PROXY STATEMENT

The following information is submitted concerning the matters to be acted upon at the Annual Meeting of Stockholders (the "Annual Meeting") of ENSCO International Incorporated (the "Company") to be held at the Fairmont Hotel, 1717 N. Akard Street, Dallas, Texas, on Tuesday, the 14th day of May, 2002, at 10:00 a.m., Dallas time, or any adjournment thereof, pursuant to the enclosed Notice of Annual Meeting of Stockholders. This Proxy Statement and the enclosed proxy card or voting instructions are first being sent on or about March 25, 2002 to holders of the Company's shares of capital stock entitled to vote at the Annual Meeting (the "Stockholders").

VOTING AND PROXY

Proxies are solicited on behalf of the Board of Directors of the Company. Most Stockholders have a choice of voting over the Internet, by using a toll-free telephone number or by completing the enclosed proxy or voting instructions card and mailing it in the envelope provided. Please refer to your proxy card or voting instructions for voting options available to you. A proxy vote authorization may be revoked by a Stockholder at any time prior to the exercise thereof by filing with the Secretary of the Company a written revocation or duly executed proxy card bearing a later date. A proxy shall also be revoked if a Stockholder of record is present at the Annual Meeting and elects to vote in person.

Unless contrary instructions are indicated, all shares represented by validly executed proxy cards or voting instructions (including an Internet or telephone vote) received pursuant to this solicitation (and which have not been revoked before they are voted) will be voted:

1. FOR the election of the Class II nominees for Directors named herein; and
2. In accordance with the recommendation of management as to any other matters which may properly come before the Annual Meeting.

In the event a Stockholder specifies a different choice by means of the enclosed proxy card or voting instructions, his/her shares will be voted in accordance with the specification so made.

The cost of solicitation of proxies, if any, will be borne by the Company and, upon request, the Company will reimburse brokers, dealers, banks and trustees, or their nominees for reasonable expenses incurred by them in forwarding proxy material to and solicitation of proxies from beneficial owners of the Company's common stock, par value \$.10 per share ("Common Stock"). In addition to the use of mail, regular employees or agents of the Company may solicit proxies by telephone or other means of communication.

VOTING SECURITIES OUTSTANDING

The Stockholders entitled to vote at the Annual Meeting are the holders of record at the close of business on March 22, 2002 (the "Record Date") of approximately 134,742,057 outstanding shares of Common Stock. Each outstanding share of Common Stock is entitled to one vote on each matter to come before the Annual Meeting. A list of all Stockholders entitled to vote is on file at the executive offices of the Company, 2700 Fountain Place, 1445 Ross Avenue, Dallas, Texas 75202-2792. Only Stockholders of record on the books of the Company on the Record Date will be entitled to vote at the Annual Meeting.

For purposes of conducting the Annual Meeting, the holders of at least a majority of the stock issued and outstanding and entitled to vote at the Annual Meeting shall constitute a quorum. A holder of stock shall be treated as being present at the Annual Meeting if the holder of such stock is (i) present in person at the Annual Meeting or (ii) represented at the Annual Meeting by a valid proxy, whether the instrument granting such proxy is marked as casting a vote or abstaining, is left blank or does not empower such proxy to vote with respect to some or all matters

to be voted upon at the Annual Meeting. If a quorum is not present or represented at the Annual Meeting, the Chairman of the Board of Directors or the Stockholders holding a majority of the Common Stock present at the Annual Meeting have the power to adjourn the Annual Meeting from time to time, without notice other than an announcement at the Annual Meeting. The proposal being submitted to Stockholders for approval shall be approved upon establishment of a quorum if the votes cast in favor of such proposal exceed the votes cast opposing such proposal. The Company's Bylaws include provisions specifically addressing the treatment of abstentions and non-votes by brokers. In determining the number of votes cast, shares abstaining from voting on a matter and shares that are indicated as not being voted on a matter by brokers due to lack of discretionary authority will not be treated as votes cast.

The Company's Amended and Restated Certificate of Incorporation provides that the Board of Directors of the Company is divided or "classified", with respect to the time for which they individually hold office, into three classes ("Classes I, II and III") consisting of, as nearly as possible, one third of the entire Board. The Company's Bylaws specify that the Board of Directors shall be comprised of not less than three nor more than fifteen directors. The Company's Board of Directors currently is comprised of eight members and will be comprised of seven members following the Annual Meeting if the two Class II Director nominees are elected. MEETINGS AND COMMITTEES OF THE BOARD

Board of Directors

During 2001, each incumbent director attended 100% of the meetings held by the Board and the committees of which he was a member.

Audit Committee

The Company's Audit Committee recommends a firm of independent accountants to examine the consolidated financial statements of the Company, reviews the general scope of services to be rendered by the independent accountants, reviews the financial condition and results of operations of the Company and makes inquiries as to the adequacy of the Company's financial and accounting controls. The Committee currently consists of Chairman Gerald W. Haddock, Thomas L. Kelly II and Paul E. Rowsey, III.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors is comprised of three independent directors who satisfy the requirements of independence as established in the New York Stock Exchange listing standards. The Audit Committee is governed by a charter approved by the Board of Directors.

Management is responsible for the Company's internal controls, financial reporting process and compliance with laws and regulations and ethical business standards. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In this context, the Audit Committee has met and held discussions with management and the independent auditors. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles in the United States, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The Audit Committee discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

The Company's independent auditors also provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent auditors that firm's independence.

The Audit Committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it deems necessary or appropriate to each of the matters assigned to it under the Audit Committee's charter. To carry out its responsibilities, the Audit Committee met five times during fiscal year 2001.

Based upon the Audit Committee's review and discussions referred to above, and reliance on the Company's management and the Company's independent auditors, the Audit Committee recommended that the Board of Directors include the Company's audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2001 filed with the Securities and Exchange Commission.

Nominating and Compensation Committee

The principal functions of the Nominating and Compensation Committee are to recommend officers of the Company, to select nominees for the Board of Directors and committees of the Board and to review and approve employee compensation matters, including matters regarding the Company's various benefit plans. The Nominating and Compensation Committee met four times during 2001. The Committee currently consists of Chairman Morton H. Meyerson, David M. Carmichael and Thomas L. Kelly II.

The names of potential director candidates are drawn from a number of sources, including recommendations from members of the Board, management and Stockholders. Stockholders wishing to recommend Board nominees should submit their recommendations in writing to the Secretary of the Company, with the submitting Stockholder's name and address and pertinent information about the proposed nominee similar to that set forth for the nominees named herein. A Stockholder intending to nominate an individual as a director at an annual meeting, rather than recommend the individual to the Company for consideration as a nominee, must comply with the advance notice requirements set forth in the Company's Bylaws.

Compensation of Non-Employee Directors

Each non-employee director receives annual compensation of \$36,000, paid quarterly, one-half in cash and one-half in shares of Common Stock. Additionally, each non-employee director receives \$1,000 in cash for each Board of Directors and committee meeting attended. Any non-employee director that serves the Company as Chairman of the Board of Directors, Chairman of the Nominating and Compensation Committee or Chairman of the Audit Committee also receives an additional \$500 in cash for each meeting at which the director acts as Chairman. Non-employee directors are also eligible to participate in the Company's group medical and dental insurance plan on the same basis as full-time Company employees. A non-employee director's contribution to group medical and dental insurance premium costs is withheld from the quarterly payments of the director's annual retainer. Directors who are also employees of the Company do not receive any additional compensation for their services as directors.

The number of shares of Common Stock issued quarterly under the ENSCO International Incorporated 1998 Incentive Plan as part of the annual compensation of each non-employee director is determined by dividing into \$4,500 the average of the high and low prices of the Common Stock on the New York Stock Exchange on the first business day of each quarter. Thus, in 2001 Messrs. Fields, Haddock, Kelly, Meyerson and Rowsey received 773 shares of Common Stock at an average price of between \$14.31 and \$35.19 per share. Mr. Carmichael received 577 shares of Common Stock at an average price of between \$14.31 and \$35.54 per share from his election to the Board on May 15, 2001 through December 31, 2001. In 2001 Messrs. Orville D. Gaither and Dillard S. Hammett each received 260 shares of Common Stock at an average price of between \$34.14 and \$35.19 prior to their

retirement from the Board on May 15, 2001. Mr. Daniel W. Rabun received 262 shares of Common Stock at an average price of between \$22.84 and \$35.54 from the date of his election to the Board on May 15, 2001 until his resignation from the Board August 19, 2001.

In May 1996, the Stockholders approved the Company's 1996 Non-Employee Directors' Stock Option Plan ("Directors' Plan") which was adopted by the Board of Directors on February 21, 1996. Under the Directors' Plan, 600,000 shares of Common Stock are reserved for issuance. Pursuant to the Directors' Plan, non-employee directors are granted options to purchase shares of Common Stock as follows: (a) each non-employee director elected after February 21, 1996 who has not previously served as a director shall be granted an option, effective as of the date such director is elected, to purchase 15,000 shares of Common Stock and (b) each other non-employee director elected at, or continuing to serve following, each annual Stockholders meeting, commencing with the 1996 Annual Meeting, shall be granted an option to purchase 6,000 shares of Common Stock. Carmichael, Haddock, Kelly, Meyerson and Rowsey shall each receive an option to purchase 6,000 shares and Mr. Staff shall receive an option to purchase 15,000 shares, all at an exercise price per share equal to the average of the high and low selling price of Common Stock on that date. Such awards for Messrs. Meyerson and Staff are subject to their election at the Annual Meeting.

**REPORT OF THE NOMINATING AND
COMPENSATION COMMITTEE**

Compensation Philosophy and Objectives

The philosophy of the Company's compensation program is to employ, attract, retain and reward executives capable of leading the Company in achieving its business objectives. These objectives include the preservation of a strong financial posture, improvement of the size and quality of the Company's asset base, and positioning the Company's assets and business segments in geographic and industry markets offering long-term growth in profitability relative to the Company's competitors. The accomplishment of these objectives is measured against conditions characterizing the industry in which the Company operates.

Executive Officer Compensation

The Company's executive officer compensation program is comprised of base salary, annual cash incentive compensation and long-term incentive compensation in the form of stock options and restricted stock. Additionally, executive officers may participate, on the same basis as other employees, in the employer matching and profit sharing provisions of the Company's defined contribution retirement plans which allow all employees to save for their retirement on a tax deferred basis. For 2001, the maximum total Company matching contribution available to officers and other employees was 5% of salary. Profit sharing contributions are closely aligned with the Company's financial performance, and amounted to approximately 7.1% of base salary for executive officers and other employees for the year.

Base salary levels for the Company's executive officers are set relative to the Company's competitors and reflect the Nominating and Compensation Committee's assessment of the executive's contribution in relation to the Company's financial and stock price performance and the achievement of specified business objectives. Effective July 1, 2001, the Company increased the base salaries of executive officers pursuant to a review of the compensation of all employees worldwide.

Another element of compensation is the Company's Key Employees' Incentive Compensation Plan (the "Incentive Compensation Plan"), under which key employees may receive a cash bonus upon the achievement of predetermined performance goals and a supplemental award as determined by the Committee. The purpose of the Incentive Compensation Plan is to link the cash compensation of executive officers and management directly to the Company's financial performance and certain other goals and objectives related to enhancement of stockholder value, and to provide a layer of variable cash compensation which enables the Company to be strongly competitive in attracting and retaining talented personnel during periods of high demand without creating an unduly high fixed cost overhead structure which could be burdensome during periods of weak demand. Among the performance measurement criteria utilized under the Incentive Compensation Plan are stock price appreciation, return on capital employed, operating margins, general and administrative expense levels relative to the Company's competitors, and safety performance. The total amount of the awards indicated by performance measurement formulae is limited as a function of net income. Based upon improved financial results for the year, the Company paid both formula derived and supplemental awards to executive officers in 2002 relative to 2001 performance. Bonuses earned under the Incentive Compensation Plan vest over three years, generally contingent upon continued employment with the Company.

An additional longstanding objective of the Committee has been to reward executive officers with equity compensation, in keeping with the Company's overall compensation philosophy of granting equity compensation to its personnel in an effort to further instill stockholder perspective and values in the actions of employees and executive officers. Both stock options and grants of restricted stock historically have been used to reward and provide incentives to executive officers and to retain them through the potential of share value appreciation and equity accumulation. Such awards vest over a number of years and are therefore long-term in nature. Stock option awards were made to executive officers of the Company in 2001, all vesting over four years, having a five year term, and exercisable at the market value of the stock as of the date of award. There were no restricted stock grants to the Company's five highest compensated executive officers during 2001. The Committee will continue to review, on an annual basis, the equity participation awards outstanding to the executive officers of the Company and will consider additional awards from time to time, based upon the philosophy stated above, the financial performance of the Company, and the Committee's assessment of each executive's ability to influence the Company's long-term growth and profitability. Because the value of stock options and restricted stock should, over time, bear a direct relationship to the Company's stock price, the Committee believes the award of options and grants represents an effective incentive to create value for the stockholders.

Chief Executive Officer Compensation

The Chief Executive Officer's ("CEO") salary is reviewed once annually, consistent with the Company's salary administration policy for all shore based employees. Adjustments are considered by the Committee based upon the Company's financial and stock price performance, its progress in achieving specified business objectives, and with regard to the salaries paid to chief executive officers of the Company's competitors. Effective July 1, 2001, the CEO's salary was increased to \$605,000 per year.

In accordance with the terms of the Incentive Compensation Plan, the CEO was awarded an incentive bonus of \$587,763 in 2002 relative to 2001 performance. This was comprised of an amount of \$195,695, determined solely by reference to the pre-established formula under the Incentive Compensation Plan, and a supplemental amount of \$292,068 based upon the Committee's assessment of the CEO's contribution in connection with the Company's financial and stock price performance, the achievement of performance objectives and in consideration of the total compensation paid to chief executive officers of the Company's competitors. The performance objectives established for the CEO under the Incentive Compensation Plan include stock price appreciation, return on capital employed, margins and general and administrative expense levels relative to competitors, and the Company's safety record. All bonuses awarded vest over three years.

In recognition of the Company's achievement and financial performance during 2001, the CEO was awarded options to purchase 200,000 shares of the Company's Common Stock. In addition, a special cash award of \$100,000 was granted to the Chief Executive Officer on May 14, 2001. The options granted to the CEO vest over

four years, are valid for a five-year term, and are exercisable at the market value of the Common Stock on the date of award.

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1 million paid to each of the Company's chief executive officer and the four other most highly compensated officers, unless such compensation meets certain specific requirements. The compensation programs for the Company are designed generally to preserve the tax deductibility of compensation paid to its executive officers. The Committee will, however, take into consideration the various other factors described in this report, together with Section 162(m) considerations, in making executive compensation decisions, and could, in certain circumstances, pay compensation that is not fully tax deductible.

INDEPENDENT AUDITORS

Arthur Andersen LLP served as the Company's independent auditors for the fiscal year ended December 31, 2001. In January 2002, the Board of Directors, after receiving the recommendation of the Audit Committee, appointed Arthur Andersen LLP as the Company's independent auditors for the fiscal year 2002. Since that date and as a result of the uncertainty regarding the future of Arthur Andersen LLP, the Board of Directors is considering whether it is appropriate to continue engagement of Arthur Andersen LLP as its independent auditors for fiscal year 2002. Provided that the Board of Directors has not decided to appoint a different firm of independent auditors before the Annual Meeting, representatives of Arthur Andersen LLP are expected to be present at the Annual Meeting to respond to questions and to make a statement should they so desire.

Audit Fees

The aggregate fees billed by Arthur Andersen LLP, and their respective affiliates (collectively, "Arthur Andersen") for professional services rendered for the audit of the Company's annual financial statements for the fiscal year ended December 31, 2001 and for the reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q for that fiscal year were \$205,000.

There were no fees billed by Arthur Andersen for professional services rendered for information technology services relating to financial information systems design and implementation for the fiscal year ended December 31, 2001.

All Other Fees

The aggregate fees billed by Arthur Andersen for services rendered to the Company, other than the services described above under "Audit Fees" and "Financial Information Systems Design and Implementation Fees", for the fiscal year ended December 31, 2001 were \$172,000, including \$68,000 for subsidiary statutory audit services, \$15,000 for employee benefit plan audit services, \$9,000 for tax-related services and \$80,000 for other miscellaneous services.

The Audit Committee has considered whether the provision of the services by Arthur Andersen, as described above in "All Other Fees," is compatible with maintaining the principal accountant's independence.

GENERAL AND OTHER MATTERS

The Company believes that Proposal 1 is the only matter that will be brought before the Annual Meeting. However, if other matters are properly presented at the Annual Meeting, it is intended that the persons named in the proxy will vote in accordance with their best judgment on such matters.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file with the Commission initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Executive officers, directors and greater than 10% Stockholders are required by Commission regulations to furnish the Company copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely upon review of the copies of such reports furnished to the Company during the year ended December 31, 2001, no director, officer or beneficial holder of more than 10% of any class of equity securities of the Company failed to file on a timely basis reports required by Section 16(a) of the Exchange Act during the most recent fiscal year, with the following exceptions: Mr. Richard A. Wilson did not file (a) a Form 4 for August 2000 reporting Mr. Wilson's exercise of options for 150,000 shares of Common Stock in

such month or (b) a Form 4 for September 2000 reporting Mr. Wilson's sale of 150,000 shares of Common Stock in such month. These transactions were also not reported on a Form 5 for the year ended December 31, 2000 or December 31, 2001. A corrected Form 5 for the year ended December 31, 2001 was filed in March 2002 to report these transactions. Mr. Marshall Ballard did not report on his Form 5 for the year ended December 31, 2001, his surrender of 294 shares of Common Stock to satisfy his tax obligations in connection with the vesting of 1,000 shares of restricted Common Stock. A corrected Form 5 for the year ended December 31, 2001, was filed in March 2002 to report this transaction. The aforesaid transactions did not result in any liability under the short-swing profit provisions of Section 16(b) of the Securities Exchange Act of 1934, as amended.
