Item 5. Other Events

Golden Star Resources Ltd. announced that it has filed an appeal against the American Stock Exchange's intention to remove the Company's shares from listing on the Exchange. The appeal process is expected to take some time and during this period the Company's shares will continue to be listed and traded on the Exchange. Trading on the Toronto Stock Exchange should not be affected by the determination made by the American Stock Exchange. Golden Star will also utilize the appeal period to review the alternatives available to the Company in the event that the appeal is unsuccessful and an alternative listing forum in the United States is required.

The decision of the Exchange to de-list the Company's shares is in strict compliance with the Exchange's guidelines and is based on several factors including Golden Star's greater than five year history of negative earnings and the low price at which the Company's shares are currently trading. Golden Star's appeal of the Exchange's decision will focus on the negative impact that recent low gold prices have had on these tests and the positive impact that continuing operations at Bogoso coupled with the impact of the planned acquisition of the Prestea gold concession may have on the Company's earnings and share price.
