This report on Form 6-K contains forward-looking statements. The registrant desires to qualify for the “safe-harbor” provisions of the Private Securities Litigation Reform Act of 1995, and consequently is hereby filing cautionary statements identifying important factors that could cause the registrant’s actual results to differ materially from those set forth in this report. The registrant’s forward-looking statements are based on the registrant’s current expectations, assumptions, estimates and projections concerning the Company, the industries and countries in which it operates. These forward-looking statements can be identified by words or phrases such as “anticipate,” “believe,” “continue,” “estimate,” “expect,” “intend,” “is/are likely to,” “may,” “plan,” “should,” “would,” or other similar expressions. These forward-looking statements include statements with respect to the Company’s plans, strategies, beliefs and other statements that are not historical facts. These statements are based on the Company’s management’s assumptions and beliefs in light of the information currently available to them. These assumptions also involve risks and uncertainties which may cause the actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Potential risks and uncertainties include, without limitation: (i) changes in general economic, business or political or other conditions in Chile, Argentina, Brazil, Peru, Colombia or elsewhere in Latin America or global markets; (ii) changes in capital markets in general that may affect policies or attitudes towards investing in Chile, Argentina, Brazil, Peru, Colombia or securities issued by companies in such countries; (iii) the monetary and interest rate policies of the Central Banks of Chile, Argentina, Brazil, Peru and Colombia; (iv) high levels of inflation or deflation; (v) unanticipated increases in financing and other costs or our inability to obtain additional debt or equity financing on attractive terms; (vi) movements in interest and/or foreign exchange rates, and movements in equity prices or other rates or prices; (vii) changes in, or failure to comply with, applicable regulations, or changes in taxes; (viii) loss of market share or changes in competition and pricing environments in the industries in which the Company operates; (ix) difficulties in successfully integrating recent and future acquisitions into the Company’s operations; (x) the Company’s inability to hedge certain risks economically; (xi) changes in consumer spending and saving habits; (xii) implementation of new technologies; (xiii) limitations on the Company’s ability to open new stores and operate them profitably; (xiv) difficulties in completing proposed store openings, expansions or remodelings; (xv) difficulties in acquiring and developing land in Chile, Argentina, Brazil, Peru or Colombia, and restrictions on opening new large stores in any such countries; and (xvi) the factors discussed under the rubric “Risk Factors” as well as other risks included in the registrant’s other filings and submissions with the United States Securities and Exchange Commission.

In light of the risks and uncertainties described above, the estimates and forward-looking statements discussed in this report might not occur, and the registrant’s future results and its performance may differ materially from those expressed in these forward-looking statements due to, inclusive, but not limited to, the factors mentioned above. Because of these uncertainties, you should not make any investment decision based on these estimates and forward-looking statements. The forward-looking statements made in the attached relate only to events or information as of the date on which the statements are made in the attached. The registrant undertakes no obligation to update any forward-looking statements to reflect events or circumstances after the date on which the statements are made or to reflect the occurrence of unanticipated events.
