PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Conseco, Inc. ("Conseco" or the "Company") for the Annual Meeting of Shareholders (the "Annual Meeting") to be held at the Ritz Charles, 12156 North Meridian Street, Carmel, Indiana on May 13, 1997, at 11:00 a.m., local time. It is expected that this Proxy Statement will be mailed to the shareholders on or about April 10, 1997. Proxies are being solicited principally by mail. Georgeson and Company, Inc. has been engaged to solicit proxies and provide certain investor analysis services for the Company for a fee of \$11,000 plus reasonable out-of-pocket expenses. Directors, officers and regular employees of Conseco may also solicit proxies personally by telephone, telegraph or special letter. All expenses incident to the preparation and mailing to the shareholders of the Notice, Proxy Statement and form of proxy are to be paid by Conseco.

If the enclosed form of proxy is properly executed and returned in time for the meeting, the named proxy holders will vote the shares represented by the proxy in accordance with the instructions marked on the proxy. Proxies returned unmarked will be voted in favor of the proposals referred to in the Notice of Annual Meeting of Shareholders. A shareholder may revoke a proxy at any time before it is exercised by mailing or delivering to Conseco a written notice of revocation or a later-dated proxy, or by attending the meeting and voting in person.

Only holders of record of shares of Conseco's common stock ("Common Stock") and shares of Conseco's Preferred Redeemable Increased Dividend Equity Securities, 7% PRIDES, Convertible Preferred Stock ("PRIDES" and, together with the Common Stock, the "Conseco Voting Stock") as of the close of business on April 1, 1997, will be entitled to vote at the meeting. On such record date, Conseco had _____ shares of Common Stock and _____ shares of PRIDES outstanding and entitled to vote. Holders of Common Stock and PRIDES will vote together as a single class at the Annual Meeting. Each share of Common Stock will be entitled to one vote with respect to each matter submitted to a vote at the meeting. Each share of PRIDES will be entitled to 4/5 of one vote with respect to each matter submitted to a vote at the meeting. The presence in person or by proxy of the holders of Conseco Voting Stock entitled to cast a majority of the votes at the Annual Meeting is necessary to constitute a quorum.

The election of Directors will be determined by the plurality of the votes cast by the holders of shares present in person or by proxy and entitled to vote. Consequently, the four nominees who receive the greatest number of votes cast will be elected as Directors of the Company. Action on any matter, other than the election of directors, is approved if the votes cast in favor of the action exceed the votes cast against it. Shares present which are properly withheld as to voting, and shares present with respect to which a broker indicates that it does not have authority to vote ("broker non-votes"), will not be counted. Abstention from voting or broker non-votes will have no effect since such actions do not represent votes cast by shareholders.

SECURITIES OWNERSHIP

The following table sets forth information as of April 9, 1997 regarding ownership of Common Stock (excluding shares held by subsidiaries not entitled to vote) by the only persons known to own beneficially more than five percent thereof, by the Directors individually, by the executive officers named in the Summary Compensation Table on page 13 individually, and by all executive officers and Directors of Conesco as a group. Where any footnote indicates that shares included in the table are owned by, or jointly with, family members or by an affiliate of such person, the executive officer or Director may be deemed to exercise shared voting and investment power with respect to those shares, unless otherwise indicated. The amounts shown below for each of the Directors and executive officers do not include (i) stock options which are not exercisable within 60 days of April 9, 1997 providing for the right to purchase an aggregate of 8,947,240 shares of Common Stock and (ii) an aggregate of 2,997,689 units (each representing one share of Common Stock) under Conesco's Amended and Restated Stock Bonus and Deferred Compensation Program (the "Deferred Compensation Program") and the Conesco 1994 Stock and Incentive Plan (the "1994 Stock Plan"). See footnote (2) to the Summary Compensation Table and EXECUTIVE COMPENSATION, RELATED PARTY TRANSACTIONS AND OTHER INFORMATION -- Compensation of Directors. The executive officers and Directors do not own any shares of any other class of equity securities of Conesco. All share and per-share information in this Proxy Statement has been adjusted to reflect a two-for-one stock split of the Common Stock effected February 11, 1997.

**AMENDMENT TO THE ARTICLES OF INCORPORATION
TO INCREASE AUTHORIZED COMMON STOCK**

At a meeting held on February 18, 1997, the Company's Board of Directors unanimously adopted a resolution approving, and submitting to a vote of the shareholders, an amendment to Article V of the Company's Amended and Restated Articles of Incorporation (the "Articles of Incorporation") which would increase the Company's authorized shares of Common Stock from 500,000,000 to 1,000,000,000. If the amendment to Article V is approved by the shareholders, the additional authorized shares of Common Stock would be available for general corporate purposes, including acquisitions, raising additional capital, stock dividends or stock splits. In 1996 and 1997, the Company issued or reserved for issuance approximately 80.3 million shares of Common Stock in connection with the acquisitions of Life Partners Group, Inc., American Travellers Corporation, Transport Holdings Inc., Bankers Life Holding Corporation and Capitol American Financial Corporation. The Company also issued 127.1 million shares of Common Stock in April 1996 and February 1997 to effect two-for-one splits of the outstanding shares. All share amounts in this Proxy Statement reflect such splits.

On April 1, 1997, the Company had outstanding _____ shares of Common Stock, excluding treasury shares. In addition, _____ shares of Common Stock were reserved for issuance as follows: _____ shares upon conversion of outstanding PRIDES, _____ shares upon conversion of the Company's 6.5% convertible subordinated debentures due 2005 (the "Convertible Debentures"), _____ shares upon exercise of options or warrants currently outstanding or remaining to be granted under the Company's stock option plans, _____ shares for issuance under other employee benefit plans and _____ shares in connection with the pending acquisition of Pioneer Financial Services, Inc.

Currently, the Company has no specific plans, understandings or arrangements for issuing any of the additional shares of Common Stock to be authorized by the proposed amendment. If the proposed amendment is adopted by the shareholders, the Board of Directors could authorize the issuance of any authorized but unissued shares of Common Stock, including those authorized by the amendment, on terms determined by it without further action by the shareholders, unless the shares were issued in a transaction, such as certain mergers or consolidations, requiring shareholder approval. All attributes of the additional shares of Common Stock would be the same as those of existing shares of authorized and unissued Common Stock. Under the Articles of Incorporation, the shareholders of the Company have no preemptive rights to subscribe to or purchase any shares of Common Stock, preferred stock, or other securities of the Company. Shareholders should also note that issuance of additional shares of capital stock may tend to affect the voting, dividend, liquidation and other rights of the capital stock presently outstanding.

Required Vote

The amendment of the Company's Articles of Incorporation will be approved if the number of votes for the amendment exceeds the number of votes against it. The Board of Directors recommends a vote "FOR" approval of the amendment. Space is provided in the enclosed proxy card for shareholders to vote for or against approval of the amendment, or to abstain from voting. If the shareholder does not indicate a choice with respect to this question, the enclosed proxy card will be voted for approval of the amendment.

Text of Amendment

If the shareholders approve the proposed amendment, the pertinent portion of Section 1 of Article V of the Company's Articles of Incorporation would be amended to read as follows:

ARTICLE V

Terms of Authorized Shares

SECTION 1. Designation. The authorized shares of the Corporation shall be divided into two (2) classes as follows:

(a) 1,000,000,000 shares of Common Stock without par value. The shares of Common Stock shall be identical with each other in all respects.

(The remainder of Section 1 is unchanged)

ELECTION OF DIRECTORS

The Board of Directors consists of nine members, divided into three classes containing three members each. John M. Mutz was appointed by the Board in February 1997 to fill the vacancy created by the resignation of Louis P. Ferrero from the Board. Mr. Ferrero, the President of Conseco Global Investments, Inc., agreed to leave the Board in order to restore a nonmanagement majority among Board members. Mr. Mutz has been nominated to serve the remaining two-year term expiring in 1999. Each of the other three Directors to be elected at the Annual Meeting have been nominated to serve a term of three years expiring in 2000. All Directors will serve until their successors are duly elected and qualified.

Unless authority is specifically withheld, the shares of Conseco Voting Stock represented by the enclosed form of proxy will be voted in favor of all nominees. Should any of the nominees become unable to accept election, the persons named in the proxy will exercise their voting power in favor of such person or persons as the Board of Directors of Conseco may recommend. All of the nominees have consented to being named in this Proxy Statement and to serve if elected. The Board of Directors knows of no reason why any of its nominees would be unable to accept election.

The Board recommends that you vote FOR the election of each of the nominees for Director.

The following information regarding each person nominated for election as a Director, and each person whose term will continue after the Annual Meeting, includes such person's age, positions with Conseco, principal occupation and business experience for the last five years, and tenure as a Director of Conseco:

PROPOSAL TO ADOPT 1997 NON-QUALIFIED STOCK OPTION PLAN

Background. The Board of Directors has adopted, and the shareholders are asked to approve, the Conseco, Inc. 1997 Non-qualified Stock Option Plan (the "1997 Plan"). The purpose of the 1997 Plan is to provide incentives to increase the personal financial identification of key personnel with the long-term growth of the Company and the interests of the Company's shareholders through the ownership and performance of the Company's Common Stock, to enhance the Company's ability to retain key personnel and to attract outstanding prospective executive employees.

The Omnibus Budget Reconciliation Act of 1993 ("OBRA") restricts the ability of public companies to deduct for tax purposes compensation in excess of \$1,000,000 per year paid to its five most highly compensated officers. The shareholders are asked to approve the material terms of the 1997 Plan, in part, to satisfy the requirement of OBRA with respect to the deductibility of this compensation. The material terms consist of (i) the individuals eligible to receive stock options, (ii) the business criteria on which awards under the 1997 Plan are based, and (iii) the maximum amount of stock options which may be granted to an individual in any year under the 1997 Plan.

The summary of the 1997 Plan which appears below is qualified in its entirety by reference to the full text of the 1997 Plan attached hereto as Exhibit A.

Types of Awards. The 1997 Plan provides for the grant of non-qualified stock options (options which are not "incentive stock options" under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code")). Awards may be made to the same person on more than one occasion as determined by the Compensation Committee of the Board of Directors (the "Committee").

Term. The 1997 Plan was effective on April ____, 1997. The 1997 Plan will remain in effect until all awards have been satisfied or expired. The 1997 Plan may be terminated by the Board of Directors, but any such termination will not affect awards made prior to termination.

Administration. The 1997 Plan will be administered by the Committee. None of the members of the Committee are officers or employees, or former officers or employees, of the Company or its subsidiaries. Other than participating in formula awards under other employee benefit plans of the Company, no member of the Committee shall be eligible to participate in the 1997 Plan or any other employee benefit plan while serving on the Committee. The Board intends that each member of the Committee shall be a "Non-Employee Director" within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934 (the "Exchange Act") and an "Outside Director" within the meaning of Section 162(m) of the Code. Subject to the terms of the 1997 Plan, the Committee, consistent with the terms of the 1997 Plan, will have authority (i) to select personnel to receive awards, (ii) to determine the timing, form, amount or value and terms of grants, and the conditions and restrictions, if any, subject to which grants will be made and become payable under the 1997 Plan, (iii) to construe the 1997 Plan and to prescribe rules and regulations with respect to the administration of the 1997 Plan and (iv) to make such other determinations authorized under the 1997 Plan, as the Committee deems necessary or appropriate. All decisions made by the Committee shall be final, conclusive, and binding on all parties.

Eligibility. Only officers of the Company and its subsidiaries, as designated by the Committee, are eligible to participate under the 1997 Plan.

Shares Subject to the 1997 Plan. The number of shares of Common Stock for which non-qualified stock options may be granted under the 1997 Plan, when added to all outstanding, unexpired options under the 1997 Plan and the Company's other employee benefit plans, may not exceed 20 percent of the shares of Common Stock outstanding on the date of grant. In determining the number of shares outstanding on the date of grant, the Committee shall include the number of shares then issuable under any outstanding securities of the Company (other than options) which are then exchangeable for or convertible into Common Stock. The shares of Common Stock issuable under the 1997 Plan may be authorized and unissued shares or treasury shares.

As of April 1, 1997, there were (i) _____ shares of Common Stock outstanding, (ii) _____ shares issuable upon conversion or exercise of outstanding PRIDES, Convertible Debentures and warrants, and (iii) outstanding options to purchase _____ shares of Common Stock under the Company's existing employee benefit plans. Therefore, as of April 1, 1997, Consecoco would have been permitted to grant options under the 1997 Plan to purchase an aggregate of _____ shares of Common Stock. This number represents the amount by which 20 percent of the sum of the shares outstanding plus shares issuable upon conversion (items (i) and (ii) above) exceeds the number of outstanding stock options. Non-qualified stock options may also be granted under the 1994 Plan. As of the date of this Proxy Statement, _____ shares remained available for grants and awards under the 1994 Plan. Grants of non-qualified options under the 1994 Plan are not subject to the 20 percent limitation contained in the 1997 Plan.

Maximum Awards. The maximum number of shares of Common Stock that may be subject to options granted under the 1997 Plan to an individual optionee during any calendar year cannot exceed the sum (subject to adjustment in the event of stock dividends, stock splits and certain other events) of (a) 1,000,000 plus (b) the number of shares (not to exceed 3,000,000) which may be issued pursuant to an option granted under a Reload Program as described below, plus (c) the number of options provided for in an employment contract that has been approved by a vote of the shareholders. As an inducement to holders of non-qualified stock options to exercise those options significantly before their expiration date, the Committee may offer a Reload Program to such holders. Under the Reload Program, new options may be granted for a number of shares equal to

(a) the sum of (i) the total exercise price of the prior options exercised in the Reload Program plus (ii) the taxes incurred by the holder as a result of such exercise (deemed to be 45% of the taxable income resulting from such exercise) divided by (b) the exercise price per share of the newly granted option.

Stock Options. The Committee may grant awards in the form of options to purchase shares of Common Stock. The Committee will, with regard to each stock option, determine the number of shares subject to the option and the manner and time of the option's exercise. The exercise price of a stock option will be equal to the fair market value of the Common Stock on the date the option is granted. Each option will be a non-qualified stock option. The option price upon exercise may, at the discretion of the Committee, be paid by a participant in cash, shares of Common Stock or a combination thereof. Except as set forth below with regard to Change of Control, no option will be exercisable within six months of the date of grant. The effect of an optionee's termination of employment by reason of death, retirement, disability, or otherwise will be specified in the option agreement which evidences each option grant.

Agreements. Each award under the 1997 Plan will be evidenced by an agreement in such form and containing such provisions not inconsistent with the provisions of the applicable plan as the Compensation Committee from time to time approves. In applicable situations, such agreements may include provisions providing for the payment of the option price, in whole or in part, by the delivery of a number of shares of Common Stock (plus cash if necessary) having a fair market value equal to any option price. Such agreements may also include, without limitation, provisions relating to (i) vesting (including a provision that options shall continue to vest and remain exercisable for so long as a holder who terminates employment with the Company remains an employee of any Consecoco subsidiary or an affiliate of Consecoco), (ii) tax matters (including provisions (x) covering any applicable employee wage withholding requirements, (y) prohibiting a holder from making an election under Section 83(b) of the Code, or (z) providing "gross up" payments to compensate eligible individuals for any excise taxes imposed as a result of a Change of Control payment) and (iii) any other matters not inconsistent with the terms and provisions of the 1997 Plan that the Committee in its sole discretion determines. The terms and conditions of agreements need not be identical.

Amendment. The Board of Directors may at any time terminate or amend the 1997 Plan in any respect, except that the Board may not, without approval of the shareholders of the Company, amend the 1997 Plan so as to (i) increase the limitation on the number of shares of Common Stock which may be issued under the 1997 Plan or change the option exercise price; (ii) modify the requirements as to eligibility for participation; or (iii) materially increase the benefits accruing to participants under the 1997 Plan. No amendment or termination of the 1997 Plan shall, without the consent

of the optionee or participant in the 1997 Plan, alter or impair the rights of such person under any options theretofore granted under the 1997 Plan.

Change of Control. In order to maintain all of the participants' rights in the event of a Change of Control (as defined in the 1997 Plan), all outstanding options shall immediately vest and become exercisable or satisfiable upon the occurrence of a Change of Control. The Committee, in its discretion, may determine that upon the occurrence of such a transaction, each award outstanding shall terminate within a specified number of days after notice to the holder thereof, and such holder shall receive, with respect to each share of Common Stock subject to such option, cash in an amount equal to the excess of

(i) the higher of (x) the Fair Market Value (as defined in the 1997 Plan) of such share of Common Stock immediately prior to the occurrence of such transaction or (y) the value of the consideration to be received in such transaction for one share of Common Stock over (ii) the price per share, if applicable, of Common Stock set forth in such option. If the consideration offered to shareholders of the Company in any transaction described in this paragraph consists of anything other than cash, the Committee shall determine the fair cash equivalent of the portion of the consideration offered which is other than cash. These provisions will not terminate any rights of a holder to further payments pursuant to any agreement between the Company and such holder following a Change of Control. A "Change of Control" of the Company is deemed to occur under the 1997 Plan if: (i) any person becomes the beneficial owner, directly or indirectly, of securities of Conseco representing 25 percent or more of the combined voting power of Conseco's outstanding securities then entitled to vote for the election of directors; or (ii) as the result of a tender offer, merger, consolidation, sale of assets, or contest for election of directors, or any combination of the foregoing transactions or events, individuals who were members of the Board of Directors of Conseco immediately prior to any such transaction or event shall not constitute a majority of the Board of Directors following such transaction or event. However, no Change of Control shall be deemed to have occurred if and when either: (i) any such change is the result of a transaction which constitutes a "Rule 13e-3 transaction" as such term is defined in Rule 13e-3 promulgated under the 1934 Act; or (ii) any such person becomes, with the approval of the Board of Directors of Conseco, the beneficial owner of securities of Conseco representing 25 percent or more but less than 50 percent of the combined voting power of Conseco's then outstanding securities entitled to vote with respect to the election of its Board of Directors and in connection therewith represents, and at all times continues to represent, in a filing, as amended, with the SEC on Schedule 13D or Schedule 13G (or any successor Schedule thereto) that "such person has acquired such securities for investment and not with the purpose nor with the effect of changing or influencing the control of Conseco, nor in connection with or as a participant in any transaction having such purpose or effect," or words of comparable meaning and import.

Federal Income Tax Consequences

Non-Qualified Stock Options. Under current federal income tax law, the grant of a non-qualified stock option has no tax effect on the Company or the option holder to whom it is granted. Generally, the exercise of the option will result in ordinary income to the option holder equal to the excess of the fair market value of the shares at the time of exercise over the option price. If the option holder pays cash to exercise the option, the option holder's tax basis in the shares received will be the aggregate exercise price paid by the option holder plus the amount of taxable income recognized upon exercise. Upon any subsequent disposition of such shares, gain or loss will be capital gain or loss and will be long term if such shares are held more than one year after exercise. Generally, the Company will be allowed to take a deduction for federal income tax purposes in an amount equal to such recognized income at the time of recognition for ordinary income by the option holder.

If the option holder pays the exercise price by delivering existing shares of the Common Stock, the tax treatment of the income from the difference between the option price and the fair market value of the stock received is the same as described above. Generally no gain is recognized by the option holder on the transfer of the option holder's existing stock. The corresponding number of shares received on exercise of the option will be treated as if they are the same as the shares used to pay for the exercise of the option. Thus, gain on the shares used to pay the option price will be deferred until the substituted shares received are later sold.

Effect of Restrictions. Under general tax rules, if the shares received on exercise of non-qualified options are subject to restrictions on transfer and risk of forfeiture, taxation of the transaction (and the Company's deduction) will be deferred until the restrictions lapse, unless the participant makes an election to be taxed at the time of exercise in which case a corresponding deduction will be allowed for the Company. Award agreements may also prohibit a holder from making an election to be taxed before the lapse of the restrictions.

Section 162(m) Deductibility Limitation. As noted above, under OBRA the allowable federal income tax deduction for compensation paid or accrued with respect to the chief executive officer and as many as four other officers of the Company is limited to no more than \$1,000,000 per year. However, Section 162(m) of the Code provides an exception to the deductibility limitation. The 1997 Plan is intended to comply with Section 162(m) of the Code, thereby preserving the Company's deduction for any compensation paid to its executive officers. Section 162(m) provides that income received by the five most highly compensated officers of a publicly traded company in excess of \$1,000,000 will not be deductible by that company unless such income is derived from a performance-based plan within the meaning of Section 162(m).

Compensation generated by options granted under the 1997 Plan generally will be entitled to the benefit of an exception if they are granted at fair-market value on the date of grant because (a) the 1997 Plan, as it applies to such officers, will be administered by a committee consisting solely of "outside directors" within the meaning of Section 162(m), (b) the 1997 Plan will be effective only upon approval by the Company's shareholders and (c) the 1997 Plan limits the maximum number of options that can be granted to any executive for any calendar year to the sum (subject to adjustment for stock splits, etc.) of (i) 1,000,000, plus

(ii) the number of shares (not to exceed 3,000,000) which may be issued pursuant to an option granted under a Reload Program, plus (iii) options provided for in an employment contract that has been approved by a vote of the shareholders. Any options granted at a price below fair market value on the date of grant may be subject to the OBRA deduction limitation unless such awards meet a separate performance exception.

Other Deductibility Limits. Awards under the 1997 Plan provide for accelerated exercisability or vesting upon a change in ownership or control of the Company, which may cause certain amounts to be characterized as parachute payments. An employee generally is deemed to have received a "parachute payment" in the amount of compensation that is contingent upon a change in ownership if such compensation exceeds, in the aggregate, three times the employee's base amount, which is generally the employee's average annual compensation for the five preceding years. An employee's "excess parachute payment" is the excess of the employee's total parachute payments over three times such base amount. An employee will be subject to a 25% excise tax on, and the Company will be denied a deduction for, any "excess parachute payment."

No grants have been made under the 1997 Plan. The closing sales price of the Common Stock on March 20, 1997, as reported on the New York Stock Exchange, was \$37.625 per share.

EXECUTIVE COMPENSATION, RELATED PARTY TRANSACTIONS AND OTHER INFORMATION

Report of the Compensation Committee on Executive Compensation

The Compensation Committee of the Board of Directors reviews and approves compensation plans in which Conseco's officers and directors are entitled to participate, the terms of employment contracts with Conseco's senior executive officers and the annual cash bonuses paid to Conseco's executive vice presidents. The Compensation Committee also administers the 1994 Stock Plan, the 1997 Plan, Deferred Compensation Program and other incentive plans. The Compensation Committee is currently composed of four independent, non-employee members of the Board.

The compensation of the Company's Chief Executive Officer (the "CEO") is established by the terms of his Employment Agreement dated January 1, 1987, as amended (the "CEO Contract"). Under the CEO Contract, the major portion of the CEO's cash compensation is tied directly to the Company's financial performance, because his annual cash bonus is a fixed percentage (three percent) of the Company's consolidated pre-tax net profits for the year (before deduction of the bonus payable to the CEO under the CEO Contract). For 1996, such consolidated pre-tax net profits were \$452.5 million, resulting in a bonus to the CEO of \$13,576,436.

Conseco's Executive Vice Presidents ("EVPs"), all of whom are Named Officers in the Summary Compensation Table, are employed under employment agreements which provide for a base salary of \$250,000 per year and annual cash bonuses in the discretion of the Board of Directors. In 1994, the Compensation Committee adopted the Performance-Based Compensation Bonus Plan for Executive Vice Presidents (the "Bonus Plan") under which cash bonuses for the EVPs are determined by a formula in compliance with Section 162(m) of the Internal Revenue Code. The Bonus Plan was approved by the shareholders at the 1994 Annual Meeting of Shareholders. The Compensation Committee has the sole discretion, taking into account such subjective factors or other matters as they believe are appropriate in the best interests of Conseco and its shareholders, to decrease the bonus otherwise payable to an EVP under the Bonus Plan, if the CEO recommends such a decrease.

The Bonus Plan provides for annual performance-based cash bonuses determined based upon a percentage of Conseco's consolidated pre-tax net profits for the year (before deduction of bonuses payable to the EVPs under the Bonus Plan or to the CEO under the CEO Contract). Under the Bonus Plan, each of the EVPs was entitled to receive for 1996 a performance-based cash bonus equal to one percent of the consolidated pre-tax net profits of Conseco. Such percentage was determined based upon the average return on equity ("ROE") of Conseco for the two years ending December 31, 1995 compared to the average ROE of all publicly-held life and health insurance companies for the same period (the "ROE Ratio"). Because the ROE Ratio was greater than 200% for such two-year period the EVPs were entitled to a bonus equal to one percent of the consolidated pre-tax net profits of Conseco. The Compensation Committee adopted the one percent level for 1996 bonuses as provided for by the formula in the Bonus Plan based upon its subjective belief that providing significant awards to the EVPs for Conseco's level of pre-tax net profits would provide appropriate incentives to the EVPs to contribute to the performance of Conseco. The consolidated pre-tax net profits of Conseco for 1996 were \$471.4 million (before deduction of bonuses payable to the EVPs and CEO), resulting in a bonus to each EVP of \$4,714,040 for 1996. Pursuant to the Bonus Plan, the bonuses for 1997 will be up to one percent of the consolidated pre-tax net profits of the Company depending upon the ROE Ratio for the three years ending December 31, 1996 and subject to downward adjustment by the Compensation Committee as described above.

The Compensation Committee views the grant of stock options to be the Company's key long-term incentive reward program for the Company's officers, including the Named Officers. The Committee believes that because options are granted with an exercise price equal to the market value of the Common Stock on the date of grant, they are an effective incentive for officers to create value for the Company's shareholders and are an excellent means of rewarding executives who are in a position to contribute to the Company's long-term growth and profitability. Options have been granted annually to the Company's officers below the EVP level, based on a formula which relates the value of the options granted to a percentage of the recipient's annual cash compensation.

Options have been granted periodically to the Named Officers as a reward for contributing to the achievement of a specific project or transaction or exceptional performance relative to targeted profit goals, or as an incentive to future growth and profitability. The number of options granted to the CEO and the EVPs is not based on a formula such as the one which is used to determine the number of options granted to the other officers of the Company.

In March 1996, the Board of Directors approved an option exercise Reload Program under which the CEO and the EVPs exercised outstanding vested stock options to purchase 3,111,584 shares of Common Stock. The options exercised would otherwise have remained exercisable until the years 2000 through 2002. As a result of the exercise, the Company will be able to realize a tax deduction of approximately \$45 million, equal to the aggregate tax gain recognized by the executives as a result of the exercise. No cash was either received or paid by the participants in the program; participants paid for the exercised options by tendering approximately 320,000 previously owned shares and Consecos withheld approximately 1,284,000 shares from the exercise proceeds to cover federal and state taxes owed by the executives as a result of the exercise transaction. As part of the inducement to exercise the options, the Compensation Committee also granted new options at the current market price to the CEO and the EVPs equal to the number of shares surrendered and withheld for taxes.

Net of withheld shares, the participants received 1,508,000 shares of Common Stock in the program. As a result of the program, the number of shares owned by executives increased and the dilution attributable to stock options decreased. The program also made it possible for the executives to avoid having to sell a large number of shares in the open market to pay the tax obligations generated by the option exercise, thereby eliminating a potentially adverse effect on the market price of the Common Stock. No other options were granted in 1996 to the CEO or the EVPs.

The Compensation Committee believes options previously granted provided appropriate incentives to the CEO and the EVPs to make significant contributions to increases in the market capitalization of Consecos. The Compensation Committee desired to continue such incentives.

The CEO, EVPs and outside Directors are eligible to receive annual stock unit awards under the 1994 Stock Plan. The total amount awarded by Consecos in any year, together with all prior stock unit awards under the 1994 Stock Plan and all similar awards under the Deferred Compensation Program since January 1, 1989, may not exceed Consecos's consolidated total net gains from the sale of investments since January 1, 1989. Consecos's total award for a year is allocated pro rata among the participants based on their relative salary, fee and bonus compensation for the year. However, the amount awarded to a participant in any year may not exceed the greater of \$15,000 or 10 percent of his or her salary and bonus compensation for such year, unless Consecos's fully diluted earnings per share (reduced by the fully diluted earnings per share attributable to gains or losses from the sale of investments) for such year exceed 110 percent of such earnings per share for the preceding year, in which case the amount awarded may not exceed the greater of \$30,000 or 20 percent of the participant's salary, fee and bonus compensation for the year. The awards are converted each year to units representing shares of Common Stock by dividing the amount of the awards by the average market price per share for the Common Stock for the year. Each award becomes vested only if the participant remains employed with Consecos for five years after the award or dies, becomes disabled or attains age 60 while so employed, or upon a change of control of Consecos. See -- Employment Contracts and Change-In-Control Arrangements for the definition of change of control.

Employment Contracts and Change-In-Control Arrangements

Mr. Hilbert is employed pursuant to an employment agreement dated January 1, 1987, which provides for an annual base salary of \$250,000, an annual bonus equal to 3 percent of Conseco's annual pre-tax net profits, and certain insurance and other fringe benefits. This agreement renews annually for a five-year period, unless either party notifies the other, in which case the agreement expires five years from the last renewal date. In February 1988, as a reward for extraordinary efforts in accomplishing the acquisition of Western National Life Insurance Company in 1987, in recognition of enhanced responsibilities as a result of such acquisition, and in consideration of his agreeing to enter into a covenant not to compete with Conseco, Conseco made a \$1,900,000 interest-free loan to Mr. Hilbert. See -- Certain Relationships and Related Transactions.

Conseco has employment agreements with Messrs. Dick, Gongaware and Inlow and Ms. Cuneo for terms ending December 31, 2001. Each employment agreement provides for a minimum annual salary of \$250,000, annual bonuses in the discretion of the Board of Directors, and certain insurance and other fringe benefits.

Each of the employment agreements described above includes provisions pursuant to which the employee may elect to receive, in the event of a termination of the agreement following a change in control of Conseco (a "Control Termination"), a severance allowance equal to 60 months of his or her monthly rate of salary, bonus and other benefits. For such purposes a Control Termination includes a termination by the employee if his or her duties or responsibilities are changed following a change in control. The employee also may elect to have Conseco purchase all Common Stock and all

options to purchase Common Stock, without deduction of the applicable exercise prices, held by such person at a price per share equal to the highest market price in the preceding six months.

As defined in the employment agreement for Mr. Hilbert, "change in control" means a change in control of a nature that would be required to be reported in response to Item 6(e) of Schedule 14A of Regulation 14A promulgated under the 1934 Act. A "change in control" shall be deemed to have occurred if and when: (i) any person is or becomes a beneficial owner, directly or indirectly, of securities of Consecor representing 25 percent or more of the combined voting power of Consecor's then outstanding securities; or (ii) individuals who were members of the Board of Directors immediately prior to a meeting of the shareholders of Consecor involving a contest for the election of directors shall not constitute a majority of the Board of Directors following such election. The employment agreements for the remaining Named Officers contain the same "change in control" definition except no change in control shall have occurred pursuant to: (i) a Rule 13e-3 transaction under the 1934 Act; or (ii) any person becoming, with the approval of the Board of Directors of Consecor, the beneficial owner of 25 percent or more but less than 50 percent of the combined voting power of Consecor's then outstanding securities entitled to vote with respect to the election of Consecor's Board of Directors and such person's ownership is for investment purposes.

See the discussion under the table headed Option Grants in 1996 concerning change-in-control provisions related to stock options. The stock units disclosed in footnote (2) to the Summary Compensation Table must be paid out following a change in control. For stock units under the 1994 Stock Plan, the definition of change in control is the same as that disclosed below for the options granted in 1996. For stock units awarded under the Deferred Compensation Program, a change in control will be deemed to have occurred if: (i) any "person," including a "group" as determined in accordance with Section 13(d)(3) of the 1934 Act, is or becomes the beneficial owner, directly or indirectly, of securities of Consecor representing 30 percent or more of the combined voting power of Consecor's then outstanding securities; (ii) as a result of, or in connection with, any tender offer or exchange offer, merger or other business combination, sale of assets or contested election, or any combination of the foregoing transactions (a "Transaction"), the persons who were directors of Consecor before the Transaction shall cease to constitute a majority of the Board of Directors of Consecor or any successor to Consecor; (iii) Consecor is merged or consolidated with another corporation and, as a result of the merger or consolidation, less than 70 percent of the outstanding voting securities of the surviving or resulting corporation shall then be owned, in the aggregate, by the former stockholders of Consecor, other than (a) affiliates within the meaning of the 1934 Act or (b) any party to the merger or consolidation; (iv) a tender offer or exchange offer is made and consummated for the ownership of securities of Consecor representing 30 percent or more of the combined voting power of Consecor's then outstanding voting securities; or (v) Consecor transfers substantially all of its assets to another corporation which is not a wholly-owned subsidiary of Consecor.

The following table sets forth certain information concerning the exercise in 1996 of options to purchase Common Stock by the five Named Officers and the unexercised options to purchase Common Stock held by such individuals at December 31, 1996.

(1) The value realized equals the aggregate amount of the excess of the fair market value on the date of exercise of \$16.22 (the average of the high and low sale prices of the Common Stock as reported by the New York Stock Exchange ("NYSE") for the exercise date) over the relevant exercise prices which ranged from \$1.56 to \$6.34 per share, the market values on the dates the options were originally granted. The options exercised were granted from 1990 to 1992.

(2) The value is calculated based on the aggregate amount of the excess of \$31.59 (the average of the high and low sale prices of the Common Stock as reported by the NYSE for the last business day of 1996) over the relevant exercise prices.

The following table sets forth certain information concerning options to purchase Common Stock granted in 1996 to the five Named Officers.

(1) Exercise price is the average of the high and low sales prices as reported by the NYSE for the date of grant.

(2) Valued using a modified Black-Scholes option pricing model. The exercise price of each option is equal to the fair market value of the underlying Common Stock on the date of grant. The assumptions used in the model were: 28% volatility (which was the implied volatility of the Common Stock at the date of grant); a 6.0% risk-free rate of return (which was the yield as of the date of grant on a U.S. Strip Treasury zero-coupon bond expiring in September 2000); a .2% dividend yield (which was the dividend yield on the date of grant); and a four and one-half year average life for the options (which was the approximate average life of all previously issued options). A discount of 25% was applied to the option value yielded by the model to reflect the non-transferability and the possibility of forfeiture of employee options. Consec's use of this model does not constitute an acknowledgment that the resulting values are accurate or reasonable. The actual gain executives will realize on the options will depend on the future price of Common Stock and cannot be accurately forecasted by application of an option pricing model.

(3) The options reported are non-qualified stock options which vested six months after the date of grant. The options were granted as part of the Company's option exercise program. See -- Report of the Compensation Committee on Executive Compensation.

The options granted in 1996 were under the 1994 Stock Plan. All outstanding options under the 1994 Stock Plan immediately vest and become exercisable or satisfiable upon the occurrence of a Change of Control. The Compensation Committee, in its discretion, may determine that upon the occurrence of such a transaction, each option outstanding shall terminate within a specified number of days after notice to the holder thereof, and such holder shall receive, with respect to each share of Common Stock subject to such option, cash in an amount equal to the excess of: (i) the higher of (x) the Fair Market Value (as defined in the 1994 Stock Plan) of such shares of Common Stock immediately prior to the occurrence of such transaction or (y) the value of the consideration to be received in such transaction for one share of Common Stock; over (ii) the price per share, if applicable, of Common Stock set forth in such option. If the consideration offered to shareholders of Consec in any transaction described in this paragraph consists of anything other than cash, the Compensation Committee shall determine the fair cash equivalent of the portion of the consideration offered which is other than cash. These provisions will not terminate any rights of a holder to further payments pursuant to any agreement between Consec and such holder following a Change of Control. A "Change of Control" of Consec is deemed to occur under the 1994 Stock Plan if:

(i) any person, becomes the beneficial owner, directly or indirectly, of securities of

Conseco representing 25 percent or more of the combined voting power of Conseco's outstanding securities then entitled to vote for the election of directors; or (ii) as the result of a tender offer, merger, consolidation, sale of assets, or contest for election of directors, or any combination of the foregoing transactions or events, individuals who were members of the Board of Directors of Conseco immediately prior to any such transaction or event shall not constitute a majority of the Board of Directors following such transaction or event. However, no Change of Control shall be deemed to have occurred if and when either: (i) any such change is the result of a transaction which constitutes a "Rule 13e-3 transaction" as such term is defined in Rule 13e-3 promulgated under the 1934 Act; or (ii) any such person becomes, with the approval of the Board of Directors of Conseco, the beneficial owner of securities of Conseco representing 25 percent or more but less than 50 percent of the combined voting power of Conseco's then outstanding securities entitled to vote with respect to the election of its Board of Directors and in connection therewith represents, and at all times continues to represent, in a filing, as amended, with the SEC on Schedule 13D or Schedule 13G (or any successor Schedule thereto) that "such person has acquired such securities for investment and not with the purpose nor with the effect of changing or influencing the control of Conseco, nor in connection with or as a participant in any transaction having such purpose or effect," or words of comparable meaning and import.

In the event of a Control Termination of the employment agreement of a Named Officer (see -- Employment Contracts and Change-in-Control Arrangements) each Named Officer may elect, within 60 days after such Control Termination, to receive a lump sum payment from Conseco in return for surrender by the Named Officer of all or any portion of the options then outstanding held by the Named Officer to purchase shares of Common Stock ("Unexercised Options"). Unexercised Options include all outstanding options whether or not then exercisable. For each Unexercised Option to purchase one share of Common Stock, Conseco must pay to the Named Officer an amount equal to the highest per share fair market value of Common Stock on any day during the period beginning six months prior to the date of the Named Officer's election pursuant to his or her employment agreement. To compensate the Named Officer for loss of the potential future speculative value of the Unexercised Options, no deduction may be made for the exercise price per share for each Unexercised Option from the amount to be received by the Named Officer.

Compensation of Directors

Directors who are not also employees of Conseco are entitled to receive an annual fee of \$25,000, a fee of \$500 for each Board or committee meeting they attend, and an annual fee of \$3,000 for serving as chairman of a Board committee. Directors are eligible to participate in and receive annual awards of up to \$30,000 under the 1994 Stock Plan. For 1996, 714 stock units were awarded under the 1994 Stock Plan to each of Dr. Decatur and Messrs. Hathaway, Massey and Murray. The Common Stock represented by the stock unit awards for 1996 had a market value of \$_____ on March 31, 1997 (the date of award). Such stock unit awards vest (assuming the Director continues in office) upon the earlier of: (i) the Director attaining the age of 60; (ii) the total and permanent disability of the Director; (iii) the death of the Director; (iv) the occurrence of a Change of Control (as defined in the second preceding paragraph); or (v) the fifth anniversary of the end of the fiscal year for which the award was made. The 1994 Stock Plan also provides for an annual grant to each non-employee director of options to purchase 5,000 shares of Common Stock on the date of the annual meeting of shareholders at a price equal to the market price of Common Stock on the date of grant. Dr. Decatur and Messrs. Hathaway, Massey and Murray each received such a grant in 1996. The options vest 20 percent per year on each of the first five anniversary dates of grant, subject to acceleration upon a Change of Control.

Compensation Committee Interlocks and Insider Participation in Compensation Decisions

The current members of the Compensation Committee are Messrs. Hathaway, Massey and Murray, each of whom served on the Compensation Committee throughout 1996, and Dr. Decatur, who was appointed to the Compensation Committee in May 1996. Mr. Massey serves as the Chairman of the Compensation Committee. Messrs. Massey and Murray and Dr. Decatur are participants in the Director, Executive and Senior Officer Stock Purchase Plan. See -- Certain Relationships and Related Transactions.

Mr. Murray was a limited partner of Conseco Capital Partners II, L.P. ("Partnership II"), as was each Named Officer. In September 1996, each of them received distributions from Partnership II in connection with Conseco's purchase of American Life Holdings, Inc. ("ALH"). See -- Certain Relationships and Related Transactions.

Certain Relationships and Related Transactions

In April 1996, Conseco adopted a Director, Executive and Senior Officer Stock Purchase Plan to encourage direct, long-term ownership of Conseco stock by Directors, executive officers and certain senior officers. Under the Plan, up to 4 million shares of Common Stock could be purchased in open market or negotiated transactions with independent parties. Participants could elect to purchase up to 50 percent of their participation in the form of PRIDES. Purchases were financed by personal loans to the participants from a bank. Such loans were collateralized by the Conseco stock purchased. Conseco guaranteed the loans, but has recourse to the participants if it incurs a loss under the guarantee. In addition, Conseco has agreed to provide loans to the participants for the interest payments under the bank loans. A total of 22 Directors and officers of Conseco elected to participate in the Plan and purchased all 4 million shares of Common Stock offered under the Plan. At December 31, 1996, the bank loans guaranteed by Conseco totaled \$83.4 million and the loans provided by Conseco totaled \$2.2 million. The Common Stock which collateralizes the bank loans had a fair value of \$144.5 million on February 6, 1997. On February 18, 1997, the Plan was expanded to permit the purchase of an additional 4 million shares. Under the expanded Plan, Conseco may guarantee up to \$250 million of bank loans (including the current \$83.4 million) to be made to participants. As of December 31, 1996, the outstanding principal balances of the interest-payment loans provided by Conseco to the Directors and the Named Officers (or to trusts or limited partnerships established by them) were as follows: Mr. Hilbert, \$752,847; Ms. Cuneo, \$114,076; Mr. Dick, \$456,269; Mr. Gongaware, \$228,134; Dr. Decatur, \$23,745; Mr. Inlow, \$229,498; Mr. Massey, \$57,600; and Mr. Murray, \$261,469. Such loans bear interest at the variable rate per annum equal to the lowest interest rate per annum being paid by Conseco under its most senior borrowing facility, and as of December 31, 1996, the interest rate on such loans was 5.865%. As of December 31, 1996, the outstanding principal balances of the bank loans to the Directors and Named Officers (or to trusts or limited partnerships established by them) which are guaranteed by Conseco were as follows: Mr. Hilbert, \$27,516,975; Ms. Cuneo, \$4,169,300; Mr. Dick, \$16,676,840; Mr. Gongaware, \$8,338,418; Dr. Decatur, \$833,913; Mr. Inlow, \$8,338,703; Mr. Massey, \$2,084,677; and Mr. Murray, \$9,589,174.

In January 1994, the Named Officers and Mr. Murray made personal commitments to invest as limited partners in Partnership II. Partnership II completed the acquisition of ALH in September 1994. In connection with the purchase of shares of ALH common stock by the Company on September 30, 1996, the Named Officers and Mr. Murray received distributions from Partnership II in the following approximate amounts: Mr. Hilbert, \$5,097,318; Mr. Murray, \$1,461,230 (including amounts as to which Mr. Murray disclaims beneficial ownership); Mr. Dick, \$1,359,285; Mr. Gongaware, \$1,359,285; Mr. Inlow, \$1,359,285; and Ms. Cuneo, \$679,642. On September 30, 1996, a charitable foundation of which Mr. Dick is a trustee also sold to the Company 23,582 shares of ALH common stock for \$542,386, and on August 30, 1996, the same charitable foundation sold to the Company 565 shares of ALH 1994 Series Preferred Stock for \$632,737.

In February 1988, as a reward for extraordinary efforts in accomplishing the acquisition of Western National Life Insurance Company in 1987, in recognition of enhanced responsibilities as a result of such acquisition, and in consideration of his agreeing to enter into a covenant not to compete with the Company, the Company made a \$1,900,000 interest-free loan to Mr. Hilbert. The loan was evidenced by a secured promissory note. Such note was replaced with an unsecured promissory note dated May 13, 1996 which does not bear interest prior to maturity and is payable in one installment due two years after termination of Mr. Hilbert's employment agreement with

the Company. The Company accepted the new note because of Mr. Hilbert's increased net worth since February 1988. The note includes a covenant not to compete which continues in effect until maturity or until the note is paid in full, if earlier.

BOARD MEETINGS AND COMMITTEES

During 1996, the Board of Directors held eight meetings. All Directors attended at least 75 percent of the aggregate meetings of the Board and the committees on which they served.

The Board has a Compensation Committee which met or took action by written consent on four occasions during 1996. The Compensation Committee reviews and approves compensation plans in which officers and directors are entitled to participate, the terms of employment contracts with senior executive officers and the annual cash bonuses paid to executive vice presidents. The Compensation Committee also administers the 1994 Stock Plan and Conesco's other incentive plans. The Board also has an Audit Committee, which held two meetings in 1996. The Audit Committee oversees Conesco's accounting and financial reporting activities, including meeting with Conesco's independent auditors and its Chief Financial Officer to review the scope, cost and results of the independent audit and to review internal accounting controls, policies and procedures. The Board selects the independent auditors, upon recommendation of the Audit Committee. The members of these committees are identified in the table on pages 8 and 9. See ELECTION OF DIRECTORS.

The Board of Directors does not have a nominating committee. The Board reviews and approves all nominees for Directors and will consider candidates whose names are submitted in writing by shareholders. See SHAREHOLDER PROPOSALS.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 (the "1934 Act") requires Conesco's Directors and executive officers, and each person who is the beneficial owner of more than 10 percent of any class of Conesco's outstanding equity securities, to file with the Securities and Exchange Commission ("SEC") and the New York Stock Exchange initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of Conesco. Specific due dates for these reports have been established by the SEC, and Conesco is required to disclose in this Proxy Statement any failure by such persons to file such reports for fiscal year 1996 by the prescribed dates. Officers, Directors and greater than ten percent beneficial owners are required by SEC regulations to furnish Conesco with copies of all reports filed with the SEC pursuant to Section 16(a) of the 1934 Act. To Conesco's knowledge, based solely on review of the copies of reports furnished to Conesco and written representations that no other reports were required, all filings required pursuant to Section 16(a) of the 1934 Act applicable to Conesco's officers, Directors and greater than 10 percent beneficial owners were made for the year ended December 31, 1996, except for two late filings by Ngairé E. Cuneo relating to two transactions and one late filing by Donald F. Gongaware relating to one stock option exercise.

RELATIONSHIP WITH INDEPENDENT ACCOUNTANTS

Coopers & Lybrand L.L.P. served as the independent accountants to audit the financial statements of Conesco for 1996 and have been selected by the Board of Directors to serve as such for 1997. Representatives of Coopers & Lybrand L.L.P. are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they so desire, and will be available to respond to appropriate questions from the shareholders.

SHAREHOLDER PROPOSALS

Any proper proposal which a shareholder wishes to have included in the Board's proxy statement and form of proxy for the 1998 Annual Meeting must be received by Conesco by December 10, 1997.

ANNUAL REPORT

Conseco's Annual Report for 1996 is being mailed to the shareholders with this Proxy Statement, but is not part of the proxy solicitation material.

OTHER MATTERS

Management knows of no other matters which may be presented at the Annual Meeting. If any other matters should properly come before the meeting, the persons named in the enclosed form of proxy will vote in accordance with their best judgment on such matters.

The designation by any such person, with the approval of the Board of Directors of the Company, of a single individual to serve as a member of, or observer at meetings of, the Company's Board of Directors, shall not be considered "changing or influencing the control of the Company" within the meaning of the immediately preceding clause (B), so long as such individual does not constitute at any time more than one-third of the total number of directors serving on such Board.

If the Common Stock is traded over the counter at the time a determination of its fair market value is required to be made hereunder, its fair market value shall be deemed to be equal to the average between the reported high and low or closing bid and asked prices of Common Stock on the most recent date on which Common Stock was publicly traded. In the event Common Stock is not publicly traded at the time a determination of this value is required to be made hereunder, the determination of its fair market value shall be made by the Compensation Committee in such manner as it deems appropriate.

(k) "Holder" means an employee who has been granted an Option.

ARTICLE III.

Effective Date and Duration of the Plan

The Plan shall be effective as of February 18, 1997, the date of its adoption by the Board, provided the Plan is approved by the shareholders of the Company within twelve months thereafter. The Plan shall remain in effect until all Options granted under the Plan have been satisfied or expired or until the Plan is terminated in accordance with Article IX.

ARTICLE IV.

Administration

Section 4.01 Composition of Compensation Committee. The Plan shall be administered by a committee which shall be (i) appointed by the Board; and (ii) constituted solely of "outside directors," within the meaning of Section 162(m) of the Code and applicable interpretive authority thereunder.

Section 4.02 Powers. Subject to the provisions of the Plan, the Compensation Committee shall have sole authority, in its discretion, to determine which employees shall receive an Option, the time or times when such Option shall be made, and the number of shares of Common Stock which may be issued under each Option. In making such determinations the Compensation Committee may take into account the nature of the services rendered by the respective individuals, their present and potential contribution to the Company's success and such other factors as the Compensation Committee in its discretion shall deem relevant.

Section 4.03 Additional Powers. The Compensation Committee shall have such additional powers as are delegated to it by the other provisions of the Plan. Subject to the express provisions of the Plan, the Compensation Committee is authorized to construe the Plan and the respective agreements executed thereunder, to prescribe such rules and regulations relating to the Plan as it may deem advisable to carry out the Plan, to determine the terms, restrictions and provisions of each Award, and to make all other determinations necessary or advisable for administering the Plan. The Compensation Committee may correct any defect or supply any omission or reconcile any inconsistency in any agreement relating to an Option in the manner and to the extent it shall deem expedient to carry it into effect. The determinations of the Compensation Committee on the matters referred to in this Article IV shall be conclusive.

ARTICLE V.

Grant of Options; Shares Subject to the Plan

Section 5.01 Stock Option Limits. The Compensation Committee may from time to time grant Options to one or more individuals determined by it to be eligible for participation in the Plan in accordance with the provisions of Article VI. Subject to Article VIII, the aggregate number of shares of Common Stock for which Options may be granted under the Plan, when added to all outstanding, unexpired options under the Company's other employee benefit plans, shall not exceed 20% of the shares of Common Stock outstanding on the date of grant. In determining the number of shares outstanding on the date of grant, the Compensation Committee shall include the number of shares then issuable under any outstanding securities of the Company (other than options) which

are then exchangeable for or convertible into Common Stock. Notwithstanding any provision in the Plan to the contrary, the maximum number of shares of Common Stock that may be subject to Options under Article VII hereof granted to any one individual during any calendar year is: the sum (subject to adjustment in the same manner as provided in Article VIII with respect to shares of Common Stock subject to Options then outstanding) of (a) 1,000,000 plus (b) the number of shares (not to exceed 3,000,000) issued under a Reload Program as described below, plus (c) the number of options provided for in an employment contract that has been approved by a vote of the shareholders. As an inducement to holders of non-qualified stock options to exercise those options significantly before their expiration date, the Compensation Committee may offer a Reload Program to such holders. Under the Reload Program, new Options may be granted for a number of shares equal to (a) the sum of (i) the total exercise price of the prior options exercised in the Reload Program plus (ii) the taxes incurred by the holder as a result of such exercise (deemed to be 45% of the taxable income resulting from such exercise) divided by (b) the exercise price per share of the newly granted Option. The limitation set forth in the preceding sentence shall be applied in a manner which will permit compensation generated in connection with the exercise of Options to constitute "performance-based" compensation for purposes of Section 162(m) of the Code, including, without limitation, counting against such maximum number of shares, to the extent required under Section 162(m) of the Code and applicable interpretive authority thereunder, any shares subject to Options that are canceled or repriced.

Section 5.02 Stock Offered. The stock to be offered pursuant to the grant of an Option may be authorized but unissued Common Stock or Common Stock previously issued and outstanding and reacquired by the Company.

ARTICLE VI.

Eligibility

Options may be granted only to persons who, at the time of grant, are employees. Options under this Plan may not be granted to any Director who is not an employee of the Company. An Award may be granted on more than one occasion to the same person.

ARTICLE VII.

Stock Options

Section 7.01 Option Period. The term of each Option shall be as specified by the Compensation Committee at the date of grant.

Section 7.02 Limitations on Exercise of Option. An Option shall be exercisable in whole or in such installments and at such times as determined by the Compensation Committee.

Section 7.03 Option Agreement. Each Option shall be evidenced by an Option Agreement in such form and containing such provisions not inconsistent with the provisions of the Plan as the Compensation Committee from time to time shall approve. An Option Agreement may provide for the payment of the option price, in whole or in part, by the delivery of a number of shares of Common Stock (plus cash if necessary) having a Fair Market Value equal to such option price. Each Option Agreement shall provide that the Option may not be exercised earlier than six months from the date of grant and shall specify the effect of termination of employment on the exercisability of the Option. Moreover, an Option Agreement may provide for a "cashless exercise" of the Option by establishing procedures whereby the Holder, by a properly-executed written notice, directs (i) an immediate market sale or margin loan respecting all or a part of the shares of Common Stock to which he is entitled upon exercise pursuant to an extension of credit by the Company to the Holder of the option price, (ii) the delivery of the shares of Common Stock from the Company directly to a brokerage firm and (iii) the delivery of the option price from sale or margin loan proceeds from the brokerage firm directly to the Company. Such Option Agreement may also include, without limitation, provisions relating to (i) subject to the provisions hereof accelerating such vesting on a Change of Control, vesting of Options, including a provision that Options shall continue to vest and remain exercisable for so long as a Holder who terminates employment with the Company remains an employee of any Company subsidiary or affiliate of the Company, (ii) tax matters (including provisions covering any applicable employee wage withholding requirements and requiring additional "gross-up" payments to Holders to meet any excise taxes or other additional income tax liability imposed as a result of a Change of Control payment resulting from the operation of the Plan or of such Option Agreement), and (iii) any other matters not inconsistent with the terms and provisions of this Plan that the Compensation Committee shall in its sole discretion determine. The terms and conditions of the respective Option Agreements need not be identical.

Section 7.04 Option Price and Payment. The price at which a share of Common Stock may be purchased upon exercise of an Option shall be determined by the Compensation Committee, but such purchase price (i) shall not be less than the Fair Market Value of a share of Common Stock on the date such Option is granted, and (ii) shall be subject to adjustment as provided in Article VIII. The Option or portion thereof may be exercised by delivery of an irrevocable notice of exercise to the Company. The purchase price of the Option or portion thereof shall be paid in full in the manner prescribed by the Compensation Committee.

Section 7.05 Shareholder Rights and Privileges. The Holder shall be entitled to all the privileges and rights of a shareholder only with respect to such shares of Common Stock as have been purchased under the Option and for which certificates of stock have been registered in the Holder's name.

Section 7.06 Options in Substitution for Stock Options Granted by Other Corporations. Options may be granted under the Plan from time to time in substitution for stock options held by individuals employed by corporations who become employees as a result of a merger or consolidation of the employing corporation with the Company or any subsidiary, or the acquisition by the Company or a subsidiary of the assets of the employing corporation, or the acquisition by the Company or a subsidiary of stock of the employing corporation with the result that such employing corporation becomes a subsidiary.

ARTICLE VIII.

Recapitalization or Reorganization

Section 8.01 Stock Dividends, etc. The shares with respect to which Options may be granted are shares of Common Stock as presently constituted, but if, and whenever, prior to the expiration or distribution to the Holder of an Option theretofore granted, the Company shall effect a subdivision or consolidation of shares of Common Stock or the payment of a stock dividend on Common Stock without receipt of consideration by the Company, the number of shares of Common Stock with respect to which such Option may thereafter be exercised or satisfied, as applicable, (i) in the event of an increase in the number of outstanding shares shall be proportionately increased, and the purchase price per share shall be proportionately reduced, and (ii) in the event of a reduction in the number of outstanding shares shall be proportionately reduced, and the purchase price per share shall be proportionately increased.

Section 8.02 Recapitalizations. If the Company recapitalizes or otherwise changes its capital structure, thereafter upon any exercise or satisfaction, as applicable, of an Option theretofore granted the Holder shall be entitled to (or entitled to purchase, if applicable) under such Option, in lieu of the number of shares of Common Stock then covered by such Option, the number and class of shares of stock and securities to which the Holder would have been entitled pursuant to the terms of the recapitalization if, immediately prior to such recapitalization, the Holder had been the holder of record of the number of shares of Common Stock then covered by such Option.

Section 8.03 Change of Control. In the event of a Change of Control, all outstanding Options shall immediately vest and become exercisable or satisfiable, as applicable. The Compensation Committee, in its discretion, may determine that upon the occurrence of a Change of Control, each Option outstanding hereunder shall terminate within a specified number of days after notice to the Holder, and such Holder shall receive, with respect to each share of Common Stock subject to such Option, cash in an amount equal to the excess of (i) the higher of (x) the Fair Market Value of such share of Common Stock immediately prior to the occurrence of such Change of Control or (y) the value of the

consideration to be received in connection with such Change of Control for one share of Common Stock over (ii) the exercise price per share, if applicable, of Common Stock set forth in such Option. The provisions contained in the preceding sentence shall be inapplicable to an Option granted within six (6) months before the occurrence of a Change of Control if the Holder of such Option is subject to the reporting requirements of Section 16(a) of the 1934 Act and such disposition is not exempt under Rule 16b-3 but shall be applicable to such Option after the expiration of six (6) months from the date of grant. If the consideration offered to shareholders of the Company in any transaction described in this paragraph consists of anything other than cash, the Compensation Committee shall determine the fair cash equivalent of the portion of the consideration offered which is other than cash. The provisions contained in this paragraph shall not terminate any rights of the Holder to further payments pursuant to any other agreement with the Company following a Change of Control.

Section 8.04 Other Adjustments. In the event of changes in the outstanding Common Stock by reason of recapitalization, reorganizations, mergers, consolidations, combinations, exchanges or other relevant changes in capitalization occurring after the date of the grant of any Option and not otherwise provided for by this Article VIII, any outstanding Options and any agreements evidencing such Options shall be subject to adjustment by the Compensation Committee at its discretion as to the number and price of shares of Common Stock or other consideration subject to such Options. In the event of any such change in the outstanding Common Stock, the aggregate number of shares available under the Plan may be appropriately adjusted by the Compensation Committee, whose determination shall be conclusive.

Section 8.05 Impact of Plan. The existence of the Plan and the Options granted hereunder shall not affect in any way the right or power of the Board or the shareholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, any merger or consolidation of the Company, any issue of debt or equity securities ahead of or affecting Common Stock or the rights thereof, the dissolution or liquidation of the Company or any sale, lease, exchange or other disposition of all or any part of its assets or business or any other corporate act or proceeding.

Section 8.06 Shareholder Action. Any adjustment provided for in Sections 8.01, 8.02, 8.03 and 8.04 above shall be subject to any required shareholder action.

Section 8.07 Other. Except as hereinbefore expressly provided, the issuance by the Company of shares of stock of any class or securities convertible into shares of stock of any class, for cash, property, labor or services, upon direct sale, upon the exercise of rights or warrants to subscribe therefor, or upon conversion of shares of obligations of the Company convertible into such shares or other securities, and in any case whether or not for fair value, shall not affect, and no adjustment by reason thereof

shall be made with respect to the number of shares of Common Stock subject to Options theretofore granted or the purchase price per share.

ARTICLE IX.

Amendment and Termination of the Plan

The Board in its discretion may terminate the Plan at any time with respect to any shares for which Options have not theretofore been granted. The Board shall have the right to alter or amend the Plan or any part thereof from time to time; provided that no change in any Option theretofore granted may be made which would impair the rights of the Holder without the consent of the Holder (unless such change is required in order to cause the benefits under the Plan to qualify as performance-based compensation within the meaning of Section 162(m) of the Code and applicable interpretive authority thereunder), and provided, further, that the Board may not, without approval of the shareholders, amend the Plan:

- (a) to increase the maximum number of shares for which Options may be granted, except as provided in Article VIII;
- (b) to change the Option price;
- (c) to change the class of individuals eligible to receive Options or materially increase the benefits accruing to employees and Directors under the Plan;
- (d) to extend the maximum period during which Options may be granted under the Plan; or
- (e) to modify materially the requirements as to eligibility for participation in the Plan.

ARTICLE X.

Miscellaneous

Section 10.01 No Right To An Option. Neither the adoption of the Plan by the Company nor any action of the Board or the Compensation Committee shall be deemed to give an employee any right to be granted an Option to purchase Common Stock except as may be evidenced by an Option or by an Option Agreement duly executed on behalf of the Company, and then only to the extent and on the terms and conditions expressly set forth therein. The Plan shall be unfunded. The Company shall not be required to establish any special or separate fund or to make any other segregation of funds or assets to assure the payment of any Option.

Section 10.02 No Employment Rights Conferred. Nothing contained in the Plan shall (i) confer upon any employee any right with respect to continuation of employment with the Company or any subsidiary or (ii) interfere in any way with the right of the

Company or any subsidiary to terminate his or her employment (or service as a Director, in accordance with applicable corporate law) at any time.

Section 10.03 Other Laws; Withholding. The Company shall not be obligated to issue any Common Stock pursuant to any Option granted under the Plan at any time when the shares covered by such Award have not been registered under the Securities Act of 1933 and such other state and federal laws, rules or regulations as the Company or the Compensation Committee deems applicable and, in the opinion of legal counsel for the Company, there is no exemption from the registration requirements of such laws, rules or regulations available for the issuance and sale of such shares. No fractional shares of Common Stock shall be delivered, nor shall any cash in lieu of fractional shares be paid. The Company shall have the right to deduct in cash (whether under this Plan or otherwise) in connection with all Options any taxes required by law to be withheld and to require any payments required to enable it to satisfy its withholding obligations. In the case of any Option satisfied in the form of Common Stock, no shares shall be issued unless and until arrangements satisfactory to the Company shall have been made to satisfy any withholding tax obligations applicable with respect to such Option. Subject to such terms and conditions as the Compensation Committee may impose, the Company shall have the right to retain, or the Compensation Committee may, subject to such terms and conditions as it may establish from time to time, permit Holders to elect to tender Common Stock (including Common Stock issuable in respect of an Option) to satisfy, in whole or in part, the amount required to be withheld.

Section 10.04 No Restriction on Corporate Action. Nothing contained in the Plan shall be construed to prevent the Company or any subsidiary from taking any corporate action which is deemed by the Company or such subsidiary to be appropriate or in its best interest, whether or not such action would have an adverse effect on the Plan or any Option granted under the Plan. No employee, beneficiary or other person shall have any claim against the Company or any subsidiary as a result of any such action.

Section 10.05 Restrictions on Transfer. An Option shall not be transferable except (i) by will or the laws of descent and distribution, or (ii) by gift to any member of the Holder's immediate family or to a trust for the benefit of such immediate family member, if permitted in the applicable Option Agreement. An option may be exercisable during the lifetime of the Holder only by such Holder or the Holder's guardian or legal representative unless it has been transferred to a member of the Holder's immediate family or to a trust for the benefit of such immediate family member, in which case it shall be exercisable only by such transferee. For the purpose of this provision, a Holder's "immediate family" shall mean the Holder's spouse, children and grandchildren. Notwithstanding any such transfer, the Holder will continue to be subject to the withholding requirements provided for in Section 10.03 hereof.

G:\LEGAL\PLAN\STOC-OPT.NEW

Section 10.06 Section 162(m). It is intended that the Plan comply fully with and meet all the requirements of Section 162(m) of the Code so that Options granted hereunder with an exercise price not less than Fair Market Value of a share of Common Stock on the date of grant shall constitute "performance-based" compensation within the meaning of such section. If any provision of the Plan would disqualify the Plan or would not otherwise permit the Plan to comply with Section 162(m) as so intended, such provision shall be construed or deemed amended to conform to the requirements or provisions of Section 162(m); provided that no such construction or amendment shall have an adverse effect on the economic value to a Holder of any Option previously granted hereunder.

Section 10.07 Governing Law. This Plan shall be construed in accordance with the laws of the State of Indiana.
