## **Item 9. Regulation FD Disclosure**

On September 25, 2001, Level 3 Communications, Inc. ("Level 3") posted to its web site at [www.Level3.com](http://www.Level3.com) the following Questions and Answers relating to the tender offers commenced by Level 3 Finance, LLC. The furnishing of this information shall not be deemed an admission as to the materiality of the information included in this Current Report. This information is not filed but is furnished pursuant to Regulation FD.

Q: What action did Level 3 Communications announce on September 10, 2001?

A: Level 3 Communications announced, in accordance with applicable securities regulations, that its subsidiary, Level 3 Finance, LLC, is offering to purchase a portion of Level 3 Communications' outstanding senior notes and convertible subordinated notes utilizing a "modified Dutch auction" process.

Q: What is Level 3 Finance, LLC?

A: Level 3 Finance, LLC is a wholly owned subsidiary of Level 3 Communications, Inc. that has offered to purchase a portion of Level 3 Communications' outstanding senior notes and convertible subordinated notes utilizing a "modified Dutch auction" process.

Q: How does a "modified Dutch auction" process work?

A: During the tender period, which started on Monday, September 10, 2001, and is expected to end on Tuesday, October 9, 2001, noteholders have the ability to offer to sell to Level 3 Finance all or a portion of their notes within the price range specified by Level 3 Finance. At the expiration of the tender offers, Level 3 Finance will accept tenders as follows:

- 1) Level 3 Finance will accept tenders of notes starting at the lowest prices within a specified pricing range for each series of notes and will continue to accept tenders in order of increasing offer price until Level 3 Finance has purchased up to the specified maximum face value amount per series of notes.
- 2) Level 3 Finance will then pay to all noteholders whose tenders are accepted the highest price specified for a series of notes that is accepted for purchase by Level 3 Finance (the "Purchase Price") even if that price is higher than the price indicated by the noteholder.
- 3) If the aggregate principal amount of notes other than the 2009 Convertible Notes and 2010 Convertible Notes tendered at the highest Purchase Price exceeds the maximum face value amount of notes that is specified by Level 3 Finance at the Purchase Price, all securities tendered at prices below the applicable Purchase Price will be accepted, and acceptances of tenders at the Purchase Price will be allocated among tendering noteholders of the series of notes on a pro rata basis according to the principal amount tendered.

If the aggregate principal amount of 2009 Convertible Notes and 2010 Convertible Notes tendered at the highest Purchase Price exceeds the maximum face value amount of notes that is specified by Level 3 Finance at the Purchase Price, Level 3 Finance will accept all securities tendered at or below the applicable Purchase Price on a pro rata basis from among such tendered 2009 Convertible Notes and 2010 Convertible Notes as the case may be.

Q: How much cash will Level 3 Finance spend in the tender offers?

A: Level 3 Finance will spend anywhere between \$0 and approximately \$654 million in cash, excluding accrued interest. The actual amount spent will depend on the amount of notes Level 3 Finance agrees to purchase in the tender offers. Level 3 Finance has the option to revise the tender offers, which may increase or decrease the range of possible amounts expended. Since the completion of the tender offers is subject to the satisfaction of certain customary conditions, Level 3 Finance will be obligated to spend this cash only if those conditions are satisfied.

Q: Is there a minimum amount of debt Level 3 Finance is obligated to purchase regardless of price?

A: No. If there are no offers within the pricing ranges specified, Level 3 Finance is not obligated to purchase any notes.

Q: In order for Level 3 Finance to complete one tender offer for a particular series of notes, does any other tender offer have to be completed as well?

A: No, each series of notes is treated separately and therefore is not dependent on the successful tender of any other series.

Q: Why is Level 3 Finance offering to purchase Level 3 Communications' outstanding senior notes and convertible subordinated notes?

A: Given the current trading levels of the debt securities, which represent significant discounts to face value, Level 3 Communications believes purchasing debt securities at prices specified in the tender offer is a prudent use of cash.

Q: What is the maximum amount of debt Level 3 Finance is offering to purchase?

A: Assuming a sufficient amount of notes are offered within the price range specified in the Offer to Purchase document, Level 3 Finance will purchase up to an aggregate of \$1.5 billion face amount of debt at maturity.

Q: If Level 3 Finance purchases debt in accordance with the terms of the tender offers, is Level 3 Communications' business plan fully funded?

A: Level 3 Communications believes that, given the expected cash flow effects of its previously disclosed initiatives and the proposed tender offers announced by Level 3 Finance, Level 3 Communications' business plan remains prefunded to free cash flow breakeven.

The revised maximum aggregate principal amount (or principal amount at maturity, as applicable) listed above for a series of Notes is referred to as the "Offer Amount" for that series.

Under the "Modified Dutch Auction" procedure, Level 3 Finance will accept tendered Notes in each offer in the order of the lowest to the highest tender prices specified by tendering holders within the applicable revised price range for the applicable series of Notes, and will select the single lowest price so specified (with respect to such series, the "Purchase Price") that will enable Level 3 Finance to purchase the Offer Amount for that series (or, if less than the Offer Amount for that series are tendered, all Notes of that series so tendered). Level 3 Finance will pay the same Purchase Price for all Notes of a given series that are tendered at or below the Purchase Price for that series, upon the terms and subject to the conditions of the applicable offer, including the proration terms for that offer.

Level 3 has extended the expiration date of the tender offer for each series of Notes until 11:59 p.m., New York City time, on October 9, 2001, unless that offer is further extended. Tendered Notes may be withdrawn at any time prior to the applicable expiration date.

In the event that the amount of any series of Notes, other than the 2009 Convertible Notes and the 2010 Convertible Notes, tendered on or prior to the expiration date for that offer at or below the applicable Purchase Price exceeds the Offer Amount for that series then, subject to the terms and conditions of the applicable offer, Level 3 Finance will accept for payment such Notes of that series as follows. First, Level 3 Finance will accept for payment all Notes of that series that are tendered at prices below the applicable Purchase

Price. Next, Level 3 Finance will accept for payment such Notes of that series that are tendered at the applicable Purchase Price on a pro rata basis from among the tendered Notes of that series.

In the event that the amount of either series of Convertible Notes validly tendered (and not withdrawn) prior to the applicable expiration date at or below the applicable Purchase Price exceeds the Offer Amount for that series of Convertible Notes then, under and subject to the amended terms and conditions of the applicable Convertible Note offer, Purchaser will accept for payment such Convertible Notes of that series that are validly tendered (and not withdrawn) at or below the applicable Purchase Price on a pro rata basis from among such tendered Convertible Notes of that series.

The terms and conditions of each offer are set forth in Level 3 Finance's Offer to Purchase, dated September 10, 2001, as supplemented on September 25, 2001. Subject to applicable law, Level 3 Finance may, in its sole discretion, waive any condition applicable to any tender offer or extend or terminate or otherwise amend any offer.

No offer is conditioned on the consummation of any other offer, and no offer has as a condition that a minimum principal amount (or principal amount at maturity, as applicable) of Notes be tendered in that offer. The consummation of the tender offer for each series of Notes remain subject to certain conditions, which are described in the Offer to Purchase.

This announcement is not an offer to purchase, a solicitation of an offer to purchase, or a solicitation of an offer to sell securities, with respect to any series of Notes. The tender offers may only be made pursuant to the terms of the Offer to Purchase and the accompanying Letter of Transmittal, in each case as supplemented.
