Global Cash Access Announces Second Quarter 2006 Financial Results; Revenue of \$133.6 Million and Adjusted Diluted Cash EPS of \$0.16

LAS VEGAS--(BUSINESS WIRE)--Aug. 3, 2006--Global Cash Access Holdings, Inc. (NYSE:GCA) ("GCA" or the "Company") today announced financial results for the quarter ended June 30, 2006.

Statement about Accounting Terms

In order to enhance investor understanding of the underlying trends in our business and to provide for better comparability between periods in different years, the Company is providing adjusted results on a supplemental basis. Adjusted results in the second quarter of 2006 exclude:

- \$2.4 million of stock-based compensation expense;
- \$0.7 million of expenses associated with the secondary offering of common stock completed in May 2006; and
- \$0.2 million in settlement of a lawsuit with a former customer.

In addition, the Company uses certain non-GAAP measures of financial performance. Reconciliations between GAAP measures and non-GAAP measures and between actual results and adjusted results are provided at the end of this press release.

Summary Non-GAAP Results

For the quarter ended June 30, 2006, revenues were \$133.6 million, an increase of 18.8% over the \$112.5 million in revenues recorded in the same quarter last year. Adjusted Net Income was \$8.6 million in Q2 2006, an increase of 28.8% over net income of \$6.6 million in Q2 2005. Adjusted Cash Earnings, which reflect the amortization of the acquired goodwill realized in the Company's 2004 recapitalization transactions, were \$12.9 million in Q2 2006 as compared to \$10.6 million in Q2 2005, an increase of 21.5%. Adjusted Cash Earnings per diluted share were \$0.16 in Q2 2006 as compared to \$0.15 in Q2 2005. Adjusted EBITDA was \$25.9 million in Q2 2006, an increase of 7.1% from EBITDA of \$24.2 million in the same period in 2005. Adjusted figures in Q2 2006 exclude \$2.4 million of non-cash compensation expense (\$1.5 million after taxes), \$0.7 million of secondary offering expenses (\$0.7 million after taxes) and \$0.2 million of lawsuit settlement expenses (\$0.1 million after taxes).

"The second quarter of 2006 showed growth that was even better than we saw in the first quarter," commented Kirk Sanford, President and Chief Executive Officer of GCA. "At the same time, we made significant progress on our new initiatives. Our redemption kiosk platform is getting good traction, our EDITH kiosk was approved by GLI, and we launched our exciting new Arriva Card program. All these initiatives should continue to distinguish GCA as the product leader in cash access for gaming enterprises."

Second Quarter Results of Operations

Total revenues increased 18.8% from \$112.5 million in the second quarter of 2005 to \$133.6 million in the second quarter of 2006. Same store revenues for Cash Advance and ATM surcharge increased 12.4%.

The following is a comparison of selected revenue components for the second quarter of 2006 to the same period in 2005:

-- Cash advance revenues were up 19.3%, from \$57.9 million to \$69.1 million. Cash disbursed increased 19.9%, from \$1.15 billion to \$1.38 billion. The number of transactions increased 11.7%, from 2.3 million to 2.5 million. The average transaction amount increased from \$503.85 to \$540.94. The average fee declined from 5.05% to 5.03%. Average revenue per transaction increased 6.9% from \$25.43 to \$27.18.

-- ATM revenues increased 20.7%, from \$45.2 million to \$54.6 million. The number of transactions increased 15.4% from 14.7 million to 17.0 million. Cash disbursed was \$3.01 billion compared to \$2.45 billion, an increase of 22.7%. Average revenue per transaction increased 4.9% from \$3.07 to \$3.22.

-- Check services revenues were \$7.5 million, an increase of 10.8%. The face amount of checks warranted increased by 21.0%, from \$280.1 million to \$339.0 million. The number of check warranty transactions grew 8.2%, from 1.19 million to 1.29 million. The average face amount per check warranted grew from \$235.65 to \$263.51, an increase of 11.8%. The average check warranty fee declined from 2.27% to 2.11%. Average check warranty revenue per transaction increased 3.9% from \$5.35 to \$5.56.

-- Central Credit and other revenues declined 7.3%, from \$2.6 million to \$2.4 million.

Cost of revenues increased 24.1% in the quarter to \$94.3 million from \$76.0 million in the second quarter of 2005. Commissions, the largest component of cost of revenues, increased 26.2%. Interchange increased 20.9%, driven by the increase in cash advance volumes.

Gross margin (excluding depreciation and amortization) was 29.4% in the second quarter of 2006 as compared to 32.4% in the second quarter of 2005 and 29.6% in the first quarter of 2006.

Operating expenses increased 35.4% from \$12.3 million in the second quarter of 2005 to \$16.6 million in the current quarter. Operating expenses excluding non-cash compensation expense, secondary offering expenses and settlement expenses were \$13.4 million in the current quarter, an increase of 8.9%. Operating expenses (excluding the items just listed, where applicable) were essentially unchanged from the first quarter of 2006. Operating expenses in Q2 2006 included approximately \$0.5 million in start-up expenses related to Arriva.

Depreciation and amortization expense declined 24.6% from \$3.2 million in the second quarter of 2005 to \$2.4 million in the second quarter of 2006.

Interest income was \$868 thousand in Q2 2006, an increase of 379.6% from the comparable 2005 period.

Interest expense in the second quarter of 2006 was \$10.7 million as compared to \$10.8 million in the second quarter of 2005. Interest expense on the Company's borrowings declined \$1.9 million due to the lower level of outstanding indebtedness in the second quarter of 2006, offset by higher interest rates on the floating rate portion of that indebtedness. Interest expense on the Company's ATM funds increased 78.3% from \$2.2 million in Q2 2005 to \$4.0 million in Q2 2006, due primarily to increases in the LIBOR rate on which those funds are priced.

Income tax expense in the second quarter of 2006 was \$4.2 million as compared to \$3.7 million in the comparable quarter of 2005. The Company's provision in the second quarter of 2006 is based on an expected effective rate for all of 2006 of 37.9%. The increase in expected effective tax rate for the year from the prior quarter estimate is principally a result of the non-deductibility of the secondary offering expenses.

Balance Sheet

At June 30, 2006, the Company had cash and cash equivalents of \$58.6 million. Settlement receivables were \$24.9 million and settlement liabilities were \$26.8 million.

Total borrowings at June 30, 2006 were \$316.8 million, consisting of \$164.0 million of borrowings under the Company's senior secured credit facilities and \$152.8 million face amount of 8 3/4% senior subordinated notes. During the second quarter of 2006, the Company made a \$2.3 million mandatory repayment on the term loan component of its senior secured credit facilities.

The Company made investments in property, equipment and software of \$8.0 million and \$0.7 million during the three months ended June 30, 2006 and 2005, respectively. Investments in the 2006 period include ATM and other casino floor equipment as well as purchases of computer and communications hardware and software.

Financial Guidance

For fiscal 2006, the Company currently expects revenues in a range of \$530 million to \$540 million and Adjusted Diluted Cash Earnings per Share in a range of \$0.62 to \$0.64. Revisions from the previously issued guidance of \$0.64 - \$0.66 are due to 1) anticipated losses from the launch of the Arriva Card (\$0.01 per share) and 2) a revision in the forecast of gross margin (excluding depreciation and amortization) for the second half of the year from 30.0% to 29.5% (\$0.01 per share). The Company currently expects Q3 2006 revenue to be in a range of \$137 million to \$139 million and Adjusted Diluted Cash Earnings per Share in a range of \$0.15 to \$0.16.

Excluded from the Adjusted Diluted Cash Earnings per Share figures presented above are anticipated non-cash stock compensation expenses of

\$9.0 million for the full year and \$2.3 million for the third quarter.

This financial guidance is given as of the date hereof and is based on factors and circumstances known to the Company at this time. Such factors and circumstances may change, and such changes may have an impact on the Company's financial outlook. The Company is under no obligation to update its financial guidance.

Non-GAAP Financial Information

None of EBITDA, Adjusted EBITDA, Adjusted Net Income or Adjusted Cash Earnings is a measure of financial performance under United States generally accepted accounting principles ("GAAP"). Accordingly, none of them should be considered a substitute for net income, operating income or other income or cash flow data prepared in accordance with GAAP. The Company believes that EBITDA, Adjusted EBITDA, Adjusted Net Income and Adjusted Cash Earnings are widely-referenced financial measures in the financial markets. In addition, the Company has identified certain adjustments to its financial results that address income or expenses that the Company believes are unusual or non-recurring in nature. The Company believes that referencing EBITDA, Adjusted EBITDA, Adjusted Net Income and Adjusted Cash Earnings and identifying unusual or non-recurring items is helpful to investors. Reconciliations between GAAP and non-GAAP measures and between actual and adjusted financial results are presented elsewhere in this press release.
