This report shall not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of the common stock in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or jurisdiction.

This report contains forward-looking statements. The registrant desires to qualify for the “safe-harbor” provisions of the Private Securities Litigation Reform Act of 1995, and consequently is hereby filing cautionary statements identifying important factors that could cause the registrant’s actual results to differ materially from those set forth in such forward-looking statements.

The registrant’s forward-looking statements are based on the registrant’s current expectations, assumptions, estimates and projections about the registrant and its industry. These forward-looking statements can be identified by words or phrases such as “anticipate,” “believe,” “continue,” “estimate,” “expect,” “intend,” “is/are likely to,” “may,” “plan,” “should,” “would,” or other similar expressions.

The forward-looking statements included in this report involve various risks and uncertainties, including, among others: (i) changes in general economic, business or political or other conditions in Chile, Argentina, Brazil, Peru, Colombia or elsewhere in Latin America or global markets; (ii) changes in capital markets in general that may affect policies or attitudes towards investing in Chile, Argentina, Brazil, Peru, Colombia or securities issued by companies in such countries; (iii) the monetary and interest rate policies of the Central Banks of Chile, Argentina, Brazil, Peru, Colombia and elsewhere in Latin America or global markets; (iv) high levels of inflation or deflation; (v) unanticipated increases in financing and other costs or our inability to obtain additional debt or equity financing on attractive terms; (vi) movements in interest and/or foreign exchange rates, and movements in equity prices or other rates or prices; (vii) changes in, or failure to comply with, applicable regulations or changes in taxes; (viii) loss of market share or changes in competition and pricing environments in the industries in which the Company operates; (ix) difficulties in successfully integrating recent and future acquisitions into the Company’s operations; (x) the Company’s inability to hedge certain risks economically; (xi) changes in consumer spending and saving habits; (xii) implementation of new technologies; (xiii) limitations on the Company’s ability to open new stores and operate them profitably; (xiv) difficulties in completing proposed store openings, expansions or remodeling; (xv) difficulties in acquiring and developing land in Chile, Argentina, Brazil, Peru or Colombia, and restrictions on opening new large stores in any such countries; and (xvi) the factors discussed under the heading “Risk Factors” as well as risks included in the Company’s other filings and submissions with the United States Securities and Exchange Commission.

Although the registrant believes that its expectations expressed in these forward-looking statements are reasonable, its expectations may turn out to be incorrect. The registrant’s actual results could be materially different from its expectations. In light of the risks and uncertainties described above, the estimates and forward-looking statements discussed in this report might not occur, and the registrant’s future results and its performance may differ materially from those expressed in these forward-looking statements due to, including, but not limited to, the factors mentioned above. Because of these uncertainties, you should not make any investment decision based on these estimates and forward-looking statements.

The forward-looking statements made in this report relate only to events or information as of the date on which the statements are made.
