Sale. Net assets held for sale represent land, buildings and land improvements less accumulated depreciation for locations that have been closed. We record net assets held for sale in accordance with Statement of Financial Accounting Standards (“SFAS”) No. 144, “Accounting for the Impairment or Disposal of Long-Lived Assets,” at the lower of carrying value or fair value less cost to sell. Fair value is based on the estimated proceeds from the sale of the facility utilizing recent purchase offers, market comparables and/or data obtained from our commercial real estate broker. Our estimate as to fair value is regularly reviewed and subject to changes in the commercial real estate markets and our continuing evaluation as to the facility’s acceptable sale price.

Properties, Plants and Equipment. Depreciation on properties, plants and equipment is provided on the straight-line method over the estimated useful lives of our assets.

We own timber properties in the southeastern United States and in Canada. With respect to our United States timber properties, which consisted of approximately 268,300 acres at January 31, 2008, depletion expense is computed on the basis of cost and the estimated recoverable timber acquired. Our land costs are maintained by tract. Merchantable timber costs are maintained by five product classes, pine sawtimber, pine chip-n-saw, pine pulpwood, hardwood sawtimber and hardwood pulpwood, within a “depletion block,” with each depletion block based upon a geographic district or subdistrict. Currently, we have 11 depletion blocks. These same depletion blocks are used for pre-merchantable timber costs. Each year, we estimate the volume of our merchantable timber for the five product classes by each depletion block. These estimates are based on the current state in the growth cycle and not on quantities to be available in future years. Our estimates do not include costs to be incurred in the future. We then project these volumes to the end of the year. Upon acquisition of a new timberland tract, we record separate amounts for land, merchantable timber and pre-merchantable timber allocated as a percentage of the values being purchased. These acquisition volumes and costs acquired during the year are added to the totals for each product class within the appropriate depletion block(s). The total of the beginning, one-year growth and acquisition volumes are divided by the total undepleted historical cost to arrive at a depletion rate, which is then used for the current year. As timber is sold, we multiply the volumes sold by the depletion rate for the current year to arrive at the depletion cost. Our Canadian timberland, which consisted of approximately 36,500 acres at January 31, 2008, did not have any depletion expense since it is not actively managed at this time.

We believe that the lives and methods of determining depreciation and depletion are reasonable; however, using other lives and methods could provide materially different results.

Restructuring Reserves. Restructuring reserves are determined in accordance with appropriate accounting guidance, including SFAS No. 146, “Accounting for Costs Associated with Exit or Disposal Activities,” and Staff Accounting Bulletin No. 100, “Restructuring and Impairment Charges,” depending upon the facts and circumstances surrounding the situation. Restructuring reserves are further discussed in Note 7 to the Notes to Consolidated Financial Statements included in this Form 10-Q.

Pension and Postretirement Benefits. Our actuaries using assumptions about the discount rate, expected return on plan assets, rate of compensation increase and health care cost trend rates determine pension and postretirement benefit expenses. Further discussion of our pension and postretirement benefit plans and related assumptions is contained in Note 17 to the Notes to Consolidated Financial Statement included in this Form 10-Q. The results would be different using other assumptions.

Income Taxes. We record a tax provision for the anticipated tax consequences of our reported results of operations. In accordance with SFAS No. 109, “Accounting for Income Taxes,” the provision for income taxes is computed using the asset and liability method, under which deferred tax assets and liabilities are recognized for the expected future tax consequences of temporary differences between the financial reporting and tax bases of assets and liabilities, and for operating losses and tax credit carryforwards. Deferred tax assets and liabilities are measured using the currently enacted tax rates that apply to taxable income in effect for the years in which those tax assets are expected to be realized or settled. We record a valuation allowance to reduce deferred tax assets to the amount that is believed more likely than not to be realized. On November 1, 2007, we adopted Financial Interpretation No. (“FIN”) 48, “Accounting for Uncertainty in Income Taxes—an interpretation of FASB Statement No. 109.” Further information may be found in Note 16, to the Notes to Condensed Consolidated Financial Statements included in this Form 10-Q.

We believe it is more likely than not that forecasted income, including income that may be generated as a result of certain tax planning strategies, together with the tax effects of the deferred tax liabilities, will be sufficient to fully recover the remaining deferred tax assets. In the event that all or part of the net deferred tax assets are determined not to be realizable in the future, an adjustment to the valuation allowance would be charged either to earnings or to goodwill, whichever is appropriate, in the period such determination is made. In addition, the calculation of tax liabilities involves significant judgment in estimating the impact of uncertainties in the application of FIN 48 and other complex tax laws. Resolution of these uncertainties in a manner inconsistent with our expectations could have a material impact on our financial condition and operating results.

Environmental Cleanup Costs. We expense environmental costs related to existing conditions caused by past or current operations and from which no current or future benefit is discernable. Expenditures that extend the life of the related property, or mitigate or prevent future environmental contamination, are capitalized.

Environmental expenses were insignificant for the three months ended January 31, 2008 and 2007. Environmental cash expenditures were \$0.4 million, and insignificant for the three months ended January 31, 2008 and 2007, respectively. Our reserves for environmental liabilities at January 31, 2008 amounted to \$40.5 million, which included a reserve of \$22.2 million related to our blending facility in Chicago, Illinois (acquired in September 2006) and \$10.6 million related to our Blagden facilities (acquired in November 2006). The remaining reserves were for asserted and unasserted environmental litigation, claims and/or assessments at manufacturing sites and other locations where we believe it is probable the outcome of such matters will be unfavorable to us, but the environmental exposure at any one of those sites was not individually material. Reserves for large environmental exposures are principally based on environmental studies and cost estimates provided by third parties, but also take into account management estimates. Reserves for less significant environmental exposures are principally based on management estimates.

We anticipate that expenditures for remediation costs at most of the sites will be made over an extended period of time. Given the inherent uncertainties in evaluating environmental exposures, actual costs may vary from those estimated at January 31, 2008. Our exposure to adverse developments with respect to any individual site is not expected to be material. Although environmental remediation could have a material effect on results of operations if a series of adverse developments occur in a particular quarter or fiscal year, we believe that the chance of a series of adverse developments occurring in the same quarter or fiscal year is remote. Future information and developments will require us to continually reassess the expected impact of these environmental matters.

Self-Insurance . We are self-insured for certain of the claims made under our employee medical and dental insurance programs. We had recorded liabilities totaling \$3.5 million and \$3.1 million of estimated costs related to outstanding claims at January 31, 2008 and October 31, 2007, respectively. These costs include an estimate for expected settlements on pending claims, administrative fees and an estimate for claims incurred but not reported. These estimates are based on our assessment of outstanding claims, historical analysis and current payment trends. We record an estimate for the claims incurred but not reported using an estimated lag period based upon historical information. This lag period assumption has been consistently applied for the periods presented. If the lag period were hypothetically adjusted by a period equal to a half month, the impact on earnings would be approximately \$0.9 million. However, we believe the liabilities recorded are adequate based upon current facts and circumstances.

We have certain deductibles applied to various insurance policies including general liability, product, auto and workers' compensation. Deductible liabilities are insured primarily through our captive insurance subsidiary. We recorded liabilities totaling \$22.4 million and \$21.9 million for anticipated costs related to general liability, product, auto and workers' compensation at January 31, 2008 and October 31, 2007, respectively. These costs include an estimate for expected settlements on pending claims, defense costs and an estimate for claims incurred but not reported. These estimates are based on our assessment of outstanding claims, historical analysis, actuarial information and current payment trends.

Contingencies . Various lawsuits, claims and proceedings have been or may be instituted or asserted against us, including those pertaining to environmental, product liability, and safety and health matters. We are continually consulting legal counsel and evaluating requirements to reserve for contingencies in accordance with SFAS No. 5, "Accounting for Contingencies." While the amounts claimed may be substantial, the ultimate liability cannot currently be determined because of the considerable uncertainties that exist. Based on the facts currently available, we believe the disposition of matters that are pending will not have a material effect on the consolidated financial statements.

Goodwill, Other Intangible Assets and Other Long-Lived Assets. Goodwill and indefinite-lived intangible assets are no longer amortized, but instead are periodically reviewed for impairment as required by SFAS No. 142, "Goodwill and Other Intangible Assets." The costs of acquired intangible assets determined to have definite lives are amortized on a straight-line basis over their estimated economic lives of five to 20 years. Our policy is to periodically review other intangible assets subject to amortization and other long-lived assets based upon the evaluation of such factors as the occurrence of a significant adverse event or change in the environment in which the business operates, or if the expected future net cash flows (undiscounted and without interest) would become less than the carrying amount of the asset. An impairment loss would be recorded in the period such determination is made based on the fair value of the related assets.

Other Items. Other items that could have a significant impact on the financial statements include the risks and uncertainties listed in Part I, Item 1A—Risk Factors, of the 2007 Form 10-K, as updated by Part II, Item 1A of this Form 10-Q. Actual results could differ materially using different estimates and assumptions, or if conditions are significantly different in the future.

RESULTS OF OPERATIONS

The following comparative information is presented for the three-month periods ended January 31, 2008 and 2007. Historically, revenues or earnings may or may not be representative of future operating results due to various economic and other factors.

The financial measure of operating profit before the impact of restructuring charges and timberland disposals, net is used throughout the following discussion of our results of operations (except with respect to the segment discussions for Industrial Packaging and Paper Packaging, where timberland disposals, net are not applicable). Operating profit, before the impact of restructuring charges and timberland disposals, net is equal to operating profit plus restructuring charges less timberland gains plus timberland losses. We use operating profit, before the impact of restructuring charges and timberland disposals, net, because we believe that this measure provides a better indication of our operational performance because it excludes restructuring charges, which are not representative of ongoing operations, and timberland disposals, net, which are volatile from period to period, and it provides a more stable platform on which to compare our historical performance.

First Quarter Results

Overview

Net sales increased 13 percent (7 percent excluding the impact of foreign currency translation) to \$846.3 million in the first quarter of 2008 compared to \$750.8 million in the first quarter of 2007. The \$95.5 million increase is due to Industrial Packaging (\$78.9 million), Paper Packaging (\$14.6 million) and Timber (\$2.0 million). Higher sales volumes primarily drove the 7 percent constant-currency increase.

Operating profit was \$94.2 million and \$58.6 million in the first quarter of 2008 and 2007, respectively. Operating profit before the impact of restructuring charges and timberland disposals, net was \$104.6 million for the first quarter of 2008 compared to \$60.6 million for the first quarter of 2007. The \$44.0 million increase included a \$29.9 million pre-tax net gain on the divestiture of business units in Australia and Zimbabwe. The remaining \$14.1 million increase was principally due to higher operating profit in Industrial Packaging (\$11.3 million) and Paper Packaging (\$3.2 million). This increase was attributable to a modest improvement in gross profit margin and a reduction in the selling, general and administrative expenses to net sales ratio compared to the same period last year.

The following table sets forth the net sales and operating profit for each of our business segments (Dollars in millions):

For the three months ended January 31,	2008	2007

Segment Review

Industrial Packaging

Our Industrial Packaging segment offers a comprehensive line of industrial packaging products and services, such as steel, fibre and plastic drums, intermediate bulk containers, closure systems for industrial packaging products, polycarbonate water bottles, blending, filling and other packaging services, logistics and warehousing. The key factors influencing profitability in the Industrial Packaging segment are:

- Selling prices and sales volumes;
- Raw material costs, primarily steel, resin and containerboard;
- Energy and transportation costs;
- Benefits from executing the Greif Business System;
- Contributions from recent acquisitions;
- Impact of foreign currency translation.

In this segment, net sales were up 13 percent to \$671.3 million in the first quarter of 2008 compared to \$592.4 million in the first quarter of 2007 — an increase of 5 percent excluding the impact of foreign currency translation. The increase in net sales was primarily attributable to the higher sales volumes in most regions with particular strength in Europe and emerging markets.

Gross profit margin for the Industrial Packaging segment was 16.8 percent in the first quarter of 2008 versus 16.6 percent in the first quarter of 2007.

Operating profit was \$68.3 million in the first quarter of 2008 compared to \$35.7 million in the first quarter of 2007. Operating profit before the impact of restructuring charges increased to \$78.1 million in the first quarter of 2008 compared to \$36.9 million in the first quarter of 2007. The increase included a \$29.9 million pre-tax net gain on the divestiture of business units in Australia and Zimbabwe. The remaining increase was primarily due to improvement in net sales volumes and execution of the Greif Business System.

Paper Packaging

Our Paper Packaging segment sells containerboard, corrugated sheets, corrugated containers and multiwall bags in North America. The key factors influencing profitability in the Paper Packaging segment are:

- Selling prices and sales volumes;
- Raw material costs, primarily old corrugated containers (“OCC”);
- Energy and transportation costs; and
- Benefits from executing the Greif Business System.

In this segment, net sales were \$168.8 million in the first quarter of 2008 compared to \$154.3 million in the first quarter of 2007. This was principally due to higher containerboard selling prices implemented in during the fourth quarter of fiscal 2007.

The Paper Packaging segment’s gross profit margin increased to 19.6 percent in the first quarter of 2008 compared to 19.4 percent for the first quarter of 2007.

Operating Profit was \$19.7 million and \$16.4 million in the first quarter of 2008 and 2007, respectively. Operating profit before the impact of restructuring charges increased to \$20.4 million in the first quarter of 2008 compared to \$17.2 million in the first quarter of 2007. Higher raw material costs especially OCC, were partially offset by higher selling prices and contributions from further execution of the Greif Business System.

Timber

Our Timber segment consists of approximately 268,300 acres of timber properties in the southeastern United States, which are actively harvested and regenerated, and approximately 36,500 acres in Canada. The key factors influencing profitability in the Timber segment are:

- Planned level of timber sales;
- Gains (losses) on sale of timberland; and
- Sale of special use properties (surplus, HBU, and development properties).

Net sales were \$6.2 million in the first quarter of 2008 and \$4.2 million in the first quarter of 2007.

Operating profit was \$6.2 million and \$6.5 million in the first quarter of 2008 and 2007, respectively. Operating profit before the impact of restructuring charges and timberland disposals, net was \$6.1 million in the first quarter of 2008 compared to \$6.5 million in the first quarter of 2007. Included in these amounts were profits from the sale of special use properties of \$3.4 million in the first quarter of 2008 and \$4.7 million in the first quarter of 2007.

Other Income Statement Changes

Cost of Products Sold

The cost of products sold, as a percentage of net sales, was 82.5 percent for the first quarter of 2008 versus 82.7 percent for the first quarter of 2007. Higher raw material costs were more than offset by higher selling prices and contributions from further execution of the Greif Business System.

Selling, General and Administrative (“SG&A”) Expenses

SG&A expenses were \$80.5 million, or 9.5 percent of net sales, in the first quarter of 2008 compared to \$74.6 million, or 9.9 percent of net sales, in the first quarter of 2007. The dollar increase is primarily due to our Blagden and other acquisitions and the impact of foreign currency translation, partially offset by tighter controls over SG&A expenses and the impact of acquisition integration activities.

Restructuring Charges

During the first quarter of 2008, we recorded restructuring charges of \$10.5 million, consisting of \$3.8 million in employee separation costs, \$5.6 million in asset impairments and \$1.1 million in other costs. The focus of the 2008 restructuring activities is on integration of acquisitions in the Industrial Packaging segment and alignment of the market-focused strategy and implementation of the Greif Business System in the Paper Packaging segment.

During the first quarter of 2007, we recorded restructuring charges of \$2.0 million, consisting of \$0.7 million in employee separation costs, \$0.4 million in asset impairments and \$0.9 million in other costs. In 2007, our restructuring charges were primarily related to integration of acquisitions in the Industrial Packaging segment and on alignment of the market-focused strategy in the Paper Packaging segment.

Timberland Disposals, Net

During the first quarter of 2008, we recorded a net gain on sale of timber property of \$0.1 million compared to a net gain of \$0.1 million in the first quarter of 2007.

Gain on Disposal of Properties, Plants, and Equipment, Net

During the first quarter of 2008, we recorded a gain on disposal of properties, plants and equipment, net of \$36.8 million, primarily consisting of a \$29.9 million pre-tax net gain on divestiture of business units in Australia and Zimbabwe, and \$3.4 million in gains from the sale of surplus and HBU timber properties. During the first quarter of 2007, gain on disposals of properties, plants and equipment, net was \$5.1 million, primarily consisting of a gain on sale of corporate surplus property for \$4.0 million.

Interest Expense, Net

Interest expense, net was \$11.8 million and \$12.0 million for the first quarter of 2008 and 2007, respectively. The decrease was primarily attributable to higher average debt outstanding due to our recent acquisitions, which was more than offset by lower interest expense for our 6³/₄ percent Senior Notes, compared to the previously outstanding 8⁷/₈ percent Senior Subordinated Notes which were redeemed in full in 2007.

Other Expense, Net

Other expense, net during first quarter of 2008 was \$3.3 million compared to other expense, net of \$0.7 million during the first quarter of 2007. The unfavorable variance is primarily due to an increase in fees associated with our non-United States trade receivable facility and foreign exchange losses.

Income Tax Expense

The effective tax rate was 23.6 percent and 25.2 percent in the first quarter of 2008 and 2007, respectively. The lower effective tax rate resulted from a change in the mix of income to outside the United States in the first quarter 2008 compared to the same period last year.

Equity Earnings and Minority Interests

Equity earnings of affiliates and minority interests was earnings of \$0.3 million and a loss of \$0.3 million for the first three months ended January 31, 2008 and 2007, respectively. We have minority holdings in various companies, and the minority interests of other persons in the respective net income of these companies have been recorded as an expense. These expenses were partially offset by equity in the earnings of our unconsolidated affiliates.

Net Income

Based on the foregoing, we recorded net income of \$60.7 million for the first quarter of 2008 compared to \$34.0 million in the first quarter of 2007.

LIQUIDITY AND CAPITAL RESOURCES

Our primary sources of liquidity are operating cash flows, the proceeds from our trade accounts receivable credit facility, proceeds from the sale of our Non-United States accounts receivable, borrowings under our Credit Agreement. We have used these sources to fund our working capital needs, capital expenditures, cash dividends, common stock repurchases and acquisitions. We anticipate continuing to fund these items in a like manner. We currently expect that operating cash flows, the proceeds from our United States trade accounts receivable credit facility, proceeds from the sale of our Non-United States accounts receivable and borrowings under our Credit Agreement will be sufficient to fund our working capital, capital expenditures, debt repayment and other liquidity needs for the foreseeable future.

Capital Expenditures, Business Acquisitions and Divestitures

During the first quarter of 2008, we invested \$29.5 million in capital expenditures, excluding timberland purchases of \$0.5 million, compared with capital expenditures of \$34.3 million, excluding timberland purchases of \$0.4 million, during the same period last year.

We expect capital expenditures, excluding timberland purchases, to be approximately \$125 million in 2008, which includes expansion capital to support our growth strategy in the emerging markets.

During the first quarter of 2008, we acquired three small industrial packaging companies for an aggregate purchase price of \$69.4 million. These three acquisitions, one in South America, one in the Middle East, and one in North America, complimented our current businesses. During the first quarter of 2008, we sold our Australian drum operations and a 51 percent interest in our Zimbabwean drum operations. The proceeds from these divestitures were \$28.4 million. The 2007 sales and net income from these operations were not material to our overall operations.

Balance Sheet Changes

Our trade accounts receivable increased \$35.6 million, primarily due to the 2008 first quarter acquisitions in North and South America and the Middle East.

Inventories increased \$21.9 million, primarily due to acceleration of raw material purchases in anticipation of rising steel costs.

Prepaid expenses and other current assets increased \$29.0 million due to a reclass of long-term receivables short-term receivables.

Goodwill and intangible assets increased \$43.9 million primarily due to the 2008 first quarter acquisitions in North and South America and the Middle East.

Accounts Payable decreased \$64.8 million and accrued payroll and employee benefits decreased \$27.4 million due to seasonality factors and timing of payments, particularly 2007 performance-based incentives.

Debt increased \$144.2 million due to seasonal factors, acceleration of inventory purchases in response to rising raw material costs, the payment of fiscal 2007 performance-based incentives during the first quarter of 2008, and the net of three small acquisitions and two divestitures.

Other long-term liabilities increased by \$91.5 million and deferred tax liabilities decreased by \$83.9 million primarily due to the implementation of FIN 48.

Borrowing Arrangements

Credit Agreement

We and certain of our international subsidiaries, as borrowers, and a syndicate of financial institutions are parties to a Credit Agreement (the "Credit Agreement") that provides us with a \$450.0 million revolving multicurrency credit facility due 2010. The revolving multicurrency credit facility is available to us for ongoing working capital and general corporate purposes. Interest is based on a euro currency rate or an alternative base rate that resets periodically plus a calculated margin amount. There was \$305.7 million outstanding under the Credit Agreement at January 31, 2008.

The Credit Agreement contains certain covenants, which include financial covenants that require us to maintain a certain leverage ratio and a minimum coverage of interest expense. The leverage ratio generally requires that at the end of any fiscal quarter we will not permit the ratio of (a) our total consolidated indebtedness less cash and cash equivalents to (b) our consolidated net income plus depreciation, depletion and amortization, interest expense (including capitalized interest), income taxes, and minus certain extraordinary gains and non-recurring gains (or plus certain extraordinary losses and non-recurring losses) for the preceding twelve months ("EBITDA") to be greater than 3.5 to 1. The interest coverage ratio generally requires that at the end of any fiscal quarter we will not permit the ratio of (a) our EBITDA to (b) our interest expense (including capitalized interest) for the preceding twelve months to be less than 3.0 to 1. As of January 31, 2008, we were in compliance with these covenants. The terms of the Credit Agreement limit our ability to make "restricted payments," which include dividends and purchases, redemptions and acquisitions of our equity interests. The repayment of this facility is secured by a pledge of the capital stock of substantially all of our United States subsidiaries and, in part, by the capital stock of the international borrowers.

Senior Notes

On February 9, 2007, we issued \$300.0 million of our 6 ³/₄ percent Senior Notes due February 1, 2017. Proceeds from the issuance of the Senior Notes were principally used to fund the purchase of our previously outstanding senior subordinated notes and

for general corporate purposes. The Senior Notes are general unsecured obligations of Greif, provide for semi-annual payments of interest at a fixed rate of 6.75 percent, and do not require any principal payments prior to maturity on February 1, 2017. The Senior Notes are not guaranteed by any of our subsidiaries and thereby are effectively subordinated to all of our subsidiaries' existing and future indebtedness. The Indenture pursuant to which the Senior Notes were issued contains covenants, which, among other things, limit our ability to create liens on our assets to secure debt and to enter into sale and leaseback transactions. These covenants are subject to a number of limitations and exceptions as set forth in the Indenture. At January 31, 2008, we were in compliance with these covenants.

United States Trade Accounts Receivable Credit Facility

On October 31, 2003 we entered into a five-year, up to \$120.0 million credit facility with an affiliate of a bank in connection with the securitization of certain of our United States trade accounts receivable. On October 24, 2007, the trade accounts receivable credit facility was amended to extend the maturity date to October 20, 2010. The credit facility is secured by certain of our United States trade accounts receivable and bears interest at a variable rate based on the London InterBank Offered Rate ("LIBOR") plus a margin or other agreed upon rate. We can terminate this facility at any time upon 60 days prior written notice. In connection with this transaction, we established Greif Receivables Funding LLC ("GRF"), which is included in our consolidated financial statements. However, because GRF is a separate and distinct legal entity from us, the assets of GRF are not available to satisfy our liabilities and obligations and the liabilities of GRF are not our liabilities or obligations. This entity purchases and services our trade accounts receivable that are subject to this credit facility. There was a total of \$102.1 million and \$116.0 million outstanding under the United States trade accounts receivable credit facility at January 31, 2008 and October 31, 2007, respectively.

The trade accounts receivable credit facility provides that in the event we breach any of our financial covenants under the Credit Agreement, and the majority of the lenders there under consent to a waiver thereof, but the provider of the trade accounts receivable credit facility does not consent to any such waiver, then we must within 90 days of providing notice of the breach, pay all amounts outstanding under the trade accounts receivable credit facility.

Sale of Non-United States Accounts Receivable

Pursuant to the terms of a Receivable Purchase Agreement (the "RPA") between Greif Coordination Center BVBA (the "Seller"), an indirect wholly-owned subsidiary of Greif, Inc., and a major international bank (the "Buyer"), the Seller has agreed to sell trade receivables to Buyer that meet certain eligibility requirements and that Seller has purchased from other indirect wholly-owned subsidiaries of Greif, Inc. under discounted receivables purchase agreements and from Greif France SAS under a factoring agreement. In addition, Greif Italia S.p.A., also an indirect wholly-owned subsidiary of Greif, Inc., is a party to an Italian Receivables Purchase Agreement with the Italian branch of the major international bank (the "Italian RPA") pursuant to which it sells trade receivables that meet certain eligibility criteria to the Italian branch of the major international bank. The Italian RPA is similar in structure and terms as the RPA. The maximum amount of aggregate receivables that may be sold under the RPA and Italian RPA was €115.0 million (\$170.0 million) at January 31, 2008.

In October 2007, Greif Singapore Pte. Ltd., an indirect wholly-owned subsidiary of Greif Inc., entered into the Singapore Receivable Purchase Agreement (the "Singapore RPA") with a major international bank. The maximum amount of the aggregate receivables that maybe sold under the Singapore RPA was 10.0 million Singapore dollars (\$7.0 million) at January 31, 2008.

The structure of these transactions provide for a legal true sale, on a revolving basis, of the receivables transferred from the various Greif subsidiaries either (i) to Greif Coordination Center BVBA, which in turn sells the receivables to the respective bank, or (ii) directly to the respective bank. The bank funds an initial purchase price of a certain percentage of eligible receivables based on a formula with the initial purchase price approximating 75 percent to 90 percent of eligible receivables. The remaining deferred purchase price is settled upon collection of the receivables. At the balance sheet reporting dates, we remove from accounts receivable the amount of proceeds received from the initial purchase price since they meet the applicable criteria of SFAS No. 140, "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities," and continues to recognize the deferred purchase price in its accounts receivable. The receivables are sold on a non-recourse basis with the total funds in the servicing collection accounts pledged to Buyer between the semi-monthly settlement dates. At January 31, 2008, €80.8 million (\$119.5 million) of accounts receivable were sold under the RPA and Italian RPA. At January 31, 2008, 4.8 million Singapore Dollars (\$3.4 million) of accounts receivable were sold under the Singapore RPA.

At the time the receivables are initially sold, the difference between the carrying amount and the fair value of the assets sold are included as a loss on sale and classified as "other expense" in the consolidated statements of income. Expenses associated with the RPA and Italian RPA totaled €1.1 million (\$1.6 million) for the three months ended January 31, 2008. Expenses associated with the Singapore RPA were insignificant to the consolidated financial statements for the three months ended January 31, 2008. Additionally, we perform collections and administrative functions on the receivables sold similar to the procedures it uses for collecting all of its receivables, including receivables that are not sold under the RPA and Italian RPA. The servicing liability for these receivables is not material to the consolidated financial statements.

Other

In addition to the borrowings and facilities described above, we had outstanding debt of \$74.9 million, comprised of \$0.4 million in long-term debt and \$74.5 million in short-term borrowings, at January 31, 2008, and \$49.3 million, comprised of \$33.5 million in long-term debt and \$15.8 million in short-term borrowings, at October 31, 2007.

Significant Nonstrategic Timberland Transactions

In connection with one of our 2005 timberland transactions with Plum Creek Timberlands, L.P. (“Plum Creek”), Soterra LLC (one of our wholly owned subsidiaries) received cash and a \$50.9 million purchase note payable by an indirect subsidiary of Plum Creek (the “Purchase Note”). Soterra LLC contributed the Purchase Note to STA Timber LLC (“STA Timber”), one of our indirect wholly owned subsidiaries. The Purchase Note is secured by a Deed of Guarantee issued by Bank of America, N.A., London Branch, in an amount not to exceed \$52.3 million (the “Deed of Guarantee”). STA Timber has issued in a private placement 5.20 percent Senior Secured Notes due August 5, 2020 (the “Monetization Notes”) in the principal amount of \$43.3 million. The Monetization Notes are secured by a pledge of the Purchase Note and the Deed of Guarantee. Greif, Inc. and its other subsidiaries have not extended any form of guaranty of the principal or interest on the Monetization Notes. Accordingly, Greif, Inc. and its other subsidiaries will not become directly or contingently liable for the payment of the Monetization Notes at any time.

Contractual Obligations

As of January 31, 2008, we had the following contractual obligations (Dollars in millions):

	Payments Due By Period				
	Total	Less than 1 year	1-3 years	3-5 years	After 5 years
Long-term debt	\$ 929.1	\$ 28.1	\$ 474.4	\$ 40.5	\$386.1
Short-term borrowings	77.3	77.3	—	—	—
Non-cancelable operating leases	94.1	15.7	30.7	18.5	29.2
Timber note securitized	71.3	1.7	4.5	4.5	60.6
Total contractual cash obligations	<u>\$1,171.8</u>	<u>\$ 122.8</u>	<u>\$ 509.6</u>	<u>\$ 63.5</u>	<u>\$475.9</u>

Stock Repurchase Program

Our Board of Directors has authorized us to purchase up to four million shares of Class A Common Stock or Class B Common Stock or any combination of the foregoing. During the first quarter of 2008, we did not repurchase any shares of Class A Common Stock, but we purchased 2,500 shares of Class B Common Stock. As of January 31, 2008, we had repurchased 2,357,228 shares, including 1,419,608 shares of Class A Common Stock and 937,620 shares of Class B Common Stock, under this program. The total cost of the shares repurchased from 1999 through January 31, 2008 was approximately \$52.4 million.

Recent Accounting Standards

In September 2006, the Financial Accounting Standards Board (“FASB”) issued SFAS No. 157, “Fair Value Measurements,” which defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. We will be required to adopt SFAS No. 157 on November 1, 2008 (2009 for us). The provisions of SFAS No. 157 should be applied prospectively to the beginning of the fiscal year in which SFAS No. 157 is initially applied, except with respect to certain financial instruments as defined by SFAS No. 157. We have not yet determined the effect, if any, that the adoption of SFAS No. 157 will have on its consolidated financial statements.

In February, 2007, the FASB issued SFAS No. 159, “The Fair Value Option for Financial Assets and Financial Liabilities”, which allows an entity the irrevocable option to elect fair value for the initial and subsequent measurement for certain financial assets and liabilities on a contract-by-contract basis. Subsequent changes in fair value of these financial assets and liabilities would be recognized in earnings when they occur. SFAS No. 159 further establishes certain additional disclosure requirements. SFAS No. 159 is effective for our consolidated financial statements for the fiscal year beginning on November 1, 2008 (2009 for us), with earlier adoption permitted. We are currently evaluating the impact and timing of the adoption of SFAS No. 159 on our consolidated financial statements.

On December 4, 2007, the FASB issued SFAS No. 141(R), “Business Combinations,” and SFAS No. 160, “Accounting and Reporting of Noncontrolling interest in Consolidated Financial Statements, an amendment of ARB No. 51”. These new standards will significantly change the financial accounting and reporting of business combination transactions and noncontrolling (or minority) interests in consolidated financial statements. We will be required to adopt SFAS Nos. 141(R) and 160 on November 1, 2009 (2010 for us). We have not yet determined the effect, if any, that the adoption of SFAS Nos. 141(R) and 160 will have on our consolidated financial statements.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK

There has not been a significant change in the quantitative and qualitative disclosures about our market risk from the disclosures contained in the 2007 Form 10-K.

ITEM 4. CONTROLS AND PROCEDURES

With the participation of our principal executive officer and principal financial officer, Greif's management has evaluated the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")), as of the end of the period covered by this report. Based upon that evaluation, our principal executive officer and principal financial officer have concluded that, as of the end of the period covered by this report:

- Information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Securities and Exchange Commission;
- Information required to be disclosed by us in the reports that we file or submit under the Exchange Act is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure; and
- Our disclosure controls and procedures are effective.

There has been no change in our internal controls over financial reporting that occurred during the most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal controls over financial reporting.

PART II. OTHER INFORMATION**ITEM 1A. RISK FACTORS**

There have been no material changes in our risk factors from those disclosed in the 2007 Form 10-K under Part I, Item 1A – Risk Factors.

The Compensation Committee of the Board; provided, however, that, subject to applicable law, the Compensation Committee may delegate its authority under the Plan to any other person or persons. The Administrator shall serve as the agent for the Company with respect to the Trust.

1.3 Board.

The Board of Directors of the Company.

1.4 Bonus.

Compensation which is designated as a bonus or incentive award by an Employer and that is earned by an Eligible Employee in addition to his or her Salary, including any pretax elective deferrals from said Bonus to any Employer-sponsored plan that includes amounts deferred under a Deferral Election or any elective deferral as defined in Code Section 402(g)(3) or any amount contributed or deferred at the election of the Eligible Employee in accordance with Code Section 125 or 132(f)(4).

1.5 Cause.

Cause shall mean:

- (a) Any act which the Company, in its sole discretion, concludes is detrimental to the best interests of the Company or any of its subsidiaries or affiliates;
- (b) Serious, willful misconduct relating to the discharge of duties owed to the Participant's Employer;
- (c) Conviction of a felony or perpetuation of a common law fraud;

(d) Willful failure to comply with laws applicable to the execution of the business of the Company or any of its subsidiaries or affiliates;

(e) Theft, fraud, embezzlement, dishonesty or other willful misconduct that has resulted in economic damage to the Company or any of its subsidiaries or affiliates; or

(f) Failure to comply with the Company's drug and alcohol abuse policy.

1.6 Change-in-Control.

Provided that such definition shall be interpreted in a manner that is consistent with the definition of "change in control event" under Code Section 409A and the regulations promulgated thereunder, a "Change-in-Control" of the Company shall mean the first to occur of any of the following:

(a) the date that any one person, or more than one person acting as a group, acquires ownership of stock of the Company that, together with stock held by such person or group, constitutes more than fifty percent (50%) of the total fair market value or total voting power of the stock of the Company;

(b) the date that any one person, or more than one person acting as a group, acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or persons) ownership of stock of the Company possessing thirty-five percent (35%) or more of the total voting power of the stock of the Company;

(c) the date that any one person, or more than one person acting as a group, acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or persons) assets from the Company that have a total gross fair market value equal to or more than forty percent (40%) of the total gross fair market value of all of the assets of the Company immediately prior to such acquisition or acquisitions; or

(d) the date that a majority of members of the Board is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the Board prior to the date of the appointment or election.

1.7 Code.

The Internal Revenue Code of 1986, as amended.

1.8 Compensation.

The Participant's Salary, Bonus and Performance-based Compensation.

1.9 Deferrals.

The portion of Compensation that a Participant elects to defer in accordance with Section 3.1 hereof.

1.10 Deferral Election.

The separate agreement, submitted to the Administrator, by which an Eligible Employee (a) agrees to participate in the Plan, (b) may designate the amount of any Deferrals to be made to the Plan and (c) may designate the time and form of distribution of his or her Account.

1.11 Disability.

A Participant shall be considered disabled if:

(a) the Participant is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or can be expected to last for a continuous period of not less than 12 months, or

(b) the Participant is, by reason of any medically determinable physical or mental impairment which can be expected to result in death or can be expected to last for a continuous period of not less than 12 months, receiving income replacement benefits for a period of not less than three months under an accident and health plan covering employees of the Participant's Employer.

1.12 Effective Date.

January 1, 2007.

1.13 Eligible Employee.

An Employee shall be considered an Eligible Employee if such Employee is (a) a member of the Employer's select group of management or is a highly compensated employee within the meaning of Title I of ERISA and (b) designated as an Eligible Employee by the Administrator. The designation of an Employee as an Eligible Employee in any Plan Year shall not confer upon such Employee any right to be designated as an Eligible Employee in any future Plan Year.

1.14 Employee.

Any person employed by an Employer.

1.15 Employers.

The Company and all of its subsidiaries and affiliates.

1.16 Employer Discretionary Contribution.

A discretionary contribution made by the Employer that is credited to one or more Participant's Accounts in accordance with the terms of Section 3.7 hereof.

1.17 Employer Supplemental Contribution.

A contribution made by the Employer that is credited to one or more Participant's Accounts in accordance with the terms of Section 3.6 hereof.

1.18 ERISA.

The Employee Retirement Income Security Act of 1974, as amended.

1.19 Identification Date.

December 31 of each Plan Year.

1.20 Investment Fund.

Each investment which serves as a means to measure value, increases or decreases with respect to a Participant's Account.

1.21 Matching Contribution.

A contribution made by the Employer that is credited to one or more Participant's Accounts in accordance with the terms of Section 3.5 hereof.

1.22 Participant.

An Eligible Employee who is a Participant as provided in Article 2.

1.23 Plan Year.

January 1 through December 31.

1.24 Performance-based Compensation.

Performance-based compensation shall mean a Bonus that (i) meets the definition of "performance-based compensation" under Code Section 409A(a)(4)(B)(iii) and the regulations promulgated thereunder, (ii) is designated as such by the Employer and (iii) relates to services performed during a performance period of at least twelve months by an Eligible Employee.

1.25 Qualified Plan.

The Greif 401 (k) Retirement Plan.

1.26 Retirement.

Retirement means either (i) a Participant has reached age sixty-five (65) and has a Separation from Service (other than for Cause), or (ii) a Participant has reached age fifty-five (55) and has five (5) Years of Service and has a Separation from Service (other than for Cause).

1.27 Salary.

Salary means wages (other than any Bonus or Performance-based Compensation), within the meaning of Section 3401 (a) for the purposes of income tax withholding at the source, but determined without regard to any rules that limit the remuneration included in wages based on the nature or location of the employment or the services performed (such as the exception for agricultural labor in Code Section 3401 (a)(2)), that are earned by an Eligible Employee for services performed for the Employer. Salary will not include amounts paid by the Employer as severance payments after the Eligible Employee has Separated from Service, or amounts paid from extraordinary events such as the settlement of a lawsuit unless such amounts are included as compensation in the Eligible Employee's W-2 wages. Salary will also not include nonqualified stock options includible in an Eligible Employee's income in either the year granted or exercised. Salary will be determined without regard to: (a) any reduction in compensation resulting from participation in this Plan or any other nonqualified deferred compensation plan, a Section 401 (k) cash or deferred arrangement or any arrangement pursuant to Code Section 125, for Plan Years

commencing on and after January 1, 2001 – Code Sections 132(f), 402(h), 403(b), 414(h)(2) or 457; or (b) any rules that limit remuneration included in wages based on the nature or location of employment or services performed.

1.28 Separation from Service.

A separation from service with the Service Recipient within the meaning of Code Section 409A(a)(2)(A)(i) and the regulations promulgated thereunder.

1.29 Service Recipient.

Provided such definition is in compliance with Code Section 409A and the regulations promulgated thereunder, Service Recipient shall mean the person for whom the services are performed and with respect to whom the legally binding right to compensation arises, and all persons with whom such person would be considered a single employer under Code Section 414(b) (employees of controlled group of corporations), and all persons with whom such person would be considered a single employer under Code Section 414(c) (employees of partnerships, proprietorships, etc., under common control).

1.30 Specified Employee.

Specified Employee shall mean a Participant who is a key employee, as defined in Code Section 416(i) (without regard to section 416(i)(5)), at any time during the 12-month period ending on an Identification Date, and meets such other requirements imposed under Code Section 409A(a)(2)(B)(i) and the regulations promulgated thereunder. Such Participant shall be a Specified Employee for the period beginning April 1 of the year subsequent to the Identification Date and ending March 31 of the following year. Notwithstanding anything to the contrary, a Participant is not a Specified Employee unless any stock of the Employer is publicly traded on an established securities market or otherwise.

1.31 Trust.

The agreement between the Employer and the Trustee under which the assets of the Plan are held, administered and managed, which shall conform to the terms of Rev. Proc. 92-64.

1.32 Trustee.

Investors Bank and Trust Company or such other successor that shall become trustee pursuant to the terms of the Plan.

1.33 Years of Service.

A Participant's "Years of Service" shall be measured by employment during a twelve (12) month period commencing with the Participant's date of hire by the Company and/or any of its subsidiaries or affiliates and anniversaries thereof.

Article 2 - Participation

2.1 Commencement of Participation.

Each Eligible Employee shall become a Participant at the earlier of the date on which his or her Deferral Election first becomes effective or the date on which a Matching Contribution, an Employer Supplemental or an Employer Discretionary Contribution is first credited to his or her Account.

2.2 Loss of Eligible Employee Status.

A Participant who is no longer an Eligible Employee shall not be permitted to submit a Deferral Election and shall no longer be eligible for Employer Supplemental Contributions, Employer Discretionary Contributions or Matching Contributions. All Deferrals for such Participant shall cease as of the earlier to occur of (a) the Participant's Separation from Service or (b) the end of the Plan Year in which such Participant is determined to no longer be an Eligible Employee. Amounts credited to the Account of a Participant who is no longer an Eligible Employee shall continue to be held, pursuant to the terms of the Plan and shall be distributed as provided in Article 6.

Article 3 - Contributions

3.1 Deferral Elections - General.

A Participant's Deferral Election for a Plan Year is irrevocable for that applicable Plan Year; provided, however that a cessation of Deferrals shall be allowed if required by the terms of the Employer's qualified 401(k) plan in order for the Participant to obtain a hardship withdrawal from the 401(k) plan, or if required under Section 6.13 of this Plan. Amounts deferred under the Plan shall not be made available to such Participant, except as provided in Article 6, and shall reduce the Compensation paid to the Participant in the year of the Deferral from the Employer in accordance with the provisions of the applicable Deferral Election; provided, however, that all such amounts shall be subject to the rights of the general creditors of the Employer as provided in Article 8. The Deferral Election, in addition to the requirements set forth below, must designate: (a) the amount of Compensation to be deferred and (b), if applicable, the time and form of the distribution.

3.2 Time of Deferral Election.

A Deferral Election shall be void if it is not made in a timely manner as follows:

(a) A Deferral Election with respect to any Compensation must be submitted to the Administrator before the beginning of the calendar year during which the amount to be deferred will be earned. As of December 31 of each calendar year, said Deferral Election is irrevocable for the following calendar year. In addition, a Deferral Election shall remain in effect for subsequent calendar years until a new Deferral Election is submitted to the Administrator prior to the beginning of a subsequent calendar year.

(b) Notwithstanding the foregoing and in the discretion of the Employer, in a year in which an Employee is first eligible to participate in this Plan, and provided that such Employee is not eligible to participate in any other account balance arrangement subject to Code Section 409A, such Deferral Election shall be submitted within thirty (30) days after the date on which the Employee is first eligible to participate, with respect to Compensation to be earned after such election is made.

(c) Notwithstanding the foregoing and in the discretion of the Employer, a Deferral Election with respect to any Performance-based Compensation may be submitted by an Eligible Employee or a Participant provided that such Deferral Election is submitted at least six (6) months prior to the end of the performance period on which the Performance-based Compensation is based.

(d) Notwithstanding the foregoing and in the discretion of the Employer, a Deferral Election with respect to any “fiscal year compensation” (as defined under Code Section 409A and the regulations promulgated thereunder) may be submitted by an Eligible Employee or a Participant by no later than the close of the Employer’s fiscal year preceding the first fiscal year in which are performed any services for which such compensation is payable.

3.3 Distribution Elections.

At the time a Participant makes a Deferral Election, he or she must also elect the time and form of the distribution of the Deferral by establishing or selecting one or more In-Service Sub-Accounts) or Retirement Sub-Account(s) as provided in Section 5.1.

3.4 Additional Requirements for Deferral Elections.

Subject to the limitations set forth in Sections 3.1 and 3.2 hereof, Deferrals made pursuant to a Deferral Election must be made in whole percentages with such limitations as determined by the Administrator from time to time in its sole discretion.

3.5 Matching Contribution.

The Employers reserve the right to make Matching Contributions to each Participant’s Account in such amount and in such manner as may be determined by the Company. Such Matching Contributions shall be credited to such sub-account(s) as may be elected by the Participant in accordance with Section 5.1 and procedures established by the Administrator.

3.6 Employer Supplemental Contribution.

An Employer may make an Employer Supplemental Contribution to the Account of some or all of the Participants. The amount of the Employer Supplemental Contribution shall be determined by the Employer annually and communicated to the Participant(s). Such Employer Supplemental Contribution shall be credited to the Retirement Sub-Account with the shortest distribution installment period maintained within the Participant’s Account in accordance with Section 5.1. If no Retirement Sub-Accounts are maintained within the Participant’s Account, a lump sum Retirement Sub-Account shall be established and such Employer Supplemental Contribution shall be credited thereto.

3.7 Employer Discretionary Contributions.

The Employers reserve the right to make Employer Discretionary Contributions to some or all Participants’ Accounts in such amount and in such manner as may be determined by the applicable Employer. Such Employer Discretionary Contribution shall be credited to the Retirement Sub-Account with the shortest distribution installment period maintained within the Participant’s Account in accordance with Section 5.1. If no Retirement Sub-Accounts are

maintained within the Participant's Account, a lump sum Retirement Sub-Account shall be established and such Employer Supplemental Contribution shall be credited thereto.

3.8 Crediting of Contributions.

(a) Deferrals shall be credited to a Participant's Account, and if applicable transferred to the Trust, as soon as administratively feasible following each payroll period.

(b) Matching Contributions shall be credited to a Participant's Account, and if applicable transferred to the Trust, as soon as administratively feasible following the close of each Plan Year.

(c) Employer Supplemental Contributions shall be credited to a Participant's Account, and if applicable transferred to the Trust, at such time as the Employer shall determine.

(d) Employer Discretionary Contributions shall be credited to a Participant's Account, and if applicable transferred to the Trust, at such time as the Employer shall determine.

Article 4 - Vesting

4.1 Vesting of Deferrals.

A Participant shall be one hundred percent (100%) vested in the portion of his or her Account attributable to Deferrals and any deemed earnings or losses on the investment of such Deferrals.

4.2 Vesting of Matching Contributions.

Except as otherwise provided herein:

(a) If a Participant was hired by the Company or any of its subsidiaries or affiliates prior to July 1, 2000, the Participant shall be one hundred percent (100%) vested in the portion of his or her Account attributable to Matching Contributions and any deemed earnings or losses on the investments of such Matching Contributions.

(b) If a Participant was hired by the Company or any of its subsidiaries or affiliates on or after July 1, 2000, the Participant shall have a vested right to the portion of his or her Account attributable to Matching Contributions and any deemed earnings or losses on the investments of such Matching Contributions as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

4.3 Vesting of Employer Supplemental Contributions.

Except as otherwise provided herein, a Participant shall have a vested right to the portion of his or her Account attributable to Employer Supplemental Contributions and any deemed earnings or losses on the investment of such Employer Supplemental Contributions according to such vesting schedule as the Employer shall determine at the time an Employer Supplemental Contribution is made.

4.4 Vesting of Employer Discretionary Contributions.

A Participant shall have a vested right to the portion of his or her Account attributable to Employer Discretionary Contributions and any deemed earnings or losses on the investment of such Employer Discretionary Contributions according to such vesting schedule as the Employer shall determine at the time an Employer Discretionary Contribution is made.

4.5 Vesting in Event of Retirement, Disability, Death or Change-in-Control.

(a) A Participant who incurs a Separation from Service due to Retirement shall be fully vested in the amounts credited to his or her Account as of the date of the Separation from Service.

(b) A Participant who incurs a Separation from Service due to Disability shall be fully vested in the amounts credited to his or her Account as of the date of the Separation from Service.

(c) Upon a Participant's death, the Participant shall be fully vested in the amounts credited to his or her Account.

(d) Upon a Change-in-Control, all Participants shall be fully vested in the amounts credited to their Accounts as of the date of the Change-in-Control.

4.6 Amounts Not Vested.

Any amounts credited to a Participant's Account that are not vested at the time of his or her Separation from Service shall be forfeited.

Article 5 - Accounts

5.1 Accounts.

The Administrator shall establish and maintain a bookkeeping account in the name of each Participant. The Administrator shall also establish sub-accounts as provided in subsection (a) and (b) below, as elected by the Participant pursuant to Article 3. A Participant may have a maximum of ten (10) sub-accounts at any time.

(a) A Participant may establish one or more Retirement Sub-Account(s) ("Retirement Sub-Accounts") by designating as such on the Participant's Deferral Election. Each Participant's Retirement Sub-Account shall be credited with, to the extent elected by the

Participant or required by the terms of this Plan, Deferrals, Matching Contributions, Employer Supplemental Contributions and Employer Discretionary Contributions and the Participant's allocable share of any deemed earnings or losses on the foregoing. Each Participant's Retirement Sub-Account shall be reduced by any distributions made from such Retirement Sub-Account plus, to the extent permitted by applicable law, any federal, state and local tax withholding, and any social security withholding tax as may be required by law.

(b) A Participant may elect to establish one or more In-Service Sub-Accounts ("In-Service Sub-Accounts") by designating as such on the Participant's Deferral Election the year in which payment shall be made. Each Participant's In-Service Sub-Account shall be credited with, to the extent elected by the Participant or required by the terms of this Plan, Deferrals, Matching Contributions, Employer Supplemental Contributions and Employer Discretionary Contributions, and the Participant's allocable share of any deemed earnings or losses on the foregoing. Each Participant's In-Service Sub-Account shall be reduced by any distributions made from such In-Service Sub-Account plus, to the extent permitted by applicable law, any federal, state and local tax withholding and any social security withholding tax as may be required by law.

5.2 Investments, Gains and Losses.

(a) A Participant may direct that his or her Retirement Sub-Accounts and/or In-Service Sub-Accounts established pursuant to Section 5.1 be valued as if they were invested in multiples of one percent (1%) in one or more Investment Funds as selected by the Company. The Company may from time to time, at the discretion of the Administrator, change the Investment Funds for purposes of this Plan.

(b) The Administrator shall adjust the amounts credited to each Participant's Account to reflect Deferrals, Matching Contributions, Employer Supplemental Contributions, Employer Discretionary Contributions, investment experience, distributions and any other appropriate adjustments. Such adjustments shall be made as frequently as is administratively feasible.

(c) A Participant may change his or her selection of Investment Funds as permitted by the Administrator with respect to his or her Account or sub-accounts by filing a new election in accordance with procedures established by the Administrator. An election shall be effective as soon as administratively feasible following the date of the change as indicated by the Participant in a form prescribed by the Administrator.

(d) Notwithstanding the Participant's ability to designate the Investment Funds in which his or her Account or sub-accounts shall be deemed invested, the Employer shall have no obligation to invest any funds in accordance with the Participant's election. Participants' Accounts shall merely be bookkeeping entries on the Employer's books, and no Participant shall obtain any property right or interest in any Investment Fund.

Article 6 - Distributions

6.1 Distribution Election.

Each Participant shall designate in his or her Deferral Election the form and timing of the distribution of his or her Account or sub-accounts by indicating the type of sub-account as described under Section 5.1, and by designating the manner in which payments shall be made from the choices available under Sections 6.2 and 6.3 hereof. Notwithstanding anything to the contrary contained herein, no acceleration of the time or schedule of payments under the Plan shall occur except as permitted under both this Plan and Code Section 409A(a)(3) and the regulations promulgated thereunder.

6.2 Distributions from an In-Service Sub-Account.

Distributions of the vested portion of an In-Service Sub-Account shall begin as soon as administratively feasible but no later than ninety (90) days following January 1 of the calendar year designated by the Participant on a properly submitted Deferral Election for the applicable In-Service Sub-Account, and are payable in either a lump sum payment or substantially equal annual installments, as described in Section 6.4 below, over a period of up to five (5) years as elected by the Participant in his or her Deferral Election. For purposes of this Section 6.2, if a Participant fails to properly designate the form of the distribution, the sub-account shall be paid in a lump sum payment. If a Participant has any In-Service Sub-Accounts at the time of his or her Retirement, said sub-accounts shall be distributed in a lump sum as soon as administratively feasible but no later than ninety (90) days following the effective date of the Participant's Retirement.

6.3 Distributions Upon Retirement.

If a Participant has a Separation from Service due to Retirement, the Participant's Retirement Sub-Account(s) shall be (or shall begin to be) distributed as soon as administratively feasible but no later than ninety (90) days following the effective date of Participant's Retirement. Distributions shall be made either in a lump sum payment or in substantially equal annual installments, as described in Section 6.4 below, over a period of five (5) or ten (10) years as elected by the Participant in his or her Deferral Election. If the Participant fails to properly designate the form of the distribution, the sub-account shall be paid in a lump sum payment.

6.4 Substantially Equal Annual Installments.

The amount of the substantially equal payments shall be determined by multiplying the Participant's Account or the applicable sub-account by a fraction, the denominator of which in the first year of payment equals the number of years over which benefits are to be paid, and the numerator of which is one (1). The amounts of the payments for each succeeding year shall be determined by multiplying such Account or sub-account as of the applicable anniversary of the payout by a fraction, the denominator of which equals the number of remaining years over which benefits are to be paid, and the numerator of which is one (1). Installment payments made pursuant to this Section 6.4 shall be made as soon as administratively feasible in the calendar year following the initial installment and, to the extent applicable, each calendar year thereafter, but, in each case, no later than March 31 of the applicable calendar year.

6.5 Distributions Upon a Change-in-Control.

Upon a Change-in-Control, all amounts credited to a Participant's Account as of the date of the Change-in-Control shall be paid in a lump sum as soon as administratively possible but no later than ninety (90) days following such Change-in-Control.

6.6 Distributions upon Separations from Service other than due to Retirement, Disability, Death or for Cause.

If a Participant has a Separation from Service for any reason other than due to the Participant's Retirement, death, Disability or for Cause, all vested amounts credited to his or her Account shall be paid to the Participant in a lump sum, as soon as administratively feasible but no later than ninety (90) days following the Participant's Separation from Service.

6.7 Distributions upon Separation from Service due to Disability.

Upon a Participant's Separation from Service due to Disability, all amounts credited to his or her Account shall be paid to the Participant in a lump sum, as soon as administratively feasible but no later than ninety (90) days following the date of Separation from Service due to Disability.

6.8 Distributions upon Death.

Upon the death of a Participant (whether before or after any distribution of the Participant's Account has begun), all amounts credited to his or her Account shall be paid, as soon as administratively feasible but no later than ninety (90) days following his or her date of death, to his or her beneficiary or beneficiaries (as determined under Article 7) in a lump sum.

6.9 Separation from Service due to Cause.

Notwithstanding anything to the contrary contained herein, in the event of a Participant's Separation from Service for Cause, the Participant shall only receive the return of his or her Deferrals, including the Participant's allocable share of any deemed earnings or losses credited on those Deferrals pursuant to Section 5.2 and subject to Sections 6.11 and 10.7. Upon a Participant's Separation from Service for Cause, all amounts credited to the Participant's Account relating to Matching Contributions, Employer Supplemental Contributions and Employer Discretionary Contributions, including the Participant's allocable share of any deemed earnings or losses credited on the foregoing pursuant to Section 5.2, shall be forfeited.

6.10 Changes to Distribution Elections.

A Participant will be permitted to elect to change the form or timing of the distribution of one or more sub-accounts within his or her Account if such change meets the following requirements:

- (a) On or before December 31, 2007, a Participant may change the form or timing of such distribution (based on the choices available under Sections 6.2 and 6.3) by filing a new distribution election with the Administrator on or before December 31, 2007; provided, however, that (i) such election will not apply to any amount otherwise payable in 2007 and may not cause an amount to be paid in 2007 that would not otherwise be payable in 2007 and (ii) such

election must be in a form prescribed by the Administrator. Once made, this subsequent distribution election may be changed or revoked only as provided in Section 6.10(b).

(b) After December 31, 2007, a Participant may change the form or timing of such distribution (based on the choices available under Sections 6.2 and 6.3) by filing a new distribution election with the Administrator; provided that such change meets the requirements of Code Section 409A(a)(4)(C) and the regulations promulgated thereunder, including the requirements that (i) a subsequent election may not take effect until at least twelve (12) months after such election is made, (ii) the payment with respect to which such subsequent election is made must be deferred (other than a distribution upon death, Disability or an Unforeseeable Emergency) for at least five (5) years from the date the first amount was scheduled to be paid, and (iii) any subsequent election affecting a distribution at a specified time (or pursuant to a fixed schedule) may not be made less than twelve (12) months before the date the first amount was scheduled to be paid. Such election must be made in a form prescribed by the Administrator.

(c) Once a sub-account begins distribution, no such changes to distributions shall be permitted under this Section 6.10.

(d) For purposes of this Section 6.10, a series of installment payments paid from a single In-Service Sub-Account or Retirement Sub-Account shall be treated as a single payment.

6.11 Distributions to Specified Employees.

Notwithstanding anything herein to the contrary, if any Participant is a Specified Employee upon a Separation from Service for any reason other than death or Disability, distributions to such Participant shall not commence until the first day of the seventh month following the date of such Separation from Service (or, if earlier, the date of death of the Participant) (the "Deferral Period"). Any distributions which, absent their deferral under this Section 6.11, would have been payable to the Specified Employee during the Deferral Period will be paid to the Specified Employee on the first date such payments are permitted under Code Section 409A. If distributions are to be made in annual installments, the second installments and all those thereafter will be made on the applicable anniversaries of the date on which the Participant's initial installment would have been payable absent its deferral under this Section 6.11.

6.12 Minimum Distribution.

Notwithstanding anything herein to the contrary, but subject to Section 6.11 and any requirements under Code Section 409A and the regulations promulgated thereunder, if the balance of a Participant's Account at the time of his or her Separation from Service is \$10,000 or less, then the Participant shall be paid his or her benefits as a single lump sum.

6.13 Unforeseeable Emergency.

The Administrator may permit an early distribution of part or all of a Participant's Account; provided, however, that such distribution shall be made only if the Administrator, in its sole discretion, determines that the Participant has experienced an Unforeseeable Emergency.

An “Unforeseeable Emergency” is defined as a severe financial hardship resulting from an illness or accident of the Participant, the Participant’s spouse, or a dependent (as defined in Code Section 152(a)) of the Participant, loss of the Participant’s property due to casualty or other similar extraordinary and unforeseeable circumstances arising as a result of events beyond the control of the Participant. If an Unforeseeable Emergency is determined to exist, a distribution may not exceed the amounts necessary to satisfy such emergency plus amounts necessary to pay any Federal, state or local taxes or penalties reasonably anticipated as a result of the distribution, after taking into account the extent to which such hardship is or may be relieved through reimbursement or compensation by insurance or otherwise or by liquidation of the Participant’s assets (to the extent the liquidation of such assets would not itself cause severe financial hardship) or by cessation of Deferrals. Upon a distribution to a Participant under this Section 6.13, the Participant’s Deferrals shall cease and no further Deferrals shall be made for such Participant for the remainder of the Plan Year.

Article 7 - Beneficiaries

7.1 Beneficiaries.

Each Participant may from time to time designate one or more persons (who may be any one or more members of such person’s family or other persons, administrators, trusts, foundations or other entities) as his or her beneficiary under the Plan. Such designation shall be made in a form prescribed by the Administrator. Each Participant may at any time and from time to time, change any previous beneficiary designation, without notice to or consent of any previously designated beneficiary, by amending his or her previous designation in a form prescribed by the Administrator. If the beneficiary does not survive the Participant (or is otherwise unavailable to receive payment) or if no beneficiary is validly designated, then the amounts payable under this Plan shall be paid to the Participant’s surviving spouse or, if there is no surviving spouse, the Participant’s estate. If more than one person is the beneficiary of a deceased Participant, each such person shall receive a pro rata share of any death benefit payable unless otherwise designated in the applicable form. If a beneficiary who is receiving benefits dies, all benefits that were payable to such beneficiary shall then be payable to the estate of that beneficiary.

7.2 Lost Participant and/or Beneficiary.

All Participants and beneficiaries shall have the obligation to keep the Administrator informed of their current address until such time as all benefits due have been paid. Under no circumstances shall any amount under this Plan escheat to any governmental authority.

Article 8 - Funding

8.1 Prohibition Against Funding.

Should any investment be acquired in connection with the liabilities assumed under this Plan, it is expressly understood and agreed that the Participants and beneficiaries shall not have any right with respect to, or claim against, such assets nor shall any such purchase be construed to create a trust of any kind or a fiduciary relationship between the Employer and the Participants, their beneficiaries or any other person. Any such assets shall be and remain a part

of the general, unpledged, unrestricted assets of the Employer, subject to the claims of its general creditors. It is the express intention of the parties hereto that this arrangement shall be unfunded for tax purposes and for purposes of Title I of the ERISA. Each Participant and beneficiary shall be required to look to the provisions of this Plan and to the Employer itself for enforcement of any and all benefits due under this Plan, and to the extent any such person acquires a right to receive payment under this Plan, such right shall be no greater than the right of any unsecured general creditor of the Employer. The Employer or the Trust shall be designated the owner and beneficiary of any investment acquired in connection with its obligation under this Plan.

8.2 Deposits in Trust.

Notwithstanding Section 8.1 or any other provision of this Plan to the contrary, the Employer may deposit into the Trust any amounts it deems appropriate to pay the benefits under this Plan. The amounts so deposited may include contributions made pursuant to a Deferral Election by a Participant, Matching Contributions, Employer Supplemental Contributions, and Employer Discretionary Contributions.

8.3 Withholding of Employee Contributions.

The Administrator is authorized to make any and all necessary arrangements with the Employer in order to withhold the Participant's Deferrals under Section 3.1 hereof from his or her Compensation. The Administrator shall determine the amount and timing of such withholding.

Article 9 - Claims Administration

9.1 General.

If a Participant, beneficiary or his or her representative is denied all or a portion of an expected Plan benefit for any reason and the Participant, beneficiary or his or her representative desires to dispute the decision of the Administrator, he or she must file a written notification of his or her claim with the Administrator.

9.2 Claims Procedure.

Upon receipt of any written claim for benefits, the Administrator shall be notified and shall give due consideration to the claim presented. If any Participant or beneficiary claims to be entitled to benefits under the Plan and the Administrator determines that the claim should be denied in whole or in part, the Administrator shall, in writing, notify such claimant within ninety (90) days of receipt of the claim that the claim has been denied. The Administrator may extend the period of time for making a determination with respect to any claim for a period of up to ninety (90) days, provided that the Administrator determines that such an extension is necessary because of special circumstances and notifies the claimant, prior to the expiration of the initial ninety (90) day period, of the circumstances requiring the extension of time and the date by which the Plan expects to render a decision. If the claim is denied to any extent by the Administrator, the Administrator shall furnish the claimant with a written notice setting forth:

- (a) the specific reason or reasons for denial of the claim;

-
- (b) a specific reference to the Plan provisions on which the denial is based;
 - (c) a description of any additional material or information necessary for the claimant to perfect the claim and an explanation of why such material or information is necessary; and
 - (d) an explanation of the provisions of this Article.

Under no circumstances shall any failure by the Administrator to comply with the provisions of this Section 9.2 be considered to constitute an allowance of the claimant's claim.

9.3 Right of Appeal.

A claimant who has a claim denied wholly or partially under Section 9.2 may appeal to the Administrator for reconsideration of that claim. A request for reconsideration under this Section must be filed by written notice within sixty (60) days after receipt by the claimant of the notice of denial under Section 9.2.

9.4 Review of Appeal.

Upon receipt of an appeal, the Administrator shall promptly take action to give due consideration to the appeal. Such consideration may include a hearing of the parties involved, if the Administrator feels such a hearing is necessary. In preparing for this appeal, the claimant shall be given the right to review pertinent documents and the right to submit in writing a statement of issues and comments. After consideration of the merits of the appeal, the Administrator shall issue a written decision which shall be binding on all parties. The decision shall specifically state its reasons and pertinent Plan provisions on which it relies. The Administrator's decision shall be issued within sixty (60) days after the appeal is filed, except that the Administrator may extend the period of time for making a determination with respect to any claim for a period of up to sixty (60) days, provided that the Administrator determines that such an extension is necessary because of special circumstances and notifies the claimant, prior to the expiration of the initial sixty (60) day period, of the circumstances requiring the extension of time and the date by which the Plan expects to render a decision. Under no circumstances shall any failure by the Administrator to comply with the provisions of this Section 9.4 be considered to constitute an allowance of the claimant's appeal.

9.5 Designation.

The Administrator may designate any other person of its choosing to make any determination otherwise required under this Article. Any person so designated shall have the same authority and discretion granted to the Administrator hereunder.

Article 10 - General Provisions

10.1 Administrator.

(a) The Administrator is expressly empowered to limit the amount of Compensation that maybe deferred; to deposit amounts into the Trust in accordance with Section

8.2 hereof; to interpret the Plan, and to determine all questions arising in the administration, interpretation and application of the Plan; to employ actuaries, accountants, counsel, and other persons it deems necessary in connection with the administration of the Plan; to request any information from the Employer it deems necessary to determine whether the Employer would be considered insolvent or subject to a proceeding in bankruptcy; and to take all other necessary and proper actions to fulfill its duties as Administrator.

(b) The Administrator shall not be liable for any actions by it hereunder, unless due to its own negligence, willful misconduct or lack of good faith.

(c) The Administrator shall be indemnified and saved harmless by the Employer from and against all personal liability to which it may be subject by reason of any act done or omitted to be done in its official capacity as Administrator in good faith in the administration of the Plan and Trust, including all expenses reasonably incurred in its defense in the event the Employer fails to provide such defense upon the request of the Administrator.

10.2 No Assignment.

Benefits or payments under this Plan shall not be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, attachment, or garnishment by creditors of the Participant or the Participant's beneficiary, whether voluntary or involuntary, and any attempt to so anticipate, alienate, sell, transfer, assign, pledge, encumber, attach or garnish the same shall not be valid, nor shall any such benefit or payment be in any way liable for or subject to the debts, contracts, liabilities, engagement or torts of any Participant or beneficiary, or any other person entitled to such benefit or payment pursuant to the terms of this Plan, except to such extent as may be required by law. If any Participant or beneficiary or any other person entitled to a benefit or payment pursuant to the terms of this Plan attempts to anticipate, alienate, sell, transfer, assign, pledge, encumber, attach or garnish any benefit or payment under this Plan, in whole or in part, or if any attempt is made to subject any such benefit or payment, in whole or in part, to the debts, contracts, liabilities, engagements or torts of the Participant or beneficiary or any other person entitled to any such benefit or payment pursuant to the terms of this Plan, then such attempt shall be invalid and such benefit or payment, in the discretion of the Administrator, shall cease and terminate with respect to such Participant or beneficiary, or any other such person.

10.3 No Employment Rights.

Participation in this Plan shall not be construed to confer upon any Participant the legal right to be retained in the employ of the Employer, or give a Participant or beneficiary, or any other person, any right to any payment whatsoever, except to the extent of the benefits provided for hereunder. Each Participant shall remain subject to discharge to the same extent as if this Plan had never been adopted.

10.4 Incompetence.

If the Administrator determines that any person to whom a benefit is payable under this Plan is incompetent by reason of physical or mental disability, the Administrator shall have the power to cause the payments becoming due to such person to be made to another for his or her

benefit without responsibility of the Administrator or the Employer to see to the application of such payments. Any payment made pursuant to such power shall, as to such payment, operate as a complete discharge of the Employer, the Administrator and the Trustee.

10.5 Identity.

If, at any time, any doubt exists as to the identity of any person entitled to any payment hereunder or the amount or time of such payment, the Administrator shall be entitled to hold such sum until such identity or amount or time is determined or until an order of a court of competent jurisdiction is obtained. The Administrator shall also be entitled to pay such sum into court in accordance with the appropriate rules of law. Any expenses incurred by the Employer, Administrator, and Trust incident to such proceeding or litigation shall be charged against the Account of the affected Participant.

10.6 Other Benefits.

The benefits of each Participant or beneficiary hereunder shall be in addition to any benefits paid or payable to or on account of the Participant or beneficiary under any other pension, disability, annuity or retirement plan or policy whatsoever.

10.7 Right of Setoff.

An Employer may, to the extent permitted by applicable law, deduct from and setoff against any amounts payable to a Participant or a beneficiary from this Plan such amounts as may be owed by a Participant to the Employer, although the Participant shall remain liable for any part of the Participant's payment obligation not satisfied through such deduction and setoff; provided, however, that this setoff may occur only at the date on which the amount would otherwise be distributed to the Participant as required by Code Section 409A. By electing to participate in the Plan and deferring compensation hereunder, the Participant agrees to any deduction or setoff under this Section 10.7.

10.8 Expenses.

All expenses incurred in the administration of the Plan, whether incurred by the Employer or the Plan, shall be paid by the Employer.

10.9 Insolvency.

Should an Employer be considered insolvent (as defined by the Trust), the Employer, through its Board and chief executive officer, shall give immediate written notice of such to the Administrator of the Plan and the Trustee. Upon receipt of such notice, the Administrator or Trustee shall cease to make any payments to Participants who were Employees of the Employer or their beneficiaries and shall hold any and all assets attributable to the Employer for the benefit of the general creditors of the Employer.

10.10 Amendment, Modification, Suspension or Termination.

The Company may, at any time, in its sole discretion, amend, modify, suspend or terminate the Plan in whole or in part, except that no such amendment, modification, suspension or termination shall have any retroactive effect to reduce any amounts allocated to a Participant's Accounts. In the event that this Plan is terminated, the distribution of the amounts credited to a

Participant's Accounts shall not be accelerated but shall be paid at such time and in such manner as determined under the terms of the Plan immediately prior to termination as if the Plan had not been terminated. Notwithstanding anything to the contrary contained herein, the Company, in its sole discretion, may distribute all Participants' Accounts in connection with a termination of the Plan; provided that (a) no payments other than payments that would be payable under the terms of the Plan if the termination had not occurred may be made within twelve (12) months from termination date of the Plan; (b) all payments must be made within twenty-four (24) months from the termination date of the Plan; and (c) all other requirements under Code Section 409A and the regulations promulgated thereunder are met.

10.11 Construction.

All questions of interpretation, construction or application arising under or concerning the terms of this Plan shall be decided by the Administrator, in its sole and final discretion, whose decision shall be final, binding and conclusive upon all persons.

10.12 Governing Law.

This Plan shall be governed by, construed and administered in accordance with the applicable provisions of ERISA, Code Section 409A and any other applicable federal law, provided, however, that to the extent not preempted by federal law this Plan shall be governed by, construed and administered under the laws of Ohio, other than its laws respecting choice of law.

10.13 Severability.

If any provision of this Plan is held invalid or unenforceable, its invalidity or unenforceability shall not affect any other provision of this Plan and this Plan shall be construed and enforced as if such provision had not been included therein. If the inclusion of any Employee (or Employees) as a Participant under this Plan would cause the Plan to fail to comply with the requirements of Sections 201(2), 301(a)(3) and 401(a)(1) of ERISA or Code Section 409A, then the Plan shall be severed with respect to such Employee or Employees, who shall be considered to be participating in a separate arrangement.

10.14 Headings.

The Article headings contained herein are inserted only as a matter of convenience and for reference and in no way define, limit, enlarge or describe the scope or intent of this Plan nor in any way shall they affect this Plan or the construction of any provision thereof.

10.15 Terms.

Capitalized terms shall have meanings as defined herein. Singular nouns shall be read as plural, masculine pronouns shall be read as feminine, and vice versa, as appropriate.

10.16 Code Section 409A Compliance.

It is intended that this Plan comply with Code Section 409A in accordance with Internal Revenue Service Notice 2005-1 and proposed regulations promulgated thereunder (and any subsequent IRS notices or guidance), and this Plan will be interpreted, administered and operated in good faith accordingly. In the event that any provision of this Plan is inconsistent with Code

Section 409A or such guidance, then the applicable provisions of Code Section 409A shall supersede such provision. Nothing herein shall be construed as an entitlement to or guarantee of any particular tax treatment to a Participant.

10.17 Payments Upon Income Inclusion Under Code Section 409A.

The Company may accelerate the time or schedule of a payment to a Participant to pay an amount the Participant includes in income as a result of the Plan failing to meet the requirements of Code Section 409A.

IN WITNESS WHEREOF, the Company has caused this instrument to be executed by its duly authorized officer, effective as of this 30th day of December, 2006.
