Exact reported total revenues of \$0.0 million for the second quarter of 2014, compared to \$1.0 million for the second quarter of 2013. Exact reported a net loss of (\$19.4) million, or (\$0.24) a share, for the second quarter of 2014. The company had a net loss of (\$12.3) million, or (\$0.19) a share, for the same period of 2013. Operating expenses for the quarter ended June 30, 2014, were \$19.6 million, compared to \$13.4 million for the second quarter of 2013. Operating expenses for the first six months of 2014 totaled \$36.0 million, compared to \$25.3 million during the same period of 2013.

Exact ended the second quarter of 2014 with cash, cash equivalents and marketable securities of \$234.8 million, compared to \$133.3 million at Dec. 31, 2013. The company received \$137.7 million of net proceeds from a public offering of its common stock that closed in early April.

"We continue to prepare for Cologuard's commercialization. We recently successfully completed our FDA inspection without any findings or observations, made our reimbursement proposal to CMS, hired an eighty person direct sales force and, held an outstanding national sales training meeting last week," said Kevin T. "We are pleased with our launch readiness and look forward to working with physicians and patients, pending FDA approval, to improve colon cancer screening."
