PROXY STATEMENT

GENERAL INFORMATION

Why am I receiving these proxy materials?

The Board of Directors (the “Board”) of Global Cash Access Holdings, Inc., a Delaware corporation (the “Company”), is furnishing these proxy materials to you in connection with the Company’s 2009 annual meeting of stockholders (the “Annual Meeting”). The Annual Meeting will be held at the Green Valley Ranch Resort, Spa & Casino, 2300 Paseo Verde Drive, Henderson, Nevada 89052, on April 30, 2009 at 9:00 a.m., Pacific Daylight Time. You are invited to attend the Annual Meeting and are entitled and requested to vote on the proposals outlined in this proxy statement (“Proxy Statement”).

What proposals will be voted on at the Annual Meeting?

There are five proposals scheduled to be voted on at the Annual Meeting:

1. To elect two (2) Class I directors to serve until the 2012 annual meeting of stockholders and until their successors are elected and qualified.
2. To ratify the appointment of Deloitte & Touche LLP as the Company’s independent registered public accounting firm (hereinafter referred to as “independent auditors”) for the fiscal year ending December 31, 2009.
3. To consider and vote upon a proposed amendment to the Company’s Amended and Restated Certificate of Incorporation which will allow the Company to redeem shares of its capital stock that are owned by stockholders that are found to be unsuitable stockholders for gaming regulatory purposes.
4. To consider and vote upon proposed amendments to the Company’s 2005 Stock Incentive Plan to comply with the performance-based compensation exception to the deduction limit of Section 162(m) of the Internal Revenue Code of 1986, as amended.
5. If necessary, to adjourn the meeting to permit further solicitation of proxies if there are insufficient votes at the time of the meeting to approve the amendment to the Company’s Amended and Restated Certificate of Incorporation.
6. To consider such other business as may properly come before the Annual Meeting and any adjournment or postponement thereof.

As to any other business which may properly come before the Annual Meeting, the persons named on the enclosed proxy card will vote according to their best judgment. The Company does not know now of any other matters to be presented or acted upon at the Annual Meeting.

What are the recommendations of the Board?

The Board recommends that you vote “FOR” the election of the two (2) Class I directors, “FOR” the ratification of the appointment of Deloitte & Touche LLP as the Company’s independent auditors for the fiscal year ending December 31, 2009, “FOR” the proposed amendment to the Company’s Amended and Restated Certificate of Incorporation which will allow the Company to redeem shares of its capital stock that are owned by stockholders that are found to be unsuitable stockholders for gaming regulatory purposes, “FOR” the proposed amendments to the Company’s 2005 Stock Incentive Plan to comply with the performance-based compensation exception to the deduction limit of Section 162(m) of the Internal Revenue Code of 1986, as amended and “FOR” the adjournment of the meeting to permit further solicitation of proxies if there are insufficient votes at the time of the meeting to approve the proposed amendment to the Company’s Amended and Restated Certificate of Incorporation.

Management does not know of any matters to be presented at the Annual Meeting other than those set forth in this Proxy Statement and in the Notice accompanying this Proxy Statement, nor have we received notice of any matter by the deadline prescribed by SEC Rule 14a-4(c). Without limiting our ability to apply the advance notice provisions in our Amended and Restated Bylaws with respect to the procedures which must be followed for a matter to be properly presented at an annual meeting, if other matters should properly come before the meeting, the proxy holders will vote on such matters in accordance with their best judgment.

What is the record date and what does it mean?

The record date for the Annual Meeting is March 13, 2009. The record date is established by the Board as required by Delaware law. Holders of shares of the Company's common stock at the close of business on the record date are entitled to receive notice of the Annual Meeting and to vote at the Annual Meeting and any adjournments or postponements thereof.

What shares can I vote?

Each stockholder of the Company's common stock, par value \$0.001 per share ("Common Stock"), is entitled to one vote for each share of Common Stock owned as of the record date. Holders of Common Stock are referred to herein as "Stockholders."

At the record date, 76,937,863 shares of Common Stock were issued and outstanding. Shares held in treasury by the company are not treated as being issued or outstanding or entitled to vote.

What constitutes a quorum?

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares of Common Stock outstanding and entitled to vote on the record date will constitute a quorum permitting the Annual Meeting to conduct its business.

How are abstentions and broker non-votes treated?

Under the General Corporation Law of the State of Delaware, an abstaining vote and a broker non-vote are counted as present and are, therefore, included for purposes of determining whether a quorum of shares is present at the Annual Meeting.

A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have the discretionary voting instructions with respect to that item and has not received instructions from the beneficial owner. Under the rules that govern brokers who are voting with respect to shares held by them as nominee, brokers have the discretion to vote such shares only on routine matters. Routine matters include, among others, the election of directors and ratification of auditors.

Broker non-votes are not included in the tabulation of the voting results on the election of directors or issues requiring approval of a majority of the shares present or represented by proxy and entitled to vote at the Annual Meeting and, therefore, do not have an effect on Proposals 1, 2, 4 or 5. For the purpose of determining whether the Stockholders have approved matters other than the election of directors, abstentions are treated as shares present or represented and voting, so abstentions have the same effect as negative votes.

What is the voting requirement to approve each of the proposals?

Proposal 1 . The two (2) Class I director candidates receiving the greatest number of affirmative votes of the shares of Common Stock present in person, or represented by proxy, and entitled to vote at the Annual Meeting will be elected, provided a quorum is present and voting. Abstentions and broker non-votes will not be counted toward a nominee's total.

Proposal 2 . Ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm will require the affirmative vote of a majority of the shares of Common Stock present in person, or represented by proxy, and entitled to vote at the Annual Meeting. Broker non-votes will not be counted as having been voted on Proposal 2 and abstentions will have the same effect as votes against Proposal 2.

Proposal 3 . The amendment of the Company's Amended and Restated Certificate of Incorporation to allow the Company to redeem shares of its capital stock that are owned by stockholders that are found to be unsuitable stockholders for gaming regulatory purposes will require the affirmative vote of a majority of the outstanding shares of Common Stock of the Company. Broker non-votes and abstentions will have the same effect as votes against Proposal 3.

Proposal 4 . The amendments to the Company's 2005 Stock Incentive Plan to comply with the performance-based compensation exception to the deduction limit of Section 162(m) of the Internal Revenue Code of 1986, as amended will require the affirmative vote of a majority of the shares of Common Stock present in person, or represented by proxy, and entitled to vote at the Annual Meeting. Broker non-votes will not be counted as having been voted on Proposal 4 and abstentions will have the same effect as votes against Proposal 4.

Proposal 5 . If a quorum is not present at the Annual Meeting, or if an insufficient number of shares of the Company's Common Stock are voted in favor of the proposed amendment of the Company's Amended and Restated Certificate of Incorporation, the Company likely will propose to adjourn the Annual Meeting until a later time and/or date to allow time to solicit additional proxies needed to establish a quorum or additional votes needed to approve the proposed amendment. Proposal 5 will require the affirmative vote of a majority of the shares of Common Stock of the Company present in person, or represented by proxy, and entitled to vote at the Annual Meeting. Broker non-votes will not be counted as having been voted on Proposal 5 and abstentions will have the same effect as votes against Proposal 5.

All shares of Common Stock represented by valid proxies will be voted in accordance with the instructions contained therein. In the absence of instructions, proxies from holders of Common Stock will be voted FOR Proposals 1, 2, 3, 4 and 5.

How do I vote my shares?

You can either attend the Annual Meeting and vote in person or give a proxy to be voted at the Annual Meeting:

- by mailing the enclosed proxy card;
- over the telephone by calling a toll-free number; or
- electronically, using the Internet.

The Internet and telephone voting procedures have been set up for your convenience and are designed to authenticate Stockholders' identities, to allow Stockholders to provide their voting instructions, and to confirm that their instructions have been recorded properly. The Company believes the procedures which have been put in place are consistent with the requirements of applicable law. Specific instructions for Stockholders of record who wish to use the Internet or telephone voting procedures are set forth on the enclosed proxy card.

Who will tabulate the votes?

An automated system administered by Broadridge Financial Solutions, Inc. ("Broadridge") will tabulate votes cast by proxy at the Annual Meeting and a representative of the Company will tabulate votes cast in person at the Annual Meeting.

Is my vote confidential?

Proxy instructions, ballots and voting tabulations that identify individual Stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within the Company or to third parties, except (i) as necessary to meet applicable legal requirements, or (ii) to allow for the tabulation and/or certification of the vote.

Can I change my vote after submitting my proxy?

You may revoke your proxy at any time before the final vote at the Annual Meeting. You may do so by one of the following four ways:

- submitting another proxy card bearing a later date;
- sending a written notice of revocation to the Secretary of the Company at 3525 East Post Road, Suite 120, Las Vegas, Nevada 89120;
- submitting new voting instructions via telephone or the Internet; or
- attending AND voting in person at the Annual Meeting.

Who is paying for this proxy solicitation?

This proxy solicitation is being made by the Company. This Proxy Statement and the accompanying proxy were first sent by mail to the Stockholders on or about March 27, 2009. The Company will bear the cost of soliciting proxies, including preparation, assembly, printing and mailing of the Proxy Statement. In addition, the Company will reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners. The Company has engaged Georgeson, Inc. (“Georgeson”), a professional proxy solicitation firm, to assist in the solicitation of proxies using this Proxy Statement. The Company will pay Georgeson a cash fee not to exceed \$10,000 for its services, regardless of the results of its efforts, in addition to reimbursement of its out-of-pocket expenses. In addition, proxies may be solicited by certain of the Company’s directors, officers and regular employees, without additional compensation, either personally, by telephone, facsimile, or telegram.

How can I find out the voting results?

The Company will announce the preliminary results at the Annual Meeting and publish the final results in the Company’s Quarterly Report on Form 10-Q for the second quarter of fiscal 2009.

How do I receive electronic access to proxy materials for future annual meetings?

Stockholders can elect to view future proxy statements and annual reports over the Internet instead of receiving paper copies, which results in cost savings for the Company. If you are a Stockholder of record and would like to receive future Stockholder materials electronically, you can elect this option by following the instructions provided when you vote your proxy over the Internet at www.proxyvote.com.

If you chose to view future proxy statements and annual reports over the Internet, you will receive an e-mail notification next year with instructions containing the Internet address of those materials. Your choice to view future proxy statements and annual reports over the Internet will remain in effect until you contact either your broker or the Company to rescind your instructions. You do not have to elect Internet access each year.

If your shares are registered in the name of a brokerage firm, you still may be eligible to vote your shares electronically over the Internet. A large number of brokerage firms are participating in the Broadridge online program, which provides eligible Stockholders who receive a paper copy of this Proxy Statement the opportunity to vote via the Internet. If your brokerage firm is participating in Broadridge’s program, your proxy card will provide instructions for voting online. If your proxy card does not reference Internet information, please complete and return.

How can I avoid having duplicate copies of the proxy statements sent to my household?

Some brokers and other nominee record holders may be participating in the practice of “householding” proxy statements and annual reports, which results in cost savings for the Company. The practice of “householding” means that only one copy of the proxy statement and annual report will be sent to multiple Stockholders in a Stockholder’s household. The Company will promptly deliver a separate copy of either document to any Stockholder who contacts the Company’s Investor Relations department at 3525 East Post Road, Suite 120, Las Vegas, Nevada 89120 requesting such copies. If a Stockholder is receiving multiple copies of the proxy statement and annual report at the Stockholder’s household and would like to receive a single copy of those documents for a Stockholder’s household in the future, that Stockholder should contact their broker, other nominee record holder, or the Company’s investor relations department to request mailing of a single copy of the proxy statement and annual report.

When are stockholder proposals due for next year's annual meeting?

Requirements for Stockholder Proposals to be Brought Before an Annual Meeting. For stockholder proposals to be considered properly brought before an annual meeting by a stockholder, the stockholder must have given timely notice therefor in writing to the Secretary of the Company. To be timely for the Company's 2010 Annual Meeting of Stockholders, a stockholder's notice must be delivered to or mailed and received at the principal executive offices of the Company between December 31, 2009 and January 30, 2010. A stockholder's notice to the Secretary must set forth as to each matter the stockholder proposes to bring before the annual meeting (i) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting, (ii) the name and record address of the stockholder proposing such business, (iii) the class and number of shares of the Company which are beneficially owned by the stockholder, and (iv) any material interest of the stockholder in such business.

Requirements for Stockholder Proposals to be Considered for Inclusion in the Company's Proxy Materials. Stockholder proposals submitted pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the "Exchange Act") and intended to be presented at the Company's 2010 Annual Meeting of Stockholders must be received by the Company not later than November 27, 2009 in order to be considered for inclusion in the Company's proxy materials for that meeting.

PROPOSAL 1 ELECTION OF CLASS I DIRECTORS

Our Amended and Restated Certificate of Incorporation provides that the number of directors which shall constitute the Company's Board shall be exclusively fixed by resolutions adopted by a majority of the authorized directors constituting the Board. The Company's Bylaws state that the number of directors of the company shall be fixed in accordance with the Company's Certificate of Incorporation, then in existence. The authorized number of Directors of the Company is currently set at nine. Each Director will be elected to serve until his term has expired and until his successor has been duly elected and qualified. The Company's Amended and Restated Certificate of Incorporation and Bylaws provide that the Board shall be divided into three classes constituting the entire Board of Directors. The members of each class of directors serve staggered three-year terms. Three positions on the Board are expected to remain vacant at this time. The Board intends to fill one or more of these vacancies with one or more new directors with relevant gaming expertise. Currently, the Board is composed of the following six members:

The Nominating and Corporate Governance Committee of the Board has recommended, and the Board has nominated, the two nominees named below for election as Class I directors of the Company, each to serve a three-year term until the 2012 annual meeting of stockholders and until a qualified successor is elected or until the director's earlier resignation or removal. Each of the nominees, who are current directors of the Company, has consented, if elected as a Class I director of the Company, to serve until his term expires. The Board has no reason to believe that any of the nominees will not serve if elected, but if any one of them should become unavailable to serve as a director, and if the Board designates a substitute nominee, the persons named as proxies will vote for the substitute nominee designated by the Board.

A copy of the Compensation Committee charter can be viewed at the Company’s website at www.gcainc.com.

The Nominating and Corporate Governance Committee met two times in fiscal 2008. The Nominating and Corporate Governance Committee has the responsibility for, among other things:

- developing and recommending to the Board, and implementing a set of corporate governance principles and procedures;
- developing and recommending to the Board, and implementing and monitoring compliance with, a code of business conduct and ethics for directors, officers and employees, and promptly disclosing and waivers for directors or executive officers;
- assessing the adequacy of the code of business conduct and ethics and recommending any changes;
- assisting the Board in assessing Board composition, selecting nominees for election to the Board consistent with criteria approved by the Board, and advising the Board on each committee of the Board regarding member qualifications, committee appointments and removals, committee structure and operations and committee reporting;
- determining the compensation of members of the board and its committees;
- advising the Board on candidates for executive offices, and advising the Board on candidates for the position of Chairman of the Board and Chief Executive Officer; and
- establishing and monitoring a process of assessing the Board's effectiveness and overseeing the evaluation of the Board and management.

The Nominating and Corporate Governance Committee operates under a written charter setting forth the functions and responsibilities of the committee. A copy of the charter can be viewed at the Company's website at www.gcainc.com.

As provided in the charter of the Nominating and Corporate Governance Committee, nominations for director may be made by the Nominating and Corporate Governance Committee or by a Stockholder of record entitled to vote. The Nominating and Corporate Governance Committee will consider and make recommendations to the Board regarding any Stockholder recommendations for candidates to serve on the Board. Stockholders wishing to recommend candidates for consideration by the Nominating and Corporate Governance Committee may do so by writing to the Company's Investor Relations Department-Attention Nominating and Corporate Governance Committee at 3525 East Post Road, Suite 120, Las Vegas, Nevada 89120 providing the candidate's name, biographical data and qualifications, a document indicating the candidate's willingness to act if elected, and evidence of the nominating Stockholder's ownership of Company's stock at least 120 days prior to the next annual meeting to assure time for meaningful consideration by the Nominating and Corporate Governance Committee. There are no differences in the manner in which the Nominating and Corporate Governance Committee evaluates nominees for director based on whether the nominee is recommended by a Stockholder. The Company does not pay any third party to identify or assist in identifying or evaluating potential nominees.

In reviewing potential candidates for the Board, the Nominating and Corporate Governance Committee considers the individual's experience in the Company's industry, the general business or other experience of the candidate, the needs of the Company for an additional or replacement director, the personality of the candidate, the candidate's interest in the business of the Company, as well as numerous other subjective criteria. Of greatest importance is the individual's integrity, willingness to be involved and ability to bring to the Company experience and knowledge in areas that are most beneficial to the Company. The Board intends to continue to evaluate candidates for election to the Board on the basis of the foregoing criteria. A detailed description of the criteria used by the Nominating and Corporate Governance Committee in evaluating potential candidates may be found in the charter of the Nominating and Corporate Governance Committee which is posted on the Company's website at www.gcainc.com.

Director Independence

Under independence standards established by the Board, a director does not qualify as independent unless the Board affirmatively determines that the director does not have any material relationship with the Company, either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company. The Board considers such facts and circumstances as it deems relevant to the determination of director independent. To assist in making its determination regarding independence, the Board considers, at a minimum, the following categorical standards:

- A director who is an employee, or whose immediate family member is an executive officer, of the Company or any of its subsidiaries is not independent until three years after the end of such employment relationship;
- A director who receives, or whose immediate family member receives, more than \$120,000 per year in direct compensation from the Company or any of its subsidiaries, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is not independent until three years after he or she ceases to receive more than \$120,000 per year in such compensation;
- A director who is affiliated with or employed by, or whose immediate family member is affiliated with or employed in a professional capacity by, a present or former internal or external auditor of the Company or any of its subsidiaries is not “independent” until three years after the end of the affiliation or the employment or auditing relationship;
- A director who is employed, or whose immediate family member is employed, as an executive officer of another company where any of the Company’s or any of its subsidiaries present executives serve on that company’s compensation committee is not “independent” until three years after the end of such service or the employment relationship;
- A director who is an executive officer or an employee, or whose immediate family member is an executive officer, of a company (which does not include chartable entities) that makes payments to, or receives payments from, the Company or any of its subsidiaries for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1.0 million, or 2% of such other company’s consolidated gross revenues, is not “independent” until three years after falling below such threshold; and
- Any director that has a material relationship with the Company shall not be independent. Any relationship not required to be disclosed pursuant to Item 404 of Regulation S-K of the Securities Exchange Act of 1934, as amended, shall be presumptively not material. For relationships not covered by the preceding sentence, the determination of whether the relationship is material or not, and therefore whether the director would be independent or not, shall be made by the Board. The Company shall explain in the next proxy statement the basis for any board determination that a relationship is immaterial despite the fact that it does not meet the categorical standards of immateriality set forth above.

The Board has determined that the following directors have no material relationship with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company), and each is independent within the meaning of independence as set forth in the rules of the New York Stock Exchange: Patrick Olson, Charles J. Fitzgerald, E. Miles Kilburn, Geoff Judge and Fred C. Enlow.

The exercise price for these options is the fair market value of the Company's Common Stock at the close of the market on the day of the grant of the stock options. For each grant, one eighth of the options or restricted stock will vest after six months of service as a director, and the remainder will vest ratably in equal monthly installments over the succeeding forty-two months; provided, however, that the options or restricted stock will vest in their entirety upon a change of control of the Company. Maskatiya and Cucinotta were the sole owners and comprised that company's entire Board of Directors; USA Payment Systems, in which Messrs. Maskatiya and Cucinotta collectively held a 50% ownership interest and were two directors on that company's four member Board of Directors; and MCA Processing, LLC, in which Messrs. Through Central Credit, LLC, a wholly-owned subsidiary of Global Cash Access, Inc., the Company is a party to an agreement with Casino Credit Services, LLC, an entity that was wholly owned by M&C International for a portion of 2008. M&C International transferred all of its membership interests in Casino Credit Services, LLC to an unrelated party in 2008. The terms of the Company's agreements with each of these entities are summarized below. The Company may, in the future, attempt to acquire USA Payments, USA Payment Systems or MCA Processing, LLC. Any such acquisition may involve the Company making payments, directly or indirectly, to Messrs. Maskatiya and Cucinotta.

Infonox on the Web

Through October 2008, members of Mr. Maskatiya's family owned a majority ownership interest in Infonox on the Web and were two directors on the three member Board of Directors of Infonox on the Web. In November 2008, Infonox on the Web was acquired by Total System Services, Inc. The Company is a party to a Professional Services Agreement and a Technology Side Letter with Infonox on the Web pursuant to which Infonox on the Web develops, implements, maintains, hosts, operates, monitors and supports software for the Company on an as requested basis, including the transaction processing infrastructure upon which the Company's systems operate. This transaction processing infrastructure consists of a customized implementation of a generic reusable transaction processing infrastructure developed by Infonox on the Web. Infonox on the Web has retained ownership of the underlying generic transaction processing infrastructure, but has granted the Company a license, pursuant to the Software License Agreement described below, to use the generic transaction processing infrastructure during the term of the Professional Services Agreement. The Company possesses all ownership rights in the customized portions of the implementation of the generic transaction processing infrastructure that Infonox has developed exclusively for the Company under this agreement.

The Company's engagement of Infonox on the Web pursuant to the Professional Services Agreement is exclusive within the gaming industry such that Infonox on the Web may not perform any professional services with respect to machines or devices used in the gaming industry other than for the Company, except where those services are performed for non-gaming merchant operations conducted at establishments where gaming activity occurs for the purchase of or payment for goods or services other than money orders or gaming goods or services, subject to some conditions. The Company, on the other hand, is free to engage third parties to provide professional services to the Company, subject to Infonox on the Web's proprietary rights in the underlying generic transaction processing infrastructure and the limitations on the Company's ability to sublicense the Company's license rights therein to a third party during the term of the Software License Agreement with Infonox on the Web. In the event that the Company requires different or additional professional services or service levels with respect to the underlying generic transaction processing infrastructure or the customized implementation thereof that Infonox on the Web cannot or does not agree to provide then, pursuant to a Letter Agreement dated May 13, 2004 between USA Payment Systems, USA Payments, Infonox on the Web and the Company, the Company has the right to engage third-party professional service providers, sublicense to them rights in Infonox on the Web's proprietary technology that are licensed to the Company by Infonox on the Web under the Software License Agreement, and cause Infonox on the Web to cooperate with such third-party professional service providers to enable them to provide such professional services or service levels to the Company.

Under the agreement, the Company owns all work product, including the customized portions of the implementation of the generic transaction processing infrastructure produced by Infonox on the Web in the course of its provision of professional services to the Company, including all intellectual property rights therein. This agreement contains a service level guarantee by Infonox on the Web that the transaction processing infrastructure will be available to the Company and the Company's customers at least 99% of the time during any calendar month, subject to some exceptions. If Infonox fails to meet this service level guarantee during any calendar month, then the Company has the right, as the Company's sole and exclusive remedy for such a breach, to terminate these professional services upon notice to Infonox during the 30-day period following that breach. As of May 2004, the Company is obligated to pay Infonox on the Web a fixed fee of \$100,000 per month for the remainder of the term of these services, potentially subject to adjustments starting in January 2005, and to reimburse Infonox on the Web for some of the expenses it incurs in the performance of services for the Company. Under this agreement, Infonox on the Web's implementation, hosting, operation, maintenance and support of a majority of the Company's systems is scheduled to expire on March 10, 2014, but may be terminated upon certain types of breaches by either party, such as the Company's failure to pay fees owing to Infonox on the Web under the agreement or Infonox on the Web's breach of the service level agreement. The agreement requires Infonox on the Web to continue to provide services during a transition period not to exceed 90 days following termination of the agreement, if the Company so requests and regardless of the legal basis for such termination. During

the year ended December 31, 2008, the Company incurred costs and expenses of \$3.5 million in connection with these services.

Pursuant to a Software License Agreement and a Technology Side Letter with Infonox on the Web, the Company enjoys a royalty-free, worldwide right and license to use the generic transaction processing infrastructure described above, including its component software, hardware and related services, solely in connection with the Company's use of the customized implementation of the infrastructure which is hosted and operated by Infonox on the Web pursuant to the Professional Services Agreement. The Company's license to the generic transaction processing infrastructure is exclusive in the gaming industry such that Infonox on the Web may not grant any other licenses to the generic transactions processing infrastructure to any third party, or exercise any of its own rights in that technology except as agreed by the parties, for use with machines or devices used in the gaming industry. The agreement obligates Infonox on the Web to deposit into third-party escrow, and periodically update its deposit of, the source code to the underlying generic transaction processing infrastructure, and to provide the Company on an automatic basis with source code to any modifications made to customize the generic transaction processing infrastructure for the Company. The Company has rights to access the deposited source code under limited circumstances, such as Infonox on the Web ceasing to do business, entering into bankruptcy, discontinuing its hosting and operation of the customized implementation of the generic transaction processing infrastructure for the Company, or Infonox on the Web breaching specified obligations to the Company under the Professional Services Agreement or this Software License Agreement. The term of this agreement lasts at least as long as Infonox on the Web is contractually obligated to host and operate the customized implementation of the generic transaction processing infrastructure for the Company pursuant to the Professional Services Agreement, subject to the Company's right to continue using any software source code released from escrow prior to expiration of the Software License Agreement and the Company's rights to sublicense that source code to an alternative third-party provider of software services. Upon termination of this agreement, Infonox on the Web is obligated to cooperate in the Company's transition to such an alternative third-party provider if the Company so requests. In addition, upon the expiration of the Software License Agreement or in the event of Infonox on the Web's uncured material breach of either the Software License Agreement or the Professional Services Agreement, provided that the Company has not committed any uncured material breach of any material term of the Software License Agreement at any time during the term of that agreement, the Company will receive a non-exclusive, royalty-free, irrevocable, worldwide license to continue using the underlying generic transaction processing infrastructure, solely in its object code form at the time of such license grant, and to sublicense that code to specified other parties, including the Company's affiliates and third-party service providers solely for use in the gaming industry.

In early 2009, USA Payments provided written notice of termination of the agreement as a result of alleged breaches of the agreement by the Company. The Company disputes the alleged breaches. The Company is in the process of transitioning to an alternate electronic payment processor during a 180-day transition period.

During the year ended December 31, 2008, the Company incurred costs and expenses of \$3.2 million in connection with the provision of these services (exclusive of pass-through billing of expenses that USA Payments paid on the Company's behalf).

The Company's engagement of USA Payments and USA Payment Systems is exclusive within the gaming industry, such that neither USA Payments nor USA Payment Systems can, subject to limited exceptions, provide these services with respect to any third party's machines or devices used in the gaming industry, including without limitation machines or devices that provide cash access services to patrons of gaming establishments, but permits the Company to obtain these services from other providers. Deloitte & Touche LLP has served as the Company's independent registered public accounting firm since 2000 and has been appointed by the Board to continue as the Company's independent registered public accounting firm for the Company's fiscal year ending December 31, 2009. Although the Company is not required to seek stockholder approval of its selection of independent registered public accounting firm, the Board believes it to be sound corporate governance to do so. If the appointment is not ratified, the Board will investigate the reasons for stockholder rejection and will reconsider its selection of its independent registered public accounting firm. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the fiscal year if the Audit Committee determines that such a change would be in the Company's and its stockholders' best interests.

A representative of Deloitte & Touche LLP is expected to be present at the Annual Meeting. The representative will have an opportunity to make a statement if he or she desires to do so, although we do not expect him or her to do so. In making its recommendation to ratify the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2009, the Audit Committee has considered whether services other than audit and audit-related services provided by Deloitte & Touche LLP are compatible with maintaining the independence of Deloitte & Touche LLP.

PROPOSAL 3

AMENDMENT OF AMENDED AND RESTATED CERTIFICATE OF INCORPORATION

General Information and Securities Affected

The Board has unanimously approved and recommended the adoption of an amendment to the Company's Amended and Restated Certificate of Incorporation (the "Amendment") which will allow the Company to redeem shares of its capital stock that are owned by stockholders that are found to be unsuitable stockholders for gaming regulatory purposes.

Purpose of the Proposed Amendment

As a provider of cash access services to gaming establishments and their patrons, we are subject to a variety of gaming regulations in the jurisdictions in which we operate. In many of such jurisdictions, we are required to make certain filings with gaming regulatory authorities and obtain and maintain various licenses, permits, waivers or other gaming regulatory approvals in order to conduct our business. Gaming regulatory authorities have broad discretion and can require any of our officers, directors or stockholders to make certain filings, be investigated, and/or be subject to a determination of suitability. Absent unusual circumstances, gaming regulatory authorities rarely require less than 5% stockholders, in some jurisdictions, or less than 10% stockholders, in other jurisdictions, to make filings, be investigated and/or be subject to a determination of suitability. Generally, in order to obtain and maintain such licenses, permits, waivers or other gaming regulatory approvals, none of the Company's officers, directors or stockholders may be persons who are deemed unsuitable by a gaming regulatory authority. In the event that any of the Company's officers, directors or stockholders are deemed unsuitable by an applicable gaming regulatory authority, the Company may be unable to make all gaming regulatory filings that are required for the Company to conduct its business in any jurisdiction, the Company may be denied a license, permit, waiver or other gaming regulatory approval that is required for the Company to conduct its business in any jurisdiction, and any previously granted license, permit, waiver or other gaming regulatory approval that is required for the Company to conduct its business may be revoked, rescinded or terminated by any gaming regulatory authority.

In addition, the Company's contracts with many of its gaming establishment customers include or are deemed by statute to include gaming regulatory covenants that require the Company to make all gaming regulatory filings, to obtain and maintain all licenses, permits, waivers or other gaming regulatory approvals that are required for the Company to conduct its business, and/or to refrain from having any unsuitable persons as officers, directors or stockholders. These contracts provide the gaming establishment customers with the right to terminate the contracts in the event of a breach of these gaming regulatory compliance covenants.

Many corporations that provide services to gaming establishments and their patrons include provisions in their certificates of incorporation and/or bylaws to provide a means by which the corporation can divest an unsuitable stockholder of such stockholder's ownership interest in the corporation so that the corporation may continue to provide services to gaming establishments and their patrons.

To the Company's knowledge, during or prior to 2008, Messrs. Maskatiya and Cucinotta filed applications for certain gaming regulatory approvals with the Mississippi Gaming Commission (the "Mississippi Commission") in connection with their ownership of MCA Processing, LLC. Neither of these applications was filed in connection with their ownership of the Company's stock. At its December 18, 2008 meeting, the Mississippi Commission denied the applications of Messrs. Maskatiya and Cucinotta to be found suitable. Subsequently, Messrs. Maskatiya and Cucinotta filed a petition for reconsideration with the Mississippi Commission and commenced litigation against the Mississippi Commission in Mississippi state court. A Mississippi state court issued an order requiring the Mississippi Commission to provide Messrs. Maskatiya and Cucinotta with certain discovery regarding its denial of their applications to be found suitable, and prohibiting the Mississippi Commission from taking further action on such denial until such discovery has been completed. At its March 26, 2009 meeting, the Mississippi Commission reversed its position and granted Messrs. Maskatiya and Cucinotta permission to withdraw their applications for such suitability under the condition that they not apply for any gaming regulatory approvals from the Mississippi Commission for a four year period.

The purpose of Proposal 3 is to provide the Company with a means of protecting itself from having an unsuitable person as a stockholder by providing the Company with a right to redeem shares of its stock held by an unsuitable person. Under Section 151(b)(2) of the Delaware General Corporation Law, if a corporation's certificate of incorporation so provides, any stock of a corporation which holds (directly or indirectly) a license from a government agency to conduct its business, which license is conditioned upon some or all of the holders of its stock possessing prescribed qualifications, may be subject to redemption by the corporation to the extent necessary to prevent the loss of such license or to reinstate it.

Material Changes to the Capital Stock of the Company

A complete copy of the proposed Amendment is attached hereto as Exhibit A and the following description of the proposed Amendment is qualified in its entirety by reference to Exhibit A.

Effect on an Unsuitable Stockholder. The proposed Amendment provides the Company with the right, but not the obligation, to redeem any or all of the shares of its capital stock held by any person who has been determined to be unsuitable at the redemption price described below.

An “unsuitable person” is any person whose ownership of shares of the Company’s capital stock or whose failure to make application to seek licensure from or otherwise comply with the requirements of a gaming regulatory authority will result in the Company losing any license, permit, waiver or other gaming regulatory approval, or the Company being unable to reinstate a previously issued license, permit, waiver or other gaming regulatory approval, or the Company being unable to obtain a new license, permit, waiver or other gaming regulatory approval, in each case as determined by the Board, in its sole discretion, after consultation with legal counsel.

The redemption price shall be the average closing sales price per share during the thirty trading day period immediately preceding the date of the redemption notice, or if no such data is available, the fair market value per share as determined in good faith by the Board, unless a gaming regulatory authority requires that a different price be paid, in which case the redemption price shall be such different price. The redemption price may be paid in cash, by promissory note, or both. Generally, under Delaware law, the redemption price can only be paid out of “surplus,” i.e., the amount paid to redeem the shares cannot exceed the value of the Company’s net assets minus its stated capital (as determined under Delaware law).

If any portion of the redemption price is to be paid pursuant to a promissory note:

(a) such note will have a face amount equal to the portion of the redemption price for which the note is given (i.e., if the redemption price is \$1,000, and cash of \$250 is paid, the note shall have a face amount of \$750); and

(b) unless the Company agrees to different terms, the note will (i) be unsecured, (ii) have a term of five years, (iii) bear interest, compounded annually, at the prime rate of interest as published in the Wall Street Journal on the redemption date, and (iv) have such other terms as are determined by the Board, in its sole discretion, after consultation with a nationally recognized investment bank, to be customary and appropriate.

A redemption notice shall be delivered by the Company to the unsuitable stockholder and shall set forth: (i) the redemption date, (ii) the number of shares to be redeemed, (iii) the redemption price and the manner of payment therefore, (iv) the place where any certificates for redeemed shares shall be surrendered for payment, and (v) any other requirements for surrender of the certificates representing redeemed shares. The redemption notice shall be sent to the unsuitable stockholder not less than thirty trading days prior to the redemption date, except as otherwise provided below. The redemption notice may be conditional such that the Company need not redeem the shares on the redemption date if the Board determines that such redemption is no longer advisable or necessary. No shares held by an unsuitable stockholder may be voted following receipt of the redemption notice. However, if, prior to the redemption date, the shares are transferred such that they are owned entirely by persons who are not unsuitable stockholders, then such new holders may vote the shares and the Company may decide not to effect the redemption.

The redemption date shall be not less than thirty trading days from the date of the redemption notice unless a gaming regulatory authority requires that the shares be redeemed as of an earlier date, in which case, the redemption date shall be such earlier date, and the redemption notice shall be sent on the first day following the day on which the Company becomes apprised of such earlier redemption date.

From and after the redemption date, any and all rights of any nature which may be held by an unsuitable stockholder with respect to such person’s shares shall cease and, thereafter, the unsuitable stockholder shall be entitled only to receive the redemption price. The Company’s redemption right is unilateral. Unless an unsuitable stockholder otherwise disposes of his, her or its shares, such unsuitable stockholder cannot prevent the Company from exercising its redemption right. Following redemption, the Company could either hold such shares in treasury, retire such shares or resell such shares, in the open market or privately, pursuant to a registration statement or an exemption from registration.

Effect on the Company . If the Company exercises its right to redeem shares of its stock from an unsuitable stockholder, (i) the Company will be required to fund the redemption payment, which may be substantial in amount, from its existing cash resources, the incurrence of indebtedness in the form of a promissory note issued to the unsuitable stockholder or other sources of liquidity, (ii) the number of shares of capital stock outstanding will be reduced by the number of shares redeemed, and (iii) the Company cannot provide any assurance that the redemption will adequately address the concerns of any gaming regulatory authorities or enable the Company to make all required gaming regulatory filings or obtain and maintain all licenses, permits or other gaming regulatory approvals that are required to conduct its business. The Company cannot prevent an unsuitable person from acquiring or reacquiring shares of its capital stock, and can only address such unsuitability by exercising its redemption rights pursuant to the Amendment.

Notwithstanding the adoption of the proposed redemption provision, the Company may not be able to exercise its redemption rights in full or at all. The Company may be subject to contractual restrictions on its ability to redeem shares of its capital stock. For example, the Company's existing senior secured credit facility limits the Company's ability to make redemption payments to certain fixed dollar amounts plus a portion of excess cash flow, subject to compliance with certain leverage ratios and other covenants. In the event such restrictions prohibited the Company from exercising its redemption rights in part or in full, the Company would not be able to exercise its redemption rights absent a waiver of the restrictions by the requisite consent of members of the lending syndicate, which the Company may not be able to obtain on acceptable terms or at all.

In addition to contractual restrictions on the Company's ability to redeem shares, the Company may also be subject to contractual restrictions on the incurrence of additional indebtedness to finance a redemption. For example, the Company's existing senior secured credit facility restricts the Company's ability to incur additional indebtedness. In the event such restrictions prohibited the Company from issuing a promissory note necessary to finance a redemption, the Company would not be able to exercise its redemption rights without a waiver of the restrictions by the requisite consent of members of the lending syndicate, which the Company may not be able to obtain on acceptable terms or at all. As of February 28, 2009, Messrs. Maskatiya and Cucinotta collectively held 19,596,350 shares of our common stock, representing approximately 23.6 percent of our outstanding stock. At an assumed redemption price of \$3.91 per share, the closing price on March 18, 2009, the aggregate redemption price to be paid to redeem all of such stock would be \$76,621,729.

Vote Required

The affirmative vote of the holders of a majority of the outstanding shares of the Company's Common Stock on the record date is required to approve the proposed Amendment.

THE BOARD RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE PROPOSED AMENDMENT TO THE AMENDED AND RESTATED CERTIFICATE OF INCORPORATION

PROPOSAL 4

APPROVAL OF THE MATERIAL TERMS OF PERFORMANCE GOALS UNDER THE 2005 STOCK INCENTIVE PLAN

In January 2005, the Company adopted the 2005 Stock Incentive Plan (the "Plan"). The Plan was amended and restated by the Board on February 24, 2009, subject to stockholder approval, to revise the performance conditions upon which performance-based compensation under the Plan may be based and to set per person limits on the number of performance-based awards. As discussed below, Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), excludes from its limits on tax deductions income recognized from performance-based awards granted under a plan approved by stockholders. For a plan adopted prior to an initial public offering, approval of the material terms of the performance goals under the plan (which include both the performance conditions upon which performance-based awards under the plan may be based and the per person limits on the number of performance-based awards) must be approved by stockholders no later than the first stockholder meeting that occurs after three calendar years have elapsed following the year in which the initial public offering occurred. In the case of the Plan, the Company must obtain stockholder approval of these terms at the Annual Meeting in order to allow the Company to continue to deduct certain performance-based compensation under the Plan. Following this approval, stockholders will not have to re-approve the material terms of the performance goals for five years. If the stockholders do not approve this proposal, the Plan will remain in effect in its unamended form.

Material Terms of the Performance Goals

Section 162(m) of the Code exempts certain performance-based awards from the \$1 million limitation on the amount of compensation that may be deducted by a company in any year with respect to a company's chief executive officer and each of its three other most highly paid executive officers (excluding the chief financial officer). Section 162(m) requires the establishment of performance conditions under which performance-based compensation is paid and the annual per person limitation on the size of awards. The amended and restated Plan establishes these performance conditions and sets additional per person limits on the size of awards.

Eligibility

Awards other than incentive stock options may be granted to employees, directors and consultants of the Company. Incentive stock options may be granted only to employees of the Company or a parent or subsidiary of the Company.

Performance Conditions

Following stockholder approval of the amended and restated Plan, performance conditions on which the Plan administrator may condition the vesting or payment of performance-based awards under the Plan will be expanded to include: (i) revenue, (ii) gross margin, (iii) operating expense excluding depreciation and amortization and equity expense as a percentage of revenue, (iv) earnings before interest, taxes, depreciation and amortization, (v) earnings before interest and taxes, (vi) pre-tax income, (vii) net income from continuing operations, (viii) earnings per share from continuing operations, (ix) cash earnings per share from continuing operations, (x) return on assets, (xi) return on equity, (xii) return on invested capital, (xiii) leverage ratio, (xiv) fixed charge ratio, (xv) ATM cost, (xvi) new product introduction milestones, (xvii) trading price per share, (xviii) operating margin, (xix) gross margin, (xx) cash flow, (xxi) market share and (xxii) EBITDA adjusted to add back the impact of equity compensation expense.

Per Person Limits

Under the amended and restated Plan, the per person limitation on shares with respect to awards of options and stock appreciation rights granted within a fiscal year is 2,000,000 shares. In connection with the commencement of employment with the Company, a participant may be granted options and stock appreciation rights with respect to an additional 2,000,000 shares.

The per person limitation on shares with respect to awards of restricted stock and restricted stock units granted within a fiscal year, to the extent such awards are intended to be performance-based compensation, is 1,000,000 shares. In connection with the commencement of employment with the Company, a participant may be granted restricted stock and restricted stock units intended to be performance-based compensation with respect to an additional 1,000,000 shares.

New Plan Benefits

As of the date of this Proxy Statement, the Company has not granted any awards subject to stockholder approval of this Proposal 4. The benefits to be received in the future by the Company's executive officers, directors and employees pursuant to the amended and restated Plan are not determinable at this time.

THE BOARD RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE MATERIAL TERMS OF PERFORMANCE GOALS UNDER THE 2005 STOCK INCENTIVE PLAN

General Description of the Amended and Restated 2005 Stock Incentive Plan

A general description of the material terms of the amended and restated Plan is set forth below and is qualified in its entirety by the terms of the amended and restated Plan, a copy of which is attached to this Proxy Statement as Exhibit B and is incorporated herein by reference.

Purpose

The purpose of the Plan is to attract and retain the best available personnel, to provide additional incentives to employees, directors and consultants and to promote the success of the Company's business.

Types of Awards

The administrator is authorized to issue the following awards under the Plan: stock options, stock appreciation rights, restricted stock, restricted stock units or dividend equivalent rights. The administrator may offer two or more awards in any combination.

Shares Reserved for Issuance

3,841,615 shares of common stock were initially reserved for the grant of stock options and other equity incentive awards under the Plan. On the first business day of each fiscal year, annual increases are added to the Plan equal to the lesser of: (A) 3% of all outstanding shares of Company common stock immediately prior to such increase, (B) a lesser amount determined by the Board, or (C) 3,800,000 shares. As of February 28, 2009, an aggregate of 13,747,786 shares of common stock for the grant of stock options and other equity incentive awards were reserved under the Plan, an aggregate of 14,678,052 shares of common stock had been issued pursuant to stock options and other equity incentive awards under the Plan and an aggregate of 1,595,609 shares of common stock remained available for grants of additional awards.

Administration

The Plan may be administered by the Board or a committee thereof. Presently, the Plan is administered by the Board in consultation with the Compensation Committee. The administrator has the authority to select individuals who are to receive options or other equity incentive awards under the Plan and to specify the terms and conditions of options or other equity incentive awards granted (including whether or not such options are incentive or non-qualified stock options), the vesting provisions, the term and the exercise price. The Plan provides that the Company may grant incentive stock options within the meaning of Section 422 of the Code to employees, including officers and employee directors, and the Company may grant non-qualified stock options to employees and consultants, including non-employee directors.

Terms and Conditions of Awards

The exercise price of incentive stock options granted under the Plan equals the fair market value of Company common stock on the date of grant (except in the case of grants to any person holding more than 10% of the total combined voting power of all classes of Company stock, or any of its parent's or subsidiaries' stock, in which case the exercise price shall equal 110% of the fair market value on the date of grant). The exercise price of non-qualified stock options shall not be less than 85% of the fair market value on the date of grant (except as determined by the administrator). Optionees may pay for an exercise in cash or other consideration, including a promissory note, as approved by the administrator.

Unless otherwise provided by the administrator, an award granted under the Plan generally expires 10 years from the date of grant (five years in the case of an incentive stock option granted to any person holding more than 10% of the total combined voting power of all classes of the Company's stock, or any of its parent's or subsidiary's, stock). Awards terminate following the participant's termination of employment, death or disability as provided in the participant's award agreement. In addition, awards granted under the Plan are not generally transferable by the participant except by will or the laws of descent and distribution and generally are exercisable during the lifetime of the participant only by such participant.

In the event the Company merges with or into another corporation or disposes of all or substantially all of its assets, or in the event of other transactions in which the Company's stockholders before the transaction own less than 50% of the total combined voting power of all the Company's outstanding securities after the transaction, all outstanding awards under the Plan will terminate unless they are assumed or equivalent awards are substituted by the successor corporation or any of its parents or subsidiaries, unless an individual award agreement provides otherwise.

Adjustment Provisions

The maximum number of shares of common stock authorized for issuance, the maximum number of shares of common stock with respect to which options, stock appreciation rights, restricted stock and restricted stock units may be granted to any participant in any fiscal year of the Company, the exercise or purchase price of each outstanding award, as well as any other terms that the administrator determines require adjustment shall be proportionately adjusted for any increase or decrease in the number of issued shares of common stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Company's common stock, any other increase or decrease in the number of issued shares of common stock without receipt of consideration by the Company, or as the administrator may determine in its discretion, any other transaction with respect to common stock including a corporate merger, consolidation acquisition of property or stock, separation (including a spin-off or other distribution of stock or property), reorganization, liquidation (whether partial or complete) or any similar transaction.

Amendment and Termination of the 2005 Stock Incentive Plan

The Board may at any time amend, suspend or terminate the Plan; provided, however, that no such action shall adversely affect any rights under awards already granted to a participant. In addition, no amendment of the Plan shall be made without the approval of the Company's stockholders to the extent necessary to comply with applicable provisions of federal securities laws, state corporate and securities laws, the Code or the rules of any applicable stock exchange or national market system.

Certain Federal Tax Consequences

The following summary of the federal income tax consequences of transactions under the Plan is based upon federal income tax laws in effect on the date of this Proxy Statement. This summary does not purport to be complete, and does not discuss, state, local or non-U.S. tax consequences.

Non-Qualified Stock Options

The grant of non-qualified stock options under the Plan does not result in any federal income tax consequences to the participant or to the Company. Upon exercise of a non-qualified stock option, the participant is subject to income taxes at the rate applicable to ordinary income on the difference between the exercise price and the fair market value of the shares on the date of exercise. This income is subject to withholding for federal income and employment tax purposes. The Company is entitled to an income tax deduction in the amount of the income recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as the Company withholds the appropriate taxes with respect to such income (if required) and the participant's total compensation is deemed reasonable in amount. Any gain or loss on the participant's subsequent disposition of the shares of common stock will receive long or short-term capital gain or loss treatment, depending on whether the shares are held for more than one year following exercise. The Company does not receive a tax deduction for any such gain.

Absent special limitations on exercisability, in the event a non-qualified stock option is granted with an exercise price that is below fair market value or is amended in certain respects, such option may be considered deferred compensation and subject to the rules of Section 409A of the Code, which provide rules regarding the timing of payment of deferred compensation. An option subject to Section 409A of the Code which fails to comply with the rules of Section 409A can result in the acceleration of income recognition, an additional 20% tax obligation on the recipient, plus potential penalties and interest.

Incentive Stock Options

The grant of incentive stock options under the Plan will not result in any federal income tax consequences to the participant or to the Company. A participant recognizes no federal taxable income upon exercise of incentive stock options (subject to the alternative minimum tax rules discussed below), and the Company receives no deduction at the time of exercise. In the event of a disposition of shares of common stock acquired upon exercise of incentive stock options, the tax consequences depend upon how long the participant held the shares of common stock. If the participant does not dispose of the shares within two years after the incentive stock option was granted, nor within one year after the incentive stock option was exercised, the participant will recognize a long-term capital gain (or loss) equal to the difference between the sale price of the shares and the exercise price. The Company is not entitled to any deduction under these circumstances.

If the participant fails to satisfy either of the foregoing holding periods, he or she must recognize ordinary income in the year of the disposition (referred to as a “disqualifying disposition”). The amount of such ordinary income generally is the lesser of: (i) the difference between the amount realized on the disposition and the exercise price or (ii) the difference between the fair market value of the stock on the exercise date and the exercise price. Any gain in excess of the amount taxed as ordinary income will be treated as a long or short-term capital gain, depending on whether the stock was held for more than one year. The Company, in the year of the disqualifying disposition, is entitled to a deduction equal to the amount of ordinary income recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as the participant’s total compensation is deemed reasonable in amount.

The “spread” under an incentive stock option (i.e., the difference between the fair market value of the shares at exercise and the exercise price) is classified as an item of adjustment in the year of exercise for purposes of the alternative minimum tax. If a participant’s alternative minimum tax liability exceeds such participant’s regular income tax liability, the participant will owe the larger amount of taxes. In order to avoid the application of alternative minimum tax with respect to incentive stock options, the participant must sell the shares during the same calendar year in which the incentive stock options were exercised. However, such a sale of shares within the same year of exercise will constitute a disqualifying disposition, as described above.

In the event an incentive stock option is amended in certain respects, such option may be considered deferred compensation and subject to the rules of Section 409A of the Code. An option subject to Section 409A of the Code which fails to comply with the rules of Section 409A can result in the acceleration of income recognition, an additional 20% tax obligation on the recipient, plus potential penalties and interest. In addition, the amendment of an incentive stock option may convert the option from an incentive stock option to a non-qualified stock option.

Restricted Stock

The grant of restricted stock subjects the recipient to ordinary income equal to the difference between the amount paid for such restricted stock and the fair market value of the shares of restricted stock on the date that the restrictions lapse. This income is subject to withholding for federal income and employment tax purposes. The Company is entitled to an income tax deduction in the amount of the ordinary income recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code and so long as the Company withholds the appropriate taxes with respect to such income (if required) and the recipient’s total compensation is deemed reasonable in amount. Any gain or loss on the recipient’s subsequent disposition of the shares will receive long or short-term capital gain or loss treatment depending on how long the stock has been held since the restrictions lapsed. The Company does not receive a tax deduction for any such gain.

Recipients of restricted stock may make an election under Section 83(b) of the Code to recognize as ordinary compensation income in the year that such restricted stock is granted the amount equal to the difference between the amount paid for such restricted stock and the fair market value on the date of the issuance of such restricted stock. If such an election is made, the recipient recognizes no further amounts of compensation income upon the lapse of any restrictions and any gain or loss on subsequent disposition is considered long or short-term capital gain to the recipient. The Section 83(b) election must be made within 30 days from the time the restricted stock is issued.

Restricted Stock Units

Recipients of restricted stock units generally should not recognize income until such units are converted into cash or shares of stock. Upon conversion, the recipient will normally recognize taxable ordinary income for federal income tax purposes equal to the amount of cash and fair market value of the shares, if any, received upon such conversion. Recipients who are employees will be subject to withholding for federal income and employment tax purposes with respect to income recognized upon conversion of the restricted stock units. Participants will recognize gain upon the disposition of any shares received upon conversion of the restricted stock units equal to the excess of (i) the amount realized on such disposition over (ii) the ordinary income recognized with respect to such shares under the principles set forth above. That gain will be taxable as long or short-term capital gain depending on whether the shares were held for more than one year. The Company will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the recipient, subject to possible limitations imposed by section 162(m) of the Code and so long as the Company withholds the appropriate taxes with respect to such income (if required) and the recipient's total compensation is deemed reasonable in amount.

Restricted stock units also can be considered non-qualified deferred compensation and subject to Section 409A of the Code. A grant of restricted stock units that does not meet the requirements of Code Section 409A can result in the acceleration of income recognition, an additional 20% tax obligation on the recipient, plus penalties and interest.

Stock Appreciation Rights

Recipients of stock appreciation rights generally do not recognize income until the stock appreciation rights are exercised (assuming there is no ceiling on the value of the right). Upon exercise, the participant normally recognizes taxable ordinary income for federal income tax purposes equal to the amount of cash and the fair market value the shares, if any, received upon such exercise. Recipients who are employees will be subject to withholding for federal income and employment tax purposes with respect to income recognized upon exercise of a stock appreciation right. Recipients will recognize gain upon the disposition of any shares received on exercise of a stock appreciation right equal to the excess of (i) the amount realized on such disposition over (ii) the ordinary income recognized with respect to such shares under the principles set forth above. That gain will be taxable as long or short-term capital gain depending on whether the shares were held for more than one year. The Company will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code and so long as the Company withholds the appropriate taxes with respect to such income (if required) and the recipient's total compensation is deemed reasonable in amount.

A stock appreciation right can be considered non-qualified deferred compensation and subject to Section 409A of the Code. A stock appreciation right that does not meet the requirements of Code Section 409A can result in the acceleration of income recognition, an additional 20% tax obligation on the recipient, plus penalties and interest.

Dividend Equivalent Rights

Recipients of stock-based awards that earn dividend equivalent rights will recognize ordinary income on any dividend payments received with respect to unvested and/or unexercised shares subject to such awards, which income is subject to withholding for federal income and employment tax purposes. The Company is entitled to an income tax deduction in the amount of the income recognized by a participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as the Company withholds the appropriate taxes with respect to such income (if required) and the individual's total compensation is deemed reasonable in amount.

PROPOSAL 5

ADJOURNMENT

In the event that the Company does not have sufficient votes to approve and adopt the Amendment at the Annual Meeting, the Company intends to adjourn the meeting to permit further solicitation of proxies.

If a quorum is not present at the Annual Meeting, or if an insufficient number of shares of the Company's Common Stock are voted in favor of the Amendment, the Company likely will propose to adjourn the Annual Meeting until a later time and/or date to allow time to solicit additional proxies needed to establish a quorum or additional votes needed to approve the Amendment. In that event, either the chair of the meeting will adjourn the meeting or a proposal would be submitted to voting by the stockholders represented at the Annual Meeting to adjourn the Annual Meeting and reconvene it at a later date.

If you vote in favor of this proposal, you will authorize the proxy holders to vote your shares in favor of one or more adjournments of the Annual Meeting to allow additional time to solicit votes needed to approve the Amendment. Abstentions and broker non-votes will have the effect of a vote against Proposal 3.

If the Company adjourns the Annual Meeting, the Company will not give notice of the time and place of the adjourned meeting other than by an announcement of such time and place at the Annual Meeting unless the adjournment is for more than 30 days.

Vote Required

The holders of a majority of the shares which are present at the Annual Meeting, either in person or represented by proxy, may approve an adjournment of the Annual Meeting.

THE BOARD RECOMMENDS A VOTE "FOR" THE ADJOURNMENT PROPOSAL

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Objectives of Compensation Policies. The principal objective of the Company's executive compensation policies is to align the executives' incentives with the achievement of the Company's strategic goals, which are in turn designed to enhance stockholder value. In order to achieve that objective, the Company's executive compensation policies must help the Company attract and retain key personnel who possess the necessary leadership and management skills, motivate key employees to achieve specified goals and ensure that compensation provided to key employees is both fair and reasonable in light of performance and competitive with the compensation paid to executives of similarly situated companies.

The Compensation Committee has the responsibility to approve the overall compensation strategy, administer the Company's annual and long-term compensation plans, and make all decisions with respect to executive compensation. The Compensation Committee is responsible for establishing, implementing and continually monitoring adherence with the objectives described above.

Design of Compensation Policies. The Company's executive compensation policies are designed to reward executives in a manner that is proportionate to the achievement of, or performance above, established goals. These goals may be expressed in terms of Company-wide performance, operating segment performance or individual performance, and their achievement may be measured by either operating metrics or financial metrics. Although not preferred by the Compensation Committee, in certain cases, the achievement of goals may be subjective in nature. Where an individual executive has responsibility for a particular business segment, the performance goals of that individual are heavily weighted toward the operational performance of that business segment. Where an individual executive has broader corporate responsibility, the goals are tailored to his or her objectives for the period. Goals may be annual or longer term in nature; correspondingly, elements of compensation may be annual (i.e. base salaries and bonuses) or longer term in nature (i.e. stock-based compensation and incentives). For fiscal 2009, Company intends to administer a policy of rewarding executives with a cash bonus, approximately one half of which is tied to the performance of his or her functional area of responsibility and approximately one half of which is tied to the Company's revenue and cash earnings per share.

Elements of Executive Compensation. The Compensation Committee evaluates both performance and compensation to ensure that executive compensation is serving the objectives of attracting, retaining and motivating key executives, including the senior key executive officers identified in the Summary Compensation Table below (the "Named Executive Officers"). To that end, the Compensation Committee believes executive compensation packages provided by the Company to its key executives should include both cash and stock-based compensation and incentives. Under the Company's executive compensation policies, cash compensation consists of an annual base salaries and bonuses, and stock-based compensation and incentives are consist of stock options or awards of restricted stock.

Base Salaries and Bonuses . We want to provide our key executives with base salaries that provide an appropriate level of assured cash compensation that is sufficient to retain their services. The base salary of each executive officer is determined based upon his or her position, responsibility, qualifications and experience, and reflects consideration of both external comparison to available market data and internal comparison to other executive officers, as well as the individual performance of the executive in the prior period. Base salary amounts are initially determined through the recruitment process and are typically reconsidered annually as part of the Company's performance review process. The amounts of the base salaries paid to Messrs. Betts and Gresham and Ms. Lever and Ms. Ellis are fixed pursuant to the terms of their written employment agreements with the Company. Amounts paid to named executive officers as base salaries are included in the column captioned "Salary (\$)" in the Summary Compensation Table below.

We believe that cash incentive bonuses can serve to motivate executive officers to address annual performance goals, using more immediate measures for performance than those reflected in the appreciation in value of stock-based compensation. In addition to earning base salaries, each of our named executive officers is eligible to receive a bonus in an amount based upon performance criteria mutually agreed upon by the executive and Board. In the case of bonuses to be paid to named executive officers other than our chief executive officer, the amount of such bonuses are determined in consultation with the chief executive officer and other members of management. The Compensation Committee reviews and approves bonus amounts. The amounts of bonuses are most heavily influenced by the extent to which established goals are achieved or exceeded. In determining bonus amounts, the Board may take into account subjective considerations including the executive's level of responsibility, individual performance, contributions to the Company's success, Company performance, market data and other factors such as competitive or retention concerns. For example, bonuses paid to executive officers in respect of fiscal 2008 performance were based upon the following: approximately 50% of the amount of each bonus was based on the achievement of targets personal to the recipient, apporoximately 25% of the amount of each bonus was based on the Company's achievement of a revenue target and approximately 25% of the amount of each bonus was based upon the Company's achievement of an earnings before interest, taxes, depreciation and amortization target. The bonuses paid to executive officers in respect of 2008 performance were in an aggregate amount equal to 89% of the aggregate amount of target bonuses for such executives. Amounts paid to named executive officers as bonuses are included in the column captioned "Non-Equity Incentive Plan Compensation (\$)" in the Summary Compensation Table below.

Stock-Based Compensation and Incentives . We believe that the award of stock-based compensation and incentives is an effective way of aligning the executives' interests with the goal of enhancing stockholder value. To that end, stock options and awards of restricted stock may be granted to executives and other employees under the Company's 2005 Stock Incentive Plan. The Compensation Committee is authorized to approve the grant of stock options and awards of restricted stock to employees other than executive officers within ranges prescribed by the Board. The approval of the Board is required for the grant of stock options or awards or restricted stock to executive officers or to employees other than executive officers if in excess of the ranges prescribed by the Board.

Because of the direct relationship between the value of an option or restricted stock award, on the one hand, and the stock price, on the other, we believe that stock options and restricted stock awards motivate executives to manage the Company's business in a manner that is consistent with stockholder interests. Stock option and restricted stock grants are intended to focus the attention of the recipient on the Company's long-term performance which we believe results in improved stockholder value. Through the grant of stock options and restricted stock grants that vest over time, we can align executives' interests with the long-term interests of our stockholders who seek appreciation in the value of our common stock. To that end, the stock options and restricted stock awards that we grant to executives typically vest and become fully-exercisable over a four-year period, subject, in certain cases, to accelerated vesting upon the occurrence of certain events such as termination of employment without cause or changes in control of the Company. The grant of stock options and restricted stock awards also provides significant long-term earnings potential in a competitive market for executive talent.

In the past, we have typically granted stock options to executives shortly following the commencement of their employment, and restricted stock awards as part of our regular performance review process. Our policy is to award stock options with an exercise price equal to the closing price of our stock on the New York Stock Exchange on the date of grant. The principal factors considered in granting stock options or restricted stock awards to executives are prior performance, level of responsibility, the amounts of other compensation attainable by the executive and the executive's ability to influence the Company's long-term growth and profitability. However, the 2005 Stock Incentive Plan does not provide any quantitative method for weighing these factors and a decision to grant an award is primarily based upon a subjective evaluation of the past as well as anticipated future performance.

The compensation associated with stock options and restricted stock awards granted to named executive officers as are included in the Summary Compensation Table and other tables below.

Retirement Plans. We have established and maintain a retirement savings plan under Section 401(k) of the Internal Revenue Code of 1986 (the "Code") to cover our eligible employees, including our executive officers. The Code allows eligible employees to defer a portion of their compensation, within prescribed limits, on a tax deferred basis through contributions to the 401(k) plan. Our 401(k) plan is intended to constitute a qualified plan under Section 401(a) of the Code and its associated trust is intended to be exempt from federal income taxation under Section 501(a) of the Code. We make contributions to the 401(k) plan for the benefit of certain executive officers.

Severance Benefits and Change in Control Payments . In order to retain the ongoing services of certain of the named executive officers, we have provided the assurance and security of severance benefits and change in control payments. As described more fully below under the caption "Employment Contracts, Termination of Employment and Change in Control Arrangements," certain of the named executive officers are entitled to the payment of salary continuation and the payment of target bonus amounts in the event of the termination of employment without cause, payment of severance payments and tax "gross up" payments in the event of the termination of employment without cause within 12 months after a change in control of the Company and accelerated vesting of stock options and restricted stock awards in such events. Our employment agreements with such named executive officers also provide for continued health and other welfare benefits following termination of employment. We believe that these severance benefits and change in control payments reflect the fact that it may be difficult for such executives to find comparable employment within a short period of time, and that providing such benefits should eliminate, or at least reduce, the reluctance of senior executives to pursue potential change in control transactions that may be in the best interests of stockholders. We believe that these benefits are appropriate in size relative to the overall value of the Company.

Other Compensation Plans . The Company has adopted general employee benefit plan in which named executive officers are permitted to participate on parity with other employees. The named executive officers, together with other executives, are entitled to reimbursement of certain out-of-pocket payments incurred for health care.

Other Perquisites. We annually review the perquisites that our named executive officers receive. During 2008, the Company paid for executive housing for Mr. Betts and his family in the aggregate amount of \$14,000. During 2008, Mr. Gresham received perquisites in the aggregate of \$136,168 which included (i) tax gross-up payments related to his signing bonus in the aggregate amount of \$65,911, (ii) relocation expenses in the aggregate amount of 38,588, (iii) tax gross-up payments related to relocation expenses in the aggregate amount of \$19,879 and (iv) the Company paid for executive housing for Mr. Gresham and his family in the aggregate amount of \$11,800. These amounts are reflected in the column captioned “All Other Compensation (\$)” in the Summary Compensation Table below.

Pension Benefits in 2008

Nonqualified Deferred Compensation in 2008

During the fiscal year ended December 31, 2008, there were no defined contribution or other plans that provide for the deferral of compensation on a basis that is not tax-qualified to any Named Executive Officer.

We have established and maintained a retirement savings plan under Section 401(k) of the Internal Revenue Code of 1986, or the Code, to cover our eligible employees. The Code allows eligible employees to defer a portion of their compensation, within prescribed limits, on a tax deferred basis through contributions to the 401(k) plan. Our 401(k) plan is intended to constitute a qualified plan under Section 401(a) of the Code and its associated trust is intended to be exempt from federal income taxation under Section 501(a) of the Code. During fiscal 2008, we made matching contributions on behalf of the Named Executive Officers as described in the Summary Compensation Table set forth above and the related footnotes thereto.

Director Compensation in 2008

All non-employee directors received an annual fee of \$20,000. In addition, each member of the Company's Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee that was independent, within the meaning of the applicable rules of the New York Stock Exchange received an additional annual fee of \$5,000 and the chairman of the Company's Audit Committee received a further additional annual fee of \$5,000. In addition, each non-employee director that was not affiliated with a principal stockholder of the Company was granted, upon the director's initial appointment to the Board, an option to purchase 100,000 shares of the Company's Common Stock under the Company's 2005 Stock Incentive Plan. The exercise price for these options was the fair market value of the Company's Common Stock at the time of the grant of the stock options. For each grant, one eighth of the options are to vest after six months of service as a director, and the remainder will vest ratably in equal monthly installments over the succeeding forty-two months; provided, however, that the options will vest in their entirety upon a change of control of the Company. The options have a term of ten years. Following their first full year of service, non-employee directors are typically granted additional options to purchase shares of the Company's Common Stock or awards of restricted shares of the Company's Common Stock under the Company's 2005 Stock Incentive Plan. Such options and restricted stock vest according to the same schedule as the initial grants.

2. The last paragraph of Article IV of the Amended and Restated Certificate of Incorporation of the Corporation is amended and restated to read in its entirety as follows:

Subject to Article X, each outstanding share of Common Stock shall entitle the holder thereof to one vote on each matter properly submitted to the stockholders of the Corporation for their vote; *provided, however*, that, except as otherwise required by law, holders of Common Stock shall not be entitled to vote on any amendment to this Amended and Restated Certificate of Incorporation (including any certificate of designation filed with respect to any series of Preferred Stock) that relates solely to the terms of one or more outstanding series of Preferred Stock if the holders of such affected series are entitled, either separately or together as a class with the holders of one or more other such series, to vote thereon by law or pursuant to this Amended and Restated Certificate of Incorporation (including any certificate of designation filed with respect to any series of Preferred Stock).

3. The following Article X is added to the Amended and Restated Certificate of Incorporation of the Corporation:

ARTICLE X

COMPLIANCE WITH GAMING LAWS

A. REDEMPTION.

1. Redemption of Shares of an Unsuitable Person. At the option of the Corporation, any or all shares of any class or series of stock of the Corporation (“Shares”) owned by an Unsuitable Person may be redeemed by the Corporation for the Redemption Price out of funds lawfully available on the Redemption Date. Shares redeemable pursuant to this Section A.1. shall be redeemable at any time and from time to time pursuant to the terms hereof.

2. Partial Redemption. In the case of a redemption of only some of the shares owned by a stockholder, the Board of Directors shall select the Shares to be redeemed, by lot or in any other manner determined in good faith by the Board of Directors.

3. Redemption Notice. In the case of a redemption pursuant to Section A.1. of this ARTICLE X, the Corporation shall send a written notice to the holder of the Shares called for redemption (the “Redemption Notice”), which shall set forth: (a) the Redemption Date, (b) the number of Shares to be redeemed on the Redemption Date, (c) the Redemption Price and the manner of payment therefor, (d) the place where any certificates for such Shares shall be surrendered for payment, duly endorsed in blank or accompanied by proper instruments of transfer, and (e) any other requirements of surrender of the certificates (if any) representing the Shares to be redeemed.

4. Method of Payment of Redemption Price. The Redemption Price may be paid in cash, by promissory note, or both, as required by any Gaming Authority and, if not so required, as the Corporation elects. If any portion of the Redemption Price is to be paid pursuant to a promissory note: (a) such note will have a face amount equal to the portion of the Redemption Price for which the note is given (i.e., if the Redemption Price is \$1,000, and cash of \$250 is paid, the note shall have a face amount of \$750), and (b) unless the Corporation agrees to different terms, the note will (i) be unsecured, (ii) have a term of five years, (iii) bear interest, compounded annually, at the prime rate of interest as published in the Wall Street Journal on the Redemption Date, provided that if the Wall Street Journal ceases to publish the prime rate, the Corporation will reasonably determine a substitute method for determining the prime rate, and (iv) have such other terms as are determined to be customary and appropriate by the board, in its sole discretion, after consultation with a nationally recognized investment bank.

B. RIGHTS OF HOLDERS OF SHARES. On and after the date of a Redemption Notice, any Unsuitable Person owning Shares called for redemption shall cease to have any voting rights with respect to such Shares and, on and after the Redemption Date specified therein, such holder shall cease to have any rights whatsoever with respect to such Shares other than the right to receive the Redemption Price, without interest, on the Redemption Date; provided, however, that if any such Shares come to be owned solely by persons other than Unsuitable Persons, such persons may exercise voting rights of such Shares, and the Corporation may determine, in its discretion, not to redeem such Shares.

C. NOTICES. All notices given by the corporation to holders of shares pursuant to this ARTICLE X, including the redemption notice, shall be in writing and shall be deemed given when delivered by personal service, overnight courier or first-class mail, postage prepaid, to the holder's address as shown on the Corporation's books and records.

D. NON-EXCLUSIVITY OF RIGHTS. The Corporation's right to redeem shares pursuant to this ARTICLE X shall not be exclusive of any other rights the Corporation may have or hereafter acquire under any agreement, any provision of this Amended and Restated Certificate of Incorporation or the Bylaws of the Corporation or otherwise with respect to the acquisition by the Corporation of shares or any restrictions on holders thereof.

E. SEVERABILITY. In the event that any provision (or portion of a provision) of this ARTICLE X or the application thereof becomes or is declared by a court of competent jurisdiction to be illegal, void or unenforceable, the remainder of this ARTICLE X (including the remainder of such provision, as applicable) will continue in full force and effect.

F. DEFINITIONS. For purposes of this ARTICLE X, the following terms shall have the meanings specified below:

4. This Certificate of Amendment has been duly adopted by the Board of Directors and stockholders of the Corporation in accordance with Section 242 of the General Corporation Law of the State of Delaware.

(nn) “ Subsidiary ” means a “subsidiary corporation”, whether now or hereafter existing, as defined in Section 424(f) of the Code.

3. Stock Subject to the Plan .

(a) Subject to the provisions of Section 10, below, the maximum aggregate number of Shares which may be issued pursuant to all Awards (including Incentive Stock Options) is 3,841,615 Shares, plus an annual increase to be added on the first business day of each fiscal year beginning with the fiscal year commencing on January 1, 2006 equal to three percent (3%) of the number of Shares outstanding as of such date or a lesser number of Shares determined by the Administrator. Notwithstanding the foregoing, subject to the provisions of Section 10, below, of the number of Shares specified above, the maximum aggregate number of Shares available for grant of Incentive Stock Options shall be 3,800,000 Shares, plus an annual increase to be added on the first day of each fiscal year beginning with the fiscal year commencing on January 1, 2006 equal to the lesser of (x) 3,800,000 Shares, (y) three percent (3%) of the number of Shares outstanding as of such date, or (z) a lesser number of Shares determined by the Administrator. The Shares to be issued pursuant to Awards may be authorized, but unissued, or reacquired Common Stock.

(b) Any Shares covered by an Award (or portion of an Award) which is forfeited, canceled or expires (whether voluntarily or involuntarily) shall be deemed not to have been issued for purposes of determining the maximum aggregate number of Shares which may be issued under the Plan. Shares that actually have been issued under the Plan pursuant to an Award shall not be returned to the Plan and shall not become available for future issuance under the Plan, except that if unvested Shares are forfeited or repurchased by the Company, such Shares shall become available for future grant under the Plan. To the extent not prohibited by the listing requirements of The Nasdaq National Market (or other established stock exchange or national market system on which the Common Stock is traded) and Applicable Law, any Shares covered by an Award which are surrendered (i) in payment of the Award exercise or purchase price or (ii) in satisfaction of tax withholding obligations incident to the exercise of an Award shall be deemed not to have been issued for purposes of determining the maximum number of Shares which may be issued pursuant to all Awards under the Plan, unless otherwise determined by the Administrator.

4. Administration of the Plan.

(a) Plan Administrator.

(i) Administration with Respect to Directors and Officers. With respect to grants of Awards to Directors or Employees who are also Officers or Directors of the Company, the Plan shall be administered by (A) the Board or (B) a Committee designated by the Board, which Committee shall be constituted in such a manner as to satisfy the Applicable Laws and to permit such grants and related transactions under the Plan to be exempt from Section 16(b) of the Exchange Act in accordance with Rule 16b-3. Once appointed, such Committee shall continue to serve in its designated capacity until otherwise directed by the Board.

(ii) Administration With Respect to Consultants and Other Employees. With respect to grants of Awards to Employees or Consultants who are neither Directors nor Officers of the Company, the Plan shall be administered by (A) the Board or (B) a Committee designated by the Board, which Committee shall be constituted in such a manner as to satisfy the Applicable Laws. Once appointed, such Committee shall continue to serve in its designated capacity until otherwise directed by the Board.

(iii) Administration With Respect to Covered Employees. Notwithstanding the foregoing, grants of Awards to any Covered Employee intended to qualify as Performance-Based Compensation shall be made only by a Committee (or subcommittee of a Committee) which is comprised solely of two or more Directors eligible to serve on a committee making Awards qualifying as Performance-Based Compensation. In the case of such Awards granted to Covered Employees, references to the "Administrator" or to a "Committee" shall be deemed to be references to such Committee or subcommittee.

(iv) Officer Authorization to Grant Awards. The Board may authorize one or more Officers to grant Awards subject to such limitations as the Board determines from time to time.

(b) Multiple Administrative Bodies. The Plan may be administered by different bodies with respect to Directors, Officers, Consultants, and Employees who are neither Directors nor Officers.

(c) Powers of the Administrator. Subject to Applicable Laws and the provisions of the Plan (including any other powers given to the Administrator hereunder), and except as otherwise provided by the Board, the Administrator shall have the authority, in its discretion:

(i) to select the Employees, Directors and Consultants to whom Awards may be granted from time to time hereunder;

(ii) to determine whether and to what extent Awards are granted hereunder;

(iii) to determine the number of Shares or the amount of other consideration to be covered by each Award granted hereunder;

(iv) to approve forms of Award Agreements for use under the Plan;

(v) to determine the terms and conditions of any Award granted hereunder;

(vi) to grant Awards to Employees, Directors and Consultants employed outside the United States on such terms and conditions different from those specified in the Plan as may, in the judgment of the Administrator, be necessary or desirable to further the purpose of the Plan;

(vii) to amend the terms of any outstanding Award granted under the Plan, provided that (A) any amendment that would adversely affect the Grantee's rights under an outstanding Award shall not be made without the Grantee's written consent, (B) the reduction of the exercise price of any Option awarded under the Plan shall be subject to stockholder approval and (C) canceling an Option at a time when its exercise price exceeds the Fair Market Value of the underlying Shares, in exchange for another Option, Restricted Stock, or other Award shall be subject to stockholder approval, unless the cancellation and exchange occurs in connection with a Corporate Transaction.

(viii) to construe and interpret the terms of the Plan and Awards, including without limitation, any notice of award or Award Agreement, granted pursuant to the Plan; and

(ix) to take such other action, not inconsistent with the terms of the Plan, as the Administrator deems appropriate.

(d) Indemnification. In addition to such other rights of indemnification as they may have as members of the Board or as Officers or Employees of the Company or a Related Entity, members of the Board and any Officers or Employees of the Company or a Related Entity to whom authority to act for the Board, the Administrator or the Company is delegated shall be defended and indemnified by the Company to the extent permitted by law on an after-tax basis against all reasonable expenses, including attorneys' fees, actually and necessarily incurred in connection with the defense of any claim, investigation, action, suit or proceeding, or in connection with any appeal therein, to which they or any of them may be a party by reason of any action taken or failure to act under or in connection with the Plan, or any Award granted hereunder, and against all amounts paid by them in settlement thereof (provided such settlement is approved by the Company) or paid by them in satisfaction of a judgment in any such claim, investigation, action, suit or proceeding, except in relation to matters as to which it shall be adjudged in such claim, investigation, action, suit or proceeding that such person is liable for gross negligence, bad faith or intentional misconduct; provided, however, that within thirty (30) days after the institution of such claim, investigation, action, suit or proceeding, such person shall offer to the Company, in writing, the opportunity at the Company's expense to defend the same.

5. Eligibility. Awards other than Incentive Stock Options may be granted to Employees, Directors and Consultants. Incentive Stock Options may be granted only to Employees of the Company or a Parent or a Subsidiary of the Company. An Employee, Director or Consultant who has been granted an Award may, if otherwise eligible, be granted additional Awards. Awards may be granted to such Employees, Directors or Consultants who are residing in non-U.S. jurisdictions as the Administrator may determine from time to time.

6. Terms and Conditions of Awards.

(a) Types of Awards. The Administrator is authorized under the Plan to award any type of arrangement to an Employee, Director or Consultant that is not inconsistent with the provisions of the Plan and that by its terms involves or might involve the issuance of (i) Shares, (ii) cash or (iii) an Option, a SAR, or similar right with a fixed or variable price related to the Fair Market Value of the Shares and with an exercise or conversion privilege related to the passage of time, the occurrence of one or more events, or the satisfaction of performance criteria or other conditions. Such awards include, without limitation, Options, SARs, sales or bonuses of Restricted Stock, Restricted Stock Units or Dividend Equivalent Rights, and an Award may consist of one such security or benefit, or two (2) or more of them in any combination or alternative.

(b) Designation of Award. Each Award shall be designated in the Award Agreement. In the case of an Option, the Option shall be designated as either an Incentive Stock Option or a Non-Qualified Stock Option. However, notwithstanding such designation, an Option will qualify as an Incentive Stock Option under the Code only to the extent the \$100,000 dollar limitation of Section 422(d) of the Code is not exceeded. The \$100,000 limitation of Section 422(d) of the Code is calculated based on the aggregate Fair Market Value of the Shares subject to Options designated as Incentive Stock Options which become exercisable for the first time by a Grantee during any calendar year (under all plans of the Company or any Parent or Subsidiary of the Company). For purposes of this calculation, Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of the Shares shall be determined as of the grant date of the relevant Option.

(c) Conditions of Award. Subject to the terms of the Plan, the Administrator shall determine the provisions, terms, and conditions of each Award including, but not limited to, the Award vesting schedule, repurchase provisions, rights of first refusal, forfeiture provisions, form of payment (cash, Shares, or other consideration) upon settlement of the Award, payment contingencies, and satisfaction of any performance criteria. The performance criteria established by the Administrator may be based on any one of, or combination of, the following: (i) revenue, (ii) gross margin, (iii) operating expense excluding depreciation and amortization and equity expense as a percentage of revenue, (iv) earnings before interest, taxes, depreciation and amortization, (v) earnings before interest and taxes, (vi) pre-tax income, (vii) net income from continuing operations, (viii) earnings per share from continuing operations, (ix) cash earnings per share from continuing operations, (x) return on assets, (xi) return on equity, (xii) return on invested capital, (xiii) leverage ratio, (xiv) fixed charge ratio, (xv) ATM cost, (xvi) new product introduction milestones, (xvii) trading price per share, (xviii) operating margin, (xix) gross margin, (xx) cash flow, (xxi) market share and (xxii) EBITDA adjusted to add back the impact of equity compensation expense. The performance criteria may be applicable to the Company, Related Entities and/or any individual

business units of the Company or any Related Entity. Partial achievement of the specified criteria may result in a payment or vesting corresponding to the degree of achievement as specified in the Award Agreement. In addition, the performance criteria shall be calculated in accordance with generally accepted accounting principles, but excluding the effect (whether positive or negative) of any change in accounting standards and any extraordinary, unusual or nonrecurring item, as determined by the Administrator, occurring after the establishment of the performance criteria applicable to the Award intended to be performance-based compensation. Each such adjustment, if any, shall be made solely for the purpose of providing a consistent basis from period to period for the calculation of performance criteria in order to prevent the dilution or enlargement of the Grantee's rights with respect to an Award intended to be performance-based compensation.

(d) Acquisitions and Other Transactions. The Administrator may issue Awards under the Plan in settlement, assumption or substitution for, outstanding awards or obligations to grant future awards in connection with the Company or a Related Entity acquiring another entity, an interest in another entity or an additional interest in a Related Entity whether by merger, stock purchase, asset purchase or other form of transaction.

(e) Deferral of Award Payment. The Administrator may establish one or more programs under the Plan to permit selected Grantees the opportunity to elect to defer receipt of consideration upon exercise of an Award, satisfaction of performance criteria, or other event that absent the election would entitle the Grantee to payment or receipt of Shares or other consideration under an Award. The Administrator may establish the election procedures, the timing of such elections, the mechanisms for payments of, and accrual of interest or other earnings, if any, on amounts, Shares or other consideration so deferred, and such other terms, conditions, rules and procedures that the Administrator deems advisable for the administration of any such deferral program.

(f) Separate Programs. The Administrator may establish one or more separate programs under the Plan for the purpose of issuing particular forms of Awards to one or more classes of Grantees on such terms and conditions as determined by the Administrator from time to time.

(g) Individual Limitations on Awards.

(i) Individual Option and SAR Limit. The maximum number of Shares with respect to which Options and SARs may be granted to any Grantee in any fiscal year of the Company shall be 2,000,000 Shares. In connection with a Grantee's commencement of Continuous Service, a Grantee may be granted Options and SARs for up to an additional 2,000,000 Shares which shall not count against the limit set forth in the previous sentence. The foregoing limitations shall be adjusted proportionately in connection with any change in the Company's capitalization pursuant to Section 10, below. To the extent required by Section 162(m) of the Code or the regulations thereunder, in applying the foregoing limitations with respect to a Grantee, if any Option or SAR is canceled, the canceled Option or SAR shall continue to count against the maximum number of Shares with respect to which Options and SARs may be granted to the Grantee. For this purpose, the repricing of an Option (or in the case of a SAR, the base amount on which the stock appreciation is calculated is reduced to reflect a reduction in the Fair Market Value of the Common Stock) shall be treated as the cancellation of the existing Option or SAR and the grant of a new Option or SAR.

(ii) Individual Limit for Restricted Stock and Restricted Stock Units . For awards of Restricted Stock and Restricted Stock Units that are intended to be Performance-Based Compensation, the maximum number of Shares with respect to which such Awards may be granted to any Grantee in any fiscal year shall be one million (1,000,000) Shares. In connection with a Grantee's commencement of Continuous Service, a Grantee may be granted Awards of Restricted Stock and Restricted Stock Units for up to an additional 1,000,000 Shares which shall not count against the limit set forth in the previous sentence. The foregoing limitations shall be adjusted proportionately in connection with any change in the Company's capitalization pursuant to Section 10, below.

(h) Early Exercise . The Award Agreement may, but need not, include a provision whereby the Grantee may elect at any time while an Employee, Director or Consultant to exercise any part or all of the Award prior to full vesting of the Award. Any unvested Shares received pursuant to such exercise may be subject to a repurchase right in favor of the Company or a Related Entity or to any other restriction the Administrator determines to be appropriate.

(i) Term of Award . The term of each Award shall be the term stated in the Award Agreement, provided, however, that the term of an Incentive Stock Option shall be no more than ten (10) years from the date of grant thereof. However, in the case of an Incentive Stock Option granted to a Grantee who, at the time the Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary of the Company, the term of the Incentive Stock Option shall be five (5) years from the date of grant thereof or such shorter term as may be provided in the Award Agreement. Notwithstanding the foregoing, the specified term of any Award shall not include any period for which the Grantee has elected to defer the receipt of the Shares or cash issuable pursuant to the Award.

(j) Transferability of Awards . Incentive Stock Options may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Grantee, only by the Grantee. Non-Qualified Stock Options and other Awards shall be transferable (i) by will or by the laws of descent and distribution and (ii) during the lifetime of the Grantee, to the extent and in the manner authorized by the Administrator. Notwithstanding the foregoing, the Grantee may designate one or more beneficiaries of the Grantee's Award in the event of the Grantee's death on a beneficiary designation form provided by the Administrator.

(k) Time of Granting Awards . The date of grant of an Award shall for all purposes be the date on which the Administrator makes the determination to grant such Award, or such other later date as is determined by the Administrator.

7. Award Exercise or Purchase Price, Consideration and Taxes .

(a) Exercise or Purchase Price . The exercise or purchase price, if any, for an Award shall be as follows:

(i) In the case of an Incentive Stock Option:

(A) granted to an Employee who, at the time of the grant of such Incentive Stock Option owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary of the Company, the per Share exercise price shall be not less than one hundred ten percent (110%) of the Fair Market Value per Share on the date of grant; or

(B) granted to any Employee other than an Employee described in the preceding paragraph, the per Share exercise price shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(ii) In the case of a Non-Qualified Stock Option, the per Share exercise price shall be not less than eighty-five percent (85%) of the Fair Market Value per Share on the date of grant unless otherwise determined by the Administrator.

(iii) In the case of Awards intended to qualify as Performance-Based Compensation, the exercise or purchase price, if any, shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(iv) In the case of other Awards, such price as is determined by the Administrator.

(v) Notwithstanding the foregoing provisions of this Section 7(a), in the case of an Award issued pursuant to Section 6(d), above, the exercise or purchase price for the Award shall be determined in accordance with the provisions of the relevant instrument evidencing the agreement to issue such Award.

(b) Consideration . Subject to Applicable Laws, the consideration to be paid for the Shares to be issued upon exercise or purchase of an Award including the method of payment, shall be determined by the Administrator. In addition to any other types of consideration the Administrator may determine, the Administrator is authorized to accept as consideration for Shares issued under the Plan the following provided that the portion of the consideration equal to the par value of the Shares must be paid in cash or other legal consideration permitted by the Delaware General Corporation Law:

(i) cash;

(ii) check;

(iii) delivery of Grantee's promissory note with such recourse, interest, security, and redemption provisions as the Administrator determines as appropriate (but only to the extent that the acceptance or terms of the promissory note would not violate an Applicable Law);

(iv) surrender of Shares or delivery of a properly executed form of attestation of ownership of Shares as the Administrator may require which have a Fair Market Value on the date of surrender or attestation equal to the aggregate exercise price of the Shares as to which said Award shall be exercised, provided, however, that Shares acquired under the Plan or any other equity compensation plan or agreement of the Company must have been held by the Grantee for a period of more than six (6) months (and not used for another Award exercise by attestation during such period);

(v) with respect to Options, payment through a broker-dealer sale and remittance procedure pursuant to which the Grantee (A) shall provide written instructions to a Company designated brokerage firm to effect the immediate sale of some or all of the purchased Shares and remit to the Company sufficient funds to cover the aggregate exercise price payable for the purchased Shares and (B) shall provide written directives to the Company to deliver the certificates for the purchased Shares directly to such brokerage firm in order to complete the sale transaction; or

(vi) any combination of the foregoing methods of payment.

The Administrator may at any time or from time to time, by adoption of or by amendment to the standard forms of Award Agreement described in Section 4(c)(iv), or by other means, grant Awards which do not permit all of the foregoing forms of consideration to be used in payment for the Shares or which otherwise restrict one or more forms of consideration.

(c) Taxes. No Shares shall be delivered under the Plan to any Grantee or other person until such Grantee or other person has made arrangements acceptable to the Administrator for the satisfaction of any non-U.S., federal, state, or local income and employment tax withholding obligations, including, without limitation, obligations incident to the receipt of Shares. Upon exercise or vesting of an Award the Company shall withhold or collect from Grantee an amount sufficient to satisfy such tax obligations, including, but not limited to, by surrender of the whole number of Shares covered by the Award sufficient to satisfy the minimum applicable tax withholding obligations incident to the exercise or vesting of an Award.

8. Exercise of Award.

(a) Procedure for Exercise; Rights as a Stockholder

(i) Any Award granted hereunder shall be exercisable at such times and under such conditions as determined by the Administrator under the terms of the Plan and specified in the Award Agreement.

(ii) An Award shall be deemed to be exercised when written notice of such exercise has been given to the Company in accordance with the terms of the Award by the person entitled to exercise the Award and full payment for the Shares with respect to which the Award is exercised has been made, including, to the extent selected, use of the broker-dealer sale and remittance procedure to pay the purchase price as provided in Section 7(b)(v).

(b) Exercise of Award Following Termination of Continuous Service .

(i) An Award may not be exercised after the termination date of such Award set forth in the Award Agreement and may be exercised following the termination of a Grantee's Continuous Service only to the extent provided in the Award Agreement.

(ii) Where the Award Agreement permits a Grantee to exercise an Award following the termination of the Grantee's Continuous Service for a specified period, the Award shall terminate to the extent not exercised on the last day of the specified period or the last day of the original term of the Award, whichever occurs first.

(iii) Any Award designated as an Incentive Stock Option to the extent not exercised within the time permitted by law for the exercise of Incentive Stock Options following the termination of a Grantee's Continuous Service shall convert automatically to a Non-Qualified Stock Option and thereafter shall be exercisable as such to the extent exercisable by its terms for the period specified in the Award Agreement.

9. Conditions Upon Issuance of Shares .

(a) Shares shall not be issued pursuant to the exercise of an Award unless the exercise of such Award and the issuance and delivery of such Shares pursuant thereto shall comply with all Applicable Laws, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

(b) As a condition to the exercise of an Award, the Company may require the person exercising such Award to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required by any Applicable Laws.

10. Adjustments Upon Changes in Capitalization . Subject to any required action by the stockholders of the Company, the number of Shares covered by each outstanding Award, and the number of Shares which have been authorized for issuance under the Plan but as to which no Awards have yet been granted or which have been returned to the Plan, the exercise or purchase price of each such outstanding Award, the maximum number of Shares with respect to which Options and SARs may be granted to any Grantee in any fiscal year of the Company, as well as any other terms that the Administrator determines require adjustment shall be proportionately adjusted for (i) any increase or decrease in the number of issued Shares resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Shares, or similar transaction affecting the Shares, (ii) any other increase or decrease in the number of issued Shares effected without receipt of consideration by the Company, or (iii) as the Administrator may determine in its discretion, any other transaction with respect to Common Stock including a corporate merger, consolidation, acquisition of property or stock, separation (including a spin-off or other distribution of stock or property), reorganization, liquidation (whether partial or complete) or any similar transaction; provided, however that conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration." Such adjustment shall be made by the Administrator and its determination shall be final, binding and conclusive. Except as the Administrator determines, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason hereof shall be made with respect to, the number or price of Shares subject to an Award.

11. Corporate Transactions and Changes in Control .

(a) Termination of Award to Extent Not Assumed in Corporate Transaction . Effective upon the consummation of a Corporate Transaction, all outstanding Awards under the Plan shall terminate. However, all such Awards shall not terminate to the extent they are Assumed in connection with the Corporate Transaction.

(b) No Acceleration of Award Upon Corporate Transaction or Change in Control . Except as provided otherwise in an individual Award Agreement, in the event of any Corporate Transaction or Change in Control, there will not be any acceleration of vesting or exercisability of any Award.

12. Effective Date and Term of Plan . The Plan shall become effective upon the earlier to occur of its adoption by the Board or its approval by the stockholders of the Company. It shall continue in effect for a term of ten (10) years unless sooner terminated. Subject to Section 17 below, and Applicable Laws, Awards may be granted under the Plan upon its becoming effective.

13. Amendment, Suspension or Termination of the Plan .

(a) The Board may at any time amend, suspend or terminate the Plan; provided, however, that no such amendment shall be made without the approval of the Company's stockholders to the extent such approval is required by Applicable Laws, or if such amendment would lessen the stockholder approval requirements of Section 4(c)(vii) or this Section 13(a).

(b) No Award may be granted during any suspension of the Plan or after termination of the Plan.

(c) No suspension or termination of the Plan (including termination of the Plan under Section 12, above) shall adversely affect any rights under Awards already granted to a Grantee.

14. Reservation of Shares .

(a) The Company, during the term of the Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

(b) The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

15. No Effect on Terms of Employment/Consulting Relationship. The Plan shall not confer upon any Grantee any right with respect to the Grantee's Continuous Service, nor shall it interfere in any way with his or her right or the right of the Company or any Related Entity to terminate the Grantee's Continuous Service at any time, with or without Cause, and with or without notice. The ability of the Company or any Related Entity to terminate the employment of a Grantee who is employed at will is in no way affected by its determination that the Grantee's Continuous Service has been terminated for Cause for the purposes of this Plan.

16. No Effect on Retirement and Other Benefit Plans. Except as specifically provided in a retirement or other benefit plan of the Company or a Related Entity, Awards shall not be deemed compensation for purposes of computing benefits or contributions under any retirement plan of the Company or a Related Entity, and shall not affect any benefits under any other benefit plan of any kind or any benefit plan subsequently instituted under which the availability or amount of benefits is related to level of compensation. The Plan is not a "Retirement Plan" or "Welfare Plan" under the Employee Retirement Income Security Act of 1974, as amended.

17. Stockholder Approval. The grant of Incentive Stock Options under the Plan, excluding Incentive Stock Options issued in substitution for outstanding Incentive Stock Options pursuant to Section 424(a) of the Code, shall be subject to approval of the Plan by the stockholders of the Company within twelve (12) months before or after the date the Plan is adopted. Such stockholder approval shall be obtained in the degree and manner required under Applicable Laws. The Administrator may grant Incentive Stock Options under the Plan prior to approval by the stockholders, but until such approval is obtained, no such Incentive Stock Option shall be exercisable. In the event that stockholder approval is not obtained within the twelve (12) month period provided above, all Incentive Stock Options previously granted under the Plan shall be exercisable as Non-Qualified Stock Options.

18. Unfunded Obligation. Grantees shall have the status of general unsecured creditors of the Company. Any amounts payable to Grantees pursuant to the Plan shall be unfunded and unsecured obligations for all purposes, including, without limitation, Title I of the Employee Retirement Income Security Act of 1974, as amended. Neither the Company nor any Related Entity shall be required to segregate any monies from its general funds, or to create any trusts, or establish any special accounts with respect to such obligations. The Company shall retain at all times beneficial ownership of any investments, including trust investments, which the Company may make to fulfill its payment obligations hereunder. Any investments or the creation or maintenance of any trust or any Grantee account shall not create or constitute a trust or fiduciary relationship between the Administrator, the Company or any Related Entity and a Grantee, or otherwise create any vested or beneficial interest in any Grantee or the Grantee's creditors in any assets of the Company or a Related Entity. The Grantees shall have no claim against the Company or any Related Entity for any changes in the value of any assets that may be invested or reinvested by the Company with respect to the Plan.

19. Construction. Captions and titles contained herein are for convenience only and shall not affect the meaning or interpretation of any provision of the Plan. Except when otherwise indicated by the context, the singular shall include the plural and the plural shall include the singular. Use of the term “or” is not intended to be exclusive, unless the context clearly requires otherwise.

20. Plan History. The Plan was originally adopted on January 8, 2005. The Plan is amended and restated effective April 30, 2009, subject to stockholder approval, in order to permit certain Awards to qualify as Performance-Based Compensation.
