### ANNUAL MEETING OF STOCKHOLDERS May 20, 2003 PROXY STATEMENT

---

#### INFORMATION CONCERNING SOLICITATION AND VOTING

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors (the "Watts Board") of Watts Industries, Inc. (the "Company") for use at the Company's 2003 Annual Meeting of Stockholders to be held on Tuesday, May 20, 2003 at 10:00 a.m., local time, in the Phillips Room of The Andover Inn at Phillips Academy, Chapel Avenue, Andover, Massachusetts 01810 and at any adjournment(s) or postponement(s) thereof ("Annual Meeting").

Only stockholders of record at the close of business on April 9, 2003 are entitled to receive notice of and to vote at the Annual Meeting. Each share of class A common stock, par value \$.10 per share ("Class A Common Stock"), of the Company outstanding on the record date is entitled to one vote, and each share of class B common stock, par value \$.10 per share ("Class B Common Stock"), of the Company outstanding on the record date is entitled to ten votes. As of the close of business on April 9, 2003, there were outstanding and entitled to vote 18,890,318 shares of Class A Common Stock and 8,185,224 shares of Class B Common Stock.

The presence, in person or by proxy, of outstanding shares of Class A Common Stock and Class B Common Stock representing a majority of the total votes entitled to be cast is necessary to constitute a quorum for the transaction of business at the Annual Meeting. A quorum being present, the affirmative vote of a plurality of the votes cast is necessary to elect a nominee as a Director of the Company. A quorum being present, under Delaware law the proposal to approve the 2003 Non-Employee Directors' Stock Option Plan requires the affirmative vote of a majority of the votes cast on the proposal, and for purposes of determining the number of votes cast, abstentions are treated under Delaware law as not voting. In addition, under New York Stock Exchange rules the proposal to approve the 2003 Non-Employee Directors' Stock Option Plan requires the affirmative vote of a majority of all the votes cast on the proposal, and further requires the total number of votes cast on the proposal to represent more than 50% of all of the shares entitled to vote on the proposal. The New York Stock Exchange treats abstentions as shares entitled to vote and as votes cast.

Shares that reflect abstentions or "broker non-votes" (i.e., shares represented at the Annual Meeting held by brokers or nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote such shares and with respect to which the broker or nominee does not have discretionary power to vote such shares) will be counted for purposes of determining whether a quorum is

present for the transaction of business at the Annual Meeting. Abstentions and broker non-votes will have no effect on the outcome of the election of Directors. In the election of Directors, votes may be cast in favor of, against or withheld from each nominee; votes that are withheld will be excluded entirely from the vote and will have no effect on the outcome. Broker non-votes will be treated as votes not cast under both Delaware law and the New York Stock Exchange rules for purposes of determining the number of votes cast on the proposal to approve the 2003 Non-Employee Directors' Stock Option Plan. Accordingly, in the event that more than 50% of the shares entitled to vote are cast on the proposal, broker non-votes will have no effect on the outcome.

---

Shares represented by duly executed proxies received by the Company and not revoked will be voted at the Annual Meeting in accordance with the instructions contained therein. If no instructions are given, properly executed proxies will be voted (i) for the election of each of the nominees named herein for Director, (ii) for the ratification of the selection of KPMG LLP as the independent auditors of the Company for the current fiscal year, and (iii) for approval of the 2003 Non-Employee Directors' Stock Option Plan.

Any properly completed proxy may be revoked at any time before it is voted on any matter (without, however, affecting any vote taken prior to such revocation) by (1) giving written notice of such revocation to the Secretary of the Company at the address set forth below, (2) signing and duly delivering a proxy bearing a later date, or (3) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, revoke a proxy.

This proxy statement and the enclosed proxy are first being mailed together by the Company on or about April 17, 2003 to stockholders of record as of April 9, 2003. The Company's Annual Report for the fiscal year ended December 31, 2002 is being mailed to such stockholders of the Company concurrently with this proxy statement.

The principal executive offices of the Company are located at 815 Chestnut Street, North Andover, Massachusetts 01845.

The expenses of preparing, printing and assembling the materials used in the solicitation of proxies will be borne by the Company. In addition to the solicitation of proxies by use of the mails, the Company may also use the services of some of its officers and employees (who will receive no compensation therefor in addition to their regular salaries) to solicit proxies personally and by personal interview, telephone and telegram. Brokerage houses, nominees, fiduciaries and other custodians will be requested to forward solicitation materials to the beneficial owners of shares held of record by them and will be reimbursed for their reasonable expenses.

At the date hereof the management of the Company has no knowledge of any business other than the matters set forth in the Notice of Annual Meeting of Stockholders and described above that will be presented for consideration at the Annual Meeting. If any other business should come before the Annual Meeting, the proxies will be voted in accordance with the direction of the proxy holders. Each of the persons appointed by the enclosed form of proxy present and acting at the meeting, in person or by substitute, shall have and may exercise all of the powers and authority of the proxies.

## **PROPOSAL 1 ELECTION OF DIRECTORS**

The Watts Board has fixed the number of Directors at seven and nominated each of the individuals named below for election as a Director. If elected, each nominee will serve until the Company's 2004 Annual Meeting of Stockholders and until such Director's successor shall have been duly elected and qualified. Proxies will be voted for each of the nominees named below unless otherwise specified in the proxy. All of the nominees, except for John K. McGillicuddy, are presently members of the Watts Board. Management does not contemplate that any of the nominees will be unable to serve, but in that event, proxies solicited hereby will be voted either for the election of another person or persons to be designated by the Watts Board or to fix the number of Directors at a lesser number and elect the nominees able to serve. Holders of shares representing votes sufficient to elect each of the nominees named below have indicated an intention to vote in favor of such nominees.

The Board of Directors recommends that stockholders vote **FOR** the election of each nominee as a Director of the Company.

## LEGAL PROCEEDING INVOLVING DIRECTOR

The Securities and Exchange Commission ("SEC") commenced a civil action on August 15, 2002 against Timothy P. Horne, a member of our Board of Directors, our controlling stockholder, and

4

former Chief Executive Officer and Chairman, alleging that Mr. Horne received confidential information as an officer of the Company and used it to profit from trading he did in shares of Central Sprinkler Corp. in May 1999. The complaint alleged violations of Section 10(b) of the Securities Exchange Act of 1934 and Rule 10b-5 promulgated thereunder based on insider trading.

Mr. Horne has entered into an agreement with the SEC to settle the civil action. Pursuant to the agreement, Mr. Horne, without admitting or denying the allegations of the complaint filed by the SEC, has consented to the entry of a final judgement against him which requires him to disgorge profits gained as a result of the conduct alleged in the complaint, pay prejudgment interest, plus a civil money penalty, and which permanently restrains and enjoins him from violations of Section 10(b) of the Securities Exchange Act of 1934 and Rule 10b-5 thereunder.

Unless otherwise indicated, each stockholder has sole voting and investment power with respect to shares beneficially owned by that stockholder. For purposes of computing the equity and voting percentages for each stockholder, any shares that such stockholder has the right to acquire within 60 days of March 19, 2003 are deemed to be outstanding, but are not deemed to be outstanding for the purpose of computing the percentages for any other stockholder.

A total of 1,701,220 of the shares of class B common stock noted in (i), 1,185,840 of the class B common stock shares in (ii), 1,185,840 of the class B common stock shares in (iii), 1,724,600 of the class B common stock shares in (v), and all of the shares noted in clauses (vi) and (vii) (5,850,300 shares in the aggregate) are held in a voting trust for which Mr. Horne serves as trustee. - (6) 5,850,300 shares of class B common stock in the aggregate (see footnote 5) are subject to the terms of The Amended and Restated George B. Horne Voting Trust Agreement-1997 ("the 1997 Voting Trust"). Under the terms of the 1997 Voting Trust, the trustee (currently Timothy P. Horne) has sole power to vote all shares subject to the 1997 Voting Trust. Timothy P. Horne, for so long as he is serving as trustee of the 1997 Voting Trust, has the power to determine in his sole discretion whether or not proposed actions to be taken by the trustee of the 1997 Voting Trust shall be taken, including the trustee's right to authorize the withdrawal of shares from the 1997 Voting Trust (for purposes of this footnote, the "Determination Power"). Dietz, whose professional corporation is a partner in the law firm of Goodwin Procter, LLP, and Walter J. Flowers, a partner in the law firm of Flowers and Manning (each, a "Successor Trustee" and collectively, the "Successor Trustees"), shall thereupon become co-trustees of the 1997 Voting Trust. If a Successor Trustee shall cease to serve as such for any reason, then a third person shall become a co-trustee with the remaining two Successor Trustees, in accordance with the following

---

line of succession: first, any individual designated as the Primary Designee, next, any individual designated as the Secondary Designee, and then, an individual appointed by the holders of a majority in interest of the voting trust certificates then outstanding. In the event that the Successor Trustees do not unanimously concur on any matter not specifically contemplated by the terms of the 1997 Voting Trust, the vote of a majority of the Successor Trustees shall be determinative. The 1997 Voting Trust expires on August 26, 2021, subject to extension on or after August 26, 2019 by stockholders (including the trustee of any trust stockholder, whether or not such trust is then in existence) who deposited shares of class B common stock in the 1997 Voting Trust and are then living or, in the case of shares in the 1997 Voting Trust the original depositor of which (or the trustee of the original depositor of which) is not then living, the holders of voting trust certificates representing such shares. The 1997 Voting Trust may be amended by vote of the holders of a majority of the voting trust certificates then outstanding and by the number of trustees authorized to take action at the relevant time or, if the trustees (if more than one) do not concur with respect to any proposed amendment at any time when any trustee holds the Determination Power, then by the trustee having the Determination Power. Amendments to the extension, termination and amendment provisions of the 1997 Voting Trust require the approval of each individual depositor. Shares may not be removed from the 1997 Voting Trust during its term without the consent of the requisite number of trustees required to take action under the 1997 Voting Trust. Voting trust certificates are subject to any restrictions on transfer applicable to the stock which they represent. Timothy P. Horne holds 29.08% of the total beneficial interest in the 1997 Voting Trust (the "Beneficial Interest") individually, 20.27% of the Beneficial Interest as trustee of a revocable trust, 20.27% of the Beneficial Interest as trustee of a trust revocable with the consent of the trustee, 29.48% of the beneficial interest as co-trustee of a revocable trust, and 0.52% and 0.39% of the beneficial interest as trustee of two irrevocable trusts (representing an aggregate of 100% of the Beneficial Interest). George B. Horne holds 29.48% of the beneficial interest as co-trustee of a revocable trust. Tara V. Horne as beneficiary of an irrevocable trust holds 0.52% of the Beneficial Interest. Tiffany R. Horne as beneficiary of an irrevocable trust holds 0.39% of the Beneficial Interest.

- (7) Includes 1,085,840 shares of class B common stock that are beneficially owned by Peter W. Horne, as sole trustee and beneficiary of a revocable trust. The shares are subject to the terms of the Horne Family Voting Trust Agreement—1991 (the "1991 Voting Trust"). Under the terms of the 1991 Voting Trust, the two trustees (currently Timothy P. Horne and Daniel J. Murphy, III) have sole power to vote all shares subject to the 1991 Voting Trust. However, as long as Timothy P. Horne is serving as a trustee of the 1991 Voting Trust, Timothy P. Horne generally has the right to vote all shares subject to such trust in the event that the trustees do not concur with respect to any proposed action, including any exercise of the trustee's right to authorize the withdrawal of shares from the 1991 Voting Trust (for purposes of this footnote, the "Determination Power"). The sole exception to the Determination Power is that the concurrence of Timothy P. Horne and Daniel J. Murphy, III is required for the voting of shares in connection with any vote involving the election or removal of directors of the Company. Under the terms of the 1991 Voting Trust, Timothy P. Horne has the authority to designate up to two successor trustees. Timothy P. Horne has not designated any such successor trustee. If each of Timothy P. Horne and Mr. Murphy ceases to serve as a trustee for any reason, and no successor trustee has been designated, the holders of a majority of the voting trust

certificates then outstanding have the right to designate successor trustees as necessary under the terms of the 1991 Voting Trust. Under the terms of the 1991 Voting Trust, Timothy P. Horne and George B. Horne, the father of Timothy P. Horne, can collectively agree to revoke the designation of any successor trustee before he begins to serve or to appoint a new designated successor. If one of such Horne family member is unable to take such action, this power rests in the survivor of them. The 1991 Voting Trust was to expire on October 31, 2002, but the term of the 1991 Voting Trust was extended for one year by the directive

of the sole beneficiary, Peter W. Horne. The 1991 Voting Trust now expires on October 31, 2003, subject to extension on or before October 31, 2003 by stockholders (including the trustee of any trust stockholder, whether or not such trust is then in existence) who deposited shares of class B common stock in the 1991 Voting Trust, are then living, and continue to hold voting trust certificates under the 1991 Voting Trust or, in the case of shares in the 1991 Voting Trust the original depositor of which (or the trustee of the original depositor of which) is not then living, the holders of voting trust certificates representing such shares. The 1991 Voting Trust may be amended or terminated by vote of the holders of a majority of the voting trust certificates then outstanding and, while one or more of Timothy P. Horne, Daniel J. Murphy, III and their successors designated as described in the preceding paragraph is serving as trustee, the trustees. Shares may not be removed from the 1991 Voting Trust during its term without the consent of the trustees.

## Compensation Committee Interlocks and Insider Participation

The members of the Company's compensation committee are Messrs. Murphy and Moran, neither of whom is an executive officer of the Company.

## Pension Plan

The Company maintains a qualified noncontributory defined benefit pension plan (the "Pension Plan") for eligible salaried employees of the Company and its subsidiaries, including the named executive officers specified in the "Summary Compensation Table" above, and it maintains a nonqualified noncontributory defined benefit supplemental plan (the "Supplemental Plan") generally for certain highly compensated employees. The eligibility requirements of the Pension Plan are attainment of age 21 and one year of service of 1,000 or more hours. The assets of the Pension Plan are maintained in a trust fund at State Street Bank and Trust Company. The Pension Plan is administered by the Pension Plan Committee, which is appointed by the Board of Directors of the Company. Annual contributions to the Pension Plan are computed by an actuarial firm based on normal pension costs and a portion of past service costs. The Pension Plan provides for monthly benefits to, or on behalf of, each covered employee at age 65 and has provisions for early retirement after ten years of service and attainment of age 55 and surviving spouse benefits after five years of service. Covered employees who terminate employment prior to retirement with at least five years of service are vested in their accrued retirement benefit. The Pension Plan is subject to the Employee Retirement Income Security Act of 1974, as amended.

The annual normal retirement benefit for employees under the Pension Plan is 1.67% of Final Average Compensation (as defined in the Pension Plan) multiplied by years of service (maximum 25 years), reduced by the Maximum Offset Allowance (as defined in the Pension Plan). For terminations after the 2001 plan year, annual compensation in excess of \$200,000 per year is

disregarded under the Pension Plan for all purposes. However, benefits accrued prior to the 1989 plan year may be based on compensation in excess of \$200,000. Compensation recognized under the Pension Plan includes base salary and annual bonus.

The Supplemental Plan provides additional monthly benefits to (i) a select group of key executives, (ii) to individuals who were projected to receive reduced benefits as a result of changes made to the Pension Plan to comply with the Tax Reform Act of 1986 and (iii) to executives who will be affected by IRS limits on Pension Plan Compensation. Tier one benefits are provided to a select group of key executives. The annual benefit under this tier payable at normal retirement is equal to the difference between (1) 2% of the highest three year average pay multiplied by years of service up to ten years, plus 3% of average pay times years of service in excess of ten years, to a maximum of 50% of average pay and (2) the annual benefit payable under the Pension Plan described above. Normal retirement under this tier is age 62.

Tier one-A benefits are provided to a select group of key executives. The annual benefit payable under this tier is equal to the difference between (1) 1.75% of the highest three year average pay multiplied by years of service up to ten years, plus 2.25% of average pay times years of service in excess of ten years, to a maximum of 40% of average pay and (2) the annual benefit payable under the Pension Plan described above. Normal retirement under this tier is age 62.

The following table illustrates total annual normal retirement benefits (payable from both the Pension Plan and from the Supplemental Plan and assuming attainment of age 62 during 2003) for various levels of Final Average Compensation and years of benefit service under Tier one of the Supplemental Plan.

Tier two benefits are provided to individuals not covered under Tier one or Tier one-A who were projected to receive reduced benefits as a result of changes made to the Pension Plan to comply with the Tax Reform Act of 1986. The annual normal retirement benefit payable under this tier is equal to the difference between (1) the pre-Tax Reform Act formula of 45% of Final Average Compensation less 50% of the participant's Social Security Benefit, the result prorated for years of service less than 25, and (2) the Pension Plan formula above. For the 2003 Plan Year, Annual Compensation in excess of \$375,200 is disregarded for all purposes under Tier two of the Supplemental Plan. Tier three benefits are provided to individuals not covered under Tier one, Tier one-A or Tier two who will be affected by IRS limits on Pension Plan compensation. The annual normal retirement benefit payable under this tier is based on the Pension Plan formula set forth above, with Annual

Compensation in excess of \$300,160 disregarded. Compensation recognized under the Supplemental Plan is W-2 pay, including amounts deferred under the Management Stock Purchase Plan and pursuant to Sections 401 and 125 of the Internal Revenue Code, but excluding income realized upon the exercise of stock options.

Messrs. Timothy P. Horne, Fifer, McCartney, Lacourciere, McLaurin, O'Keefe and Polofsky have 44, 9, 18, 17, 25, 1 and 5 years, respectively, of benefit service under the Pension Plan. Messrs. Fifer and McCartney are eligible for Tier one benefits and Mr. Lacourciere is eligible for Tier one-A benefits. Mr. Horne is eligible for Tier two benefits. Messrs. Polofsky and O'Keefe are eligible for Tier three benefits. Eligible employees are currently limited to a maximum annual benefit under the Pension Plan of \$160,000 (subject to cost of living adjustments) under Internal Revenue Code requirements regardless of their years of service or Final Average Compensation. Accordingly, under current salary levels and law, Mr. Timothy P. Horne's annual benefit would be limited to such amount.

#### Employment, Termination, Supplemental and Deferred Compensation Agreements

The Company and Timothy P. Horne, a Director of the Company and the Company's former CEO and President, are parties to a Supplemental Compensation Agreement, providing for Mr. Horne's services to the Company and compensation following his retirement from the Company on December 31, 2002. Mr. Horne shall provide consulting services to the Company for 300 to 500 hours per year so long as he is physically able. For these services, the Company will pay Mr. Horne \$500,000 for calendar years 2003, 2004 and 2005, \$410,665 for calendar year 2006 and \$400,000 for each calendar year thereafter, subject to certain cost-of-living increases each year. In the event of a change of control of the Company, Mr. Horne has the right to elect to receive a lump sum payment instead of the payments described above. If Mr. Horne elects to receive the lump sum payment, his obligation to provide consulting services to the Company terminates. The lump sum payment would equal the present value of \$23,650 monthly for life and would be determined with reference to discount rates and mortality tables applicable under the Company's Retirement Plan for Salaried Employees and an adjustment for inflation. The Company has also agreed to provide lifetime benefits to Mr. Horne including use of Company secretarial services, use of an office at the Company's corporate headquarters, retiree health insurance and reimbursement of tax and financial planning expenses, automobile maintenance expenses, one club membership, a customary director indemnification agreement and travel expenses when visiting Company facilities.

Timothy P. Horne is also entitled under a Deferred Compensation Agreement to retirement benefits aggregating \$233,333 payable over a period of 28 consecutive months commencing upon the earliest of his retirement, attainment of the age of 65 or other termination of employment. The Deferred Compensation Agreement represents compensation which Mr. Horne deferred prior to the Company's past three fiscal years. The Company has fully expensed its obligations under this Deferred Compensation Agreement.

19

The Company and Michael O. Fifer, the Company's former President of North American Operations, are parties to a severance agreement relating to Mr. Fifer's separation from the Company. The severance agreement provides that Mr. Fifer will be paid his regular monthly base salary of \$20,417 less the usual deductions for taxes and benefits, and will continue his participation in Company benefit plans through May 31, 2003. Mr. Fifer will also receive his bonus of \$237,601 for fiscal year 2002.

## **Stock Option and Compensation Committee Report**

The Stock Option and Compensation Committee is currently composed of Messrs. Murphy and Moran. Mr. Murphy is the Chairman of the Committee. The members of the Stock Option and Compensation Committee are non-employee directors and are ineligible to participate in any of the compensation plans which are administered by the Committee.

### *Compensation Philosophy*

The Company's executive compensation program is designed to promote corporate performance by aligning the interests of the Company's executives with those of the stockholders thereby enhancing stockholder returns. The Committee believes that executives should have a greater portion of their compensation tied directly and primarily to performance of the business and secondarily to individual objectives established by management. To this end, overall compensation strategies and specific compensation plans have been developed to tie a significant portion of executive compensation to the success in meeting specified performance goals. The amended Executive Incentive Bonus Plan and the Management Stock Purchase Plan instituted in fiscal 1996 are intended to strengthen the executive compensation/corporate performance relationship. The overall objectives of this strategy are to attract and retain the best possible executive talent, to motivate executives to achieve goals inherent in the Company's business strategy, to link executive and stockholder interests and to provide compensation packages that recognize individual contributions as well as promote achievement of overall business goals.

The Company's executive compensation program consists of three key components, each of which is intended to serve the overall compensation philosophy: base salary, an annual bonus or Restricted Stock Units under the Management Stock Purchase Plan in lieu of annual bonus, and stock options granted under the 1996 Stock Option Plan (the "1996 Plan"). These programs, as well as the basis for the Chief Executive Officer's compensation for fiscal 2002, are discussed below.

### *Base Salary*

Base salaries for executive officers are initially determined by evaluating the responsibilities of the position held and the experience of the individual, coupled with a review of the compensation for comparable positions at other companies.

Executives' base salaries are reviewed on an annual basis following the close of the fiscal year and completion of the audit of the Company's financial results by the independent auditors. Adjustments are determined by evaluating the performance of the Company and each executive officer. The performance of executive officers with functional or administrative responsibilities is considered by reviewing the quality and efficiency of administrative and functional processes. In the case of executive officers with responsibility for one or more business units within the Company, the business results of those units are also considered. The Committee also considers, where appropriate, certain nonfinancial performance measures, such as increase in market share, market expansion, corporate development and acquisitions, achievement of manufacturing efficiencies, improvements in product quality and/or relations with customers, suppliers or employees. Adjustments in base salary are also made when and as appropriate to reflect changes in job responsibilities.

---

The Committee believes that the Company's most direct competitors for executive talent are not necessarily all of the companies that would be included in the same-industry peer group established to compare shareholder returns. Thus, the compensation packages which may be considered during the Company's compensation review process are not the same group as the peer group index in the Comparison of Five Year Cumulative Total Return graph included in this proxy statement.

### *Annual Bonus*

Under the Executive Incentive Bonus Plan, as amended, (the "Bonus Plan"), the Company's executive officers and other key employees are eligible for an annual cash bonus. Corporate performance objectives are established at or near the beginning of each fiscal year by the Chairman of the Board and Chief Executive Officer and the Chief Financial Officer in consultation with the Committee. Each selected participant is generally assigned three goals, consisting of sales growth, an economic value added percentage or cash flow objectives, and earnings objectives. Once the goals are established eligible executives are assigned a maximum potential bonus percentage of base salary as a target upon which the bonus is calculated. Each of the three goals described above carries a percentage weight of  $33\frac{1}{3}\%$  of the maximum potential bonus percentage. The Committee believes that a significant portion of executive compensation should be tied to an annual bonus potential based closely on the performance of the Company. The Committee believes that the Bonus Plan accomplishes that objective.

With respect to the bonus plan for fiscal 2002, the Company achieved the financial objectives established by the Board of Directors for the fiscal year. The Company had increased sales due to the increased unit sales into the North American retail market, the inclusion of sales of

acquired companies, and a small increase in sales into the North American wholesale market. These increased sales, in addition to improved gross margins in the North American segment, contributed to the achievement of the profit objective. The Company's continued focus on asset management, as well as continued strong cash flows generated from operations, contributed to the attainment of the economic value added objective. The CEO and the named executives achieved more than 100% of the 2002 targeted objectives.

### *Management Stock Purchase Plan*

The Management Stock Purchase Plan (the "MSPP") is intended to increase the incentive for the Company's executives to purchase and hold more of the Company's Stock thereby more closely aligning their interests with the interests of the stockholders. Under the MSPP, participants may elect to receive restricted stock units ("RSUs") in lieu of all or a portion of their pre-tax annual incentive bonus and, in some circumstances, make after-tax contributions in exchange for RSUs. Executive participants are required to make an election no later than June 30 of the fiscal year for which such annual incentive bonus amounts will be determined. Each RSU represents the right to receive one share of the Class A Common Stock ("Stock") after a three year vesting period and a participant may elect to defer receipt of Stock for an additional period of time after the vesting period. The MSPP permits a participant to defer income and the taxes due thereon until the RSUs are converted to Stock. RSUs are granted at a discount of 33% from the fair market value of the Stock on the date of grant which is the date that annual incentive bonuses are paid or would otherwise be paid. This discount is comparable to that offered by other industrial companies. The Committee has decreased the number of stock options granted and the number of individuals receiving options under the Company's stock option plans in order to further motivate executives participation in the MSPP.

### *Stock Options*

Under the Company's 1996 Plan, which was approved by the stockholders, stock options may be granted to the Company's executive officers. The Committee will continue to set guidelines for the size

of stock option awards based on similar factors as used to determine base salaries and annual bonuses, including corporate performance and individual performance against objectives. However, as previously noted, the Committee has decreased the number of stock options granted to motivate executives' participation in the MSPP. Stock options are a vehicle for the payment of long-term compensation which are intended to motivate executives to improve stock market performance.

Stock options are designed to align the interests of the executives with those of the stockholders over the long-term, as the full benefit of the compensation package will not be realized unless stock appreciation occurs over a number of years. Stock options under the 1996 Plan, which may either be incentive or nonqualified options, are typically granted annually and vest 20% per year over five years beginning with the first anniversary of the grant date. Under the 1996 Plan, the exercise price for incentive stock option grants equals the market price of the Class A Common Stock on the date of the grant with an exception for executives who own more than 10% of the combined voting power of the Company; for those employees, the exercise price is equal to 110% of the market price on the date of the grant. Under the 1996 Plan, nonqualified stock options have an exercise price which may be no less than 50% of the market price on the date of the grant and generally vest 20% per year over five years beginning with the first anniversary of the grant date. The duration of options under the 1996 Plan is generally 10 years, with the exception of incentive stock option grants to owners of more than 10% of the combined voting power of the Company, in which case such grants terminate after 5 years. Options are normally granted in August at the Committee's meeting in order to provide the Committee with an opportunity to review the fiscal year performance, both of business and individual goals.

### *Chief Executive Officer Compensation*

Mr. Timothy P. Horne, who served as President and Chief Executive Officer through August 7, 2002 but remained an employee of the Company through December 31, 2002, received a base salary of \$603,333.36 in fiscal year 2002. He received a base salary of \$705,000 for fiscal years 2001 and 2000. The decrease in base salary was a result of Mr. Horne retiring from his position as President and Chief Executive Officer. Mr. Horne received a bonus in the amount of \$258,613 for fiscal year 2002. Mr. Horne did not make an election to receive RSUs in lieu of any portion of his annual bonus for fiscal 2002. In fiscal year 2002, he opted not to receive stock options. Mr. Horne's bonus and stock option grants are determined by the Committee using the same criteria described above for all executives. Mr. Horne holds a significant equity interest in the Company.

Mr. Patrick S. O'Keefe was elected to serve as President and Chief Executive Officer of the Company on August 7, 2002. Mr. O'Keefe's base compensation is \$350,000 per annum. Under the Executive Incentive Bonus Plan, Mr. O'Keefe is eligible to receive a maximum potential bonus of 140% of his base salary. The actual base salary received by Mr. O'Keefe in fiscal year 2002 was \$145,833.35. Mr. O'Keefe was eligible to receive a prorated bonus earned for fiscal year 2002; the bonus awarded was \$145,857. Upon employment, Mr. O'Keefe received options to purchase 50,000 shares with an exercise price of \$15.75, which represents 100% of the fair market value of the class A common stock on the grant date. Mr. O'Keefe will be paid for relocation expenses, including closing costs, and the Company will pay him an additional \$25,000 for miscellaneous expenses relating to his relocation. The Company provides Mr. O'Keefe with a leased automobile. Mr. O'Keefe's salary, bonus and stock option grants are determined by the committee using the same criteria described above for all executives.

Internal Revenue Code Section 162(m), provides that publicly held companies may not deduct in any taxable year compensation in excess of one million dollars paid to any of the named executive officers which is not "performance-based" as defined in Section 162(m). The Committee believes that, while there may be circumstances in which the Company's interests are best served by maintaining

flexibility whether or not the compensation is fully deductible under Section 162(m), it is generally in the Company's best interest to comply with Section 162(m).

### *Conclusion*

Through the programs described above, a significant portion of the Company's executive compensation is linked to corporate performance and stock appreciation. The Committee believes that the Bonus Plan closely aligns executive compensation to corporate performance. In addition, the Committee believes that properly balancing the grant of stock options and RSUs will further encourage executives and management employees to acquire a greater equity stake in the Company and will motivate them to contribute to the future growth and success of the Company, thereby making stock appreciation a shared interest for both executives and management employees, and all stockholders.

### **Audit Committee Report**

During fiscal year 2002, the Audit Committee of the Board of Directors of the Company was composed of four non-employee Directors. The Board has made a determination that the members of the Audit Committee satisfy the requirements of the New York Stock Exchange as to independence, financial literacy and experience. All members of the audit committee, except Mr. McAvoy, meet the independence definition in Section 303.01 (B) (3) of the listing requirements of the New York Stock Exchange. Mr. McAvoy does not meet the independence definition because he was employed by the Company until December 31, 1999 when he retired from his position as Chief Financial Officer and Treasurer. Based on Mr. McAvoy's unique combination of extensive financial management, audit and accounting experience and his knowledge of the Company and its industry, the Board of Directors determined that Mr. McAvoy's membership on the Audit Committee is required by the best interests of the Company and its stockholders.

The responsibilities of the Audit Committee are set forth in the charter of the Audit Committee, which was adopted by the Board of Directors of the Company on April 26, 2000. The Audit Committee, among other matters, is responsible for the annual recommendation of the independent accountants to be appointed by the Board of Directors as the auditors of the Company and its subsidiaries, and reviews the arrangements for and the results of the auditors' examination of the Company's books and records, auditors' compensation, internal accounting control procedures, and activities and recommendations of the Company's internal auditors. It also reviews the Company's accounting policies, control systems and compliance activities. Finally, the Audit Committee reviews the charter of the Audit Committee.

The Audit Committee has reviewed and discussed the audited financial statements of the Company for the fiscal year ended December 31, 2002 with the management of the Company.

The Audit Committee has discussed with KPMG LLP the matters required to be discussed by SAS No. 61 (Codification of Statements on Auditing Standards, AU Section 380). The Audit Committee has received the written disclosures on fees and staffing from KPMG LLP required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committee) and has discussed with KPMG LLP their independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's fiscal 2002 Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

In accordance with the rules of the Securities and Exchange Commission, the foregoing information, which is required by paragraphs (a) and (b) of Regulation S-K Item 306, shall not be

in the item, or to the liabilities of section 18 of the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically requests that the information be treated as soliciting material or specifically incorporates it by reference into a document filed under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

**Performance Graph**

Set forth below is a line graph comparing the cumulative total shareholder return on the Company's Class A Common Stock, based on the market price of the Class A Common Stock, with the cumulative return of companies on the Standard & Poor's 500 Stock Index, the Russell 2000 Index, and one peer group of companies engaged in the valve and pump industries, for a period of five and one-half fiscal years commencing June 30, 1997 and ended December 31, 2002. The peer group is a selected performance indicator of peer companies consisting of Flowserve Corporation, U.S. Industries, Inc. and IDEX Corporation. The Company is including an additional broad equity market index, the Russell 2000, which consists of companies with market capitalizations of less than \$1 Billion. The graph assumes that the value of the investment in the Company's Class A Common Stock and each index was \$100 at June 30, 1997 and that all dividends were reinvested.

## Certain Relationships and Related Transactions

George B. Horne, the father of Timothy P. Horne, a Director of the Company, receives monthly payments of \$7,959 (\$95,505 annually) from the Watts Industries, Inc. Retirement Plan for Salaried Employees.

On May 9th, 2002 the Company made a \$196,505 loan to Mr. Michael O. Fifer. Mr. Fifer used all of the proceeds of this loan to purchase stock of the Company pursuant to the exercise of stock options. The loan is full recourse and bears interest at a rate of 4.43%. The entire loan remains outstanding, but is due and payable not later than January 31, 2004, or immediately if Mr. Fifer sells, assigns, pledges or encumbers all or any portion of the stock.

## Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers, directors, and persons who own more than 10% of the Class A Common Stock to file with the Securities and Exchange Commission and the New York Stock Exchange initial reports of ownership and changes in ownership of Company stock and provide copies of such forms to the Company. Based on a review of the copies of such forms provided to the Company and written representations furnished to it, the Company believes that during the fiscal year ended December 31, 2002, all reports required by Section 16(a) to be filed by the aforementioned persons were filed on a timely basis.

## PROPOSAL 2 RATIFICATION OF INDEPENDENT AUDITORS

Although Delaware law does not require that the selection by the Directors of the Company's independent auditors be approved each year by the stockholders, the Directors believe it is appropriate to submit the selection of independent auditors to the stockholders for their approval and to abide by the result of the stockholders' vote. Upon the recommendation of the Audit Committee of the Board, the Directors have recommended that the stockholders ratify the selection of KPMG LLP as the Company's independent auditors for fiscal 2003.

The Company expects that a representative of KPMG LLP will be present at the annual meeting and will be given the opportunity to make a statement if he or she wishes to do so. This representative is also expected to be available to respond to questions from stockholders.

During fiscal year 2002, KPMG LLP provided various audit, audit related and non-audit services to the Company as follows:

- a) Audit Fees: Aggregate fees billed for professional services rendered for the audit of the Company's December 31, 2002 annual financial statements and review of financial statements in the Company's Quarterly Reports on Form 10-Q: \$658,793.
- b) Financial information systems design and implementation fees: None.
- c) All Other Fees: Aggregate fees billed for all other professional services rendered during the year ended December 31, 2002: \$885,680.

All other fees include fees for audit-related services totalling \$597,735 and non-audit services of \$287,945. Audit related services consist of audits of financial statements of certain employee benefit plans, due diligence services in connection with business acquisitions, and additional statutory audit services. Non audit-related services primarily consist of tax compliance services.

The Audit Committee has considered whether, and determined that, the provision of the services described in sections (b) and (c) above is compatible with maintaining the independence of KPMG LLP.

26

Holders of voting rights sufficient to ratify the selection of KPMG LLP as independent auditors have indicated an intention to vote in

favor of this proposal.

The Board of Directors recommends that stockholders vote FOR the ratification of the selection of KPMG LLP as the Company's independent auditors for Fiscal 2003.

### **PROPOSAL 3**

#### **2003 NON-EMPLOYEE DIRECTORS' STOCK OPTION PLAN**

#### **Proposal**

Our Board of Directors has adopted the Watts Industries, Inc. 2003 Non-Employee Directors' Stock Option Plan (the "2003 Directors' Plan") for members of our Board of Directors who are neither officers nor employees of the Company (the "Non-Employee Directors"), subject to the approval of the 2003 Directors' Plan by our stockholders.

The 2003 Directors' Plan is administered by our Board of Directors. The 2003 Directors' Plan provides for the automatic grant of a Non-Qualified Stock Option annually to each Non-Employee Director of the Company.

Subject to adjustment for stock splits, stock dividends and similar events, the total number of shares of Class A common stock that can be issued under the 2003 Directors' Plan is 85,000 shares of Class A common stock. Based solely upon the closing price of our class A common stock as reported on the New York Stock Exchange on March 3, 2003, the maximum aggregate market value of the securities to be issued under the 2003 Directors' Plan would be \$1,266,500. The shares issued by the Company under the 2003 Directors' Plan may be authorized but unissued shares, or shares reacquired by the Company. To the extent that awards under the 2003 Directors' Plan do not vest or otherwise revert to the Company, the shares of Class A common stock represented by such awards may be the subject of subsequent awards.

#### **Recommendation**

Our Board of Directors believes that stock-based awards can play an important role in the success of the Company by providing an incentive to obtain and retain the services of highly-qualified persons to serve as Non-Employee Directors of the Company. Our Board of Directors anticipates that providing such persons with a direct stake in the Company's welfare will assure a closer identification of the interests of participants in the 2003 Directors' Plan with those of the Company, thereby stimulating their efforts on the Company's behalf and strengthening their desire to remain with the Company. Non-Employee Directors of the Company previously received automatic grants of Non-Qualified Stock Options annually under the Company's now expired 1991 Non-Employee Directors' Nonqualified Stock Option Plan, and most recently under the Company's 1996 Stock Option Plan.

Accordingly, our Board of Directors believes that the 2003 Directors' Plan is in the best interests of the Company and its stockholders and recommends that our stockholders approve the 2003 Directors' Plan.

**Our Board of Directors recommends that the 2003 Directors' Plan be approved, and therefore recommends a vote FOR this proposal.**

#### **Summary of the 2003 Directors' Plan**

The following description of certain features of the 2003 Directors' Plan is intended to be a summary only. The summary is qualified in its entirety by the full text of the 2003 Directors' Plan which is attached hereto as Appendix A.

*2003 Directors' Plan Administration.* The 2003 Directors' Plan provides for administration by the Board of Directors of the Company. The Board of Directors has full power to determine and modify the terms and conditions, not inconsistent with the terms of the 2003 Directors' Plan, of any stock option and to approve the written form of instruments evidencing stock options. The Board of Directors may also (i) adopt and amend the rules and guidelines for administration of the Plan, (ii) interpret the Plan and (iii) decide disputes in connection with the Plan. Except for adjustments as a result of changes in the Company's capital stock or changes as a result of mergers or other transactions, the Board of Directors may not use its discretion to reduce the exercise price of outstanding stock options or effect repricing through cancellation and re-grants.

*Eligibility and Limitations on Grants.* Only Non-Employee Directors of the Company are eligible to participate in the 2003 Directors' Plan. Accordingly, the number of individuals potentially eligible to participate in the 2003 Directors' Plan is approximately eight persons.

*Automatic Grants of Non-Qualified Stock Options.* The 2003 Directors' Plan automatically grants to each Non-Employee Director who is serving as a Director of the Company on the fifth business day after each annual meeting of stockholders of the Company a Non-Qualified

Stock Option to acquire 3,094 shares of Class A common stock. A Non-Qualified Stock Option is a stock option that is not qualified as an Incentive Stock Option within the meaning of Section 422 of the Code.

*Other Stock Option Terms.* The exercise price of each Non-Qualified Stock Option shall be equal to the fair market value of the Stock on the date the stock option is granted. All Non-Qualified Stock Options granted under the 2003 Directors' Plan shall be fully exercisable on the date that they are granted. Stock options granted under the 2003 Directors' Plan may not be exercised after the expiration of ten years from the date of grant.

In general, unless otherwise permitted by the Board of Directors, no stock option granted under the 2003 Directors' Plan is transferable by the optionee other than by will or by the laws of descent and distribution, and stock options may be exercised during the optionee's lifetime only by the optionee, or by the optionee's legal representative or guardian in the case of the optionee's incapacity.

Stock options granted under the 2003 Directors' Plan may be exercised for cash or by transfer to the Company (either actually or by attestation) of shares of Class A common stock that are not then subject to restrictions under any Company stock plan, and that have been held by the optionee for at least six months or were purchased on the open market, and that have a fair market value equivalent to the stock option exercise price of the shares being purchased, or, to the extent permitted by applicable law, by compliance with certain provisions pursuant to which a securities broker delivers the purchase price for the shares to the Company.

*Mergers and Other Transactions.* The 2003 Directors' Plan provides that in the event that a transaction occurs that results in our Class A common stock no longer being registered under the Securities Exchange Act of 1934, all stock options will terminate upon completion of the transaction. In all other transactions, the Board of Directors may either arrange for replacement stock options or terminate the stock options in exchange for payment in cash or in kind.

*Adjustments for Stock Dividends, Mergers, etc.* The 2003 Directors' Plan authorizes the Board of Directors to make appropriate adjustments to the number of shares of Class A common stock that are subject to the 2003 Directors' Plan and to any outstanding stock options to reflect stock dividends,

28

---

stock splits and similar events. If, as a result of any merger, consolidation, sale of assets of the Company or similar transaction, outstanding shares of Class A common stock are converted or exchanged for a different number or kind of security, the Board of Directors shall make appropriate adjustment in the number of shares reserved or outstanding under the 2003 Directors' Plan, the number of stock options automatically granted to Non-Employee Directors and the exercise price of outstanding stock options.

*Amendments and Termination.* The Board of Directors may at any time amend or discontinue the 2003 Directors' Plan and the Board of Directors may at any time amend or cancel any outstanding stock option for the purpose of satisfying changes in law or for any other lawful purpose, but no such action shall adversely affect the rights under any outstanding stock options without the holder's consent.

#### **New 2003 Directors' Plan Benefits**

No grants have been made with respect to the additional shares of Class A common stock to be reserved for issuance under the 2003 Directors' Plan. Shares of Class A common stock may not be granted to executive officers or other employees of the Company. The number of shares of Class A common stock that may be granted to all current Directors who are not executive officers is set forth on the following table:

**Watts Industries, Inc. 2003 Non-Employee Directors' Stock Option Plan**

<b>Name and Position</b>	<b>Dollar Value (\$)</b>	<b>Number of Units</b>
CEO	N/A	0
Four most highly compensated Executive Officers	N/A	0
Executive Group	N/A	0
Non-Executive Director Group	*	85,000
Non-Executive Officer Employee Group	N/A	0

---

\* The dollar value of these grants is not determinable because the exercise price of the Non-Qualified Stock Option will be the fair market value of our Class A common stock on the date of grant.

### Tax Aspects under the U.S. Internal Revenue Code

The following is a summary of the principal federal income tax consequences of transactions under the 2003 Directors' Plan. It does not describe all federal tax consequences under the 2003 Directors' Plan, nor does it describe state or local tax consequences.

**Non-Qualified Stock Options.** With respect to the Non-Qualified Stock Options granted under the 2003 Directors' Plan, no income is realized by the optionee at the time the stock option is granted. Generally (i) at exercise, ordinary income is realized by the optionee in an amount equal to the difference between the option price and the fair market value of the shares of Class A common stock on the date of exercise, and the Company receives a tax deduction for the same amount, and (ii) at disposition, appreciation or depreciation after the date of exercise is treated as either short-term or long-term capital gain or loss depending on how long the shares of Class A common stock have been held. Special rules will apply where all or a portion of the exercise price of the Non-Qualified Option is paid by tendering shares of Class A common stock.

Holders of shares representing votes sufficient to approve the 2003 Directors' Plan have indicated an intention to vote for approval of the 2003 Directors' Plan.

The Board of Directors recommends that stock holders vote **FOR** the approval of the 2003 Non-Employee Directors' Stock Option Plan.

## STOCKHOLDER PROPOSALS

In order for any stockholder proposal to be included in the proxy statement for the Company's 2004 Annual Meeting of Stockholders, such proposal must be received at the principal executive offices of the Company, 815 Chestnut Street, North Andover, MA 01845, not later than December 19, 2003 and must satisfy certain rules of the Securities and Exchange Commission.

Nominations and proposals of stockholders may also be submitted to the Company for consideration at the 2004 Annual Meeting if certain conditions set forth in the Company's bylaws are satisfied, but will not be included in the proxy materials unless the conditions set forth in the preceding paragraph are satisfied. To submit a nomination or other proposal, a stockholder should send the nominee's name or proposal and appropriate supporting information required by the Company's bylaws to the Secretary of the Company at the address set forth above.

(the "Company") by providing an incentive to obtain and retain the services of highly-qualified persons who are neither officers nor employees of the Company to serve as members of the Board of Directors of the Company. It is anticipated that providing such persons with a direct stake in the Company's welfare will assure a closer identification of their interests with those of the Company, thereby stimulating their efforts on the Company's behalf and strengthening their desire to remain with the Company.

**SECTION 2. ADMINISTRATION OF PLAN**

(a) *Administration.* The Plan shall be administered by the Board.

(b) *Powers of Board.* The Board shall have the power and authority:

(i) to determine and modify from time to time the terms and conditions, including restrictions, not inconsistent with the terms of the Plan, of any Option, which terms and conditions may differ among individual Options and grantees, and to approve the form of written instruments evidencing the Options; and

(ii) at any time to adopt, alter and repeal such rules, guidelines and practices for administration of the Plan and for its own acts and proceedings as it shall deem advisable; to interpret the terms and provisions of the Plan and any Option (including related written instruments); to make all determinations it deems advisable for the administration of the Plan; to decide all disputes arising in connection with the Plan; and to otherwise supervise the administration of the Plan.

All decisions and interpretations of the Board shall be binding on all persons, including the Company and Plan grantees.

(c) *Indemnification.* Neither the Board, nor any member nor any delegatee thereof, shall be liable for any act, omission, interpretation, construction or determination made in good faith in connection with the Plan, and the members of the Board (and any delegatee thereof) shall be entitled in all cases to indemnification and reimbursement by the Company in respect of any claim, loss, damage or expense (including, without limitation, reasonable attorneys' fees) arising or resulting there from to the fullest extent permitted by law and/or under any directors' and officers' liability insurance coverage which may be in effect from time to time.

### **SECTION 3. STOCK ISSUABLE UNDER THE PLAN; MERGERS; SUBSTITUTION**

(a) *Stock Issuable.* The maximum number of shares of Stock reserved and available for issuance under the Plan shall be 85,000 shares, subject to adjustment as provided in Section 3(b). For purposes of this limitation, the shares of Stock underlying any Options which are forfeited, canceled, reacquired by the Company, satisfied without the issuance of Stock or otherwise terminated (other than by exercise) shall be added back to the shares of Stock available for issuance under the Plan. The shares available for issuance under the Plan may be authorized but unissued shares of Stock or shares of Stock reacquired by the Company and held in its treasury.

(b) *Changes in Stock.* Subject to Section 3(c) hereof, if, as a result of any reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split or other similar change in the Company's capital stock, the outstanding shares of Stock are increased or decreased or are exchanged for a different number or kind of shares or other securities of the Company, or additional shares or new or different shares or other securities of the Company or other non-cash assets are distributed with respect to such shares of Stock or other securities, or, if, as a result of any merger or consolidation, sale of all or substantially all of the assets of the Company, the outstanding shares of Stock are converted into or exchanged for a different number or kind of securities of the Company or any successor entity (or a parent or subsidiary thereof), the Board shall make an appropriate or proportionate adjustment in (i) the maximum number of shares reserved for issuance under the Plan, (ii) the number and kind of shares or other securities subject to any then outstanding Options under the Plan, (iii) the number of Stock Options automatically granted to Non-Employee Directors, and (vi) the price for each share subject to any then outstanding Stock Options under the Plan, without changing the aggregate exercise price (i.e., the exercise price multiplied by the number of Stock Options) as to which such Stock Options remain exercisable. The adjustment by the Board shall be final, binding and conclusive. No fractional shares of Stock shall be issued under the Plan resulting from any such adjustment, but the Board in its discretion may make a cash payment in lieu of fractional shares.

The Board may also adjust the number of shares subject to outstanding Options and the exercise price and the terms of outstanding Options to take into consideration material changes in accounting practices or principles, extraordinary dividends, acquisitions or dispositions of stock or property or any other event if it is determined by the Board that such adjustment is appropriate to avoid distortion in the operation of the Plan.

A-2

(c) *Mergers and Other Transactions.* Notwithstanding any other provisions of the Plan, in the event that a transaction occurs that results in the Stock not being registered under Section 12 of the Exchange Act, all Options shall terminate upon the completion of the transaction. In all other transactions, the Board may either arrange for replacement Options or terminate all Options in exchange for payment in cash or in kind.

### **SECTION 4. ELIGIBILITY**

Grantees under the Plan will be the Non-Employee Directors of the Company.

### **SECTION 5. STOCK OPTIONS**

(a) *Automatic Grant of Options.*

(i) Each Non-Employee Director who is serving as Director of the Company on the fifth business day after each annual meeting of stockholders of the Company, beginning with the annual meeting held in 2003, shall automatically be granted on such day a Non-Qualified Stock Option to acquire 3,094 shares of Stock.

(ii) The exercise price per share for the Stock covered by a Stock Option granted hereunder shall be equal to the Fair Market Value of the Stock on the date the Stock Option is granted.

(b) *Exercise; Termination.*

(i) All Options granted hereunder shall be exercisable in full as of the grant date. An Option granted hereunder shall not be exercisable after the expiration of ten years from the date of grant.

(ii) Options granted hereunder may be exercised only by written notice to the Company specifying the number of shares to be purchased. Payment of the full purchase price of the shares to be purchased may be made by one or more of the methods specified in Section 5(e).

(c) *Non-transferability of Options.* No Stock Option shall be transferable by the optionee otherwise than by will or by the laws of descent and distribution and all Stock Options shall be exercisable, during the optionee's lifetime, only by the optionee, or by the optionee's legal representative or guardian in the event of the optionee's incapacity. Notwithstanding the foregoing, the Board, in its sole discretion, may provide in the Option agreement regarding a given Option that the optionee may transfer his Non-Qualified Stock Options to members of his immediate family, to trusts for the benefit of such family members, or to partnerships in which such family members are the only partners, provided that the transferee agrees in writing with the Company to be bound by all of the terms and conditions of this Plan and the applicable Option.

(d) *Rights of a Stockholder.* An optionee shall have the rights of a stockholder only as to shares acquired upon the exercise of a Stock Option and not as to unexercised Stock Options.

(e) *Method of Exercise.* Stock Options may be exercised in whole or in part, by giving written notice of exercise to the Company, specifying the number of shares to be purchased. Payment of the purchase price may be made by one or more of the following methods:

(i) In cash, by certified or bank check or other instrument acceptable to the Board;

(ii) Through the delivery (or attestation to the ownership) of shares of Stock that have been purchased by the optionee on the open market or that have been beneficially owned by the optionee for at least six months and are not then subject to restrictions under any Company plan. Such surrendered shares shall be valued at Fair Market Value on the exercise date; or

(iii) To the extent permitted by applicable law, by the optionee delivering to the Company a properly executed exercise notice together with irrevocable instructions to a broker to promptly

A-3

---

deliver to the Company cash or a check payable and acceptable to the Company for the purchase price; provided that in the event the optionee chooses to pay the purchase price as so provided, the optionee and the broker shall comply with such procedures and enter into such agreements of indemnity and other agreements as the Board shall prescribe as a condition of such payment procedure.

Payment instruments will be received subject to collection. The delivery of certificates representing the shares of Stock to be purchased pursuant to the exercise of a Stock Option will be contingent upon receipt from the optionee (or a purchaser acting in his stead in accordance with the provisions of the Stock Option) by the Company of the full purchase price for such shares and the fulfillment of any other requirements contained in the Option agreement or applicable provisions of laws. In the event an optionee chooses to pay the purchase price by previously-owned shares of Stock through the attestation method, the number of shares of Stock transferred to the optionee upon the exercise of the Stock Option shall be net of the number of shares attested to.

## **SECTION 6. AMENDMENTS AND TERMINATION**

The Board may, at any time, amend or discontinue the Plan and the Board may, at any time, amend or cancel any outstanding Option for the purpose of satisfying changes in law or for any other lawful purpose, but no such action shall adversely affect rights under any outstanding Option without the holder's consent. Except as provided in Section 3(b) or 3(c), in no event may the Board exercise its discretion to reduce the exercise price of outstanding Stock Options or effect repricing through cancellation and re-grants.

## **SECTION 7. STATUS OF PLAN**

With respect to the portion of any Option that has not been exercised and any payments in Stock or other consideration not received by a grantee, a grantee shall have no rights greater than those of a general creditor of the Company unless the Board shall otherwise expressly determine in connection with any Option or Options.

## SECTION 8. GENERAL PROVISIONS

(a) *No Distribution; Compliance with Legal Requirements.* The Board may require each person acquiring Stock pursuant to an Option to represent to and agree with the Company in writing that such person is acquiring the shares without a view to distribution thereof.

No shares of Stock shall be issued pursuant to an Option until all applicable securities law and other legal and stock exchange or similar requirements have been satisfied. The Board may require the placing of such stop-orders and restrictive legends on certificates for Stock and Options as it deems appropriate.

(b) *Delivery of Stock Certificates.* Stock certificates to grantees under this Plan shall be deemed delivered for all purposes when the Company or a stock transfer agent of the Company shall have mailed such certificates in the United States mail, addressed to the grantee, at the grantee's last known address on file with the Company.

(c) *Other Compensation Arrangements.* Nothing contained in this Plan shall prevent the Board from adopting other or additional compensation arrangements, including trusts, and such arrangements may be either generally applicable or applicable only in specific cases.

(d) *Trading Policy Restrictions.* Option exercises shall be subject to the Company's insider trading policy, as in effect from time to time.

A-4

---

(e) *Designation of Beneficiary.* Each grantee to whom an Option has been made under the Plan may designate a beneficiary or beneficiaries to exercise any Option or receive any payment under any Option payable on or after the grantee's death. Any such designation shall be on a form provided for that purpose by the Board and shall not be effective until received by the Board. If no beneficiary has been designated by a deceased grantee, or if the designated beneficiaries have predeceased the grantee, the beneficiary shall be the grantee's estate.

## SECTION 9. EFFECTIVE DATE OF PLAN

This Plan shall become effective upon approval by the holders of a majority of the votes cast at a meeting of stockholders at which a quorum is present. Subject to such approval by the stockholders and to the requirement that no Stock may be issued hereunder prior to such approval, Stock Options may be granted hereunder on and after adoption of this Plan by the Board.

## SECTION 10. GOVERNING LAW

This Plan, all Options and actions taken hereunder and thereunder, shall be governed by, and construed in accordance with, the laws of the State of Delaware, applied without regard to conflict of law principles.
