C.H. ROBINSON WORLDWIDE, INC.

(Exact name of registrant as specified in its charter)

Delaware
(State or other jurisdiction of
incorporation or organization)

41-1883630
(I.R.S. Employer
Identification No.)

14701 Charlson Road, Eden Prairie, Minnesota
(Address of principal executive offices)

55347-5088
(Zip Code)

Registrant's telephone number, including area code: 952-937-8500

Securities registered pursuant to Section 12(b) of the Act:

Title of each class
Common Stock, par value \$.10 per share
Preferred Share Purchase Rights

Name of each exchange on which registered
The NASDAQ National Market

Securities registered pursuant to Section 12(g) of the Act: None

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes ☒ No ☐

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. Yes ☐ No ☒

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports) and (2) has been subject to such filing requirements for the past 90 days. Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate website, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes ☒ No ☐

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K. ☒

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See definitions of "large accelerated filer," "accelerated filer," and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one)

Large accelerated filer	<input checked="" type="checkbox"/>	Accelerated filer	<input type="checkbox"/>
Non-accelerated filer	<input type="checkbox"/>	Smaller reporting company	<input type="checkbox"/>

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes ☐ No ☒

The aggregate market value of voting stock held by non-affiliates of the registrant as of June 29, 2012 was approximately \$9,330,323,899 (based upon the closing price of \$58.53 per common share on that date as quoted on The NASDAQ Global Select Market).

As of February 22, 2013, the number of shares outstanding of the registrant's Common Stock, par value \$.10 per share, was 161,053,942.

DOCUMENTS INCORPORATED BY REFERENCE

Portions of the Registrant's Proxy Statement relating to its Annual Meeting of Stockholders to be held May 9, 2013 (the "Proxy Statement"), are incorporated by reference in Part III.

PART I

ITEM 1. BUSINESS

Overview

C.H. Robinson Worldwide, Inc. ("C.H. Robinson," "the company," "we," "us," or "our") is one of the largest third party logistics companies in the world with 2012 consolidated total revenues of \$11.4 billion. We are a service company. We provide freight transportation services and logistics solutions to companies of all sizes, in a wide variety of industries. During 2012, we handled approximately 11.5 million shipments and worked with more than 42,000 active customers. We operate through a network of 276 offices, which we call branches, in North America, Europe, Asia, South America, and Australia. We have developed global transportation and distribution networks to provide transportation and supply chain services worldwide. As a result, we have the capability of facilitating most aspects of the supply chain on behalf of our customers.

As a third party logistics provider, we cultivate contractual relationships with a wide variety of transportation companies, and utilize those relationships to efficiently and cost effectively transport our customers' freight. We have contractual relationships with approximately 56,000 transportation companies, including motor carriers, railroads (primarily intermodal service providers), air freight and ocean carriers. Depending on the needs of our customer and their supply chain requirements, we select and hire the appropriate transportation for each shipment. Our model enables us to be flexible, provide solutions that optimize service for our customers, and minimize our asset utilization risk. As an integral part of our transportation services, we provide a wide range of value-added logistics services, such as freight consolidation, supply chain consulting and analysis, optimization, and reporting.

In addition to transportation, we provide sourcing services ("Sourcing"). Our Sourcing business is primarily the buying, selling, and marketing of fresh produce. It was our original business when we were founded in 1905. The foundation for much of our logistics expertise can be traced to our significant experience in handling produce and temperature controlled commodities. We supply fresh produce through our network of independent produce growers and suppliers. Our customers include grocery retailers and restaurants, produce wholesalers, and foodservice distributors. In many cases, we also arrange the logistics and transportation of the products we sell and provide related supply chain services such as replenishment, category management, and merchandising. We have developed proprietary brands of produce and have exclusive licensing agreements to distribute fresh produce under consumer recognized brand names. The produce for these brands is sourced through our preferred grower network and packed to order through contract packing agreements. We have instituted quality assurance and monitoring procedures with each of these preferred growers.

Historically, we provided fee-based payment services ("Payment Services") primarily through our subsidiary, T-Chek Systems, Inc., ("T-Chek"). T-Chek provided a variety of payment management and business intelligence services primarily to motor carrier companies and to fuel distributors. Those services included funds transfer, fuel purchasing, and online expense management. For most of these services, T-Chek charged a fee per transaction. On October 16, 2012, we sold substantially all of the assets and transferred certain liabilities of T-Chek to Electronic Funds Source, LLC ("EFS"). We expect to continue to generate Payment Services revenues from the cash advance option we offer our contracted carriers through continued agreements with T-Chek.

Our flexible business model has been the main driver of our historical results and has positioned us for continued growth. One of our competitive advantages is our branch network of 276 offices. Our branch employees are in close proximity to both customers and transportation providers, which gives them broad knowledge of their local markets and enables them to respond quickly to customers' and transportation providers' changing needs. Branch employees act as a team in their sales efforts, customer service, and operations. A significant portion of most branch employees' compensation is performance-oriented, based on the profitability of their branch and their contributions to the success of the branch. We believe this makes our employees more service-oriented and focused on driving growth and maximizing office productivity.

Our branches work together to complete transactions and collectively meet the needs of our customers. For large multi-location customers, we often coordinate our efforts in one branch and rely on multiple branch locations to deliver specific geographic or modal needs. As an example, approximately 43 percent of our truckload shipments are shared transactions between branches. Our methodology of providing services is very similar across all branches. The majority of our global network operates on a common technology platform that is used to match customer needs with supplier capabilities, to collaborate with other branch locations, and to utilize centralized support resources to complete all facets of the transaction.

Historically, we have grown primarily through internal growth, by growing market share through the addition of new customers and expanding relationships with our current customers, adding new services, expanding our market presence and operations globally, and hiring additional salespeople. We have augmented our growth through selective acquisitions. In October 2012, we

acquired all of the outstanding stock of the operating subsidiaries of Apreo Logistics S.A. ("Apreo"), a leading freight forwarder based in Warsaw, Poland. This acquisition enhances our truckload capabilities in Europe. In November 2012, we acquired all of the outstanding stock of Phoenix International Freight Services, Ltd. ("Phoenix"), an international freight forwarder based in Chicago, Illinois. Phoenix has a strong track record and diverse customer base in the international freight forwarding industry. This acquisition expanded our global forwarding network.

Our net revenues are our total revenues less purchased transportation and related services, including contracted motor carrier, rail, ocean, air, and other costs, and the purchase price and services related to the products we source. Our net revenues are the primary indicator of our ability to source, add value, and sell services and products that are provided by third parties, and we consider them to be our primary performance measurement. Accordingly, the discussion of our results of operations focuses on the changes in our net revenues.

Transportation and Logistics Services

C.H. Robinson provides freight transportation and related logistics and supply chain services. Our services range from commitments on a specific shipment to much more comprehensive and integrated relationships. We execute these service commitments by hiring and training people, developing proprietary systems and technology processes, and utilizing our network of subcontracted transportation providers, including contract motor carriers, railroads, air freight carriers, and ocean carriers. We make a profit on the difference between what we charge to our customers for the totality of services provided to them and what we pay to the transportation providers to handle or transport the freight. While industry definitions vary, given our extensive subcontracting to create a flexible network of solutions, we are generally referred to in the industry as a third-party logistics company.

We provide all of the following transportation and logistics services:

- **Truckload** — Through our contracts with motor carriers, we have access to dry vans, temperature controlled vans, flatbeds, and bulk capacity. We also offer time-definite and expedited truck transportation.
- **Less Than Truckload ("LTL")** — LTL transportation involves the shipment of single or multiple pallets of freight, up to and including full trailer load freight. We focus on shipments of a single pallet or larger, although we handle any size shipment. Through our contracts with motor carriers and our operating system, we consolidate freight and freight information to provide our customers with a single source of information on their freight. In many instances, we will consolidate partial shipments for several customers into full truckloads.
- **Intermodal** — Our intermodal transportation service is the shipment of freight in trailers or containers by a combination of truck and rail. We have intermodal marketing agreements with container owners and all Class 1 railroads in North America, and we arrange local pickup and delivery (known as drayage) through local contracted motor carriers.
- **Ocean** — We consolidate shipments, determine routing, select ocean carriers, contract for ocean shipments, and provide for local pickup and delivery of shipments.
- **Air** — We provide door-to-door service as a full-service international and domestic air freight forwarder.
- **Other Logistics Services** — We provide fee-based transportation management services, customs brokerage, warehousing services, and other services.

Customers communicate their freight needs, typically on a shipment-by-shipment basis, to the C.H. Robinson branch responsible for their account. The branch employee ensures that all appropriate information about each shipment is entered into our proprietary operating system. With the help of information provided by our operating system, the salesperson then selects a contracted carrier or carriers, based upon his or her knowledge of the carrier's service capability, equipment availability, freight rates, and other relevant factors. Based on the information he or she has about the market and rates, the salesperson may either determine an appropriate price at that point or wait to communicate with a contracted carrier directly before setting a price. In many cases, employees from different branch offices collaborate to hire the appropriate contracted carrier for our customers' freight, and the branch offices agree to an internal profit split.

Once the contracted carrier is selected, the salesperson communicates with the contract carrier to agree on the cost for the transportation and the contract carrier's commitment to provide the transportation. We are in contact with the contract carrier through numerous means of communication to meet our customers' requirements as well as track the status of the shipment from origin to delivery.

For most of our transportation and logistics services, we are a service provider. By accepting the customer's order, we accept certain responsibilities for transportation of the shipment from origin to destination. The carrier's contract is with us, not the customer, and we are responsible for prompt payment of freight charges. In the cases where we have agreed (either contractually or otherwise) to pay for claims for damage to freight while in transit, we pursue reimbursement from the contracted carrier for the claims. In our transportation management business, we are acting as a shipper's agent. In those cases, the carrier's contract is with the customer, and we collect a fee for our services.

As a result of our logistics capabilities, some of our customers have us handle all, or a substantial portion, of their freight transportation requirements. Our branch employees price our services to provide a profit to us for the totality of services performed for the customer. In some cases, our services to the customer are priced on a spot market, or transactional, basis. In a number of instances, we have contracts with the customer in which we agree to handle an estimated number of shipments, usually to specified destinations, such as from the customer's plant to a distribution center. Our commitments to handle the shipments are usually at pre-determined rates. Most of our rate commitments are for one year or less and allow for renegotiation. As is typical in the transportation industry, most of these contracts do not include specific volume commitments. When we enter into prearranged rate agreements for truckload services with our customers, we usually have fuel surcharge agreements in addition to the underlying line-haul portion of the rate.

We purchase the majority of our truckload services from our contract truckload carriers on a spot market or transactional basis, even when we are working with the customer on a contractual basis. When we enter into spot transactions with contract motor carriers, we generally negotiate a mutually agreed upon total market rate that includes all costs, including any applicable fuel expense. However, if requested by the contract carrier, we will estimate and report fuel separately. In a small number of cases, we may get advance commitments from one or more contract carriers to transport contracted shipments for the length of our customer contract. In those cases, where we have prearranged rates with contract carriers, there is a calculated fuel surcharge based on a mutually agreed-upon formula.

In the course of providing day-to-day transportation services, our branch employees often identify opportunities for additional logistics services as they become more familiar with our customers' daily operations and the nuances of our customers' supply chains. We offer a wide range of logistics services on a worldwide basis that reduce or eliminate supply chain inefficiencies. We will analyze the customers' current transportation rate structures, modes of shipping, and carrier selection. We can identify opportunities to consolidate shipments for cost savings. We will suggest ways to improve operating and shipping procedures and manage claims. We can help customers minimize storage through crossdocking and other flow-through operations. We may also examine the customers' warehousing and dock procedures. Many of these services are bundled with underlying transportation services and are not typically priced separately. They are usually included as a part of the cost of transportation services provided by us, based on the nature of the customer relationship. In addition to these transportation services, we may provide additional logistics services such as contract warehousing, consulting, transportation management, and other services, for which we are usually paid separately.

As we have emphasized integrated logistics solutions, our relationships with many customers have broadened, and we have become a key provider to them by managing a greater portion of their supply chains. We may serve our customers through specially created teams and through several branches. Our transportation services are provided to numerous international customers through our worldwide branch network. See Note 1 to our 2012 Consolidated Financial Statements included in Part II, Item 8 of this report for an allocation of our total revenues from domestic and foreign customers for the years ended December 31, 2012, 2011, and 2010 and our long-lived assets as of December 31, 2012, 2011, and 2010 in the United States and in foreign locations.

The table below shows our net revenues by transportation mode for the periods indicated:

Transportation Net Revenues

(in thousands)	Year Ended December 31,				
	2012	2011	2010	2009	2008
Truck ⁽¹⁾	\$ 1,284,280	\$ 1,236,611	\$ 1,076,247	\$ 1,040,703	\$ 1,030,070
Intermodal	38,815	41,189	36,550	35,245	43,618
Ocean	84,924	66,873	60,763	54,188	62,094
Air	44,444	39,371	42,315	32,662	35,390
Other Logistics Services	75,674	59,872	57,254	44,784	41,407
Total	\$ 1,528,137	\$ 1,443,916	\$ 1,273,129	\$ 1,207,582	\$ 1,212,579

(1) Includes truckload and LTL net revenues.

Transportation services accounted for approximately 89 percent of our net revenues in 2012, 88 percent of our net revenues in 2011, and 87 percent of our net revenues in 2010.

Sourcing

Since we were founded in 1905, we have been in the business of sourcing fresh produce. Much of our logistics expertise can be traced to our significant experience in handling produce and other perishable commodities. Because of its perishable nature, produce must be rapidly packaged, carefully transported within tight timetables usually in temperature controlled equipment, and quickly distributed to replenish high-turnover inventories maintained by retailers, wholesalers, foodservice companies, and restaurants. In many instances, we consolidate individual customers' produce orders into truckload quantities at the point of origin and arrange for transportation of the truckloads, often to multiple destinations.

Our Sourcing customer base includes grocery retailers and restaurants, produce wholesalers, and foodservice distributors.

Our Sourcing services have expanded to include forecasting and replenishment, brand management, and category development services. We have various national and regional branded produce programs, including both proprietary brands and national licensed brands. These programs contain a wide variety of fresh bulk and value added fruits and vegetables that are high in quality. These brands have expanded our market presence and relationships with many of our retail customers. We have also instituted quality assurance and monitoring programs as part of our branded and preferred grower programs.

Sourcing accounted for approximately eight percent of our net revenues in 2012 and 2011, and nine percent in 2010.

Payment Services

On October 16, 2012, we sold substantially all of the operations of T-Chek, which represented a majority of our Payment Services to EFS. However, we expect to generate Payment Services revenues from the cash advance option we offer our contracted carriers at a rate of approximately \$3 million per quarter.

Payment Services accounted for approximately three percent of our net revenues in 2012, and four percent of our net revenues in 2011 and 2010.

Organization

Branch Network. To keep us close to our customers and markets, we operate through a network of offices, which we call “branches.” We currently have 276 branches in the following areas of the world:

<u>Region</u>	<u>Number of Branches</u>
North America	189
Europe	51
Asia	31
South America	4
Australia	1

Each branch is responsible for its own growth and profitability. Our branch salespeople are responsible for developing new business, negotiating and pricing services, receiving and processing service requests from customers, and negotiating with carriers to provide the transportation requested. In addition to routine transportation, salespeople are often called upon to handle customers’ unusual, seasonal, and emergency needs. Shipments to be transported by truck are priced at the branch level, and branches cooperate with each other to hire contract carriers to provide transportation. Branches may rely on expertise in other branches when contracting LTL, intermodal, international ocean, and air shipments. Multiple branches may also work together to service larger, national accounts where the expertise and resources of more than one branch are required to meet the customer’s needs. Their efforts are usually coordinated by one “lead” branch on the account.

Salespeople in the branches both sell to and service their customers. Sales opportunities are identified through our internal database, referrals from current customers, leads generated by branch office personnel through knowledge of their local and regional markets, and company marketing efforts. Salespeople are also responsible for recruiting new over-the-road contract carriers, who are referred to our centralized carrier services group to make sure they are properly licensed and insured and have acceptable Federal Motor Carrier Safety Administration (“FMCSA”) issued safety ratings.

Branch Employees. Branch offices are responsible for their hiring and headcount decisions, based on the needs of their branch and balancing personnel resources with their business requirements. Because the quality of our employees is essential to our success, we are highly selective in our recruiting and hiring. To support our hiring processes, we have a corporate recruiting group that develops a pipeline of qualified candidates that managers can draw from. Our applicants typically have college degrees, and some have business experience, although not necessarily within the transportation industry.

Early in their tenure, most newly-hired branch employees go through centralized training that emphasizes development of the skills necessary to become productive members of a branch team, including technology training on our proprietary systems and our customer service philosophy. Centralized training is followed by ongoing, on-the-job training at the branch level. We expect most new salespeople to start contributing to the success of the branch in a matter of weeks.

Employees at a branch operate and are compensated in large part on a team basis. The team structure is motivated by our performance-based compensation system, in which a significant portion of the cash compensation of most branch managers and salespeople is dependent on the profitability of their particular branch. Branch managers and most salespeople who have been employed for at least one complete year are paid a performance-based bonus, which is a portion of the branch’s earnings for that calendar year. The percentage they can potentially earn is predetermined in an annual bonus contract and is based on their productivity and contributions to the overall success of the branch. Within our 401(k) plan, employees can also receive profit sharing contributions that depend on our overall profitability and other factors. In some special circumstances, such as opening new branches, we may guarantee a level of compensation to the branch manager and key salespeople for a short period of time .

All of our managers and certain other employees who have significant responsibilities are eligible to receive equity awards because we believe these awards are an effective tool for creating long-term ownership and alignment between employees and our shareholders. Generally, these awards vest over five-year periods and also include performance-based requirements.

Individual salespeople benefit both through the growth and profitability of individual branches and by achieving individual goals. They are motivated by the opportunity to advance in a variety of career paths, including branch management, corporate sales, and account management. We have a “promote from within” philosophy and fill nearly all branch management positions with current employees.

Shared Services

Our branches are supported by our shared and centralized services. Approximately 14 percent of our employees provide shared services in centralized centers. Approximately 33 percent of these shared services employees are information technology personnel who develop and maintain our proprietary operating system software and our wide area network.

Executive Officers

The Board of Directors designates the executive officers annually. Below are the names, ages, and positions of the executive officers:

<u>Name</u>	<u>Age</u>	<u>Position</u>
John P. Wiehoff	51	Chief Executive Officer and Chairman of the Board
Ben G. Campbell	47	Vice President, General Counsel and Secretary
Bryan D. Foe	45	Vice President, Europe
Angela K. Freeman	45	Vice President, Human Resources
James P. Lemke	45	Senior Vice President
Chad M. Lindbloom	48	Senior Vice President and Chief Financial Officer
Thomas K. Mahlke	41	Vice President, Chief Information Officer
Christopher J. O'Brien	45	Senior Vice President
Stéphane Rambaud	48	Senior Vice President
Scott A. Satterlee	44	Senior Vice President
Mark A. Walker	55	Senior Vice President

John P. Wiehoff has been chief executive officer of C.H. Robinson since May 2002, president of the company since December 1999, a director since 2001, and became the chairman in January 2007. Previous positions with the company include senior vice president from October 1998, chief financial officer from July 1998 to December 1999, treasurer from August 1997 to June 1998, and corporate controller from 1992 to June 1998. Prior to that, John was employed by Arthur Andersen LLP. John also serves on the Boards of Directors of Polaris Industries Inc. (NYSE: PII), a provider of off-road vehicles, snowmobiles, motorcycles and on-road electric/hybrid powered vehicles, and Donaldson Company, Inc. (NYSE: DCI), a provider of filtration systems. He holds a Bachelor of Science degree from St. John's University.

Ben G. Campbell was named vice president, general counsel and secretary in January 2009. Ben joined C.H. Robinson in 2004 and most recently held the position of assistant general counsel. Before coming to C.H. Robinson, Ben was a partner at Rider Bennett, LLP, in Minneapolis, Minnesota. Ben holds a Bachelor of Science degree from St. John's University and a Juris Doctor from William Mitchell School of Law.

Bryan D. Foe was named vice president, Europe in July 2012. He has served as a vice president since 2005. Additional positions with C.H. Robinson include president of T-Chek Systems, Inc., and manager of the Valley Forge, Pennsylvania, and Grand Rapids, Michigan, branch offices. Bryan joined the company in 1990. He also served as a Research Advisory Committee Member for the American Transportation Research Institute and was past treasurer of the Detroit Intermodal Association. He attended the Detroit College of Business.

Angela K. Freeman was named vice president, human resources in September 2012, having served as vice president, investor relations and public affairs since 2009. In that role she oversaw all internal and external communications, including marketing. Prior to that time, she served as the director of investor relations and as director of marketing communications. She also currently serves as the President of the C.H. Robinson Foundation. Angie joined the company in 1998. She holds a Master of Science from the London School of Economics, and a Bachelor of Arts and a Bachelor of Science from the University of North Dakota. Angie also serves as Chairperson of Community Health Charities of Minnesota.

James P. Lemke was named senior vice president in December 2007, having served as vice president, Sourcing since 2003. Prior to that time, he served as the vice president and manager of C.H. Robinson's Corporate Procurement and Distribution Services branch. Jim joined the company in 1989. Jim holds a Bachelor of Arts degree in International Relations from the University of Minnesota. Jim also serves on the Foundation Board of the United Fresh Produce Association.

Chad M. Lindbloom was named a senior vice president in December 2007. He has served as an executive and as chief financial officer since 1999. From June 1998 until December 1999, he served as corporate controller. Chad joined the company in 1990. Chad holds a Bachelor of Science degree and a Masters of Business Administration from the Carlson School of Management at the University of Minnesota. Chad also serves on the Board of Directors of XRS Corporation (NASDAQ: XRSC), a provider of

vehicle data and fleet operations services to the trucking industry, and is a member of the Board of Directors of Children's Hospitals and Clinics of Minnesota.

Thomas K. Mahlke was named vice president and chief information officer in August 2007. Prior to that time, he served as C.H. Robinson's corporate controller from December 1999 through August 2007. Tom joined the company in 1997 as an accounting manager. Before coming to C.H. Robinson, he was a supervisory senior accountant of Arthur Andersen LLP. Tom holds Bachelor of Accountancy degree from the University of North Dakota.

Christopher J. O'Brien was named a senior vice president in May 2012. He has served as a vice president since May 2003. Additional positions with C.H. Robinson include president of the company's European division and manager of the Raleigh, North Carolina branch office. Chris joined the company in 1993. He holds a Bachelor of Arts degree from Alma College in Alma, Michigan. Chris also serves on the Board of Trustees of the University of Minnesota's Landscape Arboretum.

Stéphane Rambaud was named a senior vice president in November 2012. Prior to that, he served as a chief executive officer for Phoenix International, a privately-held international freight forwarder, which was acquired by C.H. Robinson in November 2012. Stéphane joined Phoenix in 1985 and prior to becoming chief executive officer in 2007, he served as president from 2003 until 2007 and chief operating officer from 2000 until 2003. Stéphane completed his education at Académie Commerciale Internationale in Paris, France.

Scott A. Satterlee was named a senior vice president in December 2007. He has served as an executive and officer of C.H. Robinson since February 2002. Additional positions with C.H. Robinson include director of operations and manager of the Salt Lake City, Utah branch office. Scott joined the company in 1991. Scott holds a Bachelor of Arts degree from the University of St. Thomas. Scott also serves on the Board of Directors of Fastenal Company (NASDAQ: FAST), the largest fastener distributor in the nation.

Mark A. Walker was named senior vice president in December 2007, after serving as a vice president and officer since December 1999. Additional positions with C.H. Robinson include chief information officer from December 1999 to October 2001 and president of T-Chek. Mark joined the company in 1980. Mark holds a Bachelor of Science degree from Iowa State University and a Masters of Business Administration from the University of St. Thomas.

Employees

As of December 31, 2012, we had a total of 10,929 employees, 9,432 of whom were located in our branch offices. Services such as accounting, information technology, legal, marketing, human resource support, credit and claims management, and carrier services are supported centrally.

Customer Relationships

We seek to establish long-term relationships with our customers and to increase the amount of business done with each customer by providing them with a full range of logistics services. During 2012, we served over 42,000 active customers worldwide, ranging from Fortune 100 companies to small businesses in a wide variety of industries.

During 2012, our largest customer accounted for approximately three percent of total revenues and approximately two percent of net revenues. In recent years, we have grown by adding new customers and by increasing our volumes with, and providing more services to, our existing customers.

Branches seek additional business from existing customers and pursue new customers based on their knowledge of the marketplace and the range of logistics services that we can provide. We believe that our account management disciplines and decentralized structure enable our salespeople to better serve our customers by combining a broad knowledge of logistics and market conditions with a deep understanding of the specific supply chain issues facing individual customers and certain vertical industries. With the guidance of our executive team, branches are given significant latitude to pursue opportunities and to commit our resources to serve our customers.

We have also expanded our corporate sales and marketing support to enhance branch sales capabilities. Branches also call on our executives and our corporate sales staff to support them in the pursuit of new business with companies that have more complex logistics requirements.

Relationships with Transportation Providers

We continually work on establishing contractual relationships with qualified transportation providers that also meet our service requirements to assure dependable services, favorable pricing, and contract carrier availability during periods when demand for transportation equipment is greater than the supply. Because we own very little transportation equipment and do not employ the people directly involved with the delivery of our customers' freight, these relationships are critical to our success.

In 2012, we worked with approximately 56,000 transportation providers worldwide, of which the vast majority are contracted motor carriers. To strengthen and maintain our relationships with motor carriers, our salespeople regularly communicate with carriers and try to assist them by increasing their equipment utilization, reducing their empty miles, and repositioning their equipment. To make it easier for contract carriers to work with us, we have a policy of payment upon receipt of proof of delivery. For those contract carriers who would like a faster payment, we also offer payment within 48 hours of receipt of proof of delivery in exchange for a discount, along with offering in-trip cash advances.

Contracted motor carriers provide access to dry vans, temperature controlled vans, and flatbeds. These contract carriers are of all sizes, including owner-operators of a single truck, small and mid-size fleets, private fleets, and the largest national trucking companies. Consequently, we are not dependent on any one contract carrier. Our largest truck transportation provider was approximately two percent of our total cost of transportation in 2012. Motor carriers that had fewer than 100 tractors transported approximately 82 percent of our truckload shipments in 2012. Every motor carrier with which we do business is required to execute a contract that establishes that the carrier is acting as an independent contractor. At the time the contract is executed, and nightly, through subscriptions with a third party service, we verify that each motor carrier is properly licensed and insured, has the necessary federally-issued authority to provide transportation services, and has the ability to provide the necessary level of service on a dependable basis. Our motor carrier contracts require that the motor carrier issue invoices only to and accept payment solely from us for the shipments that they transport under their contract with us, and allow us to withhold payment to satisfy previous claims or shortages. Our standard contracts do not include volume commitments, and the initial contract rate is modified each time we confirm an individual shipment with a carrier.

We also have intermodal marketing agreements with container owners and all Class 1 railroads in North America, giving us access to additional trailers and containers. Our contracts with railroads specify the transportation services and payment terms by which our intermodal shipments are transported by rail. Intermodal transportation rates are typically negotiated between us and the railroad on a customer-specific basis. To support future growth, we have purchased 1,000 53-foot containers. We believe that these containers have helped us better serve our customers, and we will continue to analyze the strategy of controlling containers.

In our non-vessel operating common carrier (“NVOCC”) ocean transportation and freight forwarding business, we have contracts with most of the major ocean carriers which support a variety of service and rate needs for our customers. We negotiate annual contracts that establish the predetermined rates we agree to pay the ocean carriers. The rates are negotiated based on expected volumes from our customers in specific trade lane requirements. These contracts are often amended throughout the year to reflect changes in market conditions for our business, such as additional trade lanes.

We operate both as a consolidator and as a transactional air freight forwarder internationally and in North America. We select air carriers, provide for local pickup and delivery of shipments, and arrange for customs clearance of shipments, including the payment of duties. We execute our air freight services through our relationships with air carriers, through charter services, block space agreements, capacity space agreements, and transactional spot market negotiations. Through charter services, we contract part or all of an airplane to meet customer requirements. Our block space agreements and capacity space agreements are contracts for a defined time period. The contracts include fixed allocations for predetermined flights at agreed upon rates that are reviewed periodically throughout the year. The transactional negotiations afford us the ability to capture excess capacity at prevailing market rates for a specific shipment.

Competition

The transportation services industry is highly competitive and fragmented. We compete against a large number of logistics companies, trucking companies, property freight brokers, carriers offering logistics services, and freight forwarders. We also buy from and sell transportation services to companies that compete with us.

In our Sourcing business, we compete with produce brokers, produce growers, produce marketing companies, produce wholesalers, and foodservice buying groups. We also buy from and sell produce to companies that compete with us.

We often compete with respect to price, scope of services, or a combination thereof, but believe that our most significant competitive advantages are:

- Our branch network, which enables our salespeople to gain broad knowledge about individual customers, carriers, and the local and regional markets they serve, and to provide superior customer service based on that knowledge. This network also offers customers higher service as responsibility for shipments is commonly shared across branches, to provide nationwide coverage and local market knowledge;
- Our 56,000 contracted carrier relationships;
- Our size, relative to other providers, is an advantage in attracting more carriers, which in turn enables us to serve our customers more efficiently and earn more business. Additionally, because of the large number of shipments we do annually, approximately 11.5 million in 2012, we have greater opportunity to efficiently identify available capacity for our customers' needs;
- Our business model, which enables us to remain flexible in our service offerings to our customers;
- Our dedicated employees and entrepreneurial culture, which are supported by our performance-based compensation system;
- Our proprietary information systems;
- Our ability to provide a broad range of logistics services;
- Our ability to provide door-to-door services on a worldwide basis; and
- Our financial strength and stability.

Seasonality

Historically, our operating results have been subject to seasonal trends. In recent years, operating income and earnings have been lower in the first quarter than in the other three quarters. We believe this pattern has been the result of, or influenced by, numerous factors including national holidays, weather patterns, consumer demand, economic conditions, and other similar and subtle forces. Although seasonal changes in the transportation industry have not had a significant impact on our cash flow or results of operations, we expect this trend to continue and we cannot guarantee that it will not adversely impact us in the future.

Proprietary Information Technology and Intellectual Property

Our information systems are essential to efficiently communicate, service our customers and contracted carriers, and manage our business. In 2012, we executed approximately 11.5 million shipments for more than 42,000 active customers and 56,000 contract carriers.

We rely on a combination of trademarks, copyrights, trade secrets, and nondisclosure and non-competition agreements to establish and protect our intellectual property and proprietary technology. Additionally, we have numerous registered trademarks, trade names, and logos in the United States and international locations.

In October, we launched Navisphere®, a single platform that allows customers to communicate worldwide with every party in their supply chain across languages, currencies, and continents. Navisphere® offers sophisticated business analytics to help improve supply chain performance and meet increasing customer demands.

The CHRW Trucks web based platform provides contracted carriers additional access to our systems. Contract carriers can access available freight, perform on-line check calls, keep track of receivables, and upload scanned documentation. Many of our carriers favorite features from CHRW Trucks are also available through our CHRW Trucks mobile application available for Android and IOS mobile operating systems.

Our systems help our salespeople service customer orders, select the optimal mode of transportation, build and consolidate shipments, and identify appropriate carriers, all based on customer-specific service parameters. Our systems provide our vast organization the necessary business intelligence to allow for real time scorecards and necessary decision support in all areas of our business.

Government Regulation

We are subject to licensing and regulation as a property freight broker and are licensed by the U.S. Department of Transportation (“DOT”) to arrange for the transportation of property by motor vehicle. The DOT prescribes qualifications for acting in this capacity, including certain surety bonding requirements. We are also subject to regulation by the Federal Maritime Commission as an ocean freight forwarder and a NVOCC and we maintain separate bonds and licenses for each. We operate as an indirect air carrier of cargo subject to commercial standards set forth by the International Air Transport Association and federal regulations issued by the Transportation Security Administration and provide customs brokerage services as a customs broker under a license issued by the Bureau of U.S. Customs and Border Protection. We also have and maintain other licenses as required by law.

Although Congress enacted legislation in 1994 that substantially preempts the authority of states to exercise economic regulation of motor carriers and brokers of freight, some intrastate shipments for which we arrange transportation may be subject to additional licensing, registration, or permit requirements. We generally contractually require and/or rely on the carrier transporting the shipment to ensure compliance with these types of requirements. We, along with the contracted carriers that we rely on in arranging transportation services for our customers, are also subject to a variety of federal and state safety and environmental regulations. Although compliance with the regulations governing licensees in these areas has not had a materially adverse effect on our operations or financial condition in the past, there can be no assurance that such regulations or changes thereto will not adversely impact our operations in the future. Violation of these regulations could also subject us to fines as well as increased claims liability.

We source fresh produce under licenses issued by the U.S. Department of Agriculture as required by the Perishable Agricultural Commodities Act (“PACA”). Other sourcing and distribution activities may be subject to various federal and state food and drug statutes and regulations.

Risk Management and Insurance

We contractually require all motor carriers we work with to carry at least \$750,000 in automobile liability insurance and \$25,000 in cargo insurance. We also require all motor carriers to maintain workers compensation and other insurance coverage as required by law. Many carriers have insurance exceeding these minimum requirements. Railroads, which are generally self-insured, provide limited common carrier liability protection, generally up to \$250,000 per shipment.

As a property freight broker, we are not legally liable for damage to our customers’ cargo. In our customer contracts, we may agree to assume cargo liability up to a stated maximum. We do not assume cargo liability to our customers above minimum industry standards in our international freight forwarding, ocean transportation, and air freight businesses but offer our customers the option to purchase shippers interest coverage to insure goods in transit. When we agree to store goods for our customers for longer terms, we provide limited warehouseman’s coverage to our customers and contract for warehousing services from companies that provide us the same degree of coverage.

We maintain a broad cargo liability insurance policy to protect us against catastrophic losses that may not be recovered from the responsible contracted carrier. We also carry various liability insurance policies, including automobile and general liability, with a \$200 million umbrella. Our contingent automobile liability coverage has a retention of \$5 million per incident.

As a seller of produce, we may, under certain circumstances, have legal responsibility arising from produce sales. We carry product liability coverage under our general liability and umbrella policies to cover tort claims. In addition, in the event of a recall, we may be required to bear the costs of repurchasing, transporting, and destroying any allegedly contaminated product, as well as potential consequential damages which were generally not insured. Beginning in 2012, we carry product recall insurance coverage of \$50 million. This policy has a retention of \$5 million per incident.

Investor Information

We were reincorporated in Delaware in 1997 as the successor to a business existing, in various legal forms, since 1905. Our corporate office is located at 14701 Charlson Road, Eden Prairie, Minnesota, 55347-5088, and our telephone number is (952) 937-8500. Copies of our Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 are available free of charge through our website (www.chrobinson.com) as soon as reasonably practicable after we electronically file the material with the Securities and Exchange Commission.

Cautionary Statement Relevant to Forward-Looking Information

This Annual Report on Form 10-K and our financial statements, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” in Item 7 of Part II of this report and other documents incorporated by reference contain

certain “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. When used in this Form 10-K and in our other filings with the Securities and Exchange Commission, in our press releases, presentations to securities analysts or investors, in oral statements made by or with the approval of any of our executive officers, the words or phrases “believes,” “may,” “could,” “will,” “expects,” “should,” “continue,” “anticipates,” “intends,” “will likely result,” “estimates,” “projects,” or similar expressions and variations thereof are intended to identify such forward-looking statements.

Except for the historical information contained in this Form 10-K, the matters set forth in this document may be deemed to be forward-looking statements that represent our expectations, beliefs, intentions, or strategies concerning future events. These forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from our historical experience or our present expectations, including, but not limited to, such factors such as changes in economic conditions including uncertain consumer demand; changes in market demand and pressures on the pricing for our services; competition and growth rates within the third party logistics industry; freight levels and increasing costs and availability of truck capacity or alternative means of transporting freight; changes in relationships with existing contracted truck, rail, ocean, and air carriers; changes in our customer base due to possible consolidation among our customers; our ability to successfully integrate the operations of acquired companies with our historic operations; risks associated with litigation, including contingent auto liability and insurance coverage; risks associated with operations outside of the U.S.; risks associated with the potential impacts of changes in government regulations; risks associated with the produce industry, including food safety and contamination issues; fuel price increases or shortages; the impact of war on the economy; and other risks and uncertainties, including those described below. Forward-looking statements speak only as of the date they were made. We undertake no obligation to update these statements in light of subsequent events or developments.

ITEM 1A. RISK FACTORS

You should consider carefully the following cautionary statements if you own our common stock or are planning to buy our common stock. We intend to take advantage of the “safe harbor” provisions of the Private Securities Litigation Reform Act of 1995 (the “PSLRA”) by providing this discussion.

Economic recessions could have a significant, adverse impact on our business. The transportation industry historically has experienced cyclical fluctuations in financial results due to economic recession, downturns in business cycles of our customers, interest rate fluctuations, and other economic factors beyond our control. Deterioration in the economic environment subjects our business to various risks, which may have a material impact on our operating results and cause us to not reach our long-term growth goals:

- **Decrease in volumes**—A reduction in overall freight volumes in the marketplace reduces our opportunities for growth. A significant portion of our freight is transactional or “spot” market opportunities. The transactional market may be more impacted than the freight market overall by the economic recession. In addition, if a downturn in our customers’ business cycles causes a reduction in the volume of freight shipped by those customers, particularly among certain national retailers or in the food, beverage, retail, manufacturing, paper, or printing industries, our operating results could be adversely affected.
- **Credit risk and working capital**—Some of our customers may face economic difficulties and may not be able to pay us, and some may go out of business. In addition, some customers may not pay us as quickly as they have in the past, causing our working capital needs to increase.
- **Transportation provider failures**—A significant number of our transportation providers may go out of business and we may be unable to secure sufficient equipment or other transportation services to meet our commitments to our customers.
- **Expense management**—We may not be able to appropriately adjust our expenses to changing market demands. Personnel is our largest expense. In order to maintain high variability in our business model, it is necessary to adjust staffing levels to changing market demands. In periods of rapid change, it is more difficult to match our staffing level to our business needs. In addition, we have other expenses that are fixed for a period of time, and we may not be able to adequately adjust them in a period of rapid change in market demand.
- **Instability of financial markets and low interest rates**—The current interest rate environment has significantly reduced our investment income and may continue to do so in the future. Defaults by issuers of bonds that are in funds held could reduce the value of our investments.

Higher carrier prices may result in decreased net revenue margin. Carriers can be expected to charge higher prices if market conditions warrant, or to cover higher operating expenses. Our net revenues and income from operations may decrease if we are unable to increase our pricing to our customers. Increased demand for truckload services and pending changes in regulations may reduce available capacity and increase carrier pricing.

Changing fuel costs may have an impact on our net revenue margins. In our truckload transportation business, which is the largest source of our net revenues, rising fuel prices may result in a decreased net revenue margin. While our different pricing arrangements with customers and contracted carriers make it very difficult to measure the precise impact, we believe that fuel costs essentially act as a pass-through cost to our truckload business. In times of higher fuel prices, our net revenue margin percentage declines.

Our dependence on third parties to provide equipment and services may impact the delivery and quality of our transportation and logistics services. We do not employ the people directly involved in delivering our customers' freight. We are dependent on independent third parties to provide truck, rail, ocean, and air services and to report certain events to us, including delivery information and freight claims. These independent third parties may not fulfill their obligations to us, preventing us from meeting our commitments to our customers. This reliance also could cause delays in reporting certain events, including recognizing revenue and claims. In addition, if we are unable to secure sufficient equipment or other transportation services from third parties to meet our commitments to our customers, our operating results could be materially and adversely affected, and our customers could switch to our competitors temporarily or permanently. Many of these risks are beyond our control including:

- equipment shortages in the transportation industry, particularly among contracted truckload carriers,
- interruptions in service or stoppages in transportation as a result of labor disputes,
- changes in regulations impacting transportation, and
- unanticipated changes in transportation rates.

We are subject to negative impacts of changes in political conditions. All of our business operations are subject to the influences of significant political changes and our ability to respond to them, including:

- changes in economic and political conditions and in governmental policies,
- changes in and compliance with international and domestic laws and regulations, and
- wars, civil unrest, acts of terrorism, and other conflicts.

We may be subject to negative impacts of catastrophic events . A disruption or failure of our systems or operations in the event of a major earthquake, weather event, cyber-attack, terrorist attack, strike, civil unrest, pandemic or other catastrophic event could cause delays in providing services or performing other critical functions. A catastrophic event that results in the destruction or disruption of any of our critical business or information systems could harm our ability to conduct normal business operations and adversely impact our operating results.

Our international operations subject us to operational and financial risks. We provide services within and between continents on an increasing basis. Our business outside of the United States is subject to various risks, including:

- changes in tariffs, trade restrictions, trade agreements, and taxations,
- difficulties in managing or overseeing foreign operations and agents,
- limitations on the repatriation of funds because of foreign exchange controls,
- different liability standards, and
- intellectual property laws of countries which do not protect our rights in our intellectual property, including, but not limited to, our proprietary information systems, to the same extent as the laws of the United States.

The occurrence or consequences of any of these factors may restrict our ability to operate in the affected region and/or decrease the profitability of our operations in that region.

As we expand our business in foreign countries, we will expose the company to increased risk of loss from foreign currency fluctuations and exchange controls as well as longer accounts receivable payment cycles. We have limited control over these

risks, and if we do not correctly anticipate changes in international economic and political conditions, we may not alter our business practices in time to avoid adverse effects.

Our ability to appropriately staff and retain employees is important to our variable cost model. Our continued success depends upon our ability to attract and retain a large group of motivated salespersons and other logistics professionals. In order to maintain high variability in our business model, it is necessary to adjust staffing levels to changing market demands. In periods of rapid change, it is more difficult to match our staffing level to our business needs. We cannot guarantee that we will be able to continue to hire and retain a sufficient number of qualified personnel. Because of our comprehensive employee training program, our employees are attractive targets for new and existing competitors. Continued success depends in large part on our ability to develop successful employees into managers.

We face substantial industry competition. Competition in the transportation services industry is intense and broad-based. We compete against logistics companies as well as transportation providers that own equipment, third party freight brokers, internet matching services, internet freight brokers, and carriers offering logistics services. We also compete against carriers' internal sales forces. In addition, customers can bring in-house some of the services we provide to them. We often buy and sell transportation services from and to many of our competitors. Increased competition could reduce our market opportunity and create downward pressure on freight rates, and continued rate pressure may adversely affect our net revenue and income from operations.

We are reliant on technology to operate our business. We have internally developed the majority of our operating systems. Our continued success is dependent on our systems continuing to operate and to meet the changing needs of our customers. We are reliant on our technology staff and vendors to successfully implement changes to and maintain our operating systems in an efficient manner. Computer malware, viruses, and computer hacking and phishing attacks have become more prevalent in our industry, have occurred on our systems in the past, and may occur on our systems in the future. Because of our significant presence in the industry, we believe that we are a particularly attractive target for such attacks. Though it is difficult to determine what, if any, harm may directly result from any specific interruption or attack, any failure to maintain performance, reliability, security and availability of our products and technical infrastructure to the satisfaction of our users may harm our reputation and our ability to retain existing customers and attract new customers.

Because we manage our business on a decentralized basis, our operations may be materially adversely affected by inconsistent management practices. We manage our business on a decentralized basis through a network of branch offices throughout North America, Europe, Asia, South America, and Australia, supported by executives and services in a central corporate office, with branch management retaining responsibility for day-to-day operations, profitability, personnel decisions, the growth of the business in their branch, and adherence to applicable local laws. Our decentralized operating strategy can make it difficult for us to implement strategic decisions and coordinated procedures throughout our global operations. In addition, some of our branches operate with management, sales, and support personnel that may be insufficient to support growth in their respective branch without significant central oversight and coordination. Our decentralized operating strategy could result in inconsistent management practices and materially and adversely affect our overall profitability and expose us to litigation.

Our earnings may be affected by seasonal changes in the transportation industry. Results of operations for our industry generally show a seasonal pattern as customers reduce shipments during and after the winter holiday season. In recent years, our operating income and earnings have been lower in the first quarter than in the other three quarters. Although seasonal changes in the transportation industry have not had a significant impact on our cash flow or results of operations, we expect this trend to continue and we cannot guarantee that it will not adversely impact us in the future.

We are subject to claims arising from our transportation operations. We use the services of thousands of transportation companies in connection with our transportation operations. From time to time, the drivers employed and engaged by the carriers we contract with are involved in accidents which may result in serious personal injuries. The resulting types and/or amounts of damages may be excluded by or exceed the amount of insurance coverage maintained by the contracted carrier. Although these drivers are not our employees and all of these drivers are employees, owner-operators, or independent contractors working for carriers, from time to time, claims may be asserted against us for their actions, or for our actions in retaining them. Claims against us may exceed the amount of our insurance coverage, or may not be covered by insurance at all. In addition, our automobile liability policy has a retention of \$5 million per incident in 2010, 2011, and 2012. A material increase in the frequency or severity of accidents, liability claims or workers' compensation claims, or unfavorable resolutions of claims could materially and adversely affect our operating results. In addition, significant increases in insurance costs or the inability to purchase insurance as a result of these claims could reduce our profitability. Our involvement in the transportation of certain goods, including but not limited to hazardous materials, could also increase our exposure in the event one of our contracted carriers is involved in an accident resulting in injuries or contamination.

Our Sourcing business is dependent upon the supply and price of fresh produce. The supply and price of fresh produce is affected by weather and growing conditions (such as drought, insects, and disease) and other conditions over which we have no control. Commodity prices can be affected by shortages or overproduction and are often highly volatile. If we are unable to secure fresh produce to meet our commitments to our customers, our operating results could be materially and adversely affected, and our customers could switch to our competitors temporarily or permanently.

Sourcing and reselling fresh produce exposes us to possible product liability. Agricultural chemicals used on fresh produce are subject to various approvals, and the commodities themselves are subject to regulations on cleanliness and contamination. This risk is mitigated in the majority of cases where we source produce, as we do not handle or package the product. Product recalls in the produce industry have been caused by concern about particular chemicals and alleged contamination, often leading to lawsuits brought by consumers of allegedly affected produce. Because we sell produce, we may face claims for a variety of damages arising from the sale which may include potentially uninsured consequential damages. While we are insured for up to \$201 million for product liability claims, settlement of class action claims is often costly, and we cannot guarantee that our liability coverage will be adequate and will continue to be available. If we have to recall produce, we may be required to bear the cost of repurchasing, transporting, and destroying any allegedly contaminated product, as well as consequential damages, which our insurance did not cover prior to 2012. Beginning in 2012, we carry product recall insurance coverage of \$50 million. This policy has a retention of \$5 million per incident. Any recall or allegation of contamination could affect our reputation, particularly of our proprietary and/or licensed branded produce programs. Loss due to spoilage (including the need for disposal) is also a routine part of the sourcing business.

Our business depends upon compliance with numerous government regulations. We are licensed by the U.S. Department of Transportation as a property freight broker authorized to arrange for the transportation of general commodities by motor vehicle. We must comply with certain insurance and surety bond requirements to act in this capacity. We are also licensed by the Federal Maritime Commission as an ocean freight forwarder, which requires us to maintain a NVOCC bond and by the Transportation Security Administration as an independent air carrier. We are also licensed by the Bureau of U.S. Customs and Border Protection. We source fresh produce under a license issued by the U.S. Department of Agriculture. Our failure to comply with the laws and regulations applicable to entities holding these licenses could materially and adversely affect our results of operations or financial condition.

Legislative or regulatory changes can affect the economics of the transportation industry by requiring changes in operating practices or influencing the demand for, and the cost of providing, transportation services. As part of our logistics services, we operate leased warehouse facilities. Our operations at these facilities include both warehousing and distribution services, and we are subject to various federal and state environmental, work safety, and hazardous materials regulations. We may experience an increase in operating costs, such as costs for security, as a result of governmental regulations that have been and will be adopted in response to terrorist activities and potential terrorist activities. No assurances can be given that we will be able to pass these increased costs on to our customers in the form of rate increases or surcharges.

Department of Homeland Security regulations applicable to our customers who import goods into the United States and our contracted ocean carriers can impact our ability to provide and/or receive services with and from these parties. Enforcement measures related to violations of these regulations can slow and or prevent the delivery of shipments, which may negatively impact our operations.

We cannot predict what impact future regulations may have on our business. Our failure to maintain required permits or licenses, or to comply with applicable regulations, could result in substantial fines or revocation of our operating permits and licenses.

A significant increase in fraud or theft could adversely affect our results. We have exposure to both internal and external fraud and theft. Unauthorized or fraudulent requests for advances or payment can occur. A significant increase in fraudulent activity could adversely affect our results.

We derive a significant portion of our total revenues and net revenues from our largest customers. Our top 100 customers comprise approximately 34 percent of our consolidated total revenues and 29 percent of consolidated net revenues. Our largest customer comprises approximately three percent of our consolidated total revenues and approximately two percent of our consolidated net revenues. The sudden loss of many of our major clients could materially and adversely affect our operating results.

We may be unable to identify or complete suitable acquisitions and investments. We may acquire or make investments in complementary businesses, products, services, or technologies. We cannot guarantee that we will be able to identify suitable acquisitions or investment candidates. Even if we identify suitable candidates, we cannot guarantee that we will make acquisitions or investments on commercially acceptable terms, if at all. In addition, we may incur debt or be required to issue

equity securities to pay for future acquisitions or investments. The issuance of any equity securities could be dilutive to our stockholders.

We may have difficulties integrating acquired companies. For acquisitions, including Phoenix and Apreo, success is also dependent upon efficiently integrating the acquired business into our existing operations. These risks could be heightened if we complete a large acquisition or multiple acquisitions within a short period of time. We are required to integrate these businesses into our internal control environment, which may present challenges that are different than those presented by organic growth and that may be difficult to manage. If we are unable to successfully integrate and grow these acquisitions and to realize contemplated revenue synergies and cost savings, our business, prospects, results of operations, financial position and cash flows could be materially and adversely affected.

Our growth and profitability may not continue, which may result in a decrease in our stock price. Historically, our long-term growth objective has been 15 percent for net revenues, operating income, and earnings per share. There can be no assurance that our long-term growth objective will be achieved or that we will be able to effectively adapt our management, administrative, and operational systems to respond to any future growth. Future changes in and expansion of our business, or changes in economic or political conditions, could adversely affect our operating margins. Slower or less profitable growth or losses could adversely affect our stock price.

ITEM 1B. UNRESOLVED STAFF COMMENTS

None.

ITEM 2. PROPERTIES

Our corporate headquarters is in Eden Prairie, Minnesota. The total square footage of our four buildings in Eden Prairie is 343,000. This total includes approximately 215,000 square feet used for our corporate and shared services, our data center of approximately 18,000 square feet, and 110,000 square feet used for branch operations.

Most of our branch offices are leased from third parties under leases with initial terms ranging from three to fifteen years. Our office locations range in space from 1,000 to 153,000 square feet. The following table lists our office locations of greater than 20,000 square feet:

<u>Location</u>	<u>Approximate Square Feet</u>
Eden Prairie, MN	153,000
Eden Prairie, MN ⁽¹⁾	105,000
Chicago, IL ⁽¹⁾	80,000
Wood Dale, IL	72,000
Eden Prairie, MN	67,000
Chicago, IL	48,000
Atlanta, GA	27,000
Elk Grove Village, IL	25,000
Chicago, IL	21,000
Woodridge, IL	21,000

(1) These properties are owned. All other properties in the tables above are leased from third parties.

We also own or lease warehouses totaling approximately 1.5 million square feet of warehouse space in 38 cities around the world. The following table lists our warehouses over 50,000 square feet:

<u>Location</u>	<u>Approximate Square Feet</u>
Long Beach, CA	223,000
Elk Grove Village, IL	107,000
Wroclaw, Poland	104,000
Laredo, TX ⁽²⁾	87,000
Vancouver, WA	79,000
Miramar, FL	75,000
Blonie, Poland	65,000
Plant City, FL ⁽¹⁾	65,000
Doral, FL	59,000
Bethlehem, PA	55,000
Cobden, IL ⁽¹⁾	52,000
Torrance, CA	52,000

(1) These properties are owned. All other properties in the tables above are leased from third parties.

(2) We lease two separate locations in Laredo, Texas which total the square footage shown here.

We consider our current office spaces and warehouse facilities adequate for our current level of operations. We have not had difficulty in obtaining sufficient office space and believe we can renew existing leases or relocate branches to new offices as leases expire.

ITEM 3. LEGAL PROCEEDINGS

We are not subject to any pending or threatened litigation other than routine litigation arising in the ordinary course of our business operations. For such legal proceedings, we have accrued an amount that reflects the aggregate liability deemed probable and estimable, but this amount is not material to our consolidated financial position, results of operations or cash flows. Because of the preliminary nature of many of these proceedings, the difficulty in ascertaining the applicable facts relating to many of these proceedings, the inconsistent treatment of claims made in many of these proceedings and the difficulty of predicting the settlement value of many of these proceedings, we are not able to estimate an amount or range of any reasonably possible additional losses. However, based upon our historical experience, the resolution of these proceedings is not expected to have a material effect on our consolidated financial position, results of operations, or cash flows.

ITEM 4. MINE SAFETY DISCLOSURES

Not applicable.

PART II**ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS, AND ISSUER PURCHASES OF EQUITY SECURITIES**

Our Common Stock began trading on The NASDAQ National Market under the symbol "CHRW" on October 15, 1997 and currently trades on the NASDAQ Global Select Market.

Quarterly market information can be found in Part II, Item 8. Financial Statements and Supplementary Data, Note 9.

On February 22, 2013, the closing sales price per share of our Common Stock as quoted on the NASDAQ National Market was \$57.97 per share. On February 22, 2013, there were approximately 172 holders of record and approximately 67,000 beneficial owners of our Common Stock.

We declared quarterly dividends during 2011 for an aggregate of \$1.20 per share and quarterly dividends during 2012 for an aggregate of \$1.34. We have declared a quarterly dividend of \$0.35 per share payable to shareholders of record as of March 1, 2013, payable on March 29, 2013. Our declaration of dividends is subject to the discretion of the Board of Directors. Any determination as to the payment of dividends will depend upon our results of operations, capital requirements and financial condition, and such other factors as the Board of Directors may deem relevant. Accordingly, there can be no assurance that the Board of Directors will declare or continue to pay dividends on the shares of Common Stock in the future.

During the third quarter of 2009, the C.H. Robinson Board of Directors authorized management to repurchase an additional 10,000,000 shares. We are currently purchasing shares under this authorization. As of December 31, 2012, there were 827,443 shares remaining for purchase under the 2009 authorization. During the third quarter of 2012, the Board of Directors authorized management to repurchase an additional 10,000,000 shares of our Common Stock.

The following table provides information about company purchases during the quarter ended December 31, 2012 of equity securities that are registered by the company pursuant to Section 12 of the Exchange Act:

	Total Number of Shares (or Units) Purchased	Average Price Paid Per Share (or Unit)	Total Number of Shares (or Units) Purchased as Part of Publicly Announced Plans or Programs	Maximum Number of Shares (or Units) That May Yet Be Purchased Under the Plans or Programs ⁽¹⁾
October 1, 2012—October 31, 2012	—	\$ —	—	12,280,346
November 1, 2012—November 30, 2012	490,018	61.14	490,018	11,790,328
December 1, 2012—December 31, 2012	962,885	62.31	962,885	10,827,443
Fourth quarter 2012	<u>1,452,903</u>	<u>\$ 61.92</u>	<u>1,452,903</u>	<u>10,827,443</u>

- (1) During the third quarter of 2009, the C.H. Robinson Board of Directors authorized management to repurchase an additional 10,000,000 shares. We are currently purchasing shares under this authorization. As of December 31, 2012, there were 827,443 shares remaining under the 2009 authorization. During the third quarter of 2012, the Board of Directors authorized management to repurchase an additional 10,000,000 shares of our Common Stock.

The graph below compares the cumulative 5-year total return of holders of C.H. Robinson Worldwide, Inc.'s Common Stock with the cumulative total returns of the S&P 500 index, the NASDAQ Transportation index, and the S&P Midcap 400 index. The graph tracks the performance of a \$100 investment in our Common Stock and in each index (with the reinvestment of all dividends) from December 31, 2007 to December 31, 2012.

ITEM 6. SELECTED FINANCIAL DATA

This table includes selected financial data for the last five years (amounts in thousands, except per share amounts and operating data for branches and employees). This financial data should be read together with our consolidated financial statements and related notes, Management's Discussion and Analysis of Financial Condition and Results of Operations, and other financial data appearing elsewhere in this report.

STATEMENT OF OPERATIONS DATA

Year Ended December 31,	2012 ⁽¹⁾	2011	2010	2009	2008
Total revenues	\$ 11,359,113	\$ 10,336,346	\$ 9,274,305	\$ 7,577,189	\$ 8,578,614
Net revenues	1,717,571	1,632,658	1,467,978	1,381,959	1,374,963
Income from operations	675,320	692,730	622,860	584,811	571,586
Net income	593,804	431,612	387,026	360,830	359,177
Net income per share					
Basic	\$ 3.68	\$ 2.63	\$ 2.35	\$ 2.15	\$ 2.12
Diluted	\$ 3.67	\$ 2.62	\$ 2.33	\$ 2.13	\$ 2.08
Weighted average number of shares outstanding (in thousands)					
Basic	161,557	164,114	164,909	167,695	169,056
Diluted	161,946	164,741	165,972	169,194	172,733
Dividends per share	\$ 1.34	\$ 1.20	\$ 1.04	\$ 0.97	\$ 0.90

BALANCE SHEET DATA

As of December 31,					
Working capital	\$ 440,073	\$ 734,911	\$ 710,161	\$ 575,462	\$ 650,218
Total assets	2,804,225	2,138,041	1,995,699	1,834,248	1,815,721

Branches	276	235	231	235	228
Employees	10,929	8,353	7,628	7,347	7,961

(1) 2012 is not comparable to the previous years shown in this table due to certain significant event-specific charges or credits related to our recent acquisitions and divestitures.

Non-GAAP Data Reconciliation

To assist readers in understanding our financial performance and the impact of certain significant charges or credits related to our recent acquisitions and divestitures, we supplement the financial results that are generated in accordance with the accounting principles generally accepted in the United States, or GAAP, with non-GAAP financial measures. These measures include non-GAAP income from operations, non-GAAP net income, and non-GAAP basic and diluted net income per share. We believe that these non-GAAP measures provide meaningful insight into our operating performance excluding certain event-specific charges, and provide an alternative perspective of our results of operations. We use non-GAAP measures, including those set forth in the table below, to assess our operating performance for the year. Management believes that these non-GAAP financial measures reflect an additional way of analyzing aspects of our ongoing operations that, when viewed with our GAAP results, provides a more complete understanding of the factors and trends affecting our business. A reconciliation of adjusted results, reflecting the exclusion of certain non-recurring transaction impacts, to our GAAP results is set forth below.

Reported to Adjusted Statements of Operations Data

(in thousands, except per share amounts)

Non-GAAP Financial Measures	2012	2011	2010	2009	2008
Income from Operations	\$ 675,320	\$ 692,730	\$ 622,860	\$ 584,811	\$ 571,586
Adjustments to Income from Operations ⁽¹⁾	45,196	—	—	—	—
Income from Operations - Adjusted	\$ 720,516	\$ 692,730	\$ 622,860	\$ 584,811	\$ 571,586
Investment and Other Income	\$ 283,142	\$ 1,974	\$ 1,242	\$ 2,250	\$ 6,801
Adjustments to Investment and Other Income ⁽²⁾	(281,551)	—	—	—	—
Investment and Other Income - Adjusted	\$ 1,591	\$ 1,974	\$ 1,242	\$ 2,250	\$ 6,801
Income before Income Taxes	\$ 958,462	\$ 694,704	\$ 624,102	\$ 587,061	\$ 578,387
Adjustments to Income before Income Taxes	(236,355)	—	—	—	—
Income before Income Taxes - Adjusted	\$ 722,107	\$ 694,704	\$ 624,102	\$ 587,061	\$ 578,387
Net Income	\$ 593,804	\$ 431,612	\$ 387,026	\$ 360,830	\$ 359,177
Adjustments to Net Income	(146,797)	—	—	—	—
Net Income - Adjusted	\$ 447,007	\$ 431,612	\$ 387,026	\$ 360,830	\$ 359,177
Net Income per Share (basic) - Adjusted	\$ 2.77	\$ 2.63	\$ 2.35	\$ 2.15	\$ 2.12
Net Income per Share (diluted) - Adjusted	\$ 2.76	\$ 2.62	\$ 2.33	\$ 2.13	\$ 2.08

(1) The adjustment to income from operations includes \$34.6 million of personnel expense and \$10.6 million of other selling, general and administrative expenses. Adjustments to personnel expense include \$33.0 million in incremental vesting expense of our equity awards triggered by the gain on the divestiture of T-Chek and \$1.4 million of transaction-related bonuses. Adjustments to other selling, general and administrative expenses include amounts paid to third parties for investment banking, legal, and accounting fees related to acquisitions and divestitures.

(2) The adjustment to investment and other income reflects the gain from the divestiture of T-Chek.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

RESULTS OF OPERATIONS

The following table illustrates our net revenue margins by services and products:

For the years ended December 31,	2012	2011	2010
Transportation	15.8%	16.5%	16.8%
Sourcing	8.4	8.4	8.5
Payment Services	99.0	100.0	100.0
Total	15.1%	15.8%	15.8%

The following table summarizes our net revenues by service line:

For the years ended December 31, (Dollars in thousands)	2012	2011	Change	2010	Change
Net revenues:					
Transportation					
Truck	\$ 1,284,280	\$ 1,236,611	3.9 %	\$ 1,076,247	14.9%
Intermodal	38,815	41,189	(5.8)	36,550	12.7
Ocean	84,924	66,873	27.0	60,763	10.1
Air	44,444	39,371	12.9	42,315	(7.0)
Other Logistics Services	75,674	59,872	26.4	57,254	4.6
Total Transportation	1,528,137	1,443,916	5.8	1,273,129	13.4
Sourcing	136,438	128,448	6.2	139,377	(7.8)
Payment Services	52,996	60,294	(12.1)	55,472	8.7
Total	\$ 1,717,571	\$ 1,632,658	5.2 %	\$ 1,467,978	11.2%

The following table represents certain statements of operations data, shown as percentages of our net revenues:

For the years ended December 31,	2012	2011	2010
Net revenues	100.0%	100.0%	100.0%
Operating expenses:			
Personnel expenses	44.6	42.6	43.1
Other selling, general, and administrative expenses	16.1	14.9	14.5
Total operating expenses	60.7	57.6	57.6
Income from operations	39.3	42.4	42.4
Investment and other income	16.5	0.1	0.1
Income before provision for income taxes	55.8	42.6	42.5
Provision for income taxes	21.2	16.1	16.1
Net income	34.6%	26.4%	26.4%

OVERVIEW

Our company. We are a global provider of transportation services and logistics solutions, operating through a network of branch offices in North America, Europe, Asia, South America, and Australia. As a third party logistics provider, we cultivate contractual relationships with a wide variety of transportation companies, and utilize those relationships to efficiently and cost effectively transport our customers' freight. We have contractual relationships with approximately 56,000 transportation companies, including motor carriers, railroads (primarily intermodal service providers), air freight, and ocean carriers. Depending on the needs of our customer and their supply chain requirements, we select and hire the appropriate transportation

for each shipment. Our model enables us to be flexible, provide solutions that optimize service for our customers, and minimize our asset utilization risk.

In addition to transportation and logistics services, we also offer fresh produce sourcing and fee-based payment services. Our Sourcing business is the buying, selling, and marketing of fresh produce. We purchase fresh produce through our network of produce suppliers and sell it to retail grocers and restaurant chains, produce wholesalers and foodservice providers. In some cases, we also arrange the transportation of the produce we sell through our relationships with specialized transportation companies. Those revenues are reported as Transportation revenues. Historically, our Payment Services business consisted primarily of our subsidiary T-Chek, which provided a variety of management and business intelligence services to motor carrier companies and to fuel distributors. On October 16, 2012, we sold substantially all of the assets and transferred certain liabilities of T-Chek to EFS. We expect to continue to generate Payment Services revenues of approximately \$3 million per quarter from the T-Chek cash advance option we offer our contracted carriers.

Our business model. We are primarily a service company. We add value and expertise in the procurement and execution of transportation and logistics, including sourcing of produce products for our customers. Our total revenues represent the total dollar value of services and goods we sell to our customers. Our net revenues are our total revenues less purchased transportation and related services, including contracted motor carrier, rail, ocean, air, and other costs, and the purchase price and services related to the products we source. Our net revenues are the primary indicator of our ability to source, add value, and sell services and products that are provided by third parties, and we consider them to be our primary performance measurement. Accordingly, the discussion of our results of operations below focuses on the changes in our net revenues.

We keep our business model as variable as possible to allow us to be flexible and adapt to changing economic and industry conditions. We sell transportation services and produce to our customers with varied pricing arrangements. Some prices are committed to for a period of time, subject to certain terms and conditions, and some prices are set on a spot market basis. We buy most of our truckload transportation capacity and produce on a spot market basis. Because of this, our net revenue per transaction tends to increase in times when there is excess supply and decrease in times when demand is strong relative to supply. We also keep our personnel and other operating expenses as variable as possible. Compensation is performance-oriented and, for most employees in the branch network, based on the profitability of their individual branch office.

In addition, we do not have pre-committed targets for headcount. Our personnel decisions are decentralized. Our branch managers determine the appropriate number of employees for their offices, within productivity guidelines, based on their branch's volume of business. This helps keep our personnel expense as variable as possible with the business.

Our branch network. Our branch network is a competitive advantage. Building local customer and contract carrier relationships has been an important part of our success, and our worldwide network of offices supports our core strategy of serving customers locally, nationally, and globally. Our branch offices help us penetrate local markets, provide face-to-face service when needed, and recruit contract carriers. Our branch network also gives us knowledge of local market conditions, which is important in the transportation industry because it is market driven and very dynamic.

In October 2012, we acquired all of the outstanding stock of the operating subsidiaries of Apreo Logistics S.A. ("Apreo"), a leading freight forwarder based in Warsaw, Poland. This acquisition enhances our truckload capabilities in Europe. In November 2012, we acquired all of the outstanding stock of Phoenix International Freight Services, Ltd. ("Phoenix"), an international freight forwarder based in Chicago, Illinois. Phoenix has a strong track record and diverse customer base in the international freight forwarding industry. This acquisition expanded our global forwarding network.

Our branches work together to complete transactions and collectively meet the needs of our customers. For large multi-location customers, we often coordinate our efforts in one branch and rely on multiple branch locations to deliver specific geographic or modal needs. As an example, approximately 43 percent of our truckload shipments are shared transactions between branches. Our methodology of providing services is very similar across all branches. The majority of our global network operates on a common technology platform that is used to match customer needs with supplier capabilities, to collaborate with other branch locations, and to utilize centralized support resources to complete all facets of the transaction.

Our people. Because we are a service company, our continued success is dependent on our ability to continue to hire and retain talented, productive people, and to properly align our headcount and personnel expense with our business. Our headcount grew by 2,576 employees during 2012. This was primarily due to the acquisitions of Phoenix and Apreo during the fourth quarter of 2012. Branch employees act as a team in their sales efforts, customer service, and operations. A significant portion of many of our branch employees' compensation is performance-oriented, based on individual performance and the profitability of their branch. We believe this makes our employees more service-oriented and focused on driving growth and maximizing office productivity. All of our managers and certain other employees who have significant responsibilities are eligible to receive equity awards because we believe these awards are an effective tool for creating long-term ownership and alignment between

employees and our shareholders. Generally, these awards vest over five-year periods and also include performance-based requirements. In 2012, we also issued restricted equity awards that vest evenly over five years, starting on December 31, 2013.

Our customers. In 2012, we worked with more than 42,000 active customers, up from approximately 37,000 in 2011. We work with a wide variety of companies, ranging in size from Fortune 100 companies to small family businesses, in many different industries. Our customer base is very diverse and unconcentrated. Our top 100 customers represented approximately 34 percent of our total revenues and approximately 29 percent of our net revenues. Our largest customer was approximately 3.4 percent of our total revenues and approximately 2.2 percent of our total net revenues.

Our contracted carriers. Our contracted carrier base includes motor carriers, railroads (primarily intermodal service providers), air freight, and ocean carriers. In 2012, our carrier base was approximately 56,000, up from approximately 53,000 in 2011. Motor carriers that had fewer than 100 tractors transported approximately 82 percent of our truckload shipments in 2012. In our Transportation business, no single contracted carrier represents more than approximately two percent of our contracted carrier capacity.

Our goals. Since we became a publicly-traded company in 1997, our long-term compounded annual growth goal has been 15 percent for net revenues, income from operations, and earnings per share. Although there have been periods where we have not achieved these goals, over the period since 1997 we have exceeded this compounded growth goal in all three categories. Our expectation is that over time, we will continue to achieve our long-term goal of 15 percent growth, but that we will have periods in which we exceed that goal and periods in which we fall short. We expect to reach our long-term growth primarily through internal growth but acquisitions that fit our growth criteria and culture may also augment our growth.

2012 COMPARED TO 2011

Total revenues and direct costs. Our consolidated total revenues increased 9.9 percent in 2012 compared to 2011. Total Transportation revenues increased 10.8 percent to \$9.69 billion in 2012 from \$8.74 billion in 2011. This increase was driven by higher volumes in all of our transportation modes and increased pricing to our customers, including the impacts of higher fuel costs. Total purchased transportation and related services increased 11.8 percent in 2012 to \$8.16 billion from \$7.30 billion in 2011. This increase was due to higher volumes in all of our transportation modes and higher transportation costs, including the impacts of higher fuel costs. Our Sourcing revenue increased 5.5 percent to \$1.62 billion in 2012 from \$1.54 billion in 2011. Purchased products sourced for resale increased 5.4 percent in 2012 to \$1.48 billion from \$1.41 billion in 2011. These increases were primarily due to higher case volumes. Our Payment Services revenue decreased 11.2 percent to \$53.5 million in 2012 from \$60.3 million in 2011. The decrease was due to the sale of substantially all of our Payment Services business, T-Chek, to Electronic Funds Source, LLC on October 16, 2012.

Net revenues. Total Transportation net revenues increased 5.8 percent to \$1.53 billion in 2012 from \$1.44 billion in 2011. Our Transportation net revenue margin decreased to 15.8 percent in 2012 from 16.5 percent in 2011 largely driven by higher transportation costs and higher fuel costs, partially offset by an increase in transportation rates charged to our customers. While our different pricing arrangements with customers and contract carriers make it very difficult to measure the precise impact, we believe that fuel costs essentially act as a pass-through in our truckload business. Therefore, in times of higher fuel prices, our net revenue margin percentage decreases, as it did in 2012.

Truck net revenues, which consist of truckload and LTL services, comprise approximately 75 percent of our total net revenues. Our truck net revenues increased 3.9 percent to \$1.28 billion in 2012 from \$1.24 billion in 2011. Truckload volumes increased approximately ten percent in 2012. Truckload net revenue margin decreased in 2012 due to increased cost of capacity and an increase in fuel prices, partially offset by increased rates charged to our customers. Excluding the estimated impact of the change in fuel, on average, our truckload rates increased approximately one percent in 2012. Our truckload transportation costs increased approximately two percent, excluding the estimated impacts of the change in fuel.

During 2012, our LTL net revenues increased approximately 13 percent. The increase was driven primarily by an increase in shipment volumes and increased pricing to our customers, partially offset by increased cost of capacity. Our LTL volumes increased approximately 16 percent compared to 2011.

Our intermodal net revenue decrease of 5.8 percent to \$38.8 million in 2012 from \$41.2 million in 2011 was driven largely by increased cost of capacity.

Our ocean transportation net revenues increased 27.0 percent to \$84.9 million in 2012 from \$66.9 million in 2011. This increase was primarily due to our acquisition of Phoenix on November 1, 2012.

Our air transportation net revenues increase of 12.9 percent in 2012 was driven by our acquisition of Phoenix.

Other logistics services net revenues, which include transportation management services, customs, warehousing, and small parcel, increased 26.4 percent to \$75.7 million in 2012 from \$59.9 million in 2011. This increase was primarily due to transaction increases in our transportation management and customs services. We estimate that Phoenix contributed approximately 6 percent to the growth in other logistics services net revenues during 2012.

Sourcing net revenues increased 6.2 percent to \$136.4 million in 2012 from \$128.4 million in 2011. This increase was primarily due to increased volumes and a slight increase in net revenue per case. Our net revenue margin remained at 8.4 percent in 2012 compared to 2011.

Payment Services was comprised primarily of revenue related to our subsidiary, T-Chek. Payment Services net revenues decreased 12.1 percent to \$53.0 million in 2012 from \$60.3 million in 2011. The decrease was due to the T-Chek divestiture on October 16, 2012. We have recorded a gain of \$281.6 million related to this divestiture in 2012. We expect to continue to generate Payment Services revenues of approximately \$3 million per quarter from the T-Chek cash advance option we offer our contracted carriers.

Operating expenses. Operating expenses increased 10.9 percent to \$1.04 billion in 2012 from \$939.9 million in 2011. This was due to an increase of 10.0 percent in personnel expenses and an increase of 13.4 percent in other selling, general, and administrative expenses. As a percentage of net revenues, operating expenses increased to 60.7 percent in 2012 from 57.6 percent in 2011. This increase was primarily due to increased personnel and other selling, general, and administrative expenses incurred because of our acquisitions and divestitures in 2012.

Our personnel expenses are driven by headcount and earnings growth. In 2012, personnel expenses increased to \$766.0 million from \$696.2 million in 2011. Our personnel expenses as a percentage of net revenue increased in 2012 to 44.6 percent from 42.6 percent in 2011. These increases were primarily due to an increase in vesting expense of \$33.0 million of our equity awards triggered by the gain on the divestiture of T-Chek. In 2012, our average headcount increased approximately 13.6 percent, due primarily to the acquisitions of Apreo and Phoenix. Personnel expenses related to our various incentive plans are designed to keep expenses variable with changes in net revenues and profitability.

Other selling, general, and administrative expenses increased 13.4 percent to \$276.2 million in 2012 from \$243.7 million in 2011. Approximately \$10.6 million of this increase is related to investment banking and other external legal and accounting fees paid for the acquisitions and divestitures in 2012. The remaining increase in our selling, general, and administrative expenses is primarily related to an increase in travel, amortization of intangible assets acquired, temporary services, and warehouse expenses, partially offset by a reduction in claims.

Income from operations. Income from operations decreased 2.5 percent to \$675.3 million in 2012 from \$692.7 million in 2011. Income from operations as a percentage of net revenues decreased to 39.3 percent in 2012 from 42.4 percent in 2011. These decreases were primarily related to the increases in operating expenses, offset partially by an increase in net revenues.

Investment and other income. Investment and other income increased to \$283.1 million in 2012 compared to \$2.0 million in 2011. In 2012, we recorded a gain of \$281.6 million on the divestiture of substantially all of our T-Chek business.

Provision for income taxes. Our effective income tax rate was 38.0 percent for 2012 and 37.9 percent for 2011. The effective income tax rate for both periods is greater than the statutory federal income tax rate primarily due to state income taxes, net of federal benefit.

Net income. Net income increased 37.6 percent to \$593.8 million in 2012 from \$431.6 million in 2011. Basic net income per share increased 39.9 percent to \$3.68. Diluted net income per share increased 40.1 percent to \$3.67.

2011 COMPARED TO 2010

Total revenues and direct costs. Our consolidated total revenues increased 11.5 percent in 2011 compared to 2010. Total Transportation revenues increased 15.4 percent to \$8.74 billion in 2011 from \$7.58 billion in 2010. This increase was driven by higher volumes in many of our transportation modes and increased pricing to our customers, including the impacts of higher fuel costs. Total purchased transportation services increased 15.8 percent in 2011 to \$7.30 billion from \$6.30 billion in 2010. This increase was due to higher volumes in many of our transportation modes and higher transportation costs, including the impacts of higher fuel costs. Our Sourcing revenue decreased 6.6 percent to \$1.54 billion in 2011 from \$1.64 billion in 2010. Purchased products sourced for resale decreased 6.4 percent in 2011 to \$1.41 billion from \$1.50 billion in 2010. These decreases were primarily due to decreased volumes with a large customer that, due to a change in their sourcing strategy, has eliminated some of our business with them. Our Payment Services revenue increased 8.7 percent to \$60.3 million in 2011 from \$55.5 million in 2010. The increase was primarily due to an increase in MasterCard[®] services, and increases in some fees that are impacted by fuel prices.

Net revenues. Total Transportation net revenues increased 13.4 percent to \$1.44 billion in 2011 from \$1.27 billion in 2010. Our Transportation net revenue margin decreased to 16.5 percent in 2011 from 16.8 percent in 2010 largely driven by higher transportation costs and higher fuel costs, partially offset by an increase in transportation pricing to our customers. While our different pricing arrangements with customers and contract carriers make it very difficult to measure the precise impact, we believe that fuel costs essentially act as a pass-through in our truckload business. Therefore, in times of higher fuel prices, our net revenue margin percentage decreases as it did in 2011.

Truck net revenues, which consist of truckload and LTL services, comprise approximately 76 percent of our total net revenues. Our truck net revenues increased 14.9 percent to \$1.24 billion in 2011 from \$1.08 billion in 2010. Truckload volumes increased approximately five percent in 2011. Truckload net revenue margin decreased in 2011 due to an increase in fuel prices and increased cost of capacity, offset partially by increased pricing to our customers. Excluding the estimated impact of the change in fuel, on average, our truckload rates increased approximately five percent in 2011. Our truckload transportation costs increased approximately four percent, excluding the estimated impacts of the change in fuel.

During 2011, our LTL net revenues increased approximately 27 percent. The increase was driven primarily by an increase in shipment volumes and increased pricing to our customers. Our LTL volumes increased approximately 15 percent compared to 2010.

Our intermodal net revenue increase of 12.7 percent to \$41.2 million in 2011 from \$36.6 million in 2010 was driven largely by volume and pricing increases, partially offset by lower margins. Our intermodal net revenue margin declined in 2011 compared to 2010 due to higher transportation costs.

Our ocean transportation net revenues increased 10.1 percent to \$66.9 million in 2011 from \$60.8 million in 2010 due primarily to volume increases. We experienced a net revenue margin increase due to decreased cost of capacity.

Our air transportation net revenues decrease of 7.0 percent in 2011 was driven by decreased volumes and decreased pricing. Our air net revenue margins decreased in 2011 due to increased cost of capacity, partially offset by increased pricing to our customers.

Other logistics services net revenues consist primarily of transportation management fees and custom brokerage fees. The increase of 4.6 percent to \$59.9 million in 2011 was driven primarily by increases in the transportation management business.

Sourcing net revenues decreased 7.8 percent to \$128.4 million in 2011. This decrease was primarily due to decreased volumes with a large customer that, due to a change in their sourcing strategy, has eliminated some of our business with them. Our net revenue margin decreased to 8.4 percent in 2011 from 8.5 percent in 2010.

Payment Services is comprised primarily of revenue related to our subsidiary, T-Chek. For 2011, Payment Services net revenues increased 8.7 percent to \$60.3 million in 2011 from \$55.5 million in 2010. The increase was primarily due to an increase in MasterCard[®] services, and increases in some fees that are impacted by fuel prices.

Operating expenses. Operating expenses increased 11.2 percent to \$939.9 million in 2011 from \$845.1 million in 2010. This was due to an increase of 10.2 percent in personnel expenses and an increase of 14.4 percent in other selling, general, and administrative expenses. As a percentage of net revenues, operating expenses remained at 57.6 percent in 2011.

Our personnel expenses are driven by headcount and earnings growth. In 2011, personnel expenses increased to \$696.2 million from \$632.1 million in 2010. Our personnel expenses as a percentage of net revenue declined slightly in 2011 to 42.6 percent

from 43.1 percent in 2010. In 2011, our average headcount increased approximately 7 percent. Personnel expenses related to our various incentive plans are designed to keep expenses variable with changes in net revenues and profitability.

Other selling, general, and administrative expenses increased 14.4 percent to \$243.7 million in 2011 from \$213.1 million in 2010. The increase in our selling, general, and administrative expenses is primarily related to an increase in claims, travel, temporary services, and depreciation, partially offset by a reduction in the provision for doubtful accounts.

Income from operations. Income from operations increased 11.2 percent to \$692.7 million in 2011. Income from operations as a percentage of net revenues remained at 42.4 percent in 2011.

Investment and other income. Investment and other income increased 58.9 percent to \$2.0 million in 2011 compared to \$1.2 million in 2010. In 2011, we received a \$1.2 million distribution from a previously impaired cost-method investment.

Provision for income taxes. Our effective income tax rate was 37.9 percent for 2011 and 38.0 percent for 2010. The effective income tax rate for both periods is greater than the statutory federal income tax rate primarily due to state income taxes, net of federal benefit.

Net income. Net income increased 11.5 percent to \$431.6 million in 2011 from \$387.0 million in 2010. Basic net income per share increased 11.9 percent to \$2.63. Diluted net income per share increased 12.4 percent to \$2.62.

LIQUIDITY AND CAPITAL RESOURCES

We have historically generated substantial cash from operations, which has enabled us to fund our growth while paying cash dividends and repurchasing stock. In 2012, we entered into a senior unsecured revolving credit facility to partially fund the acquisition of Phoenix and it will allow us to continue to fund working capital, capital expenditures, dividends, and share repurchases. Cash and cash equivalents totaled \$210.0 million and \$373.7 million as of December 31, 2012 and 2011. Cash and cash equivalents held outside the United States totaled \$103.3 million and \$61.8 million as of December 31, 2012 and 2011. Working capital at December 31, 2012 and 2011 was \$440.1 million and \$734.9 million.

We prioritize our investments to grow the business, as we require some working capital and a relatively small amount of capital expenditures to grow. We are continually looking for acquisitions to redeploy our cash, but those acquisitions must fit our culture and enhance our growth opportunities. We continue to invest our cash with a focus on principal preservation. Our current interest-bearing cash and cash equivalents consist primarily of cash holdings and municipal money market funds. Our investment income related to cash and cash equivalents is down compared to last year due to the changes in the overall market yields of high-quality, short-term investments.

Cash flow from operating activities. We generated \$460.3 million, \$429.7 million, and \$344.8 million of cash flow from operations in 2012, 2011, and 2010. During 2012, our cash flow from operations increased 7.1 percent compared to a 37.6 percent increase in net income. The increase in our net income was primarily a result of the gain recognized, net of tax, on the divestiture of T-Chek.

Cash used for investing activities. We used \$359.1 million of cash in 2012, \$38.3 million of cash in 2011, and generated \$8.6 million of cash in 2010 for investing activities. Our investing activities consist primarily of cash paid for acquisitions, cash received for the divestiture of T-Chek, and capital expenditures. Cash received for the divestiture, net of the cash we sold, was \$274.8 million.

We used \$50.7 million, \$52.8 million, and \$28.7 million of cash for capital expenditures in 2012, 2011, and 2010. We spent \$42.0 million, \$39.8 million, and \$28.7 million in 2012, 2011, and 2010 primarily for annual investments in information technology equipment to support our operating systems, including the purchase and development of software. These information technology investments are intended to improve efficiencies and help grow the business.

In 2012 we purchased 500 intermodal containers for \$5.2 million and funded the balance of the 2011 container purchases. In 2011 we also purchased a new corporate aircraft for \$7.3 million and 500 intermodal containers for \$4.8 million.

We anticipate capital expenditures in 2013 to be approximately \$55 million to \$60 million.

We used cash of \$583.6 million for acquisitions in 2012. On October 1, 2012 we acquired Apreo for \$22.8 million, net of cash acquired. On November 1, 2012, we paid \$560.8 million in cash for Phoenix, net of cash acquired.

In 2011, we sold our remaining available-for-sale securities which generated \$9.3 million of cash from investing activities. During 2010, we sold nearly all of our available-for-sale securities and invested in cash and cash equivalents which generated \$42.4 million of cash from investing activities.

Cash used for financing activities. We used \$264.3 million, \$415.1 million, and \$289.1 million of cash flow for financing activities in 2012, 2011, and 2010.

In 2012, we had net borrowings of \$253.6 million. On October 29, 2012, we entered into a senior unsecured revolving credit facility for up to \$500 million with a \$500 million accordion feature, which expires on October 29, 2017. The purpose of this facility was to partially fund the acquisition of Phoenix and will allow us to continue to fund working capital, capital expenditures, dividends, and share repurchases. Advances under the facility carry an interest rate based on our total funded debt to total capitalization, as measured at the end of each quarter, and are based on a spread over LIBOR for outstanding balances. In addition, there is a commitment fee on the average daily undrawn stated amount under each letter of credit issued under the facility. We were in compliance with all of the credit facility's debt covenants as of December 31, 2012.

We used \$275.4 million, \$194.7 million, and \$168.9 million to pay cash dividends in 2012, 2011, and 2010. The increase in 2012 was due primarily to a fifth quarterly dividend paid at \$0.35 per share. In December 2012, the Board of Directors modified the dividend payment date to be the last day of the quarter in which it is declared. This is a change from the previous policy which was to pay the cash dividend on the first day of the following quarter from which the cash dividend was declared. Going forward in 2013, we expect to continue to pay quarterly cash dividends on the last day of the quarter for which they were declared by the Board of Directors. Additionally, the rate for our first four quarterly dividends increased to \$0.33 per share in 2012 from \$0.29 per share in 2011.

We also used \$245.1 million, \$240.9 million, and \$151.1 million on share repurchases in 2012, 2011, and 2010. The increase in 2012 was due to a 20 percent increase from the number of shares repurchased in 2011, partially offset by a 13 percent decrease in the average price per share repurchased. The increase in 2011 was due primarily to a 41 percent increase from the number of shares repurchased in 2010. We are currently purchasing shares under the 2009 authorization of 10,000,000 shares. As of December 31, 2012, there were 827,443 shares remaining under this authorization. During the third quarter of 2012, the Board of Directors authorized management to repurchase an additional 10,000,000 shares of our common stock. The number of shares we repurchase, if any, during future periods will vary based on our cash position, potential uses of our cash, and market conditions.

Assuming no change in our current business plan, management believes that our available cash, together with expected future cash generated from operations, and the amount available under our credit facility will be sufficient to satisfy our anticipated needs for working capital, capital expenditures, and cash dividends in future periods. We also believe we could obtain funds under lines of credit on short notice, if needed.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

Our consolidated financial statements include accounts of the company and all majority-owned subsidiaries. The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions. In certain circumstances, those estimates and assumptions can affect amounts reported in the accompanying consolidated financial statements and related footnotes. In preparing our financial statements, we have made our best estimates and judgments of certain amounts included in the financial statements, giving due consideration to materiality. We do not believe there is a great likelihood that materially different amounts would be reported related to the accounting policies described below. However, application of these accounting policies involves the exercise of judgment and use of assumptions as to future uncertainties and, as a result, actual results could differ from these estimates. Note 1 of the Notes to Consolidated Financial Statements includes a summary of the significant accounting policies and methods used in the preparation of our consolidated financial statements. The following is a brief discussion of our critical accounting policies and estimates.

Revenue recognition. Total revenues consist of the total dollar value of goods and services purchased from us by customers. Net revenues are total revenues less the direct costs of transportation, products, and handling. We act principally as the service provider for these transactions and recognize revenue as these services are rendered or goods are delivered. At that time, our obligations to the transactions are completed and collection of receivables is reasonably assured. Most transactions in our Transportation and Sourcing businesses are recorded at the gross amount we charge our customers for the service we provide and goods we sell. In these transactions, we are the primary obligor, we have credit risk, we have discretion to select the supplier, and we have latitude in pricing decisions.

Additionally, in our Sourcing business, we take loss of inventory risk during shipment and have general inventory risk. Certain transactions in customs brokerage and transportation management are recorded at the net amount we charge our customers for the service we provide because many of the factors stated above are not present.

Valuations for accounts receivable. Our allowance for doubtful accounts is calculated based upon the aging of our receivables, our historical experience of uncollectible accounts, and any specific customer collection issues that we have identified. The allowance of \$34.6 million as of December 31, 2012 increased compared to the allowance of \$31.3 million as of December 31, 2011. This increase was due to growth in our accounts receivable balance. We believe that the recorded allowance is sufficient and appropriate based on our customer aging trends, the exposures we have identified, and our historical loss experience.

Goodwill. We manage and report our operations as one operating segment. Our branches represent a series of components that are aggregated for the purpose of evaluating goodwill for impairment on an enterprise-wide basis. The fair value of the enterprise-wide reporting unit substantially exceeds the book value; therefore we have determined that there is no indication of goodwill impairment as of December 31, 2012.

Stock-based compensation. The fair value of each share-based payment award is established on the date of grant. For grants of restricted shares and restricted units, the fair value is established based on the market price on the date of the grant, discounted for post-vesting holding restrictions. The discounts have varied from 12 percent to 22 percent and are calculated using the Black-Scholes option pricing model. Changes in the measured stock price volatility and interest rates are the primary reason for changes in the discount. For grants of options, we use the Black-Scholes option pricing model to estimate the fair value of share-based payment awards. The determination of the fair value of share-based awards is affected by our stock price and a number of assumptions, including expected volatility, expected life, risk-free interest rate, and expected dividends.

DISCLOSURES ABOUT CONTRACTUAL OBLIGATIONS AND COMMERCIAL CONTINGENCIES

The following table aggregates all contractual commitments and commercial obligations, due by period, that affect our financial condition and liquidity position as of December 31, 2012 (dollars in thousands):

	2013	2014	2015	2016	2017	Thereafter	Total
Borrowings under credit agreements	\$ 253,646	\$ —	\$ —	\$ —	\$ —	\$ —	\$ 253,646
Operating Leases ⁽¹⁾	45,592	38,301	30,576	22,523	15,366	22,702	175,060
Purchase Obligations ⁽²⁾	69,805	15,088	9,097	—	—	—	93,990
Total	<u>\$ 369,043</u>	<u>\$ 53,389</u>	<u>\$ 39,673</u>	<u>\$ 22,523</u>	<u>\$ 15,366</u>	<u>\$ 22,702</u>	<u>\$ 522,696</u>

(1) We have certain facilities and equipment under operating leases.

(2) Purchase obligations include agreements for services that are enforceable and legally binding and that specify all significant terms. As of December 31, 2012, such obligations include ocean and air freight capacity, telecommunications services, maintenance contracts, and commodities seeds used in our Sourcing business.

We have no capital lease obligations. Long-term liabilities consist of noncurrent income taxes payable, and the obligation under our non-qualified deferred compensation plan. Due to the uncertainty with respect to the timing of future cash flows associated with our unrecognized tax benefits at December 31, 2012, we are unable to make reasonably reliable estimates of the period of cash settlement with the respective taxing authority. Therefore, \$20.6 million of unrecognized tax benefits have been excluded from the contractual obligations table above. See Note 5 to the Consolidated Financial Statements for a discussion on income taxes. The obligation under our non-qualified deferred compensation plan has also been excluded from the above table as the timing of cash payment is uncertain. As of December 31, 2012, we did not have any off-balance sheet arrangements as defined in Item 303 (a)(4)(ii) of SEC Regulation S-K.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We had \$210.0 million of cash and investments on December 31, 2012, consisting entirely of cash and cash equivalents. Although these investments are subject to the credit risk of the issuer, we manage our investment portfolio to limit our exposure to any one issuer. Substantially all of the cash equivalents are money market securities from treasury and tax exempt money issuers. Because of the credit risk criteria of our investment policies and practices, the primary market risks associated with these investments are interest rate and liquidity risks.

We are a party to a credit agreement with various lenders consisting of a \$500 million revolving loan facility. Interest accrues on the revolving loan at variable rates based on LIBOR or "prime" plus the applicable add-on percentage as defined. At December 31, 2012, there was \$253.0 million outstanding on the revolving loan.

A hypothetical 100-basis-point change in the interest rate would not have a material effect on our earnings. We do not use derivative financial instruments to manage interest rate risk or to speculate on future changes in interest rates. A rise in interest rates could negatively affect the fair value of our investments. Market risk arising from changes in foreign currency exchange rates are not material due to the size of our international operations.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

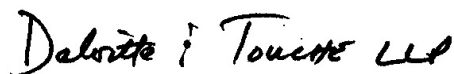

To the Board of Directors and Stockholders of
C.H. Robinson Worldwide, Inc.
Eden Prairie, MN

We have audited the accompanying consolidated balance sheets of C.H. Robinson Worldwide, Inc. and subsidiaries (the “Company”) as of December 31, 2012 and 2011, and the related consolidated statements of operations and comprehensive income, stockholders’ investment, and cash flows for each of the three years in the period ended December 31, 2012. Our audits also included the financial statement schedule listed in the Index at Item 15. These financial statements and financial statement schedule are the responsibility of the Company’s management. Our responsibility is to express an opinion on the financial statements and financial statement schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such consolidated financial statements present fairly, in all material respects, the financial position of C.H. Robinson Worldwide, Inc. and subsidiaries as of December 31, 2012 and 2011, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2012, in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, such financial statement schedule, when considered in relation to the basic consolidated financial statements taken as a whole, presents fairly, in all material respects, the information set forth therein.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the Company’s internal control over financial reporting as of December 31, 2012, based on the criteria established in *Internal Control—Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated March 1, 2013, expressed an unqualified opinion on the Company’s internal control over financial reporting.

Minneapolis, Minnesota
March 1, 2013

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of
C.H. Robinson Worldwide, Inc.
Eden Prairie, MN

We have audited the internal control over financial reporting of C.H. Robinson Worldwide, Inc. and subsidiaries (the "Company") as of December 31, 2012, based on criteria established in *Internal Control - Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission. As described in Management's Report on Internal Control Over Financial Reporting, management excluded from its assessment a portion of the internal control over financial reporting at Phoenix International Freight Services, Ltd. ("Phoenix"), and Apreo Logistics S.A. ("Apreo"), which were acquired on November 1, 2012 and October 1, 2012, respectively, and whose financial statements constitutes approximately 1% of gross revenues, less than 1% of net income (excluding Phoenix and Apreo amortization of intangible assets which were integrated into the Company's systems and control environment) and approximately 9% of total assets (excluding Phoenix and Apreo goodwill and intangible assets which were integrated into the Company's systems and control environment) of the consolidated financial statement amounts as of and for the year ended December 31, 2012. Accordingly, our audit did not include the internal control over financial reporting at Phoenix International Freight Services, Ltd. and Apreo Logistics S.A. The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management's Report on Internal Controls over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit.

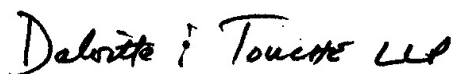

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed by, or under the supervision of, the company's principal executive and principal financial officers, or persons performing similar functions, and effected by the company's board of directors, management, and other personnel to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of the inherent limitations of internal control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may not be prevented or detected on a timely basis. Also, projections of any evaluation of the effectiveness of the internal control over financial reporting to future periods are subject to the risk that the controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2012, based on the criteria established in *Internal Control - Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated financial statements and financial statement schedule listed in the Index at Item 15 as of and for the year ended December 31, 2012 of the Company and our report dated March 1, 2013 expressed an unqualified opinion on those financial statements and financial statement schedule.

C.H. ROBINSON WORLDWIDE, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION. C.H. Robinson Worldwide, Inc. and our subsidiaries (“the company,” “we,” “us,” or “our”) are a global provider of transportation services and logistics solutions through a network of 276 branch offices operating in North America, Europe, Asia, South America, and Australia. The consolidated financial statements include the accounts of C.H. Robinson Worldwide, Inc. and our majority owned and controlled subsidiaries. Our minority interests in subsidiaries are not significant. All intercompany transactions and balances have been eliminated in the consolidated financial statements.

USE OF ESTIMATES. The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. We are also required to disclose contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Our ultimate results could differ from those estimates.

REVENUE RECOGNITION. Total revenues consist of the total dollar value of goods and services purchased from us by customers. Our net revenues are our total revenues less purchased transportation and related services, including contracted motor carrier, rail, ocean, air, and other costs, and the purchase price and services related to the products we source. We act principally as the service provider for these transactions and recognize revenue as these services are rendered or goods are delivered. At that time, our obligations to the transactions are completed and collection of receivables is reasonably assured. Most transactions in our Transportation and Sourcing businesses are recorded at the gross amount we charge our customers for the service we provide and goods we sell. In these transactions, we are the primary obligor, we have credit risk, we have discretion to select the supplier, and we have latitude in pricing decisions. Additionally, in our Sourcing business, we take loss of inventory risk during shipment and have general inventory risk. Certain transactions in customs brokerage, and transportation management services are recorded at the net amount we charge our customers for the service we provide because many of the factors stated above are not present.

ALLOWANCE FOR DOUBTFUL ACCOUNTS. Accounts receivable are reduced by an allowance for amounts that may become uncollectible in the future. We continuously monitor payments from our customers and maintain a provision for uncollectible accounts based upon our customer aging trends, historical loss experience, and any specific customer collection issues that we have identified.

FOREIGN CURRENCY. Most balance sheet accounts of foreign subsidiaries are translated or remeasured at the current exchange rate as of the end of the year. Statement of operations items are translated at average exchange rates during the year. The resulting translation adjustment is recorded as a separate component of comprehensive income in our statement of operations and comprehensive income.

SEGMENT REPORTING AND GEOGRAPHIC INFORMATION. We operate in the transportation and logistics industry. We provide a wide range of products and services to our customers and contract carriers including transportation services, produce sourcing, freight consolidation, contract warehousing, and information services. Each of these is a significant component to optimizing logistics solutions for our customers.

These services are performed throughout our branch offices, as an integrated offering for which our customers are typically provided a single invoice. Our branches work together to complete transactions and collectively meet the needs of our customers. For large multi-location customers, we often coordinate our efforts in one branch and rely on multiple branch locations to deliver specific geographic or modal needs. As an example, approximately 43 percent of our truckload transactions are shared transactions between branches. In addition, our methodology of providing services is very similar across all branches. The majority of our global network operates on a common technology platform that is used to match customer needs with supplier capabilities, to collaborate with other branch locations, and to utilize centralized support resources to complete all facets of the transaction. Accordingly, our chief operating decision maker analyzes our business as a single segment, relying on net revenues and operating income across our network of branch offices as the primary performance measures.

The following table presents our total revenues (based on location of the customer) and long-lived assets (including intangible and other assets) by geographic regions (in thousands):

	For the year ended December 31,		
	2012	2011	2010
Total revenues			
United States	\$ 10,183,596	\$ 9,488,165	\$ 8,298,324
Other locations	1,175,517	848,181	975,981
Total revenues	<u>\$ 11,359,113</u>	<u>\$ 10,336,346</u>	<u>\$ 9,274,305</u>

	December 31,		
	2012	2011	2010
Long-lived assets			
United States	\$ 281,729	\$ 156,471	\$ 135,312
Other locations	27,991	10,337	11,667
Total long-lived assets	<u>\$ 309,720</u>	<u>\$ 166,808</u>	<u>\$ 146,979</u>

CASH AND CASH EQUIVALENTS. Cash and cash equivalents consist primarily of tax exempt and treasury money market funds with original maturities of less than 90 days. The carrying amount approximates fair value due to the short maturity of the instruments.

PREPAID EXPENSES AND OTHER. Prepaid expenses and other include such items as prepaid rent, software maintenance contracts, insurance premiums, other prepaid operating expenses, and inventories, consisting primarily of produce and related products held for resale.

PROPERTY AND EQUIPMENT. Property and equipment are recorded at cost. Maintenance and repair expenditures are charged to expense as incurred. Depreciation is computed using the straight-line method over the estimated lives of the assets of 3 to 30 years. Amortization of leasehold improvements is computed over the shorter of the lease term or the estimated useful lives of the improvements.

We recognized the following depreciation expense (in thousands):

2012	\$ 24,254
2011	23,410
2010	20,393

A summary of our property and equipment as of December 31 is as follows (in thousands):

	2012	2011
Furniture, fixtures, and equipment	\$ 145,746	\$ 115,751
Buildings	64,452	55,682
Corporate aircraft	11,334	11,334
Leasehold improvements	22,663	17,781
Land	15,004	14,841
Construction in progress	5,808	4,684
Less accumulated depreciation	(115,156)	(93,243)
Net property and equipment	<u>\$ 149,851</u>	<u>\$ 126,830</u>

GOODWILL AND OTHER INTANGIBLE ASSETS. Goodwill is the difference between the purchase price of a company and the fair market value of the acquired company's net identifiable assets. Other intangible assets include customer lists, contract carrier lists, and non-competition agreements. These intangible assets are being amortized using the straight-line method over their estimated lives, ranging from 3 to 8 years. Goodwill is not amortized, but is tested for impairment using a fair value approach. Goodwill is tested for impairment annually or more frequently if events warrant. Intangible assets are

evaluated for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. See Note 2.

OTHER ASSETS. Other assets include such items as purchased and internally developed software, and the investments related to our nonqualified deferred compensation plan. We amortize software using the straight-line method over 3 years. We recognized the following amortization expense of purchased and internally developed software (in thousands):

	2012	\$	7,528
	2011		5,180
	2010		4,047

A summary of our purchased and internally developed software as of December 31 is as follows (in thousands):

	2012	2011
Purchased software	\$ 15,524	\$ 14,111
Internally developed software	20,029	28,140
Less accumulated amortization	(20,744)	(17,392)
Net software	\$ 14,809	\$ 24,859

INCOME TAXES. Income taxes are accounted for using the asset and liability method. Under this method, deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying amounts and tax bases of assets and liabilities using enacted rates.

Annual tax provisions include amounts considered sufficient to pay assessments that may result from examination of prior year tax returns; however, the amount ultimately paid upon resolution of issues raised may differ from the amounts accrued.

The financial statement effects of an uncertain income tax position are recognized when it is more likely than not, based on the technical merits, that the position will be sustained upon examination. Unrecognized tax benefits are more likely than not owed to a taxing authority and the amount of the contingency can be reasonably estimated. Uncertain income tax positions are included in “Noncurrent income taxes payable” in the consolidated balance sheets.

Provisions are made for U.S. taxes on undistributed earnings of foreign subsidiaries and related companies.

COMPREHENSIVE INCOME. Comprehensive income includes any changes in the equity of an enterprise from transactions and other events and circumstances from non-owner sources. Our two components of other comprehensive income are foreign currency translation adjustment and unrealized gains and losses from investments. They are presented on our consolidated statements of operations and comprehensive income.

STOCK-BASED COMPENSATION. The fair value of each share-based payment award is established on the date of grant. For grants of restricted shares and restricted units, the fair value is established based on the market price on the date of the grant, discounted for post-vesting holding restrictions. The discounts have varied from 12 percent to 22 percent and are calculated using the Black-Scholes option pricing model. Changes in measured stock volatility and interest rates are the primary reason for changes in the discount.

For grants of options, we use the Black-Scholes option pricing model to estimate the fair value of share-based payment awards. The determination of the fair value of share-based awards is affected by our stock price and a number of assumptions, including expected volatility, expected life, risk-free interest rate, and expected dividends.

NOTE 2: GOODWILL AND OTHER INTANGIBLE ASSETS

The change in the carrying amount of goodwill is as follows (in thousands):

	2012	2011
Balance, beginning of year	\$ 359,688	\$ 359,116
Acquisitions	462,232	2,009
Translation	295	(1,437)
Balance, end of year	\$ 822,215	\$ 359,688

The additions to goodwill are related to our acquisitions discussed in more detail in Note 8. We complete an impairment test on goodwill annually. This impairment test did not result in any impairment losses. There is no aggregate goodwill impairment for any of periods.

A summary of our other intangible assets, with finite lives, which include primarily customer relationships and non-competition agreements, as of December 31 is as follows (in thousands):

	2012	2011
Gross	\$ 149,644	\$ 17,862
Accumulated amortization	(14,108)	(9,708)
Net	<u>\$ 135,536</u>	<u>\$ 8,154</u>

Other intangible assets, with indefinite lives, are as follows (in thousands):

	2012	2011
Trademarks	\$ 1,875	\$ 1,875

Amortization expense for other intangible assets was (in thousands):

2012	\$ 6,308
2011	3,908
2010	4,929

Intangible assets at December 31, 2012 will be amortized over the next eight years, and that expense is as follows (in thousands):

2013	\$ 20,158
2014	18,719
2015	16,939
2016	16,922
2017	16,827
Thereafter	45,971
Total	<u>\$ 135,536</u>

NOTE 3: FAIR VALUE MEASUREMENT

Accounting guidance on fair value measurements for certain financial assets and liabilities requires that assets and liabilities carried at fair value be classified and disclosed in one of the following three categories:

- Level 1 — Quoted market prices in active markets for identical assets or liabilities.
- Level 2 — Observable market-based inputs or unobservable inputs that are corroborated by market data.
- Level 3 — Unobservable inputs reflecting the reporting entity's own assumptions or external inputs from inactive markets.

A financial asset or liability's classification within the hierarchy is determined based on the lowest level of input that is significant to the fair value measurement.

The following table presents information as of December 31, 2012, about our financial assets and liabilities that are measured at fair value on a recurring basis, according to the valuation techniques we used to determine their fair values (in thousands).

	Level 1	Level 2	Level 3	Total Fair Value
December 31, 2012				
Contingent purchase price related to acquisitions	—	—	922	922
Total liabilities at fair value	\$ —	\$ —	\$ 922	\$ 922
December 31, 2011				
Contingent purchase price related to acquisitions	—	—	13,070	13,070
Total liabilities at fair value	\$ —	\$ —	\$ 13,070	\$ 13,070

In measuring the fair value of the contingent payment liability, we used an income approach that considers the expected future earnings of the acquired businesses and the resulting contingent payments, discounted at a risk-adjusted rate.

The table below sets forth a reconciliation of our beginning and ending Level 3 financial liability balance (in thousands).

	2012	2011	2010
Balance, beginning of period	\$ 13,070	\$ 16,623	\$ 14,658
Payments of contingent purchase price	(12,661)	(4,318)	(445)
Total unrealized losses included in earnings	513	765	2,410
Balance, end of period	\$ 922	\$ 13,070	\$ 16,623

NOTE 4. FINANCING ARRANGEMENTS

On October 29, 2012, we entered into a senior unsecured revolving credit facility for up to \$500 million with a \$500 million accordion feature (the "Credit Agreement"), with a syndicate of financial institutions led by U. S. Bank. The purpose of this facility was to partially fund the acquisition of Phoenix and will allow us to continue to fund working capital, capital expenditures, dividends, and share repurchases. The Credit Agreement expires on October 29, 2017.

As of December 31, 2012, we had \$253.0 million in borrowings outstanding under the Credit Agreement which is classified as a current liability on the consolidated balance sheet. We consider these borrowings to be a Level 2 financial liability and therefore, the recorded amount of borrowings outstanding approximates fair value because of the short maturity period of the debt.

Borrowings under the Credit Agreement generally bear interest at a variable rate equal to (i) LIBOR plus 1.00% , or (ii) the base rate (which is the highest of (a) the administrative agent's prime rate, (b) the federal funds rate plus 0.50% , or (c) the sum of 1.00% plus one-month LIBOR plus a specified margin). In addition, there is a commitment fee on the average daily undrawn sated amount under each letter of credit issued under the facility. The weighted average interest rate incurred on borrowings during 2012 and at December 31, 2012 was approximately 1.2% .

The Credit Agreement contains various restrictions and covenants. Among other requirements, we may not permit our leverage ratio, as of the end of each of our fiscal quarters, of (i) Consolidated Funded Indebtedness to (ii) Consolidated Total Capitalization, to be greater than 0.65 to 1.00. We were in compliance with the debt covenants as of December 31, 2012.

The Credit Agreement also contains customary events of default. If an event of default under the Credit Agreement occurs and is continuing, then the administrative agent may declare any outstanding obligations under the Credit Agreement to be immediately due and payable. In addition, if we become the subject of voluntary or involuntary proceedings under any bankruptcy, insolvency or similar law, then any outstanding obligations under the Credit Agreement will automatically become immediately due and payable.

NOTE 5: INCOME TAXES

C.H. Robinson Worldwide, Inc. and its 80 percent (or more) owned U.S. subsidiaries file a consolidated federal income tax return. We file unitary or separate state returns based on state filing requirements. With few exceptions, we are no longer subject to audits of U.S. federal, state and local, or non-U.S. income tax returns before 2006.

A reconciliation of the beginning and ending amount of unrecognized tax benefits, excluding interest and penalties, is as follows (in thousands):

	2012	2011	2010
Unrecognized tax benefits, beginning of period	\$ 7,668	\$ 7,595	\$ 7,776
Additions based on tax positions related to the current year	4,172	1,476	1,891
Additions for tax positions of prior years	6,911	290	1,565
Reductions for tax positions of prior years	(1,061)	(1,005)	(1,544)
Lapse in statute of limitations	(286)	(688)	(2,093)
Settlements	(616)	—	—
Unrecognized tax benefits, end of the period	\$ 16,788	\$ 7,668	\$ 7,595

As of December 31, 2012, we had \$20.6 million of unrecognized tax benefits and related interest and penalties, all of which would affect our effective tax rate if recognized. We are not aware of any tax positions for which it is reasonably possible that the total amount of unrecognized tax benefit will significantly increase or decrease in the next twelve months.

Income tax expense considers amounts which may be needed to cover exposures for open tax years. We do not expect any material impact related to open tax years; however, actual settlements may differ from amounts accrued.

We recognize interest and penalties related to uncertain tax positions in the provision for income taxes. During the years ended December 31, 2012, 2011, and 2010, we recognized approximately \$0.8 million, and \$0.8 million, and \$1.5 million in interest and penalties. We had approximately \$3.8 million and \$2.8 million for the payment of interest and penalties accrued within noncurrent taxes payable as of December 31, 2012 and 2011. These amounts are not included in the reconciliation above.

The components of the provision for income taxes consist of the following for the years ended December 31 (in thousands):

	2012	2011	2010
Tax provision:			
Federal	\$ 326,708	\$ 219,124	\$ 195,843
State	38,931	28,260	25,492
Foreign	13,461	9,958	8,167
	379,100	257,342	229,502
Deferred provision (benefit):			
Federal	(11,674)	4,781	4,397
State	(1,334)	546	503
Foreign	(1,434)	423	2,674
	(14,442)	5,750	7,574
Total provision	\$ 364,658	\$ 263,092	\$ 237,076

A reconciliation of the provision for income taxes using the statutory federal income tax rate to our effective income tax rate for the years ended December 31 is as follows:

	2012	2011	2010
Federal statutory rate	35.0%	35.0%	35.0%
State income taxes, net of federal benefit	2.7	2.7	2.7
Other	0.3	0.2	0.3
	38.0%	37.9%	38.0%

Deferred tax assets (liabilities) are comprised of the following at December 31 (in thousands):

	2012	2011
Deferred tax assets:		
Compensation	\$ 96,660	\$ 80,577
Receivables	11,836	10,375
Other	9,443	7,992
Deferred tax liabilities:		
Intangible assets	(109,334)	(59,122)
Prepaid assets	(7,825)	(8,476)
Long-lived assets	(21,171)	(18,463)
Undistributed earnings of foreign subsidiaries	(12,857)	(5,324)
Other	(85)	(7)
Net deferred tax (liabilities) assets	<u>\$ (33,333)</u>	<u>\$ 7,552</u>

We have foreign net operating loss carryforwards with a tax effect of \$5.1 million . A full valuation allowance has been established for these net operating loss carryforwards due to the uncertainty of the use of the tax benefit in future periods.

NOTE 6: CAPITAL STOCK AND STOCK AWARD PLANS

PREFERRED STOCK. Our Certificate of Incorporation authorizes the issuance of 20,000,000 shares of Preferred Stock, par value \$0.10 per share. There are no shares of Preferred Stock outstanding. The Preferred Stock may be issued by resolution of our Board of Directors at any time without any action of the stockholders. The Board of Directors may issue the Preferred Stock in one or more series and fix the designation and relative powers. These include voting powers, preferences, rights, qualifications, limitations, and restrictions of each series. The issuance of any such series may have an adverse effect on the rights of holders of Common Stock and may impede the completion of a merger, tender offer, or other takeover attempt.

COMMON STOCK. Our Certificate of Incorporation authorizes 480,000,000 shares of Common Stock, par value \$.10 per share. Subject to the rights of Preferred Stock which may from time to time be outstanding, holders of Common Stock are entitled to receive dividends out of funds legally available, when and if declared by the Board of Directors, and to receive their share of the net assets of the company legally available for distribution upon liquidation or dissolution.

For each share of Common Stock held, stockholders are entitled to one vote on each matter to be voted on by the stockholders, including the election of directors. Holders of Common Stock are not entitled to cumulative voting; the holders of more than 50 percent of the outstanding Common Stock can elect all of any class of directors if they choose to do so. The stockholders do not have preemptive rights. All outstanding shares of Common Stock are fully paid and nonassessable.

STOCK AWARD PLANS. Stock-based compensation cost is measured at the grant date based on the value of the award and is recognized as expense as it vests. A summary of our total compensation expense recognized in our consolidated statements of operations and comprehensive income for stock-based compensation is as follows (in thousands):

	2012	2011	2010
Stock options	\$ 3,585	\$ 61	\$ 1,539
Stock awards	53,481	36,390	33,519
Company expense on ESPP discount	2,315	2,150	1,989
Total stock based compensation expense	<u>\$ 59,381</u>	<u>\$ 38,601</u>	<u>\$ 37,047</u>

Our 1997 Omnibus Stock Plan allows us to grant certain stock awards, including stock options at fair market value and restricted shares and units, to our key employees and outside directors. A maximum of 28,000,000 shares can be granted under this plan; approximately 3,642,000 shares were available for stock awards as of December 31, 2012 . Awards that expire or are canceled without delivery of shares generally become available for issuance under the plans. We plan to submit a new equity incentive plan for shareholder approval at our Annual Meeting of Stockholders on May 9, 2013.

We have awarded performance-based stock options to certain key employees. These options are subject to certain vesting requirements over a five -year period, based on the company's earnings growth. Any options remaining unvested at the end of the five year vesting period are forfeited to the company. Although participants can exercise options via a stock swap exercise, we do not issue reloads (restoration options) on the grants from 2011 and 2012 .

The fair value of these options is established based on the market price on the date of grant, discounted for post-vesting holding restrictions, calculated using the Black-Scholes option pricing model. Changes in measured stock price volatility and interest rates are the primary reasons for changes in the discount. These grants are being expensed based on the terms of the awards. As of December 31, 2012, unrecognized compensation expense related to stock options was \$26.0 million. The amount of future expense to be recognized will be based on the company's earnings growth and certain other conditions.

The following schedule summarizes stock option activity in the plan. All outstanding unvested options as of December 31, 2012, relate to the performance-based grants from 2011 and 2012.

	Shares	Weighted Average Exercise Price	Aggregate Intrinsic Value (in thousands)	Average Remaining Life (years)
December 31, 2011	1,522,624	\$ 51.81		
Grants	1,184,487	62.02		
Exercised	(362,699)	21.01		
Terminated	(49,315)	62.27		
Outstanding at December 31, 2012	2,295,097	\$ 61.72	\$ 3,439	8.57
Vested at December 31, 2012	445,778	\$ 50.21	\$ 5,800	4.44
Exercisable at December 31, 2012	445,778	\$ 50.21	\$ 5,800	4.44

Information on the intrinsic value of options exercised is as follows (in thousands):

2012	\$ 15,516
2011	20,097
2010	43,485

Determining Fair Value

We estimated the fair value of stock options granted using the Black-Scholes option pricing model. We estimate the fair value of restricted shares and units using the Black-Scholes option pricing model - protective put method. A description of significant assumptions used to estimate the expected volatility, risk-free interest rate and expected terms is as follows:

Expected Volatility - Expected volatility was determined based on implied volatility of our traded options and historical volatility of our stock price.

Risk-Free Interest Rate - The risk-free interest rate was based on the implied yield available on U.S. Treasury zero-coupon issues at the date of grant with a term equal to the expected term.

Expected Term - Expected term represents the period that our stock-based awards are expected to be outstanding and was determined based on historical experience and anticipated future exercise patterns, giving consideration to the contractual terms of unexercised stock-based awards.

The fair value per option was estimated using the Black-Scholes option pricing model with the following assumptions:

	2012 Grants	2011 Grants	2010 Grants
Risk-free interest rate	.18-.89%	.12-1.22%	.47-1.07%
Dividend per share (quarterly amounts)	\$.33-.35	\$.29-.33	\$.25-.29
Expected volatility factor	26.0-27.5%	27.5-29.93%	30.2-31.2%
Expected option term	.01-6 years	.01-6 years	.01-3 years
Weighted average fair value per option	\$ 13.61	\$ 15.58	\$ 9.43

RESTRICTED STOCK GRANTS. We have awarded performance-based restricted shares and restricted units to certain key employees and non-employee directors. These restricted shares and restricted units are subject to certain vesting requirements over a five -year period, based on the company's earnings growth. The awards also contain restrictions on the awardees' ability to sell or transfer vested shares or units for a specified period of time. The fair value of these shares is established based on the market price on the date of grant, discounted for post-vesting holding restrictions. The discounts have varied from 12 percent to 22 percent and are calculated using the Black-Scholes option pricing model - protective put method. Changes in measured stock price volatility and interest rates are the primary reasons for changes in the discount. These grants are being expensed based on the terms of the awards.

The following table summarizes our nonvested performance-based restricted stock grants as of December 31, 2012 :

	Number of Restricted Shares and Units	Weighted Average Grant Date Fair Value
Nonvested at December 31, 2011	3,445,251	\$ 47.56
Granted	339,453	48.66
Vested	(1,095,134)	46.35
Forfeitures	(120,982)	46.55
Nonvested at December 31, 2012	2,568,588	\$ 48.26

The following table summarizes performance-based shares and units by year of grant:

Year of grant	First vesting date	Last vesting date	Shares and units granted, net of forfeitures	Weighted average grant date fair value ⁽¹⁾	Shares and units non-vested
2008	December 31, 2009	December 31, 2013	2,269,011	\$ 39.66	884,914
2009	December 31, 2010	December 31, 2014	904,167	44.06	415,917
2010	December 31, 2011	December 31, 2015	737,937	63.28	435,383
2011	December 31, 2012	December 31, 2016	650,058	53.73	494,044
2012	December 31, 2013	December 31, 2017	338,330	48.65	338,330
			4,899,503	\$ 46.51	2,568,588

(1) Amount shown is the weighted average grant date fair value of shares and units granted, net of forfeitures.

We have also awarded restricted shares and units to certain key employees that vest primarily based on their continued employment. The value of these awards is established by the market price on the date of the grant and is being expensed over the vesting period of the award. The following table summarizes these nonvested restricted stock grants as of December 31, 2012 :

	Number of Restricted Shares and Units	Weighted Average Grant Date Fair Value
Nonvested at December 31, 2011	99,462	\$ 18.07
Granted	456,930	48.60
Vested	(26,944)	19.99
Forfeitures	(1,509)	66.27
Nonvested at December 31, 2012	527,939	\$ 44.26

We have also issued to certain key employees and non-employee directors restricted units which are fully vested upon issuance. These shares and units contain restrictions on the awardees' ability to sell or transfer vested shares or units for a specified period of time. The fair value of these shares is established using the same method discussed above. These grants have been expensed during the year they were earned.

A summary of the fair value of restricted stock vested (in thousands):

2012	\$ 53,562
2011	35,663
2010	34,056

As of December 31, 2012, there is unrecognized compensation expense of \$147.3 million related to previously granted restricted shares and units. The amount of future expense to be recognized will be based on the company's earnings growth and certain other conditions.

EMPLOYEE STOCK PURCHASE PLAN. Our 1997 Employee Stock Purchase Plan allows our employees to contribute up to \$10,000 of their annual cash compensation to purchase company stock. Purchase price is determined using the closing price on the last day of the quarter discounted by 15 percent. Shares are vested immediately. The following is a summary of the employee stock purchase plan activity (dollar amounts in thousands):

	Shares purchased by employees	Aggregate cost to employees	Expense recognized by the company
2012	248,405	\$ 13,116	\$ 2,315
2011	196,332	12,183	2,150
2010	215,054	11,273	1,989

SHARE REPURCHASE PROGRAMS. During 2007, 2009, and 2012, our Board of Directors authorized stock repurchase programs that allow management to repurchase 10,000,000 shares under each authorization for reissuance upon the exercise of employee stock options and other stock plans. There are no shares remaining to repurchase under the 2007 authorization. The activity under those programs for each of the periods reported is as follows (dollar amounts in thousands):

	Shares repurchased	Total value of shares repurchased
2007 Program		
2008 Purchases	3,720,704	\$ 200,800
2009 Purchases	5,101,747	266,900
2010 Purchases	1,114,849	60,600
	Shares repurchased	Total value of shares repurchased
2009 Program		
2010 Purchases	1,394,831	\$ 90,500
2011 Purchases	3,540,171	246,935
2012 Purchases	4,237,555	257,064

As of December 31, 2012, there were 827,443 shares remaining for repurchase under the 2009 authorization and 10,000,000 shares remaining for repurchase under the 2012 authorization. We are currently purchasing shares under the 2009 authorization.

NOTE 7: COMMITMENTS AND CONTINGENCIES

EMPLOYEE BENEFIT PLANS. We offer a defined contribution which qualifies under section 401(k) of the Internal Revenue Code and covers all eligible U.S. employees. Annual profit-sharing contributions are determined by us, in accordance with the provisions of the plan. We can also elect to make matching contributions to the plan. Defined contribution plan expense, including matching contributions, was approximately (in thousands):

2012	\$ 24,769
2011	30,550
2010	28,293

We have committed to a defined contribution match of four percent of eligible compensation in 2013.

NONQUALIFIED DEFERRED COMPENSATION PLAN. The Robinson Companies Nonqualified Deferred Compensation Plan provided certain employees the opportunity to defer a specified percentage or dollar amount of their cash and stock compensation. Participants could elect to defer up to 100 percent of their cash compensation. The accumulated benefit obligation was \$0.9 million and \$1.0 million as of December 31, 2012 and 2011. We have purchased investments to fund the future liability. The investments had an aggregate market value of \$0.9 million and \$1.0 million as of December 31,

2012 and 2011 and are included in other assets in the consolidated balance sheets. In addition, all restricted shares granted but not yet delivered or not yet forfeited are also held within this plan.

LEASE COMMITMENTS. We lease certain facilities and equipment under operating leases. Information regarding our lease expense is as follows (in thousands):

2012	\$	41,689
2011		40,375
2010		36,945

Minimum future lease commitments under noncancelable lease agreements in excess of one year as of December 31, 2012, are as follows (in thousands):

2013	\$	45,592
2014		38,301
2015		30,576
2016		22,523
2017		15,366
Thereafter		22,702
Total	\$	175,060

In addition to minimum lease payments, we are typically responsible under our lease agreements to pay our pro rata share of maintenance expenses, common charges, and real estate taxes of the buildings we lease space in.

LITIGATION. We are not subject to any pending or threatened litigation other than routine litigation arising in the ordinary course of our business operations, including eight contingent auto liability cases. For such legal proceedings, we have accrued an amount that reflects the aggregate liability deemed probable and estimable, but this amount is not material to our consolidated financial position, results of operations, or cash flows. Because of the preliminary nature of many of these proceedings, the difficulty in ascertaining the applicable facts relating to many of these proceedings, the inconsistent treatment of claims made in many of these proceedings, and the difficulty of predicting the settlement value of many of these proceedings, we are not able to estimate an amount or range of any reasonably possible additional losses. However, based upon our historical experience, the resolution of these proceedings is not expected to have a material effect on our consolidated financial position, results of operations, or cash flows.

NOTE 8: ACQUISITIONS AND DIVESTITURES

On November 1, 2012, we acquired all of the outstanding stock of Phoenix International Freight Services, Ltd. (“Phoenix”) for the purpose of expanding our current market presence and service offerings in international freight forwarding. Total purchase consideration was \$660.6 million, net of estimated post-closing cash and working capital adjustments, in accordance with the purchase agreement. The acquisition price was financed with \$60.2 million in newly-issued common stock (representing 1.1 million shares), borrowings under the revolving credit facility of approximately \$173.0 million discussed in Note 4, and the remainder with cash on-hand. We incurred \$9.9 million of transaction expenses that are included in other selling, general, and administrative expenses in our consolidated statements of operations and comprehensive income related to this acquisition during 2012.

The following is a preliminary summary of the allocation of purchase consideration to the estimated fair value of net assets for the acquisition of Phoenix (in thousands):

Cash and cash equivalents	\$ 75,372
Receivables	124,056
Other current assets	8,929
Property and equipment	12,160
Identifiable intangible assets	130,000
Goodwill	447,877
Other noncurrent assets	5,044
Total assets	\$ 803,438
Accounts payable	\$ (45,367)
Accrued expenses	(14,340)
Other liabilities	(83,155)
Estimated net assets acquired	<u>\$ 660,576</u>

Identifiable intangible assets and estimated useful lives are as follows (dollars in thousands):

	Estimated Life (years)	
Customer relationships	8	\$ 129,800
Noncompete agreements	5	200
Total identifiable intangible assets		<u>\$ 130,000</u>

The Phoenix goodwill is a result of acquiring and retaining the Phoenix existing workforce and expected synergies from integrating their business into C.H. Robinson. The goodwill will not be deductible for tax purposes. Purchase accounting is considered preliminary, subject to revision, mainly with respect to certain working capital accounts, taxes, and goodwill, as final information was not available as of December 31, 2012.

On an unaudited pro forma basis, assuming the Phoenix acquisition had closed January 1, 2011, the combined results of C.H. Robinson and Phoenix would have resulted in revenues of \$11.2 billion for the year ended December 31, 2011, and \$12.1 billion for the year ended December 31, 2012, operating income of \$729.6 million and \$707.4 million, and net income of \$445.8 million and \$610.7 million during those same periods, respectively.

The 2012 pro forma financial information includes adjustments for additional amortization expense on identifiable intangible assets of \$13.6 million and incremental interest expense of \$2.2 million, eliminating non-recurring transactional professional fees of \$18.5 million and contractual changes in compensation of \$6.5 million, and tax effect impact of \$6.9 million based on our consolidated effective tax rate.

The 2011 pro forma financial information includes adjustments for additional amortization expense on identifiable intangible assets of \$16.3 million and incremental interest expense of \$2.6 million, eliminating non-recurring contractual changes in compensation related expenses of \$4.1 million, and tax effect impact of \$1.8 million based on our consolidated effective tax rate.

The pro forma consolidated financial information was prepared for comparative purposes only and includes certain adjustments, as noted above. The adjustments are estimates based on currently available information and actual amounts may have differed materially from these estimates. They do not reflect the effect of costs or synergies that would have been expected to result from the integration of the acquisition. The pro forma information does not purport to be indicative of the results of operations that actually would have resulted had the acquisition occurred at the beginning of each period presented or of future results of the consolidated entity. The results of operations and financial condition of Phoenix has been included in our consolidated financial statements since their acquisition date of November 1, 2012.

On October 16, 2012, we sold substantially all of the operations of our subsidiary, T-Chek Systems, Inc. ("T-Chek"), which represented a majority of our Payment Services business, to Electronic Funds Source, LLC ("EFS") for \$302.5 million in cash, subject to post-closing adjustments. EFS acquired the assets and assumed certain liabilities of T-Chek. We recorded a gain on the sale of the assets and liabilities of approximately \$281.6 million during the fourth quarter of 2012.

On October 1, 2012, we acquired all of the outstanding stock of the operating subsidiaries of Apreo Logistics S.A. ("Apreo"), a leading freight forwarder based in Warsaw, Poland, for the purpose of expanding our current market presence and service offerings in Europe. The total purchase price of Apreo was approximately \$26.5 million, which was paid in cash and is subject to post-closing adjustments. We recorded \$17.4 million of goodwill and other intangible assets related to this acquisition. The goodwill will not be deductible for tax purposes. The results of our operations for 2012 were not materially impacted by this acquisition.

In September 2011, we acquired substantially all of the assets of Timco Worldwide in exchange for the assumption of approximately \$3.8 million of liabilities. Timco Worldwide was a melon category provider in Davis, California. We recorded \$2.4 million of goodwill and other intangible assets related to this acquisition. All goodwill and other intangible assets related to this acquisition are tax deductible over 15 years. The results of our operations for 2011 were not materially impacted by this acquisition.

The results of operations and financial condition of these acquisitions have been included in our consolidated financial statements since their acquisition dates.

NOTE 9: SUPPLEMENTARY DATA

Our unaudited results of operations for each of the quarters in the years ended December 31, 2012 and 2011 are summarized below (in thousands, except per share data).

2012	March 31	June 30	September 30	December 31 ⁽¹⁾
Total revenues:				
Transportation	\$ 2,176,797	\$ 2,476,805	\$ 2,445,883	\$ 2,585,930
Sourcing	359,730	462,597	418,377	379,479
Payment Services	15,587	16,312	16,149	5,467
Total revenues	2,552,114	2,955,714	2,880,409	2,970,876
Costs and expenses:				
Purchased transportation and related services	1,809,581	2,107,799	2,063,109	2,176,789
Purchased products sourced for resale	327,787	422,392	384,630	348,936

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, we evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934 (the “Exchange Act”). Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that, as of the end of the period covered by this report, our disclosure controls and procedures were effective.

Management’s Report on Internal Controls Over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Rule 13a-15(f) under the Exchange Act. All internal control systems, no matter how well designed, have inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation.

Under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, we conducted an evaluation of the effectiveness of our internal control over financial reporting based on the framework in *Internal Control—Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on our evaluation under the framework in *Internal Control—Integrated Framework*, our management concluded that our internal control over financial reporting was effective as of December 31, 2012.

As previously announced, we acquired Apreo Logistics S.A and Phoenix International Freight Services, Ltd. (the "acquisitions") during the fourth quarter of 2012. We have not fully evaluated any changes in internal control over financial reporting associated with these acquisitions. Therefore, management's assessment of internal control over financial reporting as of December 31, 2012 excluded a portion of internal control over financial reporting related to the acquisitions. We estimate that the acquisitions added approximately 1% to our gross revenues, less than 1% to net income (excluding the acquisitions' amortization of intangible assets which were integrated into our systems and control environment) and approximately 9% of total assets (excluding the acquisitions' goodwill and intangible assets which were integrated into our systems and control environment) of our consolidated financial statements as of and for the year ended December 31, 2012.

The effectiveness of our internal control over financial reporting as of December 31, 2012, has been audited by Deloitte & Touche LLP, an independent registered public accounting firm, as stated in their report, which is included in Item 8.

Changes in Internal Controls Over Financial Reporting

There have not been any changes to the company's internal control over financial reporting during the fourth quarter, to which this report relates, that have materially affected, or are reasonably likely to materially affect, the company's internal control over financial reporting.

Part III.

ITEM 10. DIRECTORS AND EXECUTIVE OFFICERS OF THE REGISTRANT

Information with respect to our Board of Directors contained under the heading “Proposal One Election of Directors,” and information contained under the heading “Section 16(a) Beneficial Ownership Reporting Compliance” in the Proxy Statement, are incorporated in this Form 10-K by reference. Information with respect to our executive officers is provided in Part I, Item 1.

We have adopted a code of ethics that applies to our principal executive officer, principal financial officer, principal accounting officer, directors, and all other company employees performing similar functions. This code of ethics, which is part of our corporate compliance program, is posted on the Investors page of our website at www.chrobinson.com under the caption “Code of Ethics.”

We intend to satisfy the disclosure requirement under Item 10 of Form 8-K regarding an amendment to, or waiver from, a provision of this code of ethics by posting such information on our website, at the web address specified above.

ITEM 11. EXECUTIVE COMPENSATION

The information contained under the heading “Named Executive Compensation” in the Proxy Statement (except for the information set forth under the subcaption “Compensation Committee Report on Executive Compensation”) is incorporated in this Form 10-K by reference.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

(a) Equity Compensation Plans

The information contained under the heading “Proposal Three: Approve the 2013 Equity Incentive Plan” in the Proxy Statement is incorporated in this Form 10-K by reference.

(b) Security Ownership

The information contained under the heading “Security Ownership of Certain Beneficial Owners and Management” in the Proxy Statement is incorporated in this Form 10-K by reference.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

The information contained under the heading “Related Party Transactions” in the Proxy Statement is incorporated in this Form 10-K by reference.

ITEM 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES

The information contained under the heading “Proposal Four: Ratification of Independent Auditors” in the Proxy Statement is incorporated in this Form 10-K by reference.

PART IV

ITEM 15. EXHIBITS AND FINANCIAL STATEMENT SCHEDULES

(a) The following documents are filed as part of this report:

(1) The Company’s 2012 Consolidated Financial Statements and the Report of Independent Registered Public Accounting Firm are included in Part II, Item 8. Financial Statements and Supplementary Data.

(2) Financial Statement Schedules — The following Financial Statement Schedule should be read in conjunction with the Consolidated Financial Statements and Report on Independent Registered Public Accounting Firm included in Part II, Item 8 of this Annual report on Form 10-K:

Schedule II	Valuation and Qualifying Accounts
-------------	-----------------------------------

Schedules other than the one listed above are omitted due to the absence of conditions under which they are required or because the information called for is included in Consolidated Financial Statements or the Notes to the Consolidated Financial Statements.

(b) Index to Exhibits — See Exhibit Index on page 56 for a description of the documents that are filed as Exhibits to this report on Form 10-K or incorporated by reference herein. Any document incorporated by reference is identified by a parenthetical referencing the SEC filing which included the document. We will furnish a copy of any Exhibit at no cost to a security holder upon request.

SCHEDULE II. VALUATION AND QUALIFYING ACCOUNTS

Allowance for Doubtful Accounts

The transactions in the allowance for doubtful accounts for the years ended December 31 were as follows (in thousands):

	2012	2011	2010
Balance, beginning of year	\$ 31,328	\$ 30,945	\$ 30,651
Provision	10,459	9,052	13,922
Write-offs	(7,227)	(8,669)	(13,628)
Balance, end of year	<u>\$ 34,560</u>	<u>\$ 31,328</u>	<u>\$ 30,945</u>

SIGNATURES

Pursuant to the requirements of the Section 13 or 15(d) of the Securities Exchange Act of 1934, the registrant has duly caused this Report to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Eden Prairie, State of Minnesota, on March 1, 2013.

C.H. ROBINSON WORLDWIDE, INC.

ROBINSON COMPANIES

NONQUALIFIED DEFERRED COMPENSATION PLAN

SECTION 1

INTRODUCTION AND DEFINITIONS

1.1. **Statement of Plan** . Effective January 1, 2001, C.H. ROBINSON WORLDWIDE, INC., a Delaware corporation (the “Principal Sponsor”) and certain affiliated corporations (hereinafter together with the Principal Sponsor sometimes collectively referred to as the “Employers”) hereby create and establish a nonqualified, unfunded, deferred compensation plan for the purpose of allowing a select group of management and highly compensated employees of the Employers to defer the receipt of compensation which would otherwise be paid to those employees.

1.2. **Definitions** . When the following terms are used in this Plan Statement with initial capital letters, they shall have the following meanings:

1.2.1. **Account** — the separate bookkeeping account representing the separate unfunded and unsecured general obligation of the Employers established with respect to each person who is a Participant in this Plan in accordance with Section 2 and to which are credited amounts pursuant to Section 3 and Section 4 and from which are subtracted forfeitures and payments made pursuant to Section 5 and Section 7. To the extent necessary or useful to the administration of the Plan, the Plan Administrator may cause the Account to be divided into any number of subaccounts all of which, taken together, shall be the Account.

1.2.2. **Affiliate** — a business entity which is affiliated in ownership with the Principal Sponsor or an Employer and is recognized as an Affiliate by the Principal Sponsor for the purposes of this Plan.

1.2.3. **Annual Valuation Date** — each December 31.

1.2.4. **Beneficiary** — a person designated by a Participant (or automatically by operation of the Plan Statement) to receive all or a part of the Participant’s Account in the event of the Participant’s death prior to full payment thereof. A person so designated shall not be considered a Beneficiary until the death of the Participant.

1.2.5. **Change-in-Control--** — any of the following events:

(a) A sale of all or substantially all of the assets of the Principal Sponsor.

(b) The acquisition of securities of the Principal Sponsor representing more than fifty percent (50%) of the combined voting power of the Principal Sponsor’s

then outstanding securities by any person or group of persons acting in concert.

- (c) A consolidation or merger of the Principal Sponsor in which the Principal Sponsor is not the continuing or surviving corporation or pursuant to which shares of the Principal Sponsor's outstanding capital stock are converted into cash, securities or other property, other than a consolidation or merger of the Principal Sponsor in which the Principal Sponsor's stockholders immediately prior to the consolidation or merger have the same proportionate ownership of voting capital stock of the surviving corporation immediately after the consolidation or merger.
- (d) If the shares of voting capital stock of the Principal Sponsor are traded on an established securities market: a public announcement that any person has acquired or has the right to acquire beneficial ownership of securities of the Principal Sponsor representing more than fifty percent (50%) of the combined voting power of the Principal Sponsor's then outstanding securities, and for this purpose the terms "person" and "beneficial ownership" shall have the meanings provided in Section 13(d) of the Securities Exchange Act of 1934, as amended, or related rules promulgated by the Securities and Exchange Commission or the commencement of or public announcement of an intention to make a tender offer or exchange offer for securities of the Principal Sponsor representing more than fifty percent (50%) of the combined voting power of the Principal Sponsor's then outstanding securities.
- (e) The Compensation Committee, in its sole and absolute discretion, determines that there has been a sufficient change in the share ownership of the Principal Sponsor to constitute a change of effective ownership or control of the Principal Sponsor.

1.2.6. **Code** — the Internal Revenue Code of 1986, as amended, including any applicable regulations and other official published interpretations or guidance for the specified section of the Code. Any reference in this Plan Statement to a section of the Code including the applicable regulation, interpretation or guidance, shall be considered also to mean and refer to any subsequent amendment or replacement of that section, regulation, interpretation or guidance.

1.2.7. **Compensation Committee** — the Compensation Committee of the Board of Directors of the Principal Sponsor (or any successor committee).

1.2.8. **Effective Date** — January 1, 2001.

1.2.9. **Employers** — the Principal Sponsor and any business entity affiliated with the Principal Sponsor that employs persons who are designated for participation in this Plan.

1.2.10. **ERISA** — the Employee Retirement Income Security Act of 1974, including applicable regulations for the specified section of ERISA. Any reference in this Plan Statement to a section of ERISA, including the applicable regulation, shall be considered to also mean and refer to any subsequent amendment or replacement of that section or regulation.

1.2.11. **Event of Maturity** — any of the occurrences described in Section 6 by reason of which a Participant or Beneficiary may become entitled to a payment from this Plan.

1.2.12. **Index Fund** — any of the hypothetical investment portfolios used for the purpose of measuring income, gains and losses to the Accounts of Participants (as if the Accounts had in fact been so invested) as selected by the Compensation Committee from time to time.

1.2.13. **Normal Retirement Date** — the last day of the calendar month in which a Participant attains age sixty-five (65) years.

1.2.14. **Participant** — an employee of an Employer who is designated as eligible to participate in this Plan and becomes a Participant in this Plan in accordance with the provisions of Section 2. An employee who has become a Participant shall be considered to continue as a Participant in this Plan until the date of the Participant's death or, if earlier, the date when the Participant is no longer employed by an Employer or an Affiliate and upon which the Participant no longer has any Account under this Plan (that is, the Participant has received a payment of all of the Participant's Account).

1.2.15. **Plan** — the nonqualified and unfunded income deferral program established and maintained by the Principal Sponsor for the benefit of Participants eligible to participate therein, as set forth in the Plan Statement. (As used in this document, "Plan" does not refer to the document pursuant to which this Plan is maintained. That document is referred to in this document as the "Plan Statement"). The Plan shall be referred to as the "C.H. ROBINSON WORLDWIDE, INC. NONQUALIFIED DEFERRED COMPENSATION PLAN."

1.2.16. **Plan Administrator** — C.H. ROBINSON WORLDWIDE, INC., a Delaware corporation.

1.2.17. **Plan Statement** — this document entitled "Robinson Companies Nonqualified Deferred Compensation Plan (2000 Statement)" as adopted by the Board of Directors of C.H. ROBINSON WORLDWIDE, INC. effective as of September 1, 2000, as the same may be amended from time to time thereafter.

1.2.18. **Plan Year** — the twelve (12) consecutive month period ending on December 31, the Annual Valuation Date.

1.2.19. **Principal Sponsor** — C.H. ROBINSON WORLDWIDE, INC., a Delaware corporation.

1.2.20. **Separation from Service** — a severance of an employee's employment relationship with the Employers that is a "separation from service" as that term is defined in

section 409A of the Code. A transfer from employment with an Employer to employment with an Affiliate of an Employer shall not constitute a Separation from Service. A decision by the Compensation Committee to not select a Participant for participation for a subsequent Plan Year shall not constitute a Separation from Service.

1.2.21. **Valuation Date** — each date that the U.S. securities markets are open and conducting business.

1.2.22. **Retirement Plan** — the tax-qualified, defined contribution, profit sharing plan of C.H. ROBINSON WORLDWIDE, INC. established for the benefit of employees eligible to participate therein, and known as the “ROBINSON COMPANIES RETIREMENT PLAN.”

SECTION 2

PARTICIPATION

2.1. Participation .

2.1.1. **General Participation** . Each employee of the Principal Sponsor shall be eligible for participation in this Plan for each Plan Year that employee is, on the first day of that Plan Year, an officer of the Principal Sponsor elected to such officer position by the Board of Directors.

2.1.2. **Participation by Selection** . In addition, the Compensation Committee may select other employees of an Employer for participation in this Plan. Each employee of an Employer selected for participation in this Plan for a particular Plan Year by the Compensation Committee shall become a Participant in this Plan as of the first day of that Plan Year.

(a)The Compensation Committee may, in its discretion, allow an employee of an Employer selected for participation in this Plan to initially enroll on other than the first day of the Plan Year if, and only if, the selected employee is selected for participation and enrolls within the first thirty (30) days after first becoming an employee of an Employer.

(b)The Compensation Committee shall not select any employee for participation unless the Compensation Committee determines that such employee will be for that Plan Year a member of a select group of management or highly compensated employees (as that expression is used in ERISA).

(c)The Compensation Committee shall select such employees for participation in this Plan on a Plan Year by Plan Year basis. Selection for one Plan Year does not entitle the employee to be selected the next Plan Year. An employee who has been selected by the Compensation Committee shall, however, be presumed to be selected for subsequent Plan Years unless and until the Compensation Committee evidences a contrary intention.

2.1.3. **Initial Enrollment** . Prior to the date that an employee eligible for participation first becomes a Participant, such employee shall as a condition of participation in this Plan complete such forms and make such elections as the Plan Administrator may require for the effective administration of this Plan. At a minimum, the initial enrollment shall include the following:

(a)Such initial enrollment shall designate the amount of compensation the Participant elects to defer under the terms of the Plan in accordance with Section 3.

(b)Such initial enrollment shall designate the form and the time for the payment of the Participant's Account following an Event of Maturity pursuant to Section 7 (and if such designation is not clearly made to the contrary shall

be deemed to have been a designation of a single lump sum payment to be made as soon as practicable after the Annual Valuation Date for the Plan Year in which the Event of Maturity occurred).

- (c) Such initial enrollment shall specify a scheduled payment or payments to be made from the Plan pursuant to Section 7.4 if any such scheduled payments are to be made.

The initial enrollment shall be made in writing upon forms furnished by the Plan Administrator, shall be made at such time as the Plan Administrator shall determine and shall conform to such other procedural rules as the Plan Administrator shall establish.

2.2. Specific Exclusion . Notwithstanding anything apparently to the contrary in the Plan Statement or in any written communication, summary, resolution or document or oral communication, no individual shall be a Participant in this Plan, develop benefits under this Plan or be entitled to receive benefits under this Plan (either for himself or herself or his or her survivors) unless such individual is a member of a select group of management or highly compensated employees (as that expression is used in ERISA). If a court of competent jurisdiction, any representative of the U.S. Department of Labor or any other governmental, regulatory or similar body makes any direct or indirect, formal or informal, determination that an individual is not a member of a select group of management or highly compensated employees (as that expression is used in ERISA), such individual shall not be (and shall not have ever been) a Participant in this Plan at any time. If any person not so defined has been erroneously treated as a Participant in this Plan, upon discovery of such error such person's erroneous participation shall immediately terminate ab initio and the individual's Account shall be forfeited immediately and such person shall be obligated to reimburse the Plan Administrator for all amounts erroneously paid to him or her.

SECTION 3

CREDITS TO ACCOUNTS

3.1. **Deferral Credits** .

3.1.1. **Amount of Credits** . Prior to the first day of any Plan Year, an employee who has been selected for participation for that Plan Year may elect to defer compensation for that Plan Year. An election made by a Participant for a Plan Year shall remain in effect for subsequent Plan Years unless, prior to a subsequent Plan Year, the election is changed or terminated by the Participant or the Participant is not selected for participation for that subsequent Plan Year. Each such election:

- (a) Shall be irrevocable for the Plan Year with respect to which it is made once it has been accepted by the Plan Administrator.
- (b) Shall designate the amount or portion of the Participant's base compensation or bonus compensation or both which is earned during that Plan Year (without regard to whether it would be paid during that or a subsequent Plan Year) which shall not be paid to the Participant but instead shall be credited under this Plan under Section 3 and paid from this Plan under Section 7. The amount or portion may be designed as a dollar amount or a percentage. The amount or portion of the base compensation that can be designated shall not exceed one hundred percent (100%) of the Participant's base compensation nor more than one hundred percent (100%) of the Participant's bonus compensation. No deferral election shall be accepted unless, based on facts as then known, the anticipated annual deferral is at least Three Thousand Dollars (\$3,000).
- (c) Shall be made in writing upon forms furnished by the Plan Administrator, shall be made at such time as the Plan Administrator shall determine, shall be made before the beginning of the Plan Year with respect to which it is made and shall conform to such other procedural rules as the Plan Administrator shall establish.

3.1.2. **Crediting to Accounts** . The Plan Administrator shall credit to the Account of each Participant the amount, if any, of compensation the Participant elected to defer. Such amount shall be credited in cash and thereafter recorded as if invested in an Index Fund or Index Funds as provided in Section 4. Such amount shall be credited as nearly as practicable as of the time or times when the compensation would have been paid to the Participant but for the election to defer.

3.2. **Discretionary Employer Credits** .

3.2.1. **Amount of Credits** . At any time and from time to time, an Employer may, in its sole and absolute discretion, cause a discretionary Employer credit to be made to the Account of a Participant. No Participant shall be entitled to a discretionary Employer credit because a credit

is made for any other Participant. No discretionary Employer credit shall be considered to have been made under this Plan unless and until the fact, amount and time of such discretionary Employer credit has been unambiguously communicated, in writing, to the Participant and to the Plan Administrator by a person clearly authorized to do so by the Employer.

3.2.2. **Crediting to Accounts** . The Plan Administrator shall credit to the Account of each Participant the amount, if any, of such discretionary Employer credit. Such amount shall be credited in cash and thereafter recorded as if invested in an Index Fund or Index Funds as provided in Section 4. Such amount shall be credited as of the date unambiguously communicated by the Employer to the Plan Administrator.

SECTION 4

ADJUSTMENT OF ACCOUNTS

4.1. **Operation of Index Funds** . From time to time and at any time, the Compensation Committee may designate one or more Index Funds for the purpose of this Plan. The Compensation Committee shall determine the general characteristics and objectives of each Index Fund. The Compensation Committee may, in its discretion, identify common stock of the Principal Sponsor as an Index Fund. The Compensation Committee shall adopt rules specifying the circumstances under which a particular Index Fund may be selected, or shall be automatically selected, limitations or prohibitions on the ability to select into or out of specific Index Funds, the minimum or maximum amount or percentage of an Account which may be selected into a particular Index Fund, the procedures for making or changing selections among Index Funds, the extent (if any) to which Beneficiaries of deceased Participants may make selections and the effect of a Participant's or Beneficiary's failure to make an effective selection with respect to all or any portion of an Account and all similar matters governing the selection of Index Funds. If the Compensation Committee identifies common stock of the Principal Sponsor as an Index Fund, each Participant who selects (or is required by this Plan to utilize) that Index Fund as to all or any portion of his or her Account shall not be permitted to select out of that Index Fund at any time (i.e., that selection is permanent and irreversible). The Compensation Committee shall have the power, from time to time, to eliminate Index Funds, to direct that additional Index Funds be designated and, under rules, to withdraw or limit selection of a particular Index Fund.

4.2. **Establishment of Accounts** . There shall be established for each Participant an unfunded, bookkeeping Account which shall be adjusted each Valuation Date.

4.3. **Adjustments of Accounts** . In accordance with rules and procedures approved by the Plan Administrator, the Plan Administrator shall cause the value of each Account or portion of an Account hypothetically invested in a particular Index Fund (including unpaid Accounts) to be increased (or decreased) from time to time for payments, forfeitures, contributions, investment gains (or losses) and expenses charged to the Account as if the Account had been invested in (and re-invested in) the Index Fund or Index Funds. However, any portion of an Account for which the Index Fund is common stock of the Principal Sponsor shall be recorded in stock units and any dividends deemed to have been payable on stock units shall be deemed immediately reinvested in that same Index Fund.

SECTION 5

VESTING OF ACCOUNT

5.1. **General Rule** . Except as elsewhere specifically provided, the account of each Participant shall be fully (100%) vested and nonforfeitable at all times unless stated otherwise in an Employer award.

5.2. **Conduct Forfeiture** . Notwithstanding any other provision of this Plan Statement, a Participant shall forfeit all entitlement to the Account in excess of the aggregate amount of deferral credits made by the Participant (i.e., shall forfeit all earnings and gains on deferral credits and shall forfeit all discretionary Employer credits and all earnings and gains thereon) upon the determination by the Plan Administrator (or, if the Participant is the Chief Executive Officer of the Principal Sponsor, the Compensation Committee) that the Participant, either before or after Separation from Service:

- (a) has engaged in a criminal or fraudulent activity resulting in harm to an Employer or an Affiliate; or
- (b) has divulged to a competitor any material confidential information or trade secrets of an Employer or an Affiliate; or
- (c) has provided an Employer or Affiliate with materially false reports concerning such Participant's business interests or employment; or
- (d) has made materially false representations which are relied upon by an Employer or an Affiliate in furnishing information to a shareholder, auditors or any regulatory or governmental agency; or
- (e) has maintained an undisclosed, unauthorized and material conflict of interest in the discharge of the duties owed by such Participant to an Employer or an Affiliate; or
- (f) has engaged in conduct causing a serious violation of state or federal law by an Employer or an Affiliate; or
- (g) has engaged in reckless or grossly negligent activity toward an Employer or an Affiliate which is admitted or judicially proven and which results in significant harm to an Employer or an Affiliate; or
- (h) has engaged in the theft of assets or funds of an Employer or an Affiliate; or
- (i) has engaged in fraud or dishonesty toward an Employer or an Affiliate which is admitted or judicially proven; or

- (j)has been convicted of any crime which directly or indirectly arose out of such Participant's employment relationship with an Employer or an Affiliate or materially affected such Participant's ability to discharge the duties of employment with an Employer or an Affiliate; or
- (k)shall fail at or after the time of such Participant's Separation from Service to execute a form of release and waiver prepared by and acceptable to the Principal Sponsor releasing all Employers (and their officers, directors, employees and agents) from all direct or indirect claims for workers' compensation benefits, unemployment compensation benefits, claims arising as a result of employment discrimination, employment related claims arising under tort, breach of contract (express or implied) or any other law or theory and all other similar types of claims (whether known or unknown) as the Principal Sponsor may specify or, after executing such a release or waiver, shall fail to abide by its terms.

SECTION 6

MATURITY

A Participant's Account shall mature and shall become payable in accordance with Section 7 upon the earliest occurrence of any of the following events while in the employment of an Employer or an Affiliate:

- (a) the Participant's death, or
- (b) the Participant's Separation from Service, or
- (c) termination of this Plan.

SECTION 7

PAYMENTS

7.1. **Termination Payments** . Upon the occurrence of an Event of Maturity effective as to a Participant, the Plan Administrator shall cause the Employer to commence payment of such Participant's Account (reduced by the amount of any applicable payroll, withholding and other taxes) in the form and at the time designated by the Participant in his or her initial enrollment under Section 2.1.3, new designation under Section 7.1.4, or under the default designation under Section 7.1.5. A Participant shall not be required to make application to receive payment. Payment shall not be made to any Beneficiary, however, until such Beneficiary shall have filed a written application for benefits in a form acceptable to the Plan Administrator and such application shall have been approved by the Plan Administrator.

7.1.1. **Form of Payment** . Payment shall be made in whichever of the following forms as the Participant shall have designated in writing at the time of his or her initial enrollment (to the extent that such designation is consistent with the rules of the Plan Statement):

- (a)**Term Certain Installments to Participant** . If the Distributee is a Participant and the Account at the Event of Maturity is at least Twenty-five Thousand Dollars (\$25,000) in a series of annual installments payable over five (5) years, ten (10) years or fifteen (15) years.
- (b)**Continued Term Certain Installments to Beneficiary** . If the Distributee is a Beneficiary of a deceased Participant and payment had commenced to the deceased Participant before his or her death over a five (5) year, ten (10) year or fifteen (15) year period as specified in paragraph (a) above, in a series of annual installments payable over the remainder of the period.
- (c)**Lump Sum to Participant or Beneficiary** . If the Distributee is a Participant, in a single lump sum. If the Distributee is a Beneficiary of a deceased Participant and payment had not commenced to the deceased Participant before the Participant's death, in a single lump sum payment.

7.1.2. **Time of Payment** . Payment shall be made or commenced at whichever of the following times as the Participant shall have designated in writing at the time of his or her initial enrollment (to the extent that such designation is consistent with the rules of the Plan Statement):

- (a)**Separation from Service** . If the payment is made or commenced on account of the Participant's Separation from Service payment shall be made or commenced:
 - (i) Within Sixty (60) days immediately following Separation from Service.

- (ii) If the Account at the Event of Maturity is at least Twenty-five Thousand Dollars (\$25,000), as of the Annual Valuation Date coincident with or immediately following the Participant's Separation from Service and shall be made or commenced as soon as practicable after such Annual Valuation Date.
 - (iii) If the Account at the Event of Maturity is at least Twenty-five Thousand Dollars (\$25,000), within Sixty (60) days immediately following the later of Separation from Service or the attainment of the age elected by the Participant as set forth on the Participant's designation form then in effect.
- (b) **Death** . If the payment is made on account of the Participant's death, payment shall be made within sixty (60) days following the Participant's death.
- (c) **Other** . In all other cases, payment to the Participant shall be made within sixty (60) days following the Participant's Separation from Service.
- (d) **Code §162(m) Delay** . Notwithstanding the forgoing, payment will be delayed when the Principal Sponsor reasonably anticipates that the Principal Sponsor's federal income tax deduction with respect to such payment otherwise would be limited or eliminated by application of section 162 (m) of the Code. The payment shall thereafter be made at the earliest date at which the Principal Sponsor reasonably anticipates that the deduction of the payment of the amount will not be limited or eliminated by application of section 162(m) of the Code.
- (e) **§409A Delay** . Notwithstanding the forgoing, no payment shall be made to any Participant on account of a Separation from Service until at least six (6) months following that Participant's Separation from Service. At that time, all amounts, if any, that would have been distributed during that six (6) months shall be distributed to the Participant and thereafter all payments shall be made as if there had been no such delay. During calendar year 2005, this six (6) month delay on distributions shall only apply with respect to Participants who are key employees (as defined in section 416(i) of the Code without regard to paragraph (5) thereof). After 2005, it shall apply with respect to all Participants without regard to whether they are key employees.

7.1.3. **Installment Amounts** . The amount of the annual installments shall be determined by dividing the amount of the Account as of the Annual Valuation Date as of which the installment is being paid by the number of remaining installment payments to be made (including the payment being determined).

7.1.4. **New Designation** . At any time and from time to time before October 4, 2004, each Participant may file with the Plan Administrator a new designation of a form and time of payment (and no such election made after October 3, 2004 shall be given any effect). Each such subsequent designation shall supercede all prior designations and shall be effective as to the Participant's entire Account (including the portions of the Account attributable to periods before

the new designation is filed) as if the new designation had been made in writing at the time of his or her initial enrollment. Notwithstanding the foregoing, however, any new designation shall be disregarded as if it had never been filed (and the prior effective designation shall be given effect) unless the designation:

(a) was filed with the Plan Administrator at least one (1) year before the Event of Maturity, and

(b) was filed at least one (1) year after any other prior designation (including the designation made as part of the initial enrollment).

A new designation shall be made in writing upon forms furnished by the Plan Administrator and shall conform to such other procedural rules as the Plan Administrator shall establish.

7.1.5. **Default** . If for any reason a Participant shall have failed to make a timely written designation of form and time for payment (including reasons entirely beyond the control of the Participant), the payment shall be made in a single lump sum within sixty (60) days immediately following the Participant's Separation from Service.

7.1.6. **No Spousal Rights** . No spouse, former spouse, Beneficiary or other person shall have any right to participate in the Participant's designation of a form or time of payment.

7.2. **Deleted by the First Amendment** .

7.3. **Deleted by the First Amendment** .

7.4. **Scheduled Payments** .

7.4.1. **When Available** . At the time of initial enrollment under Section 2.1.3, each enrolling Participant shall have the opportunity to elect to cause this Plan to make one (1) or more scheduled payments to the Participant from the Account after the date or dates designated by the Participant in the initial enrollment. At the time of initial enrollment the Participant may designate either a fixed dollar amount (not less than Two Thousand Dollars) or a percentage of the Account value (also not less than Two Thousand Dollars) as the amount of the scheduled payment.

7.4.2. **Payment** . Each scheduled payment elected by the participant shall be paid from the Account to the Participant in a lump sum on the fourteenth (14th) day following the date designed by the Participant in his or her initial enrollment (and if paid during the calendar year that includes such fourteenth day, shall be treated as having been paid on that fourteenth day). Notwithstanding the dollar amount of the scheduled payment elected by the Participant in the initial enrollment, if the value of the Account that would remain after such scheduled payment is made would be less than Five Thousand Dollars (\$5,000) the entire Account shall be paid. In no event shall any scheduled payment occur after the death of the Participant or after any other Event of Maturity with respect to the Participant. In no event shall such scheduled payments exceed the value of the Account when made. If the amount of the scheduled payment elected by the Participant exceeds the value of the Account, the entire Account shall be paid in lieu of the amount designated.

7.4.3. **One Time Election** . Consistent with the transitional relief afforded under Q&A #19(c) of Notice 2005-1, each Participant may make and file with the Principal Sponsor an election to cause this Plan to make one or more scheduled payments as heretofore provided in Section 7.4.1. Such election must be received in a form acceptable to the Principal Sponsor on or before December 31, 2005. Such election shall specify that the scheduled payment shall be made in December 2005 or in January 2006 and shall apply only with respect to amounts deferred prior to making the election. When so received that election shall supercede all prior such elections, shall thereafter be irrevocable and shall be subject to all the limitations hereinabove prescribed. If no such new election is made in accordance with the foregoing, the scheduled payment or payments, if any, designated by the Participant in his or her initial enrollment (as described in Section 7.4.1) shall be made.

7.4.4. **Cancellation of Participation** . Consistent with the transitional relief afforded under Q&A #20(a) of Notice 2005-1, each Participant may make and file with the Principal Sponsor an election to cause this Plan to distribute to the Participant his or her entire Account under this Plan (exclusive of any restricted stock awards that have been deferred under this Plan). Such election must be received in a form acceptable to the Principal Sponsor on or before December 31, 2005. Upon receipt of such an election, and not later than December 31, 2005, the Plan shall distribute such amounts to the Participant in a single payment (and such distribution shall be reported as taxable income in 2005).

7.5. **Designation of Beneficiaries** .

7.5.1. **Right to Designate** . Each Participant may designate, in writing upon forms to be furnished by and filed with the Plan Administrator, one or more primary Beneficiaries or alternative Beneficiaries to receive all or a specified part of such Participant's Account in the event of such Participant's death. The Participant may change or revoke any such designation from time to time without notice to or consent from any Beneficiary. No such designation, change or revocation shall be effective unless executed by the Participant and received by the Plan Administrator during the Participant's lifetime.

7.5.2. **Failure of Designation** . If a Participant:

(a) fails to designate a Beneficiary,

(b) designates a Beneficiary and thereafter revokes such designation without naming another Beneficiary, or

(c) designates one or more Beneficiaries and all such Beneficiaries so designated fail to survive the Participant,

such Participant's Account, or the part thereof as to which such Participant's designation fails, as the case may be, shall be payable to the first class of the following classes of automatic Beneficiaries with a member surviving the Participant and (except in the case of surviving issue) in equal shares if there is more than one member in such class surviving the Participant:

Participant's surviving spouse
Participant's surviving issue per stirpes and not per capita
Participant's surviving parents
Participant's surviving brothers and sisters
Representative of Participant's estate.

7.5.3. Disclaimers by Beneficiaries . A Beneficiary entitled to a payment of all or a portion of a deceased Participant's Account may disclaim an interest therein subject to the following requirements. To be eligible to disclaim, a Beneficiary must not have received a payment of all or any portion of the Account at the time such disclaimer is executed and delivered, and, if a natural person, must have attained legal age as of the date of the disclaimer. Any disclaimer must be in writing and must be executed personally by the Beneficiary before a notary public. A disclaimer shall state that the Beneficiary's entire interest in the unpaid Account is disclaimed or shall specify what portion thereof is disclaimed. To be effective, an original executed copy of the disclaimer must be both executed and actually delivered to the Plan Administrator after the date of the Participant's death but not later than one hundred nine (9) months after the date of the Participant's death. A disclaimer shall be irrevocable when delivered to the Plan Administrator. A disclaimer shall be considered to be delivered to the Plan Administrator only when actually received by an officer of the Plan Administrator who is familiar with the affairs of the Plan. The Plan Administrator shall be the sole judge of the content, interpretation and validity of a purported disclaimer. Upon the filing of a valid disclaimer, the Beneficiary shall be considered not to have survived the Participant as to the interest disclaimed. A disclaimer by a Beneficiary shall not be considered to be a transfer of an interest in violation of the provisions of Section 8.3. No other form of attempted disclaimer shall be recognized by the Plan Administrator. The foregoing requirements are solely for the purpose of disclaiming benefits under the Plan and compliance with these requirements does not assure that the disclaimer will be valid for tax purposes or any other purposes. It is the responsibility of the person disclaiming to assure compliance with any and all requirements to assure proper tax treatment of the disclaimer if that is intended.

7.5.4. Definitions . When used herein and, unless the Participant has otherwise specified in the Participant's Beneficiary designation, when used in a Beneficiary designation, "issue" means all persons who are lineal descendants of the person whose issue are referred to, subject to the following:

- (a) a legally adopted child and the adopted child's lineal descendants always shall be lineal descendants of each adoptive parent (and of each adoptive parent's lineal ancestors);
- (b) a legally adopted child and the adopted child's lineal descendants never shall be lineal descendants of any former parent whose parental rights were terminated by the adoption (or of that former parent's lineal ancestors); except that if, after a child's parent has died, the child is legally adopted by a stepparent who is the spouse of the child's surviving parent, the child and the child's lineal descendants shall remain lineal descendants of the deceased parent (and the deceased parent's lineal ancestors);

- (c)if the person (or a lineal descendant of the person) whose issue are referred to is the parent of a child (or is treated as such under applicable law) but never received the child into that parent's home and never openly held out the child as that parent's child (unless doing so was precluded solely by death), then neither the child nor the child's lineal descendants shall be issue of the person.

“Child” means an issue of the first generation; “per stirpes” means in equal shares among living children of the person whose issue are referred to and the issue (taken collectively) of each deceased child of such person, with such issue taking by right of representation of such deceased child; and “survive” and “surviving” mean living after the death of the Participant.

7.5.5. Special Rules . Unless the Participant has otherwise specified in the Participant's Beneficiary designation, the following rules shall apply:

- (a)If there is not sufficient evidence that a Beneficiary was living at the time of the death of the Participant, it shall be deemed that the Beneficiary was not living at the time of the death of the Participant.
- (b)The automatic Beneficiaries specified in Section 7.4.2 and the Beneficiaries designated by the Participant shall become fixed at the time of the Participant's death so that, if a Beneficiary survives the Participant but dies before the receipt of all payments due such Beneficiary hereunder, such remaining payments shall be payable to the representative of such Beneficiary's estate.
- (c)If the Participant designates as a Beneficiary the person who is the Participant's spouse on the date of the designation, either by name or by relationship, or both, the dissolution, annulment or other legal termination of the marriage between the Participant and such person shall automatically revoke such designation. (The foregoing shall not prevent the Participant from designating a former spouse as a Beneficiary on a form executed by the Participant and received by the Plan Administrator after the date of the legal termination of the marriage between the Participant and such former spouse, and during the Participant's lifetime.)
- (d)Any designation of a nonspouse Beneficiary by name that is accompanied by a description of relationship to the Participant shall be given effect without regard to whether the relationship to the Participant exists either then or at the Participant's death.
- (e)Any designation of a Beneficiary only by statement of relationship to the Participant shall be effective only to designate the person or persons standing in such relationship to the Participant at the Participant's death.

A Beneficiary designation is permanently void if it either is executed or is filed by a Participant who, at the time of such execution or filing, is then a minor under the law of the state of the Participant's legal residence. The Plan Administrator shall be the sole judge of the content, interpretation and validity of a purported Beneficiary designation.

7.5.6. No Spousal Rights . Prior to the death of the Participant, no spouse or surviving spouse of a Participant and no person designated to be a Beneficiary shall have any rights or interest in the benefits credited under this Plan including, but not limited to, the right to be the sole Beneficiary or to consent to the designation of Beneficiaries (or the changing of designated Beneficiaries) by the Participant.

7.6. Death Prior to Full Payment . If, at the death of the Participant, any payment to the Participant was due or otherwise pending but not actually paid, the amount of such payment shall be included in the Account which is payable to the Beneficiary (and shall not be paid to the Participant's estate).

7.7. Facility of Payment . In case of the legal disability, including minority, of a Participant or Beneficiary entitled to receive any payment under this Plan, payment shall be made, if the Plan Administrator shall be advised of the existence of such condition:

(a) to the duly appointed guardian, conservator or other legal representative of such Participant or Beneficiary,
or

(b) to a person or institution entrusted with the care or maintenance of the incompetent or disabled Participant or Beneficiary, provided such person or institution has satisfied the Plan Administrator that the payment will be used for the best interest and assist in the care of such Participant or Beneficiary, and provided further, that no prior claim for said payment has been made by a duly appointed guardian, conservator or other legal representative of such Participant or Beneficiary.

Any payment made in accordance with the foregoing provisions of this section shall constitute a complete discharge of any liability or obligation of the Plan Administrator therefore.

7.8. Payments in Kind . All payments from this Plan shall be made only in cash and not in kind; provided, however, that (subject to Section 7.10) to the extent a Participant has selected (or is required by this Plan to utilize) an Index Fund that consists primarily of common stock of the Principal Sponsor as the hypothetical investment for all or a portion of his or her Account, payment (or delivery from the option plan) shall be made in kind in common stock and not in cash. The term "Payment" as used in this Section 7 shall refer to and include "delivery" as applied to the deferred option gains.

7.9. Disqualification . Notwithstanding any other provision of the Plan Statement or any election or designation made under this Plan, any individual who feloniously and intentionally kills a Participant shall be deemed for all purposes of this Plan and all elections and designations made under this Plan to have died before such Participant. A final judgment of conviction of felonious

and intentional killing is conclusive for this purpose. In the absence of a conviction of felonious and intentional killing, the Plan Administrator shall determine whether the killing was felonious and intentional for this purpose.

7.10. **Tax Withholding** . The Employer shall withhold the amount of any federal, state or local income tax or other tax required to be withheld by the Employer under applicable law with respect to any amount payable under this Plan. The Participant shall not be liable for any tax withholding. Prior to any delivery or payment and pursuant to any rules the Compensation Committee may adopt, a Participant may authorize the Employer to withhold a portion of the shares of common stock to be delivered or paid for the payment of all federal, state or local or other tax required to be withheld by the Employer.

SECTION 8

FUNDING OF PLAN

8.1. **Unfunded Obligation** . The obligation of the Employers to make payments under this Plan constitutes only the unsecured (but legally enforceable) promise of the Employers to make such payments. The Participant shall have no lien, prior claim or other security interest in any property of the Employers. The Employers are not required to establish or maintain any fund, trust or account (other than a bookkeeping account or reserve) for the purpose of funding or paying the benefits promised under this Plan. If such a fund is established, the property therein shall remain the sole and exclusive property of the Employers. The Employers will pay the cost of this Plan out of its general assets. All references to accounts, accruals, gains, losses, income, expenses, payments, custodial funds and the like are included merely for the purpose of measuring the Employers' obligation to Participants in this Plan and shall not be construed to impose on the Employers the obligation to create any separate fund for purposes of this Plan.

8.2. **Life Insurance** . If the Employers elect to finance all or a portion of the costs in connection with this Plan through the purchase of life insurance or other similar investments, the Participant agrees, as a condition of participation in this Plan, to cooperate with the Employers in the purchase of such investment to any extent reasonably required by the Employers and relinquishes any claim he or she may have either for himself or herself or any beneficiary to the proceeds of any such investment or any other rights or interests in such investment. If a Participant fails or refuses to cooperate, then notwithstanding any other provision of the Plan Statement (including, without limiting the generality of the foregoing, Section 4) the Employers shall pay the individual's Account immediately and the Participant shall not be eligible to enroll in this Plan again.

8.3. **Spendthrift Provision** . No Participant or Beneficiary shall have any interest in any Account which can be transferred nor shall any Participant or Beneficiary have any power to anticipate, alienate, dispose of, pledge or encumber the same while in the possession or control of the Employers, nor shall the Employers recognize any assignment thereof, either in whole or in part, nor shall any Account be subject to attachment, garnishment, execution following judgment or other legal process while in the possession or control of the Employers.

The power to designate Beneficiaries to receive the Account of a Participant in the event of such Participant's death shall not permit or be construed to permit such power or right to be exercised by the Participant so as thereby to anticipate, pledge, mortgage or encumber such Participant's Account or any part thereof, and any attempt of a Participant so to exercise said power in violation of this provision shall be of no force and effect and shall be disregarded by the Employers.

This section shall not prevent the Plan Administrator from exercising, in its discretion, any of the applicable powers and options granted to it upon the occurrence of an Event of Maturity, as such powers may be conferred upon it by any applicable provision hereof.

SECTION 9

AMENDMENT AND TERMINATION

9.1. **Before a Change-in-Control--** . Prior to the occurrence of a Change-in-Control, the Compensation Committee may unilaterally amend the Plan Statement prospectively, retroactively or both, at any time and for any reason deemed sufficient by it without notice to any person affected by this Plan and may likewise terminate this Plan both with regard to persons expecting to receive benefits in the future subject to the following.

9.1.1. **Terminated Participants** . The benefit, if any, payable to or with respect to a Participant who has had a Separation from Service as of the effective date of such amendment or the effective date of such termination shall not be, without the knowing and voluntary written consent of the Participant, diminished or delayed by such amendment or termination (but the Compensation Committee may amend the Plan Statement to otherwise modify the payment of any such benefit including, but not limited to, accelerating the payment of all remaining payments into a single lump sum payment).

9.1.2. **Other Participants** . The benefit, if any, payable to or with respect to each other Participant determined as if such Participant had a Separation from Service on the effective date of such amendment or the effective date of such termination shall not be, without the knowing and voluntary written consent of the Participant, diminished or delayed by such amendment or termination (but the Compensation Committee may amend the Plan Statement to otherwise modify the payment of any such benefit including, but not limited to, accelerating the payment of all remaining payments into a single lump sum payment).

9.2. **After a Change-in-Control--** . After the occurrence of a Change-in-Control, the Compensation Committee may amend the Plan Statement or terminate this Plan as provided in Section 9.1 but subject to the following limitations.

9.2.1. **Existing Participants** . After the occurrence of a Change-in-Control, the Compensation Committee may only amend the Plan Statement or terminate this Plan as applied to Participants who are Participants immediately preceding the date of the Change-in-Control if:

- (a) all benefits payable to or with respect to persons who were Participants as of the Change-in-Control (including benefits earned before and benefits earned after the Change-in-Control) have been paid in full prior to the adoption of the amendment or the termination, or
- (b) eighty percent (80%) of all the Participants determined as of the date of the Change-in-Control give knowing and voluntary written consent to such amendment or termination.

9.2.2. **New Participants** . After the occurrence of a Change-in-Control, as applied to Participants who are not Participants immediately preceding the date of the Change-in-Control, the Compensation Committee may unilaterally amend the Plan Statement prospectively,

retroactively or both, at any time and for any reason deemed sufficient by it without notice to any person affected by this Plan and may likewise terminate this Plan.

9.3. **No Oral Amendments** . No modification of the terms of the Plan Statement or termination of this Plan shall be effective unless it is in writing and signed on behalf of the Compensation Committee by a person authorized to execute such writing. No oral representation concerning the interpretation or effect of the Plan Statement shall be effective to amend the Plan Statement nor binding on any person charged with the interpretation or application of the Plan Statement.

9.4. **Plan Binding on Successors** . The Principal Sponsor shall require any successor (whether direct or indirect, by purchase, merger, consolidation or otherwise to all or substantially all of the business and/or assets of the Employers), by agreement, to expressly assume and agree to perform this Plan in the same manner and to the same extent that the Employers would be required to perform it if no such succession had taken place.

SECTION 10

DETERMINATIONS — RULES AND REGULATIONS —

10.1. **Determinations** . The Compensation Committee and the Plan Administrator shall make such determinations as may be required from time to time in the administration of this Plan. The Compensation Committee and the Plan Administrator shall have the discretionary authority and responsibility to interpret and construe the Plan Statement and to determine all factual and legal questions under this Plan, including but not limited to the entitlement of Participants and Beneficiaries, and the amounts of their respective interests. Each interested party may act and rely upon all information reported to them hereunder and need not inquire into the accuracy thereof, nor be charged with any notice to the contrary.

10.2. **Rules and Regulations** . Any rule not in conflict or at variance with the provisions of this Plan Statement may be adopted by the Plan Administrator. Without limiting the generality of the foregoing, the Plan Administrator may from time to time, in its discretion, authorize the use of electronic or other similar means of communicating elections, designations, other choices and notifications to and from the Plan Administrator.

10.3. **Certifications** . Information to be supplied or written notices to be made or consents to be given by the Plan Administrator, Principal Sponsor, an Employer or Compensation Committee pursuant to any provision of this Plan may be signed in the name of the Plan Administrator, Principal Sponsor, an Employer or Compensation Committee by any individual who has been authorized to make such certification or to give such notices or consents.

10.4. **Claims Procedure** . The claims procedure set forth in this Section 10.4 shall be the exclusive procedure for the disposition of claims for benefits arising under this Plan.

10.4.1. **Original Claim** . Any employee, former employee or beneficiary of such employee or former employee may, if he or she so desires, file with the Plan Administrator a written claim for benefits under this Plan. Within ninety (90) days after the filing of such a claim, the Plan Administrator shall notify the claimant in writing whether the claim is upheld or denied in whole or in part or shall furnish the claimant a written notice describing specific special circumstances requiring a specified amount of additional time (but not more than one hundred eighty days from the date the claim was filed) to reach a decision on the claim. If the claim is denied in whole or in part, the Plan Administrator shall state in writing:

- (a) the specific reasons for the denial;
- (b) the specific references to the pertinent provisions of the Plan Statement on which the denial is based;
- (c) a description of any additional material or information necessary for the claimant to perfect the claim and an explanation of why such material or information is necessary; and

(d)an explanation of the claims review procedure set forth in this section.

10.4.2. **Review of Denied Claim** . Within sixty (60) days after receipt of notice that the claim has been denied in whole or in part, the claimant may file with the Plan Administrator a written request for a review and may, in conjunction therewith, submit written issues and comments. Within sixty (60) days after the filing of such a request for review, the Plan Administrator shall notify the claimant in writing whether, upon review, the claim was upheld or denied in whole or in part or shall furnish the claimant a written notice describing specific special circumstances requiring a specified amount of additional time (but not more than one hundred twenty days from the date the request for review was filed) to reach a decision on the request for review.

10.4.3. **General Rules** .

- (a)No inquiry or question shall be deemed to be a claim or a request for a review of a denied claim unless made in accordance with the claims procedure. The Plan Administrator may require that any claim for benefits and any request for a review of a denied claim be filed on forms to be furnished by the Plan Administrator upon request.
- (b)All decisions on claims and on requests for a review of denied claims shall be made by the Plan Administrator.
- (c)the Plan Administrator may, in its discretion, hold one or more hearings on a claim or a request for a review of a denied claim.
- (d)A claimant may be represented by a lawyer or other representative (at the claimant's own expense), but the Plan Administrator reserves the right to require the claimant to furnish written authorization. A claimant's representative shall be entitled, upon request, to copies of all notices given to the claimant.
- (e)The decision of the Plan Administrator on a claim and on a request for a review of a denied claim shall be served on the claimant in writing. If a decision or notice is not received by a claimant within the time specified, the claim or request for a review of a denied claim shall be deemed to have been denied.
- (f)Prior to filing a claim or a request for a review of a denied claim, the claimant or his or her representative shall have a reasonable opportunity to review a copy of the Plan Statement and all other pertinent documents in the possession of the Plan Administrator.
- (g)The Plan Administrator may permanently or temporarily delegate its responsibilities under this claims procedure to an individual or a committee of individuals.

10.4.4. **Deadline to File Claim** . To be considered timely under the Plan's claim and review procedure, a claim must be filed with the Plan Administrator within one (1) year after the claimant knew or reasonably should have known of the principal facts upon which the claim is based. If or to the extent that the claim relates to a failure to effect a Participant's or Beneficiary's investment directions or a Participant's election regarding contributions, the one (1) year period shall be thirty (30) days.

10.4.5. **Limitations and Exhaustion** .

(a) No claim shall be considered under these administrative procedures unless it is filed with the Plan Administrator within two (2) years after the Participant knew (or reasonably should have known) of the general nature of the dispute giving rise to the claim. Every untimely claim shall be denied by the Plan Administrator without regard to the merits of the claim. No suit may be brought by or on behalf of any Participant or Beneficiary on any matter pertaining to this Plan unless the action is commenced in the proper forum before the earlier of:

(i) three (3) years after the Participant knew (or reasonably should have known) of the general nature of the dispute giving rise to the action, or

(ii) sixty (60) days after the Participant has exhausted these administrative procedures.

(b) These administrative procedures are the exclusive means for resolving any dispute arising under this Plan insofar as the dispute pertains to any matter that arose more than one hundred twenty (120) days before a Change-in-Control. As to such matters:

(i) no Participant or Beneficiary shall be permitted to litigate any such matter unless a timely claim has been filed under these administrative procedures and these administrative procedures have been exhausted; and

(i) determinations by the Compensation Committee and the Plan Administrator (including determinations as to whether the claim was timely filed) shall be afforded the maximum deference permitted by law.

(c) These administrative procedures are not exclusive insofar as they pertain to any matter that arose after the Change-in-Control or within the one hundred twenty (120) days before the Change-in-Control. As to such matters:

(i) a Participant shall not be required to exhaust these administrative remedies;

(ii)if there is litigation regarding the benefits payable to or with respect to a Participant, notwithstanding Section 10.1, determinations by the Compensation Committee and the Plan Administrator (including determinations regarding as to when any matter arose) shall not be afforded any deference and the matter shall be heard de novo; and

(iii)if a Participant successfully litigates, in whole or in part, any claim for benefits under this Plan, the Participant shall, in addition to any benefits awarded, be entitled to an award of reasonable attorney's fees and costs of the action.

10.5. Information Furnished by Participants . The Plan Administrator shall not be liable or responsible for any error in the computation of the Account of a Participant resulting from any misstatement of fact made by the Participant, directly or indirectly, to the Plan Administrator, and used by it in determining the Participant's Account. The Plan Administrator shall not be obligated or required to increase the Account of such Participant which, on discovery of the misstatement, is found to be understated as a result of such misstatement of the Participant. However, the Account of any Participant which is overstated by reason of any such misstatement shall be reduced to the amount appropriate in view of the truth.

SECTION 11

PLAN ADMINISTRATION

11.1. **Plan Administrator** .

11.1.1. **Officers** . Except as hereinafter provided, functions generally assigned to the Plan Administrator shall be discharged by its officers or delegated and allocated as provided herein.

11.1.2. **Chief Executive Officer** . Except as hereinafter provided, the Chief Executive Officer of the Plan Administrator may delegate or redelegate and allocate and reallocate to one or more persons or to a committee of persons jointly or severally, and whether or not such persons are directors, officers or employees, such functions assigned to the Plan Administrator generally hereunder as the Chief Executive Officer may from time to time deem advisable.

11.1.3. **Compensation Committee** . Notwithstanding the foregoing, the Compensation Committee shall have the exclusive authority, which may not be delegated, to amend the Plan Statement, to terminate this Plan, and to determine eligibility to participate in this Plan under Section 2.

11.2. **Conflict of Interest** . If any individual to whom authority has been delegated or redelegated hereunder shall also be a Participant in this Plan, such Participant shall have no authority with respect to any matter specially affecting such Participant's individual rights hereunder or the rights of a person superior to him or her in the organization (as distinguished from the rights of all Participants and Beneficiaries or a broad class of Participants and Beneficiaries), all such authority being reserved exclusively to other individuals as the case may be, to the exclusion of such Participant, and such Participant shall act only in such Participant's individual capacity in connection with any such matter.

11.3. **Administrator** . The Plan Administrator shall be the administrator for purposes of section 3(16)(A) of the Employee Retirement Income Security Act of 1974.

11.4. **Service of Process** . In the absence of any designation to the contrary by the Plan Administrator, the Secretary of the Plan Administrator is designated as the appropriate and exclusive agent for the receipt of service of process directed to this Plan in any legal proceeding, including arbitration, involving this Plan.

11.5. **Expenses** . All expenses of administering this Plan shall be borne by the Employer.

SECTION 12

DISCLAIMERS

12.1. **Term of Employment** . Neither the terms of the Plan Statement nor the benefits hereunder nor the continuance thereof shall be a term of the employment of any employee. The terms of the Plan Statement shall not give any employee the right to be retained in the employment of an Employer or in any way limit or restrict the Employer's right or power to discharge any employee or other person at any time and to treat the employee without regard to the effect which such treatment might have upon the employee as a Participant in this Plan.

12.2. **Source of Payment** . Neither the Plan Administrator nor any of its officers nor any member of its Compensation Committee in any way secures or guarantees the payment of any benefit or amount which may become due and payable hereunder to any Participant or to any Beneficiary or to any creditor of a Participant or a Beneficiary. Each Participant, Beneficiary or other person entitled at any time to payments hereunder shall look solely to the assets of the Employers for such payments or to the Accounts paid to any Participant or Beneficiary, as the case may be, for such payments. In each case where Accounts shall have been paid to a former Participant or a Beneficiary or to the person or any one of a group of persons entitled jointly to the receipt thereof and which purports to cover in full the benefit hereunder, such former Participant or Beneficiary, or such person or persons, as the case may be, shall have no further right or interest in the other assets of the Plan Administrator. Neither the Plan Administrator nor any of its officers nor any member of its Compensation Committee shall be under any liability or responsibility for failure to effect any of the objectives or purposes of this Plan by reason of the insolvency of the Plan Administrator.

12.3. **Delegation** . The Plan Administrator and its officers and the members of its Compensation Committee shall not be liable for an act or omission of another person with regard to a responsibility that has been allocated to or delegated to such other person pursuant to the terms of the Plan Statement or pursuant to procedures set forth in the Plan Statement.

SECTION 13

CONSTRUCTION

13.1. **ERISA Status** . This Plan is adopted with the understanding that it is an unfunded plan maintained primarily for the purpose of providing deferred compensation for a select group of management or highly compensated employees as provided in section 201(2), section 301(3) and section 401(a)(1) of ERISA. Each provision shall be interpreted and administered accordingly.

13.2. **IRC Status** . This Plan is intended to be a nonqualified deferred compensation arrangement. The rules of section 401(a) et. seq. of the Code shall not apply to this Plan. The rules of section 3121(v)(2) and section 3306(r)(2) of the Code shall apply to this Plan. This Plan is intended to comply with the requirements of section 409A of the Code and this Plan Statement shall be construed and administered accordingly. The Principal Sponsor has affirmatively determined that all amounts deferred under the Plan, including amounts earned and vested before January 1, 2005, are subject to section 409A of the Code (i.e., no portion of the benefits will be “grandfathered” under the law as it existed before section 409A of the Code). Neither the Principal Sponsor nor any of its officers, directors, agents or affiliates shall be obligated, directly or indirectly, to any Participant for any taxes, penalties, interest or like amounts that may be imposed on the Participant on account of any failure to comply with any of such Code sections.

13.3. **Rules of Document Construction** .

- (a)**Age** . An individual shall be considered to have attained a given age on such individual’s birthday for that age (and not on the day before). Individuals born on February 29 in a leap year shall be considered to have their birthdays on February 28 in each year that is not a leap year.
- (b)**Compounds** . Whenever appropriate, words used herein in the singular may be read in the plural, or words used herein in the plural may be read in the singular; the masculine may include the feminine; and the words “hereof,” “herein” or “hereunder” or other similar compounds of the word “here” shall mean and refer to the entire Plan Statement and not to any particular paragraph or Section of the Plan Statement unless the context clearly indicates to the contrary.
- (c)**Titles** . The titles given to the various Sections of the Plan Statement are inserted for convenience of reference only and are not part of the Plan Statement, and they shall not be considered in determining the purpose, meaning or intent of any provision hereof.
- (d)**Nonduplication** . Notwithstanding any thing apparently to the contrary contained in the Plan Statement, the Plan Statement shall be construed and administered to prevent the duplication of benefits provided under this Plan and any other qualified or nonqualified plan maintained in whole or in part by the Employers.

13.4. **References to Laws** . Any reference in the Plan Statement to a statute or regulation shall be considered also to mean and refer to any subsequent amendment or replacement of that statute or regulation.

13.5. **Choice of Law** . This instrument has been executed and delivered in the State of Minnesota and has been drawn in conformity to the laws of that State and shall, except to the extent that federal law is controlling, be construed and enforced in accordance with the laws of the State of Minnesota.

13.6. **Effect on Other Plans** . This Plan shall not alter, enlarge or diminish any person's employment rights or obligations or rights or obligations under the Retirement Plan or any other plan. It is specifically contemplated that the Retirement Plan will, from time to time, be amended and possibly terminated. All such amendments and termination shall be given effect under this Plan (it being expressly intended that this Plan shall not lock in the benefit structures of the Retirement Plan or any other plan as they exist at the adoption of this Plan or upon the commencement of participation, or commencement of benefits by any Participant).

C.H. Robinson (Time-Based) Restricted Stock Unit Program

C.H. Robinson Worldwide, Inc. (the “Company”) is permitted under the terms of its 1997 Omnibus Stock Plan to issue its shares and other derivative securities to employees at various times and in various forms. The units are subject to the terms and conditions contained in the 1997 Omnibus Stock Plan (unless expressly modified below), and will be vested, earned and delivered in the form of C.H. Robinson Worldwide, Inc. Common Stock (“Common Stock”) as outlined below.

Program Outline

1. Participants are awarded restricted stock units, which will be recorded on the books and records of the Company until delivered in accordance with this agreement.
2. Restricted stock units will vest in equal annual installments over a five (5) year period contingent on continued employment. Beginning on December 31, 2013, and on each December 31 thereafter through December 31, 2017, an equal portion (20%) of the restricted stock units will vest and become a right to receive Common Stock.
3. Participant’s restricted stock units vest only while the participant is employed by the Company. A participant must be an employee of the Company on December 31 of a particular year in order to vest in any restricted stock units for that year. If a participant’s employment is terminated, whether voluntarily or involuntarily, prior to vesting of any restricted stock units, any units remaining unvested as of the date of termination will be forfeited, and the participant will retain no rights with respect to the forfeited units.
4. Notwithstanding the foregoing, participants who embezzle or misappropriate Company funds or property, or who the Company has determined have failed to comply with the terms and conditions of any of the following agreements which they may have executed in favor of the Company: i) Confidentiality and Noncompetition Agreement, ii) Management-Employee Agreement, iii) Sales-Employee Agreement, iv) Data Security Agreement, or v) any other agreement containing post-employment restrictions, will automatically forfeit all restricted stock awarded, whether vested or unvested, and will retain no rights with respect to such units.
5. Although certain units may become vested, the Common Stock shall be delivered to an account in the participant’s name in a single distribution of shares upon the earlier of February 15, 2020 or two years after the participant terminates employment with the Company.
6. Restricted stock units may not be sold, exchanged, assigned, transferred, discounted, pledged or otherwise disposed of at any time prior to delivery of the Common Stock.
7. Participants will be entitled to receive dividends on units awarded, whether vested or unvested, when and if dividends are declared by the Company’s Board of Directors on the Company’s Common Stock, in an amount of cash per share equal to and on the next regularly occurring payroll date. Dividends paid before delivery of the Common Stock will be treated as compensation income for tax purposes and will be subject to income and payroll tax withholding by the Company.
8. In order to comply with all applicable federal or state income tax laws or regulations, at the time that Common Stock is delivered to the participant, the Company will withhold the minimum required statutory taxes based on the Fair Market Value of the Common Stock at the time of delivery. In order to satisfy any such tax withholding obligation, the Company will withhold a portion of the Common Stock otherwise to be delivered with a Fair Market Value equal to the amount of such taxes. “Fair Market Value” for a share shall mean the last sale price of a share of the Company’s Common Stock on the Nasdaq National Market (or other national securities exchange on which the Company’s Common Stock is then listed) on the trading date immediately preceding the date the units are delivered to the participant. If the Company’s Common Stock is not then traded in an established securities market, the Compensation Committee of the Board of Directors shall determine Fair Market Value in accordance with the 1997 Omnibus Stock Plan.
9. This restricted stock award shall confer no rights of continued employment to the participant, nor will it interfere in any way with the right of the Company to terminate such employment at any time. The Company retains all rights to enforce any other agreement or contract that the Company has with the participant.
10. If there shall be any change in the Company’s Common Stock through merger, consolidation, reorganization, recapitalization, dividend in the form of stock (of whatever amount), stock split or other change in the corporate structure of the Company, appropriate adjustments shall be made in the number of restricted stock units that are vested or unvested under this agreement in order to prevent dilution or enlargement of rights.

11. In the event of a Change in Control, the Compensation Committee may, in its discretion, accelerate the vesting of the restricted stock units. A "Change in Control" shall be deemed to occur on the date (i) a public announcement [which, for purposes of this definition, shall include, without limitation, a report filed pursuant to Section 13(d) of the Securities Exchange Act of 1934, as amended] is made by the Company or any Person (as defined below) that such Person beneficially owns more than 50% of the Common Stock outstanding, (ii) the Company consummates a merger, consolidation or statutory share exchange with any other Person in which the surviving entity would not have as its directors at least 60% of the Continuing Directors (as defined below) and would not have at least 60% of its Common Stock owned by the common shareholders of the Company prior to such merger, consolidation or statutory share exchange, (iii) a majority of the Board of Directors is not comprised of Continuing Directors or (iv) a sale or disposition of all or substantially all of the assets of the Company or the dissolution of the Company. A "Continuing Director" is a director recommended by the Board of Directors of the Company for election as a director of the Company by stockholders. "Person" means any individual, firm, corporation or other entity, and shall include any successor (by merger or otherwise) of such entity.
12. In the event participant dies or is determined to be "disabled" as that term is defined in the Company's current Long Term Disability Summary Plan Description while employed by the Company, vesting of outstanding restricted units shall be accelerated and outstanding restricted units shall be deemed fully vested and deliverable as soon as administratively practical.
13. This restricted stock unit award is made pursuant to the Company's 1997 Omnibus Stock Plan and is subject to the terms of such plan. Participant may request a copy of the plan from the Company. By participating in the CHRW Restricted Stock Unit Program, participant shall be deemed to have accepted all the conditions of the 1997 Omnibus Stock Plan and this agreement, and the terms and conditions of any rules adopted by the Committee (as defined in the 1997 Omnibus Stock Plan) and shall be fully bound thereby. This agreement shall be construed under the laws of the state of Minnesota.

**Certification of Chief Executive Officer
Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002**

I, John P. Wiehoff, certify that:

1. I have reviewed this annual report on Form 10-K of C.H. Robinson Worldwide, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**CERTIFICATION PURSUANT TO
18 U.S.C. §1350,
AS ADOPTED PURSUANT TO
SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002**

In connection with the Annual Report of C.H. Robinson Worldwide, Inc. (the “Company”) on Form 10-K for the period ended December 31, 2012 as filed with the Securities and Exchange Commission on the date hereof (the “Report”), I, John P. Wiehoff, Chief Executive Officer of the Company, certify, pursuant to 18 U.S.C. §1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, that:

1. The Report fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934; and
2. The information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company.
