REPORT OF INDEPENDENT ACCOUNTANTS

To the Participants and Trustees of the
ENSCO Savings Plan

In our opinion, the accompanying statements of net assets available for plan benefits, and the related statement of changes in net assets available for plan benefits present fairly, in all material respects, the net assets available for plan benefits of the ENSCO Savings Plan (the "Plan") at December 31, 1995 and 1994, and the changes in its net assets available for plan benefits for the year ended December 31, 1995, in conformity with generally accepted accounting principles. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with generally accepted auditing standards which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for the opinion expressed above.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The additional information included in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements but is additional information required by ERISA. The Fund Information in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits is presented for purposes of additional analysis rather than to present the net assets available for plan benefits and the changes in net assets available for plan benefits of each fund. The additional information and fund information have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

ENSCO SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. PLAN ORGANIZATION AND DESCRIPTION

On May 15, 1991, Energy Service Company, Inc. established the Energy Service Company, Inc. Profit Sharing Plan. The Profit Sharing Plan was renamed the ENSCO Savings Plan (collectively referred to as "the Plan") in 1993. Effective December 31, 1993, the Penrod Thrift Plan was merged into the Plan. At the Annual Meeting of Stockholders held on May 23, 1995, the Stockholders approved a change of the company name from Energy Service Company, Inc. to ENSCO International Incorporated ("the Company").

The Plan is a defined contribution plan established to provide a retirement benefit for employees through a Company profit sharing contribution, and to promote and encourage employees to provide additional security and income for their retirement through a systematic savings program. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participation

Employees of the Company may participate in the Plan upon completing certain service requirements, except for those employees who already receive retirement benefits in connection with a collective bargaining agreement and certain nonresident employees. Eligible employees may elect to participate in the employee savings feature of the Plan after completing a three-month period of service with the Company ("Savings Participants"). Eligible employees will automatically participate in the profit sharing feature of the Plan after completing a twelve-month period of service with the Company.

Contributions

Savings Participants may elect to make contributions to the Plan by salary deductions ("Savings Contributions"), which qualify for tax deferral under

Section 401(k) of the Internal Revenue Code ("the Code"). Savings Contributions are generally limited to the lesser of 10% of the Savings Participant's compensation, or the annual dollar limitation set forth in

Section 402(g) of the Code (\$9,240 for the year ended December 31, 1995). Within certain limits, as defined in the Plan, Savings Participants may elect to increase, decrease or suspend their Savings Contributions and corresponding salary deductions.

At the discretion of its Board of Directors, the Company may make contributions to the Plan for the benefit of Savings Participants ("Matching Contributions"). Matching Contributions may be made by the Company in the form of a stated dollar amount or in the form of a matching percentage of Savings Contributions. Matching Contributions, which are made to the Company Stock Fund, are allocated to individual Savings Participants pro rata based on their respective Savings Contributions for the Plan year, limited to 6% of their compensation, as defined by the

Plan document. The Company made matching Contributions equal to 25% of the first 6% contributed by each individual participant through April 30, 1995. Effective May 1, 1995, the Company increased the matching percentage of the Plan participant's contributions as follows:

Contribution Level -----	Matching Percentage -----
First 2% of participant contribution	100 %
Second 2% of participant contribution	50 %

Third 2% of participant contribution 25 %

Total Matching Contributions for the year ended December 31, 1995 amounted to \$703,167.

At the discretion of its Board of Directors, the Company may also make annual contributions to the Plan for the benefit of all eligible employees ("Profit Sharing Contributions"). The Company may make Profit Sharing Contributions in either cash or in the Company's common stock. Annual Profit Sharing Contributions are allocated to eligible employees based on their proportionate compensation. At December 31, 1995, the Plan recorded a receivable from the Company in the amount of \$1.45 million related to the 1995 profit sharing contribution which was paid in March 1996.

The Plan limits the sum of a participant's annual Matching Contribution and Profit Sharing Contribution ("Company Contributions") to the lesser of \$30,000 or 25% of the Plan participant's compensation. Under certain circumstances, Plan participants may make contributions to the Plan in the form of rollover contributions ("Rollover Contributions").

Plan Administration

Texas Commerce Bank ("TCB") served as the Plan's recordkeeper and investment manager for the Guaranteed Investment Fund, the Pooled Equity Fund, the Intermediate Bond Fund and the Company Stock Fund (collectively referred to as "the TCB Funds") through October 31, 1994. Beginning November 1, 1994, the Plan assigned its recordkeeping and investment management responsibilities to T. Rowe Price. Also, Prudential Defined Contribution Services ("Prudential") served as the investment manager for the Guaranteed Interest Fund, the Temporary Investment (Money Market) Fund, the Prudential Index Stock ("PRIDEX") Fund, the Jennison Equity Fund and the Jennison Balanced Fund (collectively referred to as "the Prudential Funds").

On January 3, 1995, TCB transferred the assets in the TCB Funds to T. Rowe Price. On February 10, 1995, Prudential transferred the assets in the Prudential Funds and the investment management responsibility for these funds, with the exception of the Guaranteed Interest Fund, to T. Rowe Price. Beginning in March 1995, in accordance with the fund's contract, Prudential began transferring the Guaranteed Interest Fund to T. Rowe Price in 60 consecutive monthly installments.

Plan participants directed the investment of the transferred funds into one or more of the following funds: the Company Stock Fund, the Blended Stable Value Fund, the Balanced Fund, the Spectrum Income Fund and the Spectrum Growth Fund.

Vesting

A Plan participant's Matching Contribution account balance and Profit Sharing Contribution account balance shall become vested and nonforfeitable upon the completion of certain years of service with the Company, as follows:

<u>Completed years of service</u>	<u>Vested percentage</u>
Less than two years	0 %
Two years	20 %
Three years	40 %
Four years	60 %
Five years	80 %
Six or more years	100 %

Certain former Penrod Thrift Plan participants with greater than three years of service at December 31, 1993 will continue to vest under the guidelines that were in place under that plan, whereas participants with less than three years service will vest in the sponsoring companies' contributions plus actual earnings thereon in accordance with the above.

In addition, a Plan participant shall become fully vested in his or her Matching Contribution account balance and Profit Sharing account balance upon certain events, including death or disability, attaining the age of 60, or a full or partial termination of the Plan. A Plan participant's Savings Contribution account balance and Rollover Contribution account balance is fully vested at all times.

Upon completion of each Plan year the nonvested portion of Matching Contribution account balances and Profit Sharing Contribution account balances of terminated Plan participants are forfeited ("forfeitures") to the Plan and may be used to reduce the amount of Matching Contributions and Profit Sharing Contributions due or administrative expenses to be paid by the Company. At December 31, 1995 and 1994, the Plan had forfeiture balances of \$103,755 and \$49,666, respectively, which were reported as Other Liabilities in the Statement of Net Assets Available for Plan Benefits.

Distributions

Distributions of a Plan participant's Savings Contribution account and Rollover Contribution account and the vested portion of a participant's Matching Contribution account and Profit Sharing Contribution account are generally made within 60 days of the close of the Plan year in which a participant attains the age of 65 or termination of employment occurs.

At December 31, 1995 and 1994, the Plan includes approximately \$330,000 and \$17,000, respectively, for amounts allocated to the accounts of persons who have elected to withdraw from the Plan but have not yet been paid.

Investments

The Plan allows participants to invest among a number of different investment choices. The following are descriptions of the investment choices in the Plan:

THE COMPANY STOCK FUND - The objective is to provide long-term growth of capital by investing in ENSCO International Incorporated common stock.

THE BLENDED STABLE VALUE FUND - The objective is to provide principal stability and a high level of monthly income by investing in an investment contract issued by an insurance company and the T. Rowe Price Stable Value common trust fund which invests in investment contracts issued by insurance companies and banks.

THE BALANCED FUND - The objective is to provide long-term capital appreciation, current income and capital preservation by investing in a balanced mix of common stocks and fixed income securities.

THE SPECTRUM INCOME FUND - The objective is to provide a high level of current income by investing in a managed mix of domestic bank funds, an international bond fund and an income- oriented stock fund.

THE SPECTRUM GROWTH FUND - The objective is to provide long-term growth of capital and current income by investing in a managed mix of domestic stock funds, an international stock fund and a money market fund.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Investments and Investment Income

The Plan's investments are stated at fair value, except for the Blended Stable Value Fund which is stated at contract value (Note 3). The Plan's investments are principally comprised of cash, mutual funds, debt and equity securities and the Company's common stock. The fair value of the debt and equity securities and the Company's common stock is determined by the Trustee and is based on quoted market prices.

Purchases and sales of securities and the Company's common stock are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Distributions

Distributions are recorded when paid.

Loans

A loan program was available to all employees participating in the former Penrod Thrift Plan. Participants of this merged plan were no longer able to negotiate new loans as of December 31, 1993. Existing loans will continue under their current terms. The loans generally are required to be repaid within five years except for loans used to acquire the principal residence of the participant. The interest rate on a loan was based on the prevailing interest rates charged on similarly secured personal loans by persons in the business of lending money in the same geographic region in which the prior merged plan was administered.

T. Rowe Price assumed administration of the loan program from Prudential. As security for the loan, the participant's Blended Stable Value Account balance is reduced for the purposes of withdrawals, transfers and annuity amounts, by an amount equal to the outstanding loan balance.

Cash Equivalents

Cash Equivalents include amounts invested in highly liquid cash management funds that are readily convertible to cash.

3. INVESTMENT CONTRACTS

The Blended Stable Value Fund invests in an investment contract issued by Prudential and in a common trust fund which invests in investment contracts issued by insurance companies and banks. The Blended Stable Value Fund credited participant accounts at rates of interest ranging from 6.0% to 7.5% and 6.1% to 6.2% on the Prudential Insurance Co. of America investment and the T. Rowe Price Stable Value common trust fund, respectively, during 1995. The Blended Stable Value Fund is included in the financial statements at contract value, which approximates fair value. Contract value represents contributions made plus credited interest, less Plan withdrawals.

4. PLAN INVESTMENTS

Plan investments that represent 5% or more of the Plan's net assets are identified as follows:

	December 31,	
	----- 1995 -----	----- 1994 -----
Investments at Fair Value as Determined by Quoted Market Price		
Mutual Funds:		
Spectrum Growth Fund, 162,940 Units	\$ 2,198,061	\$ -
Other	1,553,791	1,680,670
Common Stock:		
ENSCO International Incorporated, 101,562 and 47,930 shares, respectively	2,335,933 6,087,785	593,134 2,273,804
Investments at Contract Value		
Blended Stable Value Fund	14,244,389	-
Guaranteed Investment Fund	-	11,567,562
	14,244,389	11,567,562
Total Investments	\$20,332,174	\$13,841,366

5. ADMINISTRATIVE FEES

The Plan has no employees. During 1995, the Company and the Plan paid \$58,516 and \$34,111, respectively, for the administrative costs of the Plan.

6. EXCESS CONTRIBUTIONS

Net assets available for Plan benefits at December 31, 1995 and 1994 include \$53,141 and \$82,861, respectively, of amounts refunded from the Plan to certain highly compensated employees due to contributions which exceeded the discrimination limits under Internal Revenue Code ("IRC")

Section 401(k). The 1995 and 1994 excess contributions were refunded in March 1996 and 1995, respectively.

7. TAX STATUS

Management believes that the Plan is qualified under Section 401(a) of the Internal Revenue Code and therefore the trust is exempt from taxation under

Section 501(a). An IRS determination letter dated September 21, 1995 was received for the Plan. Generally, contributions to a qualified plan are deductible by the Company when made, earnings of the trust are tax exempt and participants are not taxed on their benefits until withdrawn from the Plan.

8. SUBSEQUENT EVENTS

On June 12, 1996, the Company acquired DUAL DRILLING COMPANY. It is anticipated that the DUAL DRILLING COMPANY Employees Tax Deferred/Thrift Savings Plan and Trust will be merged into the Plan during 1996.
