- A:
- The election of the seven nominees named in this proxy statement to our Board of Directors.
 - An advisory vote on executive compensation.
 - The ratification of BDO USA, LLP as our independent registered public accounting firm for 2012.

Q: How does the Board of Directors recommend I vote?

A: Please see the information included in this proxy statement relating to each of the matters to be voted on. Our Board of Directors recommends that you vote:

- **“FOR”** the election of all of the nominees for director named in this proxy statement;
- **“FOR”** the approval, on an advisory basis, of the compensation of our executive officers named in this proxy statement; and
- **“FOR”** ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for 2012.

Q: How do I vote?

A: *Stockholders of Record*. If you are a stockholder of record, you may vote by using any of the following methods:

- **VOTE BY INTERNET:** You may use the Internet to vote by following the simple instructions on the enclosed proxy card. When voting by Internet, you will need to have your proxy card in hand, so that you can reference the required Control Number.
- **VOTE BY TELEPHONE:** You may use any touch-tone telephone to vote by following the simple instructions on the enclosed proxy card. You will need to have your proxy card in hand when you call so that you can reference the required Control Number.

The persons named as your proxy holders on the proxy card will vote the shares represented by your proxy in accordance with the specifications you make. If no specification is made, such shares will be voted:

Table of Contents

Beneficial Owners . If your shares are held in a brokerage account, by a bank, by a trustee, or by another nominee, please follow the voting instructions provided by your broker or other nominee. Most brokers or other nominees permit their customers to vote by telephone or by Internet, in addition to voting by signing, dating and returning the voting instruction form in the postage-paid envelope provided.

Beneficial owners desiring to vote at the Annual Meeting will need to contact the broker, bank, trustee, or other nominee that is the holder of record of their shares to obtain a “legal proxy” to bring to the Annual Meeting.

Q: Who will count the vote?

A: Representatives of Computershare will count the votes and serve as the inspector of the election.

Q: What constitutes a quorum?

A: Stockholders representing at least a majority of our outstanding Voting Stock as of the record date must be present at the Annual Meeting, either in person or by proxy, for there to be a quorum. Abstentions and broker non-votes are counted as present for establishing a quorum. A broker non-vote occurs when a broker or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the broker or nominee does not have discretionary voting power and has not received instructions from the beneficial owner.

Q: What vote is needed for these proposals to be adopted?

A: *Proposal 1—Election of Directors.* The affirmative vote of a plurality of the votes cast at the Annual Meeting is required for the election of directors. This means that the nominees with the largest number of votes “for” will be elected as directors, up to the maximum number of directors to be chosen at the election. With respect to the election of directors, you may vote in favor of all nominees, withhold votes as to all nominees, or vote in favor of all nominees except any specific nominee(s) listed as to which you withhold your votes. Votes withheld are deemed present at the meeting and thus will be counted for purposes of determining whether there is a quorum.

Proposal 2—Advisory Vote on Executive Officer Compensation . The approval, on an advisory basis, of the compensation paid to our executive officers named in this proxy statement requires the affirmative vote of a majority of shares of Voting Stock present or represented by proxy and entitled to vote thereon at the Annual Meeting. Abstentions, which are included in the calculation of the number of shares present or represented by proxy and entitled to vote at the Annual Meeting, will have the effect of a vote against the proposal. The results of the advisory vote on executive officer compensation will not be binding on SemGroup or the Board of Directors.

Proposal 3—Ratification of Independent Registered Public Accounting Firm. The appointment of BDO USA, LLP as our independent registered public accounting firm for the year 2012 will be ratified if a majority of the shares of Voting Stock present or represented by proxy and entitled to vote, vote in favor. Abstentions with respect to the ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm will have the effect of a vote against the proposal.

A broker non-vote will have no effect on the outcome of the election of directors or any of the other proposals.

Q: How will my shares be voted if they are held in a broker’s name?

A: If you hold your shares through an account with a bank or broker, the bank or broker may vote your shares on some matters even if you do not provide voting instructions. Brokerage firms have the authority under the New York Stock Exchange rules to vote shares on certain matters (such as the ratification of

Table of Contents

independent registered public accounting firm) when their customers do not provide voting instructions. However, on other “non-routine” matters, when the brokerage firm has not received voting instructions from its customers, the brokerage firm cannot vote the shares on that matter and a “broker non-vote” occurs. The election of directors and the proposal seeking approval, on an advisory basis, of the compensation paid to our named executive officers are considered “non-routine” matters. Accordingly, if you hold your shares through an account with a bank or broker, such organization may not vote your shares on these important proposals unless you have provided specific instructions as how to vote on these proposals. Please be sure to give specific voting instructions to your bank or broker so that your vote may be counted.

Q: What should I do now?

A: You should vote your shares by the Internet, by telephone or by returning your signed and dated proxy card in the enclosed postage-paid envelope as soon as possible so that your shares will be represented at the Annual Meeting.

Q: Who conducts the proxy solicitation and how much will it cost?

A: We are asking for your proxy for the Annual Meeting and will pay all the costs of asking for stockholder proxies. We can ask for proxies through the mail or by telephone, fax, or in person. We can use our directors, officers and employees to ask for proxies. These people do not receive additional compensation for these services. We will reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding solicitation material to the beneficial owners of our Common Stock.

Q: Can I revoke my proxy?

A: Yes. You can change your vote in one of four ways at any time before your proxy is used. First, you can enter a new vote by telephone or Internet. Second, you can revoke your proxy by giving written notice to the Secretary of SemGroup at any time before it is voted. Third, you can send a later dated proxy changing your vote. Fourth, you can attend the Annual Meeting and vote in person.

Q: Who should I call with questions?

A: If you have questions about the Annual Meeting, you should call Candice L. Cheeseman, Secretary, at (918) 524-8100.

Q: When are the stockholder proposals for the Annual Meeting held in 2013 due?

A: In order to be considered for inclusion in our proxy materials, you must submit proposals for next year’s annual meeting in writing to our Secretary at our executive offices at Two Warren Place, 6120 S. Yale Avenue, Suite 700, Tulsa, Oklahoma 74136, on or prior to December 20, 2012. Such proposals also must comply with Rule 14a-8 under the Securities Exchange Act of 1934.

In accordance with our Amended and Restated Bylaws, a stockholder who intends to submit a proposal for consideration, but not for inclusion in our proxy materials, must provide written notice of the matter to our Secretary at Two Warren Place, 6120 S. Yale Avenue, Suite 700, Tulsa, Oklahoma 74136, not less than 90 days nor more than 120 days prior to the first anniversary date of the immediately preceding annual meeting of stockholders. As a result, any notice given by or on behalf of a stockholder pursuant to these provisions of our Amended and Restated Bylaws (and not pursuant to Rule 14a-8 under the Securities Exchange Act of 1934) must be received no earlier than January 23, 2013, and no later than February 22, 2013.

PROPOSAL 1
ELECTION OF DIRECTORS

Our Amended and Restated Bylaws provide that our Board of Directors (the “Board of Directors”) shall consist of not less than three nor more than eleven directors, as determined from time to time by resolution of the Board of Directors. The number of directors is currently fixed at seven. Directors are elected by the stockholders to serve for a one-year term expiring at the next annual meeting of stockholders and until their successors are duly elected and qualified, or until their earlier death, resignation or removal. The term of the current directors will expire at the Annual Meeting.

In accordance with the recommendation of the Nominating and Corporate Governance Committee, the Board of Directors has nominated Ronald A. Ballschmiede, Sarah M. Barpoulis, John F. Chlebowski, Karl F. Kurz, James H. Lytal, Thomas R. McDaniel and Norman J. Szydlowski to the Board of Directors. All of the nominees are presently directors of SemGroup.

Director Changes . Stanley C. Horton resigned as a director effective May 2, 2011. Subsequently, the Nominating and Corporate Governance Committee engaged and paid the fees of a professional search firm to assist the Nominating and Corporate Governance Committee in identifying and evaluating potential director nominees to fill the vacancy created by Mr. Horton’s resignation. Following the candidate identification and evaluation process, the Nominating and Corporate Governance Committee considered and recommended James H. Lytal to the full Board of Directors, and the Board of Directors appointed Mr. Lytal as a director on November 4, 2011.

The persons named as proxies in the accompanying proxy, who have been designated by the Board of Directors, intend to vote, unless otherwise instructed in such proxy, for the election of each of the nominees for director. Should any nominee named herein become unable for any reason to stand for election as a director, it is intended that the persons named in such proxy will vote for the election of such other person or persons as the Nominating and Corporate Governance Committee may recommend and the Board of Directors may propose to replace such nominee. We know of no reason why any of the nominees will be unavailable or unable to serve.

Our Board of Directors recommends a vote “FOR” all nominees for directors.

The Corporate Governance Guidelines, the Code of Business Conduct and Ethics and the Code of Ethics for the Chief Executive Officer and Senior Financial Officers are available on our website at <http://www.semgroupcorp.com> under the “Corporate Governance” caption on the “Investor Relations” page and copies of these documents may also be obtained in print by any stockholder who requests them from our corporate secretary. If we amend the Code of Business Conduct and Ethics or Code of Ethics for the Chief Executive Officer and Senior Financial Officers or waive the Code of Business Conduct and Ethics or Code of Ethics for the Chief Executive Officer and Senior Financial Officers with respect to the chief executive officer, principal financial officer or principal accounting officer, we will post the amendment or waiver, as the case may be, at the same location on our website.

Director Independence . Our Board of Directors has adopted a formal set of categorical independence standards with respect to the determination of director independence based on the New York Stock Exchange or NYSE listing standards. These standards are set forth in our Director Nomination Policy which is available on our website at <http://www.semgroupcorp.com> under the “Corporate Governance” caption on the “Investor Relations” page. The provisions of the Director Nomination Policy regarding director independence meet and in some areas exceed the listing standards of the NYSE. In order to be considered independent a director must be determined to have no material relationship with the Company other than as a director.

Under the Director Nomination Policy, an “independent director” is one who:

- has no material relationship with the Company, either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company;
- is not an employee of the Company and no member of his or her immediate family is an executive officer of the Company;
- has not been employed by the Company and no member of his or her immediate family has been an executive officer of the Company during the past three years;
- has not received, and no member of his or her immediate family has received, more than \$120,000 per year in direct compensation from the Company in any capacity other than as a director or as a pension for prior service during the past three years;
- (i) is not and no member of his or her immediate family is a current partner of a firm that is the Company’s internal or external auditor; (ii) is not a current employee of the Company’s internal or external auditor; (iii) does not have an immediate family member who is a current employee of the Company’s internal or external auditor and who participates in that firm’s audit, assurance or tax compliance (but not tax planning) practice; and (iv) within the last three years was not, and no member of his or her immediate family was (and no longer is), a partner or employee of the Company’s internal or external auditor and personally worked on the Company’s audit within that time;
- is not and no member of his or her immediate family is currently, and for the past three years has not been, and no member of his or her immediate family has been, part of an interlocking directorate in which an executive officer of the Company serves on the compensation committee of another company that employs the director or an immediate family member of the director;
- is not an executive officer or an employee, and no member of his or her immediate family is an executive officer, of another company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single year, exceeds the greater of \$1 million or two percent of such other company’s consolidated revenues during any of the past three years;
- is free of any relationships with the Company that may impair, or appear to impair, his or her ability to make independent judgments; and

Table of Contents

- is not and no member of his or her immediate family is employed as an executive officer of a charitable organization that receives contributions from the Company or a Company charitable trust in an amount which exceeds the greater of \$1 million or two percent of such charitable organization's total annual receipts.

For purposes of determining a "material relationship," the following standards are utilized:

- any payments by the Company to a director's primary business affiliation or the primary business affiliation of an immediate family member of a director for goods or services, or other contractual arrangements, must be made in the ordinary course of business and on substantially the same terms as those prevailing at the time for comparable transactions with non-affiliated persons; and
- the aggregate amount of such payments must not exceed two percent of the Company's consolidated gross revenues; provided, however, there may be excluded from this two percent standard payments arising from (a) competitive bids which determined the rates or charges for the services and (b) transactions involving services at rates or charges fixed by law or governmental authority.

For purposes of these independence standards, (i) immediate family members of a director include the director's spouse, parents, stepparents, children, stepchildren, siblings, mother- and father-in-law, sons- and daughters-in-law, and brothers- and sisters-in-law and anyone (other than domestic employees) who shares the director's home and (ii) the term "primary business affiliation" means an entity of which the director is a principal/executive officer or in which the director holds at least a 5% equity interest.

In accordance with the Director Nomination Policy and the current director independence standards of the NYSE, the Board undertook its annual review of director and director nominee independence. During this review, the Board considered transactions and relationships between each director and director nominee or any member of his or her immediate family and the Company and its subsidiaries and affiliates. The Board also considered whether there were any transactions or relationships between directors, nominees or any member of their immediate family (or any entity of which a director, director nominee or an immediate family member is an executive officer, general partner or significant equity holder). As provided in the Director Nomination Policy and the NYSE independence standards, the purpose of this review was to determine whether any such relationships or transactions existed that were inconsistent with a determination that the director or nominee is independent.

The Board of Directors has affirmatively determined that each of Mr. Ballschmiede, Ms. Barpoulis, Mr. Chlebowski, Mr. Kurz, Mr. Lytal and Mr. McDaniel, current directors of the Company, are, and Mr. Horton, who served as a director of the Company until his resignation in May 2011, was, independent under the standards set forth in the Director Nomination Policy and the current director independence standards of the NYSE. Mr. Szydlowski is not considered to be independent because of his current employment as our Chief Executive Officer.

Board Meetings and Attendance . The Board held 16 meetings during the year ended December 31, 2011. During that year, each of our directors attended at least 75 percent of the aggregate number of Board meetings and meetings held by all committees on which he or she then served. In addition, the Board of Directors took action eight times during 2011 by unanimous written consent.

Director Attendance at Annual Meeting of Stockholders . Each director is encouraged to participate in our annual meetings of stockholders. Each of our directors then serving attended our 2011 Annual Meeting of Stockholders.

Board Leadership Structure and Role in Risk Oversight . While we currently separate the offices of Chairman of the Board and Chief Executive Officer, our Corporate Governance Guidelines and Principles specify that the Board of Directors has no policy mandating the separation of the offices of Chairman of the Board and Chief Executive Officer, as our Board believes it is in our best interest to have flexibility in selecting

Table of Contents

our Chairman and board leadership structure as future circumstances may warrant. Our Board's oversight of risk management (discussed below) has had no effect on our leadership structure.

Our Board of Directors has six independent members and only one non-independent member. A number of our independent board members are currently serving or have served as members of senior management or as directors of other public companies. Our Audit, Compensation and Nominating and Corporate Governance Committees are comprised solely of independent directors, each with a different independent director serving as chair of the committee. We believe that the number of independent, experienced directors that make up our Board of Directors, along with the independent oversight of the board by the non-executive Chairman, benefits our Company and our stockholders.

Our Board of Directors is responsible for oversight of our enterprise-wide risk and has approved our Comprehensive Risk Management Policy that reflects an enterprise-wide approach to risk management and considers both financial and non-financial risks. Our Comprehensive Risk Management Policy is designed to ensure we:

- identify and communicate our risk appetite and risk tolerances;
- establish an organizational structure that prudently separates responsibilities for executing, valuing and reporting our business activities;
- value (where appropriate), report and manage all material business risks in a timely and accurate manner;
- effectively delegate authority for committing our resources;
- foster the efficient use of capital and collateral; and
- minimize the risk of a material adverse event.

The Audit Committee of our Board of Directors has oversight responsibilities for the implementation of, and compliance with, our Comprehensive Risk Management Policy on behalf of the Board of Directors.

While the Board of Directors oversees our risk management, our management is responsible for day-to-day risk management processes. We have established an executive management committee, comprised of corporate officers, which oversees the financial and non-financial risks associated with all activities governed by our Comprehensive Risk Management Policy, including: asset operations; marketing and trading; investments, divestitures, and other capital expenditures and dispositions; credit risk management; and other strategic activities. We also have a separate risk management group that is assigned responsibility for independently monitoring compliance with, reporting on, and enforcing the provisions of our Comprehensive Risk Management Policy.

Board Committees . The Board of Directors has a standing Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee. Each of the current members of each of the committees qualifies as an "independent" director under the current listing standards of the New York Stock Exchange.

The table shows the current membership of the Committees and identifies our independent directors:

Audit Committee. The Board of Directors has determined that Ronald A. Ballschmiede and Thomas R. McDaniel qualify as “audit committee financial experts” within the meaning of the regulations of the Securities and Exchange Commission. The Audit Committee has a written charter, which is available on our website at <http://www.semgroupcorp.com>. We have in place and circulated a “whistleblower policy” entitled “Audit Committee Accounting Concern Resolution Policy.” The Audit Committee assists the Board of Directors in fulfilling its responsibilities by providing oversight relating to:

- the integrity of our financial statements;
- our systems of internal control over financial reporting and disclosure controls and procedures;
- the engagement, compensation, independence and performance of our independent registered public accounting firm and their conduct of the annual audit of our financial statements and any other audit, review or attestation engagement;
- our risk profile, including financial and non-financial risks;
- compliance with our financial and risk management policies;
- our legal and regulatory compliance;
- the application of our related person transaction policy; and
- the application of our codes of business conduct and ethics.

A more detailed description of the Audit Committee’s responsibilities can be found in its charter.

The Audit Committee held six meetings during 2011.

Compensation Committee. The Compensation Committee has a written charter, which is available on our website at <http://www.semgroupcorp.com>. The Compensation Committee reviews and takes action for and on behalf of the Board of Directors with respect to management compensation policies and practices, including determining and approving the compensation for our executive officers (including our Chief Executive Officer), reviewing and approving management incentive compensation policies and programs and administering our equity incentive plan. In addition, the Compensation Committee recommends the form and amount of non-employee director compensation to the Board of Directors, and the Board of Directors makes the final determination. The Compensation Committee has authority under its charter to obtain advice and seek assistance from compensation consultants and from internal and outside legal, accounting and other advisors.

In considering and recommending the compensation of non-employee directors, the Compensation Committee may consider such factors as it deems appropriate, including historical compensation, level of compensation necessary to attract and retain non-employee directors meeting our desired qualifications and market data. The compensation for our non-employee directors was established effective upon our emergence from bankruptcy in November 2009. In connection with the review of our non-employee director compensation by the Compensation Committee in 2011, the Compensation Committee retained Mercer (US) Inc. to provide market information on non-employee director compensation, including annual board and committee retainers, board and committee meeting fees, committee chairperson fees and stock-based compensation.

The Compensation Committee has discretion under its charter to form and delegate some or all of its authority to subcommittees composed entirely of independent directors. During 2011, the Compensation Committee did not form or utilize a subcommittee. More information describing the Compensation Committee’s processes and procedures for considering and determining executive compensation, including the role of our Chief Executive Officer and consultants in determining or recommending the amount or form of executive compensation, is included in the Compensation Discussion and Analysis under “Executive Compensation” below.

The Compensation Committee held six meetings during 2011. In addition, the Compensation Committee took action six times during 2011 by unanimous written consent.

Nominating and Corporate Governance Committee . The Nominating and Corporate Governance Committee has a written charter, which is available on our website at <http://www.semgroupcorp.com> . The Nominating and Corporate Governance Committee is responsible for identifying and recommending nominees for election or re-election as directors by stockholders at each annual meeting of stockholders, as well as candidates to fill vacancies on the Board of Directors should vacancies occur. The Nominating and Corporate Governance Committee has the authority under its charter to retain a professional search firm to identify candidates. The Nominating and Corporate Governance Committee is also responsible for developing and recommending to the Board of Directors our Corporate Governance Guidelines and Principles. The Nominating and Corporate Governance Committee held three meetings during 2011. In addition, the Nominating and Corporate Governance Committee took action one time during 2011 by unanimous written consent.

Consideration of Director Nominees . The Nominating and Corporate Governance Committee has adopted a Director Nomination Policy, which is available on our website at <http://www.semgroupcorp.com> . The Committee will consider director candidates submitted to it by other directors, employees and stockholders. The Committee may engage professional search firms to assist it in identifying and evaluating potential candidates. Any stockholder recommendations of candidates proposed for consideration by the Nominating and Corporate Governance Committee should include the candidate's name and qualifications for director and should be addressed to: Secretary, Two Warren Place, 6120 S. Yale Avenue, Suite 700, Tulsa, Oklahoma 74136. In addition, as described below, our Amended and Restated Bylaws permit stockholders to nominate directors for consideration at a meeting of stockholders.

In considering prospective nominees for the Board, the Nominating and Corporate Governance Committee will endeavor to find individuals of high integrity who have a solid record of accomplishment in their chosen fields and who possess the qualifications, qualities and skills to effectively represent the best interests of all stockholders. Candidates are selected for their ability to exercise good judgment and provide practical insights and diverse perspectives. The Nominating and Corporate Governance Committee considers the following qualifications at a minimum to be required in recommending to the Board potential new Board members or the continued service of existing members:

- the highest professional and personal ethics;
- broad experience in business, government, education or technology;
- ability to provide insights and practical wisdom based on their experience and wisdom relevant to our lines of business;
- commitment to enhancing stockholder value;
- sufficient time to effectively carry out their duties; their service on other boards of public companies should be limited to no more than three directorships;
- compliance with legal and regulatory requirements;
- ability to develop a good working relationship with other Board members and contribute to the Board's working relationship with senior management of SemGroup; and
- independence; a majority of the Board shall consist of independent directors, as defined in the Director Nomination Policy.

Other than the foregoing, there are no stated minimum criteria for director nominees, although the Nominating and Corporate Governance Committee may also consider such other factors as it may deem are in the best interests of the Company and its stockholders. The Nominating and Corporate Governance Committee does, however, believe it appropriate for at least one member of the Board to meet the criteria for an "audit committee financial expert" as defined by the rules of the Securities and Exchange Commission. When considering potential nominees for the Board, the Committee will consider the criteria above and each potential nominee's individual skills and qualifications in context of the current composition of the Board and needs of the

Table of Contents

Board at such time. In connection therewith, the Committee will consider diversity in professional background, experience, expertise, perspective, age, gender and ethnicity with respect to Board composition as a whole. With respect to diversity, particular emphasis is placed on identifying candidates whose experiences, qualities and skills complement and augment those of other Board members with respect to the Board of Directors as a group.

The Company's Corporate Governance Guidelines and Principles provide that a director who changes substantially the principal occupation, position or responsibility he or she had when elected to the Board should volunteer to resign from the Board. The Nominating and Corporate Governance Committee will have the opportunity to evaluate the continued appropriateness of Board membership under the facts and circumstances and make a recommendation to the Board whether to accept the resignation or request the director to continue to serve on the Board.

Our Amended and Restated Bylaws permit stockholders to nominate directors for consideration at an annual meeting of stockholders. To nominate a director, stockholders must follow the procedures specified in our Amended and Restated Bylaws that require advance notice and certain other information. Stockholders must submit the candidate's name and qualifications in writing to our Secretary at the following address: Secretary, SemGroup Corporation, Two Warren Place, 6120 S. Yale Avenue, Suite 700, Tulsa, Oklahoma 74136. The written notice must be received by our Secretary not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the preceding year's annual meeting. The notice must contain certain information required under our Restated and Amended Bylaws, including, among other things, (i) the nominee's name, age, business and residential addresses, written consent to being named in the proxy statement and to serving as director if elected, and any other information relating to such person as would be required to be disclosed in solicitations of proxies for election of directors pursuant to Section 14(a) under the Securities Exchange Act of 1934 and (ii) with respect to the stockholder submitting the nomination and anyone acting in concert with that stockholder, the name and business addresses of the stockholder and the person acting in concert with the stockholder, a representation that the stockholder is a record holder of Voting Stock entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice, a description of all agreements, arrangements or understandings between or among the stockholder and any other person or persons with respect to the nomination and the class and number of shares of Voting Stock beneficially owned by the stockholder and any person acting in concert with that stockholder. For further information, stockholders may contact our Secretary at our principal executive offices for a copy of the relevant provisions of our Amended and Restated Bylaws.

Any single stockholder, or group of stockholders, that has beneficially owned more than 5% of our outstanding common stock for at least one year as of the date of recommendation may recommend nominees for director to the Nominating and Governance Committee by delivering a written notice to our Secretary that satisfies the notice, information, and consent requirements of the Director Nomination Policy. The Committee will evaluate such recommended nominees against the same criteria that it uses to evaluate other nominees. The notice must be received by the Nominating and Governance Committee no later than the date that is 120 calendar days prior to the anniversary of the date that our proxy statement was released to stockholders in connection with the previous year's annual meeting. The notice must include, among other things, proof of the required stock ownership, proof of identification of the stockholder(s) submitting the proposal, information regarding the proposed candidate to the Board of Directors and a signed statement by the candidate with respect to certain matters. Executive Sessions . Each regularly scheduled meeting of the Board of Directors includes an executive session of the non-management directors. These sessions are chaired by the independent, non-executive Chairman of the Board. If our non-management directors include any directors who have been determined not independent by the Board, the Board will schedule an executive session of just the independent directors at least once each year.

Communications with the Board of Directors . PROPOSAL 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”) and the related rules of the Securities and Exchange Commission, we are including in this proxy statement a separate resolution to enable our stockholders to approve, on an advisory and non-binding basis, the compensation of our named executive officers.

This proposal, commonly known as a “say-on-pay” proposal, gives our stockholders the opportunity to express their views on our named executive officers’ compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and our compensation objectives, philosophy and practices described in this proxy statement. As discussed in greater detail in the “Compensation Discussion and Analysis” in this proxy statement, our compensation program is designed to, among other things, (i) attract, motivate and retain highly-talented executives, (ii) link executive compensation to the achievement of our business objectives as well as reinforce appropriate leadership behaviors, and (iii) encourage executives to consider the impact of decisions to drive our short-term and long-term success. We believe that our compensation program, with its balance of base salary, short-term and long-term incentives and benefits, fairly accomplishes our objectives. Our executive compensation program has allowed us to attract and build a leadership team which is focused on our business objectives, has repositioned our Company for growth and helped achieve many of our 2011 objectives as noted in “2011 Accomplishments” under “Compensation Discussion and Analysis—Executive Summary” in this proxy statement.

Accordingly, our Board of Directors recommends our stockholders vote in favor of the say-on-pay proposal as set forth in the following resolution:

“RESOLVED, that the compensation of the Company’s named executive officers as disclosed in its Proxy Statement for the 2012 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the executive compensation tables and the corresponding narrative discussion, is approved.”

This vote is advisory, and therefore nonbinding. Stockholders are strongly encouraged to read the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure. The Board of Directors and the Compensation Committee expect to take into account the outcome of the vote in connection with their evaluation of our compensation program to the extent they can determine the stockholders’ concerns associated with any significant negative voting results. As determined by the Board of Directors, we will provide our stockholders with the opportunity to vote on the compensation to our named

Table of Contents

executive officers at every annual meeting of stockholders until the next required advisory vote at the 2017 annual meeting of stockholders on the frequency of stockholder advisory votes on the compensation of our named executive officers.

Our Board of Directors recommends that you vote “FOR” the approval, on an advisory basis, of the compensation of our named executive officers.

If the stockholders do not ratify the appointment of BDO USA, LLP, the Audit Committee will reconsider the appointment. Even if the appointment is ratified, the Audit Committee, in its sole discretion, may change the appointment at any time during the year if the Audit Committee determines that a change is in the best interests of SemGroup.

A representative of BDO USA, LLP will be present at the Annual Meeting and will have the opportunity to make a statement, if he or she desires to do so, and respond to appropriate questions.

Compensation Discussion and Analysis

Executive Summary . Our compensation program is designed to protect our assets in the near-term and position the Company for future growth by attracting and retaining a management team capable of delivering stockholder value by ensuring each of our businesses meet or exceed financial and operational targets.

We provide a competitive and balanced total compensation package that supports our strategic objectives. To position our Company for future growth, we align our base salaries and benefits with the market and administer (i) a short-term incentive program tied directly to our performance and (ii) a long-term incentive program that consists of both time-based awards and performance-based awards.

2011 Accomplishments. During 2011, we successfully implemented several initiatives supporting our strategic plan to grow our presence in the midstream energy sector and transition to a fee-based business. We focused on our business objectives, positioned our Company for growth and achieved the following:

- Completed initial public offering for Rose Rock Midstream, L.P. and listed under RRMS on the New York Stock Exchange
- Closed SemStream transaction with NGL Energy Partners L.P.
- Increased Cushing storage capacity by 350,000 barrels and positioned an additional 1.95 million barrels to be operational in 2012
- Expanded White Cliffs Pipeline capacity to 70,000 barrels per day
- Increased gas processing capacity by 47%
- Began construction of new 20 mmcf/d cryo plant at our Nash facility to be operational in 2012
- Deleveraged balance sheet and stabilized cash flows
- Refinanced corporate credit facilities in June 2011 resulting in interest savings of 40 percent in 2011
- Reduced our overhead costs by 12%
- Deployed new Performance Management System
- Protected our people and the environment

The following information explains our compensation philosophy and our compensation program for our Chief Executive Officer (“CEO”), Chief Financial Officer (“CFO”), our other three most highly compensated executive officers, and our Vice President and Chief Operating Officer of Rose Rock Midstream GP, LLC, all of whom we refer to as Named Executive Officers or “NEOs.” In January 2012, we eliminated the Chief Risk Officer position and as a result David B. Gorte ceased being a NEO. Consequently, we have included Peter L. Schwiering, our Vice President and Chief Operating Officer of Rose Rock Midstream GP, LLC in this discussion because we anticipate that he will be considered a NEO in 2012.

Compensation Philosophy . Our Compensation Committee of the Board of Directors (the “Committee”) oversees an executive compensation program designed to motivate high performance, ethics and alignment with the interests of our stockholders. Our compensation program rewards our executive officers for achieving performance objectives and fostering as well as demonstrating our Company values through defined employee and leadership competencies. This forms the basis of our pay-for-performance philosophy.

To support our compensation philosophy, we established the following objectives:

- Attract, motivate and retain exceptional talent with market competitive compensation;

Table of Contents

- Link pay to performance;
- Drive achievement of both long-term and annual business objectives;
- Reinforce corporate values; and
- Align executive compensation with stockholder interests.

We design, implement and administer our compensation program to support our philosophy and collectively achieve these objectives.

Compensation Overview . Consistent with our philosophy, our compensation program consists of a market-competitive pay mix designed to motivate performance that achieves our business objectives, is aligned with the interests of our stockholders, and is measured by obtaining the Right Results the Right Way. Right Results is an assessment of our executive's success relative to his or her objectives as well as our four key foundational tenets which include his or her efforts to keep employees safe, do the right thing by the customer, follow all the rules, and be profitable and enhance stockholder value. Right Way reflects the NEOs' behavior as exhibited through our Company's values and defined leadership competencies.

Our compensation program for our executive officers consists of the following four direct components:

- base salary;
- short-term incentive program;
- long-term incentive program; and
- benefits.

Dividing the total compensation awarded to executive officers among these components helps us achieve a balanced set of incentives to accomplish our goals.

The Committee believes that the majority of an executive's compensation should be based on his or her contribution to the success of the Company and the creation of value for our stockholders. Our executive compensation is heavily weighted toward variable, "at risk", pay elements based on performance. To further strengthen our alignment with stockholders, the majority of our executives' "at risk" compensation is based on our long-term success.

Compensation Methodology. Setting executive pay is an annual process that involves our management, our Committee, our Audit Committee, our Board of Directors and compensation consultants. We review our pay programs to ensure consistency with our compensation philosophy and business objectives. Our Committee strives to target total direct compensation levels to be competitive with the market in which we compete for executive talent.

We review each NEO's total compensation in light of market conditions and individual responsibilities and accomplishments. Part of this review includes considering the appropriate compensation level and mix. Each individual element of compensation is reviewed against the market median which represents the 50th percentile of compensation paid to similarly situated executives represented in the survey market data to ensure our compensation is in line with the market. Variations from the median may occur due to experience, skills, criticality of function to the Company and the sustained performance of the executive.

Role of the Board of Directors. The Board of Directors acts on recommendations regarding executive compensation matters made by the Compensation Committee.

Role of the Compensation Committee. The Committee operates pursuant to its formal charter. Under the charter, the Committee is charged with establishing our compensation program and compensation policies, approving and recommending compensation program designs to the full Board for approval, establishing targets under the compensation program, and administering and approving payouts to our NEOs pursuant to such program. For all NEOs, except the CEO, the Committee reviews the CEO's recommendations, supporting market data and individual performance assessments. The Committee also has responsibility for determining the compensation of our CEO. The charter authorizes the Committee to engage consultants and other professionals without management approval to the extent necessary.

Role of Management. Our CEO and other executive officers develop recommendations regarding the appropriate level and mix of compensation for their direct reports. Recommendations are based on our compensation philosophy, the range of compensation programs authorized by the Committee, market data from nationally recognized executive and industry related salary surveys, and the individual responsibilities and performance of each direct report.

Our CEO and Vice President of Human Resources provide support to the Committee and attend all Committee meetings, but are not present for discussion of their individual compensation.

Our Chief Accounting Officer validates achievement of financial performance measures prior to the determination of any payouts.

Role of Audit Committee. With respect to our CFO and our Chief Risk Officer for 2011, who are both NEOs, the Audit Committee of the Board of Directors consults with management and the Committee about their respective performance evaluation and compensation.

Additionally, the Audit Committee validates the calculation of our achievement percentage for each performance measure prior to the determination of our incentive pool. Our Internal Audit function confirms the short-term incentive pool before payments are processed.

Role of Management's Compensation Consultant . Management engaged Pay Governance LLC (formerly Towers Watson & Co.) to provide information, analyses, and advice regarding executive compensation . Additionally, Pay Governance provided advice on:

- our overall total compensation program;
- the design of our long-term incentive program;
- our short-term incentive program;
- retention programs; and
- compensation trends and changes in compensation governance.

Role of the Independent Compensation Consultant . In addition to management's consultant, the Committee retained Mercer (US) Inc. to serve as the Committee's independent compensation consultant on matters related to executive compensation, including the review of executive compensation recommendations provided by management and its consultants. Mercer also provided guidance on director compensation. Mercer reports directly to the Committee and performs no other services for the Company.

Effect of Stockholder Say-on-Pay Vote on Executive Compensation Decisions. The Committee has reviewed the voting results from the advisory vote on executive compensation (commonly known as a say-on-pay proposal) conducted at our 2011 annual meeting of stockholders. At this meeting, more than 99.8% of the votes cast on the say-on-pay proposal were in favor of our NEOs' compensation as disclosed in the proxy statement for that meeting and, as a result, our NEOs' compensation was approved. The Committee determined that, given the very high level of support, no changes to our executive compensation policies and decisions were necessary based on last year's voting results. The Committee intends to continue to make its executive compensation decisions as it has in the past year by focusing on performance-based compensation, attempting to gauge competitive practices and authorizing compensation that is within the range of what is deemed to be competitive and appropriate in our industry.

We have determined that our stockholders should have the opportunity to vote on a say-on-pay proposal each year, which is consistent with the preference expressed by our stockholders at the 2011 annual meeting. The Committee continues to value the opinions of our stockholders. In the event there is any significant vote against the compensation of our NEOs as disclosed in the proxy statement, the Committee will consider the concerns of the stockholders and evaluate any actions necessary to address such concerns.

2011 Compensation. 2011 compensation program and pay decisions reflect our compensation philosophy, our 2011 performance and achievements, and compensation market data.

2011 Market Data . Pay Governance provided the market data used when designing our NEOs' compensation program for 2011. Aggregate market data was obtained from recognized third party executive compensation survey companies noted below.

- Towers Watson 2010 U.S. CDB Energy Services Executive Database
- Towers Watson 2010 U.S. General Industry Executive Database

The survey data included companies that operate in the energy services industry and general industry. Generally, a range of annual revenues of the companies whose data is included in the aggregate analysis is provided by the third party surveys, but the identities of the specific companies included in the surveys were not disclosed. The Committee reviewed market data at the 50th and 75th percentiles when setting our executive compensation.

Additionally, the market data was further validated with data compiled from the proxy statements of SemGroup's peer group noted in the discussion below under the section captioned "*Long-Term Incentive Awards* ." Since the market data alone does not reflect the strategic competitive value of various roles within the

Company, each executive's responsibilities and contributions, as well as internal pay equity, are considered when making pay decisions. Because we take a companywide perspective to promote collaboration and ensure our overall success, paying the NEOs equitably is important.

After reviewing comparable compensation market information, the Committee established NEO compensation for 2011 resulting in the following target pay mix for our NEOs:

<u>Executive Officer</u>	<u>Position</u>	<u>Base Salary</u>	<u>Short-term Incentive</u>	<u>Long-term Incentive</u>
Norman J. Szydlowski	Chief Executive Officer	31%	23%	46%
Robert N. Fitzgerald	Chief Financial Officer	40%	24%	36%
Candice L. Cheeseman	General Counsel	44%	27%	29%
Timothy R. O'Sullivan	Vice President, Corporate Planning and Strategic Initiatives	47%	23%	30%
David B. Gorte	Chief Risk Officer	47%	23%	30%
Peter L. Schwiering	Vice President and Chief Operating Officer of Rose Rock Midstream GP, LLC	47%	23%	30%

Actual payments made to our NEOs pursuant to each pay element are discussed below.

2011 Direct Compensation.

Base Salary. During the first quarter, recommendations are made by the CEO to the Committee on base pay for the year. The Committee considers the recommendations and approves the base pay of our CEO and other NEOs. Base pay affects other elements of our total compensation including our short-term and long-term incentives. In approving base salaries for the NEOs, the Committee considers the impact on the NEOs' total compensation.

In 2011, our CEO received no increase in base salary and the other NEOs received three to four percent merit increases with the exception of Dave Gorte. Mr. Gorte received a 15% increase to compensate for additional responsibilities within our Company and better align with market conditions. After considering the experience and skills of the NEOs and their total compensation levels and mix relative to market, the Committee believes the percent increases given are appropriate.

Short-Term Incentives. Our NEOs participate in our short-term incentive program which rewards employees for making decisions that improve our performance in accordance with our annual objectives. Similar to base pay, competitive market information is used to determine short-term incentive targets (expressed as a percentage of base pay) for each executive officer. Our short-term incentives are based on achievement of certain performance measures and attainment of these performance measures can result in payments of short-term incentives along a continuum between threshold and maximum levels, which correspond to 0% through 200% of the NEO's short-term incentive target.

During 2011, we completed an analysis of the design and compensation levels utilized in our short-term incentive program. The review consisted of:

- a market update on annual incentive plans;
- an overview of performance metrics commonly used in annual incentive plans;
- a review of proxy data for peer companies; and
- the Compensation Committee's and CEO's assessment of the annual incentive plan's alignment with the Company's strategic objectives.

Table of Contents

As a result of this review, we concluded that our short-term incentive program design was consistent with our objectives, that we would maintain current short-term target bonus opportunities for the NEOs with the exception of Messrs. Gorte and O'Sullivan which were increased 10 percent to align with market and internal objectives, and that we would replace the consolidated EBITDA and consolidated net income metrics used in 2010 with one consolidated return on capital ("ROCE") metric (see below for further discussion).

The annual short-term incentive targets as a percentage of eligible earnings (base salary for a performance year) for our NEOs in 2011 were as follows:

	<u>Target</u>
Chief Executive Officer	75%
Chief Financial Officer	60%
General Counsel	60%
Vice President, Corporate Planning and Strategic Initiatives	50%
Chief Risk Officer	50%
Vice President and Chief Operating Officer of Rose Rock Midstream GP, LLC	50%

In 2011, our short-term incentive plan for all of the NEO's, with the exception of Mr. Schwiering, contained performance measures tied to consolidated ROCE and individual performance. In replacing the consolidated EBITDA and consolidated net income metric used in 2010, we chose ROCE as a metric because it encompassed both our financial earnings performance as well as our focus on our cost of capital. ROCE is calculated as follows: Earnings before Interest and Taxes/Average Tangible Assets. Average Tangible Assets includes accounts receivable and inventory and excludes accounts payable and fixed assets. Our NEOs' individual performance measure is evaluated by the CEO and his assessment of their contributions and achievement of individual performance goals. For Mr. Schwiering, the performance measures included consolidated ROCE and individual performance as well as a performance measure directly tied to the EBITDA of the business unit for which he was responsible (i.e. SemCrude's EBITDA). These performance measures directly reflect our efforts to support our growth strategy and grow the Company's value for our stockholders. The weighting of these metrics for the NEOs are as follows:

Weighting of Performance Metrics for NEO's other than Mr. Schwiering

<u>Consolidated ROCE</u>	<u>Individual Performance</u>	<u>Total</u>
70%	30%	100%

Weighting of Performance Metrics for Mr. Schwiering

<u>Consolidated ROCE</u>	<u>SemCrude EBITDA</u>	<u>Individual Performance</u>	<u>Total</u>
30%	40%	30%	100%

Actual payouts for the short-term incentive program are discretionary and are disbursed from a company-wide pool approved by the Compensation Committee. In approving the incentive pool, the Committee considers our actual performance in relation to the targeted performance for each performance measure, as well as key strategic accomplishments completed during the year. Recommendations for each NEO were based on the NEO's target short-term incentive payout adjusted for consolidated achievement and for personal contributions. We used the following as a guide in calculating each NEO's recommended short-term incentive payout prior to discretionary adjustments:

$$\text{Eligible Earnings for 2011} \times \text{Short-term Incentive Target \%} \times (\text{sum of the (Weighting of Performance Measure} \times \text{Achievement Factor for the Performance Measure) for each Performance Measure})$$

Table of Contents

Our incentive program allows for the Committee to make adjustments in the calculation of our performance relative to the performance measures to reflect certain business events. When determining which adjustments are appropriate, we are guided by the principle that incentive payments should not result in unearned windfalls or impose undue penalties. We believe the adjustments improve the alignment of incentives with stockholder value creation and ensure performance measures effectively encourage our NEOs to take actions to create value for stockholders. In evaluating our 2011 performance, we made adjustments for certain transactions that were either non-cash or non-recurring in nature, or related to our efforts to appropriately value and account for our business, including without limitation:

- SemStream transaction with NGL;
- Impairment of goodwill or other intangibles;
- Unrealized gains or losses from derivative transactions; and
- Other unusual items that could result in unearned windfalls or undue penalties.

The Audit Committee validates our calculation of the achievement of each performance measure, as adjusted for these items, and ensures consistency with our financial statements.

The chart below shows the achievement of our 2011 short-term incentive performance measures and the resulting recommended payout level.

<u>Performance Metric (000's)</u>	<u>Threshold</u>	<u>Target</u>	<u>Maximum</u>	<u>Actual Performance</u>	<u>Achievement Factor (% of Target to be Paid)*</u>
Consolidated ROCE	6.8%	8.5%	10.2%	10.6%	98.8%
SemCrude EBITDA	\$68,985	\$76,650	\$88,148	\$ 91,931	200%

* Achievement factor reflects impact of the adjustments noted above.

The Committee reviewed and confirmed these results and approved payment of the 2011 short-term incentive program. Our NEOs received, on average, 122% of their short-term incentive target payout based on consolidated results and individual performance. This excludes any payout for Mr. Gorte who left the Company in February 2012, prior to the short-term incentive payout, which is consistent with our short-term incentive program guidelines.

Long-Term Incentive Awards. We provide long-term incentives in the form of equity awards under our Equity Incentive Plan. The Committee oversees the administration of the Equity Incentive Plan with full power and authority to determine when and to whom awards will be granted, along with the type, amount and other terms and conditions of each award.

To determine the value of equity awards to be granted to NEOs, we consider the following factors:

- the proportion of long-term incentives relative to base pay;
- the NEO's impact on our performance and ability to create value;
- our long-term business objectives;
- awards made to executives in similar positions with other comparably sized energy companies; and
- the NEO's performance.

In 2011, we refined the design of our long-term incentive plan to more closely align with performance and motivate growth. Our long-term incentive plan includes time-based restricted stock awards and/or performance based restricted stock unit (RSU) awards. The long-term mix for our executives, including NEOs, differs from other employees due to our desire to have a substantial part of the long-term incentive be performance-based. For

Table of Contents

NEOs we have allocated stock awards as follows: Fifty percent time-vested restricted stock with a three-year cliff vesting period and fifty percent performance-based RSUs with a three-year performance period. We are using relative Total Stockholder Return (TSR) and Consolidated Return on Capital Employed (ROCE) as the performance measures for the three-year performance-based RSUs. NEOs will earn their targeted performance-based RSUs only if we deliver a targeted ROCE that reflects the typical expected rate of return on midstream assets and our cost of capital and/or achieve attractive TSR relative to our peer group of companies. A partial award can be earned on achievement of either metric.

In addition, we further refined our peer group as we introduced performance-based RSUs to our long-term incentive program. Changes to our peer group were made to better reflect our industry segment and where we compete for business and employee talent. While some the companies in our peer group have revenues, assets and market capitalization larger than SemGroup, we believe the expanded peer group is better aligned with our current organization as well as the strategic vision of our Company.

The peer group established includes the following 13 companies, which comprise a mix of both direct competitors and companies whose primary business was similar to at least one of our business groups:

- Atlas Pipeline Partners
- Crosstex Energy
- Enbridge Energy Partners
- Enterprise Products Partners
- Genesis Energy
- Inergy
- Kinder Morgan Energy
- Magellan Midstream
- NuStar Energy
- ONEOK Partners
- Plains All American
- Sunoco Logistics
- Williams Partners

In addition, to using our peer group for measuring our performance-based restricted stock awards, we used this peer group's proxy data to further validate compensation for our executives.

Our Committee supports this design as it is equity-based and delivers a significant portion of the equity in performance-based awards to NEOs and other executives who have the greatest ability to influence our financial results and strengthen alignment with stockholders.

In general, we plan to make our annual equity grants around the same time each year. It is expected that newly hired or promoted executives may receive equity grants on the date on which they are hired or promoted or on the date of a Committee meeting on or around the hire or promotion date. The Committee approves all equity grants to the NEOs and the grant date for such awards is on or after the date of such approval.

The Committee does not intend to make equity grants in anticipation of the release of material non-public information and does not intend to time the release of such information based on equity award grant dates.

Benefits. Our NEOs currently receive the same level of health and welfare benefits provided to all employees. In addition, our NEOs participate in our 401(k) Plan which provides for a matching contribution of a portion of an employee's annual tax-deferred contribution. Our NEOs currently receive no perquisites (perks) or supplemental benefits, except for the following:

- *Tax and Financial Planning Allowance* : We provide up to \$15,000 annually to our CEO for annual income tax return preparation and financial planning to provide expertise on current tax laws, to assist with personal financial planning and to prepare for contingencies such as death and disability. We provide this benefit in order to help our CEO keep his focus on his responsibilities at SemGroup.

Other Executive Compensation Matters

Retention Program. Upon emergence from bankruptcy, our employees held no form of equity compensation. In addition to our emergence grants issued pursuant to our Equity Incentive Plan, we implemented a retention program as part of our efforts to protect our assets, stabilize our workforce and retain our key employees, including our NEOs.

In designing the retention program, we took the following steps:

- Focused on groups with retention issues;
- Met with organization leaders to identify key employees who were critical to the business; and
- Met with our compensation consultant to design the overall retention program.

The resulting executive retention program includes two components: a retention award and an executive severance agreement with a two-year sunset provision. Executives could receive one or both of these components. Three of our NEOs received retention awards and all of our NEOs were offered an executive severance agreement with the exception of our CEO who has an employment agreement.

Retention Awards. Retention awards were issued as a percentage of base salary for three of our NEOs in June 2010. These awards were settled in common stock on December 2, 2011. Listed below are the NEOs who received retention awards and their related value:

<u>Executive Officer</u>	<u>Title</u>	<u>Retention Award Value</u>
Timothy R. O'Sullivan	Vice President, Corporate Planning and Strategic Initiatives	\$ 120,842
David B. Gorte	Chief Risk Officer	\$ 115,655
Peter L. Schwiering	Vice President and Chief Operating Officer of Rose Rock Midstream GP, LLC	\$ 271,624

Executive Severance Agreements. During 2010, we entered into severance agreements with each of our NEOs, other than our CEO and Chief Risk Officer, to encourage and motivate such executive officers to devote their full attention to their duties without the distraction of concerns regarding their involuntary or constructive termination of employment under the circumstances and for the reasons described below. Each severance agreement is for a term ending on the second anniversary of the date of such agreement. In an effort to ease the concerns surrounding the hostile takeover announced during 2011, these agreements were amended on November 18, 2011 to extend such agreements for an additional two years.

Employment Agreements. We entered into an employment agreement with our President and CEO, Norman J. Szydlowski on November 30, 2009. Mr. Szydlowski receives compensation in accordance with this employment agreement as reflected in the executive compensation tables below. The Committee believed it was necessary for us to enter into an employment agreement with Mr. Szydlowski to secure his employment and assistance in building a leadership team capable of successfully operating as a public company.

Change in Control. Mr. Szydlowski's employment agreement and the executive severance agreements noted above provide that the executive may receive severance benefits in the event of a change in control of the Company. These arrangements provide for a "double trigger" before cash severance payments will be paid (i.e., there must be a change in control and the executive's employment must terminate without cause or resignation for good reason after the change in control). The severance benefits will not be "grossed up" for any tax liabilities that the executive may incur upon such termination.

We are providing these benefits in recognition of the importance to us and our stockholders of avoiding distractions and the loss of our CEO and certain executives that may occur in connection with rumored or actual

Table of Contents

change in control of the Company. We protect stockholder interests by enhancing employee focus during rumored or actual change in control activity through:

- incentives to remain with us despite uncertainties while a transaction is under consideration or pending;
- assurance of severance and benefits if terminated; and
- access to the equity component of total compensation after a change in control.

Additional information regarding the change in control provisions for the NEOs and estimated payments to them associated with a change in control can be found in the Potential Payments Upon Termination or Change In Control table below and the accompanying narrative.

2012 Compensation Program Changes. The Committee regularly reviews our existing pay programs to ensure we are able to attract and retain the talent needed to deliver the financial and operating performance necessary to create stockholder value. Based on this review, our 2012 total compensation structure remains consistent with 2011.

Stock Ownership Policy. In 2011, we implemented a Stock Ownership Policy for our executive officers, including NEOs, which we believe will further strengthen our NEOs' alignment with stockholders. All NEOs must maintain an equity interest in the Company and its affiliates equal to a specified multiple of their base pay. Executives are required to retain 100% of annual equity awards, including Rose Rock Midstream, L.P. units, net of taxes, until ownership requirements are met. 50% of the unvested equity awards will count towards the ownership requirements. Unvested performance based awards do not count toward the ownership requirements. We intend to periodically review the policy and adjust as deemed appropriate. The chart below shows the NEO stock ownership guidelines which went into effect January 1, 2012.

<u>Position</u>	<u>Holding Requirement as a Percent of Base Pay</u>
CEO	3x
NEO	2x
Other Executive Officers	1x

Clawback Policy. The Committee has approved changes to the 2011 short-term incentive program and the form of award agreements for 2011 long-term incentive awards that require the participants and grantees to return any incentive-based compensation which we determine we are required to recover from the participants and grantees under any clawback policy that we may adopt from time to time. The Committee expects to approve a clawback policy that complies with Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act when the Securities and Exchange Commission approves final rules implementing the requirement.

Our executive severance agreements discussed above already contain certain forfeiture and clawback provisions in the event that the executive breaches any non-competition, non-solicitation, non-disparagement, confidential information or intellectual property covenants in the agreements.

Compensation Program as it Relates to Risk. We have reviewed our compensation policies and practices for both executives and non-executives as they relate to risk and have determined that at this time they are not reasonably likely to have a material adverse effect on the Company.

In reaching this conclusion, we considered the various elements of our compensation program that are designed to help mitigate excessive risk taking, including:

- Components of Compensation: We use a mix of compensation elements including base salary, short-term incentives and long-term incentives to avoid placing too much emphasis on any one component of compensation.

Table of Contents

- **Level of Compensation:** Our total direct compensation is designed to be competitive with the marketplace and aligned with the interest of our stockholders.
- **Short-term Incentive:** Our short-term incentive plan does not allow for unlimited payouts. Short-term incentive payments cannot exceed 200% of target levels. Our short-term incentive plan is discretionary and is subject to the Committee’s approval.
- **Equity Awards:** Our restricted stock awards drive a long-term perspective and have a three-year cliff vesting period.
- **Board/Committee Oversight:** The Board of Directors and the Committee maintain full discretion of reviewing and administering all awards under short- and long-term incentive plans.
- **Performance Measures:** Our performance goal setting process is aligned with our business strategy and our key foundational tenets.
- **Comprehensive Risk Management Policy:** Our policy provides that employees will not be compensated for exposing us to undue risk as determined by our senior management and/or Board of Directors.

Our compensation program is intended to motivate NEOs and employees to achieve business objectives that generate stockholder returns while demonstrating behaviors that are consistent with our values.

Accounting and Tax Treatment . We consider the impact of accounting and tax treatment when designing all aspects of compensation, but the primary driver of program design is the support of business objectives. In that regard, we review and consider the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which limits the tax deductibility by a corporation of compensation in excess of \$1 million paid to its CEO and any of its three other most highly compensated executive officers, other than the CFO. Compensation which qualifies as “performance-based” is excluded from the \$1 million limit if, among other requirements, the compensation is payable only upon attainment of pre-established, objective performance goals under a plan approved by the corporation’s stockholders. We intend to design a large share of our incentive compensation for our NEOs to qualify for the exemption of “performance-based” compensation from the deductibility limit. However, if future compliance with Section 162(m) is inconsistent with our compensation philosophy or what is believed to be in the best interests of our stockholders, then future compensation arrangements may not be fully deductible under Section 162(m). For example, our emergence equity awards of restricted stock which are time-vested do not qualify as performance-based and may not be fully deductible.

Summary Compensation Table

The following table summarizes the total compensation earned by or paid or awarded to each of the named executive officers with respect to each of the fiscal years ended December 31, 2011, 2010 and 2009. Messrs Szydlowski, Fitzgerald and Gorte joined SemGroup on November 30, 2009. Candice L. Cheeseman joined SemGroup in February 2010, and Timothy R. O'Sullivan became a named executive officer in April 2010. In January 2012, we eliminated the Chief Risk Officer position, and as a result David B. Gorte will no longer be a named executive officer following 2011. Consequently, we have included Peter L. Schwiering, our Vice President and Chief Operating Officer of Rose Rock Midstream GP, LLC, as a named executive officer for 2011 because we anticipate that he will be considered one in 2012.

We currently have an employment agreement with Mr. Szydlowski. For additional information regarding this employment agreement, see "Potential Payments Upon Termination or Change in Control—Employment Agreements" below.

The amount shown does not represent amounts paid to the executives.

Table of Contents

The value included for the performance share units is based on 100 percent of the performance share units vesting at the end of the three-year performance period. Using the maximum number of shares of stock issuable upon vesting of the performance share units (150 percent of the units granted), the aggregate grant date fair value of the performance share units would be as follows:

Norman J. Szydlowski	\$888,749
Robert N. Fitzgerald	\$224,982
Candice L. Cheeseman	\$142,506

- (1) Represents estimated possible payouts under our short-term incentive plan. The estimated possible payout amounts are based on the applicable bonus target percentage and base salary for each named executive officer in effect for 2011. Actual incentive payments for 2011 are reflected in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table above.
- (2) Represents the range of payouts in shares of stock for the performance period beginning January 1, 2011 and ending December 31, 2013, for performance-based share awards granted under our Equity Incentive Plan. If the performance criteria are met, payouts can range from 50 percent of target at the threshold level to 150 percent of target at the maximum level. If a participant retires (after continuously serving not less than 12 months during the performance period), dies or suffers a disability during the performance period, the participant or participant's estate is entitled that portion of the number of performance shares as such participant would have been entitled had he or she remained employed, prorated for the number of days served; provided, however, in the event of a subsequent change of control during the performance period, such participant or participant's estate will be entitled the number of shares at the target level. Performance shares are forfeited if employment is terminated for any other reason. If a participant continuously serves not less than 12 months during the performance period and a change of control occurs during the performance period, such participant will be entitled to the number of shares at the target level.
- (3) These restricted stock awards were granted under our Equity Incentive Plan and are described in the Outstanding Equity Awards at Fiscal Year-End 2011 table below.
- (4) Represents the grant date fair value computed in accordance with ASC 718, "Stock Compensation," which excludes the effect of estimated forfeitures, of the shares of restricted stock and performance share units granted under our Equity Incentive Plan. The assumptions used to value the stock awards are included in Note 21 to our consolidated financial statements contained in our Annual Report on Form 10-K for the year ended December 31, 2011. The value included for the performance share units is based on 100 percent of the performance share units vesting at the end of the three-year performance period. Potential Payments Upon Termination or Change in Control

We have entered into certain agreements and maintain certain plans that will require us to provide compensation to our named executive officers, or NEOs, in the event of a termination of employment or a change in control of SemGroup.

Employment Agreements . We entered into an employment agreement with Norman J. Szydlowski on November 30, 2009. We have not entered into an employment agreement with any of our NEOs other than with Mr. Szydlowski. The employment agreement may be terminated at any time, with or without good cause or for any or no cause, by Mr. Szydlowski or by us. Mr. Szydlowski's base salary under the agreement is \$790,000 per year. In addition, Mr. Szydlowski may receive annual cash incentives payable for the achievement of certain performance goals established by our Board of Directors or our Compensation Committee. Under the agreement, he was awarded 94,800 shares of restricted stock, with vesting to occur in three equal annual installments on December 31 of 2010, 2011 and 2012. Mr. Szydlowski is entitled to reimbursement for his annual income tax preparation and financial planning up to \$15,000 per year.

In the event Mr. Szydlowski's employment is terminated by us without cause, or should Mr. Szydlowski resign for good reason, in each case not in connection with or following a change in control, Mr. Szydlowski is entitled to (i) a severance payment equal to two times his base salary in effect at the time of termination and (ii) immediate vesting of 50 percent of those shares of restricted stock awarded under the employment agreement that are unvested as of the date of termination.

Upon a change in control, all of Mr. Szydlowski's unvested shares of restricted stock awarded under the employment agreement shall immediately vest. In the event Mr. Szydlowski's employment is terminated by us without cause, or should Mr. Szydlowski resign for good reason, in each case in connection with or following a change in control, Mr. Szydlowski is entitled to (i) a severance payment equal to two times his base salary in effect at the time of termination and (ii) immediate vesting of any unvested shares of such restricted stock.

The receipt by Mr. Szydlowski of any payments or benefits pursuant to his employment agreement is subject to his compliance with the following restrictions set forth in the employment agreement:

- for a period of two years following the date of termination, Mr. Szydlowski is restricted from disparaging or criticizing us and we are restricted from disparaging or criticizing him;

Table of Contents

- for a period of five years following the date of termination, Mr. Szydowski must keep all of our trade secrets and proprietary information confidential;
- for a period of eighteen months following the date of termination, Mr. Szydowski may not, directly or indirectly, compete with us; and
- for a period of two years following the date of termination, Mr. Szydowski may not, directly or indirectly, encourage any of our employees to quit or leave our employ or solicit any third party who is our customer to cease being our customer or take away from us the business of such customer.

Regardless of the manner in which Mr. Szydowski's employment terminates, he is entitled to receive amounts earned during his term of employment, including accrued salary, accrued, but unused, vacation pay and unreimbursed business expenses.

Cause is defined in Mr. Szydowski's employment agreement as:

- he has committed a willful serious act, such as embezzlement against the Company or other wrongful act intending to enrich himself at the expense of the Company or conviction of a felony;
- he has engaged in willful or wanton improper conduct that has caused demonstrable and serious injury, monetary or otherwise, to the Company;
- in carrying out his duties he has been guilty of willful gross neglect or willful gross misconduct, resulting in either case in material harm to the Company; or
- he has refused to carry out his duties in gross dereliction of duty and, after receiving written notice to such effect from our Chairman of the Board, he fails to cure the existing problem within 30 days.

Good reason is defined in Mr. Szydowski's employment agreement as the occurrence of any of the following, without his express written consent:

- a significant reduction of his responsibilities, relative to his responsibilities in effect immediately prior to such reduction, including a reduction in responsibilities by virtue of a Change in Control;
- a material reduction in the kind or level of welfare and/or retirement benefits relative to the benefits to which he is entitled immediately prior to such reduction with the result that his overall benefits package is significantly reduced other than pursuant to a reduction that also is applied to substantially all other executive officers of the Company; or
- the failure of the Company to comply with its obligations and commitments under the employment agreement, which failure is not cured within 30 days after written notice to the Company (which notice and opportunity to cure shall not be required if it is apparent that the Company lacks the ability or willingness to so comply).

A change in control is defined in Mr. Szydowski's employment agreement as the occurrence of any of the following events:

- any consolidation, amalgamation or merger of the Company with or into any other person, or any other corporate reorganization, business combination, transaction or transfer of securities of the Company by its stockholders, or a series of transactions (including the acquisition of capital stock of the Company), whether or not the Company is a party thereto, in which the stockholders of the Company immediately prior to such consolidation, merger, reorganization, business combination or transaction, collectively have beneficial ownership, directly or indirectly, of capital stock representing directly, or indirectly through one or more entities, less than fifty percent (50%) of the equity (measured by economic value or voting power (by contract, share ownership or otherwise) of the Company or other surviving entity immediately after such consolidation, merger, reorganization, business combination or transaction;

Table of Contents

- the sale or disposition, in one transaction or a series of related transactions, of all or substantially all of the assets of the Company to any person;
- during any period of twelve consecutive months, individuals who, as of the beginning of such period, constituted the Company's entire Board of Directors (together with any new directors whose election by such board or nomination for election by the Company's stockholders was approved by a vote of at least two-thirds of the directors of the Company, then still in office, who were directors at the beginning of the period or whose election or nomination for election was previously so approved) cease for any reason to constitute a majority thereof; or
- approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

Severance Agreements . We have entered into severance agreements with each of our NEOs, other than Norman J. Szydlowski and David B. Gorte, to encourage and motivate such executive officers to devote their full attention to their duties without the distraction of concerns regarding their involuntary or constructive termination of employment for the reasons described below. Each severance agreement was initially for a term ending on the second anniversary of the date of such agreement. These agreements were amended in November 2011 to extend such agreements through May 31, 2014. The definitions of certain words in quotations are provided below.

Each severance agreement generally provides that if within two years after a "change in control" of the Company (i) an NEO resigns for "good reason" or (ii) the employment of an NEO is terminated other than for "cause," "disability," death or a "disqualification disaggregation," such NEO is entitled to the following:

- within 10 business days after the termination date, a lump sum payment of all accrued but unpaid base salary, any accrued earned but unpaid annual bonus, accrued but unpaid vacation and any other amounts or benefits due but not paid;
- on the first business day following six months after the termination date, a lump sum payment equal to (i) any unpaid earned annual bonus for the fiscal year prior to the fiscal year of termination; and (ii) a severance amount equal to two times his base salary as of the termination date plus an annual bonus amount equal to his target percentage multiplied by his base salary in effect at the termination date as if performance goals were achieved at 100%;
- continued participation in our medical benefit plans for so long as the NEO elects coverage or 18 months from the termination whichever is less, in the same manner and at the same cost as similarly situated active employees;
- all unvested stock options, shares of restricted stock and restricted stock units held by the NEO will vest and will be paid out in accordance with the terms of the respective award agreements;
- continued participation in the Company's directors' and officers' liability insurance for six years or any longer known applicable statute of limitations period; and
- outplacement benefits for six months at a cost not exceeding \$10,000.

Notwithstanding the foregoing, if any amount or benefit to be paid above would be an excess parachute payment (within the meaning of Section 280G of the Internal Revenue Code of 1986, as amended), then the payment to be paid or provided under a severance agreement will be reduced to the minimum extent necessary so that no portion of any such payment, as so reduced, constitutes an excess parachute payment.

If an NEO's employment is terminated for "cause," the NEO is entitled to a lump sum payment of all accrued but unpaid base salary, any accrued earned but unpaid annual bonus, accrued but unpaid vacation and any other amounts or benefits due but not paid.

Table of Contents

If an NEO's employment is terminated by us without cause prior to a change in control, such NEO is entitled to the following:

- within 30- business days after the termination date, a lump sum payment of all accrued but unpaid base salary, any accrued earned but unpaid annual bonus, accrued but unpaid vacation and any other amounts or benefits due but not paid;
- on the first business day following six months after the termination date, a lump sum payment equal to (i) any unpaid earned annual bonus for the fiscal year prior to the fiscal year of termination; and (ii) a severance amount equal to his base salary as of the termination date plus an annual bonus amount equal to his target percentage multiplied by his base salary in effect at the termination date as if performance goals were achieved at 100%;
- all unvested stock options, shares of restricted stock and restricted stock units held by the NEO will only vest and will be paid out in accordance with the terms of the respective award agreements;
- continued participation in the Company's directors' and officers' liability insurance for six years or any known longer applicable statute of limitations period; and
- outplacement benefits for six months at a cost not exceeding \$10,000.

Pursuant to the severance agreements, during the term of the severance agreement and for a period of twelve months following the date of termination of employment, an NEO may not, directly or indirectly, compete with us or encourage any of our employees to quit or leave our employ or solicit any third party who is an established customer of ours to cease being our customer or take away from us the business of such customer. The severance agreements also require an NEO to keep all our trade secrets and proprietary information confidential, restrict an NEO from disparaging or criticizing us and restrict us from disparaging or criticizing the NEO.

The severance agreements with our NEOs use the following definitions:

“Cause” means an NEO's

- conviction of or a plea of nolo contendere to a felony or a crime involving fraud, dishonesty or moral turpitude;
- willful or reckless material misconduct in the performance of his duties that has an adverse effect on the Company or any of its subsidiaries or affiliates;
- willful or reckless violation or disregard of the Company's code of business conduct and ethics, any applicable code of ethics for our CEO and senior financial officers or any policy of the Company or its subsidiaries; or
- habitual or gross neglect of his or her duties.

Cause generally does not include bad judgment or negligence (other than habitual neglect or gross negligence); acts or omissions made in good faith after reasonable investigation by the NEO or acts or omissions with respect to which the Board could determine that the NEO had satisfied the standards of conduct for indemnification or reimbursement under our Certificate of Incorporation, bylaws, any applicable indemnification agreement, or applicable law; or failure (despite good faith efforts) to meet performance goals, objectives, or measures for a period beginning upon a change of control and continuing for two years or until the termination of the agreement, whichever happens first. An NEO's act or failure to act (except as related to a conviction or plea or nolo contendere described above), when done in good faith and with a reasonable belief after reasonable investigation that such action or non-action was in the best interest of the Company or its subsidiaries or affiliates or required by law shall not be cause if the NEO cures the action or non-action within 10 days of notice. Furthermore, no act or failure to act will be cause if the NEO acted under the advice of counsel representing the Company or required by the legal process.

“Change in control” means:

- any person or group (other than an affiliate of ours or an employee benefit plan sponsored by us or our affiliates) becomes a beneficial owner, as such term is defined under the Securities Exchange Act of 1934, of 30% or more of the Company’s common stock or 30% or more of the combined voting power of all securities entitled to one vote generally in the election of directors (“Voting Securities”), unless such person owned both more than 70% of common stock and Voting Securities, directly or indirectly, in substantially the same proportion immediately before such acquisition;
- our directors as of the date of the agreement (“Existing Directors”) and directors whose election, or nomination for election by stockholders, are approved after that date by at least two-thirds of the Existing Directors cease to constitute a majority of our directors;
- consummation of any merger, reorganization, recapitalization, consolidation or similar transaction (“Reorganization Transaction”), other than a Reorganization Transaction that results in the persons who were the direct or indirect owners of outstanding common stock and Voting Securities of the Company prior to the transaction becoming, immediately after the transaction, the owners of at least 60% of the then outstanding common stock and Voting Securities representing at least 60% of the combined voting power of the then outstanding Voting Securities of the surviving corporation in substantially the same respective proportions as such persons’ ownership immediately before such Reorganization Transaction; or
- approval by our stockholders of the sale or other disposition of all, or substantially all, of the Company’s consolidated assets or the Company’s complete liquidation other than a transaction that would result in (i) a related party owning more than 50% of the assets that were owned by the Company immediately prior to the transaction or (ii) the persons who were the direct or indirect owners of our outstanding common stock and Voting Securities prior to the transaction continuing to own directly or indirectly, 50% or more of the assets owned by the Company immediately prior to the transaction.

A change in control will not occur with respect to an NEO if (i) the NEO agrees in writing prior to an event that such an event will not be a change in control; or (ii) the Board determines that a liquidation, sale or other disposition approved by the stockholders, as described in the fourth bullet above, will not occur, except to the extent termination occurred prior to such determination.

“Disability” means a physical or mental infirmity that impairs the NEO’s ability to substantially perform his duties for twelve months or more and for which he is receiving income replacement benefits from a Company plan for not less than three months.

“Disqualification disaggregation” means the cessation of an NEO’s employment by us or affiliates (during the period beginning upon a change in control and continuing for two years or until the termination of the agreement, whichever happens first), if the NEO is employed by the successor in substantially the same position and the successor has assumed our obligations under the severance agreement.

“Good reason” means, generally, a material adverse reduction in the nature and scope of the NEO’s office, position, duties, functions, responsibilities or authority, a reduction in the NEO’s base salary, a reduction in the NEO’s annual bonus, required relocation, a material reduction in the level of aggregate compensation or benefits not applicable to peer executives, a relocation of generally more than 50 miles, a successor company’s failure to honor the agreement or the failure of the Board to provide written notice of the act or omission constituting “cause.”

Potential Payments upon Termination or Change in Control as of December 31, 2011 . The following tables show potential payments of severance and/or benefits to our NEOs, other than David B. Gorte, under existing contracts, agreements, plans or arrangements, whether written or unwritten, for various scenarios involving a change in control or termination of each of such NEOs, assuming a change in control date or termination date of December 31, 2011, and, where applicable, using the closing price of our Class A Common

Compensation Committee Interlocks and Insider Participation

During 2011, the Compensation Committee was composed of Karl F. Kurz, Sarah M. Barpoulis, Stanley C. Horton (until his resignation on May 2, 2011), and James H. Lytal (who joined the Compensation Committee on November 4, 2011), all of whom are or were independent directors. During 2011, none of our executive officers served on the board of directors or on the compensation committee of any other entity who had an executive officer that served either on our Board of Directors or on the Compensation Committee.

DIRECTOR COMPENSATION

Our non-employee directors receive annual compensation for serving on our Board of Directors. We do not pay our employees who serve on Board of Directors any additional compensation for Board membership. Our Compensation Committee reviews from time to time the compensation we pay to our non-employee directors and, if appropriate, recommends changes or adjustments to such compensation. The compensation we pay to our non-employee directors consists of a cash retainer and equity awards as shown in the following table. We also reimburse directors for out-of-pocket expenses in connection with attending board and committee meetings. The annual cash retainer and equity award are paid to the non-employee directors on a June 1 through May 31 fiscal-year basis.

	Total Compensation(1)	Annual Cash Retainer	Committee Meeting Fees(2)	Annual Equity Grant(3)
Non-Executive Chairman of the Board	\$ 237,000	\$124,500	—	\$112,500

Members—Compensation Committee	\$ 162,000	\$ 87,000	\$ 2,000	\$ 75,000
Members—Board Only	\$ 162,000	\$ 87,000	—	\$ 75,000

- (1) Total compensation is the sum of the cash and equity retainers paid on an annual basis and does not include committee meeting fees. Each non-employee director receives the highest total compensation he or she is entitled to pursuant to the table. No non-employee director is entitled to compensation from more than one row of the table.
- (2) Committee meeting fees are paid only to members of the committee for their attendance at each meeting of their respective committees and not to other non-employee directors who attend a committee meeting voluntarily. If the Chairman of the Board attends a committee meeting for the purpose of establishing a quorum and if a non-member of a committee attends at the specific request or requirement of the Chairman of that committee, that director will be entitled to be paid a committee meeting fee.
- (3) All equity grants are made as shares of restricted stock under our Equity Incentive Plan. The number of shares of restricted stock is determined by dividing the dollar amount of the grant by the value of a share of common stock on the date the grant is made.

The shares of restricted stock are subject to forfeiture provisions, which generally lapse on the first anniversary of the date of the grant. Shares held by a non-employee director that have not yet vested will become fully vested upon the occurrence of the director’s death. Non-employee directors are required to retain all stock received as compensation while they are serving as members of the Board, except they may sell shares to cover tax liability associated with the vesting of restricted stock and, upon written request, transfer shares to a spouse to be held in common ownership with the director and to certain trusts for the sole benefit of a director and, provided the director serves as trustee, for the benefit of the director’s spouse or minor children.

The non-employee directors can elect to defer all or a portion of their annual cash retainer in five percent (5%) increments. Any deferred compensation amounts are maintained in a deferred money account, which does not bear interest. Deferred compensation amounts are credited as a dollar amount to the director’s deferred money account on the date such cash compensation otherwise would be payable in cash to the director. The director at all times is 100% vested in his or her deferred money account.

- (2) Represents shares issuable upon vesting of restricted stock units and performance share units, which units have no exercise price. This amount assumes that target level performance is achieved under outstanding performance-based awards for which the performance has not yet been determined.
- (3) Represents shares of our Class A Common Stock available for issuance under our Equity Incentive Plan. Shares of our Class A Common Stock may be issued under our Equity Incentive Plan pursuant to the following types of awards: nonqualified stock options, incentive stock options, stock appreciation rights, restricted stock, stock-based awards, including restricted stock units, and performance-based compensation.

Equity Incentive Plan

Our Equity Incentive Plan was adopted in connection with our reorganization and became effective as of November 30, 2009. The purpose of the Equity Incentive Plan is to attract, retain and motivate our officers, employees and non-employee directors providing services to our Company, its subsidiaries and affiliates, and to promote our business by providing participants with appropriate incentives in our long-term success.

A total of 2,781,635 shares of our Class A Common Stock are authorized for issuance pursuant to all awards granted under the Equity Incentive Plan. The number of shares that may be issued under the Equity Incentive Plan or under outstanding awards are adjusted in the event of certain corporate events or transactions as discussed below under “Adjustment of Awards.” Shares subject to awards that expire or are forfeited, cancelled, terminated or settled in cash do not count as shares issued under the Equity Incentive Plan and are again available for awards under the Equity Incentive Plan. The number of shares with respect to awards denominated in shares that may be granted to any participant in any calendar year under the Equity Incentive Plan may not exceed 500,000 shares.

The Equity Incentive Plan authorizes the grant of the following types of awards: nonqualified stock options, incentive stock options, stock appreciation rights, restricted stock, other stock-based awards, including restricted stock units and performance-based compensation. Awards may be granted to non-employee directors, officers and employees of our Company and officers and employees of our subsidiaries and affiliates. However, incentive stock options may be granted only to employees. To date, we have granted only restricted stock, restricted stock unit and performance share unit awards under the Equity Incentive Plan.

Administration . The Equity Incentive Plan is administered by the Compensation Committee of our Board of Directors or any committee subsequently designated by our Board of Directors to administer the Equity

Table of Contents

Incentive Plan. The Compensation Committee has the discretion to determine the individuals to whom awards may be granted under the Equity Incentive Plan, the number of shares of our Class A Common Stock subject to each award, the type of award, the manner in which such awards will vest and the other conditions applicable to awards. The Compensation Committee is empowered to clarify, construe or resolve any ambiguity in any provision of the Equity Incentive Plan or any award agreement and adopt such rules, forms, instruments and guidelines for administering the Equity Incentive Plan as it deems necessary or proper. All actions, interpretations and determinations by the Compensation Committee or by our Board of Directors are final and binding.

Award Agreements . Awards granted under the Equity Incentive Plan will be evidenced by award agreements that provide additional terms and conditions associated with such awards, as determined by the Compensation Committee in its discretion. In the event of any conflict between the provisions of the Equity Incentive Plan and any such award agreement, the provisions of the Equity Incentive Plan will control.

Stock Options . The Compensation Committee will determine the exercise price and other terms for each stock option granted under the Equity Incentive Plan and whether the options are nonqualified stock options or incentive stock options, but the exercise price of any option will not be less than 100% of the fair market value of a share of our Class A Common Stock on the date of grant, as determined by the Compensation Committee. Incentive stock options may be granted only to employees and are subject to certain other restrictions. A participant may exercise an option by written notice and payment of the exercise price in cash, shares or a combination of cash and shares, as determined by the Compensation Committee, or, if there is a public market for the shares, through the delivery of irrevocable instructions to a broker to sell shares obtained upon the exercise of the option and promptly deliver payment to us out of the proceeds of the exercise price for the shares purchased. The maximum term of any option granted under the Equity Incentive Plan is ten years from the date of grant.

Stock Appreciation Rights . The Compensation Committee may grant stock appreciation rights, or SARs, independent of, or in tandem with, a stock option. The exercise price per share of a SAR will be determined by the Compensation Committee, but will not be less than 100% of the fair market value of a share of our Class A Common Stock on the date of grant, as determined by the Compensation Committee. The Compensation Committee will determine the other terms applicable to SARs. The maximum term of any SAR granted under the Equity Incentive Plan is ten years from the date of grant. Generally, each SAR will entitle a participant, upon exercise, to receive an amount equal to:

- the excess of the fair market value on the exercise date of one share of our Class A Common Stock over the exercise price, multiplied by
- the number of shares of Class A Common Stock covered by the SAR.

Payment may be made in shares of our Class A Common Stock, cash, other property or any combination thereof, all as determined by the Compensation Committee.

Restricted Stock . The Compensation Committee may grant an award of restricted stock under the Equity Incentive Plan. Restricted stock awards are a grant of a specified number of shares of our Class A Common Stock, which are subject to forfeiture upon the occurrence of specified events. Each award agreement evidencing a restricted stock grant will specify the period(s) of restriction, the conditions under which the restricted stock may be forfeited to us and such other provisions as the Compensation Committee may determine, subject to the terms of the Equity Incentive Plan. The Compensation Committee will determine and set forth in the award agreement whether a recipient of restricted stock shall have the right to exercise voting rights with respect to the restricted stock during the restricted period and/or have the right to receive dividends on the restricted stock during the restricted period.

Stock-Based Awards; Restricted Stock Units . The Compensation Committee may award other types of stock-based awards under the Equity Incentive Plan that are valued, in whole or in part, by reference to, or based

on the fair market value of our Class A Common Stock, including restricted stock units. Restricted stock units may entitle the holder to receive a specified number of shares of our Class A Common Stock, cash, or a combination of shares and cash, upon the completion of a specified period of service, the occurrence of an event and/or the attainment of a specified performance objectives. Subject to the provisions of the Equity Incentive Plan, the Compensation Committee will determine whether such other stock-based awards will be settled in cash, shares of our Class A Common Stock or a combination of cash and such shares, and all other terms and conditions of such awards.

Performance-Based Compensation . To the extent permitted by Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended (the “Code”), the Compensation Committee may design any award so that the amounts or shares payable thereunder are treated as “qualified performance-based compensation” within the meaning of Section 162(m) of the Code. The grant, vesting, crediting and/or payment of performance-based compensation will be based on the achievement of objective performance goals established in writing by the Compensation Committee. Performance goals may be based on one or more of the following measures: (i) consolidated earnings before or after taxes (including earnings before interest, taxes, depreciation and amortization); (ii) net income; (iii) operating income; (iv) earnings per share; (v) book value per share; (vi) return on stockholders’ equity; (vii) expense management; (viii) return on investment; (ix) improvements in capital structure; (x) profitability of an identifiable business unit or product; (xi) maintenance or improvement of profit margins; (xii) stock price; (xiii) market; (xiv) revenue or sales; (xv) costs; (xvi) cash flows; (xvii) working capital; (xviii) return on assets; (xix) store openings or refurbishment plans; (xx) staff training; and (xxi) corporate social responsibility policy implementation.

Transferability of Awards; Conditions and Restrictions on Shares . Unless otherwise determined by the Compensation Committee, awards granted under the Equity Incentive Plan are not transferable other than by will or the laws of descent and distribution. The Compensation Committee may impose such transfer restrictions on any shares received in connection with an award as it may deem advisable or desirable. These restrictions may include, but shall not be limited to, a requirement that the participant hold the shares received for a specified period of time or a requirement that a participant represent and warrant in writing that the participant is acquiring the shares for investment and without any present intention to sell or distribute such shares.

Stockholder Rights . Except as otherwise provided in the applicable award agreement, a participant has no rights as a stockholder with respect to shares of our Class A Common Stock covered by any award until the participant becomes the record holder of such shares.

Adjustment of Awards . In the event of a corporate event or transaction such as a merger, consolidation, reorganization, recapitalization, stock dividend, stock split, reverse stock split, spin-off of similar event or transaction, in order to prevent dilution or enlargement of participants’ rights under the Equity Incentive Plan, the Compensation Committee will make certain adjustments to awards, including, in its sole discretion, substitution or adjustment of the number and kind of shares that may be issued under the Equity Incentive Plan or under particular awards, the grant price or purchase price applicable to outstanding awards, and other value determinations applicable to the Equity Incentive Plan or outstanding awards.

In the event we experience a change in control (as defined in the Equity Incentive Plan), the Compensation Committee may, but is not obligated to, make adjustments to the terms and conditions of outstanding awards, including, without limitation:

- continuation or assumption of such awards by the surviving company or corporation;
- substitution by the surviving company or corporation of awards with substantially similar awards;
- acceleration of vesting and exercisability of awards;
- upon written notice, provide that any outstanding awards must be exercised, to the extent exercisable, during a reasonable period of time prior to the consummation of the event, and at the end of such period, such awards shall terminate to the extent not so exercised in the relevant period; and

- cancellation of awards for fair value as determined by the Compensation Committee.

Amendment and Termination . The Compensation Committee may amend or terminate the Equity Incentive Plan or any award agreement at any time; provided that stockholder approval will be needed for an amendment if:

- such approval is necessary to comply with any applicable tax or regulatory requirement;
- the amendment would increase the number of shares available for awards under the Equity Incentive Plan;
- the amendment would result in a material increase in benefits under the Equity Incentive Plan or a change in eligibility requirements; or
- the amendment would reduce the exercise price of any outstanding stock options or grant prices of any outstanding SARs or the cancellation of any outstanding stock options or SARs for cash or other awards, such as other options or SARs having an exercise price or grant price per share, as applicable, that is less than such price of the original options or SARs.

No amendment or termination is permitted without the consent of the participants, if such amendment or termination would materially diminish the participants' rights under the Equity Incentive Plan or any award.

No awards will be granted after November 30, 2019.

Compliance with Code Section 409A . To the extent that the Equity Incentive Plan or awards are subject to Section 409A of the Code, the Compensation Committee may, in its sole discretion and without a participant's prior consent, amend the Equity Incentive Plan or awards, adopt policies and procedures, or take any other actions as are necessary or appropriate to either exempt the Equity Incentive Plan or any award from the application of Section 409A of the Code, preserve the intended tax treatment of any such award or comply with the requirements of Section 409A of the Code.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee assists the Board of Directors in its responsibilities for the general oversight of the integrity of our financial statements and our financial reporting process, including our system of internal control over financial reporting. Management has the primary responsibility for the financial statements and the financial reporting process, including our system of internal controls. Our independent registered public accounting firm, BDO USA, LLP (“BDO USA”), is responsible for performing an independent audit of our financial statements in accordance with the Public Company Accounting Oversight Board standards and to issue a report thereon. BDO USA also reports on its assessment of internal control over financial reporting based on criteria established in *Internal Control—Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission. The Audit Committee monitors these processes.

In the performance of its oversight function, the Audit Committee has reviewed and discussed our audited consolidated financial statements as of and for the fiscal year ended December 31, 2011 with management and with BDO USA. The Audit Committee has also reviewed and discussed BDO USA’s report on its assessment of internal accounting control over financial reporting. In this context, the Audit Committee has discussed with BDO USA the matters required to be discussed by the Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended (AICPA, Professional Standards, Vol. 1. AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Audit Committee has received from BDO USA the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm’s communications with the Audit Committee concerning independence and has discussed with BDO USA its independence.

Based on its review of the audited consolidated financial statements and the various discussions noted above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements as of and for the fiscal year ended December 31, 2011 be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2011, for filing with the Securities and Exchange Commission.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review, Approval or Ratification of Transactions with Related Persons

Our Board of Directors has adopted a written policy and procedures for the identification, review and approval of related person transactions which is set forth in our Related Person Transaction Policy. Pursuant to the policy, our General Counsel is charged with primary responsibility for determining whether, based on the facts and circumstances, a proposed transaction is a related person transaction. For the purposes of the policy, a “related person transaction” is any transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) (i) in which we or any of our affiliates participate or will participate, (ii) the amount involved exceeds \$120,000, and (iii) in which in any executive officer, director or director nominee of ours, any person who is the beneficial owner of more than 5% of any class of our voting securities, or any immediate family member of any of the foregoing individuals (a “related person”) has or will have a direct or indirect material interest.

To assist our General Counsel in making this determination, the policy sets forth certain categories of transactions that are deemed not to involve a direct or indirect material interest on behalf of the related person. If, after applying these categorical standards and weighing all of the facts and circumstances, our General Counsel determines that a proposed transaction is a related person transaction, our General Counsel must present the proposed transaction to the Audit Committee for review or, if impracticable under the circumstances, to the Chairman of the Audit Committee. The Audit Committee must then either approve or reject the transaction in accordance with the terms of the policy. In the course of making this determination, the Audit Committee will consider all relevant information available to it and, as appropriate, take into consideration the following:

- whether the transaction was undertaken in our ordinary course of business;
- whether the transaction was initiated by us or the related person;
- whether the transaction with the related person is proposed to be entered into on terms no less favorable to us than terms that could have been reached with an unrelated third party;
- the purpose, and the potential benefits to us, of the transaction;
- the approximate dollar value of the amount involved in the transaction and whether such amount is material to us;
- the related person’s interest in the transaction (including the approximate dollar value of the amount of the such related person’s interest in the transaction); and
- any other information regarding the transaction or related person that would be material to investors in light of the circumstances of the particular transaction.

The Audit Committee may approve or ratify a related person transaction only if it determines that the transaction is consistent with our best interests as a whole. Further, in approving any such transaction, the Audit Committee has the authority to impose any terms or conditions it deems appropriate on us or the related person. Absent this approval, no such related person transaction may be entered into by us.

Transactions with Related Persons

The law firm of Conner & Winters, LLP, of which Mark D. Berman is a partner, performs legal services for us. Mr. Berman is the spouse of Candice L. Cheeseman, our General Counsel. The engagement of Conner & Winters, LLP was approved by our Audit Committee in compliance with the procedures set forth for the approval of related person transactions in our Related Person Transaction Policy in connection with our hiring of Ms. Cheeseman in February 2010. Conner & Winters, LLP had been providing legal services to us prior to our hiring of Ms. Cheeseman. Mr. Berman does not perform any legal services for us. We paid \$1,597,625 in legal fees and related expenses to this law firm for services rendered during 2011.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors and executive officers, and persons who own more than 10 percent of our Class A Common Stock, to report their initial ownership of the common stock and any subsequent changes in that ownership to the Securities and Exchange Commission and the New York Stock Exchange, and to furnish us with a copy of each such report. The Securities and Exchange Commission regulations impose specific due dates for such reports, and we are required to disclose in this proxy statement any failure to file by these dates during and with respect to fiscal 2011.

To our knowledge, based solely on review of the copies of such reports furnished to us and written representations that no other reports were required, during and with respect to fiscal 2011, all Section 16(a) filing requirements applicable to our officers, directors and more than 10 percent stockholders were complied with.
