REPORT OF INDEPENDENT ACCOUNTANTS

To the Participants and Trustees of the
ENSCO Savings Plan

In our opinion, the accompanying statements of net assets available for benefits, and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the ENSCO Savings Plan (the "Plan") at December 31, 1994 and 1993, and the changes in its net assets available for benefits for the year ended December 31, 1994, in conformity with generally accepted accounting principles. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with generally accepted auditing standards which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for the opinion expressed above.

As discussed in Note 3 to the financial statements, effective December 31, 1993, the Penrod Thrift Plan was merged with the ENSCO Savings Plan.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The additional information included in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements but is additional information required by ERISA. The Fund Information in the statements of net assets available for benefits and the statement of changes in net assets available for benefits is presented for purposes of additional analysis rather than to present the net assets available for benefits and the changes in net assets available for benefits of each fund. The additional information and fund information have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

ENSCO SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. PLAN ORGANIZATION AND DESCRIPTION

The Energy Service Company, Inc. Profit Sharing Plan was renamed the ENSCO Savings Plan (collectively referred to as "the Plan") in 1993. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is a defined contribution plan established by Energy Service Company, Inc. ("the Company") on May 15, 1991 to provide a retirement benefit for employees through a Company profit sharing contribution and to promote and encourage employees to provide additional security and income for their retirement through a systematic savings program. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective December 31, 1993, the Penrod Thrift Plan was merged into the Plan (see Note 3).

Employees of the Company may participate in the Plan upon completing certain service requirements, except those employees who already receive retirement benefits in connection with a collective bargaining agreement and certain nonresident employees. Eligible employees may elect to participate in the employee savings feature of the Plan after completing a three-month period of service with the Company ("Savings Participants"). Eligible employees will automatically participate in the profit sharing feature of the Plan after completing a twelve-month period of service with the Company. Eligible employees under the Penrod Thrift Plan immediately became eligible employees under the Plan effective with the merger of the Penrod Thrift Plan into the Plan (see Note 3).

Savings Participants may elect to make contributions to the Plan by salary reductions ("Savings Contributions"), which qualify for tax deferral under Section 401(k) of the Internal Revenue Code ("the Code"). Savings Contributions are generally limited to the lesser of 10% of the Savings Participant's compensation, or the annual dollar limitation set forth in Section 415(d) of the Code (\$9,240 for the year ended December 31, 1994). Within certain limits, as defined in the Plan, Savings Participants may elect to increase, decrease or suspend their Savings Contributions and corresponding salary reductions.

At the discretion of its Board of Directors, the Company may make contributions to the Plan for the benefit of Savings Participants ("Matching Contributions"). Matching Contributions may be made by the Company in the form of a stated dollar amount or in the form of a matching percentage of Savings Contributions. Matching Contributions, which are made to the Company Stock Fund, are allocated to individual Savings Participants pro rata based on their respective Savings Contributions for the Plan year, limited to 6% of their compensation, as defined. The Company made Matching Contributions equal to 25% of the first 6% contributed by each individual participant, which amounted to \$290,000 for the year ended December 31, 1994.

At the discretion of its Board of Directors, the Company may also make annual contributions to the Plan for the benefit of all eligible employees ("Profit Sharing Contributions"). The Company may make Profit Sharing Contributions in either cash or in the Company's common stock. Annual Profit Sharing Contributions are allocated to eligible employees based on their proportionate compensation. At December 31, 1994, the Plan has a receivable recorded from the Company in the amount of \$1.1 million related to the 1994 profit sharing contribution which was paid in March 1995.

The Plan limits the sum of a participant's annual Matching Contribution and Profit Sharing Contribution("Company Contributions") to the lesser of \$30,000 or 25% of the Plan participant's compensation. Under certain circumstances, Plan participants may make contributions to the Plan in the form of rollover contributions ("Rollover Contributions").

Prior to January 3, 1995, all contributions to the Plan were paid into a trust fund maintained by Texas Commerce Bank for the exclusive benefit of the Plan participants and their beneficiaries. Prior to November 1, 1994, Texas Commerce Bank also acted as record keeper and maintained separate accounts for Savings Contributions, Company Contributions and Rollover Contributions within the trust fund for each participant, the balance of which reflected the participant's respective contributions, distributions, earnings, and any gains and losses on investments. Plan participants directed the investment of their account balances to one or more of four investment funds, including the Guaranteed Investment Fund, the Pooled Equity Fund, the Intermediate Bond Fund and the Company Stock Fund. Texas Commerce Bank also served as the investment manager for the Plan's trust fund and executed all investment transactions through January 2, 1995.

Effective November 1, 1994, T. Rowe Price assumed the record keeping responsibilities from Texas Commerce Bank. On January 3, 1995, Texas Commerce Bank transferred all funds to T. Rowe Price which will serve as the new investment manager for the Plan's trust fund and execute all investment actions.

A Plan participant's Matching Contribution account balance and Profit Sharing Contribution account balance shall become vested and nonforfeitable upon the completion of service with the Company, as follows:

COMPLETED YEARS OF SERVICE	VESTED PERCENTAGE
Less than two years	0 %
Two years	20 %
Three years	40 %
Four years	60 %
Five years	80 %
Six or more years	100 %

In addition, a Plan participant shall become fully vested in his or her Matching Contribution account balance and Profit Sharing account balance upon certain events, including death or disability, attaining the age of 60, or a full or partial termination of the Plan. A Plan participant's Savings Contribution account balance and Rollover Contribution account balance is fully vested at all times.

Upon completion of each Plan year the nonvested portion of Matching Contribution account balances and Profit Sharing Contribution account balances of terminated Plan participants ("forfeitures") are forfeited to the Plan and may be used to reduce the amount of Matching Contributions and Profit Sharing Contributions due or administrative expenses to be paid by the Company.

Distributions of a Plan participant's Savings Contribution account and Rollover Contribution account and the vested portion of a participant's Matching Contribution account and Profit Sharing Contribution account are generally made within 60 days of the close of the Plan year in which a participant attains the age of 65 or termination of employment occurs.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

METHOD OF ACCOUNTING

The Plan's financial statements are prepared on the accrual basis of accounting.

INVESTMENTS

The Plan's investments are stated at fair value, except certain investments of the prior Penrod Thrift Plan managed by the Prudential Defined Contribution Services (Prudential), and consist of debt and equity funds and common stock of the Company. The fair value of the Company's common stock is determined by quoted market prices. Fair value of debt and equity funds are determined by the Trustee and are based on quoted market prices of the securities in the debt and equity funds. Unrealized appreciation or depreciation of the individual investments is reflected in the asset balances. The Guaranteed Interest Account at Prudential is stated at contract value, which is defined as principal invested plus credited interest at the rate specified in the contract. All other investments in Prudential's pooled separate accounts are stated at fair value as determined by Prudential (see Note 3).

FEDERAL INCOME TAXES

Management believes that the Plan is qualified under Section 401(a) of the Internal Revenue Code and therefore the trust is exempt from taxation under Section 501(a). An IRS determination letter dated September 30, 1992 was received for the Plan. Due to subsequent amendments, another IRS determination letter has been requested, but has not been obtained at this time. Generally, contributions to a qualified plan are deductible by the Company when made, earnings of the trust are tax exempt and participants are not taxed on their benefits until withdrawn from the Plan.

CASH EQUIVALENTS

Cash equivalents include amounts invested in highly liquid cash management funds that are readily convertible to cash.

3. PLAN MERGER

In August 1993, the Company completed the step acquisition of Penrod Holding Corporation ("Holding"). Penrod Drilling Corporation and Penrod International Drilling Company, both of which are wholly-owned subsidiaries of Holding, were the sponsoring employers of the Penrod Thrift Plan.

Effective December 31, 1993, the Company merged the Penrod Thrift Plan with the Plan and all prior Penrod Thrift Plan participants became Plan participants. At December 31, 1994, the assets of the prior Penrod Thrift Plan were still held by the previous record keeper and custodian, Prudential, in either the Guaranteed Interest Account, the Temporary Investment Account (Money Market), the Prudential Index Stock Account (PRIDEX), the Jennison Equity Account or the Jennison Balanced Account. On January 17, 1995, all funds from each account, except for the Guaranteed Interest Account, were transferred from Prudential to T. Rowe Price. The Guaranteed Interest Account funds will be transferred to T. Rowe Price commencing March 1995 over the next 60 consecutive months pursuant to the contract terms.

The prior Penrod Thrift Plan provided that vesting in the sponsoring companies' contributions plus actual earnings thereon was on the basis of 20% per year. Prior Penrod Thrift Plan participants with greater than three years of service at December 31, 1993 will continue to vest under the same guidelines that were in place under the prior Penrod Thrift Plan, whereas participants with less than three years of service will vest in the sponsoring companies' contributions plus actual earnings thereon under the provisions of the Plan.

A loan program, administered by Prudential on behalf of the Plan, was available to all employees participating in the 401(k) option. As part of the merging of the Penrod Thrift Plan with the Plan, participants were no longer able to negotiate new loans as of December 31, 1993. Existing loans will continue under their current terms. The loans generally are required to be repaid within five years except for loans used to acquire the principal residence of the participant. The interest rate on a loan was based on the prevailing interest rates charged on similarly secured personal loans by persons in the business of lending money in the same geographic region in which the Plan was administered. As security for the loan, the participant's Guaranteed Interest Account balance is reduced for the purposes of withdrawals, transfers and annuity amounts, by an amount equal to the outstanding loan balance.

4. INVESTMENTS

Investments at December 31, 1994 and 1993 are as follows:

	UNITS OR SHARES	CONTRACT OR FAIR VALUE
At December 31, 1994:		
Prudential General Asset and Pooled Separate Accounts:

Prudential guarantees both principal and credited interest in the Guaranteed Interest Account. In 1994, rates of interest on the Guaranteed Interest Account ranged from 5.1% to 6.75% and the rate was adjusted quarterly.

5. ADMINISTRATIVE FEES

The Plan has no employees and all costs of administrative and management services required to administer the Plan are paid for by the Company. In addition, investment service fees charged by the Trustee in 1994 of \$58,146 were paid by the Company.

6. EXCESS CONTRIBUTIONS

Net assets available for plan benefits at December 31, 1994 and 1993 include \$82,861 and \$163,835, respectively, of amounts refunded from the Plan to certain highly compensated employees due to contributions which exceeded the discrimination limits under Internal Revenue Code ("IRC")

Section 401(k). The 1994 excess contributions were refunded in March 1995. The excess contributions for 1993 were determined and refunded in December 1994.

7. SUBSEQUENT EVENTS

Effective May 1, 1995, the Company increased the matching percentage of the Plan participant's contributions as follows:

CONTRIBUTION LEVEL MATCHING PERCENTAGE

First 2% of participant contribution 100 % Second 2% of participant contribution 50 % Third 2% of participant contribution 25 %

The Company's stockholders approved a change in the name of the Company from Energy Service Company, Inc. to ENSCO International Incorporated at the Company's Annual Meeting of Stockholders held on May 23, 1995.
