-

Item 8.01**Other Events**

In October 2013, Acorda Therapeutics, Inc. (the “Company”) initiated the second clinical trial of GGF2 for the treatment of heart failure and subsequently paused enrollment in the trial to review additional preclinical data. On April 22, 2014, the Company announced that it has completed its review of these data and has agreed with the Food and Drug Administration (FDA) that the Phase 1b clinical trial of GGF2 will resume recruitment. The single-intravenous infusion trial is assessing tolerability of three dose levels of GGF2 and also includes several exploratory efficacy measures. The Company expects that the trial will be completed in 2015.
