DIRECTOR INDEPENDENCE

The Board of Directors has determined that each of the current non-management directors standing for re-election, including each of the current members of the Audit Committee, the Board Affairs Committee and the Compensation and Organization Committee, has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company) and is independent within the Company's director independence standards, which reflect exactly the New York Stock Exchange director independence standards as currently in effect and as they may be changed from time to time. John S. Brinzo and David H. Gunning do not meet the aforementioned independence standards because they are Chairman, President and Chief Executive Officer and Vice Chairman, respectively, and employees of the Company.

BOARD OF DIRECTORS AND BOARD COMMITTEES

The members of the Board of Directors have diversified professional experience in general management, steel manufacturing, mining, finance, law, education, and other fields. There is no family relationship among any of the nominees and executive officers of the Company. Nine of the eleven nominees have no present or former employment relationship with the Company. The average age of the nominees is 63, ranging from 54 to 72. The average service of the nominees is almost eight years, ranging from less than two years to 18 years.

The Company's governance process is based on its Corporate Governance Guidelines, which are available on the Company's website at <http://www.cleveland-cliffs.com>. During 2003, eight meetings of the Board of Directors were held and 25 meetings of all Board Committees were held. The Company's independent Directors held six meetings in executive session without the presence of Messrs. Brinzo and Gunning in the year 2003. Mr. Cambre, presently serving as Lead Director, chaired those meetings. Directors also discharge their responsibilities by review of Company reports to Directors, visits to Company facilities, correspondence with the

Table of Contents

Chairman, President and Chief Executive Officer, and telephone conferences with the Chairman, President and Chief Executive Officer and Directors regarding matters of interest and concern to the Company. The Directors have Audit, Board Affairs, Compensation and Organization, Finance, and Strategic Advisory Committees. All committees regularly report their activities, actions, and recommendations to the Board. Eight Directors attended 100 percent of the aggregate total of meetings of the Board of Directors and the Board Committees of which they were a member during 2003, one Director attended at least 96 percent of such meetings and two Directors attended at least 80 percent of such meetings.

The Audit Committee, consisting of Messrs. Ireland (chairman), Morley, Oresman and Riederer, reviews with the Company's management, the internal auditors and the independent auditors, the Company's policies and procedures with respect to internal control; reviews significant accounting matters; reviews quarterly unaudited financial information prior to public release; approves the audited financial statements prior to public distribution; reviews any significant changes in the Company's accounting principles or financial reporting practices; reviews independent auditor services; has the authority and responsibility to evaluate independent auditors; discusses with the auditors their independence and considers the compatibility of non-audit services with such independence; annually selects the Company's independent auditors to examine the Company's financial statements; approves management's appointment, termination, or replacement of the Chief Internal Auditor; and conducts a legal compliance review. Pursuant to the rules of the Securities and Exchange Commission, the members of the Company's Audit Committee are independent, as that term is defined in the listing standards of the New York Stock Exchange. The Board of Directors has determined that Messrs. Riederer and Ireland are the named audit committee financial experts. No member of the Audit Committee serves on the audit committees of more than three public companies. The Committee held eight meetings during 2003. The Charter of the Audit Committee is available at <http://www.cleveland-cliffs.com> and is also attached hereto as *Appendix A*.

The Board Affairs Committee, consisting of Messrs. McAllister (chairman), Cambre, Cucuz, Phillips, and Schwartz, administers the Company's compensation plans for Directors; monitors the Board governance process and provides counsel to the Chairman and Chief Executive Officer on Board governance and other matters; recommends changes in membership and responsibility of Board committees; and acts as the Board's Nominating Committee and Proxy Committee in the election of Directors. The Committee held four meetings during 2003. The Charter of the Board Affairs Committee is available at <http://www.cleveland-cliffs.com>.

The Compensation and Organization Committee, consisting of Messrs. Cambre (chairman), Ireland, McAllister, Oresman, and Riederer, recommends to the Board of Directors the election of officers and compensation of officers; administers the Company's compensation plans for officers; reviews organization and management development; evaluates the performance of the Chief Executive Officer; and obtains the advice of outside experts with regard to compensation matters. The Committee held five meetings during 2003. The Charter of the Compensation and Organization Committee is available at <http://www.cleveland-cliffs.com>.

The Finance Committee, consisting of Messrs. Schwartz (chairman), Cucuz, Morley and Phillips, reviews the Company's financial condition, financial policies, investment plans and benefit funds management. The Committee recommends dividend and other actions to the Board of Directors. The Committee held six meetings during 2003.

The Strategic Advisory Committee, consisting of Messrs. Morley (chairman), Brinzo, Cambre, Gunning, Ireland, McAllister and Oresman, reviews corporate strategy and related issues. The Committee held two meetings during 2003.

CONSIDERATION OF DIRECTOR NOMINEES

Shareholder Nominees

The policy of the Board Affairs Committee is to consider properly submitted shareholder nominations for candidates for membership on the Board as described below under “Identifying and Evaluating Nominees for Directors.” In evaluating such nominations, the Board Affairs Committee seeks to achieve a balance of knowledge, experience and capability on the Board of Directors and to address the membership criteria set forth below under “Director Qualifications.” Any shareholder nominations proposed for consideration by the Board Affairs Committee should include (i) complete information as to the identity and qualifications of the proposed nominee, including name, address, present and prior business and/or professional affiliations, education and experience, and particular fields of expertise, (ii) an indication of the nominee’s consent to serve as a director of the Company if elected, and (iii) the reasons why, in the opinion of the recommending shareholder, the proposed nominee is qualified and suited to be a director of the Company. Shareholder nominations should be addressed to Cleveland-Cliffs Inc, 1100 Superior Avenue, 15th Floor, Cleveland, Ohio 44114, Attention: Secretary. The Company’s Regulations provide that at any meeting of shareholders at which directors are to be elected, only persons nominated as candidates will be eligible for election.

Director Qualifications

In evaluating director nominees, the Board Affairs Committee considers such factors as it deems appropriate, consistent with the Company’s Corporate Governance Guidelines, the Board Affairs Committee Charter and other criteria established by the Board of Directors. The Board Affairs Committee’s goal in selecting directors for nomination to the Board of Directors is generally to seek to create a well-balanced team that combines diverse experience, skill and intellect of seasoned directors in order to enable the Company to pursue its strategic objectives. The Board Affairs Committee has not reduced the qualifications for service on the Company’s Board of Directors to a checklist of specific standards or specific, minimum qualifications, skills or qualities. Rather, the Company seeks, consistent with the vacancies existing on the Company’s Board of Directors at any particular time and the interplay of a particular candidate’s experience with the experience of other directors, to select individuals whose business experience, knowledge, skills, diversity and integrity would be considered a desirable addition to the Board of Directors and any committees thereof. In addition, the Board Affairs Committee annually conducts a review of incumbent directors in order to determine whether a director should be nominated for re-election to the Board of Directors.

The Board Affairs Committee makes determinations as to director selection based upon the facts and circumstances at the time of the receipt of the director candidate recommendation. Applicable considerations include (i) whether the Board Affairs Committee is currently looking to fill a new position created by an expansion of the number of directors, or a vacancy that may exist on the Board of Directors, (ii) whether the current composition of the Board of Directors is consistent with the criteria described in the Company’s Corporate Governance Guidelines, (iii) whether the candidate submitted possesses the qualifications that are generally the basis for selection for candidates to the Board of Directors, and (iv) whether the candidate would be considered independent under the rules of the New York Stock Exchange and the Company’s standards with respect to director independence. Final approval of any candidate will be determined by the full Board of Directors.

Identifying and Evaluating Nominees for Directors

The Board Affairs Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Board Affairs Committee regularly reviews the appropriate size of the Board and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Board Affairs Committee considers various potential candidates for director. Candidates may come to the attention of the Board Affairs Committee through current Board members, professional search firms, shareholders or other persons. As described above, the Board Affairs Committee considers properly submitted nominations for candidates for the Board. Following verification of the recommending shareholder’s status, recommendations are considered by the Board Affairs Committee at a meeting.

COMMUNICATIONS WITH DIRECTORS

In accordance with the New York Stock Exchange’s corporate governance listing standards, the Company’s non-management directors meet at regularly scheduled executive sessions without management present. The chair of the Company’s Compensation and Organization Committee has been designated as the Company’s lead independent director. Shareholders and interested parties may communicate with the chair of the Compensation and Organization Committee, or with the Company’s non-management directors as a group, by writing to Lead Director at Cleveland-Cliffs Inc, 1100 Superior Avenue, 15th Floor, Cleveland, Ohio 44114, Attn: Lead Director. The Board of Directors’ independent directors have approved the process for determining which communications are forwarded to various members of the Board of Directors.

BUSINESS ETHICS POLICY

The Company has adopted a Code of Business Conduct and Ethics that applies to all Directors, officers and employees of the Company and its subsidiaries. The Code of Business Conduct and Ethics is available on the Company’s website at <http://www.cleveland-cliffs.com>.

AUDIT COMMITTEE REPORT

The Audit Committee of Cleveland-Cliffs Inc Board of Directors (“Committee”) is composed of four independent directors and operates under a written charter adopted by the Board of Directors. The charter is reviewed and reassessed for adequacy annually by the Committee and reviewed by the Committee with the Board of Directors. The Committee reviewed the existing charter in early 2004 and recommended changes that were approved by the Board of Directors on March 9, 2004. A copy of the amended charter, which the Board of Directors has adopted, is attached as *Appendix A* to this Proxy Statement.

The members of the Committee are James D. Ireland III (Chairman), John C. Morley, Stephen B. Oresman, and Richard K. Riederer, all of whom are independent of the Company in accordance with the listing standards of the New York Stock Exchange, and meet the financial literacy and accounting or financial management expertise necessary to effectively discharge their responsibilities. The Committee retains the Company’s independent auditors.

Management is responsible for the Company’s financial statements, systems of internal control and the financial reporting process. The independent auditors are responsible for performing an independent audit of the Company’s consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Committee’s responsibility is to monitor and oversee these financial reporting processes on behalf of the Board of Directors. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management, including a discussion of the quality, not just the acceptability, of the accounting principles; the reasonableness of significant judgments; and the clarity of disclosures in the financial statements.

In this context, the Committee met eight times in 2003 and held discussions with management and the independent auditors. The Committee has regularly met, in executive session, with the independent auditors. The Committee has also met, in executive session, with the Company’s chief internal auditor, and separately in executive session with management, as appropriate. Furthermore, the Committee has reviewed the results of its executive sessions with the Chief Executive Officer, as appropriate.

Management represented to the Committee that the Company’s consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed the consolidated financial statements and critical accounting policies with management and the independent auditors. The Committee discussed with the independent auditors matters required to be discussed by Statement on Accounting Standards No. 61 (Communication with Audit Committees), and any other matters required to be discussed under generally accepted auditing standards.

The Company’s independent auditors also provided to the Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with the independent auditors that firm’s independence, including consideration of the compatibility of non-audit services with the auditors’ independence.

Based on the Committee’s discussion with management and the independent auditors and the Committee’s review of the representation of management and the report of the independent auditors to the Committee, the Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company’s Annual Report on Form 10-K for the year ended December 31, 2003 filed with the Securities and Exchange Commission.

DIRECTORS' COMPENSATION

During 2003, Directors who are not employees of the Company ("Nonemployee Directors") received an annual retainer of \$25,000 and fees of \$1,000 for each Board Committee meeting attended, and \$1,500 for each Board of Directors meeting attended. Nonemployee Directors, who are committee chairmen, each received an additional annual retainer of \$2,500. In January 2004, upon the recommendation of the Board Affairs Committee following its review of market data provided by an independent consultant, the Board approved an increase in Nonemployee Director compensation. Effective as of January 1, 2004, the annual retainer fee for Nonemployee Directors was increased to \$32,500, the committee chair retainer was increased to \$3,000 and a new Lead Director retainer of \$6,000 annually was approved. Committee meeting fees and Board meeting fees remain at \$1,000 and \$1,500, respectively. Employee Directors receive no compensation for their service as Directors.

The Board of Directors has a Nonemployee Directors' Compensation Plan, which provides for a one-time award of 2,000 shares of Restricted Stock to new Nonemployee Directors and also provided through December 31, 2003, that all Directors must take 40% of their retainer in Common Shares and may elect to take up to 100% of their retainer and other fees in Common Shares. Effective January 1, 2004, the Plan was amended to eliminate the 40% share requirement, and instead require that at least \$15,000 of the \$32,500 annual retainer be paid in Common Shares, unless the Nonemployee Director has met stock ownership guidelines. The stock ownership guidelines provide that by the end of a four-year period, a Director should own either (i) 4,000 or more Common Shares or (ii) Common Shares having a market value of at least \$100,000. If a Nonemployee Director meets these stock ownership guidelines, the Director may elect to receive all or part of the \$15,000 in cash. In addition, the Plan gives Nonemployee Directors the opportunity to defer all or a portion of their annual retainer and other fees, whether payable in cash or Common Shares.

Nonemployee Directors who joined the Board before January 1, 1999 were able to participate in either the Retirement Plan for Non-Employee Directors adopted in 1984 ("1984 Plan") or the Nonemployee Directors Supplemental Compensation Plan established in 1995 ("1995 Plan") (collectively "Plans"). The 1984 Plan provides that a Nonemployee Director elected before July 1, 1995, with at least five years of service, receives during his or her lifetime after retirement an amount equal to the annual retainer then paid to Nonemployee Directors. Under the 1995 Plan, a Nonemployee Director elected on or after July 1, 1995, with at least five years of service, receives after retirement a quarterly amount equal to fifty percent of the stated quarterly retainer in effect at the time of retirement for the period equal to the Director's service. Under either Plan, in the event of a "change in control" causing the Director's retirement, he or she receives the retirement payment prorated for any service less than five years. Directors who join the Board on or after January 1, 1999 are not eligible to participate in either Plan.

On January 14, 2003, the Board of Directors adopted respective amendments to the Plans to provide for a voluntary immediate lump sum cash-out election of the present value of the accrued pension and deferred benefits to all Nonemployee Directors participating under the Plans ("Participants"). Under the terms of the Plans, as amended, the lump-sum benefit was payable to the Participants on June 30, 2003. Of the 14 Participants, three elected not to participate in the lump sum benefit. The aggregate value for Participants electing a payout was approximately \$2,293,500. The payout election by the 11 Participants means those Participants have no further opportunity for a pension adjustment under the Plans for future changes in the Company's annual retainer.

The Company has trust agreements with KeyBank National Association relating to the Nonemployee Directors' Compensation Plan, the Retirement Plan for Nonemployee Directors and the Nonemployee Directors' Supplemental Compensation Plan, in order to establish arrangements for the funding and payment of the Company's obligations to the three remaining beneficiaries under such Plans.

SECURITIES OWNERSHIP OF MANAGEMENT AND CERTAIN OTHER PERSONS

The following table sets forth the amount and percent of Common Shares which, as of March 15, 2004 (except as otherwise indicated), are deemed under the rules of the Securities and Exchange Commission (“SEC”) to be “beneficially owned” by each Director (excluding the Chairman, President and Chief Executive Officer and the Vice Chairman), by each nominee for Director, by the Company’s Chief Executive Officer, the other four most highly compensated executive officers and two other individuals, as named in the Summary Compensation Table (“named executive officers”), by such persons and the other executive officers as a group, and by any person or “group” (as that term is used in the Securities Exchange Act of 1934) known to the Company as of that date to be a “beneficial owner” of more than five percent of the outstanding Common Shares. To the Company’s knowledge, there are no holders of five percent or more of the Company’s Preferred Shares outstanding. No Directors, executive officers, or officers hold any Preferred Shares.

- (1) Under the rules of the SEC, "beneficial ownership" includes having or sharing with others the power to vote or direct the investment of securities. Accordingly, a person having or sharing the power to vote or direct the investment of securities is deemed to "beneficially own" the securities even if he or she has no right to receive any part of the dividends on or the proceeds from the sale of the securities. Also, because "beneficial ownership" extends to persons, such as co-trustees under a trust, who share power to vote or control the disposition of the securities, the very same securities may be deemed "beneficially owned" by two or more persons shown in the table. Information with respect to "beneficial ownership" shown in the table above is based upon information supplied by the Directors, nominees and executive officers of the Company and filings made with the SEC or furnished to the Company by any shareholder.

The remaining 201,907 shares are held in trusts, substantially for the benefit of a charitable foundation, as to which Mr. Ireland is a co-trustee with shared voting and investment powers. - (1) Estimated payout if certain performance levels are achieved.
- (2) Mr. Gunning first became a participant in the Company’s Long-Term Incentive Program on March 10, 2003.
- (3) Mr. O’Neil did not participate in the Company’s Long-Term Incentive Program in the year 2003.
- (4) Ms. Bezik forfeited all performance shares upon her termination from the Company on July 29, 2003.

The above table presents information about performance shares granted during the year pursuant to the Long-Term Incentive Program. Each performance share, if earned, entitles the holder to receive Common Shares in accordance with the above table, depending on the degree of achievement of specified Company objectives. The first two objectives are relative total shareholder return (share price plus reinvested dividends) and return on net assets (based on earnings before taxes, increased by after-tax interest expense) over a three-year performance period. Relative total shareholder return is determined against a predetermined group of mining and metal companies. A participant earns 50 percent of the number of performance shares awarded if achievement of either of these objectives is attained at the target level. Maximum payout is 150 percent of the performance shares granted and represents the number of Common Shares that would be earned if an outstanding level of both of the objectives is achieved by the Company. Threshold payout is 25 percent of the performance shares granted and represents the number of Common Shares that would be earned if a minimum level of either of the objectives is achieved by the Company. Participants are also evaluated based on subjective performance relative to the Company’s strategic objectives, and awards can be adjusted up or down by 25 percent of the target opportunity in the discretion of the Compensation and Organization Committee based on this evaluation. Attainment of all three sets of objectives is measured on a separate basis. The number of Common Shares earned would be reduced to the extent necessary to prevent the value of the Common Shares paid to any participant from exceeding twice the market value of the Common Shares covered by the participant’s grant on the date it was granted. The Compensation and Organization Committee has the discretion to make distributions in cash in lieu of stock.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Compensation Policies

The Company’s Compensation structure is designed to attract and retain high-performing executives. It places a significant portion of compensation at risk with the performance of the Company, the organizational unit, and the individual, increasing the portion at risk with the responsibility level of the individual.

Executive compensation consists of salary, annual bonus, long-term incentives, and other benefits. Independent compensation consultants have developed a broad group of comparable industrial companies for use in competitive surveys. This survey group is broader than the S&P Steel Group, which the Company has selected for the comparative stock price performance graph on page 18.

Salaries

The Company strives to maintain pay levels for Company executives at the 50th percentile of market survey data. Actual salaries reflect responsibility, performance, and experience. Salary increases are awarded periodically based on individual performance. In 2003, the named executive officers, including the Chief Executive Officer (“CEO”), did not receive a general salary increase due to the lack of profitability in 2003.

Annual Bonus

The Company maintains a Management Performance Incentive Plan (“MPI Plan”) which provides an opportunity for the executive officers and other management employees to earn an annual bonus in either cash or Common Shares (or a combination of both) based on a bonus pool determined annually. The funded bonus pool for officers, including the named executive officers, can be zero and cannot exceed 200 percent of the officers’ aggregate target bonuses. Upon approval of the Committee, an additional bonus pool of ten percent of target bonuses can be set aside for distribution at the discretion of the Chief Executive Officer. When used, discretionary awards will reward participants whose contributions to achievement of the Company’s performance objectives exceeded all expectations. The MPI Plan also provides that, notwithstanding the established performance standards for any year, and if otherwise warranted, the Committee has the discretion to set funding percentages up to 35 percent of the target bonuses for officers and up to 50 percent of the target bonuses for other management positions.

Since January 1, 2002, the MPI Plan used a “performance scorecard” with multiple performance standards to drive performance. For 2003, the Committee developed with its compensation consultant a scorecard targeted at those areas that would most directly improve shareholder value. The elements and their respective weightings are as follows:

Element	Weighting
EBITDA (Millions)	60%
Gross Sales Margin Per Ton	20%
Corporate Objectives	20%
Total	100%

The Committee compared actual 2003 operating results with the 2003 business plan and the other stated corporate objectives used in the scorecard. Actual results in the EBITDA (Earnings Before Interest, Taxes, Depreciation and Amortization) and Gross Sales Margin Per Ton categories were below threshold level, yielding no bonus pool. While progress had been made on many of the Corporate Objectives, the Committee concluded that this was not enough to warrant bonus payments in light of the Company not achieving the profitability objectives for the year. Accordingly, no bonus pool was approved.

Long-Term Incentives

The 1992 Incentive Equity Plan (“Incentive Equity Plan”) authorizes the Committee to award a variety of performance and other equity-based incentives in its discretion.

Under the Incentive Equity Plan, a long-term performance share program (“Performance Share Program”) was installed in 1994 to further align the interests of the executive officers and key management employees with the shareholders. The Performance Share Program provided the executive officers the opportunity to receive shares of Company stock (“Performance Shares”) or, at the Committee’s discretion, equivalent cash value, based on Company performance against specific financial objectives. Starting in 1994, grants of Performance Shares have been made annually to the executive officers based on responsibility level. Starting in 2000 the Committee replaced the Performance Share Program with a Long-Term Incentive Program (“LTI Program”), which combines awards of Performance Shares under the Incentive Equity Plan with cash-based retention awards.

The cash-based retention awards, included in the LTI Program, assist the Company in retaining key executives. In 2003, the Committee awarded executive officers 15 percent of their target long-term, incentive opportunity in the form of retention units (“Retention Units”), and the balance in the form of Performance

Table of Contents

Shares. Each Retention Unit represents the value of one Common Share, which is payable in cash based on the participant's continued employment throughout the three-year retention period. Additional details about the 2003 awards of Retention Units to the named executive officers are presented in footnote (6) to the "Summary Compensation Table" on page 13.

The Retention Units granted on February 23, 2001 to the named executive officers (excluding Mr. Gunning) as shown on the "Summary Compensation Table" on page 12, vested on December 31, 2003 and were paid out in cash on March 11, 2004. The Company's closing stock price on December 31, 2003 of \$50.95 per share was used to determine the value of such payout.

The Performance Shares granted under the LTI Program to the named executive officers (including Mr. Gunning) will measure performance for the period 2003-2005 on the basis of three factors: (1) relative total shareholder return, (2) three year average pre-tax return on net assets ("Pre-Tax RONA"), and (3) accomplishment of strategic objectives. The Committee determined to adopt Pre-Tax RONA as a performance measure for awards under the LTI Program because of the uncertainty of the Company's future tax status, the high variability in tax status of the Company's peers, and because few managers control tax decisions. Additional details about the 2003 grants of Performance Shares to the named executive officers are discussed under "Long-Term Incentive Plans — Awards In Last Fiscal Year" on page 14.

The third set of performance measures applicable to Performance Shares awarded under the LTI Program affords executive officers the opportunity to earn up to an additional 25 percent of target Performance Share awards. These measures are based on a subjective evaluation by the Committee of performance relative to the Company's strategic objectives, including specific business activities. If these objectives are not met, the Committee can also exercise its discretion to reduce awards earned under the first two performance measures by up to 25 percent of target performance. The percentage of Performance Shares earned overall can range from zero to 175 percent of the target number of shares.

In March, 2004 the Committee confirmed that, for the three-year performance period ending December 31, 2003, the Company achieved an average performance of 42.3 percent in respect to the Company's objective for total shareholder return. The payout compares to payouts of zero and 54 percent, respectively, for the periods ending December 31, 2001 and 2002. As a result, the Committee approved a payout of 44,337 Performance Shares, the value of which for the named executive officers (excluding Mr. Gunning and Ms. Bezik) is shown in the LTIP Payouts column of the "Summary Compensation Table" on page 12. The Company's average total shareholder return ranked in the 49th percentile of its peer group, which is currently 16 mining and metal companies, versus the Company's established LTI Program target of the 55th percentile. Each performance measure at target level is weighted 50 percent.

Deferred Compensation

Under the Company's Voluntary Non-Qualified Deferred Compensation Plan ("VNQDC Plan"), officers and other senior management employees are permitted to defer, on a pre-tax basis, up to 50 percent of their base salary and all or a portion of their bonus under the MPI Plan, or their stock award or cash award which may be payable under the LTI Program. The VNQDC Plan also permits the exchange of cash bonus awards under the MPI Plan and deferred cash balances held in the VNQDC Plan for Company stock with a 25 percent Company match. Under the terms of the VNQDC Plan, any participant electing to take an early withdrawal from such plan is prohibited from participating in such plan for two years following the plan year in which such election is made. In 2003, three executive officers and two mine general managers were participating in the VNQDC. In 2004, seven elected officers, one officer and four general managers are eligible to participate in the VNQDC Plan.

Stock Options

During 2003, the Company did not award any stock options to executive officers.

Restricted Stock

Mr. Gunning received a grant of 25,000 Restricted Shares in March 2003, as discussed in footnote (7) of the "Summary Compensation Table" on page 13.

Executive Retention Program

Early in 2001 the Committee increased the incentives offered to certain officers and key managers to continue their employment with the Company. The Executive Retention Plan offered eight officers, including the named executive officers (except for Mr. Gunning), and five other key managers, the opportunity to earn up to a total of two times their salary if they remained employed by the Company through March 31, 2004. The first half of this total was paid out to participants who remained on the payroll through March 21, 2003. The second half is payable to those participants who are actively employed on March 31, 2004, but is contingent on achievement of multiple performance factors individually tailored to the job requirements of each participant. The Retention Program is terminated and there will be no more payments to participants made under this Program after distribution of any amounts payable on March 31, 2004.

The Committee also acted at that time to reduce the possibility that participants in the Company's non-qualified Supplemental Retirement Benefit Plan ("Supplemental Plan") might terminate employment with the Company in order to realize the benefits under the Supplemental Plan. Amounts equal to the present value of the accrued vested pension benefits payable under the Supplemental Plan as of December 31, 2000 were paid out in full in February, 2001 to all participants in a lump sum. Subsequent accrued benefits have been and will continue to be paid out annually, and may be paid out more frequently, as determined by the Committee. Amounts totaling \$1,098,715 accrued during 2003 will be paid out on March 31, 2004 in lump sums to all participants, including the named executive officers (except Messrs. Gunning and Kummer).

Chief Executive Officer Compensation

Mr. Brinzo's current base salary is \$550,000, with a target bonus of 60 percent of base salary. No MPI Plan award was made to Mr. Brinzo for 2003, based on the same factors considered for other executive officers, as discussed under Annual Bonus on page 15.

Mr. Brinzo's LTI Program payout of his 2001 grant was calculated in the same way as the payout to all other participants as discussed on page 15 under Long-Term Incentives. Mr. Brinzo received 10,784 Common Shares with respect to his 2001 Performance Share grant for the three-year performance period ending December 31, 2003. Mr. Brinzo was granted 42,500 Performance Shares and 7,500 Retention Units in 2003 under the LTI Program, for the performance period 2003-2005, which will be earned under the same criteria as Performance Shares and Retention Units granted to all other executive officers in 2003 as discussed under "Long-Term Incentive Plans — Awards in Last Fiscal Year" on page 14.

Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code limits the deductibility of certain executive compensation in excess of \$1 million. The aggregate combination of distributions from the Supplemental Plan, payments under the Executive Retention Plan and LTI Program payouts, vesting of restricted stock, and possible voluntary withdrawals from the VNQDC Plan and exercises of stock options, has caused, with respect to 2003, the \$1 million limit to be exceeded with respect to four of the named executive officers, and will cause in 2004, the \$1 million limit to be exceeded with respect to one or more of the named executive officers. Accordingly, the Company expects that some portion of such payments to the named executive officers for 2004 will not be deductible. The Company believes that it is important to maintain compensation programs that are competitive and motivate executives irrespective of the deductibility of such payments under the Internal Revenue Code.

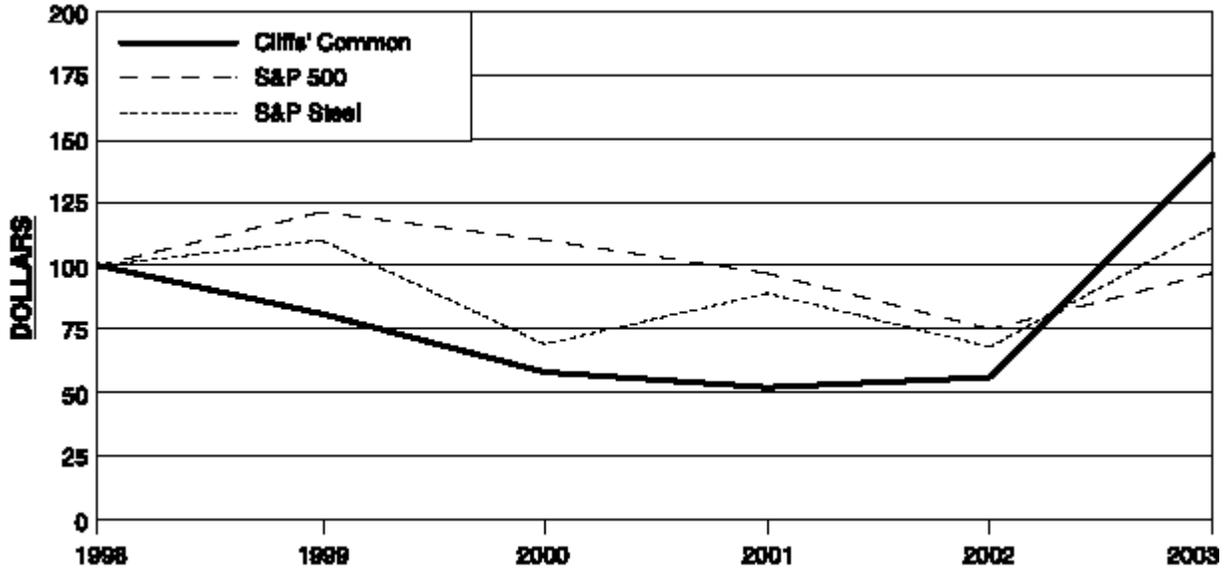

The foregoing report has been furnished by the members of the Compensation and Organization Committee as set forth below:

PENSION BENEFITS

The Company sponsors a qualified defined benefit pension plan, which together with the Supplemental Plan described below, provides retirement income to employees.

For service with the Company through June 30, 2003, the benefits provided by the qualified pension plan at age 65 are generally based on a 1.65 percent pension formula. For each year of service up to June 30, 2003, the plan provides 1.65 percent of Average Annual Compensation. Average Annual Compensation is defined as the average annual compensation earned during the 60 consecutive months providing the highest such average during the last 120 months up to June 30, 2003. The benefit is subject to an offset of 50 percent of Social Security benefits through June 30, 2003.

For service with the Company after June 30, 2003, benefits provided by the qualified pension plan at age 65 are based on a cash balance formula. A nominal cash balance account is established for each participant and credited on a quarterly basis with a benefit amount equal to up to 13 percent of the participant’s annual earnings depending on the participant’s age and service. Interest is credited to the account balance on a quarterly basis. At retirement, the accumulated account balance can be paid as either a lump sum or actuarially equivalent annuity.

The Internal Revenue Code of 1986 (“Code”) places limitations on the benefits that may be paid from a qualified pension plan. The Company has a non-qualified Supplemental Retirement Benefit Plan (“Supplemental Plan”) providing for the payment from general funds of the benefits that would be lost by Supplemental Plan participants as a result of present or future Code or other government limitations.

Since 2001 the Company has paid out the present value of the accrued vested benefits payable under the Supplemental Plan annually in a lump sum to all participants, including the named executive officers (except Messrs. Gunning, Dowling, and Kummer). Amounts accrued during 2003 will be paid out in lump sums on March 31, 2004 to the named executive officers as follows: Mr. Brinzo, \$699,823; Mr. Gunning, \$0; Mr. Calfee, \$6,507; Mr. Dowling, \$65,033; Mr. Kummer, \$0; Mr. O’Neil, \$65,243; and Ms. Bezik, \$51,129.

Total estimated annual benefits accrued under the qualified pension plan and the Supplemental Plan by each of the named executives officers assuming retirement at age 65 and payment on a joint and survivor annuity basis are as follows:

	Frozen 1.65% Benefit	Cash Balance Benefit	Total Benefit
John S. Brinzo	\$381,000	\$38,900	\$419,900
David H. Gunning	\$ 13,000	\$15,200	\$ 28,200
William R. Calfee	\$ 84,700	\$43,300	\$228,000
Edward C. Dowling Jr.	\$ 21,300	\$63,900	\$ 85,200
Randy L. Kummer	\$ 9,500	\$43,900	\$ 53,400
Thomas J. O’Neil	\$ 69,800	\$ 8,900	\$ 78,700
Cynthia B. Bezik	\$111,100	\$ 400(1)	\$111,500(1)

(1) Reflects benefits payable without taking into account the additional credit pursuant to the Separation Agreement described in footnote (9) to the Summary Compensation Table.

AGREEMENTS AND TRANSACTIONS

Effective January 1, 2000, the Company entered into severance agreements with named executive officers John S. Brinzo, Director, Chairman, President and Chief Executive Officer, William R. Calfee, Executive Vice President-Commercial, Thomas J. O'Neil, President-Cliffs International Division and Cynthia B. Bezik, former Senior Vice President and Chief Financial Officer; effective April 16, 2001, the Company entered into a severance agreement with named executive officer David H. Gunning, Director and Vice Chairman; and effective March 9, 2004 the Company entered into a severance agreement with named executive officer, Edward C. Dowling, Executive Vice President — Operations and one other executive officer (“Agreements”). The Agreement with Ms. Bezik was terminated upon her termination of employment from the Company on July 29, 2003. The Agreements specify certain financial arrangements that the Company will provide upon the termination of such officers’ employment with the Company under certain circumstances. The Agreements are intended to ensure continuity, stability and fair treatment of such executive officers of the Company in the event of a “change in control” of the Company (as defined in the Agreements). The terms of the Agreements are automatically extended on January 1 of each year, for an additional year, unless the Company or the officer give notice, not later than September 30 of the immediately preceding year, that it or they do not want the terms extended. The terms currently expire on December 31, 2005.

Under the Agreements, if during the two-year period following a “change in control”, the officer is terminated by the Company without “cause”, or resigns after (1) not being maintained in his or her prior position, (2) being reduced in duties, compensation or benefits, (3) determining he or she is unable to carry out his or her duties and responsibilities, or (4) being relocated without his or her consent (and also in the case of J. S. Brinzo, resigns within 30 days following the first anniversary of a “change in control”), such officer would be entitled (a) to lump sum payments of three years of base pay and incentive compensation, (b) to a lump sum payment of the then present value of the unfunded pension benefits that he or she would be entitled to receive three years after his or her termination of employment, and (c) to continue participation in medical and other welfare benefit plans for three years after his or her termination of employment. The Agreements also entitle the officers to vesting of all incentive pay at the greater of target or actual performance, and medical and life insurance benefit continuation for life upon retirement or following termination, unless the termination was for “cause”. In addition, the Agreements provide that the officers are eligible for reimbursement of outplacement expenses up to 15 percent of base pay. The Company will protect the officers against any imposition of excise tax on “excess parachute” payments under the Internal Revenue Code by providing “gross up” payments to the officers. The Agreements provide that the officers will not compete with the Company for two years following their termination of employment under the Agreements.

None of these Agreements create employment obligations for the Company. Both before and after the occurrence of a “change in control”, the Company may terminate the employment of any of such officers for “cause”, without an obligation to pay severance compensation or benefits.

Effective January 1, 2000, the Company implemented the Change in Control Severance Pay Plan (“Severance Plan”), the participants of which presently include named executive officer R. L. Kummer. The Severance Plan is designed to assure continuity, stability, and fair treatment of employees in key positions in the event of a “change in control” of the Company (as defined in the Severance Plan). Under the Severance Plan, if during the two-year period following a “change in control”, in the case of a Senior Vice President, Vice President, or Secretary of the Company, a participant is terminated by the Company without “cause” or resigns after (1) not being maintained in his or her prior position, (2) being reduced in compensation or benefits, or (3) being relocated without consent, he or she is entitled to (a) receive a lump sum payment in the amount of two years of base pay and incentive compensation, (b) receive a lump sum payment of the then present value of the pension benefits that he or she would be entitled to receive two years after his or her termination of employment, and (c) continue participation in medical and other welfare benefit plans for two years after his or her termination of employment; or in the case of a Mine Manager of a Subsidiary of the Company, a participant is terminated without “cause” or resigns after (1) being reduced in compensation or benefits or (2) being relocated without consent, he or she is entitled to (a) receive a lump sum payment in the amount of one year of base salary and incentive compensation, (b) receive a lump sum payment of the present value of the unfunded pension benefits that he or she would be entitled to receive two years after his or her termination of employment, and (c) continue participation in medical and other welfare benefit plans for one year after his or her termination

of employment. Participants are entitled to vesting of all incentive pay at the greater of target or actual performance, and to medical and life insurance benefit continuation for life following termination, unless the termination was for “cause”. Also, participants are eligible for reimbursement of outplacement expenses up to 15 percent of base pay. The Severance Plan provides that the participants will not compete with the Company for the two or one year period for which they are receiving severance pay. Individuals who would be covered by the Severance Plan, but who receive severance pay and benefits pursuant to the Agreements or another plan or agreement signed on behalf of the Company, are not entitled to benefits under the Severance Plan. All benefits payable under the Severance Plan are to be derived from the Company’s then current operating funds. None of the obligations of the Company described above exist unless a “change in control” has occurred. The Company will protect the participant against imposition of any excise tax on “excess parachute” payments under the Code by providing “gross up” payments to the participant. The termination date of the Severance Plan has been automatically extended through December 31, 2005, and will be automatically extended on January 1 of each year following, unless the Company gives notice that the termination date is not to be extended.

The Company has two trust agreements with KeyBank National Association which relate to the Agreements and the Severance Plan. The first such trust agreement provides for the payment of the benefits arising under the Agreements, and the second trust agreement provides for reimbursement of legal fees and expenses incurred by the officers in enforcing their rights under the Agreements and by the key employees under the Severance Plan.

The Company has indemnification agreements (“Indemnification Agreements”) with each current member of the Board of Directors. The form and execution of the Indemnification Agreements were approved by the Company’s shareholders at the Annual Meeting convened on April 29, 1987. Such Indemnification Agreements essentially provide that to the extent permitted by Ohio law, the Company will indemnify the indemnitee against all expenses, costs, liabilities and losses (including attorneys’ fees, judgments, fines or settlements) incurred or suffered by the indemnitee in connection with any suit in which the indemnitee is a party or otherwise involved as a result of his or her service as a member of the Board. In connection with the foregoing Indemnification Agreements, the Company has a trust agreement with KeyBank National Association pursuant to which the parties to the Indemnification Agreements may be reimbursed with respect to enforcing their respective rights under the Indemnification Agreements.

In order to promote mutual appreciation of management and union interests, the Company and the United Steel Workers of America (“USWA”) reached agreement in 1996 on a process to jointly designate a member of the Board of Directors of the Company, pursuant to a general understanding between the USWA and certain Company subsidiaries reached in 1993. Such designee would be subject to annual nomination by the Company, election by vote of the shareholders, and all laws and Company policies applicable to the Board of Directors. In the event a member is jointly designated in the future, the total number of Directors will be increased to include such designee. Under the settled labor negotiations in 1999 with the USWA, the agreement was extended to July 31, 2004.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 (“Exchange Act”) requires the Company’s Directors and officers and persons who own ten percent or more of a registered class of the Company’s equity securities, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the SEC. Directors, officers and ten percent or greater shareholders are required by SEC regulations to furnish the Company with copies of all Forms 3, 4 and 5 they file.

Based solely on the Company’s review of the copies of such Forms it has received, and written representations by such persons, the Company believes that all of its Directors and officers complied with all filing requirements applicable to them with respect to transactions in the Company’s equity securities during the fiscal year ended December 31, 2003.

INDEPENDENT AUDITORS FEES AND SERVICES

The Audit Committee of the Board of Directors has retained the firm of Ernst & Young LLP as independent auditors to examine the books of account and other records of the Company and its consolidated subsidiaries for the fiscal year ending December 31, 2003. Representatives of Ernst & Young LLP are expected to be present at

Table of Contents

the Meeting. Such representatives will have an opportunity to make a statement if they so desire and are expected to be available to respond to appropriate questions.

Fees for professional services provided by our independent auditors in each of the last two fiscal years, in each of the following categories (in thousands) are:

	2003	2002
Audit Fees (1)	\$627	\$544
Audit-Related Fees (2)	105	89
Tax Fees (3)	-0-	50
All Other Fees	-0-	-0-

- (1) Audit Fees consist of fees billed for professional services rendered for the audit of the Company's annual consolidated financial statements for the year ended December 31, 2003 and reviews of the interim financial statements included in quarterly reports and services that are normally provided by the Company's independent auditors in connection with regulatory filings.
- (2) Audit-Related Fees consist of fees billed primarily for accounting consultations, employee benefit plan audits and agreed-upon procedures.
- (3) Tax Fees consist of fees billed for professional services rendered for primarily expatriate tax services.

The Audit Committee's policy is to pre-approve all audit and non-audit services provided by the Company's independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The Audit Committee has delegated pre-approval authority to the Audit Committee Chairman, or any Audit Committee Member in his absence, when expedition of services is necessary, with such pre-approval disclosed to the full Audit Committee at its next scheduled meeting. None of the fees paid to the independent auditors under the categories "Audit-Related," "Tax" and "All Other Fees" described above were approved by the Audit Committee after services were rendered pursuant to the de minimis exception established by the Securities and Exchange Commission.

GENERAL INFORMATION

The cost of soliciting proxies will be paid by the Company. In addition to solicitation by mail, solicitations may also be made by personal interview, telegram and telephone. Arrangements will be made with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy material to their principals, and the Company will reimburse them for their expenses in so doing. Officers and other regular employees of the Company, as yet undesignated, may also request the return of proxies by telephone, telegram, or in person. Finally, the Company has retained Georgeson Shareholder Communications Inc., New York, New York, to assist in the solicitation of proxies using the means referred to above, at an anticipated cost of \$10,000, plus reasonable expenses.

Pursuant to regulations of the SEC, the material appearing under the captions "Audit Committee Report," "Audit Committee Charter," "Compensation Committee Report on Executive Compensation" and "Shareholder Return Performance" are not deemed to be soliciting material or to be filed with the SEC or subject to Regulation 14A promulgated by the SEC or Section 18 of the Securities Exchange Act of 1934.

The Common Shares and Preferred Shares represented by properly authorized proxies will be voted as specified. It is intended that the Common Shares and the Preferred Shares represented by proxies on which no

Table of Contents

specification has been made will be voted FOR the election of the nominees for Director named herein or such substitute nominees as the Board of Directors may designate and at the discretion of the persons named as proxies on all other matters which may properly come before the Meeting.

At the Meeting, the results of shareholder voting will be tabulated by the inspector of elections appointed for the Meeting. The Company intends to treat properly authorized proxies as "present" for purposes of determining whether a quorum has been achieved at the Meeting. The candidates for Directors receiving a plurality of the votes will be elected. Votes withheld in respect of the election of Directors will not be counted in determining the outcome of that vote.

If notice in writing shall be given by any shareholder to the President, a Vice President or the Secretary, not less than 48 hours before the time fixed for the holding of the Meeting, that such shareholder desires that the voting for the election of Directors shall be cumulative, and if an announcement of the giving of such notice is made upon the convening of the Meeting by the Chairman or Secretary or by or on behalf of the shareholder giving such notice, each shareholder shall have the right to cumulate such voting power as he or she possesses at such election. Under cumulative voting a shareholder may cast for any one nominee as many votes as shall equal the number of Directors to be elected, multiplied by the number of his or her Common Shares and/or Preferred Shares. All of such votes may be cast for a single nominee or may be distributed among any two or more nominees as he or she may desire. If cumulative voting is invoked, and unless contrary instructions are given by a shareholder who signs a proxy, all votes represented by such proxy will be cast in such manner and in accordance with the discretion of the person acting as proxy as will result in the election of as many of the Board of Directors' nominees as is possible.

OTHER BUSINESS

It is not anticipated that any other matters will be brought before the Meeting for action; however, if any such other matters shall properly come before the Meeting, it is intended that the persons authorized under proxies may, in the absence of instructions to the contrary, vote or act thereon in accordance with their best judgment.
