GRUBHUB INC.
(F/K/A GRUBHUB SEAMLESS, INC.)
Notes to Condensed Consolidated Financial Statements

1. Organization and Reorganization

Organization

GrubHub Inc., a Delaware corporation, and its wholly-owned subsidiaries (collectively referred to as the “Company”) provide an online and mobile platform for restaurant pick-up and delivery orders. Diners enter their location through an online interface and the Company displays the menus and other relevant information for restaurants in its network. Orders may be placed directly online or over the phone at no cost to the diner. The Company charges the restaurant a per order commission that is largely fee based.

Initial Public Offering

On April 4, 2014, the Company completed an initial public offering (the “IPO”) in which it issued and sold 4,000,000 shares of class A common stock at a public offering price of \$ 26.00 per share. The Company received net proceeds of \$ 94.9 million after deducting underwriting discounts and commissions of \$ 6.5 million and other offering expenses of approximately \$ 2.6 million. These expenses were recorded against the proceeds received from the IPO.

Certain selling stockholders offered an additional 3,405,614 shares of common stock in the IPO and also granted the underwriters an option to purchase up to 1,110,842 additional shares of common stock. The Company did not receive any proceeds from the sale of the shares sold by the selling stockholders.

Upon the closing of the IPO, all shares of the Company’s then-outstanding convertible Series A Preferred Stock automatically converted into an aggregate of 19,284,113 shares of common stock. Additionally, the put rights for the Company’s redeemable common stock were terminated upon the closing of the IPO.

The Company invested the funds received in non-interest bearing accounts, short-term and intermediate-term interest-bearing obligations, investment-grade investments, certificates of deposit or direct or guaranteed obligations of the U.S. government .

Reorganization and History

On August 8, 2013, GrubHub Inc. acquired, through a series of transactions, all of the equity interests of each of Seamless North America, LLC, Seamless Holdings Corporation (“Seamless Holdings”) and GrubHub Holdings Inc. pursuant to that certain Reorganization and Contribution Agreement, dated as of May 19, 2013, by and among GrubHub Inc., Seamless North America, LLC, Seamless Holdings, GrubHub Holdings Inc. and the other parties thereto (the “Reorganization Agreement”). Following this transaction, the Company concluded that Seamless Holdings was deemed the acquirer for financial reporting purposes. See Note 3, *Acquisitions* , for additional details. Accordingly, the acquisition of GrubHub Holdings Inc. has been accounted for as a business combination. The results of operations of GrubHub Holdings Inc. have been included in the Company’s financial statements since August 9, 2013. In February 2014, GrubHub Seamless Inc. was renamed GrubHub Inc.

The financial position and results of operations of Seamless Holdings and Seamless North America, LLC have been included in the condensed consolidated financial statements for all periods presented.

2. Significant Accounting Policies

Basis of Presentation

The accompanying unaudited condensed consolidated interim financial statements include the accounts of GrubHub Inc. and have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”) for interim financial information and in accordance with the rules and regulations of the United States Securities and Exchange Commission (the “SEC”). Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. These unaudited condensed consolidated interim financial statements include all wholly owned subsidiaries and reflect all normal and recurring adjustments, as well as any other than normal adjustments, that are, in the opinion of management, necessary for a fair presentation of the results for the interim periods and should be read in conjunction with the Company’s prospectus filed with the SEC pursuant to Rule 424(b) under the Securities Act of 1933 on April 7, 2014. All significant intercompany transactions have been eliminated in consolidation. Operating results for the three and six months ended June 30, 2014 are not necessarily indicative of the results that may be expected for the fiscal year ending December 31, 2014.

GRUBHUB INC.
(F/K/A GRUBHUB SEAMLESS, INC.)
Notes to Condensed Consolidated Financial Statements (Continued)

Use of Estimates

The preparation of condensed consolidated financial statements in accordance with GAAP requires management to make certain estimates, judgments and assumptions that affect the reported amounts of assets and liabilities and the related disclosures at the date of the financial statements, as well as the reported amounts of revenue and expenses during the periods presented. Estimates include revenue recognition, the allowance for doubtful accounts, website development costs, goodwill, depreciable lives of property and equipment, recoverability of intangible assets with definite lives and other long-lived assets and stock-based compensation. Actual results could differ from these estimates.

Reverse Stock Split Ratio

On April 2, 2014, the Company effected a 1-for-2 reverse stock split of its issued and outstanding common stock and preferred stock. Any fractional shares resulting from the reverse stock split were rounded up to the nearest whole share. All share and per-share amounts for all periods presented in these financial statements have been adjusted retroactively to reflect the reverse stock split.

Recently Issued Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update No. 2014-09, “Revenue from Contracts with Customers (Topic 606)” (“ASU 2014-09”), which supersedes the revenue recognition requirements in Topic 605, Revenue Recognition, including most industry-specific requirements. ASU 2014-09 establishes a five-step revenue recognition process in which an entity will recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. ASU 2014-09 also requires enhanced disclosures regarding the nature, amount, timing and uncertainty of revenues and cash flows from contracts with customers. ASU 2014-09 will be effective for the Company in the first quarter of 2017. Management is currently evaluating the impact the adoption of ASU 2014-09 will have on the Company’s condensed consolidated financial position, results of operations or cash flows and the method of retrospective application, either full or modified.

In July 2013, the FASB issued Accounting Standards Update No. 2013-11 “Income Taxes (Topic 740): Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Credit Carryforward Exists” (“ASU 2013-11”), which requires that a liability related to an unrecognized tax benefit be presented as a reduction of a deferred tax asset for a net operating loss carryforward, a similar tax loss or a tax credit carryforward that the entity intends to use and is available for settlement at the reporting date. ASU 2013-11 was effective for and adopted by the Company in the first quarter of 2014 and applied prospectively to unrecognized tax benefits that existed at the effective date. The adoption of ASU 2013-11 impacted the Company’s financial statement presentation and disclosures, but otherwise did not impact the Company’s condensed consolidated financial position, results of operations or cash flows.

In February 2013, the FASB issued Accounting Standards Update No. 2013-02 “Comprehensive Income (Topic 220): Reporting of Amounts Reclassified out of Accumulated Other Comprehensive Income” (“ASU 2013-02”), which requires an entity to disaggregate the total change of each component of other comprehensive income either on the face of the income statement or as a separate disclosure in the notes. ASU 2013-02 was effective for and adopted by the Company in the first quarter of 2013. The adoption of ASU 2013-02 impacted the Company’s financial statement presentation and disclosures, but otherwise did not impact the Company’s condensed consolidated financial position, results of operations or cash flows.

3. Acquisitions

GrubHub Holdings Inc.

On August 8, 2013, the Company acquired all of the equity interests of each of Seamless North America, LLC, Seamless Holdings and GrubHub Holdings Inc. pursuant to the Reorganization Agreement. In February 2014, GrubHub, Inc. changed its name to GrubHub Holdings Inc. The Company issued 23,318,580 shares of common stock and 8,098,430 shares of preferred stock to GrubHub Holdings Inc. in exchange for all of GrubHub Holdings Inc.’s equity interests (the “Merger”). The Company concluded that Seamless Holdings was deemed the acquirer for financial reporting purposes based on key deciding factors such as a majority ownership and majority of the board of director seats. Accordingly, the acquisition of GrubHub Holdings Inc. has been accounted for as a business combination. The results of operations of GrubHub Holdings Inc. have been included in the Company’s financial statements since August 9, 2013. GrubHub Holdings Inc. provides online food ordering through its website grubhub.com, and also operates allmenus.com, a website that stores and displays approximately 275,000 menus. The Merger has expanded the Company’s existing markets and access to new customers and created revenue and cost synergies which management believes will contribute to future profits.

GRUBHUB INC.
(F/K/A GRUBHUB SEAMLESS, INC.)
Notes to Condensed Consolidated Financial Statements (Continued)

The fair value of the equity issued to GrubHub Holdings Inc. in connection with the Merger was approximately \$421.5 million. The value of the equity was determined using the estimated fair value of the stock of GrubHub Holdings Inc. at the merger date based on a valuation of GrubHub Holdings Inc. performed by management. The assets acquired and liabilities assumed were recorded at their estimated fair values as of August 8, 2013. The fair value of the equity of \$421.5 million included approximately \$11.0 million related to the fair value of the replacement awards that were attributed to the pre-combination service period for GrubHub Holdings Inc. option holders. The fair value of the replacement awards was determined using the Black-Scholes option pricing model. Post combination expense of \$12.5 million is expected to be recognized post-Merger for the unrecognized compensation expense related to GrubHub Holdings Inc. stock options. See Note 7, *Stock-Based Compensation*, for further details.

The excess of the consideration transferred in the acquisition over the net amounts assigned to the fair value of the assets acquired was recorded as goodwill, which represents the opportunity to expand existing markets and access new customers and to create revenue and cost synergies that management believes will contribute to future profits. The goodwill is not deductible for income tax purposes.

The Company incurred certain expenses directly and indirectly related to the Merger of \$2.9 million and \$3.3 million during the three and six months ended June 30, 2013, respectively, which were recognized in general and administrative expenses within the condensed consolidated statements of operations.

The following table summarizes the August 8, 2013 acquisition-date fair value of the assets and liabilities acquired in connection with the GrubHub Holdings Inc. business combination:

	(in thousands)
Cash and cash equivalents	\$ 13,266
Accounts receivable	2,108
Other identifiable assets	4,422
Customer and vendor relationships	167,450
Deferred tax asset	4,013
Deferred tax liability	(88,937)
Developed technology	5,143
Goodwill	239,346
Liabilities assumed	(10,602)
Trademarks	85,276
Total net assets acquired	<u>\$ 421,485</u>

The estimated fair values of the intangible assets acquired were determined based on a combination of the income, cost, and market approaches to measure the fair value of the customer (restaurant) relationships, developed technology and trademarks. The fair value of the trademarks was measured based on the relief from royalty method. The cost approach, specifically the cost to recreate method, was used to value the developed technology. The income approach, specifically the multi-period excess earnings method, was used to value the customer (restaurant) relationships. These fair value measurements were based on significant inputs not observable in the market and thus represent Level 3 measurements under the fair value hierarchy.

The following unaudited pro forma information presents a summary of the operating results of the Company for the three and six months ended June 30, 2013 as if GrubHub Inc. had acquired GrubHub Holdings Inc. as of January 1, 2013:

	Three Months Ended June 30, 2013	Six Months Ended June 30, 2013
	(in thousands)	
Revenues	\$ 40,650	\$ 80,027
Net income	1,522	773

GRUBHUB INC.
(F/K/A GRUBHUB SEAMLESS, INC.)
Notes to Condensed Consolidated Financial Statements (Continued)

The pro forma adjustments reflect the additional amortization that would have been recognized for the intangible assets, replacement stock option awards compensation cost for services performed after the Merger, elimination of transaction costs incurred and pro forma tax adjustments for the three and six months ended June 30, 2013 as follows:

	<u>Three Months Ended</u> <u>June 30, 2013</u>	<u>Six Months Ended</u> <u>June 30, 2013</u>
	(in thousands)	
Amortization of intangible assets	\$ 2,659	\$ 5,334
Stock-based compensation	1,210	2,424
Transaction costs	(6,669)	(7,430)
Income tax benefit	(730)	(2,767)

The unaudited pro forma revenues are not intended to represent or be indicative of the Company's condensed consolidated results of operations or financial condition that would have been reported had the Merger been completed as of the beginning of the periods presented and should not be taken as indicative of the Company's future consolidated results of operations or financial condition.

4. Goodwill and Acquired Intangible Assets

The components of acquired intangible assets as of June 30, 2014 and December 31, 2013 were as follows:

	<u>June 30, 2014</u>		
	<u>Gross</u> <u>Carrying</u> <u>Amount</u>	<u>Accumulated</u> <u>Amortization</u>	<u>Net Carrying</u> <u>Value</u>
	(in thousands)		
Developed technology	\$ 5,143	\$ (1,534)	\$ 3,609
Customer and vendor relationships, databases	191,979	(23,874)	168,105
Total amortizable intangible assets	197,122	(25,408)	171,714
Indefinite-lived trademarks	89,676	—	89,676
Total acquired intangible assets	<u>\$ 286,798</u>	<u>\$ (25,408)</u>	<u>\$ 261,390</u>

	<u>December 31, 2013</u>		
	<u>Gross</u> <u>Carrying</u> <u>Amount</u>	<u>Accumulated</u> <u>Amortization</u>	<u>Net Carrying</u> <u>Value</u>
	(in thousands)		
Developed technology	\$ 5,143	\$ (677)	\$ 4,466
Customer and vendor relationships, databases	191,979	(17,680)	174,299
Total amortizable intangible assets	197,122	(18,357)	178,765
Indefinite-lived trademarks	89,676	—	89,676
Total acquired intangible assets	<u>\$ 286,798</u>	<u>\$ (18,357)</u>	<u>\$ 268,441</u>

Amortization expense for acquired intangible assets was \$3.5 million and \$0.6 million for the three months ended June 30, 2014 and 2013, respectively, and \$7.0 million and \$1.1 million for the six months ended June 30, 2014 and 2013, respectively.

There were no changes in the carrying amount of goodwill for the six months ended June 30, 2014.

GRUBHUB INC.
(F/K/A GRUBHUB SEAMLESS, INC.)
Notes to Condensed Consolidated Financial Statements (Continued)

Estimated future amortization expense of acquired intangible assets as of June 30, 2014 was as follows:

	(in thousands)	
The remainder of 2014	\$	7,051
2015		14,102
2016		13,344
2017		12,068
2018		12,068
Thereafter		113,081
Total	\$	<u>171,714</u>

5. Property and Equipment

The components of the Company's property and equipment as of June 30, 2014 and December 31, 2013 were as follows:

	(in thousands)	
	<u>June 30, 2014</u>	<u>December 31, 2013</u>
Computer equipment	\$ 11,495	\$ 9,739
Furniture and fixtures	2,440	2,176
Developed software	15,064	13,930
Purchased software	2,129	2,124
Leasehold improvement	6,473	6,120
Property and equipment	37,601	34,089
Accumulated amortization and depreciation	(21,072)	(16,993)
Property and equipment, net	<u>\$ 16,529</u>	<u>\$ 17,096</u>

The Company recorded depreciation and amortization expense for property and equipment other than developed software for the three months ended June 30, 2014 and 2013 of \$1.4 million and \$0.8 million, respectively, and \$2.7 million and \$1.6 million for the six months ended June 30, 2014 and 2013, respectively.

The Company capitalized developed software costs of \$0.7 million for each of the three months ended June 30, 2014 and 2013 and \$1.1 million and \$1.4 million for the six months ended June 30, 2014 and 2013, respectively. Amortization expense for developed software costs, recognized in depreciation and amortization in the condensed consolidated statements of operations, for the three months ended June 30, 2014 and 2013 was \$0.7 million and \$0.5 million, respectively, and \$1.4 million and \$1.0 million for the six months ended June 30, 2014 and 2013, respectively.

6. Commitments and Contingencies

Legal

In August 2011, Ameranth filed a patent infringement action against a number of defendants, including GrubHub Holdings Inc., in the U.S. District Court for the Southern District of California (the "Court"), Case No. 3:11-cv-1810 ("1810 action"). In September 2011, Ameranth amended its complaint in the '1810 action to also accuse Seamless North America, LLC of infringement. Ameranth alleged that the GrubHub Holdings Inc. and Seamless North America, LLC ordering systems, products and services infringe claims 12 through 15 of U.S. Patent No. 6,384,850 ("850 patent") and claims 11 and 15 of U.S. Patent No. 6,871,325 ("325 patent").

In March 2012, Ameranth initiated eight additional actions for infringement of a third, related patent, U.S. Patent No. 8,146,077 ("077 patent"), in the same forum, including separate actions against GrubHub Holdings Inc., Case No. 3:12-cv-739 ("739 action"), and Seamless North America, LLC, Case No. 3:12-cv-737 ("737 action"). In August 2012, the Court severed the claims against GrubHub Holdings Inc. and Seamless North America, LLC in the '1810 action and consolidated them with the '739 action and the '737 action, respectively. Later, the Court consolidated these separate cases against GrubHub Holdings Inc. and Seamless North America, LLC, along with the approximately 40 other cases Ameranth filed in the same district, with the original '1810 action. In their

GRUBHUB INC.
(F/K/A GRUBHUB SEAMLESS, INC.)
Notes to Condensed Consolidated Financial Statements (Continued)

answers, GrubHub Holdings Inc. and Seamless North America, LLC denied infringement and interposed various defenses, including non-infringement, invalidity, unenforceability and inequitable conduct.

On November 26, 2013, the consolidated case was stayed pending the disposition of petitions for post-grant review of all the patents in the suit. These petitions were filed in the United States Patent and Trademark Office (the “PTO”) under the new Transitional Program for Covered Business Method Patents (the “CBM proceedings”). The CBM proceedings resulted in a March 26, 2014 ruling denying defendants’ petitions on the claims most relevant to GrubHub Holdings Inc. and Seamless North America LLC. The consolidated case remains stayed.

No trial date has been set for this case. The Company believes this case lacks merit and that it has strong defenses to all of the infringement claims. The Company intends to defend the suit vigorously. However, the Company is unable to predict the likelihood of success of Ameranth’s infringement claims and is unable to predict the likelihood of success of its counterclaims. The Company has not recorded an accrual related to this lawsuit as of June 30, 2014, as it does not believe a material loss is probable. It is a reasonable possibility that a loss may be incurred; however, the possible range of loss is not estimable given the early stage of the dispute and the uncertainty as to whether the claims at issue are with or without merit, will be settled out of court, or will be determined in the Company’s favor, whether the Company may be required to expend significant management time and financial resources on the defense of such claims, and whether the Company will be able to recover any losses under its insurance policies.

In addition to the matters described above, from time to time, the Company is involved in various other legal proceedings arising from the normal course of business activities. As of June 30, 2014, the Company had reserved \$0.6 million for such litigation.

Indemnification

In connection with the Merger, the Company agreed to indemnify Aramark Holdings for negative income tax consequences associated with the October 2012 spin-off of Seamless Holdings that were the result of certain actions taken by the Company, including its solicitation of acquirers to purchase the Company prior to October 29, 2014, and in certain other instances, subject to a \$15.0 million limitation. Management is not aware of any actions that would impact the indemnification obligation.

Restructuring

On November 20, 2013 the Company announced plans to close its Sandy, Utah office location in 2014. The Company recorded a restructuring accrual in the condensed consolidated balance sheets for severance and payroll related benefits as a result of the restructuring announcement. This amount represents the service vesting requirements for identified employees required to work through the expected closure date of the facility of December 31, 2014. The Company estimates total restructuring costs to be incurred will be approximately \$1.2 million, including expense of \$0.5 million to be recognized in the second half of 2014 related to the termination of the Sandy, Utah office lease agreement. For the three and six months ended June 30, 2014, restructuring expense of \$0.2 million and \$0.5 million, respectively, was recognized in general and administrative expenses in the condensed consolidated statements of operations.

The following table summarizes the Company’s restructuring activity during the six months ended June 30, 2014:

	(in thousands)
Restructuring accrual balance at December 31, 2013	\$ 176
Restructuring expense	492
Cash payments	<u>(190)</u>
Restructuring accrual balance at June 30, 2014	<u>\$ 478</u>

7. Stock-Based Compensation

As part of the Reorganization Agreement, the Company was required to replace GrubHub Holdings Inc.’s share-based payment awards. The fair value of the replacement awards attributable to pre-combination services at the time of the Merger was approximately \$11.0 million, which was included as additional consideration transferred in the business combination in the total purchase price of \$421.5 million. The fair value of the replacement options attributable to post combination services was approximately \$12.5 million

GRUBHUB INC.
(F/K/A GRUBHUB SEAMLESS, INC.)
Notes to Condensed Consolidated Financial Statements (Continued)

and will be recognized as compensation cost in the Company's post-Merger consolidated financial statements over the remaining vesting period.

The Company granted 1,739,273 and 368,750 stock options during the six months ended June 30, 2014 and 2013, respectively. The fair market value of each stock option award was estimated based on the assumptions below as of the grant date using the Black-Scholes-Merton option pricing model. Expected volatilities are based on historical volatilities of comparable publicly traded companies. The Company uses historical data to estimate option exercises and employee terminations within the valuation model. Separate groups of employees that have similar historical exercise behavior are considered separately for valuation purposes. The expected term of the award is estimated using a simplified method. The fair value at grant date was determined considering the performance of the Company at the grant date as well as future growth and profitability expectations by applying market and income approaches. The risk-free rate for the period within the contractual life of the option is based on the U.S. Treasury yield curve in effect at the time of grant. The assumptions used to determine the fair market value of the stock options granted during the six months ended June 30, 2014 and 2013 were as follows:

	2014	2013
Weighted average fair value options granted	\$ 13.12	\$ 1.66
Average risk-free interest rate	2.00%	1.10%
Expected stock price volatilities ^(a)	50.5%	53.8%
Dividend yield	None	None
Expected stock option life (years)	6.29	6.06

- a) There was no active external or internal market for the Company's shares until April of 2014. Thus, it was not possible to estimate the expected volatility of the Company's share price in estimating fair value of options granted. As a substitute for such volatility, the Company used the historical volatility of comparable companies.

Stock option awards as of December 31, 2013 and June 30, 2014, and changes during the six months ended June 30, 2014, were as follows :

	Options	Weighted Average Exercise Price	Average Intrinsic Value (thousands)	Weighted Average Exercise Term (years)
Outstanding at December 31, 2013	7,669,553	\$ 4.08	\$ 56,844	8.29
Granted	1,739,273	15.13		
Forfeited	(558,820)	4.27		
Exercised	(695,627)	3.31		
Outstanding at June 30, 2014	<u>8,154,379</u>	6.44	236,210	8.20
Vested and expected to vest at June 30, 2014	6,587,727	5.60	196,389	8.06
Exercisable at June 30, 2014	3,493,142	\$ 3.88	\$ 110,146	7.76

The aggregate intrinsic value in the table above represents the total pre-tax intrinsic value (the difference between the fair value of the common stock on June 30, 2014 and December 31, 2013, respectively, and the exercise price, multiplied by the number of in-the-money options) that would have been received by the option holders had all option holders exercised their in-the-money options on each date. This amount will change in future periods based on the fair market value of the Company's stock and the number of options outstanding. The aggregate intrinsic value of awards exercised during the three and six months ended June 30, 2014 was \$5.1 million and \$11.6 million, respectively. The aggregate intrinsic value of awards exercised during the three and six months ended June 30, 2013 was less than \$0.1 million.

The stock options vest over different lengths of time depending upon the grantee. Compensation expense is recognized over the vesting period. The Company recorded compensation expense of \$2.3 million and \$0.6 million for the three months ended June 30, 2014 and 2013, respectively, and \$4.7 million and \$1.2 million for the six months ended June 30, 2014 and 2013, respectively. As of June 30, 2014, total unrecognized compensation cost, adjusted for estimated forfeitures, related to non-vested stock options was \$21.1 million and is expected to be recognized over a weighted average period of 3.05 years.

GRUBHUB INC.
(F/K/A GRUBHUB SEAMLESS, INC.)
Notes to Condensed Consolidated Financial Statements (Continued)

8. Stockholders' Equity

As of June 30, 2014 and December 31, 2013, the Company was authorized to issue two classes of stock: common stock and Series A Preferred Stock. Each share of Series A Preferred Stock was convertible, at the option of the holder thereof, into common stock on a one-for-one basis, subject to adjustment as defined in the Company's amended and restated certificate of incorporation. The Company entered into a stockholders agreement in 2013 with certain stockholders. The agreement prevented those stockholders from transferring their shares without the consent of a majority of the stockholders.

On April 4, 2014, the Company completed the IPO in which the Company issued and sold 4,000,000 shares of common stock at a public offering price of \$ 26.00 per share. The Company received net proceeds of \$ 94.9 million after deducting underwriting discounts and commissions of \$ 6.5 million and other offering expenses of approximately \$ 2.6 million. Upon the closing of the IPO, the stockholder's agreement ceased to be in effect.

Common Stock

Each holder of common stock will have one vote per share of common stock held on all matters that are submitted for stockholder vote. Upon liquidation, the common stock was junior to the rights and preferences of the Series A Preferred Stock as of December 31, 2013. At June 30, 2014 and December 31, 2013, there were 500,000,000 and 165,000,000 shares of common stock authorized, respectively. At June 30, 2014 and December 31, 2013, there were 78,831,161 and 53,757,437 shares issued and outstanding, respectively. The Company did not hold any shares as treasury shares as of June 30, 2014 or December 31, 2013.

Series A Preferred Stock

The Company was authorized to issue 25,000,000 shares of preferred stock as of June 30, 2014 and December 31, 2013. Upon the closing of the IPO on April 4, 2014, all shares of the Company's then-outstanding convertible Series A Preferred Stock automatically converted on a one-for-one basis into an aggregate of 19,284,113 shares of common stock. There were no issued or outstanding shares of preferred stock as of June 30, 2014.

As of December 31, 2013, the 19,284,113 outstanding shares of Series A Preferred Stock had a liquidation preference of an amount per share equal to the original Series A Preferred Stock issue price of approximately \$ 86.2 million.

Redeemable Common Stock

The put rights that would have required the Company to repurchase the Company's then outstanding redeemable common stock at fair value (as defined in the stockholders agreement) determined at the redemption date were terminated and the shares converted on a one-for-one basis into an aggregate of 1,344,236 shares common stock upon the closing of the IPO on April 4, 2014.

As of December 31, 2013, there were 1,344,236 shares of common stock with put rights. As the redemption price was equivalent to the fair value of the instrument, the Company adjusted the carrying value of the redeemable common stock to its fair value with an adjustment to equity. The fair value of the redeemable common stock was \$ 18.4 million at December 31, 2013. The Company had an annual redemption limit of \$4.0 million.

GRUBHUB INC.
(F/K/A GRUBHUB SEAMLESS, INC.)
Notes to Condensed Consolidated Financial Statements (Continued)

The Company's equity as of December 31, 2013 and June 30, 2014, and changes during the six months ended June 30, 2014, were as follows:

	(in thousands)
Balance at December 31, 2013	\$ 557,375
Net income	7,045
Currency translation	184
Termination of put rights of redeemable common stock, in connection with the IPO	34,950
Issuance of common stock in connection with the IPO, net of issuance costs	94,927
Change in fair value of redeemable common stock	(16,535)
Stock-based compensation	4,709
Stock option exercises, net of withholdings and other	2,194
Preferred stock tax distributions	(320)
Common stock repurchases	(3,225)
Balance at June 30, 2014	<u>\$ 681,304</u>

9. Earnings Per Share Attributable to Common Stockholders

Basic earnings per share is computed by dividing net income attributable to common stockholders by the weighted average number of common shares outstanding during the period without consideration for common stock equivalents. Diluted net income per share attributable to common stockholders is computed by dividing net income by the weighted average number of common shares outstanding during the period and potentially dilutive common stock equivalents, except in cases where the effect of the common stock equivalent would be antidilutive. Potential common stock equivalents consist of common stock issuable upon exercise of stock options using the treasury stock method and common stock issuable upon conversion of the Series A Preferred Stock. Upon the closing of the IPO, all shares of the Company's then-outstanding convertible Series A Preferred Stock automatically converted into an aggregate of 19,284,113 shares of common stock.

The following table presents the calculation of basic and diluted net income per share attributable to common stockholders for the three months ended June 30, 2014 and 2013:

	Three Months Ended June 30, 2014			Three Months Ended June 30, 2013		
	Income (Numerator)	Shares (Denominator)	Per Share Amount	Income (Numerator)	Shares (Denominator)	Per Share Amount
	(in thousands, except per share data)					
Net income	\$ 2,692			\$ 1,823		
Preferred stock tax distributions	(320)			(648)		
Basic EPS						
Net income attributable to common stockholders	2,372	78,042	\$ 0.03	1,175	31,373	\$ 0.04
Effect of Dilutive Securities						
Preferred stock	320	636		648	11,186	
Stock options	—	3,396		—	1,007	
Diluted EPS						
Net income attributable to common stockholders	<u>\$ 2,692</u>	<u>82,074</u>	\$ 0.03	<u>\$ 1,823</u>	<u>43,566</u>	\$ 0.04

GRUBHUB INC.
(F/K/A GRUBHUB SEAMLESS, INC.)
Notes to Condensed Consolidated Financial Statements (Continued)

The following table presents the calculation of basic and diluted net income per share attributable to common stock holders for the six months ended June 30, 2014 and 2013:

	Six Months Ended June 30, 2014			Six Months Ended June 30, 2013		
	Income (Numerator)	Shares (Denominator)	Per Share Amount	Income (Numerator)	Shares (Denominator)	Per Share Amount
	(in thousands, except per share data)					
Net income	\$ 7,045			\$ 3,079		
Preferred stock tax distributions	(320)			(648)		
Basic EPS						
Net income attributable to common stockholders	6,725	66,626	\$ 0.10	2,431	31,368	\$ 0.08
Effect of Dilutive Securities						
Preferred stock	320	9,960		648	11,186	
Stock options	—	3,268		—	802	
Diluted EPS						
Net income attributable to common stockholders	<u>\$ 7,045</u>	<u>79,854</u>	<u>\$ 0.09</u>	<u>\$ 3,079</u>	<u>43,356</u>	<u>\$ 0.07</u>

For the three months ended June 30, 2014 and 2013, 140,283 and 352,500 shares of common stock underlying stock options, respectively, were excluded from the calculation of diluted net income per share attributable to common stockholders because their effect would have been antidilutive. For the six months ended June 30, 2014 and 2013, 140,283 and 328,750 shares of common stock underlying stock options, respectively, were excluded because their effect would have been antidilutive.

10. Fair Value Measurement

Certain assets and liabilities are required to be recorded at fair value on a recurring basis. The Company applied the following methods and assumptions in estimating its fair value measurements: cash equivalents are comprised of highly liquid investments, including money market funds and certificates of deposit with original maturities of less than three months. The fair value measurement of these assets is based on quoted market prices in active markets and, therefore, these assets are recorded at fair value on a recurring basis and classified as Level 1 in the fair value hierarchy. Redeemable common stock consisted of put rights the Company granted to certain shareholders which required common shares to be repurchased at fair value (as defined in the stockholders agreement) determined as of the redemption date. The fair value measurement of redeemable common stock is based on Level 3 inputs as defined in the fair value hierarchy. Accounts receivable and accounts payable approximate fair value due to their generally short-term maturities.

The following table presents the balances of assets measured at fair value based on Level 1 inputs on a recurring basis as of June 30, 2014 and December 31, 2013:

	June 30, 2014	December 31, 2013
	(in thousands)	
Cash equivalents	\$ 4,203	\$ 4,200

GRUBHUB INC.
(F/K/A GRUBHUB SEAMLESS, INC.)
Notes to Condensed Consolidated Financial Statements (Continued)

The fair value of the Company's redeemable common stock, determined to be Level 3 under the fair value hierarchy, was measured based on the required redemption at the most recent fair value of the common stock. The put rights for the Company's then outstanding redeemable common stock were terminated and the shares converted on a one-for-one basis into common stock upon the closing of the IPO on April 4, 2014. The following table presents the fair value, valuation techniques and related unobservable inputs for the Level 3 measurement as of December 31, 2013:

	Fair value measurement (Level 3) (in thousands)	Valuation technique	Unobservable input	Range
	December 31, 2013			December 31, 2013
Redeemable common stock	\$ 18,415	Probability Weighted Expected Return Method	Discount rate Lack of marketability per common share	15.3% 14.9%

In addition to assets and liabilities that are recorded at fair value on a recurring basis, the Company is required to record certain assets and liabilities at fair value on a nonrecurring basis, generally as a result of acquisitions. See Note 3, *Acquisitions*, for further discussion of the fair value of assets and liabilities associated with acquisitions.

Item 2: Management’s Discussion and Analysis of Financial Condition and Results of Operations

The following should be read in conjunction with the condensed consolidated financial statements and the notes thereto included elsewhere in this Quarterly Report on Form 10-Q and with the audited consolidated financial statements included in the prospectus filed pursuant to Rule 424(b) under the Securities Act of 1933, as amended, with the Securities and Exchange Commission (the “SEC”) on April 7, 2014 (the “Prospectus”). Unless otherwise stated, the discussion below primarily reflects the historical condition and results of operations for (i) Seamless Holdings Corporation (the “Seamless Platform”) as of and for the three and six months ended June 30, 2013 and (ii) GrubHub Inc. as of December 31, 2013 and for the three and six months ended June 30, 2014. In addition to historical condensed consolidated financial information, the following discussion contains forward-looking statements that reflect the Company’s plans, estimates, and beliefs. Actual results could differ materially from those discussed in the forward-looking statements. Factors that could cause or contribute to these differences include those discussed below and elsewhere in this Quarterly Report on Form 10-Q, particularly in Part II, Item 1A, “Risk Factors”.

Company Overview

GrubHub Inc. and its wholly-owned subsidiaries (collectively referred to as the “Company”) is the leading online and mobile platform for restaurant pick-up and delivery orders, which the Company refers to as takeout. The Company connects local restaurants with hungry diners in more than 700 cities across the United States and is focused on transforming the takeout experience. For restaurants, GrubHub generates higher margin takeout orders at full menu prices. The GrubHub platform empowers diners with a “direct line” into the kitchen, avoiding the inefficiencies, inaccuracies and frustrations associated with paper menus and phone orders. The Company has a powerful two-sided network that creates additional value for both restaurants and diners as it grows.

The Company’s target market is primarily independent restaurants. These independent restaurants remain local, highly fragmented and are mostly owner-operated family businesses. According to Euromonitor, Americans spent \$204 billion at these approximately 350,000 independent restaurants in 2012. Of that amount, the Company believes that Americans spent approximately \$67 billion on takeout at these independent restaurants in 2012.

For restaurants, takeout enables them to grow their business without adding seating capacity or wait staff. Advertising for takeout, typically done through the distribution of menus to local households or advertisements in local publications, is often inefficient and requires upfront payment with no certainty of success. In contrast, GrubHub provides restaurants on its platform with an efficient way to generate more takeout orders. GrubHub enables restaurants to access local diners at the moment when those diners are hungry and ready to purchase takeout. In addition, the Company does not charge the restaurants in its network any upfront or subscription fees, does not require any discounts from their full price menus and only gets paid for the orders the Company generates for them, providing restaurants with a low-risk, high-return solution. The Company charges restaurants a per-order commission that is primarily percentage-based.

For diners, the traditional takeout ordering process is often a frustrating experience—from using paper menus to communicating an order by phone to a busy restaurant employee. In contrast, ordering on GrubHub is enjoyable and a dramatic improvement over the “menu drawer.” The Company provides diners on the platform with an easy-to-use, intuitive and personalized platform that helps them search for and discover local restaurants and then accurately and efficiently place an order from any Internet-connected device. GrubHub also provides diners with information and transparency about their orders and status and solves problems that may arise. In addition, the Company makes re-ordering convenient by storing previous orders, preferences and payment information, helping to promote diner frequency and drive strong repeat business.

The proliferation of mobile devices over the past few years has significantly increased the value of the GrubHub platform. The Company’s powerful, easy-to-use mobile applications for iPhone, iPad and Android, enable diners to access GrubHub whenever and wherever they want takeout. The discovery and ordering capabilities that are available on the Company’s consumer websites are also available through its mobile applications. GrubHub monetizes the orders placed through its mobile applications using the same rate as orders placed through its websites. The Company’s mobile applications make ordering from GrubHub more accessible and personal, driving increased use of the platform by restaurants and diners. Orders placed on mobile devices increased from approximately 41% of consumer orders during the six months ended June 30, 2013 to approximately 46% of consumer orders during the six months ended June 30, 2014.

The Company generates revenues primarily when diners place an order on its platform. Restaurants pay a commission, typically a percentage of the transaction on orders that are processed through the Company's platform. Most of the restaurants on the Company's platform can choose their level of commission rate, at or above the minimum rate, to affect their relative priority in the Company's sorting algorithms, with restaurants paying higher commission rates generally appearing higher in the search order than restaurants paying lower commission rates. For most orders, diners use a credit card to pay the Company for their meal when the order is placed. For these transactions, the Company collects the total amount of the order from the diner and remits the net proceeds to the restaurant less commission. The Company generally accumulates funds and remits the net proceeds to the restaurants on at least a monthly basis. The Company also deducts commissions for other transactions that go through its platform, such as cash transactions for restaurants in the network, from the aggregate proceeds received.

Overview of Reorganization

On August 8, 2013 (the "Merger Date"), GrubHub Inc. acquired, through a series of transactions, all of the equity interests of each of Seamless North America, LLC, Seamless Holdings Corporation ("Seamless Holdings" or, the "Seamless Platform") and GrubHub Holdings Inc. (the "GrubHub Platform") pursuant to that certain Reorganization and Contribution Agreement, dated as of May 19, 2013, by and among GrubHub Inc., Seamless North America, LLC, Seamless Holdings, GrubHub Holdings Inc. and the other parties thereto (the "Reorganization Agreement"). The Company issued 23,318,580 shares of common stock and 8,098,430 shares of preferred stock to GrubHub Holdings Inc. in exchange for all of GrubHub Holdings Inc.'s equity interests (the "Merger"). The fair value of the equity issued to GrubHub Holdings Inc. in connection with the Merger was approximately \$421.5 million. Following this transaction, the Company concluded that Seamless Holdings was deemed the acquirer for financial reporting purposes and the acquisition of GrubHub Holdings Inc. has been accounted for as a business combination. The Merger has enabled the Company to expand its two-sided network, connecting customers in the geographies it serves with more restaurants. Through the combination of the GrubHub Platform and the Seamless Platform, the Company has been able to eliminate duplicative marketing expenses and restaurant sales and take advantage of a complementary geographic footprint.

The financial position and results of operations of GrubHub Holdings Inc. have been included in the Company's financial statements since August 9, 2013. The financial position and results of operations of Seamless Holdings and Seamless North America, LLC have been included in the condensed consolidated financial statements for all periods presented.

Operating Metrics

Within this Management's Discussion and Analysis of Results of Operations, the Company discusses key business metrics, including Active Diners, Daily Average Grubs and Gross Food Sales. Unless otherwise stated or if the context requires otherwise, each of these metrics includes results for the Seamless Platform alone prior to the Merger Date and for both the GrubHub Platform and the Seamless Platform, as GrubHub Inc., after the Merger Date. The Company's key business metrics are defined as follows:

- **Active Diners** . The number of unique diner accounts from which an order has been placed in the past twelve months through the Company's platform. Some diners could have more than one account if they were to set up multiple accounts using a different e-mail address for each account. As a result, it is possible that the Active Diner metric may count certain diners more than once during any given period.
- **Daily Average Grubs** . The number of revenue generating orders placed on the Company's platform divided by the number of days for a given period.
- **Gross Food Sales**. The total value of food, beverages, taxes, prepaid gratuities, and any delivery fees processed through the Company's platform. The Company includes all revenue generating orders placed on its platform in this metric; however, revenues are only recognized for the Company's commissions from the transaction, which are a percentage of the total Gross Food Sales for such transaction.

The Company's key business metrics were as follows for the periods presented:

	Three Months Ended June 30,			Six Months Ended June 30,		
	2014	2013	% Change	2014	2013	% Change
Active Diners	4,192,000	1,171,000	258%	4,192,000	1,171,000	258%
Daily Average Grubs	174,500	83,600	109%	177,800	83,200	114%
Gross Food Sales (in millions)	\$ 422.6	\$ 193.1	119%	\$ 855.6	\$ 381.4	124%

The Company experienced significant growth across all of its key business metrics, Active Diners, Daily Average Grubs and Gross Food Sales, during the three and six months ended June 30, 2014 as compared to the same periods in the prior year. Growth in all metrics was attributable to a combination of the impact of the Merger and organic growth.

The Merger significantly increased each of the Company's key business metrics. In addition to the figures in the table above, the GrubHub Platform had 1.8 million active diners, 46,500 Daily Average Grubs and generated \$113.6 million in Gross Food Sales during the three months ended June 30, 2013. During the six months ended June 30, 2013, the GrubHub Platform had 1.8 million active diners, 46,400 Daily Average Grubs and generated \$225.3 million in Gross Food Sales.

Organic growth was due primarily to increased product and brand awareness by diners, better restaurant choices for diners in the Company's markets and the growth of the Company's mobile applications, which allow diners to order takeout through the platform using their mobile devices.

Basis of Presentation

Revenues

The Company generates revenues primarily when diners place an order on its platform. Restaurants pay a commission, typically a percentage of the transaction on orders that are processed through the Company's platform. Most of the restaurants on the Company's platform can choose their level of commission rate, at or above the minimum rate, to affect their relative priority in the Company's sorting algorithms, with restaurants paying higher commission rates generally appearing higher in the search order than restaurants paying lower commission rates. For most orders, diners use a credit card to pay the Company for their meal when the order is placed. For these transactions, the Company collects the total amount of the order from the diner and remits the net proceeds to the restaurant less commission. The Company generally accumulates funds and remits the net proceeds to the restaurants on at least a monthly basis. The Company also deducts commissions for other transactions that go through its platform, such as cash transactions for restaurants in the network, from the aggregate proceeds received.

The Company periodically provides incentive offers to restaurants and diners to use its platform. These promotions are generally cash credits to be applied against purchases. These incentive offers are recorded as reductions in revenues, generally on the date the corresponding revenue is recorded.

The Company generates a small amount of revenues directly from companies that participate in its corporate ordering program and by selling advertising on allmenus.com and MenuPages websites to third parties. The Company does not anticipate that corporate fees or advertising will generate a significant portion of its revenues in the foreseeable future.

Costs and Expenses

Sales and Marketing

Sales and marketing expenses consist of salaries, commissions, benefits, stock-based compensation expense and bonuses for restaurant sales, restaurant sales support and marketing employees and contractors. Sales and marketing expenses also contain advertising expenses including search engine marketing, television, online display, media and other programs and facilities costs allocated on a headcount basis.

Operations and Support

Operations and support expenses consist of salaries and benefits, stock-based compensation expense and bonuses for salaried employees and contractors engaged in customer service and operations. Operations and support expenses also include payment processing costs for diner orders, costs of uploading and maintaining restaurant menu content, communications costs related to orders and facilities costs allocated on a headcount basis.

Technology (exclusive of amortization)

Technology (exclusive of amortization) expenses consist of salaries and benefits, stock-based compensation expense and bonuses for salaried employees and contractors engaged in the design, development, maintenance and testing of the Company's platform, including its websites, mobile applications and other products. Technology expenses also include facilities costs allocated on a headcount basis but do not include amortization of capitalized website and software development costs.

General and Administrative

General and administrative expenses consist of salaries, benefits, stock-based compensation expense and bonuses for executive, finance, accounting, legal, human resources and administrative support. General and administrative expenses also include legal, accounting, other third-party professional services, other miscellaneous expenses and facilities costs allocated on a headcount basis.

Depreciation and Amortization

Depreciation and amortization expenses primarily consist of amortization of purchased intangibles from the Merger and depreciation of computer equipment, furniture and fixtures, leasehold improvements and capitalized website and software development costs.

Provision (Benefit) for Income Taxes

Provision for income taxes consists of federal and state income taxes in the United States and income taxes in certain foreign jurisdictions, deferred income taxes reflecting the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes, and the realization of net operating loss carryforwards.

Results of Operations

Three Months Ended June 30, 2014 and 2013

The following table sets forth the Company's results of operations for the three months ended June 30, 2014 as compared to the same period in the prior year presented in dollars and as a percentage of revenues:

	2014		2013		\$ Change	% Change
	Amount	% of revenue	Amount	% of revenue		
	(in thousands, except percentages)

Revenues

Revenues increased by \$33.1 million, or 123% , for the three months ended June 30, 2014 compared to the same period in 2013. The increase was primarily related to the inclusion of results from the GrubHub Platform and growth in Active Diners, which increased from 1.2 million to 4.2 million at the end of each period, driving an increase in Daily Average Grubs to 174,500 during the three months ended June 30, 2014 from 83,600 Daily Average Grubs during the same period in 2013. During the three months ended June 30, 2013, there were approximately 1.8 million active diners and 46,500 Daily Average Grubs on the GrubHub Platform that would have been included had the Merger been completed as of January 1, 2013. The growth in Active Diners and Daily Average Grubs unrelated to the Merger was due primarily to marketing efforts, investments in the Company's platform to drive more orders, and organic growth from word-of-mouth referrals. In addition, revenue increased during the three months ended June 30, 2014 compared to the same period in 2013 due to the Company's implementation of a new feature on the Seamless platform that allows restaurants to influence how high they appear in the search results based on their commission rate.

Sales and Marketing

Sales and marketing expense increased by \$10.1 million, or 167% , for the three months ended June 30, 2014 compared to the same period in 2013. The increase was primarily attributable to an increase in the size of the Company's advertising campaigns, particularly in television, the inclusion of results from the GrubHub Platform following the Merger Date and growth in the Company's sales and marketing teams. For the three months ended June 30, 2014 versus the same period in 2013, advertising spending increased by \$7.2 million. During the same period, the number of sales personnel increased by 136% and the number of marketing personnel increased by 90% , primarily as a result of the addition of sales and marketing personnel from the GrubHub Platform.

Operations and Support

Operations and support expense increased by \$8.7 million, or 146% , for the three months ended June 30, 2014 compared to the same period in 2013. This increase was primarily attributable to the inclusion of results from the GrubHub Platform following the date of the Merger and the growth in payment processing costs related to orders. In addition to the amounts in the table above, during the three months ended June 30, 2013, operations and support expense for the GrubHub Platform was \$4.8 million, which would have been included here had the Merger been completed as of January 1, 2013. Payment processing costs increased \$3.9 million, or 108% , for the three months ended June 30, 2014 compared to the same period in the prior year due to the 119% growth in Gross Food Sales.

Technology (exclusive of amortization)

Technology expense increased by \$3.4 million, or 125% , for the three months ended June 30, 2014 compared to the same period in 2013. The increase was primarily attributable to the inclusion of technology expense from the GrubHub Platform following the Merger Date and growth in the Company's technology team to support the growth and development of the Seamless and GrubHub platforms . During the three months ended June 30, 2014, the number of technology personnel increased by 118% compared to the same period in the prior year .

General and Administrative

General and administrative expense increased by \$2.8 million, or 48% , for the three months ended June 30, 2014 compared to the same period in 2013. The increase was primarily attributable to the inclusion of general and administrative expenses from the GrubHub Platform following the Merger Date, costs associated with being a public company, higher stock-based compensation expense and an increase in other miscellaneous expenses required to support growth in the business, partially offset by lower legal and professional fees for expenses incurred in 2013 related to the Merger.

Depreciation and Amortization

Depreciation and amortization expense increased by \$3.7 million, or 199% , for the three months ended June 30, 2014 compared to the same period in 2013. The increase was primarily attributable to the amortization of intangible assets acquired in the Merger of \$3.0 million for the three months ended June 30, 2014, and increased investment in infrastructure to support the Company's growing business.

Provision for Income Taxes

Income tax expense increased by \$3.5 million for the three months ended June 30, 2014 compared to the same period in 2013. The increase was primarily attributable to a \$2.0 million increase in the Company's deferred liabilities as a result of a change in state tax law and the increase in income before provision for income taxes due to the factors described above. Changes in tax laws in other jurisdictions could result in similar adjustments. The Company has provided income tax expense for the periods presented based on the expected annual effective tax rate.

Six Months Ended June 30, 2014 and 2013

The following table sets forth the Company's results of operations for the six months ended June 30, 2014 as compared to the same period in the prior year presented in dollars and as a percentage of revenues:

	Six Months Ended June 30,					
	2014		2013		\$ Change	% Change
	Amount	% of revenue	Amount	% of revenue		
	(in thousands, except percentages)					
Revenues	\$ 118,619	100%	\$ 52,658	100%	\$ 65,961	125%

Provision for income taxes	9,961	8%	3,711	7%	6,250	168%
Net income	7,045	6%	3,079	6%	3,966	129%
Preferred stock tax distributions	(320)	—%	(648)	(1%)	328	(51%)
Net income attributable to common stockholders	\$ 6,725	6%	\$ 2,431	5%	\$ 4,294	177%

NON-GAAP FINANCIAL MEASURES:

Adjusted EBITDA ^(b)	\$ 33,315	28%	\$ 15,044	29%	\$ 18,271	121%
--------------------------------	-----------	-----	-----------	-----	-----------	------

(a) Totals of percentage of revenues may not foot due to rounding

(b) For an explanation of Adjusted EBITDA as a measure of the Company's operating performance and a reconciliation to net earnings, see Non-GAAP Financial Measure—Adjusted EBITDA."

Revenues

Revenues increased by \$66.0 million, or 125%, for the six months ended June 30, 2014 compared to the same period in 2013. The increase was primarily related to the inclusion of results from the GrubHub Platform and growth in Active Diners, which increased from 1.2 million to 4.2 million at the end of each period, driving an increase in Daily Average Grubs to 177,800 during the six months ended June 30, 2014 from 83,200 Daily Average Grubs during the same period in 2013. During the six months ended June 30, 2013, there were approximately 1.8 million active diners and 46,400 Daily Average Grubs on the GrubHub Platform that would have been included had the Merger been completed as of January 1, 2013. The growth in Active Diners and Daily Average Grubs unrelated to the Merger was due primarily to marketing efforts, investments in the Company's platform to drive more orders, and organic growth from word-of-mouth referrals. In addition, revenue increased during the three months ended June 30, 2014 due to the Company's implementation of a new feature on the Seamless platform that allows restaurants to influence how high they appear in the search results based on their commission rate.

Sales and Marketing

Sales and marketing expense increased by \$16.1 million, or 100%, for the six months ended June 30, 2014 compared to the same period in 2013. The increase was primarily attributable to the inclusion of results from the GrubHub Platform following the Merger Date, expansion of the Company's advertising efforts and growth in the Company's sales and marketing teams. For the six months ended June 30, 2014 versus the same period in 2013, advertising spending increased by \$10.2 million primarily as a result of the inclusion of advertising spending for the GrubHub Platform as well as an increase in the Company's advertising efforts. During the same period, the number of sales personnel increased by 152% and the number of marketing personnel increased by 98%, primarily as a result of the addition of sales and marketing personnel from the GrubHub Platform.

Operations and Support

Operations and support expense increased by \$17.9 million, or 149%, for the six months ended June 30, 2014 compared to the same period in 2013. This increase was primarily attributable to the inclusion of results from the GrubHub Platform following the date of the Merger, an increase in payment processing costs related to orders and growth in the Company's customer service teams. In addition to the amounts in the table above, during the six months ended June 30, 2013, operations and support expense for the GrubHub Platform was \$9.5 million, which would have been included here had the Merger been completed as of January 1, 2013. Payment processing costs increased \$7.9 million, or 110%, for the six months ended June 30, 2014 compared to the same period in the

prior year due to the 124% growth in Gross Food Sales. During the same period, the number of customer service personnel increased by 317% primarily as a result of the addition of operations and support personnel from the GrubHub Platform as well as growth to support the increase in orders.

Technology (exclusive of amortization)

Technology expense increased by \$6.1 million, or 114%, for the six months ended June 30, 2014 compared to the same period in 2013. The increase was primarily attributable to the inclusion of technology expense from the GrubHub Platform following the Merger Date and growth in the Company's technology team. During the six months ended June 30, 2014, the number of technology personnel increased by 124% compared to the same period in the prior year, primarily due to the addition of technology personnel from the GrubHub Platform as well as growth to support the development of the Seamless and GrubHub platforms, including its websites, mobile applications and other products.

General and Administrative

General and administrative expense increased by \$8.2 million, or 94%, for the six months ended June 30, 2014 compared to the same period in 2013. The increase was primarily attributable to the inclusion of general and administrative expenses from the GrubHub Platform following the Merger Date, costs associated with being a public company, higher stock-based compensation expense and an increase in other miscellaneous expenses required to support growth in the business, partially offset by lower legal and professional fees for expenses incurred in 2013 related to the Merger.

Depreciation and Amortization

Depreciation and amortization expense increased by \$7.5 million, or 203%, for the six months ended June 30, 2014 compared to the same period in 2013. The increase was primarily attributable to the amortization of intangible assets acquired in the Merger of \$6.0 million for the six months ended June 30, 2014, and increased investment in infrastructure to support the Company's growing business.

Provision for Income Taxes

Income tax expense increased by \$6.3 million for the six months ended June 30, 2014 compared to the same period in 2013. The increase was primarily attributable to the increase in income before provision for income taxes due to the factors described above. In addition, the Company recognized a \$2.0 million increase in its deferred tax liabilities during the six months ended June 30, 2014 as a result of a change in state tax law. Changes in tax laws in other jurisdictions could result in similar adjustments. The Company has provided income tax expense for the periods presented based on the expected annual effective tax rate.

Non-GAAP Financial Measure - Adjusted EBITDA

Adjusted EBITDA is a financial measure that is not calculated in accordance with GAAP. The Company defines Adjusted EBITDA as net income adjusted to exclude merger and restructuring costs, income taxes, depreciation and amortization and stock-based compensation expense. A reconciliation of Adjusted EBITDA to net income, the most directly comparable financial measure calculated and presented in accordance with GAAP, is provided below. Adjusted EBITDA should not be considered as an alternative to net income or any other measure of financial performance calculated and presented in accordance with GAAP. The Company's Adjusted EBITDA may not be comparable to similarly titled measures of other organizations because other organizations may not calculate Adjusted EBITDA in the same manner.

The Company included Adjusted EBITDA in this Quarterly Report on Form 10-Q because it is an important measure upon which management assesses the Company's operating performance. The Company uses Adjusted EBITDA as a key performance measure because management believes it facilitates operating performance comparisons from period to period by excluding potential differences primarily caused by variations in capital structures, tax positions, the impact of acquisitions and restructuring, the impact of depreciation and amortization expense on the Company's fixed assets and the impact of stock-based compensation expense. Because Adjusted EBITDA facilitates internal comparisons of the Company's historical operating performance on a more consistent basis, the Company also uses Adjusted EBITDA for business planning purposes and in evaluating business opportunities. In addition, management believes Adjusted EBITDA and similar measures are widely used by investors, securities analysts, ratings agencies and other parties in evaluating companies in the industry as a measure of financial performance and debt-service capabilities.

The Company's use of Adjusted EBITDA has limitations as an analytical tool, and you should not consider it in isolation or as a substitute for analysis of the Company's results as reported under GAAP. Some of these limitations are:

- Adjusted EBITDA does not reflect the Company's cash expenditures for capital equipment or other contractual commitments;
- although depreciation and amortization are non-cash charges, the assets being depreciated and amortized may have to be replaced in the future, and Adjusted EBITDA does not reflect capital expenditure requirements for such replacements;
- Adjusted EBITDA does not reflect changes in, or cash requirements for, the Company's working capital needs; and

other companies, including companies in the same industry, may calculate Adjusted EBITDA differently, which reduces its usefulness as a comparative measure.

In evaluating Adjusted EBITDA, you should be aware that in the future the Company will incur expenses similar to some of the adjustments in this presentation. The presentation of Adjusted EBITDA should not be construed as indicating that the Company's future results will be unaffected by these expenses or by any unusual or non-recurring items. When evaluating the Company's performance, you should consider Adjusted EBITDA alongside other financial performance measures, including net income and other GAAP results.

The following table sets forth Adjusted EBITDA and a reconciliation to net income for each of the periods presented below:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2014	2013	2014	2013
	(in thousands)			
Net income	\$ 2,692	\$ 1,823	\$ 7,045	\$ 3,079
Income taxes	6,111	2,589	9,961	3,711
Depreciation and amortization	5,615	1,877	11,130	3,673
EBITDA	14,418	6,289	28,136	10,463
Merger and restructuring costs (a)	207	2,940	492	3,343
Stock-based compensation	2,284	617	4,687	1,238
Adjusted EBITDA	\$ 16,909	\$ 9,846	\$ 33,315	\$ 15,044

(a) Merger and restructuring costs include transaction and integration-related costs, such as legal and accounting costs, associated with the Merger and restructuring initiatives.

PRO FORMA FINANCIAL INFORMATION

On August 8, 2013, GrubHub Inc. acquired all of the equity interests of each of Seamless North America, LLC, Seamless Holdings and GrubHub Holdings, pursuant to the Reorganization Agreement.

For purposes of the Unaudited Pro Forma Condensed Statement of Operations for the three and six months ended June 30, 2013, the Company assumed that the Merger occurred on January 1, 2013. As a result, the Unaudited Pro Forma Condensed Consolidated Statement of Operations was derived from:

- a) the unaudited historical statement of operations of Seamless Holdings (Acquirer) for the three and six months ended June 30, 2013; and
- b) the unaudited historical statement of operations of GrubHub Holdings (Acquiree) for the three and six months ended June 30, 2013.

The Unaudited Pro Forma Condensed Consolidated Statement of Operations is presented for illustration purposes only and does not necessarily indicate the results of operations that would have been achieved if the Merger had occurred at the beginning of the year of acquisition, nor is it indicative of future results of operations.

The Unaudited Pro Forma Condensed Consolidated Statement of Operations should be read in conjunction with the Company's condensed consolidated financial statements and accompanying notes included in this Quarterly Report on Form 10-Q.

GrubHub Inc. Basic and Diluted earnings per share :

Basic: The weighted average number of shares outstanding used to calculate basic earnings per share in the Unaudited Pro Forma Condensed Consolidated Statements of Operations does not account for the automatic conversion of preferred stock into shares of common stock that occurred immediately prior to the IPO.

Diluted: Diluted net income per share attributable to common stockholders is computed by dividing net income by the weighted average number of common shares outstanding during the period and potentially dilutive common stock equivalents, except in cases where the effect of the common stock equivalent would be antidilutive. Potential common stock equivalents consist of common stock issuable upon exercise of stock options using the treasury stock method and common stock issuable upon conversion of the Series A Preferred Stock.

Pro Forma Basic and Diluted earnings per share :

Basic: The weighted average number of shares outstanding used to calculate the pro forma basic earnings per share in the Unaudited Pro Forma Condensed Consolidated Statements of Operations reflects the common stock issued at the time of the Merger as if the common stock had been issued as of January 1, 2013.

Diluted: Diluted net income per share attributable to common stockholders is computed by dividing net income by the weighted average number of common shares outstanding during the period and potentially dilutive common stock equivalents, except in cases where the effect of the common stock equivalent would be antidilutive. Potential common stock equivalents consist of common stock issuable upon exercise of stock options using the treasury stock method and common stock issuable upon conversion of the Series A Preferred Stock.

The Unaudited Pro Forma Condensed Consolidated Statement of Operations for the three months ended June 30, 2013 and the results of operations for the three months ended June 30, 2014 were as follows:

	Three Months Ended June 30, 2013				Three Months Ended June 30, 2014

Acquisition Adjustments

Amortization

The pro forma adjustments reflect the additional amortization that would have been recognized for the acquired intangible assets for the three and six months ended June 30, 2013 had the acquisition occurred on January 1, 2013.

	Useful Life	GrubHub Holdings Amortization	
		Three Months Ended June 30, 2013	Six Months Ended June 30, 2013
		(in thousands)	
Developed technology	3 years	\$ 428	\$ 857
Customer list	16.4 years	2,552	5,105
Total pro forma impact		2,980	5,962
Less amounts already recorded		(321)	(628)
Adjustment necessary		\$ 2,659	\$ 5,334

Replacement stock option awards

In connection with the Merger, the Company was required to replace the GrubHub Platform stock-based payment awards. The fair value of the replacement options for services performed after the Merger was recognized as compensation cost. The pro forma adjustments reflect an adjustment of \$1.2 million and \$2.4 million for the three and six months ended June 30, 2013, respectively, had the Merger occurred on January 1, 2013.

Transaction costs

The pro forma adjustments reflect the elimination of the transaction costs of \$6.6 million and \$7.4 million incurred in connection with the Merger for the three and six months ended June 30, 2013, respectively, including \$2.9 million and \$3.3 million of transaction costs at GrubHub Inc. for the three and six months ended June 30, 2013, respectively, and \$3.7 million and \$4.1 million of transaction costs at GrubHub Holdings for the three and six months ended June 30, 2013, respectively.

Income taxes

The \$0.7 million and \$2.8 million pro forma adjustments reflect the estimated income tax benefit that would have been recognized for the three and six months ended June 30, 2013, respectively, had the acquisition occurred on January 1, 2013. The pro forma tax benefit was determined by using the Company's historical effective tax rate.

LIQUIDITY AND CAPITAL RESOURCES

As of June 30, 2014, the Company had cash and cash equivalents of \$207.1 million consisting of cash and money market funds. The Company's primary source of liquidity is cash flows from operations as well as proceeds from public and private financings.

In April of 2014, the Company completed the IPO in which the Company issued and sold 4,000,000 shares of common stock at a public offering price of \$ 26.00 per share. The Company received net proceeds of \$ 94.9 million after deducting underwriting discounts and commissions of \$ 6.5 million and other offering expenses of approximately \$ 2.6 million. These expenses were recorded against the proceeds received from the IPO. The net offering proceeds were invested in non-interest bearing accounts, short-term and intermediate-term interest-bearing obligations, investment-grade investments, certificates of deposit or direct or guaranteed obligations of the U.S. government.

Management believes that the Company's existing cash and cash equivalents will be sufficient to meet its working capital requirements for at least the next twelve months. However, the Company's liquidity assumptions may prove to be incorrect, and the Company could utilize its available financial resources sooner than currently expected. The Company's future capital requirements and the adequacy of available funds will depend on many factors, including those set forth in Part II, Item 1A, "Risk Factors." If the Company is unable to obtain needed additional funds, it will have to reduce operating costs, which could impair the Company's growth prospects and could otherwise negatively impact its business.

Seasonal fluctuations in the Company's business may also affect the timing of cash flows. In metropolitan markets, the Company generally experiences a relative increase in diner activity from September to April and a relative decrease in diner activity from May to August. In addition, the Company benefits from increased order volume in its campus markets when school is in session and experiences a decrease in order volume when school is not in session, during summer breaks and other vacation periods. Diner activity can also be impacted by colder or more inclement weather, which typically increases order volume, and warmer or sunny weather, which typically decreases order volume. These changes in diner activity and order volume have a direct impact on operating cash flows. While management expects this seasonal cash flow pattern to continue, changes in the Company's business model could affect the timing or seasonal nature of its cash flows.

The following table sets forth certain cash flow information for the periods presented:

	Six Months Ended June 30,	
	2014	2013
	(in thousands)	
Net cash provided by operating activities	\$ 30,285	\$ 19,415
Net cash used in investing activities	(3,490)	(4,604)
Net cash provided by (used in) financing activities	93,575	(1,806)

Cash Flows from Operating Activities

For the six months ended June 30, 2014, net cash provided by operating activities was \$30.3 million compared to \$19.4 million for the same period in 2013. The increase in cash flow from operations was driven primarily by changes in deferred taxes of \$8.3 million, an increase in non-cash expenses of \$7.5 million related to depreciation and amortization, an increase in net income of \$4.0 million and an increase of \$3.4 million related to stock-based compensation. In addition, during the six months ended June 30, 2014 and 2013, significant changes in the Company's operating assets and liabilities resulted from the following:

- an increase in accounts receivables of \$8.7 million due to an increase in amounts owed by the Company's payment processors for prepaid orders placed through the platform along with amounts owed by customers of the Company's corporate ordering program for the six months ended June 30, 2014 compared to an increase of \$7.1 million for the six months ended June 30, 2013;
- an increase in restaurant food liability of \$6.2 million due the timing of orders and related payments at quarter-end for the six months ended June 30, 2014 compared to an increase of \$11.2 million for the six months ended June 30, 2013; and

- an increase in accrued expenses of \$4.2 million primarily related to an increase in accrued payroll, accrued advertising costs and other miscellaneous expenses during the six months ended June 30, 2014 compared to an increase of \$5.6 million during the six months ended June 30, 2013.

Cash Flows from Investing Activities

The Company's primary investing activities during the periods presented included the purchase of property and equipment to support increased headcount and website and internal-use software development.

For the six months ended June 30, 2014, net cash used in investing activities was \$3.5 million compared to \$4.6 million for the same period in the prior year. The decrease in net cash used in investing activities was due to a decrease in purchases of property and equipment and lower capitalized website development costs.

Cash Flows from Financing Activities

The Company's financing activities during the periods presented consisted primarily of net proceeds from the issuance of common stock in the IPO.

For the six months ended June 30, 2014, net cash provided by financing activities was \$93.6 million compared to net cash used in financing activities of \$1.8 million for the six months ended June 30, 2013. The increase in cash provided by financing activities during the six months ended June 30, 2014 as compared to the same period in the prior year primarily resulted from net proceeds from the issuance of common stock in the IPO of \$94.9 million.

Acquisitions

On August 8, 2013, the Company acquired all of the equity interests of each of Seamless North America, LLC, Seamless Holdings and GrubHub Holdings pursuant to the Reorganization Agreement.

The fair value of the equity issued in connection with the Merger was approximately \$421.5 million. The value of the equity was determined using the estimated fair value of GrubHub Holdings' stock on the Merger Date based on a valuation of GrubHub Holdings, conducted by management. The \$421.5 million included approximately \$11.0 million which represented the fair value of the replacement awards that were attributed to the pre-combination service period for GrubHub Holdings option holders. Post-combination expense of \$12.5 million is expected to be recognized post-Merger, which represents the unrecognized compensation expense related to GrubHub Holdings stock options. In connection with the Merger, the Company agreed to indemnify Aramark for negative income tax consequences associated with the October 2012 spin-off of Seamless Holdings that are the result of certain actions taken by the Company, including the Company's solicitation of acquirers prior to October 29, 2014, and in certain other instances subject to a \$15.0 million limitation.

Quantitative and Qualitative Disclosures about Market Risk

The Company is exposed to certain market risks in the ordinary course of business. These risks primarily consist of interest rate fluctuations and inflation rate risk as follows:

Interest Rate Risk

The Company did not have any long-term borrowings as of June 30, 2014.

The Company invests its excess cash primarily in money market accounts. The Company's current investment strategy seeks first to preserve principal, second to provide liquidity for its operating and capital needs and third to maximize yield without putting principal at risk.

The Company's investments are exposed to market risk due to the fluctuation of prevailing interest rates that may reduce the yield on its investments or their fair value. As the Company's investment portfolio is short-term in nature, management does not believe an immediate 100 basis point increase in interest rates would have a material effect on the fair market value of the Company's portfolio, and therefore does not expect the Company's results of operations or cash flows to be materially affected to any degree by a sudden change in market interest rates.

Inflation Risk

Management does not believe that inflation has had a material effect on the Company's business, results of operations or financial condition.

Risks Related to Market Conditions

The Company performs its annual goodwill impairment tests as of September 30, or more frequently if an event occurs or circumstances change that would more likely than not reduce the fair value of the Company below its carrying value. As part of its interim review for indicators of impairment, management analyzed potential changes in value based on operating results for the three and six months ended June 30, 2014 compared to expected results. In addition, management considered how other key assumptions, including discount rates and expected long-term growth rates, used in the last fiscal year's impairment analysis, could be impacted by changes in market conditions and economic events. Since September 30, 2013, the fair market value of the Company's stock has increased.

Management considered these trends in performing its assessment of whether an interim impairment review was required. Based on this interim assessment, management concluded that as of June 30, 2014, there were no events or changes in circumstances that indicated it was more likely than not that the fair value of the Company was below its carrying value. Nevertheless, significant changes in global economic and market conditions could result in changes to expectations of future financial results and key valuation assumptions. Such changes could result in revisions of management's estimates of the fair value of the Company and could result in a material impairment of goodwill as of September 30, 2014, the Company's next annual measurement date.

OTHER INFORMATION

Off-Balance Sheet Arrangements

The Company did not have any off-balance sheet arrangements as of June 30, 2014.

Contractual Obligations

There were no material changes in commitments under contractual obligations, as compared to the contractual obligations disclosed in the Prospectus.

Contingencies

For a discussion of certain litigation involving the Company, see Note 6, *Commitments and Contingencies*, to the accompanying condensed consolidated financial statements.

New Accounting Pronouncements and Pending Accounting Standards

Under the Jumpstart Our Business Startups Act (the "JOBS Act"), the Company meets the definition of an "emerging growth company." The Company has irrevocably elected to opt out of the extended transition period for complying with new or revised accounting standards pursuant to Section 107(b) of the JOBS Act. The Company will remain an "emerging growth company" for up to five years following the IPO or until it achieves total annual gross revenues in excess of \$1 billion during a fiscal year or becomes a large accelerated filer as a result of achieving a public float of at least \$700 million at the end of the second fiscal quarter.

See Note 2, *Significant Accounting Policies*, to the accompanying condensed consolidated financial statements for a description of the various accounting standards adopted during the periods presented. Pending standards and their estimated effect on the Company's consolidated financial statements are described in Note 2, *Significant Accounting Policies*, to the accompanying condensed consolidated financial statements.

Critical Accounting Policies and Estimates

The condensed consolidated financial statements are prepared in accordance with GAAP. The preparation of these condensed consolidated financial statements requires the Company to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, costs and expenses, and related disclosures. These estimates form the basis for judgments management makes about the carrying values of the Company's assets and liabilities, which are not readily apparent from other sources. The Company bases its estimates and judgments on historical experience and on various other assumptions that management believes are reasonable under the circumstances. On an ongoing basis, the Company evaluates its estimates and assumptions. Actual results may differ from these estimates under different assumptions or conditions.

The Company believes that the assumptions and estimates associated with revenue recognition, website and software development costs, recoverability of intangible assets with definite lives and other long-lived assets and stock-based compensation have the greatest potential impact on the condensed consolidated financial statements. Therefore, these are considered to be the Company's critical accounting policies and estimates.

There have been no material changes to the Company's critical accounting policies and estimates as compared to the critical accounting policies and estimates described in the Prospectus.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

In this section and elsewhere in this Quarterly Report on Form 10-Q, we discuss and analyze the results of operations and financial condition of the Company. In addition to historical information about the Company, we also make statements relating to the future called "forward-looking statements," which are provided under the "safe harbor" of the U.S. Private Securities Litigation Act of 1995. Forward-looking statements involve substantial risks, known or unknown, and uncertainties that may cause actual results to differ materially from future results or outcomes expressed or implied by such forward-looking statements. Forward-looking statements generally relate to future events or our future financial or operating performance. In some cases, you can identify forward-looking statements because they contain words such as "anticipates," "believes," "contemplates," "continue," "could," "estimates," "expects," "intends," "may," "plans," "potential," "predicts," "projects," "should," "target" or "will" or the negative of these words or other similar terms or expressions that concern the Company's expectations, strategy, plans or intentions.

We cannot guarantee that any forward-looking statement will be realized. These forward-looking statements are subject to a number of risks, uncertainties and assumptions, including those discussed elsewhere in this Quarterly Report on Form 10-Q and in Part II, Item 1A, "Risk Factors", that could affect the future results of the Company and could cause those results or other outcomes to differ materially from those expressed or implied in the Company's forward-looking statements.

While forward-looking statements are our best prediction at the time they are made, you should not rely on them. Forward-looking statements speak only as of the date of this document or the date of any document that may be incorporated by reference into this document.

Consequently, you should consider forward-looking statements only as the Company's current plans, estimates and beliefs. The Company does not undertake and specifically declines any obligation to publicly update or revise forward-looking statements, including those set forth in this Quarterly Report on Form 10-Q, to reflect any new events, information, events or any change in conditions or circumstances unless required by law. You are advised, however, to consult any further disclosures we make on related subjects in our Quarterly Reports on Form 10-Q, Current Reports on 8-K and Annual Reports on 10-K and our other filings with the SEC.

Item 3: Quantitative and Qualitative Disclosures About Market Risk

See Part I, Item 2, *Management's Discussion and Analysis of Financial Condition and Results of Operations - Liquidity and Capital Resource – Quantitative and Qualitative Disclosures About Market Risk*, of this Quarterly Report on Form 10-Q.

Item 4: Controls and Procedures

(a) Disclosure controls and procedures.

As required by Rule 13a-15(b) and Rule 15d-15(e) of the Securities Exchange Act of 1934, the Company's management, including the Chief Executive Officer and Chief Financial Officer, is responsible for establishing and maintaining effective disclosure controls and procedures, as defined under Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934. As of June 30, 2014, an evaluation was performed under the supervision and with the participation of management, including the Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that disclosure controls and procedures as of June 30, 2014 were effective in ensuring information required to be disclosed in the Company's SEC reports was recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms, and that such information was accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

(b) Changes in internal control over financial reporting.

There have not been any changes in the Company's internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Securities Exchange Act of 1934) that occurred during the quarter ended June 30, 2014 that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II— OTHER INFORMATION

Item 1: Legal Proceedings

For a description of the Company's material pending legal proceedings, see Note 6, *Commitments and Contingencies*, to the accompanying Notes to Condensed Consolidated Financial Statements included in Part I, Item 1 of this Quarterly Report on Form 10-Q.

Item 1A: Risk Factors

Our business is subject to numerous risks. You should carefully consider the following risk factors and all other information contained in this Quarterly Report on Form 10-Q and in the Prospectus. Any of these risks could harm our business, results of operations, and financial condition and our prospects. In addition, risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and operating results.

Risks Related to Our Business

We have a limited operating history in an evolving industry, which makes it difficult to evaluate our future prospects and may increase the risk that we will not be successful.

We have a limited operating history in an evolving industry that may not develop as expected. Assessing our business and future prospects is challenging in light of the risks and difficulties we may encounter. These risks and difficulties include our ability to:

- accurately forecast our revenues and plan our operating expenses;
- increase the number of and retain existing restaurants and diners using our platform;
- successfully compete with the traditional telephone, pen-and-paper takeout ordering process, along with other companies that are currently in, or may in the future enter, the business of allowing diners to order takeout food online;
- successfully expand our business in existing markets and enter new markets;
- adapt to rapidly evolving trends in the ways consumers and businesses interact with technology;
- avoid interruptions or disruptions in our service;
- develop a scalable, high-performance technology infrastructure that can efficiently and reliably handle increased usage, as well as the deployment of new features and products;
- hire, integrate and retain talented sales, customer service, technology and other personnel; and
- effectively manage rapid growth in our personnel and operations.

If the demand for ordering food online and through mobile applications does not develop as we expect, or if we fail to address the needs of restaurants or diners, our business will be harmed. We may not be able to successfully address these risks and difficulties, which could harm our business and results of operations.

If we fail to manage the integration of the Merger effectively, our results of operations and business could be harmed.

Since the Merger, we have implemented and continue to implement a process of integration to merge the two businesses. The possible risks associated with such integration include the following:

- changes to unify our pricing models could affect our relationship with existing restaurants in our network;
- we may experience difficulty with and may not succeed in rebranding a combined company;
- we are in the process of closing our Sandy, Utah office in order to consolidate our customer care, operations and technology teams in Chicago, and we may not be able to retain employees in that office for the necessary transition period before we are able to transition our technology platform completely;
- we may not assimilate the personnel, culture and operations of the two businesses in the combined company, including back-office functions and systems, such as accounting, human resources and others;
- we may not be able to integrate smoothly the combined technologies or products with the current technologies and products, and customers may experience interruptions in their use of our platform as a result; and

- cost savings and/or marketing efficiencies may not meet our expectations.

This integration may be difficult and unpredictable. It may be that resources invested in the Merger and integration efforts would have been or could be better utilized developing technology and products for our proprietary technology platform or on other strategic development initiatives. Additionally, our ongoing business could be disrupted, including management being distracted from other objectives, opportunities and risks. Successful integration also requires coordination of different functional teams. There can be no assurance that we will be successful in our business integration efforts or that we will realize the expected benefits.

If we fail to retain our existing restaurants and diners or to acquire new restaurants and diners in a cost-effective manner, our revenue may decrease and our business may be harmed.

We believe that growth of our business and revenue is dependent upon our ability to continue to grow our two-sided network in existing geographic markets by retaining our existing restaurants and diners and adding new restaurants and diners. The increase in restaurants attracts more diners to our platform and the increase in diners attracts more restaurants. This two-sided network takes time to build and may grow more slowly than we expect or than it has grown in the past. In addition, as we have become larger through organic growth, the growth rates for Active Diners, Daily Average Grubs and Gross Food Sales have at times slowed, and may similarly slow in the future, even if we continue to add restaurants and diners on an absolute basis. Although we expect that our growth rates will continue to slow during certain periods as our business increases in size, if we fail to retain either our existing restaurants (especially our most popular restaurants) or diners, the value of our two-sided network will be diminished. In addition, although we believe that many of our new restaurants and diners originate from word-of-mouth and other non-paid referrals from existing restaurants and diners, we also expect to continue to spend to acquire additional restaurants and diners. We cannot assure you that the revenue from the restaurants and diners we acquire will ultimately exceed the cost of acquisition.

While a key part of our business strategy is to add restaurants and diners in our existing geographic markets, to a lesser degree, we may also expand our operations into new geographic markets. In doing so, we may incur losses or otherwise fail to enter new markets successfully. Our expansion into new markets may place us in unfamiliar competitive environments and involve various risks, including the need to invest significant resources and the possibility that returns on such investments will not be achieved for several years or at all.

Growth of our business will depend on a strong brand and any failure to maintain, protect and enhance our brand would hurt our ability to retain or expand our base of restaurants and diners and our ability to increase their level of engagement.

We believe that a strong brand is necessary to continue to attract and retain diners and, in turn, the restaurants in our network. We need to maintain, protect and enhance our brand in order to expand our base of diners and increase their engagement with our websites and mobile applications. This will depend largely on our ability to continue to provide differentiated products, and we may not be able to do so effectively. While we may choose to engage in a broader marketing campaign to further promote our brand, this effort may not be successful or cost effective. If we are unable to maintain or enhance restaurant and diner awareness in a cost-effective manner, our brand, business, results of operations and financial condition could be harmed. Furthermore, negative publicity about our Company, including delivery problems, issues with our technology and complaints about our personnel or customer service, could diminish confidence in, and the use of, our products, which could harm our results of operations and business.

We rely on restaurants in our network for many aspects of our business, and any failure by them to maintain their service levels could harm our business.

We rely upon restaurants in our network, principally small and local independent businesses, to provide quality food to our diners on a timely basis. If these restaurants experience difficulty servicing diner demand, producing quality food, providing timely delivery and good service or meeting our other requirements or standards, our reputation and brand could be damaged. In addition, if restaurants in our network were to cease operations, temporarily or permanently, face financial distress or other business disruption, or if our relationships with restaurants in our network deteriorate, we may not be able to provide diners with restaurant choices. This risk is more pronounced in markets where we have fewer restaurants. In addition, if we are unsuccessful in choosing or finding popular restaurants, if we fail to negotiate satisfactory pricing terms with them or if we ineffectively manage these relationships, it could harm our business and results of operations.

We experience significant seasonal fluctuations in our financial results, which could cause our stock price to fluctuate.

Our business is highly dependent on diner behavior patterns that we have observed over time. In our metropolitan markets, we generally experience a relative increase in diner activity from September to April and a relative decrease in diner activity from May to August. In addition, we benefit from increased order volume in our campus markets when school is in session and experience a decrease in order volume when school is not in session, during summer breaks and other vacation periods. Diner activity can also be impacted by colder or more inclement weather, which typically increases order volume, and warmer or sunny weather, which typically decreases order volume. Seasonality will likely cause fluctuations in our financial results on a quarterly basis. In addition, other

seasonality trends may develop and the existing seasonality and diner behavior that we experience may change or become more extreme.

We may not continue to grow at historical rates or maintain profitability in the future.

While our revenue has grown in recent periods, this growth rate may not be sustainable and we may not realize sufficient revenue to maintain profitability. We may incur significant losses in the future for a number of reasons, including insufficient growth in the number of restaurants and diners on our platform, increasing competition, as well as other risks described in this prospectus, and we may encounter unforeseen expenses, difficulties, complications and delays and other unknown factors. We expect to continue to make investments in the development and expansion of our business, which may not result in increased revenue or growth. In addition, as a public company, we incur and will continue to incur significant legal, accounting and other expenses that we did not incur as a private company. As a result of these increased expenditures, we will have to generate and sustain increased revenue to maintain profitability. Accordingly, we may not be able to maintain profitability and we may incur significant losses in the future, and this could cause the price of our common stock to decline.

If we fail to manage our growth effectively, our brand, results of operations and business could be harmed.

We have experienced rapid growth in our headcount and operations, both through organic growth as well as due to the Merger. This growth places substantial demands on management and our operational infrastructure. Many of our employees have been with us for fewer than 18 months. We have and intend to continue to make substantial investments in our technology, customer service, sales and marketing infrastructure. As we continue to grow, we must effectively integrate, develop and motivate a large number of new employees, while maintaining the beneficial aspects of our Company culture. We may not be able to manage growth effectively. If we do not manage the growth of our business and operations effectively, the quality of our platform and efficiency of our operations could suffer, which could harm our brand, business and results of operations.

The impact of economic conditions, including the resulting effect on consumer spending, may harm our business and results of operations.

Our performance is subject to economic conditions and their impact on levels of consumer spending. Some of the factors having an impact on discretionary consumer spending include general economic conditions, unemployment, consumer debt, reductions in net worth, residential real estate and mortgage markets, taxation, energy prices, interest rates, consumer confidence and other macroeconomic factors. Consumer purchases of discretionary items generally decline during recessionary periods and other periods in which disposable income is adversely affected. Small businesses that do not have substantial resources, like virtually all of the restaurants in our network, tend to be more adversely affected by poor economic conditions than large businesses. Also, because spending for food purchases from restaurants is generally considered to be discretionary, any decline in consumer spending may have a disproportionate effect on our business relative to those businesses that sell products or services considered to be necessities. If spending at many of the restaurants in our network declines, or if a significant number of these restaurants go out of business, diners may be less likely to use our service, which could harm our business and results of operations. In addition, significant adverse economic conditions could harm the businesses of our corporate customers, resulting in decreased use of our platform. Moreover, the majority of restaurants in our network are located in major metropolitan areas like New York City, Chicago and the San Francisco Bay Area. To the extent any one of these geographic areas experience any of the above described conditions to a greater extent than other geographic areas, the harm to our business and results of operations could be exacerbated.

We make the restaurant and diner experience our highest priority. Our dedication to making decisions based primarily on the best interests of restaurants and diners may cause us to forego short-term opportunities, which could impact our profitability.

We base many of our decisions upon the best interests of the restaurants and diners who use our platform. We believe that this approach has been essential to our success in increasing our growth rate and the frequency with which restaurants and diners use our platform and has served our long-term interests and those of our stockholders. We believe that it is our responsibility to make our diners happy. In the past, we have foregone, and we may in the future forego, certain expansion or revenue opportunities that we do not believe are in the best interests of our restaurants and diners, even if such decisions negatively impact our business or results of operations in the short term. Our focus on making decisions based primarily on the interests of the restaurants and diners who use our platform may not result in the long-term benefits that we expect, and our business and results of operations may be harmed.

If use of the Internet via websites, mobile devices and other platforms, particularly with respect to online food ordering, does not continue to increase as rapidly as we anticipate, our business and growth prospects will be harmed.

Our business and growth prospects are substantially dependent upon the continued and increasing use of the Internet as an effective medium of transactions by diners. Internet use may not continue to develop at historical rates, and diners may not continue to use the Internet and other online services to order their food at current or increased growth rates or at all. In addition, the Internet and mobile applications may not continue to be accepted as a viable platform or resource for a number of reasons, including:

- actual or perceived lack of security of information or privacy protection;
- possible disruptions, computer viruses or other damage to Internet servers, users' computers or mobile applications;
- excessive governmental regulation; and
- unacceptable delays due to actual or perceived limitations of wireless networks.

We face potential liability, expenses for legal claims and harm to our business based on the nature of our business and the content on our platform.

We face potential liability, expenses for legal claims and harm to our business relating to the nature of the takeout food business, including potential claims related to food offerings, delivery and quality. For example, third parties could assert legal claims against us in connection with personal injuries related to food poisoning or tampering or accidents caused by the delivery drivers of restaurants in our network. Alternatively, we could be subject to legal claims relating to the sale of alcoholic beverages by our restaurants to underage diners.

Reports, whether true or not, of food-borne illnesses (such as E. Coli, avian flu, bovine spongiform encephalopathy, hepatitis A, trichinosis or salmonella) and injuries caused by food tampering have severely injured the reputations of participants in the food business and could do so in the future as well. The potential for acts of terrorism on our nation's food supply also exists and, if such an event occurs, it could harm our business and results of operations. In addition, reports of food-borne illnesses or food tampering, even those occurring solely at restaurants that are not in our network, could, as a result of negative publicity about the restaurant industry, harm our business and results of operations.

In addition, we face potential liability and expense for claims relating to the information that we publish on our websites and mobile applications, including claims for trademark and copyright infringement, defamation, libel and negligence, among others. For example, we could be subject to claims related to the content published on allmenus.com and MenuPages.com ("MenuPages"), which contain approximately 275,000 menus, based on the fact that we do not obtain prior permission from restaurants to include their menus.

We have incurred and expect to continue to incur legal claims. Potentially, the frequency of such claims could increase in proportion to the number of restaurants and diners that use our platform and as we grow. These claims could divert management time and attention away from our business and result in significant costs to investigate and defend, regardless of the merits of the claims. In some instances, we may elect or be compelled to remove content or may be forced to pay substantial damages if we are unsuccessful in our efforts to defend against these claims. If we elect or are compelled to remove valuable content from our websites or mobile applications, our platform may become less useful to restaurants and diners and our traffic may decline, which could harm our business and results of operations.

We may not timely and effectively scale and adapt our existing technology and network infrastructure to ensure that our platform is accessible, which would harm our reputation, business and results of operations.

It is critical to our success that restaurants and diners within our geographic markets be able to access our platform at all times. We have previously experienced service disruptions and in the future, we may experience service disruptions, outages or other performance problems due to a variety of factors, including infrastructure changes, human or software errors, capacity constraints due to an overwhelming number of diners accessing our platform simultaneously, and denial of service or fraud or security attacks. In some instances, we may not be able to identify the cause or causes of these performance problems within an acceptable period of time. It may become increasingly difficult to maintain and improve the availability of our platform, especially during peak usage times and as our products become more complex and our diner traffic increases. If our platform is unavailable when diners attempt to access it or it does not load as quickly as they expect, diners may seek other services, and may not return to our platform as often in the future, or at all. This would harm our ability to attract restaurants and diners and decrease the frequency with which they use our platform. We expect to continue to make significant investments to maintain and improve the availability of our platform and to enable rapid releases of new features and products. To the extent that we do not effectively address capacity constraints, respond adequately to service disruptions, upgrade our systems as needed or continually develop our technology and network architecture to accommodate actual and anticipated changes in technology, our business and results of operations would be harmed.

Our failure to protect personal information provided by our diners against inappropriate disclosure, including security breaches, could violate applicable law and contracts with our service providers and could result in liability to us, damage to our reputation and brand and harm to our business.

We rely on third-party payment processors and encryption and authentication technology licensed from third parties that is designed to effect secure transmission of personal information provided by our diners. We may need to expend significant resources to protect against impermissible disclosure, including security breaches, or to address problems caused by such disclosure. If we, or our third-party providers, are unable to maintain the security of our diners' personal information, our reputation and brand could be harmed and we may be exposed to litigation and possible liability.

Because we process and transmit payment card information, we are subject to the Payment Card Industry ("PCI") and Data Security Standard (the "Standard"). The Standard is a comprehensive set of requirements for enhancing payment account data security that was developed by the PCI Security Standards Council to help facilitate the broad adoption of consistent data security measures. We are required by payment card network rules to comply with the Standard, and our failure to do so may result in fines or restrictions on our ability to accept payment cards. Under certain circumstances specified in the payment card network rules, we may be required to submit to periodic audits, self-assessments or other assessments of our compliance with the Standard. Such activities may reveal that we have failed to comply with the Standard. If an audit, self-assessment or other test determines that we need to take steps to remediate any deficiencies, such remediation efforts may distract our management team and require us to undertake costly and time consuming remediation efforts. In addition, even if we comply with the Standard, there is no assurance that we will be protected from a security breach.

We are subject to payment-related risks, and if payment processors are unwilling or unable to provide us with payment processing service or impose onerous requirements on us in order to access their services, or if they increase the fees they charge us for these services, our business and results of operations could be harmed.

We accept payments using a variety of methods, including credit and debit cards. For certain payment methods, including credit and debit cards, we pay bank interchange and other fees. These fees may increase over time and raise our operating costs and lower our profitability. We rely on third parties to provide payment processing services, including the processing of credit and debit cards. Our business may be disrupted for an extended period of time if any of these companies becomes unwilling or unable to provide these services to us. We are also subject to payment card association operating rules, certification requirements and rules governing electronic funds transfers, which could change or be reinterpreted to make it difficult or impossible for us to comply. If we fail to comply with these rules or requirements, we may be subject to fines and higher transaction fees and/or lose our ability to accept credit and debit card payments from diners or facilitate other types of online payments, and our business and results of operations could be harmed.

We rely on third parties, including our payment processor and data center hosts, and if these or other third parties do not perform adequately or terminate their relationships with us, our costs may increase and our business and results of operations could be harmed.

Our success will depend upon our relationships with third parties, including our payment processor and data center hosts. We rely on a third-party payment processor and encryption and authentication technology licensed from third parties that is designed to effect secure transmission of personal information provided by our diners. We also rely on third-party data center hosts to provide a reliable network backbone with the speed, data capacity, security and hardware necessary for reliable Internet access and services. If our payment processor, or a data center host, or another third party, does not perform adequately, terminates its relationship with us or refuses to renew its agreement with us on commercially reasonable terms, we may have difficulty finding an alternate provider on similar terms and in an acceptable timeframe, our costs may increase and our business and results of operations could be harmed.

In addition, we rely on off-the-shelf hardware and software platforms developed by third parties to build and customize our OrderHub and Boost tablet and mobile applications. If third parties fail to continue to produce or maintain these hardware and software platforms, our OrderHub and Boost tablet and mobile applications may become less accessible to restaurants and diners, and our business and results of operations could be harmed.

If our security measures are compromised, or if our platform is subject to attacks that degrade or deny the ability of restaurants and diners to access our content, restaurants and diners may curtail or stop use of our platform.

Like all online services, our platform is vulnerable to computer viruses, break-ins, phishing attacks, attempts to overload our servers with denial-of-service, misappropriation of data through website scraping or other attacks and similar disruptions from unauthorized use of our computer systems, any of which could lead to interruptions, delays or website shutdowns, causing loss of critical data or the unauthorized disclosure or use of personally identifiable or other confidential information. Like most Internet companies, we have experienced interruptions in our service in the past due to software and hardware issues as well as denial-of-service and other cyber-attacks and, in the future, may experience compromises to our security that result in performance or availability problems, the complete shutdown of our websites or the loss or unauthorized disclosure of confidential information. In the

event of a prolonged service interruption or significant breach of our security measures, our restaurants and diners may lose trust and confidence in us and decrease their use of our platform or stop using our platform entirely. We may be unable to implement adequate preventative measures against or proactively address techniques used to obtain unauthorized access, disable or degrade service or sabotage systems because such techniques change frequently, often remain undetected until launched against a target and may originate from remote areas around the world that are less regulated. Any or all of these issues could harm our ability to attract new restaurants and diners or deter current restaurants and diners from returning, reduce the frequency with which restaurants and diners use our platform or subject us to third-party lawsuits, regulatory fines or other action or liability, thereby harming our business and results of operations.

We compete primarily with the traditional offline ordering process and adherence to this traditional ordering method and pressure from existing and new companies that offer online ordering could harm our business and results of operations.

We primarily compete with the traditional offline ordering process used by the vast majority of restaurants and diners involving the telephone and paper menus that restaurants distribute to diners, as well as advertising that restaurants place in local publications to attract diners. Changing traditional ordering habits is difficult and if restaurants and diners do not embrace the transition to online food ordering as we expect, our business and results of operations could be harmed.

In addition to the traditional takeout ordering process, we compete with other online food ordering businesses, chain restaurants that have their own online ordering platforms, point of sale companies and restaurant delivery services. Our current and future competitors may enjoy competitive advantages, such as greater name recognition, longer operating histories, greater market share in certain markets and larger existing user bases in certain markets and substantially greater financial, technical and other resources than we have. Greater financial resources and product development capabilities may allow these competitors to respond more quickly to new or emerging technologies and changes in restaurant and diner requirements that may render our products less attractive or obsolete. These competitors could introduce new products with competitive price and performance characteristics or undertake more aggressive marketing campaigns than ours. Large Internet companies with substantial resources, users and brand power could also decide to enter our market and compete with us. Furthermore, independent restaurants could determine that it is more cost effective to develop their own platform to permit online takeout orders rather than use our service.

As part of the Merger, we completed an agreement with the New York Attorney General's Office that required us to waive the exclusivity provisions in existing agreements with restaurants located in Manhattan and to refrain from entering into any new exclusive agreements in Manhattan until February 2015. Complying with the terms of this agreement could increase the ability of our competitors to compete in Manhattan and therefore could have an impact on our market position in Manhattan. If this agreement gives our competitors an advantage, our revenue may decrease and our business and results of operations may be harmed.

If we lose existing restaurants or diners in our network, fail to attract new restaurants or diners or are forced to reduce our commission percentage or make pricing concessions as a result of increased competition, our business and results of operations could be harmed.

If we do not continue to innovate and provide useful products or if our introduced products do not perform or are not adopted by restaurants in accordance with our expectations, we may not remain competitive and our business and results of operations could suffer.

Our success depends in part on our ability to continue to innovate. To remain competitive, we must continuously enhance and improve the functionality and features of our platform, including our websites and mobile applications. The Internet and the online commerce industry are rapidly changing and becoming more competitive. If competitors introduce new products embodying new technologies, or if new industry standards and practices emerge, our existing websites, technology and mobile applications may become obsolete. Our future success could depend on our ability to:

- enhance our existing products and develop new products;
- persuade restaurants to adopt our new technologies and products in a timely manner; and
- respond to technological advances and emerging industry standards and practices on a cost-effective and timely basis.

Developing our platform, which includes our mobile applications, websites and other technologies entails significant technical and business risks. We may use new technologies ineffectively, or we may fail to adapt to emerging industry standards. If we face material delays in introducing new or enhanced products or if our recently introduced products do not perform in accordance with our expectations, the restaurants and diners in our network may forego the use of our products in favor of those of our competitors.

Internet search engines drive traffic to our platform and our new diner growth could decline and our business and results of operations would be harmed if we fail to appear prominently in search results.

Our success depends in part on our ability to attract diners through unpaid Internet search results on search engines like Google, Yahoo! and Bing. The number of diners we attract to our platform from search engines is due in large part to how and where our websites ranks in unpaid search results. These rankings can be affected by a number of factors, many of which are not under our direct control and may change frequently. For example, a search engine may change its ranking algorithms, methodologies or design layouts. As a result, links to our websites may not be prominent enough to drive traffic to our websites, and we may not know how or otherwise be in a position to influence the results. In some instances, search engine companies may change these rankings in a way that promotes their own competing products or services or the products or services of one or more of our competitors. Search engines may also adopt a more aggressive auction-pricing system for keywords that would cause us to incur higher advertising costs or reduce our market visibility to prospective diners. Our websites have experienced fluctuations in search result rankings in the past, and we anticipate similar fluctuations in the future. Any reduction in the number of diners directed to our platform could harm our business and results of operations.

We expect a number of factors to cause our results of operations to fluctuate on a quarterly and annual basis, which may make it difficult to predict our future performance.

Our results of operations could vary significantly from quarter to quarter and year to year because of a variety of factors, many of which are outside of our control. As a result, comparing our results of operations on a period-to-period basis may not be meaningful. In addition to other risk factors discussed in this section, factors that may contribute to the variability of our quarterly and annual results include:

- our ability to attract new restaurants and diners and retain existing restaurants and diners in our network in a cost effective manner;
- our ability to accurately forecast revenue and appropriately plan our expenses;
- the effects of changes in search engine placement and prominence;
- the effects of increased competition on our business;
- our ability to successfully expand in existing markets and successfully enter new markets;
- the impact of worldwide economic conditions, including the resulting effect on diner spending on takeout;
- the seasonality of our business, including the effect of academic calendars on college campuses and seasonal patterns in restaurant dining;
- the impact of weather on our business;
- our ability to protect our intellectual property;
- our ability to maintain an adequate rate of growth and effectively manage that growth;
- our ability to maintain and increase traffic to our platform;
- our ability to keep pace with technology changes in the takeout industry;
- the success of our sales and marketing efforts;
- costs associated with defending claims, including intellectual property infringement claims and related judgments or settlements;
- changes in governmental or other regulation affecting our business;
- interruptions in service and any related impact on our business, reputation or brand;
- the attraction and retention of qualified employees and key personnel;
- our ability to choose and effectively manage third-party service providers;
- changes in diner behavior with respect to takeout, especially in New York City, Chicago and the San Francisco Bay Area;
- the effects of natural or man-made catastrophic events;

- the effectiveness of our internal controls;
- the impact of payment processor costs and procedures;
- changes in the online payment transfer rate; and
- changes in our tax rates or exposure to additional tax liabilities.

The loss of key senior management personnel could harm our business and future prospects.

We depend on our senior management and other key personnel. We may not be able to retain the services of any of our senior management or other key personnel. Although we have employment agreements with our key senior management personnel, their employment is at-will and they could leave at any time. The loss of any of our executive officers or other key employees could harm our business and future prospects.

We depend on talented personnel to grow and operate our business, and if we are unable to hire, retain, manage and motivate our personnel, or if our new personnel do not perform as we anticipate, we may not be able to grow effectively.

Our future success will depend upon our ability to continue to identify, hire, develop, motivate and retain talented personnel. We may not be able to retain the services of any of our employees or other members of senior management in the future. In addition, from time to time, there may be changes in our senior management team that may be disruptive to our business. If our senior management team fails to work together effectively and to execute our plans and strategies, our business and results of operations could be harmed.

Our growth strategy also depends on our ability to expand our organization by attracting and hiring high-quality personnel. Identifying, attracting, recruiting, training, integrating, managing and motivating talented individuals will require significant time, expense and attention. Competition for talent is intense, particularly in technology driven industries such as ours. If we are not able to effectively recruit and retain our talent, our business and our ability to achieve our strategic objectives would be harmed.

Unfavorable media coverage could harm our business and results of operations.

We are the subject of media coverage from time to time. Unfavorable publicity regarding our business model, content, personnel, customer service, technology, product changes, product quality or privacy practices could harm our reputation. Such negative publicity could also harm the size of our network and engagement and loyalty of our restaurants and diners, which could adversely impact our business and results of operations.

Our business, and that of our third-party providers and third-party data center, is subject to the risks of severe weather, earthquakes, fires, floods, hurricanes and other natural catastrophic events and to interruption by man-made problems such as computer viruses or terrorism.

Our business, particularly in areas of significant concentration like New York, Chicago and San Francisco, is subject to damage or interruption from severe weather, earthquakes, fires, floods, tornadoes, hurricanes, power losses, telecommunications failures, terrorist attacks, acts of war and similar events. For example, severe weather in Chicago, the location of our corporate headquarters and most of our customer service staff, could inhibit the ability of our customer service staff to get to work, which could result in service problems and complaints from restaurants or diners. As we rely heavily on our servers, computer and communications systems, as well as those of our third-party providers and third-party data centers, and the Internet to conduct our business and provide high quality customer service, disruptions could harm our ability to run our business, which could harm our results of operations and financial condition. For example, in October 2012, Superstorm Sandy caused blackouts throughout significant portions of New York City, which resulted in restaurants and diners being unable to access our platform for several days. These events could also negatively impact diner activity or the ability of restaurants to continue to operate.

Increases in food, labor, energy and other costs could adversely affect results of operations.

An increase in restaurant operating costs could cause restaurants in our network to raise prices or cease operations. Factors such as inflation, increased food costs, increased labor and employee benefit costs, increased rent costs and increased energy costs may increase restaurant operating costs. Many of the factors affecting restaurant costs are beyond the control of the restaurants in our network. In many cases, these restaurants may not be able to pass along these increased costs to diners and, as a result, may cease operations, which could harm our profitability and results of operations. Additionally, if these restaurants raise prices, order volume may decline, which could harm our profitability and results of operations.

Future acquisitions could disrupt our business and harm our business and results of operations.

As part of our business strategy, we will continue to selectively explore acquisition opportunities of companies and technologies to strengthen our platform. The identification of suitable acquisition candidates can be difficult, time consuming and costly, and we may not be able to successfully complete identified acquisitions. The risks we face in connection with acquisitions include:

- regulatory hurdles;
- anticipated benefits may not materialize;
- diversion of management time and focus from operating our business to addressing acquisition integration challenges;
- transition of the acquired company's users to our websites and mobile applications;
- retention of employees from the acquired company;
- cultural challenges associated with integrating employees from the acquired company into our organization;
- integration of the acquired company's accounting, management information, human resources and other administrative systems;
- the need to implement or improve controls, procedures and policies at a business that prior to the acquisition may have lacked effective controls, procedures and policies;
- coordination of product development and sales and marketing functions;
- liability for activities of the acquired company before the acquisition, including patent and trademark infringement claims, violations of laws, commercial disputes, tax liabilities and other known and unknown liabilities; and
- litigation or other claims in connection with the acquired company, including claims from terminated employees, users, former stockholders or other third parties.

Our failure to address these risks or other problems encountered in connection with our past or future acquisitions and investments could cause us to fail to realize the anticipated benefits of these acquisitions or investments, cause us to incur unanticipated liabilities, and harm our business generally. Future acquisitions could also result in dilutive issuances of our equity securities, the incurrence of debt, contingent liabilities, amortization expenses or the impairment of goodwill, any of which could harm our business and results of operations.

Government regulation of the Internet and e-commerce is evolving, and unfavorable changes could substantially harm our business and results of operations.

We are subject to general business regulations and laws as well as federal and state regulations and laws specifically governing the Internet and e-commerce. Existing and future laws and regulations may impede the growth of the Internet, e-commerce or other online services, and increase the cost of providing online services. These regulations and laws may cover sweepstakes, taxation, tariffs, user privacy, data protection, pricing, content, copyrights, distribution, electronic contracts and other communications, consumer protection, broadband residential Internet access and the characteristics and quality of services. It is not clear how existing laws governing issues such as property ownership, sales, use and other taxes, libel and personal privacy apply to the Internet and e-commerce. Unfavorable resolution of these issues may harm our business and results of operations.

Our business is subject to a variety of U.S. laws, many of which are unsettled and still developing and which could subject us to claims or otherwise harm our business or results of operations.

We are subject to a variety of laws in the United States, including laws regarding data retention, online credit card payments, privacy, data security, distribution of user-generated content, consumer protection and tax, which are frequently evolving and developing. The scope and interpretation of the laws that are or may be applicable to us are often uncertain and may be conflicting. For example, laws relating to the liability of providers of online services for activities of their users and other third parties are currently being tested by a number of claims, including actions based on invasion of privacy and other torts, unfair competition, copyright and trademark infringement, and other theories based on the nature and content of the materials searched, the ads posted or the content provided by users. In addition, regulatory authorities in the United States and the European Union are considering a number of legislative and regulatory proposals concerning data protection and other matters that may be applicable to our business. It is also likely that if our business grows and evolves and our products are used in a greater number of geographies, we will become subject to laws and regulations in additional jurisdictions. It is difficult to predict how existing laws will be applied to our business and the new laws to which we may become subject.

If we are not able to comply with these laws or regulations or if we become liable under these laws or regulations, we could be harmed, and we may be forced to implement new measures to reduce our exposure to this liability. This may require us to expend substantial resources or to discontinue certain products or features, which would negatively affect our business. In addition, the increased attention focused upon liability issues as a result of lawsuits and legislative proposals could harm our reputation or otherwise impact the growth of our business. Any costs incurred to prevent or mitigate this potential liability could also harm our business and results of operations.

Failure to adequately protect our intellectual property could harm our business and results of operations.

Our business depends on our intellectual property, the protection of which is crucial to the success of our business. We rely on a combination of patent, trademark, trade secret and copyright law and contractual restrictions to protect our intellectual property. In addition, we attempt to protect our intellectual property, technology and confidential information by requiring our employees and consultants who develop intellectual property on our behalf to enter into confidentiality and assignment of inventions agreements and non-competition agreements, and third parties to enter into nondisclosure agreements. These agreements may not effectively prevent unauthorized use or disclosure of our confidential information, intellectual property or technology and may not provide an adequate remedy in the event of unauthorized use or disclosure of our confidential information, intellectual property or technology. Despite our efforts to protect our proprietary rights, unauthorized parties may copy aspects of our website features, software and functionality or obtain and use information that we consider proprietary.

We have registered, among numerous other trademarks, “GrubHub,” “happy eating,” “Seamless,” “OrderHub” and “Your food is here.” as trademarks in the United States. Competitors have and may continue to adopt service names similar to ours, thereby harming our ability to build brand identity and possibly leading to user confusion. In addition, there could be potential trade name or trademark infringement claims brought by owners of other trademarks that are similar to our trademarks. Litigation or proceedings before the U.S. Patent and Trademark Office or other governmental authorities and administrative bodies in the United States and abroad may be necessary in the future to enforce our intellectual property rights and to determine the validity and scope of the proprietary rights of others. Our efforts to enforce or protect our proprietary rights may be ineffective and could result in substantial costs and diversion of resources, which could harm our business and results of operations.

We may be unable to continue to use the domain names that we use in our business, or prevent third parties from acquiring and using domain names that infringe on, are similar to, or otherwise decrease the value of our brand or our trademarks or service marks.

We have registered domain names for our websites that we use in our business, most importantly seamless.com, grubhub.com, MenuPages.com and allmenus.com. If we lose the ability to use a domain names, whether due to trademark claims, failure to renew the applicable registration, or any other cause, we may be forced to market our products under a new domain name, which could cause us substantial harm, or to incur significant expense in order to purchase rights to the domain name in question. In addition, our competitors and others could attempt to capitalize on our brand recognition by using domain names similar to ours. Domain names similar to ours have been registered in the United States and elsewhere. We may be unable to prevent third parties from acquiring and using domain names that infringe on, are similar to, or otherwise decrease the value of our brand or our trademarks or service marks. Protecting and enforcing our rights in our domain names may require litigation, which could result in substantial costs and diversion of resources, which could in turn harm our business and results of operations.

Intellectual property infringement assertions by third parties could result in significant costs and harm our business, results of operations and reputation.

We operate in an industry with extensive intellectual property litigation. Other parties have asserted, and in the future may assert, that we have infringed their intellectual property rights. Such litigation may involve patent holding companies or other adverse patent owners who have no relevant product revenue, and therefore our own issued and pending patents may provide little or no deterrence. We could be required to pay substantial damages or cease using intellectual property or technology that is deemed infringing.

For example, we are currently a defendant to a patent infringement suit filed by Ameranth, Inc. in which we are alleged to infringe on patents relating to online ordering software. See Note 6, “*Commitments and Contingencies*,” to the accompanying condensed consolidated financial statements for a further discussion of this litigation. This litigation could cause us to incur significant expenses and costs. In addition, the outcome of any litigation is inherently unpredictable and, as a result of this litigation, we may be required to pay damages, an injunction may be entered against us, or a license or other right to continue to deliver an unmodified version of the service may not be made available to us at all or may require us to pay ongoing royalties and comply with unfavorable terms. Any of these outcomes could harm our business. Even if we were to prevail, this litigation could be costly and time-consuming, could divert the attention of our management and key personnel from our business operations, and may discourage restaurants and diners from using our products.

Furthermore, we cannot predict whether other assertions of third-party intellectual property rights or claims arising from such assertions will substantially harm our business and results of operations. The defense of these claims and any future infringement claims, whether they are with or without merit or are determined in our favor, may result in costly litigation and diversion of technical and management personnel. Furthermore, an adverse outcome of a dispute may require us to pay damages, potentially including treble damages and attorneys' fees if we are found to have willfully infringed a party's patent or copyright rights; cease making, licensing or using products that are alleged to incorporate the intellectual property of others; expend additional development resources to redesign our products; and enter into potentially unfavorable royalty or license agreements in order to obtain the right to use necessary technologies. Royalty or licensing agreements, if required, may be unavailable on terms acceptable to us, or at all. In any event, we may need to license intellectual property which would require us to pay royalties or make one-time payments. Even if these matters do not result in litigation or are resolved in our favor or without significant cash settlements, the time and resources necessary to resolve them could harm our business, results of operations and reputation.

Some of our products contain open source software, which may pose particular risks to our proprietary software and products.

We use open source software in our products and will use open source software in the future. From time to time, we may face claims from third parties claiming ownership of, or demanding release of, the open source software and/or derivative works that we developed using such software (which could include our proprietary source code), or otherwise seeking to enforce the terms of the applicable open source license. These claims could result in litigation and could require us to purchase a costly license or cease offering the implicated products unless and until we can re-engineer them to avoid infringement. This re-engineering process could require significant additional research and development resources. In addition to risks related to license requirements, use of certain open source software can lead to greater risks than use of third-party commercial software, as open source licensors generally do not provide warranties or controls on the origin of software. Any of these risks could be difficult to eliminate or manage, and, if not addressed, could harm our business and results of operations.

We may require additional capital to support business growth, and this capital might not be available on acceptable terms, if at all.

We intend to continue to make investments to support our business growth and may require additional funds to respond to business challenges, including the need to develop new features and products or enhance our existing products, improve our operating infrastructure or acquire complementary businesses and technologies. Accordingly, we may need to engage in equity or debt financings to secure additional funds. If we raise additional funds through future issuances of equity or convertible debt securities, our existing stockholders could suffer significant dilution, and any new equity securities we issue could have rights, preferences and privileges superior to those of holders of our common stock. Any debt financing that we secure in the future could involve restrictive covenants relating to our capital raising activities and other financial and operational matters, which may make it more difficult for us to obtain additional capital and to pursue business opportunities, including potential acquisitions. We may not be able to obtain additional financing on terms favorable to us, if at all. If we are unable to obtain adequate financing or financing on terms satisfactory to us when we require it, our ability to continue to support our business growth and to respond to business challenges could be impaired, and our business may be harmed.

Our business and results of operations may be harmed if we are deemed responsible for the collection and remittance of state sales taxes for our restaurants.

If we are deemed an agent for the restaurants in our network under state tax law, we may be deemed responsible for collecting and remitting sales taxes directly to certain states. It is possible that one or more states could seek to impose sales, use or other tax collection obligations on us with regard to such food sales. These taxes may be applicable to past sales. A successful assertion that we should be collecting additional sales, use or other taxes or remitting such taxes directly to states could result in substantial tax liabilities for past sales and additional administrative expenses, which would harm our business and results of operations.

As a public company, we incur significant costs to comply with the laws and regulations affecting public companies which could harm our business and results of operations.

As a public company, we are subject to the reporting requirements of the Securities and Exchange Act of 1934, as amended (the "Exchange Act"), the Sarbanes-Oxley Act of 2002 (the "Sarbanes-Oxley Act"), the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act") and the listing requirements of the NYSE, and other applicable securities rules and regulations. These rules and regulations have increased and will continue to increase our legal, accounting and financial compliance costs and have made and will continue to make some activities more time consuming and costly, particularly after we cease to be an "emerging growth company," as defined in the JOBS Act. For example, these rules and regulations could make it more difficult and more costly for us to obtain director and officer liability insurance, and we may be required to accept reduced policy limits and coverage or to incur substantial costs to maintain the same or similar coverage. These rules and regulations could also make it more difficult for us to attract and retain qualified persons to serve on our board of directors or our board committees or as executive officers. Our

management and other personnel devote a substantial amount of time to these compliance initiatives. As a result, management's attention may be diverted from other business concerns, which could harm our business and operating results. Although we have hired additional employees to comply with these requirements, we may need to hire more employees in the future, which will increase our costs and expenses.

Our management team, including our CEO, has limited experience in managing publicly traded companies. Our management team and other personnel devote a substantial amount of time to new compliance initiatives and we may not successfully or efficiently manage our transition to a public company. To comply with the requirements of being a public company, including the Sarbanes-Oxley Act, we may need to undertake various actions, such as implementing new internal controls and procedures and hiring accounting or internal audit staff, which would require us to incur additional expenses and harm our results of operations.

Risks Related to Ownership of Our Common Stock

A significant portion of our common stock is held by our existing executive officers, directors and their affiliates, whose interests may differ from yours.

Our current executive officers, directors and holders of 5% or more of our outstanding common stock beneficially own, in the aggregate, approximately 50% of our outstanding shares of common stock. Some of these persons or entities may have interests that are different from yours. For example, these stockholders may support proposals and actions with which you may disagree or which are not in your interests or which adversely impact the value of your investment. These stockholders will be able to exercise a significant level of control over all matters requiring stockholder approval, including the election of directors, amendment of our certificate of incorporation and approval of significant corporate transactions. This control could have the effect of delaying or preventing a change of control in us or changes in management and could also make the approval of certain transactions difficult or impossible without the support of these stockholders, which in turn could reduce the price of our common stock.

The price of our common stock has been and may continue to be volatile, and you could lose all or part of your investment.

Prior to our IPO, there had been no public market for our common stock. Shares of our common stock were sold in our IPO in April 2014 at a price of \$26.00 per share, and our common stock has subsequently traded as high as \$41.00. An active, liquid and orderly market for our common stock may not be sustained, which could depress the trading price of our common stock. The trading price of our common stock has been and may continue to be subject to wide fluctuations in response to various factors, some of which are beyond our control. These fluctuations could cause you to lose all or part of your investment in our common stock since you might be unable to sell your shares at or above the price you paid. In addition to the factors discussed in this "Risk Factors" section and elsewhere in this Quarterly Report on Form 10-Q, factors that could cause fluctuations in the price of our common stock include the following:

- price and volume fluctuations in the overall stock market from time to time;
- volatility in the market prices and trading volumes of technology stocks, particularly Internet stocks;
- changes in operating performance and stock market valuations of other technology companies generally, or those in our industry in particular;
- sales of shares of our common stock by us or our stockholders;
- failure of securities analysts to maintain coverage of us, changes in financial estimates by any securities analysts who follow our Company or our failure to meet these estimates or the expectations of investors;
- the financial projections we may provide to the public, any changes in those projections or our failure to meet those projections;
- announcements by us or our competitors of new products;
- the public's reaction to our press releases, other public announcements and filings with the Securities and Exchange Commission (the "SEC");
- rumors and market speculation involving us or other companies in our industry;
- actual or anticipated changes in our results of operations or fluctuations in our results of operations;
- actual or anticipated developments in our business, our competitors' businesses or the competitive landscape generally;
- litigation involving us, our industry or both, or investigations by regulators into our operations or those of our competitors;

- developments or disputes concerning our intellectual property or other proprietary rights;
- announced or completed acquisitions of businesses or technologies by us or our competitors;
- new laws or regulations or new interpretations of existing laws or regulations applicable to our business;
- changes in accounting standards, policies, guidelines, interpretations or principles;
- any significant change in our management; and
- general economic conditions and slow or negative growth of our markets.

Price and volume fluctuations may be even more pronounced in the trading market for our stock for a period of time following our IPO. Securities class action litigation has often been instituted against companies following periods of volatility in the overall market and in the market price of a company's securities. Such litigation, if instituted against us, could result in substantial costs, divert our management's attention and resources and harm our business and results of operations.

A significant portion of our total outstanding shares of common stock are restricted from immediate resale, but may be sold on a stock exchange in the near future. The large number of shares eligible for public sale or subject to rights requiring us to register them for public sale could depress the market price of our common stock.

The market price of our common stock could decline if there are substantial sales of our common stock, particularly sales by our directors, executive officers, employees and significant stockholders, or when there is a large number of shares of our common stock available for sale. As of June 30, 2014, there were 78,831,161 shares of common stock outstanding. Of these shares, the shares of common stock sold in our IPO are freely tradable in the United States, except for any shares purchased by our "affiliates" as defined in Rule 144 under the Securities Act. The holders of 69,869,330 shares of outstanding common stock agreed with the underwriters, subject to certain exceptions, not to dispose of or hedge any of their common stock during the 180-day period following the consummation of our IPO, except with the prior written consent of Citigroup Global Capital Markets Inc. and Morgan Stanley & Co. LLC. After the expiration of the 180-day restricted period, which is scheduled to occur on September 30, 2014, these shares may be sold in the public market in the United States, subject to prior registration in the United States, if required, or reliance upon an exemption from United States registration, including, in the case of shares held by affiliates or control persons, compliance with the volume restrictions of Rule 144.

In addition, stockholders owning an aggregate of 67,022,269 shares have rights, subject to some conditions, under contracts providing for registration rights to require us to register shares of our common stock owned by them for public sale in the United States. In addition, as of June 30, 2014, options to purchase a total of 8,118,967 shares of common stock pursuant to our 2013 Omnibus Incentive Plan were outstanding, of which options to purchase 3,493,142 shares were exercisable. On July 18, 2014, we filed a registration statement on Form S-8 to register the approximately 10,351,238 shares of our common stock subject to options outstanding or reserved for future issuance under our 2013 Omnibus Incentive Plan. Pursuant to that registration statement, subject to Rule 144 limitations applicable to affiliates, the satisfaction of applicable exercise periods and, in certain cases, lock-up agreements with the representatives of the underwriters, the shares of common stock issued upon exercise of outstanding options will be available for immediate resale in the United States in the open market.

Sales of our common stock as restrictions end or pursuant to registration rights may make it more difficult for us to sell equity securities in the future at a time and at a price that we deem appropriate. These sales also could cause our stock price to fall and make it more difficult for you to sell shares of our common stock.

After we are no longer an "emerging growth company," we will be obligated to develop and maintain proper and effective internal control over financial reporting. We may not complete our analysis of our internal control over financial reporting in a timely manner, or these internal controls may not be determined to be effective, which may harm investor confidence in our company and, as a result, the value of our common stock.

After we are no longer an "emerging growth company," we will be required, pursuant to Section 404, to furnish a report by management on, among other things, the effectiveness of our internal control over financial reporting for the first fiscal year beginning after the IPO. This assessment will need to include disclosure of any material weaknesses identified by our management in our internal control over financial reporting.

We are in the early stages of the costly and challenging process of compiling the system and processing documentation necessary to perform the evaluation needed to comply with Section 404. We may not be able to complete our evaluation, testing and any required remediation in a timely fashion. During the evaluation and testing process, if we identify one or more material weaknesses in our internal control over financial reporting, we will be unable to assert that our internal controls are effective. If we are

unable to assert that our internal control over financial reporting is effective, investors could lose confidence in the accuracy and completeness of our financial reports, which would cause the price of our common stock to decline.

Our independent registered public accounting firm has advised us that it identified a material weakness in the internal control over financial reporting of Seamless Holdings, now known as GrubHub Inc., for the years ended December 31, 2011 and 2012. If our internal control over financial reporting or our disclosure controls and procedures are not effective, we may not be able to accurately report our financial results, prevent fraud or file our periodic reports in a timely manner, which may cause investors to lose confidence in our reported financial information and may lead to a decline in our stock price.

Our independent registered public accounting firm has not conducted an audit of Seamless Holdings' (which is now known as GrubHub Inc.) internal control over financial reporting. However, in connection with its audit of Seamless Holdings' consolidated financial statements as of and for the years ended December 31, 2011 and 2012 included elsewhere in this prospectus, our independent registered public accounting firm discovered a material weakness relating to the documentation of journal entry review of Seamless Holdings. A "material weakness" is a deficiency, or a combination of deficiencies, in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of our annual or interim financial statements will not be prevented or detected on a timely basis. Specifically, Seamless Holdings had not regularly documented its review of journal entries.

Since discovery of this material weakness, we have taken steps to fully understand the material weakness and to remediate it. We have implemented a formal review of all manual journal entries, including documentation, as part of our monthly close process. Additionally, in connection with the Merger, we retained the chief financial officer and controller that served in those roles for the GrubHub Platform. By utilizing their existing accounting and finance expertise, we have built a more experienced accounting and finance organization. While we have remediated this material weakness for the period ended December 31, 2013, we may identify additional related or unrelated material weaknesses or significant deficiencies in the future. If our internal control over financial reporting or our disclosure controls and procedures are not effective, we may not be able to accurately report our financial results, prevent fraud or file our periodic reports in a timely manner, which may cause investors to lose confidence in our reported financial information and may lead to a decline in our stock price.

In addition, implementing any appropriate changes to our internal controls may distract our officers and employees, entail substantial costs to implement new processes and modify our existing processes and take significant time to complete. Moreover, any such changes do not guarantee that we will be effective in maintaining the adequacy of our internal controls, and any failure to maintain that adequacy, or consequent inability to produce accurate financial statements on a timely basis, could increase our operating costs and harm our business. Furthermore, investors' perceptions that our internal controls are inadequate or that we are unable to produce accurate financial statements on a timely basis may harm our stock price.

Anti-takeover provisions contained in our certificate of incorporation and bylaws, as well as provisions of Delaware law, could impair a takeover attempt.

Our certificate of incorporation and bylaws contain and Delaware law contains provisions which could have the effect of rendering more difficult, delaying or preventing an acquisition deemed undesirable by our board of directors. Our corporate governance documents include provisions:

- creating a classified board of directors whose members serve staggered three-year terms;
- authorizing "blank check" preferred stock, which could be issued by our board of directors without stockholder approval and may contain voting, liquidation, dividend and other rights superior to our common stock;
- limiting the liability of, and providing indemnification to, our directors and officers;
- limiting the ability of our stockholders to call and bring business before special meetings;
- requiring advance notice of stockholder proposals for business to be conducted at meetings of our stockholders and for nominations of candidates for election to our board of directors;
- controlling the procedures for the conduct and scheduling of board of directors and stockholder meetings; and
- providing our board of directors with the express power to postpone previously scheduled annual meetings and to cancel previously scheduled special meetings.

These provisions, alone or together, could delay or prevent hostile takeovers and changes in control or changes in our management.

As a Delaware corporation, we are also subject to provisions of Delaware law, including Section 203 of the Delaware General Corporation law, which prevents some stockholders holding more than 15% of our outstanding common stock from engaging in certain business combinations without approval of the holders of substantially all of our outstanding common stock.

Any provision of our certificate of incorporation, bylaws or Delaware law that has the effect of delaying or deterring a change in control could limit the opportunity for our stockholders to receive a premium for their shares of our common stock, and could also affect the price that some investors are willing to pay for our common stock.

If securities or industry analysts issue an adverse or misleading opinion regarding our common stock or do not publish or cease publishing research or reports about us, our business or our market, or if they change their recommendations regarding our common stock adversely, our stock price and trading volume could decline.

The trading market for our common stock will be influenced, to some extent, by the research and reports that industry or securities analysts may publish about us, our business, our market or our competitors. We do not control these analysts or the content and opinions included in their reports. If any of the analysts who cover us change their recommendation regarding our common stock adversely, or provide more favorable relative recommendations about our competitors, our stock price would likely decline. If any analyst who covers us were to cease coverage of our Company or fail to publish reports on us regularly or if analysts elect not to provide research coverage of our common stock, we could lose visibility in the financial markets, which in turn could cause our stock price or trading volume to decline.

We do not expect to declare any dividends in the foreseeable future.

We do not anticipate declaring any cash dividends to holders of our common stock in the foreseeable future. Consequently, investors may need to rely on sales of their common stock after price appreciation, which may never occur, as the only way to realize any future gains on their investment. Investors seeking cash dividends should not purchase our common stock.

Item 2: Unregistered Sales of Equity Securities and Use of Proceeds

a) Unregistered Sales of Equity Securities

On April 9, 2014, the Company granted stock options to purchase an aggregate of 18,183 shares of common stock at an exercise price of \$35.31 per share to certain directors under the 2013 Omnibus Incentive Plan. On May 22, 2014, 122,100 stock options were granted to employees at an exercise price of \$30.91 per share under the 2013 Omnibus Incentive Plan. During the three months ended June 30, 2014, the Company issued to its employees an aggregate of 208,140 share of common stock, including 88,532 shares withheld for tax liabilities and subsequently retired as described below, at exercise prices ranging from \$0.08 to \$10.82 per share pursuant to exercises of options granted under the 2013 Omnibus Incentive Plan.

The sales of the above securities were exempt from registration under the Securities Act of 1933, as amended (the "Securities Act"), in reliance upon Section 4(2) of the Securities Act, or Rule 701 promulgated under Section 3(b) of the Securities Act as transactions by an issuer not involving any public offering or pursuant to benefit plans and contracts relating to compensation as provided under Rule 701. The recipients of the securities in each of these transactions represented their intentions to acquire the securities for investment only and not with a view to or for sale in connection with any distribution thereof, and appropriate legends were placed upon the stock certificates issued in these transactions.

b) Use of Proceeds

On April 3, 2014, the Company's registration statement on Form S-1 (File No. 333-194219) was declared effective by the SEC for an initial public offering pursuant to which the Company issued and sold 4,000,000 shares of common stock at a public offering price of \$ 26.00 per share. Citigroup Global Markets Inc. and Morgan Stanley & Co. LLC acted as book-running managers. Allen & Company LLC acted as senior co-manager and BMO Capital Markets Corp., Canaccord Genuity Inc., Raymond James & Associates, Inc. and William Blair & Company, L.L.C. acted as co-managers. The offering resulted in net proceeds of \$ 94.9 million after deducting underwriting discounts and commissions of \$ 6.5 million and other offering expenses of approximately \$ 2.6 million. No payments were made by the Company to directors, officers or persons owning ten percent or more of the Company's common stock or to their associates, or to affiliates of the Company. The Company invested the funds received in non-interest bearing accounts, short-term and intermediate-term interest-bearing obligations, investment-grade investments, certificates of deposit or direct or guaranteed obligations of the U.S. government .

The principal purposes of this offering were to increase the Company's financial flexibility, create a public market for its common stock and facilitate future access to the public equity markets.

There have been no material changes in the planned use of proceeds from the IPO from that described in the Prospectus.

c) Issuer Purchases of Equity Securities

The following table provides information regarding the Company's purchases of its common stock during the three months ended June 30, 2014:

Period	Total Number of Shares Purchased(a)	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Dollar Value of Shares that May Yet be Purchased Under the Plans or Programs
April 1, 2014 - April 30, 2014	76,182	\$ 26.17	—	—
May 1, 2014 - May 31, 2014	2,675	31.14	—	—
June 1, 2014 - June 30, 2014	9,675	34.99	—	—
Total	88,532	\$ 27.29	—	—

(a) Shares withheld for tax liabilities upon vesting of equity awards and subsequently retired

**AMENDED AND RESTATED
CERTIFICATE OF INCORPORATION OF
GRUBHUB INC.
(a Delaware corporation)**

GrubHub Inc., a corporation organized and existing under the laws of the State of Delaware (the “Corporation”), hereby certifies as follows:

1. The name of the Corporation is GrubHub Inc. The date of the filing of its original Certificate of Incorporation with the Secretary of State of the State of Delaware was May 10, 2013 (the “Original Certificate”). The name under which the Corporation filed the Original Certificate was GrubHub Holdings Inc.

2. This Amended and Restated Certificate of Incorporation (the “Certificate”) amends, restates and integrates the provisions of the Amended and Restated Certificate of Incorporation that was filed with the Secretary of State of the State of Delaware on May 21, 2013 (the “Existing Certificate”), and was duly adopted in accordance with the provisions of Sections 228, 242 and 245 of the General Corporation Law of the State of Delaware (the “DGCL”).

3. The text of the Existing Certificate is hereby amended and restated in its entirety to provide as herein set forth in full.

ARTICLE I

The name of the Corporation is GrubHub Inc.

ARTICLE II

The address of the Corporation’s registered office in the State of Delaware is The Corporation Trust Company, 1209 Orange Street, in the City of Wilmington, County of New Castle, Delaware 19801. The name of its registered agent at such address is The Corporation Trust Company.

ARTICLE III

The purpose of the Corporation is to engage in any lawful act or activity for which corporations may be organized under the DGCL.

**ARTICLE IV
CAPITAL STOCK**

The total number of shares of capital stock which the Corporation shall have authority to issue is 525,000,000, of which (i) 500,000,000 shares shall be a class designated as common stock, par value \$0.0001 per share (the “Common Stock”), and (ii) 25,000,000 shares shall be a class designated as undesignated preferred stock, par value \$0.0001 per share (the “Undesignated Preferred Stock”).

Except as otherwise provided in any certificate of designations of any series of Undesignated Preferred Stock, the number of authorized shares of the class of Common Stock or Undesignated Preferred Stock may from time to time be increased or decreased (but not below the number of shares of such class outstanding) by the affirmative vote of the holders of a majority in voting power of the outstanding shares of capital stock of the Corporation irrespective of the provisions of Section 242(b)(2) of the DGCL.

The powers, preferences and rights of, and the qualifications, limitations and restrictions upon, each class or series of stock shall be determined in accordance with, or as set forth below in, this Article IV.

A. COMMON STOCK

Subject to all the rights, powers and preferences of the Undesignated Preferred Stock and except as provided by law or in this Certificate (or in any certificate of designations of any series of Undesignated Preferred Stock):

(a) the holders of the Common Stock shall have the exclusive right to vote for the election of directors of the Corporation (the “Directors”) and on all other matters requiring stockholder action, each outstanding share entitling the holder thereof to one vote on each matter properly submitted to the stockholders of the Corporation for their vote; provided, however, that, except as otherwise required by law, holders of Common Stock, as such, shall not be entitled to vote on any amendment to this Certificate (or on any amendment to a certificate of designations of any series of Undesignated Preferred Stock) that alters or changes the powers, preferences, rights or other terms of one or more outstanding series of Undesignated Preferred Stock if the holders of such affected series of Undesignated Preferred Stock are entitled to vote, either separately or together with the holders of one or more other such series, on such amendment pursuant to this Certificate (or pursuant to a certificate of designations of any series of Undesignated Preferred Stock) or pursuant to the DGCL;

(b) dividends may be declared and paid or set apart for payment upon the Common Stock out of any assets or funds of the Corporation legally available for the payment of dividends, but only when and as declared by the Board of Directors or any authorized committee thereof;

(c) upon the voluntary or involuntary liquidation, dissolution or winding up of the Corporation, the net assets of the Corporation shall be distributed pro rata to the holders of the Common Stock; and

(d) no holder of Common Stock shall be entitled to cumulate votes on behalf of any candidate for a directorship.

B. UNDESIGNATED PREFERRED STOCK

1. The Board of Directors or any authorized committee thereof is expressly authorized, to the fullest extent permitted by law, to provide by resolution or resolutions for, out of the unissued shares of Undesignated Preferred Stock, the issuance of the shares of Undesignated Preferred Stock in one or more series of such stock, and by filing a certificate of designations pursuant to applicable law of the State of Delaware, to establish or change from time to time the number of shares of each such series, and to fix the designations, powers, including voting powers, full or limited, or no voting powers, preferences and the relative, participating, optional or other special rights of the shares of each series and any qualifications, limitations and restrictions thereof.

ARTICLE V STOCKHOLDER ACTION

1. Action without Meeting. Any action required or permitted to be taken by the stockholders of the Corporation at any annual or special meeting of stockholders of the Corporation must be effected at a duly called annual or special meeting of stockholders and may not be taken or effected by a written consent of stockholders in lieu thereof.

2. Special Meetings. Except as otherwise required by statute and subject to the rights, if any, of the holders of any series of Undesignated Preferred Stock, special meetings of the stockholders of the Corporation may be called only by the Board of Directors acting pursuant to a resolution approved by the affirmative vote of a majority of the Directors then in office, and special meetings of stockholders may not be called by any other person or persons. Only those matters set forth in the notice of the special meeting may be considered or acted upon at a special meeting of stockholders of the Corporation.

ARTICLE VI DIRECTORS

1. General. The business and affairs of the Corporation shall be managed by or under the direction of the Board of Directors except as otherwise provided herein or required by law.

2. Election of Directors. Election of Directors need not be by written ballot unless the By-laws of the Corporation (the “By-laws”) shall so provide.

3. Number of Directors; Term of Office. The number of Directors of the Corporation shall be fixed solely and exclusively by resolution duly adopted from time to time by the Board of Directors. The Directors, other than those who may be elected by the holders of any series of Undesignated Preferred Stock, shall be classified, with respect to the term for which they severally hold office, into three classes. The initial Class I Directors shall serve for a term expiring at the first annual meeting of stockholders to be held in 2015, the initial Class II Directors shall serve for a term expiring at the annual meeting of stockholders to be held in 2016, and the initial Class III Directors shall serve for a term expiring at the annual meeting of stockholders to be held in 2017. At each annual meeting of stockholders, Directors elected to succeed those Directors whose terms expire shall be elected for a term of office to expire at the third succeeding annual meeting of stockholders after their election. Notwithstanding the foregoing, the Directors elected to each class shall hold office until their successors are duly elected and qualified or until their earlier resignation, death or removal.

Notwithstanding the foregoing, whenever, pursuant to the provisions of Article IV of this Certificate, the holders of any one or more series of Undesignated Preferred Stock shall have the right, voting separately as a series or together with holders of other such series, to elect Directors at an annual or special meeting of stockholders, the election, term of office, filling of vacancies and other features of such directorships shall be governed by the terms of this Certificate and any certificate of designations applicable to such series.

4. Vacancies. Subject to the rights, if any, of the holders of any series of Undesignated Preferred Stock to elect Directors and to fill vacancies in the Board of Directors relating thereto, any and all vacancies in the Board of Directors, however occurring, including, without limitation, by reason of an increase in the size of the Board of Directors, or the death, resignation, disqualification or removal of a Director, shall be filled solely and exclusively by the affirmative vote of a majority of the remaining Directors then in office, even if less than a quorum of the Board of Directors, and not by the stockholders. Any Director appointed in accordance with the preceding sentence shall hold office for the remainder of the full term of the class of Directors in which the new directorship was created or the vacancy occurred and until such Director’s successor shall have been duly elected and qualified or until his or her earlier resignation, death or removal. Subject to the rights, if any, of the holders of any series of Undesignated Preferred Stock to elect Directors, when the number of Directors is increased or decreased, the Board of Directors shall, subject to Article VI.3 hereof, determine the class or classes to which the increased or decreased number of Directors shall be apportioned; provided, however, that no decrease in the number of Directors shall shorten the term of any incumbent Director. In the event of a vacancy in the Board of Directors, the remaining Directors, except as otherwise provided by law, shall exercise the powers of the full Board of Directors until the vacancy is filled.

5. Removal. Subject to the rights, if any, of any series of Undesignated Preferred Stock to elect Directors and to remove any Director whom the holders of any such series have the right to elect, any Director (including persons elected by Directors to fill vacancies in the Board of Directors) may be removed from office (i) only with cause and (ii) only by the affirmative vote of the holders of 75% or more of the outstanding shares of capital stock then entitled to vote at an election of Directors. At least forty-five (45) days prior to any annual or special meeting of stockholders at which it is proposed that any Director be removed from office, written notice of such proposed removal and the alleged grounds thereof shall be sent to the Director whose removal will be considered at the meeting.

ARTICLE VII

LIMITATION OF LIABILITY

A Director of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a Director, except for liability (a) for any breach of the Director’s duty of loyalty to the Corporation or its stockholders, (b) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (c) under Section 174 of the DGCL or (d) for any transaction from which the Director derived an improper personal benefit. If the DGCL is amended after the effective date of this Certificate to authorize corporate action further eliminating or limiting the personal liability of Directors, then

the liability of a Director of the Corporation shall be eliminated or limited to the fullest extent permitted by the DGCL, as so amended.

Any amendment, repeal or modification of this Article VII by either of (i) the stockholders of the Corporation or (ii) an amendment to the DGCL, shall not adversely affect any right or protection existing at the time of such amendment, repeal or modification with respect to any acts or omissions occurring before such amendment, repeal or modification of a person serving as a Director at the time of such amendment, repeal or modification.

ARTICLE VIII
EXCLUSIVE JURISDICTION OF DELAWARE COURTS

Unless the Corporation consents in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware shall be the sole and exclusive forum for (i) any derivative action or proceeding brought on behalf of the Corporation, (ii) any action asserting a claim of breach of a fiduciary duty owed by any director, officer or other employee of the Corporation to the Corporation or the Corporation's stockholders, (iii) any action asserting a claim arising pursuant to any provision of the Delaware General Corporation Law or the Corporation's Certificate of Incorporation or By-laws, or (iv) any action asserting a claim against the Corporation governed by the internal affairs doctrine. Any person or entity purchasing or otherwise acquiring any interest in shares of capital stock of the Corporation shall be deemed to have notice of and consented to the provisions of this Article VIII.

ARTICLE IX
AMENDMENT OF BY-LAWS

1. Amendment by Directors. Except as otherwise provided by law, the By-laws of the Corporation may be amended or repealed by the Board of Directors by the affirmative vote of a majority of the Directors then in office.

2. Amendment by Stockholders. The By-laws of the Corporation may be amended or repealed at any annual meeting of stockholders, or special meeting of stockholders called for such purpose, by the affirmative vote of at least 75% of the outstanding shares of capital stock entitled to vote on such amendment or repeal, voting together as a single class; provided, however, that if the Board of Directors recommends that stockholders approve such amendment or repeal at such meeting of stockholders, such amendment or repeal shall only require the affirmative vote of the majority of the outstanding shares of capital stock entitled to vote on such amendment or repeal, voting together as a single class.

ARTICLE X
AMENDMENT OF CERTIFICATE OF INCORPORATION

The Corporation reserves the right to amend or repeal this Certificate in the manner now or hereafter prescribed by statute and this Certificate, and all rights conferred upon stockholders herein are granted subject to this reservation. Whenever any vote of the holders of capital stock of the Corporation is required to amend or repeal any provision of this Certificate, and in addition to any other vote of holders of capital stock that is required by this Certificate or by law, such amendment or repeal shall require the affirmative vote of the majority of the outstanding shares of capital stock entitled to vote on such amendment or repeal, and the affirmative vote of the majority of the outstanding shares of each class entitled to vote thereon as a class, at a duly constituted meeting of stockholders called expressly for such purpose; provided, however, that the affirmative vote of not less than 75% of the outstanding shares of capital stock entitled to vote on such amendment or repeal, and the affirmative vote of not less than 75% of the outstanding shares of each class entitled to vote thereon as a class, shall be required to amend or repeal any provision of Article V, Article VI, Article VII, Article VIII, Article IX, Article X or Article XI of this Certificate.

ARTICLE XI

BUSINESS COMBINATIONS

The Corporation shall be governed by Section 203 of the DGCL.

ARTICLE XII

SEVERABILITY

If any provision or provisions of this Certificate shall be held to be invalid, illegal or unenforceable as applied to any circumstance for any reason whatsoever: (i) the validity, legality and enforceability of such provisions in any other circumstance and of the remaining provisions of this Certificate (including, without limitation, each portion of any paragraph of this Certificate containing any such provision held to be invalid, illegal or unenforceable that is not itself held to be invalid, illegal or unenforceable) shall not in any way be affected or impaired thereby and (ii) to the fullest extent possible, the provisions of this Certificate (including, without limitation, each such portion of any paragraph of this Certificate containing any such provision held to be invalid, illegal or unenforceable) shall be construed so as to permit the Corporation to protect its directors, officers, employees and agents from personal liability in respect of their good faith service to or for the benefit of the Corporation to the fullest extent permitted by law.

AMENDED AND RESTATED

BY-LAWS

OF

GRUBHUB INC.

(the “ Corporation ”)

ARTICLE I
StockholdersSECTION 1. Annual Meeting

. The annual meeting of stockholders (any such meeting being referred to in these By-laws as an “ **Annual Meeting** ”) shall be held at the hour, date and place within or without the United States which is fixed by the Board of Directors, which time, date and place may subsequently be changed at any time by vote of the Board of Directors. If no Annual Meeting has been held for a period of thirteen (13) months after the Corporation’s last Annual Meeting, a special meeting in lieu thereof may be held, and such special meeting shall have, for the purposes of these By-laws or otherwise, all the force and effect of an Annual Meeting. Any and all references hereafter in these By-laws to an Annual Meeting or Annual Meetings also shall be deemed to refer to any special meeting(s) in lieu thereof.

SECTION 2. Notice of Stockholder Business and Nominations

(a) Annual Meetings of Stockholders.

(1) Nominations of persons for election to the Board of Directors of the Corporation and the proposal of other business to be considered by the stockholders may be brought before an Annual Meeting (i) by or at the direction of the Board of Directors or (ii) by any stockholder of the Corporation who was a stockholder of record at the time of giving of notice provided for in this By-law, who is entitled to vote at the meeting, who is present (in person or by proxy) at the meeting and who complies with the notice procedures set forth in this By-law as to such nomination or business. For the avoidance of doubt, the foregoing clause (ii) shall be the exclusive means for a stockholder to bring nominations or business properly before an Annual Meeting (other than matters properly brought under Rule 14a-8 or Rule 14a-11 (or any successor rules) under the Securities Exchange Act of 1934, as amended (the “ **Exchange Act** ”)), and such stockholder must comply with the notice and other procedures set forth in Article I, Section 2(a)(2) and (3) of this By-law to bring such nominations or business properly before an Annual Meeting. In addition to the other requirements set forth in this By-law, for any proposal of business to be considered at an Annual Meeting, it must be a proper subject for action by stockholders of the Corporation under Delaware law.

(2) For nominations or other business to be properly brought before an Annual Meeting by a stockholder pursuant to clause (ii) of Article I, Section 2(a)(1) of this By-law, the stockholder must (i) have given Timely Notice (as defined below) thereof in writing to the Secretary of the Corporation, (ii) have provided any updates or supplements to such notice at the times and in the forms required by this By-law and (iii) together with the beneficial owner(s), if any, on whose behalf the nomination or business proposal is made, have acted in accordance with the representations set forth in the Solicitation Statement (as defined below) required by this By-law. To be timely, a stockholder’s written notice shall be received by the Secretary at the principal executive offices of the Corporation not later than the close of business on the ninetieth (90th) day nor earlier than the close of business on the one hundred twentieth (120th) day prior to the one-year anniversary of the preceding year’s Annual Meeting; provided, however, that in the event the Annual Meeting is first convened more than thirty (30) days before or more than sixty (60) days after such anniversary date, or if no Annual Meeting were held in the preceding year, notice by the stockholder to be timely must be received by the Secretary of the Corporation not later than the close of business on the later of the ninetieth (90th) day prior to the scheduled date of such Annual Meeting or the tenth (10th) day following the day on which public announcement of the date of such meeting is first made (such notice within such time periods shall be referred to as “ **Timely Notice** ”). Notwithstanding anything to the contrary provided herein, for the first Annual Meeting following the initial public offering of common stock of the

Corporation, a stockholder's notice shall be timely if received by the Secretary at the principal executive offices of the Corporation not later than the close of business on the later of the ninetieth (90th) day prior to the scheduled date of such Annual Meeting or the tenth (10th) day following the day on which public announcement of the date of such Annual Meeting is first made or sent by the Corporation. Such stockholder's Timely Notice shall set forth:

(A) as to each person whom the stockholder proposes to nominate for election or reelection as a director, all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected);

(B) as to any other business that the stockholder proposes to bring before the meeting, a brief description of the business desired to be brought before the meeting, the reasons for conducting such business at the meeting, and any material interest in such business of each Proposing Person (as defined below);

(C) (i) the name and address of the stockholder giving the notice, as they appear on the Corporation's books, and the names and addresses of the other Proposing Persons (if any) and (ii) as to each Proposing Person, the following information: (a) the class or series and number of all shares of capital stock of the Corporation which are, directly or indirectly, owned beneficially or of record by such Proposing Person or any of its affiliates or associates (as such terms are defined in Rule 12b-2 promulgated under the Exchange Act), including any shares of any class or series of capital stock of the Corporation as to which such Proposing Person or any of its affiliates or associates has a right to acquire beneficial ownership at any time in the future, (b) all Synthetic Equity Interests (as defined below) in which such Proposing Person or any of its affiliates or associates, directly or indirectly, holds an interest including a description of the material terms of each such Synthetic Equity Interest, including without limitation, identification of the counterparty to each such Synthetic Equity Interest and disclosure, for each such Synthetic Equity Interest, as to (x) whether or not such Synthetic Equity Interest conveys any voting rights, directly or indirectly, in such shares to such Proposing Person, (y) whether or not such Synthetic Equity Interest is required to be, or is capable of being, settled through delivery of such shares and (z) whether or not such Proposing Person and/or, to the extent known, the counterparty to such Synthetic Equity Interest has entered into other transactions that hedge or mitigate the economic effect of such Synthetic Equity Interest, (c) any proxy (other than a revocable proxy given in response to a public proxy solicitation made pursuant to, and in accordance with, the Exchange Act), agreement, arrangement, understanding or relationship pursuant to which such Proposing Person has or shares a right to, directly or indirectly, vote any shares of any class or series of capital stock of the Corporation, (d) any rights to dividends or other distributions on the shares of any class or series of capital stock of the Corporation, directly or indirectly, owned beneficially by such Proposing Person that are separated or separable from the underlying shares of the Corporation, and (e) any performance-related fees (other than an asset based fee) that such Proposing Person, directly or indirectly, is entitled to based on any increase or decrease in the value of shares of any class or series of capital stock of the Corporation or any Synthetic Equity Interests (the disclosures to be made pursuant to the foregoing clauses (a) through (e) are referred to, collectively, as "**Material Ownership Interests**") and (iii) a description of the material terms of all agreements, arrangements or understandings (whether or not in writing) entered into by any Proposing Person or any of its affiliates or associates with any other person for the purpose of acquiring, holding, disposing or voting of any shares of any class or series of capital stock of the Corporation;

(D) (i) a description of all agreements, arrangements or understandings by and among any of the Proposing Persons, or by and among any Proposing Persons and any other person (including with any proposed nominee(s)), pertaining to the nomination(s) or other business proposed to be brought before the meeting of stockholders (which description shall identify the name of each other person who is party to such an agreement, arrangement or understanding), and (ii) identification of the names and addresses of other stockholders (including beneficial owners) known by any of the Proposing Persons to support such nominations or other business proposal(s), and to the extent known the class and number of all shares of the Corporation's capital stock owned beneficially or of record by such other stockholder(s) or other beneficial owner(s); and

(E) a statement whether or not the stockholder giving the notice and/or the other Proposing Person(s), if any, will deliver a proxy statement and form of proxy to holders of, in the case of a business proposal, at least the percentage of voting power of all of the shares of capital stock of the Corporation required under applicable law to approve the proposal or, in the case of a nomination or nominations, at least the percentage of voting power of all of the shares of capital stock of the Corporation reasonably believed by such Proposing Person to be sufficient to elect the nominee or nominees proposed to be nominated by such stockholder (such statement, the “ **Solicitation Statement** ”).

For purposes of this Article I of these By-laws, the term “ **Proposing Person** ” shall mean the following persons: (i) the stockholder of record providing the notice of nominations or business proposed to be brought before a stockholders’ meeting, and (ii) the beneficial owner (s), if different, on whose behalf the nominations or business proposed to be brought before a stockholders’ meeting is made. For purposes of this Section 2 of Article I of these By-laws, the term “ **Synthetic Equity Interest** ” shall mean any transaction, agreement or arrangement (or series of transactions, agreements or arrangements), including, without limitation, any derivative, swap, hedge, repurchase or so-called “stock borrowing” agreement or arrangement, the purpose or effect of which is to, directly or indirectly: (a) give a person or entity economic benefit and/or risk similar to ownership of shares of any class or series of capital stock of the Corporation, in whole or in part, including due to the fact that such transaction, agreement or arrangement provides, directly or indirectly, the opportunity to profit or avoid a loss from any increase or decrease in the value of any shares of any class or series of capital stock of the Corporation, (b) mitigate loss to, reduce the economic risk of or manage the risk of share price changes for, any person or entity with respect to any shares of any class or series of capital stock of the Corporation, (c) otherwise provide in any manner the opportunity to profit or avoid a loss from any decrease in the value of any shares of any class or series of capital stock of the Corporation, or (d) increase or decrease the voting power of any person or entity with respect to any shares of any class or series of capital stock of the Corporation.

(3) A stockholder providing Timely Notice of nominations or business proposed to be brought before an Annual Meeting shall further update and supplement such notice, if necessary, so that the information (including, without limitation, the Material Ownership Interests information) provided or required to be provided in such notice pursuant to this By-law shall be true and correct as of the record date for the meeting and as of the date that is ten (10) business days prior to such Annual Meeting, and such update and supplement shall be received by the Secretary at the principal executive offices of the Corporation not later than the close of business on the fifth (5th) business day after the record date for the Annual Meeting (in the case of the update and supplement required to be made as of the record date), and not later than the close of business on the eighth (8th) business day prior to the date of the Annual Meeting (in the case of the update and supplement required to be made as of ten (10) business days prior to the meeting).

(4) Notwithstanding anything in the second sentence of Article I, Section 2(a)(2) of this By-law to the contrary, in the event that the number of directors to be elected to the Board of Directors of the Corporation is increased and there is no public announcement naming all of the nominees for director or specifying the size of the increased Board of Directors made by the Corporation at least ten (10) days before the last day a stockholder may deliver a notice of nomination in accordance with the second sentence of Article I, Section 2(a)(2), a stockholder’s notice required by this By-law shall also be considered timely, but only with respect to nominees for any new positions created by such increase, if it shall be received by the Secretary of the Corporation not later than the close of business on the tenth (10th) day following the day on which such public announcement is first made by the Corporation.

(b) General.

(1) Only such persons who are nominated in accordance with the provisions of this By-law or in accordance with Rule 14a-11 under the Exchange Act shall be eligible for election and to serve as directors and only such business shall be conducted at an Annual Meeting as shall have been brought before the meeting in accordance with the provisions of this By-law or in accordance with Rule 14a-8 under the Exchange Act. The Board of Directors or a designated committee thereof shall have the power to determine whether a nomination or any business proposed to be brought before the meeting was made in accordance with the provisions of this By-law. If neither the Board of Directors nor such designated committee makes a determination as to whether any stockholder proposal or nomination was made in accordance with the provisions of this By-law, the presiding officer of the Annual Meeting

shall have the power and duty to determine whether the stockholder proposal or nomination was made in accordance with the provisions of this By-law. If the Board of Directors or a designated committee thereof or the presiding officer, as applicable, determines that any stockholder proposal or nomination was not made in accordance with the provisions of this By-law, such proposal or nomination shall be disregarded and shall not be presented for action at the Annual Meeting.

(2) Except as otherwise required by law, nothing in this Article I, Section 2 shall obligate the Corporation or the Board of Directors to include in any proxy statement or other stockholder communication distributed on behalf of the Corporation or the Board of Directors information with respect to any nominee for director or any other matter of business submitted by a stockholder.

(3) Notwithstanding the foregoing provisions of this Article I, Section 2, if the nominating or proposing stockholder (or a qualified representative of the stockholder) does not appear at the Annual Meeting to present a nomination or any business, such nomination or business shall be disregarded, notwithstanding that proxies in respect of such vote may have been received by the Corporation. For purposes of this Article I, Section 2, to be considered a qualified representative of the proposing stockholder, a person must be authorized by a written instrument executed by such stockholder or an electronic transmission delivered by such stockholder to act for such stockholder as proxy at the meeting of stockholders and such person must produce such written instrument or electronic transmission, or a reliable reproduction of the written instrument or electronic transmission, to the presiding officer at the meeting of stockholders.

(4) For purposes of this By-law, “public announcement” shall mean disclosure in a press release reported by the Dow Jones News Service, Associated Press or comparable national news service or in a document publicly filed by the Corporation with the Securities and Exchange Commission pursuant to Section 13, 14 or 15(d) of the Exchange Act.

(5) Notwithstanding the foregoing provisions of this By-law, a stockholder shall also comply with all applicable requirements of the Exchange Act and the rules and regulations thereunder with respect to the matters set forth in this By-law. Nothing in this By-law shall be deemed to affect any rights of (i) stockholders to have nominations or proposals included in the Corporation’s proxy statement pursuant to Rule 14a-8 or Rule 14a-11 (or any successor rules), as applicable, under the Exchange Act and, to the extent required by such rule, have such nominations or proposals considered and voted on at an Annual Meeting or (ii) the holders of any series of Undesignated Preferred Stock (as defined in the Certificate) to elect directors under specified circumstances.

SECTION 3. Special Meetings

(a) Except as otherwise required by statute and subject to the rights, if any, of the holders of any series of Undesignated Preferred Stock, special meetings of the stockholders of the Corporation may be called only by the Board of Directors acting pursuant to a resolution approved by the affirmative vote of a majority of the Directors then in office.

(b) Only such business shall be conducted at a special meeting of stockholders as shall have been brought before the meeting by or at the direction of the Board of Directors. The notice of such special meeting shall include the purpose for which the meeting is called. Nominations of persons for election to the Board of Directors may be made at a special meeting of stockholders at which directors are to be elected (a) by or at the direction of the Board of Directors or (b) provided that the Board of Directors has determined that directors shall be elected at such meeting, by any stockholder who is a stockholder of record of the Corporation at the time of giving of notice provided for in this paragraph, who shall be entitled to vote at the meeting, who is present (in person or by proxy) at the meeting and who complies with the notice and other procedures (including the content of such notice and the procedures to update and supplement such notice) applicable to nominations at Annual Meetings set forth in Article I, Section 2 of these By-laws; provided, however, that for such notice to be considered timely for purposes of this Section 3, such notice shall have been received by the Secretary at the principal executive offices of the Corporation no later than the close of business on the later of the ninetieth (90th) day prior to the scheduled date of such special meeting or the tenth (10th) day following the day on which public announcement is first made of the date of the special meeting and of the nominees proposed by the Board of Directors to be elected at such meeting. If the Corporation calls a special meeting of stockholders for the purpose of electing one or more directors to the Board of

Directors, the provisions of Article I, Section 2 of these By-laws applicable to director nominations at an Annual Meeting shall apply to this Section 3 as if such special meeting were an Annual Meeting (subject to the proviso included in the immediately preceding sentence). A person shall not be eligible for election or reelection as a director at a special meeting unless the person is nominated (i) by or at the direction of the Board of Directors or (ii) by a stockholder of record in accordance with the notice and other procedures set forth in this Article I.

(c) For the avoidance of doubt, notwithstanding the foregoing provisions of this Section 3, a stockholder shall also comply with all applicable requirements of the Exchange Act and the rules and regulations thereunder with respect to matters set forth in this Section 3. Nothing in this Section 3 shall be deemed to affect any rights of (i) stockholders to have proposals included in the Corporation's proxy statement pursuant to Rule 14a-8 (or any successor rule) under the Exchange Act and, to the extent required by such rule, have such proposals considered and voted on at a special meeting of stockholders or (ii) the holders of any series of Undesignated Preferred Stock to elect directors under specified circumstances.

(d) Notwithstanding anything contained in this Section 3 to the contrary, if the proposing stockholder or its qualified representative (as such term is defined in Article I, Section 2(b)(3) of these By-Laws) does not appear at the special meeting of stockholders of the Corporation to present a nomination, such nomination shall be disregarded, notwithstanding that proxies in respect of such vote may have been received by the Corporation.

SECTION 4. Notice of Meetings; Adjournments

(a) A notice of each Annual Meeting stating the hour, date and place, if any, of such Annual Meeting and the means of remote communication, if any, by which stockholders and proxyholders may be deemed to be present in person and vote at such meeting, shall be given not less than ten (10) days nor more than sixty (60) days before the Annual Meeting, to each stockholder entitled to vote thereat by delivering such notice to such stockholder or by mailing it, postage prepaid, addressed to such stockholder at the address of such stockholder as it appears on the Corporation's stock transfer books. Without limiting the manner by which notice may otherwise be given to stockholders, any notice to stockholders may be given by electronic transmission in the manner provided in Section 232 of the Delaware General Corporation Law ("DGCL").

(b) Notice of all special meetings of stockholders shall be given in the same manner as provided for Annual Meetings, except that the notice of all special meetings shall state the purpose or purposes for which the meeting has been called.

(c) Notice of an Annual Meeting or special meeting of stockholders need not be given to a stockholder if a waiver of notice is executed, or waiver of notice by electronic transmission is provided, before or after such meeting by such stockholder or if such stockholder attends such meeting, unless such attendance is for the express purpose of objecting at the beginning of the meeting to the transaction of any business because the meeting was not lawfully called or convened.

(d) The Board of Directors may postpone and reschedule any previously scheduled Annual Meeting or special meeting of stockholders and any record date with respect thereto, regardless of whether any notice or public disclosure with respect to any such meeting has been sent or made pursuant to Section 2 of this Article I of these By-laws or otherwise. In no event shall the public announcement of an adjournment, postponement or rescheduling of any previously scheduled meeting of stockholders commence a new time period for the giving of a stockholder's notice under this Article I of these By-laws.

(e) When any meeting is convened, the presiding officer may adjourn the meeting if (i) no quorum is present for the transaction of business, (ii) the Board of Directors determines that adjournment is necessary or appropriate to enable the stockholders to consider fully information which the Board of Directors determines has not been made sufficiently or timely available to stockholders, or (iii) the Board of Directors determines that adjournment is otherwise in the best interests of the Corporation. When any Annual Meeting or special meeting of stockholders is adjourned to another hour, date or place, notice need not be given of the adjourned meeting other than an announcement at the meeting at which the adjournment is taken of the hour, date and place, if any, to which the meeting is adjourned and the means of remote communications, if any, by which stockholders and proxyholders may be deemed to be present in person and vote at such adjourned meeting; provided, however, that if the

adjournment is for more than thirty (30) days from the meeting date, or if after the adjournment a new record date is fixed for the adjourned meeting, notice of the adjourned meeting and the means of remote communications, if any, by which stockholders and proxyholders may be deemed to be present in person and vote at such adjourned meeting shall be given to each stockholder of record entitled to vote thereat and each stockholder who, by law or under the Certificate of Incorporation of the Corporation (as the same may hereafter be amended and/or restated, the “**Certificate**”) or these By-laws, is entitled to such notice.

SECTION 5. Quorum

. A majority of the shares entitled to vote, present in person or represented by proxy, shall constitute a quorum at any meeting of stockholders. If less than a quorum is present at a meeting, the holders of voting stock representing a majority of the voting power present at the meeting or the presiding officer may adjourn the meeting from time to time, and the meeting may be held as adjourned without further notice, except as provided in Section 4 of this Article I. At such adjourned meeting at which a quorum is present, any business may be transacted which might have been transacted at the meeting as originally noticed. The stockholders present at a duly constituted meeting may continue to transact business until adjournment, notwithstanding the withdrawal of enough stockholders to leave less than a quorum.

SECTION 6. Voting and Proxies

. Stockholders shall have one vote for each share of stock entitled to vote owned by them of record according to the stock ledger of the Corporation as of the record date, unless otherwise provided by law or by the Certificate. Stockholders may vote either (i) in person, (ii) by written proxy or (iii) by a transmission permitted by Section 212(c) of the DGCL. Any copy, facsimile telecommunication or other reliable reproduction of the writing or transmission permitted by Section 212(c) of the DGCL may be substituted for or used in lieu of the original writing or transmission for any and all purposes for which the original writing or transmission could be used, provided that such copy, facsimile telecommunication or other reproduction shall be a complete reproduction of the entire original writing or transmission. Proxies shall be filed in accordance with the procedures established for the meeting of stockholders. Except as otherwise limited therein or as otherwise provided by law, proxies authorizing a person to vote at a specific meeting shall entitle the persons authorized thereby to vote at any adjournment of such meeting, but they shall not be valid after final adjournment of such meeting. A proxy with respect to stock held in the name of two or more persons shall be valid if executed by or on behalf of any one of them unless at or prior to the exercise of the proxy the Corporation receives a specific written notice to the contrary from any one of them.

SECTION 7. Action at Meeting

. When a quorum is present at any meeting of stockholders, any matter before any such meeting (other than an election of a director or directors) shall be decided by a majority of the votes properly cast for and against such matter, except where a larger vote is required by law, by the Certificate or by these By-laws. Any election of directors by stockholders shall be determined by a plurality of the votes properly cast on the election of directors.

SECTION 8. Stockholder Lists

. The Secretary or an Assistant Secretary (or the Corporation’s transfer agent or other person authorized by these By-laws or by law) shall prepare and make, at least ten (10) days before every Annual Meeting or special meeting of stockholders, a complete list of the stockholders entitled to vote at the meeting, arranged in alphabetical order, and showing the address of each stockholder and the number of shares registered in the name of each stockholder. Such list shall be open to the examination of any stockholder, for a period of at least ten (10) days prior to the meeting in the manner provided by law. The list shall also be open to the examination of any stockholder during the whole time of the meeting as provided by law.

SECTION 9. Presiding Officer

. The Board of Directors shall designate a representative to preside over all Annual Meetings or special meetings of stockholders, provided that if the Board of Directors does not so designate such a presiding officer, then the Chairman of the Board, if one is elected, shall preside over such meetings. If the Board of Directors does not so designate such a presiding officer and there is no Chairman of the Board or the Chairman of the Board is unable to so preside or is absent, then the Chief Executive Officer, if one is elected, shall preside over such meetings, provided further that if there is no Chief Executive Officer or the Chief Executive Officer is unable to so preside or is absent, then the President shall preside over such meetings. The presiding officer at any Annual Meeting or special meeting of stockholders shall have the power, among other things, to adjourn such meeting at any time and from time to time, subject to Sections 4 and 5 of this Article I. The order of business and all other matters of procedure at any meeting of the stockholders shall be determined by the presiding officer.

SECTION 10. Inspectors of Elections

. The Corporation shall, in advance of any meeting of stockholders, appoint one or more inspectors to act at the meeting and make a written report thereof. The Corporation may designate one or more persons as alternate inspectors to replace any inspector who fails to act. If no inspector or alternate is able to act at a meeting of stockholders, the presiding officer shall appoint one or more inspectors to act at the meeting. Any inspector may, but need not, be an officer, employee or agent of the Corporation. Each inspector, before entering upon the discharge of his or her duties, shall take and sign an oath faithfully to execute the duties of inspector with strict impartiality and according to the best of his or her ability. The inspectors shall perform such duties as are required by the DGCL, including the counting of all votes and ballots. The inspectors may appoint or retain other persons or entities to assist the inspectors in the performance of the duties of the inspectors. The presiding officer may review all determinations made by the inspectors, and in so doing the presiding officer shall be entitled to exercise his or her sole judgment and discretion and he or she shall not be bound by any determinations made by the inspectors. All determinations by the inspectors and, if applicable, the presiding officer, shall be subject to further review by any court of competent jurisdiction.

ARTICLE II **Directors**

SECTION 1. Powers

. The business and affairs of the Corporation shall be managed by or under the direction of the Board of Directors except as otherwise provided by the Certificate or required by law.

SECTION 2. Number and Terms

. The number of directors of the Corporation shall be fixed solely and exclusively by resolution duly adopted from time to time by the Board of Directors. Directors shall (except for the filling of vacancies and newly created directorships) be elected by the holders of a plurality of the votes cast by the holders of shares present in person or represented by proxy at the meeting and entitled to vote on the election of such directors. The directors shall hold office in the manner provided in the Certificate.

SECTION 3. Qualification

. No director need be a stockholder of the Corporation.

SECTION 4. Vacancies

. Vacancies in the Board of Directors shall be filled in the manner provided in the Certificate.

SECTION 5. Removal

. Directors may be removed from office only in the manner provided in the Certificate.

SECTION 6. Resignation

. A director may resign at any time by giving written notice to the Chairman of the Board, if one is elected, the President or the Secretary. A resignation shall be effective upon receipt, unless the resignation otherwise provides.

SECTION 7. Regular Meetings

. The regular annual meeting of the Board of Directors shall be held, without notice other than this Section 7, on the same date and at the same place as the Annual Meeting following the close of such meeting of stockholders. Other regular meetings of the Board of Directors may be held at such hour, date and place as the Board of Directors may by resolution from time to time determine and publicize by means of reasonable notice given to any director who is not present at the meeting at which such resolution is adopted.

SECTION 8. Special Meetings

. Special meetings of the Board of Directors may be called, orally or in writing, by or at the request of a majority of the directors, the Chairman of the Board, if one is elected, or the President. The person calling any such special meeting of the Board of Directors may fix the hour, date and place thereof.

SECTION 9. Notice of Meetings

. Notice of the hour, date and place of all special meetings of the Board of Directors shall be given to each director by the Secretary or an Assistant Secretary, or in case of the death, absence, incapacity or refusal of such persons, by the Chairman of the Board, if one is elected, or the President or such other officer designated by the Chairman of the Board, if one is elected, or the President. Notice of any special meeting of the Board of Directors shall be given to each director in person, by telephone, or by facsimile, electronic mail or other form of electronic communication, sent to his or her business or home address, at least twenty-four (24) hours

in advance of the meeting, or by written notice mailed to his or her business or home address, at least forty-eight (48) hours in advance of the meeting. Such notice shall be deemed to be delivered when hand-delivered to such address, read to such director by telephone, deposited in the mail so addressed, with postage thereon prepaid if mailed, dispatched or transmitted if sent by facsimile transmission or by electronic mail or other form of electronic communications. A written waiver of notice signed before or after a meeting by a director and filed with the records of the meeting shall be deemed to be equivalent to notice of the meeting. The attendance of a director at a meeting shall constitute a waiver of notice of such meeting, except where a director attends a meeting for the express purpose of objecting at the beginning of the meeting to the transaction of any business because such meeting is not lawfully called or convened. Except as otherwise required by law, by the Certificate or by these By-laws, neither the business to be transacted at, nor the purpose of, any meeting of the Board of Directors need be specified in the notice or waiver of notice of such meeting.

SECTION 10. Quorum

. At any meeting of the Board of Directors, a majority of the total number of directors shall constitute a quorum for the transaction of business, but if less than a quorum is present at a meeting, a majority of the directors present may adjourn the meeting from time to time, and the meeting may be held as adjourned without further notice. Any business which might have been transacted at the meeting as originally noticed may be transacted at such adjourned meeting at which a quorum is present. For purposes of this section, the total number of directors includes any unfilled vacancies on the Board of Directors.

SECTION 11. Action at Meeting

. At any meeting of the Board of Directors at which a quorum is present, the vote of a majority of the directors present shall constitute action by the Board of Directors, unless otherwise required by law, by the Certificate or by these By-laws.

SECTION 12. Action by Consent

. Any action required or permitted to be taken at any meeting of the Board of Directors may be taken without a meeting if all members of the Board of Directors consent thereto in writing or by electronic transmission and the writing or writings or electronic transmission or transmissions are filed with the records of the meetings of the Board of Directors. Such filing shall be in paper form if the minutes are maintained in paper form and shall be in electronic form if the minutes are maintained in electronic form. Such consent shall be treated as a resolution of the Board of Directors for all purposes.

SECTION 13. Manner of Participation

. Directors may participate in meetings of the Board of Directors by means of conference telephone or other communications equipment by means of which all directors participating in the meeting can hear each other, and participation in a meeting in accordance herewith shall constitute presence in person at such meeting for purposes of these By-laws.

SECTION 14. Presiding Director

. The Board of Directors shall designate a representative to preside over all meetings of the Board of Directors, provided that if the Board of Directors does not so designate such a presiding director or such designated presiding director is unable to so preside or is absent, then the Chairman of the Board, if one is elected, shall preside over all meetings of the Board of Directors. If both the designated presiding director, if one is so designated, and the Chairman of the Board, if one is elected, are unable to preside or are absent, the Board of Directors shall designate an alternate representative to preside over a meeting of the Board of Directors.

SECTION 15. Committees

. The Board of Directors, by vote of a majority of the directors then in office, may elect one or more committees, including, without limitation, an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee, and may delegate thereto some or all of its powers except those which by law, by the Certificate or by these By-laws may not be delegated. Except as the Board of Directors may otherwise determine, any such committee may make rules for the conduct of its business, but unless otherwise provided by the Board of Directors or in such rules, its business shall be conducted so far as possible in the same manner as is provided by these By-laws for the Board of Directors. All members of such committees shall hold such offices at the pleasure of the Board of Directors. The Board of Directors may abolish any such committee at any time. Any committee to which the Board of Directors delegates any of its powers or duties shall keep records of its meetings and shall report its action to the Board of Directors.

SECTION 16. Compensation of Directors

. Directors shall receive such compensation for their services as shall be determined by a majority of the Board of Directors, or a designated committee thereof, provided that

directors who are serving the Corporation as employees and who receive compensation for their services as such, shall not receive any salary or other compensation for their services as directors of the Corporation.

SECTION 17. Reliance on Books and Records

. A member of the Board of Directors, or a member of any committee designated by the Board of Directors shall, in the performance of such person's duties, be fully protected in relying in good faith upon records of the Corporation and upon such information, opinions, reports or statements presented to the Corporation by any of the Corporation's officers or employees, or committees of the Board if Directors, or by any other person as to matters the member reasonably believes are within such other person's professional or expert competence and who has been selected with reasonable care by or on behalf of the Corporation.

ARTICLE III Officers

SECTION 1. Enumeration

. The officers of the Corporation shall consist of a President, a Treasurer, a Secretary and such other officers, including, without limitation, a Chairman of the Board of Directors, a Chief Executive Officer, a Chief Financial Officer, Chief Operating Officer, Chief Information Officer and one or more Vice Presidents (including Executive Vice Presidents or Senior Vice Presidents), Assistant Vice Presidents, Assistant Treasurers and Assistant Secretaries, as the Board of Directors may determine.

SECTION 2. Election

. At the regular annual meeting of the Board of Directors following the Annual Meeting, the Board of Directors shall elect the President, the Treasurer and the Secretary. Other officers may be elected by the Board of Directors at such regular annual meeting of the Board of Directors or at any other regular or special meeting.

SECTION 3. Qualification

. No officer need be a stockholder or a director. Any person may occupy more than one office of the Corporation at any time.

SECTION 4. Tenure

. Except as otherwise provided by the Certificate or by these Bylaws, each of the officers of the Corporation shall hold office for such terms as may be determined by the Board or, except with respect to his or her own office, the Chief Executive Officer, or until their respective successors are chosen and qualified or until his or her earlier resignation or removal.

SECTION 5. Resignation

. Any officer may resign by delivering his or her written resignation to the Corporation addressed to the President or the Secretary, and such resignation shall be effective upon receipt, unless the resignation otherwise provides.

SECTION 6. Removal

. Except as otherwise provided by law, the Board of Directors may remove any officer with or without cause by the affirmative vote of a majority of the directors then in office.

SECTION 7. Absence or Disability

. In the event of the absence or disability of any officer, the Board of Directors may designate another officer to act temporarily in place of such absent or disabled officer.

SECTION 8. Vacancies

. Any vacancy in any office may be filled for the unexpired portion of the term by the Board of Directors.

SECTION 9. President

. The President shall, subject to the direction of the Board of Directors, have such powers and shall perform such duties as the Board of Directors may from time to time designate.

SECTION 10. Chairman of the Board

. The Chairman of the Board, if one is elected, shall have such powers and shall perform such duties as the Board of Directors may from time to time designate.

SECTION 11. Chief Executive Officer

. The Chief Executive Officer, if one is elected, shall have such powers and shall perform such duties as the Board of Directors may from time to time designate.

SECTION 12. Vice Presidents and Assistant Vice Presidents

. Any Vice President (including any Executive Vice President or Senior Vice President) and any Assistant Vice President shall have such powers and shall perform such duties as the Board of Directors or the Chief Executive Officer may from time to time designate.

SECTION 13. Treasurer and Assistant Treasurers

. The Treasurer shall, subject to the direction of the Board of Directors and except as the Board of Directors or the Chief Executive Officer may otherwise provide, have general charge of the financial affairs of the Corporation and shall cause to be kept accurate books of account. The Treasurer shall have custody of all funds, securities, and valuable documents of the Corporation. He or she shall have such other duties and powers as may be designated from time to time by the Board of Directors or the Chief Executive Officer. Any Assistant Treasurer shall have such powers and perform such duties as the Board of Directors or the Chief Executive Officer may from time to time designate.

SECTION 14. Secretary and Assistant Secretaries

. The Secretary shall record all the proceedings of the meetings of the stockholders and the Board of Directors (including committees of the Board of Directors) in books kept for that purpose. In his or her absence from any such meeting, a temporary secretary chosen at the meeting shall record the proceedings thereof. The Secretary shall have charge of the stock ledger (which may, however, be kept by any transfer or other agent of the Corporation). The Secretary shall have custody of the seal of the Corporation, and the Secretary, or an Assistant Secretary shall have authority to affix it to any instrument requiring it, and, when so affixed, the seal may be attested by his or her signature or that of an Assistant Secretary. The Secretary shall have such other duties and powers as may be designated from time to time by the Board of Directors or the Chief Executive Officer. In the absence of the Secretary, any Assistant Secretary may perform his or her duties and responsibilities. Any Assistant Secretary shall have such powers and perform such duties as the Board of Directors or the Chief Executive Officer may from time to time designate.

SECTION 15. Other Powers and Duties

. Subject to these By-laws and to such limitations as the Board of Directors may from time to time prescribe, the officers of the Corporation shall each have such powers and duties as generally pertain to their respective offices, as well as such powers and duties as from time to time may be conferred by the Board of Directors or the Chief Executive Officer.

ARTICLE IV Capital Stock

SECTION 1. Certificates of Stock

. Each stockholder shall be entitled to a certificate of the capital stock of the Corporation in such form as may from time to time be prescribed by the Board of Directors. Such certificate shall be signed by the Chairman of the Board, the President, the Chief Executive Officer or a Vice President, and by the Chief Financial Officer, the Treasurer or an Assistant Treasurer, or the Secretary or an Assistant Secretary. The Corporation seal and the signatures by the Corporation's officers, the transfer agent or the registrar may be facsimiles. In case any officer, transfer agent or registrar who has signed or whose facsimile signature has been placed on such certificate shall have ceased to be such officer, transfer agent or registrar before such certificate is issued, it may be issued by the Corporation with the same effect as if he or she were such officer, transfer agent or registrar at the time of its issue. Every certificate for shares of stock which are subject to any restriction on transfer and every certificate issued when the Corporation is authorized to issue more than one class or series of stock shall contain such legend with respect thereto as is required by law. Notwithstanding anything to the contrary provided in these Bylaws, the Board of Directors of the Corporation may provide by resolution or resolutions that some or all of any or all classes or series of its stock shall be uncertificated shares (except that the foregoing shall not apply to shares represented by a certificate until such certificate is surrendered to the Corporation), and by the approval and adoption of these Bylaws the Board of Directors has determined that all classes or series of the Corporation's stock may be uncertificated, whether upon original issuance, re-issuance, or subsequent transfer.

SECTION 2. Transfers

. Subject to any restrictions on transfer and unless otherwise provided by the Board of Directors, shares of stock that are represented by a certificate may be transferred on the books of the Corporation by the surrender to the Corporation or its transfer agent of the certificate theretofore properly endorsed or accompanied by a written assignment or power of attorney properly executed, with transfer stamps (if necessary) affixed, and with such proof of the authenticity of signature as the Corporation or its transfer agent may reasonably require. Shares of stock that are not represented by a certificate may be transferred on the books of the Corporation

by submitting to the Corporation or its transfer agent such evidence of transfer and following such other procedures as the Corporation or its transfer agent may require.

SECTION 3. Record Holders

. Except as may otherwise be required by law, by the Certificate or by these By-laws, the Corporation shall be entitled to treat the record holder of stock as shown on its books as the owner of such stock for all purposes, including the payment of dividends and the right to vote with respect thereto, regardless of any transfer, pledge or other disposition of such stock, until the shares have been transferred on the books of the Corporation in accordance with the requirements of these By-laws.

SECTION 4. Record Date

. In order that the Corporation may determine the stockholders entitled to notice of or to vote at any meeting of stockholders or any adjournment thereof or entitled to receive payment of any dividend or other distribution or allotment of any rights, or entitled to exercise any rights in respect of any change, conversion or exchange of stock or for the purpose of any other lawful action, the Board of Directors may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted by the Board of Directors, and which record date: (a) in the case of determination of stockholders entitled to vote at any meeting of stockholders, shall, unless otherwise required by law, not be more than sixty (60) nor less than ten (10) days before the date of such meeting and (b) in the case of any other action, shall not be more than sixty (60) days prior to such other action. If no record date is fixed: (i) the record date for determining stockholders entitled to notice of or to vote at a meeting of stockholders shall be at the close of business on the day next preceding the day on which notice is given, or, if notice is waived, at the close of business on the day next preceding the day on which the meeting is held; and (ii) the record date for determining stockholders for any other purpose shall be at the close of business on the day on which the Board of Directors adopts the resolution relating thereto.

SECTION 5. Replacement of Certificates

. In case of the alleged loss, destruction or mutilation of a certificate of stock of the Corporation, a duplicate certificate may be issued in place thereof, upon such terms as the Board of Directors may prescribe.

SECTION 6. Fractional Shares. The Corporation may, but shall not be required to, issue fractions of a share.

ARTICLE V Indemnification

SECTION 1. Definitions

. For purposes of this Article:

(a) “ **Corporate Status** ” describes the status of a person who is serving or has served (i) as a Director of the Corporation, (ii) as an Officer of the Corporation, (iii) as a Non-Officer Employee of the Corporation, or (iv) as a director, partner, trustee, officer, employee or agent of any other corporation, partnership, limited liability company, joint venture, trust, employee benefit plan, foundation, association, organization or other legal entity which such person is or was serving at the request of the Corporation. For purposes of this Section 1(a), a Director, Officer or Non-Officer Employee of the Corporation who is serving or has served as a director, partner, trustee, officer, employee or agent of a Subsidiary shall be deemed to be serving at the request of the Corporation. Notwithstanding the foregoing, “ **Corporate Status** ” shall not include the status of a person who is serving or has served as a director, officer, employee or agent of a constituent corporation absorbed in a merger or consolidation transaction with the Corporation with respect to such person’s activities prior to said transaction, unless specifically authorized by the Board of Directors or the stockholders of the Corporation;

(b) “ **Corporation** ” shall include, in addition to the resulting corporation, any constituent corporation (including any constituent of a constituent) absorbed into the Corporation in a consolidation or merger if such corporation would have been permitted (if its corporate existence had continued) under applicable law to indemnify its directors, officers, employees or agents, so that any person who is or was a director, officer, employee or agent of such constituent corporation, or is or was serving at the request, or to represent the interests of, such constituent corporation as an Officer of any affiliated entity shall stand in the same position under the provisions of this Article V with respect to the resulting or surviving corporation as such person would have with respect to such constituent corporation if its separate existence had continued;

(c) “ **Director** ” means any person who serves or has served the Corporation as a director on the Board of Directors of the Corporation;

(d) “ **Disinterested Director** ” means, with respect to each Proceeding in respect of which indemnification is sought hereunder, a Director of the Corporation who is not and was not a party to such Proceeding;

(e) “ **Expenses** ” means all attorneys’ fees, retainers, court costs, transcript costs, fees of expert witnesses, private investigators and professional advisors (including, without limitation, accountants and investment bankers), travel expenses, duplicating costs, printing and binding costs, costs of preparation of demonstrative evidence and other courtroom presentation aids and devices, costs incurred in connection with document review, organization, imaging and computerization, telephone charges, postage, delivery service fees, and all other disbursements, costs or expenses of the type customarily incurred in connection with prosecuting, defending, preparing to prosecute or defend, investigating, being or preparing to be a witness in, settling or otherwise participating in, a Proceeding;

(f) “ **Liabilities** ” means judgments, damages, liabilities, losses, penalties, excise taxes, fines and amounts paid in settlement;

(g) “ **Non-Officer Employee** ” means any person who serves or has served as an employee or agent of the Corporation, but who is not or was not a Director or Officer;

(h) “ **Officer** ” means any person who serves or has served the Corporation as an officer of the Corporation appointed by the Board of Directors of the Corporation;

(i) “ **Proceeding** ” means any threatened, pending or completed action, suit, arbitration, alternate dispute resolution mechanism, inquiry, investigation, administrative hearing or other proceeding, whether civil, criminal, administrative, arbitrate or investigative; and

(j) “ **Subsidiary** ” shall mean any corporation, partnership, limited liability company, joint venture, trust or other entity of which the Corporation owns (either directly or through or together with another Subsidiary of the Corporation) either (i) a general partner, managing member or other similar interest or (ii) (A) fifty percent (50%) or more of the voting power of the voting capital equity interests of such corporation, partnership, limited liability company, joint venture or other entity, or (B) fifty percent (50%) or more of the outstanding voting capital stock or other voting equity interests of such corporation, partnership, limited liability company, joint venture or other entity.

SECTION 2. Indemnification of Directors and Officers

(a) Subject to the operation of Section 4 of this Article V of these By-laws, each Director and Officer shall be indemnified and held harmless by the Corporation to the fullest extent authorized by the DGCL, as the same exists or may hereafter be amended (but, in the case of any such amendment, only to the extent that such amendment permits the Corporation to provide broader indemnification rights than such law permitted the Corporation to provide prior to such amendment), and to the extent authorized in this Section 2.

(1) Actions, Suits and Proceedings Other than By or In the Right of the Corporation . Each Director and Officer shall be indemnified and held harmless by the Corporation against any and all Expenses and Liabilities that are incurred or paid by such Director or Officer or on such Director’s or Officer’s behalf in connection with any Proceeding or any claim, issue or matter therein (other than an action by or in the right of the Corporation), which such Director or Officer is, or is threatened to be made, a party to or participant in by reason of such Director’s or Officer’s Corporate Status, if such Director or Officer acted in good faith and in a manner such Director or Officer reasonably believed to be in or not opposed to the best interests of the Corporation and, with respect to any criminal proceeding, had no reasonable cause to believe his or her conduct was unlawful.

(2) Actions, Suits and Proceedings By or In the Right of the Corporation . Each Director and Officer shall be indemnified and held harmless by the Corporation against any and all Expenses that are incurred by such Director or Officer or on such Director’s or Officer’s behalf in connection with any Proceeding or any claim, issue or matter therein by or in the right of the Corporation, which such Director or Officer is, or is threatened to be

made, a party to or participant in by reason of such Director's or Officer's Corporate Status, if such Director or Officer acted in good faith and in a manner such Director or Officer reasonably believed to be in or not opposed to the best interests of the Corporation; provided, however, that no indemnification shall be made under this Section 2(a)(2) in respect of any claim, issue or matter as to which such Director or Officer shall have been finally adjudged by a court of competent jurisdiction to be liable to the Corporation, unless, and only to the extent that, the Court of Chancery or another court in which such Proceeding was brought shall determine upon application that, despite adjudication of liability, but in view of all the circumstances of the case, such Director or Officer is fairly and reasonably entitled to indemnification for such Expenses that such court deems proper.

(3) Survival of Rights. The rights of indemnification provided by this Section 2 shall continue as to a Director or Officer after he or she has ceased to be a Director or Officer and shall inure to the benefit of his or her heirs, executors, administrators and personal representatives.

(4) Actions by Directors or Officers. Notwithstanding the foregoing, the Corporation shall indemnify any Director or Officer seeking indemnification in connection with a Proceeding initiated by such Director or Officer only if such Proceeding (including any parts of such Proceeding not initiated by such Director or Officer) was authorized in advance by the Board of Directors of the Corporation, unless such Proceeding was brought to enforce such Officer's or Director's rights to indemnification or, in the case of Directors, advancement of Expenses under these Bylaws in accordance with the provisions set forth herein.

SECTION 3. Indemnification of Non-Officer Employees

. Subject to the operation of Section 4 of this Article V of these By-laws, each Non-Officer Employee may, in the discretion of the Board of Directors of the Corporation, be indemnified by the Corporation to the fullest extent authorized by the DGCL, as the same exists or may hereafter be amended, against any or all Expenses and Liabilities that are incurred by such Non-Officer Employee or on such Non-Officer Employee's behalf in connection with any threatened, pending or completed Proceeding, or any claim, issue or matter therein, which such Non-Officer Employee is, or is threatened to be made, a party to or participant in by reason of such Non-Officer Employee's Corporate Status, if such Non-Officer Employee acted in good faith and in a manner such Non-Officer Employee reasonably believed to be in or not opposed to the best interests of the Corporation and, with respect to any criminal proceeding, had no reasonable cause to believe his or her conduct was unlawful. The rights of indemnification provided by this Section 3 shall exist as to a Non-Officer Employee after he or she has ceased to be a Non-Officer Employee and shall inure to the benefit of his or her heirs, personal representatives, executors and administrators. Notwithstanding the foregoing, the Corporation may indemnify any Non-Officer Employee seeking indemnification in connection with a Proceeding initiated by such Non-Officer Employee only if such Proceeding was authorized in advance by the Board of Directors of the Corporation.

SECTION 4. Determination

. Unless ordered by a court, no indemnification shall be provided pursuant to this Article V to a Director, to an Officer or to a Non-Officer Employee unless a determination shall have been made that such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the Corporation and, with respect to any criminal Proceeding, such person had no reasonable cause to believe his or her conduct was unlawful. Such determination shall be made by (a) a majority vote of the Disinterested Directors, even though less than a quorum of the Board of Directors, (b) a committee comprised of Disinterested Directors, such committee having been designated by a majority vote of the Disinterested Directors (even though less than a quorum), (c) if there are no such Disinterested Directors, or if a majority of Disinterested Directors so directs, by independent legal counsel in a written opinion, or (d) by the stockholders of the Corporation.

SECTION 5. Advancement of Expenses to Directors Prior to Final Disposition

(a) The Corporation shall advance all Expenses incurred by or on behalf of any Director in connection with any Proceeding in which such Director is involved by reason of such Director's Corporate Status within thirty (30) days after the receipt by the Corporation of a written statement from such Director requesting such advance or advances from time to time, whether prior to or after final disposition of such Proceeding. Such statement or statements shall reasonably evidence the Expenses incurred by such Director and shall be preceded or accompanied by an undertaking by or on behalf of such Director to repay any Expenses so advanced if it shall ultimately be determined that such Director is not entitled to be indemnified against such Expenses. Notwithstanding the foregoing, the Corporation shall advance all Expenses incurred by or on behalf of any Director seeking advancement

of expenses hereunder in connection with a Proceeding initiated by such Director only if such Proceeding (including any parts of such Proceeding not initiated by such Director) was (i) authorized by the Board of Directors of the Corporation, or (ii) brought to enforce such Director's rights to indemnification or advancement of Expenses under these By-laws.

(b) If a claim for advancement of Expenses hereunder by a Director is not paid in full by the Corporation within thirty (30) days after receipt by the Corporation of documentation of Expenses and the required undertaking, such Director may at any time thereafter bring suit against the Corporation to recover the unpaid amount of the claim and if successful in whole or in part, such Director shall also be entitled to be paid the expenses of prosecuting such claim. The failure of the Corporation (including its Board of Directors or any committee thereof, independent legal counsel, or stockholders) to make a determination concerning the permissibility of such advancement of Expenses under this Article V shall not be a defense to an action brought by a Director for recovery of the unpaid amount of an advancement claim and shall not create a presumption that such advancement is not permissible. The burden of proving that a Director is not entitled to an advancement of expenses shall be on the Corporation.

(c) In any suit brought by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the Corporation shall be entitled to recover such expenses upon a final adjudication that the Director has not met any applicable standard for indemnification set forth in the DGCL.

SECTION 6. Advancement of Expenses to Officers and Non-Officer Employees Prior to Final Disposition

(a) The Corporation may, at the discretion of the Board of Directors of the Corporation, advance any or all Expenses incurred by or on behalf of any Officer or any Non-Officer Employee in connection with any Proceeding in which such person is involved by reason of his or her Corporate Status as an Officer or Non-Officer Employee upon the receipt by the Corporation of a statement or statements from such Officer or Non-Officer Employee requesting such advance or advances from time to time, whether prior to or after final disposition of such Proceeding. Such statement or statements shall reasonably evidence the Expenses incurred by such Officer or Non-Officer Employee and shall be preceded or accompanied by an undertaking by or on behalf of such person to repay any Expenses so advanced if it shall ultimately be determined that such Officer or Non-Officer Employee is not entitled to be indemnified against such Expenses.

(b) In any suit brought by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the Corporation shall be entitled to recover such expenses upon a final adjudication that the Officer or Non-Officer Employee has not met any applicable standard for indemnification set forth in the DGCL.

SECTION 7. Contractual Nature of Rights

(a) The provisions of this Article V shall be deemed to be a contract between the Corporation and each Director and Officer entitled to the benefits hereof at any time while this Article V is in effect, in consideration of such person's past or current and any future performance of services for the Corporation. Neither amendment, repeal or modification of any provision of this Article V nor the adoption of any provision of the Certificate of Incorporation inconsistent with this Article V shall eliminate or reduce any right conferred by this Article V in respect of any act or omission occurring, or any cause of action or claim that accrues or arises or any state of facts existing, at the time of or before such amendment, repeal, modification or adoption of an inconsistent provision (even in the case of a proceeding based on such a state of facts that is commenced after such time), and all rights to indemnification and advancement of Expenses granted herein or arising out of any act or omission shall vest at the time of the act or omission in question, regardless of when or if any proceeding with respect to such act or omission is commenced. The rights to indemnification and to advancement of expenses provided by, or granted pursuant to, this Article V shall continue notwithstanding that the person has ceased to be a director or officer of the Corporation and shall inure to the benefit of the estate, heirs, executors, administrators, legatees and distributees of such person.

(b) If a claim for indemnification hereunder by a Director or Officer is not paid in full by the Corporation within sixty (60) days after receipt by the Corporation of a written claim for indemnification, such Director or Officer may at any time thereafter bring suit against the Corporation to recover the unpaid amount of the claim, and if successful in whole or in part, such Director or Officer shall also be entitled to be paid the expenses of prosecuting such claim. The failure of the Corporation (including its Board of Directors or any committee thereof, independent

legal counsel, or stockholders) to make a determination concerning the permissibility of such indemnification under this Article V shall not be a defense to an action brought by a Director or Officer for recovery of the unpaid amount of an indemnification claim and shall not create a presumption that such indemnification is not permissible. The burden of proving that a Director or Officer is not entitled to indemnification shall be on the Corporation.

(c) In any suit brought by a Director or Officer to enforce a right to indemnification hereunder, it shall be a defense that such Director or Officer has not met any applicable standard for indemnification set forth in the DGCL.

SECTION 8. Non-Exclusivity of Rights

. The rights to indemnification and to advancement of Expenses set forth in this Article V shall not be exclusive of any other right which any Director, Officer, or Non-Officer Employee may have or hereafter acquire under any statute, provision of the Certificate or these By-laws, agreement, vote of stockholders or Disinterested Directors or otherwise.

SECTION 9. Insurance

. The Corporation may maintain insurance, at its expense, to protect itself and any Director, Officer or Non-Officer Employee against any liability of any character asserted against or incurred by the Corporation or any such Director, Officer or Non-Officer Employee, or arising out of any such person's Corporate Status, whether or not the Corporation would have the power to indemnify such person against such liability under the DGCL or the provisions of this Article V.

SECTION 10. Other Indemnification

. The Corporation's obligation, if any, to indemnify or provide advancement of Expenses to any person under this Article V as a result of such person serving, at the request of the Corporation, as a director, partner, trustee, officer, employee or agent of another corporation, partnership, joint venture, trust, employee benefit plan or other enterprise shall be reduced by any amount such person may collect as indemnification or advancement of Expenses from such other corporation, partnership, joint venture, trust, employee benefit plan or enterprise (the "**Primary Indemnitor**"). Any indemnification or advancement of Expenses under this Article V owed by the Corporation as a result of a person serving, at the request of the Corporation, as a director, partner, trustee, officer, employee or agent of another corporation, partnership, joint venture, trust, employee benefit plan or other enterprise shall only be in excess of, and shall be secondary to, the indemnification or advancement of Expenses available from the applicable Primary Indemnitor(s) and any applicable insurance policies.

ARTICLE VI Miscellaneous Provisions

SECTION 1. Fiscal Year

. The fiscal year of the Corporation shall be determined by the Board of Directors.

SECTION 2. Seal

. The Board of Directors shall have power to adopt and alter the seal of the Corporation.

SECTION 3. Execution of Instruments

. All deeds, leases, transfers, contracts, bonds, notes and other obligations to be entered into by the Corporation in the ordinary course of its business without director action may be executed on behalf of the Corporation by the Chairman of the Board, if one is elected, the President, the Chief Executive Officer, the Chief Financial Officer or the Treasurer, the Chief Operating Officer, the Chief Information Officer or any other officer, employee or agent of the Corporation as the Board of Directors or the executive committee of the Board may authorize.

SECTION 4. Voting of Securities

. Unless the Board of Directors otherwise provides, the Chairman of the Board, if one is elected, the President or the Treasurer may waive notice of and act on behalf of the Corporation, or appoint another person or persons to act as proxy or attorney in fact for the Corporation with or without discretionary power and/or power of substitution, at any meeting of stockholders or shareholders of any other corporation or organization, any of whose securities are held by the Corporation.

SECTION 5. Resident Agent

. The Board of Directors may appoint a resident agent upon whom legal process may be served in any action or proceeding against the Corporation.

SECTION 6. Corporate Records

. The original or attested copies of the Certificate, Bylaws and records of all meetings of the incorporators, stockholders and the Board of Directors and the stock transfer books, which shall

contain the names of all stockholders, their record addresses and the amount of stock held by each, may be kept outside the State of Delaware and shall be kept at the principal office of the Corporation, at an office of its counsel, at an office of its transfer agent or at such other place or places as may be designated from time to time by the Board of Directors.

SECTION 7. Certificate

. All references in these By-laws to the Certificate shall be deemed to refer to the Amended and Restated Certificate of Incorporation of the Corporation, as amended and/or restated and in effect from time to time.

SECTION 8. Amendment of By-laws

(a) Amendment by Directors. Except as provided otherwise by law, these By-laws may be amended or repealed by the Board of Directors by the affirmative vote of a majority of the directors then in office.

(b) Amendment by Stockholders. These By-laws may be amended or repealed at any Annual Meeting, or special meeting of stockholders called for such purpose in accordance with these By-Laws, by the affirmative vote of at least seventy-five percent (75%) of the outstanding shares entitled to vote on such amendment or repeal, voting together as a single class; provided, however, that if the Board of Directors recommends that stockholders approve such amendment or repeal at such meeting of stockholders, such amendment or repeal shall only require the affirmative vote of the majority of the outstanding shares entitled to vote on such amendment or repeal, voting together as a single class. Notwithstanding the foregoing, stockholder approval shall not be required unless mandated by the Certificate, these By-laws, or other applicable law.

SECTION 9. Notices

. If mailed, notice to stockholders shall be deemed given when deposited in the mail, postage prepaid, directed to the stockholder at such stockholder's address as it appears on the records of the Corporation. Without limiting the manner by which notice otherwise may be given to stockholders, any notice to stockholders may be given by electronic transmission in the manner provided in Section 232 of the DGCL.

SECTION 10. Waivers

. A written waiver of any notice, signed by a stockholder or director, or waiver by electronic transmission by such person, whether given before or after the time of the event for which notice is to be given, shall be deemed equivalent to the notice required to be given to such person. Neither the business to be transacted at, nor the purpose of, any meeting need be specified in such a waiver.

SECTION 11. Severability

. If any provision or provisions of these By-Laws shall be held to be invalid, illegal or unenforceable as applied to any circumstance for any reason whatsoever: (i) the validity, legality and enforceability of such provisions in any other circumstance and of the remaining provisions of these By-Laws (including, without limitation, each portion of any paragraph of these By-Laws containing any such provision held to be invalid, illegal or unenforceable that is not itself held to be invalid, illegal or unenforceable) shall not in any way be affected or impaired thereby and (ii) to the fullest extent possible, the provisions of these By-Laws (including, without limitation, each such portion of any paragraph of these By-Laws containing any such provision held to be invalid, illegal or unenforceable) shall be construed so as to permit the Corporation to protect its directors, officers, employees and agents from personal liability in respect of their good faith service to or for the benefit of the Corporation to the fullest extent permitted by law.

SECTION 12. Inconsistent Provisions

. In the event that any provision of these By-Laws is or becomes inconsistent with any provision of the Certificate or the DGCL, the provision of these By-Laws shall not be given any effect to the extent of such inconsistency but shall otherwise be given full force and effect.

Adopted February 26, 2014 and effective as of April 4, 2014.
