## Item 2. Acquisition or Disposition of Assets

On August 7, 2002, pursuant to the Merger Agreement, dated as of May 14, 2002 (the "Merger Agreement"), by and among ENSCO International Incorporated, a Delaware corporation ("ENSCO"), Chore Acquisition, Inc., a Delaware corporation and a wholly-owned subsidiary of ENSCO ("Merger Sub"), and Chiles Offshore, Inc., a Delaware corporation ("Chiles"), Chiles merged with and into Merger Sub. Only Merger Sub exists after the merger and continues as a 100% owned subsidiary of ENSCO. As a result of the merger, each outstanding share of common stock, par value \$.01 per share, of Chiles (the "Chiles Common Stock") was converted into the right to receive 0.6575 of a share of common stock, par value \$.10 per share, of ENSCO (the "ENSCO Common Stock") and each holder of Chiles Common Stock received \$5.25 in cash per share of Chiles Common Stock held.

Approximately 13.3 million shares of ENSCO Common Stock are being issued in the merger in exchange for the Chiles Common Stock. The exchange ratio of 0.6575 ENSCO Common Stock plus \$5.25 in cash for each share of Chiles Common Stock was set forth in the Merger Agreement and was determined by arms' length negotiations between

ENSCO and Chiles.

Chiles engages in offshore contract drilling of oil and gas wells for major oil and gas companies. Operations are conducted in the U.S. Gulf of Mexico and internationally. Chiles Common Stock was previously traded on the American Stock Exchange. ENSCO currently intends to continue the business activities of Chiles. There were no material relationships between ENSCO and Chiles prior to the closing of the merger.

The issuance of ENSCO Common Stock in connection with the merger was registered under the Securities Act of 1933, as amended, pursuant to ENSCO's registration statement on Form S-4 (File No. 333-89998), as amended (the "Registration Statement"), filed with the Securities and Exchange Commission. The Registration Statement was declared effective on July 5, 2002 and contains additional information about this transaction.

The description of the Merger Agreement set forth herein does not purport to be complete and is qualified in its entirety by the provisions of the Merger Agreement, which is incorporated by reference as an exhibit hereto.

## **Item 7. Financial Statements of Business Acquired**

### **(a.) Financial Statements of Business Acquired.**

The financial statements of Chiles are incorporated herein by reference to the Annual Report of Chiles on Form 10-K, as amended, for the year ended December 31, 2001, and the Quarterly Report of Chiles on Form 10-Q for the quarterly period ended March 31, 2002.

Arthur Andersen LLP was previously the independent auditors of Chiles. Representatives for Arthur Andersen LLP are not available to provide the consent required for the inclusion of their reports on the financial statements of Chiles incorporated in this Form 8-K and we have dispensed with the requirement to file their consent in reliance upon Rule 437a of the Securities Act of 1933. Because Arthur Andersen LLP has not consented to the inclusion of their reports in this Form 8-K, it will not be possible to recover against Arthur Andersen LLP under Section 11 of the Securities Act of 1933 for any untrue statements of a material fact contained in the financial statements audited by Arthur Andersen LLP that are included in this Form 8-K or any omissions to state a material fact required to be stated therein.

### **(b.) Pro Forma Financial Information.**

## **ENSCO INTERNATIONAL INCORPORATED UNAUDITED CONDENSED PRO FORMA COMBINED FINANCIAL STATEMENTS**

On August 7, 2002, pursuant to the Merger Agreement, dated as of May 14, 2002, by and among ENSCO International Incorporated, a Delaware corporation ("ENSCO"), Chore Acquisition, Inc., a Delaware corporation and a wholly-owned subsidiary of ENSCO ("Merger Sub"), and Chiles Offshore, Inc., a Delaware corporation ("Chiles"), ENSCO and Chiles consummated their business transaction of the merger of Chiles with and into Merger Sub. Only Merger Sub exists after the merger and continues as a 100% owned subsidiary of ENSCO. The accompanying unaudited condensed pro forma combined financial statements

and related notes thereto are presented to reflect the merger.

## SOURCES OF INFORMATION

ENSCO and Chiles are providing the following unaudited condensed pro forma combined financial statements to help you in your analysis of the financial aspects of the merger of the two companies. The unaudited condensed pro forma combined financial statements are based upon the historical financial information of ENSCO and Chiles and should be read in conjunction with the historical consolidated financial statements and notes thereto of ENSCO and Chiles.

## HOW WE PREPARED THE UNAUDITED CONDENSED PRO FORMA COMBINED FINANCIAL STATEMENTS

The following unaudited condensed pro forma combined balance sheet has been prepared as if the merger had occurred on March 31, 2002. The unaudited condensed pro forma combined statements of operations for the year ended December 31, 2001 and the three months ended March 31, 2002 have been prepared as if the merger had occurred on January 1, 2001.

If ENSCO and Chiles had merged on the dates assumed in the pro forma financial statements, the combined operations of ENSCO and Chiles might have performed differently. You should not rely on the pro forma financial information as an indication of the financial position or results of operations that ENSCO and Chiles would have achieved together had the merger taken place at an earlier date or of the future results that the combined operations of ENSCO and Chiles will achieve after the merger.

The merger is being accounted for as a purchase business combination in accordance with generally accepted accounting principles in the United States, with ENSCO treated as the acquirer. Accordingly, the assets and liabilities of ENSCO are recorded at historical amounts, without restatement to fair values. The assets and liabilities of Chiles have been revalued to estimated fair value at the date of the merger, with the excess of the purchase price over the sum of such fair values recorded as goodwill. The estimated fair values are preliminary and subject to change.

The \$567.9 million purchase price is calculated using the number of ENSCO common shares issued in the merger (determined as the number of Chiles common shares outstanding immediately prior to the merger multiplied by the merger ratio of 0.6575) and a \$33.65 per share average trading price of ENSCO common stock for a period of time immediately before and after the merger was announced, plus cash consideration of \$5.25 per share of Chiles common stock outstanding immediately prior to the merger, estimated direct merger fees and expenses and the estimated fair value of Chiles employee stock options.

The \$567.9 million purchase price has been allocated based upon preliminary estimates of the fair value of Chiles assets and liabilities and is subject to change. The final purchase price allocation may differ from these estimates.

## TRANSACTION-RELATED EXPENSES

ENSCO estimates that it incurred fees and expenses totaling approximately \$400,000 in connection with the merger. Chiles estimates that it incurred fees and expenses

totaling approximately \$4 million in connection with the merger. All of such costs have been reflected in the accompanying unaudited pro forma combined balance sheet. After the merger, ENSCO will incur certain additional charges and expenses relating to restructuring and integrating the operations of ENSCO and Chiles. The pro forma financial information has not been adjusted for these additional charges and expenses or for the estimated general and administrative or other cost savings that may be realized as a result of the merger.

In connection with the acquisition, it is anticipated that ENSCO will issue approximately 13,350,000 shares of ENSCO common stock and pay \$106,576,000 in cash to the Chiles' stockholders.

The combined company will have a fleet of 56 offshore rigs, including 43 premium jackup rigs, and 28 oilfield support vessels. The Chiles rigs will be renamed as follows:

<u>Former Name</u>	<u>New Name</u>
Chiles Columbus	ENSCO 74
Chiles Magellan	ENSCO 75

Chiles Galileo (under const.)	ENSCO 105

Carl F. Thorne, Chairman and Chief Executive Officer of ENSCO, commented on the transaction. "We are pleased to have consummated this transaction less than three months after the merger was announced. We believe the combination of ENSCO and Chiles further strengthens our position in the premium jackup market, which today represents the strongest segment of the offshore drilling market. As the result of careful planning and the full cooperation of Chiles' management, we anticipate a very prompt and efficient integration of the two organizations."

In a separate matter, ENSCO also announced the completion of a new \$250 million five year unsecured line of credit. This new bank facility replaces ENSCO's previous \$185 million line of credit which was set to mature in May 2003. There are currently no advances outstanding under the new line of credit.
