## Letter to Shareholders

Dear Fellow Shareholder,

On behalf of the Board of Directors, it is my pleasure to invite you to attend Golden Star's Annual and Special Meeting of Shareholders to be held on Thursday, May 7, 2015 at 1:30 pm, Toronto time, in the L1 Meeting Room, St. Andrew's Club & Conference Centre, 150 King Street West, Suite 2700, Sun Life Tower, Toronto, Ontario, M5H 1J9. Golden Star's Board of Directors and Executive Team look forward to meeting you that day as we present the Company's 2014 financial results, discuss the initiatives that are underway at Golden Star and outline our plans for the future. We hope you can join us. Please review this information circular before exercising your vote, as it contains important information relating to the business of the meeting. It is important that you exercise your vote in person or by submitting your proxy or voting instruction form. Your participation as a shareholder is very important to us. If you cannot attend the meeting in person, you may view a live webcast of the meeting at Golden Star's website, [www.gsr.com](http://www.gsr.com). The recorded version of the meeting will be available at Golden Star's website until the next Annual Meeting of Shareholders.

I would like to take this opportunity to thank Chris Thompson, Director and previous Chairman of Golden Star who will not be standing for re-election in May. Mr. Thompson initiated significant changes in Golden Star during his term as Chairman, and has continued to be a very active contributor to the Board. The Board and the management will miss him. There are no plans at the moment to replace him.

The Board and management thank you for your continued confidence in Golden Star. We look forward to 2015 being the year during which we move Golden Star forward on the road to being a profitable, lower cost gold producer in Ghana.

Tim Baker  
Chair of the Board  
Golden Star Resources Ltd.

## Management Information Circular

### About our Shareholder Meeting

You can vote on items of business, meet our directors and management and receive an update about Golden Star Resources Ltd. (“**Golden Star**” or the “**Corporation**”).

### Business of the Meeting

#### Election of Directors

The term of office of the current directors of Golden Star will expire at the annual general and special meeting (the “**Meeting**”) or when their successors are duly elected or appointed. The Articles of the Corporation provide that there will be a minimum of three and a maximum of 15 directors. The Board of Directors of Golden Star (the “**Board**”) is currently composed of nine directors, four of whom are resident Canadians .

Pursuant to the Canada Business Corporations Act (“**CBCA**”), each nominee may be elected by a plurality of the votes cast by shareholders present in person or represented by proxy. However, each nominee is to be elected in accordance with the written majority voting policy that we have adopted. See “About the Board—Majority Voting for Board Election.”

We will elect eight directors to the Board to serve for a term expiring at the next annual meeting of shareholders of the Corporation. All of the nominated directors currently serve on the Board . You can vote for all of the nominated directors, vote for some of them and withhold votes from all or some of our director nominees.

We recommend that you vote **FOR** all of the nominated directors.

Unless otherwise indicated in any proxy, it is management’s intention to vote proxies **for** the election of the eight directors identified on pages 8-15.

### Appointment of Auditors

The Board, on the recommendation of the Audit Committee, has proposed that PricewaterhouseCoopers LLP (“**PWC**”) be reappointed as our auditor to hold office until the close of the next annual meeting of shareholders of the Corporation or until PWC is removed from office or resigns as provided by law and the Audit Committee is authorized to fix the remuneration of PWC as auditor.

Representatives of PWC will be invited to attend the Meeting and may make a statement if they so desire. PWC will respond to shareholder questions.

Golden Star incurred the following fees for services performed by its principal accounting firm, PWC, during fiscal years 2014 and 2013:

Year	Audit Fees	Audit Related Fees	Tax Fees	All Other Fees	Total
2014	\$779,737	—	\$ 53,277	\$32,540	\$865,554
2013	\$667,880	\$118,812	\$131,402	—	\$918,094

Audit fees include the aggregate audit fees billed for the audit of the financial statements for fiscal years 2014 and 2013, including with respect to the Corporation’s internal controls over financial reporting, quarterly review of financial statements and fees related to the review of offering materials.

---

Audit related fees related to the services provided by the Corporation's external auditor that are reasonably related to the performance of the audit or review of financial statements. The fees for 2013 related to services rendered by the Corporation's external auditor with respect to the Corporation's transition to reporting in accordance with International Financial Reporting Standards. Tax related fees include assistance in filing annual tax returns and tax planning. Other 2014 fees related to services rendered with respect to enterprise risk management.

For the years ended December 31, 2014 and December 31, 2013, all work performed in connection with the audit of our financial statements was performed by PWC's employees.

The Audit Committee of the Board has considered the level of compensation paid to the auditors for their audit services to be commensurate to the quality of work and professionalism expected. In addition, the Audit Committee has considered the level of non-audit services provided by the auditors and the auditors' representation letter in its determination of auditor independence.

The Audit Committee has established a policy requiring pre-approval of all audit engagement letters and fees for all auditing services (including providing comfort letters in connection with securities underwritings) and all permissible non-audit services performed by the independent auditors. Such services may be approved at a meeting or by unanimous written consent of the Audit Committee, or the Audit Committee may delegate to one or more of its members the pre-approval of audit services and permissible non-audit services provided that any pre-approval by such member or members shall be presented to the Audit Committee at each of its scheduled meetings.

We recommend that you vote **FOR** reappointing PWC as our auditors at a remuneration to be fixed by the Audit Committee.

If a majority of the common shares of the Corporation (the "**Common Shares**") represented at the Meeting are withheld from voting for the appointment of PWC as auditors of the Corporation, the Board will appoint another firm of chartered accountants based upon the recommendation of the Audit Committee.

Unless otherwise indicated in any proxy, it is management's intention to vote proxies **for** the appointment of PWC and to authorize the Audit Committee to fix the remuneration of PWC as auditors.

### **Financial Statements**

Our 2014 annual report includes our consolidated financial statements for the year ended December 31, 2014 and the auditors' report thereon. The Board of the Corporation has approved the 2014 annual report. You can download a copy from our website at [www.gsr.com](http://www.gsr.com). No vote will be taken regarding the 2014 annual report.

### **Say on Pay**

You will have a vote on our approach to executive compensation as disclosed in this Circular. This is an advisory vote and is non-binding. It will provide important feedback to our Board and Compensation Committee on our executive compensation.

The Compensation Committee and the Board believe that our compensation program motivates executives to create long term shareholder value. The balance of short-term incentives (which are conditional on the achievement of key financial and operational metrics) and our long term share-based compensation program, which provides for 50% of long term incentives to be awarded as performance share units that vest based on total shareholder return relative to a group of gold companies, is aligned with shareholder interests. In addition, our share ownership requirements for directors and executives, compensation clawback and hedging program ensure that decisions are made appropriately taking risk into account.

Accordingly, shareholders will be asked to vote on the following resolution (the “ **Advisory Vote on Named Executive Officer Compensation Resolution** ”) at the Meeting:

*Be it resolved as an ordinary resolution of shareholders that the Corporation ’s shareholders approve, on an advisory basis and not to diminish the role and responsibilities of the Board, that the shareholders accept the approach to executive compensation disclosed in the Corporation ’s Management Information Circular for the 2015 annual general and special meeting of shareholders.*

Two years ago, a majority of our shareholders voted against our say on pay resolution. We took this very seriously and made significant changes to our executive compensation programs and to our executive compensation governance. These significant changes resulted in 97% of our shareholders voting in favour of our say on pay resolution in 2014.

We recommend that you vote **FOR** the Advisory Vote on Named Executive Officer Compensation Resolution.

Unless otherwise indicated in any proxy, it is management’s intention to vote proxies **for** the Advisory Vote on Named Executive Officer Compensation Resolution.

Following this year’s vote, the Board will again carefully consider the feedback we receive from our shareholders, as well as evolving compensation best practices with a view to continuing to improve our executive compensation programs.

### **Who Can Vote**

If you were a registered holder of common shares of Golden Star at the close of business (EDT) on March 13, 2015 you are entitled to receive notice of and to vote at this meeting.

### **How to Vote**

#### ***Solicitation of Proxies***

This management information circular (“ **Circular** ”) is provided in connection with the solicitation of proxies by the management of Golden Star for the Meeting to be held on Thursday May 7, 2015, at 1:30 p.m. (EDT) in the L1 Meeting Room at St. Andrew’s Club and Conference Centre, 150 King Street West, Suite 2700, Sun Life Tower, Toronto, Ontario M5H 1J9 or at any adjournment or postponement thereof for the purposes set forth in the accompanying notice of meeting.

The Corporation is sending proxy-related materials to shareholders using Notice-and-Access. Notice-and-Access is a set of rules for reducing the volume of materials that must be physically mailed to shareholders by posting the circular and additional materials online. Shareholders will still receive a hard copy of the Notice of Meeting and form of proxy or voting instruction form, as the case may be, and may choose to receive a hard copy of the other Meeting Materials. Pursuant to the requirements of the CBCA, registered shareholders of the Corporation will also receive hard copies of the annual financial statements of the Corporation. Details are included in the Notice of Meeting. The Meeting Materials are available online at <http://www.gsr.com/noticeandaccess> and under the Corporation’s profile on SEDAR at [www.sedar.com](http://www.sedar.com). Shareholders are reminded to review the Meeting Materials before voting.

Although it is expected that the solicitation of proxies will be primarily by mail, proxies may also be solicited personally or by telephone or personal interview by regular employees of the Corporation, at a nominal cost to the Corporation. Shareholders may also obtain proxies online at <http://www.gsr.com/noticeandaccess>. In accordance with applicable laws, arrangements have been made with brokerage houses and other intermediaries, clearing agencies, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of the Common Shares held of record by such persons and the Corporation may reimburse such persons for reasonable fees and disbursements incurred by them in doing so.

### ***Appointment and Revocation of Proxies***

The persons named in the enclosed form of proxy, Samuel T. Coetzer, President and Chief Executive Officer of the Corporation, or failing him, Jason Brooks, Vice President and Controller of the Corporation, have been designated by the Board and have indicated their willingness to represent as proxy each shareholder who appoints them. **A SHAREHOLDER HAS THE RIGHT TO DESIGNATE A PERSON (WHO NEED NOT BE A SHAREHOLDER) OTHER THAN SAMUEL T. COETZER OR JASON BROOKS, TO REPRESENT HIM OR HER AT THE MEETING.** Such right may be exercised by inserting in the space provided for that purpose on the proxy the name of the person to be designated and deleting or striking therefrom the names of the management designees, or by completing another proper form of proxy. Such shareholder should notify the nominee of his or her appointment, obtain a consent to act as proxy and provide instructions on how the shareholder's Common Shares are to be voted. In any case, the form of proxy should be dated and executed by the shareholder or an attorney authorized in writing, with proof of such authorization attached where an attorney executed the proxy form. A form of proxy will not be valid for the Meeting or any adjournment or postponement thereof unless it is completed and delivered by no later than 5:00 p.m. (EDT) on Wednesday, May 6, 2015 or, if the Meeting is adjourned or postponed, no later than 5:00 p.m. (EDT) on the business day immediately prior to the day of the reconvening of the adjourned or postponed Meeting, to either (i) in the case of Common Shares which are registered on the books of the Corporation for trading on the Toronto Stock Exchange (" **TSX** ") or on the NYSE MKT (a shareholder whose Common Shares are so registered will receive an envelope that accompanies this Management Information Circular bearing the following address), to Attention: CST Trust Company, P.O. Box 721, Agincourt, Ontario, Canada, M1S 0A1, or (ii) in the case of Common Shares which are registered on the books of the Corporation for trading on the Ghana Stock Exchange (a shareholder whose Common Shares are so registered will receive an envelope that accompanies this Management Information Circular bearing the following address), to Attention: The Registrar, Ghana Commercial Bank Limited, Share Registry, Head Office, P.O. Box 134, Accra, Ghana. Late proxies may be accepted or rejected at any time prior to the commencement time of the Meeting by the Chairman of the Meeting in his discretion and the Chairman is under no obligation to accept or reject any particular late proxy.

In addition to revocation in any other manner permitted by law, a shareholder who has given a proxy may revoke it at any time before it is exercised, by instrument in writing executed by the shareholder or by his or her attorney authorized in writing and deposited either at the registered office of the Corporation, being 150 King Street West, Sun Life Financial Tower, Suite 1200, Toronto, Ontario, Canada M5H 1J9, Attention: June Lutchman at any time up to and including the last business day preceding the day of the Meeting, or any adjournment or postponement thereof, at which the proxy is to be used, or with the Chairman of the Meeting on the day of the Meeting or any adjournment or postponement thereof, before any votes in respect of which the proxy is to be used shall have been taken. In addition, a proxy may be revoked by the shareholder personally attending at the Meeting, by registering with the scrutineers and voting his, her or its Common Shares.

### ***Advice to Beneficial Shareholders***

The information set forth in this section is of significant importance to many shareholders of the Corporation as a substantial number of shareholders do not hold their Common Shares in their own names. Shareholders of the Corporation who do not hold their Common Shares in their own names (referred to herein as "**Beneficial Shareholders**") should note that only proxies deposited by shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a shareholder by a broker, then, in almost all cases, those shares will not be registered in the shareholder's name on the records of the Corporation. Such shares will more likely be registered under the name of an intermediary, typically a shareholder's broker or an agent or nominee of that broker, such as a clearing agency in which the broker participates. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc.), and in the United States, the vast majority of such shares are registered in the name of Cede & Co.

(the registration name of The Depository Trust Company), which entities act as nominees for many brokerage firms. Common Shares held by brokers or their agents or nominees may be voted for or against resolutions or withheld from voting upon the instructions of the Beneficial Shareholder. The Meeting Materials have been distributed to intermediaries who are required to deliver them to, and seek voting instructions from, our Beneficial Shareholders. **However, without specific instructions, an intermediary is prohibited from voting shares for Beneficial Shareholders (commonly referred to as a “broker non-vote”). Broker non-votes will not affect the outcome of the matters to be acted upon at the Meeting. Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate person and carefully follow the instructions provided by the intermediary in order to ensure that their Common Shares are voted at the Meeting.**

Every intermediary has its own mailing procedures and provides its own return instructions to Beneficial Shareholder clients. Often, the form of proxy supplied to a Beneficial Shareholder by its intermediary is identical to the proxy provided to registered shareholders. However, its purpose is limited to instructing the registered shareholder (the intermediary) how to vote on behalf of the Beneficial Shareholder. The majority of intermediaries now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“**Broadridge**”). Broadridge typically applies a special sticker to the proxy forms, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to return the proxy forms to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the meeting. **A Beneficial Shareholder receiving a proxy with a Broadridge sticker on it cannot use that proxy to vote Common Shares directly at the Meeting – the proxy must be returned to Broadridge well in advance of 5:00 p.m. (EDT) on Wednesday May 6, 2015 in order to have the Common Shares voted.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his or her intermediary, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote such Common Shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered shareholder should, well in advance of the meeting, provide written instructions to the intermediary requesting that the Beneficial Shareholder be appointed a proxyholder in respect of the Common Shares held by the registered shareholder. A Beneficial Shareholder who has been appointed as proxyholder for the registered shareholder must be given authority to attend, vote and otherwise act for and on behalf of the registered shareholder in respect of all matters that may come before the Meeting.

All references to “shareholders” in this Circular and the accompanying Notice of Meeting and proxy are to shareholders of record of the Corporation (and not to Beneficial Shareholders) unless specifically stated otherwise. Where documents are stated to be available for review or inspection, such items will be shown upon request to registered shareholders who produce proof of their identity.

### ***Voting of Proxies***

The persons named in the enclosed proxy are directors and/or officers of the Corporation who have indicated their willingness to represent as proxy the shareholders who appoint them. Each shareholder may instruct the shareholder’s proxy how to vote the shareholder’s Common Shares by completing the blanks on the proxy.

All Common Shares represented at the Meeting by properly executed proxies will be voted (including the voting on any ballot), and where a choice with respect to any matter to be acted upon has been specified in the proxy, the Common Shares represented by the proxy will be voted or withheld from voting in accordance with such specification. **IN THE ABSENCE OF ANY SUCH SPECIFICATION, THE MANAGEMENT DESIGNEES, IF NAMED AS PROXY, WILL VOTE FOR THE MATTERS SET OUT THEREIN.**

The enclosed proxy confers discretionary authority upon the management designees, or other persons named as proxy, with respect to amendments to or variations of matters identified in the Notice of Meeting and any other matters which may properly come before the Meeting. As of the date hereof, the Corporation is not aware of any amendments to, variations of or other matters which may come before the Meeting. In the event that other matters come before the Meeting, then the management designees intend to vote in accordance with the judgment of the management of the Corporation.

### **Currency**

We report in United States dollars. Accordingly, all references to “\$”, “U.S.\$” or “United States dollars” in this Prospectus refer to United States dollar values. References to “CAD\$” or “Canadian dollars” are used to indicate Canadian dollar values. Certain figures reported in this Circular have been exchanged from Canadian dollar values to United States dollar values using a currency exchange rate of CAD\$1.00 equals U.S.\$0.90, based on the Bank of Canada’s average rate of exchange for 2014.

### **Voting Shares and Security Ownership of Certain Beneficial Owners and Management**

The authorized capital of the Corporation consists of an unlimited number of Common Shares and an unlimited number of first preferred shares (the “**First Preferred Shares**”). As of March 13, 2015, a total of 259,490,083 Common Shares and no First Preferred Shares were issued and outstanding. The Board has fixed March 13, 2015 as the record date for the determination of shareholders entitled to notice of and to vote at the Meeting and at any adjournment or postponement thereof. Each Common Share outstanding on the record date carries the right to one vote. The Corporation will arrange for the preparation of a list of the holders of its Common Shares on such record date. Each shareholder named in the list will be entitled to one vote at the Meeting for each Common Share shown opposite such shareholder’s name. A complete list of the shareholders entitled to vote at the Meeting will be open to examination by any shareholder for any purpose germane to the Meeting, during ordinary business hours at the office of CST Trust Company at 320 Bay Street, Toronto, Ontario, Canada, M5H 4A6. Under the Corporation’s By-laws, the quorum for the transaction of business at the Meeting consists of two persons present in person, each being a shareholder entitled to vote thereat or a duly appointed proxyholder or representative for a shareholder so entitled.

The following table shows the number of Common Shares beneficially owned (including Common Shares underlying convertible securities exercisable within 60 days) as of March 13, 2015 by each director of the Corporation, by each named executive officer of the Corporation, and by all directors and named executive officers of the Corporation. All information is taken from or based upon ownership filings made by such persons with the U.S. Securities and Exchange Commission (“**SEC**”), the Canadian Securities Administrators (“**CSA**”) or upon information provided by such persons to the Corporation. Unless otherwise noted, the Corporation believes that each person shown below has sole investment and voting power over the Common Shares owned.

### About the Nominated Directors

The eight persons listed below are nominated for election as directors of the Corporation. All of the eight nominated directors are currently directors of the Corporation.

It is the intention of the management designees, if named as proxy, to vote for the election of the eight listed nominees. Management does not contemplate that any of such nominees will be unable to serve as directors; however, if for any reason any of the proposed nominees do not stand for election or are unable to serve as such, proxies appointing management designees will be voted **FOR** another nominee in their discretion unless the shareholder has specified in his proxy that his Common Shares are to be withheld from voting in the election of directors. Each director elected will hold office until the next annual meeting of shareholders or until his or her successor is duly elected, unless his or her office is earlier vacated.

The name; municipality, province or state and country of residence; all positions and offices in the Corporation presently held; present and past principal occupation or employment for the past five years; the date of first appointment as a director; and age is set out for each director in the director profiles below.

### Director Orientation

New directors are provided with Golden Star's charters and Board and Corporate policies and with non-public information on our business and assets. They have access to Board members and senior management before accepting a position as director to enable them to perform due diligence and acquire information to begin performing their duties at an acceptable level. In the course of these due diligence activities, new directors are made aware of the role of the Board and its committees and the nature and operation of the Corporation's assets and business.

Each member of the current Board has the skills and knowledge required to function effectively as a director of Golden Star and the skills and experience possessed by individual Board members are complementary, achieving a Board that can oversee the Corporation's business in a manner responsive to the interests of all stakeholders, provide strategic insights to management and act in a responsible and ethical manner. Board candidates are selected based on their skills and experience, and to fill any gaps identified in the director skills matrix.

### **Continuing Education**

The Chair of the Nominating and Corporate Governance Committee has a specific responsibility to ensure that Board members are kept up to date on corporate governance matters, and the directors' other business interests to keep them abreast of corporate developments generally and those in the gold mining industry in particular. Board members make visits to the Corporation's mines in Ghana where Board members can inspect the Corporation's assets and interface with all levels of management and with local stakeholders.

The Board and the committees receive presentations on topical issues when making key business decisions, during strategic planning meetings and in response to director requests. Directors also attend external conferences and seminars. Directors identify educational needs through the Board and committee process. The corporate secretary arranges internal presentations for the Board after consulting with the Board or committee chairs, and notifies directors of pertinent conferences, seminars and other educational opportunities. The Corporation pays the fees and expenses for directors to attend conferences or other events that are important for enhancing their knowledge for serving on our Board.

### **Additional Disclosure Relating to Directors**

To the knowledge of the Corporation, no proposed director of the Corporation is or has been, within the last 10 years, a director, chief executive officer or chief financial officer of any company that (a) was subject to a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days, that was issued while he/she was acting in the capacity of director, chief executive officer or chief financial officer of that company; (b) subject to a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days, that was issued after he/she ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while he/she was acting in that capacity; (c) subject of, or a party to, any judicial or administrative order, judgment, decree or finding, not subsequently reversed, suspended or vacated, relating to an alleged violation of (i) mail or wire fraud in connection with any business entity or (ii) federal or state securities, commodities, banking or insurance laws and regulations, or any settlement to such actions (not including settlement of a civil proceeding among private parties); or (d) subject to any disciplinary sanctions or orders imposed by a stock, commodities or derivatives exchange or other self-regulatory organization.

Moreover, to the knowledge of the Corporation, no proposed director is or has been, within the last 10 years, (a) bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or became subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold his/her assets; or (b) a director or executive officer of any company that, while he/she was acting in that capacity, or within one year of his/her ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets, except for the following:

Ms. Dhir, a director of the Corporation, served as a director of Great Basin Gold Ltd. ("Great Basin") in 2011, a public listed mining company. Prior to Ms. Dhir becoming a director of Great Basin, Great Basin had issued certain loans and debentures which ultimately caused its insolvency in 2012 (disclosed under Great Basin's profile at [www.sedar.com](http://www.sedar.com)). Ms. Dhir resigned in mid-2013 after Great Basin and certain affiliates had sought creditor protection in connection with these loans and debentures.

## Governance at Golden Star

### Separate Chairman and CEO

Golden Star has a separate Chairman and Chief Executive Officer (“**CEO**”). Having an independent Chairman enables non-management directors to raise issues and concerns for Board consideration without immediately involving management. The Chairman also serves as a liaison between the Board and senior management.

The Chairman is responsible for running the Board effectively; working with the CEO and scrutinizing his performance and that of the Board; attending all committee meetings; reviewing on a regular basis the Corporation’s financial and operating performance; and participating in the hiring of senior executives.

### Shareholder Communication

The Corporation believes that it is important to maintain good shareholder relations. The Board will give appropriate attention to all proper written communications that are submitted by shareholders. Any shareholder wishing to send communications to the Board, or a specific committee of the Board, should send such communication to the Executive Vice President and Chief Financial Officer (“**CFO**”) of the Corporation by email to investor@gsr.com or by mail to Board of Directors, c/o Chief Financial Officer, Golden Star Resources Ltd., 150 King Street West, Sun Life Financial Tower, Suite 1200, Toronto, Ontario, Canada M5H 1J9. All communications should state the type and amount of the Corporation’s securities held by the shareholder and that the communication is intended to be shared with the Board, or if applicable, with a specific committee of the Board. The Executive Vice President and Chief Financial Officer will forward all such communications to the Board or the specific committee, as appropriate.

## Governance Principles

### *Code of Conduct and Ethics*

Golden Star has a culture of integrity and robust corporate policies including a whistle blower policy to support that culture. The relevant policies and codes, all of which are available on the Corporation’s website (www.gsr.com), consist of the following:

- Business Conduct and Ethics Policy (the “**Business Conduct Policy**”). The Business Conduct Policy applies to the Corporation, its subsidiaries, divisions and affiliates and reaffirms that the observance of applicable law and ethical business conduct wherever the Corporation does business must be the guiding principle. The Corporation’s Executive Vice President and CFO (the “**Compliance Officer**”) is responsible for monitoring compliance with the Business Conduct Policy and for communicating the Business Conduct Policy to employees. Employees are advised that they have a duty to report any known or suspected violation of the Business Conduct Policy, including any violation of the laws, rules, regulations or policies that apply to the Corporation. Employees are to report such violations to their supervisor, the Compliance Officer, or by following the procedures set out in the Corporation’s Whistleblower Policy (as discussed below). It is ultimately the Board’s responsibility to monitor compliance with the Business Conduct Policy. The Board, through its Audit Committee, reviews the Business Conduct Policy annually to ensure that it complies with legal requirements and best practices. The Board has not granted any waiver of the Business Conduct Policy. Accordingly, no material change report or other notice has been required or filed.
- Code of Ethics for Directors, Senior Executive and Financial Officers and Other Executive Officers (“**Ethics Code**”). The Ethics Code requires that individuals covered by its provisions report suspected violations to either of the Chairman of the Board or the Executive Vice President and CFO, in his capacity as Compliance Officer, and that the Board take appropriate action on any such reports. Amendments of, and waivers granted under, the Ethics Code will be disseminated on the Corporation’s website (www.gsr.com). The Board has not granted any waiver of the Policy. Accordingly, no material change report or other notice has been required or filed.

- 
- Insider Trading and Reporting Policy (“**Insider Trading Policy**”). The Insider Trading Policy mandates all appropriate trading restrictions on the Corporation’s shares to which directors, officers, employees and others are subject under applicable law and as a matter of corporate policy. In addition, directors and officers of the Corporation are prohibited from hedging their Common Shares or equity based awards.
  - Whistleblower Policy. Employees are required to report concerns, anonymously if the individual so chooses, to any member of management or the Audit Committee regarding: (i) possible violations by employees or other persons of legal or regulatory requirements or internal policies relating to accounting standards and disclosures; (ii) internal accounting controls or matters related to the internal or external audit of the Corporation’s financial statements; (iii) securities law compliance; and (iv) other matters pertaining to fraud against shareholders. The Audit Committee is responsible for dealing appropriately with all such reports.
  - Clawback Policy. The Board has the right to recover incentive and equity based compensation from an executive officer if the Corporation’s financial statements are required to be restated; the need for restatement was caused by the misconduct of the executive officer; and the executive officer’s incentive compensation was higher as a result of the misstatement in the financials.

The Board is required to approve the holding by any director or officer of a board or executive position of another company creating a potential business or legal conflict affecting that individual’s ability to properly carry out his duties and serve the Corporation’s best interests. As a matter of law, Board members are required to disclose material interests in proposed transactions, after which the Board determines the propriety of the affected individual participating in either or both of discussion and voting, whether or not otherwise entitled to do either or both.

### ***Advance Notice By-Law***

On February 21, 2014, the Board of Directors of the Corporation adopted By-Law Number Four, (the “**Advance Notice By-Law**”), being a by-law relating to advance notice of nominations of directors of the Corporation which was confirmed and ratified at the annual general and special meeting of the shareholders on March 14, 2014. The Advance Notice By-Law introduced an advance notice requirement in connection with shareholders intending to nominate directors in certain circumstances, each of which is described in more detail below.

The Advance Notice By-Law sets forth a procedure requiring advance notice to the Corporation by any shareholder who intends to nominate any person for election as a director of the Corporation other than pursuant to (i) a requisition of a meeting made pursuant to the provisions of the CBCA, or (ii) a shareholder proposal made pursuant to the provisions of the CBCA. Among other things, the Advance Notice By-Law sets a deadline by which such shareholders must notify the Corporation in writing of an intention to nominate directors prior to any meeting of shareholders at which directors are to be elected and sets forth the information that the shareholder must include in the notice for it to be valid.

The purposes of the Advance Notice By-law are to (i) facilitate an orderly and efficient annual general or, where the need arises, special meeting, process, (ii) ensure that all shareholders receive adequate notice of the director nominations and sufficient information regarding all director nominees, and (iii) allow shareholders to register an informed vote after having been afforded reasonable time for appropriate deliberation. The Board believes that the Advance Notice By-Law provides a reasonable time frame for shareholders to notify the Corporation of their intention to nominate directors and require shareholders to disclose information concerning the proposed nominees that is mandated by applicable securities laws. The Board will be able to evaluate the proposed nominees’ qualifications and suitability as directors and respond as appropriate in the best interests of the Corporation.

---

In the case of an annual meeting of shareholders, notice to the Corporation must be made not less than 30 and not more than 65 days prior to the date of the annual meeting; provided, however, that in the event that the annual meeting is to be held on a date that is less than 50 days after the date on which the first public announcement of the date of the annual meeting was made, notice may be made not later than the close of business on the 10th day following such public announcement.

In the case of a special meeting of shareholders (which is not also an annual meeting), notice to the Corporation must be made not later than the close of business on the 15th day following the day on which the first public announcement of the date of the special meeting was made.

### ***Board Role in Risk Oversight***

The Board oversees the risks involved in the Corporation's operations as part of its general oversight function, integrating risk management into the Corporation's compliance policies and procedures. While the Board has the ultimate oversight responsibility for the risk management process, the Audit Committee and the Compensation Committee have specific responsibilities relating to risk management. Among other things, the Audit Committee, pursuant to its charter, addresses company policies with respect to financial risk assessment and risk management, and reviews such major risk exposures and the guidelines and policies that management has put in place to govern the process of assessing, controlling, managing and reporting such exposures. The Compensation Committee considers the nature, extent and acceptability of risks that the executive officers may be encouraged to take is a result of the Corporation's incentive compensation programs and considers compensation-related risks for the Corporation. The Board also satisfies its risk oversight responsibility through full reports by each committee chair regarding the committee's considerations and actions, as well as through regular reports directly from officers responsible for oversight of particular risks within the Corporation.

### **About the Board**

#### **Independence**

The current Board comprises nine directors, seven of whom are independent because they do not have a direct or indirect material relationship (as set forth under applicable law and regulations) with the Corporation. Mr. Coetzer is the Corporation's President and Chief Executive Officer and, accordingly, is not independent. Mr. Owiredu is the Corporation's Executive Vice President and Chief Operating Officer and, accordingly, is not independent. Mr. Chris Thompson, Director and previous Chairman of Golden Star, will not be standing for re-election in May and there are no plans at the moment to replace him.

#### **Role of the Board**

The Board mandate sets out the duties and responsibilities of the Board, in accordance with statutory and other legal requirements and good corporate governance practices. The Board mandate is attached as Appendix B hereto.

As set out in the Board mandate, the Board establishes overall policies and standards for the Corporation. The Board expects management to conduct the business of the Corporation in accordance with the Corporation's ongoing strategic plan as adopted by the Board. The Board regularly reviews management's progress in meeting these expectations. The Board is kept informed of the Corporation's operations at meetings of the Board and its committees and through reports, analyses and discussions with management. The Board normally meets five times a year in person, with additional meetings being held as needed. In 2014, there were a total of nine meetings of the Board.

---

The following is a summary of how the Board deals with matters pertaining to strategic planning, risk management, communication and internal control systems, management and succession:

- Each year the Board reviews and approves planning assumptions and detailed monthly budgets for the following year and annual projections for the following four years. The Board monitors performance against budget through reporting by management in the form of monthly reports and Board papers.
- The Board seeks to identify and assess the principal risks of the Corporation's business which are wide-ranging because of the nature of the Corporation's business, including risks associated with operating in developing countries, maintaining control of the Corporation's assets and funds, assuring compliance with all relevant laws and regulations, political risks, exchange controls, environmental and safety risks, government regulatory or enforcement problems, title matters, civil unrest, and the availability of skilled management and labor forces.
- The CEO and the CFO provide shareholder communications on behalf of the Corporation, all of which are monitored by the Board.
- The Board periodically reviews the integrity of the Corporation's internal control and management information systems.
- The Board annually considers the Corporation's overall performance in all key areas to identify those areas where additional skills may be required and to consider the measures required to ensure sufficient management depth for the ongoing management of Golden Star in the event of the loss of any key members of the Corporation's executive management team.
- The Board periodically reviews all key policies including the environmental and safety policies adopted by Golden Star and its affiliates and has established policies on safety, community relations and environment.
- The Board has adopted policies to assure effectiveness of management information systems including policies on corporate control with respect to annual budgets, financial and budget reporting, activities reporting, acquisitions and dispositions of assets, joint ventures, spending authorities, contracts and investment banking services.
- The Board approves the terms of all significant acquisitions and dispositions of the mineral properties and joint venture agreements on these properties.
- The Board approves operating and capital budgets.
- The Board receives monthly reports on operational, financial and business development matters. The Board's relatively small size and significant industry experience allows management to liaise regularly with the Board to discuss and seek approval for various activities.

### **Board Assessments**

The Nominating and Corporate Governance Committee performs, as part of its duties, an annual assessment of the performance of the Board and its standing committees and of the individual performance of each director and the Board and committee chairs. The Nominating and Corporate Governance Committee considers the Board's performance in meeting the challenges that faced the Corporation over the previous 12-month period, the Board's relationship with management, and the overall effectiveness of the Board and its members. The results of the assessment are used in making any required changes to functions and individuals and in determining nominations for re-election and appointment.

---

## **Board Renewal and Gender Diversity**

### ***Gender Diversity***

The Corporation has adopted a policy regarding diversity on the Board and in executive office positions (the “ **Diversity Policy** ”) which addresses the identification and nomination of female directors and officers. The objective of the Diversity Policy is to set out the Corporation’s approach to diversity on the Board and in executive officer positions. The Corporation believes that director nomination and executive officer appointment decisions should be based on merit and remains committed to selecting the best persons to fulfill these roles. At the same time, the Corporation recognizes that it is important to have a diverse pool of directors and executive officers in order to retain a broad range of perspectives, skills, experience and expertise for the stewardship and management of the Corporation. The Corporation believes that it benefits from a diversity of viewpoints, backgrounds, skills, and experience. The Corporation recognizes that gender diversity is a significant component of diversity and acknowledges the important role that women, with appropriate and relevant skills and experience, play in contributing to the Corporation’s stewardship and management. The Nominating and Corporate Governance Committee of the Board has been directed to search for qualified persons to serve on the Board and may retain an executive search firm to help achieve the Board’s diversity objectives. Progress toward, and objectives for, achieving diversity on the Board as well as the effectiveness of the Diversity Policy will be reviewed periodically. While the Corporation has one female director, representing approximately 11% of the current Board and, if all nominees are elected, will represent 12.5% of the Board following the meeting. The Corporation has no female NEOs. The Corporation has not adopted targets (as defined in National Instrument 58-101, Disclosure of Corporate Governance Practices) regarding female representation on the Board and in senior management positions due to the size of the Corporation, and the fact that director and executive officer position searches are infrequent. Golden Star has been and remains committed to diversity and believes that diversity enhances both the quality and effectiveness of the Corporation’s performance and is an important aspect to effective corporate governance.

### ***Term Limits and Retirement***

The Diversity Policy also outlines the mechanisms of the Board renewal regarding the directors’ term serving on the Board and the Board’s mandatory retirement age. Directors of the Corporation are eligible to be nominated to serve on the Board until the earlier of such director: (i) serving twelve (12) years on the Board or (ii) reaching the age of seventy-two (72) years old on or before the date of the annual general or special meeting of the shareholders called in respect of the election of directors. On a case-by-case basis, and on the recommendation of the Nominating and Corporate Governance Committee, a director who has reached the term limit or the retirement age as outlined above may be nominated to serve on the Board for up to a maximum of three additional years.

### ***Recruiting New Directors***

The objective of the Corporation is to have a Board of Directors whose members each have the required experience, skills, judgment and character to perform effectively and ethically as a Board member and which, as a group, have skills complementary to the Corporation’s business and the environment in which Golden Star operates. Potential Board candidates are identified and selected with reference to these criteria. The process is supervised by the Nominating and Corporate Governance Committee which is responsible for recommending candidates for nomination or re-election, as the case may be, as set out in its charter.

The Nominating and Corporate Governance Committee considers candidates for Board membership who are suggested by members of the committee, other Board members, members of management and shareholders of the Corporation. Once the Nominating and Corporate Governance Committee has identified prospective nominees for directorship, the Board is responsible for selecting such candidates. The Nominating and Corporate Governance Committee seeks to identify director candidates with solid business and other appropriate experience and expertise, having regard for the nature of the Corporation’s business and the current composition of the Board, and commitment to devoting the time and attention necessary to fulfill their duties to the Corporation.

---

In addition to the factors to be considered pursuant to the Diversity Policy, the Nominating and Corporate Governance Committee's charter includes general factors to be considered in evaluating a prospective candidate to the Board, which include (i) the extent to which the candidate will enhance the objective of having directors with diverse viewpoints, and (ii) backgrounds, experience, expertise, skills and other demographics of director candidates. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a mix of skills, experience, and knowledge that will assure that the Board can continue to fulfill its responsibilities.

The Nominating and Corporate Governance Committee also considers the independence of directors or potential directors.

Shareholders wishing to recommend a director candidate to serve on the Board may do so by providing written notice to the Chair of the Nominating and Corporate Governance Committee, Golden Star Resources Ltd., 150 King Street West, Sun Life Financial Tower, Suite 1200, Toronto, Ontario, Canada M5H 1J9. The notice should identify the candidate, provide appropriate biographical and background materials, state the nominating shareholder's Common Share ownership, and include a written signed statement of the candidate. Assuming that the appropriate information and materials are received in a timely manner, candidates recommended by shareholders will be evaluated against the criteria outlined above. A complete copy of the procedures to be followed by shareholders who wish to recommend director candidates is available on the Corporation's website at [www.gsr.com](http://www.gsr.com).

### **Majority Voting for Board Elections**

The Corporation has adopted a written policy requiring that in an uncontested annual general or special meeting of Shareholders of the Corporation set for the election of directors, any nominee who does not receive at least a majority (50% + 1 vote) of votes cast "for" his or her election will immediately tender a resignation to the chair of the Board following such meeting of shareholders. The Nominating and Corporate Governance Committee will consider the offer of resignation and, except in special circumstances, will recommend that the board accept the resignation. The Board of Directors will make its decision and announce it in a press release within ninety (90) days following the applicable annual or special meeting of shareholders, including the reasons for rejecting the resignation, if applicable. A director who tenders his or her resignation will not participate in any meeting of the Board to consider whether or not his or her resignation shall be accepted.

### **In Camera Sessions**

The Board has discussion involving only the independent directors in the absence of management (in-camera sessions) at each regularly scheduled Board meeting. This gives the independent directors the opportunity to raise any matter they believe requires discussion. An in-camera session was held at each Board meeting in 2014.

### **Board Committees**

Golden Star has the following four standing committees: Audit, Compensation, Nominating and Corporate Governance and Corporate Responsibility Committees. The chair of each committee is responsible for ensuring that the committee over which he or she presides properly discharges the obligations imposed by its charter, interfacing with management and making required recommendations to the Board. Charters for each of the committees are available on the Corporation's website at [www.gsr.com](http://www.gsr.com).

From time to time, special committees of the Board are formed to provide oversight on particular issues.

## **Audit Committee**

During 2014, the Audit Committee was comprised of Messrs. William Yeates (Chair), Robert E. Doyle and Tony Jensen. See the director profiles under the heading “*About the Nominated Directors – Director Profiles*” for detailed information about the financial acumen of the Audit Committee members. The Board has determined that Mr. Doyle and Mr. Yeates are “audit committee financial experts” as defined by the SEC. The Board has determined that each member of the Audit Committee is financially literate and is independent of the Corporation.

The primary duties and responsibilities of the Audit Committee, as set out in its charter, attached as Appendix “A”, are to oversee the financial reporting process, the system of internal control, the audit process, related party transactions, compliance with the Ethics Code, compliance with the Whistleblower Policy and the Corporation’s process for monitoring compliance with laws and regulations.

The Audit Committee is responsible for the appointment, compensation, retention, termination and oversight of the work of the independent auditor. In performing its duties, the Audit Committee maintains effective working relationships with the Board, management and the external auditors. To effectively perform his or her role, each committee member maintains an understanding of the detailed responsibilities of committee membership and the Corporation’s business, operations and risks.

The Audit Committee recommends to the Board for approval the annual and quarterly financial statements, the annual and quarterly reports and certain other documents required by regulatory authorities. The Audit Committee reviews major financial risk exposures and the guidelines, policies and insurance that the Corporation has in place to govern the process of assessing, controlling, managing and reporting such exposures. The Audit Committee met four times in 2014.

## **Audit Committee Report**

The Audit Committee has reviewed and discussed with management of the Corporation the audited financial statements of the Corporation for the fiscal year ended December 31, 2014 (the “**Audited Financial Statements**”).

The Audit Committee has received a letter from PWC and has discussed with PWC its independence and has considered the compatibility of the non-audit services it provides in the context of PWC’s independence. Based on these reviews and discussions, the Audit Committee recommended to the Board that the Audited Financial Statements be included in the Corporation’s Annual Report for the year ended December 31, 2014 for filing with the applicable securities regulatory authorities.

Submitted by the Audit Committee:

William Yeates, Chair

## **Compensation Committee**

During 2014, the Compensation Committee was comprised of Messrs. Craig Nelsen (Chair), Christopher Thompson and William Yeates each of whom has been determined by the Board to be independent of the Corporation. The Compensation Committee, subject to Board approval and as set forth in its charter, supervises the evaluation and determination of compensation of executive officers, sets corporate-wide policy with respect to compensation and benefits, and administers the Corporation’s Third Amended and Restated 1997 Stock Option Plan (the “**Stock Option Plan**”), the Stock Bonus Plan, the DSU Plan and the Performance Share Unit Plan, and the SARs Plan (as each term is defined below), except with respect to grants to non-employee directors. The Compensation Committee is responsible for evaluating and making recommendations to the Board regarding the compensation to be paid to directors. The Compensation Committee also oversees the detailed disclosure requirements regarding executive compensation. The Compensation Committee met three times in 2014.

---

### ***Nominating and Corporate Governance Committee***

During 2014, the Nominating and Corporate Governance Committee was comprised of Messrs. Robert E. Doyle (Chair), Christopher Thompson and Ms. Anu Dhir (and initially Ian MacGregor until his retirement). Each member of the Nominating and Corporate Governance Committee has been determined by the Board to be independent of the Corporation. The Nominating and Corporate Governance Committee, as set forth in its charter, advises and makes recommendations to the Board concerning all corporate governance issues, including: Board and committee jurisdiction, composition and size; adoption and implementation of policies designed to ensure that the Corporation follows best practices in corporate governance; and oversight of compliance with legislation, rules, regulations and guidelines enacted and adopted by applicable governments, securities regulators and stock exchanges. The Nominating and Corporate Governance Committee met two times in 2014.

The Nominating and Corporate Governance Committee annually assesses the effectiveness and contribution of the Board, its committees and individual directors (see the discussion under “Board Assessments”).

The Nominating and Corporate Governance Committee is also responsible for supervising the nomination process including identifying and recommending nominees to the Board for eventual proposal as candidates for election as directors at annual meetings of shareholders.

### ***Corporate Responsibility Committee***

During 2014 the Corporate Responsibility Committee was comprised of Messrs. Tim Baker (Chair), Robert Doyle, Craig Nelsen and Ms. Anu Dhir (note Mr. Jensen chaired this committee until he left the committee in February 2014). The primary function of the Committee is to assist the Board in the furtherance of Golden Star’s commitments to stakeholders to maintain a healthy and safe work place, environmentally sound and responsible resource development, good community relations, and the protection of human rights. Other functions may be added from time to time by the Board.

The responsibilities of the Corporate Responsibility Committee include: reviewing with management the Corporation’s overall health and safety performance, goals, policies and programs relative to exploration, development and operational matters; making enquiries of management concerning the establishment of appropriate policies, systems, standards and procedures for all technical, development and operating activities, and compliance with applicable laws and standards of corporate conduct; reviewing with management the assessment, reduction and mitigation of technical risk; reviewing with management the risk analysis of any proposed new major exploration, development or operating activity; and reviewing with management the Corporation’s record of performance on community relationships, health, safety and environmental matters, along with any proposed actions based on the record of performance. The Corporate Responsibility Committee met two times in 2014.

## Compensation Governance

### Compensation Related Risk Management

The Board provides regular oversight of Golden Star's risk management practices, and delegates to the Compensation Committee the responsibility to provide risk oversight of Golden Star's compensation policies and practices, and to identify and mitigate compensation policies and practices that could encourage inappropriate or excessive risk taking by members of senior management.

The Compensation Committee and Board considered the implications of the risks associated with Golden Star's compensation practices and did not identify any risks from Golden Star's compensation policies or practices that are likely to have a material adverse effect on Golden Star.

The Compensation Committee and Board have concluded that Golden Star has policies and practices to ensure that employees do not have incentives to take inappropriate or excessive risks, including the following:

- Mix of fixed and variable compensation, and an appropriate weighting of share-based compensation
- Equity ownership policy for directors and officers
- Quantitative company-wide metrics are used to determine the amount of awards to Named Executive Officers pursuant to Golden Star's annual incentive plan
- The Board and Compensation Committee have discretion to determine the amount, if any, of awards pursuant to Golden Star's annual incentive programs and to adjust the payout to take into account risk
- Golden Star has a mix of relative and absolute targets in its compensation plans, as the performance share units vest based on relative total shareholder return
- The Corporation makes annual awards of share-based compensation with overlapping vesting periods to retain management and provide continual share-based exposure to the risks management undertakes
- Annual incentive awards are based on the key performance indicators of the Corporation
- Annual incentive awards are not determined until the completion of the audit of Golden Star's consolidated annual financial statements by Golden Star's independent auditor

#### What We Do

- ✓ for 2015, 50% of equity performance vests
- ✓ 75% of CEO pay is at risk
- ✓ use an appropriate peer group and benchmark pay to the median
- ✓ use a balanced scorecard for annual incentive awards
- ✓ set challenging performance goals which are thoroughly disclosed
- ✓ have director and executive share ownership requirements
- ✓ have a clawback and prohibit hedging of equity
- ✓ have an independent compensation committee and independent consultant

#### What we don't do

- ✗ Provide guaranteed or discretionary payments
- ✗ Provide loans to directors or officers
- ✗ Provide excessive severance or supplemental pension benefits
- ✗ Provide excessive perks

- 
- Golden Star prohibits hedging and restricts pledging of the Common Shares and share-based incentives held by directors and officers
  - Golden Star has an organizational culture of prudent risk-taking
  - There is a comprehensive Business Conduct Policy, Ethics Code and Whistleblower Policy that encourages reporting of imprudent corporate behavior
  - The Compensation Committee is comprised entirely of independent directors and retains an independent compensation consultant to assist it in its review of compensation
  - William Yeates is a member of the Compensation Committee, and the Audit Committee, providing the Compensation Committee with an in depth understanding of Golden Star's enterprise risks when making its decisions in respect of compensation

### **Independent Advice**

In 2014, the Compensation Committee retained Meridian Compensation Partners to provide independent advice to the Committee. Meridian Compensation Partners does not provide any services to management. In 2014 Golden Star paid fees of \$65,388 (plus taxes and expenses) to Meridian Compensation Partners.

The Compensation Committee has sole authority to retain and terminate any compensation consultant to be used to assist it in the evaluation of executive officer compensation. The Compensation Committee has sole authority to approve such consultants' fees and retention terms and to obtain advice and assistance from internal or external legal, accounting or other advisors.

Based on information which is publicly available and which is provided by independent consultants, the Compensation Committee exercises its business judgment in setting base salaries and incentive compensation levels for executive officers.

In determining compensation, the Board and the Compensation Committee also evaluate each executive officer's level of responsibility and experience as well as company-wide performance. An executive officer's success in achieving business results, promoting core values, improving health and safety and demonstrating leadership are also taken into account when reviewing base salaries.

### **Director Compensation**

#### **Approach to Director Compensation**

Golden Star pays director compensation to attract and retain directors of the quality and with the skills required to oversee Golden Star's business, taking into account our international operations and the complexity of our business. We compensate directors for their risk, responsibility and preparation, on the basis that they devote time and attention to Golden Star year round and to reflect their fiduciary oversight and effectiveness. Our directors oversee the Corporation's business and affairs on behalf of shareholders and in the best interests of the corporation. Our directors may elect to receive all or a portion of their director compensation in the form of deferred share units ("DSUs") under the Corporation's Deferred Share Unit Plan (the "**DSU Plan**"). DSUs may be redeemed for cash, Common Shares or a combination of both. See "Equity Compensation Plan Information – Deferred Share Unit Plan" for a summary of the DSU Plan.

The Corporation's Stock Option Plan provides for discretionary grants of stock options to directors. Such grants may be made upon a director's appointment or from time to time thereafter. See "Equity Compensation Plan Information – Stock Option Plan" for a summary of the Stock Option Plan.

## Director Share Ownership

In 2013 we revised the share ownership requirement for directors. Our directors are now required to own three times their cash retainer in Common Shares or DSUs. Our directors have 5 years to achieve their share ownership requirement. Going forward, directors must elect to take 25% of their annual retainer in the form of DSUs until the target ownership level is met.

### Fees and Retainers

Our Director compensation is comprised of a director cash retainer:

- \$170,000 for the Chairman; and
- \$110,000 for the other non-executive directors.

Plus Committee Chair cash retainers:

- \$20,000 for the Chair of the Audit Committee;
- \$10,000 for the Chair of the Nominating and Corporate Governance Committee;
- \$10,000 for the Chair of the Corporate Responsibility Committee; and
- \$10,000 for the Chair of the Compensation Committee.

Directors are also reimbursed for transportation and other out-of-pocket expenses reasonably incurred for attendance at Board and committee meetings and in connection with the performance of their duties as directors.

## Executive Compensation

### Message to Shareholders

Dear Fellow Shareholder,

On behalf of the Compensation Committee, I wanted to provide some additional insight into Golden Star's approach to executive compensation. We made significant changes to our compensation programs in 2013 and 2014 to increase our focus on pay for performance and improve our compensation governance.

### Commitment to Pay for Performance

The Board is committed to paying executives for performance. Pay is linked to both the execution of our business plan and to our commitment to deliver strong returns to shareholders. Most of our executives' compensation is at risk and depends on short and long-term performance against key metrics and our share price. The long term incentive plan for our named executive officers ("NEOs") is usually delivered 50% in options and 50% in performance share units ("PSUs") to vest at the end of three years based on total shareholder return relative to a peer group of gold companies, providing a balance of absolute and relative performance and strong alignment with the interests of our shareholders. However, for 2015 the Compensation Committee decided to award long term incentives 25% in options and 75% in PSUs in order to manage shareholder dilution and strengthen alignment with shareholders, taking into account the value of Golden Star's share price.

### 2014 Corporation Performance

The gold market continued to be challenging in 2014 as realized gold price dropped from an average price of \$1,414 per ounce in 2013 to \$1,261 per ounce in 2014. Gold mining companies generally had poor total shareholder returns as a result of the drop in gold price, and our performance relative to the gold companies selected as our peer group for the performance share unit plan ("PSU Plan") was in the bottom quartile. Despite the challenging gold market, the Corporation remained focused throughout the year on delivering on the strategy announced in mid-2013 and has continued to be relentless in its approach. The focus remains on delivering a high margin, lower-cost gold producing company in late 2016.

Following this plan, the Corporation achieved a number of significant accomplishments in 2014. The team continued to create a leaner and more streamlined company. The year in review:

- Continued reductions to the general and administrative costs, with a 2014 reduction of 24% resulting in an all-in cost reduction of 6% in 2014.
- Mine operating expenses at operations were reduced by \$41 million resulting in an all-in cost reduction of 6% in 2014.
- Overall headcount of the corporate and expatriate workforce was reduced by more than 50% as a result of continued optimizing and restructuring of the business.
- Internal training and development plans enabled appointments of strong local talent into management operations positions.
- Over 35% reduction in total compensation and benefit costs for corporate, executives and expatriates.
- 18% reduction of workforce without industrial action due to an open and transparent restructuring plan.

- 
- Improved oversight and corporate support, enhanced with three of the executive team members residing in Ghana.
  - Enhanced communication, stream-lined internal processes, and elevated quality of government permitting submissions saw an improvement in the Corporation's social license as demonstrated in a timely issuance of permits for the Wassa underground.
  - As per the strategic plan, the management team remained disciplined and focussed, leveraging off of existing infrastructure to improve the capital efficiency of the Corporation, while other projects with low capital efficiencies were not pursued.
  - Announced preliminary economic assessments ("PEAs") of two brownfield projects with an internal rate of return in excess of 70%, and commenced the purchase of the necessary equipment to commence construction.
  - The Corporation ramped up and continued its drive to focus on improving and refining safety systems, procedures and training. Long-term injury rates have continued to improve year over year.
  - Ongoing focus on liquidity of the Corporation to ensure development of high value projects:
    - Obtained funding from a bank allowing the continued development of the Wassa Underground project.
    - Reached an agreement with the local power authority on a mutually acceptable plan to repay \$30.4 million of payables.

## **2014 Compensation Decisions**

Based on the Compensation Committee's assessment of performance relative to the balanced scorecard metrics in our annual incentive plan, 2014 annual incentives were paid significantly below target. The overall corporate rating applied to the NEOs was 45% of target with individual annual incentive awards ranging from 48% to 53%. We believe that the payouts under our annual incentive plan reflect significant operational achievements in 2014, particularly with respect to cost reduction, which position Golden Star for future growth. Long term incentives awarded to our NEO's in 2014 were 50% in options and 50% in PSU's that vest based on the achievement of total shareholder return relative to a peer group of gold companies. The long term incentive provides strong alignment with shareholders and rewards our executives only if they achieve both an increase in share price and outperform other gold companies. Long term incentive awards made in 2015 were made 25% in the form of options and 75% in the form of PSUs, in order to manage shareholder dilution and strengthen alignment with shareholders, taking into account Golden Star's share price.

## **2014 CEO Compensation**

Corporate performance remains the single biggest factor in the Board's decisions on pay for Golden Star's CEO and senior officers. 25% of the CEO's compensation is base salary and the remaining 75% is at-risk compensation (which is comprised of 25% annual incentive, of which one-quarter is deferred in the form of restricted share units or deferred share units, and 50% long-term incentives).

The annual incentive awarded to the CEO for 2014 was U.S.\$287,500, with a corporate performance rating of 45%, and an individual performance rating of 109%. Of this amount, 25% was taken as deferred share units.

I hope this brief overview has given you more insight to our approach to executive compensation and how it is linked to performance and the long-term interests of Golden Star and our shareholders.

Sincerely,  
Craig Nelsen

## **Compensation Discussion and Analysis**

### **Compensation Philosophy**

The Corporation's executive compensation philosophy reflects the following principles.

- Compensation should be related to performance – A significant portion of our NEOs' compensation should be based on corporate, individual and business unit performance. During periods when performance meets or exceeds the established objectives, NEOs should be paid at or above target levels. When performance does not meet established objectives, incentive award payments, if any, should be lower.
- Compensation at risk should represent a significant percentage of a NEO's total compensation – NEOs' short-term incentives are based on operating and financial performance against budget, and their long-term incentives are measured against total shareholder return relative to a selected peer-group of mining companies and on our share price.
- Compensation levels should be competitive – A competitive compensation program is vital to the Corporation's ability to attract and retain qualified senior executives. The Corporation regularly assesses peer group compensation to ensure that the compensation program is competitive. We target compensation relative to the median of our peer group.

### **Oversight of Executive Compensation Program**

The Compensation Committee oversees the compensation of the NEOs (see page 34 for a list of our NEOs for 2014).

In determining the CEO's compensation, the Compensation Committee annually evaluates the CEO's performance and considers the Corporation's performance and shareholder return relative to Golden Star's peers, the compensation of chief executive officers at comparable companies and, with input from the CEO and the Compensation Committee's independent consultant, other relevant factors. In determining the compensation of the other NEOs, the Compensation Committee considers the CEO's evaluation of each individual's performance, recommendations by the CEO, the Corporation's overall performance, and comparable compensation paid to similarly situated officers in peer companies.

The Compensation Committee determines any annual incentives to be awarded to the CEO and the other NEOs based on a combination of the Corporation's performance for the year and the achievement of both corporate and individual key performance indicators established by the Compensation Committee with input from the CEO, as of the commencement of the year.

The Compensation Committee reviews compensation elements of each NEO on an annual basis. In each case, the Compensation Committee takes into account the scope of responsibilities and experience, and balances these against competitive compensation levels.

The CEO presents to the Compensation Committee his evaluation of each NEO, which includes a review of contribution and performance over the past year, strengths, weaknesses, development plans and succession potential. The Compensation Committee members also have the opportunity to interface with the NEOs during the year.

### **Comparator Group**

In 2013, Golden Star, with advice from Meridian Compensation Partners, its independent compensation consultant, reviewed its compensation peer group. Golden Star developed a new comparator group taking into account direct competitors for talent, especially for industry specific roles. The comparator group is comprised of

publicly traded Canadian organizations that are direct business competitors of Golden Star and which range in size (based primarily on asset size) of roughly between  $\frac{1}{3} \times$  to  $3 \times$  Golden Star's assets, with revenue used as a secondary screen. Golden Star is positioned somewhat below the median of the comparator group in terms of assets and above the median of the group in terms of revenue. The companies comprising the comparator group remained the same in 2014 and are as follows:

<u>Gold Companies</u>	<u>Diversified Metals &amp; Mining</u>	<u>Precious Metals &amp; Minerals</u>
Alamos Gold Inc.	HudBay Minerals Inc.	Dominion Diamond Corp.
AuRico Gold Inc.	Lundin Mining Corp.	Endeavour Silver Corp.
B2Gold Corp.	Nevsun Resources Ltd.	First Majestic Silver Corp.
Endeavour Mining Corp.	Rio Alto Mining Ltd.	North American Palladium
Jaguar Mining Inc.	Taseko Mines Ltd.	Pan American Silver Corp.
Lake Shore Gold Corp.		Silver Standard Resources Inc.
New Gold Inc.		
Primero Mining Corp.		
Timmins Gold Corp.		

### Pay Positioning

Golden Star generally positions pay competitive to the median of the comparator group. Given the ongoing challenges carried over from 2013 to 2014 and reduced margins, no pay increases were awarded for a second consecutive year.

### Named Executive Officers

In 2014 our NEOs were:

- Samuel T. Coetzer, President and Chief Executive Officer
- Daniel Owiredu, Executive Vice President and Chief Operating Officer
- P. André van Niekerk, Executive Vice President and Chief Financial Officer (appointed April 7, 2014)
- Dr. Martin Raffield, Senior Vice-President, Project Development and Technical Services
- S. Mitchel Wasel, Vice-President Exploration
- Jeffrey Swinoga, Former Chief Financial Officer (ceased to hold any office with Golden Star effective April 7, 2014)

### Compensation Components

The components of Golden Star's executive compensation program are base salary, annual incentive, long-term incentive and benefits as described below.

<u>Component</u>	<u>Form of Compensation</u>	<u>Applies To</u>	<u>Performance Period</u>	<u>Determined By Purpose</u>
Base Salary	Cash	All employees	1 year	NEO base salaries are determined by evaluating the scope of the NEO's role, the NEO's performance, general economic conditions and marketplace compensation trends.
Annual Incentive	Cash	Eligible employees	1 year	The annual incentive provides each NEO with the opportunity to earn a bonus based on the achievement of specific measurable company-wide and individual performance goals. For 2013, 30% of the annual incentive award was deferred for 1 year. For 2014, 25% of the annual incentive awards was deferred until retirement as DSUs or deferred for 3 years as restricted share units, for executives who have not met their share ownership requirements.

<u>Component</u>	<u>Form of Compensation</u>	<u>Applies To</u>	<u>Performance Period</u>	<u>Determined By Purpose</u>
Long Term Incentives	Share based	Senior Management	3-10 years	The LTIP provides NEOs with long-term incentive award opportunities that are aligned with longer term share price performance. Long term incentives are provided in the form of performance share units and options.
Benefits	N/A	All eligible employees	1 year	The Corporation offers health and welfare programs to all employees, a group registered retirement savings plan for Canadian employees and a 401(k) savings program to all eligible U.S. based employees. The NEOs generally are eligible for the same benefit programs on the same basis as the rest of the managerial workforce, if applicable. The health and welfare programs are intended to protect employees against catastrophic loss and encourage a healthy lifestyle.

### Compensation Mix

For the executive group, the target compensation mix and levels of pay at risk in 2014 were as follows: <sup>1</sup>

### Annual Incentive Plan

Incentive bonuses are paid based on performance. The Compensation Committee approves a market competitive target incentive level as a percentage of the base salary earned during the incentive period for each NEO.

For 2014, the annual incentive was targeted at 60% to 100% of base salary. Depending on the position of the NEOs, payouts can range from zero, if performance targets were not achieved, to 200% of target payout if results significantly exceed planned performance. 2014 annual incentive targets and objectives were determined based on a combination of achievement of corporate performance objectives and achievement of individual performance measures. In 2014, only 75% of the annual incentive earned was paid to the executive group, and 25% of the annual incentive payment was paid in RSUs or DSUs if the executive's share ownership requirements were not met.

The annual incentive plan targets, metrics and weightings for 2014 were as follows:

	<u>Weighting</u>	<u>Metric</u>
Corporate (80%)	15%	Production (Bogoso)
	15%	Production (Wassa)
	15%	Direct cost/ounce (Bogoso)
	15%	Direct cost/ounce (Wassa)
	20%	Free Cash Flow
Individual (20%)	Specific measurable individual performance targets set at the start of the year for each NEO.	

<sup>1</sup> AIP means Annual Incentive Plan.

The Vice-President, Exploration has the following metrics: safety, resource replacement ratio, production and direct cost per ounce at both Bogoso and Wassa.

The 2014 corporate objectives were defined in the 2014 operating plan and budget.

### Long Term Incentive Plan

The LTIP is designed to strengthen the alignment between executive compensation and the long-term value of the Corporation's share price. Awards are set as a percentage of salary and are provided 50% as options awarded pursuant to the Stock Option Plan (described in detail on page 48) and 50% as PSUs awarded pursuant to the Performance Share Unit Plan (described in detail on page 49) that vest based on relative total shareholder return. Restricted share units may also be awarded pursuant to the Performance Share Unit Plan.

Previous awards and grants, whether vested or unvested, have no impact on the current year's awards and grants.

Stock options and SARs have no value unless the price of the Common Shares increases above the exercise price which links a portion of executive compensation directly to shareholders' interests by providing an incentive to increase the market price of the shares. PSUs cliff vest at the end of a 3-year performance period based on performance using the adjustment factor set out below:

<u>Relative Performance</u>	<u>Adjustment Factor</u>
Less than the 35 <sup>th</sup> percentile	0
35 <sup>th</sup> percentile	50%
50 <sup>th</sup> percentile	100%
75 <sup>th</sup> percentile	150%
90 <sup>th</sup> percentile or greater	200%

The 2014 performance peer group is comprised of:

Agnico Eagle Mines Ltd.	Kinross Gold Corporation
Alamos Gold Inc.	Lake Shore Gold Corp.
AuRico Gold Inc.	Luna Gold Corp.
B2Gold Corp.	New Gold Inc.
Barrick Gold Corp.	Primero Mining Corp.
Caledonia Mining Corp.	Semafo Inc.
Eldorado Gold Corp.	Teranga Gold Corp.
Endeavour Mining Corp.	Timmins Gold Corp.
Goldcorp Inc.	Yamana Gold Inc.
IAMGOLD Corp.	

The performance peer group used for the PSUs is different than the peer group used for compensation benchmarking. In developing the compensation peer group, asset size of the peer companies is critical in selecting the companies in the group, while the particular mineral extracted is less critical. For the performance peer group, in order for PSUs to vest based on relative out-performance, it is critical that the companies in the peer group be subject to the influence of gold price. Accordingly, all the companies in the performance peer group are gold mining companies.

### Benefits

The Corporation's health and welfare programs include medical, wellness, pharmacy, dental, vision, life insurance, and accidental death and disability. Coverage under the life and accidental death and disability programs offer benefit amounts specific to each NEO. Premiums for supplemental life insurance are paid by the Corporation on behalf of all NEOs.

The 401(k) savings plan is intended to supplement the employee's personal savings and social security. The Corporation adopted the 401(k) savings plan to enable employees to save for retirement through a tax-advantaged combination of employee and Corporation contributions and to provide employees the opportunity to directly manage their retirement plan assets through a variety of investment options. All U.S. based employees are eligible to participate in the 401(k) savings plan. The Corporation provided a matching contribution to the 401(k) savings plan for each eligible employee equal to the first 6%.

Following the relocation of its head office to Toronto, the Corporation introduced a group registered retirement savings plan ("RRSP") for its Canadian employees, including Canadian based NEOs. Golden Star matches up to 3% of employee contributions to the RRSP, and provides a contribution gift of 3% directly to the RRSP. In 2014, Golden Star topped up the RRSP for each employee by contributing 6% of the amount of the annual incentive for the employee (contributions limited to the annual maximum allowed by the Income Tax Act (Canada)).

The Compensation Committee annually reviews the benefits provided to NEOs to determine if changes are appropriate.

### **Changes for 2015**

No increases were made to NEO compensation and no significant changes were made to our compensation programs for 2015, except as follows:

- Long term incentive awards made in 2015 were made 25% in the form of options and 75% in the form of PSUs, in order to manage shareholder dilution and strengthen alignment with shareholders, taking into account Golden Star's share price.
- A decision was made to pay the CEO and CFO in US Dollars, for the following reasons:
  - Golden Star's income is primarily in US dollars and Golden Star's shares are listed on both the TSX and the NYSE MKT.
  - Golden star operates primarily in Ghana and these employees are paid in US dollars, converted to Ghanaian currency.
  - The difference between the US and Canadian dollars has resulted in misalignment of compensation of the Canadian NEOs with other executives on an internal equity basis.

### Share Ownership Requirements

We have share ownership requirements for our executive officers and directors as follows:

<u>Participant</u>	<u>Target Ownership Level</u>
CEO	3 times base salary
Other Named Executive Officers upon recommendation by the CEO, as approved by the Compensation Committee	1 times base salary
Other Executives, as determined by the CEO	0.5 times base salary
Outside Directors	3 times annual retainer

Common Shares, DSUs and any other fully vested share awards (excluding options, share appreciation rights and similar leveraged awards) are counted towards share ownership requirements and are valued at the higher of value at the time of award or acquisition and current market value.

We have a “hold until met” requirement. Executives must retain their Common Shares, convert to RSUs 25% of the proceeds received under the Corporation’s incentive plans on or after January 1, 2015, and invest 25% of the value of PSU redemption in Common Shares until the target ownership level is met. Directors must elect to take at least 25% of their annual retainer in the form of DSUs until the target ownership level is met.

Our directors and executives must fulfill their ownership requirements within five years of becoming subject to the share ownership policy.

#### Compensation Clawback

Our Code of Conduct includes a compensation clawback. The Compensation Committee will require employees, officers and directors to reimburse, in all appropriate cases, any bonus, short-term incentive award or amount, or long-term incentive award or amount awarded to the employee, officer or director and any non-vested equity-based awards previously granted to the employee, officer or director (collectively “**Incentive Compensation**”) if: (a) the amount of the Incentive Compensation was calculated based upon the achievement of certain financial results that were subsequently the subject of a restatement or the correction of a material error, (b) the employee, officer or director engaged in intentional misconduct that caused or partially caused the need for the restatement or caused or partially caused the material error, and (c) the amount of the Incentive Compensation that would have been awarded to the employee, officer or director, if the financial results had been properly reported and amount actually awarded would have been lower.

#### Hedging Prohibition and Pledging Restriction

Directors and officers are prohibited from engaging in hedging, speculative, short selling and similar transactions of any kind respecting Common Shares or shared based compensation. Our directors and officers are also prohibited from holding Golden Star securities in a margin account or pledging them as security for a loan.

#### **2014 Performance and Compensation**

The 2014 corporate performance objectives and the performance results applicable to each NEO, other than the Corporation’s Vice President of Exploration, are provided in the table below. A substantial portion of each NEO’s compensation is linked directly to the Corporation’s performance.

Operational targets (production and costs) are based on realistic performance expectations linked to the strategic business plan. Targets are established with threshold, target and maximum performance levels and associated payouts and safety is a key metric in the operational short term incentive plans which roll up to the executive level. All annual targets are reviewed and agreed to by the Board during the December and February Board meetings, at which time targets are set for the upcoming year. Free cash flow targets are based on gold price assumptions set in the prior year and free cash flow actual results are based on gold price achieved on ounces sold.

Corporate targets are set by the Board during the review of the strategic business plan and are based on the budget which is a part of the strategic business plan. This ensures that performance metrics and targets align with the strategic direction of the Corporation. Targets take into account accepted engineering principles based on the mine plan generated from the reserve statement and require continuous improvements through anticipated productivity gains and capital spent in prior years.

1. Direct operating cost per ounce represents the cash mining operations cost incurred by the operation excluding adjustments for the build-up or drawdown of metals inventory.
2. Production is measured on a quarterly basis. Threshold production was met in one quarter at Bogoso and in two quarters at Wassa.

As reflected in the table above, 45% of the corporate objectives pertaining to each of the NEOs, other than the Corporation's Vice President of Exploration, were achieved in 2014. Bonuses were determined to be paid to each of these NEOs based on this percentage and the individual performance of each NEO. See the discussion of each NEO's 2014 performance starting at page 40.

The 2014 corporate performance objectives and the performance results applicable to the Corporation's Vice President of Exploration are provided in the table below:

<u>2014 Corporate Performance Objectives</u>		<u>2014 Target Payout Range</u>			<u>2014 Results</u>

1. Production is measured on a quarterly basis. Threshold production was met in one quarter at Bogoso and in two quarters at Wassa.
2. Direct operating cost per ounce represents the mine operating costs incurred by the operation excluding adjustments for the build-up or drawdown of metals inventory plus betterment stripping costs divided by the ounces sold by the operation.
3. Based on frequency of accidents at Bogoso and Wassa.
4. Based on the number of injury free quarters at Bogoso and Wassa. In 2014, two quarters at Bogoso were injury free and all quarters at Wassa were injury free.
5. Based on the number of ounces of mineral resources added compared to ounces depleted and converted into mineral reserves. The resource replacement ratio is impacted by geology, price, operating and exploration costs. A high resource replacement ratio achieved through organic replacement is considered better than a high resource replacement ratio achieved through purchasing resources. The performance rating assessment is based on organic replacement of ounces and their margin.
6. The 2014 resource replacement ratio was taken on a comparative calculation to 2013, and the Corporation's measured and indicated mineral resources increased by approximately 5% to 6.7 million ounces.

As reflected in the table above, 45% of the corporate objectives pertaining to the Corporation's Vice President of Exploration were achieved in 2014. A bonus was determined to be paid to the Corporation's Vice President of Exploration based on this percentage and his individual performance.

For the annual incentive bonuses earned in 2014, 25% will be deferred if the executive has not met share ownership requirements. Accordingly, 25% of the 2014 bonuses that would otherwise be payable in 2014 will be issued as RSUs or DSUs. In assessing individual performance ratings for the NEOs, the Compensation Committee and the CEO determined the payout range, taking into account the Corporation's total shareholder return for 2014.

### Incentive Plan Awards – Value Vested or Earned During the Year

The following table shows the value vested during the Corporation’s most recently completed financial year in respect of option-based awards, share-based awards and non-equity incentive plan compensation.

Name	Option-based awards-Value vested during the year (\$) <sup>1</sup>	Share-based awards-Value vested during the year (\$) <sup>2</sup>	Non-equity incentive plan compensation - Value earned during the year (\$) <sup>3</sup>
Samuel T. Coetzer	—	—	287,500

Martin Raffield	—	—	122,850
S. Mitchel Wasel	—	—	71,940
Jeffrey A. Swinoga	—	—	-

1. This amount represents the aggregate dollar value that would have been realized if the options had been exercised on the vesting date, based on the difference between the closing price of the common shares of the Corporation as traded on the TSX on the vesting date and the exercise price of the options.
2. The SARs and PSUs are vested after a period of three years from the date of grant. No SARs or PSUs were vested during 2014.
3. This represents incentive bonus payable in respect of the Corporation’s 2014 fiscal year.

The following table provides a 5 year cumulative total shareholder return line graph to S&P/TSX Diversified Metals and Mining.

As a significant portion of Golden Star’s executive compensation is at risk and in the form of share based awards, compensation for the NEOs aligns with Golden Star’s total shareholder return.

2. The Stock bonus plan provides grants of bonus Common Shares on terms that the Compensation Committee recommends to the Board, within the limitation of the Stock Bonus Plan and subject to the rules of applicable regulatory authorities.
3. All applicable holders of the DSUs have the elected, to date, to redeem DSUs for Common Shares of the corporation at a ratio of 1:1.

### Stock Option Plan

The Stock Option Plan provides to certain key employees, consultants and directors (including non-employee directors) of the Corporation and its subsidiaries an incentive to maintain and to enhance the long-term performance of the Corporation through the acquisition of Common Shares pursuant to the exercise of stock options. The Stock Option Plan provides for discretionary option grants to employees, consultants and directors.

Subject to certain other limitations, the maximum number of Common Shares authorized for issuance under the Stock Option Plan is 25,000,000 Common Shares (or approximately 9.63% of the issued and outstanding Common Shares). As at March 13, 2015, 800,027 Common Shares (or approximately 0.31% of the issued and outstanding Common Shares) remain available for grant and an aggregate of 16,476,358 Common Shares (or approximately 6.35% of the issued and outstanding Common Shares) are issuable under options that have been granted under the Stock Option Plan. As at March 13, 2015, 7,723,615 Common Shares (or approximately 2.98% of the issued and outstanding Common Shares) have been issued pursuant to exercised options. The maximum number of Common Shares in respect of which stock options may be granted and remain outstanding under the Stock Option Plan shall not at any time, when taken together with all of the Corporation's other stock option plans or share compensation arrangements then either in effect or proposed, be such as to result in the number of Common Shares reserved for issuance to insiders pursuant to stock options exceeding 10% of the number of Common Shares that are outstanding immediately prior to the issuance of Common Shares in question. This excludes Common Shares issued pursuant to the Stock Option Plan and the Corporation's other share compensation arrangements over the preceding one-year period. The total number of Common Shares that may be issued to any one optionee pursuant to options granted under the Stock Option Plan or other stock option plans or share compensation arrangements of the Corporation cannot exceed 2% of the outstanding number of Common Shares from time to time. The maximum number of shares that may be issued to any optionee in any one calendar year is 800,000 Common Shares (or approximately 0.31% of the issued and outstanding Common Shares). Options may take the form of incentive stock options or non-qualified stock options. Incentive stock options may only be granted to employees of the Corporation and its subsidiaries.

The Compensation Committee makes recommendations to the Board regarding all option grants. The Board has the authority, subject to the terms of the Stock Option Plan, to determine when and to whom to make grants under the Stock Option Plan, the number of Common Shares to be covered by the grants, the terms of options granted and the exercise price of options, and to prescribe, amend and rescind rules and regulations relating to the Stock Option Plan. Options granted under the Stock Option Plan are exercisable over a period determined by the Board, but not to exceed ten years from the date of grant, and the exercise price of an option may not be less than the closing price of the Common Shares on the stock exchange on which the Common Shares principally trade on the day immediately preceding the date of grant. In addition, the grant of an option may be subject to vesting conditions established by the Board as provided in the option agreement evidencing the grant of such option. Generally, options granted to non-employee directors vest immediately, and options granted to executive officers and other employees typically are subject to vesting as determined at the date of grant, which vesting is either as to one-third on grant, and one-third on each of the first and second anniversary dates, or as to one-fourth on grant and an additional one-fourth on each of the first, second and third anniversary dates.

In the event of an optionee's termination of employment or service prior to the time all or any portion of an option vests, such option, to the extent not vested or specifically extended by the Board, shall terminate. Except as otherwise provided by the Compensation Committee or the Board and subject to the specific terms of an optionee's employment contract, as the case may be, if an optionee ceases to be employed by, or provide services to, the Corporation for any reason (other than by reason of death), the optionee's options generally will expire 30 days following such termination in the case of a non-director optionee and within 12 months in the case of a director optionee. If the optionee dies while employed (or within the 30-day period referred to in the preceding sentence), all outstanding options, to the extent then vested, may be exercised within one year after the optionee's date of death by the person or persons to whom the optionee's rights pass. In no case may options be exercised later than the expiration date specified in the grant. Options are not assignable and may be transferred by an optionee only by will or by the laws of descent and distribution, and during his or her lifetime may be exercised only by an optionee.

The exercise price and the number of Common Shares to be purchased by an optionee upon the exercise of an option will be adjusted by the Compensation Committee in accordance with the terms of the Stock Option Plan on the occurrence of certain corporate events or changes to the Common Shares.

The Stock Option Plan provides that it will terminate, unless earlier terminated in accordance with its terms, on the tenth anniversary of its approval. The Stock Option Plan was approved on May 6, 2010 at the annual general and special meeting of the Corporation's shareholders. The Stock Option Plan provides that it generally may be amended or terminated at any time by the Compensation Committee. However, any such amendment or termination shall be subject to any necessary stock exchange, regulatory or shareholder approval. In addition, no amendment to an option may adversely affect the rights under such option without the consent of the optionee. No options can be granted under the Stock Option Plan after May 6, 2020.

#### Performance Share Unit Plan

The Corporation has a Performance Share Unit Plan that allows for the award of PSUs and restricted share units ("RSUs") to increase alignment with shareholder interests, provide a deferral vehicle for the annual incentive plan and retain and motivate executives to:

- consistently meet longer-term corporate performance targets that are aligned with our strategy; and
- create shareholder value that can be sustained on an absolute and relative basis over a longer period.

PSU and RSU awards add another element of compensation with performance criteria and reduce the number of option awards, lessening the dilutive impact to shareholders. Each PSU represents one notional common share that is redeemed for cash based on the value of a Common Share at the end of the three year performance period to the extent performance and vesting criteria have been met. Each RSU represents one notional common share that is redeemed for cash based on the value of a Common Shares at the end of a vesting period. Executives may defer annual incentives into RSUs. PSUs and RSUs earn dividends in the form of additional share units that vest at

the same time and to the same extent as the underlying PSUs or RSUs. For 2014 our PSUs cliff vest at the end of a 3-year performance period based on total shareholder return relative to a performance peer group of gold companies. For 2014, RSUs elected to be received on the deferral of annual incentive vest at the end of 3 years, or the earlier termination of the executive's employment.

#### Employees' Stock Bonus Plan

The Corporation has an Employees' Stock Bonus Plan (the "**Stock Bonus Plan**") for any full-time or part-time employee (whether or not a director) of the Corporation or any of its subsidiaries who has rendered meritorious services that contributed to the success of the Corporation or any of its subsidiaries. The Stock Bonus Plan is currently administered by the Compensation Committee and provides for grants of bonus Common Shares on terms that the Compensation Committee recommends to the Board, within the limitations of the Stock Bonus Plan and subject to the rules of applicable regulatory authorities. The maximum number of Common Shares that may be issued under the Stock Bonus Plan in any calendar year will not exceed in the aggregate 2% of the total number of outstanding Common Shares at the end of the immediately preceding calendar year, provided that (i) no more than 1% of the total number of outstanding Common Shares at the end of the immediately preceding calendar year can be issued to any one insider, (ii) the total number of Common Shares issuable within any one-year period to all insiders of the Corporation pursuant to the Stock Bonus Plan and pursuant to the exercise of vested options granted under other share compensation arrangements cannot exceed 10% of the then outstanding Common Shares, and (iii) the total number of Common Shares issuable within any one-year period to an employee under the Stock Bonus Plan and such employee's associates pursuant to the Stock Bonus Plan and pursuant to the exercise of vested options granted under other share compensation arrangements cannot exceed 5% of the then outstanding Common Shares.

No Common Shares were issued under the Stock Bonus Plan in 2014. Up to 900,000 Common Shares (or approximately 0.35% of the issued and outstanding Common Shares) are authorized for issuance under the Stock Bonus Plan. As at March 13, 2014, 710,854 Common Shares (or approximately 0.27% of the issued and outstanding Common Shares) have been issued pursuant to the Stock Bonus Plan and an aggregate of 189,146 Common Shares (or approximately 0.07% of the issued and outstanding Common Shares) remain available for grant under the Stock Bonus Plan. The Compensation Committee has the right to amend or terminate the Stock Bonus Plan at any time in its discretion. In addition, certain amendments to the Stock Bonus Plan require shareholder and regulatory approval.

#### Executive Management Performance Bonus Plan

The Corporation maintains an Executive Management Performance Bonus Plan (the "**Executive Bonus Plan**") under which the Corporation's executive officers and certain other management personnel are eligible for annual bonus incentives. Incentive bonuses may be paid in a combination of stock granted under the Stock Bonus Plan and cash bonus awards as recommended by the Compensation Committee at the beginning of each year for the prior fiscal year's performance. Incentive bonuses are awarded under the Executive Bonus Plan at the discretion of the Board, based on the Board's evaluation of the performance of both the Corporation and the participant measured against performance objectives established each year. The annual bonus incentive provides each NEO and certain other officers with the opportunity to earn a bonus based on the achievement of specific company-wide, business unit or function and individual performance goals. The Compensation Committee approves a target incentive payout for a fiscal year as a percentage of the base salary earned during that period for each NEO at the beginning of the fiscal year.

In 2014, the Board adopted a revised structure for annual bonus incentive payments. The payout targets were increased, with the target payouts for 2014 being set at 60% to 100% of base salary depending on the position of the NEO, with payout ranging from zero, if planned performance targets are not achieved, to 200% of target payout, if results significantly exceed planned performance. The incentive bonuses, targets and objectives will continue to be determined based on a combination of achievement of corporate performance objectives and achievement of individual performance measures, with the primary emphasis on corporate objectives (80% for 2015). For the bonuses earned in 2014, 25% will be deferred if the NEO or other participant has not met share ownership requirements.

## Deferred Share Unit Plan

In March 2011, the Corporation implemented the DSU Plan for directors and executive officers of the Corporation which (i) encourages the directors and executive officers of the Corporation to own Common Shares of the Corporation and to facilitate such Common Share ownership; and (ii) provides directors and executive officers of the Corporation with incentives in the form of deferred share units in order to allow the Corporation to reduce its reliance on stock options and other long-term incentive plans for the same purposes, so as to conform with current best practices regarding directors' and executive officers' compensation. The DSU Plan is administered by the Compensation Committee. The maximum number of Common Shares that may be issued under the DSU Plan is 7,500,000, representing approximately 2.89% of the outstanding Common Shares as of March 13, 2015. As at March 13, 2015, 4,798,097 Common Shares (or approximately 1.84% of the issued and outstanding Common Shares) remain available for grant. An aggregate of 2,672,893 Common Shares (or approximately 1.03% of the issued and outstanding Common Shares) are issuable under DSUs (as defined below) that have been granted under the DSU Plan. As at March 13, 2015, 413,123 Common Shares (or approximately 0.16% of the issued and outstanding Common Shares), have been issued pursuant to redeemed DSUs.

Pursuant to the DSU Plan, directors may elect to receive all or part of their retainer in DSUs having a market value equal to the portion of the retainer to be received in that form, subject to such limits as the Compensation Committee may impose. The Compensation Committee may also grant to any director or executive officer, in each year, DSUs having a market value not greater than the total compensation payable to such director or executive officer for that year, including any salary or bonus but excluding any director's retainer. The number of DSUs to be issued is determined by dividing the amount of the retainer or base salary determined as the basis for the award by the volume-weighted average trading price of a Common Share (as reported by the NYSE MKT, or, if the Common Shares are not listed on that stock exchange, on such other stock exchange on which they are listed at that time) for the 20 trading days immediately preceding the date the DSUs are awarded. The vesting schedule of the DSUs is determined at the discretion of the Compensation Committee, but generally in the case of DSUs granted to directors in lieu of director retainers, the DSUs vest immediately on the award date. DSUs otherwise awarded to directors and officers as part of total compensation payable generally vest one-third on each of the first three anniversaries of the award date. At the election of the Compensation Committee in its sole discretion, each DSU may be redeemed for:

- (a) a cash payment equal to the market value of one Common Share on the date of redemption (the "**Redemption Value**"), after deduction of applicable taxes and other source deductions required by applicable laws;
- (b) Common Shares duly issued by the Corporation from treasury;
- (c) such number of Common Shares purchased by the Corporation on the public market as have an aggregate market value equal to the Redemption Value; or
- (d) any combination of the foregoing, so long as the aggregate redemption price has a fair market value equal to the Redemption Value.

For directors, DSUs may be redeemed in shares on the day following the director's separation date from the Corporation and no later than December 15 of the calendar year following the calendar year in which the separation date occurs. For officers, DSUs may be redeemed no earlier than the first business day following the six-month anniversary of the officer's separation date from the Corporation and no later than December 15 of the calendar year following the calendar year in which the separation date occurs. In the event of a participant's death or retirement, all outstanding DSUs held by the participant prior to the date of death or retirement become fully vested. If a participant resigns or is terminated without cause, the Compensation Committee may cause the

outstanding DSUs to vest at such time or times or upon such conditions as the Compensation Committee may determine in its sole discretion. The maximum number of Common Shares that may be (i) issued to insiders of the Corporation (including directors and officers of the Corporation) pursuant to the DSU Plan within any one year period, and (ii) issuable to insiders pursuant to the DSU Plan at any time, when combined with all of the Common Shares issuable to insiders pursuant to any other security-based compensation arrangement of the Corporation, must not exceed 10% of the total number of outstanding common shares of the Corporation. Currently, the Board has not elected to use the DSUs for executive officer compensation. As such, no DSUs were granted to executive officers during the fiscal year ended December 31, 2014.

#### Share Appreciation Rights Plan

In February 2012, the Corporation adopted a Share Appreciation Rights Plan (the “**SARs Plan**”) to provide incentive compensation based on the appreciation in value of the Common Shares over a specified period of time. Under the SARs Plan, the Corporation may from time to time grant awards of share appreciation rights (“**SARs**”) to current and future directors, executive officers, employees and consultants of the Corporation and/or its subsidiaries. The SARs Plan is administered by the Compensation Committee, which determines from time to time who will participate in the SARs Plan, as well the terms of the grants, including the vesting provisions applicable to specific SARs grants. The maximum number of SARs that may be granted to any participant in any one calendar year under the SARs Plan is 800,000 SARs. A total of 460,000 SARs were granted during the fiscal year ended December 31, 2014. Of the SARs granted, 266,667 were subsequently surrendered leaving 3,220,665 outstanding at December 31, 2014. The vesting schedule of the SARs is determined at the discretion of the Board, but generally the SARs vest one-third on each of the first three anniversaries of the grant date. Upon exercise of a SAR, the participant will be entitled to receive an amount in respect of each SAR equal to the amount by which the fair market value of one Common Share as of the date of such exercise exceeds the fair market value of one Common Share as of the grant date of such SAR. No SARs will be settled in shares; rather, all SAR exercises will be settled solely in cash. Participants in the SARs Plan will have no rights whatsoever as a shareholder of the Corporation or of a subsidiary in respect of any SARs. In the event of a grantee’s termination by reason of death, disability or retirement, all outstanding SARs held by the grantee prior to the termination date may, in the sole discretion of the Compensation Committee, become fully vested. If a grantee’s termination is a result of resignation or termination without cause, all outstanding SARs held by the grantee that were vested and entitled to be exercised may be exercised for 30 days following such termination. If the grantee’s termination of employment or service is a result of termination for cause, all outstanding SARs held by the grantee are deemed to expire and the grantee will not be entitled to exercise any SARs that may have otherwise vested. The SARs Plan provides that it will terminate on February 13, 2022, unless it is terminated on an earlier date in accordance with the terms of the SARs Plan.

#### *Termination and Change of Control Benefits*

##### Employment Agreements and Severance Arrangements on Termination and Termination following a Change of Control

Upon certain terminations of employment (including a termination following a Change in Control of the Corporation), severance benefits are payable to the NEOs. These severance benefits are designed to attract and retain senior executives and to provide replacement income if their employment is terminated involuntarily other than for cause. Severance benefits are specifically provided for in each NEO’s employment agreement. To be eligible to receive severance benefits under the terms of their employment agreements, a NEO must (i) be an executive on the date of termination, (ii) be involuntarily terminated (other than for cause), and (iii) execute and deliver a release agreement.

The Corporation or a subsidiary has employment agreements with Messrs. Raffield and Wasel. The material terms of these employment agreements include: (a) employment for one year with automatic renewal for successive one-year periods unless either the Corporation or the employee gives notice of non-renewal of the employment agreement; (b) a base salary (as set forth above under “**Executive Compensation Table**”); (c) severance payments upon a termination of employment without cause in an amount equal to the sum of (i) the employee’s base salary,

(ii) the average of the target bonus for the employee for the current calendar year and the bonus paid to the employee for the previous year; (d) severance on termination upon a Change of Control equal to two times the sum of the employee's base salary, the average of the target bonus for the employee for the current calendar year and the bonus paid to the employee for the previous year and a portion of the target bonus for the employee for the current calendar year which is prorated to the portion of such year prior to the employee's termination; and (e) on termination by the Corporation without cause or following a Change in Control, all unvested stock options immediately vest and remain exercisable for 12 months following termination.

The Corporation also has employment agreements with Messrs. Coetzer, Owiredu and van Niekerk that contain similar material terms to the employment agreements of Messrs. Raffield and Wasel, except that: (i) the value of benefits provided for the severance periods and the term of employment is indefinite unless employment is terminated upon retirement, for cause or without cause, by death or disability, or by the employee for a material breach of the agreement and (ii) the definition of "Change of Control" in Mr. van Niekerk's employment agreement contemplates a "Change of Control" occurring upon the acquisition of 50% of the Corporation's voting stock by a person or group, rather than a 30% threshold contemplated by the other employment agreements, as discussed below.

Under the employment agreements, other than Mr. van Niekerk's employment agreement, a "Change in Control" is defined, generally, as (i) the acquisition of more than 30% of the Corporation's voting stock by a person or group, (ii) Board members at a specified date, or persons appointed or nominated by them, cease to constitute a majority of the Board, or (iii) shareholders approve a merger of the Corporation (other than a merger in which the shareholders of the Corporation prior to the merger continue to own more than 50% of the outstanding stock of the surviving entity), a sale of substantially all of the Corporation's assets, or a liquidation. Change in Control severance benefits become payable under the terms of the employment agreements if, within 12 months (as applicable) following a Change in Control, the employee's employment is terminated by the Corporation or the surviving or successor entity without cause or the employee voluntarily terminates his/her employment for specified reasons. Such reasons include a substantial alteration in the nature or status of employment responsibilities, reduction in compensation or benefits, relocation, or breach by the surviving or successor entity of the employment agreement.

Listed below are the terms of such payments and estimates regarding the amounts for each of the NEOs which would have been payable had a termination occurred on December 31, 2014.

## **Other Information**

### **Indebtedness of Directors and Officers**

No directors, nominees for election as directors, executive officers or members of their immediate family were indebted to the Corporation, or any of its subsidiaries, directly or indirectly, at any time since the beginning of the Corporation's last fiscal year.

### **Relationships and Related Transactions**

#### ***Compensation Committee Interlocks and Insider Participation***

None of the Compensation Committee members has served as an officer or employee of the Corporation. None of the Corporation's executive officers has served as a member of a compensation committee or board of directors of any other entity which has an executive officer serving as a member of the Board.

#### ***Transactions with Related Persons***

The Corporation has adopted a written policy for the review of transactions with related persons. The policy requires review, approval or ratification of transactions exceeding \$120,000 in which the Corporation is a participant and in which a director, executive officer, a significant shareholder or an immediate family member of any of the foregoing persons has a direct or indirect material interest.

No related person of the Corporation, nor any associate or affiliate of a related person, has had any material interest in any transaction or proposed transaction which has materially affected or would materially affect the Corporation or any of its subsidiaries, nor has any director of the Corporation been involved, directly or indirectly, in any business or professional relationship with the Corporation in connection with the provision by the director or the Corporation of property, services or financing during the Corporation's financial year ended December 31, 2014 other than as set forth herein.

Additionally, no person who has been a director or officer during the Corporation's financial year ended December 31, 2014, nor any proposed director, nor any of their associates or affiliates, have any material interest, direct or indirect, in the matters to be acted upon at the Meeting. Each quarter, the Chief Financial Officer issues a "Commitments, Contingencies and Acquisition" checklist to the CEO, CFO, Chief Operating Officer, Senior Vice President, Corporate Strategy and Vice President, Exploration, which must be signed and returned to inquire if there have been any related party transactions for the quarter.

In addition, on an annual basis, the Corporation's legal counsel prepares Directors and Officers ("D&O") questionnaires and submits the questionnaires to all directors and officers of the Corporation. The D&O questionnaires are reviewed by the Chief Financial Officer to determine if any payments that would fall under disclosure guidelines have been made to any companies that would indicate a related party transaction.

If the Chief Financial Officer determines that any transaction could be a related party transaction, the transaction is brought to the Audit Committee for review. The Audit Committee determines whether a related party transaction can be approved or not, based on whether the transaction is determined to be in, or not inconsistent with, the best interests of the Corporation and its shareholders.

#### ***Relationships***

Certain directors and officers of the Corporation are and may continue to be involved in the mining and mineral exploration industry through their direct and indirect participation as a director or otherwise in corporations, partnerships or joint ventures, which are potential competitors. Situations may arise in connection with potential

---

acquisitions and investments where the other interests of these directors and officers may conflict with the interests of the Corporation. Each of the directors of the Corporation is required to disclose any potential conflict of interest and to act honestly, in good faith and in the best interests of the Corporation.

The Nominating and Corporate Governance Committee is responsible for annually reviewing and reporting to the Board on business activities of each Board member including their employment or service to any other companies to assure that potential conflicts are clearly understood or avoided. Potential conflicts include the relationships, if any, between each of the directors and the Corporation and its management, and any involvements of any of the directors (including membership on other boards of directors) which constitute, or may result in, a conflict of interest.

### **Availability of Documents**

Financial information regarding the Corporation can be found in the following documents, which documents have been filed or will be filed with the SEC in the United States and securities commissions or similar authorities in various provinces of Canada and copies of which may be requested, after filing, by any person to whom a proxy statement is delivered, and shall be provided without charge within one business day of the receipt of such request, by Golden Star Resources Ltd., 150 King Street West, Sun Life Financial Tower, Suite 1200, Toronto, Ontario, Canada M5H 1J9 Tel: (416) 583-3800, Attention: Investor Relations.

**Appendix “A”**  
**GOLDEN STAR RESOURCES LTD.**

**Audit Committee Charter**  
**(Confirmed November 4, 2014)**

There shall be a committee of the Board of Directors (the “Board”) of Golden Star Resources Ltd., a Canadian corporation (“Golden Star”), to be known as the Audit Committee (the “Committee”) whose membership, authority and responsibilities shall be as set out in this Charter.

**PRIMARY FUNCTION**

The primary function of the Committee is to assist the Board in fulfilling its oversight responsibilities, primarily through (a) overseeing the integrity of Golden Star’s financial statements and financial reporting process and Golden Star’s systems of internal accounting and financial controls; (b) overseeing the performance of the internal auditors; (c) recommending the selection of, retaining and monitoring the independence and performance of Golden Star’s outside auditors, including overseeing the audits of Golden Star’s financial statements, and approving any non-audit services; and (d) facilitating communication among the outside auditors, management, internal auditors and the Board.

**MEMBERSHIP**

Following each annual meeting of the shareholders of Golden Star, the Board shall elect no fewer than three directors (the “Members”) to the Committee and shall appoint one of the Members to chair the Committee. Each Member shall meet the independence requirements imposed by applicable law and stock exchange requirements (the “Listing Rules”).

The Committee may form and delegate authority to subcommittees when and where appropriate.

Any Member may be removed from office or replaced at any time by the Board and shall cease to be a Member upon ceasing to be a director. Each Member shall hold office until the close of the next annual meeting of shareholders of Golden Star or until the Member ceases to be a director, resigns or is removed or replaced, whichever first occurs.

A Member shall be considered independent if (a) he or she is not currently and has not been during the past three years, an employee or executive officer of Golden Star or its subsidiaries, other than as allowed by law and the Listing Rules; (b) he or she has not accepted, directly or indirectly, any consulting, advisory or other compensatory fee from Golden Star or its subsidiaries other than in connection with serving on the Committee, any other Board committee or as a Board member; (c) he or she is not an “affiliated person” of Golden Star or any Corporation subsidiary as defined by rules of the Securities and Exchange Commission (“SEC”), including Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and the Listing Rules; (d) he or she does not have a “material relationship” with Golden Star as defined by National Instrument 52-110 – *Audit Committees* (“NI 52-110”); and (e) he or she meets all other requirements for independence imposed by law and the Listing Rules from time to time and any requirements imposed by any applicable body having jurisdiction over Golden Star.

No Member shall have participated in the preparation of the financial statements of Golden Star or its subsidiaries at any time during the past three years.

---

All Members shall from and after the time of their respective appointments to the Committee have a practical knowledge of finance and accounting and be able to read and understand financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity that can reasonably be expected to be raised by Golden Star's financial statements. In addition, Members may be required to participate in continuing education if required by applicable law or the Listing Rules.

At least one of the Members shall be a "financial expert" as defined in the applicable SEC and NYSE rules and regulations, and at least one of the Members shall meet the financial sophistication standards under the Listing Rules.

## **MEETINGS**

The Committee shall meet as frequently as is necessary to carry out its responsibilities, but at least quarterly, at such times and location determined by the Committee chairman. The Committee is governed by the rules regarding meetings (including meetings by conference telephone or similar communications equipment), action without meetings, notice, waiver of notice, and quorum and voting requirements as are applicable to the Board.

The Committee is authorized and empowered to adopt its own rules of procedure not inconsistent with (a) any provision of this Charter, (b) any provision of the constating documents or bylaws of Golden Star, or (c) applicable law and Listing Rules.

In the absence of the Committee chairman for any meeting, the Members shall elect a chairman from those in attendance to act as chairman of that meeting.

## **REPORTING**

Following meetings of the Committee, the Committee chairman shall report to the Board issues before the Committee and actions taken by the Committee.

## **RESPONSIBILITIES, DUTIES AND POWERS**

1. The Committee's principal responsibility is one of oversight. Golden Star's management is responsible for preparing Golden Star's financial statements, and Golden Star's outside auditors are responsible for auditing and reviewing those financial statements. In carrying out these oversight responsibilities, the Committee is not providing any expert or special assurance as to Golden Star's financial statements or any professional certification as to the outside auditors' work.
2. The designation or identification of a Member as a "financial expert" or "financially literate" does not impose on such person any duties, obligations, or liability that are greater than the duties, obligations, and liability imposed on such person as a Member of the Committee and Board in the absence of such designation or identification; and the designation or identification of a Member as a "financial expert" or "financially literate" does not affect the duties, obligations, or liability of any other Member or Board member.
3. The Committee's specific responsibilities and powers are as set forth below.

### General Duties and Responsibilities

- Periodically review with management and the outside auditors the applicable law and the Listing Rules relating to the qualifications, activities, responsibilities and duties of audit committees and compliance therewith, and also take, or recommend that the Board take, appropriate action to comply with such law and rules.
- Review, at least annually, the Committee's duties, responsibilities and performance and determine if any changes in practices of the Committee or amendments to this Charter are necessary.

- 
- Meet separately at least annually with each of Golden Star's senior management, including its Chief Financial Officer, Director of Internal Audit, Controller and outside auditors in separate executive sessions to discuss any matters that the Committee or each of these persons believes should be discussed privately.
  - Establish procedures for: (a) the receipt, retention and treatment of complaints received by Golden Star regarding accounting, internal accounting controls or auditing matters; and (b) the confidential, anonymous submission by employees of Golden Star of concerns regarding questionable business conduct, accounting or auditing matters.
  - Retain, at Golden Star's expense, independent counsel, accountants or other advisors for such purposes as the Committee, in its sole discretion, determines to be appropriate to carry out its responsibilities.
  - Determine the necessary funding for the payment of: (a) compensation to outside auditors engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for Golden Star; (b) compensation to any advisors employed by the Committee and (c) ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.
  - Review and approve Golden Star's hiring policies regarding partners, employees, former partners and former employees of the present and former external auditor of Golden Star.
  - Prepare or approve annual reports of the Committee for inclusion in the management information circular for Golden Star's annual meetings.
  - Investigate any matter brought to its attention related to reports of improper business conduct, financial, accounting and audit matters and have full access to all books, records, facilities and personnel of Golden Star.
  - Undertake such additional responsibilities as from time to time may be delegated to it by the Board, required by Golden Star's articles or bylaws or required by law or Listing Rules.

#### Auditor Independence

- Be directly responsible for the recommendation of, appointment of, compensation, retention, termination and oversight, subject to the requirements of applicable law, of the work of any outside auditor engaged by Golden Star for the purpose of preparing or issuing an audit report or performing other audit, review or attest services. The outside auditors shall report directly to the Committee.
- Receive from the outside auditors, review and discuss not less frequently than annually, a formal written statement delineating all relationships between the outside auditors and Golden Star which may impact the objectivity and independence of the outside auditors, and other applicable standards. The statement shall include a description of all services provided by the outside auditors and the related fees. The Committee shall actively discuss any disclosed relationships or services that may impact the objectivity and independence of the outside auditors and take appropriate action to satisfy itself of the independence of the auditors.
- Pre-approve all engagement letters and fees for all auditing services (including providing comfort letters in connection with securities offerings) and permitted non-audit services performed by the outside auditors, subject to any *de minimis* exception under Section 10A(i)(1) (B) of the Exchange Act and Section 2.4 under NI 52-110 and any rules promulgated thereunder. Pre-approval authority may be delegated to one or more independent Members, and any such Member shall report any decisions to the full Committee at its next scheduled meeting. The Committee shall not approve an engagement of outside auditors to render non-audit services that are prohibited by law or the Listing Rules.

- Obtain annual assurance from the outside auditors that they (a) have complied with Section 10A (Audit Requirements), of the Exchange Act and the rules promulgated thereunder, and (b) they know of no violation of Rule 13b2-2 (Representations and Conduct in Connection with the Preparation of Required Reports and Documents) of the Exchange Act having occurred.
- Review with the outside auditors, at least annually, the auditors' internal quality control procedures and any material issues raised by the most recent internal quality peer review of the outside auditors.

#### Internal Control and Compliance with Corporate Business Conduct or Ethics Policies

- Review annually the adequacy and quality of Golden Star's financial and accounting staff, the need for and scope of internal audit reviews, and the plan, budget and the designations of responsibilities for any internal audit.
- Review the performance and material findings of internal audit reviews.
- Review annually, evaluate and discuss with the outside auditors, management and internal audit, management's report on internal controls over financial reporting and the related auditor's report, when and as required by Section 404 of the Sarbanes-Oxley Act and National Instrument 52-109 – *Certification of Disclosure in Issuers' Annual and Interim Filings* . Discuss any significant deficiencies in the design or operation of the Corporation's internal controls, material weaknesses in internal controls, any fraud (regardless of materiality), as well as any significant changes in internal controls implemented by management during the most recent reporting period. Determine whether any internal control recommendations made by outside auditors have been implemented by management.
- Review major financial risk exposures and the guidelines, policies and insurance that management has put in place to govern the process of assessing, controlling, managing and reporting such exposures. Receive reports from officers responsible for oversight of any particular financial risks within Golden Star upon change of any relevant policy, practice or circumstance within their department.
- Review and evaluate at least annually Golden Star's policies and procedures for maintaining and investing cash funds and for hedging (metals, foreign currency, etc.) as detailed in the corporate treasury policy. Approve any variations from the corporate treasury policy that may be required from time to time.
- Evaluate whether management is setting the appropriate tone at the top by communicating the importance of: internal controls; ethics and conduct codes; and ensuring that all supervisory and accounting employees understand their roles and responsibilities with respect to internal controls.
- Review with outside auditors and legal counsel, as the Committee deems appropriate, actions taken to ensure compliance with the code of ethics or conduct for Golden Star established by the Board.

#### Annual and Interim Financial Statements

- Review, evaluate and discuss with Golden Star's management and outside auditors (a) the nature and extent of any significant changes in Canadian accounting principles including under international financial reporting standards ("IFRS"), (b) the application of accounting principles and significant accounting and reporting principles, (c) practices and procedures applied in preparing the financial statements, (d) all critical accounting policies and practices to be used, (e) any major changes to Golden Star's accounting or reporting principles, practices or procedures, including those required or proposed by professional or regulatory pronouncements and actions, as brought to its attention by management or the outside auditors, (f) information related to significant unusual transactions, including the business rationale for such transactions, and (g) any material written communications between the outside auditors and management, such as any management letter or schedule of unadjusted differences.

- 
- Review and discuss with outside auditors alternative treatments of financial information under generally accepted accounting principles including IFRS, including pro forma financial information, the ramifications of each treatment and the method preferred by the outside auditors.
  - Review the scope, plan and procedures to be used on the annual audit and receive confirmation from the outside auditors that no limitations have been placed on the scope or nature of their audit scope, plan or procedures.
  - Review the results of any difficulties, differences or disputes with management encountered by the outside auditors during the course of the audit or reviews and be responsible for overseeing the resolution of such difficulties, differences and disputes.
  - Review, evaluate and discuss with the outside auditors and management Golden Star’s audited annual financial statements and other information that is to be included in Golden Star’s annual information form, annual financial statements and the Form 40-F (or such other annual report as may be required by the rules and regulations of the SEC), including the disclosures in respect of Golden Star’s “management’s discussion and analysis of financial condition and results of operations”, and the results of the outside auditors’ audit of Golden Star’s annual financial statements, including the accompanying notes, and the outside auditors’ report, and determine whether to recommend to the Board that the financial statements are satisfactory in form and substance for filing on SEDAR and with the SEC. Review and discuss with the outside auditors and management Golden Star’s quarterly financial statements and other information to be included in Golden Star’s quarterly management discussion and analysis of financial condition and results of operations, prior to filing such reports on SEDAR and with the SEC.

#### Related Party Transactions

- Review and oversee any transaction exceeding U.S.\$120,000 or otherwise material to Golden Star involving Golden Star and a related party, and review any other related party transactions.

#### Earnings Press Releases

- Review and discuss with management and the outside auditors prior to release all earnings press releases of Golden Star, as well as any financial information and/or earnings guidance, if any, to be provided by Golden Star to analysts and rating agencies.

**NOTICE OF ANNUAL GENERAL AND SPECIAL MEETING  
OF SHAREHOLDERS OF  
GOLDEN STAR RESOURCES LTD.**

NOTICE IS HEREBY GIVEN that the Annual General and Special Meeting (the “**Meeting**”) of shareholders of Golden Star Resources Ltd. (the “**Corporation**”) will be held at 1:30 p.m. (Toronto time) on Thursday, May 7, 2015 in the L1 Boardroom at St. Andrews Club & Conference Centre, 150 King Street West, Suite 2700, Sun Life Tower, Toronto, Ontario, Canada, M5H 1J9, for the following purposes:

1. to elect directors until the next annual general meeting;
2. to re-appoint the auditor to hold office until the next annual general meeting at a remuneration to be fixed by the Audit Committee;
3. to receive the report of the directors to the shareholders and the consolidated financial statements of the Corporation, together with the auditors’ report thereon, for the fiscal year ended December 31, 2014;
4. to consider and, if thought fit, pass the Advisory Vote on Named Executive Officer Compensation Resolution, as more fully described in the Corporation’s management information circular dated March 13, 2015 (the “**Management Information Circular**”); and
5. to transact such other business as may properly come before the Meeting or any adjournment thereof.

Additional information on the above matters can be found in the Management Information Circular under the heading “About Our Shareholder Meeting – Business of the Meeting”.

The Corporation has elected to use the notice-and-access rules (“**Notice and Access**”) under National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* and National Instrument 51-102 – *Continuous Disclosure Obligations* for distribution of the Meeting materials to shareholders of the Corporation. Notice and Access is a set of rules that allows issuers to post electronic versions of its proxy-related materials on SEDAR and on one additional website, rather than mailing paper copies to shareholders.

The Management Information Circular, this notice of Meeting (the “**Notice of Meeting**”), the form of proxy, the voting instruction form and the Corporation’s 2014 annual report (the “**Annual Report**”) containing the Corporation’s annual audited consolidated financial statements for the year ended December 31, 2014 and the related management’s discussion and analysis of financial condition and results of operations (collectively, the “**Meeting Materials**”) are available at <http://www.gsr.com/noticeandaccess> and under the Corporation’s profile on SEDAR at [www.sedar.com](http://www.sedar.com). Shareholders are reminded to review the Meeting Materials before voting.

Shareholders may obtain paper copies of the Meeting Materials, or obtain further information about Notice and Access, by contacting the Corporation’s transfer agent, CST Trust Company (“**CST**”), toll free at 1-888-433-6443 or by email at [fulfilment@canstockta.com](mailto:fulfilment@canstockta.com). A request for paper copies should be received by CST by April 29, 2015 in order to allow sufficient time for the shareholder to receive the paper copy and return the proxy by its due date.

The Board of Directors has fixed the close of business on March 13, 2015 as the record date for the determination of shareholders entitled to notice of and to vote at the Meeting and at any adjournment or postponement thereof.

If you are a *registered shareholder* of the Corporation, accompanying this Notice of Meeting is a form of proxy. If you do not expect to attend the Meeting in person, please promptly complete and sign the enclosed form of proxy and return for receipt by no later than 5:00 p.m. (Toronto time) on Wednesday, May 6, 2014. If you receive more than one proxy form because you own common shares registered in different names or addresses, each proxy form should be completed and returned.

---

If you are a *non-registered shareholder* , accompanying this Notice of Meeting are a voting instruction form and a supplemental mailing list return card for use by non-registered shareholders who wish to receive the Corporation's financial statements. If you receive these materials through your broker or another intermediary, please complete and sign the materials in accordance with the instructions provided to you by such broker or other intermediary.

Dated at Toronto, Ontario, this 13<sup>th</sup> day of March, 2015.
