Statement of Accounting Policy

The accompanying financial statements include the accounts of Myers Industries, Inc. and subsidiaries (collectively, the “Company”), and have been prepared without audit, pursuant to the rules and regulations of the Securities and Exchange Commission (the “SEC”). Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles have been condensed or omitted pursuant to those rules and regulations, although the Company believes that the disclosures are adequate to make the information not misleading. It is suggested that these financial statements be read in conjunction with the financial statements and notes thereto included in the Company’s latest annual report on Form 10-K.

In the opinion of the Company, the accompanying financial statements contain all adjustments (consisting of only normal recurring accruals) necessary to present fairly the financial position as of June 30, 2009, and the results of operations and cash flows for the six months ended June 30, 2009 and 2008. The results of operations for the six months ended June 30, 2009 are not necessarily indicative of the results of operations that will occur for the year ending December 31, 2009.

The Company has evaluated subsequent events through August 3, 2009, the date it filed its report on Form 10-Q for the quarter ended June 30, 2009 with the SEC, and has no material subsequent events to report.

Recent Accounting Pronouncements

In June 2009, the FASB issued Statement No. 168, “The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles” (SFAS 168). SFAS 168 replaces FASB Statement No. 162, “The Hierarchy of Generally Accepted Accounting Principles”, and establishes the FASB Accounting Standards Codification (the Codification) as the source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). SFAS 168 is effective for interim and annual periods ending after September 15, 2009. This will not have an impact on the Company’s statement of financial position, results of operations or cash flows. The adoption of this statement will have an impact to the Company’s financial statement disclosures since all future references to authoritative accounting literature will be referenced in accordance with the Codification.

In May 2009, the FASB issued Statement No. 165, “Subsequent Events” (SFAS 165), which establishes general standards of accounting for, and requires disclosure of, events that occur after the balance sheet date but before financial statements are issued or are available to be issued. Under the requirements of SFAS 165, which the Company adopted for the quarter ended June 30, 2009, the Company has disclosed the date through which subsequent events are reported. The adoption did not have a material effect on the Company’s statement of financial position, results of operations or cash flows.

In December 2007, the FASB issued Statement No. 141R “Business Combinations” and FASB Statement No. 160, “Non-Controlling Interests in Consolidated Financial Statements”. Statements 141R and 160 require most identifiable assets, liabilities, non-controlling interests, and goodwill acquired in a business combination to be recorded at “full fair value” and require non-controlling interests (previously referred to as minority interests) to be reported as a component of equity, which changes the accounting for transactions with non-controlling shareholders. The adoption of these standards did not have a material impact to the Company’s statement of financial position, result of operations or cash flows. The Company will apply the guidance of the statements to business combinations in 2009 and beyond.

Effective January 1, 2009, the Company adopted SFAS No. 161, “Disclosures about Derivative Instruments and Hedging Activities, and amendment of SFAS No. 133.” The Statement requires enhanced disclosures about an entity’s derivative and hedging activities. The adoption of this standard did not have a material impact to the Company’s statement of financial position, results of operations or cash flows.

The Company adopted SFAS No. 157, “Fair Value Measurements” (SFAS 157) as of January 1, 2008. SFAS 157 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions. FASB Staff Position 157-2, “Effective Date of FASB Statement No. 157,” applies to nonfinancial assets and nonfinancial liabilities and was

effective January 1, 2009. The adoption did not have a material effect on the Company's statement of financial position, results of operations or cash flows.

Discontinued Operations

In the first quarter of 2007, the Company sold its European Material handling businesses. In accordance with U.S. generally accepted accounting principles, the operating results related to these businesses have been included in discontinued operations in the Company's condensed statements of consolidated income for all periods presented.

For the six months ended June 30, 2008, the Company recorded net income of approximately \$1.7 million as a result of net proceeds received related to the settlement of certain contingencies in connection with the disposed businesses.

Merger Agreement

On April 3, 2008, the Company entered into a letter agreement mutually terminating the Agreement and Plan of Merger (the "Merger Agreement") with MYEH Corporation, a Delaware corporation (the "Parent") and MYEH Acquisition Corporation, an Ohio corporation ("MergerCo"). Under the terms of the Merger Agreement, MergerCo would have been merged with and into the Company, with the Company continuing as the surviving corporation and becoming a wholly-owned subsidiary of Parent (the "Merger"). Parent is owned by GS Capital Partners, LP (GSCP) and other private equity funds sponsored by Goldman, Sachs & Co.

The Merger Agreement contained termination rights for both the Company and Parent in the event the Merger was not consummated by December 15, 2007. In December 2007, an agreement was made to extend this date from December 15, 2007 to April 30, 2008. This extension did not provide GSCP additional rights with respect to the potential merger and any consummation of the merger would have remained subject to satisfaction of the conditions to the closing in the Merger Agreement. In connection with the extension, GSCP paid the Company a previously agreed upon \$35.0 million termination fee in 2007. This non refundable termination fee, net of related expenses of \$8.3 million, was recorded as other income by the Company in the fourth quarter of 2007. In addition, as permitted by the extension, the Company paid a special dividend of \$0.28 per common share totaling approximately \$9.9 million on January 2, 2008 to shareholders of record as of December 20, 2007.

Restructuring & Impairment Charges

In the six months ended June 30, 2009, the Company continued the implementation of its plan to restructure the businesses in the Lawn and Garden segment. For the three and six months ended June 30, 2009, the Company recorded impairment charges of \$1.1 and \$1.4 million, respectively, related to certain property, plant, and equipment at these and other Lawn and Garden manufacturing facilities. The Company also incurred \$3.0 and \$8.0 million, respectively, for the three and six months ended June 30, 2009, for severance, consulting, and other costs associated with the restructuring.

In 2009, the Company expects to incur additional charges of \$1.0 million for severance and other one time termination benefits and \$4.1 million of other restructuring charges associated with the plan.

Stock Compensation

On April 30, 2009, the shareholders of the Company approved the adoption of the 2008 Incentive Stock Plan (the 2008 Plan). The full text of the 2008 Plan is attached as Exhibit 4.3 to the registration statement on Form S-8 filed with the SEC on March 17, 2009. As a result of this approval, the Company granted 584,869 options with an exercise price of \$10.92 that were conditionally awarded to certain employees on October 8, 2008 pending shareholder approval. Under the 2008 Plan, the Compensation Committee of the Board of Directors is authorized to issue up to 3,000,000 shares of various types of stock based awards including stock options, restricted stock and stock appreciation rights to key employees and Directors. In general, options granted and outstanding vest over three to five years and expire ten years from the date of grant.

The fair value of the 584,869 option shares granted in 2009 was estimated using a Monte Carlo option pricing model based on assumptions set forth in the following table. The Company uses historical data to estimate employee exercise and departure behavior. The risk free interest rate is based on the U.S. Treasury yield curve in effect at the time of grant and through the expected term. The dividend yield rate is based on the Company's historical dividend yield. The expected volatility is derived from historical volatility of the Company's shares and those of similar companies measured against the market as a whole.

Risk free interest rate	2.66%
Expected dividend yield	1.67%
Expected life of award (years)	4.83 years
Expected volatility	58.2%
Fair value per option share	\$3.87

Stock compensation expense under SFAS No. 123R reduced income before taxes approximately \$0.6 million and \$0.4 million for the three months ended June 30, 2009 and 2008, respectively. Stock compensation expense reduced income before taxes approximately \$1.1 million and \$0.8 million for the six months ended June 30, 2009 and 2008, respectively.

The intrinsic value of a stock option is the amount by which the market value of the underlying stock exceeds the exercise price of the option. There were no stock options exercised during the six months ended June 30, 2009. The total intrinsic value of the options exercised during the six months ended June 30, 2008 was approximately \$0.1 million.

Income Taxes

As of December 31, 2008, the total amount of gross unrecognized tax benefits in accordance with FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes — an interpretation of FASB Statement No. 109" ("FIN 48"), was \$6.7 million of which \$6.3 million would reduce the Company's effective tax rate. The amount of accrued interest expense related to uncertain tax positions within the Company's consolidated financial position at December 31, 2008 was \$0.4 million. No material changes have occurred in the liability for unrecognized tax benefits during the six months ended June 30, 2009. The Company does not expect any significant changes to its unrecognized tax benefit balance over the next twelve months.

The Company recognizes accrued amounts of interest and penalties related to its uncertain tax positions as part of its income tax expense within its consolidated statements of income (loss).

As of June 30, 2009, the Company and its significant subsidiaries are subject to examination for the years after 2003 in Brazil as well as after 2004 for the United States, Canada, France, and certain states within the United States. The Company is also subject to examinations after 2005 in the remaining states within the United States.

During the three months ended June 30, 2009, the Company made an adjustment to record previously unrecognized deferred tax assets. The adjustment increased the income tax benefit and deferred tax assets by approximately \$0.4 million. The Company determined that this adjustment was immaterial to its current and prior period financial statements.

Retirement Plans

For the Company's two defined benefit pension plans included in continuing operations, the net periodic benefit cost for the three and six months ended June 30, 2009 and 2008 was as follows:

Contingencies

The Company is a defendant in various lawsuits and a party to various other legal proceedings, in the ordinary course of business, some of which are covered in whole or in part by insurance. We believe that the outcome of these lawsuits and other proceedings will not individually or in the aggregate have a future material adverse effect on our consolidated financial position, results of operations or cash flows.

A number of parties, including the Company and its subsidiary, Buckhorn, Inc., were identified in a planning document adopted in October 2008 by the California Regional Water Quality Control Board, San Francisco Bay Region (RWQCB). The planning document relates to the presence of mercury, including amounts contained in mining wastes, in and around the Guadalupe River Watershed (Watershed) region in Santa Clara County, California. Buckhorn has been alleged to be a successor in interest to an entity that performed mining operations in a portion of the Watershed area. The Company has not been contacted by the RWQCB with respect to Watershed clean-up efforts that may result from the adoption of this planning document. The extent of the mining wastes that may be the subject of future cleanup has yet to be determined, and the actions of the RWQCB have not yet advanced to the stage where a reasonable estimate of remediation cost, if any, is available.

Although assertion of a claim by the RWQCB is reasonably possible, it is not possible at this time to estimate the amount of any obligation the Company may incur for these cleanup efforts within the Watershed region, or whether such cost would be material to the Company's financial statements.

Segment Information

The Company's business units have separate management teams and offer different products and services. Using the criteria of SFAS No. 131, "Disclosures about Segments of an Enterprise and Related Information", these business units have been aggregated into four reportable business segments. These include three manufacturing segments encompassing a diverse mix of plastic and rubber products: 1) Material Handling, 2) Automotive and Custom, and 3) Lawn and Garden. The fourth segment is Distribution of tire, wheel, and undervehicle service products. The aggregation of operating business segments is based on management by the chief operating decision maker for the segment as well as similarities of products, production processes, distribution methods and economic characteristics.

Income (Loss) Before Income Taxes for each business segment is based on net sales less cost of products sold, and the related selling, administrative and general expenses. In addition, restructuring and other unusual charges are included in the related business segment's operating income (loss), except for consulting fees which are included in corporate. These consulting fees were \$2.9 and \$5.3 million for the three and six months ended June 30, 2009. In computing

Part I — Financial Information

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Results of Operations

Comparison of the Second Quarter of 2009 to the Second Quarter of 2008

Net Sales:

Segment	Quarter Ended June 30,		Change	% Change
	2009	2008		
Lawn & Garden	\$ 42.8	\$ 62.9	\$ (20.1)	(32)%
Material Handling	\$ 65.5	\$ 61.6	\$ 3.9	6%
Distribution	\$ 40.2	\$ 49.2	\$ (9.0)	(18)%
Auto & Custom	\$ 29.0	\$ 47.8	\$ (18.8)	(39)%
Intra-segment elimination	\$ (4.3)	\$ (6.9)	\$ 2.6	3%
TOTAL	\$ 173.2	\$ 214.6	\$ (41.4)	(19)%

Net sales in the second quarter of 2009 were adversely affected by the weakness in the general economy, which impacted all markets in which the Company sells. The sales decline is primarily due to lower sales volumes and a decrease of \$5.2 million from the adverse effect of foreign currency translation, primarily for the Canadian dollar.

Net sales in the Lawn and Garden segment in the second quarter of 2009 were down \$20.1 million or 32% compared to the second quarter of 2008. Approximately \$3.5 million of the decrease was due to foreign currency translation from the unfavorable impact of the exchange rates for the Canadian dollar. Excluding the impact of foreign currency translation, sales in this segment were down \$16.6 million on volume declines of \$18.4 million which were partially offset by the impact of selling prices.

In the Material Handling segment, sales increased \$3.9 million or 6% in the second quarter of 2009 compared to the same quarter in 2008. Sales increased 10% due to higher volumes but were offset by lower selling prices and the unfavorable impact of the exchange rates for the Brazilian Real.

Net sales in the Distribution segment decreased \$9.0 million or 18% in the second quarter of 2009 compared to the corresponding quarter of 2008. The sales decline was primarily volume related as a weak economy and continuing reductions in miles driven resulted in slow demand for both tire and vehicle service. These factors reduced demand for the Company's tire service and retread consumable supplies and sales of equipment continued to be weak as tire dealers, auto dealers, fleet and other customers reduced capital purchases.

In the Auto and Custom segment, net sales in the second quarter of 2009 decreased \$18.8 million, or 39% compared to the prior year. The decrease is due to significant volume declines in the automotive, heavy truck, recreational vehicle and marine markets in the second quarter of 2009.

Cost of Sales & Gross Profit:

Cost of Sales and Gross Profit	Quarter Ended June 30,	
	2009	2008
Cost of sales	\$131.6	\$165.2
Gross profit	\$ 41.6	\$ 49.4
Gross profit as a percentage of sales	24.0%	23.0%

Gross profit margin increased to 24% in the quarter ended June 30, 2009 compared with 23% in the prior year primarily due to lower raw material costs as prices for plastic resins were, on average, approximately 40% lower in the second quarter of 2009 compared to the second quarter of 2008. In addition, the liquidation of inventories valued at LIFO cost reduced cost of sales by approximately \$1.2 million. The impact of lower raw material costs more than offset the

Part I — Financial Information

unfavorable impact of higher manufacturing costs due to a reduction in capacity utilization and increased unabsorbed overhead.

Selling, General and Administrative (“SG&A”) Expenses from Continuing Operations:

SG&A Expenses	Quarter Ended June 30,		Change
	2009	2008	
SG&A expenses	\$41.9	\$42.0	\$(0.1)
SG&A expenses as a percentage of sales	24.2%	19.6%	4.6

Selling, general and administrative expenses for the quarter ended June 30, 2009 were \$41.9 million, approximately the same as the prior year. Expenses in 2009 include unusual charges of approximately \$6.0 million for severance, the movement of machinery and equipment, and other restructuring activities of the Lawn and Garden businesses as well as consulting costs related to manufacturing and productivity programs for the Material Handling businesses. SG&A expenses in 2008 included \$1.4 million of unusual charges primarily related to severance and executive retirement plan expenses. Excluding the unusual charges, SG&A expenses in the quarter ended 2009 declined \$4.7 million compared to the prior year due to lower freight and selling expenses from decreased sales volumes and benefits from restructuring.

Impairment Charges from Continuing Operations:

Impairment charges were \$0.9 million for the three months ended June 30, 2009. The charges were primarily related to certain property, plant, and equipment in the Company’s Lawn and Garden business.

Interest Expense from Continuing Operations:

Net Interest Expense	Quarter Ended June 30,		Change	% Change
	2009	2008		
Net interest expense	\$ 2.1	\$ 2.8	\$ (0.7)	(25)%
Outstanding borrowings	\$160.8	\$207.5	\$(46.7)	(22.5)%
Average borrowing rate	5.08%	5.40%	(0.32)	(6.0)%

Net interest expense was \$2.1 million for three months ended June 30, 2009, a decrease of 25% compared to \$2.8 million in the prior year. The reduction in 2009 interest expense was the result of a reduction in average borrowing levels and lower interest rates.

Income (Loss) Before Taxes from Continuing Operations :

Segment	Quarter Ended June 30,		Change	% Change
	2009	2008		
Lawn & Garden	\$ 1.2	\$ (1.1)	\$ 2.3	201%
Material Handling	\$ 3.6	\$ 4.1	\$ (0.5)	(13)%
Distribution	\$ 2.5	\$ 5.6	\$ (3.1)	(56)%
Auto & Custom	\$ (0.4)	\$ 3.6	\$ (4.0)	(111)%
Corporate and interest	\$ (10.2)	\$ (7.6)	\$ (2.6)	(33)%
TOTAL	\$ (3.3)	\$ 4.6	\$ (7.9)	(172)%

Income before taxes for the quarter ended June 30, 2009, was lower than the same period in the prior year due to the impact of significantly lower sales volumes and restructuring and impairment charges totaling \$7.4 million. These factors were partially offset by a reduction in certain raw material costs.

Part I — Financial Information

Income Taxes:

Consolidated Income Taxes	Quarter Ended June 30,	
	2009	2008
Income (loss) before taxes	\$ (3.3)	\$ 4.6
Income tax (benefit) expense	(1.9)	\$ 1.7
Effective tax rate	(57.9)%	37.5%

The effective tax rate for the second quarter of 2009 was 57.9% compared to 37.5% in the prior year. The higher effective tax rate for the quarter ended June 30, 2009 reflects foreign tax rate differences and approximately \$0.1 million of adjustments from the reduction of FIN 48 liabilities. In addition, during the three months ended June 30, 2009, the Company made an adjustment to record previously unrecognized deferred tax assets. The adjustment increased the income tax benefit and deferred tax assets by approximately \$0.4 million. The Company determined that this adjustment was immaterial to its current and prior period financial statements.

Comparison of the Six Months Ended June 30, 2009 to the Six Months Ended June 30, 2008

Net Sales from Continuing Operations:

Segment	Six Months Ended June 30,		Change	% Change
	2009	2008		
Lawn & Garden	\$ 119.2	\$ 155.3	\$ (36.1)	(23)%

TOTAL	<u>\$ 363.3</u>	<u>\$ 464.0</u>	<u>\$ (100.7)</u>	<u>(22)%</u>

Net sales for the six months ended June 30, 2009 were adversely affected by the weakness in the general economy, which impacted all segments of the Company's business and all markets in which the Company sells. The sales decline is primarily due to lower sales volumes and a decrease of \$15.2 million from the adverse effect of foreign currency translation primarily for the Canadian dollar.

Net sales in the Lawn and Garden segment for the six months ended June 30, 2009 were down \$36.1 million or 23% compared to the six months ended June 30, 2008. Approximately \$12.3 million of the decrease was due to foreign currency translation from the unfavorable impact of the exchange rates for the Canadian dollar. Excluding the impact of foreign currency translation, sales were down \$23.8 million. Volume declines of \$29.6 million were partially offset by increases of \$5.8 million from higher selling prices.

In the Material Handling segment, sales decreased \$11.7 million or 9% for the six months ended June 30, 2009 compared to the same period in 2008. Sales were down \$4.2 million due to the impact of lower volumes, \$5.2 million from lower selling prices and the unfavorable impact from foreign currency translation.

Net sales in the Distribution segment decreased \$17.2 million or 18% for the six months ended June 30, 2009 compared to 2008. Sales were down primarily due to lower unit volumes from softer sales of replacement tires and the impact of a weak economy which reduced miles driven. These factors reduced demand for the Company's tire service and retread consumable supplies. In addition, sales of equipment in the Distribution segment continued to be weak as tire dealers, auto dealers, fleet and other customers reduced capital purchases.

In the Auto and Custom segment, net sales for the six months ended June 30, 2009 decreased \$38.0 million, or 40% compared to the prior year. The decrease is due to significant volume declines in the automotive, heavy truck, recreational vehicle and marine markets in the first six months of 2009.

Gross profit as a percentage of sales	26.7%	23.6%

Gross profit margin increased to 26.7% for the six months ended June 30, 2009 compared with 23.6% in the prior year primarily due to lower raw material costs as prices for plastic resins were, on average, approximately 30% lower in the first six months of 2009 compared to the same period in 2008. In addition, the liquidation of inventories valued at LIFO cost reduced cost of sales by approximately \$2.6 million in the six months ended June 30, 2009. Selling, general and administrative expenses for the six months ended June 30, 2009 were \$85.1 million, approximately the same as the prior year. Expenses in 2009 include unusual charges of approximately \$11.0 million for severance, the movement of machinery and equipment and other restructuring activities of the Lawn and Garden businesses as well as consulting costs related to manufacturing and productivity programs for the Material Handling businesses. SG&A expenses in 2008 included \$1.4 million of unusual charges, primarily related to severance and an executive retirement plan. Excluding the unusual charges, SG&A expenses in the six months ended June 30, 2009 declined \$9.7 million compared to the prior year due to lower freight and selling expenses from decreased sales volumes and the benefits from cost control and restructuring initiatives.

Impairment Charges from Continuing Operations:

For the six months ended June 30, 2009, the Company continued the implementation of its restructuring plan in the Lawn and Garden business and completed the closure of its Fostoria, Ohio manufacturing facility in its Auto and Custom business. In connection with these activities, the Company recorded impairment charges of \$2.2 million primarily related to the disposal of certain property, plant, and equipment and the estimated fair value of its facility in Fostoria, Ohio.

Interest Expense from Continuing Operations:

Part I — Financial Information

Income Before Taxes from Continuing Operations:

Segment	Six Months Ended June 30,			% Change
	2009	2008	Change	
Lawn & Garden	\$ 12.8	\$ 6.9	\$ 5.9	85%
Material Handling	\$ 10.2	\$ 12.7	\$ (2.5)	(20)%

Corporate and interest	\$ (19.4)	\$ (15.4)	\$ (4.1)	(26)%
TOTAL	\$ 5.0	\$ 18.4	\$ (13.4)	(73)%

Income before taxes for the six months ended June 30, 2009, was lower than the same period in the prior year due to the impact of significantly lower sales volumes and restructuring and impairment charges totaling \$13.6 million. These factors were partially offset by a reduction in certain raw material costs.

Income Taxes:

Consolidated Income Taxes	Six Months Ended June 30,	
	2009	2008
Income before taxes	\$ 5.0	\$18.4
Income tax expense	\$ 1.3	\$ 6.8
Effective tax rate	25.7%	37.2%

The effective tax rate decreased to 25.7% for the six months ended June 30, 2009 compared to 37.2% in the prior year. The decrease is partially attributable to changes in the mix of domestic and foreign composition of income and the related foreign tax rate differences. In addition, in 2009 the Company recognized tax benefits of approximately \$0.1 million from the reduction of FIN 48 liabilities. In addition, during the three months ended June 30, 2009, the Company made an adjustment to record previously unrecognized deferred tax assets. The adjustment increased the income tax benefit and deferred tax assets by approximately \$0.4 million. The Company determined that this adjustment was immaterial to its current and prior period financial statements.

Liquidity and Capital Resources

Cash provided by operating activities from continuing operations was \$30.3 million for the six months ended June 30, 2009 compared to cash used of \$3.0 million for the six months ended June 30, 2008. The increase in cash provided by operations was primarily attributable to a \$40.2 million increase in cash from working capital which more than offset a decline of \$6.9 million in cash generated from income, excluding depreciation and other non-cash charges.

The increase in cash flow provided by working capital was primarily the result of a reduction of inventory that generated \$19.3 million more cash in the six months ended June 30, 2009 compared to 2008. The reductions in inventory in 2009 resulted from ongoing restructuring programs, particularly in the Lawn and Garden segment, and other working capital initiatives. In addition, the Company used \$23.5 million less cash for accounts payable and other current liabilities in 2009 compared to 2008. During the six months ended June 30, 2008, cash used for accounts payable and accrued expenses was significantly impacted by the payment of income taxes, a special dividend and other expenses related to the Company's terminated merger agreement. These benefits to cash flow were partially offset by a decrease of \$2.5 million used for prepaid expenses and \$0.1 million for accounts receivable in the first half of 2009.

Capital expenditures were approximately \$3.9 million for the six months ended June 30, 2009 and are expected to be in the range of \$15 to \$20 million for the year. In addition, the Company used cash to pay dividends of \$4.2 million in the six months ended June 30, 2009.

Total debt at June 30, 2009 was approximately \$160.8 million compared with \$171.6 million at December 31, 2008. The Company's Credit Agreement provides available borrowing up to \$250 million and, as of June 30, 2009, the Company had approximately \$195 million available under this agreement. The Credit Agreement expires in October 2011 and, as of June 30, 2009 the Company was in compliance with all its debt covenants. The most restrictive financial covenants for all of the Company's debt are an interest coverage ratio and a leverage ratio, defined as earnings before interest, taxes, depreciation, and amortization, as adjusted, compared to total debt. The ratios as of and for the period ended June 30, 2009 are shown in the following table:

Part I — Financial Information

	<u>Required Level</u>	<u>Actual Level</u>
Interest Coverage Ratio	2.5 to 1 (minimum)	3.86
Leverage Ratio	3.5 to 1 (maximum)	2.20

The Company believes that cash flows from operations and available borrowing under its Credit Agreement will be sufficient to meet expected business requirements including capital expenditures, dividends, working capital, and debt service into the foreseeable future.

Item 3. Quantitative and Qualitative Disclosure About Market Risk

The Company has certain financing arrangements that require interest payments based on floating interest rates. As such, the Company's financial results are subject to changes in the market rate of interest. Our objective in managing the exposure to interest rate changes is to limit the volatility and impact of rate changes on earnings while maintaining the lowest overall borrowing cost. At present, the Company has not entered into any interest rate swaps or other derivative instruments to fix the interest rate on any portion of its financing arrangements with floating rates. Accordingly, based on variable rate debt levels at June 30, 2009, if market rates increase one percent, the Company's interest expense would increase approximately \$0.6 million.

Some of the Company's subsidiaries operate in foreign countries and their financial results are subject to exchange rate movements. The Company has operations in Canada with foreign currency exposure, primarily due to sales made from businesses in Canada to customers in the United States. These sales are denominated in US dollars. In addition, the Company's subsidiary in Brazil has loans denominated in U.S. dollars. The Company maintains a systematic program to limit its exposure to fluctuations in exchange rates related to certain assets and liabilities of its operations in Canada and Brazil that are denominated in U.S. dollars. The net exposure generally ranges from \$5 to \$10 million. The foreign currency contracts and arrangements created under this program are not designated as hedged items under SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities", and accordingly, the changes in the fair value of the foreign currency arrangements, which have been immaterial, are recorded in the income statement. The Company's foreign currency arrangements are generally three months or less and, as of June 30, 2009, the Company had no foreign currency arrangements or contracts in place.

The Company uses certain commodities, primarily plastic resins, in its manufacturing processes. The cost of operations can be affected as the market for these commodities changes. The Company currently has no derivative contracts to hedge this risk, however, the Company also has no significant purchase obligations to purchase fixed quantities of such commodities in future periods.

Item 4. Controls and Procedures

The Company maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in the Company's reports under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the Commission's rules and forms and that such information is accumulated and communicated to the Company's management, including its Chief Executive Officer and Chief Financial Officer, as appropriate, to allow for timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

The Company carries out a variety of on-going procedures, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, to evaluate the effectiveness of the design and operation of the Company's disclosure controls and procedures. Based on the foregoing, the Company's Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures were effective at a reasonable assurance level as of the end of the period covered by this report.

There has been no change in the Company's internal controls over financial reporting during the Company's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Company's internal controls over financial reporting.

Part II — Other Information

Item 1. Legal Proceedings

A number of parties, including the Company and its subsidiary, Buckhorn, Inc., were identified in a planning document adopted in October 2008 by the California Regional Water Quality Control Board, San Francisco Bay Region (RWQCB). The planning document relates to the presence of mercury, including amounts contained in mining wastes, in and around the Guadalupe River Watershed (Watershed) region in Santa Clara County, California. Buckhorn has been alleged to be a successor in interest to an entity that performed mining operations in a portion of the Watershed area. The Company has not been contacted by the RWQCB with respect to Watershed clean-up efforts that may result from the adoption of this planning document. The extent of the mining wastes that may be the subject of future cleanup has yet to be determined, and the actions of the RWQCB have not yet advanced to the stage where a reasonable estimate of remediation cost, if any, is available. Although assertion of a claim by the RWQCB is reasonably possible, it is not possible at this time to estimate the amount of any obligation the Company may incur for these cleanup efforts within the Watershed region, or whether such cost would be material to the Company's financial statements.

Item 4. Submission of Matters to a Vote of Security Holders.

The Annual Meeting of Shareholders was held on April 30, 2009, and the following matters were voted on at that meeting.

- At the meeting, nine Directors were elected. The results of this voting are as follows:
