**SIGNET REPORTS THIRD QUARTER FINANCIAL RESULTS**  
**SAME STORE SALES INCREASE 3.2%, DILUTED EPS \$0.42**  
**KAY SAME STORE SALES UP 5.8%**

**HAMILTON, Bermuda, November 26, 2013** – Signet Jewelers Ltd (“Signet”) (NYSE and LSE: SIG), the largest specialty retail jeweler in the US and the UK, today announced its results for the 13 weeks (“third quarter Fiscal 2014”) and the 39 weeks ended November 2, 2013.

Mike Barnes, Chief Executive Officer, commented: “We are pleased with our third quarter results, led by a Kay same store sales increase of 5.8%. I would like to thank all Signet associates for their contributions.

We are excited about our recently announced acquisition of a diamond polishing factory in Gaborone, Botswana. This acquisition will enable us to secure additional, reliable and consistent supplies of diamonds for our customers. It will also help us to achieve further efficiencies in the supply chain, while we continue to strengthen our relationships with our existing vendors.

We believe we are well-prepared for the holiday season. Our talented sales teams are well-trained and ready to provide customers with an outstanding shopping experience. Our compelling merchandise assortments will be supported by new, innovative advertising campaigns together with a variety of technology initiatives. Collectively, these competitive strengths have us well-positioned for the fourth quarter.”

**2014 Guidance:**

For the fourth quarter, the Company expects:

- Same store sales to increase in the low-to-mid single-digit range.
- In the fourth quarter, gross margin is expected to be relatively consistent with the prior year.
- Diluted earnings per share (“EPS”) are expected to be in the range of \$2.30 to \$2.40, based on an estimated 80.3 million weighted average common shares outstanding.

For the full Fiscal 2014 year, the Company anticipates:

- Approximately 80.7 million weighted average common shares outstanding.
- Capital expenditures in the range of \$180 million to \$185 million, which includes costs related to: (i) the opening of 75 to 85 new Kay and Jared stores, (ii) store remodels, (iii) digital and information technology infrastructure, and (iv) outlet channel development.

**Third Quarter Fiscal 2014 Sales Highlights:**

Total sales were \$771.4 million, up \$55.2 million or 7.7% compared to \$716.2 million in the 13 weeks ended October 27, 2012 (“third quarter Fiscal 2013” or “prior year third quarter”). Same store sales increased 3.2% compared to an increase of 1.4% in the third quarter Fiscal 2013. eCommerce sales were \$22.8 million compared to \$19.6 million in the third quarter Fiscal 2013, up \$3.2 million or 16.3%.

- In the US division, total sales were \$632.1 million (third quarter Fiscal 2013: \$575.6 million), up \$56.5 million or 9.8%. Same store sales increased 4.2% compared to an increase of 1.2% in the third quarter Fiscal 2013. Sales increases were driven by particular strength in bridal, colored diamonds and watches. Kay and Jared experienced increases in both transaction counts and average transaction value. eCommerce sales in the US were \$16.2 million compared to \$14.5 million in third quarter Fiscal 2013, up \$1.7 million or 11.7%. The eCommerce growth reflects the anniversary of the website re-launch in October 2012.
- In the UK division, total sales were \$139.3 million (third quarter Fiscal 2013: \$140.6 million), down \$1.3 million or 0.9%. Same store sales decreased 0.9% compared to an increase of 2.3% in the third quarter Fiscal 2013. Bridal and diamond sales increased in the third quarter. The number of transactions also increased, while the average transaction value declined, with Ernest Jones impacted from Rolex being offered in fewer stores. Watches were strong in Ernest Jones, excluding Rolex. eCommerce sales in the UK were \$6.6 million compared to \$5.1 million in third quarter Fiscal 2013, up \$1.5 million or 29.4%.

1. Based only on stores operated for 12 months.
2. The 53rd week in Fiscal 2013 has resulted in a shift in Fiscal 2014, as the fiscal year began a week later than the previous fiscal year. As such, same store sales are being calculated by aligning the weeks of the quarter to the same weeks in the prior year. Total reported sales continue to be calculated based on the reported fiscal periods, with the difference being reported within non-same store sales.
3. Includes all sales from stores not open or owned for 12 months, including results from all store locations acquired in the Ultra acquisition and sales of Signet's diamond sourcing initiative.
4. Non-GAAP measure.
5. Includes results for all store locations acquired in the Ultra acquisition. The change from previous year is calculated as a percentage of total US sales.
6. Includes stores selling under the Leslie Davis nameplate.

#### Third Quarter Fiscal 2014 Selected Financial Highlights:

Consolidated gross margin was \$239.2 million or 31.0% of sales compared to \$235.4 million or 32.9% of sales in the third quarter Fiscal 2013. The inclusion of the results for Ultra decreased the consolidated gross margin rate by 60 basis points and the US gross margin rate by 80 basis points. The Ultra gross margin is lower than the core US business due to lower Ultra store productivity and the impact of the Ultra integration.

- Gross margin dollars in the US increased by \$6.0 million compared to third quarter Fiscal 2013, reflecting higher sales offset by a gross margin rate decrease of 220 basis points. The lower gross margin rate was primarily attributed to a gross merchandise margin rate decline of 100 basis points, 60 basis points of which were attributed to Ultra, with the remaining decrease primarily due to the net impact of gold hedge losses associated with the decline in gold prices earlier this year. In addition, lower gold spot prices reduced the recovery on trade-ins and inventory by 40 basis points, store occupancy deleveraged by approximately 20 basis points primarily due to the inclusion of Ultra, and a change in the US net bad debt expense reduced gross margin by 20 basis points as the US net bad debt ratio was 5.6% of sales compared to 5.4% of sales in prior year third quarter. The increase in the ratio was primarily due to the growth in the outstanding receivable balance from increased credit penetration and change in credit program mix.
- In the UK, gross margin dollars decreased \$2.2 million, primarily reflecting the impact of decreased sales and a gross margin rate decrease of 140 basis points. The lower gross margin rate was primarily attributed to a 60 basis point decrease in the gross merchandise margin rate due to increased promotional sales and a 50 basis point decline due to lower recovery rates on inventory, with the remaining decrease primarily due to deleverage of expenses on lower sales.

Selling, general and administrative expenses (“SGA”) were \$233.4 million (third quarter Fiscal 2013: \$222.6 million), up \$10.8 million or 4.9%. As a percentage of sales, SGA decreased by 90 basis points to 30.2%. The inclusion of the results for Ultra increased SGA by \$8.4 million, which was partially offset by expense reductions in the UK and Corporate totaling \$6.6 million. In the US, SGA expenses increased primarily due to higher sales, and as a percentage of sales were essentially flat, as spending remained well-controlled.

Other operating income, net was \$45.8 million (third quarter Fiscal 2013: \$39.7 million), up \$6.1 million or 15.4%. This increase was primarily due to higher interest income earned from higher outstanding receivable balances in the US.

Operating income was \$51.6 million (third quarter Fiscal 2013: \$52.5 million), down \$0.9 million or 1.7%. Operating margin declined 60 basis points to 6.7%.

- The US division’s operating income including Ultra was \$60.3 million (third quarter Fiscal 2013: \$65.3 million), down \$5.0 million or 7.7%. Operating margin for the US division including Ultra was 9.5% (third quarter Fiscal 2013: 11.3%). Excluding Ultra, the US division’s operating income was \$64.2 million or 10.6% of sales.
- The UK division’s operating loss was \$4.4 million (third quarter Fiscal 2013: \$5.5 million loss), an improvement of \$1.1 million. Operating margin for the UK division increased by 70 basis points to (3.2)% (third quarter Fiscal 2013: (3.9)%).

Income tax expense was \$17.1 million (third quarter Fiscal 2013: \$16.7 million), an effective tax rate of 33.7% (third quarter Fiscal 2013: 32.4%).

Net income was \$33.6 million, or \$0.42 per diluted share (third quarter Fiscal 2013: \$0.43), down \$0.01 or 2.3%. Excluding Ultra, EPS increased \$0.02 to \$0.45, up 4.7%. The weighted average diluted number of common shares outstanding was 80.3 million compared to 80.9 million in the third quarter Fiscal 2013.

### Balance Sheet and Other Highlights at November 2, 2013:

Cash and cash equivalents were \$87.8 million compared to \$166.0 million as of October 27, 2012 due to higher earnings offset principally by share repurchases, store remodels and the Ultra acquisition.

Signet repurchased 371,713 shares in the third quarter Fiscal 2014 at an average cost of \$67.26 per share. As of November 2, 2013, there was \$300 million remaining under Signet’s 2013 share repurchase authorization program.

Net accounts receivable were \$1,123.5 million, up 12.6% compared to \$998.2 million as of October 27, 2012. In the US the credit participation rate was 58.8% in the 39 weeks ended November 2, 2013 (“year to date Fiscal 2014”) compared to 59.0% in the 39 weeks ended October 27, 2012 (“year to date Fiscal 2013”). Excluding the sales from Ultra, the credit participation rate was 60.4% compared to 59.0% in year to date Fiscal 2013, driven primarily by higher bridal and branded sales.

Net inventories were \$1,644.9 million, up 9.0% compared to \$1,508.5 million as of October 27, 2012. The increase was primarily due to the Ultra acquisition of \$41.4 million and rough diamond inventory of \$52.0 million, which was an increase of \$19.5 million over prior year. Excluding these items, inventory increased by 5.0%.
