PROXY STATEMENT

GENERAL INFORMATION

Why am I receiving these proxy materials?

The Board of Directors (the "Board") of Global Cash Access Holdings, Inc., a Delaware corporation (the "Company"), is furnishing these proxy materials to you in connection with the Company's 2008 annual meeting of stockholders (the "Annual Meeting"). The Annual Meeting will be held at the Green Valley Ranch Resort, Spa & Casino, 2300 Paseo Verde Drive, Henderson, Nevada 89052, on May 1, 2008 at 9:00 a.m., Pacific Daylight Time. You are invited to attend the Annual Meeting and are entitled and requested to vote on the proposals outlined in this proxy statement ("Proxy Statement").

What proposals will be voted on at the Annual Meeting?

There are three proposals scheduled to be voted on at the Annual Meeting:

1. To elect three (3) Class III directors to serve until the 2011 annual meeting of stockholders and until their successors are elected and qualified.
2. To ratify the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm (hereinafter referred to as "independent auditors") for the fiscal year ending December 31, 2008.
3. To consider such other business as may properly come before the Annual Meeting and any adjournment or postponement thereof.

As to any other business which may properly come before the Annual Meeting, the persons named on the enclosed proxy card will vote according to their best judgment. The Company does not know now of any other matters to be presented or acted upon at the Annual Meeting.

What are the recommendations of the Board?

The Board recommends that you vote "FOR" the election of the three Class III directors, and "FOR" the ratification of the appointment of Deloitte & Touche LLP as the Company's independent auditors for the fiscal year ending December 31, 2008.

What is the record date and what does it mean?

The record date for the Annual Meeting is March 14, 2008. The record date is established by the Board as required by Delaware law. Holders of shares of the Company's common stock at the close of business on the record date are entitled to receive notice of the Annual Meeting and to vote at the Annual Meeting and any adjournments or postponements thereof.

What shares can I vote?

Each stockholder of the Company's common stock, par value \$0.001 per share ("Common Stock"), is entitled to one vote for each share of Common Stock owned as of the record date. Holders of Common Stock are referred to herein as "Stockholders."

At the record date, 76,990,116 shares of Common Stock were issued and outstanding. Shares held in treasury by the company are not treated as being issued or outstanding or entitled to vote.

What constitutes a quorum?

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares of Common Stock outstanding and entitled to vote on the record date will constitute a quorum permitting the Annual Meeting to conduct its business.

How are abstentions and broker non-votes treated?

Under the General Corporation Law of the State of Delaware, an abstaining vote and a broker non-vote are counted as present and are, therefore, included for purposes of determining whether a quorum of shares is present at the Annual Meeting.

A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have the discretionary voting instructions with respect to that item and has not received instructions from the beneficial owner. Under the rules that govern brokers who are voting with respect to shares held by them as nominee, brokers have the discretion to vote such shares only on routine matters. Routine matters include, among others, the election of directors and ratification of auditors.

Broker non-votes are not included in the tabulation of the voting results on the election of directors or issues requiring approval of a majority of the shares present or represented by proxy and entitled to vote at the Annual Meeting and, therefore, do not have an effect on Proposals 1 or 2. For the purpose of determining whether the Stockholders have approved matters other than the election of directors, abstentions are treated as shares present or represented and voting, so abstentions have the same effect as negative votes. Shares held by brokers who do not have discretionary authority to vote on a particular matter and have not received voting instructions from their customers are not counted or deemed to be present or represented for purposes of determining whether Stockholders have approved that matter.

What is the voting requirement to approve each of the proposals?

Proposal 1 . The three (3) candidates receiving the greatest number of affirmative votes of the shares of Common Stock present in person, or represented by proxy, and entitled to vote at the Annual Meeting will be elected, provided a quorum is present and voting. Abstentions and broker non-votes will not be counted toward a nominee's total.

Proposal 2 . Ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm will require the affirmative vote of a majority of the shares of Common Stock present in person, or represented by proxy, and entitled to vote at the Annual Meeting. Abstentions and broker non-votes will not be counted as having been voted on Proposal 2.

All shares of Common Stock represented by valid proxies will be voted in accordance with the instructions contained therein. In the absence of instructions, proxies from holders of Common Stock will be voted FOR Proposals 1 and 2.

How do I vote my shares?

You can either attend the Annual Meeting and vote in person or give a proxy to be voted at the Annual Meeting:

- by mailing the enclosed proxy card;
- over the telephone by calling a toll-free number; or
- electronically, using the Internet.

The Internet and telephone voting procedures have been set up for your convenience and are designed to authenticate Stockholders' identities, to allow Stockholders to provide their voting instructions, and to confirm that their instructions have been recorded properly. The Company believes the procedures which have been put in place are consistent with the requirements of applicable law. Specific instructions for Stockholders of record who wish to use the Internet or telephone voting procedures are set forth on the enclosed proxy card.

Who will tabulate the votes?

An automated system administered by Broadbridge Financial Solutions, Inc. (“Broadbridge”) will tabulate votes cast by proxy at the Annual Meeting and a representative of the Company will tabulate votes cast in person at the Annual Meeting.

Is my vote confidential?

Proxy instructions, ballots and voting tabulations that identify individual Stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within the Company or to third parties, except (i) as necessary to meet applicable legal requirements, or (ii) to allow for the tabulation and/or certification of the vote.

Can I change my vote after submitting my proxy?

You may revoke your proxy at any time before the final vote at the Annual Meeting. You may do so by one of the following four ways:

- submitting another proxy card bearing a later date;
- sending a written notice of revocation to the Secretary of the Company at 3525 East Post Road, Suite 120, Las Vegas, Nevada 89120;
- submitting new voting instructions via telephone or the Internet; or
- attending AND voting in person at the Annual Meeting.

Who is paying for this proxy solicitation?

This proxy solicitation is being made by the Company. This Proxy Statement and the accompanying proxy were first sent by mail to the Stockholders on or about April 11, 2008. The Company will bear the cost of soliciting proxies, including preparation, assembly, printing and mailing of the Proxy Statement. In addition, the Company will reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners. Proxies may be solicited by certain of the Company’s directors, officers and regular employees, without additional compensation, either personally, by telephone, facsimile, or telegram.

How can I find out the voting results?

The Company will announce the preliminary results at the Annual Meeting and publish the final results in the Company’s Quarterly Report on Form 10-Q for the second quarter of fiscal 2008.

How do I receive electronic access to proxy materials for future annual meetings?

Stockholders can elect to view future proxy statements and annual reports over the Internet instead of receiving paper copies, which results in cost savings for the Company. If you are a Stockholder of record and would like to receive future Stockholder materials electronically, you can elect this option by following the instructions provided when you vote your proxy over the Internet at www.proxyvote.com.

If you chose to view future proxy statements and annual reports over the Internet, you will receive an e-mail notification next year with instructions containing the Internet address of those materials. Your choice to view future proxy statements and annual reports over the Internet will remain in effect until you contact either your broker or the Company to rescind your instructions. You do not have to elect Internet access each year.

If your shares are registered in the name of a brokerage firm, you still may be eligible to vote your shares electronically over the Internet. A large number of brokerage firms are participating in the Broadbridge online program, which provides eligible Stockholders who receive a paper copy of this Proxy Statement the opportunity to vote via the Internet. If your brokerage firm is participating in Broadbridge’s program, your proxy card will provide instructions for voting online. If your proxy card does not reference Internet information, please complete and return the proxy card in the postage-paid envelope provided.

How can I avoid having duplicate copies of the proxy statements sent to my household?

Some brokers and other nominee record holders may be participating in the practice of “householding” proxy statements and annual reports, which results in cost savings for the Company. The practice of “householding” means that only one copy of the proxy statement and annual report will be sent to multiple Stockholders in a Stockholder’s household. The Company will promptly deliver a separate copy of either document to any Stockholder who contacts the Company’s Investor Relations department at 3525 East Post Road, Suite 120, Las Vegas, Nevada 89120 requesting such copies. If a Stockholder is receiving multiple copies of the proxy statement and annual report at the Stockholder’s household and would like to receive a single copy of those documents for a Stockholder’s household in the future, that Stockholder should contact their broker, other nominee record holder, or the Company’s investor relations department to request mailing of a single copy of the proxy statement and annual report.

When are stockholder proposals due for next year’s annual meeting?

Requirements for Stockholder Proposals to be Brought Before an Annual Meeting. For stockholder proposals to be considered properly brought before an annual meeting by a stockholder, the stockholder must have given timely notice therefor in writing to the Secretary of the Company. To be timely for the Company’s 2009 Annual Meeting of Stockholders, a stockholder’s notice must be delivered to or mailed and received at the principal executive offices of the Company between January 1, 2009 and January 31, 2009. A stockholder’s notice to the Secretary must set forth as to each matter the stockholder proposes to bring before the annual meeting (i) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting, (ii) the name and record address of the stockholder proposing such business, (iii) the class and number of shares of the Company which are beneficially owned by the stockholder, and (iv) any material interest of the stockholder in such business.

Requirements for Stockholder Proposals to be Considered for Inclusion in the Company’s Proxy Materials. Stockholder proposals submitted pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”) and intended to be presented at the Company’s 2009 Annual Meeting of Stockholders must be received by the Company not later than December 12, 2008 in order to be considered for inclusion in the Company’s proxy materials for that meeting.

The Company does not pay any third party to identify or assist in identifying or evaluating potential nominees.

In reviewing potential candidates for the Board, the Nominating and Corporate Governance Committee considers the individual's experience in the Company's industry, the general business or other experience of the candidate, the needs of the Company for an additional or replacement director, the personality of the candidate, the candidate's interest in the business of the Company, as well as numerous other subjective criteria. Of greatest importance is the individual's integrity, willingness to be involved and ability to bring to the Company experience and knowledge in areas that are most beneficial to the Company. The Board intends to continue to evaluate candidates for election to the Board on the basis of the foregoing criteria. A detailed description of the criteria used by the Nominating and Corporate Governance Committee in evaluating potential candidates may be found in the charter of the Nominating and Corporate Governance Committee which is posted on the Company's website at www.globalcashaccess.com.

Director Independence

Under independence standards established by the Board, a director does not qualify as independent unless the Board affirmatively determines that the director does not have any material relationship with the Company, either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company. The Board considers such facts and circumstances as it deems relevant to the determination of director independent. To assist in making its determination regarding independence, the Board considers, at a minimum, the following categorical standards:

- A director who is an employee, or whose immediate family member is an executive officer, of the Company or any of its subsidiaries is not independent until three years after the end of such employment relationship;
- A director who receives, or whose immediate family member receives, more than \$100,000 per year in direct compensation from the Company or any of its subsidiaries, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is not independent until three years after he or she ceases to receive more than \$100,000 per year in such compensation;
- A director who is affiliated with or employed by, or whose immediate family member is affiliated with or employed in a professional capacity by, a present or former internal or external auditor of the Company or

any of its subsidiaries is not “independent” until three years after the end of the affiliation or the employment or auditing relationship;

- A director who is employed, or whose immediate family member is employed, as an executive officer of another company where any of the Company’s or any of its subsidiaries present executives serve on that company’s compensation committee is not “independent” until three years after the end of such service or the employment relationship;
- A director who is an executive officer or an employee, or whose immediate family member is an executive officer, of a company (which does not include chartable entities) that makes payments to, or receives payments from, the Company or any of its subsidiaries for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1.0 million, or 2% of such other company’s consolidated gross revenues, is not “independent” until three years after falling below such threshold; and
- Any director that has a material relationship with the Company shall not be independent. Any relationship not required to be disclosed pursuant to Item 404 of Regulation S-K of the Securities Exchange Act of 1934, as amended, shall be presumptively not material. For relationships not covered by the preceding sentence, the determination of whether the relationship is material or not, and therefore whether the director would be independent or not, shall be made by the Board. The Company shall explain in the next proxy statement the basis for any board determination that a relationship is immaterial despite the fact that it does not meet the categorical standards of immateriality set forth above.

The Board has determined that the following directors have no material relationship with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company), and each is independent within the meaning of independence as set forth in the rules of the New York Stock Exchange: Walter G. Kortschak, Charles J. Fitzgerald, E. Miles Kilburn, Geoff Judge and Fred C. Enlow.

Entities Controlled by Karim Maskatiya and Robert Cucinotta

Karim Maskatiya and Robert Cucinotta, members of the Board, together hold 100% of the ownership interests in, and comprise the Board of Directors of, M&C International. Through our wholly-owned subsidiary, Global Cash Access, Inc., the Company is currently a party to multiple agreements with three other entities in which in which members of Mr. Maskatiya's family or Messrs. Maskatiya and Cucinotta have significant ownership and management interests. Those companies are: Infonox on the Web, in which members of Mr. Maskatiya's family have majority ownership interest and are two directors on that company's three member Board of Directors; USA Payments in which Messrs. Maskatiya and Cucinotta are the sole owners and comprise that company's entire Board of Directors; and USA Payment Systems, in which Messrs. Maskatiya and Cucinotta collectively have a 50% ownership interest and are two directors on that company's four member Board of Directors. Through Central Credit, LLC, a wholly-owned subsidiary of Global Cash Access, Inc., the Company is a party to an agreement with Casino Credit Services, LLC, an entity that is wholly owned by M&C International. M&C International has entered into a definitive agreement pursuant to which all of the membership interests in Casino Credit Services, LLC will be transferred to an unrelated party; the closing of such transfer has not yet occurred. The terms of the Company's agreements with each of these entities are summarized below. The Company may, in the future, attempt to acquire USA Payments, USA Payment Systems or Infonox on the Web, although the Company is not currently engaged in any negotiations or discussions for that purpose. Any such acquisition may involve the Company making payments, directly or indirectly, to Messrs. Maskatiya and Cucinotta or members of Mr. Maskatiya's family.

Infonox on the Web

Members of Mr. Maskatiya's family own a majority ownership interest in Infonox on the Web and are two directors on the three member Board of Directors of Infonox on the Web. The Company is a party to a Professional Services Agreement

and a Technology Side Letter with Infonox on the Web pursuant to which Infonox on the Web develops, implements, maintains, hosts, operates, monitors and supports software for the Company on an as requested basis, including the transaction processing infrastructure upon which the Company's systems operate. This transaction processing infrastructure consists of a customized implementation of a generic reusable transaction processing infrastructure developed by Infonox on the Web. Infonox on the Web has retained ownership of the underlying generic transaction processing infrastructure, but has granted the Company a license, pursuant to the Software License Agreement described below, to use the generic transaction processing infrastructure during the term of the Professional Services Agreement. The Company possesses all ownership rights in the customized portions of the implementation of the generic transaction processing infrastructure that Infonox has developed exclusively for the Company under this agreement.

The Company's engagement of Infonox on the Web pursuant to the Professional Services Agreement is exclusive within the gaming industry such that Infonox on the Web may not perform any professional services with respect to machines or devices used in the gaming industry other than for the Company, except where those services are performed for non-gaming merchant operations conducted at establishments where gaming activity occurs for the purchase of or payment for goods or services other than money orders or gaming goods or services, subject to some conditions. The Company, on the other hand, is free to engage third parties to provide professional services to the Company, subject to Infonox on the Web's proprietary rights in the underlying generic transaction processing infrastructure and the limitations on the Company's ability to sublicense the Company's license rights therein to a third party during the term of the Software License Agreement with Infonox on the Web. In the event that the Company requires different or additional professional services or service levels with respect to the underlying generic transaction processing infrastructure or the customized implementation thereof that Infonox on the Web cannot or does not agree to provide then, pursuant to a Letter Agreement dated May 13, 2004 between USA Payment Systems, USA Payments, Infonox on the Web and the Company, the Company has the right to engage third-party professional service providers, sublicense to them rights in Infonox on the Web's proprietary technology that are licensed to the Company by Infonox on the Web under the Software License Agreement, and cause Infonox on the Web to cooperate with such third-party professional service providers to enable them to provide such professional services or service levels to the Company.

Under the agreement, the Company owns all work product, including the customized portions of the implementation of the generic transaction processing infrastructure produced by Infonox on the Web in the course of its provision of professional services to the Company, including all intellectual property rights therein. This agreement contains a service level guarantee by Infonox on the Web that the transaction processing infrastructure will be available to the Company and the Company's customers at least 99% of the time during any calendar month, subject to some exceptions. If Infonox fails to meet this service level guarantee during any calendar month, then the Company has the right, as the Company's sole and exclusive remedy for such a breach, to terminate these professional services upon notice to Infonox during the 30-day period following that breach. As of May 2004, the Company is obligated to pay Infonox on the Web a fixed fee of \$100,000 per month for the remainder of the term of these services, potentially subject to adjustments starting in January 2005, and to reimburse Infonox on the Web for some of the expenses it incurs in the performance of services for the Company. Under this agreement, Infonox on the Web's implementation, hosting, operation, maintenance and support of a majority of the Company's systems is scheduled to expire on March 10, 2014, but may be terminated upon certain types of breaches by either party, such as the Company's failure to pay fees owing to Infonox on the Web under the agreement or Infonox on the Web's breach of the service level agreement. The agreement requires Infonox on the Web to continue to provide services during a transition period not to exceed 90 days following termination of the agreement, if the Company so requests and regardless of the legal basis for such termination. During the year ended December 31, 2007, the Company incurred costs and expenses of \$3.6 million in connection with these services.

Pursuant to a Software License Agreement and a Technology Side Letter with Infonox on the Web, the Company enjoys a royalty-free, worldwide right and license to use the generic transaction processing infrastructure described above, including its component software, hardware and related services, solely in connection with the Company's use of the customized implementation of the infrastructure which is hosted and operated by Infonox on the Web pursuant to the Professional Services Agreement. The Company's license to the generic transaction processing infrastructure is exclusive in the gaming industry such that Infonox on the Web may not grant any other licenses to the generic transactions processing infrastructure to any third party, or exercise any of its own rights in that technology except as agreed by the parties, for use with machines or devices used in the gaming industry. The agreement obligates Infonox on the Web to deposit into third-party escrow, and periodically update its deposit of, the source code to the underlying generic transaction processing infrastructure, and to provide the Company on an automatic basis with source code to any modifications made to customize the generic transaction processing infrastructure for the Company. The Company has rights to access the deposited source

code under limited circumstances, such as Infonox on the Web ceasing to do business, entering into bankruptcy, discontinuing its hosting and operation of the customized implementation of the generic transaction processing infrastructure for the Company, or Infonox on the Web breaching specified obligations to the Company under the Professional Services Agreement or this Software License Agreement. The term of this agreement lasts at least as long as Infonox on the Web is contractually obligated to host and operate the customized implementation of the generic transaction processing infrastructure for the Company pursuant to the Professional Services Agreement, subject to the Company's right to continue using any software source code released from escrow prior to expiration of the Software License Agreement and the Company's rights to sublicense that source code to an alternative third-party provider of software services. Upon termination of this agreement, Infonox on the Web is obligated to cooperate in the Company's transition to such an alternative third-party provider if the Company so requests. In addition, upon the expiration of the Software License Agreement or in the event of Infonox on the Web's uncured material breach of either the Software License Agreement or the Professional Services Agreement, provided that the Company has not committed any uncured material breach of any material term of the Software License Agreement at any time during the term of that agreement, the Company will receive a non-exclusive, royalty-free, irrevocable, worldwide license to continue using the underlying generic transaction processing infrastructure, solely in its object code form at the time of such license grant, and to sublicense that code to specified other parties, including the Company's affiliates and third-party service providers solely for use in the gaming industry.

The agreement prohibits USA Payments and USA Payment Systems from scheduling any system maintenance or unavailability on a weekend or holiday without the Company's prior permission, and permits systems maintenance or unavailability only during times that the Company previously approves.

The agreement obligates USA Payments and USA Payment Systems to maintain the confidentiality of the Company's patron and transaction data and to maintain an information security program and internal controls to safeguard the Company's patron and transaction data.

The Company is required to enter and comply with agreements required by the gateway or network through which USA Payments or USA Payment Systems processes transactions, and must have a financial institution sponsor the Company or USA Payments or USA Payment Systems with each network or gateway with which the Company or USA Payment Systems has an agreement that requires such a sponsor. The Company is required to have a financial institution perform settlement services in connection with the settlement of transactions processed through the services provided to the Company.

The agreement requires the Company to pay fixed monthly fees to USA Payments together with a per transaction fee based on the volume of transactions that processed under the agreement, subject to an annual minimum number of transactions. The fee is \$0.03 per transaction for up to 50 million transactions, \$0.025 per transaction for between 50 million and 100 million transactions, and \$0.001 per transaction for over 100 million transactions. The scale of per transaction fees and annual minimum number of transactions remain fixed for the term of the agreement. This agreement also requires the

During the year ended December 31, 2007, the Company incurred costs and expenses of \$4.4 million in connection with the provision of these services (exclusive of pass-through billing of expenses that USA Payments paid on the Company's behalf).

The Company's engagement of USA Payments and USA Payment Systems is exclusive within the gaming industry, such that neither USA Payments nor USA Payment Systems can, subject to limited exceptions, provide these services with respect to any third party's machines or devices used in the gaming industry, including without limitation machines or devices that provide cash access services to patrons of gaming establishments, but permits the Company to obtain these services from other providers. Although the Company is not required to seek stockholder approval of its selection of independent registered public accounting firm, the Board believes it to be sound corporate governance to do so. If the appointment is not ratified, the Board will investigate the reasons for stockholder rejection and will reconsider its selection of its independent registered public accounting firm. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the fiscal year if the Audit Committee determines that such a change would be in the Company's and its stockholders' best interests.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Objectives of Compensation Policies. The principal objective of the Company's executive compensation policies is to align the executives' incentives with the achievement of the Company's strategic goals, which are in turn designed to enhance stockholder value. In order to achieve that objective, the Company's executive compensation policies must help the Company attract and retain key personnel who possess the necessary leadership and management skills, motivate key employees to achieve specified goals and ensure that compensation provided to key employees is both fair and reasonable in light of performance and competitive with the compensation paid to executives of similarly situated companies.

The Compensation Committee has the responsibility to approve the overall compensation strategy, administer the Company's annual and long-term compensation plans, and make all decisions with respect to executive compensation. The Compensation Committee is responsible for establishing, implementing and continually monitoring adherence with the objectives described above.

Design of Compensation Policies. The Company's executive compensation policies are designed to reward executives in a manner that is proportionate to the achievement of, or performance above, established goals. These goals may be expressed in terms of Company-wide performance, operating segment performance or individual performance, and their achievement may be measured by either operating metrics or financial metrics. Although not preferred by the Compensation Committee, in certain cases, the achievement of goals may be subjective in nature. Where an individual executive has responsibility for a particular business segment, the performance goals of that individual are heavily weighted toward the operational performance of that business segment. Where an individual executive has broader corporate responsibility, the goals are tailored to his or her objectives for the period. Goals may be annual or longer term in nature; correspondingly, elements of compensation may be annual (i.e. base salaries and bonuses) or longer term in nature (i.e. stock-based compensation and incentives). For fiscal 2008, Company intends to administer a policy of rewarding executives with a cash bonus, approximately one half of which is tied to the performance of his or her functional area of responsibility and approximately one half of which is tied to the Company's earnings per share.

Elements of Executive Compensation. The Compensation Committee evaluates both performance and compensation to ensure that executive compensation is serving the objectives of attracting, retaining and motivating key executives. To that end, the Compensation Committee believes executive compensation packages provided by the Company to its key executives should include both cash and stock-based compensation and incentives. Under the Company's executive compensation policies, cash compensation consists of an annual base salaries and discretionary bonuses, and stock-based compensation and incentives are consist of stock options or awards of restricted stock.

Base Salaries and Bonuses . We want to provide our key executives with base salaries that provide an appropriate level of assured cash compensation that is sufficient to retain their services. The base salary of each executive officer is determined based upon his or her position, responsibility, qualifications and experience, and reflects consideration of both external comparison to available market data and internal comparison to other executive officers, as well as the individual performance of the executive in the prior period. Base salary amounts are initially determined through the recruitment process and are typically reconsidered annually as part of the Company's performance review process. The amounts of the base salaries paid to Messrs. Betts and Gresham and Ms. Lever are fixed pursuant to the terms of their written employment agreements with the Company. Amounts paid to named executive officers as base salaries are included in the column captioned "Salary (\$)" in the Summary Compensation Table below.

We believe that cash incentive bonuses can serve to motivate executive officers to address annual performance goals, using more immediate measures for performance than those reflected in the appreciation in value of stock-based compensation. In addition to earning base salaries, each of our named executive officers is eligible to receive a discretionary bonus in an amount determined by the Board. In the case of bonuses to be paid to named executive officers other than our chief executive officer, the amount of such bonuses are determined in consultation with the chief executive officer and other members of management. The Compensation Committee reviews and approves discretionary bonus amounts. The amounts of discretionary bonuses are most heavily influenced by the extent to which established goals are achieved or exceeded. In determining discretionary bonus amounts, the Board may take into account subjective considerations including the executive's level of responsibility, individual performance, contributions to the Company's success, Company performance,

market data and other factors such as competitive or retention concerns. Amounts paid to named executive officers as discretionary bonuses are included in the column captioned “Bonus (\$)” in the Summary Compensation Table below.

Stock-Based Compensation and Incentives . We believe that the award of stock-based compensation and incentives is an effective way of aligning the executives’ interests with the goal of enhancing stockholder value. To that end, stock options and awards of restricted stock may be granted to executives and other employees under the Company’s 2005 Stock Incentive Plan. The Compensation Committee is authorized to approve the grant of stock options and awards of restricted stock to employees other than executive officers within ranges prescribed by the Board. The approval of the Board is required for the grant of stock options or awards or restricted stock to executive officers or to employees other than executive officers if in excess of the ranges prescribed by the Board.

Because of the direct relationship between the value of an option or restricted stock award, on the one hand, and the stock price, on the other, we believe that stock options and restricted stock awards motivate executives to manage the Company’s business in a manner that is consistent with stockholder interests. Stock option and restricted stock grants are intended to focus the attention of the recipient on the Company’s long-term performance which we believe results in improved stockholder value. Through the grant of stock options and restricted stock grants that vest over time, we can align executives’ interests with the long-term interests of our stockholders who seek appreciation in the value of our common stock. To that end, the stock options and restricted stock awards that we grant to executives typically vest and become fully-exercisable over a four-year period, subject, in certain cases, to accelerated vesting upon the occurrence of certain events such as termination of employment without cause or changes in control of the Company. The grant of stock options and restricted stock awards also provides significant long-term earnings potential in a competitive market for executive talent.

In the past, we have typically granted stock options to executives shortly following the commencement of their employment, and restricted stock awards as part of our regular performance review process. Our policy is to award stock options with an exercise price equal to the closing price of our stock on the New York Stock Exchange on the date of grant. The principal factors considered in granting stock options or restricted stock awards to executives are prior performance, level of responsibility, the amounts of other compensation attainable by the executive and the executive’s ability to influence the Company’s long-term growth and profitability. However, the 2005 Stock Incentive Plan does not provide any quantitative method for weighing these factors and a decision to grant an award is primarily based upon a subjective evaluation of the past as well as anticipated future performance.

The compensation associated with stock options and restricted stock awards granted to named executive officers as are included in the Summary Compensation Table and other tables below.

Retirement Plans. We have established and maintain a retirement savings plan under Section 401(k) of the Internal Revenue Code of 1986 (the “Code”) to cover our eligible employees, including our executive officers. The Code allows eligible employees to defer a portion of their compensation, within prescribed limits, on a tax deferred basis through contributions to the 401(k) plan. Our 401(k) plan is intended to constitute a qualified plan under Section 401(a) of the Code and its associated trust is intended to be exempt from federal income taxation under Section 501(a) of the Code. We make contributions to the 401(k) plan for the benefit of certain executive officers.

Severance Benefits and Change in Control Payments . In order to retain the ongoing services of certain of the named executive officers, we have provided the assurance and security of severance benefits and change in control payments. As described more fully below under the caption “Employment Contracts, Termination of Employment and Change in Control Arrangements,” certain of the named executive officers are entitled to the payment of salary continuation and the payment of target bonus amounts in the event of the termination of employment without cause, payment of severance payments and tax “gross up” payments in the event of the termination of employment without cause within 12 months after a change in control of the Company and accelerated vesting of stock options and restricted stock awards in such events. Our employment agreements with such named executive officers also provide for continued health and other welfare benefits following termination of employment. We believe that these severance benefits and change in control payments reflect the fact that it may be difficult for such executives to find comparable employment within a short period of time, and that providing such benefits should eliminate, or at least reduce, the reluctance of senior executives to pursue potential change in control transactions that may be in the best interests of stockholders. We believe that these benefits are appropriate in size relative to the overall value of the Company.

Other Compensation Plans . The Company has adopted general employee benefit plan in which named executive officers are permitted to participate on parity with other employees. The named executive officers, together with other executives, are entitled to reimbursement of certain out-of-pocket payments incurred for health care.

Other Perquisites . We annual review the perquisites that our named executive officers receive. During 2007, we paid membership dues on behalf of Mr. Sears for a country club so that he has an appropriate entertainment forum for customers and potential customers. During 2007, we also paid certain expenses associated with the obtaining and maintenance of a work visa for Ms. Lever. These amounts are reflected in the column captioned “All Other Compensation (\$)” in the Summary Compensation Table below.

For each grant, one eighth of the options will vest after six months of service as a director, and the remainder will vest ratably in equal monthly installments over the succeeding forty-two months; provided, however, that the options will vest in their entirety upon a change of control of the Company. The options have a term of ten years. Following their first full year of service, non-employee directors that are not affiliated with a principal stockholder of the Company are typically granted additional options to purchase shares of the Company's Common Stock or awards of restricted shares of the Company's Common Stock under the Company's 2005 Stock Incentive Plan. Such options and restricted stock vest according to the same schedule as the initial grants.

The primary function of the Audit Committee is to assist the Board in fulfilling its oversight responsibilities by reviewing financial reports and other financial information provided by the Company to any governmental body or the public, the Company’s systems of internal controls regarding finance, accounting, legal compliance and ethics that management and the Board have established, and the Company’s auditing, accounting and financial reporting processes generally. The Audit Committee annually recommends to the Board the appointment of an independent registered public accounting firm to audit the consolidated financial statements and internal controls over financial reporting of the Company and meets with such personnel of the Company to review the scope and the results of the annual audits, the amount of audit fees, the Company’s internal controls over financial reporting, the Company’s consolidated financial statements in the Company’s Annual Report on Form 10-K and other related matters.

The Audit Committee has reviewed and discussed with management the consolidated financial statements for fiscal year 2007 audited by Deloitte & Touche LLP, the Company’s independent registered public accounting firm, and management’s assessment of internal controls over financial reporting. The Audit Committee has discussed with Deloitte & Touche LLP various matters related to the financial statements, including those matters required to be discussed by SAS 61. The Audit Committee has also received the written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1, and has discussed with Deloitte & Touche LLP its independence. Based upon such review and discussions, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2007 for filing with the Securities and Exchange Commission.

The Audit Committee and the Board also have recommended, subject to stockholder ratification, the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2008.
