SOLICITATION OF PROXIES

THIS MANAGEMENT INFORMATION CIRCULAR IS PROVIDED IN CONNECTION WITH THE SOLICITATION OF PROXIES BY THE MANAGEMENT OF GOLDEN STAR RESOURCES LTD. (the “Corporation”) for the annual general and special meeting of the shareholders of the Corporation (the “Meeting”) to be held on Wednesday, May 11, 2011, at 2:00 p.m. (Toronto time) in the St. Lawrence/Rideau Boardroom at Fasken Martineau DuMoulin LLP, 333 Bay Street, Suite 2400, Bay Adelaide Centre, Toronto, Ontario, Canada, M5H 2T6 or at any adjournment or postponement thereof for the purposes set forth in the accompanying Notice of Meeting. This Management Information Circular and the accompanying form of proxy (“Proxy”) are expected to be mailed to the shareholders commencing on or about April 11, 2011.

Although it is expected that the solicitation of Proxies will be primarily by mail, Proxies may also be solicited personally or by telephone or personal interview by regular employees of the Corporation, at a nominal cost to the Corporation. Shareholders may also obtain Proxies on our website at http://www.gsr.com/proxy_2011. In accordance with applicable laws, arrangements have been made with brokerage houses and other intermediaries, clearing agencies, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of the common shares (the “Common Shares”) of the Corporation held of record by such persons and the Corporation may reimburse such persons for reasonable fees and disbursements incurred by them in doing so.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the enclosed Proxy, Thomas G. Mair, President and Chief Executive Officer of the Corporation, or failing him, John A. Labate, Senior Vice President and Chief Financial Officer of the Corporation, have been designated by the board of directors of the Corporation and have indicated their willingness to represent as proxy each shareholder who appoints them. **A SHAREHOLDER HAS THE RIGHT TO DESIGNATE A PERSON (WHO NEED NOT BE A SHAREHOLDER) OTHER THAN THOMAS G. MAIR OR JOHN A. LABATE, BEING THE MANAGEMENT DESIGNEES, TO REPRESENT HIM OR HER AT THE MEETING.** Such right may be exercised by inserting in the space provided for that purpose on the Proxy the name of the person to be designated and deleting or striking therefrom the names of the management designees, or by completing another proper form of proxy. Such shareholder should notify the nominee of his or her appointment, obtain a consent to act as proxy and provide instructions on how the shareholder's Common Shares are to be voted. In any case, the form of proxy should be dated and executed by the shareholder or an attorney authorized in writing, with proof of such authorization attached where an attorney executed the proxy form. A form of proxy will not be valid for the Meeting or any adjournment or postponement thereof unless it is completed and delivered by no later than 5:00 p.m. (Toronto time) on Tuesday, May 10, 2011 or, if the Meeting is adjourned or postponed, no later than 5:00 p.m. (Toronto time) on the business day immediately prior to the day of the reconvening of the adjourned or postponed Meeting, to either (i) in the case of Common Shares which are registered on the books of the Corporation for trading on the Toronto Stock Exchange ("TSX") or on the NYSE Amex (a shareholder whose Common Shares are so registered will receive an envelope that accompanies this Management Information Circular bearing the following address), to Attention: Proxy Department, CIBC Mellon Trust Company, P.O. Box 721, Agincourt, Ontario, Canada, M1S 0A1, or (ii) in the case of Common Shares which are registered on the books of the Corporation for trading on the Ghana Stock Exchange (a shareholder whose Common Shares are so registered will receive an envelope that accompanies this Management Information Circular bearing the following address), to Attention: The Registrar, Ghana Commercial Bank Limited, Share Registry, Head Office, P.O. Box 134, Accra, Ghana. Late Proxies may be accepted or rejected at any time prior to the commencement time of the Meeting by the Chairman of the Meeting in his discretion and the Chairman is under no obligation to accept or reject any particular late Proxy.

In addition to revocation in any other manner permitted by law, a shareholder who has given a Proxy may revoke it at any time before it is exercised, by instrument in writing executed by the shareholder or by his attorney authorized in writing and deposited either at the registered office of the Corporation, being Suite 2400, 333 Bay Street, Bay Adelaide Centre, Toronto, Ontario, Canada M5H 2T6, Attention: Golden Star Resources Ltd. at any time up to and including the last business day preceding the day of the Meeting, or any adjournment or postponement thereof, at which the Proxy is to be used, or with the Chairman of the Meeting on the day of the Meeting or any adjournment or postponement thereof, before any votes in respect of which the Proxy is to be used shall have been taken. In addition, a Proxy may be revoked by the shareholder personally attending at the Meeting, by registering with the scrutineers and voting his, her or its Common Shares.

ADVICE TO BENEFICIAL SHAREHOLDERS

The information set forth in this section is of significant importance to many shareholders of the Corporation as a substantial number of shareholders do not hold their Common Shares in their own names. Shareholders of the Corporation who do not hold their Common Shares in their own names (referred to herein as "Beneficial Shareholders") should note that only proxies deposited by shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a shareholder by a broker, then, in almost all cases, those shares will not be registered in the shareholder's name on the records of the Corporation. Such shares will more likely be registered under the name of an intermediary, typically a shareholder's broker or an agent or nominee of that broker, such as a clearing agency in which the broker participates. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc.), and in the United States, the vast majority of such shares are registered in the name of Cede & Co. (the registration name of The Depository Trust Company), which entities act as nominees for many brokerage firms. Common Shares held by brokers or their agents or nominees may be voted for or against resolutions or withheld from voting upon the instructions of the Beneficial Shareholder. Copies of this document have been distributed to intermediaries who are required to deliver them to, and seek voting instructions from, our Beneficial Shareholders. **However, without specific instructions, an intermediary is prohibited from voting shares for Beneficial Shareholders. Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their Common**

Table of Contents

Shares are communicated to the appropriate person and carefully follow the instructions provided by the intermediary in order to ensure that their Common Shares are voted at the Meeting.

Every intermediary has its own mailing procedures and provides its own return instructions to Beneficial Shareholder clients. Often, the form of proxy supplied to a Beneficial Shareholder by its intermediary is identical to the Proxy provided to registered shareholders. However, its purpose is limited to instructing the registered shareholder (the intermediary) how to vote on behalf of the Beneficial Shareholder. The majority of intermediaries now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“Broadridge”). Broadridge typically applies a special sticker to the proxy forms, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to return the proxy forms to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the meeting. **A Beneficial Shareholder receiving a proxy with a Broadridge sticker on it cannot use that proxy to vote Common Shares directly at the Meeting – the proxy must be returned to Broadridge well in advance of 5:00 p.m. (Toronto time) on Tuesday, May 10, 2011 in order to have the Common Shares voted.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his intermediary, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote such Common Shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered shareholder should enter their own names in the blank space on the form of proxy provided to them and return the same to their intermediary in accordance with the instructions provided by such intermediary, well in advance of the Meeting.

All references to shareholders in this Management Information Circular and the accompanying Notice of Meeting and Proxy are to shareholders of record unless specifically stated otherwise. Where documents are stated to be available for review or inspection, such items will be shown upon request to registered shareholders who produce proof of their identity.

VOTING OF PROXIES

The persons named in the enclosed Proxy are directors and/or officers of the Corporation who have indicated their willingness to represent as proxy the shareholders who appoint them. Each shareholder may instruct the shareholder’s proxy how to vote the shareholder’s Common Shares by completing the blanks on the Proxy.

All Common Shares represented at the Meeting by properly executed Proxies will be voted (including the voting on any ballot), and where a choice with respect to any matter to be acted upon has been specified in the Proxy, the Common Shares represented by the Proxy will be voted or withheld from voting in accordance with such specification. **IN THE ABSENCE OF ANY SUCH SPECIFICATION, THE MANAGEMENT DESIGNEES, IF NAMED AS PROXY, WILL VOTE FOR THE MATTERS SET OUT THEREIN.**

The enclosed Proxy confers discretionary authority upon the management designees, or other persons named as proxy, with respect to amendments to or variations of matters identified in the Notice of Meeting and any other matters which may properly come before the Meeting. As of the date hereof, the Corporation is not aware of any amendments to, variations of or other matters which may come before the Meeting. In the event that other matters come before the Meeting, then the management designees intend to vote in accordance with the judgment of the management of the Corporation.

VOTING SHARES AND SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The authorized capital of the Corporation consists of an unlimited number of Common Shares and an unlimited number of first preferred shares (the “First Preferred Shares”). As of March 14, 2011, a total of 258,559,486 Common Shares and no First Preferred Shares were issued and outstanding. The board of directors of the Corporation (the “Board” or the “Board of Directors”) has fixed March 14, 2011 as the record date for the determination of shareholders entitled to notice of and to vote at the Meeting and at any adjournment or postponement thereof. Each Common Share outstanding on the record date carries the right to one vote. The Corporation will arrange for the preparation of a list of the holders of its Common Shares on such record date. COMPENSATION DISCUSSION AND ANALYSIS

Overview of Compensation Philosophy and Program

To recruit and retain well qualified individuals as senior executives, the Corporation strives to maintain a competitive compensation program. The following objectives are considered in setting the compensation programs for the Chief Executive Officer (“CEO”), the Chief Financial Officer (“CFO”), the Chief Operating Officer (“COO”) and other executive officers named in the Executive Compensation Table below (collectively, the “Named Executive Officers” or “NEOs”):

- Set compensation and incentive levels that reflect competitive market practices;
- Provide a significant percentage of total compensation that is “at-risk”, or variable, based on pre-determined performance criteria; and
- Encourage stock holdings to align the interests of NEOs with those of shareholders.

Compensation Elements and Rationale for Pay Mix Decisions

To reward both short and long-term performance in the compensation program and in furtherance of the Corporation’s compensation objectives noted above, the Corporation’s executive compensation philosophy includes the following four principles.

(i) Compensation should be related to performance

A significant portion of a NEO’s compensation should be tied not only to individual performance, but also to the performance of the NEO’s business unit or function and to corporate performance measured against both financial and non-financial goals and objectives.

During periods when performance meets or exceeds the established objectives, NEOs should be paid at or more than target levels. When performance does not meet established objectives, incentive award payments, if any, should be less than such levels.

(ii) Incentive compensation should represent a large portion of a Named Executive Officer’s total compensation

A large portion of compensation is paid in the form of short-term and long-term incentives, which are calculated and paid based on financial measures including profitability and shareholder value creation and on individual performance. NEO’s have the incentive of increasing the Corporation’s profitability and shareholder return in order to earn a substantial portion of their compensation package.

(iii) Compensation levels should be competitive

A competitive compensation program is vital to the Corporation’s ability to attract and retain qualified senior executives. The Corporation annually reviews survey data and regularly assesses peer group data to ensure that the compensation program is competitive.

(iv) Incentive compensation should balance short and long-term performance

To reinforce the importance of balancing strong short-term annual results and long-term viability and success, NEOs receive both short and long-term incentives. Short-term incentives focus on the achievement of certain objectives for the upcoming year, while stock options and stock bonus awards create a focus on share price appreciation over the long term.

Oversight of Executive Compensation Program

The Compensation Committee of the Board of Directors oversees the compensation of the Named Executive Officers.

The Compensation Committee has taken the following actions to link pay and performance for NEOs:

- Application of performance-based awards in the Corporation’s long-term incentive programs;
- Alignment of compensation structures to a competitive pay strategy; and
- Periodic rotation of Compensation Committee members to promote a non-biased approach to pay considerations.

In determining the CEO’s compensation, the Compensation Committee annually evaluates the CEO’s performance and considers the Corporation’s performance and relative shareholder return, the compensation of chief executive officers at comparable companies and, with input from the CEO, such other factors that are deemed relevant. In determining the compensation of the other NEOs, the Compensation Committee evaluates each individual’s performance, recommendations of the CEO, the Corporation’s overall performance and comparable compensation paid to similarly situated officers in comparable companies.

Table of Contents

The Compensation Committee determines any annual bonus to be awarded to the CEO and the other NEOs based on a combination of the Corporation's performance for the year and the achievement by each person of both corporate and individual key performance indicators established by the Compensation Committee with input from the CEO as of the commencement of the applicable fiscal year.

Table of Contents

Compensation Consultants

The Compensation Committee has sole authority to retain and terminate any compensation consultant to be used to assist it in the evaluation of CEO or executive officer compensation. The Compensation Committee has sole authority to approve such consultants' fees and retention terms. The Compensation Committee also has authority to obtain advice and assistance from internal or external legal, accounting or other advisors.

The Corporation and the Compensation Committee believe that analyzing and assessing salaries at comparable companies and aligning executive base salaries and incentive compensation for NEOs are critical to a competitive compensation program.

The Compensation Committee has retained the Hay Group ("Hay") to assist in evaluating and setting executive cash and long term incentive compensation. The Compensation Committee believes that Hay's base of information provides a reliable source of compensation information.

In 2010, Hay compared the Corporation's compensation practices to those in the mining industry generally based on Hay's proprietary databases. Hay also provided an analysis of mining companies in several comparable groups. Based on the information presented by Hay, the Compensation Committee exercised its business judgment as to setting base salaries and incentive compensation levels for NEOs.

In determining compensation, the Board and the Compensation Committee also evaluate each NEO's level of responsibility and experience as well as company-wide performance. A NEO's success in achieving business results, promoting core values, improving health and safety and demonstrating leadership are also taken into account when reviewing base salaries. Annual bonus incentives and long-term incentives are targeted and paid out based on a percentage of base salary. Other elements of compensation are affected by changes in base salary.

Review of Senior Executive Performance

The Compensation Committee reviews, on an annual basis, compensation elements of each NEO. In each case, the Compensation Committee takes into account the scope of responsibilities and experience and balances these against competitive salary levels.

The CEO presents to the Compensation Committee his evaluation of each NEO, which includes a review of contribution and performance over the past year, strengths, weaknesses, development plans and succession potential. The Committee members also have some opportunity to interface with the NEOs during the year.

Elements of the Executive Compensation Program

Total compensation for NEOs consists of the following elements:

- Base salary
- Annual/short-term bonus incentive
- Long-term incentive compensation
- Health and welfare benefits (and 401(k) savings plan for U.S. based executives only)
- Perquisites
- Severance and change in control benefits

Base Salaries. NEO base salaries are determined by evaluating the NEO's level of responsibility and performance and the Corporation's performance, as well as general economic conditions and marketplace compensation trends. Recognition is given to outstanding individual performance, or to recognize an increase in responsibility; however, in general the Corporation's philosophy is that total NEO compensation above competitive median levels should be paid from the variable portion of the compensation package.

Annual Bonus Incentive. The annual bonus incentive provides each NEO with the opportunity to earn a bonus based on the achievement of specific company-wide, business unit or function and individual performance goals. Incentive bonuses may be paid in a combination of cash and stock as approved by the Compensation Committee at the beginning of each year for the prior fiscal year's performance. The Compensation Committee approves a target incentive payout as a percentage of the base salary earned during the incentive period for each NEO, based on competitive practices. The payout of the annual bonus incentive is targeted at 30% to 65% of base salary depending on the position of the NEO and can range from zero, if planned performance targets are not achieved, to 200% of target payout, if results significantly exceed planned performance.

Table of Contents

For 2010, the annual bonus, targets and objectives were determined based on a combination of achievement of corporate performance objectives and achievement of individual performance measures. Seventy percent of a NEO's bonus target was weighted on corporate objectives and 30% on individual performance measures. The Compensation Committee increased the weighting for corporate objectives to more closely align NEO's interests with those of shareholders. For 2010, corporate performance objectives included achieving budgeted production and cash costs from Bogoso/Prestea and Wassa, mineral reserve and resource replacement, free cash flow targets and safety objectives. The 2010 corporate objectives were defined in the 2010 operating plan and budget and individual performance measures for NEOs (other than the CEO) were defined and agreed to in early 2010 between each individual NEO and the CEO. The CEO's individual performance objectives were agreed to by the CEO and the Compensation Committee.

To illustrate with an example, if a NEO's base salary is \$200,000 with a target incentive bonus of 30% of base salary or \$60,000, then 70% of the \$60,000 target or \$42,000 would be weighted on corporate objective performance and 30% or \$18,000 would be weighted on individual performance. If 80% of the corporate objectives and 85% of individual performance measures were actually achieved, the final bonus calculation is:

Corporate: 80% achieved x \$42,000 = \$33,600

Individual: 85% achieved x \$18,000 = \$15,300

Total annual bonus earned = \$33,600 + \$15,300 = \$48,900

In early 2011, corporate performance objectives and individual performance measures were evaluated to determine which objectives and measures had been achieved and the impact on bonus percentages. It was agreed that approximately 67% of the corporate objectives had been achieved in 2010. Bonuses were determined to be paid to each of the NEOs based on this percentage and the individual performance of each NEO. See the "Summary Compensation Table" below for information regarding the 2010 annual bonus paid to each NEO.

Long-Term Incentive Compensation. Long-term incentives comprise a substantial portion of each NEO's compensation, consistent with the Corporation's at-risk pay philosophy. The objective is to provide NEOs with long-term incentive award opportunities that are consistent with performance. Currently, these incentives include stock options. Previous awards and grants, whether vested or unvested, have no impact on the current year's awards and grants.

Actual award amounts for long-term incentive awards may vary significantly based on Corporation and individual performance, market conditions, stock price and availability of stock options for grant. Awards are determined at the beginning of each year for the prior fiscal year's performance.

An important objective of the long-term incentive program is to strengthen the relationship between the long-term value of the Corporation's share price and the potential financial gain for employees. A stock option becomes valuable only if the price of the Common Shares increases above the option exercise price and the holder of the option remains employed during the period required for the option to vest, thus providing an incentive for an option holder to remain employed by the Corporation. In addition, stock options link a portion of an employee's compensation to shareholders' interests by providing an incentive to increase the market price of the shares.

In addition, the Board proposes to implement, subject to shareholder and stock exchange approval, a deferred share unit plan for the Corporation's directors and executive officers, as described under "Particulars of Matters to be Acted Upon – Approval of Deferred Share Unit Plan".

Health and Welfare Benefits Programs and 401(k) Savings Plan. The Corporation offers health and welfare programs and a 401(k) savings program to all eligible U.S. based employees. The NEOs generally are eligible for the same benefit programs on the same basis as the rest of the managerial workforce. The health and welfare programs are intended to protect employees against catastrophic loss and encourage a healthy lifestyle. The Corporation's health and welfare programs include medical, wellness, pharmacy, dental, vision, life insurance and accidental death and disability. Coverage under the life and accidental death and disability programs offer benefit amounts specific to NEOs. Premiums for supplemental life insurance are paid by the Corporation on behalf of a NEO.

The 401(k) savings plan is intended to supplement the employee's personal savings and social security. The Corporation adopted the 401(k) savings plan to enable employees to save for retirement through a tax-advantaged combination of employee and Corporation contributions and to provide employees the opportunity to directly manage their retirement plan assets through a variety of investment options. All U.S. based employees, including

Table of Contents

NEOs, are eligible to participate in the 401(k) savings plan. No savings plan is offered to NEOs who are based in non-U.S. locations. No other retirement plans are provided to NEOs.

A matching contribution is made to the 401(k) savings plan for each payroll period on behalf of each eligible member equal to 100% of the first 6% of an eligible member's pre-tax contributions and catch-up contributions. For 2010, the maximum limit on employee contributions to a 401(k) plan was \$16,500 for participants under age 50, and \$22,000 for participants age 50 and older. For participants who are considered "highly compensated," as defined by the Internal Revenue Code ("IRC"), this limit may be affected by annual nondiscrimination testing. The annual compensation limit under IRC Section 401(a)(17) which can be considered for employee and employer contributions was \$245,000 for 2010.

Perquisites. Named Executive Officers, as well as other eligible employees of the Corporation, are provided with the following, among other, benefits as a supplement to their other compensation:

- **Life Insurance & Accidental Death & Dismemberment Coverage** (also referred to as Personal Accident Insurance): The Corporation pays 100% of the premium for life insurance and accidental death and dismemberment coverage equal to three times the NEO's base salary, subject to certain limitations.
- **Short-Term and Long-Term Disability:** The Corporation pays 100% of the premium cost for short-term and long-term benefit programs for NEOs. The short-term disability program provides income replacement at 60% of base pay level (up to \$10,000 per month for salaried employees) beginning on the 15th day of disability for up to six months or recovery. Long-term disability then continues until recovery at 60% of the base pay level (up to \$10,000 per month for salaried employees) after being disabled for six months.
- **Expenses for Expatriates:** The Corporation pays an annual meal allowance of \$3,600 for NEOs working outside the United States or Canada. The Corporation also makes payments for foreign taxes, housing and utilities for expatriate NEOs.

The Compensation Committee annually reviews the perquisites provided to NEOs to determine if adjustments are appropriate.

Employment Agreements and Severance Arrangements. Upon certain types of terminations of employment (including a termination following a change in control of the Corporation), severance benefits are payable to the NEOs. These severance benefits are designed to attract and retain senior executives and to provide replacement income if their employment is terminated involuntarily other than for cause. Severance benefits are specifically provided for in each NEO's employment agreement. To be eligible to receive severance benefits under the terms of their employment agreements, a NEO must (i) be an executive on the date of termination, (ii) be involuntarily terminated (other than for cause), and (iii) execute and deliver a release agreement.

As at December 31, 2010, the Corporation or a subsidiary had entered into employment agreements with Messrs. Mair, Labate, Barr, Higson-Smith and Wasel. The Corporation also entered into an employment agreement with Mr. Sam Coetzer when he was appointed Chief Operating Officer on the retirement of Mr. Barr from that position on March 9, 2011. The material terms of the agreements include: (a) employment for one year with automatic renewal for successive one-year periods unless either the Corporation or the employee gives notice of non-renewal of the employment agreement; (b) a base salary (as set forth below under "Summary Compensation Table"); (c) severance payments upon a termination of employment without cause in an amount equal to the sum of (i) the employee's base salary, (ii) the average of the target bonus for the employee for the current calendar year and the bonus paid to the employee for the previous year, and (iii) amounts equal to the value of the previous year benefits; (d) a lump sum payment in the event of a termination upon a "Change of Control" (as referred to below) equal to two times the sum of the employee's base salary, the average of the target bonus for the employee for the current calendar year and the bonus paid to the employee for the previous year, plus amounts based on the value of previous year benefits and a portion of the target bonus for the employee for the current calendar year which is pro rated to the portion of such year prior to the employee's termination; and (e) participation in the Third Amended and Restated 1997 Stock Option Plan (as defined below), the Executive Bonus Plan (as defined below), and in such of the Corporation's benefit and deferred compensation plans as are from time to time available to executive officers of the Corporation. In addition, in the event of either a termination by the Corporation without cause or a termination

following a Change in Control, all unvested stock options immediately vest and remain exercisable for 12 months following termination. Mr. Higson-Smith may also be entitled to receive tax gross-up payments.

Subsequent to December 31, 2010, Mr. Mair's employment agreement was amended to provide that Mr. Mair is entitled to: (a) severance payments upon a termination of employment without cause in an amount equal to the sum of two times the sum of (i) Mr. Mair's base salary and (ii) the average of the target bonus for Mr. Mair for the current calendar year and the bonus paid to Mr. Mair for the previous year, and (iii) an amount equal to the value of the previous year's benefits; and (b) a lump sum payment in the event of a termination upon a "Change of Control" (as referred to below) equal to three times the sum of Mr. Mair's base salary, the average of the target bonus for Mr. Mair for the current calendar year and the bonus paid to Mr. Mair for the previous year, plus an amount based on the value of the previous year's benefits and a portion of the target bonus for Mr. Mair for the current calendar year which is prorated to the portion of such year prior to Mr. Mair's termination. In the event it shall be determined that any payment or distribution by the Corporation to or for the benefit of Mr. Mair would be subject to the excise tax imposed by Section 4999 of the U.S. tax code, then the payment shall be reduced to equal the maximum amount that may be paid to the Employee without triggering the application of the excise tax.

A "Change in Control" is defined, generally, as (i) the acquisition of more than 30% of the Corporation's voting stock by a person or group, (ii) board members at a specified date, or persons appointed or nominated by them, cease to constitute a majority of the board, or (iii) shareholders approve a merger of the Corporation (other than a merger in which the shareholders of the Corporation prior to the merger continue to own more than 50% of the outstanding stock of the surviving entity), a sale of substantially all of the Corporation's assets, or a liquidation. Change in Control severance benefits become payable under the terms of the employment agreements if, within 12 months (as applicable) following a Change in Control, the employee's employment is terminated by the Corporation or the surviving or successor entity without cause or the employee voluntarily terminates his/her employment for specified reasons. Such reasons include a substantial alteration in the nature or status of employment responsibilities, reduction in compensation or benefits, relocation, or breach by the surviving or successor entity of the employment agreement.

Resignation of Mr. Barr

Effective March 9, 2011, D. Scott Barr resigned as Executive Vice President and Chief Operating Officer of the Corporation. Mr. Barr entered into an amended and restated employment agreement with the Corporation pursuant to which he will serve as Advisor to the President and Chief Executive Officer and Chief Operating Officer. Mr. Barr will retire on April 15, 2012 unless the Corporation extends his employment term in its discretion. Upon retirement or if he is terminated without cause before that retirement, Mr. Barr is eligible to receive accrued compensation plus Consolidated Omnibus Budget Reconciliation Act of 1986, as amended (COBRA) and health insurance benefits for himself and his family until he reaches age 65.

Stock Option Plan

The Corporation's Third Amended and Restated 1997 Stock Option Plan (the "Third Amended and Restated 1997 Stock Option Plan") provides to certain key employees, consultants and directors (including non-employee directors) of the Corporation and its subsidiaries an incentive to maintain and to enhance the long-term performance of the Corporation through the acquisition of Common Shares pursuant to the exercise of stock options. The Third Amended and Restated 1997 Stock Option Plan provides for discretionary option grants to employees, consultants and directors.

Subject to certain other limitations, the maximum number of Common Shares authorized for issuance under the Third Amended and Restated 1997 Stock Option Plan is 25,000,000 Common Shares (or approximately 9.67% of the issued and outstanding Common Shares). As at March 14, 2011, 9,286,446 Common Shares (or approximately 3.59% of the issued and outstanding Common Shares) remain available for grant. An aggregate of 8,393,272 Common Shares (or approximately 3.25% of the issued and outstanding Common Shares) are issuable under options that have been granted under the Third Amended and Restated 1997 Stock Option Plan. As at March 14, 2011, 7,320,282 Common Shares (or approximately 2.83% of the issued and outstanding Common Shares) have been issued pursuant to exercised options. The maximum number of Common Shares in respect of which stock options may be granted and remain outstanding under the Third Amended and Restated 1997 Stock Option Plan shall not at any time, when taken together with all of the Corporation's other stock option plans or share compensation arrangements then either in effect or proposed, be such as to result in the number of Common Shares reserved for issuance to insiders pursuant to stock options exceeding 10% of the number of Common Shares that are outstanding immediately prior to the issuance of Common Shares in question. This shall exclude Common Shares issued pursuant to the Third Amended and Restated 1997 Stock Option Plan and the Corporation's other share compensation arrangements over the preceding one-year period. The total number of Common Shares that may be

Table of Contents

issued to any one optionee pursuant to options granted under the Third Amended and Restated 1997 Stock Option Plan or other stock option plans or share compensation arrangements of the Corporation cannot exceed 2% of the outstanding number of Common Shares from time to time. The maximum number of shares that may be issued to any optionee in any one calendar year is 800,000 Common Shares (or approximately 0.31% of the issued and outstanding Common Shares). Options may take the form of incentive stock options or non-qualified stock options. Incentive stock options may only be granted to employees of the Corporation and its subsidiaries.

The Compensation Committee makes recommendations to the Board regarding all option grants. The Board has the authority, subject to the terms of the Third Amended and Restated 1997 Stock Option Plan, to determine when and to whom to make grants under the Third Amended and Restated 1997 Stock Option Plan, the number of Common Shares to be covered by the grants, the terms of options granted and the exercise price of options, and to prescribe, amend and rescind rules and regulations relating to the Third Amended and Restated 1997 Stock Option Plan. Options granted under the Third Amended and Restated 1997 Stock Option Plan are exercisable over a period determined by the Board, but not to exceed ten years from the date of grant, and the exercise price of an option may not be less than the closing price of the Common Shares on the stock exchange on which the Common Shares principally trade on the day immediately preceding the date of grant. In addition, the grant of an option may be subject to vesting conditions established by the Board as provided in the option agreement evidencing the grant of such option. All options granted to non-employee directors vest immediately, and options granted to executive officers and other employees typically are subject to vesting as determined at the date of grant, which vesting is either as to one-third on grant, and one-third on each of the first and second anniversary dates, or as to one-fourth on grant and an additional one-fourth on each of the first, second and third anniversary dates.

In the event of an optionee's termination of employment or service prior to the time all or any portion of an option vests, such option, to the extent not vested or specifically extended by the Board, shall terminate. Except as otherwise provided by the Compensation Committee or the Board and subject to the specific terms of an optionee's employment contract, as the case may be, if an optionee ceases to be employed by, or provide services to, the Corporation for any reason (other than by reason of death), the optionee's options generally will expire 30 days following such termination in the case of a non-director optionee and within 12 months in the case of a director optionee. If the optionee dies while employed (or within the 30-day period referred to in the preceding sentence), all outstanding options, to the extent then vested, may be exercised within one year after the optionee's date of death by the person or persons to whom the optionee's rights pass. In no case may options be exercised later than the expiration date specified in the grant. Options may be transferred by an optionee only by will or by the laws of descent and distribution, and during his or her lifetime may be exercised only by an optionee during his or her lifetime.

The exercise price and the number of Common Shares to be purchased by an optionee upon the exercise of an option will be adjusted by the Compensation Committee in accordance with the terms of the Third Amended and Restated 1997 Stock Option Plan on the occurrence of certain corporate events or changes to the Common Shares.

The Third Amended and Restated 1997 Stock Option Plan provides that it will terminate, unless earlier terminated in accordance with its terms, on the tenth anniversary of its approval. The Third Amended and Restated 1997 Stock Option Plan was approved on May 6, 2010 at the annual general and special meeting of the Corporation's shareholders. The Third Amended and Restated 1997 Stock Option Plan provides that it generally may be amended or terminated at any time by the Compensation Committee. However, any such amendment or termination shall be subject to any necessary stock exchange, regulatory or shareholder approval. In addition, no amendment to an option may adversely affect the rights under such option without the consent of the optionee. No options can be granted under the Third Amended and Restated 1997 Stock Option Plan after May 6, 2020.

Bonus Plans

The Corporation has an Employees' Stock Bonus Plan (the "Stock Bonus Plan") for any full-time or part-time employee (whether or not a director) of the Corporation or any of its subsidiaries who has rendered meritorious services that contributed to the success of the Corporation or any of its subsidiaries. Up to 900,000 Common Shares (or approximately 0.3% of the issued and outstanding Common Shares) are authorized for issuance under the Stock Bonus Plan. The Stock Bonus Plan is currently administered by the Compensation Committee and provides for grants of bonus Common Shares on terms that the Compensation Committee recommends to the Board, within the limitations of the Stock Bonus Plan and subject to the rules of applicable regulatory authorities. The maximum number of Common Shares that may be issued under the Stock Bonus Plan in any calendar year will not exceed in the aggregate 2% of the total number of outstanding Common Shares at the end of the immediately preceding calendar year, provided that (i) no more than 1% of the total number of outstanding Common Shares at the end of

Table of Contents

the immediately preceding calendar year can be issued to any one insider, (ii) the total number of Common Shares issuable within any one-year period to all insiders of the Corporation pursuant to the Stock Bonus Plan and pursuant to the exercise of vested options granted under other share compensation arrangements cannot exceed 10% of the then outstanding Common Shares, and (iii) the total number of Common Shares issuable within any one-year period to an employee under the Stock Bonus Plan and such employee's associates pursuant to the Stock Bonus Plan and pursuant to the exercise of vested options granted under other share compensation arrangements cannot exceed 5% of the then outstanding Common Shares.

No Common Shares have been issued under the Stock Bonus Plan from January 1, 2011 to March 14, 2011. In 2010, no Common Shares were issued under the Stock Bonus Plan and the Named Executive Officers were not awarded and did not earn any Common Shares pursuant to the Stock Bonus Plan in respect of the 2010 fiscal year of the Corporation. As of March 14, 2011, an aggregate of 354,155 Common Shares (or approximately 0.01% of the issued and outstanding Common Shares) remain available for grant under the Stock Bonus Plan. The Compensation Committee has the right to amend or terminate the Stock Bonus Plan at any time in its discretion. In addition, certain amendments to the Stock Bonus Plan require shareholder and regulatory approval.

The Corporation also maintains an Executive Management Performance Bonus Plan (the "Executive Bonus Plan") under which the Corporation's executive officers and certain other management personnel are eligible for bonuses, including bonuses under the Stock Bonus Plan and cash bonus awards. Bonuses are awarded under the Executive Bonus Plan at the discretion of the Board, based on the Board's evaluation of the performance of both the Corporation and the participant measured against performance objectives established each year. No awards were given under the Executive Bonus Plan from January 1, 2011 to date.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

As described under “Compensation Discussion and Analysis – Elements of the Executive Compensation Program,” the Corporation or a subsidiary has entered into employment agreements with the following Named Executive Officers: Messrs. Mair, Labate, Barr, Higson-Smith and Wasel. For purposes of this discussion, “Corporation” shall refer to the Corporation or any subsidiaries as applicable. These employment agreements provide for payments and other benefits upon a termination without “cause” as defined in such employment agreements or upon a “Termination Upon a Change in Control” as defined in such employment agreements. The Corporation also entered into an employment agreement with Mr. Sam Coetzer when he was appointed Chief Operating Officer on the resignation of Mr. Barr from that position on March 9, 2011, which agreement contains the same provisions concerning payments and benefits upon a termination without “cause” or upon a “Termination Upon a Change in Control” as the agreements with Messrs. Labate, Higson-Smith and Wasel.

Upon retirement, the Corporation shall pay to a NEO all accrued salary, any benefits then due, accrued vacation pay and reimbursement of certain business expenses (“Accrued Compensation”).

Upon termination without “cause” the Corporation shall pay to a NEO Accrued Compensation plus severance compensation as described in “Compensation Discussion and Analysis – Elements of the Executive Compensation Program.” As a condition precedent to receipt of severance compensation, the NEO must sign a comprehensive release of all claims against the Corporation and all related entities and individuals. All stock options granted to the NEO under the Third Amended and Restated 1997 Stock Option Plan become immediately exercisable and vested and remain exercisable for a period of 12 months from the date of termination without “cause.”

Upon a “Termination Upon a Change in Control” the Corporation shall pay to a NEO Accrued Compensation plus Change in Control severance compensation as described in “Compensation Discussion and Analysis – Elements of the Executive Compensation Program.” As a condition precedent to receipt of Change in Control severance compensation, the NEO must sign a comprehensive release of all claims against the Corporation and all related entities and individuals. The Corporation will also provide the NEO with outplacement services, the cost of which shall not exceed an amount equal to 10% of such officer’s then current base salary. All stock options granted to the NEO under the Third Amended and Restated Stock Option Plan become immediately exercisable and vested and remain exercisable for a period of 12 months upon a “Change in Control.” Mr. Higson-Smith may also be entitled to receive tax gross-up payments.

Listed below are the terms of such payments and estimates regarding the amounts for each of the NEOs which would have been payable had such termination occurred on December 31, 2010.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The following information is provided in response to Canada’s National Instrument 58-101 and its companion Form 58-101F1:

Board of Directors

The current Board comprises seven directors, six of whom are independent by virtue of their not having a direct or indirect material relationship (as defined under applicable law and regulations) with the Corporation and under the independence standards of the NYSE Amex Company Guide. Mr. Mair is the Corporation’s President and Chief Executive Officer and, accordingly, is not independent.

Of the current Board members, Mr. Askew is a director of International Mining and Finance Corporation, Ausdrill Limited, OceanaGold Corporation, Conquest Mining Ltd. and served as a director of Asian Mineral Resources Ltd. until June 2010; Mr. Doyle is a director of Medoro Resources Ltd., Mandalay Resources Corporation, Detour Gold Corporation, and NXA Inc.; Mr. Fagin is a director of ATNA Resources Ltd. and Pacific Rim Mining Corp.; Mr. MacGregor served as director of Asian Mineral Resources Ltd until June 2010.; Mr. Martineau is a director of First Quantum Minerals Ltd. and Eurasia Mining Plc; and Mr. Thompson is a director of Teck Resources Limited and Geosynfuels, Inc. Each of these companies, except International Mining and Finance Corporation, Ausdrill Limited, Conquest Mining Ltd, Eurasia Mining Plc and Geosynfuels, Inc., is a reporting issuer or equivalent in Canada or another jurisdiction.

The Board follows the practice of including in each regularly scheduled Board meeting a discussion involving only the independent directors in the absence of management at which the independent directors have the opportunity to raise any matter they believe merits or requires discussion. Accordingly, for corporate governance disclosure purposes, the independent directors held two meetings in 2010 at which the non-independent director and members of management were not present.

Mr. Christopher Thompson serves as Chairman of the Board. As disclosed above, he is an independent director. The Chairman’s duties are described below in “Position Descriptions”.

Each director attended all Board meetings held in 2010 and each director attended all meetings of Committees of which he is a member.

Board Mandate

Table of Contents

While the Board has no written mandate as such, its duties and activities are performed in a manner that is considered responsive to statutory and other legal requirements and in accordance with best corporate governance practices.

The Board establishes overall policies and standards for the Corporation. The Board expects management to conduct the business of the Corporation in accordance with the Corporation's ongoing strategic plan as adopted by the Board. The Board regularly reviews management's progress in meeting these expectations. The Board is kept informed of the Corporation's operations at meetings of the Board and its committees and through reports and analyses and discussions with management. The Board normally meets five times a year in person, with additional meetings being held as needed. In 2010, there were a total of seven meetings of the Board.

The following is a summary of how the Board deals with matters pertaining to strategic planning, risk management, communication and internal control systems, and management and succession:

- Each year the Board reviews and approves planning assumptions and detailed monthly budgets for the following year and annual projections for the following five years. The Board monitors performance against budget through reporting by management in the form of monthly reports and Board papers.
- The Board seeks to identify and assess the principal risks of the Corporation's business which are wide-ranging because of the nature of the Corporation's business, including risks associated with operating in developing countries, maintaining control of the Corporation's assets and funds, assuring compliance with all relevant laws and regulations, political risks, exchange controls, environmental and safety risks, government regulatory or enforcement problems, title matters, civil unrest, and the availability of skilled management and labor forces.
- The CEO and the CFO provide shareholder communications on behalf of the Corporation, all of which are closely monitored by the Board.
- The Board periodically reviews the integrity of the Corporation's internal control and management information systems.
- The Board annually considers the overall performance in all key areas to identify those areas where additional skills may be required and to consider the measures required to ensure sufficient management depth for the ongoing management of the Corporation in the event of the loss of any key members of the Corporation's executive management team.
- The Board periodically reviews all key policies including the environmental and safety policies adopted by the Corporation and its affiliates and has established policies on safety, community relations and environment.

The Board has adopted policies to assure effectiveness of management information systems including policies on corporate control with respect to annual budgets, financial and budget reporting, activities reporting, acquisitions and dispositions of assets, joint ventures, spending authorities, contracts and investment banking services. Therefore, in addition to those matters that must by law, be approved by the Board, the Board approves, among other things, the terms of all significant acquisitions and dispositions of the mineral properties of the Corporation and its subsidiaries as well as joint venture agreements on such properties. Operating and capital budgets also require the Board's approval. The Board receives monthly reports on operational, financial and business development matters. Finally, because of the Board's relatively small size and significant industry experience, management is able to liaise regularly with the Board to discuss and seek approval for various activities.

Position Descriptions

The Board has adopted a position description for the Chairman of the Board whereby the Chairman presides over meetings of the Board, interfaces between the Board and senior management, including regular consultations with the President and CEO on a variety of matters of importance to the Corporation's business, its relationships with shareholders and other stakeholders and the relationship between the Board and management, including all matters which properly come within the scope of the duties and responsibilities of a non-executive Chairman to ensure that the Corporation fulfils its commitment of adherence to corporate governance best practices.

While no specific position description has been adopted for the chairs of each of the Corporation's four standing committees namely the Audit, Compensation, Nominating and Corporate Governance and Sustainability Committees, each chair is responsible for ensuring that the Committee over which he presides properly discharges the obligations imposed by its charter (available for inspection on the Corporation's website at www.gsr.com),

Table of Contents

interfacing with management and making required recommendations to the Board. In particular, the Chairman of the Audit Committee is responsible for a number of matters, such as communication with the Corporation's auditors in accordance with the SEC and the United States Sarbanes-Oxley Act of 2002 ("SOX") requirements to which the Corporation is subject.

The Board has adopted a position description for the Corporation's President and CEO which, among other things, is compliant with SOX requirements.

Orientation and Continuing Education

New directors are provided with the Corporation's committee charters and Board and Corporation policies and with non-public information on the Corporation's business and assets. They have access to Board members and senior management personnel before accepting a position as director to enable them to perform due diligence and to acquire the information required to begin performing their duties at an acceptable level. In the course of these due diligence activities, new directors are made aware of the role of the Board and its committees and the nature and operation of the Corporation's assets and business.

Management believes that each member of the current Board has the basic skills and knowledge required to function effectively as a director of the Corporation and that the individual skills and experience possessed by individual Board members are complementary to achieving a Board that can supervise the Corporation's business in a manner responsive to the interests of all stakeholders and in a responsible and ethical manner. Board candidates are selected based on the possession of such basic and complementary skills.

The chair of the Nominating and Corporate Governance Committee has a specific responsibility to ensure that Board members are kept up to date on corporate governance matters, and the directors' other business interests are such as to keep them abreast of corporate developments generally and those in the gold mining industry in particular. Except for 2009, the Board has made annual visits to the Corporation's production facilities in Ghana in the course of which Board members have had full opportunity to inspect the Corporation's assets and to interface with all levels of management and with local stakeholders.

Ethical Business Conduct

The relevant policies and codes, all of which are available on the Corporation's website, consist of:

- a Business Conduct and Ethics Policy (the "Policy") which applies to the Corporation, its subsidiaries, divisions and affiliates and which reaffirms that the observance of applicable law and ethical business conduct wherever the Corporation does business must be the guiding principle. The Corporation's Senior Vice President and CFO is responsible for monitoring compliance with the Policy and for communicating the Policy to employees. Employees are advised that they have a duty to report any known or suspected violation of the Policy, including any violation of the laws, rules, regulations or policies that apply to the Corporation. Employees are to report such violations to their supervisor, the Compliance Officer, or by following the procedures set out in the Corporation's Whistleblower Policy. It is ultimately the Board's responsibility for monitoring compliance with the Policy. The Board, through its Audit Committee, reviews the Policy annually to ensure that it complies with legal requirements and is in alignment with best practices. The Board has not granted any waiver of the Policy. Accordingly, no material change report has been required or filed;
- a Code of Ethics for Directors, Senior Executive and Financial Officers and Other Executive Officers adopted pursuant to Section 406 of SOX and the rules of the NYSE Amex to provide written standards of guidance to the affected individuals for honest and ethical conduct and compliance with applicable law. This Code of Ethics requires that individuals covered by its provisions report suspected violations to either of the Chairman of the Board or the Senior Vice President and CFO, in his capacity as Compliance Officer, and that the Board take appropriate action on any such reports. Amendments of/and waivers granted under the Code of Ethics will be disseminated on the Corporation's website (www.gsr.com);
- a Policy on Insider Trading and Reporting which mandates all appropriate trading restrictions on the Corporation's shares to which directors, officers, employees and others are subject under applicable law and as a matter of corporate policy; and
- a Whistleblower Policy whereby employees are required to report concerns regarding possible violations by employees or other persons of legal or regulatory requirements or internal policies relating to accounting standards and disclosures, internal accounting controls or matters related to the internal or external audit of

the Corporation's financial statements to any member of management, to the Audit Committee, or anonymously if the individual so chooses. The Audit Committee is responsible for dealing appropriately with all such reports.

As a matter of policy, the Board is required to approve the holding by any director or officer of a Board or executive position of another company creating a potential business or legal conflict affecting that individual's ability to properly carry out his duties and serve the Corporation's best interests. As a matter of law, Board members are required to disclose material interests in proposed transactions, after which the Board determines the propriety of the affected individual participating in either or both of discussion and voting, whether or not otherwise entitled to do either or both.

Nomination of Directors

As disclosed above, the Corporation's objective is to have a Board of Directors, each of whose members has the required experience, skills, judgment and character to perform effectively and ethically as a Board member and which, as a group, have skills complementary to the nature of the Corporation's business and the environment in which the Board operates. Potential Board candidates are identified and selected with reference to these criteria. The process is supervised by the Nominating and Corporate Governance Committee which is responsible for recommending candidates for nomination or re-election, as the case may be, as set out in its charter.

Compensation of Directors

The Compensation Committee, all of whose members are independent directors, is responsible for evaluating and making recommendations to the Board regarding the compensation to be paid to directors.

Board Leadership Structure and Role in Risk Oversight

The Chairman of the Board is an independent director and performs the functions described above in "Position Descriptions". Having an independent Chairman enables non-management directors to raise issues and concerns for Board consideration without immediately involving management. The Chairman also serves as a liaison between the Board and senior management. The Board has determined that the current structure, an independent chair, separate from the CEO, is the most appropriate structure at this time.

The Board oversees the risks involved in the Corporation's operations as part of its general oversight function, integrating risk management into the Corporation's compliance policies and procedures. While the Board has the ultimate oversight responsibility for the risk management process, the Audit Committee and the Compensation Committee have certain specific responsibilities relating to risk management. Among other things, the Audit Committee, pursuant to its charter, addresses company policies with respect to risk assessment and risk management, and reviews major risk exposures (whether financial, operating or otherwise) and the guidelines and policies that management has put in place to govern the process of assessing, controlling, managing and reporting such exposures. In addition, when recommending to the Board appropriate compensation for executive officers, the Compensation Committee considers the nature, extent and acceptability of risks that the executive officers may be encouraged to take by any incentive compensation. The Board also satisfies its risk oversight responsibility through full reports by each committee chair regarding the committee's considerations and actions, as well as through regular reports directly from officers responsible for oversight of particular risks within the Corporation.

Board Committees

There are four standing committees of the Board: Audit, Compensation, Nominating and Corporate Governance and Sustainability committees. Charters for each of the committees are available on the Corporation's website at www.gsr.com.

i) Audit Committee

The Audit Committee is currently comprised of Messrs. Robert E. Doyle (Chair), David K. Fagin and Ian MacGregor. The Board has determined that each of the members of the Audit Committee is financially literate, is an unrelated, outside member with no other affiliation with the Corporation and is independent as defined by the NYSE Amex Company Guide. The Board has determined that Mr. Doyle is the "audit committee financial expert" as defined by the SEC. Mr. Doyle, a chartered accountant since 1980, has served as Chief Financial Officer of numerous public companies dating as far back as 1982. Mr. Fagin has over 50 years of experience in consulting, banking, operations, executive management and has served as President and COO of two NYSE listed companies.

He attended the graduate School of Business of Southern Methodist University studying accounting and finance. Mr. Fagin has managed the persons responsible for preparation of budgets, financial reports and periodic financial statements in several public and private companies and has been involved in the financial and accounting activities and the auditor relationships for each such company. Mr. MacGregor has considerable experience reviewing and understanding financial statements in connection with public securities offerings, mergers and acquisitions and has served as a member of audit committees including those of the Corporation, Asian Mineral Resources Limited and the St. Lawrence Seaway Management Corporation.

The primary duties and responsibilities of the Audit Committee, as set out in its charter, are to oversee the financial reporting process, the system of internal control, the audit process, related party transactions, compliance with the Corporation's codes of ethics and the Corporation's process for monitoring compliance with laws and regulations. The Audit Committee is responsible for the appointment, compensation, retention, termination and oversight of the work of the independent auditor. In performing its duties, the Audit Committee maintains effective working relationships with the Board, management and the external auditors. To effectively perform his role, each committee member must obtain and maintain an understanding of the detailed responsibilities of committee membership as well as the Corporation's business, operations and risks. In addition, the Audit Committee recommends to the Board for approval the annual and quarterly financial statements, the annual and quarterly reports and certain other documents required by regulatory authorities. In connection with risk assessment, the Audit Committee reviews major financial, operating and other risk exposures and the guidelines, policies and insurance that management has put in place to govern the process of assessing, controlling, managing and reporting such exposures. The Audit Committee met four times during 2010.

ii) Compensation Committee

The Compensation Committee is comprised of Messrs. Michael Martineau (Chair), Christopher Thompson and Ian MacGregor, each of whom has been determined by the Board to be unrelated, outside member with no other affiliation with the Corporation and independent as defined by the NYSE Amex. The Compensation Committee, subject to Board approval and as set forth in its charter, supervises the evaluation and determination of compensation of executive officers, sets corporate-wide policy with respect to compensation and benefits, and administers the Third Amended and Restated 1997 Stock Option Plan (except with respect to grants to non-employee directors) and the Stock Bonus Plan. The Compensation Committee also oversees the detailed disclosure requirements regarding executive compensation. The Compensation Committee met four times in 2010.

iii) Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is currently comprised of Messrs. Ian MacGregor (Chair), Robert E. Doyle and Christopher Thompson. Each member of the Nominating and Corporate Governance Committee has been determined by the Board to be an unrelated, outside member with no other affiliation with the Corporation and independent as defined by the NYSE Amex. The Nominating and Corporate Governance Committee, as set forth in its charter, advises and makes recommendations to the Board concerning all corporate governance issues, including: Board and committee jurisdiction, composition, size and remuneration; adoption and implementation of policies designed to ensure that the Corporation follows best practices in corporate governance; and oversight of compliance with legislation, rules, regulations and guidelines enacted and adopted by governments, securities regulators and stock exchanges to whose jurisdiction the Corporation is subject. In addition, the Nominating and Corporate Governance Committee performs an annual appraisal of the performance of the Board, its committees, each director and the Board and committee chairs (see "Assessments" below).

The Nominating and Corporate Governance Committee is responsible for the assessment of the effectiveness and contribution of the Board, its committees and individual directors. The Nominating and Corporate Governance Committee annually reviews the overall performance of the Board and its committees based on a number of factors including the Board's performance in meeting the challenges that faced the Corporation over the previous 12 month period, the Board's relationship with management, and the overall effectiveness of the Board and its members.

The Nominating and Corporate Governance Committee periodically reviews the adequacy and form of compensation of directors in relation to the responsibilities and risks involved in being an effective director. See "Compensation of Directors" above.

The Nominating and Corporate Governance Committee is also responsible for supervising the nomination process including identifying and recommending nominees to the Board for eventual proposal as candidates for election as directors at the annual meeting of shareholders. The Nominating and Corporate Governance Committee considers candidates for Board membership who are suggested by members of the Nominating and Corporate Governance

Table of Contents

Committee, other Board members, members of management and shareholders of the Corporation. Once the Nominating and Corporate Governance Committee has identified prospective nominees for directorship, the Board is responsible for selecting such candidates. The Nominating and Corporate Governance Committee seeks to identify director candidates with solid business and other appropriate experience and expertise, having regard for the nature of the Corporation's business and the current composition of the Board, and commitment to devoting the time and attention necessary to fulfill their duties to the Corporation.

While the Corporation has not prepared a formal diversity policy with respect to evaluating nominees for director positions, the Nominating and Corporate Governance Committee's charter includes general factors to be considered in evaluating a prospective candidate to the Board, which factors include (i) the extent to which the candidate will enhance the objective of having directors with diverse viewpoints, and (ii) backgrounds, experience, expertise, skills and other demographics. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of skills, experience, and knowledge that will assure that the Board can continue to fulfill its responsibilities.

The Nominating and Corporate Governance Committee also considers the independence of directors or potential directors. The Nominating and Corporate Governance Committee met twice in 2010.

Shareholders wishing to recommend a director candidate to serve on the Board may do so by providing written notice to the Chair of the Nominating and Corporate Governance Committee, Golden Star Resources Ltd., 10901 West Toller Drive, Suite 300, Littleton, Colorado, USA 80127-6312, that identifies the candidate, provides appropriate biographical and background materials, evidences the nominating shareholder's Common Share ownership, and includes a written signed statement of the candidate. Assuming that the appropriate information and materials are received in a timely manner, candidates recommended by shareholders will be evaluated against the criteria outlined above. A complete copy of the procedures to be followed by shareholders who wish to recommend director candidates is available on the Corporation's website at www.gsr.com.

iv) Sustainability Committee

The Sustainability Committee is currently composed of Messrs. James Askew (Chair), Michael Martineau and Ian MacGregor. Each member of the Sustainability Committee has been determined by the Board to be unrelated, an outside member with no other affiliation with the Corporation and independent as defined by the NYSE Amex. The primary purposes of the Sustainability Committee are to assist the Board in its oversight of exploration, development and operating risk, including issues related to geological, mining, metallurgical, community relationships, health, safety and environmental matters. The responsibilities of the Sustainability Committee include, among others: reviewing with management the Corporation's goals, policies and programs relative to exploration, development and operational matters; making enquiries of management concerning the establishment of appropriate policies, systems, standards and procedures for all technical, development and operating activities, and compliance with applicable laws and standards of corporate conduct; reviewing with management the assessment, reduction and mitigation of technical risk; reviewing with management the risk analysis of any proposed new major exploration, development or operating activity; and reviewing with management the Corporation's record of performance on community relationships, health, safety and environmental matters, along with any proposed actions based on the record of performance. The Sustainability Committee met twice in 2010.

Assessments

The Nominating and Corporate Governance Committee performs, as part of its duties, an annual appraisal of the performance of the Board and its standing committees as a whole and of the individual performance of each director and the Board and committee chairs. The results are used in making any required changes to functions and individuals and in determining nominations for re-election and appointment.

Shareholder Communications

The Corporation believes that it is important to maintain good shareholder relations. The Board will give appropriate attention to all written communications that are submitted by shareholders. Any shareholder wishing to send communications to the Board, or a specific committee of the Board, should send such communication to the Senior Vice President and Chief Financial Officer of the Corporation by email to jlabate@gsr.com or by mail to Board of Directors, c/o Chief Financial Officer, Golden Star Resources Ltd., 10901 West Toller Drive, Suite 300, Littleton, Colorado, USA 80127-6312. PRINCIPAL ACCOUNTING FIRM FEES

The Corporation incurred the following fees for services performed by its principal accounting firm, PricewaterhouseCoopers LLP, during fiscal 2010 and 2009:

<u>Year</u>	<u>Audit Fees</u>	<u>Audit Related Fees</u>	<u>Tax Fees</u>	<u>All Other Fees</u>	<u>Total</u>
2010	\$477,474	\$ 79,444	\$121,061	\$ 14,035	\$692,014
2009	\$458,785	\$ 47,363	\$ 65,372	\$ 50,789	\$622,309

Audit related fees included review of quarterly financial statements. Tax related fees include assistance in filing annual tax returns and tax planning. Other fees were predominantly related to review of documents required for the sale of common shares and for review of annual reports filed with government agencies in the United States and Canada.

In 2010 and 2009, 100% of our auditor's fees were approved pursuant to the provisions of 17 CFR 210.201(c)(7)(i)(C). There were nil hours expended on the principal accountant's engagement to audit our financial statements for the years ended December 31, 2010 and December 31, 2009 that were attributable to work performed by persons other than the principal accountant's full-time, permanent employees.

The Audit Committee of the Board has considered the level of non-audit services provided by the auditors and the auditor's representation letter in its determination of auditor independence.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditor

The Audit Committee has established a policy requiring pre-approval of all audit engagement letters and fees for all auditing services (including providing comfort letters in connection with securities underwritings) and all permissible non-audit services performed by the independent auditors. Such services may be approved at a meeting or by unanimous written consent of the Audit Committee, or the Audit Committee may delegate to one or more of its members the pre-approval of audit services and permissible non-audit services provided that any pre-approval by such member or members shall be presented to the Audit Committee at each of its scheduled meetings.

INDEBTEDNESS OF DIRECTORS AND OFFICERS

No directors, nominees for election as directors, executive officers or members of their immediate family were indebted to the Corporation, or any of its subsidiaries, directly or indirectly, at any time since the beginning of the Corporation's last fiscal year.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Compensation Committee Interlocks and Insider Participation

Messrs. Michael Martineau, Ian MacGregor and Chris Thompson were members of the Compensation Committee in 2010, all of whom are independent, non-management directors. None of the Compensation Committee members has served as an officer or employee of the Corporation. None of the Corporation's executive officers has served as a member of a compensation committee or board of directors of any other entity which has an executive officer serving as a member of the Corporation's Board of Directors.

Transactions with Related Persons

The Corporation has adopted a written policy for the review of transactions with related persons. The policy requires review, approval or ratification of transactions exceeding \$120,000 in which the Corporation is a participant and in which a director, executive officer, a significant shareholder or an immediate family member of any of the foregoing persons has a direct or indirect material interest.

No related person of the Corporation, nor any associate or affiliate of a related person, has had any material interest in any transaction or proposed transaction which has materially affected or would materially affect the Corporation or any of its subsidiaries, nor has any director of the Corporation been involved, directly or indirectly, in any business or professional relationship with the Corporation in connection with the provision by the director or the Corporation of property, services or financing to the other since January 1, 2010 other than as set forth herein. Additionally, no person who has been a director or officer since January 1, 2010, nor any proposed director, nor any of their associates or affiliates, have any material interest, direct or indirect, in the matters to be acted upon at the Meeting. Each quarter, the Vice President Finance and Controller issues a "Commitments, Contingencies and Acquisition" checklist to the CEO, CFO, Chief Operating Officer, Treasurer and VP Exploration, which must be signed and returned to inquire if there have been any related party transactions for the quarter.

In addition, on an annual basis, the Corporation's legal counsel prepares Directors and Officers ("D&O") questionnaires and submits the questionnaires to all directors and officers of the Corporation. The D&O questionnaires are reviewed by the Vice President Finance and Controller who also reviews accounts payable vendor records to determine if any payments that would fall under disclosure guidelines have been made to any companies which would indicate a related party transaction.

If the Vice President Finance and Controller determines that any transaction could be a related party transaction, the transaction is brought to the Audit Committee for review. The Audit Committee determines whether a related party transaction can be approved or not, based on whether the transaction is determined to be in, or not inconsistent with, the best interests of the Corporation and its shareholders.

Relationships

Certain directors and officers of the Corporation are and may continue to be involved in the mining and mineral exploration industry through their direct and indirect participation as a director or otherwise in corporations, partnerships or joint ventures, which are potential competitors. Situations may arise in connection with potential acquisitions and investments where the other interests of these directors and officers may conflict with the interests of the Corporation. Each of the directors of the Corporation is required to disclose any potential conflict of interest and to act honestly, in good faith and in the best interests of the Corporation.

The Nominating and Corporate Governance Committee is responsible for annually reviewing and reporting to the Board on business activities of each Board member including their employment or service to any other companies to assure that potential conflicts are clearly understood or avoided. Potential conflicts include the relationships, if any, between each of the directors and the Corporation and its management, and any involvements of any of the directors (including membership on other boards of directors) which constitute, or may result in, a conflict of interest.

During 2010, the Corporation obtained legal services from a legal firm to which a director, Mr. MacGregor, is counsel. The total value of all legal services provided was \$892,575. Mr. MacGregor did not personally perform

any legal services for the Corporation during 2010 nor did he benefit directly or indirectly from payments made by the Corporation for the services performed by the firm.

c) Advisory Vote on Named Executive Officer Compensation

In accordance with recently adopted SEC rules under the Dodd-Frank Act, shareholders of the Corporation will be asked at the meeting to approve the compensation of our Named Executive Officers as disclosed in this Management Information Circular, which disclosures include those under “Compensation Discussion and Analysis”, the

Table of Contents

accompanying compensation tables, and the related narrative disclosure. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the policies and practices described in this Management Information Circular.

This vote is advisory, which means that its outcome is not binding on the Corporation, the Board of Directors or the Compensation Committee of the Board of Directors.

The Compensation Committee and the Board of Directors believe that the policies and procedures set forth herein under “Compensation Discussion and Analysis” are effective in achieving our goals. As described under “Compensation Discussion and Analysis” our compensation program is designed to motivate our executives to create a successful company. We believe that our compensation program, with its balance of short-term incentives (including cash bonus awards and performance conditions for awards of stock options) and long-term incentives (including equity awards that vest over up to three years) and share ownership guidelines reward sustained performance that is aligned with long-term shareholder interests. Shareholders are encouraged to read the “Compensation Discussion and Analysis”, the accompanying compensation tables, and the related narrative disclosure.

Accordingly, shareholders will be asked to vote on the following resolution (the “Advisory Vote on Named Executive Officer Compensation Resolution”) at the Meeting:

BE IT RESOLVED AS AN ORDINARY RESOLUTION OF SHAREHOLDERS THAT the Corporation’s shareholders approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed in the Corporation’s Management Information Circular for the 2011 annual general and special meeting of shareholders pursuant to the compensation disclosure rules of the U.S. Securities and Exchange Commission, including the “Compensation of the Corporation Discussion and Analysis”, the accompanying compensation tables, and the related narrative disclosure.

The Board of Directors recommends that shareholders vote FOR approval of the Advisory Vote on Named Executive Officer Compensation Resolution.

d) Advisory Vote on Frequency of Votes on Named Executive Officer Compensation

Under the applicable SEC rules relating to NEO compensation, shareholders must also be asked to vote on whether future advisory votes on NEO compensation should occur every year, every two years or every three years.

After careful consideration of the frequency alternatives, the Board believes that conducting an advisory vote on Named Executive Officer compensation on an annual basis is appropriate for the Corporation and its shareholders at this time.

Shareholders may vote for their preferred voting frequency by choosing the option of one year, two years, three years or abstain from voting in response to the following resolution:

BE IT RESOLVED AS AN ORDINARY RESOLUTION OF SHAREHOLDERS THAT the shareholders determine, on an advisory basis, that the preferred frequency of an advisory vote on the compensation of the Corporation’s Named Executive Officers as set forth in the Corporation’s Management Information Circular should be every year, every two years or every three years.

The Board of Directors recommends that shareholders vote FOR the option of EVERY YEAR as the preferred frequency for advisory votes on Named Executive Officer compensation.

e) Appointment of Auditor

It is proposed to approve an ordinary resolution to appoint the firm of PricewaterhouseCoopers LLP as auditor of the Corporation to hold office until the close of the next annual meeting of shareholders or until PricewaterhouseCoopers LLP is removed from office or resigns as provided by law and by the Corporation’s By-laws and to authorize the Audit Committee of the Corporation to fix the remuneration of PricewaterhouseCoopers LLP as auditors of the Corporation.

Table of Contents

Representatives of PricewaterhouseCoopers LLP will be present at the Meeting with the opportunity to make a statement if they desire to do so and to respond to appropriate shareholder questions.

The Board of Directors recommends that shareholders vote FOR the appointment of PricewaterhouseCoopers LLP, an independent registered public accounting firm, to serve as independent auditors for 2011.

Unless otherwise indicated in the proxy, it is management's intention to vote the proxies FOR the appointment of PricewaterhouseCoopers LLP and to authorize the Audit Committee of the Board of Directors of the Corporation to fix the remuneration of PricewaterhouseCoopers LLP as auditors.

f) Approval of Deferred Share Unit Plan

It is proposed to approve an ordinary resolution to adopt a deferred share unit plan for the directors and executive officers of the Corporation (the "DSU Plan").

Management and the Board of Directors believe it is important for the Corporation to implement a deferred share unit plan for the directors and executive officers of the Corporation, which will (i) encourage the directors and executive officers of the Corporation to own shares of the Corporation and to facilitate such share ownership, (ii) provide directors and executive officers of the Corporation with incentives in the form of deferred share units in order to allow the Corporation to reduce its reliance on stock options and other long-term incentive plans for the same purposes, so as to conform with current best practices regarding directors' and executive officers' compensation.

Therefore, on March 9, 2011, with the Compensation Committee's recommendation, the Board approved, subject to shareholder and stock exchange approval, the implementation of the DSU Plan, the same date, subject to receipt of all necessary stock exchange approvals.

Key Terms of the DSU Plan

The following summary of the key terms of the DSU Plan is qualified in its entirety by the full text of the DSU Plan a copy of which is appended to this Management Information Circular as Exhibit A.

The DSU Plan will be administered by the Corporation's Compensation Committee.

The persons eligible to participate in the DSU Plan (the "Participants") are (i) any member of the Board, or any member of the board of directors of a subsidiary of the Corporation who is designated by the Compensation Committee as a "Director" for the purposes of the DSU Plan (each, a "Director"), (ii) the President, the CEO, the COO, the CFO, a Vice-President or a General Manager of the Corporation or any subsidiary of the Corporation, or such other officer of the Corporation or any subsidiary as may be designated as an executive officer by the Compensation Committee for the purpose of the DSU Plan (each, an "Executive Officer").

Directors may elect, each year if they are subject to U.S. federal income tax, or each quarter if they are not subject to such tax all or part of their retainer in deferred share units ("DSUs") having a market value equal to the portion of the retainer to be received in that form, subject to such limits as the Compensation Committee may impose. The Compensation Committee may also grant to any Participant, in each year, DSUs having a market value not greater than the total compensation payable to such Participant for that year, including any salary or bonus but excluding any Director's retainer. The number of DSUs to be issued will be determined by dividing the amount of the retainer or base salary determined as the basis for the award by the volume-weighted average trading price of a Common Share (as reported by the NYSE Amex, or, if the Common Shares are not listed on that stock exchange, on such other stock exchange on which they are listed at that time) for the 20 trading days immediately preceding the date the DSUs are awarded.

Subject to vesting, each DSU may be redeemed at the election of the Participant upon the Participant ceasing to hold any position with the Corporation (whether by termination without cause, resignation, retirement or death). The Compensation Committee may also, in its discretion, allow a Participant's DSUs to be redeemed if the Participant was terminated with cause. Each DSU may be redeemed for:

Table of Contents

- (a) a cash payment equal to the market value of one Common Share on the date of redemption (the “Redemption Value”), after deduction of applicable taxes and other source deductions required by applicable laws;
- (b) Common Shares duly issued by the Corporation from treasury;
- (c) such number of Common Shares purchased by the Corporation on the public market as have an aggregate market value equal to the Redemption Value; or
- (d) any combination of the foregoing, so long as the aggregate redemption price has a fair market value equal to the Redemption Value.

For the purposes of redemption, “market value” means the volume-weighted average trading price of a Common Share (as reported by the NYSE AMEX, or, if the Common Shares are not listed on that stock exchange, on such other stock exchange on which they are listed at that time) for the twenty trading days immediately preceding the date of determination. The maximum number of Common Shares of the Corporation that may be issued under the DSU Plan is 7,500,000, representing approximately 2.9% of the outstanding Common Shares as of March 14, 2011.

DSUs vest at such time or times and upon such conditions as the Compensation Committee may set when awarding the DSUs. If the Compensation Committee does not determine a time or times or conditions for vesting, then DSUs awarded to Directors will vest immediately on being awarded, while DSUs awarded to Executive Officers will vest as to one-third on each anniversary of the date of award. Early vesting is provided in the event of termination without cause, and the Compensation Committee has discretion to accelerate vesting in the event of death, resignation, retirement or termination for cause. In addition, if a “Change in Control” occurs, 50% of the outstanding DSUs will vest immediately, while the balance will vest immediately if the Participant holding them is terminated without cause, resigns, retires or dies within one year of the Change in Control. For the purposes of the DSU Plan, “Change in Control” is defined in the same way as in the Corporation’s executive employment agreements, as described under the heading “Employment Agreements and Severance Arrangements”, above.

Section 162(m) of the U.S. Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1 million paid to each of a company’s chief executive officer and certain other highly compensated executive officers. Qualifying performance-based compensation will not be subject to the deduction limit if certain requirements are met. The DSU Plan enables the Compensation Committee to grant to Participants DSUs which are designed as qualifying performance-based compensation. Qualifying performance criteria shall mean one or more of the following performance criteria, in each case meeting the requirements of the Section 162(m) and as specified by the Compensation Committee: target cash cost per ounce and total ounces produced; net income; earnings per share; earnings before interest, taxes, depreciation and amortization; free cash flow and free cash flow per share; growth in mineral reserves and resources; and safety indexes. The Compensation Committee may also make awards that are not qualifying performance-based compensation.

The number of Common Shares for which a DSU may be redeemed will be adjusted proportionately in the event of (a) a subdivision, redivision or consolidation of the Common Shares of the Corporation into a greater or lesser number of shares, (b) a reclassification or change of the Common Shares into a different class or type of securities, or (c) any other capital reorganization of the Corporation, or a consolidation, amalgamation or merger of the Corporation with or into any other entity or the sale of the properties and assets of the Corporation as or substantially as an entirety to any other entity.

Except as required by law, the rights of a Participant under the DSU Plan may not being assigned, transferred, alienated, sold, encumbered, pledged, mortgaged or charged and are not capable of being subject to attachment or legal process for the payment of any debts or obligations of the Participant.

The Board may, in its sole discretion, at any time and from time to time: (i) amend or suspend the DSU Plan in whole or in part, (ii) amend or discontinue any DSUs granted under the DSU Plan, and (iii) terminate the DSU Plan, without prior notice to or approval by any Participants or shareholders of the Corporation. Without limiting the generality of the foregoing, the Board may:

- (a) amend the definition of “Participant” or the eligibility requirements for participating in the DSU Plan, where such amendment would not have the potential of broadening or increasing insider participation;

Table of Contents

- (b) amend the manner in which Participants may elect to participate in the DSU Plan or elect the dates on which DSUs shall be redeemed;
- (c) amend the provisions of the DSU Plan relating to the redemption of DSUs and the dates for the redemption of the same;
- (d) make any amendment which is intended to ensure compliance with applicable laws and the requirements of each stock exchange on which the Common Shares are listed;
- (e) make any amendment which is intended to provide additional protection to shareholders of the Corporation (as determined at the discretion of the Board);
- (f) make any amendment which is intended to remove any conflicts or other inconsistencies which may exist between any terms of the DSU Plan and any provisions of any applicable laws and the requirements of the each stock exchange on which the Common Shares are listed;
- (g) make any amendment which is intended to cure or correct any typographical error, ambiguity, defective or inconsistent provision, clerical omission, mistake or manifest error;
- (h) make any amendment which is not expected to materially adversely affect the interests of the shareholders of the Corporation; and
- (i) make any amendment which is intended to facilitate the administration of the DSU Plan.

Any such amendment, suspension, or termination must not adversely affect the DSUs previously granted to a Participant at the time of such amendment, suspension or termination, without the consent of the affected Participant.

No modification or amendment to the following provisions of the DSU Plan will be effective unless and until the Corporation has obtained the approval of the shareholders of the Corporation in accordance with the rules and policies of the each stock exchange on which the Common Shares are listed:

- (a) the number of Common Shares reserved for issuance under the DSU Plan (including a change from a fixed maximum number of Common Shares to a fixed maximum percentage of Common Shares);
- (b) the definition of “Participant” or the eligibility requirements for participating in the DSU Plan, where such amendment would have the potential of broadening or increasing insider participation;
- (c) the extension of any right of a Participant under the DSU Plan beyond the date on which such right would originally have expired;
- (d) the amendment provisions of the DSU Plan; and
- (e) any other amendment that would require approval of shareholders pursuant to any applicable stock exchange rule.

No amendment, suspension or discontinuance of the DSU Plan or of any granted DSUs may contravene the requirements of the stock exchange to which the DSU Plan or the Corporation is now or may hereafter be subject.

If the Board terminates the DSU Plan, no new DSUs (other than DSUs that have been granted but vest subsequently pursuant to the DSU Plan) will be credited to the account of a Participant, but previously credited (and subsequently vesting) DSUs will be redeemed in accordance with the terms and conditions of the DSU Plan existing at the time of termination. The DSU Plan will finally cease to operate for all purposes when the last remaining Participant receives the redemption price for all DSUs recorded in the Participant’s account. Termination of the DSU Plan will not affect the ability of the Board to exercise the powers granted to it under the DSU Plan with respect to DSUs granted under the DSU Plan prior to the date of such termination.

The maximum number of Common Shares that may be (i) issued to insiders of the Corporation (including directors and officers of the Corporation) pursuant to the DSU Plan within any one year period, and (ii) issuable to insiders pursuant to the DSU Plan at any time, when combined with all of the Common Shares issuable to insiders pursuant

to any other security-based compensation arrangement of the Corporation, must not exceed 10% of the total number of outstanding common shares of the Corporation.

Approvals Required

The rules of the TSX and NYSE Amex require all security-based compensation arrangements of the Corporation that involve or could involve the issuance of Common Shares to be approved by a resolution passed by a simple majority of the votes cast at a meeting of the shareholders of the Corporation by shareholders present in person or represented by proxy. Accordingly, at the Meeting, the shareholders of the Corporation will be asked to approve the following resolution (the “DSU Plan Resolution”):

BE IT RESOLVED AS AN ORDINARY RESOLUTION OF SHAREHOLDERS THAT:

- 1. The deferred share unit plan of the Corporation and the allotment and reservation of 7,500,000 common shares of the Corporation for issuance thereunder, as more fully described in the Corporation’s Management Information Circular dated March 14, 2011, be and the same is hereby approved, ratified and confirmed; and**
- 2. any one director or officer of the Corporation be and is hereby authorized to do all acts and things and execute all documents, as may be necessary or desirable in his or her opinion to give effect to the foregoing.**

2. ADMINISTRATION

2.1 Administration of the Plan

The Plan shall be administered by the Committee, which shall have full authority to interpret the Plan, to establish, amend and rescind any rules and regulations relating to the Plan and to make such determinations as it deems necessary or desirable for the administration of the Plan. All actions taken and decisions made by the Committee in this regard shall be final, conclusive and binding on all parties concerned, including, but not limited to, the Corporation, the Participants and their legal representatives.

2.2 Determination of Value if Shares Not Readily Tradable on the NYSE Amex

2.5 Compliance with Section 409A of the U.S. Code

This Section 2.6 shall apply notwithstanding any other provision of the Plan. The provisions of the Plan, any outstanding award of Deferred Share Units, or any deferral election with respect to Deferred Share Units shall be interpreted and administered in a manner so as to avoid the imposition of additional tax, interest, or other sanction pursuant to Section 409A. If any provision of the Plan, any outstanding award of Deferred Share Units, or any deferral election with respect to Deferred Share Units would otherwise frustrate or conflict with such intent, the provision, term or condition will be interpreted and deemed amended so as to avoid such conflict to the fullest extent possible. If, at any time, the Committee determines that the terms of this Plan, any outstanding award of Deferred Share Units, or deferral election with respect to Deferred Share Units may result in additional tax, interest, or other sanction to a Participant under Section 409A, the Corporation shall have the authority, but shall not be required, to amend the Plan, an outstanding award of Deferred Share Units, or a deferral election with respect to Deferred Share Units so as to avoid such additional tax, interest, or other sanction; provided, however, that if any such amendment would increase the cost to the Corporation of a Participant's entitlement under this Plan by more than 25% of such cost immediately prior to such amendment, then the Corporation shall submit such amendment to its shareholders for ratification within one year of the date on which such amendment is made. If the shareholders do not ratify such amendment, then such amendment shall cease to be effective as of the date of the meeting at which the shareholders voted on such amendment, or, if no such meeting is held, on the anniversary of the date of such amendment. Notwithstanding the foregoing, any amendment to this Plan that would require approval of shareholders pursuant to the rules of any Applicable Stock Exchange or Applicable Laws shall be submitted to shareholders for approval in accordance with the rules of such Applicable Stock Exchange or Applicable Laws. Notwithstanding any other provision of the Plan, the Corporation does not guarantee or warrant to any Participant or any other person that the Plan, any outstanding award of Deferred Share Units or deferral election with respect to Deferred Share Units intended to comply with Section 409A shall so comply, nor will the Corporation indemnify, defend or hold harmless any person with respect to the tax consequences arising under Section 409A. The Corporation provides no guaranty or assurance concerning the tax consequences to the Participants, any award of Deferred Share Units, or any deferral election with respect to Deferred Share Units.

Notwithstanding any other provision in the Plan, any award of Deferred Share Units, or any deferral election with respect to Deferred Share Units if (i) a Participant is a "specified employee" on the date of the Participant's "separation from service" within the meaning of U.S. Code Sections 409A(a)(2)(A)(i) and 409A(a)(2)(B)(i), and (ii) as a result of such separation from service the Participant would receive any payment that, absent the application of this paragraph, would be subject to the interest and additional tax imposed pursuant to U.S. Code Section 409A(a) as a result of the application of U.S. Code Section 409A(a)(2)(B)(i), then such payment shall be made on the date that is the earliest of: (A) the first day following the day that is 6 months after the Participant's separation from service, (B) the Participant's date of death, or (C) such other date on which such payment will not be subject to such interest and additional tax.

2.6 No Liability

Neither the Board, the Committee, the Corporate Secretary, nor any officer or employee of the Corporation shall be liable for any act, omission, interpretation, construction or determination made in good faith in connection with this Plan, and the members of the Board, the Committee, the Corporate Secretary and such officers and employees of the Corporation shall be entitled to indemnification by the Corporation in respect of any claim, loss, damage or expense (including legal fees and disbursements) arising therefrom to the fullest extent permitted by law. The costs and expenses of implementing and administering this Plan shall be borne by the Corporation.

2.9 Currency

Except where expressly provided otherwise all references in the Plan to currency refer to lawful currency of the United States of America. Where for the purposes of the Plan it is necessary to convert any amount (including but not limited to an Award Market Value, a Market Value, or a Redemption Value) from one currency into another, such conversion shall be carried out at the prevailing rates quoted for the currencies in question by the Corporation's principal bank on the day on which the amount is determined.

- (c) The Committee may, from time to time, set such limits on the manner in which the Participants may receive their Director's Retainers and every election made by a Participant in his or her Acknowledgement and Election Form shall be subject to such limits once they are set.

If a Director has signed and delivered an Acknowledgment and Election Form in respect of one calendar year or calendar quarter, as the case may be, in accordance with this Section 3, but has not subsequently signed and delivered a new Acknowledgment and Election Form in respect of a subsequent calendar year or calendar quarter, as the case may be, the Corporation shall continue to pay and/or issue the Director's Retainer for each subsequent calendar year or calendar quarter, if any, in the manner specified in the last Acknowledgment and Election Form that was signed and delivered by the Director in accordance with this Section 3, until such time as the Director signs and delivers a new Acknowledgment and Election Form in accordance with this Section 3.

- (a) The Committee may award Deferred Share Units that qualify as Qualified Performance-Based DSUs to either Director or Executive Officer Participants at such times and in such amounts as the Committee may determine. If the Committee decides to award Qualified Performance-Based DSUs, the Committee shall specify, in writing, the Qualifying Performance Criteria and the level of achievement under such criteria that shall determine the number of Deferred Share Units that may be awarded or be outstanding pursuant to the Plan no later than the earliest of: (i) 90 days following the commencement of the period to which the Qualifying Performance Criteria relates (the "**Performance Period**"); (ii) the latest date on which the achievement of the Qualifying Performance Criteria is "substantially uncertain"; or (iii) the first date on which 25% of the Performance Period has elapsed. No Deferred Share Units shall be awarded pursuant to this Section without the Committee's certification, in writing, of the satisfaction or achievement of the Qualifying Performance Criteria. Notwithstanding satisfaction of any Qualifying Performance Criteria, the number of Deferred Share Units awarded or vested under any such bonus or arrangement may be reduced, but not increased, by the Committee on the basis of such further considerations as the Committee in its sole discretion shall determine.
- (b) For purposes of this Plan, the term "**Qualifying Performance Criteria**" shall mean any one or more of the following objective performance criteria, either individually, alternatively or in any combination, applied to either the Corporation as a whole or to a business unit or Subsidiary, either individually, alternatively or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as meeting the requirements of the Section 162(m) Exemption and as specified by the Committee: target cash cost per ounce and total ounces produced; net income; earnings per share; earnings before interest, taxes, depreciation and amortization; free cash flow and free cash flow per share; growth in mineral reserves and resources; and safety indexes.

4.2 Other Award Compensation

Subject to this Section 4 and such other terms and conditions as the Committee may prescribe, the Committee may from time to time award Deferred Share Units to a Participant, provided that in no event may a Participant receive, in any one year, a number of Deferred Share Units having an aggregate Award Market Value greater than the aggregate fair market value of the total compensation payable to the Participant in such year, including, for greater certainty, the salary and any bonus payable to such Participant but excluding any Director's Retainer payable to such Participant.

5. DEFERRED SHARE UNITS

5.1 Deferred Share Unit Accounts and Vesting

Table of Contents

- (a) All Deferred Share Units received by a Participant shall be credited to an account maintained for the Participant on the books of the Corporation and vest as of such date or dates as the Committee may determine at its discretion at the time the Deferred Share Units are awarded. For greater certainty, the Committee may set any conditions to the vesting of Deferred Share Units as it considers appropriate, in its sole discretion. Notwithstanding the foregoing, if the Committee does not determine a vesting schedule or vesting conditions for Deferred Share Units awarded to a Participant, such Deferred Share Units shall vest:
 - a. in the case of Deferred Share Units awarded pursuant to Section 3, immediately upon their respective Award Dates; and

Unless otherwise determined by the Committee, or as otherwise provided in the Plan, such Deferred Share Units shall cease to vest on the Separation Date and any Deferred Share Units which have not vested on the Separation Date shall be cancelled.
- (c) Notwithstanding the foregoing, unless otherwise determined by the Committee on or after the awarding of Deferred Share Units:
 - a. if any Deferred Share Units are outstanding immediately prior to the occurrence of a Change in Control, but are not then vested, 50% of such Deferred Share Units shall become fully vested upon the occurrence of such Change in Control, and the remaining 50% of such Deferred Share Units shall become fully vested on the Separation Date if such Separation Date occurs within one (1) year of the occurrence of the Change in Control; and
 - b. any Deferred Share Units which are credited to a Participant and are outstanding immediately prior to the Separation Date shall become fully vested on the Separation Date if such Separation Date was the result of death or retirement;
 - c. if a Separation Date was the result of resignation or Termination Without Cause, the Committee may cause such number of the Deferred Share Units which are outstanding on the Separation Date, but are not then vested, to vest at such time or times or upon such conditions as the Committee may in its sole discretion determine.

5.2 Number of Deferred Share Units

- (a) The number of Deferred Share Units (including fractional Deferred Share Units) to be credited to a Participant's account in respect of an award under Section 3 shall be determined by dividing (a) the amount of the Director's Retainer to be paid in Deferred Share Units, as elected by the Participant in accordance with Section 3, by (b) the Award Market Value, with fractions computed to three decimal places.
- (b) The number of Deferred Share Units (including fractional Deferred Share Units) to be credited to a Participant's account in respect of an award under Section 4 shall be such number of Deferred Share Units as the Committee in its discretion determines to be appropriate in the circumstances, subject to the provisions of Section 4.

5.3 Confirmation of Award

5.5 Redemption of Deferred Share Units

- (a) Subject to Section 2.4, on each applicable Redemption Date, the Corporation shall redeem the Deferred Share Units to be redeemed on such Redemption Date by delivering to the Participant, at the election of the Committee in its sole discretion:
- a. a cash payment equal to the Redemption Value of such Deferred Share Units after deduction of applicable taxes and other source deductions required by Applicable Laws;
 - b. such number of Shares duly issued by the Corporation from treasury as is equal to the number of such Deferred Share Units;
 - c. such number of Shares that have been purchased by the Corporation on the Stock Exchange in accordance with the provisions of Section 5.5(b) as have an aggregate Market Value equal to the Redemption Value of such Deferred Share Units; or
 - d. any combination of the foregoing, such that the cash payment, plus such number of Shares issued or purchased by the Corporation and delivered to the Participant, have a fair market value equal to the Redemption Value of such Deferred Share Units.
- (b) If the Corporation elects to redeem the Deferred Share Units redeemable on such Redemption Date in the manner contemplated in Section 5.5(a)c, then prior to 11:00 a.m. on the Redemption Date or, where the Redemption Date is not a trading day for Shares on the Stock Exchange, on the next such trading day, the Corporation shall notify a broker designated by the Participant who shall be independent from the Corporation (the “**Broker**”), as to:
- a. the number of whole Shares to be purchased by the Broker on behalf of the Participant or the Participant’s estate, as applicable, on the Stock Exchange, as of that Redemption Date, which number shall be determined by dividing the aggregate Redemption Value of the Deferred Share Units to be redeemed, after deduction of applicable taxes and other source deductions required by Applicable Laws, by the Market Value as determined on the Redemption Date; or
 - b. the amount available to purchase Shares on behalf of the Participant or the Participant’s estate, as applicable, which amount shall be equal to the Redemption Value of the Deferred Share Units to be redeemed, after deduction of applicable taxes and other source deductions required by Applicable Laws.

As soon as practicable thereafter, the Broker shall purchase on the Stock Exchange the number of whole Shares which the Corporation has requested the Broker to purchase, or apply the amount specified by the Corporation to purchase whole Shares. The Corporation shall for this purpose (i) reimburse the Broker for its costs of purchasing such Shares, or (ii) provide to the Broker the amount necessary to purchase such Shares.

If, after the Broker applies the Redemption Value, net of applicable withholdings, to the purchase of whole Shares as provided for herein relating to the Redemption Date or Redemption Dates, as applicable, elected by or in respect of a Participant, an amount remains payable under the Plan to the Participant or his or her estate, as applicable, such amount shall be paid in cash to the Participant or his or her estate, as applicable.

- (c) All Shares issued or delivered in redemption of Deferred Share Units shall be registered in the name of and delivered to the Participant whose Deferred Share Units are being so redeemed, or as such Participant may otherwise instruct the Corporation in writing; provided, however, that, subject to any written instructions which a Participant may have provided to the Corporation prior to his or her death, all Shares purchased and delivered in accordance with Section 5.6 upon the redemption of such Participant’s Deferred Share Units after such Participant’s death shall be registered in the name of and delivered to the estate of such Participant.
- (d) Upon the payment of the cash amount and/or the delivery of the Shares or other securities or property deliverable upon the redemption of a Deferred Share Unit, such Deferred Share Unit shall be cancelled and

no further issuances or deliveries shall be made to the Participant in respect of such Deferred Share Unit under the Plan.

5.6 Death of Participant Prior to Redemption

If a Participant dies prior to the redemption of the Deferred Share Units credited to the account of such Participant under the Plan, then notwithstanding any election made by the Participant with respect to a Redemption Date or Redemption Dates for such Deferred Share Units, the Redemption Date for all such Deferred Share Units shall be deemed to be the thirtieth (30th) day after the death of the Participant.

5.7 Dividends

- (a) If and when cash dividends are paid on the Shares, additional Deferred Share Units shall be credited to the Participant's Deferred Share Unit account in accordance with this Section 5.7. The number of such additional Deferred Share Units will be calculated by dividing (i) the cash dividends that would have been paid to such Participant if the Deferred Share Units recorded in the Participant's Deferred Share Unit account as at the record date for the dividend (whether or not such Deferred Share Units have vested) had been Shares by (ii) the Market Value as of the date on which the Shares began to trade on an ex-dividend basis, rounded down to the next whole number of Deferred Share Units. No fractional Deferred Share Units shall thereby be created.
- (b) No Deferred Share Units will be credited to a Participant's account as dividend equivalents in relation to Deferred Share Units that have been previously terminated or redeemed under the Plan.
- (c) Deferred Share Units that have been credited to a Participant's account as dividend equivalents shall be deemed to be subject to the same vesting schedule or vesting conditions, if any, and Redemption Dates as the Deferred Share Units to which they relate.
- (d) Should a dividend-in-kind be paid by the Corporation on the Shares, the Committee will adjust the number of Deferred Share Units credited to each Participant to reflect the effect of the dividend-in-kind. In the event that the Plan is suspended or terminated and there remain outstanding Deferred Share Units which either have not vested or have not been redeemed in accordance with the Plan, such Deferred Share Units shall continue to be entitled to dividend equivalents pursuant to this Section 5.7.
- (e) The foregoing does not obligate the Corporation to pay dividends on Shares and nothing in this Plan shall be interpreted as creating such an obligation.

5.8 Adjustments

- (a) *Subdivisions and Redivisions:* In the event of any subdivision or redivision of the Shares at any time into a greater number of Shares, all Deferred Share Units outstanding at the time of such subdivision or redivision shall be deemed to have been subdivided or redivided on the same basis as of such time, without the Participant making any additional payment or giving any other consideration therefor.
- (b) *Consolidations:* In the event of any consolidation of the Shares at any time into a lesser number of Shares, all Deferred Share Units outstanding at the time of such consolidation shall be deemed to have been consolidated on the same basis as of such time, without the Participant making any additional payment or giving any other consideration therefor.
- (c) *Reclassifications/Changes:* In the event of any reclassification or change of the Shares at any time, the Corporation shall thereafter deliver at the time of redemption of any Deferred Share Unit, where the Committee elects pursuant to Section 5.5(a) to redeem such Deferred Share Unit by issuing or purchasing and delivering Shares, the number of securities of the Corporation of the appropriate class or classes resulting from said reclassification or change as the Participant would have been entitled to receive in respect of the number of Shares for which such Deferred Share Unit is then being redeemed had such Deferred Share Unit been exercised before such reclassification or change.
- (d) *Other Capital Reorganizations:* In the event of any capital reorganization of the Corporation at any time which is not otherwise covered in this Section 5.8, or a consolidation, amalgamation or merger of the

Table of Contents

Corporation with or into any other entity, or the sale of the properties and assets of the Corporation as or substantially as an entirety to any other entity (a “ **Reorganization** ”), each Deferred Share Unit that is outstanding on, and has not been redeemed prior to, the record date or the effective date (as applicable) of such Reorganization, shall entitle the Participant to whom it is credited to receive, upon the redemption of such Deferred Share Unit thereafter, where the Committee elects pursuant to Section 5.5(a) to redeem such Deferred Share Unit by issuing or purchasing and delivering Shares, the number of other securities or property of the entity resulting from such Reorganization that the Participant would have been entitled to receive on such Reorganization if, on the record date or the effective date of such Reorganization, such Participant had been the registered holder of the number of Shares to which such Participant would have been entitled had such Deferred Share Unit been redeemed immediately before such record date or effective date.

- (e) *Other Changes:* In the event that the Corporation takes any action affecting the Shares at any time, other than any action described above, which in the opinion of the Committee would materially affect the rights of the Participant, or in the event that the Committee, in good faith, determines that the adjustments prescribed by this Section 5.8 for the actions describe above would not be fair to Participants, the number of Shares issuable or deliverable upon the redemption of any Deferred Share Unit, where the Committee elects pursuant to Section 5.5(a) to redeem such Deferred Share Unit by issuing or purchasing and delivering Shares, will be adjusted in such manner, if any, and at such time, as the Committee may determine, but subject in all cases to any necessary regulatory and, if required, shareholder approval. Failure to take such action by the Committee so as to provide for an adjustment on or prior to the effective date of any action by the Corporation affecting the Shares will be conclusive evidence that the Committee has determined that it is equitable to make no adjustment in the circumstances.
- (f) If at any time the Corporation grants to its shareholders the right to subscribe for and purchase pro rata additional securities of any other corporation or entity, there shall be no adjustments made to the number of Shares or other securities issuable or deliverable upon the redemption of the Deferred Share Units in consequence thereof and the Deferred Share Units shall remain unaffected.
- (g) The adjustment in the number of Shares issuable or deliverable upon the redemption of Deferred Share Units provided for in this Section 5.8 shall be cumulative.
- (h) On the happening of each and every of the foregoing events, the applicable provisions of the Plan and each of them shall, ipso facto, be deemed to be amended accordingly and the Committee shall take all necessary action so as to make all necessary adjustments in the number and kind of securities issuable or deliverable upon the redemption of any outstanding Deferred Share Unit (and the Plan) and the exercise price thereof.

5.9 Issuance of Shares

- (a) *Compliance with Applicable Laws:* No Share shall be issued or purchased and delivered under the Plan unless and until the Committee has determined that all provisions of Applicable Laws and the requirements of the Stock Exchange have been satisfied. The Committee may require, as a condition of the issuance or the purchase and delivery of Shares pursuant to the terms hereof, that the recipient of such Shares make such covenants, agreements and representations, as the Committee in its sole discretion deems necessary or desirable. In the event that Shares cannot be issued or purchased and delivered on a Redemption Date, redemption of a Deferred Share Unit shall be made in cash pursuant to Section 5.5(a)(i).
- (b) *No Fractional Shares:* The Corporation shall not be required to issue, or to purchase and deliver, fractional Shares on account of the redemption of Deferred Share Units. If any fractional interest in a Share would, except for this provision, be issuable or deliverable on the redemption of Deferred Share Units, the Corporation shall, in lieu of delivering any certificate of such fractional interest, satisfy such fractional interest by paying to the Designated Participant or his Beneficiary, if applicable, a cash amount equal to the fraction of the Share corresponding to such fractional interest multiplied by the Market Value of such Share.

5.10 No Interest

For greater certainty, no interest shall accrue to, or be credited to, a Participant on any amount payable under the Plan.

6. GENERAL

Without limiting the generality of the foregoing, the Board may:

6.3 Reorganization of the Corporation

The existence of any Deferred Share Units shall not affect in any way the right or power of the Corporation or its shareholders to make or authorize any adjustment, recapitalization, reorganization or other change in the Corporation's capital structure or its business, or any amalgamation, combination, merger or consolidation involving the Corporation or to create or issue any bonds, debentures, shares or other securities of the Corporation or the rights and conditions attaching thereto or to effect the dissolution or liquidation of the Corporation or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar nature or otherwise.

6.4 General Restrictions and Assignment
