## IntelGenx Confirms Execution of Lease and Construction Agreements

**Saint Laurent, Quebec** - May 05, 2015 - IntelGenx Corp. (TSXV: IGX) (OTCQX: IGXT) (“IntelGenx”, or the “Company”) today confirmed that it recently executed both the lease and construction agreements as anticipated, and as announced in IntelGenx’ press release dated March 31, 2015.

“The signing of both of these agreements represents a significant milestone for IntelGenx” stated Dr. Horst G. Zerbe, President and CEO of IntelGenx. “As previously announced, we plan to establish a state-of-the-art manufacturing facility for the future manufacture of our VersaFilm™ products as we believe that this represents a profitable business opportunity, will reduce our dependency upon third-party contract manufacturers, protect our manufacturing process knowhow and intellectual property, and will allow us to offer our clients and development partners full service from product conception through to supply of the finished product.”

On April 24, 2015 IntelGenx entered into an agreement to lease approximately 17,000 square feet in a property located at 6420 Abrams, St-Laurent, Quebec (the “Lease”). The Lease has a 10 year and 6 month term commencing on September 1, 2015 and IntelGenx has retained two options to extend the Lease, with each option being for an additional five years. Under the terms of the Lease, IntelGenx is required to pay base rent of approximately CAD\$110 thousand (approximately \$87 thousand) per year, which will increase at a rate of CAD\$0.25 (\$0.20) per square foot every two years. The Company plans to use the newly leased space to manufacture its oral film VersaFilm™ products, to enlarge its research and development capabilities, and for administration purposes.

On April 29, 2015 IntelGenx entered into an agreement for the construction of manufacturing facilities, laboratories, and offices within the property located at 6420 Abrams, St-Laurent, Quebec, at an aggregate cost of CAD\$2.9 million (approximately \$2.3 million). The construction agreement was awarded to BTL Construction Inc. (“BTL”) in Quebec following a tender process that was completed in December 2014. BTL specializes in the renovation of existing buildings for pharmaceutical use and has completed projects for various major pharmaceutical companies. The Company plans to fund this project from cash on hand. Construction is anticipated to be completed in Q3, 2015.
