SunTrust Accelerates Capital Plan Implementation; Executing on “Clear Path” to Meet SCAP Target

Company Announces Simultaneous \$1.4 Billion Common Stock Offering and Cash Tender for \$1Billion of Existing Preferred and Hybrid Securities

Atlanta — SunTrust Banks, Inc. (NYSE: STI) announced today that it has commenced a public offering of \$1.4 billion of its common shares (the “Equity Offering”), as well as an offer to purchase up to \$1billion liquidation preference or amount of certain of its currently outstanding preferred and hybrid securities (the “Tender Offer”) for cash using proceeds from the Equity Offering. Proceeds from the Equity Offering and after-tax gains from the Tender Offer will qualify as Tier1 common capital.

The Equity Offering and Tender Offer represent an acceleration of the Company’s previously announced capital plan framework to increase the common equity component of SunTrust’s Tier 1 capital by \$2.2 billion as indicated by the Federal Reserve’s Supervisory Capital Assessment Program (“SCAP”). Upon completion of the Equity Offering, Tender Offer and previously announced internal actions, the Company expects to have fully satisfied its obligation under the SCAP. The components of the Company’s capital plan include:

- the completion of approximately \$260 million of the Company’s previously announced \$1.25 billion “at the market” common stock offering,
- the sale of selected securities that the Company expects may generate approximately \$300 million of Tier 1 common equity,
- the Equity Offering, which is expected to raise approximately \$1.4 billion, and
- the Tender Offer, which is expected to generate approximately \$250 million of additional Tier 1 common equity upon completion.

“Today’s announcement underscores that we are on a clear path to achieve our previously announced capital objectives as we intensify our focus on the future,” said James M. Wells III, SunTrust Chairman and Chief Executive Officer. In addition, Mr. Wells noted that completion of the Company’s capital-related initiatives will enhance SunTrust’s ability to repay, upon regulatory approval and at the appropriate time, Preferred Stock obtained through participation in the U.S. Treasury’s Capital Purchase Plan.

The Equity Offering

The shares will be offered pursuant to a supplement to a prospectus to be filed as part of an existing shelf registration statement with the Securities and Exchange Commission (“SEC”) on Form S-3. Morgan Stanley, Sandler O’Neill + Partners, L.P., SunTrust Robinson Humphrey, Inc. and Goldman, Sachs & Co. will serve as joint bookrunning managers for the offering.

The Company has suspended the previously announced sale of up to \$1.25 billion of common stock through an “at the market” equity offering and expects to terminate it upon the successful completion of the Equity Offering.
