ELDORADO ACQUIRES UNITS OF BRAZAURO

(all amounts in Canadian dollars)

VANCOUVER, BC - Eldorado Gold Corporation (“**Eldorado**”) is pleased to announce that effective July 24, 2008 it has purchased 8,800,000 units (the “**Units**”) of Brazauro Resources Corporation (“**Brazauro**”), which Units each comprised one common share (a “**Unit Share**”) of Brazauro and one half of a whole warrant (a “**Warrant**”) of Brazauro, at a price of \$0.95 per Unit, for a total of \$8.36 million. Each Warrant will entitle Eldorado to acquire one common share of Brazauro at an exercise price of \$1.30 per common share of Brazauro for a period of 18 months following the date of the completion of the acquisition of the Units. The 8,800,000 Unit Shares acquired represent approximately 10.32% of Brazauro’s issued and outstanding common shares (as at July 24, 2008).

After completion of the acquisition of the Units, Eldorado will own 10,304,000 common shares representing 12.09% of Brazauro’s issued and outstanding common shares (as at July 24, 2008). If Eldorado exercises all of the Warrants, it will own 14,704,000 common shares of Brazauro, representing approximately 16.4% of Brazauro’s issued and outstanding common shares (as at July 24, 2008).

The securities were acquired pursuant to a private placement under the terms of an Option Agreement (the “**Option Agreement**”) dated July 8, 2008 between Eldorado, Brazauro, and two affiliates of Brazauro, Jaguar Resources Do Brazil LTDA (now named Brazauro Recursos Mineraiis Ltda. (“**Jaguar**”) and Minercao Cachambix Ltda (“**Minercao**”). The acquisition of the Units was a condition precedent to the earn-in option that Brazauro has granted to Eldorado under the Option Agreement to acquire up to a 75% interest in certain of Brazauro’s properties, including the Tocantinzinho Project in Para State, Brazil, through the exercise of three separate options.

Eldorado acquired the securities for investment purposes and may acquire further common shares or dispose of its holdings of common shares both as investment conditions warrant. The Units were issued to Eldorado pursuant to the accredited investor exemption in section 2.3 of National Instrument 45-106 to purchase the securities.

Eldorado’s early warning report is available on the SEDAR website (www.sedar.com) under the Company’s name.

Eldorado Gold Corporation Announces Sale of São Bento Mine

VANCOUVER, BC – Paul N. Wright, President and Chief Executive Officer of Eldorado Gold Corporation (“Eldorado” or the “Company” or “we”) today announced that Eldorado has entered into a letter agreement (the “Agreement”) with AngloGold Ashanti (“AngloGold”) for the sale of all the shares of São Bento Gold Limited (“SBGL”) together with its wholly owned subsidiary São Bento Mineracao S.A. which in turn holds all the assets and liabilities of the São Bento Mine in Minas Gerais State, Brazil (“SBM”) (the “Transaction”). SBM ceased ore production in January 2007, at which time SBM’s process plant and facilities were placed on care and maintenance and reclamation activities began. The Agreement is subject to execution and delivery of final definitive agreements and regulatory approvals in Brazil and the Republic of South Africa.

Under the terms of the Agreement AngloGold will acquire all the shares in SBGL for a total consideration of US\$70 million, to be settled by the issuance of shares in AngloGold which will be freely tradeable on the New York Stock Exchange in the form of American Depositary Shares (“ADS”) of AngloGold. Certain pieces of underground mining equipment that will be transferred to Eldorado’s Efemçukuru Project in Turkey and its Vila Nova Iron Ore Project in Brazil are excluded from the Transaction.

Eldorado is also retaining a group of approximately 20 senior management and exploration team members in Brazil. As a term of the Agreement, Eldorado will be provided with a right of first refusal on any future disposition by AngloGold of the São Bento Mine or AngloGold’s adjacent Corrego do Sitio Gold Project for a period of three years.

“The São Bento Mine was the cornerstone asset of Eldorado for approximately ten years and I would like to thank the São Bento employees for their hard work and continued support over all those years. The sale of SBM to AngloGold is the appropriate outcome for Eldorado and all parties involved, as AngloGold plans to utilize in the near future the metallurgical infrastructure at the São Bento Mine to treat ore from its adjacent Corrego do Sitio Gold Project. We wish AngloGold success with Corrego do Sitio and São Bento” commented Paul N. Wright, President and Chief Executive Officer of Eldorado. “We have retained our senior management and exploration team in Brazil, who will manage our interests at the Vila Nova Iron Ore and Tocantinzinho Gold Project and will continue to look for opportunities in the gold sector of Brazil”, he also said.

Eldorado is a gold producing, exploration and development company actively growing businesses in Brazil, Turkey, China, Greece and the surrounding regions. With our international expertise in mining, finance and project development, together with highly skilled and dedicated staff, we believe that Eldorado is well positioned to grow in value as we create and pursue new opportunities.
