**Sykes Enterprises, Incorporated and Subsidiaries**  
**Form 10-Q/A**  
**For the Quarter Ended March 31, 2005**

**EXPLANATORY STATEMENT**

On November 11, 2005, Sykes Enterprises, Incorporated (the “Company”) determined that certain deferred revenues should be classified as current liabilities rather than long-term liabilities in the Company’s Consolidated Financial Statements. The deferred revenues relate to various contracts in the Company’s Canadian roadside assistance program for which the Company is prepaid for roadside assistance services that are generally carried out over a twelve-month or longer period. Accordingly, previously issued condensed consolidated financial statements for the quarter ended March 31, 2005 and year ended December 31, 2004 have been restated to correct the classification of deferred revenue and the related deferred income taxes.

This Amendment No. 1 on Form 10-Q/A which amends and restates the Company’s Form 10-Q for the quarter ended March 31, 2005, initially filed with Securities and Exchange Commission (the “SEC”) on May 9, 2005 (the “Original Filing”), is being filed to reflect the restatement of the condensed consolidated financial statements and other financial information of the Company as presented herein. The Company reclassified \$19.2 million and \$19.0 million of “deferred revenue” from long-term liabilities to current liabilities as of March 31, 2005 and December 31, 2004, respectively. Additionally, the Company reclassified \$3.9 million and \$3.9 million of deferred revenue from “other accrued expenses and current liabilities” to “deferred revenue” in current liabilities as of March 31, 2005 and December 31, 2004, respectively. Finally, the Company reclassified \$2.1 million and \$2.1 million of the related “deferred income taxes” from long-term assets to current assets as of March 31, 2005 and December 31, 2004, respectively. See Note 2 to the condensed consolidated financial statements for further details.

For the convenience of the reader, this Form 10-Q/A sets forth the Original Filing in its entirety. This Form 10-Q/A includes such restated condensed consolidated financial statements and related notes thereto and other information related to such restated condensed consolidated financial statements, including revisions to Item 4 of Part II, Controls and Procedures and Item 6 of Part II, Exhibits. The foregoing items have not been updated to reflect other events occurring after the Original Filing or to modify or update those disclosures affected by subsequent events. Pursuant to the rules of the SEC, Item 6 of Part II of the Original Filing has been amended to include a letter of awareness from the Company’s independent registered public accounting firm and certifications re-executed as of the date of this Form 10-Q/A from the Company’s Chief Executive Officer and Chief Financial Officer. The certifications of the Chief Executive Officer and Chief Financial Officer are included in this Form 10-Q/A as Exhibits 31.1, 31.2, 32.1 and 32.2.

Except for the foregoing amended information, this Form 10-Q/A continues to describe conditions as of the date of the Original Filing, and the disclosures contained herein have not been updated to reflect events, results or developments that occurred after the Original Filing, or to modify or update those disclosures affected by subsequent events. Among other things, forward looking statements made in the Original Filing have not been revised to reflect events, results or developments that occurred or facts that became known to the Company after the date of the Original Filing (other than the restatement), and such forward looking statements should be read in their historical context.

(Unaudited)

Sykes Enterprises, Incorporated and consolidated subsidiaries (“Sykes” or the “Company”) provides outsourced customer contact management solutions and services in the business process outsourcing arena to companies, primarily within the communications, technology/consumer, financial services, healthcare, and transportation and leisure industries. Sykes provides flexible, high quality outsourced customer contact management services with an emphasis on inbound technical support and customer service. Utilizing Sykes’ integrated onshore/offshore global delivery model, Sykes provides its services through multiple communications channels encompassing phone, e-mail, Web and chat. Sykes complements its outsourced customer contact management services with various enterprise support services in the United States that encompass services for a company’s internal support operations, from technical staffing services to outsourced corporate help desk services. In Europe, Sykes also provides fulfillment services including multilingual sales order processing via the Internet and phone, inventory control, product delivery and product returns handling. The Company has operations in two geographic regions entitled (1) the Americas, which includes the United States, Canada, Latin America, India and the Asia Pacific Rim, in which the client base is primarily companies in the United States that are using the Company’s services to support their customer management needs; and (2) EMEA, which includes Europe, the Middle East, and Africa.

**Note 1 — Basis of Presentation and Summary of Significant Accounting Policies**

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“generally accepted accounting principles”) for interim financial information and with the instructions to Form 10-Q. Accordingly, they do not include all of the information and notes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. In addition, certain reclassifications have been made for consistent presentation. Operating results for the three months ended March 31, 2005 are not necessarily indicative of the results that may be expected for any future quarters or the year ending December 31, 2005. For further information, refer to the consolidated financial statements and notes thereto, included in the Company’s Annual Report on Form 10-K/A for the year ended December 31, 2004, as filed with the Securities and Exchange Commission (“SEC”).

**Stock-Based Compensation** — The Company has adopted the disclosure only provisions of Statement of Financial Accounting Standards (“SFAS”) No. 123, “*Accounting for Stock-Based Compensation*.” Under SFAS No. 123, companies have the option to measure compensation costs for stock options using the intrinsic value method prescribed by Accounting Principles Board Opinion (“APB”) No. 25, “*Accounting for Stock Issued to Employees*” (“APB No. 25”). Under APB No. 25, compensation expense is generally not recognized when both the exercise price is the same as the market price and the number of shares to be issued is set on the date the employee stock option is granted. Since employee stock options are granted on this basis and the Company has chosen to use the intrinsic value method, no compensation expense is recognized for stock option grants.

In accordance with APB No. 25, the Company applies variable plan accounting for grants of common stock units (“CSUs”) issued under the 2004 Non-Employee Director Fee Plan (the “Plan”) and recognizes compensation cost over the vesting period. During the year ended December 31, 2004, the Board awarded an aggregate of 55.6 thousand CSUs to the non-employee directors totaling \$0.3 million with a weighted average fair value of \$5.94 per common stock unit. Since the Plan is subject to shareholder approval, the CSUs are not considered to be granted and therefore no compensation cost will be recognized until the shareholders approve the Plan at the 2005 Annual Shareholders’ Meeting. At that time, the Company will recognize compensation cost for the CSUs over the vesting periods at the then current market price.

**Sykes Enterprises, Incorporated and Subsidiaries**  
**Notes to Condensed Consolidated Financial Statements**  
**Three months ended March 31, 2005 and 2004**  
(Unaudited)

**Note 1 — Basis of Presentation and Summary of Significant Accounting Policies — (continued)**

**Stock-Based Compensation** (continued)

If the Company had elected to recognize compensation expense for the issuance of options to employees of the Company based on the fair value method of accounting prescribed by SFAS No. 123, net income and earnings per share would have been changed to the pro forma amounts as follows (in thousands except per share amounts):

	Three months ended March 31,	
	2005	2004
<b>Net Income (Loss):</b>		
Net income as reported	\$ 2,965	\$ 244
Pro forma compensation expense, net of tax	(437)	(252)
Pro forma net income (loss)	\$ 2,528	\$ (8)
<b>Net Income (Loss) Per Share:</b>		
Basic, as reported	\$ 0.08	\$ 0.01
Basic, pro forma	\$ 0.06	\$ (0.00)
Diluted, as reported	\$ 0.08	\$ 0.01
Diluted, pro forma	\$ 0.06	\$ (0.00)

The Company has not issued any stock options since January 1, 2004. For options issued before this date, the Company used the Black-Scholes option-pricing model to estimate the fair value of each option on the date of grant using various assumptions.

On February 1, 2005, the Compensation Committee of the Board of Directors approved accelerating the vesting of most out-of-the-money, unvested stock options held by current employees, including executive officers and certain employee directors. An option was considered out-of-the-money if the stated option exercise price was greater than the closing price, \$7.23, of the Company's common stock on the day the Compensation Committee approved the acceleration. The accelerated vesting was effective as of February 1, 2005; however, holders of incentive stock options (within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended) to purchase 59,000 shares of common stock and holders of certain stock options issued to certain foreign employees, have the opportunity to decline the accelerated vesting in order to prevent changing the status of the incentive stock option for federal income tax purposes to a non-qualified stock option or the restriction of the availability of favorable tax treatment under applicable foreign law. There was no additional compensation expense recognized in 2005, or in the amounts in the pro forma stock-based compensation table presented within this note, as a result of accelerating the vesting of the stock options on February 1, 2005.

**Sykes Enterprises, Incorporated and Subsidiaries**  
**Notes to Condensed Consolidated Financial Statements**  
**Three months ended March 31, 2005 and 2004**  
(Unaudited)

**Note 1 — Basis of Presentation and Summary of Significant Accounting Policies — (continued)****Stock-Based Compensation (continued)**

The following table summarizes the options subject to acceleration:

	<u>Aggregate Number of Shares Issuable Under Accelerated Options</u>	<u>Weighted Average Exercise Price Per Share</u>
<b>Certain Directors &amp; Executive Officers:</b>		
Gordon H. Loetz (former employee director)	8,300	\$ 9.200
Jenna R. Nelson	16,500	\$ 8.640
William N. Rocktoff	29,500	\$ 9.050
Charles E. Sykes (employee director)	<u>11,000</u>	<u>\$ 9.090</u>
<b>Total Certain Directors &amp; Executive Officers</b>	65,300	\$ 8.972
<b>Total Non-officer Employees</b>	<u>101,550</u>	<u>\$ 9.907</u>
<b>Total</b>	<u><u>166,850</u></u>	<u><u>\$ 9.541</u></u>

The decision to accelerate vesting of these options and eliminate future compensation expense was based on a review of the Company's long-term incentive programs in light of current market conditions and changing accounting rules regarding stock option expensing that the Company must follow beginning January 1, 2006. This accounting rule, entitled "*Statement of Financial Accounting Standards No. 123 (Revised 2004), Share-Based Payment*" ("SFAS No. 123R"), will require that compensation cost related to share-based payment transactions, including stock options, be recognized in the financial statements. Excluding holders of incentive stock options or the referenced foreign stock options that elected to decline the accelerated vesting, it is estimated that the maximum future compensation expense that would have been charged to earnings, absent the acceleration of these options, based on the Company's implementation date for SFAS No. 123R as of January 1, 2006, was less than \$0.1 million.

**Property and Equipment** — The carrying value of property and equipment to be held and used is evaluated for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable in accordance with SFAS No. 144, "*Accounting for the Impairment or Disposal of Long-Lived Assets*". An asset is considered to be impaired when the sum of the undiscounted future net cash flows expected to result from the use of the asset and its eventual disposition does not exceed its carrying amount. The amount of the impairment loss, if any, is measured as the amount by which the carrying amount of the asset exceeds its estimated fair value, which is generally determined based on appraisals or sales prices of comparable assets. Occasionally, the Company redeploys property and equipment from under-utilized centers to other locations to improve capacity utilization if it is determined that the related undiscounted future cash flows in the under-utilized centers would not be sufficient to recover the carrying amount of these assets.

The Company has closed several customer contact management centers, which are held for sale, and expects it may close additional centers in the future as a result of the client migration of call volumes from the U.S. to the Company's offshore operations, including Latin America and the Asia Pacific Rim, and the overall reduction in customer call volumes in the United States and Europe. As of March 31, 2005, the Company determined that its property and equipment, including those at the closed customer contact management centers, were not impaired. Certain assets of these closed centers, with a carrying value of \$6.4 million as of March 31, 2005, are included in "Assets held for sale" in the accompanying Condensed Consolidated Balance Sheet. The carrying value of these assets is offset by the related deferred grants of \$4.4 million as of March 31, 2005 and included in "Deferred grants

**Sykes Enterprises, Incorporated and Subsidiaries**  
**Notes to Condensed Consolidated Financial Statements**  
**Three months ended March 31, 2005 and 2004**  
(Unaudited)

**Note 1 — Basis of Presentation and Summary of Significant Accounting Policies — (continued)****Property and Equipment (continued)**

related to assets held for sale” in the accompanying Condensed Consolidated Balance Sheet. Upon reclassification as held for sale, the Company discontinued depreciating these assets and amortizing the related deferred grants. Property and equipment is classified as held for sale in the period in which management commits to a plan to sell the asset, the asset is available for immediate sale in its present condition, an active program to locate a buyer and other actions required to complete the plan to sell the asset have been initiated, the asset is being actively marketed for sale at a price that is reasonable in relation to its current fair value, it is probable that the asset will be sold in a reasonable period of time, and it is unlikely that significant changes to the plan to sell the asset will be made or that the plan will be withdrawn.

In April 2005, the Company leased the land, building and its contents related to its Palatka, Florida facility to an unrelated third party effective May 1, 2005 for a period of 5 years cancelable by the lessee at the end of the third or fourth years at varying penalties not exceeding one year’s rent. As a result, the net carrying value of \$3.3 million of land, building and equipment related to this site was reclassified from “Assets held for sale” to “Property and Equipment” as of March 31, 2005. The net carrying value of \$3.3 million is offset by a related deferred grant in the amount of \$2.3 million as of March 31, 2005.

The Company has also leased properties in Manhattan, Kansas and Pikeville, Kentucky. The leases are for a period of one to five years and may or may not be cancelable by the lessee at the end of each year for varying penalties not exceeding one year’s rent. As of March 31, 2005, the leased properties in Manhattan, Pikeville and Palatka consist of the following (in thousands):

	<u>Amount</u>
Building and improvements, net of deferred grants of \$5.6 million	\$ 423
Equipment, furniture and fixtures	7,429
	7,852
Less accumulated depreciation	(6,311)
	\$ 1,541

Future minimum rental payments, including penalties for failure to renew, to be received on non-cancelable operating leases are contractually due as follows as of March 31, 2005 (in thousands):

	<u>Amount</u>
2005	\$ 1,577
2006	656
2007	620
2008	639
2009	658

**Sykes Enterprises, Incorporated and Subsidiaries**  
**Notes to Condensed Consolidated Financial Statements**  
**Three months ended March 31, 2005 and 2004**  
(Unaudited)

**Note 1 — Basis of Presentation and Summary of Significant Accounting Policies — (continued)**

**Property and Equipment** (continued)

On April 1, 2005, the Company sold the land and building related to its Greeley, Colorado facility for \$2.3 million cash, resulting in an estimated net gain of \$1.6 million. The net book value of the facilities of \$1.4 million was offset by the related deferred grants of \$0.7 million. The estimated net gain on the sale of the Greeley facility of \$1.6 million will be recorded in the second quarter of 2005.

**Foreign Currency Translation** — The assets and liabilities of the Company's foreign subsidiaries, whose functional currency is other than the U.S. Dollar, are translated at the exchange rates in effect on the reporting date, and income and expenses are translated at the weighted average exchange rate during the period. The net effect of translation gains and losses is not included in determining net income, but is included in accumulated other comprehensive income (loss), which is reflected as a separate component of shareholders' equity until the sale or until the complete or substantially complete liquidation of the net investment in the foreign subsidiary. Foreign currency transactional gains and losses are included in determining net income. Such gains and losses are included in other income (expense) in the accompanying Condensed Consolidated Statements of Operations.

**Foreign Currency and Derivative Instruments** — Periodically, the Company enters into foreign currency forward exchange contracts with financial institutions to protect against currency exchange risks associated with existing assets and liabilities denominated in a foreign currency. These contracts require the Company to exchange currencies in the future at rates agreed upon at the contract's inception. The forward exchange contracts entered into by the Company have been primarily related to the Euro. A foreign currency forward exchange contract acts as an economic hedge as the gains and losses on these contracts typically offset or partially offset gains and losses on the assets, liabilities, and transactions being hedged. The Company does not designate its foreign exchange forward contracts as accounting hedges and does not hold or issue financial instruments for speculative or trading purposes. Foreign exchange forward contracts are accounted for on a mark-to-market basis, with unrealized gains or losses recognized as a component of income in the current period. There were no unrealized or realized gains or losses related to foreign exchange forward contracts for the three months ended March 31, 2005 and 2004.

**Recent Accounting Pronouncements** — In December 2004, the Financial Accounting Standards Board ("FASB") issued SFAS No. 123R, which requires, among other things, that all share-based payments to employees, including grants of stock options, be measured at their grant-date fair value and expensed in the consolidated financial statements. The accounting provisions of SFAS No. 123R are effective for fiscal years beginning after June 15, 2005; therefore the Company is required to adopt SFAS No 123R as of January 1, 2006. The pro forma disclosures previously permitted under SFAS No. 123 will no longer be an alternative to financial statement recognition. See "Stock-Based Compensation" in Note 1 to the Condensed Consolidated Financial Statements for the pro forma net income (loss) and net income (loss) per share amounts for the three months ended March 31, 2005 and 2004, as if the fair-value-based method had been used, similar to the methods required under SFAS No. 123R to measure compensation expense for employee stock awards. Management has not yet determined whether the adoption of SFAS No. 123R will result in amounts that are materially different from those currently provided under the pro forma disclosures under SFAS No. 123 in Note 1 to the Condensed Consolidated Financial Statements. The adoption of SFAS No. 123R is not expected to have a material effect on the financial condition, results of operations, or cash flows of the Company.

In June 2004, the Emerging Issues Task Force ("EITF") reached a consensus on Issue No. 02-14, "*Whether an Investor Should Apply the Equity Method of Accounting to Investments Other Than Common Stock.*" EITF No. 02-14 addresses whether the equity method of accounting should be applied to investments when an investor does not have an investment in voting common stock of an investee but exercises significant influence through other means. EITF No. 02-14 states that an investor should only apply the equity method of accounting when it has investments in either common stock or in-substance common stock of a corporation, provided that the investor has the ability to exercise significant influence over the operating and financial policies of the investee. The Company adopted EITF

**Sykes Enterprises, Incorporated and Subsidiaries**  
**Notes to Condensed Consolidated Financial Statements**  
**Three months ended March 31, 2005 and 2004**  
(Unaudited)

**Note 1 — Basis of Presentation and Summary of Significant Accounting Policies — (continued)**

**Recent Accounting Pronouncements (continued)**

No. 02-14 on January 1, 2005. The impact of this adoption did not have a material effect on the financial condition, results of operations or cash flows of the Company.

In March 2004, the EITF reached a consensus on Issue No. 03-1, “*The Meaning of Other-Than-Temporary Impairment and Its Application to Certain Investments*.” EITF 03-1 provides guidance on other-than-temporary impairment evaluations for securities accounted for under SFAS No. 115, “*Accounting for Certain Investments in Debt and Equity Securities*,” and SFAS No. 124, “*Accounting for Certain Investments Held by Not-for-Profit Organizations*,” and non-marketable equity securities accounted for under the cost method. The EITF developed a basic three-step test to evaluate whether an investment is other-than-temporarily impaired. In September 2004, the FASB delayed the effective date of the recognition and measurement provisions of EITF No. 03-1. However, the disclosure provisions remain effective for fiscal years ending after June 15, 2004. The adoption of the recognition and measurement provisions of EITF No. 03-1 is not expected to have a material impact on the financial condition, results of operations or cash flows of the Company.

In December 2004, the FASB issued FASB Staff Position No. FAS 109-1 (“FAS No. 109-1”), “Application of FASB Statement No. 109, “*Accounting for Income Taxes*,” to the Tax Deduction on Qualified Production Activities Provided by the American Jobs Creation Act of 2004.” The Act introduces a special 9% tax deduction on qualified production activities. FAS No. 109-1 clarifies that this tax deduction should be accounted for as a special tax deduction in accordance with SFAS No. 109. The adoption of these new tax provisions is not expected to have a material impact on the financial condition, results of operations or cash flows of the Company.

In December 2004, the FASB issued FASB Staff Position No. FAS 109-2 (“FAS No. 109-2”), “*Accounting and Disclosure Guidance for the Foreign Earnings Repatriation Provision within the American Jobs Creations Act of 2004*.” The Act introduces a limited time 85% dividends received deduction on the repatriation of certain foreign earnings to a U.S. taxpayer (repatriation provision), provided certain criteria are met. FAS No. 109-2 provides accounting and disclosure guidance for the repatriation provision. Although FAS No. 109-2 was effective immediately, management does not expect to be able to complete the evaluation of the repatriation provision until after Congress or the Treasury Department provides additional clarifying language on key elements of the provision. In January 2005, the Treasury Department began to issue the first of a series of clarifying guidance documents related to this provision. The range of possible amounts that we are considering for repatriation under this provision is between zero and \$50.0 million. The related range of income tax effects of such repatriation cannot reasonably be estimated. Management expects to complete an evaluation of the effects of the repatriation provision by the end of 2005.

**Reclassifications** — Certain amounts from prior years have been reclassified to conform to the current year’s presentation.

**Note 2 — Restatement**

On November 11, 2005, the Company determined that certain deferred revenues should be classified as current liabilities rather than long-term liabilities in the Company’s Condensed Consolidated Financial Statements. The deferred revenues relate to various contracts in the Company’s Canadian roadside assistance program for which the Company is prepaid for roadside assistance services that are generally carried out over a twelve-month or longer period. Accordingly, previously issued financial statements as presented herein have been restated to correct the classification of deferred revenue and the related deferred income taxes.

**Sykes Enterprises, Incorporated and Subsidiaries**

**Note 3 — Acquisitions and Dispositions**

On March 1, 2005, the Company purchased the shares of Kelly, Luttmer & Associates Limited (“KLA”) located in Calgary, Alberta, Canada, which included net assets of approximately \$0.2 million. KLA specializes in organizational health, employee assistance, occupational health, and disability management services. The Company acquired these operations in an effort to broaden its operations in the healthcare sector. Total cash consideration paid was approximately \$3.2 million based on foreign currency rates in effect at the date of the acquisition. Based on a third-party valuation, the purchase price resulted in a purchase price allocation to net assets of \$0.2 million, to purchased intangible assets of \$2.4 million (primarily customer relationships) and to goodwill of \$0.6 million. The purchased intangible assets (other than goodwill) are amortized over a range of two to twelve years.

**Sykes Enterprises, Incorporated and Subsidiaries**  
**Notes to Condensed Consolidated Financial Statements**  
**Three months ended March 31, 2005 and 2004**  
(Unaudited)

**Note 3 — Acquisitions and Dispositions** — (continued)

The following table presents the purchased intangible assets at March 31, 2005 (in thousands):

	<b>Gross Carrying Amount</b>	<b>Accumulated Amortization</b>	<b>Net Carrying Amount</b>
Contractual agreements	\$2,340	\$35	\$2,305

Estimated future amortization expense for the five succeeding years is as follows (in thousands):

<b>Year Ending December 31,</b>	<b>Amount</b>
2005 (remaining nine months)	\$ 318
2006	\$ 424
2007	\$ 245
2008	\$ 154
2009	\$ 143

Pro-forma results of operations, in respect to this acquisition have not been presented because the effect of this acquisition was not material.

**Note 4 — Accumulated Other Comprehensive Income (Loss)**

The Company presents data in the Condensed Consolidated Statements of Changes in Shareholders' Equity in accordance with SFAS No. 130, "Reporting Comprehensive Income." SFAS No. 130 establishes rules for the reporting of comprehensive income and its components.

The components of other accumulated comprehensive income (loss) include foreign currency translation adjustments as follows (in thousands):

Balance at January 1, 2004	\$ (208)
Foreign currency translation adjustment	5,713
Less: foreign currency translation gain included in net income (no tax effect)	(634)
Balance at December 31, 2004	4,871
Foreign currency translation adjustment	(2,753)
Plus: foreign currency translation loss included in net income (no tax effect)	234
<b>Balance at March 31, 2005</b>	<b>\$ 2,352</b>

Earnings associated with the Company's investments in its international subsidiaries are considered to be permanently invested and no provision for United States federal and state income taxes on those earnings or translation adjustments has been provided.

**Sykes Enterprises, Incorporated and Subsidiaries**  
**Notes to Condensed Consolidated Financial Statements**  
**Three months ended March 31, 2005 and 2004**  
(Unaudited)

**Note 5 — Termination Costs Associated with Exit Activities**

On January 19, 2005, the Company announced to its workforce that, as part of its continued efforts to optimize assets and improve operating performance, it would migrate the call volumes of the customer contact management services and related operations from its Bangalore, India facility, a component of the Company's Americas segment, to other more strategically-aligned offshore facilities in the Asia Pacific region. The Company's Bangalore facility generated approximately \$0.9 million in revenue in the first quarter of 2005. The Company expects to complete the plan of migration, including the redeployment of site infrastructure and the recruiting, training and ramping-up of agents associated with the migration of Bangalore call volumes to other offshore facilities, by the early part of the second quarter of 2005. In connection with this migration, the Company terminated 413 employees and accrued over their remaining service period, an estimated liability for termination costs of \$0.2 million based on the fair value as of the termination date, in accordance SFAS No. 146, "Accounting for Costs associated with Exit or Disposal Activities." These termination costs are included in "Direct salaries and related costs" in the accompanying Condensed Consolidated Statement of Operations for the three months ended March 31, 2005. Cash payments related to these termination costs totaled \$0.1 million during the first quarter of 2005.

In addition, the Company expects to redeploy property and equipment located in India totaling approximately \$1.9 million to other more strategically-aligned offshore facilities in the Asia Pacific region. As a result, the Company recorded an asset impairment charge of \$0.7 million for certain property and equipment in India as of December 31, 2004.

**Note 6 — Restructuring and Other Charges****2002 Charges**

In October 2002, the Company approved a restructuring plan to close and consolidate two U.S. and three European customer contact management centers, to reduce capacity within the European fulfillment operations and to write-off certain specialized e-commerce assets primarily in response to the October 2002 notification of the contractual expiration of two technology client programs in March 2003 with approximate annual revenues of \$25.0 million. The restructuring plan was designed to reduce costs and bring the Company's infrastructure in-line with the current business environment. Related to these actions, the Company recorded restructuring and other charges in the fourth quarter of 2002 of \$20.8 million primarily for the write-off of certain assets, lease termination and severance costs. In connection with the 2002 restructuring, the Company reduced the number of employees by 470 during 2002 and by 330 during 2003. The plan was substantially completed at the end of 2003.

In connection with the contractual expiration of the two technology client contracts previously reported, the Company also recorded additional depreciation expense of \$1.2 million in the fourth quarter of 2002 and \$1.3 million in the first quarter of 2003 primarily related to a specialized technology platform which is no longer utilized upon the expiration of the contracts in March 2003.

The following tables summarize the 2002 plan accrued liability for restructuring and other charges and related activity in 2005 and 2004 (in thousands):

	<b>Balance at January 1, 2005</b>	<b>Cash Outlays</b>	<b>Other Non-Cash Changes <sup>(2)</sup></b>	<b>Balance at March 31, 2005 <sup>(1)</sup></b>
<b>Three Months ended March 31, 2005:</b>				
Severance and related costs	\$106	\$ —	\$ (31)	\$ 75
Other restructuring costs	285	(75)	(169)	41
Total	<u>\$391</u>	<u>\$(75)</u>	<u>\$(200)</u>	<u>\$116</u>

**Sykes Enterprises, Incorporated and Subsidiaries**  
**Notes to Condensed Consolidated Financial Statements**  
**Three months ended March 31, 2005 and 2004**  
(Unaudited)

**Note 6 — Restructuring and Other Charges — (continued)****2002 Charges** (continued)

	Balance at January 1, 2004	Cash Outlays	Other Non-Cash Changes	Balance at March 31, 2004
<b>Three Months ended March 31, 2004 :</b>				
Severance and related costs	\$106	\$ —	\$—	\$106
Lease termination costs	342	(99)	—	243
Other restructuring costs	545	(120)	—	425
Total	\$993	\$(219)	\$—	\$774

(1) Included in “Other accrued expenses and current liabilities” in the accompanying Condensed Consolidated Balance Sheet, except \$0.1 million of severance and related costs which is included in “Accrued employee compensation and benefits”.

(2) During 2005, the Company reversed severance and related costs and certain other closing costs associated primarily with the closure of one of the European customer contact management centers.

**2000 Charges**

The Company recorded restructuring and other charges during the second and fourth quarters of 2000 approximating \$30.5 million. The second quarter 2000 restructuring and other charges approximating \$9.6 million resulted from the Company’s consolidation of several European and one U.S. fulfillment center and the closing or consolidation of six technical staffing offices. Included in the second quarter 2000 restructuring and other charges was a \$3.5 million lease termination payment to the founder and former Chairman of the Company related to the termination of a ten-year operating lease agreement for the use of his private jet. As a result of the second quarter 2000 restructuring, the Company reduced the number of employees by 157 during 2000 and satisfied the remaining lease obligations related to the closed facilities during 2001.

The Company also announced, after a comprehensive review of operations, its decision to exit certain non-core, lower margin businesses to reduce costs, improve operating efficiencies and focus on its core competencies of technical support, customer service and consulting solutions. As a result, the Company recorded \$20.9 million in restructuring and other charges during the fourth quarter of 2000 related to the closure of its U.S. fulfillment operations, the consolidation of its Tampa, Florida technical support center and the exit of its worldwide localization operations. Included in the fourth quarter 2000 restructuring and other charges is a \$2.4 million severance payment related to the employment contract of the Company’s former President. In connection with the fourth quarter 2000 restructuring, the Company reduced the number of employees by 245 during the first half of 2001 and satisfied a significant portion of the remaining lease obligations related to the closed facilities during 2001.

The following tables summarize the 2000 plan accrued liability for restructuring and other charges and related activity in 2005 and 2004 (in thousands):

	Balance at January 1, 2005	Cash Outlays	Other Non-Cash Changes	Balance at March 31, 2005
<b>Three Months Ended March 31, 2005:</b>				
Severance and related costs	\$87	\$(87)	\$—	\$—
<b>Three Months ended March 31, 2004:</b>				
Severance and related costs	\$588	\$(111)	\$—	\$477

**Sykes Enterprises, Incorporated and Subsidiaries**  
**Notes to Condensed Consolidated Financial Statements**  
**Three months ended March 31, 2005 and 2004**  
(Unaudited)

**Note 7 — Borrowings**

On March 15, 2004, the Company entered into a \$50.0 million revolving credit facility with a group of lenders (the “Credit Facility”), which amount is subject to certain borrowing limitations. Pursuant to the terms of the Credit Facility, the amount of \$50.0 million may be increased up to a maximum of \$100.0 million with the prior written consent of the lenders. The \$50.0 million Credit Facility includes a \$10.0 million swingline subfacility, a \$15.0 million letter of credit subfacility and a \$40.0 million multi-currency subfacility.

The Credit Facility, which includes certain financial covenants, may be used for general corporate purposes including strategic acquisitions, share repurchases, working capital support, and letters of credit, subject to certain limitations. The Credit Facility, including the multi-currency subfacility, accrues interest, at the Company’s option, at (a) the Base Rate (defined as the higher of the lender’s prime rate or the Federal Funds rate plus 0.50%) plus an applicable margin up to 0.50%, or (b) the London Interbank Offered Rate (“LIBOR”) plus an applicable margin up to 2.25%. Borrowings under the swingline subfacility accrue interest at the prime rate plus an applicable margin up to 0.50% and borrowings under the letter of credit subfacility accrue interest at the LIBOR plus an applicable margin up to 2.25%. In addition, a commitment fee of up to 0.50% is charged on the unused portion of the Credit Facility on a quarterly basis. The borrowings under the Credit Facility, which will terminate on March 14, 2007, are secured by a pledge of 65% of the stock of each of the Company’s active direct foreign subsidiaries. The Credit Facility prohibits the Company from incurring additional indebtedness, subject to certain specific exclusions. There were no outstanding balances with \$50.0 million availability on the Credit Facility as of March 31, 2005.

**Note 8 — Income Taxes**

The Company’s effective tax rate was 31.6% and 25.6% for the three months ended March 31, 2005 and 2004, respectively. The Company’s effective tax rate differs from the statutory federal income tax rate of 35.0% primarily due to the effects of requisite valuation allowances, permanent differences, foreign withholding and other taxes, state income taxes, and foreign income tax rate differentials (including tax holiday jurisdictions).

On October 22, 2004 the President signed the American Jobs Creation Act of 2004 (the “Act”). The Act creates a temporary incentive for U.S. corporations to repatriate accumulated income earned abroad by providing an 85 percent dividends received deduction for certain dividends from controlled foreign corporations. The deduction is subject to a number of limitations and, as of today, uncertainty remains as to how to interpret numerous provisions in the Act. As such, management is not yet in a position to decide on whether, and to what extent, it might repatriate foreign earnings that have not yet been remitted to the U.S. Based on the analysis to date, however, it is reasonably possible that the Company may repatriate some amount up to \$50.0 million. The related range of income tax effects of such repatriation cannot reasonably be estimated. Management expects to be in a position to finalize its assessment by December 31, 2005.

Earnings associated with the Company’s investments in its foreign subsidiaries are considered to be permanently invested and United States income taxes have not been provided for on those earnings or translation adjustments. Determination of any unrecognized deferred tax liability for temporary differences related to investments in foreign subsidiaries that are essentially permanent in nature is not practicable.

The Company is currently under examination in the U.S. by several states for sales and use taxes and franchise taxes for periods covering 1999 through 2003. The U.S. Internal Revenue Service has completed audits of the Company’s U.S. tax returns through July 31, 1999 and is currently auditing the tax year ended July 31, 2002. Certain German subsidiaries of the Company are under examination by the German tax authorities for periods covering 1997 through 2000. Additionally, certain Canadian subsidiaries are under examination by Canadian tax authorities for the periods covering 1993 through 2003. Additionally, a Hungarian subsidiary has been informed that a tax audit will commence shortly. In the opinion of management, any liability that may arise from the prior periods as a result of these examinations is not expected to have a material effect on the Company’s financial condition, results of operations or cash flows. The Company has an accrued contingent liability of \$3.0 million at March 31, 2005, a net increase of \$0.1 million from December 31, 2004.

**Sykes Enterprises, Incorporated and Subsidiaries**  
**Notes to Condensed Consolidated Financial Statements**  
**Three months ended March 31, 2005 and 2004**  
(Unaudited)

**Note 9 — Earnings Per Share**

Basic earnings per share are based on the weighted average number of common shares outstanding during the periods. Diluted earnings per share includes the weighted average number of common shares outstanding during the respective periods and the further dilutive effect, if any, from stock options using the treasury stock method. Options to purchase 2.2 million shares of common stock at various prices for the three months ended March 31, 2005, and 2.5 million shares of common stock for the three months ended March 31, 2004, were antidilutive and were excluded from the calculation of diluted earnings per share.

The numbers of shares used in the earnings per share computations are as follows (in thousands):

	<b>Three months ended</b>	
	<b>March 31,</b>	
	<b>2005</b>	<b>2004</b>
Basic:		
Weighted average common shares outstanding	39,195	40,216
Diluted:		
Dilutive effect of stock options	144	172
Total weighted average diluted shares outstanding	39,339	40,388

On August 5, 2002, the Company’s Board of Directors authorized the Company to purchase up to three million shares of its outstanding common stock. A total of 1.6 million shares have been repurchased under this program since inception. The shares are purchased, from time to time, through open market purchases or in negotiated private transactions, and the purchases are based on factors, including but not limited to, the stock price and general market conditions. During the three months ended March 31, 2005, the Company made no purchases under the 2002 repurchase program.

**Note 10 — Segment Reporting and Major Clients**

The Company operates within two regions, the “Americas” and “EMEA” which represented 61.3% and 38.7%, respectively, of the Company’s consolidated revenues for the three months ended March 31, 2005 and 62.2% and 37.8%, respectively, of the Company’s consolidated revenues for the comparable 2004 period. Each region represents a reportable segment comprised of aggregated regional operating segments, which portray similar economic characteristics. The reportable segments consist of (1) the Americas, which includes the United States, Canada, Latin America, India and the Asia Pacific Rim, and provides outsourced customer contact management solutions (with an emphasis on technical support and customer service) and technical staffing and (2) EMEA, which includes Europe, the Middle East and Africa, and provides outsourced customer contact management solutions (with an emphasis on technical support and customer service) and fulfillment services. The sites within Latin America, India and the Asia Pacific Rim are included in the Americas region given the nature of the business and client profile, which is primarily made up of U.S. based companies that are using the Company’s services in these locations to support their customer contact management needs.

**Sykes Enterprises, Incorporated and Subsidiaries**

Provision for income taxes			(84)	(84)
Net income				<u>\$ 244</u>

(1) Other items (including corporate costs, other income and expense, and income taxes) are shown for purposes of reconciling to the Company's consolidated totals as shown in the table above for the three months ended March 31, 2005 and 2004. The accounting policies of the reportable segments are the same as those described in Note 1 to the consolidated financial statements in the Annual Report on Form 10-K/A for the year ended December 31, 2004. Inter-segment revenues are not material to the Americas and EMEA segment results. The Company evaluates the performance of its geographic segments based on revenue and income (loss) from operations, and does not include segment assets or other income and expense items for management reporting purposes.

The Americas' revenues included \$7.4 million and \$14.8 million, or 6.1% and 12.2%, respectively, of consolidated revenues for the three months ended March 31, 2005 and March 31, 2004, from a leading systems integrator that represents a major provider of communication services to whom the Company provides various outsourced customer contact management services.

**Note 11 — Post-Retirement Defined Contribution Healthcare Plan**

On January 1, 2005, the Company established a Post-Retirement Defined Contribution Healthcare Plan (the "Plan") for eligible employees meeting certain service and age requirements. The Plan is fully funded by the participants and accordingly, the Company does not recognize expense relating to the Plan.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Board of Directors and Shareholders  
Sykes Enterprises, Incorporated  
Tampa, Florida

We have reviewed the accompanying condensed consolidated balance sheet of Sykes Enterprises, Incorporated and subsidiaries (the “Company”) as of March 31, 2005, and the related condensed consolidated statements of operations for the three-month periods ended March 31, 2005 and 2004, of changes in shareholders’ equity for the three-month periods ended March 31, 2005 and 2004 and for the nine-month period ended December 31, 2004, and cash flows for the three-month periods ended March 31, 2005 and 2004. These interim financial statements are the responsibility of the Company’s management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to such condensed consolidated interim financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of the Company as of December 31, 2004, and the related consolidated statements of operations, changes in shareholders’ equity, and cash flows for the year then ended (not presented herein); and in our report dated March 22, 2005 (December 19, 2005 as to the effects of restatement discussed on Note 2), we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying condensed consolidated balance sheet as of December 31, 2004 is fairly stated, in all material respects, in relation to the consolidated balance sheet (as restated) from which it has been derived.

As discussed in Note 2, the accompanying condensed consolidated financial statements for the quarter ended March 31, 2005 have been restated.

/s/ Deloitte & Touche LLP  
Certified Public Accountants

Tampa, Florida  
May 9, 2005 (December 19, 2005 as to the effects of the restatement discussed in Note 2)

**Sykes Enterprises, Incorporated and Subsidiaries  
Management's Discussion and Analysis of Financial Condition  
and Results of Operations**

**Item 2 — Management's Discussion and Analysis of Financial Condition and Results of Operations.**

*This discussion should be read in conjunction with the condensed consolidated financial statements, as restated, and notes included elsewhere in this report and the consolidated financial statements and notes in the Sykes Enterprises, Incorporated ("Sykes," "our", "we" or "us") Annual Report on Form 10-K/A, as restated, for the year ended December 31, 2004 filed with the Securities and Exchange Commission ("SEC"). As discussed in the explanatory statement at the front of this report, and also in Note 2 to the condensed consolidated financial statements included herein, we have restated the consolidated balance sheets as of March 31, 2005 and December 31, 2004.*

*Our discussion and analysis may contain forward-looking statements (within the meaning of the Private Securities Litigation Reform Act of 1995) that are based on current expectations, estimates, forecasts, and projections about Sykes, our beliefs, and assumptions made by us. In addition, we may make other written or oral statements, which constitute forward-looking statements, from time to time. Words such as "believe," "estimate," "project," "expect," "intend," "may," "anticipate," "plan," "seek," variations of such words, and similar expressions are intended to identify such forward-looking statements. Similarly, statements that describe our future plans, objectives, or goals also are forward-looking statements. These statements are not guarantees of future performance and are subject to a number of risks and uncertainties, including those discussed below and elsewhere in this report. Our actual results may differ materially from what is expressed or forecasted in such forward-looking statements, and undue reliance should not be placed on such statements. All forward-looking statements are made as of the date hereof, and we undertake no obligation to update any such forward-looking statements, whether as a result of new information, future events or otherwise.*

*Factors that could cause actual results to differ materially from what is expressed or forecasted in such forward-looking statements include, but are not limited to: (i) the timing of significant orders for our products and services, (ii) variations in the terms and the elements of services offered under our standardized contract including those for future bundled service offerings, (iii) changes in applicable accounting principles or interpretations of such principles, (iv) difficulties or delays in implementing our bundled service offerings, (v) failure to achieve sales, marketing and other objectives, (vi) construction delays or higher than anticipated development costs in connection with new technical and customer contact management centers, (vii) delays in our ability to develop new products and services and market acceptance of new products and services, (viii) rapid technological change, (ix) loss, addition or fluctuation in business levels with significant clients, (x) political, economic and market risks inherent in conducting business abroad, (xi) currency fluctuations, (xii) fluctuations in business conditions and the economy, (xiii) our ability to attract and retain key management personnel, (xiv) our ability to continue the growth of our support service revenues through additional technical and customer contact management centers, (xv) our ability to further penetrate into vertically integrated markets, (xvi) our ability to expand our global presence through internal growth, strategic alliances and selective acquisitions, (xvii) our ability to continue to establish a competitive advantage through sophisticated technological capabilities, (xviii) the ultimate outcome of any lawsuits, (xix) our ability to recognize deferred revenue through delivery of products or satisfactory performance of services, (xx) our dependence on trend toward outsourcing, (xxi) risk of interruption of technical and customer contact management center operations due to such factors as fire and other disasters, power failures, telecommunication failures, unauthorized intrusions, computer viruses and other emergencies, (xxii) the existence of substantial competition, (xxiii) the early termination of contracts by clients, and (xxiv) other important factors which are identified in our most recent Annual Report on Form 10-K/A, including factors identified under the headings "Business" and "Management's Discussion and Analysis of Financial Condition and Results of Operations."*

**Sykes Enterprises, Incorporated and Subsidiaries  
Management's Discussion and Analysis of Financial Condition  
and Results of Operations**

**Results of Operations**

The following table sets forth, for the periods indicated, certain data derived from our Condensed Consolidated Statements of Operations and certain of such data expressed as a percentage of revenues (in thousands, except percentage amounts):

	Three months ended March 31,	
	2005	2004
Revenues	\$121,372	\$121,043
Percentage of revenues	100.0%	100.0%
Direct salaries and related costs	\$ 77,429	\$ 83,389
Percentage of revenues	63.8%	68.9%
General and administrative	\$ 39,890	\$ 41,276
Percentage of revenues	32.9%	34.1%
Net (gain) on disposal of property and equipment	\$ (69)	\$ (2,741)
Percentage of revenues	(0.1)%	(2.3)%
Reversal of restructuring and other charges	\$ (258)	\$ —
Percentage of revenues	(0.2)%	—%
Income (loss) from operations	\$ 4,380	\$ (881)
Percentage of revenues	3.6%	(0.7)%

The following table summarizes our revenues, for the periods indicated, by geographic region (in thousands):

	Three months ended March 31,	
	2005	2004
Revenues:		
Americas	\$ 74,364	\$ 75,261
EMEA	47,008	45,782
Consolidated	<u>\$121,372</u>	<u>\$121,043</u>

**Three Months Ended March 31, 2005 Compared to Three Months Ended March 31, 2004**

**Revenues**

For the three months ended March 31, 2005, we recognized consolidated revenues of \$121.4 million, an increase of \$0.3 million, or 0.3%, from \$121.1 million of consolidated revenues for the comparable 2004 period.

On a geographic segmentation, revenues from the Americas region, including the United States, Canada, Latin America, India and the Asia Pacific Rim, represented 61.3%, or \$74.4 million, for the three months ended March 31, 2005, compared to 62.2%, or \$75.3 million, for the comparable 2004 period. Revenues from the EMEA region, including Europe, the Middle East and Africa, represented 38.7%, or \$47.0 million, for the three months ended March 31, 2005, compared to 37.8%, or \$45.8 million, for the comparable 2004 period. The decrease in the Americas' revenue of \$0.9 million, or 1.2%, for the three months ended March 31, 2005, compared to the same period in 2004, reflected the client-driven migration of call volumes from the United States to comparable or higher margin offshore operations, including Latin America and the Asia Pacific Rim, and the resulting mix-shift in revenues from the United States to offshore (each offshore seat generates roughly half the revenue dollar equivalence of a U.S. seat). In addition to the revenue mix-shift, the revenue decline reflected an overall reduction in U.S. customer call volumes primarily attributable to the decision by certain communications and technology clients

**Sykes Enterprises, Incorporated and Subsidiaries  
Management's Discussion and Analysis of Financial Condition  
and Results of Operations**

to exit dial-up Internet service customer support programs in early 2004. This decrease was partially offset by an increase in revenues from our offshore operations, which represented 30.0% of consolidated revenues on 9,900 seats for the three months ended March 31, 2005, compared to 23.6% on 9,600 seats for the comparable 2004 period. We expect this trend of generating more of our revenues from offshore operations to continue in 2005. We anticipate that as our offshore operations grow and become a larger percentage of revenues, the total revenue and revenue growth rate may decline since each offshore seat generates less average revenue per seat than in the United States. While the average offshore revenue per seat is less, the operating margins generated offshore are generally comparable or higher than those in the United States. However, our ability to maintain these offshore operating margins longer term is difficult to predict due to potential increased competition for the available workforce in offshore markets.

EMEA revenues increased \$1.2 million, or 2.6%, for the three months ended March 31, 2005, compared to the same period in 2004. Similar to recent quarters, EMEA revenues for the first quarter of 2005 experienced a \$2.1 million benefit from the stronger Euro compared to the same period in 2004. Excluding this foreign currency benefit, EMEA revenues would have decreased \$0.9 million compared with last year reflecting a decrease in call volumes. The persistent economic sluggishness in our key European markets continues to present a challenging environment characterized by competitive pricing and offshore alternatives.

**Direct Salaries and Related Costs**

Direct salaries and related costs decreased \$6.0 million, or 7.2%, to \$77.4 million for the three months ended March 31, 2005, from \$83.4 million in the comparable 2004 period. As a percentage of revenues, direct salaries and related costs decreased to 63.8% for the three months ended March 31, 2005, from 68.9% for the comparable 2004 period. This decrease was primarily attributable to lower salary costs due to an overall reduction in U.S. customer call volumes and lower labor costs in offshore operations partially offset by higher telephone costs related to transporting calls offshore. Although the strengthening Euro positively impacted revenues, it negatively impacted direct salaries and related costs for the three months ended March 31, 2005 by approximately \$1.4 million compared to the same period in 2004.

**General and Administrative**

General and administrative expenses decreased \$1.4 million, or 3.4%, to \$39.9 million for the three months ended March 31, 2005, from \$41.3 million in the comparable 2004 period. As a percentage of revenues, general and administrative expenses decreased to 32.9% for the three months ended March 31, 2005, from 34.1% for the comparable 2004 period. This decrease was primarily attributable to lower depreciation and lease costs partially offset by higher legal and professional fees incurred. Although the strengthening Euro positively impacted revenues, it negatively impacted general and administrative expenses for the three months ended March 31, 2005 by approximately \$0.6 million compared to the same period in 2004.

**Net (Gain) on Disposal of Property and Equipment**

The net gain on disposal of property and equipment of \$0.1 million for the three months ended March 31, 2005 compares to a \$2.7 million net gain on disposal of property and equipment for the comparable 2004 period, which includes a \$2.7 million net gain on the sale of our Klamath Falls, Oregon facility and a \$0.1 million net gain on the sale of a parcel of land at our Pikeville, Kentucky facility, offset by a \$0.1 million loss on disposal of other property and equipment.

**Reversal of Restructuring and Other Charges**

The \$0.3 million reversal of restructuring and other charges for the three months ended March 31, 2005 primarily relates to the reversal of severance and other costs in one of our European customer contacts centers. There was no reversal of restructuring and other charges for the three months ended March 31, 2004.

**Sykes Enterprises, Incorporated and Subsidiaries  
Management's Discussion and Analysis of Financial Condition  
and Results of Operations**

**Other Income (Expense)**

Other expense, net of other income, was approximately \$0.1 million for the three months ended March 31, 2005, compared to other income, net of \$1.2 million for the comparable 2004 period. The decrease of \$1.3 million was primarily attributable to a \$1.2 million decrease in foreign currency transaction gains net of losses. Other income excludes the effects of cumulative foreign currency translation effects, which is included in Accumulated Other Comprehensive Income in shareholders' equity in the accompanying Condensed Consolidated Balance Sheets.

**Provision for Income Taxes**

The provision for income taxes of \$1.4 million for the three months ended March 31, 2005 was based upon pre-tax book income of \$4.3 million, compared to the provision for income taxes of \$0.1 million for the comparable 2004 period based upon pre-tax book income of \$0.3 million. The effective tax rate was 31.6% for the three months ended March 31, 2005 and 25.6% for the comparable 2004 period. This increase in the effective tax rate primarily resulted from a shift in our mix of earnings within tax jurisdictions and the related effects of permanent differences and foreign income tax rate differentials (including tax holiday jurisdictions).

**Net Income**

As a result of the foregoing, we reported income from operations for the three months ended March 31, 2005 of \$4.4 million, an increase of \$5.3 million from the comparable 2004 period. This increase was principally attributable to an \$0.3 million increase in revenues, a \$6.0 million decrease in direct salaries and related costs, a \$1.4 million decrease in general and administrative costs and a \$0.3 million increase in the reversal of restructuring and other charges offset by a \$2.7 million decrease in net gain on disposal of property and equipment. The \$5.3 million increase in income from operations was offset by a \$1.3 million higher income tax provision and a \$1.3 million decrease in other income resulting in net income of \$3.0 million for the three months ended March 31, 2005, an increase of \$2.7 million compared to the same period in 2004.

**Liquidity and Capital Resources**

Our primary sources of liquidity are generally cash flows generated by operating activities and from available borrowings under our revolving credit facilities. We have utilized these capital resources to make capital expenditures associated primarily with our customer contact management services, invest in technology applications and tools to further develop our service offerings and for working capital and other general corporate purposes, including repurchase of our common stock in the open market and to fund possible acquisitions. In future periods, we intend similar uses of these funds.

On August 5, 2002, our Board of Directors authorized the Company to purchase up to three million shares of its outstanding common stock. A total of 1.6 million shares have been repurchased under this program since inception. The shares are purchased, from time to time, through open market purchases or in negotiated private transactions, and the purchases are based on factors, including but not limited to, the stock price and general market conditions. During the three months ended March 31, 2005, we did not repurchase common shares under the 2002 repurchase program.

During the three months ended March 31, 2005, we generated \$11.4 million in cash from operating activities while we used \$3.2 million to purchase the stock of Kelly, Luttmer & Associates Limited and \$2.2 million in funds for capital expenditures resulting in a \$4.0 million increase in available cash (including the effects of international currency exchange rates on cash of \$2.0 million).

Net cash flows provided by operating activities for the three months ended March 31, 2005 were \$11.4 million, compared to net cash flows provided by operating activities of \$0.8 million for the comparable 2004 period. The \$10.6 million increase in net cash flows from operating activities was due to an increase in net income of \$2.7

**Sykes Enterprises, Incorporated and Subsidiaries**  
**Management's Discussion and Analysis of Financial Condition**  
**and Results of Operations**

million, a net increase in non-cash reconciling items of \$3.3 million such as deferred income taxes, net gain on disposal of property and equipment, and foreign exchange gain and by a net change in assets and liabilities of \$4.6 million. This \$4.6 million net change was principally a result of a \$7.7 million decrease in receivables, other assets and other liabilities offset by a \$2.0 million decrease in deferred revenue and a \$1.1 million decrease in income taxes payable.

Capital expenditures, which are generally funded by cash generated from operating activities and borrowings available under our credit facilities, were \$2.2 million for the three months ended March 31, 2005, compared to \$10.8 million for the comparable 2004 period, a decrease of \$8.6 million, which was driven primarily by offshore expansion in the prior year. During the three months ended March 31, 2005, approximately 41% of the capital expenditures were the result of investing in expansion of existing customer contact management centers, primarily offshore, and 59% was expended primarily for maintenance and systems infrastructure. We anticipate capital expenditures in the range of \$10.0 million to \$15.0 million for the full year 2005.

An available source of future cash flows from financing activities is from borrowings under our \$50.0 million revolving credit facility (the "Credit Facility"), which amount is subject to certain borrowing limitations. Pursuant to the terms of the Credit Facility, the amount of \$50.0 million may be increased up to a maximum of \$100.0 million with the prior written consent of the lenders. The \$50.0 million Credit Facility includes a \$10.0 million swingline subfacility, a \$15.0 million letter of credit subfacility and a \$40.0 million multi-currency subfacility.

The Credit Facility, which includes certain financial covenants, may be used for general corporate purposes including strategic acquisitions, share repurchases, working capital support, and letters of credit, subject to certain limitations. The Credit Facility, including the multi-currency subfacility, accrues interest, at our option, at (a) the Base Rate (defined as the higher of the lender's prime rate or the Federal Funds rate plus 0.50%) plus an applicable margin up to 0.50%, or (b) the London Interbank Offered Rate ("LIBOR") plus an applicable margin up to 2.25%. Borrowings under the swingline subfacility accrue interest at the prime rate plus an applicable margin up to 0.50% and borrowings under the letter of credit subfacility accrue interest at the LIBOR plus an applicable margin up to 2.25%. In addition, a commitment fee of up to 0.50% is charged on the unused portion of the Credit Facility on a quarterly basis. The borrowings under the Credit Facility, which will terminate on March 14, 2007, are secured by a pledge of 65% of the stock of each of our direct foreign subsidiaries. The Credit Facility prohibits us from incurring additional indebtedness, subject to certain specific exclusions. There were no outstanding balances with \$50.0 million availability on the Credit Facility as of March 31, 2005. At March 31, 2005, we were in compliance with all loan requirements of the Credit Facility.

At March 31, 2005, we had \$97.9 million in cash, of which approximately \$83.8 million was held in international operations and may be subject to additional taxes if repatriated to the United States. On October 22, 2004 the President signed the American Jobs Creation Act of 2004 (the "Act"). The Act creates a temporary incentive for U.S. corporations to repatriate accumulated income earned abroad by providing an 85 percent dividends received deduction for certain dividends from controlled foreign corporations. The deduction is subject to a number of limitations and, as of today, uncertainty remains as to how to interpret numerous provisions in the Act. As such, we are not yet in a position to decide on whether, and to what extent, we might repatriate foreign earnings that have not yet been remitted to the United States. Based on our analysis to date, however, it is reasonably possible that we may repatriate some amount up to \$50.0 million. The related range of income tax effects of such repatriation cannot reasonably be estimated. We expect to be in a position to finalize our assessment by December 31, 2005.

We believe that our current cash levels, accessible funds under our credit facilities and cash flows from future operations will be adequate to meet anticipated working capital needs, future debt repayment requirements (if any), continued expansion objectives, anticipated levels of capital expenditures for the foreseeable future and stock repurchases.

**Sykes Enterprises, Incorporated and Subsidiaries  
Management's Discussion and Analysis of Financial Condition  
and Results of Operations**

**Off-Balance Sheet Arrangements and Other**

At March 31, 2005, we did not have any material commercial commitments, including guarantees or standby repurchase obligations, or any relationships with unconsolidated entities or financial partnerships, including entities often referred to as structured finance or special purpose entities or variable interest entities, which would have been established for the purpose of facilitating off-balance sheet arrangements or other contractually narrow or limited purposes.

From time to time, during the normal course of business, we may make certain indemnities, commitments and guarantees under which we may be required to make payments in relation to certain transactions. These include: (i) indemnities to vendors and service providers pertaining to claims based on our negligence or willful misconduct and (ii) indemnities involving the accuracy of representations and warranties in certain contracts. In addition, we have agreements whereby we indemnify certain officers and directors for certain events or occurrences while the officer or director is, or was, serving at our request in such capacity. The indemnification period covers all pertinent events and occurrences during the officer's or director's lifetime. The maximum potential amount of future payments we could be required to make under these indemnification agreements is unlimited; however, we have director and officer insurance coverage that limits our exposure and enables us to recover a portion of any future amounts paid. We believe the applicable insurance coverage is generally adequate to cover any estimated potential liability under these indemnification agreements. The majority of these indemnities, commitments and guarantees do not provide for any limitation of the maximum potential for future payments we could be obligated to make. We have not recorded any liability for these indemnities, commitments and other guarantees in the accompanying Condensed Consolidated Balance Sheets.

**Critical Accounting Policies and Estimates**

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States requires estimations and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. These estimates and assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. Actual results could differ from these estimates under different assumptions or conditions.

We believe the following accounting policies are the most critical since these policies require significant judgment or involve complex estimations that are important to the portrayal of our financial condition and operating results:

- We recognize revenue pursuant to applicable accounting standards, including SEC Staff Accounting Bulletin ("SAB") No. 101 (SAB 101), "*Revenue Recognition in Financial Statements*," SAB 104, "*Revenue Recognition*" and the Emerging Issues Task Force ("EITF") No. 00-21, "*Revenue Arrangements with Multiple Deliverables*." SAB 101, as amended, and SAB 104 summarize certain of the SEC staff's views in applying generally accepted accounting principles to revenue recognition in financial statements and provides guidance on revenue recognition issues in the absence of authoritative literature addressing a specific arrangement or a specific industry. EITF No. 00-21 provides further guidance on how to account for multiple element contracts.

We recognize revenue from services as the services are performed under a fully executed contractual agreement and record estimated reductions to revenue for penalties and holdbacks for failure to meet specified minimum service levels and other performance based contingencies. Royalty revenue is recognized at the time royalties are earned and the remaining revenue is recognized on fixed price contracts using the percentage-of-completion method of accounting, which relies on estimates of total expected revenue and related costs. Revisions to these estimates, which could result in adjustments to fixed price contracts and estimated losses, are recorded in the period when such adjustments or losses are known. Product sales are recognized upon shipment to the customer and satisfaction of all obligations.

We recognize revenue from licenses of our software products and rights when the agreement has been executed, the product or right has been delivered or provided, collectibility is probable and the software license fees or

**Sykes Enterprises, Incorporated and Subsidiaries  
Management's Discussion and Analysis of Financial Condition  
and Results of Operations**

rights are fixed and determinable. If any portion of the license fees or rights is subject to forfeiture, refund or other contractual contingencies, we postpone revenue recognition until these contingencies have been removed. Revenue from support and maintenance activities is recognized ratably over the term of the maintenance period and the unrecognized portion is recorded as deferred revenue.

- Certain contracts to sell our products and services contain multiple elements or non-standard terms and conditions. As a result, we evaluate each contract and a thorough contract interpretation is sometimes required to determine the appropriate accounting, including whether the deliverables specified in a multiple element arrangement should be treated as separate units of accounting for revenue recognition purposes, and if so, how the price should be allocated among the deliverable elements and the timing of revenue recognition for each element. We recognize revenue for delivered elements only when the fair values of undelivered elements are known, uncertainties regarding client acceptance are resolved, and there are no client-negotiated refund or return rights affecting the revenue recognized for delivered elements. Changes in the allocation of the sales price between deliverable elements might impact the timing of revenue recognition, but would not change the total revenue recognized on the contract.
- We recognize revenue associated with the grants of land and the cash grants for the acquisition of property, buildings and equipment for customer contact management centers over the corresponding useful lives of the related assets. Should the useful lives of these assets change for reasons such as the sale or disposal of the property, the amount of revenue recognized would be adjusted accordingly. Deferred grants totaled \$20.2 million as of March 31, 2005. Of the \$20.2 million, \$4.4 million is classified as current and the remaining \$15.8 million is classified as non-current. Income from operations includes amortization of the deferred grants of \$0.5 million for the three months ended March 31, 2005 and \$0.9 million for the three months ended March 31, 2004.
- We maintain allowances for doubtful accounts of \$4.2 million as of March 31, 2005, or 4.8% of trade receivables, for estimated losses arising from the inability of our customers to make required payments. If the financial condition of our customers were to deteriorate, resulting in a reduced ability to make payments, additional allowances may be required which would reduce income from operations.
- We maintain a valuation allowance to reduce our deferred tax assets to the amount that is more likely than not to be realized. Deferred tax assets are reduced by a valuation allowance if, based on the weight of available evidence for each respective tax jurisdiction, it is more likely than not that some portion or all of such deferred tax assets will not be realized. Available evidence which is considered in determining the amount of valuation allowance required includes, but is not limited to, our estimate of future taxable income and any applicable tax-planning strategies. At December 31, 2004, management determined that a valuation allowance of approximately \$30.4 million was necessary to reduce U.S. deferred tax assets by \$10.4 million and foreign deferred tax assets by \$20.0 million, where it was more likely than not that some portion or all of such deferred tax assets will not be realized. The recoverability of the remaining net deferred tax assets is dependent upon future profitability within each tax jurisdiction. As of March 31, 2005, based on our estimates of future taxable income and any applicable tax-planning strategies within these tax jurisdictions, we believe that it is more likely than not that all of these deferred tax assets will be realized.
- We hold a 6.5% ownership interest in SHPS, Incorporated which is accounted for at cost of approximately \$2.1 million as of March 31, 2005. We will record an impairment charge or loss if we believe the investment has experienced a decline in value that is other than temporary. Future adverse changes in market conditions or poor operating results of the underlying investment could result in losses or an inability to recover the carrying value of the investment and, therefore, might require an impairment charge in the future.
- We review long-lived assets, which had a carrying value of \$88.3 million as of March 31, 2005, including goodwill and property and equipment, for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable and at least annually for impairment testing of goodwill. An asset is considered to be impaired when the carrying amount exceeds the fair value. Upon

**Sykes Enterprises, Incorporated and Subsidiaries  
Management's Discussion and Analysis of Financial Condition  
and Results of Operations**

determination that the carrying value of the asset is impaired, we would record an impairment charge or loss to reduce the asset to its fair value. Future adverse changes in market conditions or poor operating results of the underlying investment could result in losses or an inability to recover the carrying value of the investment and, therefore, might require an impairment charge in the future.

- Self-insurance related liabilities of \$1.9 million as of March 31, 2005 include estimates for, among other things, projected settlements for known and anticipated claims for worker's compensation and employee health insurance. Key variables in determining such estimates include past claims history, number of covered employees and projected future claims. We periodically evaluate and, if necessary, adjust the estimates based on information currently available. Revisions to these estimates, which could result in adjustments to the liability and additional charges, would be recorded in the period when such adjustments or charges are known.

**Recent Accounting Pronouncements**

In December 2004, the Financial Accounting Standards Board ("FASB") issued SFAS No. 123R, "*Share-Based Payment*" ("SFAS No. 123R"), which requires, among other things, that all share-based payments to employees, including grants of stock options, be measured at their grant-date fair value and expensed in the consolidated financial statements. The accounting provisions of SFAS No. 123R are effective for fiscal years beginning after June 15, 2005; therefore, we are required to adopt SFAS No. 123R as of January 1, 2006. The pro forma disclosures previously permitted under SFAS No. 123 will no longer be an alternative to financial statement recognition. See "Stock-Based Compensation" in Note 1 to the accompanying Condensed Consolidated Financial Statements for the pro forma net income (loss) and net income (loss) per share amounts for the three months ended March 31, 2005 and 2004, as if the fair-value-based method had been used, similar to the methods required under SFAS No. 123R to measure compensation expense for employee stock awards. We have not yet determined whether the adoption of SFAS No. 123R will result in amounts that are materially different from those currently provided under the pro forma disclosures under SFAS No. 123 in Note 1 to the accompanying Condensed Consolidated Financial Statements. The adoption of SFAS No. 123R is not expected to have a material effect on our financial condition, results of operations, or cash flows.

In June 2004, the Emerging Issues Task Force ("EITF") reached a consensus on Issue No. 02-14, "*Whether an Investor Should Apply the Equity Method of Accounting to Investments Other Than Common Stock*." EITF No. 02-14 addresses whether the equity method of accounting should be applied to investments when an investor does not have an investment in voting common stock of an investee but exercises significant influence through other means. EITF No. 02-14 states that an investor should only apply the equity method of accounting when it has investments in either common stock or in-substance common stock of a corporation, provided that the investor has the ability to exercise significant influence over the operating and financial policies of the investee. We adopted EITF No. 02-14 on January 1, 2005. The impact of this adoption did not have a material effect on our financial condition, results of operations or cash flows.

In March 2004, the EITF reached a consensus on Issue No. 03-1, "*The Meaning of Other-Than-Temporary Impairment and Its Application to Certain Investments*." EITF 03-1 provides guidance on other-than-temporary impairment evaluations for securities accounted for under SFAS No. 115, "*Accounting for Certain Investments in Debt and Equity Securities*," and SFAS No. 124, "*Accounting for Certain Investments Held by Not-for-Profit Organizations*," and non-marketable equity securities accounted for under the cost method. The EITF developed a basic three-step test to evaluate whether an investment is other-than-temporarily impaired. In September 2004, the FASB delayed the effective date of the recognition and measurement provisions of EITF No. 03-1. However, the disclosure provisions remain effective for fiscal years ending after June 15, 2004. The adoption of the recognition and measurement provisions of EITF No. 03-1 is not expected to have a material impact on our financial condition, results of operations or cash flows.

In December 2004, the FASB issued FASB Staff Position No. FAS 109-1 ("FAS No. 109-1"), "Application of FASB Statement No. 109, "*Accounting for Income Taxes*," to the Tax Deduction on Qualified Production Activities Provided by the American Jobs Creation Act of 2004." The Act introduces a special 9% tax deduction on qualified

**Sykes Enterprises, Incorporated and Subsidiaries  
Management's Discussion and Analysis of Financial Condition  
and Results of Operations**

production activities. FAS No. 109-1 clarifies that this tax deduction should be accounted for as a special tax deduction in accordance with SFAS No. 109. The adoption of these new tax provisions is not expected to have a material impact on our financial condition, results of operations or cash flows.

In December 2004, the FASB issued FASB Staff Position No. FAS 109-2 ("FAS No. 109-2"), "*Accounting and Disclosure Guidance for the Foreign Earnings Repatriation Provision within the American Jobs Creations Act of 2004* ." The Act introduces a limited time 85% dividends received deduction on the repatriation of certain foreign earnings to a U.S. taxpayer (repatriation provision), provided certain criteria are met. FAS No. 109-2 provides accounting and disclosure guidance for the repatriation provision. Although FAS No. 109-2 was effective immediately, we do not expect to be able to complete the evaluation of the repatriation provision until after Congress or the Treasury Department provides additional clarifying language on key elements of the provision. In January 2005, the Treasury Department began to issue the first of a series of clarifying guidance documents related to this provision. The range of possible amounts that we are considering for repatriation under this provision is between zero and \$50.0 million. The related range of income tax effects of such repatriation cannot reasonably be estimated. We expect to complete an evaluation of the effects of the repatriation provision by the end of 2005.

**Item 3 — Quantitative and Qualitative Disclosures About Market Risk**

**Foreign Currency and Interest Rate Risk**

Our earnings and cash flows are subject to fluctuations due to changes in non-U.S. currency exchange rates. We are exposed to non-U.S. exchange rate fluctuations as the financial results of non-U.S. subsidiaries are translated into U.S. dollars in consolidation. As exchange rates vary, those results, when translated, may vary from expectations and adversely impact overall expected profitability. The cumulative translation effects for subsidiaries using functional currencies other than the U.S. dollar are included in accumulated other comprehensive loss in shareholders' equity. Movements in non-U.S. currency exchange rates may affect our competitive position, as exchange rate changes may affect business practices and/or pricing strategies of non-U.S. based competitors. Periodically, we use foreign currency forward contracts to hedge intercompany receivables and payables, and transactions initiated in the United States that are denominated in foreign currency. The principal foreign currency hedged is the Euro using foreign currency forward contracts ranging in periods from one to three months. Foreign exchange forward contracts are accounted for on a mark-to-market basis, with realized and unrealized gains or losses recognized in the current period, as we do not designate our foreign exchange forward contracts as accounting hedges. There were no unrealized or realized gains or losses related to foreign exchange forward contracts for the three months ended March 31, 2005 and for the three months ended March 31, 2004.

Our exposure to interest rate risk results from variable debt outstanding from time to time under our revolving credit facility. Based on our level of variable rate debt outstanding during the three months ended March 31, 2005, a one-point increase in the weighted average interest rate, which generally equals the LIBOR rate plus an applicable margin, would not have had a material impact on our annual interest expense.

At March 31, 2005, we had no debt outstanding at variable interest rates. We have not historically used derivative instruments to manage exposure to changes in interest rates.

**Fluctuations in Quarterly Results**

For the year ended December 31, 2004, quarterly revenues as a percentage of total consolidated annual revenues were approximately 26%, 24%, 24% and 26%, respectively, for each of the respective quarters of the year. We have experienced and anticipate that in the future we will continue to experience variations in quarterly revenues. The variations are due to the timing of new contracts and renewal of existing contracts, the timing of the expenses incurred to support new business, the timing and frequency of client spending for customer contact management services, non-U.S. currency fluctuations, and the seasonal pattern of customer contact management support and fulfillment services.

**Sykes Enterprises, Incorporated and Subsidiaries**  
**Form 10-Q/A**  
**For the Quarter Ended March 31, 2005**

**Item 4 — Controls and Procedures**

As of March 31, 2005, under the direction of our Chief Executive Officer and Chief Financial Officer, we evaluated the effectiveness of the design and operation of our disclosure controls and procedures, as defined in Rule 13a – 15(e) under the Securities Exchange Act of 1934, as amended. Our disclosure controls and procedures are designed to provide reasonable assurance that the information required to be disclosed in our SEC reports is recorded, processed, summarized and reported within the time periods specified by the SEC’s rules and forms, and is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure. The Company’s evaluation of the effectiveness of the design and operation of disclosure controls and procedures, including the identification of a material weakness in the Company’s internal control over financial reporting, lead the Company to conclude that as of March 31, 2005, our disclosure controls and procedures were not effective at the reasonable assurance level.

The Company has concluded that the deferred revenue classification error, as described in Note 2 to the Condensed Consolidated Financial Statements, was primarily the result of a failure in the design of the existing controls surrounding the review of non-U.S. non-routine contracts to ensure that such contracts are recorded in accordance with generally accepted accounting principles in the United States. The Company has concluded that this deficiency in internal controls constitutes a “material weakness,” as defined by the Public Company Accounting Oversight Board’s Auditing Standard No. 2. As a result of the identified material weakness, the Company performed additional reviews and analysis to ensure its consolidated financial statements are prepared in accordance with generally accepted accounting principles. Accordingly, management believes that the financial statements included in this report fairly present in all material respects our financial condition, results of operations and cash flows for the periods presented.

There were no significant changes in our internal controls over financial reporting during the quarter ended March 31, 2005 that have materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting. As described above, the Company identified a material weakness in the Company’s internal control over financial reporting and, as described below, the Company will make changes to its internal control over financial reporting during the fourth quarter of 2005 that are intended to remediate such weakness, including the establishment of additional controls to improve the design of internal controls with respect to accounting for non-U.S. non-routine contracts.

Specifically, the proposed changes will include a more formal process to document and review the terms and conditions of all significant contracts, including non-U.S. non-routine contracts, to ensure that such contracts are recorded in accordance with accounting principles generally accepted in the United States. This process will be completed at the inception of the contract and monitored during the term of the contract to ensure all and any changes to the contract are accounted for appropriately.

Management believes that this change in the design of internal controls will strengthen our disclosure controls and procedures, as well as our internal control over financial reporting, and will remediate the material weakness that the Company identified in its internal control over financial reporting as of March 31, 2005. We have discussed this material weakness and our remediation program with our Audit Committee.

**Form 10-Q/A**  
**For the Quarter Ended March 31, 2005**

**Part II — OTHER INFORMATION**

**Item 1 — Legal Proceedings**

From time to time, we are involved in legal actions arising in the ordinary course of business. With respect to these matters, we believe that we have adequate legal defenses and/or provided adequate accruals for related costs such that the ultimate outcome will not have a material adverse effect on our future financial position or results of operations.

**Item 2 — Unregistered Sales of Equity Securities and Use of Proceeds**

Below is a summary of stock repurchases for the quarter ended March 31, 2005 (in thousands, except average price per share). See Note 9, Earnings Per Share, to the Condensed Consolidated Financial Statements for information regarding our stock repurchase program.

Period	Total Number of Shares Purchased (1)	Average Price Paid Per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Number Of Shares That May Yet Be Purchased Under Plans or Programs
January 1, 2005 — January 31, 2005	—	—	1,644	1,356
February 1, 2005 — February 28, 2005	—	—	1,644	1,356
March 1, 2005 — March 31, 2005	—	—	1,644	1,356

(1) All shares purchased as part of a repurchase plan publicly announced on August 5, 2002. Total number of shares approved for repurchase under the plan was 3 million with no expiration date.

December 19, 2005

Board of Directors  
Sykes Enterprises, Incorporated  
400 N. Ashley Drive  
Tampa, FL 33602

We have made a review, in accordance with the standards of the Public Company Accounting Oversight Board (United States), of the unaudited interim financial information of Sykes Enterprises, Incorporated and subsidiaries for the periods ended March 31, 2005 and 2004, as indicated in our report dated May 9, 2005 (December 19, 2005 as to the effects of the restatement in Note 2); because we did not perform an audit, we expressed no opinion on that information.

We are aware that our report referred to above, which is included in your Quarterly Report on Form 10 Q/A for the quarter ended March 31, 2005, is incorporated by reference in Registration Statement Nos. 333-23681, 333-76629, 333-88359, 333-73260 on Forms S-8.

We also are aware that the aforementioned report, pursuant to Rule 436(c) under the Securities Act of 1933, is not considered a part of the Registration Statement prepared or certified by an accountant or a report prepared or certified by an accountant within the meaning of Sections 7 and 11 of that Act.

Yours truly,

/s/ Deloitte & Touche LLP

Tampa, Florida

**CERTIFICATION OF CHIEF EXECUTIVE OFFICER  
PURSUANT TO RULE 13a-14(a)**

I, Charles E. Sykes, certify that:

1. I have reviewed this quarterly report on Form 10-Q/A of Sykes Enterprises, Incorporated;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the company as of, and for, the periods presented in this report;
4. The company's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the company and have:
  - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the company, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) Evaluated the effectiveness of the company's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) Disclosed in this report any change in the company's internal control over financial reporting that occurred during the company's most recent fiscal quarter (the company's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the company's internal control over financial reporting; and
5. The company's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the company's auditors and the audit committee of the company's board of directors (or persons performing the equivalent functions):
  - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the company's ability to record, process, summarize and report financial information; and
  - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the company's internal control over financial reporting.

Date: December 22, 2005

/s/ Charles E. Sykes

Charles E. Sykes, President and Chief Executive Officer
