MANAGEMENT INFORMATION CIRCULAR

**FOR THE ANNUAL GENERAL AND SPECIAL MEETING
OF COMMON SHAREHOLDERS**

MAY 5, 2005

ALL AMOUNTS OF MONEY WHICH ARE REFERRED TO IN THIS MANAGEMENT INFORMATION CIRCULAR ARE EXPRESSED IN LAWFUL MONEY OF THE UNITED STATES UNLESS OTHERWISE SPECIFIED.

NOTE: Shareholders who do not hold their common shares in their own name, as registered shareholders, should read “Advice to Beneficial Shareholders” for an explanation of their rights.

The information in this Management Information Circular is as of March 8, 2005 unless otherwise indicated.

SOLICITATION OF PROXIES

THIS MANAGEMENT INFORMATION CIRCULAR IS PROVIDED IN CONNECTION WITH THE SOLICITATION OF PROXIES BY THE MANAGEMENT OF GOLDEN STAR RESOURCES LTD. (the “Company”) for the annual general and special meeting of the shareholders of the Company (the “Meeting”) to be held on Thursday, May 5, 2005, at 2:00 p.m. (Toronto time) in the Design Exchange, Patty Watt Room, 234 Bay Street, Toronto, Ontario, Canada M5K 1B2 or at any adjournment thereof for the purposes set forth in the accompanying Notice of Meeting. This Management Information Circular and the accompanying form of proxy (“Proxy”) are expected to be sent to the shareholders on or about April 6, 2005.

Although it is expected that the solicitation of proxies will be primarily by mail, proxies may also be solicited personally or by telephone, telegraph or personal interview by regular employees of the Company, at a nominal cost to the Company. In accordance with applicable laws, arrangements have been made with brokerage houses and other intermediaries, clearing agencies, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of the common shares held of record by such persons and the Company may reimburse such persons for reasonable fees and disbursements incurred by them in doing so. The costs thereof will be borne by the Company.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the enclosed Proxy, Peter J. Bradford, President and Chief Executive Officer of the Company, or failing him, Allan J. Marter, Senior Vice President, Chief Financial Officer and Secretary of the Company, have been designated by the directors of the Company and have indicated their willingness to represent as proxy each shareholder who appoints them. **A SHAREHOLDER HAS THE RIGHT TO DESIGNATE A PERSON (WHO NEED NOT BE A SHAREHOLDER) OTHER THAN PETER J. BRADFORD OR ALLAN J. MARTER, BEING THE MANAGEMENT DESIGNEES, TO REPRESENT HIM OR HER AT THE MEETING.** Such right may be exercised by inserting in the space provided for that purpose on the Proxy the name of the person to be designated and deleting therefrom the names of the management designees, or by completing another proper form of proxy. Such shareholder should notify the nominee of the appointment, obtain a consent to act as proxy and provide instructions on how the shareholder's common shares ("Common Shares") of the Company are to be voted. In any case, the form of proxy should be dated and executed by the shareholder or an attorney authorized in writing, with proof of such authorization attached where an attorney executed the proxy form.

A form of proxy will not be valid for the Meeting or any adjournment thereof unless it is completed and delivered to Attention: Proxy Department, CIBC Mellon Trust Company, #6, 200 Queens Quay East, Toronto, Ontario, Canada M5A 4K9, no later than 5:00 p.m. (Toronto time) on Tuesday, May 3, 2005 or, if the Meeting is adjourned, no later than 5:00 p.m. (Toronto time) on the business day immediately prior to the day of the reconvening of the adjourned Meeting. Late proxies may be accepted or rejected at any time prior to the commencement time of the Meeting by the Chairman of the Meeting in his discretion and the Chairman is under no obligation to accept or reject any particular late proxy.

In addition to revocation in any other manner permitted by law, a shareholder who has given a proxy may revoke it at any time before it is exercised, by instrument in writing executed by the shareholder or by his attorney authorized in writing and deposited either at the registered office of the Company, being Suite 1900, 885 West Georgia Street, Vancouver, British Columbia, Canada V6C 3H4 at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof, before any votes in respect of which the proxy is to be used shall have been taken. In addition, a proxy may be revoked by the shareholder personally attending at the Meeting, registering with the scrutineers and voting his Common Shares.

ADVICE TO BENEFICIAL SHAREHOLDERS

The information set forth in this section is of significant importance to many shareholders of the Company as a substantial number of shareholders do not hold their Common Shares in their own names. Shareholders of the Company who do not hold their Common Shares in their own names (referred to herein as "Beneficial Shareholders") should note that only proxies

Table of Contents

deposited by shareholders whose names appear on the records of the Company as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a shareholder by a broker, then, in almost all cases, those shares will not be registered in the shareholder's name on the records of the Company. Such shares will more likely be registered under the name of the shareholder's broker or an agent or nominee of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms). Common Shares of the Company held by brokers or their agents or nominees may in certain instances be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, a broker and its agents and nominees are prohibited from voting shares for the broker's clients. **Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate person.**

Applicable regulatory rules require intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is identical to the form of proxy provided to registered shareholders. However, its purpose is limited to instructing the registered shareholder (the broker or agent or nominee of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to ADP Investor Communications ("ADP"). ADP typically applies a special sticker to the proxy forms, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to return the proxy forms to ADP. ADP then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the meeting. **A Beneficial Shareholder receiving a proxy with an ADP sticker on it cannot use that proxy to vote Common Shares directly at the Meeting – the proxy must be returned to ADP well in advance of the Meeting in order to have the Common Shares voted.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his broker (or an agent or nominee of the broker), a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote such Common Shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered shareholder should enter their own names in the blank space on the form of proxy provided to them and return the same to their broker (or the broker's agent or nominee) in accordance with the instructions provided by such broker (or agent or nominee), well in advance of the Meeting.

All references to shareholders in this Management Information Circular and the accompanying Notice of Meeting and Proxy are to shareholders of record unless specifically stated otherwise. Where documents are stated to be available for review or inspection, such items will be shown upon request to registered shareholders who produce proof of their identity.

VOTING OF PROXIES

The persons named in the enclosed Proxy are directors and/or officers of the Company who have indicated their willingness to represent as proxy the shareholders who appoint them. Each shareholder may instruct his proxy how to vote his Common Shares by completing the blanks on the Proxy.

All Common Shares represented at the Meeting by properly executed proxies will be voted (including the voting on any ballot), and where a choice with respect to any matter to be acted upon has been specified in the Proxy, the Common Shares represented by the Proxy will be voted or withheld from voting in accordance with such specification. **IN THE ABSENCE OF ANY SUCH SPECIFICATION, THE MANAGEMENT DESIGNEES, IF NAMED AS PROXY, WILL VOTE IN FAVOUR OF THE MATTERS SET OUT THEREIN.**

The enclosed Proxy confers discretionary authority upon the management designees, or other persons named as proxy, with respect to amendments to or variations of matters identified in the Notice of Meeting and any other matters which may properly come before the Meeting. As of the date hereof, the Company is not aware of any amendments to, variations of or other matters which may come before the Meeting. In the event that other matters come before the Meeting, then the management designees intend to vote in accordance with the judgment of the management of the Company.

VOTING SHARES AND SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The Company has authorized capital consisting of an unlimited number of Common Shares and an unlimited number of first preferred shares (the "First Preferred Shares"). As of March 8, 2005, a total of 142,385,476 Common Shares and no First Preferred Shares were issued and outstanding.

The board of directors of the Company (the "Board") has fixed March 8, 2005 as the record date for the determination of shareholders entitled to notice of and to vote at the Meeting and at any adjournment thereof. Each Common Share outstanding on the record date carries the right to one vote. The Company has caused to be prepared a list of the holders of its Common Shares on such record date. Each shareholder named in the list will be entitled to one vote at the Meeting for each Common Share shown opposite such shareholder's name except to the extent that (a) such shareholder has transferred the ownership of such Common Share after the date on which the list was prepared and (b) the transferee of such Common Share produces a properly endorsed share certificate or otherwise establishes that the transferee owns such Common Share and demands not later than ten days before the Meeting that the transferee's name be included in the list in which case the transferee will be entitled to vote such Common Share at the Meeting. A complete list of the shareholders entitled to vote at the Meeting will be open to examination by any shareholder for any purpose germane to the Meeting, during ordinary business hours for a

period of ten days prior to the Meeting, at the office of CIBC Mellon Trust Company at 1600, 1066 West Hastings Street, Vancouver, British Columbia, Canada V6E 3X1.

Under the Company's Bylaws, the quorum for the transaction of business at the Meeting consists of two persons present in person, each being a shareholder entitled to vote thereat or a duly appointed proxyholder or representative for a shareholder so entitled.

The following table shows the number of Common Shares beneficially owned, as of March 8, 2005, by each person known to the Company or its directors or executive officers to be the beneficial owner of more than 5% of its outstanding Common Shares, by each director and the director nominees of the Company, by each executive officer named in the table titled "Summary Compensation Table" and by all directors, director nominees and executive officers of the Company as a group. All information is taken from or based upon ownership filings made by such persons with the U.S. Securities and Exchange Commission ("SEC") or upon information provided by such persons to the Company. Unless otherwise noted, the Company believes that each person shown below has sole investment and voting power over the Common Shares owned.

3. Stock Option Plan

The Company's Second Amended and Restated 1997 Stock Option Plan (referred to herein as the "Plan") provides to certain key employees, consultants and directors (including non-employee directors) of the Company and its subsidiaries an incentive to maintain and to enhance the long-term performance of the Company through the acquisition of Common Shares pursuant to the exercise of stock options. The Plan provides for discretionary option grants to employees, consultants and directors. Currently, there are approximately sixty key employees (including executive officers) and five non-employee directors of the Company and its subsidiaries who are eligible to receive options under the Plan.

Subject to certain other limitations, the maximum number of Common Shares authorized for issuance under the Plan is 15,000,000 Common Shares (or approximately 10.5% of the issued and outstanding Common Shares). As at March 8, 2005, 6,130,650 Common Shares (or approximately 4.3% of the issued and outstanding Common Shares) remain available for grant. An aggregate of 5,685,035 Common Shares (or approximately 4.0% of the issued and outstanding Common Shares) are issuable under options that have been granted under the Plan. The maximum number of Common Shares that may be issued to insiders under the Plan is limited to that number which is equal to the difference between (i) 10% of the outstanding number of Common Shares from time to time, and (ii) the number of Common Shares that are reserved for issuance to insiders pursuant to stock options granted under other stock option plans

Table of Contents

or arrangements of the Company. The total number of Common Shares that may be issued to any one optionee pursuant to options granted under the Plan or other stock option plans or arrangements of the Company can not exceed 5% of the outstanding number of Common Shares from time to time. The maximum number of shares that may be issued to any optionee in any one calendar year is 400,000 Common Shares (or approximately 0.3% of the issued and outstanding Common Shares).

The Plan is currently administered by the Compensation Committee, except with respect to grants to non-employee directors which are administered by the Board. The Compensation Committee or the Board, as the case may be, has the authority, subject to the terms of the Plan, to determine when and to whom to make grants under the Plan, the number of Common Shares to be covered by the grants, the terms of options granted and the exercise price of options, and to prescribe, amend and rescind rules and regulations relating to the Plan. Options granted under the Plan are exercisable over a period determined by the Board, but not to exceed ten years from the date of grant, and the exercise price of an option may not be less than the closing price of the Common Shares on the stock exchange on which the Common Shares principally trade on the day immediately preceding the date of grant. In addition, the grant of an option may be subject to vesting conditions established by the Board as provided in the option agreement evidencing the grant of such option. All options granted to directors, executive officers and other employees are subject to vesting as determined at the date of grant, which vesting is either as to one-third on grant, and one-third on each of the second and third anniversary dates, or as to one-fourth on grant and an additional one-fourth on each of the second, third and fourth anniversary dates.

In the event of an optionee's termination of employment or service prior to the time all or any portion of an option vests, such option, to the extent not vested, shall terminate. Except as otherwise provided by the Committee or the Board, as the case may be, if an optionee ceases to be employed by, or provide services to, the Company for any reason (other than by reason of death), the optionee's options generally will expire 30 days following such termination in the case of a non-director optionee and within 12 months in the case of a director optionee. If the optionee dies while employed (or within the 30-day period referred to in the preceding sentence), all outstanding options, to the extent then vested, may be exercised within one year after the optionee's date of death by the person or persons to whom the optionee's rights pass. In no case may options be exercised later than the expiration date specified in the grant. Options may be transferred by an optionee only by will or by the laws of descent and distribution, and during his or her lifetime may be exercised only by an optionee during his or her lifetime.

Although the Plan provides for interest free loans (subject to the terms of the Plan) to be made available to optionees who are employees of the Company or its subsidiaries for the purpose of exercising options under the Plan, the Compensation Committee and the Board do not intend to extend such loans to directors or executive officers of the Company and there are no such loans outstanding.

The exercise price and the number of Common Shares to be purchased by an optionee upon the exercise of an option will be adjusted by the Compensation Committee, or the Board, as the case may be, in accordance with the terms of the Plan in connection with the occurrence of certain corporate events or changes to the Common Shares.

Table of Contents

The Plan provides that it will terminate, unless earlier terminated in accordance with its terms, on the tenth anniversary of its approval. The Plan provides that it generally may be amended or terminated at any time by the Board. However, any such amendment or termination shall be subject to any necessary stock exchange, regulatory or shareholder approval. In addition, no amendment to an option may adversely affect the rights under such option without the consent of the optionee.

- (3) On May 21, 2004, being the last trading day prior to the date of grant, the closing price of the Common Shares on the TSX was Cdn\$6.95. On March 8, 2005, the closing price of the Common Shares on the TSX was Cdn\$3.83.

On March 8, 2005, the closing price of the Common Shares was Cdn\$3.83 on the TSX and the closing sale price of the common shares of Guyanor was Cdn\$0.37 on the TSX.
- (2) The Company has occasionally granted, as additional compensation, options to purchase common shares of Guyanor. The term of each such option is 10 years and each such option vested immediately. The Company did not grant any such options to directors and Named Executive Officers during the fiscal years ended December 31, 2004 and 2003.

4. Bonus Plans

The Company has an Employees' Stock Bonus Plan (the "Stock Bonus Plan") for any full-time or part-time employee (whether or not a director) of the Company or any of its subsidiaries who has rendered meritorious services that contributed to the success of the Company or any of its

Table of Contents

subsidiaries. Up to 900,000 Common Shares (or approximately 0.6% of the issued and outstanding Common Shares) are authorized for issuance under the Stock Bonus Plan. The Stock Bonus Plan is currently administered by the Compensation Committee and provides for grants of bonus Common Shares on terms that the Compensation Committee may determine, within the limitations of the Stock Bonus Plan and subject to the rules of applicable regulatory authorities. The maximum number of Common Shares that may be issued under the Stock Bonus Plan in any calendar year will not exceed in the aggregate 2% of the total number of outstanding Common Shares at the end of the immediately preceding calendar year, provided that (i) no more than 1% of the total number of outstanding Common Shares at the end of the immediately preceding calendar year can be issued to any one insider, (ii) the total number of Common Shares issuable within any one-year period to all insiders of the Company pursuant to the Stock Bonus Plan and pursuant to the exercise of vested options granted under other share compensation arrangements can not exceed 10% of the then outstanding Common Shares, and (iii) the total number of Common Shares issuable within any one-year period to an employee under the Stock Bonus Plan and such employee's associates pursuant to the Stock Bonus Plan and pursuant to the exercise of vested options granted under other share compensation arrangements can not exceed 5% of the then outstanding Common Shares.

A total of 487,578 Common Shares (or approximately 0.3% of the issued and outstanding Common Shares) have been issued under the Stock Bonus Plan to March 8, 2005. In 2004, no Common Shares were issued under the Stock Bonus Plan; however the Named Executive Officers received as part of their bonus for 2004 certain Common Shares which were issued in 2005 pursuant to the Stock Bonus Plan (see the "Summary Compensation Table" and the notes thereto). As of March 8, 2005, 412,422 Common Shares (or approximately 0.3% of the issued and outstanding Common Shares) remain available for grant under the Stock Bonus Plan.

The Board has the right to amend or terminate the Stock Bonus Plan at any time in its discretion. In addition, certain amendments to the Stock Bonus Plan require shareholder and regulatory approval.

The Company also maintains an Executive Management Performance Bonus Plan (the "Executive Bonus Plan") under which the Company's executive officers and certain other management personnel are eligible for bonuses, including bonuses under the Stock Bonus Plan and cash bonus awards. Bonuses are awarded under the Executive Bonus Plan at the discretion of the Board, based on the Board's evaluation of the performance of both the Company and the participant measured against performance objectives established each year.

5. Employment, Change of Control Agreements and Other Agreements

All Named Executive Officers currently employed by the Company have agreements with the Company or a subsidiary in respect of their employment with the Company. The base salary amounts payable under these employment agreements are reviewed annually by the Compensation Committee.

Effective April 30, 2004, the Company or a subsidiary has entered into amended and restated employment agreements with Peter J. Bradford, Allan J. Marter, Richard Q. Gray, Bruce Higson-Smith and Dr. Douglas A. Jones. The material terms of the agreements include: (a) employment for terms of one year from May 1, 2004 with automatic renewal for successive one-year periods; (b) a base salary (see the 2004 salary of the Named Executive Officers as set forth under the "Summary Compensation Table" above); (c) severance payments upon a termination of employment without cause in an amount equal to the sum of the employee's base salary (two times such amount for Mr. Bradford), the average of the target bonus for the employee for the current calendar year and the bonus paid to the employee for the previous year, plus amounts based on previous year benefits; (d) a lump sum payment in the event of a "termination upon a change in control" in an amount equal to two times the sum of the employee's base salary (three times such amount for Mr. Bradford), the average of the target bonus for the employee for the current calendar year and the bonus paid to the employee for the previous year, plus amounts based on previous year benefits; and (e) participation in the Plan, the Executive Bonus Plan, and in such of the Company's benefit and deferred compensation plans as are from time to time available to executive officers of the Company.

A “termination upon a change in control” will occur when a Named Executive Officer is terminated within 24 months following a “change in control”, or if the Named Executive Officer terminates his employment contract within 24 months of a “change in control” for reasons which may include a substantial alteration in the nature or status of employment responsibilities, a reduction in compensation or benefits, a relocation of the Company’s principal offices or a relocation of the Named Executive Officer outside of Denver, Colorado, certain material breaches of the employment contract, or a failure by the successor company to assume the obligations under the employment contract. A “change in control” is deemed to have occurred if: (i) certain prescribed persons become the beneficial owner, directly or indirectly, of more than 30% of the then outstanding voting stock of the Company; (ii) persons who are incumbent directors cease to constitute a majority of the Board; (iii) the shareholders of the Company approve a merger, consolidation or amalgamation of the Company with any other corporation (other than one where the voting securities of the Company outstanding immediately prior thereto continue to represent at least 50% of the combined voting power of the voting securities of the Company or the surviving entity outstanding immediately after such transaction); or (iv) the shareholders approve a plan of complete liquidation of the Company or the sale or disposition by the Company of all or substantially all of the Company’s assets.

C. Compensation Committee Report on Executive Compensation

Composition of the Compensation Committee

The members of the Compensation Committee are Messrs. James E. Askew (Chairman), David L. Bumstead and Ian MacGregor. Mr. MacGregor joined the Compensation Committee on May 20, 2004 upon the resignation of Mr. Stone from the Board of Directors. Mr. Bumstead joined the Compensation Committee on January 27, 2005 upon his appointment to the Board. Mr. Askew was president of the Company from March 1999 through October 1999. Members of the Compensation Committee are appointed on an annual basis after the election of directors. See “Certain Relationships and Related Transactions”

Mandate of the Compensation Committee

The mandate of the Compensation Committee includes recommending for the approval of the Board of Directors compensation arrangements for all executive officers of the Company and its controlled subsidiaries (subject to the approval of the board of directors of the subsidiaries, if required). Cash and benefits compensation is provided for in agreements that have been negotiated and entered into with the Chief Executive Officer and the Named Executive Officers of the Company as described above. At the time such agreements were entered into, the Compensation Committee considered the compensation levels for such positions to be comparable to those of other public junior to mid-size gold producing companies. Subsequent adjustments have reflected, among other things, merit, cost of living and special living conditions. Executive salaries are reviewed on a yearly basis and are set for individual executive officers based on the level of responsibility, scope and complexity of the executive’s position and an evaluation of each individual’s role and performance in advancing the successful development of the Company, the officer’s performance in general, the Company’s performance and a comparison of salary ranges for executives of other companies in similar businesses. In

Table of Contents

February 2000, the Board, upon recommendation of the Compensation Committee, adopted a remuneration matrix based essentially on these criteria, which remained unchanged in 2004.

Mr. Bradford's base salary for 2004 was \$315,000. In increasing Mr. Bradford's salary, the Compensation Committee considered the factors listed above, as well as the Company's performance over the last five years under Mr. Bradford's leadership, including significant increases in reserves, reduction of cash costs and the successful acquisition of gold properties with significant potential.

The Compensation Committee determines any annual bonus to be awarded to the Chief Executive Officer and the other Named Executive Officers based on a combination of the achievement by each person of both corporate and individual key performance indicators established by the Compensation Committee as of the commencement of the applicable fiscal year.

The Compensation Committee has considered options to purchase Common Shares and the granting of stock bonuses to be an essential element of the compensation arrangements for executive officers. In determining the amount of stock options and stock bonuses to be granted, the Compensation Committee has considered, among other things, the officer's position, salary, and performance both overall and against specific objectives, which relates to the officer's accomplishments and the Company's performance. The Compensation Committee adopted a guide in February 2000 for determining option awards based on multiples that are a function of the Company's and the executive's performance. The Company granted stock options to the Named Executive Officers in 2004 based on this guide.

D. Performance Graph and Table

The following graph and table illustrates the cumulative total shareholder return on the Common Shares for the fiscal years ended December 31, 1999 through 2004, together with the total shareholder return of the S&P/TSX Composite Index and the Canadian Gold Index for the same period. The graph and table assumes an initial investment of Cdn\$100 at December 31, 1999 and are based on the trading prices of the Common Shares on the TSX during the periods indicated. Because the Company did not pay dividends on its Common Shares during the measurement period, the calculation of the cumulative total shareholder return on the Common Shares does not include dividends.

AUDIT COMMITTEE REPORT

The Audit Committee has reviewed and discussed with management of the Company the audited financial statements of the Company for the fiscal year ended December 31, 2004 (the “Audited Financial Statements”).

The Audit Committee has discussed with PricewaterhouseCoopers LLP, independent accountants for the Company, the matters required to be discussed by Statement on Auditing Standards No. 61.

The Audit Committee has received the written disclosures and the letter from PricewaterhouseCoopers LLP required by the Independence Standards Board Standard No. 1, and has discussed with PricewaterhouseCoopers LLP its independence and has considered the compatibility of the non-audit services which it provides with maintenance of that independence.

Based on the reviews and discussions described above, the Audit Committee recommended to the Board that the Audited Financial Statements be included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2004 for filing with the SEC.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The TSX requires each listed company incorporated in Canada to disclose annually its compliance with corporate governance standards established through TSX guidelines. Certain changes to the guidelines are being proposed in the context of the corporate governance standards that should be applicable generally in Canada, in part as a response to recent U.S. developments. The following statement is responsive to the guidelines currently in force.

Mandate of Board

The Board is required to supervise the management of the business and affairs of the Company. It establishes overall policies and standards for the Company. The Board expects management to conduct the business of the Company in accordance with the Company’s ongoing strategic plan as adopted by the Board. The Board regularly reviews management’s progress in meeting these expectations. The directors are kept informed of the Company’s operations at meetings of the Board and its committees and through reports and analyses and discussions with management. The Board normally meets five times a year in person or by telephone conference, with additional meetings being held as needed. In 2004, there were a total of 19 meetings of the

Table of Contents

Board. Each incumbent director attended all of the meetings of the Board and meetings of committees on which he served.

The following is a summary of how the Board handles matters pertaining to strategic planning, risk management, communication and internal control systems, and management and succession:

1. Each year the Board reviews and approves planning assumptions and detailed monthly budgets for the following year and annual projections for the following five years. The Board monitors performance against budget through reporting by management in the form of monthly reports and Board papers.
2. The Board seeks to identify principal risks of the Company's business which are wide-ranging because of the nature of the Company's business, including risks associated with operating in developing countries, maintaining control of the Company's assets and funds, political risks, exchange controls, environmental and safety risks, government regulation problems, title uncertainties, civil unrest, the availability of skilled management and labour.
3. The Board annually considers the overall performance of management to identify areas where additional skills may be required and to consider the measures required to ensure sufficient management depth for the management of the Company in the event of the loss of any of the Company's executive management team.
4. The Chief Executive Officer and the Chief Financial Officer provide shareholder communications on behalf of the Company.
5. The Board has the responsibility to periodically review the environmental and safety policies adopted by the Company and its affiliates and has established a Policy on Safety, Community Relations and Environment.
6. The Board has the responsibility to periodically review the integrity of the Company's internal control and management information systems.

Decisions requiring Board Approval

The Board considers that certain decisions are sufficiently important that management should seek prior approval of the Board. The Board has adopted Policies on Corporate Control with respect to annual budgets, financial and budget reporting, activities reporting, acquisitions and dispositions of assets, joint ventures, spending authorities, contracts and investment banking services. Therefore, in addition to those matters that must by law be approved by the Board, the Board approves, among other things, the terms of acquisitions and dispositions of the mineral properties of the Company and its subsidiaries as well as joint venture agreements on such properties. Operating and capital budgets also require the Board's approval. The Board receives monthly reports on operational, financial and business development matters. Finally, because of its relatively small size, the Board is very flexible and management is able to liaise regularly with the Board to discuss and seek approval for various activities.

Composition of the Board and Independence from Management

The Board is currently composed of six directors, all are being nominated for election as directors at the Meeting. Except for Mr. Bradford, President and Chief Executive Officer of the Company, the Board has determined that each director is unrelated, an outside member with no other affiliation with the Company and independent as defined by the American Stock Exchange. In making this determination, the Board has examined the circumstances of each director in relation to a number of factors, including each director's current and past role in the management of the Company or its affiliates. See "Certain Relationships and Related Transactions" for a further discussion.

The non-management members of the Board also engage in private sessions with the Company's most senior officers without other members of senior management being present. The Board also meets independently of all senior management, under the leadership of the Board's Chairman. Individual members of the Board are free to consult with members of senior management whenever they so require, and to engage outside advisors with the Board's authorization.

The non-management members have a variety of experience and skills, including the areas of accounting, banking, investment banking, mining, mineral exploration, metallurgy and law. The Nominating and Corporate Governance Committee is responsible for assessing annually the performance of Board members individually and the effectiveness of the Board as a whole and its committees. The education of new members is accomplished through a combination of furnishing appropriate records, reports and other documents of the Company to new members and through meetings with executives and senior management in order that new members are given a full opportunity to familiarize themselves with the assets and operations of the Company and its subsidiaries.

The Board periodically reviews the adequacy and form of compensation of directors in relation to the responsibilities and risks involved in being an effective director. See "Compensation of Directors" above. In addition to cash compensation, the directors receive options under the Plan. The Board believes the emphasis on compensation through options is particularly appropriate in a resource business where increasing shareholder value is a significant relevant measure of progress.

The Board periodically evaluates its size relative to its effectiveness in fulfilling its mandate and, in this respect, the Board believes that its current size is appropriate.

Board Committees

i) Audit Committee

The Audit Committee is currently comprised of Messrs. David K. Fagin (Chairman), David L. Bumstead and Ian MacGregor. The Board has determined that each of the members of the Audit Committee is financially literate, unrelated, an outside member with no other affiliation with the

Table of Contents

Company and is independent as defined by the American Stock Exchange. The Board has determined that Mr. Fagin is an “audit committee financial expert” as defined by the SEC. The primary duties and responsibilities of the Audit Committee, as set out in its charter, are to review the financial reporting process, the system of internal control, the audit process, related party transactions, compliance with the Company’s codes of ethics or conduct and the Company’s process for monitoring compliance with laws and regulations. The Audit Committee is responsible for the appointment, compensation, retention, termination and oversight, subject to the requirements of Canadian law, of the work of the independent auditor. In performing its duties, the Audit Committee maintains effective working relationships with the Board, management and the external auditors. To effectively perform his role, each committee member must obtain and maintain an understanding of the detailed responsibilities of committee membership as well as the Company’s business, operations and risks. In addition, the Audit Committee recommends to the Board for approval the annual and quarterly financial statements, the annual and quarterly reports and certain other documents required by regulatory authorities. In connection with risk assessment, the Audit Committee reviews among other things the nature and adequacy of insurance coverage. The Audit Committee met four times during 2004.

ii) Compensation Committee

The Compensation Committee is composed of Messrs. James E. Askew (Chairman), David L. Bumstead and Ian MacGregor, each of whom has been determined by the Board to be unrelated, an outside member with no other affiliation with the Company and independent as defined by the American Stock Exchange. The Compensation Committee, subject to Board approval, supervises the selection, evaluation and determination of compensation of executive officers, sets corporate-wide policy with respect to compensation and benefits, and administers the Plan (except with respect to grants to non-employee directors) and the Stock Bonus Plan. The Compensation Committee also recommends to the Board the descriptions, definitions and limits to management’s authorities and approval of objectives and goals for top management in general terms. The Compensation Committee met once in 2004.

iii) Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is currently composed of Messrs. Ian MacGregor (Chairman), David K. The Nominating and Corporate Governance Committee also considers the independence of directors or potential directors. The Nominating and Corporate Governance Committee met once in 2004.

Shareholders wishing to recommend a director candidate to serve on the Board may do so by providing written notice to the Chairman of the Nominating and Corporate Governance Committee, Golden Star Resources Ltd., 10901 West Toller Drive, Suite 300, Littleton, Colorado, USA 80127-6312, that identifies the candidate, provides appropriate biographical and background materials, evidences the nominating shareholder's Common Share ownership, and includes a written signed statement of the candidate. A complete copy of the procedures to be followed by shareholders who wish to recommend director candidates is available on the Company's website (www.gsr.com).

At the Meeting, shareholders will be asked to consider the election of David L. Bumstead.
