PROXY STATEMENT

The enclosed proxy is solicited by the Board of Directors of NIKE, Inc. ("NIKE" or the "Company") for use at the annual meeting of shareholders to be held on September 18, 1995, and at any adjournment thereof (the "Annual Meeting"). The Company expects to mail this proxy statement and the enclosed proxy to shareholders on or about August 7, 1995.

The Company will bear the cost of solicitation of proxies. In addition to the solicitation of proxies by mail, certain officers and employees of the Company, without extra compensation, may also solicit proxies personally or by telephone. The Company has retained Hill and Knowlton, Inc., New York, New York, to assist in the solicitation of proxies from nominees and brokers at an estimated cost of \$16,000. Copies of proxy solicitation materials will be furnished to fiduciaries, custodians and brokerage houses for forwarding to the beneficial owners of shares held in their names.

All valid proxies properly executed and received by the Company prior to the Annual Meeting will be voted in accordance with the instructions specified in the proxy. Where no instructions are given, shares will be voted FOR: (1) the election of each of the named nominees for director; (2) the approval of the increase in the authorized common stock; (3) the approval of the proposed Executive Performance Sharing Plan to satisfy certain Internal Revenue Code requirements; and (4) ratification of the appointment of Price Waterhouse as independent accountants. A shareholder may chose to strike the names of the proxy holders named in the enclosed proxy and insert other names.

A shareholder giving the enclosed proxy has the power to revoke it at any time before it is exercised by affirmatively electing to vote in person at the meeting or by delivering to Lindsay D. Stewart, Assistant Secretary of the Company, either an instrument of revocation or an executed proxy bearing a later date.

VOTING SECURITIES

Holders of record of NIKE's Class A Common Stock ("Class A Stock") and holders of record of NIKE's Class B Common Stock ("Class B Stock"), at the

close of business on July 21, 1995, will be entitled to vote at the Annual Meeting. On that date, 25,893,522 shares of Class A Stock and 45,635,745 shares of Class B Stock were issued and outstanding. Neither class of Common Stock has cumulative voting rights.

Each share of Class A Stock and each share of Class B Stock is entitled to one vote on every matter submitted to the shareholders at the Annual Meeting. With regard to Proposal 1, the election of directors, the holders of Class A Stock and the holders of Class B Stock will vote separately. Holders of Class B Stock are currently entitled to elect 25 percent of the total Board, rounded up to the next whole number. Holders of Class A Stock are currently entitled to elect the remaining directors. Under this formula, holders of Class B Stock, voting separately, will elect four directors, and holders of Class A Stock, voting separately, will elect 10 directors. Holders of Class A Stock and holders of Class B Stock will vote separately on Proposal 2 and together as one class on Proposals 3 and 4.

PROPOSAL 1

ELECTION OF DIRECTORS

A Board of 14 directors will be elected at the Annual Meeting. All of the nominees, except for Dr. A. Michael Spence, were elected at the 1994 annual meeting of shareholders. Directors will hold office until the next annual meeting of shareholders or until their successors are elected and qualified.

William J. Bowerman, Thomas E. Clarke, Delbert J. Hayes and Jill K. Conway are nominated by management for election by the holders of Class B Stock. The other 10 nominees are nominated by management for election by the holders of Class A Stock.

Under Oregon law, if a quorum of each class of shareholders is present at the Annual Meeting, the 10 director nominees who receive the greatest number of votes cast by holders of Class A Stock and the four director nominees who receive the greatest number of votes cast by holders of Class B Stock will be elected directors. Abstentions and broker non-votes will have no effect on the results of the vote. Unless otherwise instructed, proxy holders will vote the proxies they receive for the nominees listed below. If any nominee becomes unable to serve, the holders of the proxies may, in their discretion, vote the shares for a substitute nominee or nominees designated by the Board of Directors.

BOARD OF DIRECTORS AND COMMITTEES

The Board currently has an Executive Committee, an Audit Committee, a Personnel Committee, a Finance Committee, a Stock Option Committee and may also appoint other committees from time to time. There is currently no Nominating Committee. There were six meetings of the Board of Directors during the last fiscal year. Each director attended at least 75 percent of the total number of meetings of the Board of Directors and committees on which he or she served, except for Messrs. Donahue and Thompson, who attended 67 percent and 70 percent respectively.

The Executive Committee of the Board is currently composed of Messrs. Knight (Chairman) and Clarke. The Executive Committee is authorized to act on behalf of the Board on all corporate actions for which applicable law does not require participation by the full Board. In practice, the

Executive Committee acts in place of the full Board only when emergency issues or scheduling make it difficult or impracticable to assemble the full Board. All actions taken by the Executive Committee must be reported at the next Board meeting. The Executive Committee held no formal meetings during the fiscal year ended May 31, 1995, but took actions from time to time pursuant to written consent resolutions.

The Audit Committee is currently composed of Mr. Hayes (Chairman), Mr. Houser and Mr. Pfeiffer. The Audit Committee reviews and makes recommendations to the Board regarding services provided by the independent accountants, reviews with the independent accountants the scope and results of their annual examination of the Company's consolidated financial statements and any recommendations they may have, and makes recommendations to the Board with respect to the engagement or discharge of the independent accountants. The Audit Committee also reviews the Company's procedures with respect to maintaining books and records, the adequacy and implementation of internal auditing, accounting and financial controls, and the Company's policies concerning financial reporting and business practices. The Audit Committee met twice during the fiscal year ended May 31, 1995.

The Personnel Committee is currently composed of Mr. DeNunzio (Chairman), Dr. Conway, Mr. Jaqua, and Mr. Thompson. The Personnel Committee makes recommendations to the Board regarding officers' compensation, management incentive compensation arrangements and profit sharing plan contributions. The Personnel Committee met four times during the fiscal year ended May 31, 1995.

The Finance Committee is currently composed of Messrs. Robinson (Chairman), DeNunzio, Hayes and Pfeiffer. The Finance Committee considers long-term financing options and needs of the Company, long-range tax and currency issues facing the Company, and management recommendations concerning major capital expenditures and material acquisitions or divestments. The Finance Committee met five times during the fiscal year ended May 31, 1995.

The Stock Option Committee is currently composed of Mr. DeNunzio (Chairman), Dr. Conway, Mr. Jaqua and Mr. Thompson. The Stock Option Committee grants options under NIKE's employee stock option plans. The Stock Option Committee met three times during the fiscal year ended May 31, 1995.

DIRECTOR COMPENSATION AND RETIREMENT PLAN

Messrs. Knight and Clarke do not receive additional compensation for their services as directors. All other directors are paid a fee of \$18,000 per year plus \$2,000 for each Board meeting attended and \$1,000 for each committee meeting attended, except that no fee is paid for attending Stock Option Committee meetings. In addition, directors are reimbursed for travel and other expenses incurred in attending Board and committee meetings. The Company also provides its non-employee directors medical insurance and \$500,000 of life insurance coverage.

In 1989 and 1993 the Board of Directors approved resolutions that provide certain benefits to directors who have served in that capacity for five years or more. The plan provides that after ten years of service by a non-employee director, the Company will provide such director for the remainder of his or her life with \$500,000 of life insurance and medical insurance at the levels provided by the Company to all of its employees at the time such director retires. The plan also provides that a director who has served for at least five years will receive an annual retirement benefit for life, commencing on the later of age 65 or the date the director retires or ceases to be a member of the Board. New directors elected after the 1993 fiscal year must retire at age 72. The retirement benefit is equal to a sliding percentage of the director's last annual Board fee (excluding meeting fees) beginning at 50 percent of the Board fee for five years of service up to a maximum of 100 percent of the Board fee for 10 or more years of service.

STOCK HOLDINGS OF CERTAIN OWNERS AND MANAGEMENT

The following table sets forth the number of shares of each class of NIKE securities beneficially owned, as of July 15, 1995, by (i) each person known to the Company to be the beneficial owner of more than 5 percent of any class of the Company's securities, (ii) each of the nominees for director, (iii) each executive officer listed in the Summary Compensation Table ("Named Officers"), and (iv) all nominees, Named Officers, and other executive officers as a group. Because Class A Stock is convertible into Class B Stock on a share-for-share basis, each beneficial owner of Class A Stock is deemed by the Securities and Exchange Commission to be a beneficial owner of the same number of shares of Class B Stock. Therefore, in indicating a person's beneficial ownership of shares of Class B Stock in the table, it has

been assumed that such person has converted into Class B Stock all shares of Class A Stock of which such person is a beneficial owner. For these reasons the table contains substantial duplications in the numbers of shares and percentages of Class A and Class B Stock shown for Messrs. Knight, Bowerman, Hayes and Jaqua and for all directors and officers as a group.

- (1) All options shown in the table become exercisable with respect to 25% of the total number of shares on each of July 1, 1995, 1996, 1997, and 1998. All options will become fully exercisable generally upon the approval by the Company's shareholders of a merger, plan of exchange, sale of substantially all of the Company's assets or plan of liquidation.
- (2) The exercise price is the market price of Class B Stock on the date the options were granted.
- (3) Assumed annual appreciation rates are set by the SEC and are not a forecast of future appreciation. The actual realized value depends on the market value of the Class B Stock on the exercise date, and no gain to the optionees is possible without an increase in the price of the Class B Stock. All assumed values are pre-tax and do not include dividends.

**REPORT OF THE PERSONNEL COMMITTEE OF THE
BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION**

The Personnel Committee of the Board of Directors (the "Committee"), subject to the approval of the Board of Directors, determines the compensation of the Company's executive officers and oversees the administration of executive compensation programs, except that stock option grants are made by the Stock Option Committee.

EXECUTIVE COMPENSATION POLICIES AND PROGRAMS. The Company's executive compensation programs are designed to attract and retain highly qualified executives and to motivate them to maximize shareholder returns by achieving both short-and long-term strategic Company goals. The programs link each executive's compensation directly to individual and Company performance. A significant portion of each executive's total compensation is variable and dependent upon the attainment of strategic and financial goals, individual performance objectives, and the appreciation in value of the Common Stock.

There are three basic components to the Company's "pay for performance" system: base pay; annual incentive bonus; and long-term, equity-based incentive compensation. Each component is addressed in the context of individual and Company performance, competitive conditions and equity among employees. In determining competitive compensation levels, the Company analyzes information from several independent surveys which include information regarding the general industry as well as other consumer product companies. Since the Company's market for executive talent extends beyond the sports and fitness industry, the survey data includes global name-brand consumer product companies with sales in excess of \$1 billion. A comparison of the Company's financial performance with that of the companies and indices shown in the Performance Graph is only one of many factors considered by the Committee to determine executive compensation.

BASE PAY. Base pay is designed to be competitive, although conservative (generally in the second quartile) as compared to salary levels for equivalent executive positions at other global consumer product companies. The executive's actual salary within this competitive framework will vary based on responsibilities, experience, leadership, potential future contribution, and demonstrated individual performance (measured against strategic management objectives such as maintaining customer satisfaction, fostering innovative products, strengthening market share, and expanding the markets for the Company's products). The types and relative importance of specific financial and other business objectives vary among the Company's executives depending on their positions and the particular operations or functions for which they are responsible. The Company's philosophy and practice is to place a relatively greater emphasis on the incentive components of compensation.

ANNUAL INCENTIVE BONUS. Each executive is eligible to receive an annual cash bonus under the Executive Performance Sharing Plan (described later in this Proxy Statement). The "target" level for that bonus, like the base salary level, is set with reference to Company-wide bonus programs, as well as competitive conditions. These target levels are intended to motivate the Company's executives by providing substantial bonus payments for the achievement of financial goals within the Company's business plan. An executive receives a percentage of his or her target bonus depending on the extent to which the Company achieves financial performance goals set by the Committee and the Board, as measured by the Company's net income before taxes. Bonuses may exceed the target if the Company's performance exceeds the goal.

LONG-TERM, EQUITY-BASED INCENTIVE COMPENSATION. The long-term equity-based compensation program is tied directly to shareholder return. Under the current program, long-term incentive compensation consists of stock options, 25% of which vest in each of the four years after grant. Stock options are awarded with an exercise price equal to the fair market value of the Class B Common Stock on the date of grant. Accordingly, the executive is rewarded only if the market price of the Class B Common Stock appreciates.

Since long-term options vest over time, the Company periodically grants new options to provide continuing incentives for future performance. The size of previous grants and the number of options held are considered by the Stock Option Committee, but are not entirely determinative of future grants. Like base pay, the grant is set with regard to competitive considerations, and each individual's actual grant is based upon individual performance measured against the criteria described in the preceding paragraphs and the executive's potential for future contributions.

Stock options are designed to align the interests of the Company's executives with those of shareholders by encouraging executives to enhance the value of the Company and, hence, the price of the Common Stock and the shareholders' return. In addition, through deferred vesting, this component of the compensation system is designed to create an incentive for the individual executive to remain with the Company.

OTHER PLANS. The Company maintains combined profit sharing and 401(k) retirement plans. Under the profit sharing retirement plan, the Company annually contributes to a trust on behalf of employees, including executive officers, an amount that has historically approximated 1.7% of the Company's pre-tax earnings. That percentage is determined by the Board of Directors, and in the past five fiscal years has represented a yearly contribution of between 5.07 to 8.42% of each employee's earnings. This retirement plan serves to retain employees and executives, since profit sharing funds do not fully vest until after five years of employment with the Company.

Under the 401(k) retirement plan, the Company contributes up to 2.5% of each employee's earnings as a matching contribution. This matching contribution is invested entirely in NIKE Class B Stock, which strengthens the linkage between employee and shareholder interests.

ANNUAL REVIEWS. Each year, the Committee reviews the executive compensation policies with respect to the linkage between executive compensation and the creation of shareholder value, as well as the competitiveness of the programs. The Committee determines what changes, if any, are appropriate in the compensation programs for the following year. In conducting the annual review, the Committee considers information provided by Human Resources staff and uses surveys and reports prepared by independent compensation consultants.

Each year, the Committee, with the President and Human Resources staff, reviews the individual performance of each of the other executive officers and the President's recommendations with respect to the appropriate compensation levels and awards. The Committee makes recommendations to the Board of Directors for final approval of all compensation matters except for stock option grants, which are made by the Stock Option Committee. The Committee also reviews with the President and the Human Resources staff the financial and other strategic objectives, such as those identified above, for each of the senior executive officers for the following year.

In fiscal year 1995, awards to executive officers as a group reflected

(i) the Company's record revenues and earnings, and (ii) continued progress toward strategic goals such as expansion into international markets. The Committee also considered the other factors and considerations described above. Accordingly, as a group the named executive officers received approximately 150% of their targeted incentive bonuses.

CHIEF EXECUTIVE OFFICER. In reviewing Mr. Knight's performance, the Committee focused primarily on the Company's outstanding performance in fiscal year 1995, which resulted from substantial increases in sales and earnings, and progress toward the achievement of various strategic and financial objectives identified above. Accordingly, Mr. Knight received an incentive bonus of \$787,500. The Committee increased Mr. Knight's base salary for the 1996 fiscal year to approximately \$945,000.

Mr. Knight's position as the founder of and a substantial shareholder in the Company provides an effective long-term performance incentive tied directly to shareholder return. Accordingly, he received no stock option awards.

SECTION 162(m) OF THE INTERNAL REVENUE CODE. The Company has proposed an Executive Performance Sharing Plan for adoption by the shareholders. The Plan is designed to satisfy the performance- based exception to the Section 162(m) limitation on deductibility with respect to incentive bonus compensation for named executive officers. Moreover, the Company will likely take actions within the allowable transition period to exempt the performance-based stock option plan from the deductibility limitation.

PERSONNEL COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of the Personnel Committee of the Board of Directors during the fiscal year ended May 31, 1995, are listed above. The Committee is composed solely of non-employee directors. Mr. Jaqua serves as Secretary of the Company, but is not an employee. During the fiscal year, the Company paid Harbor Point Associates, Inc., of which director Ralph D. DeNunzio is President, \$100,000 for financial consulting services, and paid director John R. Thompson, Jr. \$351,000 for services rendered pursuant to an endorsement contract. The Company expects to pay Mr. DeNunzio, or his firm, and Mr. Thompson for additional legal and consulting work that may be performed by them for the Company during fiscal 1996.

EMPLOYMENT CONTRACTS AND TERMINATION OF EMPLOYMENT AND CHANGE-IN-CONTROL ARRANGEMENTS

An agreement between the Company and President and Chief Operating Officer, Dr. Thomas E. Clarke, contains a covenant not to compete that extends for one year following the termination of Dr. Clarke's employment with the Company. The agreement provides that if Dr. Clarke voluntarily resigns, the Company will make monthly payments to him during the one-year noncompetition period in an amount equal to one-half of Dr. Clarke's last monthly salary. The agreement provides further that if Dr. Clarke's employment is terminated by the Company, the Company will make monthly payments to him during the one-year noncompetition period in an amount equal to Dr. Clarke's last monthly salary. The Company may unilaterally waive the covenant not to compete. If the covenant is waived, the Company will not be required to make the payments described above for the months as to which the waiver applies.

The Company has a similar agreement with Vice President Mark G. Parker that extends from one year following the termination of Mr. Parker's employment with the Company. The agreement provides that if Mr. Parker voluntarily resigns, the Company will make monthly payments to him during the one-year noncompetition period in an amount equal to the greater of (i) \$20,833 or (ii) one-twenty-fourth of the total salary and bonuses received by Mr. Parker during the 12-month period immediately preceding his resignation. The agreement provides further that if Mr. Parker's employment is terminated by the Company, the Company will make monthly payments to him during the one-year noncompetition period

in an amount equal to the greater of \$41,667 or (ii) one-twelfth of the total salary and bonuses received by Mr. Parker during the 12-month period immediately preceding his termination. If Mr. Parker is terminated without cause, the parties may mutually agree to waive the covenant not to compete, and if Mr. Parker is terminated for cause, the Company may unilaterally waive the covenant. If the covenant is waived, the Company will not be required to make the payments described above for the months as to which the waiver applies.

CERTAIN TRANSACTIONS

During the fiscal year ended May 31, 1995, the Company paid the law firm of Bullivant, Houser, Bailey, Pendergrass & Hoffman, of which director Douglas G. Houser is a partner, approximately \$61,219 for services rendered. During the same period, the Company paid Harbor Point Associates, Inc., of which director Ralph D. DeNunzio is President, \$100,000 for financial consulting services, paid Robanna, Inc., which is owned by director John R. Thompson, Jr. \$351,000 for services rendered pursuant to an endorsement contract, and paid director Kenichi Ohmae \$45,000 for business and financial consulting services. The Company expects to pay Mr. Houser, or his law firm, Mr. DeNunzio, or his firm, Mr. Thompson and Mr. Ohmae for additional legal and consulting services that may be performed by them for the Company during fiscal year 1996.

INDEBTEDNESS OF MANAGEMENT

On July 19, 1994 the Company loaned \$500,000 at 5.65% per annum to President Thomas E. Clarke for the purchase of a second home. The loan is secured by the second home, and must be repaid within 180 days following termination of employment. As an inducement to remain employed by the Company, the Company has agreed to forgive \$100,000 of the loan commencing January 1, 2000 and on each of the four anniversary dates thereafter, provided that Dr. Clarke remains employed by the Company.

PROPOSAL 2
APPROVAL OF INCREASE IN AUTHORIZED COMMON STOCK

The Board of Directors recommends that shareholders of the Company approve an amendment to Article IV of the Company's Restated Articles of Incorporation, as amended, to increase the Company's authorized Class A Stock from 60,000,000 to 110,000,000 shares and the authorized Class B Stock from 150,000,000 shares to 330,000,000 shares.

The reason for this amendment is to permit the Company to effect one or more stock splits by means of a stock dividend. The Board of Directors has not approved such a split, but believes it to be desirable to have that flexibility.

The proposed increase in the Company's authorized Common Stock would be large enough to permit the Board of Directors to effect additional stock splits or stock dividends in the future if the Board determines at such time that such action would be in the best interests of the Company. While the proposed amendment is intended to facilitate such future stock splits or stock dividends, such shares could also be used for other purposes such as future financing and acquisitions of property, including stock or assets of other businesses, if deemed desirable by the Board. Although the Company considers potential acquisitions from time to time, the Board has no present plans to use any of the authorized unissued shares of the Company for such purpose. Additional shares could also be used to dilute the stock ownership of persons seeking to obtain control of the Company. however, the Company is not proposing this amendment for that purpose.

The additional shares of Common Stock for which authorization is sought would be identical to the shares of Common Stock the Company now has authorized. Holders of Common Stock do not have preemptive rights to subscribe to additional securities which may be issued by the Company.

The Board of Directors considers this amendment advisable to permit a stock split and to provide flexibility for future stock splits, stock

dividends and capital requirements. Approval of this amendment by the shareholders at the Annual Meeting may avoid the expensive procedure of calling and holding a special meeting of shareholders for such a purpose at a later date.

Approval of Proposal 2 would require (i) the presence at the Annual Meeting of a majority of the outstanding shares of Class A Stock and a majority of the outstanding shares of Class B Stock, and (ii) that in each such class the number of shares voting in favor of this Proposal exceeds the number of shares voting against this Proposal. Abstentions and broker non-votes are counted for purposes of determining whether a quorum exists but are not counted as voting either for or against and therefore have no effect on the results of the vote.

PROPOSAL 3
APPROVAL OF EXECUTIVE PERFORMANCE SHARING PLAN

In 1993, the Internal Revenue Code was amended to add Section 162(m), which prevents a publicly held corporation from taking federal income tax deductions previously allowed for compensation in excess of \$1 million per year paid to the named executive officers whose compensation is disclosed in the corporation's proxy statement. The Code, however exempts compensation that qualifies as "performance-based".

In view of the changes to the tax laws, the Board of Directors has adopted, and proposed for approval by the shareholders, the Executive Performance Sharing Plan (the "Plan"). The purpose of the Plan is to satisfy Internal Revenue Code requirements for shareholder-approved, performance-based compensation in order to preserve the Company's income tax deduction for annual incentive bonus payments to the named executive officers. The Plan is a continuation of the previously existing incentive bonus program for corporate officers, and is similar to the incentive bonus program for all employees of the Company. The following summary of the Plan is qualified in its entirety by reference to the terms of the Plan, a copy of which is attached as Exhibit A to this Proxy Statement.

Persons Covered. The persons covered by the Plan are all corporate officers of the Company. Under the Company's Bylaws, corporate officers

are those elected by the Board of Directors. The corporate officers include nearly all of the Company's executive officers, a total of eight persons. Other officers and employees of the Company will continue to be eligible to receive annual cash incentive bonuses outside of the Plan.

Administration. Grants of target awards under the Plan and all other decisions regarding the administration of the Plan will be made by the Personnel Committee of the Board of Directors, or if the Personnel Committee is not comprised solely of "outside directors" as that term is defined in regulations under Section 162(m), another Board committee consisting solely of outside directors (the "Committee").

Target Awards. Within 90 days of the beginning of each fiscal year of the Company, the Committee will establish for each corporate officer the performance target or targets and related target awards payable in cash upon meeting the performance targets for the year. Performance targets must be expressed as an objectively determinable level of performance of the Company or any subsidiary, division or other unit of the Company, based on one or more of the following: net income, net income before taxes, operating income, revenues, return on sales, return on equity, earnings per share, total shareholder return, or any of the foregoing before the effect of acquisitions, divestitures, accounting changes, restructuring, or other special charges, as determined by the Committee at the time of establishing the performance target. The maximum target award for a corporate officer in any year will be the lesser of 150% of the officer's base salary established at the beginning of the year, or \$2 million.

Determination of Award Payouts. At the end of each fiscal year, the Committee will certify the attainment of the performance targets and the calculation of the payouts of the related target awards. No award shall be paid if the related performance target is not met, but the Committee may, in its discretion, reduce or eliminate an officer's calculated award based on circumstances relating to the performance of the Company or the officer.

Effective Date. If approved by shareholders, the Plan will be effective as of June 1, 1995.

Amendment and Termination. The Plan may be amended by the Committee, with the approval of the Board of Directors, at any time except to the extent that shareholder approval would be required to maintain the qualification of Plan awards as performance-based compensation. Unless reapproved by the shareholders, the Plan will terminate at the first meeting of shareholders of the Company in the year 2000.

1996 Target Awards. In June 1995, the Committee established performance targets and target awards under the Plan for the corporate officers for fiscal 1996. As in prior years under the Company's previously existing annual incentive bonus program, target awards for fiscal 1996 are based on the achievement of pre-established target levels of net income before taxes. The actual amounts to be paid under those awards cannot be determined at this time, as such amounts are dependent upon the Company's performance for the current fiscal year. However, since the Plan is a continuation of the previously existing annual incentive bonus program, shareholders may assume that if the Plan had been in effect for fiscal 1995, the actual bonus compensation received by the Named Officers as shown in the Summary Compensation Table on page 12 would have been received under the Plan. All corporate officers as a group, including the Named Officers, received bonus compensation for fiscal 1995 of \$2,551,875.

Board Recommendation. the Board of Directors recommends that shareholders vote FOR approval of the Plan. Holders of Class A Stock and Class B Stock will vote together as a single class on Proposal 3. If a quorum is present at the Annual Meeting, Proposal 3 will be approved if the number of shares voted in favor of the proposal exceeds the number of shares voting against the proposal. Abstentions and broker non-votes are counted for purposes of determining whether a quorum exists, but are not counted as voting either for or against and therefore have no effect on the results of the vote.

PROPOSAL 4

RATIFICATION OF INDEPENDENT ACCOUNTANTS

The Board of Directors of the Company, upon recommendation of its Audit Committee, has appointed Price Waterhouse as independent accountants to examine the Company's consolidated financial statements for the fiscal year May 31, 1996 and to render other professional services as required.

The appointment of Price Waterhouse is being submitted to shareholders for ratification.

Price Waterhouse has served as independent accountants to the Company since 1971. Representatives of Price Waterhouse will be present at the Annual Meeting and are expected to be available to respond to questions.

SHAREHOLDER PROPOSALS

A proposal by a shareholder for inclusion in the Company's proxy statement and form of proxy for the 1996 annual meeting of shareholders must be received by NIKE at One Bowerman Drive, Beaverton, Oregon 97005-6453, Attention: Lindsay D. Stewart, Assistant Secretary, on or before April 9, 1996 in order to be eligible for such inclusion.

OTHER MATTERS

As of the time this proxy statement was printed, management was unaware of any proposals to be presented for consideration at the Annual Meeting other than those set forth herein, but if other matters do properly come before the Annual Meeting, the persons named in the proxy will vote the shares represented by such proxy according to their best judgment. The Company's bylaws prescribe that a shareholder may bring matters before an annual meeting only if such shareholder has given the Company advance written notice of such matters. For purposes of the 1995 Annual Meeting, such notice must be received on or before August 18, 1995 by Lindsay D. Stewart, Assistant Secretary of the Company, at One Bowerman Drive, Beaverton, Oregon 97005-6453.
