**PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS
Wednesday, June 11, 2003**

The Board of Directors of Labor Ready, Inc., a Washington corporation, is soliciting your proxy to vote your shares at the 2003 Annual Meeting of Shareholders of the Company to be held at 10:00 a.m. (Pacific Daylight Time) on Wednesday, June 11, 2003, at the Sheraton Hotel, 1320 Broadway, Tacoma, Washington, and at any adjournment thereof. This proxy statement contains the required information under the rules of the Securities and Exchange Commission and is designed to assist you in voting your shares.

Revocation of Proxies. If you execute a proxy, you will retain the right to revoke it at any time before it is voted. You may revoke or change your proxy before it is voted by: (i) sending a written revocation to the Corporate Secretary of the Company at P.O. Box 2910, Tacoma, Washington 98401; (ii) submitting a proxy with a later date; (iii) delivering a written request in person to return the executed proxy; or (iv) attending and voting at the annual meeting. Your right to revoke your proxy is not limited by or subject to compliance with a specified formal procedure, but you should give written notice to the Secretary of the Company at or before the annual meeting so that the number of shares represented by proxy can be recomputed.

Voting of Proxies. If you properly execute and return the enclosed proxy card, the individuals named on the proxy card (your proxies) will vote your shares in the manner you indicate. We urge you to specify your choices by marking the appropriate box on the enclosed proxy card; if you sign and return the proxy card without indicating your instructions, your shares will be voted FOR THE ELECTION OF DIRECTORS NOMINATED BY THE BOARD OF DIRECTORS, and with respect to any other business that may come before the meeting, as recommended by the Board of Directors. You may vote for, against, or abstain from voting on, any matter that may properly come before the meeting.

Quorum. A quorum is necessary to hold a valid meeting. If shareholders entitled to cast at least a majority of all the votes entitled to be cast at the annual meeting are present in person or by proxy, a quorum will exist. Shares represented by proxies containing an abstention as to any matter will be treated as shares that are present and entitled to vote for purposes of determining a quorum. Similarly, shares held by brokers or nominees for the accounts of others as to which voting instructions have not been given ("Broker Non-Votes") will be treated as shares that are present and entitled to vote for purposes of determining a quorum.

Effect of Abstentions and Broker Non-Votes. Election of directors requires the affirmative vote of a majority of the shares represented at the annual meeting. Abstentions and Broker Non-Votes will have no effect in the election of directors.

Record Date. Shareholders of record at the close of business on April 17, 2003 are entitled to vote at the annual meeting. On April 17,

2003, the Company had 40,013,544 shares of common stock outstanding. Each share of common stock entitles the holder thereof to one vote.

Discretionary Authority. If any nominee for director is unable to serve or for good cause will not serve, or if any matters not specified in this proxy statement come before the meeting, eligible shares will be voted as specified by the named proxies pursuant to discretionary authority granted in the

1

proxy. At the time this proxy statement was printed, we were not aware of any other matters to be voted on.

Indemnification of Directors

The Washington Business Corporation Act (the "Washington Business Act") provides that a company may indemnify its directors and officers as to certain liabilities. The Company's Articles of Incorporation and Bylaws provide for the indemnification of its directors and officers to the fullest extent permitted by law. The effect of such provisions is to indemnify the directors and officers of the Company against all costs, expenses and liabilities incurred by them in connection with any action, suit or proceeding in which they are involved by reason of their affiliation with the Company, to the fullest extent permitted by law.

Meetings and Committees of the Board

Board of Directors. The Board of Directors met eight times during fiscal year 2002.

Compensation Committee. The Board of Directors has appointed a Compensation Committee to review and recommend executive compensation and to serve as the administrative committee for the Company's stock option and stock purchase plans. The Compensation Committee, which currently consists of Mr. McChesney, who chairs the committee, Ms. McKibbin and Mr. Beatty, met eleven times during fiscal year 2002.

Audit Committee. The Board of Directors has appointed an Audit Committee to consider the adequacy of our internal controls and the integrity of our financial reporting. The Audit Committee, which currently consists of Mr. Schafer, who chairs the committee, Mr. Sullivan and Mr. Steele, met eight times during fiscal year 2002. The Board of Directors has affirmatively determined that: (a) each member of the Audit Committee is "independent" within the meanings of the Sarbanes-Oxley Act of 2002 and the listing standards of the New York Stock Exchange; (b) no member of the committee has a material relationship with the Company;* (c) each member of the committee is "financially literate" under the listing standards of the New York Stock Exchange; and

(d) Mr. Schafer and Mr. Sullivan are "audit committee financial experts" as such term is defined in the Sarbanes-Oxley Act of 2002.

* Mr. Steele is a director and former executive with ABM Industries, a customer of ours. Our Board has determined that this relationship is not material since annual revenues from ABM are less than two percent of our total annual revenues.

The Board of Directors has adopted a charter governing the duties and responsibilities of the Audit Committee. The Board adopted an amended and restated charter in March of 2003 in response to recently-enacted regulation and certain rule proposals made by the New York Stock Exchange. A copy of the Audit Committee charter is included in this proxy statement as Appendix A.

Corporate Governance and Nominating Committee. The Board of Directors has appointed the Corporate Governance and Nominating Committee, which is responsible for nominating directors, establishing guidelines on the composition and function of Board committees, and other significant corporate governance principles and procedures. The Corporate Governance and Nominating Committee will consider recommendations for directorships submitted by shareholders to be presented at the 2004 Annual Meeting of Shareholders. Any such recommendation should be submitted in writing to the Committee in care of the Secretary of the Company at our principal executive offices. For information on how to submit recommendations for nominations for directorships, see "Proposals of Shareholders" below.

Executive Committee. The Board of Directors has appointed an Executive Committee, to which is delegated the authority to act on behalf of the Board of Directors as necessary when the Board is not in session and it would be impractical to call a meeting of the Board. The Executive Committee, which currently consists of Mr. Sullivan, who chairs the committee, Mr. McChesney, Mr. Steele and Mr. Sambataro, met ten times

during fiscal year 2002.

Compensation Committee Report on Executive Compensation*

* The report of the Compensation Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under either the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended (together, the "Acts"), except to the extent that the Company specifically incorporates such report by reference; and further, such report shall not otherwise be deemed filed under the Acts.

The Company's executive compensation is determined by a Compensation Committee comprised of three independent members of the Board of Directors. Members of the Compensation Committee currently include Mr. McChesney, who chairs the committee, and Ms. McKibbin and Mr. Beatty.

In the past year, the Committee, in close consultation with the Corporate Governance Committee, has studied the Company's executive compensation philosophy and plans. In August 2002, after months of research and consideration, we adopted the compensation philosophy attached as Appendix B. We will use the philosophy to evaluate executive compensation programs.

The CEO's base compensation is set by an employment contract entered into in October 2001 upon hiring him. The CEO has received no adjustment to base compensation since that time. In January 2003, the CEO received a \$50,000 bonus based upon his and the executive team's performance since becoming CEO, including the following specific accomplishments:

- Increasing after-tax earnings by \$1 million in 2002, even though revenues declined by \$50 million;
- Successfully resolving a workers' compensation audit, saving over \$1 million;
- Reducing Selling, General & Administrative expenses by over \$45 million since becoming CEO in late 2001;
- Raising \$70 million in a convertible debt offering;
- Negotiating reduction of \$17 million in surety bonds required for the Company's workers' compensation program, without posting additional collateral;
- Building a strong senior leadership team; and
- Significantly improving Canadian operations

In March 2003, we adopted other policies regarding executive compensation, such as agreeing to conduct a base salary review of executive officers every two years. We rejected pegging executives' salaries to any particular percentile of salary survey data. Instead, we will look at each executive's experience and performance and make a judgment as to where his or her base salary should be relative to the 50th percentile of a comparable position. More experienced executives with exceptional performance may exceed the 50th percentile, while less experienced executives or those with less exemplary performance may be below the 50th percentile.

We also adopted an annual incentive plan that will pay executives in cash and stock up to 50% of their base salary if the Company achieves certain net income targets as approved by the Committee and the Corporate Governance Committee. The plan has a number of variables, including the performance of each individual executive during the year, that affect the actual bonus amount. At least 25% of any bonus will be paid in stock and may, at the election of the executive, be a higher percentage of stock.

We established stock ownership targets for executives as follows:

Executive	Target Number of Shares
Joe Sambataro, CEO	250,000
Matt Rogers, COO	125,000
Steve Cooper, CFO	100,000
Tim Adams, General Counsel	100,000

- **Timetable:** Each executive is expected to make reasonable progress towards achieving this goal over the next four years.
- **Measurement:** Progress toward achieving the target will be a performance measurement in each executive's annual performance.

Similarly, we recommended to the Corporate Governance Committee that we establish stock ownership targets for directors to require each director to own at least 7,500 shares by the end of 2006.

Audit Committee Report

The Audit Committee is comprised of three independent members of the Board of Directors. Members of the Audit Committee currently include Mr. Schafer, who chairs the committee, and Mr. Sullivan and Mr. Steele. The Board of Directors has affirmatively determined that each member of the committee is "financially literate" under the listing standards of the New York Stock Exchange, and that Mr. Schafer and Mr. Sullivan are "audit committee financial experts" as such term is defined in the Sarbanes-Oxley Act of 2002.

The Audit Committee met eight times in 2002. Over the course of these meetings, the Audit Committee met with our chief executive officer, chief financial officer, other senior members of the finance department, the director of internal audit, our outside counsel and our independent auditors. These meetings included private executive sessions between the Audit Committee and our independent auditors and director of internal audit, respectively. During its meetings, the Audit Committee reviewed and discussed, among other things:

- the dismissal of Arthur Andersen and appointment of PricewaterhouseCoopers as our independent auditors for fiscal years 2002 and 2003;
- the impact of the Sarbanes-Oxley Act of 2002 and related corporate governance proposals;
- the disclosure controls and procedures that we have adopted, including the formation of our disclosure committee;
- our annual internal and external audit plans and the internal and external staffing resources available to carry out our audit plans;
- our significant accounting policies and judgmental accrual policies;
- the impact of new accounting pronouncements;
- current tax matters affecting us; and
- our Code of Business Conduct and Ethics and other ethical standards.

The Audit Committee has reviewed and discussed with management and the independent auditors the Company's audited financial statements as of and for the year ended December 31, 2002. This discussion included, among other things:

- critical accounting policies and practices used in the preparation of our financial statements;
- significant items involving management's estimates and judgments, including workers compensation reserves, allowances for doubtful accounts, and legal and regulatory contingencies;
- alternative treatments within GAAP of our annual financial information;
- the effect of regulatory and accounting initiatives on our financial statements, including the adoption of significant accounting pronouncements;
- any significant audit adjustments proposed by the independent auditors and management's response; and
- confirmation that there were no matters of significant disagreement between management and the independent auditors arising during the audit.

In addition to the meetings discussed above, the chairman of the Audit Committee reviewed with management and our independent auditors our financial statements for each quarter of 2002 prior to the quarterly release of earnings.

The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended, by the Auditing Standards Board of the American Institute of Certified Public

Accountants. The Audit Committee has received and reviewed the written disclosures and the letter from the independent auditors required by Independence Standard No. 1, *Independence Discussions with Audit Committees*, as amended, by the Independence Standards Board, and has discussed with the independent accountants the independent accountants' independence.

The Audit Committee has considered whether the provision of non-audit services by the Company's principal auditor is compatible with maintaining auditor independence and has concluded that such services are compatible with maintaining independence of the auditors. Based on the reviews and discussions referred to above, the Audit Committee believes that PricewaterhouseCoopers has been objective and impartial in conducting the 2002 audit.

In performing all of the functions described above, the Audit Committee acts in an oversight capacity. In that role, the Audit Committee relies primarily on the work and assurances of our management, which has the primary responsibility for our financial statements and reports, and of the independent auditors who, in their report, express an opinion on the conformity of our annual financial statements to accounting principles generally accepted in the United States.

The Audit Committee has recommended to the Board of Directors that the financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002 for filing with the Securities and Exchange Commission.

Change in Independent Auditors

On May 3, 2002, the Company dismissed Arthur Andersen, LLP as its independent auditors and appointed PricewaterhouseCoopers as the Company's independent auditors. The decision not to renew

the engagement of Arthur Andersen and to select PricewaterhouseCoopers was approved by the Company's Board of Directors upon the recommendation of the Audit Committee.

The audit reports of Arthur Andersen on the Company's financial statements for the two years ended December 31, 2001 and 2000 did not contain an adverse opinion or a disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

During the two most recent fiscal years of the Company ended December 31, 2001, and the subsequent interim period through May 3, 2002, there were no disagreements between Arthur Andersen and the Company on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Arthur Andersen, would have caused it to make reference to the subject matter of the disagreements in connection with its report, and there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

The Company provided Arthur Andersen with a copy of the foregoing disclosures. A copy of Arthur Andersen's letter dated May 6, 2002, stating its agreement with such statements, is attached as Exhibit 16.1 to our Current Report on Form 8-K dated May 3, 2002 filed with the Securities and Exchange Commission.

During the Company's two most recent fiscal years ended December 31, 2001, and the subsequent interim period through May 3, 2002, the Company did not consult with PricewaterhouseCoopers regarding any of the matters or events set forth in Item 304(a)(2)(i) and (ii) of Regulation S-K.

Fees Paid to Independent Auditors

- (2) Includes network security consulting and benefit plan audit.

On May 3, 2002, the Board of Directors dismissed Arthur Andersen and subsequently retained PricewaterhouseCoopers to act as our principal auditor. During fiscal year 2002, PricewaterhouseCoopers provided services in the following categories and was paid the following amounts:

Audit-related fees:	\$ -0-
Tax fees:(1)	\$ 8,000
All other fees:	\$ -0-

- (1) Includes consultation on tax matters.

It is expected that representatives of PricewaterhouseCoopers will be present at the annual meeting to make a statement if they desire to do so and to respond to appropriate questions by shareholders. Representatives of Arthur Andersen will not be present at the meeting.

APPENDIX A

CHARTER OF THE AUDIT COMMITTEE

Statement of Policy

The primary functions of the Audit Committee are: (a) to oversee the accounting and financial reporting processes and audits of the financial statements of the Company, including the qualifications, independence and performance of the Company's independent auditors; and (b) to assist the Board of Directors in its oversight and review of the integrity of financial information provided to shareholders and others, the Company's compliance with legal and regulatory requirements, and the adequacy of the Company's system of internal controls and performance of the Company's internal audit function. In performing these functions, the Audit Committee shall provide open means of communication between the directors, the independent auditors and the financial and senior management of the Company.

 - An understanding of internal controls and procedures for financial reporting; and
 - An understanding of audit committee functions.

In making this determination, the Audit Committee shall take into consideration whether a reasonable investor, knowing all relevant facts and circumstances, would conclude that the auditors' exercise of objective and impartial judgment on all issues encompassed within the auditors' engagement would be materially impaired. The Audit Committee may delegate its approval authority under this paragraph to one or more members who are independent directors.
- Review with the independent auditors and financial and accounting personnel, at least annually, the adequacy and effectiveness of the accounting and financial controls of the Company, and elicit any recommendations for the improvement of such internal control procedures or particular areas where new or more detailed controls or procedures are desirable. Labor Ready recognizes that strategic leadership is essential in shaping a performance-driven company and building short- and long-term competitive advantage. Our executive compensation program must enable us to hire and keep capable leaders who work together to achieve sound business objectives and protect and promote shareholder interests. Our executives need to understand our program and view it as treating them equitably. Compensation plans, contracts and policies must be consistent with the following principles:

Fundamentals, Alignment and Performance

- Executives deserve fair compensation
- Compensation must encourage teamwork, not internal competition
- True alignment of interests of executives and shareholders is difficult; nonetheless, stock ownership by executives establishes the closest alignment to shareholders
- Managerial effectiveness is the key performance criterion, as measured by total shareholder return, financial performance and investor expectations
- There is a range of appropriate compensation for executives—precision is difficult

Amount and Mix

- Compensation consists of a mix of cash and stock based incentives
- Shareholders as well as executives must benefit
- As shareholder returns increase, so does total executive compensation
- As shareholder returns decrease, stock based compensation also declines
- Compensation set by mutual agreement upon hiring is presumably fair and appropriate
- Adjustments to base compensation should be based upon clear evidence—not tenure
- Cash bonuses can be effective for recognition of exceptional accomplishment, but should not duplicate stock based incentives
