CONSECO, INC.

CONSECO FINANCING TRUST IV

The securities offered hereby are FELINE PRIDES(SM) ("FELINE PRIDES" or the "Securities") of Conseco, Inc., an Indiana corporation ("Conseco" or the "Company"), and Conseco Financing Trust IV, a statutory business trust created under the laws of the State of Delaware (the "Trust"). Each FELINE PRIDES offered hereby initially will consist of a unit (referred to as an "Income PRIDES"(SM)) with a Stated Amount of \$50 (the "Stated Amount") comprised of (a) a stock purchase contract (a "Purchase Contract") under which (i) the holder will purchase from the Company on February 16, 2001 (the "Purchase Contract Settlement Date"), for an amount of cash equal to the Stated Amount, a number of newly issued shares of common stock, no par value per share (the "Common Stock"), of the Company equal to the Settlement Rate described herein, and (ii) the Company will pay the holder unsecured, subordinated contract adjustment payments ("Contract Adjustment Payments") at the rate of % of the Stated Amount per annum, provided that if such rate is 0%, then the Company will not make any Contract Adjustment Payments, and (b) either beneficial ownership of a % Trust Preferred Security (a "Trust Preferred Security"), having a stated liquidation amount per Trust Preferred Security equal to the Stated Amount, representing a preferred undivided beneficial interest in the assets of the Trust or, upon the occurrence of a Tax Event Redemption (as defined herein) prior to the Purchase Contract Settlement Date, the Applicable Ownership Interest (as defined herein) in the Treasury Portfolio (as defined herein). The Company will, directly or indirectly, own all the common securities (the "Common Securities" and, together with the Trust Preferred Securities, the "Trust Securities") representing common undivided beneficial interests in the assets of the Trust. The Trust exists for the sole purpose of issuing the Trust Securities and investing the proceeds thereof in an equivalent principal amount of % Junior Subordinated Debentures of the Company due February 16, 2003 (the "Debentures"). As long as the FELINE PRIDES are in the form of Income PRIDES, the related Trust Preferred Securities or the Treasury Portfolio, as applicable, will be pledged to the Collateral Agent (as defined herein) to secure the holder's obligation to purchase Common Stock under the related Purchase Contracts.

Aggregate payments of % of the Stated Amount per annum are scheduled to be made or accrued on each Income PRIDES quarterly in arrears on February 16, May 16, August 16 and November 16 of each year, commencing February 16, 1998, until the Purchase Contract Settlement Date. These payments will consist of cumulative cash distributions on the related Trust Preferred Securities or the Treasury Portfolio, as applicable, payable at the rate of % of the Stated Amount per annum, and Contract Adjustment Payments payable by the Company at the rate of % of the Stated Amount per annum (provided that if such rate is 0%, then the Company will not make any Contract Adjustment Payments), subject in the case of distributions on Trust Preferred Securities and the Contract Adjustment Payments, to the Company's right to defer payment of such amounts. The ability of the Trust to make the quarterly distributions on the Trust Preferred Securities will be solely dependent upon the receipt of corresponding interest payments from the Company on the Debentures. The Company will have the right at any time, and from time to time, limited to a period not extending beyond the maturity date of the Debentures, to defer the interest payments due on the Debentures, and to defer Contract Adjustment Payments, if any, until the Purchase Contract Settlement Date. As a consequence of such deferral, quarterly distributions on the Income PRIDES would be deferred, but would continue to accrue with interest compounded quarterly. If a Tax Event Redemption has occurred prior to the Purchase Contract Settlement Date and the Treasury Portfolio has become a component of the Income PRIDES as described herein, quarterly distributions on the Treasury Portfolio as a portion of the cumulative cash distributions to the holders of Income PRIDES will not be deferred.

The applicable distribution rate on the Trust Preferred Securities and the interest rate on the related Debentures that remain outstanding on and after the Purchase Contract Settlement Date will be reset on the third Business Day (as defined herein) immediately preceding the Purchase Contract Settlement Date to a rate per annum (the "Reset Rate") to be determined by the Reset Agent (as defined herein) equal to the sum of (x) a spread amount (the "Reset Spread") to be determined by the Reset Agent on the tenth Business Day prior to the Purchase Contract Settlement Date and (y) the rate of interest on the Two-Year Benchmark Treasury (as defined herein) in effect on the third Business Day immediately preceding the Purchase Contract Settlement Date, such sum being the distribution rate the Trust Preferred Securities should bear in order for a Trust Preferred Security to have an approximate market value of 100.5% of the Stated Amount on the third Business Day immediately preceding the Purchase Contract Settlement Date, provided that the Company may limit such Reset Spread to be no higher than 200 basis points (2%). Such market value may be less than 100.5% if the Reset Spread is limited to a maximum of 2%.

The payment of distributions and certain redemptions out of monies held by the Trust and payments on liquidation of the Trust will be guaranteed by the Company (the "Guarantee") to the extent described herein and under "Description of the Guarantee." The Guarantee covers payments of distributions and other payments on the Trust Preferred Securities only if and to the extent the Trust has funds available therefor, which will not be the case unless the Company has made a payment of principal or interest on the Debentures held by the Trust as its sole asset. The Guarantee, when taken together with the Company's obligations under the Debentures, the Indenture (as defined herein) and the Company's obligations under the Declaration (as defined below), provides a full and unconditional guarantee on a subordinated basis by the Company of amounts due on the Trust Preferred Securities. The Company's obligations under the Guarantee are unsecured and will rank (i) subordinate and junior in right of payment to all other liabilities of the Company except those made pari passu or subordinate by their terms, (ii) pari passu with the most senior preferred or preference stock now or hereafter issued by the Company, and pari passu with any guarantee now or hereafter issued by the Company in respect of any preferred stock or preference stock of any affiliate of the Company, and (iii) senior to the Common Stock of the Company.

The obligations of the Company under the Debentures are unsecured and will be subordinate and junior in right of payment, to the extent set forth herein, to all existing and future Senior Indebtedness (as defined herein) of the Company and will be effectively subordinated to all existing and future liabilities and obligations of the Company's subsidiaries. As of September 30, 1997, the aggregate amount of Senior Indebtedness and liabilities and obligations of the Company's subsidiaries that would have effectively ranked senior to the Debentures was approximately \$28.7 billion. As of September 30, 1997, after giving pro forma effect to the estimated amount of Senior Indebtedness to be incurred in connection with the Company's pending

acquisition of Washington National Corporation (the "WNC Merger"), the offering hereby (the "Offering") and the application of the proceeds thereof, the aggregate amount of Senior Indebtedness and liabilities and obligations of the Company's subsidiaries that would have effectively ranked senior to the Debentures would have been approximately \$28.6 billion. The Contract Adjustment Payments, if any, will be subordinated and junior in right of payment to all liabilities of the Company (other than the Guarantee with which they will rank *pari passu*).

If the holder of an Income PRIDES (unless a Tax Event Redemption has occurred) has not notified the Purchase Contract Agent (as defined herein) by the fifth Business Day immediately preceding the Purchase Contract Settlement Date, in the manner described herein, of its intention to settle the related Purchase Contract with separate cash on the Business Day immediately preceding the Purchase Contract Settlement Date, the Remarketing Agent (as defined herein), pursuant to the terms of the Remarketing Agreement and the Remarketing Underwriting Agreement (each as defined herein), will use its reasonable efforts to remarket the related Trust Preferred Security on the third Business Day immediately preceding the Purchase Contract Settlement Date for settlement on the Purchase Contract Settlement Date at a price not less than approximately 100.5% of such Trust Preferred Security's stated liquidation amount plus accrued and unpaid distributions, if any, thereon. The proceeds from such remarketing, in an amount equal to the aggregate stated liquidation amount of such Trust Preferred Securities, will automatically be applied to satisfy in full such holder's obligation to purchase Common Stock under the related Purchase Contract. In addition, after deducting as a remarketing fee (the "Remarketing Fee") an amount not exceeding 25 basis points (.25%), from any amount received in connection with such remarketing in excess of the aggregate stated liquidation amount of such Trust Preferred Securities, the Remarketing Agent will remit the remaining portion of the proceeds, if any, to the Purchase Contract Agent for the benefit of such holder. If, despite using its reasonable efforts the Remarketing Agent fails to remarket the Trust Preferred Securities at a price not less than 100% of their aggregate stated liquidation amount plus accrued and unpaid distributions (including deferred distributions, if any), the remarketing will be deemed to have failed (a "Failed Remarketing") and the Company will exercise its rights as a secured party to dispose of the Trust Preferred Securities in accordance with applicable law and satisfy in full, from such proceeds, such holder's obligation to purchase Common Stock under the related Purchase Contracts; provided, that if the Company exercises such rights as a secured creditor with respect to such Trust Preferred Securities, any accrued and unpaid distributions (including any deferred distributions) on such Trust Preferred Securities will be paid in cash by the Company to the holder of record of such Trust Preferred Securities. The Company will cause a notice of such Failed Remarketing to be published on the second Business Day immediately preceding the Purchase Contract Settlement Date.

On or prior to the fifth Business Day immediately preceding the Purchase Contract Settlement Date, each holder (including, initially, an Underwriter) of an Income PRIDES (unless a Tax Event Redemption has occurred) will have the right to substitute for the related Trust Preferred Securities held by the Collateral Agent zero-coupon U.S. Treasury Securities (Cusip No. 912820 AZ0), which are principal strips of the 7 3/4% U.S. Treasury Securities that mature on the Business Day immediately preceding the Purchase Contract Settlement Date (the "Treasury Securities"), in an amount per Income PRIDES equal to the Stated Amount per Trust Preferred Security. Because Treasury Securities are issued in integral multiples of \$1,000, holders may make such substitutions only in integral multiples of 20 Income PRIDES; provided, however, if a Tax Event Redemption has occurred prior to the Purchase Contract Settlement Date and the Treasury Portfolio has become a component of the Income PRIDES, holders of Income PRIDES may make such substitutions only in integral multiples of 8,000 Income PRIDES (but obtaining the release of the Treasury Portfolio rather than the Trust Preferred Securities), at any time on or prior to the second Business Day immediately preceding the Purchase Contract Settlement Date. Such Treasury Securities will be substituted for the Trust Preferred Securities or the Treasury Portfolio, as the case may be, and will be pledged with the Collateral Agent to secure the holder's obligation to purchase Common Stock under the related Purchase Contracts. FELINE PRIDES with respect to which Treasury Securities have been substituted for the related Trust Preferred Securities or the Treasury Portfolio, as the case may be, as collateral to secure such obligation are referred to herein as "Growth PRIDES"(SM). Each Growth PRIDES will consist of a unit with a face amount of \$50 comprised of (a) a Purchase Contract under which (i) the holder will purchase from the Company on the Purchase Contract Settlement Date for an amount of cash equal to the Stated Amount of such Growth

PRIDES a number of newly issued shares of Common Stock of the Company equal to the Settlement Rate described herein and (ii) the Company will pay the holder Contract Adjustment Payments, at the rate of % of the Stated Amount per annum, provided that if such rate is 0%, then the Company will not make any Contract Adjustment Payments, and (b) a 1/20 undivided beneficial ownership interest in a related Treasury Security having a principal amount at maturity equal to \$1,000 and maturing on the Business Day immediately preceding the Purchase Contract Settlement Date. Upon the substitution of Treasury Securities for the related Trust Preferred Securities or the Treasury Portfolio, as the case may be, as collateral, such Trust Preferred Securities or Treasury Portfolio, as the case may be, will be released to the holder as described herein and thereafter will trade separately from the resulting Growth PRIDES. Contract Adjustment Payments, if any, will be payable by the Company on the Growth PRIDES on February 16, May 16, August 16 and November 16 of each year. In addition, original issue discount ("OID") will continue to accrue on the related Treasury Securities. A holder of Growth PRIDES will have the right to subsequently recreate Income PRIDES at any time on or prior to the fifth Business Day immediately preceding the Purchase Contract Settlement Date by delivering 20 Growth PRIDES to the Purchase Contract Agent plus 20 Trust Preferred Securities to the Collateral Agent in exchange for 20 Income PRIDES and the release of the related Treasury Security to such holder; provided, however, if a Tax Event Redemption has occurred prior to the Purchase Contract Settlement Date and the Treasury Portfolio has become a component of the Income PRIDES, holders of Growth PRIDES may make such substitution (but using the Treasury Portfolio rather than Trust Preferred Securities) only in integral multiples of 8,000 Growth PRIDES at any time on or prior to the second Business Day immediately preceding the Purchase Contract Settlement Date. Such Trust Preferred Securities or Treasury Portfolio, as the case may be, will be substituted for the Treasury Security and will be pledged with the Collateral Agent to secure the holder's obligation to purchase Common Stock under the related Purchase Contracts.

If a Failed Remarketing has occurred, holders of Trust Securities (including, following the distribution of the Debentures upon a dissolution of the Trust as described herein, such Debenture holders) holding such Trust Securities or Debentures, as the case may be, following the Purchase Contract Settlement Date will have the right, in the case of the Trust Securities, to require the Trust to put to the Company the related Debentures or, in the case of the Debentures, to put such Debentures directly to the Company on March , 2001, upon at least three Business Days' prior notice, at a price equal to \$50 per Debenture, plus accrued and unpaid interest (including deferred interest), if any, thereon. Upon the repurchase of such Debentures by the Company, (i) the proceeds from such repurchase shall simultaneously be applied (in the case of Trust Securities) to redeem such Trust Securities of such holder having an aggregate stated liquidation amount equal to the aggregate principal amount of the Debentures so repurchased and (ii) any accrued and unpaid distributions (including deferred distributions) with respect to such Trust Securities will be paid to such holder in cash.

On the Business Day immediately preceding the Purchase Contract Settlement Date, unless a holder of Income PRIDES or Growth PRIDES (i) has settled the related Purchase Contracts through the early delivery of cash to the Purchase Contract Agent in the manner described herein, (ii) has settled the related Purchase Contracts with separate cash on the Business Day immediately preceding the Purchase Contract Settlement Date pursuant to prior notification to the Purchase Contract Agent, (iii) has had the Trust Preferred Securities related to such holder's Purchase Contract remarketed in the manner described herein in connection with settling such Purchase Contracts, or (iv) an event described under "Description of the Purchase Contracts -- Termination" has occurred, then (A) in the case of Income PRIDES (unless a Tax Event Redemption has occurred) the Company will exercise its rights as a secured party to dispose of the Trust Preferred Securities in accordance with applicable law and (B) in the case of Growth PRIDES or Income PRIDES (in the event that a Tax Event Redemption has occurred) the principal amount of the related Treasury Securities or the Treasury Portfolio, as applicable, when paid at maturity, will automatically be applied to satisfy in full such holder's obligation to purchase Common Stock under the related Purchase Contracts.

In the event that a holder of either Income PRIDES or Growth PRIDES effects the early settlement of the related Purchase Contracts through the delivery of cash or settles (in the case of Income PRIDES) such Purchase Contracts with cash on the Business Day immediately preceding the Purchase Contract Settlement

Date, the related Trust Preferred Securities, Treasury Portfolio or Treasury Securities, as the case may be, will be released to the holder as described herein.

The Company will have the right at any time to dissolve the Trust, after satisfaction of liabilities to creditors, and cause the Debentures to be distributed to the holders of the Trust Securities. If the Debentures are distributed to the holders of the Trust Preferred Securities, the Company will use its best efforts to cause the Debentures to be listed on such exchange on which the Trust Preferred Securities are then listed, including, if applicable, the New York Stock Exchange.

The Debentures (and, thus, the Trust Securities) are redeemable at the option of the Company, in whole but not in part, on not less than 30 days nor more than 60 days prior notice upon the occurrence and continuation of a Tax Event (as defined herein) under the circumstances described herein (a "Tax Event Redemption"). If the Company so redeems all of the Debentures, the Trust must redeem all of the Trust Securities at a redemption price (the "Redemption Price") per Trust Security equal to the Redemption Amount (as defined herein) plus accrued and unpaid distributions including deferred distributions, if any, thereon to the date fixed for redemptions and pay in cash such Redemption Price to the holders of such Trust Preferred Securities. If such Tax Event Redemption occurs prior to the Purchase Contract Settlement Date, the Redemption Price payable in liquidation of the Income PRIDES holders' interests in the Trust or in the Debentures will be distributed to the Collateral Agent, who in turn will apply an amount equal to the Redemption Amount of such Redemption Price to purchase, on behalf of the holders of Income PRIDES, the Treasury Portfolio and remit the remaining portion, if any, of such Redemption Price to the Purchase Contract Agent for payment to the holder of such Income PRIDES. See "Description of the Debentures -- Tax Event Redemption." Such Treasury Portfolio will be substituted for the Trust Preferred Securities and will be pledged with the Collateral Agent to secure such Income PRIDES holders' obligations to purchase the Common Stock under their Purchase Contracts.

THE OFFERING

Securities Offered.....	10,000,000 Income PRIDES.
Issuers.....	Conseco, Inc. and Conseco Financing Trust IV.
Stated Amount.....	\$50 per Income PRIDES.
Components of FELINE PRIDES..... The purchase price of each Income PRIDES will be allocated between the related Purchase Contract and the related Trust Preferred Security, in proportion to their respective fair market values at the time of purchase. See "Certain Federal Income Tax Consequences -- Income PRIDES; Allocation of Purchase Price." The Company will, directly or indirectly, own all of the Common Securities. The applicable distribution rate on the Trust Preferred Securities and the interest rate on the related Debentures that remain outstanding on and after the Purchase Contract Settlement Date will be reset on the third Business Day immediately preceding the Purchase Contract Settlement Date to the Reset Rate, to be determined by a nationally recognized investment banking firm chosen by the Company (the "Reset Agent"). The Company will have the right at any time to dissolve the Trust and, after satisfaction of liabilities to creditors of the Trust, if any, cause the Debentures to be distributed to the holders of the Trust Securities. References herein to Trust Preferred Securities, unless the context otherwise requires, mean (i) the Trust Preferred Securities or (ii) the Debentures which have been delivered to the holders of the Trust Preferred Securities upon dissolution of the Trust. In addition, as described below upon the occurrence of a Tax Event (as defined herein) prior to the Purchase Contract Settlement Date, the Company may at its option cause the Debentures (and, thus, the Trust Preferred Securities) to be redeemed at the Redemption Price and the Treasury Portfolio will be substituted for the redeemed Trust Preferred Securities in the manner described herein to secure the Income PRIDES holders' obligations under their related Purchase Contracts. The distribution rate and the payment dates for the Trust Preferred Securities will correspond to the interest rate and the payment dates for the Debentures, which will be the sole assets of the Trust. As long as a FELINE PRIDES is in the form of an Income PRIDES, the related Trust Preferred Securities or the Treasury Portfolio, as applicable, will be pledged pursuant to a pledge agreement, to be dated as of December , 1997 (the "Pledge Agreement"), between the Company and The Chase Manhattan Bank, as collateral agent for the Company (together with any successor thereto in such capacity, the "Collateral Agent"), to secure the holder's obligation to purchase Common Stock under the related Purchase Contract. See "Risk Factors."

Purchase Contract
 Agreement.....

The FELINE PRIDES will be issued under a Purchase Contract Agreement, to be dated as of December , 1997 (the "Purchase Contract Agreement"), between the Company and The First National Bank of Chicago, as agent for the holders of the FELINE PRIDES (together with any successor thereto in such capacity, the "Purchase Contract Agent").

Substitution of Pledged
Securities; Growth
PRIDES.....

Each holder (including, initially, an Underwriter) of an Income PRIDES will have the right, on or prior to the fifth Business Day immediately preceding the Purchase Contract Settlement Date, to substitute for the related Trust Preferred Securities held by the Collateral Agent zero-coupon U.S. Treasury Securities in an amount per Income PRIDES equal to the Stated Amount per Trust Preferred Security. Such Treasury Securities will be substituted for the Trust Preferred Securities and will be pledged with the Collateral Agent to secure the holder's obligation to purchase Common Stock under the related Purchase Contracts. Because Treasury Securities are issued in integral multiples of \$1,000, holders of Income PRIDES may make such substitutions only in integral multiples of 20 Income PRIDES; provided, however, if a Tax Event Redemption has occurred prior to the Purchase Contract Settlement Date and the Treasury Portfolio has become a component of the Income PRIDES, holders of Income PRIDES may make such substitutions only in integral multiples of 8,000 Income PRIDES (but obtaining the release of the Treasury Portfolio rather than the Trust Preferred Securities), at any time on or prior to the second Business Day immediately preceding the Purchase Contract Settlement Date. FELINE PRIDES with respect to which Treasury Securities have been substituted for the related Trust Preferred Securities or the Treasury Portfolio, as the case may be, as collateral to secure such obligation will be referred to as Growth PRIDES(SM). Each Growth PRIDES will consist of a unit with a face amount of \$50 comprised of (a) a Purchase Contract under which (i) the holder will purchase from the Company on the Purchase Contract Settlement Date or earlier for an amount of cash equal to the Stated Amount of such Growth PRIDES a number of newly issued shares of Common Stock equal to the Settlement Rate described herein and (ii) the Company will pay the holder Contract Adjustment Payments, if any, and (b) a 1/20 undivided beneficial ownership interest in a related Treasury Security having a principal amount at maturity equal to \$1,000 and maturing on the Business Day immediately preceding the Purchase Contract Settlement Date. Upon the substitution of Treasury Securities for the related Trust Preferred Securities or the Treasury Portfolio, as the case may be, as collateral, such Trust Preferred Securities or the Treasury Portfolio, as the case may be, will be released to the holder as described herein and thereafter will trade separately from the resulting Growth PRIDES. See "Description of the FELINE PRIDES -- Substitution of Pledged Securities."

Holders who elect to substitute Pledged Securities (as defined in "Description of the Purchase Contracts -- Pledged Securities and Pledge Agreement"), thereby creating Growth PRIDES or recreating Income PRIDES (as discussed below), will be responsible for any fees or expenses payable in connection therewith. See "Certain Provisions of the Purchase Contract Agreement and the Pledge Agreement -- Miscellaneous."

Recreating Income PRIDES...

On or prior to the fifth Business Day immediately preceding the Purchase Contract Settlement Date, a holder of Growth PRIDES will have the right to subsequently recreate Income PRIDES by delivering 20 Growth PRIDES to the Purchase Contract Agent plus 20 Trust Preferred Securities to the Collateral Agent in exchange for 20 Income

PRIDES and the release of the related Treasury Security to such holder; provided, however, if a Tax Event Redemption has occurred prior to the Purchase Contract Settlement Date and the Treasury Portfolio has become a component of the Income PRIDES, holders of Growth PRIDES may make such substitution (but using the Treasury Portfolio rather than Trust Preferred Securities) only in integral multiples of 8,000 Growth PRIDES at any time on or prior to the second Business Day immediately preceding the Purchase Contract Settlement Date. Such Trust Preferred Securities or the Treasury Portfolio, as the case may be, will be pledged with the Collateral Agent to secure the holder's obligation to purchase Common Stock under the related Purchase Contracts. See "Description of the FELINE PRIDES -- Recreating Income PRIDES."

Current Payments..... Holders of Income PRIDES will be entitled to receive aggregate cash distributions at a rate of % of the Stated Amount per annum from and after December , 1997, payable quarterly in arrears, consisting of cumulative cash distributions on the related Trust Preferred Securities or the Treasury Portfolio, as applicable, payable at the rate of % of the Stated Amount per annum, and Contract Adjustment Payments, payable by the Company at the rate of % of the Stated Amount per annum (provided that if such rate is 0%, then the Company will not make any Contract Adjustment Payments), subject (in the case of such distributions on the Trust Preferred Securities and of the Contract Adjustment Payments) to the Company's right to defer the payment of such amounts. The ability of the Trust to make the quarterly distributions on the related Trust Preferred Securities will be solely dependent upon the receipt of corresponding interest payments from the Company on the Debentures. The obligations of the Company under the Debentures are unsecured and will be subordinate and junior in right of payment, to the extent set forth herein, to all existing and future Senior Indebtedness of the Company and will be effectively subordinated to all existing and future liabilities and obligations of the Company's subsidiaries. As of September 30, 1997, the aggregate amount of Senior Indebtedness and liabilities and obligations of the Company's subsidiaries that would have effectively ranked senior to the Debentures was approximately \$28.7 billion. As of September 30, 1997, after giving pro forma effect to the anticipated financing for the WNC Merger, the Offering and the application of the proceeds thereof, the aggregate amount of Senior Indebtedness and liabilities and obligations of the Company's subsidiaries that would have effectively ranked senior to the Debentures would have been approximately \$28.6 billion. The Contract Adjustment Payments, if any, will be subordinated and junior in right of payment to all liabilities of the Company other than the Company's Guarantee with which they will rank pari passu.

In the event that a holder of Income PRIDES substitutes Treasury Securities for the related Trust Preferred Securities or the Treasury Portfolio, as the case may be, such holder would receive on the resulting Growth PRIDES only the quarterly distributions of Contract Adjustment Payments, if any, subject to the Company's rights of deferral described herein. In addition, OID would continue to accrue on the related Treasury Securities. See "Risk Factors -- Right to Defer Current Payments."

If a Tax Event Redemption has occurred prior to the Purchase Contract Settlement Date as described herein and the Treasury Portfolio has

become a component of the Income PRIDES, quarterly distributions on the Treasury Portfolio, as a portion of the cumulative quarterly distribution to the holders of Income PRIDES, will not be deferred.

Contract Adjustment

Payments..... Contract Adjustment Payments will be fixed at a rate per annum of % of the Stated Amount per Purchase Contract, provided that if such rate is 0%, then the Company will not make any Contract Adjustment Payments. Contract Adjustment Payments will be specified as a positive component of the distributions on the Income PRIDES only if and to the extent that the rate of distributions on the Trust Preferred Securities, as determined on the date on which the Income PRIDES are initially priced for sale to the public, is less than the aggregate distribution rate required on such date for the offer and sale of the Income PRIDES at the price to public specified on the cover page of this Prospectus Supplement. Accordingly, the final Prospectus Supplement will indicate whether and to what extent Contract Adjustment Payments will be required to be made by the Company. See "Description of the Purchase Contracts -- Contract Adjustment Payments."

Option to Extend
Distribution Payment

Periods..... The Company has the right at any time, and from time to time, limited to a period not extending beyond the maturity date of the Debentures, to defer the interest payments due on the Debentures. As a consequence of such deferral, quarterly distributions to holders of Income PRIDES (or any Trust Preferred Securities outstanding after the Purchase Contract Settlement Date or after a substitution of collateral resulting in the creation of Growth PRIDES) would be deferred (but despite such deferral, would continue to accumulate quarterly and would accrue interest thereon compounded quarterly at the rate of % per annum through and including February 15, 2001, and at the Reset Rate thereafter). The Company also has the right to defer the payment of Contract Adjustment Payments, if any, on the related Purchase Contracts until no later than the Purchase Contract Settlement Date; however, such deferred Contract Adjustment Payments, if any, will bear additional Contract Adjustment Payments at the rate of % per annum (such deferred Contract Adjustment Payments together with such additional Contract Adjustment Payments shall be referred to as the "Deferred Contract Adjustment Payments").

See "Description of the Purchase Contracts -- Contract Adjustment Payments." If interest payments on the Debentures or the Contract Adjustment Payments, if any, are deferred, the Company has agreed, among other things, not to declare or pay any dividend on or repurchase its capital stock (subject to certain exceptions) during the period of such deferral. If a Tax Event Redemption has occurred prior to the Purchase Contract Settlement Date and the Treasury Portfolio has become a component of the Income PRIDES, quarterly distributions on the Treasury Portfolio as a portion of the cumulative quarterly distributions to the holders of Income PRIDES will not be deferred.

In the event that the Company elects to defer the payment of Contract Adjustment Payments, if any, on the related Purchase Contracts until the Purchase Contract Settlement Date, each holder of the related Income PRIDES or Growth PRIDES will receive on the Purchase Contract Settlement Date in respect of such Deferred Contract Adjustment Payments, in lieu of a cash payment, a number of shares of Common Stock equal to (x) the aggregate amount of Deferred Contract Adjustment Payments payable to such holder divided by (y) the

Applicable Market Value (as defined herein). See "Description of the Purchase Contracts -- Option to Defer Contract Adjustment Payments."

Payment Dates..... Subject to the deferral provisions described herein, the current payments described above in respect of the Income PRIDES will be payable quarterly in arrears on February 16, May 16, August 16 and November 16 of each year, commencing February 16, 1998, through and including (i) in the case of the Contract Adjustment Payments, if any, the earlier of the Purchase Contract Settlement Date or the most recent such quarterly date on or prior to any early settlement of the related Purchase Contracts and (ii) in the case of Trust Preferred Securities, through and including the most recent such quarterly date on or prior to the earlier of the Purchase Contract Settlement Date and the date the liquidation amount of a Trust Preferred Security, together with all accumulated and unpaid distributions thereon, is paid in full (each, a "Payment Date").

Remarketing..... Unless a Tax Event Redemption has occurred, pursuant to a Remarketing Agreement (the "Remarketing Agreement") dated as of December , 1997, among the Company, the Trust, the Purchase Contract Agent, the Collateral Agent and a nationally recognized investment banking firm chosen by the Company (the "Remarketing Agent"), and subject to the terms of a Remarketing Underwriting Agreement to be dated as of the third Business Day immediately preceding the Purchase Contract Settlement Date among such parties (the "Remarketing Underwriting Agreement"), the Trust Preferred Securities of such Income PRIDES holders who have failed to notify the Purchase Contract Agent, on or prior to the fifth Business Day immediately preceding the Purchase Contract Settlement Date, of their intention to settle the related Purchase Contracts with separate cash, will be remarketed on the third Business Day immediately preceding the Purchase Contract Settlement Date. The Remarketing Agent will use its reasonable efforts to remarket such Trust Preferred Securities on such date for settlement on the Purchase Contract Settlement Date at a price not less than approximately 100.5% of the aggregate stated liquidation amount of such Trust Preferred Security, plus accrued and unpaid distributions (including deferred distributions), if any, thereon. The portion of the proceeds from such remarketing equal to the aggregate stated liquidation amount of such Trust Preferred Securities will be automatically applied to satisfy in full such Income PRIDES holders' obligations to purchase Common Stock under the related Purchase Contracts. In addition, after deducting as the Remarketing Fee an amount not exceeding 25 basis points (.25%) from any amount of such proceeds in excess of the aggregate stated liquidation amount of the remarketed Trust Preferred Securities, the Remarketing Agent will remit the remaining portion of the proceeds, if any, for the benefit of such holder. Income PRIDES holders whose Trust Preferred Securities are so remarketed will not otherwise be responsible for any Remarketing Fee in connection therewith. If, despite using its reasonable efforts, the Remarketing Agent cannot remarket the related Trust Preferred Securities of such holders of Income PRIDES at a price not less than 100% of the aggregate stated liquidation amount of such Trust Preferred Securities plus accrued and unpaid distributions, including deferred distributions, if any, and thus resulting in a Failed Remarketing, the Company will exercise its rights as a secured party to dispose of the Trust Preferred Securities in accordance with applicable

law and to satisfy in full, from such disposition, such holder's obligation to purchase Common Stock under the related Purchase Contracts, provided, that if the Company exercises such rights as a secured creditor with respect to such Trust Preferred Securities, any accrued and unpaid distributions (including any deferred distributions) on such Trust Preferred Securities will be paid in cash by the Company to the holder of record of such Trust Preferred Securities. The Company will cause a notice of such Failed Remarketing to be published on the second Business Day immediately preceding the Purchase Contract Settlement Date. It is currently anticipated that Merrill Lynch, Pierce, Fenner & Smith Incorporated will be the Remarketing Agent. See "Description of the FELINE PRIDES -- Remarketing."

Purchase Contract
Settlement Date..... February 16, 2001.

Settlement of Purchase
Contracts..... On the Business Day immediately preceding the Purchase Contract Settlement Date, unless a holder of Income PRIDES or Growth PRIDES (i) has settled the related Purchase Contracts through the early delivery of cash to the Purchase Contract Agent in the manner described herein, (ii) has settled the related Purchase Contracts with separate cash on the Business Day prior to the Purchase Contract Settlement Date pursuant to prior notification to the Purchase Contract Agent, (iii) has had the Trust Preferred Securities related to such holder's Purchase Contracts remarketed in the manner described herein in connection with settling such Purchase Contracts, or (iv) an event described under "Description of the Purchase Contracts -- Termination" has occurred, then (A) in the case of Income PRIDES (unless a Tax Event Redemption has occurred) the Company will exercise its rights as a secured party to dispose of the Trust Preferred Securities in accordance with applicable law and (B) in the case of Growth PRIDES or Income PRIDES (if a Tax Event Redemption has occurred prior to the Purchase Contract Settlement Date) the principal amount of the related Treasury Securities or the Treasury Portfolio, as applicable, when paid at maturity, will automatically be applied to satisfy in full such holder's obligation to purchase Common Stock under the related Purchase Contracts.

In the event that a holder of either Income PRIDES or Growth PRIDES effects the early settlement of the related Purchase Contracts through the delivery of cash or, in the case of an Income PRIDES, settles such Purchase Contracts with cash on the Business Day immediately preceding the Purchase Contract Settlement Date, the related Trust Preferred Securities, Treasury Portfolio or Treasury Securities, as the case may be, will be released to the holder as described herein.

Settlement Rate..... The number of newly issued shares of Common Stock issuable upon settlement of each Purchase Contract on the Purchase Contract Settlement Date (the "Settlement Rate") will be calculated as follows (subject to adjustment under certain circumstances): (a) if the Applicable Market Value is equal to or greater than \$ (the "Threshold Appreciation Price," which is approximately % above the last reported sale price of the Common Stock set forth on the cover page of the final Prospectus Supplement (the "Reference Price")), the Settlement Rate (which will be equal to the Stated Amount divided by the Threshold Appreciation Price) will be ; accordingly, if, between the date of this Prospectus Supplement and the period during

which the Applicable Market Value is measured, the market price for the Common Stock increases to an amount that is higher than the Threshold Appreciation Price, the aggregate market value of the shares of Common Stock issued upon settlement of each Purchase Contract (assuming that such market value is the same as the Applicable Market Value of such Common Stock) will be higher than the Stated Amount, and if such market price is the same as the Threshold Appreciation Price, the aggregate market value of such shares (assuming that such market value is the same as the Applicable Market Value of such Common Stock) will be equal to the Stated Amount; (b) if the Applicable Market Value is less than the Threshold Appreciation Price but greater than the Reference Price, the Settlement Rate will be equal to the Stated Amount divided by the Applicable Market Value; accordingly, if the market price for the Common Stock increases between the date of this Prospectus Supplement and the period during which the Applicable Market Value is measured but such market price is less than the Threshold Appreciation Price, the aggregate market value of the shares of Common Stock issued upon settlement of each Purchase Contract (assuming that such market value is the same as the Applicable Market Value of such Common Stock) will be equal to the Stated Amount; and (c) if the Applicable Market Value is less than or equal to the Reference Price, the Settlement Rate (which will be equal to the Stated Amount divided by the Reference Price) will be ; accordingly, if the market price for the Common Stock decreases between the date of this Prospectus Supplement and the period during which the Applicable Market Value is measured, the aggregate market value of the shares of Common Stock issued upon settlement of each Purchase Contract (assuming that such market value is the same as the Applicable Market Value of such Common Stock) will be less than the Stated Amount, and if such market price stays the same, the aggregate market value of such shares (assuming that such market value is the same as the Applicable Market Value of such Common Stock) will be equal to the Stated Amount. "Applicable Market Value" means the average of the Closing Price (as defined herein) per share of Common Stock on each of the twenty consecutive Trading Days (as defined herein) ending on the third Trading Day immediately preceding the Purchase Contract Settlement Date. See "Description of the Purchase Contracts -- General."

Early Settlement..... A holder of Income PRIDES (unless a Tax Event Redemption has occurred) may settle the related Purchase Contracts on or prior to the fifth Business Day immediately preceding the Purchase Contract Settlement Date in the manner described herein, but only in integral multiples of 20 Income PRIDES; provided, however, if a Tax Event Redemption has occurred prior to the Purchase Contract Settlement Date and the Treasury Portfolio has become a component of the Income PRIDES, holders of Income PRIDES may settle early only in integral multiples of 8,000 Income PRIDES at any time on or prior to the second Business Day immediately preceding the Purchase Contract Settlement Date. Holders of Growth PRIDES may settle the related Purchase Contracts on or prior to the second Business Day immediately preceding the Purchase Contract Settlement Date in the manner described herein (in either case, an "Early Settlement"). Upon such Early Settlement, (a) the holder will pay to the Company through the Purchase Contract Agent in immediately available funds an amount equal to the Stated Amount for each Purchase Contract to be settled and deliver the Income PRIDES or Growth PRIDES, as the case may be, to the Purchase

Contract Agent, (b) the related Trust Preferred Securities, Treasury Portfolio or Treasury Securities, as the case may be, within three Business Days of the date of Early Settlement, will be transferred to the holder free and clear of the Company's security interest therein, and (c) the Company, within three Business Days of the date of Early Settlement, will deliver newly issued shares of Common Stock to the holder for each Purchase Contract so settled. Upon Early Settlement, (i) the holder's rights to receive Deferred Contract Adjustment Payments, if any, on the Purchase Contracts being settled will be forfeited, (ii) the holder's right to receive additional Contract Adjustment Payments, if any, in respect of such Purchase Contracts will terminate and (iii) no adjustment will be made to or for the holder on account of Deferred Contract Adjustment Payments, if any, or any amount accrued in respect of Contract Adjustment Payments, if any. See "Description of the Purchase Contracts -- Early Settlement."

Termination..... The Purchase Contracts (including the right thereunder to receive accrued or Deferred Contract Adjustment Payments, if any, and the obligation to purchase Common Stock) will automatically terminate upon the occurrence of certain events of bankruptcy, insolvency or reorganization with respect to the Company. Upon such termination, the Collateral Agent will release the related Trust Preferred Securities or Treasury Portfolio, as the case may be, or, if substituted, the related Treasury Securities, held by it to the Purchase Contract Agent for distribution to the holders, subject in the case of the Treasury Portfolio to the Purchase Contract Agent's disposition of the subject securities for cash, and the payment of such cash to the holders, to the extent that the holder would otherwise have been entitled to receive less than \$1,000 of any such security. Upon such termination, there may be a delay before such release and distribution. In the event that the Company becomes the subject of a case under the United States Bankruptcy Code of 1978, as amended (the "Bankruptcy Code"), such delay may occur as a result of the automatic stay under the Bankruptcy Code and continue until such automatic stay has been lifted. The Company expects any such delay to be limited. See "Description of the Purchase Contracts -- Termination."

Voting and Certain Other Rights..... Holders of Trust Preferred Securities will not be entitled to vote to appoint, remove or replace, or to increase or decrease the number of Regular Trustees (as defined herein) and will generally have no voting rights except in the limited circumstances described under "Description of Trust Preferred Securities -- Voting Rights." Holders of Purchase Contracts forming part of the Income PRIDES or Growth PRIDES in their capacities as such holders will have no voting or other rights in respect of the Common Stock.

Listing of the Income PRIDES..... Application will be made to list the Income PRIDES on the New York Stock Exchange (the "NYSE") under the symbol "CNC PrF", subject to official notice of issuance. If Growth PRIDES and Trust Preferred Securities are separately traded, the Company will endeavor to cause such securities to be listed on such exchange on which the Income PRIDES are then listed, including, if applicable, the NYSE. See "Underwriting."

NYSE Symbol of Common Stock..... "CNC"

TRUST PREFERRED SECURITIES

The Trust.....	The Trust is a Delaware statutory business trust. The sole assets of the Trust will consist of the Debentures. The Company will directly or indirectly own all of the Common Securities representing common undivided beneficial ownership interests in the assets of the Trust.
Trust Preferred Securities.....	10,000,000 of % Trust Preferred Securities (liquidation amount \$50 per Trust Preferred Security), representing preferred, undivided beneficial ownership interests in the assets of the Trust.
Distributions.....	Distributions on the Trust Preferred Securities, which will constitute all or a portion of the distributions on the Income PRIDES, will be cumulative, will accrue from the first date of issuance of the Trust Preferred Securities and will be payable initially at the annual rate of % of the liquidation amount of \$50 per Trust Preferred Security to but excluding the Purchase Contract Settlement Date, and in the case of Trust Preferred Securities that remain outstanding on and after the Purchase Contract Settlement Date, from the Purchase Contract Settlement Date to but excluding February 16, 2003, at the Reset Rate, in each case, when, as and if funds are available for payment. Subject to the distribution deferral provisions, distributions will be payable quarterly in arrears on each February 16, May 16, August 16 and November 16, commencing February 16, 1998.
Market Rate Reset.....	The applicable quarterly distribution rate on the Trust Preferred Securities and the interest rate on the Debentures on and after the Purchase Contract Settlement Date will be reset on the third Business Day immediately preceding the Purchase Contract Settlement Date to the Reset Rate, determined by the Reset Agent as the rate the Trust Preferred Securities should bear in order for a Trust Preferred Security to have an approximate market value no less than 100.5% of the Stated Amount on the third Business Day immediately preceding the Purchase Contract Settlement Date, provided, that the Company may limit such Reset Rate to be no higher than the rate on the Two-Year Benchmark Treasury plus 200 basis points (2%). Such market value may be less than 100.5% if the Reset Spread is limited to a maximum of 2%. It is currently anticipated that Merrill Lynch, Pierce, Fenner & Smith Incorporated will be the Reset Agent. See "Description of the Trust Preferred Securities -- Market Rate Reset."
Distribution Deferral Provisions.....	The ability of the Trust to pay distributions on the Trust Preferred Securities will be solely dependent on the receipt of interest payments from the Company on the Debentures. The Company will have the right at any time, and from time to time, to defer the interest payments due on the Debentures for successive extension periods (the "Extension Periods") limited, in the aggregate, to a period not extending beyond the maturity date of the Debentures. The corresponding quarterly distributions on the Trust Preferred Securities would be deferred by the Trust (but would continue to accumulate quarterly and would accrue interest, compounded quarterly, at the rate of % per annum through and including February 15, 2001, and at the Reset Rate thereafter) until the end of any such Extension Period. If a deferral of an interest payment occurs, the holders of the Trust Preferred Securities will be required to accrue interest income for United States federal income tax purposes in advance of the receipt of any corresponding cash distribution with respect to such deferred interest payment. See "Risk Factors -- Right to Defer Current Payments,"

ties -- Distributions" and "Certain Federal Income Tax Consequences -- Income PRIDES -- Trust Preferred Securities -- Interest Income and Original Issue Discount."

Rights Upon Deferral of Distribution..... During any period in which interest payments on the Debentures are deferred, interest will accrue on the Debentures (compounded quarterly) and quarterly distributions on the Trust Preferred Securities will continue to accumulate with interest thereon at the rate of % per annum through and including February 15, 2001, and at the Reset Rate thereafter, compounded quarterly.

Liquidation Preference..... In the event of any liquidation of the Trust, and after satisfaction of liabilities to creditors of the Trust, if any, holders will be entitled to receive Debentures in an aggregate principal amount equal to the aggregate stated liquidation amount of the Trust Preferred Securities.

Put Option..... If a Failed Remarketing has occurred, holders of Trust Securities (including, following the distribution of the Debentures upon a dissolution of the Trust as described herein, such Debenture holders) holding such Trust Securities or Debentures, as the case may be, following the Purchase Contract Settlement Date will have the right, in the case of Trust Securities, to require the Trust to put to the Company the related Debentures or, in the case of Debentures, to put such Debentures directly to the Company on March , 2001, upon at least three Business Days' prior notice, at a price per Debenture equal to \$50, plus accrued and unpaid interest (including deferred interest), if any, thereon. Upon the repurchase of such Debentures by the Company, (i) the proceeds from such repurchase shall simultaneously be applied (in the case of Trust Securities) to redeem such Trust Securities of such holder in an aggregate stated liquidation amount equal to the aggregate principal amount of the Debentures so repurchased and (ii) any accrued and unpaid distributions (including deferred distributions) with respect to such Trust Securities will be paid to such holder in cash. See "Description of the Debentures -- Put Option."

Distribution of the Debentures..... In certain circumstances involving an Investment Company Event, the Trust would be dissolved, with the result that, after satisfaction of liabilities to creditors of the Trust, if any, Debentures with an aggregate principal amount equal to the aggregate stated liquidation amount of the Trust Preferred Securities would be distributed to the holders of the Trust Preferred Securities on a pro rata basis. In such event, an Income PRIDES would thereafter consist of a Debenture with a principal amount equal to the Stated Amount of such Income PRIDES and the related Purchase Contract, and such Debenture would be otherwise treated as if it were a Trust Preferred Security. See "Description of the Trust Preferred Securities -- Distribution of the Debentures."

Tax Event Redemption..... The Debentures (and, thus, the Trust Securities) are redeemable, at the option of the Company, on not less than 30 days or more than 60 days prior written notice, in whole but not in part upon the occurrence and continuation of a Tax Event under the circumstances described herein at a Redemption Price equal to, for each Debenture, the Redemption Amount together with accrued and unpaid distributions (including deferred distributions).

See "Description of the Debentures -- Tax Event Redemption." If the Company so redeems all of the Debentures, the Trust must redeem all of the Trust Securities and pay in cash such Redemption Price to the holders of such Trust Securities. If such Tax Event Redemption occurs prior to the Purchase Contract Settlement

Date, the Redemption Price payable in liquidation of any Income PRIDES holders' interest in the Trust, will be distributed to the Collateral Agent, who in turn will apply an amount equal to the Redemption Amount of such Redemption Price to purchase the Treasury Portfolio on behalf of the holders of Income PRIDES and remit the remaining portion, if any, of such Redemption Price to the Purchase Contract Agent for payment to the holders of such Income PRIDES. The Treasury Portfolio will be substituted for the Trust Preferred Security and will be pledged with the Collateral Agent to secure such Income PRIDES holders' obligations to purchase the Common Stock under their Purchase Contracts.

See "Description of the Debentures -- Tax Event

Redemption."

Other than in the event of a Tax Event Redemption, the Company will not have the ability to redeem the Debentures prior to their stated maturity date.

Guarantee..... The Company will irrevocably and unconditionally guarantee (the "Guarantee"), on a subordinated basis, the payment in full of (i) distributions on the Trust Preferred Securities to the extent the Trust has funds available therefor, (ii) the redemption price of Trust Preferred Securities in respect of which the related Debentures have been repurchased by the Company on the Purchase Contract Settlement Date, to the extent the Trust has funds available therefor, and (iii) generally, the liquidation amount of the Trust Preferred Securities or the Redemption Price upon a Tax Event Redemption, to the extent the Trust has assets available for distribution to holders of Trust Preferred Securities in the event of a dissolution of the Trust. The Company's obligations under the Guarantee are unsecured and will rank (i) subordinate and junior in right of payment to all other liabilities of the Company except those made pari passu or subordinate by their terms, (ii) pari passu with the most senior preferred or preference stock now or hereafter issued by the Company, and pari passu with any guarantee now or hereafter issued by the Company in respect of any preferred stock or preference stock of any affiliate of the Company, and (iii) senior to the Common Stock of the Company. See "Description of the Guarantee."

Debentures..... Unless a Tax Event Redemption has occurred, the Debentures will mature on February 16, 2003, and will bear, initially, interest at the rate of % per annum, payable quarterly in arrears on each February 16, May 16, August 16 and November 16 commencing February 16, 1998. The interest rate on the Debentures, and the distribution rate on the Trust Preferred Securities that remain outstanding after the Purchase Contract Settlement Date, will be reset on the third Business Day immediately preceding the Purchase Contract Settlement Date to the Reset Rate determined by the Reset Agent. See "Description of Debentures -- Interest." Interest payments on the Debentures may be deferred from time to time by the Company for successive Extension Periods not extending, in the aggregate, beyond the stated maturity date of the Debentures. During any Extension Period, interest at the rate of % per annum through and including February 15, 2001, and at the Reset Rate thereafter would continue to accrue and compound quarterly. Upon the termination of any Extension Period and the payment of all amounts then due, the Company may commence a new Extension Period, provided such new Extension Period does not extend beyond the stated maturity date of the Debentures. No interest shall be due during an Extension Period until the end of such period. During an Extension

Period, the Company will be prohibited (subject to certain exceptions) from paying dividends on or purchasing any of its capital stock and making certain other restricted payments until quarterly interest payments are resumed and all amounts then due on the Debentures are paid. See "Description of the Debentures -- Option to Extend Interest Payment Period." The obligations of the Company under the Debentures are unsecured and will be subordinate and junior in right of payment, to the extent set forth herein, to all existing and future Senior Indebtedness of the Company and will be effectively subordinated to all existing and future liabilities and obligations of the Company's subsidiaries. See "Description of the Debentures -- Subordination." As of September 30, 1997, the aggregate amount of Senior Indebtedness and liabilities and obligations of the Company's subsidiaries that would have effectively ranked senior to the Debentures was approximately \$28.7 billion. As of September 30, 1997, after giving pro forma effect to the anticipated financing for the WNC Merger, the Offering and the application of the proceeds thereof, the aggregate amount of Senior Indebtedness and liabilities and obligations of the Company's subsidiaries that would have effectively ranked senior to the Debentures would have been approximately \$28.6 billion.

Federal Income Tax

Consequences..... Provided the Company does not exercise its right to defer interest on the Debentures, a beneficial owner of Income PRIDES and Trust Preferred Securities will include in gross income its pro rata share of the stated interest on the Debentures when such interest income is paid or accrued in accordance with its regular method of tax accounting. The Company intends to report the Contract Adjustment Payments as income to holders of Income PRIDES and Growth PRIDES, but holders should consult their tax advisors concerning the possibility that the Contract Adjustment Payments may be treated as loans, purchase price adjustments, rebates or option premiums rather than being includible in income on a current basis. Holders of Growth PRIDES will be required to include in gross income their allocable share of any OID or market discount, or amortize their allocable share of any bond premium otherwise includible or deductible, respectively, with respect to the Treasury Securities posted with the Collateral Agent. If a Tax Event Redemption has occurred, a beneficial owner of Income PRIDES will be required to include in gross income its allocable share of OID on the Treasury Portfolio as it accrues on a constant yield to maturity basis. See "Certain Federal Income Tax Consequences."

Use of Proceeds..... All or substantially all of the proceeds from the sale of the Income PRIDES, of which the Trust Preferred Securities are a component, will be invested by the Trust in Debentures of the Company, and the remainder, if any, will be paid to the Company. The net proceeds of such sale, estimated to be approximately \$483.7 million, will be used by the Company to reduce outstanding indebtedness and for general corporate purposes. See "Use of Proceeds."

RISK FACTORS

Potential purchasers of the FELINE PRIDES offered hereby should carefully consider the risk factors set forth herein under "Risk Factors" as well as other information contained in this Prospectus Supplement, the accompanying Prospectus and the documents incorporated by reference therein.

INVESTMENT IN FELINE PRIDES REQUIRES HOLDERS TO PURCHASE COMMON STOCK; RISK OF DECLINE IN EQUITY VALUE

Although holders of the FELINE PRIDES will be the beneficial owners of the related Trust Preferred Securities, Treasury Portfolio or Treasury Securities, as the case may be, prior to the Purchase Contract Settlement Date, unless a holder of FELINE PRIDES settles the related Purchase Contracts through the delivery of cash to the Purchase Contract Agent in the manner described below or the Purchase Contracts are terminated (upon the occurrence of certain events of bankruptcy, insolvency or reorganization with respect to the Company), the proceeds of the repurchase by the Company of the related Debentures or the principal of the related Treasury Portfolio or Treasury Securities, when paid at maturity, as the case may be, will automatically be applied to the purchase of a specified number of shares of Common Stock on behalf of such holder. Thus, unless a holder of Income PRIDES has cash settled, following the Purchase Contract Settlement Date, the holder will own shares of Common Stock rather than a beneficial interest in Trust Preferred Securities. See "Description of the Purchase Contracts -- General." There can be no assurance that the market value of the Common Stock receivable by the holder on the Purchase Contract Settlement Date will be equal to or greater than the Stated Amount of the FELINE PRIDES held by such holder. If the Applicable Market Value of the Common Stock is less than the Reference Price the aggregate market value of the Common Stock issued to the holder in settlement of each Purchase Contract on the Purchase Contract Settlement Date (assuming that such market value is the same as the Applicable Market Value of such Common Stock) will be less than the Stated Amount paid for the FELINE PRIDES and the market value per share of such Common Stock will be less than the effective price per share paid by each holder for such Common Stock on the date hereof, in which case an investment in the Securities will result in a loss. Accordingly, a holder of the FELINE PRIDES assumes the risk that the market value of the Common Stock may decline, and that such decline could be substantial.

LIMITATIONS ON OPPORTUNITY FOR EQUITY APPRECIATION

The opportunity for equity appreciation afforded by an investment in the FELINE PRIDES is less than the opportunity for equity appreciation afforded by a direct investment in the Common Stock because the market value of the Common Stock to be received by a holder of Purchase Contracts on the Purchase Contract Settlement Date (assuming that such market value is the same as the Applicable Market Value of such Common Stock) will only exceed the Stated Amount if the Applicable Market Value of the Common Stock exceeds the Threshold Appreciation Price (which represents an appreciation of % over the Reference Price). Moreover, in such event, holders of FELINE PRIDES would receive on the Purchase Contract Settlement Date only % (the percentage equal to the Reference Price divided by the Threshold Appreciation Price) of the shares of Common Stock that such holders would have received if they had made a direct investment in the Common Stock on the date hereof, and therefore would receive on the Purchase Contract Settlement Date only % of the appreciation in the value of the Common Stock in excess of the Threshold Appreciation Price through such date.

FACTORS AFFECTING TRADING PRICES

The trading prices of Income PRIDES and Growth PRIDES in the secondary market will be directly affected by the trading prices of the Common Stock in the secondary market, the general level of interest rates and the credit quality of the Company. It is impossible to predict whether the price of the Common Stock or interest rates will rise or fall. Trading prices of the Common Stock will be influenced by the Company's operating results and prospects and by economic, financial and other factors and market conditions that can affect the capital markets generally, including the level of, and fluctuations in, the trading prices of stocks generally and sales of substantial amounts of Common Stock in the market subsequent to the offering of the

Securities or the perception that such sales could occur. Fluctuations in interest rates may give rise to opportunities of arbitrage based upon changes in the relative value of the Common Stock underlying the Purchase Contracts and of the other components of the FELINE PRIDES. Any such arbitrage could, in turn, affect the trading prices of the Income PRIDES, Growth PRIDES, Trust Preferred Securities and Common Stock.

VOTING AND CERTAIN OTHER RIGHTS

Holders of Trust Preferred Securities will not be entitled to vote to appoint, remove or replace or to increase or decrease the number of Conseco Trustees, and generally will have no voting rights except in the limited circumstances described under "Description of the Trust Preferred Securities -- Voting Rights." Holders of FELINE PRIDES will not be entitled to any rights with respect to the Common Stock (including, without limitation, voting rights and rights to receive any dividends or other distributions in respect thereof) unless and until such time as the Company shall have delivered shares of Common Stock for FELINE PRIDES on the Purchase Contract Settlement date or as a result of Early Settlement, as the case may be, and unless the applicable record date, if any, for the exercise of such rights occurs after such date. For example, in the event that an amendment is proposed to the Articles of Incorporation or By-Laws of the Company and the record date for determining the stockholders of record entitled to vote on such amendment occurs prior to such delivery, holders of FELINE PRIDES will not be entitled to vote on such amendment.

DILUTION OF COMMON STOCK

The number of shares of Common Stock that holders of the FELINE PRIDES are entitled to receive on the Purchase Contract Settlement Date or as a result of Early Settlement is subject to adjustment for certain events arising from stock splits and combinations, stock dividends and certain other actions of the Company that modify its capital structure. See "Description of the Purchase Contracts -- Anti-Dilution Adjustments." Such number of shares of Common Stock to be received by such holders on the Purchase Contract Settlement Date or as a result of Early Settlement will not be adjusted for other events, such as offerings of Common Stock for cash or in connection with acquisitions. The Company is not restricted from issuing additional Common Stock during the term of either the Purchase Contracts or the Trust Preferred Securities and has no obligation to consider the interests of the holders of FELINE PRIDES for any reason. Additional issuances may materially and adversely affect the price of the Common Stock and, because of the relationship of the number of shares to be received on the Purchase Contract Settlement Date to the price of the Common Stock, such other events may adversely affect the trading price of Income PRIDES or Growth PRIDES.

POSSIBLE ILLIQUIDITY OF THE SECONDARY MARKET

It is not possible to predict how Income PRIDES, Growth PRIDES or Trust Preferred Securities will trade in the secondary market or whether such market will be liquid or illiquid. Income PRIDES and Growth PRIDES are novel securities and there is currently no secondary market for either Income PRIDES or Growth PRIDES. Application will be made to list the Income PRIDES on the NYSE. If Growth PRIDES and Trust Preferred Securities are separately traded to a sufficient extent that applicable exchange listing requirements are met, the Company will endeavor to cause such securities to be listed on such exchange on which the Income PRIDES are then listed, including, if applicable, the NYSE. The Company and the Trust have been advised by the Underwriters that they presently intend to make a market for the Growth PRIDES and the Trust Preferred Securities; however, they are not obligated to do so and any market making may be discontinued at any time. There can be no assurance as to the liquidity of any market that may develop for the Income PRIDES, the Growth PRIDES or the Trust Preferred Securities, the ability of holders to sell such securities or whether a trading market, if it develops, will continue. In addition, in the event that holders of Income PRIDES were to substitute Treasury Securities for Trust Preferred Securities, thereby converting their Income PRIDES to Growth PRIDES, the liquidity of Income PRIDES could be adversely affected. There can be no assurance that the Income PRIDES will not be delisted from the NYSE or that trading in the Income PRIDES will not be suspended as a result of the election by holders to create Growth PRIDES through the substitution of collateral, which could cause the number of Income PRIDES to fall below the

requirement for listing securities on the NYSE that at least 1,000,000 Income PRIDES be outstanding at any time.

PLEGDED SECURITIES ENCUMBERED

Although the beneficial owners of FELINE PRIDES will be the beneficial owners of the related Trust Preferred Securities, Treasury Portfolio or Treasury Securities (together, the "Pledged Securities"), as applicable, those Pledged Securities will be pledged with the Collateral Agent to secure the obligations of the holders under the related Purchase Contracts. Thus, rights of the holders to their Pledged Securities will be subject to the Company's security interest. Additionally, notwithstanding the automatic termination of the Purchase Contracts, in the event that the Company becomes the subject of a case under the Bankruptcy Code, the delivery of the Pledged Securities to holders of the FELINE PRIDES may be delayed by the imposition of the automatic stay of Section 362 of the Bankruptcy Code.

INVESTMENT COMPANY EVENT DISTRIBUTION

Upon the occurrence of an Investment Company Event, the Trust will be dissolved (except in the limited circumstances described in the following sentence) with the result that Debentures with an aggregate principal amount equal to the aggregate stated liquidation amount of the Trust Preferred Securities would be distributed to the holders of the Trust Preferred Securities on a pro rata basis. Such dissolution and distribution shall be conditioned on the Company being unable to avoid such Investment Company Event within a 90 day period by taking some ministerial action or pursuing some other reasonable measure that will have no adverse effect on the Trust, the Company or the holders of the Trust Preferred Securities, and will involve no material cost. In addition, the Company will have the right at any time to dissolve the Trust. See "Description of the Trust Preferred Securities -- Distribution of the Debentures."

There can be no assurance as to the impact on the market prices for Income PRIDES of a distribution of the Debentures in exchange for Trust Preferred Securities upon a dissolution of the Trust. Because Income PRIDES will consist of Debentures and related Purchase Contracts upon the occurrence of the dissolution of the Trust as a result of an Investment Company Event or otherwise, prospective purchasers of Income PRIDES are also making an investment decision with regard to the Debentures and should carefully review all the information regarding the Debentures contained herein. See "Description of the Trust Preferred Securities -- Distribution of the Debentures" and "Description of the Debentures -- General."

TAX EVENT REDEMPTION

The Debentures (and, thus, the Trust Securities) are redeemable, at the option of the Company, on not less than 30 days or more than 60 days prior written notice, in whole but not in part, at any time prior to the Purchase Contract Settlement Date upon the occurrence and continuation of a Tax Event under the circumstances described herein at a Redemption Price equal to, for each Debenture, the Redemption Amount plus accrued and unpaid distributions (including deferred distributions). See "Description of the Debentures -- Tax Event Redemption." If the Company so redeems all of the Debentures, the Trust must redeem all of the Trust Securities and pay in cash such Redemption Price to the holder of such Trust Securities. If the Tax Event Redemption has occurred prior the Purchase Contract Settlement Date, the Redemption Price payable in liquidation of the Income PRIDES holders' interest in the Trust will be distributed to the Collateral Agent, who in turn will apply an amount equal to the Redemption Amount of such Redemption Price to purchase the Treasury Portfolio on behalf of the holders of Income PRIDES. Holders of Trust Preferred Securities, not held in the form of Income PRIDES, will receive redemption payments directly. The Treasury Portfolio will be substituted for the Trust Preferred Securities and will be pledged with the Collateral Agent to secure such Income PRIDES holders' obligations to purchase the Company's Common Stock under their Purchase Contracts. There can be no assurance as to the impact on the market prices for the Income PRIDES of the substitution of the Treasury Portfolio as collateral in replacement of any Trust Preferred Securities so redeemed. See "Description of the Trust Preferred Securities -- Mandatory Redemption." A Tax Event Redemption will be a taxable event to the beneficial owners of the Trust Preferred Securities. See "Certain Federal Income Tax Consequences -- Tax Event Redemption."

RIGHT TO DEFER CURRENT PAYMENTS

The Company may, at its option, defer the payment of Contract Adjustment Payments, if any, on the Purchase Contracts until the Purchase Contract Settlement Date. However, deferred installments of Contract Adjustment Payments, if any, will bear Deferred Contract Adjustment Payments at the rate of % per annum (compounding on each succeeding Payment Date) until paid. If the Purchase Contracts are settled early or terminated (upon the occurrence of certain events of bankruptcy, insolvency or reorganization with respect to the Company), the right to receive Contract Adjustment Payments (other than any accrued but unpaid Contract Adjustment Payments that have not been deferred), if any, and Deferred Contract Adjustment Payments, if any, will also terminate.

In the event that the Company elects to defer the payment of any Contract Adjustment Payments on the Purchase Contracts until the Purchase Contract Settlement Date, each holder of Purchase Contracts will receive on the Purchase Contract Settlement Date in respect of the Deferred Contract Adjustment Payments, in lieu of a cash payment, a number of shares of Common Stock equal to (x) the aggregate amount of Deferred Contract Adjustment Payments payable to such holder divided by (y) the Applicable Market Value. See "Description of the Purchase Contracts -- Contract Adjustment Payments."

The Company also will have the right under the Indenture to defer payments of interest on the Debentures by extending the interest payment period at any time, and from time to time, on the Debentures. As a consequence of such an extension, quarterly distributions on the Trust Preferred Securities, held either as a component of the Income PRIDES or held separately, would be deferred (but despite such deferrals would accrue interest at a rate of % per annum through and including February 15, 2001, and at the Reset Rate thereafter, compounded on a quarterly basis) by the Trust during any such Extension Period. Such right to extend the interest payment period for the Debentures will be limited such that an Extension Period may not extend beyond the stated maturity of the Debentures. During any such Extension Period, (a) the Company shall not declare or pay dividends on, make distributions with respect to, or redeem, purchase or acquire, or make a liquidation payment with respect to, any of its capital stock (other than (i) purchases or acquisitions of capital stock of the Company in connection with the satisfaction by the Company of its obligations under any employee or agent benefit plans or the satisfaction by the Company of its obligations pursuant to any contract or security outstanding on the date of such event requiring the Company to purchase capital stock of the Company, (ii) as a result of a reclassification of the Company's capital stock or the exchange or conversion of one class or series of the Company's capital stock for another class or series of the Company's capital stock, (iii) the purchase of fractional interests in shares of the Company's capital stock pursuant to the conversion or exchange provisions of such capital stock or the security being converted or exchanged, (iv) dividends or distributions in capital stock of the Company (or rights to acquire capital stock) or repurchases or redemptions of capital stock solely from the issuance or exchange of capital stock or (v) redemptions or repurchases of any rights outstanding under a shareholder rights plan), (b) the Company shall not make any payment of interest, principal or premium, if any, on or repay, repurchase or redeem any debt securities issued by the Company that rank junior to the Debentures and (c) the Company shall not make any guarantee payments with respect to the foregoing (other than payments pursuant to the Guarantee or the Common Securities Guarantee (as defined herein)). Prior to the termination of any such Extension Period, the Company may further extend the interest payment period; provided, that such Extension Period may not extend beyond the stated maturity of the Debentures. Upon the termination of any Extension Period and the payment of all amounts then due, the Company may commence a new Extension Period, subject to the above requirements. See "Description of the Trust Preferred Securities -- Distributions" and "Description of the Debentures -- Option to Extend Interest Payment Period."

The Company believes, and intends to take the position, that as of the issue date of the Debentures, the likelihood that it will exercise its right to defer payments of stated interest on the Debentures is remote and that, therefore, the Debentures should not be considered to be issued with OID as a result of the Company's right to defer payments of stated interest on the Debentures unless it actually exercises such deferral right. There is no assurance that the Internal Revenue Service will agree with such position. See "Certain Federal Income Tax Consequences -- Income PRIDES -- Trust Preferred Securities -- Interest Income and Original Issue Discount."

Should the Company exercise its right to defer payments of interest by extending the interest payment period, each beneficial owner of Trust Preferred Securities held either as a component of the Income PRIDES or held separately would be required to include such beneficial owner's share of the stated interest on the Trust Preferred Securities in gross income, as OID, on daily economic accrual basis, regardless of their method of tax accounting and in advance of receipt of the cash attributable to such income. As a result, each such beneficial owner of Trust Preferred Securities would recognize income for United States federal income tax purposes in advance of the receipt of cash attributable to such income, and would not receive the cash from the Trust related to such income if such holder disposes of its Trust Preferred Securities prior to the record date for the date on which distributions of such amounts are made. See "Certain Federal Income Tax Consequences -- Income PRIDES -- Trust Preferred Securities -- Interest Income and Original Issue Discount." The Company has no current intention of exercising its right to defer payments of interest by extending the interest payment period on the Debentures. However, should the Company determine to exercise such right in the future, the market price of the Trust Preferred Securities is likely to be affected. A holder that disposes of its Trust Preferred Securities during an Extension Period, therefore, might not receive the same return on its investment as a holder that continues to hold its Trust Preferred Securities. In addition, as a result of the existence of the Company's right to defer interest payments, the market price of the Trust Preferred Securities (which represent a preferred, undivided beneficial interest in the assets of the Trust) may be more volatile than the market price of other securities that are not subject to such deferral. See "Certain Federal Income Tax Consequences -- Income PRIDES -- Trust Preferred Securities -- Interest Income and Original Issue Discount."

RANKING OF SUBORDINATE OBLIGATIONS UNDER THE GUARANTEE, THE DEBENTURES AND THE CONTRACT ADJUSTMENT PAYMENTS

The Company's obligations under the Guarantee are unsecured and will rank

(i) subordinate and junior in right of payment to all other liabilities of the Company except those made pari passu or subordinate by their terms, (ii) pari passu with the most senior preferred or preference stock now or hereafter issued by the Company and pari passu with any guarantee now or hereafter issued by the Company in respect of any preferred stock or preference stock of any affiliate of the Company, and (iii) senior to the Common Stock. The obligations of the Company under the Debentures are unsecured and will be subordinate and junior in right of payment, to the extent set forth herein, to all present and future Senior Indebtedness and will be effectively subordinated to all existing and future liabilities and obligations of the Company's subsidiaries. As of September 30, 1997, the aggregate amount of Senior Indebtedness and liabilities and obligations of the Company's subsidiaries that would have effectively ranked senior to the Debentures was approximately \$28.7 billion. As of September 30, 1997, after giving pro forma effect to the anticipated financing for the WNC Merger, the Offering and the application of the proceeds thereof, the aggregate amount of Senior Indebtedness and liabilities and obligations of the Company's subsidiaries that would have effectively ranked senior to the Debentures would have been approximately \$28.6 billion. The Contract Adjustment Payments, if any, will be subordinated and junior in right of payment to all liabilities of the Company (other than the Guarantee with which they will rank pari passu). There are no terms in the Trust Preferred Securities, the Debentures or the Guarantee that limit the ability of the Company or any of its subsidiaries to incur additional indebtedness, liabilities or obligations, including indebtedness, liabilities or obligations that rank senior to the Debentures, the Guarantee and the Contract Adjustment Payments. See "Description of the Guarantee -- Status of the Guarantee" and "Description of the Debentures -- Subordination."

UNITED STATES FEDERAL INCOME TAX CONSEQUENCES

No statutory, judicial or administrative authority directly addresses the treatment of the FELINE PRIDES or instruments similar to the FELINE PRIDES for United States federal income tax purposes. As a result, certain United States federal income tax consequences of the purchase, ownership and disposition of FELINE PRIDES are not entirely clear. See "Certain Federal Income Tax Consequences."

PURCHASE CONTRACT AGREEMENT NOT QUALIFIED UNDER TRUST INDENTURE ACT; LIMITED OBLIGATIONS OF PURCHASE CONTRACT AGENT

Although the Trust Preferred Securities constituting a part of the Income PRIDES will be issued pursuant to the Declaration, which will be qualified under the Trust Indenture Act, the Purchase Contract Agreement will not be qualified as an indenture under the Trust Indenture Act and the Purchase Contract Agent will not be required to qualify as a trustee thereunder. Accordingly, holders of FELINE PRIDES will not have the benefit of the protections of the Trust Indenture Act. The protections generally afforded the holder of the security issued under an indenture that has been qualified under the Trust Indenture Act include disqualification of the indenture trustee for "conflicting interests" as defined under the Trust Indenture Act, provisions preventing a trustee that is also a creditor of the issuer from improving its own credit position at the expense of the security holders immediately prior to or after a default under such indenture and the requirement that the indenture trustee deliver reports at least annually with respect to certain matters concerning the indenture trustee and the securities. Under the terms of the Purchase Contract Agreement, the Purchase Contract Agent will have only limited obligations to the holders of FELINE PRIDES. See "Certain Provisions of the Purchase Contract Agreement and the Pledge Agreement -- Information Concerning the Purchase Contract Agent."

RIGHTS UNDER THE GUARANTEE

The Guarantee will be qualified as an indenture under the Trust Indenture Act. The Guarantee Trustee will act as indenture trustee under the Guarantee for the purposes of compliance with the provisions of the Trust Indenture Act. The Guarantee Trustee will hold the Guarantee for the benefit of the holders of the Trust Preferred Securities.

The Guarantee guarantees to the holders of the Trust Preferred Securities, on a subordinated basis, the payment of (i) any accrued and unpaid distributions that are required to be paid on the Trust Preferred Securities, to the extent the Trust has funds available therefor, (ii) the redemption price, including all accumulated and unpaid distributions to the date of redemption, of Trust Preferred Securities in respect of which the related Debentures have been repurchased by the Company on the Purchase Contract Settlement Date, to the extent the Trust has funds available therefor, and (iii) upon a voluntary or involuntary dissolution of the Trust (other than in connection with the distribution of Debentures to the holders of Trust Preferred Securities), the lesser of (a) the aggregate of the liquidation amount and all accrued and unpaid distributions on the Trust Preferred Securities to the date of payment to the extent the Trust has funds available therefor or (b) the amount of assets of the Trust remaining available for distribution to holders of the Trust Preferred Securities in liquidation of the Trust. The majority in liquidation amount of the Trust Preferred Securities will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Guarantee Trustee or to direct the exercise of any trust or power conferred upon the Guarantee Trustee under the Guarantee. Notwithstanding the foregoing, any holder of the Trust Preferred Securities may institute a legal proceeding directly against the Company to enforce such holder's rights under the Guarantee without first instituting a legal proceeding against the Trust, the Guarantee Trustee or any other person or entity. If the Company were to default on its obligation to pay amounts payable on the Debentures or otherwise, the Trust would lack funds for the payment of distributions or amounts payable on redemption of the Trust Preferred Securities or otherwise, and, in such event, holders of the Trust Preferred Securities would not be able to rely upon the Guarantee for payment of such amounts. Instead, holders of the Trust Preferred Securities would rely on the enforcement (1) by the Institutional Trustee of its rights as registered holder of the Debentures against the Company pursuant to the terms of the Indenture and the Debentures or (2) by such holder of the Institutional Trustee's or such holder's own rights against the Company to enforce payments on the Debentures. See "-- Enforcement of Certain Rights by Holders of Trust Preferred Securities," "Description of the Debentures" and "Description of the Guarantee." The Declaration provides that each holder of Trust Preferred Securities, by acceptance thereof, agrees to the provisions of the Guarantee, including the subordination provisions thereof, and the Indenture.

ENFORCEMENT OF CERTAIN RIGHTS BY HOLDERS OF TRUST PREFERRED SECURITIES

If a Declaration Event of Default (as defined herein) occurs and is continuing, the holders of Trust Preferred Securities would rely on the enforcement by the Institutional Trustee of its rights as registered holder of the Debentures against the Company. In addition, the holders of a majority in liquidation amount of the Trust Preferred Securities will have the right to direct the time, method, and place of conducting any proceeding for any remedy available to the Institutional Trustee or to direct the exercise of any trust or power conferred upon the Institutional Trustee under the Declaration, including the right to direct the Institutional Trustee to exercise the remedies available to it as the holder of the Debentures. The Indenture provides that the Debt Trustee (as defined herein) shall give holders of Debentures notice of all defaults or events of default within 30 days after occurrence. However, except in the cases of a default or an event of default in payment on the Debentures, the Debt Trustee will be protected in withholding such notice if its officers or directors in good faith determine that withholding of such notice is in the interest of such holders.

If the Institutional Trustee fails to enforce its rights under the Debentures in respect of an Indenture Event of Default (as defined herein) after a holder of record of Trust Preferred Securities has made a written request, such holder of record of Trust Preferred Securities may, to the extent permitted by applicable law, institute a legal proceeding against the Company to enforce the Institutional Trustee's rights under the Debentures. In addition, if the Company fails to pay interest or principal on the Debentures on the date such interest or principal is otherwise payable, and such failure to pay is continuing, a holder of Trust Preferred Securities may directly institute a proceeding for enforcement of payment to such holder of the principal of or interest on the Debentures having a principal amount equal to the aggregate stated liquidation amount of the Trust Preferred Securities of such holder (a "Direct Action") after the respective due date specified in the Debentures. In connection with such a Direct Action, the Company shall have the right under the Indenture to set off any payment made to such holder by the Company. The holders of Trust Preferred Securities will not be able to exercise directly any other remedy available to the holders of the Debentures. See "Description of the Trust Preferred Securities -- Declaration Events of Default."

LIMITED RIGHTS OF ACCELERATION

The Institutional Trustee, as holder of the Debentures, may accelerate payment of the principal and accrued and unpaid interest on the Debentures only upon the occurrence and continuation of a Declaration Event of Default or Indenture Event of Default, which generally are limited to payment defaults, breach of certain covenants, certain events of bankruptcy, insolvency and reorganization of the Company and certain events of dissolution of the Trust. See "Description of the Trust Preferred Securities -- Declaration Events of Default." Accordingly, there is no right to acceleration upon default by the Company of its payment obligations under the Guarantee.

TRADING PRICE OF THE TRUST PREFERRED SECURITIES

The Trust Preferred Securities may trade at a price that does not fully reflect the value of accrued but unpaid interest with respect to the underlying Debentures. A holder who disposes of his Trust Preferred Securities between record dates for payments of distributions thereon will be required to include accrued but unpaid interest on the Debentures through the date of disposition in income as ordinary income (i.e., interest or, possibly, OID), and to add such amount to his adjusted tax basis in his pro rata share of the underlying Debentures deemed disposed of. To the extent the selling price is less than the holder's adjusted tax basis, a holder will recognize a loss. See "Certain Federal Income Consequences -- Income PRIDES -- Trust Preferred Securities -- Interest Income and Original Issue Discount" and "-- Sales, Exchanges or Other Dispositions of Trust Preferred Securities."

THE COMPANY

BACKGROUND

The Company is a financial services holding company. The Company develops, markets and administers annuity, supplemental health insurance, individual and group major medical insurance and individual life insurance products. The Company's operating strategy is to grow the insurance business within its subsidiaries by focusing its resources on the development and expansion of profitable products and strong distribution channels. The Company has supplemented such growth by acquiring companies that have profitable niche products and strong distribution systems. Once a company has been acquired, the Company's operating strategy has been to consolidate and streamline management and administrative functions, to realize superior investment returns through active asset management, to eliminate unprofitable products and distribution channels, and to expand and develop the profitable distribution channels and products.

Since 1982, the Company has acquired 18 insurance groups and related businesses. The Company continues to regularly investigate acquisition opportunities in the insurance industry and other industries in which it operates. Any decision to make an acquisition will depend on a favorable evaluation by the Company of a variety of factors, including the operating results and financial condition of the business to be acquired, its growth potential, management and personnel and the potential return on such acquisition in relation to other acquisition opportunities and the internal development of the Company's business operations. No assurances can be given as to when, if at all, or upon what terms the Company will make any such acquisition.

OPERATING SEGMENTS

Conseco conducts and manages its business through five segments, reflecting the Company's major lines of insurance business and target markets: (i) annuities; (ii) supplemental health insurance; (iii) life insurance; (iv) individual and group major medical insurance and (v) other.

Annuities

This segment includes single-premium deferred annuities ("SPDAs"), flexible-premium deferred annuities ("FPDAs"), single-premium immediate annuities ("SPIAs") and variable annuities sold through both career agents and professional independent producers. An SPDA is a savings vehicle in which the policyholder, or annuitant, makes a single-premium payment to the insurance company; the insurer guarantees the principal and accrues a stated rate of interest. After a number of years, as specified in the annuity contract, the annuitant may elect to take the proceeds of the annuity either in a single payment or in a series of payments for life, for a fixed number of years, or for a combination thereof. FPDAs are similar to SPDAs in many respects, except that FPDAs allow for more than one premium payment. SPIAs are designed to provide a series of periodic payments for a fixed period of time or for life, according to the policyholder's choice at the time of issue. Once the payments begin, the amount, frequency and length of time for which they are payable are fixed. Variable annuities, sold on a single- or flexible-premium basis, differ from fixed annuities in that the original principal value may fluctuate, depending on the performance of assets allocated pursuant to various investment options chosen by the contract owner.

Supplemental health insurance

This segment includes Medicare supplement, long-term care and specified disease insurance. Medicare is a two-part federal health insurance program for disabled persons and senior citizens (age 65 and older). Medicare supplement policies provide coverage for many of the medical expenses which the Medicare program does not cover, such as deductibles and coinsurance costs (in which the insured and Medicare share the costs of medical expenses) and specified losses which exceed the federal program's maximum benefits. Long-term care products provide coverage, within prescribed limits, for nursing home, home healthcare, or a combination of both nursing home and home health care expenses. Beginning in 1997, the supplemental health segment includes specified disease products such as cancer and heart/stroke insurance. These policies generally provide fixed or limited benefits. Payments under cancer insurance policies are generally made

directly to, or at the direction of, the policyholder following diagnosis of, or treatment for, a covered type of cancer. Heart/stroke policies provide for payments directly to the policyholder for treatment of a covered heart disease, heart attack or stroke.

Life insurance

This segment includes traditional life, universal life and other life insurance products. This segment's products are currently sold through both career agents and professional independent producers. Interest-sensitive life products include universal life products that provide whole life insurance with adjustable rates of return related to current interest rates. Traditional life policies include whole life and term life products. Under whole life policies, the policyholder generally pays a level premium over the policyholders' expected lifetime. These policies, which continue to be marketed by the Company on a limited basis, combine insurance protection with a savings component that increases in amount gradually over the life of the policy. Term life products offer pure insurance protection for a specified period of time -- typically one, five, 10 or 20 years.

Individual and group major medical insurance

This segment includes individual and group major medical health insurance products. The size of this segment increased significantly as a result of the acquisition of Pioneer Financial Services, Inc. The profitability of this business depends largely on the overall persistency of the business inforce, claim experience and expense management.

Other

This segment includes fee revenue generated by Consecos nonlife subsidiaries, including the investment advisory fees earned by Consecos Capital Management, Inc. and commissions earned for insurance product marketing and distribution.

MARKETING AND DISTRIBUTION

Consecos insurance subsidiaries are collectively licensed to market the Company's insurance products in all states and in the District of Columbia, and certain protectorates of the United States. Consecos believes that people generally purchase life, accident and health insurance and annuity products only after being contacted and solicited by an insurance agent or by direct marketing. Accordingly, the success of the Company's distribution system is dependent primarily on its ability to attract and retain agents who are experienced and highly motivated. Consecos has formed a marketing subsidiary to coordinate the marketing and distribution of its insurance companies and promote cross selling of their products.

A description of the Company's primary distribution channels follows:

Professional Independent Producers. This distribution channel consists of a general agency and insurance brokerage distribution system comprised of approximately 190,000 independent licensed agents doing business in all states.

Career Agents. This agency force of approximately 3,900 agents working from 185 branch offices permits one-on-one contacts with potential policyholders and promotes strong personal relationships with existing policyholders. The career agents sell primarily Medicare supplement and long-term care insurance policies.

Direct Marketing. This distribution channel was added on September 30, 1997 with the acquisition of Colonial Penn Life Insurance Company, which is engaged in the sale of "graded benefit life" insurance policies through direct marketing. Consecos intends to cross market other products through this distribution channel.

PENDING ACQUISITION

On September 20, 1997, the Company entered into an Agreement and Plan of Merger with Washington National Corporation ("WNC") pursuant to which WNC would become a wholly owned subsidiary of the

Company. In the merger, each share of WNC common stock would be converted into the right to receive \$33.25 in cash, for a total transaction value of approximately \$410 million. Completion of the WNC Merger, which is subject to customary terms and conditions, including regulatory approvals, is expected in December 1997. The principal operating subsidiaries of WNC, Washington National Insurance Company and United Presidential Life Insurance Company, are engaged primarily in marketing and underwriting life insurance and annuities for individuals and specialty health insurance for educators.

GENERAL

The Company's executive offices are located at 11825 North Pennsylvania Street, Carmel, Indiana 46032 and the telephone number is (317) 817-6100. For additional information concerning the Company, see the Company's Annual Report on Form 10-K for the year ended December 31, 1996 and other documents filed with the Commission and listed under "Incorporation of Certain Documents by Reference" in the accompanying Prospectus.

SELECTED HISTORICAL FINANCIAL INFORMATION OF THE COMPANY

The selected historical financial information set forth below is derived from the consolidated financial statements of the Company. The Company's consolidated balance sheets at December 31, 1995 and 1996, and the consolidated statements of operations, shareholders' equity and cash flows for the years ended December 31, 1994, 1995 and 1996 and notes thereto were audited by Coopers & Lybrand L.L.P., independent accountants, and are included in the Company's Annual Report on Form 10-K for the year ended December 31, 1996, which is incorporated by reference herein. The selected historical financial information set forth below for the nine months ended September 30, 1996 and 1997, is unaudited; however, in the opinion of the Company's management, such financial information contains all adjustments, consisting only of normal recurring items, necessary to present fairly the financial information for such periods. The results of operations for the nine month period ended September 30, 1997 may not be indicative of the results of operations to be expected for a full year. The selected historical financial information is qualified in its entirety by, and should be read in conjunction with, the Company's Annual Report on Form 10-K for the year ended December 31, 1996, and the Company's Quarterly Report on Form 10-Q for the quarter ended September 30, 1997, both of which are incorporated by reference herein.

The comparison of selected historical financial information in the table below is significantly affected by: (i) the acquisitions consummated by Conseco Capital Partners, L.P. ("Partnership I") and Conseco Capital Partners II, L.P. ("Partnership II"); (ii) the sale of Western National Corporation ("Western National"); (iii) the transactions affecting Conseco's ownership interest in Bankers Life Holding Corporation ("BLH") and CCP Insurance, Inc. ("CCP"); (iv) the acquisition (the "LPG Merger") of Life Partners Group, Inc. ("LPG"); (v) the acquisition (the "ATC Merger") of American Travellers Corporation ("ATC"); (vi) the acquisition (the "THI Merger") of Transport Holdings Inc. ("THI"); (vii) the acquisition (the "CAF Merger") of Capitol American Financial Corporation ("CAF"); (viii) the acquisition (the "PFS Merger") of Pioneer Financial Services, Inc. ("PFS"); and (ix) the acquisition (the "CPL Acquisition") of Colonial Penn Life Insurance Company and Providential Life Insurance Company and certain other assets (collectively "CPL"). For periods beginning with their acquisitions by Partnership I and ending June 30, 1992, Partnership I and its subsidiaries were consolidated with the financial statements of the Company. Following the completion of the initial public offering by CCP in July 1992, the Company did not have unilateral control to direct all of CCP's activities and, therefore, did not consolidate the financial statements of CCP with the financial statements of the Company. As a result of the purchase by the Company of all the shares of common stock of CCP it did not already own on August 31, 1995 (the "CCP Merger"), the financial statements of CCP's subsidiaries are consolidated with the financial statements of the Company, effective January 1, 1995. The Company has included BLH in its financial statements since November 1, 1992. Through December 31, 1993, the financial statements of Western National were consolidated with the financial statements of the Company. Following the completion of the initial public offering of Western National (and subsequent disposition of the Company's remaining equity interest in Western National), the financial statements of Western National were no longer consolidated with the financial statements of the Company. As of September 29, 1994, the Company began to include in its financial statements the newly acquired Partnership II subsidiary, American Life Holdings, Inc. ("ALH"). As of July 1, 1996, the Company began to include in its financial statements its subsidiaries acquired in the LPG Merger. Effective December 31, 1996, the Company began to include in its financial statements its subsidiaries acquired in the ATC Merger and the THI Merger. As of January 1, 1997 the Company began to include in its financial statements its subsidiaries acquired in the CAF Merger. As of April 1, 1997, the Company began to include in its financial statements its subsidiaries acquired in the PFS Merger. Effective September 30, 1997, the Company began to include in its balance sheet its subsidiaries acquired in the CPL Acquisition. Such business combinations are described in the notes to the consolidated financial statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 1996, and the Company's Quarterly Report on Form 10-Q for the quarter ended September 30, 1997, both of which are incorporated by reference herein.

THE TRUST

The Trust is a statutory business trust formed under Delaware law pursuant to (i) a declaration of trust, dated as of May 21, 1997, executed by the Sponsor and certain of the Conseco Trustees and (ii) the filing of a certificate of trust with the Secretary of State of the State of Delaware on May 23, 1997. Such trust declaration will be amended and restated in its entirety substantially in the form filed as an exhibit to the Registration Statement of which this Prospectus Supplement forms a part. The Declaration will be qualified as an indenture under the Trust Indenture Act. Although upon issuance of the Trust Preferred Securities, the holders of Income PRIDES will be the beneficial owners of the related Trust Preferred Securities, such Trust Preferred Securities will be pledged with the Collateral Agent to secure the obligations of the holders under the related Purchase Contracts. See "Description of the Purchase Contracts -- Pledged Securities and Pledge Agreement" and "Description of the Trust Preferred Securities -- Book-Entry Only Issuance -- The Depository Trust Company." The Company will directly or indirectly acquire Common Securities in an aggregate liquidation amount equal to 3% of the total capital of the Trust. The Trust exists for the exclusive purposes of (i) issuing the Trust Securities representing undivided beneficial ownership interests in the assets of the Trust, (ii) investing the proceeds of the Trust Securities in the Debentures and (iii) engaging in only those other activities necessary, appropriate, convenient or incidental thereto. The Trust has a term of approximately seven years, but may dissolve earlier as provided in the Declaration.

The number of Conseco Trustees initially is five. Three of the Conseco Trustees (the "Regular Trustees") are persons who are employees or officers of or who are affiliated with the Company. Pursuant to the Declaration, the fourth trustee will be a financial institution that is unaffiliated with the Company, which trustee serves as institutional trustee under the Declaration and as indenture trustee for the purposes of compliance with the provisions of the Trust Indenture Act (the "Institutional Trustee"). The fifth trustee, First Chicago Delaware Inc., a financial institution that is unaffiliated with the Company, will serve as the Delaware Trustee, until removed or replaced by the holder of the Common Securities. For the purpose of compliance with the provisions of the Trust Indenture Act, The First National Bank of Chicago will act as trustee (the "Guarantee Trustee") under the Guarantee. See "Description of the Guarantee" and "Description of the Trust Preferred Securities -- Voting Rights."

The Institutional Trustee will hold title to the Debentures for the benefit of the holders of the Trust Securities and the Institutional Trustee will have the power to exercise all rights, powers and privileges under the Indenture as the holder of the Debentures. In addition, the Institutional Trustee will maintain exclusive control of a segregated noninterest bearing bank account (the "Property Account") to hold all payments made in respect of the Debentures for the benefit of the holders of the Trust Securities. The Institutional Trustee will make payments of distributions and payments on liquidation, redemption and otherwise to the holders of the Trust Securities out of funds from the Property Account. The Guarantee Trustee will hold the Guarantee for the benefit of the holders of the Trust Preferred Securities. The Company, as the direct or indirect holder of all the Common Securities, will have the right to appoint, remove or replace any Conseco Trustee and to increase or decrease the number of Conseco Trustees; provided, however, that the number of Conseco Trustees shall be at least three, a majority of which shall be Regular Trustees. The Company will pay all fees and expenses related to the Trust and the offering of the Trust Securities. See "Description of the Debentures -- Miscellaneous."

The rights of the holders of the Trust Preferred Securities, including economic rights, rights to information and voting rights, are set forth in the Declaration, the Delaware Business Trust Act, as amended (the "Trust Act"), and the Trust Indenture Act. See "Description of the Trust Preferred Securities."

The trustee in the State of Delaware currently is First Chicago Delaware Inc., Wilmington, Delaware. The principal place of business of the Trust shall be c/o Conseco, Inc., 11825 N. Pennsylvania Street, Carmel, Indiana 46032, and its telephone number shall be (317) 817-6100.

Cash dividends are paid quarterly, in an amount determined by the Company's Board of Directors. The Company's general policy is to retain most of its earnings. Retained earnings have been used: (i) to finance the growth and development of the Company's business through acquisitions or otherwise; (ii) to pay preferred stock dividends; (iii) to pay distributions on the Company-obligated mandatorily redeemable preferred stock of subsidiary trusts; and (iv) to repurchase common stock on those occasions when the Company has determined that its shares were undervalued in the market and that the use of funds for stock repurchases would not interfere with other cash needs.

The Company has paid all cumulative dividends on its preferred stock and distributions on its Company-obligated mandatorily redeemable preferred securities of subsidiary trusts when due. The Company is prohibited from paying common stock dividends if such payments are not current.

The Company's ability to pay dividends depends primarily on the receipt of cash dividends and other cash payments from its subsidiaries. The principal operating subsidiaries of the Company are life insurance companies organized under state laws and subject to regulation by state insurance departments. These laws and regulations limit the ability of insurance subsidiaries to make cash dividends, loans or advances to a holding company such as the Company. However, these laws generally permit the payment, without prior approval, of annual dividends which in the aggregate do not exceed the greater of (or in a few states, the lesser of): (i) the subsidiary's prior year net gain from operations; or (ii) 10 percent of surplus attributable to policyholders at the prior year-end, both computed on the statutory basis of accounting prescribed for insurance companies. Certain notes payable require the Company to maintain financial ratios which could also limit its ability to pay dividends. See "Management's Discussion and Analysis of Results of Operations and Financial Condition -- Liquidity and Capital Resources" in the Company's Annual Report on Form 10-K for the year ended December 31, 1996, which is incorporated herein by reference.

CAPITALIZATION

The following table summarizes the actual capitalization of the Company and its consolidated subsidiaries at September 30, 1997 and such capitalization adjusted on a pro forma basis to reflect: (i) the WNC Merger and the related financing transactions; (ii) the sale of the FELINE PRIDES offered hereby (based on an assumed aggregate public offering price of \$50 per Security), (iii) the concurrent purchase by the Trust from the Company of \$515.5 million principal amount of Debentures and (iii) an assumed application of the proceeds from the foregoing, after estimated underwriting commissions and estimated expenses of this Offering, to repay indebtedness. This table should be read in conjunction with the Company's Annual Report on Form 10-K for the year ended December 31, 1996, and the Company's Quarterly Report on Form 10-Q for the quarter ended September 30, 1997, both of which are incorporated by reference herein.

(1) Subsequent to the completion of the Offering, the assets of the Trust will consist solely of approximately \$515.5 million in aggregate principal amount of the Debentures with an interest rate of % and a maturity date of February 16, 2003. The assets of Conesco Financing Trust I consist solely of \$283.6 million aggregate principal amount of subordinated deferrable interest debentures of the Company with an interest rate of 9.16% and a maturity date of November 30, 2026; the assets of Conesco Financing Trust II consist solely of \$335.1 million aggregate principal amount of subordinated deferrable interest debentures of the Company with an interest rate of 8.70% and a maturity date of November 15, 2026; and the assets of Conesco Financing Trust III consist solely of \$309.3 million in aggregate principal amount of subordinated debentures with an interest rate of 8.796% and a maturity date of April 1, 2027. The assets, described in the previous sentence, will not be available to meet the obligations of the Trust.

(2) Pro forma adjustments assume the WNC Merger will be financed, in part, with bank debt of \$400 million.

(3) Pro forma adjustments assume that the anticipated net proceeds from the issuance of the FELINE PRIDES will be used to reduce borrowings under the revolving credit agreements.

(4) The pro forma adjustments assume that the underwriters' over-allotment is not exercised.

ACCOUNTING TREATMENT

The financial statements of the Trust will be reflected in the Company's consolidated financial statements, with the Trust Preferred Securities shown on the Company's balance sheet under the caption "Company-obligated mandatorily redeemable preferred securities of subsidiary trusts." The financial statement footnotes to the Company's consolidated financial statements will reflect that the sole asset of the Trust will be the Debentures. Dividends on the Trust Preferred Securities will be reflected as a charge to the Company's consolidated income, identified as Minority Interest in Net Income of Consolidated Subsidiaries, whether paid or accrued.

The Purchase Contracts are forward transactions in the Common Stock. Upon settlement of a Purchase Contract, the Company will receive the Stated Amount on such Purchase Contract and will issue the requisite number of shares of Common Stock. The Stated Amount thus received will be credited to shareholders' equity allocated between the common stock and paid-in capital accounts. The present value of the Contract Adjustment Payments, if any, will initially be charged to equity, with an offsetting credit to liabilities. Subsequent Contract Adjustment Payments, if any, will be allocated between this liability account and interest expense based on a constant rate calculation over the life of the transaction.

Prior to the issuance of shares of Common Stock upon settlement of the Purchase Contracts, it is anticipated that the FELINE PRIDES will be reflected in the Company's earnings per share calculations using the treasury stock method. Under this method, the number of shares of Common Stock used in calculating earnings per share is deemed to be increased by the excess, if any, of the number of shares issuable upon settlement of the Purchase Contracts over the number of shares that could be purchased by the Company in the market (at the average market price during the period) using the proceeds receivable upon settlement. Consequently, it is anticipated there will be no dilutive effect on the Company's earnings per share except during periods when the average market price of Common Stock is above the Threshold Appreciation Price.

USE OF PROCEEDS

All or substantially all of the proceeds from the sale of the Income PRIDES, of which the Trust Preferred Securities are a component, will be invested by the Trust in the Debentures, and the remainder, if any, will be paid to the Company. The net proceeds from such sale, estimated to be approximately \$483.7 million, will be used by the Company for the repayment of certain amounts borrowed under the Company's revolving line of credit and its commercial paper program and for other general corporate purposes. As of November 19, 1997, the weighted average interest rate of borrowings under the Company's revolving line of credit was 6.01% and the weighted average interest rate for outstanding commercial paper was 5.85%. Borrowings under the revolving line of credit must be repaid in 2001 and amounts borrowed under the commercial paper program are due on various dates through February 6, 1998.

DESCRIPTION OF THE FELINE PRIDES

The following descriptions of certain terms of the FELINE PRIDES offered hereby supplements, and to the extent inconsistent therewith replaces, the description of the general terms and provisions of the FELINE PRIDES set forth in the accompanying Prospectus, to which reference is hereby made. The summaries of certain provisions of documents described below are not necessarily complete, and in each instance reference is hereby made to the copies of such documents (including the definitions therein of certain terms) which are on file with the Commission. Wherever particular sections of, or terms defined in, such documents are referred to herein, such sections or defined terms are incorporated by reference herein. Capitalized terms not defined herein have the meanings assigned to such terms in the accompanying Prospectus.

Each FELINE PRIDES will be issued under the Purchase Contract Agreement between the Company and the Purchase Contract Agent. Each FELINE PRIDES offered hereby initially will consist of a unit (referred to as an Income PRIDES) with a Stated Amount of \$50 comprised of (a) a Purchase Contract under which (i) the holder (including, initially, an Underwriter) will purchase from the Company on the Purchase Contract Settlement Date, for an amount of cash equal to the Stated Amount, a number of newly issued shares of Common Stock equal to the Settlement Rate described below under "Description of the Purchase Contracts -- General," and (ii) the Company will pay Contract Adjustment Payments, if any, to the holder, and (b) (i) beneficial ownership of a related % Trust Preferred Security, having a stated liquidation amount per Trust Preferred Security equal to the Stated Amount, representing a preferred, undivided beneficial ownership interest in the assets of the Trust, which will consist solely of the Debentures, (ii) in the case of a distribution of the Debentures upon the dissolution of the Trust as a result of an Investment Company Event, as described below, or otherwise, Debentures having a principal amount equal to the Stated Amount or (iii) upon the occurrence of a Tax Event Redemption prior to the Purchase Contract Settlement Date, the Applicable Ownership Interest in the Treasury Portfolio. "Applicable Ownership Interest" means, with respect to an Income PRIDES and the U.S. Treasury Securities in the Treasury Portfolio, (A) a 1/20, or 5%, undivided beneficial ownership interest in \$1,000 principal amount of each such security which is a principal strip and (B) for each scheduled interest payment date on the Debentures that occurs after the Tax Event Redemption Date, a % undivided beneficial ownership interest in \$1,000 face amount of such security which is an interest strip maturing on such date. The purchase price of each Income PRIDES will be allocated between the related Purchase Contract and the related Trust Preferred Security in proportion to their respective fair market values at the time of purchase. The Company expects that, at the time of issuance, the fair market value of each Trust Preferred Security will be equal to \$ and the fair market value of each Purchase Contract will be equal to \$. Such position generally will be binding on each beneficial owner of each Income PRIDES (but not on the IRS (as defined herein)). See "Certain Federal Income Tax Consequences -- Income PRIDES -- Allocation of Purchase Price." As long as a FELINE PRIDES is in the form of an Income PRIDES, the related Trust Preferred Securities or Treasury Portfolio, as applicable, will be pledged to the Collateral Agent, to secure the holder's obligation to purchase Common Stock under the related Purchase Contracts.

SUBSTITUTION OF PLEDGED SECURITIES

Each holder (including, initially, an Underwriter) of an Income PRIDES (unless a Tax Event Redemption has occurred) will have the right, at any time on or prior to the fifth Business Day immediately

preceding the Purchase Contract Settlement Date, to substitute for the related Trust Preferred Securities held by the Collateral Agent Treasury Securities in an aggregate principal amount equal to the aggregate stated liquidation amount of such Trust Preferred Securities. Such Treasury Securities will be pledged with the Collateral Agent to secure the holder's obligation to purchase Common Stock under the related Purchase Contracts. Because Treasury Securities are issued in integral multiples of \$1,000, holders of Income PRIDES may make such substitution only in integral multiples of 20 Income PRIDES; provided, however, if a Tax Event Redemption has occurred prior to the Purchase Contract Settlement Date and the Treasury Portfolio has become a component of the Income PRIDES, holders of such Income PRIDES may make such substitutions only in integral multiples of 8,000 Income PRIDES (but obtaining the release of the Treasury Portfolio rather than the Trust Preferred Securities), at any time on or prior to the second Business Day immediately preceding the Purchase Contract Settlement Date. FELINE PRIDES with respect to which Treasury Securities have been substituted for the related Trust Preferred Securities or the Treasury Portfolio, as the case may be, as collateral to secure such holder's obligation under the related Purchase Contracts will be referred to as Growth PRIDES. To create 20 Growth PRIDES, (unless a Tax Event Redemption has occurred), the Income PRIDES holder will (a) deposit with the Collateral Agent a Treasury Security having a principal amount at maturity of \$1,000 and (b) transfer 20 Income PRIDES to the Purchase Contract Agent accompanied by a notice stating that the Income PRIDES holder has deposited a Treasury Security with the Collateral Agent and requesting that the Purchase Contract Agent instruct the Collateral Agent to release to such holder the 20 Trust Preferred Securities relating to such 20 Income PRIDES. Upon such deposit and receipt of an instruction from the Purchase Contract Agent, the Collateral Agent will effect the release of the related 20 Trust Preferred Securities from the pledge under the Pledge Agreement free and clear of the Company's security interest therein to the Purchase Contract Agent, which will (i) cancel the 20 Income PRIDES, (ii) transfer the 20 related Trust Preferred Securities to such holder and (iii) deliver 20 Growth PRIDES to the holder. The Treasury Security will be substituted for the Trust Preferred Securities and will be pledged with the Collateral Agent to secure the holder's obligation to purchase Common Stock under the related Purchase Contracts. Each Growth PRIDES will consist of a unit with a Stated Amount of \$50 comprised of (a) a Purchase Contract with respect to which (i) the holder will purchase from the Company on the Purchase Contract Settlement Date or earlier for an amount of cash equal to the Stated Amount of such Growth PRIDES, a number of newly issued shares of Common Stock of the Company equal to the Settlement Rate described herein, and (ii) the Company will pay the holder Contract Adjustment Payments, if any, and (b) a 1/20 undivided beneficial ownership interest in a related Treasury Security having a principal amount at maturity equal to \$1,000 and maturing on the Business Day immediately preceding the Purchase Contract Settlement Date. The related Trust Preferred Securities released to the holder thereafter will trade separately from the resulting Growth PRIDES. Contract Adjustment Payments, if any, will be payable by the Company on the Growth PRIDES on each Payment Date from the later of December , 1997 and the last Payment Date on which Contract Adjustment Payments, if any, were paid. In addition, original issue discount will accrete on the related Treasury Securities. Distributions on any Trust Preferred Securities, up to but not including the Purchase Contract Settlement Date, including after a substitution of collateral resulting in the creation of Growth PRIDES, will continue to be payable by the Trust at the rate of % of the Stated Amount per annum, subject to the Company's deferral rights described in "-- Current Payments."

Holders who elect to substitute Pledged Securities, thereby creating Growth PRIDES or recreating Income PRIDES (as discussed below), shall be responsible for any fees or expenses payable in connection with such substitution. See "Certain Provisions of the Purchase Contract Agreement and the Pledge Agreement -- Miscellaneous."

RECREATING INCOME PRIDES

On or prior to the fifth Business Day immediately preceding the Purchase Contract Settlement Date a holder of Growth PRIDES may recreate Income PRIDES (unless a Tax Event Redemption has occurred) by (a) depositing with the Collateral Agent 20 Trust Preferred Securities and (b) transferring 20 Growth PRIDES to the Purchase Contract Agent accompanied by a notice stating that the Growth PRIDES holder has deposited 20 Trust Preferred Securities with the Collateral Agent and requesting that the Purchase Contract Agent instruct the Collateral Agent to release to such holder the related Treasury Security. Upon

such deposit and receipt of instructions from the Purchase Contract Agent, the Collateral Agent will effect the release of the related Treasury Security from the pledge of the Pledge Agreement free and clear of the Company's security interest therein to the Purchase Contract Agent, which will (i) cancel the 20 Growth PRIDES, (ii) transfer such Treasury Security to such holder and (iii) deliver 20 Income PRIDES to such holder; provided, however, if a Tax Event Redemption has occurred prior to the Purchase Contract Settlement Date and the Treasury Portfolio has become a component of the Income PRIDES, holders of Growth PRIDES may make such substitutions (but using the Treasury Portfolio rather than the Trust Preferred Securities) at any time on or prior to the second Business Day immediately preceding the Purchase Contract Settlement Date but only in integral multiples of 8,000 Growth PRIDES. The substituted Trust Preferred Securities or Treasury Portfolio, as the case may be, will be pledged with the Collateral Agent to secure the holder's obligation to purchase Common Stock under the related Purchase Contracts.

CURRENT PAYMENTS

Holders of Income PRIDES are entitled to receive aggregate cash distributions at a rate of % of the Stated Amount per annum from and after December , 1997, payable quarterly in arrears. The quarterly payments on the Income PRIDES will consist of (i) cumulative cash distributions on the related Trust Preferred Securities or the Treasury Portfolio, as applicable, payable at the rate of % of the Stated Amount per annum and (ii) Contract Adjustment Payments payable by the Company at the rate of % of the Stated Amount per annum (provided that if such rate is 0%, then the Company will not make any Contract Adjustment Payments), subject (in the case of distributions on the Trust Preferred Securities and the Contract Adjustment Payments) to the Company's right of deferral as described herein.

The ability of the Trust to make the quarterly distributions on the Trust Preferred Securities is solely dependent upon the receipt of corresponding interest payments from the Company on the Debentures. The Company has the right at any time, and from time to time, limited to a period not extending beyond the maturity of the Debentures, to defer the interest payments on the Debentures. As a consequence of such deferral, quarterly distributions (unless a Tax Event Redemption has occurred) to holders of Income PRIDES (or any Trust Preferred Securities outstanding after the Purchase Contract Settlement Date or after a substitution of collateral resulting in the creation of Growth PRIDES) would be deferred (but despite such deferral, would continue to accumulate quarterly and would accrue interest thereon compounded quarterly at the rate of % per annum through and including February 15, 2001, and at the Reset Rate thereafter). The Company also has the right to defer the payment of Contract Adjustment Payments, if any, on the related Purchase Contracts until the Purchase Contract Settlement Date; however, deferred Contract Adjustment Payments, if any, will bear additional Contract Adjustment Payments at the rate of % per annum (such deferred installments of Contract Adjustment Payments, if any, together with the additional Contract Adjustment Payments, if any, shall be referred to as the "Deferred Contract Adjustment Payments"). See "Description of the Purchase Contracts -- Contract Adjustment Payments" and "Description of the Trust Preferred Securities -- Distributions." If a Tax Event Redemption has occurred and the Treasury Portfolio has become a component of the Income PRIDES, quarterly distributions on the Treasury Portfolio, as a portion of the cumulative quarterly distributions to the holders of Income PRIDES, will not be deferred.

The obligations of the Company under the Debentures are unsecured and will be subordinate and junior in right of payment, to the extent set forth herein, to all existing and future Senior Indebtedness of the Company and will be effectively subordinated to all existing and future liabilities and obligations of the Company's subsidiaries. As of September 30, 1997, the aggregate amount of Senior Indebtedness and liabilities and obligations of the Company's subsidiaries that would have effectively ranked senior to the Debentures was approximately \$28.7 billion. As of September 30, 1997, after giving pro forma effect to the anticipated financing for the WNC Merger, the Offering and the application of the proceeds thereof, the aggregate amount of Senior Indebtedness and liabilities and obligations of the Company's subsidiaries that would have effectively ranked senior to the Debentures would have been approximately \$28.6 billion. The Contract Adjustment Payments, if any, will be subordinated and junior in right of payment to all liabilities of the Company (other than the Company's Guarantee with which they rank *pari passu*).

In the event a holder of Income PRIDES substituted Treasury Securities for the related Trust Preferred Securities or the Treasury Portfolio, as the case may be, such holder would receive on the resulting Growth PRIDES only quarterly Contract Adjustment Payments, if any, subject to the Company's rights of deferral. In addition, OID would accrue on the related Treasury Securities.

VOTING AND CERTAIN OTHER RIGHTS

Holders of Trust Preferred Securities, in their capacities as such holders, will not be entitled to vote to appoint, remove or replace, or to increase or decrease the number of Regular Trustees and will generally have no voting rights except in the limited circumstances described under "Description of Trust Preferred Securities -- Voting Rights." Holders of Purchase Contracts relating to the Income PRIDES or Growth PRIDES, in their capacities as such holders, will have no voting or other rights in respect of the Common Stock.

LISTING OF THE SECURITIES

Application will be made to list the Income PRIDES on the NYSE under the symbol "CNC PrF", subject to official notice of issuance. If the Growth PRIDES and Trust Preferred Securities are separately traded, the Company will endeavor to cause such securities to be listed on such exchange on which the Income PRIDES are listed, including, if applicable, the NYSE.

NYSE SYMBOL OF COMMON STOCK

The Common Stock is listed on the NYSE under the symbol "CNC."

MISCELLANEOUS

The Company or its affiliates may from time to time purchase any of the Securities offered hereby which are then outstanding by tender, in the open market or by private agreement.

DESCRIPTION OF THE PURCHASE CONTRACTS

GENERAL

Each Purchase Contract underlying a FELINE PRIDES (unless earlier terminated, or earlier settled at the holder's option) will obligate the holder of such Purchase Contract to purchase, and the Company to sell, on the Purchase Contract Settlement Date, for an amount in cash equal to the Stated Amount of such FELINE PRIDES, a number of newly issued shares of Common Stock equal to the Settlement Rate. The number of newly issued shares of Common Stock issuable upon settlement of each Purchase Contract on the Purchase Contract Settlement Date (the "Settlement Rate") will be calculated as follows (subject to adjustment under certain circumstances): (a) if the Applicable Market Value is equal to or greater than \$ (the "Threshold Appreciation Price," which is approximately % above the last reported sale price of the Common Stock set forth on the cover page of the final Prospectus Supplement (the "Reference Price")), the Settlement Rate (which will be equal to the Stated Amount divided by the Threshold Appreciation Price) will be ; accordingly, if, between the date of this Prospectus Supplement and the period during which the Applicable Market Value is measured, the market price for the Common Stock increases to an amount that is higher than the Threshold Appreciation Price, the aggregate market value of the shares of Common Stock issued upon settlement of each Purchase Contract (assuming that such market value is the same as the Applicable Market Value of such Common Stock) will be higher than the Stated Amount, and if such market price is the same as the Threshold Appreciation Price, the aggregate market value of such shares (assuming that such market value is the same as the Applicable Market Value of such Common Stock) will be equal to the Stated Amount; (b) if the Applicable Market Value is less than the Threshold Appreciation price but greater than the Reference Price, the Settlement Rate will be equal to the Stated Amount divided by the Applicable Market Value; accordingly, if the market price for the Common Stock increases between the date of this Prospectus Supplement and the period during which the

Applicable Market Value is measured but such market price is less than the Threshold Appreciation Price, the aggregate market value of the shares of Common Stock issued upon settlement of each Purchase Contract (assuming that such market value is the same as the Applicable Market Value of such Common Stock) will be equal to the Stated Amount; and (c) if the Applicable Market Value is less than or equal to the Reference Price, the Settlement Rate (which will be equal to the Stated Amount divided by the Reference Price) will be ; accordingly, if the market price for the Common Stock decreases between the date of this Prospectus Supplement and the period during which the Applicable Market Value is measured, the aggregate market value of the shares of Common Stock issued upon settlement of each Purchase Contract (assuming that such market value is the same as the Applicable Market Value of such Common Stock) will be less than the Stated Amount, and if such market price stays the same, the aggregate market value of such shares (assuming that such market value is the same as the Applicable Market Value of such Common Stock) will be equal to the Stated Amount. "Applicable Market Value" means the average of the Closing Prices (as defined herein) per share of Common Stock on each of the twenty consecutive Trading Days (as defined herein) ending on the third Trading Day immediately preceding the Purchase Contract Settlement Date. "Closing Price" of the Common Stock on any date of determination means the closing sale price (or, if no closing price is reported, the last reported sale price) of the Common Stock on the NYSE on such date or, if the Common Stock is not listed for trading on the NYSE on any such date, as reported in the composite transactions for the principal United States securities exchange on which the Common Stock is so listed, or if the Common Stock is not so listed on a United States national or regional securities exchange, as reported by the Nasdaq Stock Market, or, if the Common Stock is not so reported, the last quoted bid price for the Common Stock in the over-the-counter market as reported by the National Quotation Bureau or similar organization, or, if such bid price is not available, the market value of the Common Stock on such date as determined by a nationally recognized independent investment banking firm retained for this purpose by the Company. A "Trading Day" means a day on which the Common Stock (A) is not suspended from trading on any national or regional securities exchange or association or over-the-counter market at the close of business and (B) has traded at least once on the national or regional securities exchange or association or over-the-counter market that is the primary market for the trading of the Common Stock.

No fractional shares of Common Stock will be issued by the Company pursuant to the Purchase Contracts. In lieu of fractional shares otherwise issuable (calculated on an aggregate basis) in respect of Purchase Contracts being settled by a holder of Income PRIDES or Growth PRIDES, the holder will be entitled to receive an amount of cash equal to such fraction of a share times the Applicable Market Value.

On the Business Day immediately preceding the Purchase Contract Settlement Date, unless a holder of Income PRIDES or Growth PRIDES (i) has settled the related Purchase Contracts prior to the Purchase Contract Settlement Date through the early delivery of cash to the Purchase Contract Agent in the manner described under "-- Early Settlement," (ii) has settled the related Purchase Contracts with separate cash on the Business Day immediately preceding the Purchase Contract Settlement Date pursuant to prior notice in the manner described under "-- Notice to Settle with Cash", (iii) has had the Trust Preferred Securities related to such holder's Purchase Contracts remarketed in the manner described herein in connection with settling such Purchase Contracts, or (iv) an event described under "-- Termination" below has occurred, then (A) in the case of Income PRIDES (unless a Tax Event Redemption has occurred) the Company will exercise its rights as a secured party to dispose of the Trust Preferred Securities in accordance with applicable law and (B) in the case of Growth PRIDES or Income PRIDES (in the event that a Tax Event Redemption has occurred), the principal amount of the related Treasury Securities or the Treasury Portfolio, as applicable, when paid at maturity, will automatically be applied to satisfy in full the holder's obligation to purchase Common Stock under the related Purchase Contracts. Such Common Stock will then be issued and delivered to such holder or such holder's designee, upon presentation and surrender of the certificate evidencing such FELINE PRIDES (a "FELINE PRIDES Certificate") and payment by the holder of any transfer or similar taxes payable in connection with the issuance of the Common Stock to any person other than such holder. In the event that a holder of either Income PRIDES or Growth PRIDES effects the early settlement of the related Purchase Contracts through the delivery of cash or settles the related Purchase Contracts with cash on the Business Day immediately preceding the Purchase Contract Settlement Date, the related Trust Preferred Securities or Treasury Securities, as the case may be, will be released to the holder as described herein. The

funds received by the Collateral Agent on the Business Day immediately preceding the Purchase Contract Settlement Date, upon cash settlement of a Purchase Contract, will be promptly invested in overnight permitted investments and paid to the Company on the Purchase Contract Settlement Date. Any funds received by the Collateral Agent in respect of the interest earned from the overnight investment in permitted investments will be distributed to the Purchase Contract Agent for payment to the holders.

Prior to the date on which shares of Common Stock are issued in settlement of Purchase Contracts, the Common Stock underlying the related Purchase Contracts will not be deemed to be outstanding for any purpose and the holders of such Purchase Contracts will not have any voting rights, rights to dividends or other distributions or other rights or privileges of a stockholder of the Company by virtue of holding such Purchase Contracts. See "Description of Trust Preferred Securities -- Voting Rights."

Each holder of Income PRIDES or Growth PRIDES, by acceptance thereof, will under the terms of the Purchase Contract Agreement and the related Purchase Contracts be deemed to have (a) irrevocably agreed to be bound by the terms of the related Purchase Contracts and the Pledge Agreement for so long as such holder remains a holder of such FELINE PRIDES, and (b) duly appointed the Purchase Contract Agent as such holder's attorney-in-fact to enter into and perform the related Purchase Contracts on behalf of and in the name of such holder. In addition, each beneficial owner of Income PRIDES or Growth PRIDES, by acceptance of such interest, will be deemed to have agreed to treat (i) itself as the owner of the related Trust Preferred Securities, Treasury Portfolio or Treasury Securities, as the case may be, and (ii) the Debentures as indebtedness of the Company, in each case, for United States federal, state and local income and franchise tax purposes.

REMARKETING

Pursuant to the Remarketing Agreement and subject to the terms of the Remarketing Underwriting Agreement to be dated as of December , 1997 between the Remarketing Agent, the Purchase Contract Agent and the Collateral Agent, the Trust Preferred Securities of Income PRIDES holders' who have failed to notify the Purchase Contract Agent, on or prior to the fifth Business Day immediately preceding the Purchase Contract Settlement Date in the manner described under "-- Notice to Settle with Cash" of their intention to settle the related Purchase Contracts with separate cash on the Business Day immediately preceding the Purchase Contract Settlement Date, will be remarketed on the third Business Day immediately preceding the Purchase Contract Settlement Date. The Remarketing Agent will use its reasonable efforts to remarket such Trust Preferred Securities on such date at a price not less than approximately 100.5% of the aggregate stated liquidation amount of such Trust Preferred Securities, plus accrued and unpaid distributions (including deferred distributions), if any, thereon. The portion of the proceeds from such remarketing equal to the aggregate stated liquidation amount of such Trust Preferred Securities will automatically be applied to satisfy in full such Income PRIDES holders' obligations to purchase Common Stock under the related Purchase Contracts. In addition, after deducting as the Remarketing Fee an amount not exceeding 25 basis points (.25%) from any amount of such proceeds in excess of the aggregate stated liquidation amount of the remarketed Trust Preferred Securities, the Remarketing Agent will remit the remaining portion of the proceeds, if any, for the benefit of such holder. Income PRIDES holders whose Trust Preferred Securities are so remarketed will not otherwise be responsible for the payment of any Remarketing Fee in connection therewith. If, in spite of using its reasonable efforts, the Remarketing Agent cannot remarket the related Trust Preferred Securities of such holders of Income PRIDES at a price not less than 100% of the aggregate stated liquidation amount of such Trust Preferred Securities plus accrued and unpaid distributions (including deferred distributions) and thus resulting in a Failed Remarketing, the Company will exercise its rights as a secured party to dispose of the Trust Preferred Securities in accordance with the applicable law and satisfy in full, from the proceeds of such disposition, such holder's obligation to purchase Common Stock under the related Purchase Contracts; provided, that if the Company exercises such rights as a secured creditor, any accrued and unpaid distributions (including any deferred distributions) on such Trust Preferred Securities will be paid in cash by the Company to the holders of record of such Trust Preferred Securities. The Company will cause a notice of such Failed Remarketing to be published on the second Business Day immediately preceding the Purchase Contract Settlement Date by publication in a daily newspaper in the English language of general circulation in The City of New York, which is expected to be The Wall Street Journal. In addition, the

Company will request, not later than seven nor more than 15 calendar days prior to the remarketing date, that the Depository notify its participants holding Trust Preferred Securities, Income PRIDES and Growth PRIDES of such remarketing and of the procedures that must be followed if a Trust Preferred Security holder wishes to exercise its right to put its Trust Preferred Security to the Company as described herein. The Company will endeavor to ensure that a registration statement with regard to the full amount of the Trust Preferred Securities to be remarketed shall be effective in such form as will enable the Remarketing Agent to rely on it in connection with the remarketing process. It is currently anticipated that Merrill Lynch, Pierce, Fenner & Smith Incorporated will be the Remarketing Agent.

EARLY SETTLEMENT

A holder of Income PRIDES may settle the related Purchase Contracts on or prior to the fifth Business Day immediately preceding the Purchase Contract Settlement Date by presenting and surrendering the FELINE PRIDES Certificate evidencing such Income PRIDES at the offices of the Purchase Contract Agent with the form of "Election to Settle Early" on the reverse side of such certificate completed and executed as indicated, accompanied by payment (payable to the Company in immediately available funds) of an amount equal to the Stated Amount times the number of Purchase Contracts being settled; provided, however, if a Tax Event Redemption has occurred prior to the Purchase Contract Settlement Date and the Treasury portfolio has become a component of the Income PRIDES, holders of such Income PRIDES may settle early only in integral multiples of 8,000 Income PRIDES (and the related Treasury Portfolio) at any time on or prior to the second Business Day immediately preceding the Purchase Contract Settlement Date. A holder of Growth PRIDES may settle the related Purchase Contracts on or prior to the second Business Day immediately preceding the Purchase Contract Settlement Date by presenting and surrendering the FELINE PRIDES Certificate evidencing such Growth PRIDES at the offices of the Purchase Contract Agent with the form of "Election to Settle Early" on the reverse side of such certificate completed and executed as indicated, accompanied by payment in immediately available funds of an amount equal to the Stated Amount times the number of Purchase Contracts being settled. So long as the FELINE PRIDES are evidenced by one or more global security certificates deposited with the Depository (as defined herein), procedures for early settlement will also be governed by standing arrangements between the Depository and the Purchase Contract Agent.

Upon Early Settlement of the Purchase Contracts related to any Income PRIDES or Growth PRIDES, (a) the holder will receive newly issued shares of Common Stock per Income PRIDES or Growth PRIDES having a Stated Amount of \$50 (regardless of the market price of the Common Stock on the date of such Early Settlement), subject to adjustment under the circumstances described in "-- Anti-Dilution Adjustments" below, (b) the Trust Preferred Securities, Treasury Portfolio or Treasury Securities, as the case may be, related to such Income PRIDES or Growth PRIDES will thereupon be transferred to the holder free and clear of the Company's security interest therein, (c) the holder's right to receive Deferred Contract Adjustment Payments, if any, on the Purchase Contracts being settled will be forfeited, (d) the holder's right to receive future Contract Adjustment Payments, if any, will terminate and (e) no adjustment will be made to or for the holder on account of Deferred Contract Adjustment Payments, if any, or any amounts accrued in respect of Contract Adjustment Payments.

If the Purchase Contract Agent receives a FELINE PRIDES Certificate, accompanied by the completed "Election to Settle Early" and requisite check or immediately available funds, from a holder of FELINE PRIDES by 5:00 p.m., New York City time, on a Business Day, that day will be considered the settlement date. If the Purchase Contract Agent receives the foregoing after 5:00 p.m., New York City time, on a Business Day or at any time on a day that is not a Business Day (other than from Income PRIDES holders after the occurrence of a Tax Event Redemption), the next Business Day will be considered the settlement date.

Upon Early Settlement of Purchase Contracts in the manner described above, presentation and surrender of the FELINE PRIDES Certificate evidencing the related Income PRIDES or Growth PRIDES and payment of any transfer or similar taxes payable by the holder in connection with the issuance of the related Common Stock to any person other than the holder of such Income PRIDES or Growth PRIDES, the Company will cause the shares of Common Stock being purchased to be issued, and the related Trust

Preferred Securities, Treasury Portfolio or Treasury Securities, as the case may be, securing such Purchase Contracts to be released from the pledge under the Pledge Agreement (described in "-- Pledged Securities and Pledge Agreement") and transferred, within three Business Days following the settlement date, to the purchasing holder or such holder's designee.

NOTICE TO SETTLE WITH CASH

A holder of an Income PRIDES or Growth PRIDES wishing to settle the related Purchase Contract with separate cash on the Business Day immediately preceding the Purchase Contract Settlement Date must notify the Purchase Contract Agent by presenting and surrendering the FELINE PRIDES Certificate evidencing such Income PRIDES or Growth PRIDES at the offices of the Purchase Contract Agent with the form of "Notice to Settle by Separate Cash" on the reverse side of the certificate completed and executed as indicated on or prior to 5:00 p.m., New York City time, on the second Business Day immediately preceding the Purchase Contract Settlement Date in the case of a Growth PRIDES holder or an Income PRIDES holder (if a Tax Event Redemption has occurred) and on the fifth Business Day immediately preceding the Purchase Contract Settlement Date in the case of Income PRIDES holder. If a holder that has given notice of such holder's intention to settle the related Purchase Contract with separate cash fails to deliver such cash on the Business Day immediately preceding the Purchase Contract Settlement Date, then the Company will exercise its right as a secured party to dispose of, in accordance with the applicable law, the related Trust Preferred Securities or Treasury Securities, as the case may be, to satisfy in full, from the disposition of such Trust Preferred Securities or Treasury Portfolio, such holder's obligation to purchase Common Stock under the related Purchase Contract.

CONTRACT ADJUSTMENT PAYMENTS

Contract Adjustment Payments will be fixed at a rate per annum of % of the Stated Amount per Purchase Contract, provided that if such rate is 0%, then the Company will not make any Contract Adjustment Payments. Contract Adjustment Payments that are not paid when due (after giving effect to any permitted deferral thereof) will bear interest thereon at the rate per annum of % thereof, compounded quarterly, until paid. Contract Adjustment Payments, if any, payable for any period will be computed on the basis of a 360-day year of twelve 30-day months. Contract Adjustment Payments, if any, will accrue from December, 1997 and will be payable quarterly in arrears on February 16, May 16, August 16 and November 16 of each year, commencing February 16, 1998. Contract Adjustment Payments will be specified as a positive component of the distributions on the Income PRIDES only if and to the extent that the rate of distributions on the Trust Preferred Securities, as determined on the date on which the Income PRIDES are initially priced for sale to the public, is less than the aggregate distribution rate required on such date for the offer and sale of the Income PRIDES at the price to public specified on the cover page of this Prospectus Supplement. Accordingly, the final Prospectus Supplement will indicate whether and to what extent Contract Adjustment Payments will be required to be made by the Company.

Contract Adjustment Payments, if any, will be payable to the holders of Purchase Contracts as they appear on the books and records of the Purchase Contract Agent on the relevant record dates, which, as long as the Income PRIDES or Growth PRIDES remain in book-entry only form, will be one Business Day prior to the relevant payment dates. Such distributions will be paid through the Purchase Contract Agent who will hold amounts received in respect of the Contract Adjustment Payments, if any, for the benefit of the holders of the Purchase Contracts relating to such Income PRIDES or Growth PRIDES. Subject to any applicable laws and regulations, each such payment will be made as described under "Book-Entry System." In the event that the Income PRIDES or Growth PRIDES do not continue to remain in book-entry only form, the Company shall have the right to select relevant record dates, which shall be more than one Business Day but less than 60 Business Days prior to the relevant payment dates. In the event that any date on which Contract Adjustment Payments, if any, are to be made on the Purchase Contracts related to the Income PRIDES or Growth PRIDES is not a Business Day, then payment of the Contract Adjustment Payments payable on such date will be made on the next succeeding day which is a Business Day (and without any interest or other payment in respect of any such delay), except that, if such Business Day is in the next succeeding calendar year, such payment shall be made on the immediately preceding Business Day, in each case with the same force and

effect as if made on such payment date. A "Business Day" shall mean any day other than Saturday, Sunday or any other day on which banking institutions in New York City (in the State of New York) are permitted or required by any applicable law to close.

The Company's obligations with respect to Contract Adjustment Payments, if any, will be subordinated and junior in right of payment to all liabilities of the Company (other than the Guarantee with which they rank *pari passu*).

OPTION TO DEFER CONTRACT ADJUSTMENT PAYMENTS

The Company may, at its option and upon prior written notice to the holders of the FELINE PRIDES and the Purchase Contract Agent, defer the payment of Contract Adjustment Payments, if any, on the Purchase Contracts until no later than the Purchase Contract Settlement Date. However, Deferred Contract Adjustment Payments, if any, will bear additional Contract Adjustment Payments at the rate of % per annum (compounding on each succeeding Payment Date) until paid. If the Purchase Contracts are terminated (upon the occurrence of certain events of bankruptcy, insolvency or reorganization with respect to the Company), the right to receive Contract Adjustment Payments (other than any accrued but unpaid Contract Adjustment Payments that have not been deferred), if any, and Deferred Contract Adjustment Payments, if any, will also terminate.

In the event that the Company elects to defer the payment of Contract Adjustment Payments, if any, on the Purchase Contracts until the Purchase Contract Settlement Date, each holder of FELINE PRIDES will receive on the Purchase Contract Settlement Date in respect of the Deferred Contract Adjustment Payments, in lieu of a cash payment, a number of shares of Common Stock equal to (x) the aggregate amount of Deferred Contract Adjustment Payments payable to such holder divided by (y) the Applicable Market Value.

In the event the Company exercises its option to defer the payment of Contract Adjustment Payments, if any, until the Deferred Contract Adjustment Payments have been paid, the Company shall not declare or pay dividends on, make distributions with respect to, or redeem, purchase or acquire, or make a liquidation payment with respect to, any of its capital stock or make guarantee payments with respect to the foregoing (other than (i) purchases or acquisitions of capital stock of the Company in connection with the satisfaction by the Company of its obligations under any employee or agent benefit plans or the satisfaction by the Company of its obligations pursuant to any contract or security outstanding on the date of such event requiring the Company to purchase capital stock of the Company, (ii) as a result of a reclassification of the Company's capital stock or the exchange or conversion of one class or series of the Company's capital stock for another class or series of the Company capital stock, (iii) the purchase of fractional interests in shares of the Company's capital stock pursuant to the conversion or exchange provisions of the Company capital stock or the security being converted or exchanged, (iv) dividends or distributions in capital stock of the Company (or rights to acquire capital stock) or repurchases or redemptions of capital stock solely from the issuance or exchange of capital stock or (v) redemptions or repurchases of any rights outstanding under a shareholder rights plan).

ANTI-DILUTION ADJUSTMENTS

The formula for determining the Settlement Rate will be subject to adjustment (without duplication) upon the occurrence of certain events, including: (a) the payment of dividends (and other distributions) of Common Stock on Common Stock; (b) the issuance to all holders of Common Stock of rights, warrants or options entitling them, for a period of up to 45 days, to subscribe for or purchase Common Stock at less than the Current Market Price (as defined herein) thereof; (c) subdivisions, splits and combinations of Common Stock; (d) distributions to all holders of Common Stock of evidences of indebtedness of the Company, shares of capital stock, securities, cash or property (excluding any dividend or distribution covered by clause (a) or (b) above and any dividend or distribution paid exclusively in cash); (e) distributions consisting exclusively of cash to all holders of Common Stock in an aggregate amount that, together with (i) other all-cash distributions made within the preceding 12 months and (ii) any cash and the fair market value, as of the expiration of the tender or exchange offer referred to below, of consideration payable in respect of any tender or exchange offer by the Company or a subsidiary thereof for the Common Stock concluded within the preceding 12 months, exceeds 15% of the Company's aggregate market capitalization (such aggregate market

capitalization being the product of the Current Market Price of the Common Stock multiplied by the number of shares of Common Stock then outstanding) on the date of such distribution; and (f) the successful completion of a tender or exchange offer made by the Company or any subsidiary thereof for the Common Stock which involves an aggregate consideration that, together with (i) any cash and the fair market value of other consideration payable in respect of any tender or exchange offer by the Company or a subsidiary thereof for the Common Stock concluded within the preceding 12 months and (ii) the aggregate amount of any all-cash distributions to all holders of the Company's Common Stock made within the preceding 12 months, exceeds 15% of the Company's aggregate market capitalization on the expiration of such tender or exchange offer. The "Current Market Price" per share of Common Stock on any day means the average of the daily Closing Prices for the 5 consecutive Trading Days selected by the Company commencing not more than 30 Trading Days before, and ending not later than, the earlier of the day in question and the day before the "ex date" with respect to the issuance or distribution requiring such computation. For purposes of this paragraph, the term "ex date", when used with respect to any issuance or distribution, shall mean the first date on which the Common Stock trades regular way on such exchange or in such market without the right to receive such issuance or distribution.

In the case of certain reclassifications, consolidations, mergers, sales or transfers of assets or other transactions pursuant to which the Common Stock is converted into the right to receive other securities, cash or property, each Purchase Contract then outstanding would, without the consent of the holders of the related Income PRIDES or Growth PRIDES, as the case may be, become a contract to purchase only the kind and amount of securities, cash and other property receivable upon consummation of the transaction by a holder of the number of shares of Common Stock which would have been received by the holder of the related Income PRIDES or Growth PRIDES immediately prior to the date of consummation of such transaction if such holder had then settled such Purchase Contract.

If at any time the Company makes a distribution of property to its stockholders which would be taxable to such stockholders as a dividend for United States federal income tax purposes (i.e., distributions of evidences of indebtedness or assets of the Company, but generally not stock dividends or rights to subscribe to capital stock) and, pursuant to the Settlement Rate adjustment provisions of the Purchase Contract Agreement, the Settlement Rate is increased, such increase may give rise to a taxable dividend to holders of FELINE PRIDES. See "Certain Federal Income Tax Consequences -- Income PRIDES -- Purchase Contracts -- Adjustment to Settlement Rate."

In addition, the Company may make such increases in the Settlement Rate as the Board of Directors of the Company deems advisable to avoid or diminish any income tax to holders of its capital stock resulting from any dividend or distribution of capital stock (or rights to acquire capital stock) or from any event treated as such for income tax purposes or for any other reasons.

Adjustments to the Settlement Rate will be calculated to the nearest 1/10,000th of a share. No adjustment in the Settlement Rate shall be required unless such adjustment would require an increase or decrease of at least one percent in the Settlement Rate; provided, however, that any adjustments which by reason of the foregoing are not required to be made shall be carried forward and taken into account in any subsequent adjustment.

The Company will be required, within ten Business Days following the adjustment of the Settlement Rate, to provide written notice to the Purchase Contract Agent of the occurrence of such event and a statement in reasonable detail setting forth the method by which the adjustment to the Settlement Rate was determined and setting forth the revised Settlement Rate.

Each adjustment to the Settlement Rate will result in a corresponding adjustment to the number of shares of Common Stock issuable upon early settlement of a Purchase Contract.

TERMINATION

The Purchase Contracts, and the rights and obligations of the Company and of the holders of the FELINE PRIDES thereunder (including the right thereunder to receive accrued Contract Adjustment

Payments or Deferred Contract Adjustment Payments and the right and obligation to purchase Common Stock), will automatically terminate upon the occurrence of certain events of bankruptcy, insolvency or reorganization with respect to the Company. Upon such termination, the Collateral Agent will release the related Trust Preferred Securities, the Treasury Portfolio or Treasury Securities, as the case may be, held by it to the Purchase Contract Agent for distribution to the holders, subject in the case of the Treasury Portfolio to the Purchase Contract Agent's disposition of the subject securities for cash and the payment of such cash to the holders to the extent that the holders would otherwise have been entitled to receive less than \$1,000 of any such security. Upon such termination, however, such release and distribution may be subject to a delay. In the event that the Company becomes the subject of a case under the Bankruptcy Code, such delay may occur as a result of the automatic stay under the Bankruptcy Code and continue until such automatic stay has been lifted. The Company expects any such delay to be limited.

PLEGDED SECURITIES AND PLEDGE AGREEMENT

The Trust Preferred Securities related to the Income PRIDES or, if substituted, the Treasury Securities related to the Growth PRIDES, or the Treasury Portfolio if a Tax Event Redemption has occurred prior to the Purchase Contract Settlement Date (collectively, the "Pledged Securities") will be pledged to the Collateral Agent, for the benefit of the Company, pursuant to the Pledge Agreement to secure the obligations of holders of FELINE PRIDES to purchase Common Stock under the related Purchase Contracts. The rights of holders of FELINE PRIDES to the related Pledged Securities will be subject to the Company's security interest therein created by the Pledge Agreement. No holder of Income PRIDES or Growth PRIDES will be permitted to withdraw the Pledged Securities related to such Income PRIDES or Growth PRIDES from the pledge arrangement except (i) to substitute Treasury Securities for the related Trust Preferred Securities or Treasury Portfolio, as the case may be, (ii) to substitute Trust Preferred Securities or Treasury Portfolio, as the case may be, for the related Treasury Securities (for both (i) and (ii), as provided for under "Description of the FELINE PRIDES -- Substitution of Pledged Securities" and "-- Recreating Income PRIDES") or (iii) upon the termination or Early Settlement of the related Purchase Contracts. Subject to such security interest and the terms of the Purchase Contract Agreement and the Pledge Agreement, each holder of Income PRIDES (unless a Tax Event Redemption has occurred) will be entitled through the Purchase Contract Agent and the Collateral Agent to all of the proportional rights and preferences of the related Trust Preferred Securities (including distribution, voting, redemption, repayment and liquidation rights), and each holder of Growth PRIDES or Income PRIDES (if a Tax Event Redemption has occurred) will retain beneficial ownership of the related Treasury Securities or the Treasury Portfolio, as applicable, pledged in respect of the related Purchase Contracts. The Company will have no interest in the Pledged Securities other than its security interest.

Except as described in "Description of the Purchase Contracts -- General," the Collateral Agent will, upon receipt of distributions on the Pledged Securities, distribute such payments to the Purchase Contract Agent, which will in turn distribute those payments, together with Contract Adjustment Payments, if any, received from the Company, to the persons in whose names the related Income PRIDES or Growth PRIDES are registered at the close of business on the Record Date immediately preceding the date of such distribution.

BOOK ENTRY-SYSTEM

The Depository Trust Company (the "Depository") will act as securities depository for the FELINE PRIDES. The FELINE PRIDES will be issued only as fully-registered securities registered in the name of Cede & Co. (the Depository's nominee). One or more fully-registered global security certificates ("Global Security Certificates"), representing the total aggregate number of FELINE PRIDES, will be issued and will be deposited with the Depository and will bear a legend regarding the restrictions on exchanges and registration of transfer thereof referred to below.

The laws of some jurisdictions require that certain purchasers of securities take physical delivery of securities in definitive form. Such laws may impair the ability to transfer beneficial interests in the FELINE PRIDES so long as such FELINE PRIDES are represented by Global Security Certificates.

The Depository is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve

System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of

Section 17A of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The Depository holds securities that its participants ("Participants") deposit with the Depository. The Depository also facilitates the settlement among Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations ("Direct Participants"). The Depository is owned by a number of its Direct Participants and by the NYSE, the American Stock Exchange, Inc., and the National Association of Securities Dealers, Inc. Access to the Depository system is also available to others, such as securities brokers and dealers, banks and trust companies that clear transactions through or maintain a direct or indirect custodial relationship with a Direct Participant either directly or indirectly ("Indirect Participants"). The rules applicable to the Depository and its Participants are on file with the Commission.

No FELINE PRIDES represented by Global Security Certificates may be exchanged in whole or in part for FELINE PRIDES registered, and no transfer of Global Security Certificates in whole or in part may be registered, in the name of any person other than the Depository or any nominee of the Depository unless the Depository has notified the Company that it is unwilling or unable to continue as depository for such Global Security Certificates or has ceased to be qualified to act as such as required by the Purchase Contract Agreement or there shall have occurred and be continuing a default by the Company in respect of its obligations under one or more Purchase Contracts. All FELINE PRIDES represented by one or more Global Security Certificates or any portion thereof will be registered in such names as the Depository may direct.

As long as the Depository or its nominee is the registered owner of the Global Security Certificates, such Depository or such nominee, as the case may be, will be considered the sole owner and holder of the Global Security Certificates and all FELINE PRIDES represented thereby for all purposes under the FELINE PRIDES and the Purchase Contract Agreement. Except in the limited circumstances referred to above, owners of beneficial interests in Global Security Certificates will not be entitled to have such Global Security Certificates or the FELINE PRIDES represented thereby registered in their names, will not receive or be entitled to receive physical delivery of FELINE PRIDES Certificates in exchange therefor and will not be considered to be owners or holders of such Global Security Certificates or any FELINE PRIDES represented thereby for any purpose under the FELINE PRIDES or the Purchase Contract Agreement. All payments on the FELINE PRIDES represented by the Global Security Certificates and all transfers and deliveries of Trust Preferred Securities, Treasury Portfolio, Treasury Securities and Common Stock with respect thereto will be made to the Depository or its nominee, as the case may be, as the holder thereof.

Ownership of beneficial interests in the Global Security Certificates will be limited to Participants or persons that may hold beneficial interests through institutions that have accounts with the Depository or its nominee. Ownership of beneficial interests in Global Security Certificates will be shown only on, and the transfer of those ownership interests will be effected only through, records maintained by the Depository or its nominee (with respect to Participants' interests) or any such Participant (with respect to interests of persons held by such Participants on their behalf). Procedures for settlement of Purchase Contracts on the Purchase Contract Settlement Date or upon Early Settlement will be governed by arrangements among the Depository, Participants and persons that may hold beneficial interests through Participants designed to permit such settlement without the physical movement of certificates. Payments, transfers, deliveries, exchanges and other matters relating to beneficial interests in Global Security Certificates may be subject to various policies and procedures adopted by the Depository from time to time. None of the Company, the Purchase Contract Agent or any agent of the Company or the Purchase Contract Agent will have any responsibility or liability for any aspect of the Depository's or any Participant's records relating to, or for payments made on account of, beneficial interests in Global Security Certificates, or for maintaining, supervising or reviewing any of the Depository's records or any Participant's records relating to such beneficial ownership interests.

The information in this section concerning the Depository and its book-entry system has been obtained from sources that the Company and the Trust believe to be reliable, but neither the Company nor the Trust takes responsibility for the accuracy thereof.

**CERTAIN PROVISIONS OF THE PURCHASE CONTRACT
AGREEMENT AND THE PLEDGE AGREEMENT**

GENERAL

Distributions on the FELINE PRIDES will be payable, Purchase Contracts (and documents related thereto) will be settled and transfers of the FELINE PRIDES will be registrable at the office of the Purchase Contract Agent in the Borough of Manhattan, The City of New York. In addition, in the event that the FELINE PRIDES do not remain in book-entry form, payment of distributions on the FELINE PRIDES may be made, at the option of the Company, by check mailed to the address of the person entitled thereto as shown on the Security Register.

Shares of Common Stock will be delivered on the Purchase Contract Settlement Date (or earlier upon Early Settlement), or, if the Purchase Contracts have terminated, the related Pledged Securities will be delivered potentially after a delay as a result of the imposition of the automatic stay under the Bankruptcy Code (see "Description of the Purchase Contracts -- Termination"), in each case upon presentation and surrender of the FELINE PRIDES Certificate at the office of the Purchase Contract Agent. The Company expects any such delay to be limited.

If a holder of outstanding Income PRIDES or Growth PRIDES fails to present and surrender the FELINE PRIDES Certificate evidencing such Income PRIDES or Growth PRIDES to the Purchase Contract Agent on the Purchase Contract Settlement Date, the shares of Common Stock issuable in settlement of the related Purchase Contract and in payment of any Deferred Contract Adjustment Payments will be registered in the name of the Purchase Contract Agent and, together with any distributions thereon, shall be held by the Purchase Contract Agent as agent for the benefit of such holder, until such FELINE PRIDES Certificate is presented and surrendered or the holder provides satisfactory evidence that such certificate has been destroyed, lost or stolen, together with any indemnity that may be required by the Purchase Contract Agent and the Company.

If the Purchase Contracts have terminated prior to the Purchase Contract Settlement Date, the related Pledged Securities have been transferred to the Purchase Contract Agent for distribution to the holders entitled thereto and a holder fails to present and surrender the FELINE PRIDES Certificate evidencing such holder's Income PRIDES or Growth PRIDES to the Purchase Contract Agent, the related Pledged Securities delivered to the Purchase Contract Agent and payments thereon shall be held by the Purchase Contract Agent as agent for the benefit of such holder, until such FELINE PRIDES Certificate is presented or the holder provides the evidence and indemnity described above.

The Purchase Contract Agent will have no obligation to invest or to pay interest on any amounts held by the Purchase Contract Agent pending distribution, as described above.

No service charge will be made for any registration of transfer or exchange of the FELINE PRIDES, except for any tax or other governmental charge that may be imposed in connection therewith.

MODIFICATION

The Purchase Contract Agreement and the Pledge Agreement will contain provisions permitting the Company and the Purchase Contract Agent or Collateral Agent, as the case may be, with the consent of the holders of not less than a majority of the Purchase Contracts at the time outstanding, to modify the terms of the Purchase Contracts, the Purchase Contract Agreement and the Pledge Agreement, except that no such modification may, without the consent of the holder of each outstanding Purchase Contract affected thereby, (a) change any Payment Date, (b) change the amount or type of Pledged Securities related to such Purchase Contract, impair the right of the holder of any Pledged Securities to receive distributions on such Pledged Securities (except for the rights of holders of Income PRIDES to substitute Treasury Securities for the related Trust Preferred Securities or Treasury Portfolio, as the case may be, or the rights of holders of Growth PRIDES to substitute Trust Preferred Securities or Treasury Portfolio, as the case may be, for the related Treasury Securities) or otherwise adversely affect the holder's rights in or to such Pledged Securities,

(c) change the place or currency of payment or reduce any Contract Adjustment Payments or any Deferred Contract Adjustment Payments, (d) impair the right to institute suit for the enforcement of such Purchase Contract, (e) reduce the amount of Common Stock purchasable under such Purchase Contract, increase the price to purchase Common Stock on settlement of such Purchase Contract, change the Purchase Contract Settlement Date or otherwise adversely affect the holder's rights under such Purchase Contract or (f) reduce the above-stated percentage of outstanding Purchase Contracts the consent of whose holders is required for the modification or amendment of the provisions of the Purchase Contracts, the Purchase Contract Agreement or the Pledge Agreement; provided, that if any amendment or proposal referred to above would adversely affect only the Income PRIDES or the Growth PRIDES, then only the affected class of holder will be entitled to vote on such amendment or proposal and such amendment or proposal shall not be effective except with the consent of the holders of not less than a majority of such class.

NO CONSENT TO ASSUMPTION

Each holder of Income PRIDES or Growth PRIDES, by acceptance thereof, will under the terms of the Purchase Contract Agreement and the Income PRIDES or Growth PRIDES, as applicable, be deemed expressly to have withheld any consent to the assumption (i.e., affirmation) of the related Purchase Contracts by the Company or its trustee in the event that the Company becomes the subject of a case under the Bankruptcy Code.

CONSOLIDATION, MERGER, SALE OR CONVEYANCE

The Company will covenant in the Purchase Contract Agreement that it will not merge or consolidate with any other entity or sell, assign, transfer, lease or convey all or substantially all of its properties and assets to any person, firm or corporation unless the Company is the continuing corporation or the successor corporation is a corporation organized under the laws of the United States of America or a state thereof and such corporation expressly assumes the obligations of the Company under the Purchase Contracts, the Debentures, the Purchase Contract Agreement and the Pledge Agreement, and the Company or such successor corporation is not, immediately after such merger, consolidation, sale, assignment, transfer, lease or conveyance, in default in the performance of any of its obligations thereunder.

TITLE

The Company, the Purchase Contract Agent and the Collateral Agent may treat the registered owner of any FELINE PRIDES as the absolute owner thereof for the purpose of making payment and settling the related Purchase Contracts and for all other purposes.

REPLACEMENT OF FELINE PRIDES CERTIFICATES

In the event that physical certificates have been issued, any mutilated FELINE PRIDES Certificate will be replaced by the Company at the expense of the holder upon surrender of such certificate to the Purchase Contract Agent. FELINE PRIDES Certificates that become destroyed, lost or stolen will be replaced by the Company at the expense of the holder upon delivery to the Company and the Purchase Contract Agent of evidence of the destruction, loss or theft thereof satisfactory to the Company and the Purchase Contract Agent. In the case of a destroyed, lost or stolen FELINE PRIDES Certificate, an indemnity satisfactory to the Purchase Contract Agent and the Company may be required at the expense of the holder of the FELINE PRIDES evidenced by such certificate before a replacement will be issued.

Notwithstanding the foregoing, the Company will not be obligated to issue any Income PRIDES or Growth PRIDES on or after the Purchase Contract Settlement Date (or after Early Settlement) or after the Purchase Contracts have terminated. The Purchase Contract Agreement will provide that in lieu of the delivery of a replacement FELINE PRIDES Certificate following the Purchase Contract Settlement Date, the Purchase Contract Agent, upon delivery of the evidence and indemnity described above, will deliver the Common Stock issuable pursuant to the Purchase Contracts included in the Income PRIDES or Growth PRIDES evidenced by such certificate, or, if the Purchase Contracts have terminated prior to the Purchase

Contract Settlement Date, transfer the principal amount of the Pledged Securities included in the Income PRIDES or Growth PRIDES evidenced by such certificate.

GOVERNING LAW

The Purchase Contract Agreement, the Pledge Agreement and the Purchase Contracts will be governed by, and construed in accordance with, the laws of the State of New York.

INFORMATION CONCERNING THE PURCHASE CONTRACT AGENT

The First National Bank of Chicago will be the Purchase Contract Agent. The Purchase Contract Agent will act as the agent for the holders of Income PRIDES and Growth PRIDES from time to time. The Purchase Contract Agreement will not obligate the Purchase Contract Agent to exercise any discretionary actions in connection with a default under the terms of the Income PRIDES and Growth PRIDES or the Purchase Contract Agreement.

The Purchase Contract will contain provisions limiting the liability of the Purchase Contract Agent. The Purchase Contract Agreement will contain provisions under which the Purchase Contract Agent may resign or be replaced. Such resignation or replacement would be effective upon the appointment of a successor.

INFORMATION CONCERNING THE COLLATERAL AGENT

The Chase Manhattan Bank will be the Collateral Agent. The Collateral Agent will act solely as the agent of the Company and will not assume any obligation or relationship of agency or trust for or with any of the holders of the Income PRIDES and Growth PRIDES except for the obligations owed by a pledgee of property to the owner thereof under the Pledge Agreement and applicable law.

The Pledge Agreement will contain provisions limiting the liability of the Collateral Agent. The Pledge Agreement will contain provisions under which the Collateral Agent may resign or be replaced. Such resignation or replacement would be effective upon the appointment of a successor.

The Chase Manhattan Bank maintains commercial banking relationships with the Company.

MISCELLANEOUS

The Purchase Contract Agreement will provide that the Company will pay all fees and expenses related to (i) the offering of the FELINE PRIDES, (ii) the retention of the Collateral Agent and (iii) the enforcement by the Purchase Contract Agent of the rights of the holders of the FELINE PRIDES; provided, however, that holders who elect to substitute the related Pledged Securities, thereby creating Growth PRIDES or recreating Income PRIDES, shall be responsible for any fees or expenses payable in connection with such substitution, as well as any commissions, fees or other expenses incurred in acquiring the Pledged Securities to be substituted, and the Company shall not be responsible for any such fees or expenses.

DESCRIPTION OF THE TRUST PREFERRED SECURITIES

The Trust Preferred Securities, which form a component of the Income PRIDES, and which, under certain circumstances, will trade separately, will be issued pursuant to the terms of the Declaration. See "Description of the FELINE PRIDES -- Substitution of Pledged Securities." The Declaration will be qualified as an indenture under the Trust Indenture Act. The Institutional Trustee, The First National Bank of Chicago, an independent trustee, will act as indenture trustee for the Trust Preferred Securities under the Declaration for purposes of compliance with the provisions of the Trust Indenture Act. The terms of the Trust Preferred Securities will include those stated in the Declaration and those made part of the Declaration by the Trust Indenture Act. The following summary of certain provisions of the Trust Preferred Securities and the Declaration is not necessarily complete, and reference is hereby made to the copy of the Declaration (including the definitions therein of certain terms) which is filed as an exhibit to the Registration Statement relating to this Prospectus Supplement, the Trust Act and the Trust Indenture Act. Whenever particular defined terms are referred to in this Prospectus Supplement, such defined terms are incorporated herein by reference. The following descriptions of certain terms of the Trust Preferred Securities offered hereby supplements and, to the extent inconsistent with, replaces the description of the general terms and provisions of the Trust Preferred Securities set forth in the accompanying Prospectus, to which reference is hereby made.

GENERAL

The Declaration authorizes the Regular Trustees to issue on behalf of the Trust the Trust Securities, which represent undivided beneficial ownership interests in the assets of the Trust. All of the Common Securities will be owned, directly or indirectly, by the Company. The Common Securities rank *pari passu*, and payments will be made thereon on a pro rata basis, with the Trust Preferred Securities, except that upon the occurrence and during the continuance of an Indenture Event of Default, the rights of the holders of the Common Securities to receive payment of periodic distributions and payments upon liquidation, redemption and otherwise will be subordinated to the rights of the holders of the Trust Preferred Securities. The Declaration does not permit the issuance by the Trust of any securities other than the Trust Securities or the incurrence of any indebtedness by the Trust. Pursuant to the Declaration, the Institutional Trustee will own the Debentures purchased by the Trust for the benefit of the holders of the Trust Securities. The payment of distributions out of money held by the Trust, and payments upon redemption of the Trust Preferred Securities or liquidation of the Trust, are guaranteed by the Company to the extent described under "Description of the Guarantee." The Guarantee, when taken together with the Company's obligations under the Debentures and the Indenture and its obligations under the Declaration, including the obligations to pay costs, expenses, debts and liabilities of the Trust (other than with respect to the Trust Preferred Securities), provides a full and unconditional guarantee of amounts due on the Trust Preferred Securities. The Guarantee will be held by The First National Bank of Chicago, the Guarantee Trustee, for the benefit of the holders of the Trust Preferred Securities. The Guarantee does not cover payment of distributions when the Trust does not have sufficient available funds to pay such distributions. In such event, the remedy of a holder of Trust Preferred Securities is to vote to direct the Institutional Trustee to enforce the Institutional Trustee's rights under the Debentures (except in the limited circumstances in which the holder may take direct action). See "-- Declaration Events of Default" and "-- Voting Rights."

DISTRIBUTIONS

Distributions on the Trust Preferred Securities will be fixed initially at a rate per annum of % of the stated liquidation amount of \$50 per Trust Preferred Security. Distributions applicable on the Trust Preferred Securities that remain outstanding on and after the Purchase Contract Settlement Date will be reset on the third Business Day immediately preceding the Purchase Contract Settlement Date. See "-- Market Rate Reset." Distributions in arrears for more than one quarter will bear interest thereon at the rate of % per annum through and including February 15, 2001 and at the Reset Rate thereafter, compounded quarterly. The term "distribution" as used herein includes any such interest payable unless otherwise stated. The amount of distributions payable for any period will be computed on the basis of a 360-day year of twelve 30-day months.

Distributions on the Trust Preferred Securities will be cumulative and will accrue from December , 1997 and will be payable quarterly in arrears on February 16, May 16, August 16, and November 16 of each year, commencing February 16, 1998, when, as and if funds are available for payment. Distributions will be made by the Institutional Trustee, except as otherwise described below.

The Company has the right under the Indenture to defer payments of interest on the Debentures by extending the interest payment period from time to time on the Debentures, which right, if exercised, would defer quarterly distributions on the Trust Preferred Securities (though such distributions would continue to accrue with interest at the rate of % per annum through and including February 15, 2001, and at the Reset Rate thereafter) during any such extended interest payment period. Such right to extend the interest payment period for the Debentures is limited to a period, in the aggregate, not extending beyond the maturity date of the Debentures. In the event that the Company exercises this right, then (a) the Company shall not declare or pay dividends on, make distributions with respect to, or redeem, purchase or acquire, or make a liquidation payment with respect to, any of its capital stock (other than (i) purchases or acquisitions of capital stock of the Company in connection with the satisfaction by the Company of its obligations under any employee or agent benefit plans or the satisfaction by the Company of its obligations pursuant to any contract or security outstanding on the date of such event requiring the Company to purchase capital stock of the Company, (ii) as a result of a reclassification of the Company's capital stock or the exchange or conversion of one class or series of the Company's capital stock for another class or series of the Company's capital stock, (iii) the purchase of fractional interests in shares of the Company's capital stock pursuant to the conversion or exchange provisions of such capital stock or the security being converted or exchanged, (iv) dividends or distributions in capital stock of the Company (or rights to acquire capital stock) or repurchases or redemptions of capital stock solely from the issuance or exchange of capital stock or (v) redemptions or repurchases of any rights outstanding under a shareholder rights plan), (b) the Company shall not make any payment of interest, principal or premium, if any, on or repay, repurchase or redeem any debt securities issued by the Company that rank junior to such Debentures, and (c) the Company shall not make any guarantee payments with respect to the foregoing other than pursuant to the Guarantee or the Common Securities Guarantee. Prior to the termination of any such Extension Period, the Company may further extend the interest payment period; provided, that such Extension Period, together with all such previous and further extensions thereof, may not extend beyond the maturity date of the Debentures. Upon the termination of any Extension Period and the payment of all amounts then due, the Company may select a new Extension Period, subject to the above requirements. See "Description of the Debentures -- Interest" and "-- Option to Extend Interest Payment Period." If distributions are deferred, the deferred distributions and accrued interest thereon shall be paid to holders of record of the Trust Preferred Securities as they appear on the books and records of the Trust on the record date next following the termination of such Extension Period.

Distributions on the Trust Preferred Securities must be paid on the dates payable to the extent that the Trust has funds available in the Property Account for the payment of such distributions. The Trust's funds available for distribution to the holders of the Trust Preferred Securities will be limited to payments received from the Company on the Debentures. See "Description of the Debentures." The payment of distributions out of moneys held by the Trust is guaranteed by the Company to the extent set forth under "Description of the Guarantee." Distributions on the Trust Preferred Securities will be payable to the holders thereof, including the Collateral Agent, as they appear on the books and records of the Trust on the relevant record dates, which, as long as the Trust Preferred Securities remain in book-entry only form, will be one Business Day prior to the relevant payment dates. Such distributions will be paid through the Institutional Trustee who will hold amounts received in respect of the Debentures in the Property Account for the benefit of the holders of the Trust Preferred Securities. Subject to any applicable laws and regulations and the provisions of the Declaration, each such payment will be made as described under "Book-Entry Only Issuance -- The Depository Trust Company" below. In the event that the Trust Preferred Securities do not continue to remain in book-entry form, the Regular Trustees shall have the right to select relevant record dates, which shall be more than one Business Day but less than 60 Business Days prior to the relevant payment dates. In the event that any date on which distributions are to be made on the Trust Preferred Securities is not a Business Day, then payment of the distributions payable on such date will be made on the next succeeding day which is a Business Day (and without any interest or other payment in respect of any such delay), except that, if such

Business Day is in the next succeeding calendar year, such payment shall be made on the immediately preceding Business Day, in each case with the same force and effect as if made on such record date.

MARKET RATE RESET

The applicable quarterly distribution rate on the Trust Preferred Securities and the interest rate on the related Debentures that remain outstanding on and after the Purchase Contract Settlement Date will be reset on the third Business Day immediately preceding the Purchase Contract Settlement Date to the Reset Rate, which will be equal to the sum of the Reset Spread and the rate on the Two-Year Benchmark Treasury in effect on the third Business Day immediately preceding the Purchase Contract Settlement Date and will be determined by the Reset Agent as the rate the Trust Preferred Securities should bear in order for a Trust Preferred Security to have an approximate market value on the third Business Day immediately preceding the Purchase Contract Settlement Date of 100.5% of the Stated Amount; provided that the Company may limit such Reset Rate to be no higher than the rate on the Two-Year Benchmark Treasury on the Purchase Contract Settlement Date plus 200 basis points (2%). Such market value may be less than 100.5% if the Reset Spread is limited to a maximum of 2%. The "Two-Year Benchmark Treasury" shall mean direct obligations of the United States (which may be obligations traded on a when-issued basis only) having a maturity comparable to the remaining term to maturity of the Trust Preferred Securities, as agreed upon by the Company and the Reset Agent. The rate for the Two-Year Benchmark Treasury will be the bid side rate displayed at 10:00 A.M., New York City time, on the third Business Day immediately preceding the Purchase Contract Settlement Date in the Telerate system (or if the Telerate system is (a) no longer available on the third Business Day immediately preceding the Purchase Contract Settlement Date or (b) in the opinion of the Reset Agent (after consultation with the Company) no longer an appropriate system from which to obtain such rate, such other nationally recognized quotation system as, in the opinion of the Reset Agent (after consultation with the Company) is appropriate). If such rate is not so displayed, the rate for the Two-Year Benchmark Treasury shall be, as calculated by the Reset Agent, the yield to maturity for the Two-Year Benchmark Treasury, expressed as a bond equivalent on the basis of a year of 365 or 366 days, as applicable, and applied on a daily basis, and computed by taking the arithmetic mean of the secondary market bid rates, as of 10:30 A.M., New York City time, on the third Business Day immediately preceding the Purchase Contract Settlement Date of three leading United States government securities dealers selected by the Reset Agent (after consultation with the Company) (which may include the Reset Agent or an affiliate thereof). The Company may limit the Reset Rate to be no higher than the rate on the Two-Year Benchmark Treasury on the third Business Day immediately preceding the Purchase Contract Settlement Date plus 200 basis points (2%). It is currently anticipated that Merrill Lynch, Pierce, Fenner & Smith Incorporated will be the investment banking firm acting as the Reset Agent.

On the tenth Business Day immediately preceding the Purchase Contract Settlement Date, the Two-Year Benchmark Treasury to be used to determine the Reset Rate on the Purchase Contract Settlement Date will be selected and the Reset Spread to be added to the rate on the Two-Year Benchmark Treasury in effect on the third Business Day immediately preceding the Purchase Contract Settlement Date will be established by the Reset Agent, and the Reset Spread and the Two-Year Benchmark Treasury will be announced by the Company (the "Reset Announcement Date"). The Company will cause a notice of the Reset Spread and such Two-Year Benchmark Treasury to be published on the Business Day following the Reset Announcement Date by publication in a daily newspaper in the English language of general circulation in The City of New York, which is expected to be The Wall Street Journal. The Company will request, not later than 7 nor more than 15 calendar days prior to the Reset Announcement Date, that the Depositary notify its participants holding Trust Preferred Securities, Income PRIDES or Growth PRIDES of such Reset Announcement Date and of the procedures that must be followed if any owner of FELINE PRIDES wishes to settle the related Purchase Contract with cash on the Business Day immediately preceding the Purchase Contract Settlement Date.

OPTIONAL REDEMPTION

The Debentures are redeemable at the option of the Company, in whole but not in part, on not less than 30 days nor more than 60 days notice, upon the occurrence and continuation of a Tax Event under the circumstances described under "Description of the Debentures -- Tax Event Redemption". If the Company redeems the Debentures upon the occurrence and continuation of a Tax Event, the proceeds from such repayment shall simultaneously be applied on a pro rata basis to redeem Trust Preferred Securities having an aggregate stated liquidation amount equal to the aggregate principal amount of the Debentures so redeemed at a Redemption Price, per Trust Preferred Security, equal to the Redemption Amount plus accrued and unpaid interest thereon to the date of such redemption. Such proceeds will be payable in cash to the holders of such Trust Preferred Securities. If the Tax Event Redemption occurs prior to the Purchase Contract Settlement Date, the Redemption Price payable to the Collateral Agent, in liquidation of the Income PRIDES holders' interests in the Trust, will be simultaneously applied by the Collateral Agent to purchase on behalf of the holders' of the Income PRIDES the Treasury Portfolio. The Treasury Portfolio will be pledged with the Collateral Agent to secure the obligation of Income PRIDES holders' to purchase Common Stocks under the related Purchase Contracts.

If a Failed Remarketing has occurred, holders of Trust Securities (including, following the distribution of the Debentures upon a dissolution of the Trust as described herein, such Debenture holders) holding such Trust Securities or Debentures, as the case may be, following the Purchase Contract Settlement Date will have the right, in the case of Trust Securities, to require the Trust to put to the Company the related Debentures or, in the case of the Debentures, to put such Debentures directly to the Company on March , 2001, upon at least three Business Days' prior notice, at a price per Debenture equal to \$50, plus accrued and unpaid interest (including deferred interest), if any, thereon. Upon the repurchase of such Debentures by the Company, (i) the proceeds from such repurchase shall simultaneously be applied (in the case of the Trust Securities) to redeem such Trust Securities of such holder in an aggregate stated liquidation amount equal to the aggregate principal amount of the Debentures so repurchased and (ii) any accrued and unpaid distributions, including deferred distributions, with respect to such Trust Securities will be paid to such holder in cash.

REDEMPTION PROCEDURES

If the Trust gives a notice of redemption (which notice will be irrevocable) in respect of all of the Trust Preferred Securities, then, by 12:00 noon, New York City time, on the redemption date, provided that the Company has paid to the Institutional Trustee sufficient amount of cash in connection with the related redemption or maturity of the Debentures, the Trust will irrevocably deposit with the Depository, the Purchase Contract Agent or the Collateral Agent, as applicable, funds sufficient to pay the applicable Redemption Price and will give the Depository, the Purchase Contract Agent or the Collateral Agent, as applicable, irrevocable instructions and authority to pay the Redemption Price to the holders of the Trust Preferred Securities so called for redemption. If notice of redemption shall have been given and funds deposited as required, then, immediately prior to the close of business on the date of such deposit, distributions will cease to accrue and all rights of holders of such Trust Preferred Securities so called for redemption will cease, except the right of the holders of such Trust Preferred Securities to receive the Redemption Price but without interest on such Redemption Price. In the event that any date fixed for redemption of Trust Preferred Securities is not a Business Day, then payment of the Redemption Price payable on such date will be made on the next succeeding day that is a Business Day (without any interest or other payment in respect of any such delay), except that, if such Business Day falls in the next calendar year, such payment will be made on the immediately preceding Business Day.

DISTRIBUTION OF THE DEBENTURES

"Investment Company Event" means that the Regular Trustees shall have received an opinion from independent counsel experienced in practice under the 1940 Act (as defined below) to the effect that, as a result of the occurrence of a change in law or regulation or a written change in interpretation or application of law or regulation by any legislative body, court, governmental agency or regulatory authority (a "Change in

1940 Act Law"), which Change in 1940 Act Law becomes effective on or after the date of this Prospectus Supplement, there is more than an insubstantial risk that the Trust is or will be considered an "investment company" which is required to be registered under the Investment Company Act of 1940, as amended (the "1940 Act").

If, at any time, an Investment Company Event shall occur and be continuing, the Trust shall be dissolved, with the result that Debentures with an aggregate principal amount equal to the aggregate stated liquidation amount of, with an interest rate identical to the distribution rate of, and accrued and unpaid interest equal to accrued and unpaid distributions on, the Trust Securities, would be distributed to the holders of the Trust Securities in liquidation of such holders' interests in the Trust on a pro rata basis within 90 days following the occurrence of such Investment Company Event; provided, however, that such dissolution and distribution shall be conditioned on the Company being unable to avoid such Investment Company Event within such 90-day period by taking some ministerial action or pursuing some other similar reasonable measure that will have no adverse effect on the Trust, the Company or the holders of the Trust Securities and will involve no material cost. If an Investment Company Event occurs, Debentures distributed to the Collateral Agent in liquidation of such holder's interest in the Trust would be pledged (in lieu of the Trust Preferred Securities) to secure Income PRIDES holders' obligations to purchase Common Stock under the Purchase Contracts.

The Company will have the right at any time to dissolve the Trust and, after satisfaction of liabilities of creditors of the Trust as provided by applicable law, cause the Debentures to be distributed to the holders of the Trust Securities. As of the date of any distribution of Debentures upon dissolution of the Trust, (i) the Trust Preferred Securities will no longer be deemed to be outstanding, (ii) the Depositary or its nominee, as the record holder of the Trust Preferred Securities, will receive a registered global certificate or certificates representing the Debentures to be delivered upon such distribution, and (iii) any certificates representing Trust Preferred Securities not held by the Depositary or its nominee will be deemed to represent Debentures having an aggregate principal amount equal to the aggregate stated liquidation amount of, with an interest rate identical to the distribution rate of, and accrued and unpaid interest equal to accrued and unpaid distributions on, such Trust Preferred Securities until such certificates are presented to the Company or its agent for transfer or reissuance. Debentures distributed to the Collateral Agent in liquidation of the interest of the holders of the Trust Preferred Securities in the Trust would be substituted for the Trust Preferred Securities and pledged to secure Income PRIDES holders' obligations to purchase Common Stock under the Purchase Contracts.

There can be no assurance as to the market prices for either the Trust Preferred Securities or the Debentures that may be distributed in exchange for the Trust Preferred Securities if a dissolution of the Trust were to occur. Accordingly, the Trust Preferred Securities or such Debentures that an investor may receive if a dissolution of the Trust were to occur may trade at a discount to the price that the investor paid to purchase the Trust Preferred Securities forming a part of the Income PRIDES offered hereby.

LIQUIDATION DISTRIBUTION UPON DISSOLUTION

In the event of any voluntary or involuntary dissolution of the Trust (unless a Tax Event Redemption has occurred), the then holders of the Trust Preferred Securities will be entitled to receive out of the assets of the Trust, after satisfaction of liabilities to creditors, Debentures in an aggregate principal amount equal to the aggregate stated liquidation amount of, with an interest rate identical to the distribution rate of, and accrued and unpaid interest equal to accrued and unpaid distributions on, the Trust Preferred Securities on a pro rata basis in exchange for such Trust Preferred Securities.

The holders of the Common Securities will be entitled to receive distributions upon any such dissolution pro rata with the holders of the Trust Preferred Securities, except that if a Declaration Event of Default has occurred and is continuing, the Trust Preferred Securities shall have a preference over the Common Securities with regard to such distributions.

Pursuant to the Declaration, the Trust shall dissolve (i) on December 1, 2004, the expiration of the term of the Trust, (ii) upon the bankruptcy of the Company or the holder of the Common Securities, (iii) upon the filing of a certificate of dissolution or its equivalent with respect to the Company or the revocation of the

charter of the Company and the expiration of 90 days after the date of revocation without a reinstatement thereof, (iv) after the receipt by the Institutional Trustee of written direction from the Company to dissolve the Trust or the filing of a certificate of dissolution or its equivalent with respect to the Trust, (v) upon the distribution of Debentures, (vi) upon the occurrence and continuation of a Tax Event Redemption or (vii) upon the entry of a decree of a judicial dissolution of the holder of the Common Securities, the Company or the Trust.

DECLARATION EVENTS OF DEFAULT

An event of default under the Indenture (an "Indenture Event of Default") constitutes an event of default under the Declaration with respect to the Trust Securities (a "Declaration Event of Default"); provided, that pursuant to the Declaration, the holder of the Common Securities will be deemed to have waived any Declaration Event of Default with respect to the Common Securities until all Declaration Events of Default with respect to the Trust Preferred Securities have been cured, waived or otherwise eliminated. Until such Declaration Events of Default with respect to the Trust Preferred Securities have been so cured, waived or otherwise eliminated, the Institutional Trustee will be deemed to be acting solely on behalf of the holders of the Trust Preferred Securities and only the holders of the Trust Preferred Securities will have the right to direct the Institutional Trustee with respect to certain matters under the Declaration and, therefore, the Indenture. If a Declaration Event of Default with respect to the Trust Preferred Securities is waived by holders of Trust Preferred Securities, such waiver will also constitute the waiver of such Declaration Event of Default with respect to the Common Securities without any further act, vote or consent of the holders of the Common Securities. If the Institutional Trustee fails to enforce its rights under the Debentures in respect of an Indenture Event of Default after a holder of record of Trust Preferred Securities has made a written request, such holder of record of Trust Preferred Securities may, to the fullest extent permitted by applicable law, institute a legal proceeding against the Company to enforce the Institutional Trustee's rights under the Debentures without first proceeding against the Institutional Trustee or any other person or entity. Notwithstanding the foregoing, if a Declaration Event of Default has occurred and is continuing and such event is attributable to the failure of the Company to pay interest or principal on the Debentures on the date such interest or principal is otherwise payable (after giving effect to any right of deferral), then a holder of Trust Preferred Securities may directly institute a proceeding after the respective due date specified in the Debentures for enforcement of payment (a "Direct Action") to such holder directly of the principal of or interest on the Debentures having a principal amount equal to the aggregate liquidation amount of the Trust Preferred Securities of such holder. In connection with such Direct Action, the Company shall have the right under the Indenture to set off any payment made to such holder of the Company. The holders of Trust Preferred Securities will not be able to exercise directly any other remedy available to the holders of the Debentures. See "Effect of Obligations under the Debentures and the Guarantee."

Upon the occurrence of a Declaration Event of Default, the Institutional Trustee as the sole holder of the Debentures will have the right under the Indenture to declare the principal of and interest on the Debentures to be immediately due and payable. The Company and the Trust are each required to file annually with the Institutional Trustee an officer's certificate as to its compliance with all conditions and covenants under the Declaration.

VOTING RIGHTS

Except as described herein, under the Trust Act and the Trust Indenture Act and under "Description of the Guarantee -- Modification of the Guarantee; Assignment," and as otherwise required by law and the Declaration, the holders of the Trust Preferred Securities will have no voting rights.

Subject to the requirement of the Institutional Trustee obtaining a tax opinion in certain circumstances set forth in the last sentence of this paragraph, the holders of a majority in aggregate stated liquidation amount of the Trust Preferred Securities have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Institutional Trustee, or direct the exercise of any trust or power conferred upon the Institutional Trustee under the Declaration, including the right to direct the Institutional Trustee, as holder of the Debentures, to (i) exercise the remedies available under the Indenture with respect

to the Debentures, (ii) waive any past Indenture Event of Default that is waivable under Section 5.7 of the Indenture, (iii) exercise any right to rescind or annul a declaration that the principal of all the Debentures shall be due and payable or (iv) consent to any amendment, modification or termination of the Indenture or the Debentures where such consent shall be required; provided, however, that, where a consent or action under the Indenture would require the consent or act of holders of more than a majority in principal amount of the Debentures (a "Super-Majority") affected thereby, only the holders of at least such Super-Majority in aggregate stated liquidation amount of the Trust Preferred Securities may direct the Institutional Trustee to give such consent or take such action. The Institutional Trustee shall notify all holders of the Trust Preferred Securities of any notice of default received from the Debt Trustee (as defined herein) with respect to the Debentures. Such notice shall state that such Indenture Event of Default also constitutes a Declaration Event of Default. Except with respect to directing the time, method and place of conducting a proceeding for a remedy, the Institutional Trustee shall not take any of the actions described in clauses (i), (ii) or (iii) above unless the Institutional Trustee has obtained an opinion of tax counsel experienced in such matters to the effect that, as a result of such action, the Trust will not fail to be classified as a grantor trust for federal income tax purposes.

In the event the consent of the Institutional Trustee, as the holder of the Debentures, is required under the Indenture with respect to any amendment, modification or termination of the Indenture or the Debentures, the Institutional Trustee shall request the direction of the holders of the Trust Preferred Securities and the Common Securities with respect to such amendment, modification or termination and shall vote with respect to such amendment, modification or termination as directed by a majority in stated liquidation amount of the Trust Preferred Securities and the Common Securities voting together as a single class; provided, however, that where a consent under the Indenture would require the consent of a Super-Majority, the Institutional Trustee may only give such consent at the direction of the holders of at least the proportion in stated liquidation amount of the Trust Preferred Securities and the Common Securities which the relevant Super-Majority represents of the aggregate principal amount of the Debentures outstanding. The Institutional Trustee shall not take any such action in accordance with the directions of the holders of the Trust Preferred Securities and the Common Securities unless the Institutional Trustee has obtained an opinion of tax counsel experienced in such matters to the effect that, as a result of such action, the Trust will not fail to be classified as a grantor trust for United States federal income tax purposes.

A waiver of an Indenture Event of Default will constitute a waiver of the corresponding Declaration Event of Default.

Any required approval or direction of holders of Trust Preferred Securities may be given at a separate meeting of holders of Trust Preferred Securities convened for such purpose, at a meeting of all of the holders of Trust Securities or pursuant to written consent. The Regular Trustees will cause a notice of any meeting at which holders of Trust Preferred Securities are entitled to vote, or of any matter upon which action by written consent of such holders is to be taken, to be mailed to each holder of record of Trust Preferred Securities. Each such notice will include a statement setting forth the following information: (i) the date of such meeting or the date by which such action is to be taken; (ii) a description of any resolution proposed for adoption at such meeting on which such holders are entitled to vote or of such matter upon which written consent is sought; and (iii) instructions for the delivery of proxies or consents. No vote or consent of the holders of Trust Preferred Securities will be required for the Trust to cancel Trust Preferred Securities or distribute Debentures in accordance with the Declaration.

Notwithstanding that holders of Trust Preferred Securities are entitled to vote or consent under any of the circumstances described above, any of the Trust Preferred Securities that are owned at such time by the Company or any entity directly or indirectly controlling or controlled by, or under direct or indirect common control with, the Company, shall not be entitled to vote or consent and shall, for purposes of such vote or consent, be treated as if such Trust Preferred Securities were not outstanding.

The procedures by which holders of Trust Preferred Securities may exercise their voting rights are described below. See "-- Book-Entry Only Issuance -- The Depository Trust Company."

Holders of the Trust Preferred Securities will have no rights to appoint or remove the Conseco Trustees, who may be appointed, removed or replaced solely by the Company as the indirect or direct holder of all of the Common Securities.

MODIFICATION OF THE DECLARATION

The Declaration may be modified and amended if approved by the Regular Trustees (and in certain circumstances the Institutional Trustee or the Delaware Trustee), provided, that if any proposed amendment provides for, or the Regular Trustees otherwise propose to effect, (i) any action that would adversely affect the powers, preferences or special rights of the Trust Securities, whether by way of amendment to the Declaration or otherwise or (ii) the dissolution of the Trust other than pursuant to the terms of the Declaration, then the holders of the Trust Securities voting together as a single class will be entitled to vote on such amendment or proposal and such amendment or proposal shall not be effective except with the approval of at least a majority in such stated liquidation amount of the Trust Securities affected thereby; provided further, that if any amendment or proposal referred to in clause (i) above would adversely affect only the Trust Preferred Securities or the Common Securities, then only the affected class will be entitled to vote on such amendment or proposal and such amendment or proposal shall not be effective except with the approval of a majority in stated liquidation amount of such class of securities.

Notwithstanding the foregoing, no amendment or modification may be made to the Declaration if such amendment or modification would (i) cause the Trust to be classified as other than a grantor trust for purposes of United States federal income taxation, (ii) reduce or otherwise adversely affect the powers of the Institutional Trustee or (iii) cause the Trust to be deemed an "investment company" which is required to be registered under the 1940 Act.

MERGERS, CONSOLIDATIONS OR AMALGAMATIONS

The Trust may not consolidate, amalgamate, merge with or into, or be replaced by, or convey, transfer or lease its properties and assets substantially as an entirety, to any corporation or other body, except as described below or as described in "Liquidation Distribution Upon Dissolution". The Trust may, with the consent of the Regular Trustees and without the consent of the holders of the Trust Securities, consolidate, amalgamate, merge with or into, or be replaced by a trust organized as such under the laws of any State; provided, that (i) if the Trust is not the surviving entity, such successor entity either (x) expressly assumes all of the obligations of the Trust under the Trust Securities or (y) substitutes for the Trust Securities other securities having substantially the same terms as the Trust Securities (the "Successor Securities"), so long as the Successor Securities rank the same as the Trust Securities with respect to distributions and payments upon liquidation, redemption and otherwise, (ii) the Company expressly acknowledges a trustee of such successor entity possessing the same powers and duties as the Institutional Trustee as the holder of the Debentures, (iii) if the Trust Preferred Securities are listed, any Successor Securities will be listed upon notification of issuance, on any national securities exchange or with another organization on which the Trust Preferred Securities are then listed or quoted, (iv) such merger, consolidation, amalgamation or replacement does not cause the Trust Preferred Securities (including any Successor Securities) to be downgraded by any nationally recognized statistical rating organization, (v) such merger, consolidation, amalgamation or replacement does not adversely affect the rights, preferences and privileges of the holders of the Trust Securities (including any Successor Securities) in any material respect (other than with respect to any dilution of the holders' interest in the new entity), (vi) such successor entity has a purpose substantially identical to that of the Trust, (vii) prior to such merger, consolidation, amalgamation or replacement, the Company has received an opinion of a nationally recognized independent counsel to the Trust experienced in such matters to the effect that, (A) such merger, consolidation, amalgamation or replacement does not adversely affect the rights, preferences and privileges of the holders of the Trust Securities (including any Successor Securities) in any material respect (other than with respect to any dilution of the holders' interest in the new entity), (B) following such merger, consolidation, amalgamation or replacement, neither the Trust nor such successor entity will be required to register as an investment company under the 1940 Act and (C) following such merger, consolidation, amalgamation or replacement, the Trust (or the successor entity) will continue to be

classified as a grantor trust for federal income tax purposes, and (viii) the Company guarantees the obligations of such successor entity under the Successor Securities at least to the extent provided by the Guarantee and the Common Securities Guarantee (as defined herein). Notwithstanding the foregoing the Trust shall not, except with the consent of holders of 100% in stated liquidation amount of the Trust Securities, consolidate, amalgamate, merge with or into, or be replaced by any other entity or permit any other entity to consolidate, amalgamate, merge with or into, or replace it, if such consolidation, amalgamation, merger or replacement would cause the Trust or the successor entity to be classified as other than a grantor trust for federal income tax purposes.

BOOK-ENTRY ONLY ISSUANCE -- THE DEPOSITORY TRUST COMPANY

In the event that the Trust Preferred Securities are issued as one or more fully-registered global Trust Preferred Securities certificates representing the total aggregate number of Trust Preferred Securities, the Depository will act as securities depository for any Trust Preferred Securities that are held separately from the Income PRIDES or that are released to holders in connection with the creation of Growth PRIDES. In such event, the Trust Preferred Securities will be issued only as fully-registered securities registered in the name of Cede & Co. (the Depository's nominee). However, under certain circumstances, the Regular Trustees with the consent of the Company may decide not to use the system of book-entry transfers through the DTC with respect to the Trust Preferred Securities. In that event, certificates of the Trust Preferred Securities will be printed and delivered to the holders.

The laws of some jurisdictions require that certain purchasers of securities take physical delivery of securities in definitive form. Such laws may impair the ability to transfer beneficial interests in the global Trust Preferred Securities as represented by a global certificate.

Purchases of Trust Preferred Securities within the Depository's system must be made by or through Direct Participants, which will receive a credit for the Trust Preferred Securities on the Depository's records. The ownership interest of each actual purchaser of each Trust Preferred Security (a "Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from the Depository of their purchases, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participants through which the Beneficial Owners purchased Trust Preferred Securities. Transfers of ownership interests in the Trust Preferred Securities are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Trust Preferred Securities, except in the event that use of the book-entry system for the Trust Preferred Securities is discontinued.

To facilitate subsequent transfers, all the Trust Preferred Securities deposited by Participants with the Depository will be registered in the name of the Depository's nominee, Cede & Co. The deposit of Trust Preferred Securities with the Depository and their registration in the name of Cede & Co. effect no change in beneficial ownership. The Depository has no knowledge of the actual Beneficial Owners of the Trust Preferred Securities. The Depository's records reflect only the identity of the Direct Participants to whose accounts such Trust Preferred Securities are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

So long as the Depository or its nominee is the registered owner or holder of a global certificate, the Depository or such nominee, as the case may be, will be considered the sole owner or holder of the Trust Preferred Securities represented thereby for all purposes under the Declaration and the Trust Preferred Securities. No beneficial owner of an interest in a global certificate will be able to transfer that interest except in accordance with the Depository applicable procedures, in addition to those provided for under the Declaration.

The Depository has advised the Company that it will take any action permitted to be taken by a holder of Trust Preferred Securities (including the presentation of Trust Preferred Securities for exchange as described below) only at the direction of one or more Participants to whose account the Depository's interests in the global certificates are credited and only in respect of such portion of the stated liquidation amount of Trust

Preferred Securities as to which such Participant or Participants has or have given such directions. However, if there is a Declaration Event of Default under the Trust Preferred Securities, the Depositary will exchange the global certificates for certificated securities, which it will distribute to its Participants.

Conveyance of notices and other communications by the Depositary to Direct Participants and Indirect Participants and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements that may be in effect from time to time.

Although voting with respect to the Trust Preferred Securities is limited, in those cases where a vote is required, neither the Depositary nor Cede & Co. will itself consent or vote with respect to Trust Preferred Securities. Under its usual procedures, the Depositary would mail an omnibus proxy to the Trust as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Trust Preferred Securities are credited on the record date (identified in a listing attached to the omnibus proxy). The Company and the Trust believe that the arrangements among the Depositary, Direct and Indirect Participants, and Beneficial Owners will enable the Beneficial Owners to exercise rights equivalent in substance to the rights that can be directly exercised by a record holder of a beneficial interest in the Trust.

Distribution payments on the Trust Preferred Securities issued in the form of one or more global certificates will be made to the Depositary in immediately available funds. The Depositary's practice is to credit Direct Participants' accounts on the relevant payment date in accordance with their respective holdings shown on the Depositary's records unless the Depositary has reason to believe that it will not receive payments on such payment date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the account of customers in bearer form or registered in "street name," and such payments will be the responsibility of such Participant and not of the Depositary, the Trust or the Company, subject to any statutory or regulatory requirements to the contrary that may be in effect from time to time. Payment of distributions to the Depositary is the responsibility of the Trust, disbursement of such payments to Direct Participants is the responsibility of the Depositary, and disbursement of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

Except as provided herein, a Beneficial Owner in a global Trust Preferred Security certificate will not be entitled to receive physical delivery of Trust Preferred Securities. Accordingly, each Beneficial Owner must rely on the procedures of the Depositary to exercise any rights under the Trust Preferred Securities.

Although the Depositary has agreed to the foregoing procedure in order to facilitate transfer of interests in the global certificates among Participants, the Depositary is under no obligation to perform or continue to perform such procedures and such procedures may be discontinued at any time. None of the Company, the Trust or any Conseco Trustee will have any responsibility for the performance by the Depositary or its Participants or Indirect Participants under the rules and procedures governing the Depositary. The Depositary may discontinue providing its services as securities depository with respect to the Trust Preferred Securities at any time by giving reasonable notice to the Trust. Under such circumstances, in the event that a successor securities depository is not obtained, Trust Preferred Securities certificates are required to be printed and delivered to holders. Additionally, the Regular Trustees (with the consent of the Company) may decide to discontinue use of the system of book-entry transfers through the Depositary (or any successor depository) with respect to the Trust Preferred Securities. In that event, certificates for the Trust Preferred Securities will be printed and delivered to holders. In each of the above circumstances, the Company will appoint a paying agent with respect to the Trust Preferred Securities.

The information in this section concerning the Depositary and the Depositary's book-entry system has been obtained from sources that the Company and the Trust believe to be reliable, but neither the Company nor the Trust takes responsibility for the accuracy hereof.

REGISTRAR, TRANSFER AGENT AND PAYING AGENT

Payments in respect of the Trust Preferred Securities represented by the global certificates shall be made to the Depository, which shall credit the relevant accounts at the Depository on the applicable distribution dates, or, in the case of certificated securities, such payments shall be made by check mailed to the address of the holder entitled thereto as such address shall appear on the Register. The Paying Agent shall be permitted to resign as Paying Agent upon 30 days' written notice to the Conseco Trustees. In the event that The First National Bank of Chicago shall no longer be the Paying Agent, the Regular Trustees shall appoint a successor to act as Paying Agent (which shall be a bank or trust company).

The First National Bank of Chicago will act as registrar, transfer agent and paying agent for the Trust Preferred Securities.

Registration of transfers of Trust Preferred Securities will be effected without charge by or on behalf of the Trust, but upon payment (and the giving of such indemnity as the Trust or the Company may require) in respect of any tax or other government charge which may be imposed in relation to it.

INFORMATION CONCERNING THE INSTITUTIONAL TRUSTEE

The Institutional Trustee prior to the occurrence of a default with respect to the Trust Securities and after the curing of any defaults that may have occurred, undertakes to perform only such duties as are specifically set forth in the Declaration and, after default, shall exercise the same degree of care as a prudent individual would exercise in the conduct of his or her own affairs. Subject to such provisions, the Institutional Trustee is under no obligation to exercise any of the powers vested in it by the Declaration at the request of any holder of Trust Preferred Securities, unless offered reasonable indemnity by such holder against the costs, expenses and liabilities which might be incurred thereby. The holders of Trust Preferred Securities will not be required to offer such indemnity in the event such holders, by exercising their voting rights, direct the Institutional Trustee to take any action it is empowered to take under the Declaration following a Declaration Event of Default. The Institutional Trustee also serves as trustee under the Guarantee.

The First National Bank of Chicago maintains commercial banking relationships with the Company.

GOVERNING LAW

The Declaration and the Trust Preferred Securities will be governed by, and construed in accordance with, the internal laws of the State of Delaware.

MISCELLANEOUS

The Regular Trustees are authorized and directed to operate the Trust in such a way so that the Trust will not be required to register as an "investment company" under the 1940 Act or be characterized as other than a grantor trust for federal income tax purposes. The Company is authorized and directed to conduct its affairs so that the Debentures will be treated as indebtedness of the Company for federal income tax purposes. In this connection, the Company and the Regular Trustees are authorized to take any action not inconsistent with applicable law, the Declaration of Trust, the certificate of trust of the Trust or the certificate of incorporation of the Company, that each of the Company and the Regular Trustees determines in its discretion to be necessary or desirable to achieve such end, as long as such action does not adversely affect the interests of the holders of the Trust Preferred Securities or vary the terms thereof.

Holders of the Trust Preferred Securities have no preemptive or similar rights.

DESCRIPTION OF THE GUARANTEE

Set forth below is a summary of information concerning the Guarantee which will be executed and delivered by the Company for the benefit of the holders from time to time of Trust Preferred Securities. The Guarantee will be qualified as an indenture under the Trust Indenture Act. The First National Bank of Chicago will act as the Guarantee Trustee for the purposes of compliance with the provisions of the Trust Indenture Act. The terms of the Guarantee will be those set forth in the Guarantee and those made part of the Guarantee by the Trust Indenture Act. The following summary is not necessarily complete, and reference is hereby made to the copy of the form of Guarantee (including the definitions therein of certain terms) which is filed as an exhibit to the Registration Statement relating to this Prospectus Supplement, and to the Trust Indenture Act. Whenever particular defined terms of the Guarantee are referred to in this Prospectus Supplement, such defined terms are incorporated herein by reference. The Guarantee will be held by the Guarantee Trustee for the benefit of the holders of the Trust Preferred Securities. The following descriptions of certain terms of the Guarantee supplements and, to the extent inconsistent with, replaces the description of the general terms and provisions of the Guarantee set forth in the accompanying Prospectus, to which reference is hereby made.

GENERAL

Pursuant to the Guarantee, the Company will irrevocably and unconditionally agree, to the extent set forth therein, to pay in full on a subordinated basis, to the holders of the Trust Preferred Securities issued by the Trust, the Guarantee Payments (as defined herein) (except to the extent paid by the Trust), as and when due, regardless of any defense, right of set-off or counterclaim which the Trust may have or assert. The following payments or distributions with respect to Trust Preferred Securities issued by the Trust to the extent not paid by or on behalf of the Trust (the "Guarantee Payments"), will be subject to the Guarantee thereon (without duplication): (i) any accrued and unpaid distributions which are required to be paid on the Trust Preferred Securities, to the extent the Trust shall have funds available therefor; (ii) the redemption price, including all accumulated and unpaid distributions to the date of redemption, of Trust Preferred Securities in respect of which the related Debentures have been redeemed by the Company upon the occurrence of a Tax Event Redemption, to the extent the Trust shall have funds available therefor; and (iii) upon a voluntary or involuntary dissolution of the Trust (other than in connection with the distribution of Debentures to the holders of Trust Preferred Securities), the lesser of (a) the aggregate of the stated liquidation amount and all accrued and unpaid distributions on such Trust Preferred Securities to the date of payment, to the extent the Trust has funds available therefor, and (b) the amount of assets of the Trust remaining available for distribution to holders of the Trust Preferred Securities in liquidation of the Trust. The Company's obligation to make a Guarantee Payment may be satisfied by direct payment of the required amounts by the Company to the holders of Trust Preferred Securities or by causing the Trust to pay such amounts to such holders.

The Guarantee will be a full and unconditional guarantee on a subordinated basis with respect to the Trust Preferred Securities issued by the Trust, but will not apply to any payment of distributions except to the extent the Trust shall have funds available therefor. If the Company does not make interest payments on the Debentures purchased by the Trust, the Trust will not pay distributions on the Trust Preferred Securities and will not have funds available therefor. See "Effect of Obligations under the Debentures and the Guarantee."

The Guarantee, when taken together with the Company's obligations under the Debentures, the Indenture, and the Declaration, will have the effect of providing a full and unconditional guarantee on a subordinated basis by the Company of payments due on the Trust Preferred Securities.

The Company has also agreed separately to irrevocably and unconditionally guarantee the obligations of the Trust with respect to the Common Securities (the "Common Securities Guarantee") to the same extent as the Guarantee, except that upon an Indenture Event of Default, holders of Trust Preferred Securities shall have priority over holders of Common Securities with respect to distributions and payments on liquidation, redemption or otherwise.

CERTAIN COVENANTS OF THE COMPANY

In the Guarantee, the Company will covenant that, so long as any Trust Preferred Securities issued by the Trust remain outstanding, if there shall have occurred any event that would constitute an event of default under the Guarantee or the Declaration, then (a) the Company shall not declare or pay any dividend on, make any distributions with respect to, or redeem, purchase, acquire or make a liquidation payment with respect to, any of its capital stock (other than (i) purchases or acquisitions of capital stock of the Company in connection with the satisfaction by the Company of its obligations under any employee or agent benefit plans or the satisfaction by the Company of its obligations pursuant to any contract or security outstanding on the date of such event requiring the Company to purchase capital stock of the Company, (ii) as a result of a reclassification of the Company's capital stock or the exchange or conversion of one class or series of the Company's capital stock for another class or series of the Company's capital stock, (iii) the purchase of fractional interests in shares of the Company's capital stock pursuant to the conversion or exchange provisions of such capital stock or the security being converted or exchanged, (iv) dividends or distributions in capital stock of the Company (or rights to acquire capital stock) or repurchases or redemptions of capital stock solely from the issuance or exchange of capital stock or (v) redemptions or repurchases of any rights outstanding under a shareholder rights plan), (b) the Company shall not make any payment of interest, principal or premium, if any, on or repay, repurchase or redeem any debt securities issued by the Company which rank junior to the Debentures and (c) the Company shall not make any guarantee payments with respect to the foregoing (other than payments pursuant to the Guarantee or the Common Securities Guarantee).

MODIFICATION OF THE GUARANTEE; ASSIGNMENT

Except with respect to any changes which do not adversely affect the rights of holders of Trust Preferred Securities (in which case no vote will be required), the Guarantee may be amended only with the prior approval of the holders of not less than a majority in stated liquidation amount of the outstanding Trust Preferred Securities issued by the Trust. All guarantees and agreements contained in the Guarantee shall bind the successors, assigns, receivers, trustees and representatives of the Company and shall inure to the benefit of the holders of the Trust Preferred Securities then outstanding.

TERMINATION

The Guarantee will terminate (a) upon distribution of the Debentures held by the Trust to the holders of the Trust Preferred Securities, (b) upon full payment of the redemption price of all the Trust Preferred Securities in the event that all of the Debentures are repurchased by the Company upon the occurrence of a Tax Event Redemption or (c) upon full payment of the amounts payable in accordance with the Declaration upon liquidation of the Trust. The Guarantee will continue to be effective or will be reinstated, as the case may be, if at any time any holder of Trust Preferred Securities must return payment of any sums paid under the Trust Preferred Securities or the Guarantee.

EVENTS OF DEFAULT

An event of default under the Guarantee will occur upon the failure of the Company to perform any of its payment or other obligations thereunder.

The holders of a majority in stated liquidation amount of the Trust Preferred Securities have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Guarantee Trustee in respect of the Guarantee or to direct the exercise of any trust or power conferred upon the Guarantee Trustee under the Guarantee. If the Guarantee Trustee fails to enforce such Guarantee, any holder of Trust Preferred Securities may institute a legal proceeding directly against the Company to enforce such holder's rights under the Guarantee, without first instituting a legal proceeding against the Trust, the Guarantee Trustee or any other person or entity. The Company waives any right or remedy to require that any action be brought first against the Trust or any other person or entity before proceeding directly against the Company.

STATUS OF THE GUARANTEE

The Guarantee will constitute an unsecured obligation of the Company and will rank (i) subordinate and junior in right of payment to all other liabilities of the Company except those liabilities of the Company made pari passu or subordinate by their terms, (ii) pari passu with the most senior preferred or preference stock now or hereafter issued by the Company and pari passu with any guarantee now or hereafter entered into by the Company in respect of any preferred or preference stock of any affiliate of the Company and (iii) senior to the Common Stock. The terms of the Trust Preferred Securities provide that each holder of Trust Preferred Securities by acceptance thereof agrees to the subordination provisions and other terms of the Guarantee relating thereto.

INFORMATION CONCERNING THE GUARANTEE TRUSTEE

The Guarantee Trustee, prior to the occurrence of a default with respect to the Guarantee, undertakes to perform only such duties as are specifically set forth in the Guarantee and, after default, shall exercise the same degree of care as a prudent individual would exercise in the conduct of his or her own affairs. Subject to such provisions, the Guarantee Trustee is under no obligation to exercise any of the powers vested in it by the Guarantee at the request of any holder of Trust Preferred Securities, unless offered reasonable indemnity against the costs, expenses and liabilities which might be incurred thereby; but the foregoing shall not relieve the Guarantee Trustee, upon the occurrence of an event of default under the Guarantee, from exercising the rights and powers vested in it by the Guarantee.

GOVERNING LAW

The Guarantee will be governed by and construed in accordance with the internal laws of the State of New York.

DESCRIPTION OF THE DEBENTURES

Set forth below is a description of the specific terms of the Debentures in which the Trust will invest the proceeds from the issuance and sale of the Trust Securities. The following description is not necessarily complete, and reference is hereby made to the copy of the form of the Indenture to be entered into between the Company and The First National Bank of Chicago, as trustee (the "Debt Trustee"), as supplemented or amended from time to time (as so supplemented and amended, the "Indenture") which is filed as an exhibit to the Registration Statement relating to this Prospectus Supplement, and to the Trust Indenture Act. Certain capitalized terms used herein are defined in the Indenture.

Under certain circumstances involving the dissolution of the Trust, Debentures may be distributed to the holders of the Trust Securities in liquidation of the Trust. See "Description of the Trust Preferred Securities -- Distribution of the Debentures." The following descriptions of certain terms of the Debentures supplement and, to the extent inconsistent with, replaces the description of the general terms and provisions of the Debt Securities set forth in the accompanying Prospectus, to which reference is hereby made.

GENERAL

The Debentures will be issued as unsecured subordinated debt under the Indenture and will rank pari passu in right of payment with all of the Company's other unsecured subordinated debt obligations. The Debentures will be limited in aggregate principal amount to \$600 million, such amount being the sum of the aggregate stated liquidation amount of the Trust Preferred Securities and the Common Securities.

The Debentures will not be subject to a sinking fund provision. Unless a Tax Event Redemption has occurred prior to the Purchase Contract Settlement Date, the entire principal amount of the Debentures will mature and become due and payable, together with any accrued and unpaid interest thereon including Compound Interest (as defined herein) and expenses and taxes of the Trust, if any, on February 16, 2003.

The Company will have the right at any time to dissolve the Trust and cause the Debentures to be distributed to the holders of the Trust Securities. If Debentures are distributed to holders of Trust Securities in liquidation of such holders' interests in the Trust, such Debentures will initially be issued as a Global Security (as defined herein). As described herein, under certain limited circumstances, Debentures may be issued in certificated form in exchange for a Global Security. See "-- Book-Entry and Settlement" below. In the event that Debentures are issued in certificated form, such Debentures will be in denominations of \$50 and integral multiples thereof and may be transferred or exchanged at the offices described below. Payments on Debentures issued as a Global Security will be made to the Depository, a successor depository or, in the event that no depository is used, to a Paying Agent for the Debentures. In the event Debentures are issued in certificated form, principal and interest will be payable, the transfer of the Debentures will be registrable and Debentures will be exchangeable for Debentures of other denominations of a like aggregate principal amount, at the corporate trust office or agency of the Institutional Trustee in Chicago, Illinois; provided, that at the option of the Company, payment of interest may be made by check mailed to the address of the holder entitled thereto or by wire transfer to an account appropriately designated by the holder entitled thereto. Notwithstanding the foregoing, so long as the holder of any Debentures is the Institutional Trustee, the payment of principal and interest on the Debentures held by the Institutional Trustee will be made at such place and to such account as may be designated by the Institutional Trustee.

The Indenture does not contain provisions that afford holders of the Debentures protection in the event of a highly leveraged transaction or other similar transaction involving the Company that may adversely affect such holders.

SUBORDINATION

The Indenture provides that the Debentures are subordinated and junior in right of payment to the prior payment in full of all Senior Indebtedness of the Company whether now existing or hereafter incurred. In the event and during the continuation of any default by the Company in the payment of principal, premium, interest or any other payment due on any Senior Indebtedness of the Company, or in the event that the

maturity of any Senior Indebtedness of the Company has been accelerated because of a default, then in either case, no payment will be made by the Company with respect to the principal (including redemption payments) of or interest on the Debentures. Upon any distribution of assets of the Company to creditors upon any dissolution, winding-up, liquidation or reorganization, whether voluntary or involuntary, or in bankruptcy, insolvency, receivership or other proceedings, all principal, premium, if any, and interest due or to become due on all Senior Indebtedness of the Company must be paid in full before the holders of Debentures are entitled to receive or retain any payment. In the event that the Debentures are declared due and payable before the Maturity Date, then all amounts due or to become due on all Senior Indebtedness shall have been paid in full before holders of the Debentures are entitled to receive or retain any payment. Upon satisfaction of all claims of all Senior Indebtedness then outstanding, the rights of the holders of the Debentures will be subrogated to the rights of the holders of Senior Indebtedness of the Company to receive payments or distributions applicable to Senior Indebtedness until all amounts owing on the Debentures are paid in full.

The term "Senior Indebtedness" means (i) all indebtedness of the Company, whether now existing or hereafter created, incurred or assumed, which is for money borrowed, or evidenced by a note or similar instrument given in connection with the acquisition of any business, properties or assets, including securities; (ii) any indebtedness of others of the kinds described in the preceding clause (i) for the payment of which the Company is responsible or liable as guarantor or otherwise; and (iii) amendments, renewals, extensions and refundings of any such indebtedness, unless in any instrument or instruments evidencing or securing such indebtedness or pursuant to which the same is outstanding. The Senior Indebtedness shall continue to be Senior Indebtedness and entitled to the benefits of the subordination provisions irrespective of any amendment, modification or waiver of any term of the Senior Indebtedness or extension or renewal of the Senior Indebtedness. Senior indebtedness does not include (A) any indebtedness of the Company to any of its subsidiaries, (B) indebtedness incurred for the purchase of goods or materials or for services obtained in the ordinary course of business and (C) any indebtedness which by its terms is expressly made *pari passu* with or subordinated to the Subordinated Debt Securities. (Section 12.2 of the Subordinated Indenture.)

The Indenture does not limit the aggregate amount of Senior Indebtedness that may be issued by the Company. As of September 30, 1997, the aggregate amount of Senior Indebtedness and liabilities and obligations of the Company's subsidiaries that would have effectively ranked senior to the Debentures was approximately \$28.7 billion. As of September 30, 1997, after giving pro forma effect to the anticipated financing of the WNC Merger, the Offering and the application of the proceeds thereof the aggregate amount of Senior Indebtedness and liabilities and obligations of the Company's subsidiaries that would have effectively ranked senior to the Debentures would have been approximately \$28.6 billion.

INTEREST

Each Debenture shall bear interest initially at the rate of % per annum from the original date of issuance, payable quarterly in arrears on February 16, May 16, August 16 and November 16 of each year (each an "Interest Payment Date"), commencing February 16, 1998, to the person in whose name such Debenture is registered, subject to certain exceptions, at the close of business on the Business Day next preceding such Interest Payment Date. The applicable interest rate on the Debentures and the distribution rate on the related Trust Preferred Securities outstanding on and after the Purchase Contract Settlement Date will be reset on the third Business Day immediately preceding the Purchase Contract Settlement Date to the Reset Rate, which will be equal to the sum of the Reset Spread and the rate on the Two-Year Benchmark Treasury in effect on the third Business Day immediately preceding the Purchase Contract Settlement Date, and will be determined by the Reset Agent as the rate the Trust Preferred Securities should bear in order for a Trust Preferred Security to have an approximate market value on the third Business Day immediately preceding the Purchase Contract Settlement Date of 100.5% of the Stated Amount; provided that the Company may limit such Reset Rate to be no higher than the rate on the Two-Year Benchmark Treasury on the third Business Day immediately preceding the Purchase Contract Settlement Date plus 200 basis points (2%). Such market value may be less than 100.5% if the Reset Spread is limited to a maximum of 2%.

On the Reset Announcement Date, the Two-Year Benchmark Treasury will be selected and the Reset Spread to be added to the rate on the Two-Year Benchmark Treasury in effect on the third Business Day

immediately preceding the Purchase Contract Settlement Date will be established by the Reset Agent, and the Reset Spread and the Two-Year Benchmark Treasury will be announced by the Company. The Company will cause a notice of the Reset Spread and such Two-Year Benchmark Treasury to be published on the Business Day following the Reset Announcement Date by publication in a daily newspaper in the English language of general circulation in The City of New York, which is expected to be The Wall Street Journal. In the event the Debentures shall not continue to remain in book-entry only form, the Company shall have the right to select record dates, which shall be more than fifteen Business Days but less than 60 Business Days prior to the Interest Payment Date.

The amount of interest payable for any period will be computed on the basis of a 360-day year consisting of twelve 30-day months. The amount of interest payable for any period shorter than a full quarterly period for which interest is computed will be computed on the basis of the actual number of days elapsed in such 90-day period. In the event that any date on which interest is payable on the Debentures is not a Business Day, then payment of the interest payable on such date will be made on the next succeeding day that is a Business Day (and without any interest or other payment in respect of any such delay), except that, if such Business Day is in the next succeeding calendar year, then such payment shall be made on the immediately preceding Business Day, in each case with the same force and effect as if made on such date.

TAX EVENT REDEMPTION

If a Tax Event shall occur and be continuing, the Company may, at its option, redeem Debentures in whole (but not in part) at any time prior to the Purchase Contract Settlement Date, at a Redemption Price equal to, for each Debenture, the Redemption Amount plus accrued and unpaid interest thereon, including Compound Interest and expenses and taxes of the Trust, if any, to the date of redemption (the "Tax Event Redemption Date"). If, following the occurrence of a Tax Event, the Company exercises its option to redeem the Debentures, then the proceeds of such redemption will be applied to redeem Trust Securities having a liquidation amount equal to the principal amount of Debentures to be paid in accordance with their terms, at the Redemption Price. Such Redemption Price will be payable in cash to the holders of such Trust Securities. If such Tax Event Redemption occurs prior to the Purchase Contract Settlement Date, the Redemption Price payable in liquidation of the Income PRIDES holders' interest in the Trust will be distributed to the Collateral Agent, who in turn will apply an amount equal to the Redemption Amount of such Redemption Price to purchase the Treasury Portfolio on behalf of the holders of Income PRIDES and remit the remaining portion, if any, of such Redemption Price to the Purchase Contract Agent for payment to the holders of such Income PRIDES. Such Treasury Portfolio will be substituted for the Trust Preferred Securities and will be pledged with the Collateral Agent to secure such Income PRIDES holders' obligation to purchase the Company's Common Stock under the Purchase Contracts; provided, that if the Tax Event Redemption occurs after the Purchase Contract Settlement Date, such Treasury Portfolio will not be purchased.

"Tax Event" means the receipt by the Trust of an opinion of a nationally recognized independent tax counsel experienced in such matters to the effect that, as a result of (a) any amendment to, or change (including any announced prospective change) in, the laws (or any regulations thereunder) of the United States or any political subdivision or taxing authority thereof or therein affecting taxation, (b) any amendment to or change in an interpretation or application of such laws or regulations by any legislative body, court, governmental agency or regulatory authority or (c) any interpretation or pronouncement that provides for a position with respect to such laws or regulations that differs from the generally accepted position on the date the Trust Securities are issued, which amendment or change is effective or which interpretation or pronouncement is announced on or after the date of issuance of the Trust Securities under the Declaration, there is more than an insubstantial risk that (i) interest payable by the Company on the Debentures would not be deductible, in whole or in part, by the Company for federal income tax purposes or (ii) the Trust would be subject to more than a de minimis amount of other taxes, duties or other governmental charges.

"Treasury Portfolio" means, with respect to the Applicable Principal Amount of Debentures (a) if the Tax Event Redemption Date occurs prior to the Purchase Contract Settlement Date, a portfolio of zero-coupon U.S. Treasury Securities consisting of (i) interest or principal strips of U.S. Treasury Securities which mature on or prior to February 15, 2001 in an aggregate amount equal to the Applicable Principal Amount and

(ii) with respect to each scheduled interest payment date on the Debentures that occurs after the Tax Event Redemption Date interest or principal strips of U.S. Treasury Securities which mature on or prior to such date in an aggregate amount equal to the aggregate interest payment that would be due on the Applicable Principal Amount of the Debentures on such date, and (b) if the Tax Event Redemption Date occurs after the Purchase Contract Settlement Date, a portfolio of zero-coupon U.S. Treasury Securities consisting of (i) principal or interest strips of U.S. Treasury Securities which mature on or prior to February 15, 2003 in an aggregate amount equal to the Applicable Principal Amount and (ii) with respect to each scheduled interest payment date on the Debentures that occurs after the Tax Event Redemption Date interest or principal strips of such U.S. Treasury Securities which mature on or prior to such date in an aggregate amount equal to the aggregate interest payment that would be due on the Applicable Principal Amount of the Debentures on such date.

"Applicable Principal Amount" means either (i) if the Tax Event Redemption Date occurs prior to the Purchase Contract Settlement Date, the aggregate principal amount of the Debentures corresponding to the aggregate stated liquidation amount of the Trust Preferred Securities which are components of Income PRIDES on the Tax Event Redemption Date or (ii) if the Tax Event Redemption occurs on or after the Purchase Contract Settlement Date, the aggregate principal amount of the Debentures corresponding to the aggregate stated liquidation amount of the Trust Preferred Securities outstanding on such Tax Event Redemption Date.

"Redemption Amount" means for each Debenture, the product of the principal amount of such Debenture and the Treasury Portfolio Purchase Price, expressed as a percentage of the Applicable Principal Amount.

"Treasury Portfolio Purchase Price" means the lowest aggregate price quoted by a primary U.S. government securities dealer in New York City (a "Primary Treasury Dealer") to the Quotation Agent on the third Business Day immediately preceding the Tax Event Redemption Date for the purchase of the Treasury Portfolio for settlement on the Tax Event Redemption Date.

"Quotation Agent" means (i) Merrill Lynch Government Securities, Inc. and its respective successors, provided, however, that if the foregoing shall cease to be a Primary Treasury Dealer, the Company shall substitute therefor another Primary Treasury Dealer, and (ii) any other Primary Treasury Dealer selected by the Institutional Trustee after consultation with the Company.

Notice of any redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each registered holder of Debentures to be prepaid at its registered address. Unless the Company defaults in payment of the Redemption Price, on and after the redemption date interest shall cease to accrue on such Debentures.

PUT OPTION

If a Failed Remarketing has occurred, holders of Debentures (including the Institutional Trustee, and following the distribution of the Debentures upon a dissolution of the Trust as described herein, such Debenture holders) will have the right to put their Debentures to the Company on March , 2001, upon at least three Business Days' prior notice, at a price per Debenture equal to \$50, plus accrued and unpaid interest, if any, thereon. Upon the repurchase of such Debentures by the Company, the proceeds from such repurchase shall simultaneously be applied to redeem (in the case of Trust Securities) any outstanding Trust Preferred Securities of such holders having an aggregate stated liquidation amount equal to the aggregate principal amount of the Debentures so repurchased plus accrued and unpaid distributions, including deferred distributions, if any.

OPTION TO EXTEND INTEREST PAYMENT PERIOD

The Company shall have the right at any time, and from time to time, during the term of the Debentures, to defer payments of interest by extending the interest payment period for a period not extending beyond the maturity date of the Debentures, at the end of which Extension Period, the Company shall pay all interest

then accrued and unpaid (including any expenses and taxes of the Trust, as herein defined) together with interest thereon compounded quarterly at the rate of % per annum through and including February 15, 2001, and at the Reset Rate thereafter, to the extent permitted by applicable law ("Compound Interest"); provided, that during any such Extension Period, (a) the Company shall not declare or pay dividends or make any distribution with respect to, or redeem, purchase, acquire or make a liquidation payment with respect to, any of its capital stock (other than (i) purchases or acquisitions of capital stock of the Company in connection with the satisfaction by the Company of its obligations under any employee or agent benefit plans or the satisfaction by the Company of its obligations pursuant to any contract or security outstanding on the date of such event requiring the Company to purchase capital stock of the Company, (ii) as a result of a reclassification of the Company's capital stock or the exchange or conversion of one class or series of the Company's capital stock for another class or series of the Company capital stock, (iii) the purchase of fractional interests in shares of the Company's capital stock pursuant to the conversion or exchange provisions of such capital stock or the security being converted or exchanged, (iv) dividends or distributions in capital stock of the Company (or rights to acquire capital stock) or repurchases or redemptions of capital stock solely from the issuance or exchange of capital stock or (v) redemptions or repurchases of any rights outstanding under a shareholder rights plan), (b) the Company shall not make any payment of interest, principal or premium, if any, on or repay, repurchase or redeem any debt securities issued by the Company that rank junior to the Debentures, and (c) the Company shall not make any guarantee payments with respect to the foregoing (other than payments pursuant to the Guarantee or the Common Securities Guarantee). Prior to the termination of any such Extension Period, the Company may further defer payments of interest by extending the interest payment period; provided, however, that such Extension Period, including all such previous and further extensions, may not extend beyond the maturity of the Debentures. Upon the termination of any Extension Period and the payment of all amounts then due, the Company may commence a new Extension Period, subject to the terms set forth in this section. No interest during an Extension Period, except at the end thereof, shall be due and payable, but the Company, at its option, may prepay on any Interest Payment Date all of the interest accrued during the then elapsed portion of an Extension Period. The Company has no present intention of exercising its right to defer payments of interest by extending the interest payment period on the Debentures. If the Institutional Trustee shall be the sole holder of the Debentures, the Company shall give the Regular Trustees and the Institutional Trustee notice of its selection of such Extension Period one Business Day prior to the earlier of (i) the date distributions on the Trust Preferred Securities are payable or (ii) the date the Regular Trustees are required to give notice, if applicable, to the NYSE (or other applicable self-regulatory organization) or to holders of the Trust Preferred Securities of the record or payment date of such distribution. The Regular Trustees shall give notice of the Company's selection of such Extension Period to the holders of the Trust Preferred Securities. If the Institutional Trustee shall not be the sole holder of the Debentures, the Company shall give the holders of the Debentures notice of its selection of such Extension Period ten Business Days prior to the earlier of (i) the Interest Payment Date or (ii) the date upon which the Company is required to give notice, if applicable, to the NYSE (or other applicable self-regulatory organization) or to holders of the Debentures of the record or payment date of such related interest payment.

EXPENSES AND TAXES OF THE TRUST

In the Indenture, the Company, as borrower, has agreed to pay all debts and other obligations (other than with respect to the Trust Securities) and all costs and expenses of the Trust (including the costs and expenses relating to the organization of the Trust, the fees and expenses of the Trustees and the costs and expenses relating to the operation of the Trust) and to pay any and all taxes and all costs and expenses with respect thereto (other than United States withholding taxes) to which the Trust might become subject. The Company also has agreed in the Indenture to execute such additional agreements as may be necessary or desirable to give full effect to the foregoing.

INDENTURE EVENTS OF DEFAULT

If any Indenture Event of Default shall occur and be continuing, the Institutional Trustee, as the holder of the Debentures, will have the right to declare the principal of and the interest on the Debentures (including any Compound Interest and expenses and taxes of the Trust, if any) and any other amounts payable under the

Indenture to be forthwith due and payable and to enforce its other rights as a creditor with respect to the Debentures.

The following are Events of Default under the Indenture with respect to the Debentures: (1) failure to pay interest on the Debentures when due, continued for 30 days; provided, however, that if the Company is permitted by the terms of the Debentures to defer the payment in question, then the date on which such payment is due and payable shall be the date on which the Company is required to make payment following such deferral, if such deferral has been elected pursuant to the terms of the Debentures; (2) failure to pay the principal of (or premium, if any, on) the Debentures when due and payable at the stated maturity date, upon redemption or otherwise; provided, however, if the Company is permitted by the terms of the Debentures to defer the payment in question, the date on which such payment is due and payable shall be the date on which the Company is required to make payment following such deferral, if such deferral has been elected pursuant to the terms of the Debentures; (3) failure to observe or perform in any material respect certain other covenants contained in the Indenture, continued for a period of 90 days after written notice has been given to the Company by the Debt Trustee or holders of at least 25% in aggregate principal amount of the outstanding Debentures; and (4) certain events of bankruptcy, insolvency or reorganization relating to the Company.

The Indenture provides that the Debt Trustee shall, within 30 days after the occurrence of any Default or Event of Default with respect to the Debentures, give the holders of the Debentures notice of all uncured Defaults or Events of Default known to it (the term "Default" includes any event which after notice or passage of time or both would be an Event of Default); provided, however, that, except in the case of an Event of Default or a Default in a payment on the Debentures, the Debt Trustee shall be protected in withholding such notice so long as the board of directors, the executive committee or directors or responsible officers of the Debt Trustee in good faith determine that the withholding of such notice is in the interest of the holders of the Debentures.

If an Event of Default with respect to the Debentures occurs and is continuing, the Debt Trustee or the holders of at least 25% in aggregate principal amount of the outstanding Debentures, by notice in writing to the Company (and to the Debt Trustee if given by the holders of at least 25% in aggregate principal amount of the Debentures), may declare the unpaid principal of and accrued interest to the date of acceleration on all the outstanding Debentures to be due and payable immediately and, upon any such declaration, the Debentures shall become immediately due and payable.

In addition, in the case of the Debentures held by the Trust, if an Event of Default has occurred and is continuing and such event is attributable to the failure of the Company to pay interest or principal, then a holder of Trust Preferred Securities may directly institute a proceeding against the Company for payment.

Any such declaration with respect to the Debentures may be annulled and past Events of Default and Defaults (except, unless theretofore cured, an Event of Default or a Default in payment of principal of or interest on the Debentures) may be waived by the holders of a majority of the principal amount of the outstanding Debentures, upon the conditions provided in the Indenture.

The Indenture provides that the Company shall periodically file statements with the Debt Trustee regarding compliance by the Company with certain of the respective covenants thereof and shall specify any Event of Default or Defaults with respect to the Debentures, in performing such covenants, of which the signers may have knowledge.

An Indenture Event of Default also constitutes a Declaration Event of Default. The holders of Trust Preferred Securities in certain circumstances have the right to direct the Institutional Trustee to exercise its rights as the holder of the Debentures. See "Description of the Trust Preferred Securities -- Declaration Events of Default" and "-- Voting Rights." Notwithstanding the foregoing, if an Event of Default has occurred and is continuing and such event is attributable to the failure of the Company to pay interest or principal on the Debentures on the date such interest or principal is otherwise payable, the Company acknowledges that a holder of Trust Preferred Securities may directly institute a proceeding for enforcement of payment to such holder directly of the principal of and interest on the Debentures having a principal amount equal to the aggregate stated liquidation amount of the Trust Preferred Securities of such holder after

the respective due date specified in the Debentures. In connection with such action, the Company shall have the right under the Indenture to set-off any payment made to such holder by the Company. The holders of Trust Preferred Securities will not be able to exercise directly any other remedy available to the holders of the Debentures.

BOOK-ENTRY AND SETTLEMENT

If distributed to holders of Trust Preferred Securities in connection with the involuntary or voluntary dissolution of the Trust, the Debentures will be issued in the form of one or more global certificates (each a "Global Security") registered in the name of the Depository or its nominee. Except under the limited circumstances described below, Debentures represented by the Global Security will not be exchangeable for, and will not otherwise be issuable as, Debentures in certificated form. The Global Securities described above may not be transferred except by the Depository to a nominee of the Depository or by a nominee of the Depository to the Depository or another nominee of the Depository or to a successor depository or its nominee.

The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in certificated form. Such laws may impair the ability to transfer beneficial interests in such a Global Security.

Except as provided below, owners of beneficial interests in such a Global Security will not be entitled to receive physical delivery of Debentures in certificated form and will not be considered the holders (as defined in the Indenture) thereof for any purpose under the Indenture, and no Global Security representing Debentures shall be exchangeable, except for another Global Security of like denomination and tenor to be registered in the name of the Depository or its nominee or to a successor Depository or its nominee. Accordingly, each Beneficial Owner must rely on the procedures of the Depository or if such person is not a Participant, on the procedures of the Participant through which such person owns its interest to exercise any rights of a holder under the Indenture.

THE DEPOSITARY

If Debentures are distributed to holders of Trust Preferred Securities in liquidation of such holders' interests in the Trust, the Depository will act as securities depository for the Debentures. For a description of the Depository and the specific terms of the depository arrangements, see "Description of the Trust Preferred Securities -- Book-Entry Only Issuance -- The Depository Trust Company." As of the date of this Prospectus Supplement, the description therein of the Depository's book-entry system and the Depository's practices as they relate to purchases, transfers, notices and payments with respect to the Trust Preferred Securities apply in all material respects to any debt obligations represented by one or more Global Securities held by the Depository. The Company may appoint a successor to the Depository or any successor depository in the event the Depository or such successor depository is unable or unwilling to continue as a depository for the Global Securities.

None of the Company, the Trust, the Institutional Trustee, any paying agent and any other agent of the Company or the Debt Trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a Global Security for such Debentures or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

A Global Security shall be exchangeable for Debentures registered in the names of persons other than the Depository or its nominee only if (i) the Depository notifies the Company that it is unwilling or unable to continue as a depository for such Global Security and no successor depository shall have been appointed, (ii) the Depository at any time, ceases to be a clearing agency registered under the Exchange Act at which time the depository is required to be so registered to act as such depository and no successor depository shall have been appointed, (iii) the Company, in its sole discretion, determines that such Global Security shall be so exchangeable or (iv) there shall have occurred an Indenture Event of Default with respect to such Debentures. Any Global Security that is exchangeable pursuant to the preceding sentence shall be exchangeable for Debentures registered in such names as the Depository shall direct. It is expected that such

instructions will be based upon directions received by the Depository from its Participants with respect to ownership of beneficial interests in such Global Security.

GOVERNING LAW

The Indenture and the Debentures will be governed by, and construed in accordance with, the internal laws of the State of New York.

MISCELLANEOUS

The Company will pay all fees and expenses related to (i) the offering of the Trust Securities and the Debentures, (ii) the organization, maintenance and dissolution of the Trust, (iii) the retention of the CNC Trustees and (iv) the enforcement by the Institutional Trustee of the rights of the holders of the Trust Preferred Securities.

EFFECT OF OBLIGATIONS UNDER THE DEBENTURES AND THE GUARANTEE

As set forth in the Declaration, the sole purpose of the Trust is to issue the Trust Securities evidencing undivided beneficial interests in the assets of the Trust, and to invest the proceeds from such issuance and sale in the Debentures and engage in only those other activities necessary or incidental thereto.

As long as payments of interest and other payments are made when due on the Debentures, such payments will be sufficient to cover distributions and payments due on the Trust Securities because of the following factors: (i) the aggregate principal amount of Debentures will be equal to the sum of the aggregate stated liquidation amount of the Trust Securities; (ii) the interest rate and the interest and other payment dates on the Debentures will match the distribution rate and distribution and other payment dates for the Trust Securities; (iii) the Company shall pay, and the Trust shall not be obligated to pay, directly or indirectly, all costs, expenses, debts, and obligations of the Trust (other than with respect to the Trust Securities); and (iv) the Declaration further provides that the Conseco Trustees shall not take or cause or permit the Trust to, among other things, engage in any activity that is not consistent with the purposes of the Trust.

Payments of distributions (to the extent funds therefor are available) and other payments due on the Trust Preferred Securities (to the extent funds therefor are available) are guaranteed by the Company as and to the extent set forth under "Description of the Guarantee." If the Company does not make interest payments on the Debentures purchased by the Trust, the Trust will not have sufficient funds to pay distributions on the Trust Preferred Securities. The Guarantee does not apply to any payment of distributions unless and until the Trust has sufficient funds for the payment of such distributions.

If the Company fails to make interest or other payments on the Debentures when due (taking account of any Extension Period), the Declaration provides a mechanism whereby the holders of the Trust Preferred Securities, using the procedures described in "Description of the Trust Preferred Securities -- Book-Entry Only Issuance -- The Depository Trust Company" and "-- Voting Rights," may direct the Institutional Trustee to enforce its rights under the Indenture. If the Institutional Trustee fails to enforce its rights under the Indenture in respect of an Indenture Event of Default, such holder of record of Trust Preferred Securities may, to the fullest extent permitted by applicable law, institute a legal proceeding against the Company to enforce the Institutional Trustee's rights under the Indenture without first instituting any legal proceeding against the Institutional Trustee or any other person or entity. Notwithstanding the foregoing, if a Declaration Event of Default has occurred and is continuing and such event is attributable to the failure of the Company to pay interest or principal on the Debentures on the date such interest or principal is otherwise payable, then a holder of Trust Preferred Securities may directly institute a proceeding against the Company for payment. The Company, under the Guarantee, acknowledges that the Guarantee Trustee shall enforce the Guarantee on behalf of the holders of the Trust Preferred Securities. If the Company fails to make payments under the Guarantee, the Guarantee provides a mechanism whereby the holders of the Trust Preferred Securities may direct the Guarantee Trustee to enforce its rights thereunder. Notwithstanding the foregoing, if the Company

has failed to make a payment under the Guarantee, any holder of Trust Preferred Securities may institute a legal proceeding directly against the Company to enforce its rights under the Guarantee without first instituting a legal proceeding against the Trust, the Guarantee Trustee, or any other person or entity.

The Guarantee, when taken together with the Company's obligations under the Debentures and the Indenture and its obligations under the Declaration, including its obligations to pay costs, expenses, debts and liabilities of the Trust (other than with respect to the Trust Securities), has the effect of providing a full and unconditional guarantee of amounts due on the Trust Preferred Securities. See "Description of Guarantee."

CERTAIN FEDERAL INCOME TAX CONSEQUENCES

The following is a summary of certain of the material United States federal income tax consequences of the purchase, ownership and disposition of FELINE PRIDES, Trust Preferred Securities and Common Stock acquired under a Purchase Contract. Unless otherwise stated, this summary applies only to "U.S. Holders" who purchase Income PRIDES upon original issuance for an amount equal to the Stated Amount thereof. A "U.S. Holder" is (i) a person who is a citizen or resident of the United States, (ii) a corporation or partnership created or organized in or under the laws of the United States or any state thereof or the District of Columbia, (iii) an estate the income of which is subject to United States federal income taxation, regardless of its source, or (iv) a trust if a court within the United States is able to exercise primary supervision over the administration of such trust and one or more United States persons have the authority to control all substantial decisions of such trust. The tax treatment of a holder may vary depending on such holder's particular situation. This summary does not deal with special classes of holders such as banks, thrifts, real estate investment trusts, regulated investment companies, insurance companies, dealers in securities or currencies, tax-exempt investors, or persons that will hold FELINE PRIDES, Trust Preferred Securities or Common Stock acquired under a Purchase Contract as a position in a "straddle," as part of a "synthetic security" or "hedge," as part of a "conversion transaction" or other integrated investment, or as other than a capital asset. This summary does not address the tax consequences to persons that have a functional currency other than the U.S. dollar or the tax consequences to shareholders, partners or beneficiaries of a holder of FELINE PRIDES, Trust Preferred Securities or Common Stock acquired pursuant to a Purchase Contract. Further, it does not include any description of any alternative minimum tax consequences or the tax laws of any state, local or foreign government that may be applicable. PROSPECTIVE INVESTORS THAT ARE NOT UNITED STATES PERSONS (WITHIN THE MEANING OF SECTION 7701(a)(30) OF THE CODE) ARE URGED TO CONSULT THEIR OWN TAX ADVISORS REGARDING THE UNITED STATES FEDERAL INCOME TAX CONSEQUENCES OF AN INVESTMENT IN FELINE PRIDES, INCLUDING THE POTENTIAL APPLICATION OF UNITED STATES WITHHOLDING TAXES.

This summary is based upon the Internal Revenue Code of 1986, as amended (the "Code"), Treasury regulations (including proposed Treasury regulations) issued thereunder, Internal Revenue Service ("IRS") rulings and pronouncements and judicial decisions now in effect, all of which are subject to change, possibly on a retroactive basis. Any such changes may be applied retroactively in a manner that could cause the tax consequences to vary substantially from the consequences described below, possibly adversely affecting a U.S. Holder.

No statutory, administrative or judicial authority directly addresses the treatment of FELINE PRIDES or instruments similar to FELINE PRIDES for United States federal income tax purposes. As a result, no assurance can be given that the IRS will agree with the tax consequences described herein. PROSPECTIVE INVESTORS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS WITH RESPECT TO THE TAX CONSEQUENCES TO THEM OF THE PURCHASE, OWNERSHIP AND DISPOSITION OF THE FELINE PRIDES IN LIGHT OF THEIR OWN PARTICULAR CIRCUMSTANCES, INCLUDING THE TAX CONSEQUENCES UNDER STATE, LOCAL, FOREIGN AND OTHER TAX LAWS AND THE POSSIBLE EFFECTS OF CHANGES IN UNITED STATES FEDERAL OR OTHER TAX LAWS.

INCOME PRIDES

Allocation of Purchase Price. A U.S. Holder's acquisition of Income PRIDES will be treated as an acquisition of a unit consisting of the Trust Preferred Security and the Purchase Contract constituting such Income PRIDES. The purchase price of each Income PRIDES will be allocated between the Trust Preferred Security and the Purchase Contract constituting such Income PRIDES in proportion to their respective fair market values at the time of purchase. Such allocation will establish the U.S. Holder's initial tax basis in the Trust Preferred Security and the Purchase Contract. The Company will report the fair market value of each Trust Preferred Security as \$ and the fair market value of each Purchase Contract as \$. This position will be binding upon each U.S. Holder (but not on the IRS) unless such U.S. Holder explicitly discloses a contrary position on a statement attached to such U.S. Holder's timely filed United States federal income tax return for the taxable year in which an Income PRIDES is acquired. Thus, absent such disclosure, a U.S. Holder should allocate the purchase price for an Income PRIDES in accordance with the foregoing. The remainder of this discussion assumes that this allocation of purchase price will be respected for United States federal income tax purposes.

Trust Preferred Securities

Ownership of Trust Preferred Securities. A U.S. Holder will be treated as owning the Trust Preferred Securities constituting a part of the Income PRIDES. The Company and, by acquiring FELINE PRIDES, each U.S. Holder agrees to treat such U.S. Holder as the owner, for United States federal, state and local income and franchise tax purposes, of the Trust Preferred Securities constituting a part of the Income PRIDES beneficially owned by such U.S. Holder. The remainder of this summary will assume that U.S. Holders of Income PRIDES will be treated as the owners of the Trust Preferred Securities constituting a part of such Income PRIDES for United States federal, state and local income and franchise tax purposes.

Classification of the Trust. In connection with the issuance of the FELINE PRIDES, Sidley & Austin ("Tax Counsel") will deliver an opinion that, under current law and assuming compliance with the terms of the Declaration, and based on certain facts and assumptions contained in such opinion, the Trust will be classified as a grantor trust and not as an association taxable as a corporation for United States federal income tax purposes. As a result, each U.S. Holder of Trust Preferred Securities will be treated as owning an undivided beneficial ownership interest in the Debentures. Accordingly, each U.S. Holder of Trust Preferred Securities will be required to include in its gross income its pro rata share of the interest income or OID that is paid or accrued on the Debentures. See "-- Interest Income and Original Issue Discount."

Classification of the Debentures. The Company, the Trust and, by acquiring FELINE PRIDES, each U.S. Holder agree to treat the Debentures as indebtedness of the Company for all United States tax purposes. In connection with the issuance of the Debentures, Tax Counsel will deliver an opinion that, under current law, and based on certain representations, facts and assumptions set forth in such opinion, the Debentures will be classified as indebtedness for United States federal income tax purposes.

Interest Income and Original Issue Discount. Subject to the discussion below regarding the Company's right to defer payments of interest on the Debentures, the Debentures should be treated as "reset bonds" under applicable Treasury regulations, and interest on the Debentures should not constitute contingent interest for purposes of the OID rules. Under the Treasury regulations applicable to reset bonds, the Debentures should be treated, solely for purposes of calculating the accrual of OID, as maturing on the day immediately preceding the Purchase Contract Settlement Date for an amount equal to 100.5% of the Stated Amount (the "Reset Amount") and as having been reissued on the Purchase Contract Settlement Date for the Reset Amount. If the amount of the initial purchase price for the FELINE PRIDES allocated to the Trust Preferred Securities is less than the Reset Amount, the Debentures should be treated as having been issued with OID equal to the difference between the Reset Amount and the amount so allocated to the Trust Preferred Securities, unless such difference is less than three-fourths of one-percent of the Reset Amount. If the Debentures were treated as issued with OID, a U.S. Holder would be required to include such OID in income on an economic accrual basis over the period between the issue date and the day immediately preceding the Purchase Contract Settlement Date regardless of such U.S. Holder's method of tax accounting. Consequently,

each U.S. Holder (including those using the cash basis of accounting) would be required to include OID in its gross income even though the Company would not actually make current cash payments with respect to such OID. Any amount of OID included in a U.S. Holder's gross income would increase such U.S. Holder's tax basis in its Trust Preferred Securities. In addition, a U.S. Holder should include stated interest on the Debentures in income as ordinary income when paid to the Trust or accrued, in accordance with such U.S. Holder's regular method of accounting.

Under the Indenture, the Company has the right to defer payments of interest on the Debentures. The Company's right to defer payments of interest could cause the Debentures to be subject to the OID rules. The Company, however, believes, and intends to take the position, that as of the issue date, the terms and conditions of the Debentures (in particular the restrictions on the Company's ability to pay dividends during an Extension Period) make the likelihood that the Company would exercise its option to defer the payment of interest a "remote" contingency for these purposes. If so treated, except as provided below, the Debentures would not be subject to the OID rules as a result of the Company's right to defer payments of interest on the Debentures.

If the Company were to exercise its right to defer payments of interest, the Debentures would at that time be treated, solely for purposes of the OID rules, as reissued with OID. In such event, all of a U.S. Holder's taxable interest income with respect to the Debentures would thereafter be accounted for on an economic accrual basis regardless of such U.S. Holder's method of tax accounting, and actual distributions of stated interest would not be reported as taxable income. Consequently, each U.S. Holder (including those using the cash basis of accounting) would be required to include OID in its gross income even though the Company would not make actual cash payments during an Extension Period. Any amount of OID included in a U.S. Holder's gross income would increase such U.S. Holder's tax basis in its Trust Preferred Securities, and the amount of distributions received by a U.S. Holder with respect to such Trust Preferred Securities would reduce the tax basis of such Trust Preferred Securities.

The IRS could take the position that the likelihood that the Company would exercise its right to defer payments of interest is not a "remote" contingency for these purposes, in which case U.S. Holders would be required to accrue OID on the Debentures on an economic accrual basis under the OID rules described in the preceding paragraph.

U.S. Holders that are corporations will not be entitled to a dividends received deduction with respect to any income recognized with respect to the Trust Preferred Securities.

Distribution of Debentures to U.S. Holders of Trust Preferred Securities. A distribution by the Trust of the Debentures as described under the caption "Description of the Trust Preferred Securities -- Liquidation Distribution Upon Dissolution" will be non-taxable to U.S. Holders. In such event, a U.S. Holder will have an aggregate tax basis in the Debentures received in the liquidation equal to the aggregate tax basis such U.S. Holder had in its Trust Preferred Securities surrendered therefor, and the holding period of such Debentures would include the period during which such U.S. Holder had held the Trust Preferred Securities. A U.S. Holder will continue to include interest (or OID) in respect of Debentures received from the Trust in the manner described under "-- Interest Income and Original Issue Discount."

Sales, Exchanges or Other Dispositions of Trust Preferred Securities. Gain or loss will be recognized by a U.S. Holder on a sale, exchange, redemption or other taxable disposition (collectively, a "disposition") of a Trust Preferred Security (including a redemption for cash or the remarketing thereof in satisfaction of the U.S. Holder's obligations pursuant to a Purchase Contract) in an amount equal to the difference between the amount realized by the U.S. Holder on the disposition of the Trust Preferred Securities (except to the extent that such amount realized is characterized as a payment in respect of accrued but unpaid interest on such U.S. Holder's allocable share of the Debentures that such U.S. Holder has not included in gross income previously) and the U.S. Holder's adjusted tax basis in the Trust Preferred Security. Selling expenses incurred by a U.S. Holder, including the remarketing fee, will reduce the amount of gain or increase the amount of loss recognized by such U.S. Holder upon the sale, exchange or other disposition of the Trust Preferred Securities. Gain or loss realized by a U.S. Holder on a disposition of a Trust Preferred Security may be long-term capital gain depending on the holding period of the Trust Preferred Security. Capital gains of individuals are eligible

for reduced rates of taxation depending upon the holding period of such capital assets. The deductibility of capital losses is subject to limitations.

Purchase Contracts

Income From Contract Adjustment Payments and Deferred Contract Adjustment Payments. There is no direct authority addressing the treatment of the Contract Adjustment Payments and Deferred Contract Adjustment Payments, if any, under current law, and such treatment is unclear. Contract Adjustment Payments and Deferred Contract Adjustment Payments, if any, may constitute taxable income to a U.S. Holder when received or accrued, in accordance with the U.S. Holder's method of tax accounting. To the extent the Company is required to file information returns with respect to Contract Adjustment Payments or Deferred Contract Adjustment Payments, it intends to report such payments as taxable income to each U.S. Holder. U.S. Holders should consult their own tax advisors concerning the treatment of Contract Adjustment Payments and Deferred Contract Adjustment Payments, including the possibility that any such payment may be treated as a loan, purchase price adjustment, rebate or payment analogous to an option premium, rather than being includible in income on a current basis. The Company does not intend to deduct the Contract Adjustment Payments or Deferred Contract Adjustment Payments, if any, because it views them as a cost of issuing the Common Stock. The treatment of Contract Adjustment Payments and Deferred Contract Adjustment Payments could affect a U.S. Holder's tax basis in a Purchase Contract or Common Stock received under a Purchase Contract or the amount realized by a U.S. Holder upon the sale or disposition of a FELINE PRIDES or the termination of a Purchase Contract. See "-- Acquisition of Common Stock under a Purchase Contract," "-- Sale or Disposition of FELINE PRIDES" and "-- Termination of Purchase Contract."

Acquisition of Common Stock Under a Purchase Contract. A U.S. Holder generally will not recognize gain or loss on the purchase of Common Stock under a Purchase Contract, except with respect to any cash paid in lieu of a fractional share of Common Stock. Subject to the following discussion, a U.S. Holder's aggregate initial tax basis in the Common Stock received under a Purchase Contract generally should equal the purchase price paid for such Common Stock plus such U.S. Holder's tax basis in the Purchase Contract (if any), less the portion of such purchase price and tax basis allocable to the fractional share. Payments of Contract Adjustment Payments or Deferred Contract Adjustment Payments that have been received in cash by a U.S. Holder but not included in income by such U.S. Holder should reduce such U.S. Holder's tax basis in the Purchase Contract or the Common Stock to be received thereunder (see "-- Income from Contract Adjustment Payments and Deferred Contract Adjustment Payments" above). The holding period for Common Stock received under a Purchase Contract will commence on the day after the acquisition of such Common Stock.

Ownership of Common Stock Acquired Under the Purchase Contract. Any dividend on Common Stock paid by the Company out of its current or accumulated earnings and profits (as determined for United States federal income tax purposes) will be includible in income by a U.S. Holder when accrued or received in accordance with the U.S. Holder's method of tax accounting. Any such dividend will be eligible for the dividends received deduction if received by an otherwise qualifying corporate U.S. Holder that meets the holding period and other requirements for the dividends received deduction.

Upon a disposition of Common Stock, a U.S. Holder generally will recognize capital gain or loss equal to the difference between the amount realized and such U.S. Holder's adjusted tax basis in the Common Stock. Such gain or loss may be long-term capital gain or loss depending on the holding period of the Common Stock. Capital gains of individuals are eligible for reduced rates of taxation depending upon the holding period of such capital assets. The deductibility of capital losses is subject to limitations.

Early Settlement of Purchase Contract. A U.S. Holder will not recognize gain or loss on the receipt of such U.S. Holder's proportionate share of Trust Preferred Securities or Treasury Securities upon Early Settlement of a Purchase Contract and will have the same tax basis in such Trust Preferred Securities or Treasury Securities as before such Early Settlement.

Termination of Purchase Contract. If a Purchase Contract terminates, a U.S. Holder will recognize gain or loss equal to the difference between the amount realized (if any) upon such termination and such U.S. Holder's adjusted tax basis (if any) in the Purchase Contract at the time of such termination. Payments of Contract Adjustment Payments or Deferred Contract Adjustment Payments, if any, received by a U.S. Holder but not included in income by such U.S. Holder should either reduce such U.S. Holder's tax basis in the Purchase Contract or result in an amount realized on the termination of the Purchase Contract. Any Contract Adjustment Payments or Deferred Contract Adjustment Payments included in a U.S. Holder's income but not paid should increase such U.S. Holder's tax basis in the Purchase Contract (see "-- Income from Contract Adjustment Payments and Deferred Contract Adjustment Payments" above). Any such gain or loss may be long-term capital gain or loss depending upon the holding period of the Purchase Contract. Capital gains of individuals are eligible for reduced rates of taxation depending upon the holding period of such capital assets. The deductibility of capital losses is subject to limitations. A U.S. Holder will not recognize gain or loss on the receipt of such U.S. Holder's proportionate share of the Trust Preferred Securities, Treasury Securities or Treasury Portfolio upon termination of the Purchase Contract and will have the same tax basis in such Trust Preferred Securities, Treasury Securities or Treasury Portfolio as before such distribution.

Adjustment to Settlement Rate. U.S. Holders of FELINE PRIDES might be treated as receiving a constructive distribution from the Company if (i) the Settlement Rate is adjusted and as a result of such adjustment the proportionate interest of U.S. Holders of FELINE PRIDES in the assets, earnings and profits of the Company is increased and (ii) the adjustment is not made pursuant to a bona fide, reasonable anti-dilution formula. An adjustment in the Settlement Rate would not be considered made pursuant to such a formula if the adjustment were made to compensate a U.S. Holder for certain taxable distributions with respect to the Common Stock. Thus, under certain circumstances, an increase in the Settlement Rate might give rise to a taxable dividend to U.S. Holders of FELINE PRIDES even though such U.S. Holders would not receive any cash related thereto.

GROWTH PRIDES

Substitution of Treasury Securities to Create Growth Prides

A U.S. Holder of an Income PRIDES that delivers Treasury Securities to the Collateral Agent in substitution for Trust Preferred Securities generally will not recognize gain or loss upon the delivery of such Treasury Securities or the release of the Trust Preferred Securities to such U.S. Holder. Such U.S. Holder will continue to include in income any interest, OID or market discount or amortize any bond premium otherwise includible or deductible, respectively, by such U.S. Holder with respect to such Treasury Securities and Trust Preferred Securities, and such U.S. Holder's tax basis in the Treasury Securities, the Trust Preferred Securities and the Purchase Contract will not be affected by such delivery and release. U.S. Holders should consult their tax advisors concerning the tax consequences of purchasing, owning and disposing of Treasury Securities.

Ownership of Treasury Securities

A U.S. Holder will be treated as owning the Treasury Securities constituting a part of the Growth PRIDES. The Company, the Trust and, by acquiring FELINE PRIDES, each U.S. Holder agree to treat such U.S. Holder as the owner, for United States federal, state and local income and franchise tax purposes, of the Treasury Securities constituting a part of the Growth PRIDES beneficially owned by such U.S. Holder. The remainder of this summary will assume that U.S. Holders of Growth PRIDES will be treated as the owners of the Treasury Securities constituting a part of such Growth PRIDES for United States federal, state and local income and franchise tax purposes.

Substitution of Trust Preferred Securities to Recreate Income Prides

A U.S. Holder of a Growth PRIDES that delivers Trust Preferred Securities to the Collateral Agent to recreate an Income PRIDES generally will not recognize gain or loss upon the delivery of such Trust Preferred Securities or the release of the Treasury Securities to the U.S. Holder. Such U.S. Holder will

continue to include in income any interest, OID or market discount or amortize any bond premium otherwise includible or deductible, respectively, by such U.S. Holder with respect to such Treasury Securities and Trust Preferred Securities, and such U.S. Holder's tax basis in the Treasury Securities, the Trust Preferred Securities and the Purchase Contract will not be affected by such delivery and release.

SALE OR DISPOSITION OF FELINE PRIDES

Upon a disposition of FELINE PRIDES, a U.S. Holder will be treated as having sold, exchanged or disposed of the Purchase Contract and the Trust Preferred Securities, Treasury Portfolio or, in the case of Growth PRIDES, the Treasury Securities, that constitute such FELINE PRIDES and generally will have gain or loss equal to the difference between the portion of the proceeds to such U.S. Holder allocable to the Purchase Contract and the Trust Preferred Securities, Treasury Portfolio or Treasury Securities, as the case may be, and such U.S. Holder's respective adjusted tax bases in the Purchase Contract and the Trust Preferred Securities, Treasury Portfolio or Treasury Securities. Such gain or loss generally will be capital gain or loss, except to the extent that such U.S. Holder is treated as having received an amount with respect to accrued interest on the Trust Preferred Securities, which will be treated as ordinary interest income, or to the extent such U.S. Holder is treated as having received an amount with respect to accrued Contract Adjustment Payments or Deferred Contract Adjustment Payments, which may be treated as ordinary income, in each case to the extent not previously included in income. Such capital gain or loss may be long-term capital gain or loss depending on the holding period of the FELINE PRIDES. Capital gains of individuals are eligible for reduced rates of taxation depending upon the holding period of such capital assets. The deductibility of capital losses is subject to limitations. If the disposition of FELINE PRIDES occurs when the Purchase Contract has negative value, the U.S. Holder should be considered to have received additional consideration for the Trust Preferred Securities, Treasury Portfolio or Treasury Securities in an amount equal to such negative value, and to have paid such amount to be released from the U.S. Holder's obligation under the Purchase Contract. U.S. Holders should consult their tax advisors regarding a disposition of the FELINE PRIDES at a time when the Purchase Contract has negative value.

Payments to a U.S. Holder of Contract Adjustment Payments or Deferred Contract Adjustment Payments that have not previously been included in the income of such U.S. Holder should either reduce such U.S. Holder's tax basis in the Purchase Contract or result in an increase in the amount realized on the disposition of the Purchase Contract. Any Contract Adjustment Payments or Deferred Contract Adjustment Payments included in a U.S. Holder's income but not paid should increase such U.S. Holder's tax basis in the Purchase Contract (see "-- Income from Contract Adjustment Payments and Deferred Contract Adjustment Payments" above).

TAX EVENT REDEMPTION

A Tax Event Redemption will be a taxable event for U.S. Holders of Trust Preferred Securities. Gain or loss will be recognized by a U.S. Holder in an amount equal to the difference between the Redemption Price (whether paid directly to such U.S. Holder or applied by the Collateral Agent to the purchase of the Treasury Portfolio on behalf of holders of Income PRIDES), except to the extent of amounts paid in respect of accrued but unpaid interest not previously included income, and the U.S. Holder's adjusted tax basis in the Trust Preferred Securities. Gain or loss realized by a U.S. Holder upon a Tax Event Redemption will be capital gain or loss and may be long-term capital gain or loss depending upon the holding period of the Trust Preferred Securities. Capital gains of individuals are eligible for reduced rates of taxation depending upon the holding period of such capital assets. The deductibility of capital losses is subject to limitations.

Ownership of Treasury Portfolio. The Company, the Trust and by acquiring Income PRIDES, each U.S. Holder agree to treat such U.S. Holder as the owner, for United States federal, state and local income and franchise tax purposes, of that portion of the Treasury Portfolio constituting a part of the Income PRIDES beneficially owned by such U.S. Holder. Each U.S. Holder will include in income any amount earned on such pro rata portion of the Treasury Portfolio for all United States federal, state and local income and franchise tax purposes. Based on such agreement, the remainder of this summary assumes that U.S. Holders of Income

PRIDES will be treated as the owners of the Treasury Portfolio constituting a part of such Income PRIDES for United States federal, state and local income and franchise tax purposes.

Interest Income and Original Issue Discount. The Treasury Portfolio will consist of stripped Treasury Securities. A U.S. Holder of Income PRIDES will be required to treat its pro rata portion of each Treasury Security in the Treasury Portfolio as a bond that was originally issued on the date the Collateral Agent acquired the relevant Treasury Securities and will include OID in income over the life of the Treasury Securities in an amount equal to the U.S. Holder's pro rata portion of the excess of the amounts payable on such Treasury Securities over the value of the Treasury Securities at the time the Collateral Agent acquires them on behalf of holders of Income PRIDES. The amount of such excess will constitute only a portion of the total amounts payable in respect of the Treasury Portfolio. Consequently, a substantial portion of each scheduled interest payment to U.S. Holders will be treated as a tax-free return of the U.S. Holder's investment in the Treasury Portfolio and will not be considered current income for federal income tax purposes.

A U.S. Holder, whether on the cash or accrual method of tax accounting, will be required to include OID (other than OID on short-term Treasury Securities as defined below) in income for federal income tax purposes as it accrues on a constant yield to maturity basis. See "-- Interest Income and Original Issue Discount" above. In the case of any Treasury Security with a maturity of one year or less from the date it is purchased (a "short-term Treasury Security"), only accrual basis taxpayers will be required to include OID in income as it is accrued. Unless such an accrual basis U.S. Holder elects to accrue the OID on a short-term Treasury Security according to the constant-yield-to-maturity method, such OID will be accrued on a straight-line basis.

Tax Basis of the Treasury Portfolio. A U.S. Holder's initial tax basis in the Treasury Portfolio will equal such U.S. Holder's pro rata portion of the amount paid by the Collateral Agent for the Treasury Portfolio. A U.S. Holder's tax basis in the Treasury Portfolio will be increased by the amount of OID included in income with respect thereto and decreased by the amount of cash received in respect thereof.

BACKUP WITHHOLDING TAX AND INFORMATION REPORTING

Payments under the FELINE PRIDES, Trust Preferred Securities or Common Stock acquired under a Purchase Contract, the proceeds received with respect to a fractional share of Common Stock upon the settlement of a Purchase Contract, and the sale of FELINE PRIDES, Trust Preferred Securities or Common Stock acquired under a Purchase Contract, may be subject to information reporting and United States federal backup withholding tax at the rate of 31% if the U.S. Holder thereof fails to supply an accurate taxpayer identification number or otherwise fails to comply with applicable United States information reporting or certification requirements. Any amounts so withheld will be allowed as a credit against such U.S. Holder's United States federal income tax liability.

ERISA CONSIDERATIONS

Generally, employee benefit plans that are subject to ERISA, plans and individual retirement accounts that are subject to Section 4975 of the Code and entities whose assets are considered assets of such plans ("Plans") may purchase the Securities subject to the investing fiduciary's determination that the investment in the Securities satisfies ERISA's fiduciary standards and other requirements applicable to investments by Plans. Accordingly, among other factors, the fiduciary should consider whether the investment would satisfy the prudence and diversification requirements of ERISA and would be consistent with the documents and instruments governing the Plans.

Under regulations issued by the U.S. Department of Labor (the "DOL"), a Plan that owns the Securities may be deemed to own a portion of the assets held in the Trust, including a portion of the Debentures held in the Trust. In addition, the Company and its affiliates may be "parties in interest" (within the meaning of ERISA) or "disqualified persons" (within the meaning of Section 4975 of the Code) with respect to certain Plans (generally, Plans maintained or sponsored by, or contributed to by, any such persons or Plans with

respect to which any such persons are fiduciaries or service providers). The acquisition and ownership of the Securities and a deemed acquisition and ownership of an interest in the Debentures by a Plan with respect to which the Company or any of its affiliates is considered a party in interest or a disqualified person may constitute or result in a prohibited transaction under ERISA or Section 4975 of the Code, unless such Securities are acquired and are held pursuant to and in accordance with an applicable exemption. In this regard, the DOL has issued prohibited transaction class exemptions ("PTCEs") that may apply to the acquisition and holding of the Securities. These class exemptions are PTCE 84-14 (respecting transactions determined by independent qualified professional asset managers), PTCE 90-1 (respecting insurance company separate accounts), PTCE 91-38 (respecting bank collective trust funds), PTCE 95-60 (respecting insurance company general accounts) and PTCE 96-23 (respecting transactions determined by in-house asset managers).

Any fiduciary proposing to acquire the Securities on behalf of a Plan should consult with ERISA counsel for the Plan and should not acquire the Securities unless it is determined that such acquisition and holding does not and will not constitute a prohibited transaction and will satisfy the applicable fiduciary requirements imposed under ERISA. Any such acquisition by a Plan shall be deemed a representation by the Plan and the fiduciary effecting the investment on behalf of the Plan that such acquisition and holding satisfies the applicable fiduciary requirements of ERISA, and is entitled to exemptive relief from the prohibited transaction provisions of ERISA and the Code in accordance with one or more of the foregoing PTCEs or another available prohibited transaction exemption.

UNDERWRITING

Subject to the terms and conditions set forth in an Underwriting Agreement (the "Underwriting Agreement") among the Company, the Trust and Merrill Lynch, Pierce, Fenner & Smith Incorporated, Credit Suisse First Boston Corporation, PaineWebber Incorporated, SBC Warburg Dillion Read Inc., Furman Selz LLC and Sands Brothers & Co., Ltd. (the "Underwriters"), the Company and the Trust have agreed to sell to the Underwriters, and the Underwriters severally have agreed to purchase from the Company and the Trust, the number of Income PRIDES set forth below opposite each Underwriter's name. In the Underwriting Agreement, the Underwriters have agreed, subject to the terms and conditions set forth therein, to purchase all of the Income PRIDES offered hereby if any of the Income PRIDES are purchased. In the event of default by an Underwriter, the Underwriting Agreement provides that, in certain circumstances, the purchase commitments of the nondefaulting Underwriters may be increased or the Underwriting Agreement may be terminated.

The Underwriters have advised the Company and the Trust that they propose initially to offer the Income PRIDES to the public at the public offering price set forth on the cover page of this Prospectus Supplement and to certain dealers at such price less a concession not in excess of \$. per Income PRIDES. The Underwriters may allow, and such dealers may reallow, a discount not in excess of \$. per Income PRIDES on sales to certain other dealers. After the initial public offering, the public offering price, concession and discount may be changed.

Until the distribution of the Securities is completed, rules of the Commission may limit the ability of the Underwriters and any selling group members to bid for and purchase the Securities or shares of Common Stock. As an exception to these rules, the Underwriters are permitted to engage in certain transactions that stabilize the price of the Securities or the Common Stock. Such transactions consist of bids or purchases for the purpose of pegging, fixing or maintaining the price of the Securities or the Common Stock.

If the Underwriters create a short position in the Securities in connection with this offering, i.e., if they sell more Securities than are set forth on the cover page of this Prospectus, the Underwriters may reduce that short position by purchasing Securities in the open market. The Underwriters may also elect to reduce any short position by exercising all or part of the over-allotment option described below.

The Underwriters may also impose a penalty bid on certain selling group members. This means that if the Underwriters purchase Securities in the open market to reduce the Underwriters' short position or to stabilize the price of the Securities, they may reclaim the amount of the selling concession from any Underwriter and selling group members who sold those Securities as part of this offering.

In general, purchases of a security for the purpose of stabilization or to reduce a short position could cause the price of the security to be higher than it might be in the absence of such purchases. The imposition of a penalty bid might also have an effect on the price of a security to the extent that it were to discourage resales of the security.

Neither the Company, the Trust nor any of the Underwriters makes any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the Securities or the Common Stock. In addition, neither the Company, the Trust nor any of the Underwriters makes any representation that the Underwriters will engage in such transaction or that such transactions, once commenced, will not be discontinued without notice.

The Company and the Trust have granted to the Underwriters an option, exercisable for 30 days following the date of this Prospectus Supplement, to purchase up to an aggregate of an additional 1,500,000 Income PRIDES from the Company and the Trust at the Price to Public set forth on the cover page of this Prospectus Supplement less the underwriting discount. The Underwriters may exercise this option only to cover over-allotments, if any, made on the sale of the Income PRIDES offered hereby. If the Underwriters exercise their over-allotment option, each of the Underwriters has severally agreed, subject to certain conditions, to effect the foregoing transactions with respect to approximately the same percentage of such Income PRIDES that the respective number of Income PRIDES set forth opposite its name in the foregoing table bears to the Income PRIDES offered hereby.

The Company and the Trust have agreed, for a period of 90 days after the date of this Prospectus Supplement, to not, without the prior written consent of Merrill Lynch, Pierce, Fenner & Smith Incorporated, directly or indirectly, sell, offer to sell, grant any option for the sale of, or otherwise dispose of, or enter into any agreement to sell, any Income PRIDES, Purchase Contracts, Trust Preferred Securities or Common Stock, as the case may be, or any securities of the Company similar to the Income PRIDES, Purchase Contracts, Trust Preferred Securities or Common Stock or any security convertible into or exchangeable or exercisable for Income PRIDES, Purchase Contracts, Trust Preferred Securities or Common Stock other than (i) to the Underwriters pursuant to the Underwriting Agreement, (ii) shares of Common Stock or options for shares of Common Stock issued pursuant to or sold in connection with any employee or agent benefit, dividend reinvestment and stock option and stock purchase plans of the Company and its subsidiaries, (iii) any securities issued pursuant to or sold in connection with any securities of the Company and its subsidiaries, outstanding as of the date hereof, which are convertible into or exchangeable or exercisable for any securities of the Company and its subsidiaries, (iv) any securities issued pursuant to a merger or acquisition, (v) the Growth PRIDES or Income PRIDES to be created or recreated upon substitution of Pledged Securities, or shares of Common Stock issuable upon early settlement of the Income PRIDES or Growth PRIDES or (vi) upon exercise of stock options.

Prior to this offering, there has been no public market for the Income PRIDES. The public offering price for the Income PRIDES was determined in negotiations between the Company, the Trust and the

Underwriters. In determining the terms of the Income PRIDES, including the public offering price, the Company, the Trust and the Underwriters considered the market price of the Common Stock and also considered the Company's recent results of operations, the future prospects of the Company and the industry in general, market prices and terms of, and yields on, securities of other companies considered to be comparable to the Company and prevailing conditions in the securities markets. Application will be made to list the Income PRIDES on the NYSE under the symbol "CNC PrF", subject to official notice of issuance. The Company and the Trust have been advised by the Underwriters that they presently intend to make a market for the Growth PRIDES and the Trust Preferred Securities; however, they are not obligated to do so and any market making may be discontinued at any time. There can be no assurance that an active trading market will develop for the Income PRIDES, the Growth PRIDES or the Trust Preferred Securities or that the Income PRIDES will trade in the public market subsequent to the offering at or above the initial public offering price.

The Company and the Trust have agreed to indemnify the Underwriters against, or to contribute to payments that the Underwriters may be required to make in respect of, certain liabilities, including liabilities under the Securities Act of 1933, as amended.

This Prospectus Supplement, as amended or stickered, may be used by the Remarketing Agent for remarketing the Trust Preferred Securities at such time as is necessary.

In the ordinary course of their respective businesses, the Underwriters and their affiliates have performed, and may in the future perform, investment banking and/or commercial banking services for the Company.

LEGAL OPINIONS

The validity of the Purchase Contracts, the Common Stock issuable upon settlement thereof and the Debentures will be passed upon for the Company and the Trust by John J. THE COMPANY

The Company develops, markets and administers annuity, supplemental health insurance, individual and group major medical insurance and individual life insurance products. The Company's operating strategy is to grow the insurance business within its subsidiaries by focusing its resources on the development and expansion of profitable products and strong distribution channels. The Company has supplemented such growth by acquiring companies that have profitable niche products and strong distribution systems. Once a company has been acquired, the Company's operating strategy has been to consolidate and streamline management and administrative functions, to realize superior investment returns through active asset management, to eliminate unprofitable products and distribution channels, and to expand and develop the profitable distribution channels and products.

The Company's principal executive offices are located at 11825 N. Pennsylvania Street, Carmel, Indiana 46032. Its telephone number is (317) 817-6100.

THE CONSECO TRUSTS

Each of the Conseco Trusts is a statutory business trust formed under Delaware law pursuant to (i) a declaration of trust (each a "Declaration") executed by the Company as sponsor for such trust (the "Sponsor"), and the Conseco Trustees (as defined herein) of such trust and (ii) the filing of a certificate of trust with the Secretary of State of the State of Delaware on May 23, 1997. Each Conseco Trust exists for the exclusive purposes of (i) issuing and selling the Preferred Securities and common securities representing common undivided beneficial interests in the assets of such Conseco Trust (the "Common Securities" and, together with the Preferred Securities, the "Trust Securities"), (ii) using the gross proceeds from the sale of the Trust Securities to acquire the Subordinated Debt Securities and (iii) engaging in only those other activities necessary, appropriate, convenient or incidental thereto. All of the Common Securities will be directly or indirectly owned by the Company. The Common Securities will rank *pari passu*, and payments will be made thereon *pro rata*, with the Preferred Securities, except that, if an event of default under the Declaration has occurred and is continuing, the rights of the holders of the Common Securities to payment in respect of distributions and payments upon liquidation, redemption and otherwise will be subordinated to the rights of the holders of the Preferred Securities. The Company will directly or indirectly acquire Common Securities in an aggregate liquidation amount equal to at least 3% of the total capital of each Conseco Trust.

Unless otherwise specified in the applicable Prospectus Supplement, each Conseco Trust has a term of up to 55 years but may terminate earlier, as provided in the Declaration. Each Conseco Trust's business and affairs will be conducted by the trustees (the "Conseco Trustees") appointed by the Company as the direct or indirect holder of all of the Common Securities. The holder of the Common Securities will be entitled to appoint, remove or replace any of, or increase or reduce the number of, the Conseco Trustees of each Conseco Trust. The duties and obligations of the Conseco Trustees shall be governed by the Declaration of such Conseco Trust. A majority of the Conseco Trustees (the "Regular Trustees") of each Conseco Trust will be persons who are employees or officers of or who are affiliated with the Company. One Conseco Trustee of each Conseco Trust will be a financial institution that is not affiliated with the Company and has a minimum amount of combined capital and surplus of not less than \$50,000,000, which shall act as property trustee and as indenture trustee for the purposes of compliance with the provisions of Trust Indenture Act of 1939, as amended (the "Trust Indenture Act"), pursuant to the terms set forth in the applicable Prospectus Supplement (the "Institutional Trustee"). In addition, unless the Institutional Trustee maintains a principal place of business in the State of Delaware and otherwise meets the requirements of applicable law, one Conseco Trustee of each Conseco Trust will be an entity having a principal place of business in, or a natural person resident of, the State of Delaware (the "Delaware Trustee"). The Company will pay all fees and expenses related to the Conseco Trust and the offering of the Trust Securities.

Unless otherwise specified in the applicable Prospectus Supplement, the Institutional Trustee for each Conseco Trust shall be State Street Bank and Trust Company. Unless otherwise specified in the applicable Prospectus Supplement, the Delaware Trustee for each Conseco Trust shall be First Union Trust Company, National Association, and its address in the State of Delaware is One Rodney Square, 920 King Street, Wilmington, Delaware 19801. See "-- Subordination under the Subordinated Indenture."

Reference is made to the applicable Prospectus Supplement which will accompany this Prospectus for a description of the specific series of Debt Securities being offered thereby, including, but not limited to, the following:

(1) the title, designation and purchase price, of such Debt Securities, including whether the Debt Securities are Senior Debt Securities or Subordinated Debt Securities and whether such Debt Securities will be issued under the Senior Indenture, the Subordinated Indenture or other indenture set forth in the Prospectus Supplement; (2) any limit upon the aggregate principal amount of such Debt Securities; (3) the date or dates on which the principal of and premium, if any, on such Debt Securities will mature or the method of determining such date or dates; (4) the rate or rates (which may be fixed or variable) at which such Debt Securities will bear interest, if any, or the method of calculating such rate or rates; (5) the date or dates from which interest, if any, will accrue or the method by which such date or dates will be determined; (6) the date or dates on which interest, if any, will be payable and the record date or dates therefor; (7) the place or places where principal of, premium, if any, and interest, if any, on such Debt Securities will be payable; (8) the right, if any, of the Company to defer payment of interest on Debt Securities and the maximum length of any such deferral period; (9) the period or periods within which, the price or prices at which, the currency or currencies (including currency unit or units) in which, and the terms and conditions upon which, such Debt Securities may be redeemed, in whole or in part, at the option of the Company; (10) the obligation, if any, of the Company to redeem or purchase such Debt Securities pursuant to any sinking fund or analogous provisions or upon the happening of a specified event and the period or periods within which, the price or prices at which and the other terms and conditions upon which, such Debt Securities shall be redeemed or purchased, in whole or in part, pursuant to such obligations; (11) the denominations in which such Debt Securities are authorized to be issued; (12) the currency or currency unit for which Debt Securities may be purchased or in which Debt Securities may be denominated and/or the currency or currencies (including currency unit or units) in which principal of, premium, if any, and interest, if

any, on such Debt Securities will be payable and whether the Company or the holders of any such Debt Securities may elect to receive payments in respect of such Debt Securities in a currency or currency unit other than that in which such Debt Securities are stated to be payable; (13) if other than the principal amount thereof, the portion of the principal amount of such Debt Securities which will be payable upon declaration of the acceleration of the maturity thereof or the method by which such portion shall be determined; (14) the person to whom any interest on any such Debt Security shall be payable if other than the person in whose name such Debt Security is registered on the applicable record date; (15) any addition to, or modification or deletion of, any Event of Default or any covenant of the Company specified in the Indenture with respect to such Debt Securities; (16) the application, if any, of such means of defeasance or covenant defeasance as may be specified for such Debt Securities; (17) whether such Debt Securities are to be issued in whole or in part in the form of one or more temporary or permanent global securities and, if so, the identity of the depositary for such global security or securities; (18) any Federal income tax considerations applicable to holders of the Debt Securities; and (19) any other special terms pertaining to such Debt Securities. Unless otherwise specified in the applicable Prospectus Supplement, the Debt Securities will not be listed on any securities exchange. (Section 3.1.)

Unless otherwise specified in the applicable Prospectus Supplement, Debt Securities will be issued in fully-registered form without coupons. Where Debt Securities of any series are issued in bearer form, the special restrictions and considerations, including special offering restrictions and special Federal income tax considerations, applicable to any such Debt Securities and to payment on and transfer and exchange of such Debt Securities will be described in the applicable Prospectus Supplement. Bearer Debt Securities will be transferable by delivery. (Section 3.5.)

Debt Securities may be sold at a substantial discount below their stated principal amount, bearing no interest or interest at a rate which at the time of issuance is below market rates. Certain Federal income tax consequences and special considerations applicable to any such Debt Securities, or to Debt Securities issued at par that are treated as having been issued at a discount, will be described in the applicable Prospectus Supplement.

If the purchase price of any of the Debt Securities is payable in one or more foreign currencies or currency units or if any Debt Securities are denominated in one or more foreign currencies or currency units or if the principal of, premium, if any, or interest, if any, on any Debt Securities is payable in one or more foreign currencies or currency units, or by reference to commodity prices, equity indices or other factors, the restrictions, elections, certain Federal income tax considerations, specific terms and other information with respect to such issue of Debt Securities and such foreign currency or currency units or commodity prices, equity indices or other factors will be set forth in the applicable Prospectus Supplement. In general, holders of such series of Debt Securities may receive a principal amount on any principal payment date, or a payment of premium, if any, on any premium interest payment date or a payment of interest on any interest payment date, that is greater than or less than the amount of principal, premium, if any, or interest otherwise payable on such dates, depending on the value on such dates of the applicable currency, commodity, equity index or other factor.

PAYMENT, REGISTRATION, TRANSFER AND EXCHANGE

Unless otherwise provided in the applicable Prospectus Supplement, payments in respect of the Debt Securities will be made in the designated currency at the office or agency of the Company maintained for that purpose as the Company may designate from time to time, except that, at the option of the Company, interest payments, if any, on Debt Securities in registered form may be made (i) by checks mailed to the holders of Debt Securities entitled thereto at their registered addresses or (ii) by wire transfer to an account maintained by the person entitled thereto as specified in the Register. (Sections 3.7(a) and 9.2.) Unless otherwise indicated in the applicable Prospectus Supplement, payment of any installment of interest on Debt Securities in registered form will be made to the person in whose name such Debt Security is registered at the close of business on the regular record date for such interest. (Section 3.7(a).)

Payment in respect of Debt Securities in bearer form will be made in the currency and in the manner designated in the Prospectus Supplement, subject to any applicable laws and regulations, at such paying agencies outside the United States as the Company may appoint from time to time. The paying agents outside the United States initially appointed by the Company for a series of Debt Securities will be named in the Prospectus Supplement. The Company may at any time designate additional paying agents or rescind the designation of any paying agents, except that, if Debt Securities of a series are issuable as Registered Securities, the Company will be required to maintain at least one paying agent in each Place of Payment for such series and, if Debt Securities of a series are issuable as Bearer Securities, the Company will be required to maintain a paying agent in a Place of Payment outside the United States where Debt Securities of such series and any coupons appertaining thereto may be presented and surrendered for payment. (Section 9.2.)

Unless otherwise provided in the applicable Prospectus Supplement, Debt Securities in registered form will be transferable or exchangeable at the agency of the Company maintained for such purpose as designated by the Company from time to time. (Sections 3.5 and 9.2.) Debt Securities may be transferred or exchanged without service charge, other than any tax or other governmental charge imposed in connection therewith. (Section 3.5.)

GLOBAL DEBT SECURITIES

Unless otherwise specified in the applicable Prospectus Supplement, the Debt Securities of a series may be issued in whole or in part in the form of one or more fully registered global securities (a "Registered Global Security") that will be deposited with a depository (the "Depository") or with a nominee for the Depository identified in the applicable Prospectus Supplement. In such a case, one or more Registered Global Securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal amount of outstanding Debt Securities of the series to be represented by such Registered Global Security or Securities. (Section 3.3.) Unless and until it is exchanged in whole or in part for Debt Securities in definitive certificated form, a Registered Global Security may not be registered for transfer or exchange except as a whole by the Depository for such Registered Global Security to a nominee of such Depository or by a nominee of such Depository to such Depository or another nominee of such Depository or by such Depository or any such nominee to a successor Depository for such series or a nominee of such successor Depository and except in the circumstances described in the applicable Prospectus Supplement. (Section 3.5.)

The specific terms of the depository arrangement with respect to any portion of a series of Debt Securities to be represented by a Registered Global Security will be described in the applicable Prospectus Supplement. Unless otherwise specified in the applicable Prospectus Supplement, the Company expects that the following provisions will apply to such depository arrangements.

Ownership of beneficial interests in a Registered Global Security will be limited to participants or persons that may hold interests through participants (as such term is defined below). Upon the issuance of any Registered Global Security, and the deposit of such Registered Global Security with or on behalf of the Depository for such Registered Global Security, the Depository will credit, on its book-entry registration and transfer system, the respective principal amounts of the Debt Securities represented by such Registered Global Security to the accounts of institutions ("participants") that have accounts with the Depository or its nominee. The accounts to be credited will be designated by the underwriters or agents engaging in the distribution of such Debt Securities or by the Company, if such Debt Securities are offered and sold directly by the Company. Ownership of beneficial interests by participants in such Registered Global Security will be shown on, and the transfer of such beneficial interests will be effected only through, records maintained by the Depository for such Registered Global Security or by its nominee. Ownership of beneficial interests in such Registered Global Security by persons that hold through participants will be shown on, and the transfer of such beneficial interests within such participants will be effected only through, records maintained by such participants. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in certificated form. The foregoing limitations and such laws may impair the ability to transfer beneficial interests in such Registered Global Security.

So long as the Depository for a Registered Global Security, or its nominee, is the registered owner of such Registered Global Security, such Depository or such nominee, as the case may be, will be considered the sole owner or holder of the Debt Securities represented by such Registered Global Security for all purposes under the applicable Indenture. Unless otherwise specified in the applicable Prospectus Supplement and except as specified below, owners of beneficial interests in such Registered Global Security will not be entitled to have Debt Securities of the series represented by such Registered Global Security registered in their names, will not receive or be entitled to receive physical delivery of Debt Securities of such series in certificated form and will not be considered the holders thereof for any purposes under the relevant Indenture. (Section 3.8.) Accordingly, each person owning a beneficial interest in such Registered Global Security must rely on the procedures of the Depository and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, to exercise any rights of a holder under the relevant Indenture. The Depository may grant proxies and otherwise authorize participants to give or take any request, demand, authorization, direction, notice, consent, waiver or other action which a holder is entitled to give or take under the relevant Indenture. The Company understands that, under existing industry practices, if the Company requests any action of holders or if any owner of a beneficial interest in such Registered Global Security desires to give any notice or take any action which a holder is entitled to give or take under the relevant Indenture, the Depository would authorize the participants to give such notice or take such action, and such participants would authorize beneficial owners owning through such participants to give such notice or take such action or would otherwise act upon the instructions of beneficial owners owning through them.

Unless otherwise specified in the applicable Prospectus Supplement, payments with respect to principal, premium, if any, and interest, if any, on Debt Securities represented by a Registered Global Security registered in the name of a Depository or its nominee will be made to such Depository or its nominee, as the case may be, as the registered owner of such Registered Global Security.

The Company expects that the Depository for any Debt Securities represented by a Registered Global Security, upon receipt of any payment of principal, premium or interest, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such Registered Global Security as shown on the records of such Depository. The Company also expects that payments by participants to owners of beneficial interests in such Registered Global Security held through such participants will be governed by standing instructions and customary practices, as is now the case with the securities held for the accounts of customers registered in "street names," and will be the responsibility of such participants. None of the Company, the respective Trustees or any agent of the Company or the respective Trustees shall have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial interests of a Registered Global Security, or for maintaining, supervising or reviewing any records relating to such beneficial interests. (Section 3.8.)

Unless otherwise specified in the applicable Prospectus Supplement, if the Depository for any Debt Securities represented by a Registered Global Security is at any time unwilling or unable to continue as Depository or ceases to be a clearing agency registered under the Exchange Act and a duly registered successor Depository is not appointed by the Company within 90 days, the Company will issue such Debt Securities in definitive certificated form in exchange for such Registered Global Security. In addition, the Company may at any time and in its sole discretion determine not to have any of the Debt Securities of a series represented by one or more Registered Global Securities and, in such event, will issue Debt Securities of such series in definitive certificated form in exchange for all of the Registered Global Security or Securities representing such Debt Securities. (Section 3.5.)

The Debt Securities of a series may also be issued in whole or in part in the form of one or more bearer global securities (a "Bearer Global Security") that will be deposited with a depository, or with a nominee for such depository, identified in the applicable Prospectus Supplement. Any such Bearer Global Security may be issued in temporary or permanent form. (Section 3.4.) The specific terms and procedures, including the specific terms of the depository arrangement, with respect to any portion of a series of Debt Securities to be represented by one or more Bearer Global Securities will be described in the applicable Prospectus Supplement.

CONSOLIDATION, MERGER OR SALE BY THE COMPANY

Unless otherwise specified in the applicable Prospectus Supplement, the Company shall not consolidate with or merge into any other corporation or sell its assets substantially as an entirety, unless: (i) the corporation formed by such consolidation or into which the Company is merged or the corporation which acquires its assets is organized in the United States; (ii) the corporation formed by such consolidation or into which the Company is merged or which acquires the Company's assets substantially as an entirety expressly assumes all of the obligations of the Company under each Indenture; (iii) immediately after giving effect to such transaction, no Default or Event of Default shall have happened and be continuing, and (iv) if, as a result of such transaction, properties or assets of the Company would become subject to an encumbrance which would not be permitted by the terms of any series of Debt Securities, the Company or the successor corporation, as the case may be, shall take such steps as are necessary to secure such Debt Securities equally and ratably with all indebtedness secured thereunder. Upon any such consolidation, merger or sale, the successor corporation formed by such consolidation, or into which the Company is merged or to which such sale is made, shall succeed to, and be substituted for the Company under each Indenture. (Section 7.1.)

EVENTS OF DEFAULT, NOTICE AND CERTAIN RIGHTS ON DEFAULT

Each Indenture provides that, if an Event of Default specified therein occurs with respect to the Debt Securities of any series and is continuing, the Trustee for such series or the holders of 25% in aggregate principal amount of all of the outstanding Debt Securities of that series, by written notice to the Company (and to the Trustee for such series, if notice is given by such holders of Debt Securities), may declare the principal of (or, if the Debt Securities of that series are Original Issue Discount Securities or Indexed Securities, such portion of the principal amount specified in the Prospectus Supplement) and accrued interest on all the Debt Securities of that series to be due and payable (provided, with respect to any Debt Securities issued under the Subordinated Indenture, that the payment of principal and interest on such Debt Securities shall remain subordinated to the extent provided in Article 12 of the Subordinated Indenture). (Section 5.2.)

Unless otherwise specified in the applicable Prospectus Supplement, Events of Default with respect to Debt Securities of any series are defined in each Indenture as being: (a) default for 30 days in payment of any interest on any Debt Security of that series or any coupon appertaining thereto or any additional amount payable with respect to Debt Securities of such series as specified in the applicable Prospectus Supplement when due; (b) default in payment of principal, or premium, if any, at maturity or on redemption or otherwise, or in the making of a mandatory sinking fund payment of any Debt Securities of that series when due; (c) default for 60 days after notice to the Company by the Trustee for such series, or by the holders of 25% in aggregate principal amount of the Debt Securities of such series then outstanding, in the performance of any other agreement in the Debt Securities of that series, in the Indenture or in any supplemental indenture or board resolution referred to therein under which the Debt Securities of that series may have been issued; (d) default resulting in acceleration of other indebtedness of the Company for borrowed money where the aggregate principal amount so accelerated exceeds \$25 million and such acceleration is not rescinded or annulled within 30 days after the written notice thereof to the Company by the Trustee or to the Company and the Trustee by the holders of 25% in aggregate principal amount of the Debt Securities of such series then outstanding, provided that such Event of Default will be remedied, cured or waived if the default that resulted in the acceleration of such other indebtedness is remedied, cured or waived; and (e) certain events of bankruptcy, insolvency or reorganization of the Company. (Section 5.1.) The definition of "Event of Default" in each Indenture specifically excludes a default under a secured debt under which the obligee has recourse (exclusive of recourse for ancillary matters such as environmental indemnities, misapplication of funds, costs of enforcement, etc.) only to the collateral pledged for repayment, and where the fair market value of such collateral does not exceed two percent of Total Assets (as defined in the Indenture) at the time of the default. Events of Default with respect to a specified series of Debt Securities may be added to the Indenture and, if so added, will be described in the applicable Prospectus Supplement. (Sections 3.1 and 5.1(7).)

Each Indenture provides that the Trustee will, within 90 days after the occurrence of a Default with respect to the Debt Securities of any series, give to the holders of the Debt Securities of that series notice of all Defaults known to it unless such Default shall have been cured or waived; provided that except in the case of

a Default in payment on the Debt Securities of that series, the Trustee may withhold the notice if and so long as a committee of its Responsible Officers in good faith determines that withholding such notice is in the interests of the holders of the Debt Securities of that series. (Section 6.6.) "Default" means any event which is, or after notice or passage of time or both, would be, an Event of Default. (Section 1.1.)

Each Indenture provides that the holders of a majority in aggregate principal amount of the Debt Securities of each series affected (with each such series voting as a class) may, subject to certain limited conditions, direct the time, method and place of conducting any proceeding for any remedy available to the Trustee for such series, or exercising any trust or power conferred on such Trustee. (Section 5.8.)

Each Indenture includes a covenant that the Company will file annually with the Trustee a certificate as to the Company's compliance with all conditions and covenants of such Indenture. (Section 9.5.)

The holders of a majority in aggregate principal amount of any series of Debt Securities by notice to the Trustee for such series may waive, on behalf of the holders of all Debt Securities of such series, any past Default or Event of Default with respect to that series and its consequences except a Default or Event of Default in the payment of the principal of, premium, if any, or interest, if any, on any Debt Security, and except in respect of an Event of Default resulting from the breach of a covenant or provision of either Indenture which, pursuant to the applicable Indenture, cannot be amended or modified without the consent of the holders of each outstanding Debt Security of such series affected. (Section 5.7.)

OPTION TO DEFER INTEREST PAYMENTS

If provided in the applicable Prospectus Supplement, the Company shall have the right at any time and from time to time during the term of the series of Debt Securities to defer the payment of interest for such number of consecutive interest payment periods as may be specified in the applicable Prospectus Supplement (each, an "Extension Period"), subject to the terms, conditions and covenants, if any, specified in such Prospectus Supplement, provided that such Extension Period may not extend beyond the stated maturity of the Debt Securities. Certain material United States Federal income tax consequences and special considerations applicable to any such Debt Securities will be described in the applicable Prospectus Supplement.

Unless otherwise specified in the applicable Prospectus Supplement, at the end of such Extension Period, the Company shall pay all interest then accrued and unpaid together with interest thereon compounded semiannually at the rate specified for the Debt Securities to the extent permitted by applicable law ("Compound Interest"); provided, that during any such Extension Period, (a) the Company shall not declare or pay dividends on, make distributions with respect to, or redeem, purchase, acquire or make a liquidation payment with respect to, any of its capital stock (other than (i) purchases or acquisitions of capital stock of the Company in connection with the satisfaction by the Company of its obligations under any employee or agent benefit plans or the satisfaction by the Company of its obligations pursuant to any contract or security outstanding on the date of such event requiring the Company to purchase capital stock of the Company, (ii) as a result of a reclassification of the Company's capital stock or the exchange or conversion of one class or series of the Company's capital stock for another class or series of the Company's capital stock, (iii) the purchase of fractional interests in shares of the Company's capital stock pursuant to the conversion of exchange provisions of such capital stock or the security being converted or exchanged, (iv) dividends or distributions in capital stock of the Company (or rights to acquire capital stock) or repurchases or redemptions of capital stock solely from the issuance or exchange of capital stock or (v) redemptions or repurchases of any rights outstanding under a shareholder rights plan), (b) the Company shall not make any payment of interest, principal or premium, if any, on or repay, repurchase or redeem any debt securities issued by the Company that rank junior to the Debt Securities, and (c) the Company shall not make any guarantee payments with respect to the foregoing (other than payments pursuant to the Trust Guarantee or the Common Guarantee (as defined herein)). Prior to the termination of any such Extension Period, the Company may further defer payments of interest by extending the interest payment period; provided, however, that, such Extension Period, including all such previous and further extensions, may not extend beyond the maturity of the Debt Securities. Upon the termination of any Extension Period and the payment of all amounts then due, the Company may commence a new Extension Period, subject to the terms set forth in this section. No

interest during an Extension Period, except at the end thereof, shall be due and payable, but the Company may prepay at any time all or any portion of the interest accrued during an Extension Period. The Company has no present intention of exercising its right to defer payments of interest by extending the interest payment period on the Debt Securities. If the Institutional Trustee shall be the sole holder of the Debt Securities, the Company shall give the Regular Trustees and the Institutional Trustee notice of its selection of such Extension Period one Business Day prior to the earlier of (i) the date distributions on the Preferred Securities are payable or (ii) the date the Regular Trustees are required to give notice to the New York Stock Exchange (or other applicable self-regulatory organization) or to holders of the Preferred Securities of the record or payment date of such distribution. The Regular Trustees shall give notice of the Company's selection of such Extension Period to the holders of the Preferred Securities. If the Institutional Trustee shall not be the sole holder of the Debt Securities, the Company shall give the holders of the Debt Securities notice of its selection of such Extension Period ten Business Days prior to the earlier of (i) the Interest Payment Date or (ii) the date upon which the Company is required to give notice to the New York Stock Exchange (or other applicable self-regulatory organization) or to holders of the Debt Securities of the record or payment date of such related interest payment.

MODIFICATION OF THE INDENTURES

Unless otherwise specified in the applicable Prospectus Supplement, each Indenture contains provisions permitting the Company and the Trustee to enter into one or more supplemental indentures without the consent of the holders of any of the Debt Securities in order (i) to evidence the succession of another corporation to the Company and the assumption of the covenants of the Company by a successor to the Company; (ii) to add to the covenants of the Company or surrender any right or power of the Company; (iii) to add additional Events of Default with respect to any series of Debt Securities; (iv) to add or change any provisions to such extent as necessary to permit or facilitate the issuance of Debt Securities in bearer form; (v) to change or eliminate any provision affecting only Debt Securities not yet issued; (vi) to secure the Debt Securities; (vii) to establish the form or terms of Debt Securities; (viii) to evidence and provide for successor Trustees; (ix) if allowed without penalty under applicable laws and regulations, to permit payment in respect of Debt Securities in bearer form in the United States; (x) to correct any defect or supplement any inconsistent provisions or to make any other provisions with respect to matters or questions arising under such Indenture, provided that such action does not adversely affect the interests of any holder of Debt Securities of any series; or (xi) to cure any ambiguity or correct any mistake. The Subordinated Indenture also permits the Company and the Trustee thereunder to enter into such supplemental indentures to modify the subordination provisions contained in the Subordinated Debenture except in a manner adverse to any outstanding Debt Securities. (Section 8.1.)

Unless otherwise specified in the applicable Prospectus Supplement, each Indenture also contains provisions permitting the Company and the Trustee, with the consent of the holders of a majority in aggregate principal amount of the outstanding Debt Securities affected by such supplemental indenture (with the Debt Securities of each series voting as a class), to execute supplemental indentures adding any provisions to or changing or eliminating any of the provisions of such Indenture or any supplemental indenture or modifying the rights of the holders of Debt Securities of such series, except that, without the consent of the holder of each Debt Security so affected, no such supplemental indenture may: (i) change the time for payment of principal or premium, if any, or interest on any Debt Security; (ii) reduce the principal of, or any installment of principal of, or premium, if any, or interest on any Debt Security, or change the manner in which the amount of any of the foregoing is determined; (iii) reduce the amount of premium, if any, payable upon the redemption of any Debt Security; (iv) reduce the amount of principal payable upon acceleration of the maturity of any Original Issue Discount or Index Security; (v) change the currency or currency unit in which any Debt Security or any premium or interest thereon is payable; (vi) impair the right to institute suit for the enforcement of any payment on or with respect to any Debt Security; (vii) reduce the percentage in principal amount of the outstanding Debt Securities affected thereby the consent of whose holders is required for modification or amendment of such Indenture or for waiver of compliance with certain provisions of the Indenture or for waiver of certain defaults; (viii) change the obligation of the Company to maintain an office or agency in the places and for the purposes specified in such Indenture; (ix) modify the provisions relating to

the subordination of outstanding Debt Securities of any series in a manner adverse to the holders thereof; or (x) modify the provisions relating to waiver of certain defaults or any of the foregoing provisions. (Section 8.2.)

SUBORDINATION UNDER THE SUBORDINATED INDENTURE

The Subordinated Indenture provides that any Subordinated Debt Securities issued thereunder are subordinate and junior in right of payment to all Senior Indebtedness to the extent provided in the Subordinated Indenture. (Section 12.1 of the Subordinated Indenture.) The Subordinated Indenture defines the term "Senior Indebtedness" as: (i) all indebtedness of the Company, whether outstanding on the date of the Subordinated Indenture or thereafter created, incurred or assumed, which is for money borrowed, or evidenced by a note or similar instrument given in connection with the acquisition of any business, properties or assets, including securities; (ii) any indebtedness of others of the kinds described in the preceding clause (i) for the payment of which the Company is responsible or liable as guarantor or otherwise; and (iii) amendments, renewals, extensions and refundings of any such indebtedness, unless in any instrument or instruments evidencing or securing such indebtedness or pursuant to which the same is outstanding. The Senior Indebtedness shall continue to be Senior Indebtedness and entitled to the benefits of the subordination provisions irrespective of any amendment, modification or waiver of any term of the Senior Indebtedness or extension or renewal of the Senior Indebtedness. Senior Indebtedness does not include (A) any indebtedness of the Company to any of its subsidiaries, (B) indebtedness incurred for the purchase of goods or materials or for services obtained in the ordinary course of business and (C) any indebtedness which by its terms is expressly made *pari passu* with or subordinated to the Subordinated Debt Securities. (Section 12.2 of the Subordinated Indenture.)

If (i) the Company defaults in the payment of any principal, or premium, if any, or interest on any Senior Indebtedness when the same becomes due and payable, whether at maturity or at a date fixed for prepayment or declaration or otherwise or (ii) an event of default occurs with respect to any Senior Indebtedness permitting the holders thereof to accelerate the maturity thereof and written notice of such event of default (requesting that payments on Subordinated Debt Securities cease) is given to the Company by the holders of Senior Indebtedness, then unless and until such default in payment or event of default shall have been cured or waived or shall have ceased to exist, no direct or indirect payment (in cash, property or securities, by set-off or otherwise) shall be made or agreed to be made on account of the Subordinated Debt Securities or interest thereon or in respect of any repayment, redemption, retirement, purchase or other acquisition of Subordinated Debt Securities. (Section 12.4 of the Subordinated Indenture.)

In the event of (i) any insolvency, bankruptcy, receivership, liquidation, reorganization, readjustment, composition or other similar proceeding relating to the Company, its creditors or its property, (ii) any proceeding for the liquidation, dissolution or other winding-up of the Company, voluntary or involuntary, whether or not involving insolvency or bankruptcy proceedings, (iii) any assignment by the Company for the benefit of creditors or (iv) any other marshalling of the assets of the Company, all Senior Indebtedness (including, without limitation, interest accruing after the commencement of any such proceeding, assignment or marshalling of assets) shall first be paid in full before any payment or distribution, whether in cash, securities or other property, shall be made by the Company on account of Subordinated Debt Securities. In any such event, any payment or distribution, whether in cash, securities or other property (other than securities of the Company or any other corporation provided for by a plan of reorganization or readjustment, the payment of which is subordinate, at least to the extent provided in the subordination provisions of the Subordinated Indenture with respect to the indebtedness evidenced by Subordinated Debt Securities, to the payment of all Senior Indebtedness at the time outstanding and to any securities issued in respect thereof under any such plan of reorganization or readjustment), which would otherwise (but for the subordination provisions) be payable or deliverable in respect of Subordinated Debt Securities (including any such payment or distribution which may be payable or deliverable by reason of the payment of any other indebtedness of the Company being subordinated to the payment of Subordinated Debt Securities) shall be paid or delivered directly to the holders of Senior Indebtedness, or to their representative or trustee, in accordance with the priorities then existing among such holders until all Senior Indebtedness shall have been paid in full.

(Section 12.3 of the Subordinated Indenture.) No present or future holder of any Senior Indebtedness shall be prejudiced in the right to enforce subordination of the indebtedness evidenced by Subordinated Debt Securities by any act or failure to act on the part of the Company. (Section 12.9 of the Subordinated Indenture.)

Senior Indebtedness shall not be deemed to have been paid in full unless the holders thereof shall have received cash, securities or other property equal to the amount of such Senior Indebtedness then outstanding. Upon the payment in full of all Senior Indebtedness, the holders of Subordinated Debt Securities shall be subrogated to all the rights of any holders of Senior Indebtedness to receive any further payments or distributions applicable to the Senior Indebtedness until all Subordinated Debt Securities shall have been paid in full, and such payments or distributions received by any holder of Subordinated Debt Securities, by reason of such subrogation, of cash, securities or other property which otherwise would be paid or distributed to the holders of Senior Indebtedness, shall, as between the Company and its creditors other than the holders of Senior Indebtedness, on the one hand, and the holders of Subordinated Debt Securities, on the other, be deemed to be a payment by the Company on account of Senior Indebtedness, and not on account of Subordinated Debt Securities. (Section 12.7 of the Subordinated Indenture.)

The Subordinated Indenture provides that the foregoing subordination provisions, insofar as they relate to any particular issue of Subordinated Debt Securities, may be changed prior to such issuance. Any such change would be described in the applicable Prospectus Supplement relating to such Subordinated Debt Securities.

DEFEASANCE AND COVENANT DEFEASANCE

If indicated in the applicable Prospectus Supplement, the Company may elect either (i) to defease and be discharged from any and all obligations with respect to the Debt Securities of or within any series (except as otherwise provided in the relevant Indenture) ("defeasance") or (ii) to be released from its obligations with respect to certain covenants applicable to the Debt Securities of or within any series ("covenant defeasance"), upon the deposit with the relevant Trustee (or other qualifying trustee), in trust for such purpose, of money and/or Government Obligations which through the payment of principal and interest in accordance with their terms will provide money in an amount sufficient, without reinvestment, to pay the principal of and any premium or interest on such Debt Securities to Maturity or redemption, as the case may be, and any mandatory sinking fund or analogous payments thereon. As a condition to defeasance or covenant defeasance, the Company must deliver to the Trustee an Opinion of Counsel to the effect that the Holders of such Debt Securities will not recognize income, gain or loss for Federal income tax purposes as a result of such defeasance or covenant defeasance and will be subject to Federal income tax on the same amounts and in the same manner and at the same times as would have been the case if such defeasance or covenant defeasance had not occurred. Such Opinion of Counsel, in the case of defeasance under clause (i) above, must refer to and be based upon a ruling of the Internal Revenue Service or a change in applicable Federal income tax law occurring after the date of the relevant Indenture. (Article 4.) If indicated in the applicable Prospectus Supplement, in addition to obligations of the United States or an agency or instrumentality thereof, Government Obligations may include obligations of the government or an agency or instrumentality of the government issuing the currency or currency unit in which Debt Securities of such series are payable. (Section 3.1.)

In addition, with respect to the Subordinated Indenture, in order to be discharged no event or condition shall exist that, pursuant to certain provisions described under "-- Subordination under the Subordinated Indenture" above, would prevent the Company from making payments of principal of (and premium, if any) and interest on Subordinated Debt Securities at the date of the irrevocable deposit referred to above. (Section 4.6(j) of the Subordinated Indenture.)

The Company may exercise its defeasance option with respect to such Debt Securities notwithstanding its prior exercise of its covenant defeasance option. If the Company exercises its defeasance option, payment of such Debt Securities may not be accelerated because of a Default or an Event of Default. (Section 4.4.) If the Company exercises its covenant defeasance option, payment of such Debt Securities may not be accelerated by reason of a Default or an Event of Default with respect to the covenants to which such covenant defeasance

is applicable. However, if such acceleration were to occur by reason of another Event of Default, the realizable value at the acceleration date of the money and Government Obligations in the defeasance trust could be less than the principal and interest then due on such Debt Securities, in that the required deposit in the defeasance trust is based upon scheduled cash flow rather than market value, which will vary depending upon interest rates and other factors.

THE TRUSTEES

Unless otherwise specified in the applicable Prospectus Supplement, LTCB Trust Company will be the Trustee under the Senior Indenture, and State Street Bank and Trust Company will be the Trustee under the Subordinated Indenture. The Company may also maintain banking and other commercial relationships with each of the Trustees and their affiliates in the ordinary course of business.

DESCRIPTION OF CAPITAL STOCK

At November 1, 1997 the authorized capital stock of the Company was 1,020,000,000 shares, consisting of:

(a) 20,000,000 shares of Preferred Stock, of which 1,995,300 shares of Preferred Redeemable Increased Dividend Equity Securities, 7% PRIDES ("PRIDES"), were outstanding; and

(b) 1,000,000,000 shares of Common Stock, of which 188,414,550 shares were outstanding.

In general, the classes of authorized capital stock are afforded preferences with respect to dividends and liquidation rights in the order listed above. The Board of Directors of the Company is empowered, without approval of the shareholders, to cause the Preferred Stock to be issued in one or more series, with the numbers of shares of each series and the rights, preferences and limitations of each series to be determined by it including, without limitation, the dividend rights, conversion rights, redemption rights and liquidation preferences, if any, of any wholly unissued series of Preferred Stock (or of the entire class of Preferred Stock if none of such shares have been issued), the number of shares constituting each such series and the terms and conditions of the issue thereof. The descriptions set forth below do not purport to be complete and are qualified in their entirety by reference to the Amended and Restated Articles of Incorporation of the Company, as amended (the "Articles of Incorporation").

The Prospectus Supplement relating to an offering of Common Stock will describe terms relevant thereto, including the number of shares offered, the initial offering price, market price and dividend information.

PREFERRED STOCK

The applicable Prospectus Supplement will describe the following terms of any Preferred Stock in respect of which this Prospectus is being delivered (to the extent applicable to such Preferred Stock): (i) the specific designation, number of shares, seniority and purchase price; (ii) any liquidation preference per share; (iii) any date of maturity; (iv) any redemption, repayment or sinking fund provisions; (v) any dividend rate or rates and the dates on which any such dividends will be payable (or the method by which such rates or dates will be determined); (vi) any voting rights; (vii) if other than the currency of the United States of America, the currency or currencies, including composite currencies, in which such Preferred Stock is denominated and/or in which payments will or may be payable; (viii) the method by which amounts in respect of such Preferred Stock may be calculated and any commodities, currencies or indices, or value, rate or price, relevant to such calculation; (ix) whether the Preferred Stock is convertible or exchangeable and, if so, the securities or rights into which such Preferred Stock is convertible or exchangeable (which may include other Preferred Stock, Debt Securities, Common Stock or other securities or rights of the Company (including rights to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies or indices) or a combination of the foregoing), and the terms and conditions upon which such conversions or exchanges will be effected, including the initial conversion or exchange prices or rates, the conversion or exchange period and any other related provisions; (x) the place or places where dividends and other payments on the Preferred Stock will be payable; and (xi) any additional voting, dividend, liquidation, redemption and other rights, preferences, privileges, limitations and restrictions.

As described under "Description of Depositary Shares", the Company may, at its option, elect to offer Depositary Shares evidenced by depositary receipts ("Depositary Receipts"), each representing an interest (to be specified in the applicable Prospectus Supplement relating to the particular series of the Preferred Stock) in a share of the particular series of the Preferred Stock issued and deposited with a Preferred Stock Depositary (as defined herein).

All shares of Preferred Stock offered hereby, or issuable upon conversion, exchange or exercise of Securities, will, when issued, be fully paid and non-assessable.

COMMON STOCK

Dividends. Except as provided below, holders of Common Stock are entitled to receive dividends and other distributions in cash, stock or property of the Company, when, as and if declared by the Board of Directors out of assets or funds of the Company legally available therefor and shall share equally on a per share basis in all such dividends and other distributions (subject to the rights of holders of Preferred Stock).

Voting Rights. At every meeting of shareholders, every holder of Common Stock is entitled to one vote per share. Subject to any voting rights which may be granted to holders of Preferred Stock any action submitted to shareholders is approved if the number of votes cast in favor of such action exceeds the number of votes against, except where other provision is made by law and subject to applicable quorum requirements.

Liquidation Rights. In the event of any liquidation, dissolution or winding-up of the business of the Company, whether voluntary or involuntary (any such event, a "Liquidation"), the holders of Common Stock are entitled to share equally in the assets available for distribution after payment of all liabilities and provision for the liquidation preference of any shares of Preferred Stock then outstanding.

Miscellaneous. The holders of Common Stock have no preemptive rights, cumulative voting rights, subscription rights, or conversion rights and the Common Stock is not subject to redemption.

The transfer agent and registrar with respect to the Common Stock and the PRIDES is First Union National Bank.

All shares of Common Stock offered hereby, or issuable upon conversion, exchange or exercise of Securities, will, when issued, be fully paid and non-assessable. The Common Stock is traded on the New York Stock Exchange under the symbol "CNC".

PRIDES

General. The PRIDES are shares of convertible preferred stock and rank prior to the Common Stock as to payment of dividends and distribution of assets upon liquidation. The shares of PRIDES mandatorily convert into shares of Common Stock on February 1, 2000, (the "Mandatory Conversion Date"), and the Company has the option to redeem the shares of PRIDES, in whole or in part, at any time and from time to time on or after February 1, 1999 and prior to the Mandatory Conversion Date pursuant to the terms described below and payable in shares of Common Stock. In addition, the shares of PRIDES are convertible into shares of Common Stock at the option of the holder at any time prior to the Mandatory Conversion Date as set forth below.

Dividends. Holders of shares of PRIDES are entitled to receive annual cumulative dividends at a rate per annum of 7% of the stated liquidation preference (equivalent to \$4.279 per each share of PRIDES) payable quarterly in arrears on each February 1, May 1, August 1, and November 1.

Mandatory Conversion. On the Mandatory Conversion Date, unless previously redeemed or converted, each outstanding share of PRIDES will mandatorily convert into (i) four shares of Common Stock, subject to adjustment in certain events, and (ii) the right to receive cash in an amount equal to all accrued and unpaid dividends thereon (other than previously declared dividends payable to a holder of record as of a prior date).

Optional Redemption. Shares of PRIDES are not redeemable prior to February 1, 1999. At any time and from time to time on or after February 1, 1999 and ending immediately prior to the Mandatory Conversion Date, the Company may redeem any or all of the outstanding shares of PRIDES. Upon any such

redemption, each holder will receive, in exchange for each share of PRIDES, the number of shares of Common Stock equal to the Call Price (which is the sum of

(i) \$62.195, declining after February 1, 1999 to \$61.125 until the Mandatory Conversion Date and (ii) all accrued and unpaid dividends thereon (other than previously declared dividends payable to a holder of record as of a prior date)) divided by the current market price on the applicable date of determination, but in no event less than 3.42 shares of Common Stock, subject to adjustment. The number of shares of Common Stock to be delivered in payment of the applicable Call Price will be determined on the basis of the current market price of the Common Stock prior to the announcement of the redemption.

Conversion at the Option of the Holder. At any time prior to the Mandatory Conversion Date, unless previously redeemed, each share of PRIDES is convertible at the option of the holder thereof into 3.42 shares of Common Stock (the "Optional Conversion Rate"), equivalent to the conversion price of \$17.8728 per share of Common Stock, subject to adjustment as described herein. The right of holders to convert shares of PRIDES called for redemption will terminate immediately prior to the close of business on the redemption date.

Voting Rights. The holders of shares of PRIDES have the right with the holders of Common Stock to vote in the election of directors and upon each other matter coming before any meeting of the holders of Common Stock on the basis of 4/5 of one vote for each share of PRIDES. On such matters, the holders of shares of PRIDES and the holders of Common Stock vote together as one class except as otherwise provided by law or the Articles of Incorporation. In addition, (i) whenever dividends on the shares of PRIDES or any other series of Preferred Stock with like voting rights are in arrears and unpaid for six quarterly dividend periods, and in certain other circumstances, the holders of the shares of PRIDES (voting separately as a class with the holders of all other series of Preferred Stock with like voting rights that are exercisable) will be entitled to vote, on the basis of one vote for each share of PRIDES, for the election of two directors of the Company, such directors to be in addition to the number of directors constituting the Board of Directors immediately prior to the accrual of such right, and (ii) the holders of the shares of PRIDES may have voting rights with respect to certain alterations of the Articles of Incorporation and certain other matters, voting on the same basis or separately as a series.

Liquidation Preference and Ranking. The shares of PRIDES rank prior to the Common Stock as to payment of dividends and distribution of assets upon liquidation. The liquidation preference of each share of PRIDES is an amount equal to the sum of (i) \$61.125 per share and (ii) all accrued and unpaid dividends thereon.

CERTAIN PROVISIONS OF THE ARTICLES OF INCORPORATION AND BY-LAWS OF CONSECO

Certain provisions of the Articles of Incorporation and the Code of By-laws of the Company (the "By-laws") may make it more difficult to effect a change in control of the Company if the Board of Directors determines that such action would not be in the best interests of the shareholders. It could be argued, contrary to the belief of the Board of Directors, that such provisions are not in the best interests of the shareholders to the extent that they will have the effect of tending to discourage possible takeover bids, which might be at prices involving a premium over then recent market quotations for the Common Stock. The most important of those provisions are described below.

The Articles of Incorporation authorize the establishment of a classified Board of Directors pursuant to the By-laws. The By-laws, in turn, provide that the Directors serve staggered three-year terms, with the members of only one class being elected in any year.

A classified Board of Directors may increase the difficulty of removing incumbent directors, providing such directors with enhanced ability to retain their positions. A classified Board of Directors may also make the acquisition of control of the Company by a third party by means of a proxy contest more difficult. In addition, the classification may make it more difficult to replace a majority of directors for business reasons unrelated to a change in control.

The Articles of Incorporation provide that holders of the Company's voting stock shall not be entitled to vote on certain business transactions (defined to include, among other things, certain mergers, consolidations, sales, leases, transfers or other dispositions of a substantial part of the Company's assets) with certain related persons (which includes persons beneficially owning more than 10% of the Company's outstanding voting stock), nor may such business combination transactions be effected, unless (i) the relevant business combination shall have been approved by two-thirds of the continuing directors or (ii) the aggregate amount of the cash and the fair value of any consideration other than cash to be received by any holder of the Common Stock or Preferred Stock in the business combination for each such share of Common Stock or Preferred Stock shall be at least equal to the highest per share price paid by the related person in order to acquire any shares of Common Stock or Preferred Stock, as the case may be, beneficially owned by such related person.

As discussed above, Preferred Stock may be issued from time to time in one or more series with such rights, preferences, limitations and restrictions as may be determined by the Board of Directors. The issuance of Preferred Stock could be used, under certain circumstances, as a method of delaying or preventing a change of control of the Company and could have a detrimental effect on the rights of holders of Common Stock, including loss of voting control.

The provisions of the Articles of Incorporation regarding the classified Board of Directors and certain business combination transactions may not be amended without the affirmative approval of holders of not less than 80% of the outstanding voting stock of the Company.

The By-laws may be amended by majority vote of the Board of Directors.

CERTAIN PROVISIONS OF CORPORATE AND INSURANCE LAWS

In addition to the Articles of Incorporation and By-laws, certain provisions of Indiana law may delay, deter or prevent a merger, tender offer or other takeover attempt of the Company.

Under the Indiana Business Corporation Law (the "IBCL"), a director may, in considering the best interests of a corporation, consider the effects of any action on shareholders, employees, suppliers and customers of the corporation, on communities in which offices or other facilities of the corporation are located, and any other factors the director considers pertinent.

The IBCL provides that no business combination (defined to include certain mergers, sales of assets, sales of 5% or more of outstanding stock, loans, recapitalizations or liquidations or dissolutions) involving a corporation and an interested shareholder (defined to include any holder of 10% or more of such corporation's voting stock) may be entered into unless (1) it has been approved by the board of directors of the corporation or (2) (a) five years have expired since the acquisition of shares of the corporation by the interested shareholder, (b) all requirements of the corporation's articles of incorporation relating to business combinations have been satisfied and (c) either (i) a majority of shareholders of the corporation (excluding the interested shareholder) approve the business combination or (ii) all shareholders are paid fair value (as defined in the statute) for their stock. However, such law does not restrict any offer to purchase all of a corporation's shares.

The IBCL also provides that when a target corporation (such as the Company), incorporated in Indiana and having its principal place of business, principal office or substantial assets in Indiana, has a certain threshold of ownership by Indiana residents, any acquisition which, together with its previous holdings, gives the acquiror at least 20% of the target's voting stock triggers a shareholder approval mechanism. If the acquiror files a statutorily required disclosure statement, the target's management has 50 days within which to hold a special meeting of shareholders at which all disinterested shareholders of the target (those not affiliated with the acquiror or any officer or inside director of the target) consider and vote upon whether the acquiror shall have voting rights with respect to the shares of the target held by it. Without shareholder approval, the shares acquired by the acquiror have no voting rights. If the acquiror fails to file the statutorily required disclosure statement, the target can redeem the acquiror's shares at a price to be determined according to

procedures devised by the target. In order for these provisions of the IBCL not to apply to a particular Indiana company, the company must affirmatively so provide in its articles of incorporation or bylaws.

In addition, the insurance laws and regulations of the jurisdictions in which the Company's insurance subsidiaries do business may impede or delay a business combination involving the Company.

DESCRIPTION OF DEPOSITARY SHARES

The description set forth below of certain provisions of the Deposit Agreement (as defined below) and of the Depositary Shares and Depositary Receipts summarizes the material terms of the Deposit Agreement and of the Depositary Shares and Depositary Receipts and is qualified in its entirety by reference to the form of Deposit Agreement and form of Depositary Receipts relating to each series of the Preferred Stock, as well as the Articles of Incorporation or any required amendment thereto describing the applicable series of Preferred Stock.

GENERAL

The Company may, as its option, elect to have shares of Preferred Stock be represented by Depositary Shares. The shares of any series of the Preferred Stock underlying the Depositary Shares will be deposited under a separate deposit agreement (the "Deposit Agreement") to be entered into by the Company and a bank or trust company selected by the Company (the "Preferred Stock Depositary"). The Prospectus Supplement relating to a series of Depositary Shares will set forth the name and address of the Preferred Stock Depositary. Subject to the terms of the Deposit Agreement, each owner of a Depositary Share will be entitled, proportionately, to all the rights, preferences and privileges of the Preferred Stock represented thereby (including dividend, voting, redemption, conversion, exchange and liquidation rights).

The Depositary Shares will be evidenced by Depositary Receipts issued pursuant to the Deposit Agreement, each of which will represent the fractional interest in the number of shares of a particular series of the Preferred Stock described in the applicable Prospectus Supplement.

DIVIDENDS AND OTHER DISTRIBUTIONS

The Preferred Stock Depositary will distribute all cash dividends or other cash distributions in respect of the series of Preferred Stock represented by the Depositary Shares to the record holders of Depositary Receipts in proportion, insofar as possible, to the number of Depositary Shares owned by such holders. The Depositary, however, will distribute only such amount as can be distributed without attributing to any Depositary Share a fraction of one cent, and any balance not so distributed will be added to and treated as part of the next sum received by the Depositary for distribution to record holders of Depositary Receipts then outstanding.

In the event of a distribution other than in cash in respect of the Preferred Stock, the Preferred Stock Depositary will distribute property received by it to the record holders of Depositary Receipts in proportion, insofar as possible, to the number of Depositary Shares owned by such holders, unless the Preferred Stock Depositary determines (after consultation with the Company) that it is not feasible to make such distribution, in which case the Preferred Stock Depositary may, with the approval of the Company, adopt such method as it deems equitable and practicable for the purpose of effecting such distribution, including a public or private sale, of such property, and distribution of the net proceeds from such sale to such holders.

The amount so distributed to record holders of Depositary Receipts in any of the foregoing cases will be reduced by any amount required to be withheld by the Company or the Preferred Stock Depositary on account of taxes.

CONVERSION AND EXCHANGE

If any series of Preferred Stock underlying the Depositary Shares is subject to provisions relating to its conversion or exchange, as set forth in the applicable Prospectus Supplement relating thereto, each record

holder of Depositary Receipts will have the right or obligation to convert or exchange the Depositary Shares represented by such Depositary Receipts pursuant to the terms thereof.

REDEMPTION OF DEPOSITARY SHARES

If any series of Preferred Stock underlying the Depositary Shares is subject to redemption, the Depositary Shares will be redeemed from the proceeds received by the Preferred Stock Depositary resulting from the redemption, in whole or in part, of the Preferred Stock held by the Preferred Stock Depositary. Whenever the Company redeems Preferred Stock from the Preferred Stock Depositary, the Preferred Stock Depositary will redeem as of the same redemption date a proportionate number of Depositary Shares representing the shares of Preferred Stock that were redeemed. If less than all the Depositary Shares are to be redeemed, the Depositary Shares to be redeemed will be selected by lot or pro rata as may be determined by the Company.

After the date fixed for redemption, the Depositary Shares so called for redemption will no longer be deemed to be outstanding and all rights of the holders of the Depositary Shares will cease, except the right to receive the redemption price upon such redemption. Any funds deposited by the Company with the Preferred Stock Depositary for any Depositary Shares which the holders thereof fail to redeem shall be returned to the Company after a period of two years from the date such funds are so deposited.

VOTING

Upon receipt of notice of any meeting at which the holders of any shares of Preferred Stock underlying the Depositary Shares are entitled to vote, the Preferred Stock Depositary will mail the information contained in such notice to the record holders of the Depositary Receipts. Each record holder of such Depositary Receipts on the record date (which will be the same date as the record date for the Preferred Stock) will be entitled to instruct the Preferred Stock Depositary as to the exercise of the voting rights pertaining to the number of shares of Preferred Stock underlying such holder's Depositary Shares. The Preferred Stock Depositary will endeavor, insofar as practicable, to vote the number of shares of Preferred Stock underlying such Depositary Shares in accordance with such instructions, and the Company will agree to take all reasonable action which may be deemed necessary by the Preferred Stock Depositary in order to enable the Preferred Stock Depositary to do so. The Preferred Stock Depositary will abstain from voting any of the Preferred Stock to the extent it does not receive specific written instructions from holders of Depositary Receipts representing such Preferred Stock.

RECORD DATE

Whenever (i) any cash dividend or other cash distribution shall become payable, any distribution other than cash shall be made, or any rights, preferences or privileges shall be offered with respect to the Preferred Stock, or (ii) the Preferred Stock Depositary shall receive notice of any meeting at which holders of Preferred Stock are entitled to vote or of which holders of Preferred Stock are entitled to notice, or of the mandatory conversion of, or any election on the part of the Company to call for the redemption of, any Preferred Stock, the Preferred Stock Depositary shall in each such instance fix a record date (which shall be the same as the record date for the Preferred Stock) for the determination of the holders of Depositary Receipts (x) that shall be entitled to receive such dividend, distribution, rights, preferences or privileges or the net proceeds of the sale thereof or (y) that shall be entitled to give instructions for the exercise of voting rights at any such meeting or to receive notice of such meeting or of such redemption or conversion, subject to the provisions of the Deposit Agreement.

WITHDRAWAL OF PREFERRED STOCK

Upon surrender of Depositary Receipts at the principal office of the Preferred Stock Depositary, upon payment of any unpaid amount due the Preferred Stock Depositary, and subject to the terms of the Deposit Agreement, the owner of the Depositary Shares evidenced thereby is entitled to delivery of the number of whole shares of Preferred Stock and all money and other property, if any, represented by such Depositary Shares. Partial shares of Preferred Stock will not be issued. If the Depositary Receipts delivered by the holder

evidence a number of Depositary Shares in excess of the number of Depositary Shares representing the number of whole shares of Preferred Stock to be withdrawn, the Preferred Stock Depositary will deliver to such holder at the same time a new Depositary Receipt evidencing such excess number of Depositary Shares. Holders of Preferred Stock thus withdrawn will not thereafter be entitled to deposit such shares under the Deposit Agreement or to receive Depositary Receipts evidencing Depositary Shares therefor.

AMENDMENT AND TERMINATION OF THE DEPOSIT AGREEMENT

The Deposit Agreement will provide that the form of Depositary Receipt and any provision of the Deposit Agreement may at any time be amended by agreement between the Company and the Preferred Stock Depositary. However, any amendment which imposes or increases any fees, taxes or other charges payable by the holders of Depositary Receipts (other than taxes and other governmental charges, fees and other expenses payable by such holders as stated under "Charges of Preferred Stock Depositary"), or which otherwise prejudices any substantial existing right of holders of Depositary Receipts, will not take effect as to outstanding Depositary Receipts until the expiration of 90 days after notice of such amendment has been mailed to the record holders of outstanding Depositary Receipts.

Whenever so directed by the Company, the Preferred Stock Depositary will terminate the Deposit Agreement by mailing notice of such termination to the record holders of all Depositary Receipts then outstanding at least 30 days prior to the date fixed in such notice for such termination. The Preferred Stock Depositary may likewise terminate the Deposit Agreement if at any time 45 days shall have expired after the Preferred Stock Depositary shall have delivered to the Company a written notice of its election to resign and a successor depositary shall not have been appointed and accepted its appointment. If any Depositary Receipts remain outstanding after the date of termination, the Preferred Stock Depositary thereafter will discontinue the transfer of Depositary Receipts, will suspend the distribution of dividends to the holders thereof, and will not give any further notices (other than notice of such termination) or perform any further acts under the Deposit Agreement except as provided below and except that the Preferred Stock Depositary will continue (i) to collect dividends on the Preferred Stock and any other distributions with respect thereto and (ii) to deliver the Preferred Stock together with such dividends and distributions and the net proceeds of any sales of rights, preferences, privileges or other property, without liability for interest thereon, in exchange for Depositary Receipts surrendered. At any time after the expiration of two years from the date of termination, the Preferred Stock Depositary may sell the Preferred Stock then held by it at public or private sales, at such place or places and upon such terms as it deems proper, and may thereafter hold the net proceeds of any such sale, together with any money and other property then held by it, without liability for interest thereon, for the pro rata benefit of the holders of Depositary Receipts which have not been surrendered.

CHARGES OF PREFERRED STOCK DEPOSITARY

The Company will pay all charges of the Preferred Stock Depositary including charges in connection with the initial deposit of the Preferred Stock, the initial issuance of the Depositary Receipts, the distribution of information to the holders of Depositary Receipts with respect to matters on which Preferred Stock is entitled to vote, withdrawals of the Preferred Stock by the holders of Depositary Receipts or redemption or conversion of the Preferred Stock, except for taxes (including transfer taxes, if any) and other governmental charges and such other charges as are expressly provided in the Deposit Agreement to be at the expense of holders of Depositary Receipts or persons depositing Preferred Stock.

MISCELLANEOUS

The Preferred Stock Depositary will make available for inspection by holders of Depositary Receipts, at its Corporate Office and its New York Office, all reports and communications from the Company which are delivered to the Preferred Stock Depositary as the holder of Preferred Stock.

Neither the Preferred Stock Depositary nor the Company will be liable if it is prevented or delayed by law or any circumstance beyond its control in performing its obligations under the Deposit Agreement. The obligations of the Preferred Stock Depositary under the Deposit Agreement are limited to performing its

duties thereunder without negligence or bad faith. The obligations of the Company under the Deposit Agreement are limited to performing its duties thereunder in good faith. Neither the Company nor the Preferred Stock Depositary is obligated to prosecute or defend any legal proceeding in respect of any Depositary Shares or Preferred Stock unless satisfactory indemnity is furnished. The Company and the Preferred Stock Depositary are entitled to rely upon advice of or information from counsel, accountants or other persons believed to be competent and on documents believed to be genuine.

The Preferred Stock Depositary may resign at any time or be removed by the Company, effective upon the acceptance by its successor of its appointment; provided, that if a successor Preferred Stock Depositary has not been appointed or accepted such appointment within 45 days after the Preferred Stock Depositary has delivered a notice of election to resign to the Company, the Preferred Stock Depositary may terminate the Deposit Agreement. See "Amendment and Termination of the Deposit Agreement" above.

DESCRIPTION OF WARRANTS

GENERAL

The Company may issue Warrants to purchase Debt Securities, Preferred Stock, Common Stock or any combination thereof, and such Warrants may be issued independently or together with any such Securities and may be attached to or separate from such Securities. Each series of Warrants will be issued under a separate warrant agreement (each a "Warrant Agreement") to be entered into between the Company and a warrant agent ("Warrant Agent"). The Warrant Agent will act solely as an agent of the Company in connection with the Warrants of each such series and will not assume any obligation or relationship of agency for or with holders or beneficial owners of Warrants. The following sets forth certain general terms and provisions of the Warrants offered hereby. Further terms of the Warrants and the applicable Warrant Agreement will be set forth in the applicable Prospectus Supplement.

The applicable Prospectus Supplement will describe the terms of any Warrants in respect of which this Prospectus is being delivered, including the following: (i) the title of such Warrants; (ii) the aggregate number of such Warrants; (iii) the price or prices at which such Warrants will be issued; (iv) the currency or currencies, including composite currencies, in which the price of such Warrants may be payable; (v) the designation and terms of the Securities (other than Preferred Securities and Common Securities) purchasable upon exercise of such Warrants; (vi) the price at which and the currency or currencies, including composite currencies, in which the Securities (other than Preferred Securities and Common Securities) purchasable upon exercise of such Warrants may be purchased; (vii) the date on which the right to exercise such Warrants shall commence and the date on which such right shall expire; (viii) whether such Warrants will be issued in registered form or bearer form; (ix) if applicable, the minimum or maximum amount of such Warrants which may be exercised at any one time; (x) if applicable, the designation and terms of the Securities (other than Preferred Securities and Common Securities) with which such Warrants are issued and the number of such Warrants issued with each such Security; (xi) if applicable, the date on and after which such Warrants and the related Securities (other than Preferred Securities and Common Securities) will be separately transferable; (xii) information with respect to book-entry procedures, if any; (xiii) if applicable, a discussion of certain United States Federal income tax considerations; and (xiv) any other terms of such Warrants, including terms, procedures and limitations relating to the exchange and exercise of such Warrants.

DESCRIPTION OF PREFERRED SECURITIES OF THE CONSECO TRUSTS

GENERAL

Each Consecoco Trust may issue, from time to time, only one series of Preferred Securities having terms described in the Prospectus Supplement relating thereto. The Declaration of each Consecoco Trust authorizes the Regular Trustees of such Consecoco Trust to issue on behalf of such Consecoco Trust one series of Preferred Securities. Each Declaration will be qualified as an indenture under the Trust Indenture Act. The Institutional Trustee, an independent trustee, will act as indenture trustee for the Preferred Securities for purposes of compliance with the provisions of the Trust Indenture Act. The Preferred Securities will have such terms,

including distributions, redemption, voting, liquidation rights and such other preferred, deferred or other special rights or such restrictions as shall be established by the Regular Trustees in accordance with the applicable Declaration or as shall be set forth in the Declaration or made part of the Declaration by the Trust Indenture Act. Reference is made to any Prospectus Supplement relating to the Preferred Securities of a Conseco Trust for specific terms of the Preferred Securities, including, to the extent applicable, (i) the distinctive designation of such Preferred Securities, (ii) the number of Preferred Securities issued by such Conseco Trust, (iii) the annual distribution rate (or method of determining such rate) for Preferred Securities issued by such Conseco Trust and the date or dates upon which such distributions shall be payable (provided, however, that distributions on such Preferred Securities shall, subject to any deferral provisions, and any provisions for payment of defaulted distributions, be payable on a quarterly basis to holders of such Preferred Securities as of a record date in each quarter during which such Preferred Securities are outstanding), (iv) any right of such Conseco Trust to defer quarterly distributions on the Preferred Securities as a result of an interest deferral right exercised by the Company on the Subordinated Debt Securities held by such Conseco Trust; (v) whether distributions on Preferred Securities shall be cumulative, and, in the case of Preferred Securities having such cumulative distribution rights, the date or dates or method of determining the date or dates from which distributions on Preferred Securities shall be cumulative, (vi) the amount or amounts which shall be paid out of the assets of such Conseco Trust to the holders of Preferred Securities upon voluntary or involuntary dissolution, winding-up or termination of such Conseco Trust, (vii) the obligation or option, if any, of such Conseco Trust to purchase or redeem Preferred Securities and the price or prices at which, the period or periods within which and the terms and conditions upon which Preferred Securities shall be purchased or redeemed, in whole or in part, pursuant to such obligation or option with such redemption price to be specified in the applicable Prospectus Supplement, (viii) the voting rights, if any, of Preferred Securities in addition to those required by law, including the number of votes per Preferred Security and any requirement for the approval by the holders of Preferred Securities as a condition to specified action or amendments to the Declaration, (ix) the terms and conditions, if any, upon which Subordinated Debt Securities held by such Conseco Trust may be distributed to holders of Preferred Securities, and (x) any other relevant rights, preferences, privileges, limitations or restrictions of Preferred Securities consistent with the Declaration or with applicable law. All Preferred Securities offered hereby will be guaranteed by the Company to the extent set forth below under "Description of Trust Guarantees." The Trust Guarantee issued to each Conseco Trust, when taken together with the Company's back-up undertakings, consisting of its obligations under each Declaration (including the obligation to pay expenses of each Conseco Trust), the applicable Indenture and any applicable supplemental indentures thereto and the Subordinated Debt Securities issued to any Conseco Trust will provide a full and unconditional guarantee by the Company of amounts due on the Preferred Securities issued by each Conseco Trust. The payment terms of the Preferred Securities will be the same as the Subordinated Debt Securities issued to the applicable Conseco Trust by the Company.

Each Declaration authorizes the Regular Trustees to issue on behalf of the applicable Trust one series of Common Securities having such terms including distributions, redemption, voting, liquidation rights or such restrictions as shall be established by the Regular Trustees in accordance with the Declaration or as shall otherwise be set forth therein. The terms of the Common Securities issued by each Conseco Trust will be substantially identical to the terms of the Preferred Securities issued by such Conseco Trust, and the Common Securities will rank *pari passu*, and payments will be made thereon *pro rata*, with the Preferred Securities except that, if an event of default under such Declaration has occurred and is continuing, the rights of the holders of the Common Securities to payment in respect of distributions and payments upon liquidation, redemption and otherwise will be subordinated to the rights of the holders of the Preferred Securities. The Common Securities will also carry the right to vote and to appoint, remove or replace any of the Conseco Trustees of such Conseco Trust. All of the Common Securities of each Conseco Trust will be directly or indirectly owned by the Company.

The financial statements of any Conseco Trust that issues Preferred Securities will be reflected in the Company's consolidated financial statements with the Preferred Securities shown as Company-obligated mandatorily-redeemable preferred securities of a subsidiary trust under minority interest in consolidated subsidiaries. In a footnote to the Company's audited financial statements there will be included statements that the applicable Conseco Trust is wholly-owned by the Company and that the sole asset of such Conseco

Trust is the Subordinated Debt Securities (indicating the principal amount, interest rate and maturity date thereof).

DESCRIPTION OF TRUST GUARANTEES

Set forth below is a summary of information concerning the Trust Guarantees that will be executed and delivered by the Company for the benefit of the holders, from time to time, of Preferred Securities. Each Trust Guarantee will be qualified as an indenture under the Trust Indenture Act. Unless otherwise specified in the applicable Prospectus Supplement, State Street Bank and Trust Company will act as independent indenture trustee for Trust Indenture Act purposes under each Trust Guarantee (the "Preferred Securities Guarantee Trustee"). The terms of each Trust Guarantee will be those set forth in such Trust Guarantee and those made part of such Trust Guarantee by the Trust Indenture Act. The following summary does not purport to be complete and is subject to and qualified in its entirety by reference to the provisions of the form of Trust Guarantee, a copy of which has been filed as an exhibit to the Registration Statement of which this Prospectus is a part, and the Trust Indenture Act. Each Trust Guarantee will be held by the Preferred Securities Guarantee Trustee for the benefit of the holders of the Preferred Securities of the applicable Conseco Trust.

GENERAL

Unless otherwise specified in the applicable Prospectus Supplement, pursuant to each Trust Guarantee, the Company will agree, to the extent set forth therein, to pay in full to the holders of the Preferred Securities, the Guarantee Payments (as defined below) (except to the extent paid by such Conseco Trust), as and when due, regardless of any defense, right of set-off or counterclaim which such Conseco Trust may have or assert. The following payments or distributions with respect to the Preferred Securities (the "Guarantee Payments"), to the extent not paid by such Conseco Trust, will be subject to the Trust Guarantee (without duplication): (i) any accrued and unpaid distributions that are required to be paid on such Preferred Securities, to the extent such Conseco Trust shall have funds available therefor, (ii) the redemption price, including all accrued and unpaid distributions to the date of redemption (the "Redemption Price"), to the extent such Conseco Trust has funds available therefor, with respect to any Preferred Securities called for redemption by such Conseco Trust and (iii) upon a voluntary or involuntary dissolution, winding-up or termination of such Conseco Trust (other than in connection with such distribution of Subordinated Debt Securities to the holders of Preferred Securities or the redemption of all of the Preferred Securities upon maturity or redemption of the Subordinated Debt Securities) the lesser of (a) the aggregate of the liquidation amount and all accrued and unpaid distributions on such Preferred Securities to the date of payment, to the extent such Conseco Trust has funds available therefor or (b) the amount of assets of such Conseco Trust remaining for distribution to holders of such Preferred Securities in liquidation of such Conseco Trust. The Company's obligation to make a Guarantee Payment may be satisfied by direct payment of the required amounts by the Company to the holders of Preferred Securities or by causing the applicable Conseco Trust to pay such amounts to such holders.

Each Trust Guarantee will not apply to any payment of distributions except to the extent the applicable Conseco Trust shall have funds available therefor. If the Company does not make interest or principal payments on the Subordinated Debt Securities purchased by such Conseco Trust, such Conseco Trust will not pay distributions on the Preferred Securities issued by such Conseco Trust and will not have funds available therefore.

The Company has also agreed to guarantee the obligations of each Conseco Trust with respect to the Common Securities (the "Common Guarantee") issued by such Conseco Trust to the same extent as the Trust Guarantee, except that, if an Event of Default under the Subordinated Indenture has occurred and is continuing, holders of Preferred Securities under the Trust Guarantee shall have priority over holders of the Common Securities under the Common Guarantee with respect to distributions and payments on liquidation, redemption or otherwise.

CERTAIN COVENANTS OF THE COMPANY

Unless otherwise specified in the applicable Prospectus Supplement, in each Trust Guarantee, the Company will covenant that, so long as any Preferred Securities issued by the applicable Conseco Trust remain outstanding, if there shall have occurred any event of default under such Trust Guarantee or under the Declaration of such Conseco Trust, then (a) the Company will not declare or pay any dividend on, make any distributions with respect to, or redeem, purchase, acquire or make a liquidation payment with respect to, any of its capital stock (other than (i) purchases or acquisitions of capital stock of the Company in connection with the satisfaction by the Company of its obligations under any employee or agent benefit plans or the satisfaction by the Company of its obligations pursuant to any contract or security outstanding on the date of such event requiring the Company to purchase capital stock of the Company, (ii) as a result of a reclassification of the Company's capital stock or the exchange or conversion of one class or series of the Company's capital stock for another class or series of the Company's capital stock, (iii) the purchase of fractional interests in shares of the Company's capital stock pursuant to the conversion or exchange provisions of such capital stock or the security being converted or exchanged, (iv) dividends or distributions in capital stock of the Company (or rights to acquire capital stock) or repurchases or redemptions of capital stock solely from the issuance or exchange of capital stock or (v) redemptions or repurchases of any rights outstanding under a shareholder rights plan); (b) the Company shall not make any payment of interest, principal or premium, if any, on or repay, repurchase or redeem any debt securities issued by the Company which rank junior to the Subordinated Debt Securities issued to the applicable Conseco Trust and (c) the Company shall not make any guarantee payments with respect to the foregoing (other than pursuant to a Trust Guarantee).

MODIFICATION OF THE TRUST GUARANTEES; ASSIGNMENT

Except with respect to any changes that do not adversely affect the rights of holders of Preferred Securities (in which case no consent of such holders will be required), each Trust Guarantee may be amended only with the prior approval of the holders of not less than a majority in liquidation amount of the outstanding Preferred Securities of such Conseco Trust. The manner of obtaining any such approval of holders of such Preferred Securities will be set forth in accompanying Prospectus Supplement. All guarantees and agreements contained in a Trust Guarantee shall bind the successors, assigns, receivers, trustees and representatives of the Company and shall inure to the benefit of the holders of the Preferred Securities of the applicable Conseco Trust then outstanding.

EVENTS OF DEFAULT

An event of default under a Trust Guarantee will occur upon the failure of the Company to perform any of its payment or other obligations thereunder. The holders of a majority in liquidation amount of the Preferred Securities to which such Trust Guarantee relates have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Preferred Securities Guarantee Trustee in respect of such Trust Guarantee or to direct the exercise of any trust or power conferred upon the Preferred Securities Guarantee Trustee under such Trust Guarantee.

If the Preferred Securities Guarantee Trustee fails to enforce such Trust Guarantee, any record holder of Preferred Securities to which such Trust Guarantee relates may institute a legal proceeding directly against the Company to enforce the Preferred Securities Guarantee Trustee's rights under such Trust Guarantee without first instituting a legal proceeding against the applicable Conseco Trust, the Preferred Securities Guarantee Trustee or any other person or entity. Notwithstanding the foregoing, if the Company has failed to make a Guarantee Payment under a Trust Guarantee, a record holder of Preferred Securities to which such Trust Guarantee relates may directly institute a proceeding against the Company for enforcement of such Trust Guarantee for such payment to the record holder of the Preferred Securities to which such Trust Guarantee relates of the principal of or interest on the applicable Subordinated Debt Securities on or after the respective due dates specified in the Subordinated Debt Securities, and the amount of the payment will be based on the holder's pro rata share of the amount due and owing on all of the Preferred Securities to which such Trust Guarantee relates. The Company has waived any right or remedy to require that any action be brought first against the applicable Conseco Trust or any other person or entity before proceeding directly

against the Company. The record holder in the case of the issuance of one or more global Preferred Securities certificates will be The Depository Trust Company acting at the direction of the beneficial owners of the Preferred Securities.

The Company will be required to provide annually to the Preferred Securities Guarantee Trustee a statement as to the performance by the Company of certain of its obligations under each outstanding Trust Guarantee and as to any default in such performance.

INFORMATION CONCERNING THE PREFERRED SECURITIES GUARANTEE TRUSTEE

The Preferred Securities Guarantee Trustee, prior to the occurrence of a default to a Trust Guarantee, undertakes to perform only such duties as are specifically set forth in such Trust Guarantee and, after default with respect to such Trust Guarantee, shall exercise the same degree of care as a prudent individual would exercise in the conduct of his or her own affairs. Subject to such provision, the Preferred Securities Guarantee Trustee is under no obligation to exercise any of the powers vested in it by a Trust Guarantee at the request of any holder of Preferred Securities to which such Trust Guarantee relates unless it is offered reasonable indemnity against the costs, expenses and liabilities that might be incurred thereby.

TERMINATION

Each Trust Guarantee will terminate as to the Preferred Securities issued by the applicable Conseco Trust upon full payment of the Redemption Price of all Preferred Securities of such Conseco Trust, upon distribution of the Subordinated Debt Securities held by such Conseco Trust to the holders of all of the Preferred Securities of such Conseco Trust or upon full payment of the amounts payable in accordance with the Declaration of such Conseco Trust upon liquidation of such Conseco Trust. Each Trust Guarantee will continue to be effective or will be reinstated, as the case may be, if at any time any holder of Preferred Securities issued by the applicable Conseco Trust must restore payment of any sums paid under such Preferred Securities or such Trust Guarantee.

STATUS OF THE TRUST GUARANTEES

The Trust Guarantees will constitute an unsecured obligation of the Company and will rank (i) subordinate and junior in right of payment to all other liabilities of the Company, including the Subordinated Debt Securities, except those liabilities of the Company made *pari passu* or subordinate by their terms, (ii) *pari passu* with the most senior preferred or preference stock now or hereafter issued by the Company and with any guarantee now or hereafter entered into by the Company in respect of any preferred or preference stock of any affiliate of the Company and (iii) senior to the Common Stock. The terms of the Preferred Securities provide that each holder of Preferred Securities by acceptance thereof agrees to the subordination provisions and other terms of the Trust Guarantee relating thereto.

Each Trust Guarantee will constitute a guarantee of payment and not of collection (that is, the guaranteed party may institute a legal proceeding directly against the Company to enforce its rights under such Trust Guarantee without instituting a legal proceeding against any other person or entity).

GOVERNING LAW

The Trust Guarantees will be governed by and construed in accordance with the law of the State of New York.

DESCRIPTION OF STOCK PURCHASE CONTRACTS AND STOCK PURCHASE UNITS

The Company may issue Stock Purchase Contracts, including contracts obligating holders to purchase from the Company, and the Company to sell to the holders, a specified number of shares of Common Stock, Preferred Stock or Depository Shares at a future date or dates. The consideration per share of Common Stock, Preferred Stock or Depository Shares may be fixed at the time the Stock Purchase Contracts are issued or may be determined by reference to a specific formula set forth in the Stock Purchase Contracts. The Stock

Purchase Contracts may be issued separately or as a part of units ("Stock Purchase Units") consisting of a Stock Purchase Contract and Debt Securities, Preferred Securities or debt obligations of third parties, including U.S. Treasury securities, securing the holders' obligations to purchase the Common Stock, Preferred Stock or Depositary Shares under the Stock Purchase Contracts. The Stock Purchase Contracts may require the Company to make periodic payments to the holders of the Stock Purchase Units or vice versa, and such payments may be unsecured or prefunded on some basis. The Stock Purchase Contracts may require holders to secure their obligations thereunder in a specified manner.

The applicable Prospectus Supplement will describe the terms of any Stock Purchase Contracts or Stock Purchase Units. The description in the Prospectus Supplement will not necessarily be complete, and reference will be made to the Stock Purchase Contracts, and, if applicable, collateral arrangements and depositary arrangements, relating to such Stock Purchase Contracts or Stock Purchase Units.

The terms of any such sales will be described in the Prospectus Supplement relating thereto.

Agents, underwriters and dealers may be entitled under relevant agreements to indemnification or contribution by the Company and/or the applicable Conseco Trust against certain liabilities, including liabilities under the Securities Act.

Agents, underwriters and dealers may be customers of, engage in transactions with, or perform services for, the Company and its subsidiaries in the ordinary course of business.
