The Annual Meeting will be held on June 8, 2004. We are first sending this Proxy Statement to our stockholders on or about April 26, 2004.

All references in this Proxy Statement to we, our, us, the Company or Devon refer to Devon Energy Corporation including our predecessors and subsidiary corporations.

ABOUT THE MEETING

Q: What is the purpose of the Annual Meeting?

A: At our Annual Meeting, stockholders will act upon the matters outlined in the notice of meeting on the cover page of this Proxy Statement, including the election of Directors, ratification of the Company's independent auditors and consideration of a shareholder proposal, if presented at the meeting.

Q: Who is entitled to vote?

A: Stockholders as of the close of business on April 9, 2004 (the Record Date). Each share of common stock and each Northstar exchangeable share is entitled to one vote at the meeting.

Q: How do I vote?

A: Other than attending the meeting and casting your vote in person, you may either:

- Dial the toll-free number listed on the voting instruction form from the U.S. or Canada. Easy-to-follow voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded. Telephone voting facilities for stockholders of record will be available 24 hours a day, and will close at 5:00 p.m. Eastern Daylight Time on June 7, 2004; or
- Go to the following website on the Internet: <https://www.proxyvotnow.com/dvn>. Q: If I vote by telephone or Internet, do I need to return my proxy card?

A: No.

Table of Contents

Q: How do I vote the shares held in my 401(k) Plan:

A: If you are an employee or former employee participating in the Devon Energy Incentive Savings Plan (the “Plan”) and have shares of Devon common stock credited to your Plan account as of the record date, such shares are shown on the enclosed proxy card. You have the right to direct the Plan Trustee regarding how to vote those shares. The Trustee for the Plan is Fidelity Management Trust Company. The Trustee will vote the shares in your Plan account in accordance with your instructions. If you do not send instructions (by voting your shares as provided above in “How do I vote?”) or if your proxy card is not received by June 4, 2004, the shares credited to your account will be voted by the Trustee in the same proportion as it votes shares for which it did receive timely instructions.

Q: Will each stockholder in our household receive a Proxy Statement and Annual Report?

A: No. Only one Proxy Statement and Annual Report will be delivered to multiple stockholders sharing an address unless you notify us to the contrary. However, any stockholder at a shared address to which a single copy of the Proxy Statement and Annual Report has been sent who would like an additional copy of this Proxy Statement and Annual Report or future copies of Proxy Statements and Annual Reports may write Devon Energy Corporation, Attention: Corporate Secretary, 20 North Broadway, Oklahoma City, OK 73102, e-mail: janice.dobbs@dvn.com or call (405) 235-3611.

Q: What is the difference between voting via telephone or the Internet or returning a proxy card versus voting in person?

A: Voting by proxy, regardless of whether it is via telephone or the Internet or by returning your proxy card by mail, appoints J. Larry Nichols and Marian J. Moon as your proxies. They will be required to vote on the proposal exactly as you specified. However, if any other matter requiring a stockholder vote is properly raised at the meeting and you are not present to cast your vote, then Mr. Nichols and Ms. Moon are authorized to use their discretion to vote on the issues on your behalf.

Q: How does discretionary authority apply?

A: If you sign your proxy card, but do not make any selections, you give authority to Mr. Nichols and Ms. Moon to vote on the proposals and any other matter that may arise at the Annual Meeting.

Q: If I vote via telephone or the Internet or by mailing my proxy card, may I still attend the meeting?

A: Yes.

Q: What if I want to change my vote?

A: You can revoke your proxy before it is voted by submitting a new proxy with a later date (by mail, telephone or Internet), by voting at the meeting, or by filing a written revocation with Devon’s Corporate Secretary. Your attendance at the Annual Meeting will not automatically revoke your proxy.

Q: Is my vote confidential?

A: Yes, only Georgeson Shareholder Communications Inc., our Proxy Solicitor, and certain employees of Devon will have access to your voting information. We will act as our own Inspector of Election. All comments will remain confidential, unless you ask that your name be disclosed.

Q: Who will count the votes?

A: Wachovia Bank, N.A. will tabulate the votes.

Table of Contents

Q: What does it mean if I get more than one proxy card?

A: Your shares are probably registered differently or are in more than one account. Vote all proxy cards to ensure that all your shares are voted. Contact our transfer agent, Wachovia Bank, N.A. to have your accounts registered in the same name and address.

Q: How many shares of stock are outstanding and entitled to vote at the Devon Annual Meeting?

A: As of the record date, there were 238,898,464 shares of Devon common stock and 1,436,138 Northstar exchangeable shares outstanding.

Q: What if I hold Northstar exchangeable shares?

A: As of the close of business on the record date, there were 1,436,138 Northstar exchangeable shares outstanding. Each exchangeable share is entitled to one vote at the meeting. The document governing the voting of exchangeable shares is the Voting and Exchange Trust Agreement dated December 10, 1998, as amended on August 17, 1999, (the "Voting Agreement"). Under the Voting Agreement, CIBC Mellon Trust Company, the Trustee, is entitled to exercise certain voting rights on behalf of holders of the exchangeable shares. The Trustee holds one share of our special voting stock, which we call the special voting share. The special voting share is entitled to a number of votes equal to the number of exchangeable shares outstanding from time to time that are held by persons other than Devon. Pursuant to the Voting Agreement, each holder of exchangeable shares, other than Devon, is entitled to give the Trustee voting instructions for a number of votes equal to the number of that holder's exchangeable shares.

If you own exchangeable shares, we have sent you a voting instruction card so that you may exercise your voting rights at the meeting. The Trustee will cast votes at the meeting only as you direct on your voting instruction card. If you do not mark and return your voting instruction card, the Trustees will not cast any votes on your behalf.

If you wish to vote at the meeting but do not want the Trustee to vote your shares, you may do one of the following:

- Contact the Trustee and request that it give a proxy to Devon management so they can vote on your behalf at the meeting; or
- Attend the meeting and vote in person.

You may revoke the voting instruction card by delivering either a revocation or a later dated voting instruction card to the Trustee.

Q: What constitutes a quorum?

A: The common stock and the Northstar exchangeable shares vote together as a single class. A majority of the votes represented by the common stock and the exchangeable shares, present in person or represented by proxy, constitutes a quorum. If you vote by telephone or the Internet or by returning your proxy card, you will be considered part of the quorum. The Inspector of Election will treat shares represented by a properly executed proxy as present at the meeting. Abstentions and broker non-votes will be counted for purposes of determining a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that item and has not received instructions from the beneficial owner.

Q: How many votes will be required to approve a proposal?

A: Election of Directors at the meeting will be by a plurality of votes cast at the meeting. Votes may be cast in favor of the election of each Director nominee or withheld. With respect to other matters, the affirmative vote of the holders of a majority of the voting shares, present in person or by proxy, entitled to vote at the meeting is required to take any other action. Shares cannot be voted at the meeting unless the holder of record is present in person or by proxy.

Table of Contents

Q: Can brokers who hold shares in street name vote those shares with respect to the election of Directors if they have received no instructions?

A: We believe that brokers that are member firms of the New York Stock Exchange or NYSE, and who hold common stock in street name for customers, but have not received instructions from a beneficial owner, have the authority under the rules of the NYSE to vote those shares with respect to the election of Directors. In Canada, registrants and their nominees may not exercise voting rights without instructions from a beneficial owner. Therefore, no votes with respect to the exchangeable shares will be cast without specific instructions to the Trustee.

Q: How will you treat abstentions and broker non-votes?

A: We will (i) count abstentions and broker non-votes for purposes of determining the presence of a quorum at the meeting; (ii) treat abstentions as votes not cast but as shares represented at the meeting for determining results on actions requiring a majority of voting shares present and entitled to vote at the meeting; (iii) not consider broker non-votes for determining actions requiring a majority of voting shares present and entitled to vote at the meeting; and (iv) consider neither abstentions nor broker non-votes in determining results of plurality votes.

Q: Who pays the solicitation expenses?

A: We will bear the cost of solicitation of proxies. Proxies may be solicited by mail or personally by our Directors, officers or regular employees, none of whom will receive additional compensation therefore. We have also retained Georgeson Shareholder Communications Inc. to assist in solicitation of proxies at an estimated cost of \$9,000, plus reasonable expenses. Those holding shares of common stock of record for the benefit of others, or nominee holders, are being asked to distribute proxy soliciting materials to, and request voting instructions from, the beneficial owners of such shares. We will reimburse nominee holders for their reasonable out-of-pocket expenses.

Q: Where can I find the voting results of the meeting?

A: We will announce voting results at the meeting, and we will publish final results in our quarterly report on Form 10-Q for the second quarter of 2004. We will file that report with the Securities and Exchange Commission. You can get a copy of this and other reports free of charge on our Internet website, www.devonenergy.com, or by contacting either our investor relations department at (405) 552-4570 or the Securities and Exchange Commission at 1-800-SEC-0330 or www.sec.gov.

Q: Will your independent auditors be available to respond to stockholder questions?

A: The Audit Committee of the Board of Directors has selected KPMG LLP to serve as our independent auditors for the fiscal year ending December 31, 2004. Representatives of KPMG LLP are expected to be present at the meeting. They will have an opportunity to make a statement if they desire to do so, and will be available to respond to stockholder questions.

CORPORATE GOVERNANCE

In 2003, the Board of Directors refined and formalized various processes that the Board and its Committees already had in place by adopting Corporate Governance Guidelines. These Guidelines, attached as Appendix A to this Proxy Statement, reflect the Board's continuing focus on excellence in corporate governance and its commitment to monitor the effectiveness of policy and decision-making both at the Board and management level.

Board Meetings and Attendance

Our Board of Directors met five times in 2003. All Directors attended 75 percent or more of the total meetings of the Board of Directors and Committees on which they served. Devon's policy regarding Directors' attendance at the Annual Meeting is described in the Corporate Governance Guidelines. This policy was adopted in 2004. One Director attended the 2003 Annual Meeting.

In 2003, the Board of Directors restructured its standing committees consisting of an Audit Committee, a Compensation Committee, a Dividend Committee and a Nominating and Governance Committee, as follows:

The Charters of the Audit Committee, Compensation Committee and Nominating and Governance Committee are attached as Appendix B, C and D, respectively. In addition to the Corporate Governance Guidelines and the Committee Charters, the Company's Code of Business Conduct and Ethics and Code of Ethics for the Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer can be found on the Company's website at www.devonenergy.com and will be furnished in print to any stockholder who requests it. Amendments to and waivers from any provision of the Code of Ethics will be posted on the foregoing website.

Director Independence

The Board has affirmatively determined that each of the current Directors, with the exception of the management Director, J. Larry Nichols, has no material relationship with Devon that would interfere with the exercise of independent judgment and, therefore, is independent under the listing standards of the American Stock Exchange ("AMEX"). Each member of the Audit, Compensation and Nominating and Governance Committees of the Board is "independent" as required by applicable AMEX and Securities and Exchange Commission rules.

Lead Director

In 2003, the Board created a new position of Lead Director, whose primary responsibility is to preside over the executive session of the Board meeting in which management Directors and other members of management do not participate. The Lead Director also performs other duties that the Board may from time to time delegate to assist the Board in the fulfillment of its responsibilities.

Director, Michael E. Gellert, was designated by the Board to serve in this position until the Company's 2005 Annual Meeting of stockholders.

Communication with Directors

Any stockholder or other interested party may contact the Company's Lead Director or the Non-Management Directors by (i) U.S. mail to Lead Director or to Non-Management Director, c/o Office of the Corporate Secretary, Devon Energy Corporation, 20 North Broadway, Oklahoma City, OK 73102; (ii) calling Devon's Non-Management Director Access Line (866) 888-6179; or (iii) sending an e-mail to nonmanagement.directors@dvn.com. All calls or correspondence are anonymous and confidential. All such communications, other than advertisements or other solicitations, will be forwarded to the appropriate Director(s) for review.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee operates under a written charter that was approved by the Board in November 2003. The charter is attached to this Proxy Statement as Appendix B and can be viewed on the Devon website at www.devonenergy.com.

The Board of Directors maintains an Audit Committee comprised of four outside Directors. The Board of Directors and the Audit Committee believe that the Audit Committee's current member composition satisfies the rules of the AMEX that govern audit committee composition, including the requirement that audit committee members all be independent directors as that term is defined by AMEX Listing Standards, Policies and Requirements—Section 121(A).

Table of Contents

The Audit Committee oversees our financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the preparation of the financial statements and the establishment and maintenance of the system of internal controls. This system is designed to provide reasonable assurance regarding the achievement of objectives in the areas of reliability of financial reporting, effectiveness and efficiency of operations and compliance with applicable laws and regulations. In fulfilling its oversight responsibilities, the committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. In 2003, the Board adopted a revised Charter of the Audit Committee, attached hereto as Appendix B.

In fulfilling its duties in the 2003 fiscal year, the Audit Committee has done each of the following:

- reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of our audited financial statements with accounting principles generally accepted in the United States of America, their judgments as to the quality, not just the acceptability, of our accounting principles and other matters;
- discussed with the independent auditors other matters under generally accepted auditing standards, including Statement on Auditing Standards No. 61, *Communications with Audit Committee*;
- discussed with the independent auditors the auditors' independence from management, including the matters in the written disclosures and the letter from the independent auditors required by the Independence Standards Board Standard No. 1;
- discussed with our independent auditors the overall scope and plans for their audit; and
- met with the independent auditors, with and without management present, to discuss the results of their audit and the overall quality of our financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2003 for filing with the Securities and Exchange Commission. The Audit Committee has approved KPMG LLP as our independent auditors for the fiscal year ending December 31, 2004.

Independent Auditors' Fees

Under the terms of its Charter, the Audit Committee approves fees paid by Devon to our independent auditors. For the fiscal years ended December 31, 2003 and December 31, 2002, we paid the following fees to KPMG LLP:

	2003	2002
Audit fees	\$ 1,678,396	\$ 1,164,444
Audit related fees	\$ 251,619	\$ 158,784
Tax fees	\$ 875,371	\$ 394,245
All other fees	—	—

Audit related fees consisted principally of audits of financial statements of employee benefit plans and certain affiliates and subsidiaries and certain accounting consultation. Tax fees consisted of tax compliance and tax consulting fees. The audit committee considered whether the provision of such services is compatible with maintaining KPMG LLP's independence.

Table of Contents

Audit Committee Pre-Approval Policies and Procedures

The 2003 and 2002 audit and non-audit services provided by KPMG LLP were approved by the Audit Committee. The non-audit services which were approved by the Audit Committee were also reviewed to ensure compatibility with maintaining the auditor's independence.

The Audit Committee implemented pre-approval policies and procedures related to the provision of audit and non-audit services. Under these procedures, the Audit Committee pre-approves both the type of services to be provided by KPMG LLP and the estimated fees related to these services. During the approval process, the Audit Committee considers the impact of the types of services and the related fees on the independence of the auditor. The services and fees must be deemed compatible with the maintenance of the auditor's independence, including compliance with SEC rules and regulations.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee operates under a written charter that was approved by the Board in June 2003. The charter is attached to this Proxy Statement as Appendix C and can be viewed on the Devon website at www.devonenergy.com.

The Compensation Committee establishes the general compensation policies of the Company. The Committee meets in November or December of each year to establish specific compensation levels for the CEO, to provide guidance to the CEO with regard to compensation to executive officers and to review the executive officers' compensation in general. (The CEO determines the compensation for executive officers other than the CEO.)

The Committee's goal in setting executive compensation is to motivate, reward and retain management talent who support the Company's objective of increasing values on both a corporate and per share basis. This goal is carried out through awards of base salary, annual cash bonuses and stock awards.

The Committee generally believes that the total cash compensation of its CEO and other executive officers should be similar to the total cash compensation of similarly situated executives of peer group public companies within the oil and gas industry. Further, a significant portion of the complete compensation package should be tied to the Company's success in achieving long-term growth in per share earnings, cash flow, reserves, production and stock price.

Base Salary. A competitive base salary is considered vital to support the continuity of management and is consistent with the long-term nature of the oil and gas business. The Committee believes that the base salaries of the executive officers should be similar to the base salaries of executive officers of similar companies within the oil and gas industry and with whom Devon competes for executive personnel. Therefore, no performance criteria is applied to the base salary portion of the total compensation. Performance of the Company versus its peers is, however, given significant weight in the cash bonus and stock awards portions of compensation.

The CEO's base salary for 2003 was based upon information available to the Committee at its December 2002 meeting. At that meeting, the Committee reviewed the results of a group of six companies to which the Committee believed Devon should be compared. This peer group included companies that were similar to Devon in total revenues, balance sheet ratios, oil and gas reserves and overall oil and gas operations. (The industry group index in the Performance Graph included in this Proxy Statement includes, but is not limited to, the companies used for this compensation analysis. In its analysis, the Committee specifically focused on those companies that are most similar to Devon in size, financial structure and operations, believing that the most direct comparisons would not necessarily include all of the more than 200 companies included in the industry group index used for the Performance Graph.)

Table of Contents

A review of the base salaries for the highest-paid executive at each of these peer companies revealed that the 2002 base salary of Devon's CEO was at the low end of the range of all base salaries in the group, and only 82% of the average 2001 base salary for the group. As a result of this finding, the Committee increased the CEO's base salary for 2003 by 11% to \$800,000.

The Committee advised the CEO that a similar procedure, using both publicly available and private survey data, should be used in evaluating the base salaries of the other executive officers of the Company.

Cash Bonuses . The Committee believes that the officers' cash bonuses should be tied to Devon's success in meeting its corporate goals and budgets and in achieving growth in comparison to those of the Company's industry peers and to the individual officers' contribution to such success. Cash bonuses for calendar year 2003 were set at the December 2003 Committee meeting. In setting the cash bonus for the CEO for the calendar year 2003, the Committee reviewed the performance of the peer group of six oil and gas companies.

The Committee reviewed Devon's growth over the last one, three and five years, compared with the peer group average on a number of different measures, notably, change in earnings per share, cash flow per share, reserves per share and stock price. Devon's growth in all of these measures exceeded that of the peer group average for the years reviewed, except stock price performance for the last year. The Committee considered the CEO's efforts in successfully negotiating and completing the merger between the Company and Ocean Energy, Inc. The Committee also noted that not only had the operations of the entity been integrated successfully, but that the CEO also led the Company to successfully reduce the Company's long-term debt as a percentage of total capital. In light of this analysis, the Committee awarded the CEO a cash bonus of \$1,500,000. This award resulted in his total cash compensation for 2003 being 79% of the average total 2003 cash compensation for the highest-paid executives of the companies in the peer group.

The Committee advised the CEO that similar criteria should be used in establishing cash bonuses for the other executive officers.

Stock Awards . The Committee desires to reward key management and professional employees for long-term strategic management practices and enhancement of stockholder value with stock awards. Historically, the Committee has used stock option awards as the sole vehicle for executive long-term incentive awards. However, beginning in 2003, the Committee expanded its flexibility in granting long-term incentives by obtaining shareholder approval for a new long-term incentive plan. The plan provides for various types of awards, including restricted stock awards. At its meeting in December 2003 the Committee elected to reduce the number of stock option grants historically given to the CEO and other executive officers and to add restricted stock awards. Stock options are granted at an option price equal to the fair market value of the common stock on the grant date. Options vest 20% on the date of grant and 20% annually on each of the next four anniversary dates of the original grant. Restricted stock awards vest ratably over a four-year period beginning on the first anniversary of the grant. The grant of these awards, holdings of unexercised options and/or ownership of exercised option shares is designed to closely align the interests of the executive officers with those of the stockholders. The ultimate value of the awards will depend on the continued success of the Company, thereby creating a continuing incentive for executive officers to perform long after the initial grant.

The Committee considered stock awards in connection with 2003 Company performance at its meeting in December 2003. Stock options and restricted stock were awarded to the CEO and other executive officers at this meeting.

The Committee has established stock award targets for each participating level of responsibility within the Company. The Committee may consider corporate financial performance in determining the number of stock awards granted. The Committee wants to encourage executives to maintain ownership of Company stock and/or unexercised options. Although there are no specific ownership criteria used in granting stock awards, long-term

ownership is viewed favorably. The Committee noted that Devon's executive officers as a group still retained 71% of all unexpired options (both vested and unvested) that had been granted to them through December 2003.

The Committee generally seeks to award no more than 2% of the outstanding shares in any one year. The number of shares awarded in December 2003, including restricted stock awards and shares under option was .88% of the outstanding shares. As of December 2003, there were 15,345,008 shares under option (including options on 7,251,346 shares granted by Northstar, PennzEnergy, Santa Fe Snyder, Mitchell and Ocean that were assumed by Devon) and 10,360,227 shares available for grants of stock awards, which were 6.6% and 4.4%, respectively, of total shares on a fully-diluted basis.

Policy on Deductibility of Compensation. Section 162(m) of the Internal Revenue Code limits the tax deduction to \$1 million for compensation paid to any one executive officer, unless certain requirements are met. The Committee may award compensation that is not deductible under Section 162(m) if it believes that such awards would be in the best interest of the Company or its stockholders.

We believe that the Company has an appropriate compensation structure that properly rewards and motivates its executive officers to build stockholder value.

NOMINATING AND GOVERNANCE COMMITTEE REPORT

The Nominating and Governance Committee operates under a written charter that was approved by the Board in November 2003. The charter is attached to this Proxy Statement as Appendix D and can be viewed on the Devon website at www.devonenergy.com.

Among its responsibilities, the Committee is responsible for reviewing with the Board any special Director qualifications, taking into account the composition and skills of the entire Board. The Committee makes recommendations to the Board about individuals to be nominated for election by the stockholders as Directors. The Board will take reasonable steps to ensure that qualified women and qualified persons from minority racial groups are in the pool from which the Board member nominees are chosen. The Nominating and Governance Committee may at its discretion seek third-party resources to assist in the process and will make final Director candidate recommendations to the Board. The basic qualifications the Committee looks for in Director candidates, which are identified in our Corporate Governance Guidelines, are:

- independence
- high ethical standards and integrity
- willingness to act on and remain accountable for boardroom decisions
- high intelligence and wisdom and apply it to decision-making
- ability to communicate persuasively
- a history of achievement that reflects high standards

Table of Contents

Members of the Nominating and Governance Committee discuss and evaluate possible candidates in detail, and suggest individuals to explore in more depth. The Chairman of the Committee enters into a discussion with a candidate that is being considered for nomination. The Committee will consider nominees recommended by shareholders. The policy adopted by the Committee provides that nominees recommended by stockholders are given appropriate consideration in the same manner as other nominees. Shareholders who wish to submit nominees for consideration for Director by the Committee for election at our 2005 Annual Meeting of Stockholders may do so by submitting in writing such nominee's name in compliance with the procedures and along with the other information required by our bylaws to the Nominating and Governance Committee of the Board of Directors, Attention: Chairman, c/o Office of the Corporate Secretary, Devon Energy Corporation, 20 North Broadway, Oklahoma City, OK 73102.

The Committee plays a leadership role in shaping Devon's corporate governance. It undertook a Corporate Governance Self-Assessment project in 2003, consisting of a thorough review of Devon's corporate governance practices. The Committee reviewed Devon's practices in light of emerging requirements, including then proposed corporate governance listing standards of the NYSE and AMEX and best practices followed by other companies. The goal of the project was to maintain and enhance a corporate governance framework for Devon. Based upon its review, the Committee determined that Devon already operates under many best corporate governance practices. The Committee recommended enhanced corporate governance standards to the Board and the Board voted to approve these standards which are reflected in:

- the Corporate Governance Guidelines;
- the charters for the Board's Audit, Compensation and Nominating and Governance Committees; and
- an expanded Code of Business Conduct and Ethics for all Directors, officers and employees.

These documents implement and strengthen Devon's corporate governance practices. They are available on Devon's website at www.devonenergy.com.

The Committee will conduct an annual evaluation of the effectiveness of the Board and Board Committees. In addition, each Board member will complete an annual self-assessment.

With Devon's fundamental corporate governance practices firmly in place, the Committee is prepared to respond quickly to the new regulatory requirements and emerging best practices. The self-assessment project will be ongoing and its work will be updated periodically to enable Devon to maintain its position at the forefront of corporate governance best practices.

AGENDA ITEM 2. RATIFICATION OF KPMG LLP AS THE COMPANY'S INDEPENDENT AUDITORS FOR 2004

The Audit Committee has appointed KPMG LLP, as the Company's independent auditors for 2004. Representatives of KPMG LLP will be present at the Annual Meeting and will have the opportunity to make a statement if so desired and will be available to respond to appropriate questions from stockholders. In order to enhance its corporate governance practices, the Board of Directors is submitting the selection of KPMG LLP to the stockholders for ratification. If the appointment of KPMG LLP is not ratified by the stockholders, the Board of Directors will consider appointing another independent accounting firm for 2005.

The Board of Directors recommends a vote "FOR" the ratification of KPMG LLP as the Company's independent auditors for 2004.

AGENDA ITEM 3. STOCKHOLDER PROPOSAL FOR A DIRECTOR ELECTION VOTE THRESHOLD

The United Brotherhood of Carpenters Pension Fund ("UBC Funds") located at 101 Constitution Avenue, N.W., Washington, D.C. 20001, has notified Devon that it intends to present the resolution set forth below at the Annual Meeting for action by the stockholders. UBC Funds' supporting statement for the resolution, along with the Board of Directors' statement in opposition is set forth below. As of January 9, 2004, the UBC Funds owned 3,900 shares of Devon common stock. Proxies solicited on behalf of the Board of Directors will be voted "**AGAINST**" this proposal unless stockholders specify a contrary choice in their proxies.

"Resolved : That the shareholders of Devon Energy Corporation ("Company") hereby request that the Board of Directors initiate the appropriate process to amend the Company's governance documents (certificate of incorporation or bylaws) to provide that nominees standing for election to the Board of Directors must receive the vote of a majority of the shares entitled to vote and present in person or by proxy at an Annual Meeting of Shareholders in order to be elected or re-elected to the Board of Directors."

Supporting Statement of UBC Funds: Our Company is incorporated in the state of Delaware. Delaware corporate law provides that a company's certificate of incorporation or bylaws may specify the number of votes that shall be necessary for the transaction of any business. (8 Del. C. 1953, Section 216 – Quorum and required vote for stock corporations). Further, the law provides that in the absence of any such specification in the certificate of incorporation or bylaws of the corporation, Directors "shall be elected by a plurality of the votes of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of Directors." Our Company presently does not specify a vote requirement other than a plurality for the election of Directors, so Company Directors are elected by a plurality of the vote.

We feel that it is appropriate and timely for the board to initiate a change in the threshold vote required for a nominee to be elected to the Board of Directors. While the governance change proposed would entail a vote of the shareholders, the Board of Directors is positioned to initiate the amendment process. We believe that in order to make corporate Director elections more meaningful at our Company, Directors should have to receive the vote of a majority of the shares entitled to be voted in a Director election. Under the present system, a Director can be re-elected even if a substantial majority of the votes cast is withheld from that Director. For example, if there are 100 million votes represented at a meeting and eligible to be cast and 90 million of these votes are withheld from a given candidate, he or she would still be elected with a plurality of the vote despite the fact that 90% of the votes cast withheld support for that nominee's election to the board. We believe that a Director candidate that does not receive a majority of the vote cast should not be seated as a Director.

It is our contention that the proposed majority vote standard for corporate board elections is a fair and reasonable standard and adoption of such a standard will strengthen the corporate governance processes at our Company. We urge your support of this important governance reform.

Table of Contents

The Board of Directors recommends a vote “AGAINST” the proposal for a Director election vote threshold.

Opposition Statement of the Company: Devon has a history of electing, by a plurality, strong and independent Boards. The plurality voting threshold is the accepted standard for the election of Directors of publicly-traded companies and provides important advantages over the higher threshold suggested by this proposal. Therefore, your Board recommends that you vote “ **AGAINST**” this proposal.

Section 216 of the Delaware General Corporation Law, while generally permitting the certificate of incorporation or bylaws of a Delaware corporation to specify the vote necessary for the transaction of any business at a meeting of shareholders, provides that in the absence of such specification, “{d}irectors shall be elected by a plurality of the votes of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of Directors”.

Under the Company’s existing bylaws, Directors of the Company are elected by a plurality of the *votes cast* at the Annual Meeting of shareholders. As a shareholder, you are entitled to vote “For” the Director nominees, or you may elect to “Withhold” from voting for the Director nominees. Withheld votes are treated as *votes not cast* , and therefore have no effect on the outcome of the election.

Under the shareholder proposal, to be elected a Director of the Company the Director nominee must receive the *vote of a majority of all voting shares* present and entitled to vote at the meeting. Accordingly, withheld votes would have the same effect as *votes cast against* the Director nominee.

By requiring that in order for a Director to be elected, he/she must receive the vote of a majority of the shares entitled to vote and present in person or by proxy at an Annual Meeting, the proposal would establish an arbitrarily high and potentially disruptive vote requirement.

Moreover, the proposal opens up the possibility that no Director nominees will be elected, since the shareholder proposal does not address what would occur if a candidate fails to receive the requisite majority vote. Under Delaware law and Devon’s bylaws, the possible scenarios include the prior Director remaining in office until a successor is elected and qualified, the Board of Directors electing a Director to fill a vacancy, or the position remaining vacant. All of these alternatives are less democratic and, in the view of Devon’s Board of Directors, less desirable than the election of Directors by plurality vote.

Finally, the proposal could prove impractical and especially disruptive in a situation in which a competing slate of Directors is nominated for election, because of the possibility that the division of votes could result in no candidate from either slate receiving the requisite vote.

For these reasons, the Board of Directors of Devon believes that this shareholder proposal would not improve Devon’s corporate governance and is not in the best interest of Devon’s shareholders. Therefore, the Board of Directors recommends a vote “**AGAINST**” this proposal.

Option Grants in 2003

The following table sets forth information concerning options to purchase common stock granted in 2003 to the five individuals named in the Summary Compensation Table. The material terms of such options appear in the following table and the footnotes thereto.

Individual Grants						
Name	Options Granted	Percent of Total Options Granted in 2003	Exercise Price Per Share (1)	Expiration Date	Grant Date Present Value (2)	
J. Larry Nichols	60,000(3)	4.0%	\$ 52.85	12/3/2011	\$ 1,227,720	
Brian J. Jennings	28,000(3)	1.9%	\$ 52.85	12/3/2011	\$ 572,936	
J. Michael Lacey	0	N/A	N/A	N/A	N/A	
John Richels	28,000(3)	1.9%	\$ 52.85	12/3/2011	\$ 572,936	
Darryl G. Smette	28,000(3)	1.9%	\$ 52.85	12/3/2011	\$ 572,936	

- (1) Exercise Price is the closing price of common stock as reported by AMEX on the date of grant.
- (2) The Grant Date Present Value is an estimation of the possible future value of the option based upon the Black-Scholes Option Pricing Model. The following assumptions were used in the model: volatility (a measure of the historic variability of a stock price) – 37.3%; risk-free interest rate (the interest paid by zero-coupon U.S. government issues with a remaining term equal to the expected life of the options) – 3.4% per annum; annual dividend yield – 0.4%; and expected life of the options – five years from grant date. The option value estimated using this model does not necessarily represent the value to be realized by the named officers.
- (3) These options were granted as of December 4, 2003. 20% of such grant was immediately vested and exercisable. An additional 20% of such grant becomes vested and exercisable on each of the next four anniversary dates of the original grant.

Aggregate Option Exercises in 2003 and Year-End Option Values

The following table sets forth information for the five individuals named in the Summary Compensation Table concerning the exercise of options to purchase common stock in 2003 and unexercised options to purchase common stock held at December 31, 2003.

Name	Number of Shares Acquired Upon Exercise	Value Realized (2)	Number of Unexercised Options at 12/31/03		Value of Unexercised In-the-Money Options at 12/31/03 (1)	
			Exercisable	Unexercisable	Exercisable	Unexercisable
J. Larry Nichols	—	\$ —	485,000	153,000	\$10,935,945	\$1,856,610
Brian J. Jennings	—	\$ —	103,600	80,400	\$ 1,432,463	\$ 956,882
J. Michael Lacey	45,136	\$1,068,514	83,100	53,000	\$ 1,012,785	\$ 830,298
John Richels	45,875	\$ 988,596	93,600	75,400	\$ 1,168,738	\$ 929,082
Darryl G. Smette	14,000	\$ 409,692	210,700	75,400	\$ 4,420,828	\$ 929,082

- (1) The value is based on the aggregate amount of the excess of \$57.26 (the closing price as reported by the AMEX for December 31, 2003) over the relevant exercise price for outstanding options that were in-the-money at year-end.
- (2) The value is based on the excess of the market price on the date of exercise over the relevant exercise price for the options exercised.

Retirement Plans. We have three applicable retirement plans, as follows:

Basic Plan The Basic Plan is a qualified defined benefit retirement plan which provides benefits based upon employment service with Devon. Each eligible employee who retires is entitled to receive annual retirement income, computed as a percentage of “final average compensation” (which consists of the average of the highest three consecutive years’ salaries, wages, and bonuses out of the last 10 years, excluding employee

Table of Contents

contributions into the Devon Energy Deferred Compensation Savings Plan), and credited years of service. Contributions by employees are neither required nor permitted under the Basic Plan. Benefits are computed based on straight-life annuity amounts and are reduced by Social Security benefits. Benefits under the Basic Plan are reduced for certain highly compensated employees in order to comply with certain requirements of the Employment Retirement Income Security Act of 1974 and the Internal Revenue Code.

Benefit Restoration Plan The Benefit Restoration Plan is a non-qualified retirement benefit plan, the purpose of which is to restore retirement benefits for certain selected key management and highly compensated employees because their benefits under the Basic Plan are reduced in order to comply with certain requirements of the Employment Retirement Income Security Act of 1974 and the Internal Revenue Code or because their final average earnings are reduced as a result of contributions into the Devon Energy Deferred Compensation Savings Plan. An employee must be selected by the Compensation Committee in order to be eligible for participation in the Benefit Restoration Plan. All other provisions of the Benefit Restoration Plan essentially mirror those of the Basic Plan.

Supplemental Retirement Plan The Supplemental Retirement Plan is another non-qualified retirement plan for a small group of executives, the purpose of which is to provide additional retirement benefits for long-service executives. The plan vests after 10 years of service, and provides retirement income equal to 65% of the executive's final average compensation less any benefits due to the participant under Social Security, multiplied by a fraction, the numerator of which is his credited years of service (not to exceed 20) and the denominator of which is 20 (or less, if so determined by the Compensation Committee), less any benefits payable under the Basic Plan.

In general, benefits will be paid under the Supplemental Retirement Plan when the participant retires from the Company. However, in the event that the executive's employment with the Company is terminated under conditions that qualify him or her to a severance benefit under the Employment Agreement, then the executive will be 100% vested in his or her benefit and entitled to receive the actuarial equivalent of such benefit earned as of the date of termination of employment. If the executive is terminated within two years following a "change of control," his or her benefit will be paid in a single lump sum payment. Otherwise, the benefit will be paid monthly for the life of the executive. "Change of control" is defined as the date on which one of the following occurs: (i) an entity or group acquires 30% or more of the Company's outstanding voting securities, (ii) the incumbent board ceases to constitute at least a majority of the Company's board, or (iii) a merger, reorganization or consolidation is consummated, after shareholder approval, unless (a) substantially all of the shareholders prior to the transaction continue to own more than 50% of the voting power after the transaction, (b) no person owns 30% or more of the combined voting securities, and (c) the incumbent board constitutes at least a majority of the board after the transaction. The Supplemental Retirement Plan is informally funded through a rabbi trust arrangement.

The following table sets forth the credited years of service as of December 31, 2003 under Devon's Retirement Plans for each of the five individuals named in the Summary Compensation Table.

<u>Name of Individual</u>	<u>Credited Years of Service – Basic Plan</u>	<u>Credited Years of Service – Supplemental Retirement Plan</u>
J. Larry Nichols	34	34
Brian J. Jennings	4	4
J. Michael Lacey*	15	15
John Richels	0 **	8
Darryl G. Smette	17	17

* Under the terms of and at the time of his retirement, Mr. Lacey was credited with three years of additional service in the Supplemental Retirement Plan.

** Devon provides defined benefits and defined contribution plans to its employees in Canada. Prior to 2004, Mr. Richels was entitled to benefits from these plans. However, in his new role as President and subsequent relocation to the United States, Mr. Richels will now be covered under the U.S. plans.

The following table shows the estimated annual retirement benefits payable under the Basic Plan, the Benefit Restoration Plan and the Supplemental Retirement Plan to the participants therein, including the five individuals named in the Summary Compensation Table. Employment Agreements

A small number of senior executives, including the five individuals named in the Summary Compensation Table, are entitled to certain additional compensation under the following events:

- (1) employment with the Company is involuntarily terminated other than for "Cause;" or
- (2) employee voluntarily terminates for "Good Reason," as those terms are defined in each of the executives' employment agreements.

In either case, the payment due to the executive would be equal to three times the annual compensation of the executive. In addition, the Employment Agreement provides for the executive to receive the same basic health and welfare benefits that the executive would otherwise be entitled to receive if the executive were an employee of the Company for three years after termination. If the executive is terminated within two years of a "change in control," the executive is also entitled to an additional three years of service credit and age in determining eligibility for retiree medical and supplemental retirement benefits. "Change of control" is defined in the Employment Agreements the same as in the Retirement Plans described above.

Director Compensation

Non-management Directors of Devon receive:

- an annual retainer of \$50,000, payable quarterly.
- \$2,000 for each Board meeting attended. Directors participating in a telephonic meeting receive a fee of \$1,000.

- an additional \$7,000 per year for the Director serving as Chairman of the Audit Committee of the Board.
- an additional \$2,000 per year for all Audit Committee members.
- \$2,000 for each committee meeting attended in person.

- an annual grant of 1,000 stock options.
- an annual award of 1,000 shares of restricted stock.

Table of Contents

Stock awards to Non-Management Directors are granted immediately following each Annual Meeting of stockholders. Stock options are granted at an exercise price equal to the fair market value of the common stock on that date. Unexercised stock options will expire eight years from the date of grant. Restricted stock awards vest 25 percent on each anniversary of the date of grant. Cash dividends on shares of restricted stock are paid at the same times and in the same amounts as on other shares of common stock.

**DEVON ENERGY CORPORATION
CORPORATE GOVERNANCE GUIDELINES**

**Adopted by the Board of Directors on
November 20, 2003**

The Board of Directors (the “Board”) of Devon Energy Corporation (the “Company”) has adopted the following corporate governance guidelines specifically tailored to the needs of the Company. These guidelines reflect the Board’s commitment to monitor the effectiveness of policy and decision-making both at the Board and management level, with a view to enhancing shareholder value and taking into account the interests of the Company’s other stakeholders over the long term. The Board believes these guidelines should be an evolving set of corporate governance principles, subject to alteration as circumstances warrant.

Director Qualifications and Board Composition

Independence —A majority of the Board members must qualify as “independent” Directors in accordance with the rules of the exchange (s) on which the Company’s securities are traded and any other applicable laws, rules or regulations. All of the members of the Audit Committee, the Compensation Committee and the Nominating and Governance Committee must also be Directors determined by the Board to be independent according to these standards.

Director Characteristics —Individual Directors should possess all of the following personal characteristics:

Integrity and Accountability —Character is the primary consideration in evaluating any Board member. Directors should demonstrate high ethical standards and integrity in their personal and professional dealings and be willing to act on and remain accountable for their boardroom decisions.

Informed Judgment —Board members should have the ability to provide wise, thoughtful counsel on a broad range of issues. Directors should possess high intelligence and wisdom and apply it in decision-making.

Peer Respect —The Board functions best when Directors value Board and team performance over individual performance. Openness to other opinions and the willingness to listen should rank as highly as the ability to communicate persuasively. Board members should approach others assertively, responsibly and supportively and raise tough questions in a manner that encourages open discussion.

High Performance Standards —In today’s highly competitive world, only companies capable of performing at the highest levels are likely to prosper. Board members should have a history of achievement that reflects high standards for themselves and others.

Passion —Directors should be passionate about the performance of the Company, both in absolute terms and relative to its peers. That passion should manifest itself in engaged debate about the future of the Company and an atmosphere of teamwork, collegiality and goodwill among the Board that both challenges and inspires the Company’s employees.

Creativity —Success in the energy business will ultimately be achieved by companies who adapt quickly to changing environments and implement creative solutions to the significant challenges faced by industry participants. Board members should possess the creative talents needed to augment those of management.

Director Selection —The Nominating and Governance Committee shall be responsible for reviewing with the Board any other special Director qualifications, taking into account the composition and skills of the entire Board. Given the importance of the Board’s role in monitoring the financial performance of the Company, the

Table of Contents

Nominating and Governance Committee shall ensure that a sufficient number of the Board members are financially literate with ability to read a balance sheet, income statement and cash flow statement and have the understanding of the use of financial ratios and other indices for evaluating Company performance.

Director Recruitment —The Nominating and Governance Committee shall identify and recruit candidates to serve on the Board. A list of candidates to be elected by stockholders shall be presented to the Board for nomination at the next annual meeting of stockholders. Candidates identified to fill vacancies between meetings of stockholders shall be presented to the Board for appointment. The Board will take reasonable steps to ensure that qualified women and qualified persons from minority racial groups are in the pool from which the Board member nominees are chosen. The Nominating and Governance Committee may at its discretion seek third-party resources to assist in the process and will make the final recommendation to the Board.

An invitation to join the Board shall only be extended to a potential candidate at such time as the nomination or appointment of the candidate has been approved by the Board.

Term Limits —The Board does not believe it should establish term limits. While term limits could help ensure that there are fresh ideas and viewpoints available to the Board, they hold the disadvantage of losing the contribution of Directors who have been able to develop, over a period of time, increasing insight into the Company and its operations and, thereby provide an increasing contribution to the Board as a whole. The Board believes an annual assessment of Director and Board performance provides each Director a convenient opportunity to reflect on the effectiveness of the Board, and to confirm his or her desire to continue as a member of the Board.

Mandatory Retirement —Non-management Directors will retire as of the annual meeting following their 73rd birthday.

Board Classification —As required by the Company's Certificate of Incorporation, the Board will be divided into three classes as equal in number as may be feasible, with the term of one class expiring each year.

Multiple Directorships —The Company recognizes that its Board members benefit from service on the boards of other companies. While that service is encouraged, it is critical that Directors have the opportunity to dedicate sufficient time to their service on the Devon Board. It is recommended that Directors serve on no more than five public company boards in addition to the Devon Board.

Directors are expected to advise the Chairman of the Board and the Chairman of the Nominating and Governance Committee promptly upon accepting any other public company directorship or any assignment to the audit committee or compensation committee of the board of directors of any public company of which such Director is a member.

No Director shall serve as a director, officer or employee of a competitor of the Company, without the approval of the Nominating and Governance Committee.

Access to Management —The Company shall provide each Director with complete access to the management of the Company, subject to reasonable advance notice to the Company and reasonable efforts to avoid disruption to the Company's management, business and operations.

Independent Advisors —The Board and Board committees, to the extent set forth in the applicable committee charter, have the right to consult and retain independent legal and other advisors at the expense of the Company.

Director Responsibilities

Best Judgment —Directors should exercise their business judgment to act in what they reasonably believe to be in the best interests of the Company in a manner consistent with their fiduciary duties. Directors should regularly attend meetings of the Board and of all Board committees upon which they serve.

Table of Contents

Confidentiality —Directors shall preserve the confidentiality of proprietary material given or presented to the Board.

Conflicts of Interest —Directors must disclose to the Nominating and Governance Committee any potential conflicts of interest they may have with respect to any matter under discussion and, if appropriate, refrain from voting on a matter in which they may have a conflict.

Share Ownership —While the Board does not believe it appropriate to specify the level of share ownership for individual Directors, it is expected that each Director will develop an ownership position in the Company over time.

Board Committees

Standing Committees —The Board shall at all times maintain, at a minimum, an Audit Committee, a Compensation Committee and a Nominating and Governance Committee, which must operate in accordance with applicable law, their respective charters as adopted and amended from time to time by the Board, the applicable rules of the Securities and Exchange Commission, and the rules of the exchange(s) on which the Company's securities are traded. The Board may also establish such other committees as it deems appropriate and delegate to such committees any authority permitted by applicable law and the Company's bylaws as the Board may see fit.

Agenda —The Chairman of the Board shall set the agendas for meetings of the Board and the Chairman of each committee shall set the agendas for meetings of the applicable committee. Any Director may suggest agenda items and may raise at meetings other matters that they consider worthy of discussion.

Information and data that is important to the Board's understanding of the business to be discussed at meetings will be distributed in advance of meetings to the extent practicable, except when such material is too sensitive to be put in writing. To prepare for meetings, Directors should review these materials in advance of each meeting.

Directors' Compensation

The Compensation Committee shall periodically review the form and amounts of Directors' compensation and make recommendations to the Board with respect thereto. The Board shall set the form and amounts of Directors' compensation, taking into account the recommendations of the Compensation Committee. The Board believes that the amount of Directors' compensation should fairly reflect the contributions of the Directors' to the performance of the Company. The Chairman of the Compensation Committee shall at least annually obtain a report on the director compensation policies and practices of the Company's principal competitors and other comparable companies. Only non-management Directors shall receive compensation for services as Directors. To create a direct linkage with corporate performance, the Board believes that a meaningful portion of the total compensation of non-management directors should be provided and held in common stock, stock options, restricted stock units or other types of equity-based compensation.

Board Procedures

Chairman and Chief Executive Officer —The Board reserves the right to determine, from time to time, how to configure the leadership of the Board and the Company in the way that best serves the Company. The Board specifically reserves the right to vest the responsibilities of Chairman of the Board and Chief Executive Officer in the same individual. The Board has no fixed policy with respect to combining or separating the offices of Chairman of the Board and Chief Executive Officer. When the Chief Executive Officer also holds the position of Chairman of the Board, the Board shall appoint an independent Director to serve as the Lead Director.

Change in Status —Directors are expected to report changes in their business or professional affiliations or responsibilities, including retirement, to the Chairman of the Board and the Chairman of the Nominating and

Table of Contents

Governance Committee. A Director should offer to resign if the Nominating and Governance Committee concludes that the Director no longer meets the Company's requirements for service on the Board.

Non-Management Director Sessions —Executive sessions or meetings of non-management Directors without management present shall be held at each regularly scheduled quarterly meeting. During at least one of these sessions each year, the independent directors will review the report of the outside auditors. Additional executive sessions or meetings of non-management Directors may be held from time to time as required. If the Chairman of the Board is also the Chief Executive Officer, the Lead Director will preside at meetings of non-management Directors. Executive sessions or meetings shall be held from time to time with the Chairman and Chief Executive Officer for a general discussion of relevant subjects.

Orientation —The Board will establish, or identify and provide access to, appropriate orientation programs, sessions or materials for newly elected Directors for their benefit either prior to or within a reasonable period of time after their election or appointment. The Board will encourage, but not require, Directors to periodically pursue or obtain appropriate programs, sessions or materials as to the responsibilities of directors of publicly traded companies.

Board Policies

Equity Plans —All Company equity compensation plans, except plans assumed in connection with mergers or acquisitions, and tax qualified and excess benefit plans will be approved by stockholders. Unless submitted to stockholders for approval, stock options will not be repriced.

Stockholder Rights Plan —The Company believes that in the hands of a properly aligned and properly governed Board, a terminable stockholder rights plan is in the best interest of all stockholders.

Code of Conduct —The Company will continuously maintain a Code of Business Conduct and Ethics setting forth the Company's expectations in various areas of legal and ethical concern. The Code addresses specific elements of the Company's business and refers to separate Company policies that are currently in place.

Management Evaluation and Succession

Annual Evaluation —The Compensation Committee shall be responsible for coordinating an annual evaluation of the Chief Executive Officer and determining the annual compensation of the Chief Executive Officer. The Chairman of the Compensation Committee shall be the liaison with the Chief Executive Officer.

Succession Planning —The Chief Executive Officer shall provide an annual report on succession planning and related personnel development recommendations to the Compensation Committee, including a short-term succession plan delineating temporary delegation of authority in the event that the Chief Executive Officer or any other executive officer is unexpectedly unable to perform his or her duties.

Annual Performance Evaluation of the Board

Self-Evaluation —The Board will conduct an annual evaluation of the effectiveness of the Board and the Board committees, which shall be compiled and consolidated by the Lead Director. In addition, each Board member shall complete an annual self-assessment of the individual Board member's performance which shall be reviewed with the Chairman of the Board.

Committee Evaluations —The Nominating and Governance Committee, the Compensation Committee and the Audit Committee will complete annual performance evaluations in accordance with their respective charters.

Table of Contents

The full Board will discuss the evaluation reports to determine what, if any, actions could improve the effectiveness and performance of the Board or the Board committees.

Reporting of Concerns to Non-Management Directors

The Company shall establish a method whereby interested parties may communicate directly with the Lead Director or with the non-management Directors of the Board as a group either by email or by telephone. Information provided by email or telephone will be monitored by the Corporate Secretary's office and forwarded to the non-management directors.

Communication With Stockholders

Except in unusual circumstances or as required by committee charters or as requested by senior management, Directors are expected to follow the principle that senior management, as opposed to individual Directors, shall provide the public voice of the Company. Directors receiving inquiries from a member of the public, institutional investors, the press, customers, securities analysts, stockholders or others should refer them to the Chief Executive Officer or another appropriate officer of the Company.

The Chairman and Chief Executive Officer is responsible for establishing effective communications with the Company's stakeholder groups, i.e., stockholders, customers, company associates, communities, suppliers, creditors, governments, and corporate partners. It is the policy of the Company that management speaks for the Company. This policy does not preclude non-management Directors from meeting with stockholders, but it is preferable for any such meetings to be conducted with management present.

Review of Corporate Governance Guidelines

The Board, with the assistance of the Nominating and Governance Committee, as appropriate, shall review these Corporate Governance Guidelines on an annual basis to determine whether any changes are appropriate.

These Guidelines may be amended, modified or waived by the Board, and waivers of these Guidelines may also be granted by the Nominating and Governance Committee, subject to the disclosure requirements and other provisions of the Securities and Exchange Act of 1934, the rules promulgated thereunder.
