## **Tortoise Capital Resources Corp. Releases Fiscal 2010 Second Quarter Financial Results**

**LEAWOOD, Kan.** - July 08, 2010 - Tortoise Capital Resources Corp. (NYSE: TTO or the company) today announced that it has filed its Form 10-Q for its second quarter ended May 31, 2010.

### ***Recent Highlights***

- *Net assets of \$79.1 million or \$8.69 per share as of May 31, 2010*
- *Second quarter 2010 distribution of \$0.10 per share paid June 1, 2010*

### **Performance Review**

On June 1, 2010, the company paid a distribution of \$0.10 per common share, a decrease of \$0.03 per share compared to its prior quarter distribution of \$0.13 per share. The company determines the amount of distributions paid to stockholders based on DCF, which is distributions received from investments less total expenses. In May, TTO received additional capital gain proceeds of \$585,000 from Mowood, LLC as a result of a contingent payment from the February sale of its Timberline Energy subsidiary. TTO elected to include the capital gain proceeds from Mowood in its distribution this quarter and next, enabling a distribution of \$0.10 per share this quarter.

### **Net Asset Value**

At May 31, 2010, the company's net asset value was \$8.69 per share compared to \$9.60 per share at Feb. 28, 2010, a decrease of approximately 9 percent. The decrease in net asset value is largely attributable to a decrease in the fair value of our largest holding, High Sierra Energy, LP (High Sierra), as a result of the developments discussed below, as well as a significant decline in the market value of PostRock Energy Corporation (NASDAQ: PSTR), for which we received a substantial number of shares in exchange for our Quest Midstream units upon closing of the merger in March, partially offset by an increase in the value of International Resource Partners LP (IRP) due to strong performance relative to budget.

### **Portfolio Review**

As of May 31, 2010, the fair value of the company's investment portfolio (excluding short-term investments) totaled \$73.9 million, including equity investments of \$68.6 million and debt investments of \$5.3 million. The company's portfolio is approximately 49 percent midstream and downstream investments, 13 percent upstream, and 38 percent in aggregates and coal. The weighted average yield-to-cost on the investment portfolio (excluding short-term investments) as of May 31, 2010 was 5.1 percent.

As previously reported, High Sierra was unable to declare a cash distribution this quarter as a result of a credit agreement covenant default with its bank. High Sierra's results from operations were sufficient to support a distribution at or above the minimum quarterly distribution (MQD) level of \$0.45 per share. High Sierra distributed \$0.63 per common unit last quarter. The distribution suspension decreased TTO's distributable cash flow by approximately \$0.07 per share. If High Sierra resumes cash distributions at the MQD level, TTO could maintain its \$0.10-\$0.11 per share quarterly distribution, absent any additional adjustments. TTO's fair value of High Sierra, inclusive of its interest in the general partner, declined by approximately \$5.8 million this quarter.

PostRock Energy Corp (NASDAQ: PSTR), the new corporation formed for the purpose of wholly owning Quest Resource Corporation, Quest Energy Partners, L.P. and Quest Midstream Partners, L.P., announced on March 5, 2010 that shareholders had approved the merger. TTO received 490,769 freely tradable common units of PostRock in exchange for its 1,216,881 common units of Quest Midstream. PostRock began trading on the NASDAQ on March 8, 2010, at \$19.00 per unit and closed that day at \$16.36 per unit. Subsequently, the stock price declined significantly. TTO held 460,300 common units of PostRock as of May 31, 2010 at a fair value of \$4.83 per unit, the NASDAQ closing price on that date.

TTO's fair value of IRP increased about \$1.8 million this quarter. The strong met coal market and IRP improved production and cost controls have yielded year-to-date performance significantly above budget. IRP also announced a quarterly distribution increase from \$0.40 per unit to \$0.45 per unit effective this quarter.
