(Cautionary Statements Under the Private Securities Litigation Reform Act of 1995)**

This prospectus contains or incorporates by reference forward looking statements and information that are based on the beliefs of management as well as assumptions made by and information currently available to Level 3 Communications, Inc. and its subsidiaries (together, "Level 3" or the "Company" unless it is clear from the context or expressly stated that the reference to "Level 3" or the "Company" is only to Level 3 Communications, Inc. or the Issuer). These statements reflect the current views of Level 3 with respect to future events and are subject to certain risks, uncertainties and assumptions.

Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those described in this document. These forward-looking statements include, among others, statements concerning:

- the communications business of Level 3, its advantages and Level 3's strategy for continuing to pursue its business;
- Level 3's integration with the operations of Global Crossing Limited ("Global Crossing"), which Level 3 acquired in October 2011, and anticipated benefits and synergies in connection with such acquisition;
- anticipated development and launch of new services in Level 3's business;
- anticipated dates on which Level 3 will begin providing certain services or reach specific milestones;

The most important factors that could prevent Level 3 from achieving its stated goals include, but are not limited to, the effects on Level 3's business and its customers of general economic and financial market conditions as well as Level 3's failure to:

- successfully integrate the operations of Global Crossing or otherwise realize any of the anticipated benefits of the Global Crossing acquisition;
- increase and maintain the traffic on Level 3's network and the resulting revenue;

- provide services that do not infringe the intellectual property and proprietary rights of others;
- develop new services that meet customer demands and generate acceptable margins;
- attract and retain qualified management and other personnel; and

- meet all of the terms and conditions of Level 3's debt obligations.

Except as required by applicable law and regulations, Level 3 undertakes no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise. Further disclosures that Level 3 makes on related subjects in Level 3's additional filings with the Securities and Exchange Commission (the "SEC") should be consulted. For further information regarding the risks and uncertainties that may affect Level 3's future results, please review the information set forth below under "Risk Factors" and in the filings of Level 3 Communications, Inc. ("Parent") with the Securities and Exchange Commission that are incorporated by reference in this prospectus, including Parent's Annual Report on Form 10-K for the year ended December 31, 2011 and Parent's Quarterly Report on Form 10-Q for the quarter ended March 31, 2012.

SUMMARY

This summary highlights information contained elsewhere or incorporated by reference in this prospectus and does not contain all the information you should consider before tendering original notes in the exchange offer. You should carefully read the entire prospectus, including the documents incorporated in it by reference. This prospectus and the letter of transmittal that accompanies it collectively constitute the exchange offer.

In this prospectus, (i) Level 3 Financing, Inc., a direct, wholly owned subsidiary of Level 3 Communications, Inc. that assumed all obligations under the notes and the related indenture governing the notes, is referred to as the "Issuer," (ii) Level 3 Communications, Inc., the parent company, is referred to as "Parent," (iii) Level 3 Communications, LLC, a direct, wholly owned subsidiary of the Issuer, is referred to as "Level 3 LLC" and (iv) Parent and its subsidiaries are collectively referred to as "Level 3," unless it is clear from the context or expressly stated that the reference to "Level 3" is only to Parent. The Exchange Offer

On January 13, 2012, the Issuer privately placed \$900,000,000 aggregate principal amount of its 8.625% Senior Notes due 2020 (the "original notes") in a transaction exempt from registration under the Securities Act of 1933, as amended (the "Securities Act"), and Parent fully and unconditionally guaranteed the original notes on an unsecured basis. On April 18, 2012, pursuant to a supplemental indenture, by and among Level 3 Communications, LLC ("Level 3 LLC"), the Issuer and The Bank of New York Mellon Trust Company, N.A., as trustee, Level 3 LLC provided an unconditional, unsecured guaranty of the original notes; provided that Level 3 LLC's guarantee of the original notes is subordinated to its guarantee of the Credit Agreement. In connection with the private placement, the Issuer and Parent entered into a registration agreement, dated as of January 13, 2012, with the initial purchasers of the original notes. In the registration agreement, the Issuer and Parent agreed to register under the Securities Act an offer of the Issuer's new 8.625% Senior Notes due 2020 which are referred to herein as the "new notes," in exchange for the original notes. The original notes and the new notes are collectively referred to herein as the "notes." The Issuer and Parent also agreed to deliver this prospectus to the holders of the original notes. You should read the discussion under the heading "Description of the Notes" for information regarding the notes.

The Exchange Offer

This is an offer to exchange \$1,000 in principal amount of new notes for each \$1,000 in principal amount of outstanding original notes. The new notes are substantially identical to the original notes, except that:

- (1) the new notes will be freely transferable, other than as described in this prospectus;
- (2) the new notes will not contain any legend restricting their transfer;
- (3) holders of the new notes will not be entitled to the rights of the holders of the original notes under the registration agreement; and
- (4) the new notes will not contain any provisions regarding the payment of special interest.

The Issuer and Parent believe that you can transfer the new notes without complying with the registration and prospectus delivery provisions of the Securities Act if you:

- (1) acquire the new notes in the ordinary course of your business;
- (2) are not and do not intend to become engaged in a distribution of the new notes;
- (3) are not an affiliate of the Issuer;
- (4) are not a broker-dealer that acquired the original notes directly from the Issuer; and
- (5) are not a broker-dealer that acquired the original notes as a result of market-making or other trading activities.

	<p>If any of these conditions are not satisfied and you transfer any new notes without delivering a proper prospectus or without qualifying for a registration exemption, you may incur liability under the Securities Act.</p>
Registration Rights	<p>The Issuer and Parent have agreed to use their commercially reasonable efforts to consummate the exchange offer or cause the original notes to be registered under the Securities Act to permit resales. If the Issuer and Parent are not in compliance with their obligations under the registration agreement, then Special Interest (as defined) (in addition to the interest otherwise due on the notes that are the subject of the registration agreement or the new notes) will accrue on the notes or new notes. If the exchange offer is completed on the terms and within the time period contemplated by this prospectus, no Special Interest will be payable on the notes. See "The Exchange Offer—Special Interest."</p>
No Minimum Condition	<p>The exchange offer is not conditioned on any minimum aggregate principal amount of original notes being tendered for exchange.</p>
Expiration Date	<p>The exchange offer will expire at 5:00 p.m., New York City time, on June 20, 2012, unless it is extended.</p>
Exchange Date	<p>Original notes will be accepted for exchange beginning on the first business day following the expiration date, upon surrender of the original notes.</p>
Conditions to the Exchange Offer	<p>The Issuer's obligation to complete the exchange offer is subject to certain conditions. See "The Exchange Offer—Conditions to the Exchange Offer." The Issuer reserves the right to terminate or amend the exchange offer at any time before the expiration date if various specified events occur.</p>
Withdrawal Rights	<p>You may withdraw the tender of your original notes at any time before the expiration date. Any original notes not accepted for any reason will be returned to you without expense as promptly as practicable after the expiration or termination of the exchange offer.</p>
Procedures for Tendering Original Notes	<p>See "The Exchange Offer—How to Tender."</p>
Material United States Federal Income Tax Considerations	<p>The exchange of original notes for new notes by U.S. Holders, as defined below, should not be a taxable exchange for U.S. federal income tax purposes, and U.S. Holders should not recognize any taxable gain or loss as a result of the exchange. See "Material United States Federal Income Tax Considerations."</p>

Effect on Holders of Original Notes	If the exchange offer is completed on the terms and within the period contemplated by this prospectus, holders of original notes will have no further registration or other rights under the registration agreement, except under limited circumstances. Holders of original notes who do not tender their original notes will continue to hold those original notes. All untendered, and tendered but unaccepted, original notes will continue to be subject to the restrictions on transfer provided for in the original notes and the indenture under which the original notes have been, and the new notes are being, issued. To the extent that original notes are tendered and accepted in the exchange offer, the trading market, if any, for the original notes could be adversely affected. See "The Exchange Offer—Other."
Use of Proceeds	None of the Issuer, Parent or Level 3 LLC will receive any proceeds from the issuance of the new notes in the exchange offer.
Exchange Agent	The Bank of New York Mellon Trust Company, N.A. is serving as exchange agent in connection with the exchange offer.

The Notes

The new notes are substantially identical to the original notes, except for the transfer restrictions and registration rights relating to the original notes. The new notes will evidence the same debt as the original notes, be guaranteed by Parent and Level 3 LLC, and be entitled to the benefits of the indenture. See "Description of the Notes."

Issuer	Level 3 Financing, Inc.
Securities Offered	\$900,000,000 aggregate principal of new notes in exchange for \$900,000,000 aggregate principal amount of outstanding original notes.
Maturity	July 15, 2020.
Interest	<p>Interest on the new notes will accrue from the last interest payment date on which interest was paid on the original notes surrendered in exchange therefor or, if no interest has been paid on such original notes, from January 13, 2012.</p> <p>Interest on the new notes will accrue at the rate of 8.625% per annum. Interest on the notes will be payable semiannually in arrears on January 15 and July 15 of each year, commencing July 15, 2012, to the persons who are registered holders of the notes at the close of business on the preceding January 1 or July 1. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.</p>

Note Guarantees

The notes are fully and unconditionally and jointly and severally guaranteed on an unsubordinated unsecured basis by the Issuer's parent company, Level 3 Communications, Inc., which is referred to as "Parent," and by Level 3 Communications, LLC, a direct wholly owned subsidiary of Parent which is referred to as "Level 3 LLC"; provided that Level 3 LLC's guarantee of the notes is subordinated to its guarantee of the Credit Agreement. If the Issuer cannot make payments on the notes when they are due, Parent and/or Level 3 LLC must make them instead.

Offering Proceeds Note; Relative Priority of Intercompany Obligations

The Issuer lent the net proceeds received by it from the offering of the original notes, together with cash on hand, to Level 3 LLC in return for an intercompany demand note issued by Level 3 LLC in a principal amount equal to the aggregate principal amount at maturity of the original notes. We refer to such intercompany demand note as the "8.625% Proceeds Note" or the "Offering Proceeds Note."

Level 3 LLC has previously issued an intercompany demand note to Parent in exchange for loans made by Parent to Level 3 LLC, which note is referred to as the "Parent Intercompany Note" and has previously issued intercompany demand notes to the Issuer in exchange for loans made by the Issuer to Level 3 LLC: (1) in an aggregate principal amount of \$300 million, representing the gross proceeds to the Issuer from the issuance of its Floating Rate Senior Notes due 2015, which note is referred to as the "2015 Floating Rate Proceeds Note"; (2) in an aggregate principal amount of \$700 million, representing the gross proceeds to the Issuer from the issuance of its 8.75% Senior Notes due 2017, which note is referred to as the "8.75% Proceeds Note"; (3) in an aggregate principal amount of \$640 million, representing the gross proceeds to the Issuer from the issuance of its 10% Senior Notes due 2018, which note is referred to as the "10% Proceeds Note"; (4) in an aggregate principal amount of \$500 million, representing the gross proceeds to the Issuer from the issuance of its 9.375% Senior Notes due 2019, which note is referred to as the "9.375% Proceeds Note"; and (5) in an aggregate principal amount of \$1,200 million, representing the gross proceeds to the Issuer from the issuance of its 8.125% Senior Notes due 2019, which note is referred to as the "8.125% Proceeds Note." As of March 31, 2012, the principal amount outstanding under the Parent Intercompany Note was approximately \$23.3 billion, the

principal amount outstanding under the 2015 Floating Rate Proceeds Note was \$300 million, the principal amount outstanding under the 8.75% Proceeds Note was \$700 million, the principal amount outstanding under the 10% Proceeds Note was \$640 million, the principal amount outstanding under the 9.375% Proceeds Note was \$500 million, the principal amount outstanding under the 8.125% Proceeds Note was \$1,200 million and the principal amount outstanding under the 8.625% Proceeds Note was \$900 million.

On March 13, 2007, Parent, as guarantor, the Issuer, as borrower, Merrill Lynch Capital Corporation, as administrative agent and collateral agent, and certain lenders entered into a credit agreement, pursuant to which the lenders extended a \$1.4 billion senior secured term loan to the Issuer, and which credit agreement was amended and restated on April 16, 2009, as amended on May 15, 2009, as amended and restated on October 4, 2011 and as amended on November 10, 2011, to extend an additional \$220 million, \$60 million, \$650 million and \$550 million of senior secured term loans on such respective dates. The \$1.4 billion secured term loans under the Credit Facility mature on March 13, 2014 and the \$650 million and \$550 million secured term loans under the Credit Facility mature on September 1, 2018. The \$220 million and \$60 million senior secured term loans have previously been repaid. The Issuer lent the proceeds of each of the senior secured term loans to Level 3 LLC in return for an intercompany demand note issued by Level 3 LLC, which note is referred to as the "Loan Proceeds Note." See "Description of Indebtedness of Level 3 Communications, Inc. and the Issuer." The Issuer's obligations under the term loans are secured by the Parent Intercompany Note, the 2015 Floating Rate Proceeds Note, the 8.75% Proceeds Note, the 10% Proceeds Note, the 9.375% Proceeds Note, the 8.125% Proceeds Note, the Offering Proceeds Note and the Loan Proceeds Note. As of March 31, 2012, the principal amount outstanding under the Loan Proceeds Note was \$2,600 million.

Parent and the Issuer entered into a Parent Intercompany Note subordination agreement which subordinates the right of Parent to payment under the Parent Intercompany Note to the right of the Issuer to payment under the Offering Proceeds Note upon the liquidation, dissolution or winding up of Level 3 LLC or in a bankruptcy, reorganization, insolvency, receivership or similar proceeding relating to Level 3 LLC or its property. The Parent Intercompany Note is subordinated on the same terms to the 2015 Floating Rate Proceeds Note, the 8.75% Proceeds Note, the 10% Proceeds Note, the 9.375% Proceeds Note and the 8.125% Proceeds Note.

The benefit of the subordination of the Parent Intercompany Note to the Offering Proceeds Note can be limited or eliminated by certain actions. See "Risk Factors—Risks Relating to the Notes—Although the notes will initially benefit from some structural seniority to Parent's indebtedness, existing and future intercompany indebtedness and other actions could limit or eliminate this seniority."

In addition, on January 13, 2012, the Issuer and Level 3 LLC entered into an Offering Proceeds Note subordination agreement that subordinates the right of the Issuer to payment under the Offering Proceeds Note, to the right of the Issuer (in its capacity as borrower under the Credit Agreement) to payment under the Loan Proceeds Note upon the liquidation, dissolution or winding up of Level 3 LLC or in a bankruptcy, reorganization, insolvency, receivership or similar proceeding relating to Level 3 or its property. Each of the 2015 Floating Rate Proceeds Note, the 8.75% Proceeds Note, the 10% Proceeds Note, the 9.375% Proceeds Note and the 8.125% Proceeds Note is subordinated on the same terms to the Loan Proceeds Note.

Accordingly, the right of the Issuer to payment under the Offering Proceeds Note is *pari passu* to the right of the Issuer to payment under each of the 2015 Floating Rate Proceeds Note, the 8.75% Proceeds Note, the 10% Proceeds Note, the 9.375% Proceeds Note and the 8.125% Proceeds Note.

Guarantees of Notes and Offering Proceeds Note

As a condition to incurring specified types of indebtedness described under "Description of the Notes—Certain Covenants—Limitation on Consolidated Debt" and "Description of the Notes—Certain Covenants—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries," restricted subsidiaries of Parent will be required to guarantee the notes and Level 3 LLC's obligations under the Offering Proceeds Note and, in certain circumstances, subordinate such indebtedness to such guarantees. In addition, if any restricted subsidiary of Parent guarantees the Issuer's Floating Rate Senior Notes due 2015, 8.75% Senior Notes due 2017, 10% Senior Notes due 2018, 9.375% Senior Notes due 2019 or 8.125% Senior Notes due 2019, such restricted subsidiary will be required to guarantee the notes and the senior secured term loans under the Credit Agreement. Any such guarantee of the notes will be subordinated to the guarantee of the senior secured term loans under the Credit Agreement.

Subordination of Guarantees and Offering Proceeds Note

The Offering Proceeds Note and guarantees of the notes (other than Parent's guarantee) and of the Offering Proceeds Note may, at the option of Level 3, be expressly subordinated in any bankruptcy, liquidation or winding up proceeding of Level 3 LLC and each guarantor to the prior payment in full in cash of all obligations of Level 3 LLC and such guarantor in respect of a credit facility or other indebtedness incurred by Parent or any of its restricted subsidiaries in accordance with the covenants of the indenture relating to the notes. As described above, in accordance with these provisions, the Offering Proceeds Note is subordinated to the Loan Proceeds Note issued in respect of the Issuer's \$2.600 billion senior secured term loans under the Credit Agreement. Any guarantee by Level 3 LLC of the notes is subordinated to any future guarantee of the senior secured term loans under the Credit Agreement by Level 3 LLC. See "Description of the Notes."

Ranking

The notes are unsecured, unsubordinated obligations of the Issuer, ranking equal in right of payment with all existing and future unsubordinated indebtedness of the Issuer, and are senior in right of payment to all existing and future indebtedness of the Issuer expressly subordinated in right of payment to the notes. The notes are effectively subordinated to all secured obligations of the Issuer, including the senior secured term loans under the Credit Agreement, to the extent of the value of the collateral securing such obligations. The Issuer conducts substantially all its operations through subsidiaries, and the notes are effectively subordinated to all liabilities (including trade payables) of the Issuer's subsidiaries that do not guarantee the notes. The indenture relating to the notes permits Parent, the Issuer and their subsidiaries to incur substantial amounts of additional debt and other liabilities, some of which may be secured and some of which may be incurred by non-guarantor subsidiaries. As of March 31, 2012, the Issuer (excluding its subsidiaries) had \$6.840 billion of indebtedness outstanding (excluding intercompany liabilities, debt discounts, premiums and fair value adjustments), of which \$2.600 billion was secured and all of which was, on an as adjusted basis, guaranteed by Level 3 LLC. As of March 31, 2012, the Issuer and its subsidiaries in the aggregate had, approximately \$7.049 billion of indebtedness outstanding (excluding intercompany balances and discounts and fair value adjustments), \$2.809 billion of which constituted secured indebtedness and none of which constituted subordinated indebtedness (excluding intercompany balances).

Each guarantee of the notes is a general unsecured obligation of each guarantor, will be effectively subordinated to any existing or future secured indebtedness of such guarantor to the extent of the value of the assets securing such indebtedness, is senior in right of payment to any existing or future indebtedness of such guarantor that is expressly subordinated in right of payment to such guarantor's guarantee of the notes and will rank equal in right of payment with any existing or future unsubordinated indebtedness of such guarantor. The Offering Proceeds Note and guarantees (other than Parent's guarantee) of the notes and of the Offering Proceeds Note may, at the option of Level 3, be expressly subordinated in any bankruptcy, liquidation or winding up proceeding of Level 3 LLC and each guarantor to the prior payment in full in cash of all obligations of Level 3 LLC and such guarantor in respect of a credit facility or other indebtedness incurred by Parent or any of its restricted subsidiaries in accordance with the covenants of the indenture relating to the notes. See "Description of the Notes."

As described above, in accordance with these provisions, the Offering Proceeds Note is subordinated to the Loan Proceeds Note issued in respect of the Issuer's \$2.600 billion senior secured term loans under the Credit Agreement. The guarantee of the notes by Level 3 LLC, and any guarantee of the notes by any other subsidiary, is or will be subordinated to such subsidiary's guarantee of the senior secured term loan under the Credit Agreement. The guarantee by Level 3 LLC of the notes is *pari passu* to Level 3 LLC's guarantee of the Floating Rate Senior Notes due 2015, the 8.75% Senior Notes due 2017, the 10% Senior Notes due 2018, the 9.375% Senior Notes due 2019 and the 8.125% Senior Notes due 2019. As of March 31, 2012, Parent (excluding its subsidiaries) had approximately \$1.453 billion of indebtedness outstanding, excluding intercompany balances and discounts and fair value adjustments, none of which constituted secured indebtedness or subordinated indebtedness. See "Description of the Notes."

Optional Redemption

The notes are subject to redemption at the option of the Issuer, in whole or in part, at any time or from time to time prior to January 15, 2016, upon not less than 30 nor more than 60 days' prior notice, at a price equal to 100% of the principal amount of the notes redeemed, plus accrued and unpaid interest thereon (if any) to the redemption date and a "make-whole premium." See "Description of the Notes—Optional Redemption." The Issuer may redeem some or all of the notes at any time on or after January 15, 2016, at the redemption prices as set forth under the caption "Description of the Notes—Optional Redemption."

	<p>In addition, at any time or from time to time on or prior to January 15, 2015, the Issuer may redeem up to 35% of the original aggregate principal amount of the notes (including additional notes) at a redemption price equal to 108.625% of the principal amount of the notes so redeemed, plus, in each case, accrued and unpaid interest thereon (if any) to the redemption date, with the net cash proceeds contributed to the Issuer of one or more private placements to persons other than affiliates of Parent or underwritten public offerings of common stock of Parent resulting, in each case, in gross proceeds of at least \$100 million in the aggregate; provided that at least 65% of the original aggregate principal amount of the notes (including any additional notes) would remain outstanding immediately after giving effect to such redemption. Any such redemption shall be made within 90 days of such private placement or public offering upon not less than 30 nor more than 60 days' prior notice. See "Description of the Notes—Optional Redemption."</p>
Change of Control Triggering Event	<p>Within 30 days of the occurrence of a Change of Control Triggering Event (as defined), the Issuer will be required to make an offer to purchase all outstanding notes at a price in cash equal to 101% of the principal amount of the notes, plus accrued and unpaid interest, if any, to the purchase date. See "Description of the Notes—Certain Covenants—Change of Control Triggering Event."</p>
Certain Covenants	<p>The indenture relating to the notes contains certain covenants, including, among others, covenants with respect to the following matters: (i) limitation on consolidated debt; (ii) limitation on debt of the Issuer and Issuer restricted subsidiaries; (iii) limitation on restricted payments; (iv) limitation on dividend and other payment restrictions affecting restricted subsidiaries; (v) limitation on liens; (vi) limitation on sale and leaseback transactions; (vii) limitation on asset dispositions; (viii) limitation on issuance and sales of capital stock of restricted subsidiaries; (ix) transactions with affiliates; (x) reports; (xi) limitation on designations of unrestricted subsidiaries; and (xii) in the case of Parent, the Issuer, future guarantors of the notes and guarantors of the Offering Proceeds Note, limitations on mergers, consolidations and sales of all or substantially all of the assets of such entities. All of the covenants are subject to a number of important qualifications and exceptions. See "Description of the Notes."</p>

Covenant Suspension

During any period of time that (i) the ratings assigned to the notes by both of Moody's Investors Service, Inc. and Standard & Poor's Ratings Service are equal to or higher than Baa3 (or the equivalent) and BBB- (or the equivalent), respectively, and (ii) no default or event of default has occurred and is continuing under the indenture relating to the notes, the Issuer, Parent and their respective restricted subsidiaries will not be subject to most of the covenants discussed above. In the event that the Issuer, Parent and their respective restricted subsidiaries are not subject to such covenants for any period of time as a result of the preceding sentence and, on any subsequent date, one or both of such rating agencies withdraws its ratings or downgrades the ratings assigned to the notes below the level set forth above or a default or event of default occurs and is continuing under the indenture relating to the notes, then the Issuer, Parent and their respective restricted subsidiaries will thereafter again be subject to such covenants.

Absence of a Public Market for the Notes

The new notes are new issues of securities for which there is currently no established trading market. There can be no assurance as to the development or liquidity of any market for any of the new notes. The Issuer does not intend to apply for listing of any of the new notes on any securities exchange or for quotation through any annotated quotation system. See "Risk Factors—Risks Relating to the Notes—There is no public market for the notes, which could limit their market price or your ability to sell them."

Risk Factors

Before tendering original notes, holders should carefully consider all of the information set forth and incorporated by reference in this prospectus and, in particular, should evaluate the specific risk factors set forth under "Risk Factors," beginning on page 15.

RATIO OF EARNINGS TO FIXED CHARGES

Level 3's ratio of earnings to fixed charges for each of the periods indicated was as follows:

Three Months Ended March 31,		Fiscal Year Ended December 31,				
2012	2011	2011	2010	2009	2008	2007
—	—	—	—	—	—	—

For this ratio, earnings consist of earnings (loss) before income taxes, noncontrolling interests and discontinued operations, plus fixed charges (excluding capitalized interest but including amortization of capitalized interest). Fixed charges consist of interest expensed and capitalized, plus the portion of rent expense under operating leases deemed by Level 3 to be representative of the interest factor. Level 3 had deficiencies of earnings to fixed charges of approximately \$124 million for the three months ended March 31, 2012, approximately \$177 million for the three months ended March 31, 2011, approximately \$786 million for the fiscal year ended December 31, 2011, approximately \$712 million for the fiscal year ended December 31, 2010, approximately \$623 million for the fiscal year ended December 31, 2009, approximately \$264 million for the fiscal year ended December 31, 2008 and approximately \$1.1 billion for the fiscal year ended December 31, 2007.

RISK FACTORS

Before tendering original notes, prospective participants in the exchange offer should consider carefully the following risks. The risks relating to an investment in the notes can be found beginning on page 34. The new notes, like the original notes, entail the following risks:

Risks Relating to Level 3's Business

Risks Related to Level 3's Business Operations

Although Level 3 expects that the acquisition of Global Crossing will result in benefits to it, Level 3 may not realize those benefits because of integration difficulties and other challenges.

The success of Level 3's acquisition of Global Crossing depends in large part on the success of management in integrating the operations, strategies, technologies and personnel of the two companies. Level 3 may fail to realize some or all of the anticipated benefits of Level 3's acquisition of Global Crossing Limited (the "Global Crossing acquisition") if the integration process takes longer or is more costly than expected. Level 3's failure to meet the challenges involved in successfully integrating the operations of Global Crossing or to otherwise realize any of the anticipated benefits of the Global Crossing acquisition could impair Level 3's operations. In addition, Level 3 anticipates that the overall integration of Global Crossing will be a time-consuming and expensive process that, without proper planning and effective and timely implementation, could significantly disrupt Level 3's business.

Potential difficulties the combined business may encounter in the integration process include the following:

- the integration of management teams, strategies, technologies, operations, accounting and data processing systems, management controls, products and services;
- the disruption of ongoing businesses and distraction of the management team from ongoing business concerns;
- the retention of the existing customers and/or vendors of both companies;
- the creation of uniform standards, controls, procedures, policies and information systems;
- the reduction of the costs associated with each company's operations;
- the consolidation and rationalization of information technology platforms and administrative infrastructures;
- the integration of corporate cultures and maintenance of employee morale;
- the retention of key employees; and
- potential unknown liabilities associated with the Global Crossing acquisition.

The anticipated benefits and synergies include the combination of offices in various locations and the elimination of numerous technology systems, duplicative personnel and duplicative market and other data sources. However, these anticipated benefits and synergies assume a successful integration and are based on projections, which are inherently uncertain, and other assumptions. Even if integration is successful, anticipated benefits and synergies may not be achieved.

Continued uncertainty in the global financial markets and the global economy may negatively affect Level 3's financial results.

Continued uncertainty in the global financial markets and economy may negatively affect Level 3's financial results. A prolonged period of economic decline could have a material adverse effect on Level 3's results of operations and financial condition and exacerbate some of the other risk factors described below. Level 3's customers may defer or forego purchases of its services in response to

tighter credit and negative financial news or reduce their demand for its services. Level 3's customers may also not be able to obtain adequate access to credit, which could affect their ability to make timely payments to Level 3 or ultimately cause the customer to file for protection from creditors under applicable insolvency or bankruptcy laws. If Level 3's customers are not able to make timely payments to it, Level 3's accounts receivable could increase.

In addition, Level 3's operating results and financial condition could be negatively affected if as a result of economic conditions:

- customers cancel, defer or forgo purchases of Level 3's services;
- customers are unable to make timely payments to Level 3;
- the demand for, and prices of, Level 3's services are reduced as a result of actions by its competitors or otherwise;
- key suppliers upon which Level 3 relies are unwilling or unable to provide Level 3 with the materials it needs for its network on a timely basis or on terms that it finds acceptable; or
- Level 3's financial counterparties, insurance providers or other contractual counterparties are unable to, or do not meet, their contractual commitments to it.

Level 3 needs to not only increase but also maintain revenue from the services that it offers to realize its targets for anticipated revenue growth, cash flow and operating performance.

Level 3 must increase and maintain revenue from Level 3's data, voice, content and infrastructure services at acceptable margins in order to realize its targets for anticipated revenue growth, cash flow and operating performance. If:

- Level 3 does not maintain or improve its current relationships with existing key customers;
- Level 3 is not able to expand the available capacity on its network to meet its customers' demands in a timely manner;
- Level 3 does not develop new large volume and enterprise customers; or
- Level 3's customers determine to obtain these services from either their own network or from one of its competitors;

Level 3 may not be able to increase or maintain its revenue at acceptable margins, which would adversely affect Level 3's ability to become and/or remain profitable.

Level 3's business requires the continued development of effective business support systems to implement customer orders and to provide and bill for services.

Level 3's business depends on its ability to continue to develop effective business support systems. In certain cases, the development of these business support systems is required to realize anticipated benefits from any acquisitions. This is a complicated undertaking requiring significant resources and expertise and support from third-party vendors. Following the development of the business support systems, the data migration regarding network and circuit inventory must be completed for the full benefit of the systems to be realized. Business support systems are needed for:

- quoting, accepting and inputting customer orders for services;
- provisioning, installing and delivering services;
- providing customers with direct access to Level 3's information systems so that they can manage the services that they purchase from Level 3, generally through web-based customer portals; and
- billing for services.

Because Level 3's business provides for continued rapid growth in the number of customers that it serves, the volume of services offered as well as the integration of any acquired companies' business support systems, there is a need to continue to develop Level 3's business support systems on a schedule sufficient to meet proposed milestone dates. The failure to continue to develop effective unified business support systems or complete the data migration regarding network and circuit inventory into these systems could materially adversely affect Level 3's ability to implement its business plans, realize anticipated benefits from its acquisitions and meet its financial goals and objectives.

Level 3 may lose customers if it experiences system failures that significantly disrupt the availability and quality of the services that Level 3 provides. System failures may also cause interruptions to service delivery and the completion of other corporate functions.

Level 3's operations depend on its ability to limit and mitigate interruptions or degradation in service for customers. Interruptions in service or performance problems, for whatever reason, could undermine confidence in its services and cause Level 3 to lose customers or make it more difficult to attract new ones. In addition, because many of Level 3's services are critical to the businesses of many of its customers, any significant interruption or degradation in service could result in lost profits or other losses to customers. Although Level 3 generally limits its liability for service failures in Level 3's service agreements to limited service credits (generally in the form of free service for a short period of time) and generally exclude any liability for "consequential" damages such as lost profits, a court might not enforce these limitations on liability, which could expose Level 3 to financial loss. In addition, Level 3 often provides its customers with committed service levels. If it is unable to meet these service level commitments, Level 3 may be obligated to provide service credits or other compensation to its customers, which could negatively affect Level 3's operating results.

The failure of any equipment or facility on Level 3's network, including its network operations control centers and network data storage locations, could result in the interruption of customer service and other corporate functions until necessary repairs are effected or replacement equipment is installed. In addition, Level 3's business continuity plans may not be adequate to address a particular failure that Level 3 experiences. Delays, errors, network equipment or network facility failures, including with respect to Level 3's network operations control centers and network data storage locations, could also result from natural disasters (including natural disasters that may increase in frequency as a result of the effects of climate change), disease, accidents, terrorist acts, power losses, security breaches, vandalism or other illegal acts, computer viruses, or other causes. Level 3's business could be significantly hurt from these delays, errors, failures or faults including as a result of:

- service interruptions;
- exposure to customer liability;
- the inability to install new service;
- the unavailability of employees necessary to provide services;
- the delay in the completion of other corporate functions such as issuing bills and the preparation of financial statements; or
- the need for expensive modifications to Level 3's systems and infrastructure.

Failure to develop and introduce new services could affect Level 3's ability to compete in the industry.

Level 3 continuously develops, tests and introduces new communications services that are delivered over Level 3's communications network. These new services are intended to allow Level 3 to address new segments of the communications marketplace, address the changing communications needs of its existing customers and to compete for additional customers.

In certain instances, the introduction of new services requires the successful development of new technology. To the extent that upgrades of existing technology are required for the introduction of new services, the success of these upgrades may be dependent on reaching mutually acceptable terms with vendors and on vendors meeting their obligations in a timely manner.

In addition, new service offerings may not be widely accepted by Level 3's customers. If Level 3's new service offerings are not widely accepted by its customers, Level 3 may terminate those service offerings and Level 3 may be required to impair any assets or technology used to develop or offer those services.

If Level 3 is not able to successfully complete the development and introduction of new services in a timely manner, Level 3's business could be materially adversely affected.

Level 3's future results will suffer if Level 3 does not effectively manage expansions to its operations.

Level 3 may continue to expand its operations through new product and service offerings and through additional strategic investments, acquisitions or joint ventures, some of which may involve complex technical and operational challenges. Level 3's future success depends, in part, upon its ability to manage its expansion opportunities, which pose numerous risks and uncertainties, including the need to integrate new operations into Level 3's existing business in an efficient and timely manner, to combine accounting and data processing systems and management controls and to integrate relationships with customers, vendors and business partners. In addition, future acquisitions or joint ventures may involve the issuance of additional shares of Level 3's common stock, which may dilute Level 3's stockholders' ownership.

Furthermore, any future acquisitions of businesses or facilities could entail a number of risks, including:

- problems with the effective integration of operations;
- inability to maintain key pre-acquisition business relationships;
- increased operating costs;
- exposure to unanticipated liabilities; and
- difficulties in realizing projected efficiencies, synergies and cost savings.

Level 3 cannot assure you that its future expansion or acquisition opportunities will be successful, or that the combined business will realize its expected operating efficiencies, cost savings, revenue enhancements, synergies or other benefits.

Level 3's future growth depends upon the continued development and expansion of the Internet as a communications medium and marketplace for the distribution and consumption of data and video by businesses, consumers and governments.

Achieving the anticipated benefits of Level 3's business operations will depend in part upon the continued development and expansion of the Internet as a communications medium and marketplace for the distribution and consumption of data and video by businesses, consumers and governments. If the use of the Internet for these purposes does not grow and expand at the rate that Level 3 anticipates or is restricted by such things as:

- actions by ISPs or the owners of access networks that restrict Level 3 from delivering its customer's traffic to the users of those networks;
- future regulation;
- a lack of anticipated technology innovation and adoption; or
- a lack of continued broadband penetration both in the United States and elsewhere;

Level 3 could experience material adverse effects on its financial condition, results of operations and future prospects.

There is no guarantee that Level 3 will be successful in increasing sales of Level 3's content distribution service offering.

As Level 3 believes that one of the largest sources of future incremental demand for its communications services will be derived from customers that are seeking to distribute their video, feature rich content or applications over the Internet, Level 3 offers a variety of content distribution network, or CDN, and related services. There are many difficulties that Level 3 may encounter in selling these services, including customer support system development issues, intellectual property matters, technological issues, increasing capacity on Level 3's network to meet its customers' demands in a timely manner, developmental constraints and other problems that Level 3 may not anticipate. There is no guarantee that Level 3 will be successful in generating significant revenues from Level 3's CDN service offering.

Intellectual property and proprietary rights of others could prevent Level 3 from using necessary technology to provide its services or subject Level 3 to expensive intellectual property litigation.

If technology that is necessary for Level 3 to provide its services was determined by a court to infringe a patent held by another entity that is unwilling to grant Level 3 a license on terms acceptable to it, Level 3 could be precluded by a court order from using that technology and Level 3 would likely be required to pay a significant monetary damages award to the patent holder. The successful enforcement of these patents, or Level 3's inability to negotiate a license for these patents on acceptable terms, could force Level 3 to cease using the relevant technology and offering services incorporating the technology. In the event that a claim of infringement was brought against Level 3 based on the use of its technology or against its customers based on their use of Level 3's services for which Level 3 is obligated to indemnify, Level 3 could be subject to litigation to determine whether such use or sale is, in fact, infringing. This litigation could be expensive and distracting, regardless of the outcome of the suit.

While Level 3's own patent portfolio may deter other operating companies from bringing such actions, patent infringement claims are increasingly being asserted by patent holding companies, which do not use technology and whose sole business is to enforce patents against operators, such as Level 3, for monetary gain. Because such patent holding companies, do not provide services or use technology, the assertion of Level 3's own patents by way of counter-claim would be largely ineffective. Level 3 has already been the subject of time-consuming and expensive patent litigation brought by certain patent holding companies and Level 3 can reasonably expect that it will face further claims in the future.

Level 3's consolidated revenue is concentrated in a limited number of communications customers.

A significant portion of Level 3's consolidated revenue is concentrated among a limited number of communications customers. For the year ended December 31, 2011, its top ten communications customers represented approximately 24% of Level 3's total consolidated revenue. If Level 3 lost one or more of its top five communications customers, or, if one or more of these major customers significantly decreased orders for its services, Level 3's business would be materially and adversely affected.

During its communications business operating history Level 3 has generated substantial net operating losses, and Level 3 expects to continue to generate net operating losses.

Level 3's expenditures combined with non-cash compensation expense as well as depreciation and amortization expense could result in substantial net losses for the near future. For the fiscal years

ended December 31, 2011, 2010, and 2009, Level 3 incurred net losses of approximately \$756 million, \$622 million and \$618 million, respectively. Level 3 expects to continue to experience net losses, and Level 3 may not be able to achieve or sustain profitability in the future. Continued net losses could limit Level 3's ability to obtain the cash needed to expand its network, make interest and principal payments on its debt, or fund other business needs.

Level 3 will need to continue to expand and adapt its network in order to remain competitive, which may require significant additional funding. Additional expansion and adaptations of Level 3's communications network's electronic and software components will be necessary in order to respond to:

- growing number of customers;
- the development and launching of new services;
- increased demands by customers to transmit larger amounts of data;
- changes in customers' service requirements;
- technological advances by competitors; and
- governmental regulations.

Future expansion or adaptation of Level 3's network will require substantial additional financial, operational and managerial resources, which may not be available at the time. If Level 3 is unable to expand or adapt its network to respond to these developments on a timely basis and at a commercially reasonable cost, Level 3's business will be materially adversely affected.

The market prices for certain of its communications services have decreased in the past and may decrease in the future, resulting in lower revenue than Level 3 anticipates.

Over the past few years, the market prices for certain of Level 3's communications services have decreased. These decreases resulted from downward market pressure and other factors including:

- technological changes and network expansions which have resulted in increased transmission capacity available for sale by Level 3 and by its competitors;
- some of Level 3's customer agreements contain volume based pricing or other contractually agreed-upon decreases in prices during the term of the respective agreements; and
- some of Level 3's competitors have been willing to accept smaller operating margins in the short term in an attempt to increase long-term revenues.

In order to retain customers and revenue, Level 3 often must reduce prices in response to market conditions and trends. As its prices for some of its communications services decrease, its operating results may suffer unless Level 3 is able to either reduce its operating expenses or increase traffic volume from which Level 3 can derive additional revenue.

Level 3 also expects revenue from its managed modem services to continue to decline primarily as a result of end users migrating to broadband services.

The need to obtain additional capacity for its network from other providers increases Level 3's costs. In addition, the need to interconnect Level 3's network to networks that are controlled by others could increase Level 3's costs.

Level 3 uses network resources owned by other companies for portions of Level 3's network. Level 3 obtains the right to use such network portions, including both telecommunications capacity and rights to use dark fiber, through operating leases and IRU agreements. In several of those agreements, the counter party is responsible for network maintenance and repair. If a counter party to a lease or IRU suffers financial distress or bankruptcy, Level 3 may not be able to enforce its rights to use these network assets or, even if Level 3 could continue to use these network assets, Level 3 could incur

material expenses related to maintenance and repair. Level 3 could also incur material expenses if it was required to locate alternative network assets. Level 3 may not be successful in obtaining reasonable alternative network assets if needed. Failure to obtain usage of alternative network assets, if necessary, could have a material adverse effect on Level 3's ability to carry on business operations. In addition, some of Level 3's agreements with other providers require the payment of amounts for services whether or not those services are used.

In the normal course of business, Level 3 needs to enter into interconnection agreements with many domestic and foreign local telephone companies as well as the owners of networks that Level 3's customers desire to access in order to deliver their services. Level 3 is not always able to secure these interconnection agreements on favorable terms. For example, in November 2010, in connection with Level 3's request to augment interconnection capacity with Comcast, Comcast demanded that Level 3 enter into an agreement and pay Comcast for interconnection capacity Comcast required to deliver to Comcast's subscribers the content that such subscribers requested (and which such subscribers purchase the right to receive from Comcast). Level 3 agreed to Comcast's demand under protest, and initiated steps to bring the issue to the attention of federal policy makers. As part of its acquisition of NBC Universal, Comcast and its affiliates were subject to a Consent Decree by the Department of Justice, portions of which we believe their conduct has violated. Level 3's dispute with Comcast has not yet been resolved. Other retail Internet service providers have and may continue to make similar demands for payment relating to interconnection capacity necessary to deliver the content requested by their subscribers, and we intend to challenge their right to demand such tolls. Such tolls, if imposed, would affect Level 3's underlying costs. At present, Level 3 cannot predict the outcome of these IP interconnection disputes.

Costs of obtaining service from other communications carriers comprise a significant proportion of the operating expenses of long distance carriers. Similarly, a large proportion of the costs of providing international service consists of payments to other carriers. Changes in regulation, particularly the regulation of local and international telecommunication carriers and local access network owners, could indirectly, but significantly, affect Level 3's competitive position. These changes could increase or decrease the costs of providing Level 3's services.

Level 3 may be unable to hire and retain sufficient qualified personnel; the loss of any of Level 3's key executive officers could adversely affect its business.

Level 3 believes that its future success will depend in large part on Level 3's ability to attract and retain highly skilled, knowledgeable, sophisticated and qualified managerial, professional and technical personnel. Level 3 has experienced significant competition in attracting and retaining personnel who possess the skills that Level 3 is seeking. As a result of this significant competition, Level 3 may experience a shortage of qualified personnel.

Level 3's businesses are managed by a small number of key executive officers, including James Q. Crowe, Chief Executive Officer. The loss of any of these key executive officers could have a material adverse effect on Level 3's business.

Level 3's operations are subject to regulation in each of the countries in which Level 3 operates and requires Level 3 to obtain and maintain a number of governmental licenses and permits. If Level 3 fails to comply with those regulatory requirements or to obtain and maintain those licenses and permits, including payment of related fees, if any, Level 3 may not be able to conduct its business in that jurisdiction. Moreover, those regulatory requirements could change in a manner that significantly increases Level 3's costs or otherwise adversely affect Level 3's operations.

In the ordinary course of constructing its networks and providing its services, Level 3 is required to obtain and maintain a variety of telecommunications and other licenses and authorizations in the countries in which Level 3 operates, as well as rights-of-way from utilities, railroads, incumbent carriers

and other persons. Level 3 also must comply with a variety of regulatory obligations. Due to the political and economic risks associated with the countries in which Level 3 operates, Level 3 cannot be assured that it will be able to maintain its licenses or that they will be renewed upon their expiration. Level 3's failure to obtain or maintain necessary licenses, authorizations and rights-of-way, or to comply with the obligations imposed upon license holders including the payment of fees, in one or more countries, may result in sanctions or additional costs, including the revocation of authority to provide services in one or more countries.

In addition, Level 3's subsidiaries are defendants in several lawsuits that, among other things, challenge the subsidiaries' use of rights-of-way. The plaintiffs have sought to have these lawsuits certified as class actions. It is possible that additional suits challenging use of Level 3's rights-of-way will be filed and that those plaintiffs also may seek class certification. The outcome of such litigation may increase Level 3's costs and adversely affect its operating results.

Level 3's operations around the world are subject to regulation at the regional level (for example, the European Union), the national level (for example, the FCC) and, in many cases, at the state, provincial, and local levels. The regulation of telecommunications networks and services around the world varies widely. In some countries, the range of services that Level 3 is legally permitted to provide may be limited. In other countries, existing telecommunications legislation is in the process of development, is unclear or inconsistent, or is applied in an unequal or discriminatory fashion, or inadequate judicial, regulatory or other forums are available to address these inadequacies or disputes. Regulations or rules on network neutrality, license fees, environmental, health and safety, privacy and other regulatory changes, in general or particular to Level 3's industry, may increase costs and restrict operations. Level 3's inability or failure to comply with the telecommunications and other laws and regulations of one or more of the countries in which Level 3 operates could result in the temporary or permanent suspension of operations in one or more countries. Level 3 also may be prohibited from entering certain countries at all or from providing all of Level 3's services in one or more countries. In addition, many of the countries in which Level 3 operates are conducting regulatory or other proceedings that will affect the implementation of their telecommunications legislation. Level 3 cannot be certain of the outcome of these proceedings. These proceedings may affect the manner in which Level 3 is permitted to provide its services in these countries as well as the level of fees and taxes payable to the government, and may have a material adverse effect on its business, results of operations and financial condition.

Termination of relationships with key suppliers could cause delay and additional costs.

Level 3's business is dependent on third-party suppliers for fiber, computers, software, optronics, transmission electronics and related components as well as providers of network colocation facilities that are integrated into Level 3's network, some of which are critical to the operation of Level 3's business. If any of these critical relationships is terminated, a supplier either exits or curtails its business as a result of the current economic conditions, a supplier fails to provide critical services or equipment, or the supplier is forced to stop providing services due to legal constraints, such as patent infringement, and Level 3 is unable to reach suitable alternative arrangements quickly, it may experience significant additional costs or it may not be able to provide certain services to customers. If that happens, Level 3's business could be materially adversely affected.

ILECs may not provide Level 3 local access services at prices that allow Level 3 to effectively compete.

Level 3 acquires a significant portion of its local access services, the connection between its owned network and the customer premises, from incumbent local exchange carriers or ILECs. The ILECs compete directly with Level 3's business and may have a tendency to favor themselves and their affiliates to Level 3's detriment. Network access represents a very large portion of Level 3's total costs

and if Level 3 faces less favorable pricing and provisioning timeframes, it may be at a competitive disadvantage to the ILECs.

In some instances it is expensive and difficult to switch new customers to Level 3's network, and lack of cooperation of incumbent carriers can slow the new customer connection process.

It is expensive and difficult for new customers to switch to Level 3's network if Level 3 requires cooperation from the incumbent carrier in instances where there is no direct connection between the customer and Level 3's network. Needing to obtain a connection to Level 3's network from the incumbent carrier can complicate and add to the time and expense that it takes to provision a new customer's service. Many of Level 3's principal competitors, the domestic and international incumbent carriers, are already established providers of local telephone services to all or virtually all telephone subscribers within their respective service areas. Their physical connections from their premises to those of their customers are expensive and difficult to duplicate. To complete the new customer provisioning process for a customer's location that is not located on Level 3's network, Level 3 relies on the incumbent carrier to process certain information. The incumbent carriers have a financial interest in retaining their customers, which could reduce their willingness to cooperate with Level 3's new customer provisioning requests, thereby adversely affecting Level 3's ability to compete and increase revenue. Further consolidation of incumbent carriers with other telecommunications service providers may make these problems more acute.

Level 3 may be liable for the information that content owners or distributors distribute over Level 3's network.

The law relating to the liability of private network operators for information carried on or disseminated through their networks is still unsettled. While Level 3 disclaims any liability for third party content in its services agreements, Level 3 may become subject to legal claims relating to the content disseminated on its network, even though such content is owned or distributed by its customers or a customer of its customers. For example, lawsuits may be brought against Level 3 claiming that material distributed using Level 3's network was inaccurate, offensive, or violated the law or the rights of others. Claims could also involve matters such as defamation, invasion of privacy and copyright infringement. In addition, the law remains unclear over whether content may be distributed from one jurisdiction, where the content is legal, into another jurisdiction, where it is not. Companies operating private networks have been sued in the past, sometimes successfully, based on the nature of material distributed, even if the content is not owned by the network operator and the network operator has no knowledge of the content or its legality. It is not practical for Level 3 to monitor all of the content which is distributed using its network. If Level 3 needs to take costly measures to reduce its exposure to these risks, or are required to defend Level 3 against such claims, Level 3's financial results could be negatively affected.

Level 3's financial condition and growth depends upon the successful integration any business Level 3 may acquire in the future. Level 3 may not be able to efficiently and effectively integrate such future acquired operations, and thus may not fully realize the anticipated benefits from them.

Achieving the anticipated benefits of any acquisitions depends in part upon whether Level 3 can integrate its businesses in an efficient and effective manner. Level 3 may acquire businesses in accordance with Level 3's business strategy. The integration of any acquired businesses involves a number of risks, including, but not limited to:

- demands on management related to any significant increase in size after the acquisition;
- the disruption of ongoing business and the diversion of management's attention from the management of daily operations to management of integration activities;

- failure to fully achieve expected synergies and costs savings;
- unanticipated impediments in the integration of departments, systems, including accounting systems, technologies, books and records and procedures, as well as in maintaining uniform standards, controls, including internal control over financial reporting required by the Sarbanes-Oxley Act of 2002, procedures and policies;
- loss of customers or the failure of customers to order incremental services that Level 3 expects them to order;
- failure to provision services that are ordered by customers during the integration period;
- higher integration costs than anticipated; and
- difficulties in the assimilation and retention of highly qualified, experienced employees, many of whom may be geographically dispersed.

Successful integration of acquired businesses or operations depends on Level 3's ability to manage these operations, realize opportunities for revenue growth presented by strengthened service offerings and expanded geographic market coverage, obtain better terms from Level 3's vendors due to increased buying power, and eliminate redundant and excess costs to fully realize the expected synergies. Because of difficulties in combining geographically distant operations and systems which may not be fully compatible, Level 3 may not be able to achieve the financial strength and growth Level 3 anticipates from the acquisitions.

Level 3 cannot be certain that it will realize its anticipated benefits from its acquisitions, or that Level 3 will be able to efficiently and effectively integrate acquired operations as planned. If Level 3 fails to integrate the acquired businesses and operations efficiently and effectively or fails to realize the benefits it anticipates, Level 3 would be likely to experience material adverse effects on its business, financial condition, results of operations and future prospects.

Changes in regulations affecting commercial power providers may increase Level 3's costs.

In the normal course of business, Level 3 needs to enter into agreements with many providers of commercial power for its office, network, Gateway facilities, and colocation and data center facilities. Costs of obtaining commercial power can comprise a significant component of Level 3's operating expenses. Changes in regulations that affect commercial power providers, particularly regulations related to the control of greenhouse gas emissions or other climate change related matters, could affect the costs of commercial power, which may increase the costs of providing Level 3's services and may adversely affect its operating results.

Potential regulation of Internet service providers in the United States could adversely affect Level 3's operations.

The FCC has, to date, treated Internet service providers as enhanced service providers. In addition, Congress has, to date, not sought to heavily regulate the provision of IP-based services. Both Congress and the FCC are considering proposals that involve greater regulation of IP-based service providers. Depending on the content and scope of any regulations, the imposition of such regulations could have a material adverse effect on Level 3's business and the profitability of Level 3's services.

The communications industry is highly competitive with participants that have greater resources and a greater number of existing customers.

The communications industry is highly competitive. Many of Level 3's existing and potential competitors have financial, personnel, marketing and other resources significantly greater than

Level 3's. Many of these competitors have the added competitive advantage of a larger existing customer base. In addition, significant new competition could arise as a result of:

- the consolidation in the industry;
- allowing foreign carriers to more extensively compete in the U.S. market;
- further technological advances; and
- further deregulation and other regulatory initiatives.

If Level 3 is unable to compete successfully, its business could be significantly affected.

Rapid technological changes can lead to further competition.

The communications industry is subject to rapid and significant changes in technology. In addition, the introduction of new services or technologies, as well as the further development of existing services and technologies, may reduce the cost or increase the supply of certain services similar to those that Level 3 provides. As a result, Level 3's most significant competitors in the future may be new entrants to the communications industry. These new entrants may not be burdened by an installed base of outdated equipment or obsolete technology. Level 3's future success depends, in part, on its ability to anticipate and adapt in a timely manner to technological changes. Failure to do so could have a material adverse effect on Level 3's business.

Level 3 may be unable to successfully identify, manage and assimilate future acquisitions, investments and strategic alliances, which could adversely affect its results of operations.

Level 3 continually evaluates potential investments and strategic opportunities to expand its network, enhance connectivity and add traffic to its network. In the future, Level 3 may seek additional investments, strategic alliances or similar arrangements, which may expose Level 3 to risks such as:

- the difficulty of identifying appropriate investments, strategic allies or opportunities on terms acceptable to Level 3;
- the possibility that senior management may be required to spend considerable time negotiating agreements and monitoring these arrangements;
- potential regulatory issues applicable to the telecommunications business;
- the loss or reduction in value of the capital investment;
- Level 3's inability to capitalize on the opportunities presented by these arrangements; and
- the possibility of insolvency of a strategic ally.

There can be no assurance that Level 3 would successfully overcome these risks or any other problems encountered with these investments, strategic alliances or similar arrangements.

Level 3's international operations and investments expose it to risks that could materially adversely affect the business.

Level 3 has operations and investments outside of the United States, as well as rights to undersea cable capacity extending to other countries, that expose Level 3 to risks inherent in international operations. These include:

- general economic, social and political conditions;
- the difficulty of enforcing agreements and collecting receivables through certain foreign legal systems;
- tax rates in some foreign countries may exceed those in the U.S.;

- foreign currency exchange rates may fluctuate, which could adversely affect Level 3's results of operations and the value of Level 3's international assets and investments;
- foreign earnings may be subject to withholding requirements or the imposition of tariffs, exchange controls or other restrictions;
- difficulties and costs of compliance with foreign laws and regulations that impose restrictions on Level 3's investments and operations, with penalties for noncompliance, including loss of licenses and monetary fines;
- difficulties in obtaining licenses or interconnection arrangements on acceptable terms, if at all; and
- changes in U.S. laws and regulations relating to foreign trade and investment.

As a result of the Global Crossing acquisition, Level 3 is now exposed to significant currency exchange rate risks and currency transfer restrictions and Level 3's net loss may suffer due to currency translations.

Certain of Level 3's current and prospective customers derive their revenue in currencies other than U.S. Dollars but are invoiced by Level 3 in U.S. Dollars. The obligations of customers with substantial revenue in foreign currencies may be subject to unpredictable and indeterminate increases in the event that such currencies depreciate in value relative to the U.S. Dollar. Furthermore, these customers may become subject to exchange control regulations restricting the conversion of their revenue currencies into U.S. Dollars. In either event, the affected customers may not be able to pay Level 3 in U.S. Dollars. Similarly, declines in the value of foreign currencies (such as the devaluation of the Venezuelan Bolivar discussed below) relative to the U.S. Dollar could adversely affect Level 3's ability to market its services to customers whose revenue is denominated in those currencies. In addition, where Level 3 issues invoices for its services in currencies other than U.S. Dollars, Level 3's net loss may suffer due to currency translations in the event that such currencies depreciate relative to the U.S. Dollar and Level 3 cannot or does not elect to enter into currency hedging arrangements in respect of those payment obligations.

As a result of the Global Crossing acquisition, Level 3 now conducts a significant portion of its business using the British Pound Sterling, the Euro and the Brazilian Real. Appreciation of the U.S. Dollar adversely affects Level 3's consolidated revenue. Since the former Global Crossing portion of Level 3's business tends to incur costs in the same currency in which those operations realize revenue, the effect on operating income and operating cash flow is largely mitigated. However, if the U.S. Dollar appreciates significantly, future revenues, operating income and operating cash flows could be materially affected. In addition, the appreciation of the U.S. Dollar relative to foreign currencies reduces the U.S. Dollar value of cash balances held in those currencies.

Certain Latin American economies have experienced shortages in foreign currency reserves and have adopted restrictions on the use of certain mechanisms to expatriate local earnings and convert local currencies into U.S. Dollars. Any of these shortages or restrictions may limit or impede Level 3's ability to transfer or to convert those currencies into U.S. Dollars and to expatriate those funds. In addition, currency devaluations in one country may have adverse effects in another country.

In Venezuela, the official bolivares-U.S. Dollar exchange rate established by the Venezuelan Central Bank ("BCV") and the Venezuelan Ministry of Finance has historically attributed to the bolivar a value significantly greater than the value that prevailed on the former unregulated parallel market. The official rate is the rate used by the Comisión de Administración de Divisas ("CADIVI"), an agency of the Venezuelan government, to exchange bolivares pursuant to an official process that requires application and government approval. Level 3 uses the official rate to record the assets, liabilities and transactions of its Venezuelan subsidiary. Effective January 12, 2010, the Venezuelan government devalued the Venezuelan Bolivar. The official rate increased from 2.15 Venezuelan bolivares to the U.S. Dollar to 4.30 for goods and services deemed "non-essential" and 2.60 for goods and services deemed "essential". Effective January 1, 2011, the Venezuelan government further increased the official rate for goods deemed "essential" to 4.30 Venezuelan bolivares to the U.S. Dollar.

In an attempt to control inflation, on May 18, 2010, the Venezuelan government announced that the unregulated parallel currency exchange market would be shut down and that the BCV would be given control over the previously unregulated portions of the exchange market. In June 2010, a new regulated currency trading system controlled by the BCV, the Transaction System for Foreign Currency Denominated Securities ("SITME"), commenced operations and established an initial weighted average implicit exchange rate of approximately 5.30 bolivares to the U.S. Dollar. Subject to the limitations and restrictions imposed by the BCV, entities domiciled in Venezuela may access the SITME by buying U.S. Dollar denominated securities through banks authorized by the BCV. The purpose of the new regulated system is to supplement the CADIVI application and approval process with an additional process that allows for quicker and smaller exchanges.

As indicated above, the conversion of bolivares into foreign currencies is limited by the current exchange control regime. Accordingly, the acquisition of foreign currency by Venezuelan companies to honor foreign debt, pay dividends or otherwise expatriate capital is subject to either the limitations and restrictions of the SITME or the CADIVI registration, application and approval process, and is also subject to the availability of foreign currency within the guidelines set forth by the National Executive Power for the allocation of foreign currency. Approvals under the CADIVI process have been less forthcoming at times, resulting in a significant buildup of excess cash in Level 3's Venezuelan subsidiary and a significant increase in its exchange rate and exchange control risks.

At December 31, 2011, Level 3 had \$11 million of obligations registered and subject to approval by CADIVI for the conversion of bolivares into foreign currencies. Level 3 cannot predict the timing and extent of any CADIVI approvals to honor foreign debt, distribute dividends or otherwise expatriate capital using the official Venezuelan exchange rate. Some approvals have been issued within a few months while others have taken more than one year. In 2011, Global Crossing received \$10 million of approvals from CADIVI to convert bolivares to U.S. Dollars at both the essential and non-essential official rates. To date, Level 3 has not executed any exchanges through SITME. If Level 3 were to successfully avail itself of the SITME process to convert a portion of its Venezuelan subsidiary's cash balances into U.S. Dollars, Level 3 would incur currency exchange losses in the period of conversion based on the difference between the official exchange rate and the SITME rate on the amount converted. Additionally, if Level 3 were to determine in the future that the SITME rate was the more appropriate rate to use to measure bolivar-based assets, liabilities and transactions, reported results would be further adversely affected.

As of December 31, 2011, Level 3's Venezuelan subsidiary had \$90 million of net assets including \$54 million of cash and cash equivalents, of which \$2 million was held in U.S. Dollars and \$52 million (valued at the fixed official CADIVI rate on that date of 4.30 Venezuelan bolivares to the U.S. Dollar (the "CADIVI rate")) was held in Venezuelan bolivares. In light of the Venezuelan exchange control regime, none of these net assets (other than the \$2 million of cash denominated in U.S. Dollars and held outside of Venezuela) may be transferred to Level 3 or any other subsidiary of Level 3 in the form of loans, advances or cash dividends without the consent of a third party (that is, CADIVI or SITME).

Economic and political conditions in Latin America pose numerous risks to Level 3's operations.

After giving effect to the Global Crossing acquisition, Level 3's business operations in the Latin American region constitute a significant portion of its business. As events in the Latin American region have demonstrated, negative economic or political developments in one country in the region can lead to or exacerbate economic or political instability elsewhere in the region. Furthermore, events in recent years in other developing markets have placed pressures on the stability of the currencies of a number of countries in Latin America in which Level 3 operates, including Argentina, Brazil, Colombia and Venezuela. While certain areas in the Latin American region have experienced economic growth, this recovery remains fragile. Pressures on local currencies are likely to have an adverse effect on Level 3's customers in this region. Volatility in regional currencies and capital markets could also have an

adverse effect on Level 3's ability and that of its customers to gain access to international capital markets for necessary financing, refinancing and repatriation of earnings.

In addition, any changes to the political and economic conditions in certain Latin American countries could materially and adversely affect Level 3's future business, operations, financial condition and results of operations. For example, in January 2007, the Venezuelan National Assembly issued an Enabling Law allowing the President of Venezuela to carry out the nationalization of certain businesses in the electricity and energy sectors, as well as Venezuela's largest telecommunications company, Compañía Anónima Nacional Teléfonos de Venezuela ("CANTV"). CANTV was nationalized in the same year. A statement from the Venezuelan minister of telecommunications and director of the Comisión Nacional de Telecomunicaciones, the country's telecommunications regulatory authority, has indicated that the nationalization of CANTV does not imply the nationalization of the telecommunications sector as a whole. However, there can be no assurance that such nationalization plans will not also extend to other businesses in the telecommunications sector, including Level 3's business. The government also announced plans to modify the telecommunications law, and Level 3 cannot predict the effect of these amendments to Level 3's business. In addition, a referendum held on February 15, 2009, approved an amendment to the nation's constitution removing presidential term limits.

Inflation and certain government measures to curb inflation in some Latin American countries may have adverse effects on their economies and Level 3's business and operations in those locations.

Some Latin American countries, including Venezuela, Brazil and Argentina, have historically experienced high rates of inflation. Inflation and some measures implemented to curb inflation have had significant negative effects on the economies of these countries. Governmental actions taken in an effort to curb inflation, coupled with speculation about possible future actions, have contributed to economic uncertainty at times in most Latin American countries. These countries may experience high levels of inflation in the future that could lead to further government intervention in the economy, including the introduction of government policies that could adversely affect Level 3's results of operations in those locations. In addition, if any of these countries experience high rates of inflation, Level 3 may not be able to adjust the price of its services sufficiently to offset the effects of inflation on Level 3's cost structures in those locations. A high inflation environment would also have negative effects on the level of economic activity and employment and adversely affect Level 3's business, results of operations and financial condition.

Many of Level 3's most important U.K. government customers have the right to terminate their contracts with Level 3 if a change of control occurs or to reduce the services they purchase from Level 3.

Various agencies of the U.K. Government together represented approximately \$212 million or 47% of the revenue of Global Crossing (UK) Telecommunications Limited and its subsidiaries' (collectively, "GCUK") in 2011. Many of GCUK's government contracts contain broad change of control provisions that permit the customer to terminate the contract if GCUK undergoes a change of control, such as the indirect change in ownership that resulted from Level 3's acquisition of Global Crossing. A termination in many instances gives rise to other rights of the government customer, including, in some cases, the right to purchase some of GCUK's assets used in servicing those contracts. Although Level 3 is not aware of any of GCUK's significant government customers indicating their intent to terminate their contracts with GCUK as a result of Level 3's acquisition of Global Crossing, if any such contracts were terminated as a result of such acquisition or another change of control transaction, Level 3 could experience a material and adverse effect on this portion of Level 3's business and results of operations.

In addition, most of GCUK's government contracts do not include significant minimum usage guarantees. Thus, the applicable customers could simply choose not to use GCUK's services and move to another telecommunications provider. If the applicable customers of any of GCUK's significant

government contracts were to significantly reduce the services that they purchase under these contracts, Level 3 could experience a material and adverse effect on this portion of its business and results of operations.

Level 3's agreements with certain agencies of the U.S. Government impose significant requirements on Level 3. A violation of those agreements could have severe consequences.

Level 3 is party to an agreement with the U.S. Departments of Homeland Security, Justice and Defense addressing the U.S. government's national security and law enforcement concerns. This agreement imposes significant requirements on Level 3 related to information storage and management; traffic management; physical, logical, and network security arrangements; personnel screening and training; and other matters. Level 3 is also party to an agreement with the U.S. Department of Defense addressing the U.S. government's national security concerns. This agreement imposes significant requirements on Level 3 related to the composition and qualifications of Parent's board of directors; the limitation of the influence or control over Level 3 of non-U.S. persons; physical, logical, and network security arrangements; and other matters.

While Level 3 expects to continue to comply fully with its obligations under both of the above-mentioned agreements, it is impossible to eliminate completely the risk of a violation of either. The consequences of a violation of these agreements could be severe, potentially including the revocation of Level 3's FCC licenses in the U.S., which would result in the cessation of Level 3's U.S. operations, and/or the loss of permissions required to do business with the U.S. Government, either of which would have a material adverse effect on Level 3's business, results of operations and financial condition.

Risks Related to Level 3's Liquidity and Financial Resources

Disruptions in the financial markets could affect Level 3's ability to obtain debt or equity financing or to refinance its existing indebtedness on reasonable terms (or at all), and have other adverse effects on Level 3.

Disruptions in the commercial credit markets could result in a tightening of credit markets. The effects of recent credit market disruptions were widespread, and it is impossible to predict whether the improvement in the global credit markets will continue. As a result of credit market turmoil, Level 3 may not be able to obtain debt or equity financing or to refinance its existing indebtedness on favorable terms (or at all), which could affect its strategic operations and Level 3's financial performance and force modifications to its operations.

If Level 3 is unable to comply with the restrictions and covenants in Level 3's debt agreements, there would be a default under the terms of these agreements, and this could result in an acceleration of payment of funds that have been borrowed.

If Level 3 is unable to comply with the restrictions and covenants in any of its debt agreements, there would be a default under the terms of those agreements. As a result, borrowings under other debt instruments that contain cross-acceleration or cross default provisions may also be accelerated and become due and payable. If any of these events occur, there can be no assurance that Level 3 would be able to make necessary payments to the lenders or that Level 3 would be able to find alternative financing. Even if Level 3 is able to obtain alternative financing, there can be no assurance that it would be on terms that are acceptable.

If Level 3 experiences a change in control or certain other events, Level 3 may be unable to satisfy its obligations to repurchase its outstanding notes as required under its outstanding debt agreements.

Upon the occurrence of certain events defined in the various debt agreements relating to its outstanding debt, Level 3 is required to make an offer to purchase all of Level 3's outstanding notes at

a purchase price generally equal to 101% of the principal amount of the notes, plus accrued and unpaid interest thereon (if any). In addition, to the extent that Level 3 is required to make an offer to purchase one of the outstanding issues of its notes, the debt agreements relating to its other issues of notes may require Level 3 to repurchase that other debt upon a change in control or termination of trading. Level 3 may not have sufficient funds to pay the purchase price for all the notes tendered by holders seeking to accept the offer to purchase.

Level 3 has substantial debt, which may hinder its growth and put Level 3 at a competitive disadvantage.

Level 3's substantial debt may have important consequences, including the following:

- the ability to obtain additional financing for acquisitions, working capital, investments and capital or other expenditures could be impaired or financing may not be available on acceptable terms;
- a substantial portion of Level 3's cash flows will be used to make principal and interest payments on outstanding debt, reducing the funds that would otherwise be available for operations and future business opportunities;
- a substantial decrease in cash flows from operating activities or an increase in expenses could make it difficult to meet debt service requirements and force modifications to operations;
- Level 3 has more debt than certain of its competitors, which may place Level 3 at a competitive disadvantage; and
- substantial debt may make Level 3 more vulnerable to a downturn in business or the economy generally.

Level 3 had substantial deficiencies of earnings to cover fixed charges of approximately \$124 million and \$177 million for the fiscal quarter ended March 31, 2012 and 2011, respectively and approximately \$786 million, \$712 million and \$623 million for the fiscal year ended December 31, 2011, 2010 and 2009, respectively.

Level 3 may not be able to repay its existing debt; failure to do so or refinance the debt could prevent Level 3 from implementing its strategy and realizing anticipated profits.

If Level 3 were unable to refinance its debt or to raise additional capital on acceptable terms, Level 3's ability to operate its business would be impaired. As of March 31, 2012, (excluding debt discounts, premiums and fair value adjustments), Level 3 had an aggregate of approximately \$8.502 billion of debt on a consolidated basis and approximately \$1.309 billion of stockholders' equity. Of this long-term debt approximately \$47 million is due to mature in 2012, \$212 million is due to mature in 2013, and \$1.425 billion is due to mature in 2014, in each case excluding debt discounts, premiums and fair value adjustments.

Level 3's ability to make interest and principal payments on its debt and borrow additional funds on favorable terms depends on the future performance of the business. If Level 3 does not have enough cash flow in the future to make interest or principal payments on its debt, Level 3 may be required to refinance all or a part of its debt or to raise additional capital. Level 3 cannot be sure that it will be able to refinance its debt or raise additional capital on acceptable terms.

Restrictions and covenants in Level 3's debt agreements limit its ability to conduct its business and could prevent Level 3 from obtaining needed funds in the future.

Level 3's debt and financing arrangements contain a number of significant limitations that restrict Level 3's ability to, among other things:

- borrow additional money or issue guarantees;

- pay dividends or other distributions to stockholders;
- make investments;
- create liens on assets;
- sell assets;
- enter into sale-leaseback transactions;
- enter into transactions with affiliates; and
- engage in mergers or consolidations.

Other Risks

If certain transactions occur with respect to its capital stock, Level 3 may be unable to fully utilize its net operating loss, or NOL, carry forwards to reduce Level 3's U.S. federal income taxes.

As of December 31, 2011, Level 3 had NOL carry forwards of approximately \$6.8 billion for U.S. federal income tax purposes (after taking into account the effects of Section 382 of the Internal Revenue Code). If certain transactions occur with respect to Level 3's capital stock that result in a cumulative ownership change of more than 50 percentage points by 5% stockholders over a three-year period as determined under rules prescribed by the U.S. Internal Revenue Code of 1986, as amended (the "Code"), and applicable regulations, annual limitations would be imposed with respect to Level 3's ability to utilize Level 3's NOL carry forwards and certain current deductions against any taxable income Level 3 achieves in future periods.

Level 3 has entered into transactions (including the Global Crossing acquisition) over the applicable three year period that, when combined with other changes in ownership that are outside of Level 3's control, have resulted in cumulative changes in the ownership of Level 3's capital stock. Additional transactions that Level 3 enters into, as well as transactions by existing 5% stockholders and transactions by holders that become new 5% stockholders that Level 3 does not participate in, could cause Level 3 to incur a 50 percentage point ownership change by 5% stockholders and, if Level 3 triggers the above-noted Code imposed limitations, such transactions would prevent Level 3 from fully utilizing NOL carry forwards and certain current deductions to reduce Level 3's U.S. federal income taxes.

STT Crossing's significant ownership interest in Level 3 increases the risk that Level 3 could be unable to use its accumulated NOLs for U.S. federal income tax purposes, and the rights agreement entered into by Level 3 designed to protect its ability to use its accumulated NOLs could discourage third parties from seeking strategic transactions with Level 3 that could be beneficial to Level 3's stockholders.

Completion of the Global Crossing acquisition—in particular STT Crossing's acquisition of a significant ownership interest in Level 3—moved Level 3 significantly closer to the 50% ownership change and increases the likelihood of a loss of its NOLs.

In April 2011, Level 3 entered into the rights agreement in an effort to deter acquisitions of its common stock that might reduce its ability to use its NOL carry forwards. Under the rights agreement, from and after the record date of April 21, 2011, each share of Level 3's common stock carries with it one preferred share purchase right until the date when the preferred share purchase rights become exercisable, or the earlier expiration of the preferred share purchase rights. The rights agreement and the preferred share purchase rights issuable thereunder could discourage a third party from proposing a change of control or other strategic transaction concerning Level 3 or otherwise have the effect of delaying or preventing a change of control of Level 3 that other stockholders may view as beneficial.

Environmental liabilities from Level 3's historical operations could be material.

There could be environmental liabilities arising from historical operations of Level 3's predecessors, for which Level 3 may be liable. Level 3's operations and properties are subject to a wide variety of laws and regulations relating to environmental protection, human health and safety. These laws and regulations include those concerning the use and management of hazardous and non-hazardous substances and wastes. Level 3 has made and will continue to make significant expenditures relating to its environmental compliance obligations. Despite its best efforts, Level 3 may not at all times be in compliance with all of these requirements.

In connection with certain historical operations, Level 3 has responded to or been notified of potential environmental liability at approximately 154 properties as of January 15, 2012. Level 3 is engaged in addressing or has liquidated environmental liabilities at 70 of those properties. Of these: (a) Level 3 has formal commitments or other potential future costs at 14 sites; (b) there are 5 sites with unknown future costs; (c) there are 51 sites with no likely future costs. The remaining properties have been dormant for several years. Level 3 could be held liable, jointly or severally, and without regard to fault, for such investigation and remediation. The discovery of additional environmental liabilities related to historical operations or changes in existing environmental requirements could have a material adverse effect on Level 3's business.

As a result of the Global Crossing transaction, Level 3 is now exposed to legal proceedings and contingent liabilities, including those related to acquisitions previously made by Global Crossing, that could result in material losses that Level 3 has not reserved against.

Global Crossing is a party to various legal proceedings and is subject to certain important contingent liabilities described more fully in Note 16, "Commitments, Contingencies and Other Items," to Level 3's consolidated financial statements included in Level 3's annual report on Form 10-K filed on February 28, 2012. If one or more of these legal proceedings or contingent liabilities were to be resolved in a manner adverse to Global Crossing, Global Crossing could suffer losses that are material to Level 3's business, results of operations and financial condition. Global Crossing did not establish reserves for many of these contingent liabilities and those for which reserves were established could be adversely resolved at levels exceeding the reserved amounts. Certain of these contingent liabilities could have a material adverse effect on Level 3's business, results of operations and financial condition in addition to the effect of any potential monetary judgment or sanction against Level 3. Furthermore, any legal proceedings, regardless of the outcome, could result in substantial costs and diversion of resources that could have a material adverse effect on Level 3's business, results of operations, and financial condition. Assets and entities that Global Crossing acquired in its most recent acquisitions, may be subject to unknown or contingent liabilities for which Level 3 may have no recourse, or only limited recourse to the entity from which the business was acquired (or its stakeholders).

Increased scrutiny of financial disclosure, particularly in the telecommunications industry in which Level 3 operates, could adversely affect investor confidence, and any restatement of earnings could increase litigation risks and limit Level 3's ability to access the capital markets.

Congress, the SEC, other regulatory authorities and the media are intensely scrutinizing a number of financial reporting issues and practices. If Level 3 was required to restate its financial statements as a result of a determination that Level 3 had incorrectly applied generally accepted accounting principles or as a result of other factors or errors, that restatement could adversely affect its ability to access the capital markets or the trading price of its securities. The recent scrutiny regarding financial reporting has also resulted in an increase in litigation. There can be no assurance that any such litigation against Level 3 would not materially adversely affect Level 3's business or the trading price of Level 3's securities.

Terrorist attacks and other acts of violence or war may adversely affect the financial markets and Level 3's business.

There can be no assurance that there will not be future terrorist attacks against the United States or U.S. businesses. These attacks or armed conflicts may directly affect Level 3's physical facilities or those of Level 3's customers. These events could cause consumer confidence and spending to decrease or result in increased volatility in the U.S. and world financial markets and economy. Any of these occurrences could materially adversely affect Level 3's business.

The pension plans previously maintained by Global Crossing may require additional funding and negatively affects cash flows.

Certain North American and European hourly and salaried employees of Global Crossing are covered by defined benefit pension plans. On December 31, 1996, the North American plan was frozen and all employees hired thereafter are not eligible to participate in the plan. The U.K. plans were closed to new employees on December 31, 1999. The pension expense and required contributions to these pension plans are directly affected by the value of plan assets, the projected rate of return on plan assets, the actual rate of return on plan assets and the actuarial assumptions used to measure the defined benefit pension plan obligations. As of December 31, 2011, the projected benefit obligation under these pension plans was approximately \$93 million (\$18 million for U.S. plans and \$75 million for U.K. plans) and the value of plan assets was approximately \$85 million (\$18 million for U.S. plans and \$67 million for U.K. plans), resulting in these pension plans being underfunded by approximately \$8 million, of which \$5 million is attributable to participants of the plans and is therefore not a liability of Global Crossing. If plan assets perform below expectations, future pension expense and funding obligations will increase, which would have a negative effect on Level 3's cash flows from operations.

Level 3 is subject to the U.S. Foreign Corrupt Practices Act (the "FCPA") and other anticorruption laws, and Level 3's failure to comply therewith could result in penalties which could harm its reputation and have a material adverse effect on its business, results of operations and financial condition.

Level 3 is subject to the FCPA, which generally prohibits companies and their intermediaries from making improper payments to foreign officials for the purpose of obtaining or keeping business and/or other benefits. Although Level 3 has policies and procedures designed to ensure that Level 3, our employees and agents comply with the FCPA and other anticorruption laws, there can be no assurance that such policies or procedures will work effectively all of the time or protect Level 3 against liability for actions taken by its agents, employees and intermediaries with respect to its business or any businesses that it acquires. Level 3 currently operates and in the future may operate in a number of jurisdictions that pose a high risk of potential anticorruption violations. If Level 3 is not in compliance with the FCPA and other laws governing the conduct of business with government entities (including local laws), Level 3 may be subject to criminal and civil penalties and other remedial measures, which could have an adverse effect on our business, financial condition, results of operations and liquidity. Any investigation of any potential violations of the FCPA or other anticorruption laws by U.S. or foreign authorities could have an adverse effect on Level 3's business, financial condition and results of operations.

The U.K. Bribery Act 2010 (the "Bribery Act") reformed the United Kingdom ("U.K.") law in relation to bribery and corruption. As well as containing provisions concerning bribery of public officials, the Bribery Act includes a criminal offense of failing to prevent bribery by relevant commercial organizations. This offense applies when any person associated with the organization offers or accepts bribery anywhere in the world intending to obtain or retain a business advantage for the organization or in the conduct of business. The Bribery Act has wide ranging implications in particular for business in the U.K., including the Company's subsidiaries. However, it should be noted that it also has a wide—ranging extra—territorial effect. The Bribery Act is broader in scope than the FCPA in

that it directly addresses commercial bribery in addition to bribery of government officials and it does not recognize certain exceptions, notably facilitation payments that are permitted by the FCPA. Under the Bribery Act, it will be a defense to the accusation of failure to prevent bribery for a commercial organization to show that it had in place "adequate procedures" designed to prevent such acts. As with the FCPA, if we are not in compliance with the Bribery Act as well as similar laws in the U.K. or elsewhere that are applicable to Level 3's business, Level 3 may be subject to criminal and civil penalties and other remedial measures, which could have an adverse effect on its business, financial condition, results of operations and liquidity.

Risks Relating to the Notes

You may not be able to sell your original notes if you do not exchange them for new notes in the exchange offer.

If you do not exchange your original notes for new notes in the exchange offer, your original notes will continue to be subject to the restrictions on transfer as stated in the legend on the original notes. In general, you may not reoffer, resell or otherwise transfer the original notes in the United States unless they are:

- registered under the Securities Act;
- offered or sold under an exemption from the Securities Act and applicable state securities laws;
- offered or sold in a transaction not subject to the Securities Act and applicable state securities laws; or

The Issuer does not currently anticipate that it will register the original notes under the Securities Act.

Holders of the original notes who do not tender their original notes will have no further registration rights under the registration agreement.

Holders who do not tender their original notes, except for limited instances involving the initial purchaser or holders of original notes who are not eligible to participate in the exchange offer or who do not receive freely transferable new notes in the exchange offer, will not have any further registration rights under the registration agreement or otherwise and will not have rights to receive special interest.

The market for original notes may be significantly more limited after the exchange offer and you may not be able to sell your original notes after the exchange offer.

If original notes are tendered and accepted for exchange under the exchange offer, the trading market for original notes that remain outstanding may be significantly more limited. As a result, the liquidity of the original notes not tendered for exchange could be adversely affected. The extent of the market for original notes and the availability of price quotations would depend upon a number of factors, including the number of holders of original notes remaining outstanding and the interest of securities firms in maintaining a market in the original notes. An issue of securities with a similar outstanding market value available for trading, which is called the "float," may command a lower price than would be comparable to an issue of securities with a greater float. As a result, the market price for original notes that are not exchanged in the exchange offer may be affected adversely as original notes exchanged in the exchange offer reduce the float. The reduced float also may make the trading price of the original notes that are not exchanged more volatile.

Your original notes will not be accepted for exchange if you fail to follow the exchange offer procedures and, as a result, your original notes will continue to be subject to existing transfer restrictions and you may not be able to sell your original notes.

The Issuer will not accept your original notes for exchange if you do not follow the exchange offer procedures. The Issuer will issue new notes as part of the exchange offer only after a timely receipt of your original notes, a properly completed and duly executed letter of transmittal and all other required documents. Therefore, if you want to tender your original notes, please allow sufficient time to ensure timely delivery. If the Issuer does not receive your original notes, letter of transmittal and other required documents by the expiration date of the exchange offer, we will not accept your original notes for exchange. The Issuer is under no duty to give notification of defects or irregularities with respect to the tenders of original notes for exchange. If there are defects or irregularities with respect to your tender of original notes, the Issuer will not accept your original notes for exchange.

The Issuer's subsidiaries must make payments to the Issuer in order for the Issuer to make payments on the notes, and Parent's subsidiaries must make payments to Parent in order for Parent to make payment on its obligations as a guarantor of the notes.

The Issuer is a holding company with no material assets other than the stock of its subsidiaries, the Loan Proceeds Note, the 2015 Floating Rate Proceeds Note, the 8.75% Proceeds Note, the 10% Proceeds Note, the 9.375% Proceeds Note, the 8.125% Proceeds Note and the Offering Proceeds Note. Accordingly, the Issuer will depend upon dividends, loans or other distributions or payments from its subsidiaries, or capital contributions from Parent, to generate the funds necessary to meet its financial obligations, including its obligations to pay you as a holder of notes. The Issuer's subsidiaries may not generate earnings sufficient to enable it to meet its payment obligations. The Issuer's subsidiaries are legally distinct from it and, unless they guarantee the notes, have no obligation to pay amounts due on the Issuer's debt or to make funds available to it for such payment. Similarly, Parent, the Issuer's parent company and a guarantor of the notes, is a holding company with no material assets other than the stock of its subsidiaries and the Parent Intercompany Note. Accordingly, Parent depends upon dividends, loans or other distributions or payments from its subsidiaries, including the Issuer, to generate the funds necessary to meet its financial obligations, including its obligations as a guarantor of the notes. Future debt of certain of the Issuer's subsidiaries, including any debt outstanding under the Credit Agreement, may prohibit the payment of dividends or the making of loans or advances to Parent or the Issuer. See "Description of Indebtedness of Level 3 Communications, Inc. and the Issuer." In addition, the ability of such subsidiaries to make such payments, loans or advances is limited by the laws of the relevant states in which such subsidiaries are organized or located. In certain circumstances, the prior or subsequent approval of such payments, loans or advances is required from applicable regulatory bodies or other governmental entities. To the extent the Issuer cannot access the cash flow of its subsidiaries, and Parent is unable to access the cash flow of its subsidiaries, including the Issuer, the Issuer may not have access to sufficient cash to repay the notes, and Parent may not have sufficient cash to comply with its guarantee obligations on the notes.

Because the notes are structurally subordinated to the obligations of the Issuer's subsidiaries, you may not be fully repaid if the Issuer becomes insolvent.

Substantially all of the Issuer's operating assets are held directly by its subsidiaries. None of the Issuer's subsidiaries, other than Level 3 LLC, is required to be a guarantor of the notes. Holders of any preferred stock of any of the Issuer's subsidiaries and creditors, including trade creditors and other subsidiaries of Parent that have made intercompany loans to the Issuer's subsidiaries, of any of those subsidiaries have and will have claims relating to the assets of that subsidiary that are effectively senior to the notes. That is, the notes are structurally subordinated to the debt, preferred stock and other obligations of the Issuer's subsidiaries that are not guarantors. In addition to the notes, the Issuer's

Floating Rate Senior Notes due 2015, 8.75% Senior Notes due 2017, 10% Senior Notes due 2018, 9.375% Senior Notes due 2019 and 8.125% Senior Notes due 2019 and the senior secured term loans under the Credit Agreement are guaranteed by Level 3 LLC. The guarantee of the notes by Level 3 LLC is, and any guarantee of the notes issued by any other subsidiary of Parent will be, subordinated to Level 3 LLC's or such other subsidiary's guarantee of the senior secured term loans under the Credit Agreement. As of March 31, 2012, the Issuer's subsidiaries had approximately \$2.116 billion in aggregate indebtedness and other balance sheet liabilities, excluding intercompany liabilities, deferred revenue and discount and fair value adjustments, all of which is structurally senior to the notes.

Although the notes will initially benefit from some structural seniority to Parent's indebtedness, existing and future intercompany indebtedness and other actions could limit or eliminate this seniority.

Level 3 LLC is the obligor on the Parent Intercompany Note, which evidences loans previously made from Parent to Level 3 LLC, and the 2015 Floating Rate Proceeds Note, the 8.75% Proceeds Note, the 10% Proceeds Note, the 9.375% Proceeds Note, the 8.125% Proceeds Note, the Offering Proceeds Note and the Loan Proceeds Note, each of which evidences loans previously made from the Issuer to Level 3 LLC. As of March 31, 2012, the outstanding principal amount of the Parent Intercompany Note was approximately \$23.3 billion, the outstanding principal amount the 2015 Floating Rate Proceeds Note was \$300 million, the outstanding principal amount of the 8.75% Proceeds Note was \$700 million, the outstanding principal amount of the 10% Proceeds Note was \$640 million, the outstanding principal amount of the 9.375% Proceeds Note was \$500 million, the outstanding principal amount of the 8.125% Proceeds Note was \$1,200 million, the outstanding principal amount of the Offering Proceeds Note was \$900 million and the outstanding principal amount of the Loan Proceeds Note was \$2,600 million. The Issuer lent the net proceeds received by the issuance of the original notes to Level 3 LLC, together with cash on hand, in return for the Offering Proceeds Note from Level 3 LLC in an amount equal to the aggregate principal amount at maturity of the original notes. Level 3 LLC, Parent and the Issuer have entered into a Parent Intercompany Note subordination agreement that subordinates, upon the liquidation, dissolution or winding up of Level 3 LLC or in a bankruptcy, reorganization, insolvency, receivership or similar proceeding relating to Level 3 LLC or its property, Level 3 LLC's obligations with respect to the Parent Intercompany Note to Level 3 LLC's obligations with respect to the Offering Proceeds Note. The Parent Intercompany Note is subordinated on the same terms to the 2015 Floating Rate Proceeds Note, the 8.75% Proceeds Note, the 10% Proceeds Note, the 9.375% Proceeds Note and the 8.125% Proceeds Note. There is no restriction, however, on Level 3 LLC's ability to repay a portion or all of the principal of the Parent Intercompany Note, other than in a bankruptcy or similar proceeding, and in certain cases the Issuer may be able to transfer the Offering Proceeds Note, including to Parent. If Level 3 LLC prepays the Parent Intercompany Note or the Issuer transfers the Offering Proceeds Note to Parent or a subsidiary of Parent, the subordination of Level 3 LLC's obligations on the Parent Intercompany Note to its obligations on the Offering Proceeds Note will not provide any benefit to the holders of the notes. The Offering Proceeds Note will *not* be pledged as security for the benefit of the holders of the notes, and Level 3 LLC's obligations on the Parent Intercompany Note will *not* be subordinated in any way to obligations with respect to the notes themselves or with respect to any guarantees of the notes. Moreover, the Issuer has pledged the Loan Proceeds Note, the 2015 Floating Rate Proceeds Note, the 8.75% Proceeds Note, the 10% Proceeds Note, the 9.375% Proceeds Note, the 8.125% Proceeds Note and the Offering Proceeds Note to secure its obligations under the Credit Agreement. Parent has pledged the Parent Intercompany Note to secure its obligations under the Credit Agreement. The 2015 Floating Rate Proceeds Note, the 8.75% Proceeds Note, the 10% Proceeds Note, the 9.375% Proceeds Note, the 8.125% Proceeds Note and the Offering Proceeds Note are subordinated to the Loan Proceeds Note pursuant to subordination agreements by and among the Issuer, Parent and Level 3 LLC. The right of the Issuer to payment under the Offering Proceeds Note is *pari passu* to the

right of the Issuer to payment under the 2015 Floating Rate Proceeds Note, the 8.75% Proceeds Note, the 10% Proceeds Note, the 9.375% Proceeds Note and the 8.125% Proceeds Note.

Although Parent, the Issuer and Level 3 LLC are restricted under the terms of the indenture governing the notes from taking certain actions with respect to the Offering Proceeds Note, the Parent Intercompany Note and the Parent Intercompany Note subordination agreement, neither the trustee for the notes nor the holders of the notes are or will be parties to, or third party beneficiaries of, the subordination agreement or the Offering Proceeds Note. See "Description of the Notes—Certain Covenants—Limitation on Actions with respect to Existing Intercompany Obligations." Because the Parent Intercompany Note is subordinated to the 2015 Floating Rate Proceeds Note, the 8.75% Proceeds Note, the 10% Proceeds Note, the 9.375% Proceeds Note, the 8.125% Proceeds Note and the Offering Proceeds Note pursuant to separate subordination agreements, if one or more of these notes were transferred by the Issuer, conflicts could arise upon the liquidation, dissolution or winding up of Level 3 LLC or in a bankruptcy, reorganization, insolvency, receivership or similar proceeding relating to Level 3 or its property.

The Issuer and its subsidiaries will transfer assets to Parent at least to the extent necessary to service Parent's existing debt obligations, and those assets will not be available to repay the notes.

The indenture relating to the notes contains substantial flexibility for the Issuer and its subsidiaries to transfer assets (by dividend, sale, loans or otherwise) to Parent. Transferred assets may not be directly or indirectly available to repay the notes. The Issuer and its subsidiaries will transfer assets to Parent at least to the extent necessary to service Parent's existing debt obligations. Although Parent has guaranteed the repayment of the notes, the guarantee is not secured and ranks equal with other unsecured debt of Parent and effectively junior to all secured debt of Parent. Parent has substantial debt outstanding. As of March 31, 2012, Parent had, on an unconsolidated basis, approximately \$1.453 billion of total indebtedness, none of which is secured or subordinated indebtedness. The indenture relating to the notes and each issue of outstanding notes of Parent permit Parent to incur substantial additional debt, including substantial amounts of additional secured debt. The substantial level of debt makes it more difficult for Parent to honor its obligations under its guarantee of the notes. Substantial amounts of such existing debt of Parent will, and future debt of Parent may, mature prior to the notes. In addition, in certain instances proceeds from the sale, transfer or other disposition of assets of the Issuer and its subsidiaries may be used to repay debt of Parent. See "Description of the Notes—Certain Covenants—Limitation on Asset Dispositions."

Because the notes that you hold are unsecured, you may not be fully repaid if the Issuer becomes insolvent, and guarantees of the notes and guarantees of the Offering Proceeds Note are subordinated to guarantees of the senior secured term loans under the Issuer's Credit Agreement, and creditors under the Credit Agreement have prior claims over the proceeds of certain intercompany obligations.

The notes are not secured by any of the Issuer's assets or the Issuer's subsidiaries' assets. The notes are effectively junior to obligations incurred under the Issuer's Credit Agreement which is guaranteed by Parent and certain tranches of which are guaranteed by Level 3 LLC and secured by a substantial portion of Parent's assets and by substantially all of the assets of its U.S. subsidiaries (including the Issuer), including the Parent Intercompany Note, the Loan Proceeds Note, the 2015 Floating Rate Proceeds Note, the 8.75% Proceeds Note, the 10% Proceeds Note, the 9.375% Proceeds Note, the 8.125% Proceeds Note and the Offering Proceeds Note, and will also be effectively junior to the senior secured term loans under the Credit Agreement and any other secured obligations incurred under any future credit facilities, receivables and purchase money indebtedness, capitalized leases and certain other arrangements that are secured. If the Issuer becomes insolvent, the holders of the senior secured term loans under the Credit Agreement and any other secured debt would receive payments from the assets pledged as security before you receive payments and any remaining proceeds after

repayment of the senior secured term loans under the Credit Agreement and any debt incurred under any future secured credit facilities may not be sufficient to repay the notes. The indenture relating to the notes expressly permits guarantees, if any, of the notes provided by subsidiaries of the Issuer to be subordinated to obligations of such subsidiaries under specified debt. Level 3 LLC's guarantee of the notes is subordinated to Level 3 LLC's guarantee of the senior secured term loans under the Credit Agreement. Additionally, guarantees of the notes (other than Parent's guarantee), the Offering Proceeds Note and guarantees of such intercompany note, will be subordinated to obligations in respect of the Credit Agreement and any future senior secured debt. Accordingly, holders of the senior secured term loans and other debt of the Issuer that has a senior guarantee from the Issuer's restricted subsidiaries, including Level 3 LLC, will have senior claims against the restricted subsidiaries providing such guarantees.

Parent has substantial existing debt and could incur substantial additional debt, so it may be unable to make payments on its guarantee of the notes.

As of March 31, 2012, Parent had on a consolidated basis approximately \$8.502 billion of total indebtedness, excluding discount and fair value adjustments. The indenture relating to the notes and each issue of Parent's outstanding notes permit it to incur substantial additional debt. The substantial level of debt makes it more difficult for Parent to honor its obligations under its guarantee of the notes. Substantial amounts of Parent's existing debt will, and its future debt may, mature prior to the notes. In addition, Level 3 had, on a consolidated basis, deficiencies in its ratio of earnings to fixed charges of approximately \$124 million for the three months ended March 31, 2012, approximately \$177 million for the three months ended March 31, 2011, approximately \$786 million for the fiscal year ended December 31, 2011, approximately \$712 million for the fiscal year ended December 31, 2010, approximately \$623 million for the fiscal year ended December 31, 2009, approximately \$264 million for the fiscal year ended December 31, 2008 and approximately \$1.1 billion for the fiscal year ended December 31, 2007. See "Ratio of Earnings to Fixed Charges." Level 3 may not become profitable or sustain profitability in the future. Accordingly, the Issuer may not have access to sufficient funds to make payments on the notes.

The Issuer's Credit Agreement may prohibit the Issuer from making payment on the notes.

The Issuer's Credit Agreement limits the Issuer's ability to make payments on any outstanding indebtedness other than regularly scheduled interest and principal payments as and when due. As a result, the Issuer's Credit Agreement could prohibit the Issuer from making any payment on the notes in the event that the notes are accelerated or the holders thereof requires Level 3 to repurchase the notes upon the occurrence of a change in control triggering event. Any such failure to make payments on the notes would cause the Issuer to default under the indenture, which in turn is likely to be a default under the Credit Agreement and other outstanding and future indebtedness.

If Parent experiences a change of control, the Issuer may be unable to purchase the notes you hold as required under the indenture relating to the notes.

Upon the occurrence of certain designated events, the Issuer must make an offer to purchase all outstanding notes at a purchase price equal to 101% of the principal amount of the notes, plus accrued interest. The Issuer may not have sufficient funds to pay the purchase price for all the notes tendered by holders seeking to accept the offer to purchase. In addition, the indenture relating to the notes and Level 3's other debt agreements, including the Issuer's Credit Agreement, may require the Issuer and/or Parent to repurchase the other debt upon a change of control or may prohibit the Issuer and/or Parent from purchasing any notes before their stated maturity, including upon a change of control. Subject to certain exceptions, the Credit Agreement requires the Issuer to prepay the senior secured term loans and any other loans under the Issuer's Credit Agreement within 30 days after the

occurrence of a change of control triggering event (as defined in the Issuer's Credit Agreement). See "Description of the Notes—Certain Covenants—Change of Control Triggering Event."

There is no public market for the notes, which could limit their market price or your ability to sell them.

The new notes will be new securities for which there is currently no public trading market. The Issuer does not intend to apply for listing of the notes on any securities exchange or for the inclusion of the notes in any automated quotation system. If any of the notes are traded after their initial issuance, they may trade at a discount from their principal amount depending on many factors, including prevailing interest rates, the market for similar securities and other factors, including general economic conditions and Level 3's financial condition, performance and prospects. Any decline in trading prices, regardless of the cause, may adversely affect the liquidity and trading markets for the new notes.

Federal and state statutes allow courts, under specific circumstances, to void guarantees and require note holders to return payments received from guarantors.

The notes are guaranteed by Parent and Level 3 LLC and may, under certain circumstances in the future, be guaranteed by subsidiaries of the Issuer or other subsidiaries of Parent. Under the federal bankruptcy law and comparable provisions of state fraudulent transfer laws, a guarantee could be voided, or claims in respect of a guarantee could be subordinated to all other debts of that guarantor if, among other things, the guarantor, at the time it incurred the indebtedness evidenced by its guarantee:

- received less than reasonably equivalent value or fair consideration for the incurrence of the guarantee; and
- was insolvent or rendered insolvent by reason of the incurrence of the guarantee; or
- was engaged in a business or transaction for which the guarantor's remaining assets constituted unreasonably small capital; or
- intended to incur, or believed that it would incur, debts beyond its ability to pay those debts as they mature.

In addition, any payment by that guarantor pursuant to its guarantee could be voided and required to be returned to the guarantor, or to a fund for the benefit of the creditors of the guarantor.

The measures of insolvency for purposes of these fraudulent transfer laws will vary depending upon the law applied in any proceeding to determine whether a fraudulent transfer has occurred. Generally, however, a guarantor would be considered insolvent if:

- the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all of its assets;
- the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or
- it could not pay its debts as they become due.

In certain circumstances, subsidiaries of Parent may provide guarantees of the Offering Proceeds Note. Any such guarantee could be subject to the same risks described above.

USE OF PROCEEDS

None of the Issuer, Parent or Level 3 LLC will receive any proceeds from the issuance of the new notes pursuant to the exchange offer.

- (1) Level 3 purchased Broadwing Corporation ("Broadwing") in January 2007, the Content Delivery Network services business of SAVVIS, Inc. (the "CDN Business") also in January 2007 and Servecast Ltd. ("Servecast") in July 2007. During 2007, Level 3 recorded revenue attributable to Broadwing of \$946 million, the CDN Business of \$17 million and Servecast of \$3 million.

In June 2008, Level 3 completed the sale of its Vyvx advertising distribution business to DG FastChannel, Inc. and received gross proceeds at closing of approximately \$129 million in cash. Net proceeds from the sale approximated \$121 million after deducting transaction-related costs. Revenue attributable to the Vyvx advertising distribution business totaled \$15 million in 2008 through the date of sale and \$36 million in 2007. The Vyvx businesses were acquired by Level 3 at the end of 2005 in the acquisition of WilTel Communications Group, LLC ("WilTel").

Level 3 purchased Global Crossing Limited ("Global Crossing") on October 4, 2011 (the "Amalgamation"). During 2011, Level 3 recorded revenue attributable to Global Crossing of

approximately \$654 million and acquired assets and goodwill of approximately \$5.195 billion in connection with the purchase price allocation.

On November 14, 2011, Level 3 completed the sale of its coal mining business to Ambre Energy Limited as part of its long-term strategy to focus on core business operations. As a result of the transaction, the Company recognized a gain on the transaction of approximately \$72 million, which is included in the consolidated statements of operations within "Income (Loss) from Discontinued Operations, Net." Revenue attributable to the coal mining business totaled approximately \$54 million in 2011 through the date of sale, \$60 million in 2010, \$67 million in 2009, \$75 million in 2008 and \$70 million in 2007. The financial results of the coal mining business are included in the Company's consolidated results of operations through the date of sale, and all periods have been revised to reflect the presentation within discontinued operations.

- (2) Effective after the close of trading on October 19, 2011, Level 3 completed a 1 for 15 reverse stock split as previously approved by the Company's stockholders. All references herein to common stock and per share data have been retrospectively adjusted to reflect the reverse stock split.
- (3) In 2007, Level 3 recognized approximately \$12 million of impairment and restructuring charges, and a loss on the early extinguishment of debt of \$427 million as a result of the refinancing of its senior secured credit agreement and certain debt exchanges, redemptions and repurchases. Level 3 also recognized a gain of \$37 million on the sale of marketable equity securities and a tax benefit of \$23 million related to certain state tax matters.

In 2008, Level 3 recognized approximately \$25 million of impairment and restructuring charges, \$36 million of induced debt conversion expenses, net, attributable to the exchange of certain of Level 3's convertible debt securities, a gain on the early extinguishment of debt of \$125 million as a result of certain debt repurchases, and a \$99 million gain on the sale of Level 3's Vyvx advertising distribution business and the sale of certain of its smaller long distance voice customer relationships. Level 3 also revised its estimates of the amounts and timing of its original estimate of undiscounted cash flows related to certain future asset retirement obligations in the fourth quarter of 2008. As a result, Level 3 reduced its asset retirement obligations liability by \$103 million with an offsetting reduction to property, plant and equipment of \$21 million, selling, general and administrative expenses of \$86 million, depreciation and amortization of \$11 million and an increase to goodwill of \$15 million.

In 2009, Level 3 recognized a gain of approximately \$14 million as a result of debt repurchases and exchanges of certain of Level 3's debt securities and \$9 million of restructuring charges.

In 2010, Level 3 recognized a loss of approximately \$59 million associated with the tender offer to repurchase Level 3's 12.25% Senior Notes due 2013 and as a result of the redemption of its 10% Convertible Senior Notes due 2011. Level 3 also recognized a \$91 million benefit primarily related to the release of foreign deferred tax valuation allowances and \$2 million of restructuring charges.

THE EXCHANGE OFFER

Purpose of the Exchange Offer

On January 13, 2012, the Issuer privately placed \$900,000,000 aggregate principal amount of the original notes in a transaction exempt from registration under the Securities Act and Parent fully and unconditionally guaranteed the original notes on an unsecured basis. Accordingly, the original notes may not be reoffered, resold or otherwise transferred in the United States unless so registered or unless an exemption from the Securities Act registration requirements is available. On April 18, 2012, pursuant to a supplemental indenture, by and among Level 3 Communications, LLC ("Level 3 LLC"), the Issuer and The Bank of New York Mellon Trust Company, N.A., as trustee, Level 3 LLC provided an unconditional, unsecured guaranty of the Notes and such guarantee is subordinated to Level 3 LLC's guarantee of the Credit Agreement.

In connection with the private placement, the Issuer and Parent entered into a registration agreement, dated as of January 13, 2012, with the initial purchasers of the original notes. In the registration agreement relating to the original notes, the Issuer and Parent have agreed with the initial purchasers of the original notes to:

- file a registration statement with the SEC relating to the exchange offer not later than July 11, 2012;
- use their commercially reasonable efforts to cause the exchange offer registration statement to become effective under the Securities Act by October 9, 2012; and
- upon effectiveness of the exchange offer registration statement, promptly commence the exchange offer.

In addition, the Issuer and Parent have agreed to keep the exchange offer open for at least 20 days, or longer if required by applicable law, after the date notice of the exchange offer is mailed to the holders of the original notes. The new notes are being offered under this prospectus to satisfy these obligations of the Issuer and Parent under the registration agreement.

Terms of the Exchange

Upon the terms and subject to the conditions contained in this prospectus and in the letter of transmittal that accompany this prospectus, the Issuer is offering to exchange (i) \$1,000 in principal amount of new notes for each \$1,000 in principal amount of outstanding original notes. The terms of the new notes are substantially identical to the terms of the original notes for which they may be exchanged in the exchange offer, except that:

- (1) the new notes will be freely transferable, other than as described in this prospectus;
- (2) the new notes will not contain any legend restricting their transfer;
- (3) holders of the new notes will not be entitled to certain rights of the holders of the original notes under the registration agreement, which rights will terminate on completion of the exchange offer; and
- (4) the new notes will not contain any provisions regarding the payment of special interest.

The new notes will evidence the same debt as the original notes and will be entitled to the benefits of the indenture. See "Description of the Notes."

The exchange offer is not conditioned on any minimum aggregate principal amount of original notes being tendered for exchange.

Based on interpretations by the SEC's staff in no-action letters issued to other parties, the Issuer believes that holders of new notes issued in the exchange offer may transfer the new notes without complying with the registration and prospectus delivery requirements of the Securities Act if the holders:

- (1) acquired the new notes in the ordinary course of the holders' business;
- (2) are not engaged in, and do not intend to engage in, and have no arrangement or understanding with any person to participate in, a distribution of the new notes;
- (3) are not affiliates of the Issuer within the meaning of Rule 405 under the Securities Act;
- (4) are not broker-dealers who acquired original notes directly from the Issuer; and
- (5) are not broker-dealers who acquired original notes as a result of market-making or other trading activities.

See "Plan of Distribution."

Each broker-dealer that receives new notes for its own account in exchange for original notes, where such original notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such new notes. See "Plan of Distribution."

The letter of transmittal that accompanies this prospectus states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act. A participating broker-dealer may use this prospectus, as it may be amended or supplemented from time to time, in connection with resales of new notes received in exchange for original notes where those new notes were acquired by the broker-dealer as a result of market-making activities or other trading activities. The Issuer and Parent have agreed that, starting on the date of this prospectus and ending on the close of business on the day that is 180 days following the date of this prospectus, they will make this prospectus available to any broker-dealer for use in connection with any resale of this kind.

Tendering holders of original notes will not be required to pay brokerage commissions or fees or, subject to the instructions in the applicable letter of transmittal, transfer taxes relating to the exchange of original notes for new notes in the exchange offer.

Shelf Registration Statement

If:

- (1) because of any change in law or applicable interpretations of the staff of the SEC, the Issuer and Parent determine that they are not permitted to effect an exchange offer,
- (2) with respect to the original notes, for any other reason the exchange offer registration statement is not declared effective by October 9, 2012 or the exchange offer is not consummated within 30 business days after the exchange offer registration statement is declared effective,
- (3) any initial purchaser so requests for original notes not eligible to be exchanged for new notes in the exchange offer,
- (4) any holder of original notes, other than an initial purchaser, is not eligible to participate in the exchange offer, or
- (5) any holder of original notes, other than an initial purchaser, does not receive freely tradable new notes in the exchange offer other than by reason of the holder being an affiliate of the Issuer and Parent,

the Issuer and Parent will:

(1) as promptly as practicable (but in no event more than the later of (i) July 11, 2012 or (ii) 45 days after so required or requested), file a shelf registration statement covering resales of the original notes or the new notes, as the case may be, and thereafter use their commercially reasonable efforts to cause the shelf registration statement to be declared effective under the Securities Act, and

(2) use their commercially reasonable efforts to keep the shelf registration statement continuously effective until two years after its effective date.

For purposes of determining whether the Issuer and Parent are obligated to file a shelf registration statement, the requirement that a participating broker-dealer deliver this prospectus in connection with sales of new notes will not result in those new notes being deemed not freely tradable.

If the Issuer and Parent file a shelf registration statement, they will, among other things:

(1) provide to each holder for whom the shelf registration statement was filed copies of the prospectus which is a part of the shelf registration statement;

(2) notify each of those holders when the shelf registration statement has become effective; and

(3) take other actions as are required to permit unrestricted resales of the original notes or the new notes, as the case may be.

A holder selling original notes or new notes under the shelf registration statement generally must be named as a selling security holder in the related prospectus and must deliver a prospectus to purchasers. Consequently, the holder may be subject to the civil liability provisions under the Securities Act in connection with those sales and will be bound by any applicable provisions of the registration agreement, including specified indemnification obligations.

Special Interest

Special interest will accrue on the principal amount of the original notes and the new notes, in addition to the stated interest on the original notes and the new notes, from and including the date on which a registration default occurs to but excluding the date on which all registration defaults have been cured.

With respect to the original notes, the occurrence of any of the following is a registration default:

(1) neither the exchange offer registration statement nor the shelf registration statement has been filed with the SEC on or before July 11, 2012,

(2) neither the exchange offer registration statement nor the shelf registration statement has been declared effective on or before October 9, 2012,

(3) neither the exchange offer has been completed nor the shelf registration statement has been declared effective on or before November 8, 2012, or

(4) after either the exchange offer registration statement or the shelf registration statement has been declared effective, that registration statement ceases to be effective or usable, subject to certain exceptions, in connection with resales of original notes or new notes in accordance with and during the periods specified in the applicable registration agreement.

Special interest will accrue at a rate of 0.50% per annum on the principal amount during the 90-day period after the occurrence of the registration default and will increase by 0.25% per annum at the end of each subsequent 90-day period. In no event will the rate exceed 1.00% per annum on the principal amount. If the exchange offer is completed on the terms and within the period contemplated by this prospectus, no special interest will be payable.

The summary of the provisions of the registration agreement contained in this prospectus does not purport to be complete. This summary is subject to and is qualified in its entirety by reference to all the provisions of the registration agreement, copies of which are exhibits to the registration statement of which this prospectus is a part.

Expiration Date; Extensions; Termination; Amendments

The expiration date of the exchange offer is 5:00 p.m., New York City time, on June 20, 2012, unless the Issuer in its sole discretion extends the period during which the exchange offer is open. In that case, the expiration date will be the latest time and date to which the exchange offer is extended. The Issuer reserves the right to extend the exchange offer at any time and from time to time before the expiration date by giving written notice to The Bank of New York Mellon Trust Company, N.A., the exchange agent, and by timely public announcement. Unless otherwise required by applicable law or regulation, the public announcement will be made by a release to the PR Newswire or other national newswire service. During any extension of the exchange offer, all original notes previously tendered in the exchange offer will remain subject to the exchange offer.

The initial exchange date will be the first business day following the expiration date. The Issuer expressly reserves the right to:

- (1) terminate the exchange offer and not accept for exchange any original notes for any reason, including if any of the events described below under "—Conditions to the Exchange Offer" shall have occurred and shall not have been waived by the Issuer; and
- (2) amend the terms of the exchange offer in any manner.

If any termination or amendment occurs, the Issuer will notify the exchange agent in writing and will either issue a press release or give written notice to the holders of the original notes as promptly as practicable. Unless the Issuer terminates the exchange offer prior to 5:00 p.m., New York City time, on the expiration date, the Issuer will exchange the new notes for the original notes on the exchange date.

If:

- (1) the Issuer waives any material condition to the exchange offer or amends the exchange offer in any other material respect; and
- (2) at the time that notice of this waiver or amendment is first published, sent or given to holders of original notes in the manner specified above, the exchange offer is scheduled to expire at any time earlier than the fifth business day from, and including, the date that the notice is first so published, sent or given,

then the exchange offer will be extended until that fifth business day.

This prospectus and the letter of transmittal and other relevant materials will be mailed by the Issuer to record holders of original notes. In addition, these materials will be furnished to brokers, banks and similar persons whose names, or the names of whose nominees, appear on the lists of holders for subsequent transmittal to beneficial owners of original notes.

How to Tender

The tender to the Issuer of original notes according to one of the procedures described below will constitute an agreement between that holder of original notes and the Issuer in accordance with the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal.

General Procedures. A holder of an original note may tender them by properly completing and signing the letter of transmittal or a facsimile of the letter of transmittal and delivering them, together with the certificate or certificates representing the original notes being tendered and any required

signature guarantees or a timely confirmation of a book-entry transfer according to the procedure described below, to the exchange agent at the address set forth below under "—Exchange Agent" on or before the expiration date. All references in this prospectus to the letter of transmittal include a facsimile of the letter of transmittal.

If tendered original notes are registered in the name of the signer of the applicable letter of transmittal and the new notes to be issued in exchange for accepted original notes are to be issued, and any untendered original notes are to be reissued, in the name of the registered holder, the signature of the signer need not be guaranteed. In any other case, the tendered original notes must be endorsed or accompanied by written instruments of transfer in form satisfactory to the Issuer. They must also be duly executed by the registered holder. In addition, the signature on the endorsement or instrument of transfer must be guaranteed by an eligible guarantor institution that is a member of a recognized signature guarantee medallion program within the meaning of Rule 17Ad-15 under the Exchange Act. If the new notes and/or original notes not exchanged are to be delivered to an address other than that of the registered holder appearing on the note register for the original notes, an eligible guarantor institution must guarantee the signature on the applicable letter of transmittal.

Any beneficial owner whose original notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and who wishes to tender original notes should contact the holder promptly and instruct it to tender on the beneficial owner's behalf. If the beneficial owner wishes to tender the original notes itself, the beneficial owner must either make appropriate arrangements to register ownership of the original notes in its name or follow the procedures described in the immediately preceding paragraph. The beneficial owner must make these arrangements or follow these procedures before completing and executing the letter of transmittal and delivering the original notes. The transfer of record ownership may take considerable time.

Book-Entry Transfer. The exchange agent will make a request to establish an account for the original notes at each book-entry transfer facility for purposes of the exchange offer within two business days after receipt of this prospectus unless the exchange agent already has established an account with the book-entry transfer facility suitable for the exchange offer. Subject to the establishment of the account, any financial institution that is a participant in the book-entry transfer facility's systems may make book-entry delivery of original notes by causing a book-entry transfer facility to transfer the original notes into one of the exchange agent's accounts at the book-entry transfer facility in accordance with the facility's procedures. However, although delivery of original notes may be effected through book-entry transfer, the applicable letter of transmittal, with any required signature guarantees and any other required documents, must, in any case, be transmitted to and received by the exchange agent at the address set forth below under "—Exchange Agent" on or before the expiration date.

The method of delivery of original notes and all other documents is at the election and risk of the holder. If sent by mail, it is recommended that the holder use registered mail, return receipt requested, obtain proper insurance, and make the mailing sufficiently in advance of the expiration date to permit delivery to the exchange agent on or before the expiration date.

Unless an exemption applies under the applicable law and regulations concerning backup withholding of federal income tax, the exchange agent will be required to withhold 28% of the gross proceeds otherwise payable to a holder in the exchange offer if the holder does not provide the holder's taxpayer identification number and certify that the number is correct.

Unless original notes being tendered by the above-described method or a timely confirmation of a book-entry transfer are deposited with the exchange agent within the time period described above, accompanied or preceded by a properly completed letter of transmittal and any other required documents, the Issuer may reject the tender.

A tender will be deemed to have been received as of the date when the tendering holder's properly completed and duly signed letter of transmittal accompanied by the original notes or a timely confirmation of a book-entry transfer is received by the exchange agent.

All questions as to the validity, form, eligibility, including time of receipt, and acceptance for exchange of any tender of original notes will be determined by the Issuer. The Issuer's determination will be final and binding. The Issuer reserves the absolute right to reject any or all tenders not in proper form or the acceptances for exchange of which may, in the opinion of counsel to the Issuer, be unlawful. The Issuer also reserves the absolute right to waive any of the conditions of the exchange offer or any defect or irregularities in tenders of any particular holder whether or not similar defects or irregularities are waived in the case of other holders. None of the Issuer, the exchange agent or any other person will incur any liability for failure to give notification of any defects or irregularities in tenders. The Issuer's interpretation of the terms and conditions of the exchange offer, including the letter of transmittal and the instructions to the letter of transmittal, will be final and binding.

Terms and Conditions of the Letter of Transmittal

The letter of transmittal contains, among other things, the following terms and conditions, which are part of the exchange offer.

The party tendering original notes for exchange, or the transferor, exchanges, assigns and transfers the original notes to the Issuer and irrevocably constitutes and appoints our exchange agent as its agent and attorney-in-fact to cause the original notes to be assigned, transferred and exchanged. The transferor represents and warrants that:

- (1) it has full power and authority to tender, exchange, assign and transfer the original notes and to acquire new notes issuable upon the exchange of the tendered original notes; and
- (2) when the same are accepted for exchange, the Issuer will acquire good and unencumbered title to the tendered original notes, free and clear of all liens, restrictions, charges and encumbrances and not subject to any adverse claim.

The transferor also warrants that it will, upon request, execute and deliver any additional documents the Issuer deems necessary or desirable to complete the exchange, assignment and transfer of tendered original notes. The transferor further agrees that acceptance of any tendered original notes by the Issuer and the issuance of new notes in exchange shall constitute performance in full by the Issuer of its obligations under the registration agreement and that the Issuer shall have no further obligations or liabilities under the applicable registration agreement, except in certain limited circumstances. All authority conferred by the transferor will survive the death or incapacity of the transferor and every obligation of the transferor shall be binding upon the heirs, legal representatives, successors, assigns, executors and administrators of the transferor.

By tendering original notes, the transferor certifies that:

- (1) it is not an affiliate of the Issuer within the meaning of Rule 405 under the Securities Act, that it is not a broker-dealer that owns original notes acquired directly from the Issuer or an affiliate of the Issuer, that it is acquiring the new notes offered hereby in the ordinary course of its business and that it has no arrangement with any person to participate in the distribution of the new notes; or
- (2) it is an affiliate, as so defined, of the Issuer or of the initial purchasers, and that it will comply with applicable registration and prospectus delivery requirements of the Securities Act.

Each broker-dealer that receives new notes for its own account in the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of those new notes. The letter of transmittal states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

Withdrawal Rights

Original notes tendered in the exchange offer may be withdrawn at any time before the expiration date.

For a withdrawal to be effective, a written or facsimile transmission notice of withdrawal must be timely received by the exchange agent at the address set forth below under "—Exchange Agent." Any notice of withdrawal must:

- (1) specify the person named in the applicable letter of transmittal as having tendered original notes to be withdrawn;
- (2) specify the certificate numbers of original notes to be withdrawn;
- (3) specify the principal amount of original notes to be withdrawn, which must be an authorized denomination;
- (4) state that the holder is withdrawing its election to have those original notes exchanged;
- (5) state the name of the registered holder of those original notes; and
- (6) be signed by the holder in the same manner as the original signature on the applicable letter of transmittal, including any required signature guarantees, or be accompanied by evidence satisfactory to the Issuer that the person withdrawing the tender has succeeded to the beneficial ownership of the original notes being withdrawn.

If certificates for original notes have been delivered or otherwise identified to the exchange agent, then prior to the release of those certificates, the withdrawing holder must also submit the serial numbers of the particular certificates to be withdrawn and a signed notice of withdrawal with signatures guaranteed by an eligible institution unless that holder is an eligible institution.

If original notes have been tendered pursuant to the procedure for book-entry transfer described above, the executed notice of withdrawal, guaranteed by an eligible institution, unless that holder is an eligible institution, must specify the name and number of the account at the book-entry transfer facility to be credited with the withdrawn original notes and otherwise comply with the procedures of that facility. All questions as to the validity, form and eligibility, including time of receipt, of those notices will be determined by us, and our determination shall be final and binding on all parties. Any original notes so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the exchange offer. Any original notes which have been tendered for exchange but which are not exchanged for any reason will be either

- (1) returned to the holder without cost to that holder or
- (2) in the case of original notes tendered by book-entry transfer into the exchange agent's applicable account at the book-entry transfer facility pursuant to the book-entry transfer procedures described above, those original notes will be credited to an account maintained with the book-entry transfer facility for the original notes,

in either case as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer. Properly withdrawn original notes may be retendered by following one of the procedures described under "—How to Tender" above at any time on or prior to the expiration date.

Acceptance of Original Notes for Exchange; Delivery of New Notes

Upon the terms and subject to the conditions of the exchange offer, the acceptance for exchange of original notes validly tendered and not withdrawn and the issuance of the new notes will be made on the exchange date. For the purposes of the exchange offer, the Issuer shall be deemed to have accepted

for exchange validly tendered original notes when, as and if the Issuer has given written notice of acceptance to the exchange agent.

The exchange agent will act as agent for the tendering holders of original notes for the purposes of receiving new notes from the Issuer and causing the original notes to be assigned, transferred and exchanged. Upon the terms and subject to the conditions of the exchange offer, delivery of new notes to be issued in exchange for accepted original notes will be made by the exchange agent promptly after acceptance of the tendered original notes. Original notes not accepted for exchange will be returned without expense to the tendering holders. Or, in the case of original notes tendered by book-entry transfer, the non-exchanged original notes will be credited to an account maintained with the book-entry transfer facility promptly following the expiration date. If the Issuer terminates the exchange offer before the expiration date, these non-exchanged original notes will be credited to the exchange agent's applicable account promptly after the exchange offer is terminated.

Conditions to the Exchange Offer

Notwithstanding any other provision of the exchange offer or any extension of the exchange offer, the Issuer will not be required to issue new notes for any properly tendered original notes not previously accepted. The Issuer may terminate the exchange offer by written notice to the exchange agent and by timely public announcement communicated, unless otherwise required by applicable law or regulation, by making a release to the PR Newswire or other national newswire service or, at its option, modify or otherwise amend the exchange offer, if:

- (1) any action or proceeding is threatened, instituted or pending before, or any injunction, order or decree is issued by, any court or governmental agency or other governmental regulatory or administrative agency or commission:
 - (A) seeking to restrain or prohibit the making or completion of the exchange offer or any other transaction contemplated by the exchange offer,
 - (B) assessing or seeking any damages as a result of the making or completion of the exchange offer or any other transaction contemplated by the exchange offer, or
 - (C) resulting in a material delay in the ability of the Issuer to accept for exchange or exchange some or all of the original notes in the exchange offer;
- (2) any statute, rule, regulation, order or injunction is sought, proposed, introduced, enacted, promulgated or deemed applicable to the exchange offer or any of the transactions contemplated by the exchange offer by any government or governmental authority, domestic or foreign, or any action is taken, proposed or threatened, by any government, governmental authority, agency or court, domestic or foreign, that in the sole judgment of the Issuer might result in any of the consequences referred to in clauses (1)(A) or (B) above or, in the sole judgment of the Issuer, might result in the holders of new notes having obligations relating to resales and transfers of new notes which are greater than those described in the interpretations of the SEC referred to in "—Terms of the Exchange" above, or would otherwise make it inadvisable to proceed with the exchange offer; or
- (3) a material adverse change has occurred in the business, condition (financial or otherwise), operations, or prospects of the Issuer or Parent.

The conditions described above are for the sole benefit of the Issuer. The Issuer may assert these conditions regarding all or any portion of the exchange offer regardless of the circumstances, including any action or inaction by the Issuer, giving rise to the condition. The Issuer may waive these conditions in whole or in part at any time or from time to time in its sole discretion. The failure by the Issuer at any time to exercise any of the rights described above will not be deemed a waiver of any of those rights, and each right will be deemed an ongoing right which may be asserted at any time or from time

to time. In addition, the Issuer has reserved the right, despite the satisfaction of each of the conditions described above, to terminate or amend the exchange offer.

Any determination by the Issuer concerning the fulfillment or non-fulfillment of any conditions will be final and binding upon all parties.

In addition, the Issuer will not accept for exchange any original notes tendered and no new notes will be issued in exchange for any original notes, if at that time any stop order is threatened or in effect relating to:

- (1) the registration statement of which this prospectus constitutes a part; or
- (2) the qualification of any of the indentures under the Trust Indenture Act.

Other

Participation in the exchange offer is voluntary, and holders should carefully consider whether to accept the terms and conditions of this offer. Holders of the original notes are urged to consult their financial and tax advisors in making their own decisions on what action to take.

As a result of the making of this exchange offer, and upon acceptance for exchange of all validly tendered original notes according to the terms of this exchange offer, the Issuer and Parent will have fulfilled a covenant contained in the terms of the original notes and the registration agreement. Holders of the original notes who do not tender their certificates in the exchange offer will continue to hold those certificates and will be entitled to all the rights, and limitations applicable to the original notes under the indenture, except for any rights under the registration agreement which by their terms terminate or cease to have further effect as a result of the making of this exchange offer. See "Description of the Notes."

All untendered original notes will continue to be subject to the restrictions on transfer set forth in the indenture. In general, the original notes may not be reoffered, resold or otherwise transferred in the U.S. unless registered under the Securities Act or unless an exemption from the Securities Act registration requirements is available. Except under certain limited circumstances, the Issuer does not intend to register the original notes under the Securities Act.

In addition, any holder of original notes who tenders in the exchange offer for the purpose of participating in a distribution of the new notes may be deemed to have received restricted securities. If so, that holder will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction. To the extent that original notes are tendered and accepted in the exchange offer, the trading market, if any, for the original notes could be adversely affected.

The Issuer may in the future seek to acquire untendered original notes in open market or privately negotiated transactions, through subsequent exchange offers or otherwise. The Issuer has no present plan to acquire any original notes that are not tendered in the exchange offer.

DESCRIPTION OF INDEBTEDNESS OF LEVEL 3 COMMUNICATIONS, INC. AND THE ISSUER

The following is a description of the material outstanding indebtedness of Level 3 Communications, Inc. and the Issuer, other than the original notes. For purposes of this section of the prospectus only, "Level 3" refers only to Level 3 Communications, Inc., the parent company of the Issuer. The following summaries of Level 3's and the Issuer's senior secured term loans and outstanding notes (other than the original notes which are the subject of this exchange offer) are qualified in their entirety by reference to the Credit Agreement governing the senior secured term loans and the indentures to which each issue of notes relates. Copies of the Credit Agreement and indentures are available on request from Level 3.

Indebtedness of the Issuer

Credit Agreement

As of March 13, 2007, the Issuer, as borrower, and Level 3, as guarantor, Merrill Lynch Capital Corporation, as administrative agent and collateral agent ("Merrill Lynch"), and certain other agents and certain lenders entered into a Credit Agreement (as amended, amended and restated or otherwise modified, the "Credit Agreement"), pursuant to which the lenders extended, (a) on March 13, 2007, \$1.4 billion (the "Tranche A Term Loan"), (b) on April 16, 2009, an additional \$220 million, (c) on May 15, 2009, an additional \$60 million (such loans referred to in clauses (b) and (c), the "Tranche B Term Loans"), (d) on October 4, 2011, an additional \$650 million (the "Tranche B II Term Loans"), and (e) on November 10, 2011, an additional \$550 million (the "Tranche B III Term Loans"), of senior secured term loans to the Issuer.

A portion of the proceeds from the Tranche A Term Loan and the Tranche B Term Loans was used by the Issuer to refinance the Issuer's \$730 million senior secured term loan under that certain credit agreement, dated as of December 1, 2004, as amended and restated on June 27, 2006, by and among Level 3, the Issuer, Merrill Lynch and certain lenders. The additional proceeds from the Tranche A Term Loan and the Tranche B Term Loans were used by the Issuer for general corporate purposes.

A portion of the net proceeds of the Tranche B II Term Loans was used to refinance certain existing indebtedness of Global Crossing in connection with the consummation of the Global Crossing acquisition. The remaining proceeds from the Tranche B II Term Loans were used by the Issuer for general corporate purposes.

A portion of the net proceeds of the Tranche B III Term Loans was used to pre-pay in full the Tranche B Term Loans, and the remainder was used to redeem, on December 10, 2011, all of the outstanding 3.5% Convertible Senior Notes due 2012 of Level 3, in aggregate principal amount of \$274 million.

The Issuer's obligations under the Credit Agreement are secured by certain of the assets of (i) Level 3, (ii) Level 3 LLC and (iii) Level 3's material domestic subsidiaries which are engaged in the telecommunications business. Level 3, Level 3 LLC and these subsidiaries also guarantee the obligations of the Issuer under the Credit Agreement.

The principal amount of the Tranche A Term Loan will be payable in full on March 13, 2014. The principal amount of the Tranche B II Term Loans and the Tranche B III Term Loans will be payable in full on September 1, 2018. Additional secured term loans or revolving loans may in the future be extended to the Issuer under the Credit Agreement.

Any Tranche A Term Loan that is an Alternate Base Rate Loan bears an interest rate equal to (i) the greater of (a) the Prime Rate in effect on such day and (b) the Federal Funds Effective Rate in effect on such day plus $\frac{1}{2}$ of 1%, plus (ii) 125 basis points. Any Tranche A Term Loan that is a Eurodollar Loan bears an interest rate equal to the London Interbank Offered Rate ("LIBOR") plus 225 basis points.

Any Tranche B II Term Loans or Tranche B III Term Loans that are an Alternate Base Rate Loan bears an interest rate equal to (i) the greater of (a) the Prime Rate in effect on such day and (b) the Federal Funds Effective Rate in effect on such day plus $\frac{1}{2}$ of 1% and (c) the sum of (1) the higher of (x) the LIBOR for a one month Interest Period on such day (or if such day is not a Business Day, the immediately preceding Business Day) and (y) 1.50%, plus (2) 1.00% plus (ii) 325 basis points. Any Tranche B II Term Loans or Tranche B III Term Loans that are a Eurodollar Loan bears an interest rate equal to LIBOR plus 425 basis points, with the LIBOR rate set at a minimum of 1.50%.

The Credit Agreement provides that indebtedness outstanding under the senior secured term loans will be paid with all of the net available cash proceeds with respect to certain asset sales, if these proceeds are not reinvested in Level 3's business. The Credit Agreement contains negative covenants restricting and limiting the ability of Level 3, the Issuer and any restricted subsidiary to engage in certain activities, including:

- limitations on indebtedness and the incurrence of liens;
- restrictions on dividends and distributions on capital stock, and other similar distributions;
- limitations on transactions restricting the ability of subsidiaries to pay dividends and other similar distributions;
- restrictions on the issuance and sale of capital stock of subsidiaries;
- restrictions on sale leaseback transactions, sales of assets and investments, including restrictions on asset transfers by guarantors under the Credit Agreement to subsidiaries of Level 3 which are not guarantors;

- limitations on designating subsidiaries as unrestricted subsidiaries;
- limitations on actions with respect to existing intercompany obligations; and
- in the case of Level 3, the Issuer and any guarantor, restrictions on mergers and sales of substantially all assets.

They rank equally in right of payment with all other existing and future senior unsecured, unsubordinated indebtedness of the Issuer. As of March 31, 2012, approximately \$300 million aggregate principal amount of the 2015 Floating Rate Notes was outstanding.

8.75% Senior Notes due 2017

8.125% Senior Notes due 2019

On June 9, 2011, Level 3 Escrow, Inc. ("Level 3 Escrow") issued \$600 million aggregate principal amount of 8.125% Senior Notes due 2019 (the "8.125% Senior Notes") under an indenture between Level 3 Escrow and The Bank of New York Mellon Trust Company, N.A., as trustee. The 8.125% Senior Notes were senior unsecured, unsubordinated obligations of Level 3 Escrow. The 8.125% Senior Notes are unconditionally guaranteed on an unsubordinated unsecured basis by Level 3 and Level 3 LLC. The 8.125% Senior Notes bear interest at a rate of 8.125% per annum, payable semiannually in arrears on January 1 and July 1 of each year. The 8.125% Senior Notes were priced to investors at 99.264% of their principal amount.

On July 28, 2011, Level 3 Escrow issued an additional \$600 million in aggregate principal amount of its 8.125% Senior Notes due 2019 under the same indenture as the 8.125% Senior Notes issued in June, which are treated under that indenture as a single series of notes. The new 8.125% Senior Notes due 2019 were priced to investors at 98.545% of their principal amount, plus accrued interest from June 9, 2011 when the original notes were issued, and will mature on July 1, 2019.

The gross proceeds from each offering together with cash on hand were deposited into a segregated escrow account, and were to remain in escrow until the date on which certain escrow conditions, including, but not limited to, the substantially concurrent consummation of the Global Crossing acquisition by Level 3 and the assumption of all obligations under the 8.125% Senior Notes and the related indenture by the Issuer (the "Notes Assumption") were satisfied. Prior to the Notes Assumption, the sole obligor of the 8.125% Senior Notes was Level 3 Escrow. On October 4, 2011, following the consummation of the Global Crossing acquisition by Level 3, the contribution of Level 3's shares in Level 3 GC Limited to the Issuer and the satisfaction of certain escrow conditions, the Issuer entered into a supplemental indenture, dated as of October 4, 2011, to the indenture governing the 8.125% Senior Notes with Parent and The Bank of New York Mellon Trust Company, N.A., as trustee, providing for the consummation of the Notes Assumption and the unconditional guarantee by Parent of the Issuer's obligations under the 8.125% Senior Notes and the related indenture. Upon and after the Notes Assumption, the 8.125% Senior Notes are fully and unconditionally guaranteed on an unsubordinated and unsecured basis by Level 3, and since March 22, 2012, by Level 3 LLC.

The Issuer may redeem the 8.125% Senior Notes, in whole or in part, at any time before July 1, 2015, at a redemption price equal to 100% of their principal amount, plus a make-whole premium and accrued and unpaid interest. Financing also may redeem the 8.125% Senior Notes, in whole or in part, at any time or from time to time on or after July 1, 2015. If a redemption occurs before July 1, 2017, the Issuer will pay a premium on the principal amount of the 8.125% Senior Notes redeemed. This premium decreases annually from approximately 4.063% for a redemption during the twelve month period beginning on July 1, 2015 to approximately 2.031% for a redemption during the twelve month period beginning on July 1, 2016. In addition, on or prior to July 1, 2014, the Issuer may redeem up to 35% of the 8.125% Senior Notes at a redemption price equal to 108.125% of the principal amount of the 8.125% Senior Notes so redeemed, plus in each case, accrued and unpaid interest thereon (if any) to the redemption date.

If an event treated as a change in control of Level 3 and/or the Issuer occurs, the Issuer will be obligated, subject to certain conditions, to offer to purchase all of the outstanding 8.125% Senior Notes at a purchase price of 101% of the principal amount, plus accrued and unpaid interest, if any.

The indenture relating to the 8.125% Senior Notes contains certain covenants, including, among others, covenants with respect to the following matters: (i) limitation on consolidated debt; (ii) limitation on debt of the Issuer and the Issuer restricted subsidiaries; (iii) limitation on restricted payments; (iv) limitation on dividend and other payment restrictions affecting restricted subsidiaries; (v) limitation on liens; (vi) limitation on sale and leaseback transactions; (vii) limitation on asset dispositions; (viii) limitation on issuance and sales of capital stock of restricted subsidiaries;

(ix) transactions with affiliates; (x) reports; (xi) limitation on designations of unrestricted subsidiaries; and (xii) in the case of Level 3, the Issuer and future guarantors of the notes, limitations on mergers, consolidations and sales of all or substantially all of the assets of such entities.

The holders of the 8.125% Senior Notes may force the Issuer to immediately repay the principal on the 8.125% Senior Notes, including interest to the acceleration date, if certain defaults exist under other indebtedness of Level 3 or any restricted subsidiary having an outstanding principal amount of at least \$25 million, which defaults result in the acceleration of such other indebtedness or constitute a failure to pay principal when due.

As of March 31, 2012, approximately \$1.2 billion aggregate principal amount of the 8.125% Senior Notes was outstanding.

Indebtedness of Level 3

15% Convertible Senior Notes due 2013

In December 2008, Level 3 issued \$400 million aggregate principal amount of 15% convertible senior notes due 2013 (the "Convertible 15% Notes") under an indenture between Level 3 and The Bank of New York Mellon, as trustee. The Convertible 15% Notes are senior unsecured obligations of Level 3. They rank equally in right of payment with all other existing and future senior unsecured indebtedness of Level 3. The Convertible 15% Notes bear interest at a rate of 15% per annum, payable semiannually in arrears on January 15 and July 15.

The Convertible 15% Notes are convertible into shares of Level 3 common stock, at the option of the holder, at any time prior to maturity, unless previously repurchased or redeemed, or unless Level 3 has caused the conversion rights to expire. The Convertible 15% Notes may be converted at the initial rate of 37.0370 (as adjusted for the 1-for-15 reverse stock split) shares of common stock per each \$1,000 principal amount of notes, subject to adjustment in certain circumstances. This is equivalent to a conversion price of approximately \$27.00 per share.

The Convertible 15% Notes will automatically convert if at any time prior to the maturity date of the notes, for at least 20 trading days within any period of 30 consecutive trading days, including the last trading day of that period, the current market price of common stock exceeds 222.2% of the prevailing conversion price then in effect.

Upon the occurrence of a designated event (a change of control or a termination of trading), holders of the Convertible 15% Notes will have the right, subject to certain exceptions and conditions, to require Level 3 to repurchase all or any part of the Convertible 15% Notes at a repurchase price equal to 100% of the principal amount of the Convertible 15% Notes, plus accrued and unpaid interest thereon (if any) to, but excluding, the designated event purchase date.

If an event treated as a change in control of Level 3 occurs, Level 3 will be obligated, subject to certain conditions, to offer to purchase all of the outstanding Convertible 15% Notes at a purchase price of 100% of the principal amount, plus a "make whole" premium, by increasing the conversion rate applicable to such Convertible 15% Notes.

In the event of a bankruptcy, liquidation or reorganization of Level 3, an acceleration of the Convertible 15% Notes due to an event of default under the indenture relating to the Convertible 15% Notes, and certain other events, the payment of the principal of, premium, if any, and interest on the Convertible 15% Notes will be subordinated in right of payment to the prior full and final payment in cash of all senior debt of Level 3.

As of March 31, 2012, approximately \$172 million aggregate principal amount of the Convertible 15% Notes was outstanding.

7% Convertible Senior Notes due 2015

On June 26, 2009, Level 3 issued \$200 million aggregate principal amount of 7% convertible senior notes due 2015 (the "2015 Convertible 7% Notes") under an indenture between Level 3 and The Bank of New York Mellon, as trustee. The 2015 Convertible 7% Notes are senior unsecured obligations of Level 3. They rank equally in right of payment with all other existing and future senior unsecured indebtedness of Level 3. The 2015 Convertible 7% Notes bear interest at a rate of 7% per annum, payable semiannually in arrears on March 15 and September 15.

The 2015 Convertible 7% Notes are convertible into shares of Level 3 common stock, at the option of the holder, at any time prior to maturity, unless previously repurchased or redeemed, or unless Level 3 has caused the conversion rights to expire. The 2015 Convertible 7% Notes may be converted at the initial rate of 37.0370 (as adjusted for the 1-for-15 reverse stock split) shares of common stock per each \$1,000 principal amount of notes, subject to adjustment in certain circumstances. This is equivalent to a conversion price of approximately \$27.00 per share.

Upon the occurrence of a designated event (a change of control or a termination of trading), holders of the 2015 Convertible 7% Notes will have the right, subject to certain exceptions and conditions, to require Level 3 to repurchase all or any part of the 2015 Convertible 7% Notes at a repurchase price equal to 100% of the principal amount of the 2015 Convertible 7% Notes, plus accrued and unpaid interest thereon (if any) to, but excluding, the designated event purchase date.

If an event treated as a change in control of Level 3 occurs, Level 3 will be obligated, subject to certain conditions, to offer to purchase all of the outstanding 2015 Convertible 7% Notes at a purchase price of 100% of the principal amount, plus a "make whole" premium, by increasing the conversion rate applicable to such 2015 Convertible 7% Notes.

As of March 31, 2012, approximately \$200 million aggregate principal amount of the 2015 Convertible 7% Notes was outstanding.

On October 15, 2009, Level 3 issued \$275 million aggregate principal amount of 7% convertible senior notes due 2015, Series B (the "Series B 2015 Convertible 7% Notes") under an indenture between Level 3 and The Bank of New York Mellon, as trustee. The Series B 2015 Convertible 7% Notes are substantially similar in all respects to the 2015 Convertible 7% Notes discussed above.

As of March 31, 2012, approximately \$275 million aggregate principal amount of the 2015 Convertible 7% Notes, Series B was outstanding.

6.5% Convertible Senior Notes due 2016

On September 20, 2010 and October 5, 2010, Level 3 issued \$175 million and \$26.25 million, respectively, aggregate principal amount of 6.5% convertible senior notes due 2016 (the "2016 Convertible 6.5% Notes") under an indenture between Level 3 and The Bank of New York Mellon, as trustee. The 2016 Convertible 6.5% Notes are senior unsecured obligations of Level 3. They rank equally in right of payment with all other existing and future senior unsecured indebtedness of Level 3. The 2016 Convertible 6.5% Notes bear interest at a rate of 6.5% per annum, payable semiannually in arrears on April 1 and October 1.

The 2016 Convertible 6.5% Notes are convertible into shares of Level 3 common stock, at the option of the holder, at any time prior to maturity, unless previously repurchased or redeemed, or unless Level 3 has caused the conversion rights to expire. The 2016 Convertible 6.5% Notes may be converted at the initial rate of 53.9811 (as adjusted for the 1-for-15 reverse stock split) shares of

common stock per each \$1,000 principal amount of notes, subject to adjustment in certain circumstances. This is equivalent to a conversion price of approximately \$18.53 per share.

Upon the occurrence of a designated event (a change of control or a termination of trading), holders of the 2016 Convertible 6.5% Notes will have the right, subject to certain exceptions and conditions, to require Level 3 to repurchase all or any part of the 2016 Convertible 6.5% Notes at a repurchase price equal to 100% of the principal amount of the 2016 Convertible 6.5% Notes, plus accrued and unpaid interest thereon (if any) to, but excluding, the designated event purchase date.

If an event treated as a change in control of Level 3 occurs, Level 3 will be obligated, subject to certain conditions, to offer to purchase all of the outstanding 2016 Convertible 6.5% Notes at a purchase price of 100% of the principal amount, plus a "make whole" premium, by increasing the conversion rate applicable to such 2016 Convertible 6.5% Notes.

As of March 31, 2012, approximately \$201 million aggregate principal amount of the 2016 Convertible 6.5% Notes was outstanding.

11.875% Senior Notes due 2019

On January 19, 2011, Level 3 issued \$305 million aggregate principal amount of its 11.875% Senior Notes due 2019 (the "11.875% Senior Notes") under an indenture between Level 3 and The Bank of New York Mellon Trust Company, N.A., as trustee. The 11.875% Senior Notes are unsecured and unsubordinated obligations of Level 3. They rank equally in right of payment with all other existing and future senior unsecured indebtedness of Level 3. The 11.875% Senior Notes bear an interest at a rate of 11.875% per annum, payable semiannually on April 1 and October 1 of each year.

On January 31, 2011, Level 3 issued an additional \$300 million aggregate principal amount of the 11.875% Senior Notes in exchange for \$295 million aggregate principal amount of Level 3's 9% Convertible Senior Discount Notes due 2013.

Level 3 may redeem the 11.875% Senior Notes, in whole or in part, at any time before February 1, 2015, at a redemption price equal to 100% of their principal amount, plus a make-whole premium and accrued and unpaid interest. Level 3 also may redeem the 11.875% Senior Notes, in whole or in part, on or after February 1, 2015. If a redemption occurs before February 1, 2017, Level 3 will pay a premium on principal amount of the 11.875% Senior Notes redeemed. The premium decreases annually from approximately 5.938% for a redemption during the twelve month period beginning February 1, 2015 to approximately 2.969% for a redemption during the twelve month period beginning on February 1, 2016. In addition, on or prior to February 1, 2014, Level 3 may redeem up to 35% of the 11.875% Senior Notes with the proceeds of certain equity offerings of Level 3 at a redemption price equal to 111.875% of the principal amount of the 11.875% Senior Notes so redeemed, plus accrued and unpaid interest thereon (if any) from the redemption date.

If an event treated as a change of control occurs, Level 3 will be obligated, subject to certain conditions, to offer to purchase all outstanding 11.875% Senior Notes at a purchase price of 101% of the principal amount, plus accrued and unpaid interest, if any.

The indenture relating to the 11.875% Senior Notes contains certain covenants, including, among others, covenants with respect to the following matters: (i) limitation on consolidated debt; (ii) limitation on debt of the Issuer and its restricted subsidiaries; (iii) limitation on restricted payments; (iv) limitation on dividend and other payment restrictions affecting restricted subsidiaries; (v) limitation on liens; (vi) limitation on sale and leaseback transactions; (vii) limitation on asset dispositions; (viii) limitation on issuance and sales of capital stock of restricted subsidiaries; (ix) transactions with affiliates; (x) future subsidiary guarantors and subsidiary liens; (xi) reports; (xii) limitation on designations of unrestricted subsidiaries; and (xiii) in the case of Level 3, limitations on mergers, consolidations and sales of certain assets.

Either the Trustee or the holders of at least 25% in aggregate principal amount of the outstanding 11.875% Senior Notes may accelerate the maturity of the 11.875% Senior Notes, including interest to the acceleration date, if certain defaults exist under the indebtedness of Level 3.

As of March 31, 2012, approximately \$605 million aggregate principal amount of the 11.875% Senior Notes was outstanding.

DESCRIPTION OF THE NOTES

General

The new notes, like the original notes, will be issued under an Indenture, dated as of January 13, 2012 (as supplemented, the "Indenture"), among Level 3 Communications, Inc. ("Parent"), Level 3 Financing, Inc. (the "Issuer") and The Bank of New York Mellon Trust Company, N.A., as trustee under the Indenture (the "Trustee"). Copies of the Indenture are available from the Issuer on request. For purposes of this Description of the Notes, the term "Issuer" refers only to Level 3 Financing, Inc. and not to any of its subsidiaries or its parent company, Level 3 Communications, Inc., and the term "Parent" refers only to Level 3 Communications, Inc. and not to any of its subsidiaries, in each case except for purposes of financial data determined on a consolidated basis. For purposes of this Description of the Notes, all references to the "Notes" shall be deemed to refer collectively to the original notes and the new notes.

The following summary of certain provisions of the Indenture does not purport to be complete and is subject to, and is qualified in its entirety by reference to, the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act"), and to all of the provisions of the Indenture, including the definitions of certain terms therein and those terms made a part of the Indenture by reference to the Trust Indenture Act, as in effect on the date of the Indenture. The definitions of certain capitalized terms used in the following summary are set forth below under "—Certain Definitions." We urge you to read the Indenture because it, and not this description, defines your rights as a holder of the Notes.

The Notes are unsubordinated unsecured obligations of the Issuer, ranking equal in right of payment with all existing and future unsecured indebtedness of the Issuer that is not expressly subordinated in right of payment to the Notes, and are senior in right of payment to all existing and future indebtedness of the Issuer that is expressly subordinated in right of payment to the Notes. The Notes, however, are effectively subordinated to the Issuer's existing and future secured obligations, including secured obligations under existing and future credit facilities, receivables, purchase money indebtedness, capitalized leases and certain other arrangements, to the extent of the value of the collateral securing such obligations. Additionally, the Notes are effectively subordinated to all liabilities, including trade payables, of the Issuer's subsidiaries that are not Guarantors. As of March 31, 2012, the Issuer (excluding its subsidiaries) had \$6.840 billion of indebtedness outstanding (excluding discounts and fair value adjustments), of which \$2.600 billion was secured indebtedness and all of which was guaranteed by Parent and, on an as adjusted basis, Level 3 LLC.

For a summary of certain risks relating to an investment in the Notes, see "Risk Factors."

Note Guarantees

The Issuer's obligations under the Indenture, including the repurchase obligation resulting from a Change of Control Triggering Event, are fully and unconditionally guaranteed, jointly and severally, on an unsubordinated unsecured basis by Parent and Level 3 LLC and will be fully and unconditionally guaranteed, jointly and severally, on an unsubordinated unsecured basis by each Restricted Subsidiary that becomes a Guarantor pursuant to the terms of the Indenture. A Restricted Subsidiary will only be required to become a Guarantor if it incurs specified types of Debt or provides a Guarantee of the 2015 Floating Rate Notes, the 8.75% Senior Notes due 2017, the 10% Senior Notes due 2018, the 9.375% Senior Notes due 2019 or the 8.125% Senior Notes due 2019. Each Note Guarantee will be a general unsecured obligation of the Guarantor, will be effectively subordinated to any existing or future secured Debt of the Guarantor, to the extent of the value of the assets securing such Debt, will be senior in right of payment to any existing or future Debt of the Guarantor that is expressly subordinated in right of payment to the Note Guarantee, and will be equal in right of payment with any existing or future unsecured Debt of the Guarantor that is not expressly subordinated in right of payment to the Note Guarantee, including any Guarantee of the 2015 Floating Rate Notes, the 8.75%

Senior Notes due 2017, the 10% Senior Notes due 2018, the 9.375% Senior Notes due 2019 or the 8.125% Senior Notes due 2019. As further described in the fourth succeeding paragraph, the Note Guarantee of a Restricted Subsidiary may be subordinated in the future to any guarantee of any Qualified Credit Facility issued by such Restricted Subsidiary, including the Existing Credit Facility. As of March 31, 2012, Parent (excluding its subsidiaries and guarantees) had approximately \$1.453 billion of indebtedness outstanding, none of which constituted secured indebtedness or subordinated indebtedness.

As of March 31, 2012, the Issuer and its subsidiaries in the aggregate had approximately \$7.049 billion of indebtedness (excluding intercompany balances and discounts and fair value adjustments) outstanding, approximately \$2.809 billion of which constituted secured indebtedness and none of which constituted subordinated indebtedness (excluding intercompany balances). All such indebtedness of the Issuer is, on an as adjusted basis, guaranteed by Level 3 LLC. Under the circumstances described below under "—Certain Covenants—Limitation on Designations of Unrestricted Subsidiaries," Parent will be permitted to designate certain of its subsidiaries as "Unrestricted Subsidiaries." The Unrestricted Subsidiaries will not be subject to any of the restrictive covenants in the Indenture. The Unrestricted Subsidiaries will not guarantee the Notes.

If any Guarantor makes payments under its Note Guarantee, each of the Issuer and the other Guarantors must contribute their share of such payments. The Issuer's and the other Guarantors' shares of such payments will be computed based on the proportion that the net worth of the Issuer or the relevant Guarantor represents relative to the aggregate net worth of the Issuer and all the Guarantors combined.

The Note Guarantee of a Guarantor (other than Parent) will be released (a) in connection with any sale or other disposition of all or substantially all of the assets of that Guarantor (including by way of merger or consolidation) to a Person that is not (either before or after giving effect to such transaction) Parent or a Restricted Subsidiary, if the sale or other disposition of all or substantially all of the assets of that Guarantor complies with the covenant described under "—Certain Covenants—Limitation on Asset Dispositions" (or Parent certifies in an Officers' Certificate to the Trustee that it will comply with the requirements of such covenant relating to application of the proceeds of such sale or disposition), (b) in connection with any sale of all of the Capital Stock of a Guarantor (other than Parent) to a Person that is not (either before or after giving effect to such transaction) Parent or a Restricted Subsidiary, if the sale of all such Capital Stock of that Guarantor complies with the covenant described under "—Certain Covenants—Limitation on Asset Dispositions" (or Parent certifies in an Officers' Certificate to the Trustee that it will comply with the requirements of such covenant relating to application of the proceeds of such sale or disposition), (c) if Parent properly designates any Restricted Subsidiary that is a Guarantor as an Unrestricted Subsidiary pursuant to the covenant described under "—Certain Covenants—Limitation on Designations of Unrestricted Subsidiaries" or (d) if the Issuer exercises the legal defeasance option or covenant defeasance option as described under "—Satisfaction and Discharge of the Indenture; Defeasance."

The Issuer, the Guarantors and the Trustee may, without notice to or consent of any holders of Notes, enter into one or more indentures supplemental to the Indenture, or amend any indenture supplemental to the Indenture entered into by the Issuer, such Guarantor and the Trustee for the purpose of adding an additional Note Guarantee pursuant to the covenants described under "—Certain Covenants—Limitation on Consolidated Debt," "—Certain Covenants—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries" or "—Certain Covenants—Limitation on Actions with respect to Existing Intercompany Obligations," to provide that the payment obligation on a Note Guarantee of a Guarantor (other than Parent or any Sister Restricted Subsidiary) be expressly subordinated in any bankruptcy, liquidation or winding up proceeding of such Guarantor to the prior payment in full in cash of all obligations of such Guarantor under any Guarantee of, or obligation as borrower under, any Qualified Credit Facility (which term includes various types of Debt, including secured notes) Incurred

by Parent or a Restricted Subsidiary in accordance with clause (ii) of paragraph (b) of the covenant described under "—Certain Covenants—Limitation on Consolidated Debt" or clause (ii) of paragraph (b) of the covenant described under "—Certain Covenants—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries;" *provided, however*, that (x) the terms of the subordination of a Note Guarantee to any such Guarantee of, or obligation as borrower under, a Qualified Credit Facility may not eliminate or otherwise adversely affect the subordination of the payment obligation on any other Debt of such Guarantor to the payment obligation of the Note Guarantee of such Guarantor and (y) any Guarantee (other than a Guarantee of such Qualified Credit Facility) by such Guarantor of the 2015 Floating Rate Notes, the 8.75% Senior Notes due 2017, the 10% Senior Notes due 2018, the 9.375% Senior Notes due 2019, the 8.125% Senior Notes due 2019 or any other Debt of Parent or any Sister Restricted Subsidiary also shall be expressly subordinated in any bankruptcy, liquidation or winding up proceeding of such Guarantor to the prior payment in full in cash of all obligations of such Guarantor under its Guarantee of such Qualified Credit Facility to at least the same extent and on the same terms and conditions as the subordination provisions applicable to such Guarantor's Note Guarantee. Level 3 LLC's Guarantee of the 2015 Floating Rate Notes, the 8.75% Senior Notes due 2017, the 10% Senior Notes due 2018, the 9.375% Senior Notes due 2019, the 8.125% Senior Notes due 2019 and the Notes is subordinated to Level 3 LLC's Guarantee of the Existing Credit Facility. Concurrently with the closing of the initial offering, the Issuer entered into a subordination agreement in accordance with the foregoing provisions subordinating Level 3 LLC's payment obligations on the Offering Proceeds Note to Level 3 LLC's payment obligations in respect of the Loan Proceeds Note in any bankruptcy, liquidation or winding up proceeding of Level 3 LLC.

The Issuer is a holding company with no material assets other than the stock of its subsidiaries, a loan proceeds note related to the Existing Credit Facility, the 2015 Floating Rate Proceeds Note, the 8.75% Proceeds Note, the 10% Proceeds Note, the 9.375% Proceeds Note, the 8.125% Proceeds Note and the Offering Proceeds Note. Accordingly, the Issuer will depend upon dividends, loans or other distributions from its subsidiaries, or capital contributions from Parent, to generate the funds necessary to meet its financial obligations, including its obligations to pay you as a holder of the Notes. The Issuer's subsidiaries may not generate earnings sufficient to enable it to meet its payment obligations. The Issuer's subsidiaries are legally distinct from it and, unless they guarantee the Notes, have no obligation to pay amounts due on the Issuer's debt or to make funds available to it for such payment. Similarly, Parent is a holding company with no material assets other than the stock of its subsidiaries. Accordingly, Parent depends upon dividends, loans or other distributions from its subsidiaries, including the Issuer, to generate the funds necessary to meet its financial obligations, including its obligations as a Guarantor. Future debt of certain of the Issuer's subsidiaries may prohibit the payment of dividends or the making of loans or advances to Parent or the Issuer. In addition, the ability of such subsidiaries to make such payments, loans or advances is limited by the laws of the relevant states in which such subsidiaries are organized or located. In certain circumstances, the prior or subsequent approval of such payments, loans or advances is required from applicable regulatory bodies or other governmental entities. To the extent the Issuer cannot access the cash flow of its subsidiaries, and Parent is unable to access the cash flow of its subsidiaries, including the Issuer, the Issuer may not have access to sufficient cash to repay the Notes, and Parent may not have sufficient cash to comply with its guarantee obligations on the Notes. Holders of any preferred stock of any of the Issuer's subsidiaries that are not Guarantors and creditors, including trade creditors and other subsidiaries of Parent that have made intercompany loans to the Issuer's subsidiaries, of any of those subsidiaries have and will have claims relating to the assets of that subsidiary that are senior to the Notes. That is, the Notes are structurally subordinated to the debt, preferred stock and other obligations of the Issuer's subsidiaries that are not Guarantors. All of the Issuer's existing debt is guaranteed by Level 3 LLC. See "Risk Factors—Risks Relating to the Notes—The Issuer's subsidiaries must make payments to the Issuer in order for the Issuer to make payments on the notes, and Parent's subsidiaries must make payments to Parent in order for Parent to make payment on its obligations as a guarantor of the notes" and

"Risk Factors—Risks Relating to the Notes—Because the notes are structurally subordinated to the obligations of the Issuer's subsidiaries, you may not be fully repaid if the Issuer becomes insolvent."

Principal, Maturity and Interest

In the exchange offer, the Issuer is issuing up to \$900,000,000 aggregate principal amount of the 8.625% Senior Notes due 2020 (the "New Notes") in exchange for the original notes issued under the Indenture. Subject to compliance with the covenant described under "—Certain Covenants—Debt of the Issuer and Issuer Restricted Subsidiaries," the Issuer can issue an unlimited amount of additional Notes at later dates under the Indenture. The Issuer can issue additional Notes as part of the same series or as an additional series. Any additional Notes that the Issuer issues in the future will be identical in all respects to the Notes that the Issuer is issuing now in the exchange offer, except that Notes issued in the future may have different issuance prices and issuance dates.

The Notes will mature on July 15, 2020. Interest on the Notes will accrue at the rate of 8.625% per annum from the Issue Date, or from the most recent date to which interest has been paid, and will be payable in cash semiannually in arrears on January 15 and July 15, commencing July 15, 2012, to the persons who are registered holders of the Notes at the close of business on the preceding January 1 or July 1, as the case may be. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Payment. Principal of, premium, if any, and interest on the Notes will be payable, and the Notes may be exchanged or transferred, at the office or agency of the Issuer, which, unless otherwise provided by the Issuer, will be the offices of the Trustee. At the option of the Issuer, interest may be paid by check mailed to the registered holders at their registered addresses. The Notes will be issued without coupons and in fully registered form only, in minimum denominations of \$1,000 and integral multiples thereof. The Notes will be issued only against payment in immediately available funds. No service charge will be made for any registration of transfer or exchange of the Notes, but the Issuer may require payment of a sum sufficient to cover any transfer tax or other similar governmental charge payable in connection therewith.

The applicable interest rate on the original notes is subject to increase in the circumstances (such additional interest being referred to as "Special Interest") described under "The Exchange Offer." All references herein to interest on the original notes shall include such Special Interest, if appropriate.

Optional Redemption

At any time prior to January 15, 2016, the Issuer may redeem all or a part of the Notes, upon not less than 30 nor more than 60 days' prior notice, at a redemption price equal to 100% of the principal amount of the Notes so redeemed plus the Applicable Premium as of, and accrued and unpaid interest thereon (if any) to, but not including, the redemption date (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant Interest Payment Date).

"Applicable Premium" means, with respect to any Note on any redemption date, the greater of (1) 1.0% of the principal amount of such Note and (2) the excess, if any, of (a) the present value at such redemption date of (i) the redemption price of such Note at January 15, 2016 (such redemption price being set forth in the table appearing below), plus (ii) all required interest payments due on such Note through January 15, 2016 (excluding accrued but unpaid interest to the redemption date), computed using a discount rate equal to the Treasury Rate as of such redemption date plus 50 basis points, over (b) the principal amount of such Note.

"Treasury Rate" means, as of any redemption date, the yield to maturity as of such redemption date of United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15 (519) that has become publicly available at least

two Business Days prior to such redemption date (or, if such Statistical Release is no longer published, any publicly available source of similar market data)) most nearly equal to the period from the redemption date to January 15, 2016; *provided, however*, that if the period from the redemption date to January 15, 2016 is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year will be used.

On and after January 15, 2016, the Issuer may redeem all or a part of the Notes, upon not less than 30 nor more than 60 days' prior notice, at the redemption prices set forth below (expressed as a percentage of principal amount), plus accrued and unpaid interest thereon (if any) to, but not including, the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date), if redeemed during the twelve months beginning January 15, of the years indicated below:

<u>Year</u>	<u>Redemption Price</u>
2016	104.313%
2017	102.156%
2018 and thereafter	100.000%

In addition, at any time or from time to time on or prior to January 15, 2015, the Issuer may redeem up to 35% of the original aggregate principal amount of the Notes (including any additional Notes) at a redemption price equal to 108.625% of the principal amount of the Notes so redeemed, plus accrued and unpaid interest thereon (if any) to the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date), with the net cash proceeds contributed to the capital of the Issuer of one or more private placements to Persons other than Affiliates of Parent or underwritten public offerings of Common Stock of Parent resulting, in each case, in gross proceeds of at least \$100 million in the aggregate; *provided, however*, that at least 65% of the original aggregate principal amount of the Notes (including any additional Notes) would remain outstanding immediately after giving effect to such redemption. Any such redemption shall be made within 90 days of such private placement or public offering upon not less than 30 nor more than 60 days' prior notice.

Mandatory Redemption

The Issuer is not required to make any mandatory redemption or sinking fund payments with respect to the Notes. However, under certain circumstances, the Issuer may be required to Offer to Purchase Notes as described under "—Certain Covenants—Change of Control Triggering Event," "—Certain Covenants—Limitation on Asset Dispositions" and "—Certain Covenants—Limitation on Actions with Respect to Existing Intercompany Obligations." The Issuer may from time to time purchase Notes in the open market or otherwise.

Subordination of Existing Intercompany Obligations

The Issuer lent the net proceeds of the issuance of the original notes, together with cash on hand, to Level 3 LLC, in return for an intercompany demand note (the "Offering Proceeds Note") from Level 3 LLC in an equal principal amount. The Offering Proceeds Note was pledged by the Issuer to secure its obligations under the Existing Credit Facility. Level 3 LLC is the obligor on (1) an existing intercompany demand note (the "Parent Intercompany Note") to Parent to evidence loans from Parent to Level 3 LLC, (2) an existing intercompany demand note (the "2015 Floating Rate Proceeds Note") to the Issuer to evidence a loan made by the Issuer to Level 3 LLC in an aggregate principal amount of \$300 million, representing the gross proceeds to the Issuer from the issuance of the 2015 Floating Rate Notes, (3) an existing intercompany demand note (the "8.75% Proceeds Note") to the Issuer to evidence a loan made by the Issuer to Level 3 LLC in an aggregate principal amount of \$700 million, representing the gross proceeds to the Issuer from the issuance of the 8.75% Senior Notes due 2017,

(4) an existing intercompany demand note (the "10% Proceeds Note") to the Issuer to evidence a loan made by the Issuer to Level 3 LLC in an aggregate principal amount of \$640 million, representing the gross proceeds to the Issuer from the issuance of the 10% Senior Notes due 2018, (5) an existing intercompany demand note (the "9.375% Proceeds Note") to the Issuer to evidence a loan made by the Issuer to Level 3 LLC in an aggregate principal amount of \$500 million, representing the gross proceeds to the Issuer from the issuance of the 9.375% Senior Notes due 2019 and (6) an existing intercompany demand note (the "8.125% Proceeds Note") to the Issuer to evidence a loan made by the Issuer to Level 3 LLC in an aggregate principal amount of \$1.20 billion, representing the gross proceeds to the Issuer from the issuance of the 8.125% Senior Notes due 2019. As of March 31, 2012, the outstanding principal amount of the Parent Intercompany Note was approximately \$23.3 billion, the principal amount outstanding under the 2015 Floating Rate Proceeds Note was \$300 million, the principal amount outstanding under the 8.75% Proceeds Note was \$700 million, the principal amount outstanding under the 10% Proceeds Note was \$640 million, the principal amount outstanding under the 9.375% Proceeds Note was \$500 million, the principal amount outstanding under the 8.125% Proceeds Note was \$1.20 billion, and the principal amount outstanding under the Offering Proceeds Note was \$900 million. On March 13, 2007, Parent, as guarantor, the Issuer, as borrower, Merrill Lynch Capital Corporation, as administrative agent and collateral agent, and certain lenders entered into the Existing Credit Facility pursuant to which the lenders extended a \$1.40 billion senior secured term loan to the Issuer. The Issuer lent the proceeds of the term loan to Level 3 LLC in return for an intercompany demand note issued by Level 3 LLC (the "Loan Proceeds Note"). On April 16, 2009, the parties thereto amended and restated the Existing Credit Facility to increase the borrowings thereunder through the creation of the \$220 million Tranche B Term Loans, increased by \$60 million to \$280 million by amendment on May 15, 2009, that matures on March 13, 2014. The Issuer lent the net proceeds of the Tranche B Term Loans, together with cash on hand, to Level 3 LLC and the Loan Proceeds Note was amended and restated to increase the principal amount by \$280 million. On October 4, 2011, the parties thereto amended and restated the Existing Credit Facility to increase the borrowings thereunder through the creation of the \$650 million Tranche B II Term Loans. The Issuer lent the net proceeds of the Tranche B II Term Loans, together with cash on hand, to Level 3 LLC and the Loan Proceeds Note was amended and restated to increase the principal amount by \$650 million. On November 10, 2011, the parties thereto amended and restated the Existing Credit Facility to increase the net aggregate borrowings thereunder by \$270 million through the creation of the \$550 million Tranche B III Term Loans. The Issuer lent the net proceeds of the Tranche B III Term Loans, together with cash on hand, to Level 3 LLC and the Loan Proceeds Note was amended and restated to increase the net principal amount by \$270 million. On November 10, 2011, a portion of the net proceeds of the Tranche B III Term Loans was used for the pre-payment in full of the Tranche B Term Loans in aggregate principal amount of \$280 million. The Issuer's obligations under the Existing Credit Facility are secured by the Parent Intercompany Note, the 2015 Floating Rate Proceeds Note, the 8.75% Proceeds Note, the 10% Proceeds Note, the 9.375% Proceeds Note, the 8.125% Proceeds Note and the Offering Proceeds Note. Each of the 2015 Floating Rate Proceeds Note, the 8.75% Proceeds Note, the 10% Proceeds Note, the 9.375% Proceeds Note, the 8.125% Proceeds Note and the Offering Proceeds Note was subordinated to the Loan Proceeds Note pursuant to separate subordination agreements by and among the Issuer, Parent and Level 3 LLC. As of March 31, 2012, the principal amount outstanding under the Loan Proceeds Note was \$2.600 billion. Parent and the Issuer have entered into a subordination agreement (the "Subordination Agreement") that provides that upon a total or partial liquidation, dissolution or winding up of Level 3 LLC or in a bankruptcy, reorganization, insolvency, receivership or similar proceeding relating to Level 3 LLC or its Property, (a) the Issuer will be entitled to receive payment in full in cash of the Offering Proceeds Note before Level 3 LLC may make any payment of principal of or interest on the Parent Intercompany Note to Parent, and (b) until the Offering Proceeds Note is paid in full in cash, any distribution to which Parent would be entitled but for the Subordination Agreement will be made to the Issuer as its interests may appear. If a distribution is made to Parent that because of the Subordination Agreement should not

have been made to Parent, Parent shall hold such distribution in trust for the Issuer and pay it over to the Issuer as the Issuer's interests may appear. No right of the Issuer to enforce the subordination of the Offering Proceeds Note shall be impaired by any act or failure to act by the Issuer or by its failure to comply with the Subordination Agreement. Parent, the Issuer and Level 3 LLC will be restricted from taking certain actions with respect to the Offering Proceeds Note, the Parent Intercompany Note and the Subordination Agreement as set forth in the covenant described below under "—Certain Covenants—Limitation on Actions with respect to Existing Intercompany Obligations." The Parent Intercompany Note is subordinated on the same terms to the 2015 Floating Rate Proceeds Note, the 8.75% Proceeds Note, the 10% Proceeds Note, the 9.375% Proceeds Note and the 8.125% Proceeds Note as the Parent Intercompany Note is subordinated to the Offering Proceeds Note. In addition, the Issuer and Level 3 LLC have entered into an offering proceeds note subordination agreement that subordinates the right of the Issuer to payment under the Offering Proceeds Note to the right of the Issuer (in its capacity as borrower under the Existing Credit Facility) to payment under the Loan Proceeds Note upon the liquidation, dissolution or winding up of Level 3 LLC or in a bankruptcy, reorganization, insolvency, receivership or similar proceeding relating to Level 3 LLC or its property. The 2015 Floating Rate Proceeds Note, the 8.75% Proceeds Note, the 10% Proceeds Note, the 9.375% Proceeds Note and the 8.125% Proceeds Note are subordinated on the same terms to the Loan Proceeds Note as the Offering Proceeds Note is subordinated to the Loan Proceeds Note. Accordingly, the right of the Issuer to payment under the Offering Proceeds Note is *pari passu* to the right of the Issuer to payment under the 2015 Floating Rate Proceeds Note, the 8.75% Proceeds Note, the 10% Proceeds Note, the 9.375% Proceeds Note and the 8.125% Proceeds Note.

As a condition to Incurring specified types of Debt pursuant to the covenants described below under "—Certain Covenants—Limitation on Consolidated Debt," "—Certain Covenants—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries" and "—Certain Covenants—Limitation on Actions with respect to Existing Intercompany Obligations," Restricted Subsidiaries will be required to guarantee (an "Offering Proceeds Note Guarantee") Level 3 LLC's obligations under the Offering Proceeds Note and, in certain circumstances, subordinate the Debt that is Incurred to such Offering Proceeds Note Guarantee.

The Offering Proceeds Note Guarantee of an Offering Proceeds Note Guarantor will be released (a) in connection with any sale or other disposition of all or substantially all of the assets of that Offering Proceeds Note Guarantor (including by way of merger or consolidation) to a Person that is not (either before or after giving effect to such transaction) Parent or a Restricted Subsidiary, if the sale or other disposition of all or substantially all of the assets of that Offering Proceeds Note Guarantor complies with the covenant described under "—Certain Covenants—Limitation on Asset Dispositions" (or Parent certifies in an Officers' Certificate to the Trustee that it will comply with the requirements of such covenant relating to application of the proceeds of such sale or disposition), (b) in connection with any sale of all of the Capital Stock of an Offering Proceeds Note Guarantor to a Person that is not (either before or after giving effect to such transaction) Parent or a Restricted Subsidiary, if the sale of all such Capital Stock of that Offering Proceeds Note Guarantor complies with the covenant described under "—Certain Covenants—Limitation on Asset Dispositions" (or Parent certifies in an Officers' Certificate to the Trustee that it will comply with the requirements of such covenant relating to application of the proceeds of such sale or disposition), (c) if Parent properly designates any Restricted Subsidiary that is an Offering Proceeds Note Guarantor as an Unrestricted Subsidiary pursuant to the covenant described under "—Certain Covenants—Limitation on Designations of Unrestricted Subsidiaries" or (d) if the Issuer exercises the legal defeasance option or covenant defeasance option as described under "—Satisfaction and Discharge of the Indenture; Defeasance."

An Offering Proceeds Note Guarantor and Level 3 LLC may enter into an agreement or arrangement that provides that the payment obligation on an Offering Proceeds Note Guarantee (and

in the case of Level 3 LLC, on the Offering Proceeds Note) of an Offering Proceeds Note Guarantor (other than Parent or any Sister Restricted Subsidiary) be expressly subordinated in any bankruptcy, liquidation or winding up proceeding of such Offering Proceeds Note Guarantor to the prior payment in full in cash of all obligations of such Offering Proceeds Note Guarantor or Level 3 LLC, as applicable, under any Guarantee of, or obligation as borrower under, any Qualified Credit Facility Incurred by Parent or a Restricted Subsidiary in accordance with clause (ii) of paragraph (b) of the covenant described under "—Certain Covenants—Limitation on Consolidated Debt" or clause (ii) of paragraph (b) of the covenant described under "—Certain Covenants—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries;" *provided, however*, that (x) the terms of the subordination of an Offering Proceeds Note Guarantee, or in the case of Level 3 LLC, the Offering Proceeds Note, to any such Guarantee of or obligation as borrower under a Qualified Credit Facility may not eliminate or otherwise adversely affect the subordination of the payment obligation on any other Debt of such Offering Proceeds Note Guarantor or Level 3 LLC, as applicable, to the payment obligation of the Offering Proceeds Note Guarantee of such Offering Proceeds Note Guarantor, or in the case of Level 3 LLC, the Offering Proceeds Note, and (y) any Guarantee (other than a Guarantee of such Qualified Credit Facility) by such Offering Proceeds Note Guarantor or Level 3 LLC, as applicable, of the 2015 Floating Rate Notes, the 8.75% Senior Notes due 2017, the 10% Senior Notes due 2018, the 9.375% Senior Notes due 2019, the 8.125% Senior Notes due 2019 or any other Debt of Parent or any Sister Restricted Subsidiary also shall be expressly subordinated in any bankruptcy, liquidation or winding up proceeding of such Offering Proceeds Note Guarantor or Level 3 LLC, as applicable, to the prior payment in full in cash of all obligations of such Offering Proceeds Note Guarantor or Level 3 LLC, as applicable, under its Guarantee of such Qualified Credit Facility to at least the same extent and on the same terms and conditions as the subordination provisions applicable to such Offering Proceeds Note Guarantor's Offering Proceeds Note Guarantee or Level 3 LLC's obligation on the Offering Proceeds Note.

Certain Covenants

Covenant Suspension. Set forth below are summaries of certain covenants contained in the Indenture. During any period of time (any such period, a "Suspension Period") that (i) the ratings assigned to the Notes by both of the Rating Agencies are Investment Grade Ratings and (ii) no Default or Event of Default has occurred and is continuing under the Indenture, Parent and the Restricted Subsidiaries will not be subject to the following covenants of the Indenture described below under "—Limitation on Consolidated Debt," "—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries," "—Limitation on Restricted Payments," "—Limitation on Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries," clause (i)(a) of "—Limitation on Sale and Leaseback Transactions," "—Limitation on Asset Dispositions," "—Limitation on Issuance and Sales of Capital Stock of Restricted Subsidiaries" (other than the first two sentences thereof), "—Transactions with Affiliates," clause (b) of "—Limitation on Designations of Unrestricted Subsidiaries," and clause (c) of the first and second paragraphs of "—Mergers, Consolidations and Certain Sales of Assets" (collectively, the "Suspended Covenants"). In the event that Parent and the Restricted Subsidiaries are not subject to the Suspended Covenants for any period of time as a result of the preceding sentence and, on any subsequent date (the "Reversion Date"), one or both of the Rating Agencies withdraws its ratings or downgrades the ratings assigned to the Notes below the required Investment Grade Ratings or a Default or Event of Default occurs and is continuing, then Parent and the Restricted Subsidiaries will thereafter again be subject to the Suspended Covenants and calculations of the amount available to be made as Restricted Payments under the covenant described under "—Limitation on Restricted Payments" will be made as though the covenant described under "—Limitation on Restricted Payments" had been in effect during the entire period of time from the Measurement Date. On the Reversion Date, all Debt Incurred during the Suspension Period will be classified to have been Incurred pursuant to paragraph (a) or one of the clauses set forth in paragraph (b) of the covenant

described under "—Limitation on Consolidated Debt" or paragraph (a) or one of the clauses set forth in paragraph (b) of the covenant described under "—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries" (in each case to the extent such Debt would be permitted to be Incurred thereunder as of the Reversion Date and after giving effect to Debt Incurred prior to the Suspension Period and outstanding on the Reversion Date). To the extent such Debt would not be permitted to be Incurred pursuant to paragraph (a) or one of the clauses set forth in paragraph (b) of the covenant described under "—Limitation on Consolidated Debt" or paragraph (a) or one of the clauses set forth in paragraph (b) of the covenant described under "—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries," such Debt will be deemed to have been outstanding on the Measurement Date, so that it is classified as permitted under clause (v) of paragraph (b) of the covenant described under "—Limitation on Consolidated Debt" or clause (iii) of paragraph (b) of the covenant described under "—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries." If the Incurrence of any Debt by a Restricted Subsidiary during the Suspension Period would have been prohibited or conditioned upon such Restricted Subsidiary entering into a Note Guarantee and an Offering Proceeds Note Guarantee had the covenants described under "—Limitation on Consolidated Debt" and "—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries" been in effect at the time of such Incurrence, such Restricted Subsidiary shall enter into a Note Guarantee and an Offering Proceeds Note Guarantee that are senior to or rank equal with such Debt within ten days after the Reversion Date. For purposes of determining compliance with the covenant described under "—Limitation on Asset Dispositions," on the Reversion Date, the Net Available Proceeds from all Asset Sales not applied in accordance with the covenant will be deemed to be reset to zero. Notwithstanding the foregoing, neither (a) the continued existence, after the date of such withdrawal or downgrade, of facts and circumstances or obligations that were Incurred or otherwise came into existence during a Suspension Period nor (b) the performance of any such obligations, shall constitute a breach of any covenant set forth in the Indenture or cause a Default or Event of Default thereunder; *provided, however*, that (1) Parent and its Restricted Subsidiaries did not Incur or otherwise cause such facts and circumstances or obligations to exist in anticipation of a withdrawal or downgrade below investment grade, (2) Parent reasonably believed that such Incurrence or actions would not result in such a withdrawal or downgrade and (3) if so required each Restricted Subsidiary shall have entered into a Note Guarantee and an Offering Proceeds Note Guarantee within the specified time period. For purposes of clauses (1) and (2) in the preceding sentence, anticipation and reasonable belief may be determined by Parent and shall be conclusively evidenced by a board resolution to such effect adopted in good faith by the board of directors of Parent. In reaching their determination, the board of directors may, but need not, consult with the Rating Agencies.

The Indenture contains, among others, the following covenants:

Limitation on Consolidated Debt. (a) Parent may not, and may not permit any Restricted Subsidiary (other than to the extent permitted by paragraph (b) of the covenant described under "—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries") to, directly or indirectly, Incur any Debt; *provided, however*, that Parent or any Restricted Subsidiary (subject, in the case of the Issuer and any Issuer Restricted Subsidiary, to the covenant described under "—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries") may Incur any Debt if, after giving pro forma effect to such Incurrence and the receipt and application of the net proceeds thereof, no Default or Event of Default would occur as a consequence of such Incurrence or be continuing following such Incurrence and either (i) the ratio of (A) the aggregate consolidated principal amount (or, in the case of Debt issued at a discount, the then-Accreted Value) of Debt of Parent and its Restricted Subsidiaries outstanding as of the most recent available quarterly or annual balance sheet, after giving pro forma effect to the Incurrence of such Debt and any other Debt Incurred or repaid since such balance sheet date and the receipt and application of the net proceeds thereof, to (B) Pro Forma Consolidated Cash Flow Available for Fixed Charges for Parent and its Restricted Subsidiaries for the four full fiscal quarters next preceding the Incurrence of such Debt for which consolidated financial statements are available,

would be less than 5.0 to 1.0, or (ii) Parent's Consolidated Capital Ratio as of the most recent available quarterly or annual balance sheet, after giving pro forma effect to (x) the Incurrence of such Debt and any other Debt Incurred or repaid since such balance sheet date, (y) the issuance of any Capital Stock (other than Disqualified Stock) of Parent since such balance sheet date, including the issuance of any Capital Stock to be issued concurrently with the Incurrence of such Debt, and (z) the receipt and application of the net proceeds of such Debt or Capital Stock, as the case may be, is less than 2.25 to 1.0.

- (b) Notwithstanding the foregoing limitation, Parent or any Restricted Subsidiary (other than the Issuer or any Issuer Restricted Subsidiary, except to the extent permitted by the covenant described under "—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries") may Incur any and all of the following (each of which shall be given independent effect):
 - (i) Debt under the Notes issued on the Issue Date (including any New Notes issued in exchange therefor), any Note Guarantee in respect of the Notes issued on the Issue Date or any Offering Proceeds Note Guarantee in respect of the Offering Proceeds Note;
 - (ii) Debt under Credit Facilities in an aggregate principal amount outstanding or available (together with the sum of (A) the amount of any outstanding Debt Incurred pursuant to clause (ii) of paragraph (b) of the covenant described under "—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries," plus (B) the amount of all refinancing Debt outstanding or available pursuant to clause (vi) of paragraph (b) of the covenant described under "—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries" in respect of Debt previously Incurred pursuant to clause (ii) of paragraph (b) of the covenant described under "—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries," plus (C) the amount of all refinancing Debt outstanding or available pursuant to clause (viii) below in respect of Debt previously Incurred pursuant to this clause (ii)) at any one time not to exceed the greater of (x) \$2.600 billion and (y) 2.00 times Pro Forma Consolidated Cash Flow Available for Fixed Charges of Parent and its Restricted Subsidiaries for the four full fiscal quarters next preceding the Incurrence of such Debt for which consolidated financial statements are available, which amount shall be permanently reduced by the amount of Net Available Proceeds used to repay Debt under the Credit Facilities or any refinancing Debt in respect of the Credit Facilities Incurred pursuant to clause (vi) of paragraph (b) of the covenant described under "—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries" or clause (viii) below, and not reinvested in Telecommunications/IS Assets or used to purchase Notes or repay other Debt, pursuant to and as permitted by the covenant described under "—Limitation on Asset Dispositions;"
 - (iii) Purchase Money Debt; *provided, however*, that the amount of such Purchase Money Debt does not exceed 100% of the cost of the construction, installation, acquisition, lease, development or improvement of the applicable Telecommunications/IS Assets;
 - (iv) Subordinated Debt of Parent; *provided, however*, that the aggregate principal amount (or, in the case of Debt issued at a discount, the Accreted Value) of such Debt, together with any other outstanding Debt Incurred pursuant to this clause (iv), shall not exceed \$500 million at any one time (which amount shall be permanently reduced by the amount of Net Available Proceeds used to repay Subordinated Debt of Parent, and not reinvested in Telecommunications/IS Assets or used to purchase Notes or repay other Debt, pursuant to and as permitted by the covenant described under "—Limitation on Asset Dispositions"), except to the extent such Debt in excess of \$500 million (A) is subordinated to all other Debt of Parent other than Debt Incurred pursuant to this clause (iv) in excess of such \$500 million limitation, (B) does not provide for the payment

of cash interest on such Debt prior to the Stated Maturity of the Notes and (C) (1) does not provide for payments of principal of such Debt at stated maturity or by way of a sinking fund applicable thereto or by way of any mandatory redemption, defeasance, retirement or repurchase thereof by Parent (including any redemption, retirement or repurchase which is contingent upon events or circumstances, but excluding any retirement required by virtue of the acceleration of any payment with respect to such Debt upon any event of default thereunder), in each case on or prior to the Stated Maturity of the Notes, and (2) does not permit redemption or other retirement (including pursuant to an offer to purchase made by Parent but excluding through conversion into capital stock of Parent, other than Disqualified Stock, without any payment by Parent or its Restricted Subsidiaries to the holders thereof) of such Debt at the option of the holder thereof on or prior to the Stated Maturity of the Notes;

- (v) Debt outstanding on the Measurement Date;
- (vi) Debt owed by Parent to any Restricted Subsidiary or Debt owed by a Restricted Subsidiary to Parent or a Restricted Subsidiary; *provided, however*, that (A) any Person that Incurs Debt owed to Parent or a Sister Restricted Subsidiary pursuant to this clause (vi) is a Guarantor and an Offering Proceeds Note Guarantor, (B) (x) upon the transfer, conveyance or other disposition by such Restricted Subsidiary or Parent of any Debt so permitted to a Person other than Parent or another Restricted Subsidiary of Parent or (y) if for any reason such Restricted Subsidiary ceases to be a Restricted Subsidiary, the provisions of this clause (vi) shall no longer be applicable to such Debt and such Debt shall be deemed to have been Incurred by the issuer thereof at the time of such transfer, conveyance or other disposition or when such Restricted Subsidiary ceases to be a Restricted Subsidiary and (C) the payment obligation of such Debt (if clause (A) above applies) is expressly subordinated in any bankruptcy, liquidation or winding up proceeding of the obligor to the prior payment in full in cash of all obligations with respect to the Offering Proceeds Note Guarantee of such Offering Proceeds Note Guarantor; and *provided further, however*, that a Foreign Restricted Subsidiary need not become a Guarantor or an Offering Proceeds Note Guarantor pursuant to clause (A) above until such time and only so long as such Foreign Restricted Subsidiary Guarantees any other Debt of Parent or any Domestic Restricted Subsidiary;
- (vii) Debt Incurred by a Person prior to the time (A) such Person became a Restricted Subsidiary, (B) such Person merges into or consolidates with a Restricted Subsidiary or (C) another Restricted Subsidiary merges into or consolidates with such Person (in a transaction in which such Person becomes a Restricted Subsidiary), which Debt was not Incurred in anticipation of such transaction and was outstanding prior to such transaction;
- (viii) Debt Incurred to renew, extend, refinance, defease, repay, prepay, repurchase, redeem, retire, exchange or refund (each, a "refinancing") Debt Incurred pursuant to paragraph (a) above or clause (i), (ii), (iii), (v), (vii) or (xii) of this paragraph (b) or this clause (viii), in an aggregate principal amount (or if issued at a discount, the then-Accreted Value) not to exceed the aggregate principal amount (or if issued at a discount, the then-Accreted Value) of and accrued interest on the Debt so refinanced (which shall include Debt that is or has been refinanced within 45 days before or after such Incurrence as part of a financing strategy approved by the board of directors of Parent) plus the amount of any premium required to be paid in connection with such refinancing pursuant to the terms of the Debt so refinanced or the amount of any premium reasonably determined by the board of directors of Parent as necessary to accomplish such refinancing by means of a tender offer or privately negotiated repurchase, plus the expenses of Parent Incurred in connection with such refinancing;

provided, however, that (A) if the Person that originally Incurred the Debt to be refinanced became, or would have been required to become if not already, a Guarantor or an Offering Proceeds Note Guarantor as a result of the Incurrence of the Debt being refinanced in accordance with this covenant, (1) the Person that Incurs the refinancing Debt pursuant to this clause (viii) shall be a Guarantor and an Offering Proceeds Note Guarantor and (2) if the Debt to be refinanced is subordinated to the Offering Proceeds Note Guarantee of such Offering Proceeds Note Guarantor, the refinancing Debt shall be subordinated to the same extent to the Offering Proceeds Note Guarantee of the Offering Proceeds Note Guarantor Incurring such refinancing Debt, (B) the refinancing Debt shall not be senior in right of payment to the Debt that is being refinanced and (C) in the case of any refinancing of Debt Incurred pursuant to paragraph (a) above or clause (i), (v), (vii) or (xii) or, if such Debt previously refinanced Debt Incurred pursuant to any such clause, this clause (viii), the refinancing Debt by its terms, or by the terms of any agreement or instrument pursuant to which such Debt is issued, (x) does not provide for payments of principal of such Debt at stated maturity or by way of a sinking fund applicable thereto or by way of any mandatory redemption, defeasance, retirement or repurchase thereof by Parent or any Restricted Subsidiary (including any redemption, retirement or repurchase which is contingent upon events or circumstances, but excluding any retirement required by virtue of the acceleration of any payment with respect to such Debt upon any event of default thereunder), in each case prior to the time the same are required by the terms of the Debt being refinanced and (y) does not permit redemption or other retirement (including pursuant to an offer to purchase made by Parent or any Restricted Subsidiary) of such Debt at the option of the holder thereof prior to the time the same are required by the terms of the Debt being refinanced, other than, in the case of clause (x) or (y), any such payment, redemption or other retirement (including pursuant to an offer to purchase made by Parent) which is conditioned upon a change of control pursuant to provisions substantially similar to those described under "—Change of Control Triggering Event" or upon an asset sale pursuant to provisions substantially similar to those described under "—Limitation on Asset Dispositions;"

- (ix) Debt (A) in respect of performance, surety or appeal bonds, Guarantees, letters of credit or reimbursement obligations Incurred or provided in the ordinary course of business securing the performance of contractual, franchise, lease, self-insurance or license obligations and not in connection with the Incurrence of Debt or (B) in respect of customary agreements providing for indemnification, adjustment of purchase price after closing, or similar obligations, or from Guarantees or letters of credit, surety bonds or performance bonds securing any such obligations of Parent or any of its Restricted Subsidiaries pursuant to such agreements, Incurred in connection with the disposition of any business, assets or Restricted Subsidiary of Parent (other than Guarantees of Indebtedness Incurred by any Person acquiring all or any portion of such business, assets or Restricted Subsidiary of Parent for the purpose of financing such acquisition) and in an aggregate principal amount not to exceed the gross proceeds actually received by Parent or any Restricted Subsidiary in connection with such disposition;
- (x) Debt consisting of Permitted Interest Rate or Currency Protection Agreements;
- (xi) Debt not otherwise permitted to be Incurred pursuant to clauses (i) through (x) above or clause (xii) below, which, together with any other outstanding Debt Incurred pursuant to this clause (xi), has an aggregate principal amount not in excess of \$50 million at any time outstanding; and

- (xii) Issue Date Purchase Money Debt and Debt under the Existing Notes and the related indentures and any restricted subsidiary guarantees issued prior to the Issue Date in accordance with such related indentures.

Notwithstanding any other provision of this "—Limitation on Consolidated Debt" covenant, the maximum amount of Debt that Parent or any Restricted Subsidiary may Incur pursuant to this "—Limitation on Consolidated Debt" covenant shall not be deemed to be exceeded due solely to the result of fluctuations in the exchange rates of currencies.

For purposes of determining any particular amount of Debt under this "—Limitation on Consolidated Debt" covenant, (1) Guarantees, Liens or obligations with respect to letters of credit supporting Debt otherwise included in the determination of such particular amount shall not be included and (2) any Liens granted for the benefit of the Notes pursuant to the provisions referred to in the "—Limitation on Liens" covenant described below shall not be treated as Debt. For purposes of determining compliance with this "—Limitation on Consolidated Debt" covenant, in the event that an item of Debt meets the criteria of more than one of the types of Debt described in the above clauses, Parent, in its sole discretion, shall classify such item of Debt and only be required to include the amount and type of such Debt in one of such clauses.

Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries. (a) The Issuer may not, and may not permit any Issuer Restricted Subsidiary to, directly or indirectly, Incur any Debt; *provided, however*, that (i) the Issuer or (ii) any Issuer Restricted Subsidiary may incur any Debt if, after giving pro forma effect to such Incurrence and the receipt and application of the net proceeds thereof, no Default or Event of Default would occur as a consequence of such Incurrence or be continuing following such Incurrence and the Issuer Debt Ratio would be less than 4.25 to 1.0; *provided, however*, that any Issuer Restricted Subsidiary that Incurs Debt pursuant to this paragraph (a) is a Guarantor and an Offering Proceeds Note Guarantor.

- (b) Notwithstanding the foregoing limitation, the Issuer or any Issuer Restricted Subsidiary may Incur any and all of the following (each of which shall be given independent effect):
 - (i) Debt of the Issuer or any Issuer Restricted Subsidiary under the Notes issued on the Issue Date (including any New Notes issued in exchange therefor), any Note Guarantee in respect of the Notes issued on the Issue Date or any Offering Proceeds Note Guarantee in respect of the Offering Proceeds Note;
 - (ii) Debt of the Issuer or any Issuer Restricted Subsidiary under Credit Facilities in an aggregate principal amount outstanding or available (together with the sum of (A) the amount of any outstanding Debt Incurred pursuant to clause (ii) of paragraph (b) of the covenant described under "—Limitation on Consolidated Debt," *plus* (B) the amount of all refinancing Debt outstanding or available pursuant to clause (viii) of paragraph (b) of the covenant described under "—Limitation on Consolidated Debt" in respect of Debt previously Incurred pursuant to clause (ii) of paragraph (b) of the covenant described under "—Limitation on Consolidated Debt," *plus* (C) the amount of all refinancing Debt outstanding or available pursuant to clause (vi) below in respect of Debt previously Incurred pursuant to this clause (ii)) at any one time not to exceed the greater of (x) \$2.600 billion and (y) 2.00 times Pro Forma Consolidated Cash Flow Available for Fixed Charges of Parent and its Restricted Subsidiaries for the four full fiscal quarters next preceding the Incurrence of such Debt for which consolidated financial statements are available, which amount shall be permanently reduced by the amount of Net Available Proceeds used to repay Debt under the Credit Facilities (or any refinancing Debt in respect of the Credit Facilities Incurred pursuant to clause (viii) of paragraph (b) of the covenant described under "—Limitation on Consolidated Debt" or clause (vi) below), and not reinvested in Telecommunications/IS Assets or used to purchase Notes or

repay other Debt, pursuant to and as permitted by the covenant described under "—Limitation on Asset Dispositions;"

- (iii) Debt of the Issuer or any Issuer Restricted Subsidiary outstanding on the Measurement Date;

- (vi) Debt of the Issuer or any Issuer Restricted Subsidiary Incurred to renew, extend, refinance, defease, repay, prepay, repurchase, redeem, retire, exchange or refund (each, a "refinancing") Debt of the Issuer or any Issuer Restricted Subsidiary Incurred pursuant to paragraph (a) above or clause (i), (ii), (iii), (v), (x) or (xi) of this paragraph (b) or this clause (vi), in an aggregate principal amount (or if issued at a discount, the then-Accreted Value) not to exceed the aggregate principal amount (or if issued at a discount, the then-Accreted Value) of and accrued interest on the Debt so refinanced plus the amount of any premium required to be paid in connection with such refinancing pursuant to the terms of the Debt so refinanced or the amount of any premium reasonably determined by the board of directors of Parent as necessary to accomplish such refinancing by means of

Notwithstanding any other provision of this "—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries" covenant, the maximum amount of Debt the Issuer or any Issuer Restricted Subsidiary may incur pursuant to this "—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries" covenant shall not be deemed to be exceeded due solely to the result of fluctuations in the exchange rates of currencies.

For purposes of determining any particular amount of Debt under this "—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries" covenant, (1) Guarantees (other than Guarantees of Debt of Parent or any Sister Restricted Subsidiary that are not Guarantees of Debt Incurred by Parent or any Sister Restricted Subsidiary pursuant to clause (ii) of paragraph (b) of the covenant described under "—Limitation on Consolidated Debt"), Liens or obligations with respect to letters of credit supporting Debt otherwise included in the determination of such particular amount shall not be included and (2) any Liens granted for the benefit of the Notes pursuant to the provisions referred to in the "—Limitation on Liens" covenant described below shall not be treated as Debt. For purposes of determining compliance with this "—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries" covenant, (1) any Debt outstanding under the Existing Credit Facility will be treated as Incurred on the Issue Date pursuant to clause (ii) of paragraph (b) of this covenant and (2) in the event that an item of Debt meets the criteria of more than one of the types of Debt described in the above clauses, the Issuer, in its sole discretion, shall classify such item of Debt and only be required to include the amount and type of such Debt in one of such clauses.

Limitation on Restricted Payments. (a) Parent (i) may not, and may not permit any Restricted Subsidiary to, directly or indirectly, declare or pay any dividend, or make any distribution, in respect of its Capital Stock or to the holders thereof, excluding any dividends or distributions which are made solely to Parent or a Restricted Subsidiary (and, if such Restricted Subsidiary is not a Wholly Owned Subsidiary, to the other stockholders of such Restricted Subsidiary on a pro rata basis or on a basis that results in the receipt by Parent or a Restricted Subsidiary of dividends or distributions of greater value than it would receive on a pro rata basis) or any dividends or distributions payable solely in shares of Capital Stock of Parent (other than Disqualified Stock) or in options, warrants or other rights to acquire Capital Stock of Parent (other than Disqualified Stock); (ii) may not, and may not permit any Restricted Subsidiary to, purchase, redeem, or otherwise retire or acquire for value (x) any Capital Stock of Parent or any Restricted Subsidiary of Parent or (y) any options, warrants or rights to purchase or acquire shares of Capital Stock of Parent or any Restricted Subsidiary or any securities convertible or exchangeable into shares of Capital Stock of Parent or any Restricted Subsidiary, except, in any such case, any such purchase, redemption or retirement or acquisition for value (A) paid to Parent or a Restricted Subsidiary (or, in the case of any such purchase, redemption or other retirement or acquisition for value with respect to a Restricted Subsidiary that is not a Wholly Owned Subsidiary, to the other stockholders of such Restricted Subsidiary on a pro rata basis or on a basis that results in

the receipt by Parent or a Restricted Subsidiary of payments of greater value than it would receive on a pro rata basis) or (B) paid solely in shares of Capital Stock (other than Disqualified Stock) of Parent; (iii) may not make, or permit any Restricted Subsidiary to make, any Investment (other than an Investment in Parent or a Restricted Subsidiary or a Permitted Investment) in any Person, including the Designation of any Restricted Subsidiary as an Unrestricted Subsidiary, or the Revocation of any such Designation, according to the covenant described under "—Limitation on Designations of Unrestricted Subsidiaries;" (iv) may not, and may not permit any Restricted Subsidiary to, redeem, defease, repurchase, retire or otherwise acquire or retire for value, prior to any scheduled maturity, repayment or sinking fund payment, Debt of Parent which is subordinate in right of payment to the Parent Guarantee or Debt of any Restricted Subsidiary which is subordinate in right of payment to the Notes (in the case of the Issuer) or the Note Guarantee (in the case of Restricted Subsidiaries other than the Issuer) of such Restricted Subsidiary (other than any redemption, defeasance, repurchase, retirement or other acquisition or retirement for value made in anticipation of satisfying a scheduled maturity, repayment or sinking fund obligation due within one year thereof); and (v) may not, and may not permit any Restricted Subsidiary to, issue, transfer, convey, sell or otherwise dispose of Capital Stock of any Restricted Subsidiary to a Person other than Parent or another Restricted Subsidiary if the result thereof is that such Restricted Subsidiary shall cease to be a Restricted Subsidiary, in which event the amount of such "Restricted Payment" shall be the Fair Market Value of the remaining interest, if any, in such former Restricted Subsidiary held by Parent and the other Restricted Subsidiaries (each of clauses (i) through (v) being a "Restricted Payment") if: (1) an Event of Default, or an event that with the passing of time or the giving of notice, or both, would constitute an Event of Default, shall have occurred and be continuing, or (2) upon giving effect to such Restricted Payment, Parent could not Incur at least \$1.00 of additional Debt pursuant to the terms of the Indenture described in paragraph (a) of "—Limitation on Consolidated Debt" above, or (3) upon giving effect to such Restricted Payment, the aggregate of all Restricted Payments made on or after the Measurement Date, including Restricted Payments made pursuant to clause (A) or (B) of the proviso at the end of this sentence, and Permitted Investments made on or after the Measurement Date pursuant to clause (i) or (j) of the definition thereof (the amount of any such Restricted Payment or Permitted Investment, if made other than in cash, to be based upon Fair Market Value) exceeds the sum of: (a) 50% of cumulative Consolidated Net Income of Parent and its Restricted Subsidiaries (or, in the case that Consolidated Net Income of Parent and its Restricted Subsidiaries shall be negative, 100% of such negative amount) since the end of the last full fiscal quarter prior to the Measurement Date through the last day of the last full fiscal quarter ending prior to the date of such Restricted Payment for which consolidated financial statements are available and (b) plus, in the case of any Revocation made after the Measurement Date, an amount equal to the lesser of the portion (proportionate to Parent's equity interest in the Subsidiary to which such Revocation relates) of the Fair Market Value of the net assets of such Subsidiary at the time of Revocation and the amount of Investments previously made (and treated as a Restricted Payment) by Parent or any Restricted Subsidiary in such Subsidiary; *provided, however*, that Parent or a Restricted Subsidiary of Parent may, without regard to the limitations in clause (3) but subject to clauses (1) and (2), make (A) Restricted Payments in an aggregate amount not to exceed the sum of \$50 million and the aggregate net cash proceeds received after the Measurement Date (i) as capital contributions to Parent, from the issuance (other than to a Subsidiary or an employee stock ownership plan or trust established by Parent or any such Subsidiary for the benefit of their employees) of Capital Stock (other than Disqualified Stock) of Parent, and (ii) from the issuance or sale of Debt of Parent or any Restricted Subsidiary (other than to a Subsidiary, Parent or an employee stock ownership plan or trust established by Parent or any such Subsidiary for the benefit of their employees) that after the Measurement Date has been converted into or exchanged for Capital Stock (other than Disqualified Stock) of Parent and (B) Investments in Persons engaged in the Telecommunications/IS Business in an aggregate amount not to exceed the after-tax gain on the sale, after the Measurement Date, of Special Assets to the extent sold for cash, Cash Equivalents, Telecommunications/IS Assets or the assumption of Debt of Parent or any Restricted Subsidiary (other

than Debt that is subordinated to the Notes, the Offering Proceeds Note or any applicable Note Guarantee or Offering Proceeds Note Guarantee) and release of Parent and all Restricted Subsidiaries from all liability on the Debt assumed. The aggregate net cash proceeds referred to in the immediately preceding clauses (A)(i) and (A)(ii) shall not be utilized to make Restricted Payments pursuant to such clauses to the extent such proceeds have been utilized to make Permitted Investments under clause (i) of the definition of "Permitted Investments."

- (b) Notwithstanding the foregoing limitation, (i) Parent may pay any dividend on Capital Stock of any class of Parent within 60 days after the declaration thereof if, on the date when the dividend was declared, Parent could have paid such dividend in accordance with the foregoing provisions; *provided, however*, that at the time of such payment of such dividend, no other Event of Default shall have occurred and be continuing (or result therefrom); (ii) Parent may repurchase any shares of its Common Stock or options to acquire its Common Stock from Persons who were formerly directors, officers or employees of Parent or any of its Subsidiaries or other Affiliates in an amount not to exceed \$3 million in any 12-month period; (iii) Parent and any Restricted Subsidiary may refinance any Debt otherwise permitted by clause (viii) of paragraph (b) under "—Limitation on Consolidated Debt" above or clause (vi) of paragraph (b) under "—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries" above; (iv) Parent and any Restricted Subsidiary may retire or repurchase any Capital Stock of Parent or of any Restricted Subsidiary or any Subordinated Debt of Parent in exchange for, or out of the proceeds of the substantially concurrent sale (other than to a Subsidiary of Parent or an employee stock ownership plan or trust established by Parent or any such Subsidiary for the benefit of their employees) of, Capital Stock (other than Disqualified Stock) of Parent; *provided, however*, that the proceeds from any such exchange or sale of Capital Stock shall be excluded from any calculation pursuant to clause (A)(i) in the proviso at the end of paragraph (a) above or pursuant to clause (b) of the definition of "Invested Capital"; and (v) Parent may pay cash dividends in any amount not in excess of \$50 million in any 12-month period in respect of Preferred Stock of Parent (other than Disqualified Stock). The Restricted Payments described in the foregoing clauses (i), (ii) and (v) shall be included in the calculation of Restricted Payments; the Restricted Payments described in clauses (iii) and (iv) shall be excluded in the calculation of Restricted Payments.
- (c) The Issuer may not, and may not permit any Issuer Restricted Subsidiary to, pay any dividend or make any distribution in respect of shares of its Capital Stock held by Parent or a Sister Restricted Subsidiary (whether in cash, securities or other Property) or any payment (whether in cash, securities or other Property) on account of the purchase, redemption, retirement, acquisition, cancellation or termination of any such shares of Capital Stock (all such dividends, distributions and payments being referred to herein as "Parent Transfers"), other than (i) Parent Transfers at such times and in such amounts as shall be necessary to permit Parent to pay administrative expenses attributable to the operations of its Restricted Subsidiaries, (ii) Parent Transfers at such times and in such amounts as are sufficient for Parent to make the timely payment of interest, premium (if any) and principal (whether at stated maturity, by way of a sinking fund applicable thereto, by way of any mandatory redemption, defeasance, retirement or repurchase thereof, including upon the occurrence of designated events or circumstances or by virtue of acceleration upon an event of default, or by way of redemption or retirement at the option of the holder of the Debt of Parent, including pursuant to offers to purchase) according to the terms of any Debt of Parent, (iii) Parent Transfers (A) to permit Parent to satisfy its obligations in respect of stock option plans or other benefit plans for management or employees of Parent and its Subsidiaries, (B) to permit Parent to pay dividends on Preferred Stock of Parent in an amount not to exceed the aggregate net cash proceeds received by Parent (1) after September 30, 1999, from the issuance of Capital Stock, and (2) from the issuance or sale of Debt of Parent or any Restricted Subsidiary that after

September 30, 1999, has been converted into or exchanged for Capital Stock of Parent, (C) in an annual amount not to exceed 50% of Parent's Consolidated Net Income for the prior fiscal year and (D) Parent Transfers in amounts not to exceed the amount required by Parent to pay accrued and unpaid interest on any Debt of Parent due upon the conversion, exchange or purchase of such Debt into, for or with Capital Stock of Parent and (iv) additional Parent Transfers after October 1, 2003 in a principal amount not to exceed \$50 million in the aggregate.

Limitation on Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries. (a) Parent may not, and may not permit any Restricted Subsidiary to, directly or indirectly, create or otherwise cause or suffer to exist or become effective any consensual encumbrance or restriction (other than pursuant to law or regulation) on the ability of any Restricted Subsidiary (i) to pay dividends (in cash or otherwise) or make any other distributions in respect of its Capital Stock owned by Parent or any other Restricted Subsidiary or pay any Debt or other obligation owed to Parent or any other Restricted Subsidiary, (ii) to make loans or advances to Parent or any other Restricted Subsidiary or (iii) to transfer any of its Property to Parent or any other Restricted Subsidiary.

- (b) Notwithstanding the foregoing limitation, Parent may, and may permit any Restricted Subsidiary to, create or otherwise cause or suffer to exist (i) any encumbrance or restriction pursuant to any agreement in effect on the Issue Date, including, without limitation, the Existing Credit Facility and the Existing Notes, (ii) any customary (as conclusively determined in good faith by the Chief Financial Officer of Parent) encumbrance or restriction applicable to a Restricted Subsidiary that is contained in an agreement or instrument governing or relating to Debt contained in any Qualified Credit Facility or Purchase Money Debt; *provided, however*, that such encumbrances and restrictions permit the distribution of funds to the Issuer in an amount sufficient for the Issuer to make the timely payment of interest, premium (if any) and principal (whether at stated maturity, by way of a sinking fund applicable thereto, by way of any mandatory redemption, defeasance, retirement or repurchase thereof, including upon the occurrence of designated events or circumstances or by virtue of acceleration upon an event of default, or by way of redemption or retirement at the option of the holder of the Debt, including pursuant to offers to purchase) according to the terms of the Indenture and the Notes and other Debt that is solely an obligation of the Issuer, but *provided further, however*, that such agreement may nevertheless contain customary (as so determined) net worth, leverage, invested capital and other financial covenants, customary (as so determined) covenants regarding the merger of or sale of all or any substantial part of the assets of Parent or any Restricted Subsidiary, customary (as so determined) restrictions on transactions with affiliates and customary (as so determined) subordination provisions governing Debt owed to Parent or any Restricted Subsidiary, (iii) any encumbrance or restriction pursuant to an agreement relating to any Acquired Debt, which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person so acquired, (iv) any encumbrance or restriction pursuant to an agreement relating to any Debt of a Foreign Restricted Subsidiary Incurred pursuant to clause (ix) of paragraph (b) of the covenant described under "—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries" that is applicable only to such Foreign Restricted Subsidiary and its Subsidiaries, (v) any encumbrance or restriction pursuant to an agreement effecting a refinancing of Debt Incurred pursuant to an agreement referred to in clause (i), (ii) or (iii) of this paragraph (b); *provided, however*, that the provisions contained in such agreement relating to such encumbrance or restriction are no more restrictive (as so determined) in any material respect than the provisions contained in the agreement the subject thereof, (vi) in the case of clause (iii) of paragraph (a) above, any encumbrance or restriction contained in any security agreement (including a Capital Lease Obligation) securing Debt of Parent or a Restricted Subsidiary otherwise permitted under the Indenture, but only to the extent such restrictions

restrict the transfer of the Property subject to such security agreement, (vii) in the case of clause (iii) of paragraph (a) above, customary provisions (A) that restrict the subletting, assignment or transfer of any Property that is a lease, license, conveyance or similar contract, (B) contained in asset sale or other asset disposition agreements limiting the transfer of the Property being sold or disposed of pending the closing of such sale or disposition or (C) arising or agreed to in the ordinary course of business, not relating to any Debt, and that do not, individually or in the aggregate, detract from the value of Property of Parent or any Restricted Subsidiary in any manner material to Parent or any Restricted Subsidiary, (viii) any encumbrance or restriction with respect to a Restricted Subsidiary imposed pursuant to an agreement which has been entered into for the sale or disposition of all or substantially all of the Capital Stock or Property of such Restricted Subsidiary; *provided, however*, that the consummation of such transaction would not result in a Default or an Event of Default, that such restriction terminates if such transaction is abandoned and that the consummation or abandonment of such transaction occurs within one year of the date such agreement was entered into, and (ix) any encumbrance or restriction pursuant to the Indenture and the Notes.

Limitation on Liens. Parent may not, and may not permit any Restricted Subsidiary to, directly or indirectly, Incur or suffer to exist any Lien on or with respect to any Property now owned or acquired after the Issue Date to secure any Debt without making, or causing such Restricted Subsidiary to make, effective provision for securing the Notes (x) equally and ratably with such Debt as to such Property for so long as such Debt will be so secured or (y) in the event such Debt is Debt of the Issuer, Parent or a Restricted Subsidiary that is a Guarantor and such Debt is subordinate in right of payment to the Notes, the Parent Guarantee or the applicable Note Guarantee, prior to such Debt as to such Property for so long as such Debt will be so secured. The holders of such other secured Debt may exclusively control the disposition of the property subject to the Lien.

The foregoing restrictions shall not apply to: (i) Liens existing on the Issue Date and securing Debt outstanding on the Issue Date or Liens Incurred on or after the Issue Date pursuant to any Credit Facility to secure Debt permitted to be Incurred pursuant to clause (ii) of paragraph (b) under "—Limitation on Consolidated Debt" or clause (ii) of paragraph (b) under "—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries"; (ii) Liens Incurred on or after the Measurement Date securing Debt of Parent or any Restricted Subsidiary (other than the Issuer or any Issuer Restricted Subsidiary) in an amount which, together with the aggregate amount of Debt then outstanding or available under all Credit Facilities (together with all refinancing Debt then outstanding or available pursuant to clause (viii) of paragraph (b) of "—Limitation on Consolidated Debt" or clause (vi) of paragraph (b) of "—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries" in respect of Debt previously Incurred under Credit Facilities), does not exceed 2.0 times Pro Forma Consolidated Cash Flow Available for Fixed Charges of Parent and its Restricted Subsidiaries for the four full fiscal quarters preceding the Incurrence of such Lien for which Parent's consolidated financial statements are available, determined on a pro forma basis as if such Debt had been Incurred and the proceeds thereof had been applied at the beginning of such four fiscal quarters; (iii) Liens in favor of Parent or any Restricted Subsidiary; *provided, however*, that any subsequent issue or transfer of Capital Stock or other event that results in any such Restricted Subsidiary ceasing to be a Restricted Subsidiary or any subsequent transfer of the Debt secured by any such Lien (except to Parent or a Restricted Subsidiary) shall be deemed, in each case, to constitute the Incurrence of such Lien by the Issuer thereof; (iv) Liens outstanding on the Issue Date securing Purchase Money Debt and Liens to secure Purchase Money Debt Incurred after the Issue Date pursuant to clause (iii) of paragraph (b) under "—Limitation on Consolidated Debt," *provided* that any such Lien may not extend to any Property other than the Telecommunications/IS Assets installed, constructed, acquired, leased, developed or improved with the proceeds of such Purchase Money Debt and any improvements or accessions thereto (it being understood that all Debt to any single lender or group of related lenders or outstanding under

any single credit facility, and in any case relating to the same group or collection of Telecommunications/IS Assets financed thereby, shall be considered a single Purchase Money Debt, whether drawn at one time or from time to time); (v) Liens to secure Acquired Debt, *provided* that (a) such Lien attaches to the acquired Property prior to the time of the acquisition of such Property and (b) such Lien does not extend to or cover any other Property; (vi) Liens to secure Debt Incurred to refinance, in whole or in part, Debt secured by any Lien referred to in the foregoing clauses (i), (iv) and (v) or this clause (vi) so long as such Lien does not extend to any other Property (other than improvements and accessions to the original Property) and the principal amount of Debt so secured is not increased except as otherwise permitted under clause (viii) of paragraph (b) of "—Limitation on Consolidated Debt" or clause (vi) of paragraph (b) of "—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries" above; (vii) Liens Incurred on or after the Measurement Date not otherwise permitted by the foregoing clauses (i) through (vi) (but including in the computations of Liens permitted under this clause (vii) Liens existing on the Issue Date which remain existing at the time of computation which are otherwise permitted under clause (i)) securing Debt of Parent or any Restricted Subsidiary (other than the Issuer or any Issuer Restricted Subsidiary) in an aggregate amount not to exceed 5% of Parent's Consolidated Tangible Assets; (viii) Liens on Property of any Non-Telecommunications Subsidiary; *provided*, *however*, that the Incurrence of such Lien does not require the Person Incurring such Lien to secure any Debt of any Person other than a Non-Telecommunications Subsidiary; (ix) Liens granted after the Issue Date pursuant to "—Limitation on Liens" to secure the Notes, the 2015 Floating Rate Notes, the 8.75% Senior Notes due 2017, the 10% Senior Notes due 2018, the 9.375% Senior Notes due 2019 or the 8.125% Senior Notes due 2019; *provided*, *however*, that no Lien may be granted to secure the 2015 Floating Rate Notes, the 8.75% Senior Notes due 2017, the 10% Senior Notes due 2018, the 9.375% Senior Notes due 2019 or the 8.125% Senior Notes due 2019 unless a *pari passu* Lien on the Property subject to such Lien is concurrently granted to secure the Notes and remains in effect for so long as such Lien securing the 2015 Floating Rate Notes, the 8.75% Senior Notes due 2017, the 10% Senior Notes due 2018, the 9.375% Senior Notes due 2019 or the 8.125% Senior Notes due 2019; (x) Liens to secure Debt incurred pursuant to clause (viii) of paragraph (b) of "—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries" above; (xi) Liens to secure amounts deposited into an escrow account for the benefit of the holders of the 2015 Floating Rate Notes, the 8.75% Senior Notes due 2017, the 10% Senior Notes due 2018, the 9.375% Senior Notes due 2019 or the 8.125% Senior Notes due 2019, in connection with the prepayment of the 2015 Floating Rate Proceeds Note, the 8.75% Proceeds Note, the 10% Proceeds Note, the 9.375% Proceeds Note or the 8.125% Proceeds Note by Level 3 LLC; (xii) Liens to secure amounts deposited into an escrow account for the benefit of the holders of the Notes in connection with the prepayment of the Offering Proceeds Note by Level 3 LLC; (xiii) Liens on the Property of a Foreign Restricted Subsidiary and its Subsidiaries Incurred on or after the Issue Date securing Debt of such Foreign Restricted Subsidiary Incurred pursuant to clause (ix) of paragraph (b) of the covenant described under "—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries"; and (xiv) Permitted Liens.

Limitation on Sale and Leaseback Transactions. Parent may not, and may not permit any Restricted Subsidiary to, directly or indirectly, enter into, assume, Guarantee or otherwise become liable with respect to any Sale and Leaseback Transaction, unless (i) Parent or such Restricted Subsidiary would be entitled to Incur (a) Debt in an amount equal to the Attributable Value of the Sale and Leaseback Transaction pursuant to the covenants described under "—Limitation on Consolidated Debt" above or "—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries" above and (b) a Lien pursuant to the covenant described under "—Limitation on Liens" above, equal in amount to the Attributable Value of the Sale and Leaseback Transaction, without also securing the Notes, and (ii) the Sale and Leaseback Transaction is treated as an Asset Disposition and all of the conditions of the Indenture described under "—Limitation on Asset Dispositions" below (including the provisions concerning the application of Net Available Proceeds) are satisfied with respect to such Sale

and Leaseback Transaction, treating all of the consideration received in such Sale and Leaseback Transaction as Net Available Proceeds for purposes of such covenant.

Limitation on Asset Dispositions. Parent may not, and may not permit any Restricted Subsidiary to, make any Asset Disposition unless: (i) Parent or the Restricted Subsidiary, as the case may be, receives consideration for such disposition at least equal to the Fair Market Value for the Property sold or disposed of as determined by the board of directors of Parent in good faith and evidenced by a resolution of the board of directors of Parent filed with the Trustee; and (ii) at least 75% of the consideration for such disposition consists of cash or Cash Equivalents or the assumption of Debt of the Issuer or any Issuer Restricted Subsidiary (other than Debt of the Issuer that is subordinated to the Notes or Debt of any Issuer Restricted Subsidiary that is subordinated to the Note Guarantee or Offering Proceeds Note Guarantee of such Issuer Restricted Subsidiary) and release of the Issuer and all Issuer Restricted Subsidiaries from all liability on the Debt assumed (or if less than 75%, the remainder of such consideration consists of Telecommunications/IS Assets); *provided, however*, that, to the extent such disposition involves Special Assets, all or any portion of the consideration may, at Parent's election, consist of Property other than cash, Cash Equivalents, the assumption of Debt or Telecommunications/IS Assets.

The Net Available Proceeds (or any portion thereof) from Asset Dispositions may be applied by Parent or a Restricted Subsidiary, to the extent Parent or such Restricted Subsidiary elects (or is required by the terms of any Debt): (1) to the permanent repayment or reduction of Debt then outstanding under any Qualified Credit Facility, to the extent such Qualified Credit Facility would require such application or prohibit payments pursuant to the Offer to Purchase described in the following paragraph (other than Debt owed to Parent or any Affiliate of Parent); or (2) to reinvest in Telecommunications/IS Assets (including by means of an Investment in Telecommunications/IS Assets by a Restricted Subsidiary with Net Available Proceeds received by Parent or another Restricted Subsidiary).

Any Net Available Proceeds from an Asset Disposition not applied in accordance with the preceding paragraph within 360 days (or, in the case of a disposition of Special Assets identified in clause (a) of the definition thereof in which the Net Available Proceeds exceed \$500 million, 540 days) from the date of the receipt of such Net Available Proceeds shall constitute "Excess Proceeds." When the aggregate amount of Excess Proceeds exceeds \$10 million, the Issuer (or, in the case of Debt of Parent required or permitted to be repurchased by Parent, Parent) will be required to make an Offer to Purchase with such Excess Proceeds on a pro rata basis according to principal amount (or, in the case of Debt issued at a discount, the then-Accreted Value) for (x) outstanding Notes at a price in cash equal to 100% of the principal amount of the Notes on the purchase date plus accrued and unpaid interest (if any) thereon (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date) and (y) any other Debt of the Issuer that is *pari passu* with the Notes, any Debt of a Guarantor that is *pari passu* with such Guarantor's Note Guarantee or any Debt of a Restricted Subsidiary that is a subsidiary of the Issuer but not a Guarantor, at a price no greater than 100% of the principal amount thereof plus accrued and unpaid interest (if any) to the purchase date (or 100% of the then-Accreted Value plus accrued and unpaid interest (if any) to the purchase date in the case of original issue discount Debt), to the extent, in the case of this clause (y), required under the terms thereof (other than Debt owed to Parent or any Affiliate of Parent). To the extent there are any remaining Excess Proceeds following the completion of the Offer to Purchase, the Issuer shall apply such Excess Proceeds to the repayment of other Debt of the Issuer or any Restricted Subsidiary that is a subsidiary of the Issuer, to the extent permitted or required under the terms thereof. Any other remaining Excess Proceeds may be applied to any use as determined by Parent which is not otherwise prohibited by the Indenture, and the amount of Excess Proceeds shall be reset to zero.

The Issuer may not, and may not permit any Issuer Restricted Subsidiary to, sell, transfer, lease or otherwise dispose of any Property to Parent or any Sister Restricted Subsidiary unless (i) the Issuer or such Issuer Restricted Subsidiary receives consideration for such sale, transfer, lease or other disposition at least equal to the Fair Market Value of such Property (which, in the case of the Offering Proceeds Note or any other intercompany Debt, is the principal amount of the Offering Proceeds Note or such other Debt and any accrued and unpaid interest thereon) and (ii) the consideration consists of either (A) 100% in cash or Cash Equivalents or (B) Debt of Parent or the Restricted Subsidiary to which the Property was transferred that is secured by a Lien on such transferred Property. Parent or the Restricted Subsidiary to which Property was transferred for consideration consisting of Debt that is secured by a Lien on such Property in accordance with clause (ii)(B) of the prior sentence may substitute the Lien on such Property with a Lien on other Property (including any Property owned by the Issuer or an Issuer Restricted Subsidiary) that, as determined by the board of directors of Parent in good faith and evidenced by a resolution of the board of directors of Parent filed with the Trustee upon request of the Trustee, has a Fair Market Value of no less than the Fair Market Value of the Property for which the substitution is made at the time of the substitution. Any such Lien may be second in priority to any Lien on such Property in favor of the lenders under a Qualified Credit Facility. The provisions of this paragraph do not apply to (a) dividends and distributions (other than any dividend or distribution of the Offering Proceeds Note or any other intercompany Debt), (b) loans or advances and (c) purchases of services or goods.

Limitation on Issuance and Sales of Capital Stock of Restricted Subsidiaries. Parent shall at all times own all the issued and outstanding Capital Stock of the Issuer. The Issuer shall at all times own all the issued and outstanding Capital Stock of Level 3 LLC. Parent may not, and may not permit any Restricted Subsidiary to, issue, transfer, convey, sell or otherwise dispose of any shares of Capital Stock of a Restricted Subsidiary or securities convertible or exchangeable into, or options, warrants, rights or any other interest with respect to, Capital Stock of a Restricted Subsidiary to any Person other than Parent or a Restricted Subsidiary except (i) a sale of all of the Capital Stock of such Restricted Subsidiary owned by Parent and any Restricted Subsidiary that complies with the provisions described under "—Limitation on Asset Dispositions" above to the extent such provisions apply, (ii) in a transaction that results in such Restricted Subsidiary becoming a Joint Venture, *provided* (x) such transaction complies with the provisions described under "—Limitation on Asset Dispositions" above to the extent such provisions apply and (y) the remaining interest of Parent or any other Restricted Subsidiary in such Joint Venture would have been permitted as a new Restricted Payment or Permitted Investment under the provisions of "—Limitation on Restricted Payments" above, (iii) the issuance, transfer, conveyance, sale or other disposition of shares of such Restricted Subsidiary so long as after giving effect to such transaction such Restricted Subsidiary remains a Restricted Subsidiary and such transaction complies with the provisions described under "—Limitation on Asset Dispositions" to the extent such provisions apply, (iv) the transfer, conveyance, sale or other disposition of shares required by applicable law or regulation, (v) if required, the issuance, transfer, conveyance, sale or other disposition of directors' qualifying shares, (vi) Disqualified Stock issued in exchange for, or upon conversion of, or the proceeds of the issuance of which are used to refinance, shares of Disqualified Stock of such Restricted Subsidiary, *provided* that the amounts of the redemption obligations of such Disqualified Stock shall not exceed the amounts of the redemption obligations of, and such Disqualified Stock shall have redemption obligations no earlier than those required by, the Disqualified Stock being exchanged, converted or refinanced, (vii) in a transaction where Parent or a Restricted Subsidiary acquires at the same time not less than its Proportionate Interest in such issuance of Capital Stock, (viii) Capital Stock issued and outstanding on the Measurement Date, (ix) Capital Stock of a Restricted Subsidiary issued and outstanding prior to the time that such Person becomes a Restricted Subsidiary so long as such Capital Stock was not issued in contemplation of such Person's becoming a Restricted Subsidiary or otherwise being acquired by Parent and (x) an issuance of Preferred Stock of a

Restricted Subsidiary (other than Preferred Stock convertible or exchangeable into Common Stock of any Restricted Subsidiary) otherwise permitted by the Indenture.

Transactions with Affiliates. Parent will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, sell, lease, transfer, or otherwise dispose of any of its Property to, or purchase any Property from, or enter into any contract, agreement, understanding, loan, advance, Guarantee or transaction (including the rendering of services) with or for the benefit of, any Affiliate (each of the foregoing, an "Affiliate Transaction"), unless (a) such Affiliate Transaction or series of Affiliate Transactions is on terms that are no less favorable to Parent or such Restricted Subsidiary than those that would have been obtained in a comparable arm's-length transaction by Parent or such Restricted Subsidiary with a Person that is not an Affiliate (or, in the event that there are no comparable transactions involving Persons who are not Affiliates of Parent or the relevant Restricted Subsidiary to apply for comparative purposes, is otherwise on terms that, taken as a whole, Parent has determined to be fair to Parent or the relevant Restricted Subsidiary) and (b) Parent obtains (i) with respect to any Affiliate Transaction or series of Affiliate Transactions involving aggregate payments in excess of \$10 million but less than \$15 million, a certificate of the chief executive, operating or financial officer of Parent evidencing such officer's determination that such Affiliate Transaction or series of Affiliate Transactions complies with clause (a) above and (ii) with respect to any Affiliate Transaction or series of Affiliate Transactions involving aggregate payments equal to or in excess of \$15 million, a board resolution of Parent certifying that such Affiliate Transaction or series of Affiliate Transactions complies with clause (a) above and that such Affiliate Transaction or series of Affiliate Transactions has been approved by the board of directors of Parent, including a majority of the disinterested members of the board of directors; *provided, however*, that, in the event that there shall not be at least two disinterested members of the board of directors of Parent with respect to the Affiliate Transaction, Parent shall, in addition to such board resolution, obtain a written opinion from an investment banking firm of national standing in the United States which, in the good faith judgment of the board of directors of Parent, is independent with respect to Parent and its Affiliates and qualified to perform such task, which opinion shall be to the effect that the consideration to be paid or received in connection with such Affiliate Transaction is fair, from a financial point of view, to Parent or such Restricted Subsidiary.

Notwithstanding the foregoing, the following shall not be deemed Affiliate Transactions: (i) any employment agreement entered into by Parent or any of its Restricted Subsidiaries in the ordinary course of business and consistent with industry practice; (ii) any agreement or arrangement with respect to the compensation of a director or officer of Parent or any Restricted Subsidiary approved by a majority of the disinterested members of the board of directors of Parent and consistent with industry practice; (iii) transactions between or among Parent and its Restricted Subsidiaries; *provided, however*, that no more than 5% of the Voting Stock (on a fully diluted basis) of any such Restricted Subsidiary is owned by an Affiliate of Parent (other than a Restricted Subsidiary); (iv) Restricted Payments and Permitted Investments permitted by the covenant described under "—Limitation on Restricted Payments" (other than Investments in Affiliates that are not Parent or Restricted Subsidiaries); (v) transactions pursuant to the terms of any agreement or arrangement as in effect on the Measurement Date; and (vi) transactions with respect to wireline or wireless transmission capacity, the lease or sharing or other use of cable or fiber optic lines, equipment, rights-of-way or other access rights, between Parent (or any Restricted Subsidiary) and any other Person; *provided, however*, that in the case of this clause (vi), such transaction complies with clause (a) in the immediately preceding paragraph.

Change of Control Triggering Event. Within 30 days of the occurrence of both a Change of Control and a Rating Decline with respect to the Notes (a "Change of Control Triggering Event"), the Issuer will be required to make an Offer to Purchase all outstanding Notes at a price in cash equal to 101% of the principal amount of the Notes on the purchase date plus any accrued and unpaid interest (if

any) to such purchase date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date).

A "Change of Control" means the occurrence of any of the following events:

- (A) if any "person" or "group" (as such terms are used in Sections 13(d) and 14(d) of the Exchange Act or any successor provisions to either of the foregoing), including any group acting for the purpose of acquiring, holding, voting or disposing of securities within the meaning of Rule 13d-5(b)(1) under the Exchange Act, other than any one or more of the Permitted Holders, becomes the "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act, except that a person will be deemed to have "beneficial ownership" of all shares that any such person has the right to acquire, whether such right is exercisable immediately or only after the passage of time), directly or indirectly, of 35% or more of the total voting power of the Voting Stock of Parent; *provided*, *however*, that the Permitted Holders are the "beneficial owners" (as defined in Rule 13d-3 under the Exchange Act, except that a person will be deemed to have "beneficial ownership" of all shares that any such person has the right to acquire, whether such right is exercisable immediately or only after the passage of time), directly or indirectly, in the aggregate of a lesser percentage of the total voting power of the Voting Stock of Parent than such other person or group (for purposes of this clause (A), such person or group shall be deemed to beneficially own any Voting Stock of a corporation (the "specified corporation") held by any other corporation (the "parent corporation") so long as such person or group beneficially owns, directly or indirectly, in the aggregate a majority of the total voting power of the Voting Stock of such parent corporation); or
- (B) the sale, transfer, assignment, lease, conveyance or other disposition, directly or indirectly, of all or substantially all the assets of (i) Parent and the Restricted Subsidiaries, or (ii) the Issuer and the Issuer Restricted Subsidiaries, in each case considered as a whole (other than a disposition of such assets as an entirety or virtually as an entirety to a Wholly Owned Restricted Subsidiary of Parent or the Issuer, respectively, or one or more Permitted Holders) shall have occurred; or
- (C) during any period of two consecutive years, individuals who at the beginning of such period constituted the board of directors of Parent (together with any new directors whose election or appointment by such board or whose nomination for election by the shareholders of Parent was approved by a vote of a majority of the directors then still in office who were either directors at the beginning of such period or whose election or nomination for election was previously so approved) cease for any reason to constitute a majority of the board of directors of Parent then in office; or
- (D) the shareholders of Parent or the Issuer shall have approved any plan of liquidation or dissolution of Parent or the Issuer, respectively.

In the event that the Issuer makes an Offer to Purchase the Notes, the Issuer intends to comply with any applicable securities laws and regulations, including any applicable requirements of Section 14(e) of, and Rule 14e-1 under, the Exchange Act.

The existence of the holders' right to require, subject to certain conditions, the Issuer to repurchase Notes upon a Change of Control Triggering Event may deter a third party from acquiring Parent or the Issuer in a transaction that constitutes a Change of Control. If an Offer to Purchase is made, there can be no assurance that the Issuer will have sufficient funds to pay the Purchase Price for all Notes tendered by holders seeking to accept the Offer to Purchase. In addition, instruments governing other Debt of Parent or the Issuer may prohibit the Issuer from purchasing any Notes prior to their Stated Maturity, including pursuant to an Offer to Purchase, or require that such Debt be

repurchased upon a Change of Control. Subject to certain exceptions, the Existing Credit Facility requires the Issuer to prepay loans under the Existing Credit Facility within 60 days after the occurrence of a change of control triggering event (as defined in the Existing Credit Facility). In the event that an Offer to Purchase occurs at a time when the Issuer does not have sufficient available funds to pay the Purchase Price for all Notes tendered pursuant to such Offer to Purchase or a time when the Issuer is prohibited from purchasing the Notes (and the Issuer is unable either to obtain the consent of the holders of the relevant Debt or to repay such Debt), an Event of Default would occur under the Indenture. In addition, one of the events that constitutes a Change of Control under the Indenture is a sale, transfer, assignment, lease, conveyance or other disposition of all or substantially all of the assets of Parent or the Issuer. The Indenture is governed by New York law, and there is no established definition under New York law of "substantially all" of the assets of a corporation. Accordingly, if Parent or the Issuer were to engage in a transaction in which it disposed of less than all of its assets, a question of interpretation could arise as to whether such disposition was of "substantially all" of its assets and whether the Issuer was required to make an Offer to Purchase.

Except as described herein with respect to a Change of Control, the Indenture does not contain any other provisions that permit holders of Notes to require that the Issuer repurchase or redeem Notes in the event of a takeover, recapitalization or similar restructuring.

Reports. Whether or not Parent is subject to Section 13(a) or 15(d) of the Exchange Act, or any successor provision thereto, Parent shall file with the Commission the annual reports, quarterly reports and other documents which Parent would have been required to file with the Commission pursuant to such Section 13(a) or 15(d) or any successor provision thereto if Parent were subject thereto, such documents to be filed with the Commission on or prior to the respective dates (the "Required Filing Dates") by which Parent would have been required to file them. Parent or the Issuer shall also in any event (a) within 15 days of each Required Filing Date (i) transmit by mail to all holders, as their names and addresses appear in the Security Register, without cost to such holders, and (ii) file with the Trustee copies of the annual reports, quarterly reports and other documents (without exhibits) which Parent would have been required to file with the Commission pursuant to Section 13(a) or 15(d) of the Exchange Act or any successor provisions thereto if Parent were subject thereto and (b) if filing such documents by Parent with the Commission is not permitted under the Exchange Act, promptly upon written request, supply copies of such documents (without exhibits) to any prospective holder. Notwithstanding the foregoing, Parent and the Issuer will be deemed to have furnished such reports referred to above to the Trustee and the holders if Parent has filed such reports with the Commission via the EDGAR filing system and such reports are publicly available.

Limitation on Designations of Unrestricted Subsidiaries. The Indenture provides that Parent will not designate (1) the Issuer or Level 3 LLC as an Unrestricted Subsidiary or (2) any other Subsidiary of Parent (other than a newly created Subsidiary in which no Investment has previously been made) as an "Unrestricted Subsidiary" under the Indenture (a "Designation") unless:

- (a) no Default or Event of Default shall have occurred and be continuing at the time of or after giving effect to such Designation;
- (b) immediately after giving effect to such Designation, Parent would be able to Incur \$1.00 of Debt under paragraph (a) of "— Limitation on Consolidated Debt;" and
- (c) Parent would not be prohibited under the Indenture from making an Investment at the time of Designation (assuming the effectiveness of such Designation) in an amount (the "Designation Amount") equal to the portion (proportionate to Parent's equity interest in such Restricted Subsidiary) of the Fair Market Value of the net assets of such Restricted Subsidiary on such date.

In the event of any such Designation, Parent shall be deemed to have made an Investment constituting a Restricted Payment pursuant to the covenant "—Limitation on Restricted Payments" for all purposes of the Indenture in the Designation Amount; *provided, however*, that, upon a Revocation of any such Designation of a Subsidiary, Parent shall be deemed to continue to have a permanent "Investment" in an Unrestricted Subsidiary of an amount (if positive) equal to (i) Parent's "Investment" in such Subsidiary at the time of such Revocation less (ii) the portion (proportionate to Parent's equity interest in such Subsidiary) of the Fair Market Value of the net assets of such Subsidiary at the time of such Revocation. At the time of any Designation of any Subsidiary as an Unrestricted Subsidiary, such Subsidiary shall not own any Capital Stock of Parent or any Restricted Subsidiary. The Indenture further provides that neither Parent nor any Restricted Subsidiary shall at any time (x) provide credit support for, or a Guarantee of, any Debt of any Unrestricted Subsidiary (including any undertaking, agreement or instrument evidencing such Debt); *provided, however*, that Parent or a Restricted Subsidiary may pledge Capital Stock or Debt of any Unrestricted Subsidiary on a nonrecourse basis such that the pledgee has no claim whatsoever against Parent other than to obtain such pledged Capital Stock or Debt, (y) be directly or indirectly liable for any Debt of any Unrestricted Subsidiary or (z) be directly or indirectly liable for any Debt which provides that the holder thereof may (upon notice, lapse of time or both) declare a default thereon or cause the payment thereof to be accelerated or payable prior to its final scheduled maturity upon the occurrence of a default with respect to any Debt, Lien or other obligation of any Unrestricted Subsidiary (including any right to take enforcement action against such Unrestricted Subsidiary), except in the case of clause (x) or (y) to the extent permitted under "—Limitation on Restricted Payments" and "—Transactions with Affiliates."

Unless Designated as an Unrestricted Subsidiary, any Person that becomes a Subsidiary of Parent will be classified as a Restricted Subsidiary; *provided, however*, that such Subsidiary shall not be designated as a Restricted Subsidiary and shall be automatically classified as an Unrestricted Subsidiary if either of the requirements set forth in clauses (a) and (b) of the immediately following paragraph will not be satisfied immediately following such classification. Except as provided in the first sentence of this "—Limitation on Designations of Unrestricted Subsidiaries," no Restricted Subsidiary may be redesignated as an Unrestricted Subsidiary.

The Indenture further provides that a Designation may be revoked (a "Revocation") by a resolution of the board of directors of Parent delivered to the Trustee, *provided* that Parent will not make any Revocation unless:

- (a) no Default or Event of Default shall have occurred and be continuing at the time of and after giving effect to such Revocation; and
- (b) all Liens and Debt of such Unrestricted Subsidiary outstanding immediately following such Revocation would, if Incurred at such time, have been permitted to be Incurred at such time for all purposes of the Indenture.

All Designations and Revocations must be evidenced by resolutions of the board of directors of Parent (i) certifying compliance with the foregoing provisions and (ii) giving the effective date of such Designation or Revocation.

Limitation on Actions with respect to Existing Intercompany Obligations. Without the consent of the holders of at least two-thirds in principal amount of the outstanding Notes:

- (a) the Issuer may not forgive or waive or fail to enforce any of its rights under the Offering Proceeds Note, any Offering Proceeds Note Guarantee, the Subordination Agreement or any other agreement with Parent or any Restricted Subsidiary to subordinate a payment obligation on any Debt to the prior payment in full in cash of all obligations with respect to the Offering Proceeds Note or an Offering Proceeds Note Guarantee, and the Issuer and Level 3 LLC may

not amend the Offering Proceeds Note in a manner adverse to the holders of the Notes; *provided, however*, that nothing in this covenant shall compel the Issuer to demand payment under the Offering Proceeds Note or any Offering Proceeds Note Guarantee except during a bankruptcy, insolvency or similar proceeding;

- (b) in the event Level 3 LLC (or any successor obligor under the Offering Proceeds Note) repays all or a portion of the Offering Proceeds Note, the Issuer must (i) deposit an amount of cash equal to the principal amount of the Offering Proceeds Note then repaid in an escrow account with an unaffiliated financial institution for the benefit of the holders of the Notes, and as security for the prompt and complete payment and performance when due of the Issuer's obligations in respect of the Notes, until such time as the Notes are no longer outstanding or such cash is used pursuant to clause (ii) or (iii) of this paragraph, (ii) redeem Notes having a principal amount equal to the principal amount of the Offering Proceeds Note then repaid in accordance with, and if at such time permitted by, the first paragraph of the section entitled "—Optional Redemption," or (iii) purchase Notes in the open market having a principal amount equal to the principal amount of the Offering Proceeds Note then repaid; *provided, however*, that if at any time the principal amount of the Offering Proceeds Note is greater than the principal amount of Notes that remain outstanding, Level 3 LLC (or any successor obligor under the Offering Proceeds Note) may repay or the Issuer may forgive or waive an amount of the Offering Proceeds Note equal to such excess without complying with clause (i), (ii) or (iii) above;
- (c) Parent may not, and may not permit any Restricted Subsidiary to, provide any Lien on its Property for the benefit of, or any Guarantee (other than a similarly subordinated Guarantee) or other form of credit enhancement in respect of, (i) the Parent Intercompany Note or (ii) any other intercompany note required by clause (vi) of paragraph (b) of the covenant described under "—Limitation on Consolidated Debt" or clause (iv) of paragraph (b) of the covenant described under "—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries" to be subordinated to the prior payment in full in cash of all obligations with respect to the Offering Proceeds Note or an Offering Proceeds Note Guarantee, or take any other action with the purpose or effect of making the Parent Intercompany Note senior to or equal in right of payment with the Offering Proceeds Note;
- (d) Parent and Level 3 LLC may not amend the terms of the Parent Intercompany Note in a manner adverse to the holders of the Notes, the determination of which shall be made by the board of directors of Parent acting in good faith and shall be evidenced by a resolution of the board of directors of Parent except to permit subordination of Level 3 LLC's obligations under the Parent Intercompany Note to its obligations under a Qualified Credit Facility as described, and to the extent set forth, under "—Subordination of Existing Intercompany Obligations";
- (e) Parent, the Issuer and Level 3 LLC may not amend the Subordination Agreement in a manner adverse to the holders of the Notes and Parent or any Restricted Subsidiary and the Issuer may not amend any other agreement between Parent or any Restricted Subsidiary and the Issuer to subordinate a payment obligation on any Debt of Parent or any Restricted Subsidiary to the prior payment in full in cash of all obligations with respect to the Offering Proceeds Note or any Offering Proceeds Note Guarantee, in each case, the determination of which shall be made by the board of directors of Parent acting in good faith and shall be evidenced by a resolution of the board of directors of Parent except to permit subordination of their respective obligations under the Offering Proceeds Note or any Offering Proceeds Note Guarantee to their respective obligations under a Qualified Credit Facility as described, and to the extent set forth, under "—Subordination of Existing Intercompany Obligations"; and

- (f) Parent may not permit any Restricted Subsidiary to Guarantee the 2015 Floating Rate Notes, the 2015 Floating Rate Proceeds Note, the 8.75% Senior Notes due 2017, the 8.75% Proceeds Note, the 10% Senior Notes due 2018, the 10% Proceeds Note, the 9.375% Senior Notes due 2019, the 9.375% Proceeds Note, the 8.125% Senior Notes due 2019 or the 8.125% Proceeds Note unless such Restricted Subsidiary concurrently Guarantees the Notes and such Guarantee of the Notes remains in effect for so long as the Guarantee of the 2015 Floating Rate Notes, the 2015 Floating Rate Proceeds Note, the 8.75% Senior Notes due 2017, the 8.75% Proceeds Note, the 10% Senior Notes due 2018, the 10% Proceeds Note, the 9.375% Senior Notes due 2019, the 9.375% Proceeds Note, the 8.125% Senior Notes due 2019 or the 8.125% Proceeds Note; *provided, however*, that this provision shall not be deemed to be violated by the Guarantee of the 2015 Floating Rate Notes, the 8.75% Senior Notes due 2017, the 10% Senior Notes due 2018 or the 9.375% Senior Notes due 2019 of Level 3 LLC outstanding on the Issue Date or a substantially identical Guarantee of Level 3 LLC of the 8.125% Senior Notes due 2019 after the Issue Date.

Mergers, Consolidations and Certain Sales of Assets

Parent may not, in a single transaction or a series of related transactions, (i) consolidate with or merge into any other Person or Persons or permit any other Person to consolidate with or merge into Parent or (ii) directly or indirectly, transfer, sell, lease, convey or otherwise dispose of all or substantially all its assets to any other Person or Persons unless: (a) in a transaction in which Parent is not the surviving Person or in which Parent transfers, sells, leases, conveys or otherwise disposes of all or substantially all of its assets to any other Person, the successor entity is organized under the laws of the United States of America or any State thereof or the District of Columbia and shall expressly assume, by a supplemental indenture executed and delivered to the Trustee in form satisfactory to the Trustee, all of Parent's obligations under the Indenture and the Parent Guarantee; (b) immediately before and after giving effect to such transaction and treating any Debt which becomes an obligation of Parent (or the successor entity) or a Restricted Subsidiary as a result of such transaction as having been Incurred by Parent or such Restricted Subsidiary at the time of the transaction, no Default or Event of Default shall have occurred and be continuing under the Indenture; (c) immediately after giving effect to such transaction and treating any Debt which becomes an obligation of Parent (or the successor entity) or a Restricted Subsidiary as a result of such transaction as having been Incurred by Parent or such Restricted Subsidiary at the time of the transaction, Parent (or the successor entity) could Incur at least \$1.00 of additional Debt pursuant to the provisions of the Indenture described in paragraph (a) under "—Certain Covenants—Limitation on Consolidated Debt" above; (d) if, as a result of any such transaction, Property of Parent (or the successor entity) or any Restricted Subsidiary would become subject to a Lien prohibited by the provisions of the Indenture described under "—Certain Covenants—Limitation on Liens" above, Parent or the successor entity to Parent shall have secured the Notes as required by said covenant; (e) in the case of a transfer, sale, lease, conveyance or other disposition of all or substantially all of the assets of Parent, such assets shall have been transferred as an entirety or virtually as an entirety to one Person and such Person shall have complied with all the provisions of this paragraph; and (f) certain other conditions are met. The successor entity shall succeed to, and be substituted for, and may exercise every right and power of Parent under the Indenture and the Parent Guarantee, and the predecessor "Parent," except in the case of a lease, shall be released from all its obligations under the Indenture and the Parent Guarantee.

The Issuer may not, in a single transaction or a series of related transactions, (i) consolidate or merge into Parent or permit Parent to consolidate with or merge into the Issuer or (ii) except to the extent permitted under "—Certain Covenants—Limitation on Restricted Payments," directly or indirectly, transfer, sell, lease, convey or otherwise dispose of all or substantially all its assets to Parent. Additionally, the Issuer may not, in a single transaction or a series of related transactions, (i) consolidate with or merge into any other Person or Persons or permit any other Person to

consolidate with or merge into the Issuer or (ii) (other than, to the extent permitted under "—Certain Covenants—Limitation on Restricted Payments," to a Restricted Subsidiary that is or becomes a Guarantor and an Offering Proceeds Note Guarantor or to Parent so long as Parent is a Guarantor) directly or indirectly, transfer, sell, lease, convey or otherwise dispose of all or substantially all its assets to any other Person or Persons unless: (a) in a transaction in which the Issuer is not the surviving Person or in which the Issuer transfers, sells, leases, conveys or otherwise disposes of all or substantially all of its assets to any other Person, the successor entity is organized under the laws of the United States of America or any State thereof or the District of Columbia and shall expressly assume, by a supplemental indenture executed and delivered to the Trustee in form satisfactory to the Trustee, all of the Issuer's obligations under the Indenture; (b) immediately before and after giving effect to such transaction and treating any Debt which becomes an obligation of the Issuer (or the successor entity) or an Issuer Restricted Subsidiary as a result of such transaction as having been Incurred by the Issuer or such Issuer Restricted Subsidiary at the time of the transaction, no Default or Event of Default shall have occurred and be continuing under the Indenture; (c) immediately after giving effect to such transaction and treating any Debt which becomes an obligation of the Issuer (or the successor entity) or an Issuer Restricted Subsidiary as a result of such transaction as having been Incurred by the Issuer or such Issuer Restricted Subsidiary at the time of the transaction, the Issuer (or the successor entity) could incur at least \$1.00 of additional Debt pursuant to the provisions of the Indenture described in paragraph (a) under "—Certain Covenants—Limitation on Debt of the Issuer and Issuer Restricted Subsidiaries" above; (d) if, as a result of any such transaction, Property of the Issuer (or the successor entity) or any Issuer Restricted Subsidiary would become subject to a Lien prohibited by the provisions of the Indenture described under "—Certain Covenants—Limitation on Liens" above, the Issuer or the successor entity to the Issuer shall have secured the Notes as required by said covenant; (e) in the case of a transfer, sale, lease, conveyance or other disposition of all or substantially all of the assets of the Issuer, such assets shall have been transferred as an entirety or virtually as an entirety to one Person and such Person shall have complied with all the provisions of this paragraph; and (f) certain other conditions are met. The successor entity shall succeed to, and be substituted for, and may exercise every right and power of the Issuer under the Indenture, and the predecessor "Issuer," except in the case of a lease, shall be released from all its obligations under the Indenture.

Events of Default

The following are Events of Default under the Indenture: (a) failure to pay principal of (or premium, if any, on) any Note when due; (b) failure to pay any interest on any Note when due, continued for 30 days; (c) default in the payment of principal and interest on Notes required to be purchased pursuant to an Offer to Purchase as described under "—Certain Covenants—Change of Control Triggering Event" when due and payable; (d) failure to perform or comply with the provisions described under "—Mergers, Consolidations and Certain Sales of Assets" and "—Certain Covenants—Limitation on Asset Dispositions;" (e) failure to perform any other covenant or agreement of Parent, the Issuer or any Restricted Subsidiary in the Notes or in the Indenture continued for 60 days after written notice to the Issuer by the Trustee or holders of at least 25% in aggregate principal amount of the outstanding Notes; (f) default under the terms of any instrument evidencing or securing Debt of Parent or any Restricted Subsidiary having an outstanding principal amount of not less than \$25 million or its foreign currency equivalent at the time individually or in the aggregate which default results in the acceleration of the payment of such indebtedness or constitutes the failure to pay such indebtedness when due (after expiration of any applicable grace period); (g) the rendering of a judgment or judgments against Parent or any Restricted Subsidiary in an aggregate amount in excess of \$25 million or its foreign currency equivalent at the time and shall not be waived, satisfied or discharged for any period of 45 consecutive days during which a stay of enforcement shall not be in effect; (h) any Note Guarantee ceases to be in full force and effect (other than in accordance with the terms of such Note Guarantee) or any Guarantor denies or disaffirms its obligations under its Note Guarantee; and (i) certain events of bankruptcy, insolvency or reorganization affecting Parent, the Issuer or any Significant Subsidiary. Subject to the provisions of the Indenture relating to the duties of the Trustee in case an Event of Default shall occur and be continuing, the Trustee will not be under any obligation to exercise any of its rights or powers under the Indenture at the request or direction of any of the holders of the Notes, unless such holders shall have offered to the Trustee indemnity reasonably satisfactory to it. Subject to such provisions for the indemnification of the Trustee, the holders of a majority in aggregate principal amount of the outstanding Notes will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee.

If any Event of Default (other than an Event of Default described in clause (i) above with respect to Parent or the Issuer) shall occur and be continuing, either the Trustee or the holders of at least 25% in aggregate principal amount of the outstanding Notes may accelerate the maturity of all Notes; *provided, however*, that after such acceleration, but before a judgment or decree based on acceleration, the holders of a majority in aggregate principal amount of the outstanding Notes may, under certain

circumstances, rescind and annul such acceleration if all Events of Default, other than the non-payment of accelerated principal, have been cured or waived as provided in the Indenture. If an Event of Default specified in clause (i) above occurs with respect to Parent or the Issuer, all the outstanding Notes will *ipso facto* become immediately due and payable without any declaration or other act on the part of the Trustee or any holder. For information as to waiver of defaults, see "—Amendment, Supplement and Waiver."

No holder of any Note will have any right to institute any proceeding with respect to the Indenture or for any remedy thereunder, unless such holder shall have previously given to the Trustee written notice of a continuing Event of Default and unless also the holders of at least 25% in aggregate principal amount of the outstanding Notes shall have made written request and offered indemnity reasonably satisfactory to the Trustee to institute such proceeding as trustee, and the Trustee shall not have received from the holders of a majority in aggregate principal amount of the outstanding Notes a direction inconsistent with such request and shall have failed to institute such proceeding within 60 days. However, such limitations do not apply to a suit instituted by a holder of a Note for enforcement of payment of the principal of and premium, if any, or interest on such Note on or after the respective due dates expressed in such Note.

The Issuer shall deliver to the Trustee, within 30 days after the occurrence thereof, written notice in the form of an Officers' Certificate of any event which with the giving of notice and the lapse of time would become an Event of Default, its status and what action the Issuer is taking or proposes to take with respect thereto. Parent and the Issuer also will be required to deliver to the Trustee annually a statement as to the performance by Parent and the Issuer of certain of their obligations under the Indenture and as to any default in such performance.

Amendment, Supplement and Waiver

The Issuer, the Guarantors and the Trustee may, at any time and from time to time, without notice to or consent of any holders of Notes, enter into one or more indentures supplemental to the Indenture (1) to evidence the succession of another Person to the Issuer, Parent or any other Guarantor and the assumption by such successor of the covenants of the Issuer, Parent or such other Guarantor, respectively, in the Indenture, the Notes and the applicable Note Guarantee; (2) to add to the covenants of Parent, the Issuer or any of their respective Subsidiaries, for the benefit of the holders, or to surrender any right or power conferred upon Parent, the Issuer or any other Guarantor by the Indenture; (3) to add any additional Events of Default; (4) to provide for uncertificated Notes in addition to or in place of certificated Notes; (5) to evidence and provide for the acceptance of appointment under the Indenture of a successor Trustee; (6) to secure the Notes; (7) to comply with the Trust Indenture Act or the Securities Act (including Regulation S promulgated thereunder); (8) to add additional Note Guarantees or to release any Guarantors from Note Guarantees as provided by the terms of the Indenture; or (9) to cure any ambiguity in the Indenture, to correct or supplement any provision in the Indenture which may be inconsistent with any other provision therein or to add any other provision with respect to matters or questions arising under the Indenture; *provided* such actions shall not adversely affect the interests of the holders in any material respect. The Issuer, a Guarantor and the Trustee may, at any time and from time to time, without notice to or consent of any holders of Notes, enter into one or more indentures supplemental to the Indenture, or amend one or more indentures supplemental to the Indenture, in each case as set forth in the fifth paragraph under the heading "—Note Guarantees."

With the consent of the holders of not less than a majority in principal amount of the outstanding Notes, the Issuer, the Guarantors and the Trustee may enter into one or more indentures supplemental to the Indenture for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Indenture or modifying in any manner the rights of the holders; *provided, however*, that no such supplemental indenture shall, without the consent of the holder of each

outstanding Note (1) change the Stated Maturity of the principal of, or any installment of interest on, any Note, or reduce the principal amount thereof or the interest thereon that would be due and payable upon the Stated Maturity thereof, or change the place of payment where, or the coin or currency in which, any Note or any premium or interest thereon is payable, or impair the right to institute suit for the enforcement of any such payment on or after the Stated Maturity thereof; (2) reduce the percentage in principal amount of the outstanding Notes, the consent of whose holders is necessary for any such supplemental Indenture or required for any waiver of compliance with certain provisions of the Indenture or certain Defaults thereunder; (3) subordinate in right of payment, or otherwise subordinate, the Notes or any Note Guarantee to any other Debt (other than as set forth in the fifth paragraph under the heading "—Note Guarantees"); (4) except as otherwise required by the Indenture, release any security interest that may have been granted in favor of the holders of the Notes; (5) reduce the premium payable upon the redemption of any Note nor change the time at which any Note may be redeemed, as described under "—Optional Redemption"; (6) reduce the premium payable upon a Change of Control Triggering Event or, at any time after a Change of Control Triggering Event has occurred, change the time at which the Offer to Purchase relating thereto must be made or at which the Notes must be repurchased pursuant to such Offer to Purchase; (7) at any time after the Issuer is obligated to make an Offer to Purchase with the Net Available Proceeds from Asset Dispositions, change the time at which such Offer to Purchase must be made or at which the Notes must be repurchased pursuant thereto; (8) make any change in any Note Guarantee that would adversely affect the holders of the Notes (other than as set forth in the fifth paragraph under the heading "—Note Guarantees"); or (9) modify any provision of this paragraph (except to increase any percentage set forth herein); and *provided further, however*, that without the consent of at least two-thirds in principal amount of the outstanding Notes, no such supplemental indenture shall amend the covenant described under "—Certain Covenants—Limitation on Actions with respect to Existing Intercompany Obligations."

The holders of not less than a majority in principal amount of the outstanding Notes may, on behalf of the holders of all the Notes, waive any past Default under the Indenture and its consequences, except Default (1) in the payment of the principal of (or premium, if any) or interest on any Note, (2) in respect of a covenant or provision hereof which under the first proviso to the prior paragraph cannot be modified or amended without the consent of the holder of each outstanding Note affected, or (3) in respect of the covenant which under the second proviso to the prior paragraph cannot be modified or amended without the consent of at least two-thirds in principal amount of the outstanding Notes.

Satisfaction and Discharge of the Indenture, Defeasance

The Issuer and the Guarantors may terminate their obligations under the Indenture when (i) either (A) all outstanding Notes have been delivered to the Trustee for cancellation or (B) all such Notes not theretofore delivered to the Trustee for cancellation have become due and payable, will become due and payable within one year or are to be called for redemption within one year under irrevocable arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name and at the expense of the Issuer, and the Issuer has irrevocably deposited or caused to be deposited with the Trustee funds in an amount sufficient to pay and discharge the entire indebtedness on the Notes not theretofore delivered to the Trustee for cancellation, for principal of (or premium, if any, on), and interest on, the Notes; (ii) the Issuer has paid or caused to be paid all other sums payable by the Issuer under the Indenture; and (iii) the Issuer has delivered an Officers' Certificate and an Opinion of Counsel relating to compliance with the conditions set forth in the Indenture.

The Issuer, at its election, shall (a) be deemed to have paid and discharged its debt on the Notes and the Indenture shall cease to be of further effect as to all outstanding Notes (except as to (i) rights

of registration of transfer, substitution and exchange of the Notes and the Issuer's right of optional redemption, (ii) rights of holders to receive payment of principal of, premium, if any, and interest on such Notes (but not the Purchase Price referred to under "—Certain Covenants—Change of Control Triggering Event" or under "—Certain Covenants—Limitation on Asset Dispositions") and any rights of the holders with respect to such amount, (iii) the rights, obligations and immunities of the Trustee under the Indenture and (iv) certain other specified provisions in the Indenture), or (b) cease to be under any obligation to comply with certain restrictive covenants, including those described under "—Certain Covenants," and terminate the operation of certain Events of Default, after the irrevocable deposit by the Issuer with the Trustee, in trust for the benefit of the holders of Notes, at any time prior to the maturity of the Notes, of (A) money in an amount, (B) Government Securities which through the payment of interest and principal will provide, not later than one day before the due date of payment in respect of the Notes, money in an amount, or (C) a combination thereof, sufficient to pay and discharge the principal of (premium, if any, on), and interest on, the Notes then outstanding on the dates on which any such payments are due in accordance with the terms of the Indenture and of the Notes. Such defeasance or covenant defeasance shall be deemed to occur only if certain conditions are satisfied, including among other things, delivery by the Issuer to the Trustee of an Opinion of Counsel acceptable to the Trustee to the effect that (i) such deposit, defeasance and discharge will not be deemed, or result in, a taxable event for federal income tax purposes with respect to the holders; and (ii) the Issuer's deposit will not result in the trust relating thereto or the Trustee being subject to regulation under the Investment Company Act of 1940.

Governing Law

The Indenture, the Notes and the Note Guarantees are governed by the laws of the State of New York, without reference to principles of conflicts of law.

The Trustee

The Bank of New York Mellon Trust Company, N.A. is the Trustee under the Indenture and has been appointed by the Issuer as Paying Agent with regard to the Notes. The Trustee may become the owner or pledgee of Notes and, subject to Sections 310(b) and 311 of the Trust Indenture Act of 1939, may otherwise deal with Parent or the Issuer with the same rights it would have if it were not Trustee or Paying Agent; however, if it acquires any conflicting interest (as defined in Section 310(b) of the Trust Indenture Act of 1939), after written request by the Issuer or by any Holder who has been a bona fide Holder of a Note for at least six months, then (i) the Issuer, by a board resolution, may remove the Trustee or (ii) subject to Section 3.15(e) of the Trust Indenture Act of 1939, any Holder who has been a bona fide Holder of a Security for at least six months may, on behalf of himself and all others similarly situated, petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

The Holders of a majority in aggregate principal amount of the then outstanding Notes will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee, subject to certain exceptions. The Indenture provides that, in case an Event of Default has occurred and is continuing, the Trustee will exercise its rights and powers under the Indenture, and use the same degree of care and skill in their exercise, as a prudent person would exercise or use under the circumstances in the conduct of such person's own affairs. The Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any of the Holders pursuant to the Indenture, unless such Holders shall have offered to the Trustee security or indemnity reasonably satisfactory to the Trustee against the costs, expenses and liabilities which might be incurred by the Trustee in compliance with such request or direction.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of the Issuer or the Guarantors, as such, shall have any liability for any obligations of the Issuer or the Guarantors, respectively, under the Notes or the Indenture or for any claim based on, in respect of, or by reason of, such obligations or their creation, solely by reason of its status as director, officer, employee, incorporator or stockholder of such Person. By accepting a Note each holder waives and releases all such liability (but only such liability). The waiver and release are part of the consideration for issuance of the Notes. Nevertheless, such waiver may not be effective to waive liabilities under the federal securities laws and it has been the view of the Commission that such a waiver is against public policy.

Transfer and Exchange

A holder may transfer or exchange Notes in accordance with the Indenture. The Issuer, the Registrar and the Trustee may require a holder, among other things, to furnish appropriate endorsements and transfer documents and the Issuer may require a holder to pay any taxes and fees required by law or permitted by the Indenture.

Book-Entry, Delivery and Form

The New Notes will initially be issued in the form of one or more global securities registered in the name of The Depository Trust Company, or DTC, or its nominee.

The New Notes initially will be represented by one or more notes in registered, global form without interest coupons (collectively, the "Global Notes"). The Global Notes will be deposited upon issuance with the Trustee as custodian for The Depository Trust Company ("DTC"), in New York, New York, and registered in the name of DTC or its nominee, in each case for credit to an account of a direct or indirect participant in DTC as described below.

Except as set forth below, the Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may not be exchanged for Notes in certificated form except in the limited circumstances described below. See "—Exchange of Global Notes for Certificated Notes." Except in the limited circumstances described below, owners of beneficial interests in the Global Notes will not be entitled to receive physical delivery of Notes in certificated form.

Depository Procedures. The following description of the operations and procedures of DTC, Euroclear and Clearstream are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. The Issuer takes no responsibility for these operations and procedures and urges investors to contact the systems or their participants directly to discuss these matters.

DTC has advised the Issuer that DTC is a limited-purpose trust company organized under the laws of the State of New York, a member of the Federal Reserve System, a "banking organization" within the meaning of the New York Banking Law, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered under the Exchange Act. DTC was created to hold the securities of its participating organizations ("participants") and to facilitate the clearance and settlement of securities transactions among its participants in such securities through electronic book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. DTC's participants include securities brokers and dealers (which may include the initial purchasers of the original notes), banks, trust companies, clearing corporations and certain other organizations, some of whom (or their representatives) have ownership interests in DTC. Access to DTC's book-entry system is also available to others, such as banks, brokers, dealers and trust companies ("indirect participants"), that clear through or maintain a custodial relationship

with a participant, either directly or indirectly. Persons who are not participants may beneficially own Notes held by or on behalf of DTC only through the participants or the indirect participants. The ownership interests in, and transfers of ownership interests in, each Note held by or on behalf of DTC are recorded on the records of the participants and indirect participants.

Upon the issuance of a Global Note, DTC or its nominee will credit the accounts of participants with the respective principal amounts of the Notes represented by such Global Note purchased by such participants in the exchange offer. Such accounts shall be designated by the initial purchasers. Investors in the Rule 144A Global Notes who are participants in DTC's system may hold their interests therein directly through DTC. Investors in the Rule 144A Global Notes who are not participants may hold their interests therein indirectly through the organizations (including Euroclear and Clearstream) which are participants in such system. Euroclear and Clearstream will hold interests in the Regulation S Global Notes on behalf of their participants through customers' securities accounts in their respective names on the books of their respective depositories, which are Euroclear Bank S.A./N.V., as operator of Euroclear, and Citibank, N.A., as operator of Clearstream. All interests in a Global Note, including those held through Euroclear or Clearstream, may be subject to the procedures and requirements of DTC. Those interests held through Euroclear or Clearstream also may be subject to the procedures and requirements of such systems. Ownership of beneficial interests in a Global Note will be shown on, and the transfer of that ownership interest will be effected only through, records maintained by DTC (with respect to participants' interests) or by the participants and the indirect participants (with respect to the owners of beneficial interests in such Global Note other than participants).

The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and such laws may impair the ability to transfer beneficial interests in a Global Note. Because DTC, Euroclear and Clearstream can act only on behalf of their respective participants, which in turn act on behalf of indirect participants and certain banks, the ability of a person having beneficial interests in a Global Note to pledge such interests to persons or entities that do not participate in the DTC, Euroclear or Clearstream system, as applicable, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Payment of principal of and interest on Notes represented by a Global Note will be made in immediately available funds to DTC or its nominee, as the case may be, as the sole registered owner and the sole holder of the Notes represented thereby for all purposes under the Indenture. Under the terms of the Indenture, the Issuer and the Trustee will treat the Persons in whose names the Notes, including the Global Notes, are registered as the owners of the Notes for the purpose of receiving payments and for all other purposes. Consequently, neither the Issuer, the Trustee nor any agent of the Issuer or the Trustee has or will have any responsibility or liability for:

- (1) any aspect of DTC's records or any participant's or indirect participant's records relating to or payments made on account of beneficial ownership interest in the Global Notes or for maintaining, supervising or reviewing any of DTC's records or any participant's or indirect participant's records relating to the beneficial ownership interests in the Global Notes; or
- (2) any other matter relating to the actions and practices of DTC or any of its participants or indirect participants.

The Issuer has been advised by DTC that upon receipt of any payment of principal of or interest on any Global Note, DTC will immediately credit, on its book-entry registration and transfer system, the accounts of participants with payments in amounts proportionate to their respective beneficial interests in the principal or face amount of such Global Note as shown on the records of DTC. The Issuer expects that payments by participants or indirect participants to owners of beneficial interests in a Global Note held through such participants or indirect participants will be governed by standing instructions and customary practices as is now the case with securities held for customer accounts

registered in "street name" and will be the sole responsibility of such participants and indirect participants.

Neither the Issuer nor the Trustee will be liable for any delay by DTC or any of its participants in identifying the beneficial owners of the Notes, and the Issuer and the Trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Transfers between participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds, and transfers between participants in Euroclear and Clearstream will be effected in accordance with their respective rules and operating procedures.

Subject to compliance with the transfer restrictions applicable to the Notes described herein, cross-market transfers between the participants in DTC, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by its respective depositary; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depositary to take action to effect final settlement on its behalf of delivering or receiving interests in the relevant Global Note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream.

DTC has advised the Issuer that it will take any action permitted to be taken by a holder of Notes only at the direction of one or more participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the Notes as to which such participant or participants has or have given such direction. However, if there is an Event of Default under the Notes, DTC reserves the right to exchange the Global Notes for legended Notes in certificated form, and to distribute such Notes to its participants.

So long as DTC or any successor depositary for a Global Note, or any nominee, is the registered owner of such Global Note, DTC or such successor depositary or nominee, as the case may be, will be considered the sole owner or holder of the Notes represented by such Global Note for all purposes under the Indenture and the Notes. Except as set forth above, owners of beneficial interests in a Global Note will not be entitled to have the Notes represented by such Global Note registered in their names, will not receive or be entitled to receive physical delivery of certificated Notes in definitive form and will not be considered to be the owners or holders of any Notes under such Global Note. Accordingly, each Person owning a beneficial interest in a Global Note must rely on the procedures of DTC or any successor depositary, and, if such Person is not a participant, on the procedures of the participant through which such Person owns its interest, to exercise any rights of a holder under the Indenture. The Issuer understands that under existing industry practices, in the event that the Issuer requests any action of holders or that an owner of a beneficial interest in a Global Note desires to give or take any action which a holder is entitled to give or take under the Indenture, DTC or any successor depositary would authorize the participants holding the relevant beneficial interest to give or take such action, and such participants would authorize beneficial owners owning through such participants to give or take such action or would otherwise act upon the instructions of beneficial owners owning through them.

Although DTC has agreed to the foregoing procedures in order to facilitate transfers of interests in Global Notes among participants of DTC, it is under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the Trustee or the initial purchasers of the original notes will have any responsibility for the

performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Notes for Certificated Notes. A Global Note is exchangeable for certificated Notes only if:

- (a) DTC notifies the Issuer that it is unwilling or unable to continue as a depositary for such Global Note or if at any time DTC ceases to be a clearing agency registered under the Exchange Act and, in either case, the Issuer fails to appoint a successor depositary within 90 days after the date of such notice,
- (b) the Issuer in its discretion at any time determines not to have all the Notes represented by such Global Note, or
- (c) there shall have occurred and be continuing a Default or an Event of Default with respect to the Notes represented by such Global Note.

Any Global Note that is exchangeable for certificated Notes pursuant to the preceding sentence will be exchanged for certificated Notes in authorized denominations and registered in such names as DTC or any successor depositary holding such Global Note may direct. Subject to the foregoing, a Global Note is not exchangeable, except for a Global Note of like denomination to be registered in the name of DTC or any successor depositary or its nominee. In the event that a Global Note becomes exchangeable for certificated Notes:

- (a) certificated Notes will be issued only in fully registered form in denominations of \$1,000 or integral multiples thereof,
- (b) payment of principal of, and premium, if any, and interest on, the certificated Notes will be payable, and the transfer of the certificated Notes will be registerable, at the office or agency of the Issuer maintained for such purposes, and
- (c) no service charge will be made for any registration of transfer or exchange of the certificated Notes, although the Issuer may require payment of a sum sufficient to cover any tax or governmental charge imposed in connection therewith.

MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following discussion is a summary of the material U.S. federal income tax consequences relevant to the exchange offer and the ownership and disposition of new notes. This discussion does not purport to be a complete analysis of all potential tax effects. This discussion only applies to holders of notes that are held as capital assets who are exchanging original notes for new notes in the exchange offer.

This discussion does not describe all of the tax consequences that may be relevant to holders in light of their particular circumstances or to holders subject to special rules, such as:

- certain financial institutions;
- tax-exempt organizations;
- insurance companies;
- dealers in securities or foreign currencies;
- persons holding notes as part of a hedge or other integrated transaction;
- U.S. Holders (as defined below) whose functional currency is not the U.S. dollar;
- partnerships or other entities classified as partnerships for U.S. federal income tax purposes; or
- persons subject to the alternative minimum tax.

If a partnership holds notes, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. If you are a partner of a partnership holding notes, you should consult your tax advisor.

This summary is based on the Internal Revenue Code of 1986, as amended, administrative pronouncements, judicial decisions and final, temporary and proposed Treasury Regulations, all as of the date hereof and changes to any of which subsequent to the date of this prospectus may affect the tax consequences described herein. Holders of notes are urged to consult their tax advisors with regard to the application of the U.S. federal income tax laws to their particular situations as well as any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction.

Neither the Issuer nor Parent has sought, nor will either of them seek, any rulings from the Internal Revenue Service (the "IRS") with respect to the matters discussed below. There can be no assurance that the IRS will not take a different position concerning the tax consequences of the purchase, ownership or disposition of the notes or that any such position would not be sustained.

Holders of original notes are urged to consult their own tax advisors with regard to the application of the tax consequences discussed below to their particular situations as well as the application of any state, local, foreign or other tax laws, including gift and estate tax laws.

Exchange Offer

The exchange of original notes for new notes pursuant to the exchange offer should not constitute a taxable event for U.S. federal income tax purposes. As a result:

- a holder of original notes should not recognize taxable gain or loss as a result of the exchange of original notes for new notes pursuant to the exchange offer;
- the holding period of the new notes should include the holding period of the original notes surrendered in exchange therefor; and
- a holder's adjusted tax basis in the new notes should be the same as such holder's adjusted tax basis in the original notes surrendered in exchange therefor.

Tax Consequences of Holding New Notes: U.S. Holders

As used herein, "U.S. Holder" means a beneficial owner of a note who or that is for U.S. federal income tax purposes:

- an individual that is a citizen or resident of the United States;
- a corporation or other entity taxable as a corporation created or organized in or under the laws of the United States or a political subdivision thereof;
- an estate, the income of which is subject to U.S. federal income tax regardless of its source; or
- a trust, if a U.S. court can exercise primary supervision over the administration of the trust and one or more U.S. persons can control all substantial trust decisions, or, if the trust was in existence on August 20, 1996, and has elected to continue to be treated as a U.S. person.

The term U.S. Holder also includes certain former citizens and residents of the United States.

Interest

A U.S. Holder will be required to include the stated interest payments on the notes in income in accordance with the Holder's method of accounting for U.S. federal income tax purposes.

Market Discount

If a U.S. Holder purchases a new note (or purchased an original note which is exchanged for a new note) for an amount that is less than its stated redemption price at maturity, the amount of the difference will be treated as market discount for U.S. federal income tax purposes, unless this difference is less than a specified *de minimis* amount.

A U.S. Holder will be required to treat any payment other than stated interest on, or any gain on the sale, exchange, retirement or other disposition of, a note as ordinary income to the extent of the market discount accrued on the note at the time of the payment or disposition unless this market discount has been previously included in income by the U.S. Holder pursuant to an election by the U.S. Holder to include market discount in income as it accrues, or pursuant to a constant yield election by the U.S. Holder. If the note is disposed of in certain nontaxable transactions, accrued market discount will be includible as ordinary income to the U.S. Holder as if such holder had sold the note in a taxable transaction at its then fair market value. In addition, the holder may be required to defer, until the maturity of the note or its earlier disposition (including certain nontaxable transactions), the deduction of all or a portion of the interest expense on any indebtedness incurred or maintained to purchase or carry such note, unless the U.S. Holder has elected to include market discount as it accrues or pursuant to a constant yield election.

Amortizable Bond Premium

If a U.S. Holder purchases a new note (or purchased an original note which is exchanged for a new note) for an amount that is greater than the sum of all amounts payable on the note other than stated interest, such U.S. Holder will be considered to have purchased the note with amortizable bond premium. In general, amortizable bond premium with respect to any note will be equal in amount to the excess of the purchase price over the sum of all amounts payable on the note other than stated interest and the holder may elect to amortize this premium, using a constant yield method, over the remaining term of the note. A U.S. Holder may generally use the amortizable bond premium allocable to an accrual period to offset stated interest required to be included in such holder's income with respect to the note in that accrual period. A U.S. Holder who elects to amortize bond premium must reduce his tax basis in the note by the amount of the premium amortized in any year. An election to

amortize bond premium applies to all taxable debt obligations then owned and thereafter acquired by the U.S. Holder and may be revoked only with the consent of the IRS.

Sale or Other Taxable Disposition of the Notes

A U.S. Holder will generally recognize gain or loss on the sale, exchange, redemption, retirement or other taxable disposition of a note equal to the difference between the amount realized upon the disposition and the U.S. Holder's adjusted tax basis in the note. A U.S. Holder's adjusted tax basis in a note generally will be the U.S. Holder's cost therefor, increased by any market discount previously included in income by such holder and reduced (but not below zero) by any amortized bond premium and payments, other than stated interest payments, received with respect to the note. Such recognized gain or loss generally will be capital gain or loss, and if the U.S. Holder is an individual that has held the note for more than one year, such capital gain will generally be subject to tax at long-term capital gain rates. For these purposes, the amount realized does not include any amount attributable to accrued interest or accrued market discount. Amounts attributable to accrued interest or accrued market discount are taxed as ordinary income as described under "Interest" and "Market Discount" above. A U.S. Holder's ability to deduct capital losses may be limited.

Contingent Payments

In certain circumstances, the Issuer may be obligated to pay you amounts in excess of the stated interest and principal payable on the notes. The Issuer's obligation to make certain payments upon a Change of Control Triggering Event or certain redemptions, may implicate the provisions of Treasury regulations relating to "contingent payment debt instruments." The Issuer intends to take the position that the notes should not be treated as contingent payment debt instruments because of these payments. Assuming such position is respected, a U.S. Holder would be required to include in income the amount of any such payments at the time such payments are received or accrued in accordance with such U.S. Holder's method of accounting for U.S. federal income tax purposes. If the IRS successfully challenged this position, and the notes were treated as contingent payment debt instruments because of such payments, U.S. Holders might, among other things, be required to accrue interest income at higher rates than the stated interest rate on the notes and to treat any gain recognized on the sale or other disposition of a note as ordinary income rather than as capital gain. The regulations applicable to contingent payment debt instruments have not been the subject of authoritative interpretation and therefore the scope of the regulations is not certain. Purchasers of notes are urged to consult their tax advisors regarding the possible application of the contingent payment debt instrument rules to the notes.

Medicare Contribution Tax

In addition to the tax consequences described above, enacted legislation requires certain U.S. Holders that are individuals, estates or trusts to pay up to an additional 3.8% tax on interest and capital gains for taxable years beginning after December 31, 2012.

Information Reporting and Backup Withholding

Information returns will be filed with the IRS in connection with payments on the notes and the proceeds from a sale or other disposition of the notes. A U.S. Holder will be subject to backup withholding tax on these payments if the U.S. Holder fails to provide its taxpayer identification number to the paying agent and comply with certain certification procedures or otherwise establish an exemption from backup withholding. The amount of any backup withholding from a payment to a U.S. Holder will be allowed as a credit against the U.S. Holder's U.S. federal income tax liability and may entitle the U.S. Holder to a refund, provided that the required information is furnished to the IRS.

Tax Consequences of Holding New Notes: Non-U.S. Holders

The following discussion is limited to the U.S. federal income tax consequences relevant to a Non-U.S. Holder. For these purposes, a "Non-U.S. Holder" is a beneficial owner of a note that is for U.S. federal income tax purposes:

- an individual who is classified as a nonresident for U.S. federal income tax purposes;
- a foreign corporation; or
- a foreign estate or trust.

"Non-U.S. Holder" does not include a Holder who is an individual present in the United States for 183 days or more in the taxable year of disposition and who is not otherwise a resident of the United States for U.S. federal income tax purposes. Such a Holder is urged to consult his or her own tax advisor regarding the U.S. federal income tax consequences of the sale, exchange or other disposition of a note.

Interest

Subject to the discussion of backup withholding below, interest paid to a Non-U.S. Holder will not be subject to U.S. federal income or withholding tax, provided that:

- such holder does not own directly or indirectly, actually or constructively, 10% or more of the total combined voting power of all classes of the Issuer's stock entitled to vote;
- such holder is not a controlled foreign corporation that is related to the Issuer directly or constructively through stock ownership;
- such holder is not a bank receiving interest on a loan entered into in the ordinary course of its trade or business;
- such interest is not effectively connected with the conduct by the Non-U.S. Holder of a trade or business within the United States; and
- the Issuer, or its paying agent, receives appropriate documentation (generally an IRS Form W-8BEN or W-8ECI) establishing that the Non-U.S. Holder is not a U.S. person.

A Non-U.S. Holder that does not qualify for exemption from withholding under the preceding paragraph generally will be subject to withholding of U.S. federal income tax at a 30% rate (or lower applicable treaty rate) on payments of interest on the notes.

If interest on the notes is effectively connected with the conduct by a Non-U.S. Holder of a trade or business within the United States, such interest will be subject to U.S. federal income tax on a net income basis at the rate applicable to U.S. persons generally (and, with respect to corporate holders, may also be subject to a 30% branch profits tax). If interest is subject to U.S. federal income tax on a net income basis in accordance with these rules, such payments will not be subject to U.S. withholding tax so long as the Non-U.S. Holder provides the Issuer or its paying agent with the appropriate documentation (generally an IRS Form W-8ECI).

Sale or Other Taxable Disposition of the Notes

Subject to the discussion of backup withholding below, any gain realized by a Non-U.S. Holder on the sale, exchange or redemption of a note generally will not be subject to U.S. federal income tax, unless:

- such gain is effectively connected with the conduct by such Non-U.S. Holder of a trade or business within the United States; or

- the Non-U.S. Holder is subject to tax pursuant to the provisions of U.S. federal income tax law applicable to certain expatriates.

Information Reporting and Backup Withholding

Information returns will be filed with the IRS in connection with payments on the notes. Unless the Non-U.S. Holder complies with certification procedures to establish that it is not a United States person, information returns may be filed with the IRS in connection with the proceeds from a sale or other disposition and the Non-U.S. Holder may be subject to backup withholding tax on payments on the notes or on the proceeds from a sale or other disposition of the notes. The certification procedures required to claim the exemption from withholding tax on interest described above will satisfy the certification requirements necessary to avoid the backup withholding tax as well. The amount of any backup withholding from a payment to a Non-U.S. Holder will be allowed as a credit against the Non-U.S. Holder's U.S. federal income tax liability and may entitle the Non-U.S. Holder to a refund, provided that the required information is furnished to the IRS.

PLAN OF DISTRIBUTION

Each broker-dealer that receives new notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such new notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of new notes received in exchange for original notes where such original notes were acquired as a result of market-making activities or other trading activities. Each of the Issuer and Parent has agreed that, starting on the expiration date and ending on the close of business on the day that is 180 days following the expiration date, it will make this prospectus, as amended or supplemented, available to any broker-dealer for use in connection with any such resale. In addition, until July 2, 2012 all dealers effecting transactions in the new notes may be required to deliver a prospectus.

Neither the Issuer nor Parent will receive any proceeds from any sale of new notes by broker-dealers. New notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the new notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer and/or the purchasers of any such new notes. Any broker-dealer that resells new notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of such new notes may be deemed to be an "underwriter" within the meaning of the Securities Act and any profit of any such resale of new notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

For a period of 180 days after the expiration date, the Issuer and Parent will promptly send additional copies of this Prospectus and any amendment or supplement to this Prospectus to any broker-dealer that requests such documents in the letter of transmittal. The Issuer and Parent have agreed to pay all expenses incident to the exchange offer (other than the expenses of counsel for the holders of the original notes) other than commissions or concessions of any brokers or dealers and will indemnify the holders of the original notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.

LEGAL MATTERS

Certain legal matters with respect to the legality of the new notes and related guarantees offered hereby will be passed upon for the Issuer by Willkie Farr & Gallagher LLP, New York, New York.
