PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS OF MOODY'S CORPORATION

General

This Proxy Statement and the accompanying proxy card are being furnished to the holders of the common stock, par value \$.01 per share (the "Common Stock"), of Moody's Corporation ("Moody's" or the "Company") in connection with the solicitation of proxies by the Board of Directors of the Company (the "Board of Directors") for use in voting at the Annual Meeting of Stockholders or any adjournment or postponement thereof (the "Annual Meeting"). The Annual Meeting will be held on Tuesday, April 26, 2005, at 9:30 a.m. at the Company's principal executive offices located at 99 Church Street, New York, New York 10007. This Proxy Statement and the accompanying proxy card are first being mailed to stockholders on or about March 23, 2005. Moody's telephone number is (212) 553-0300.

Annual Meeting Admission

Stockholders will need an admission ticket to enter the Annual Meeting. For stockholders of record, an admission ticket is attached to the proxy card sent to you. If you plan to attend the Annual Meeting in person, please retain the admission ticket.

If your shares are held in the name of a bank, broker or other holder of record and you plan to attend the Annual Meeting in person, you may obtain an admission ticket in advance by sending a written request, along with proof of share ownership such as a bank or brokerage account statement, to the Corporate Secretary of the Company at 99 Church Street, New York, New York 10007. Stockholders who do not have admission tickets will be admitted following verification of ownership at the door.

Record Date

The Board of Directors has fixed the close of business on March 1, 2005 as the record date (the "Record Date") for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting. As of the close of business on the Record Date, there were _____ shares of Common Stock outstanding. Each holder of Common Stock entitled to vote at the Annual Meeting will be entitled to one vote per share.

How to Vote

In addition to voting in person at the Annual Meeting, stockholders of record can vote by proxy by calling a toll-free telephone number, by using the Internet or by mailing their signed proxy cards. The telephone and Internet voting procedures are designed to authenticate stockholders' identities, to allow stockholders to give their voting instructions and to confirm that stockholders' instructions have been recorded properly. Specific instructions for stockholders of record who wish to use the telephone or Internet voting procedures are set forth on the enclosed proxy card.

If your shares are held in the name of a bank, broker or other holder of record, you will receive instructions from the holder of record that you must follow in order for your shares to be voted. Certain of these institutions offer telephone and Internet voting.

Special Voting Procedures for Certain Current and Former Employees

Many current and former employees of the Company have share balances in the Moody's Common Stock Fund of the Moody's Corporation Profit Participation Plan (the "Profit Participation Plan"). The voting procedures described above do not apply to these share balances. Instead, any proxy given by such an employee or former employee will serve as a voting instruction for the trustee of the Profit Participation Plan, as well as a proxy for any shares registered in that person's own name (including shares acquired under the

Table of Contents

Moody's Corporation Employee Stock Purchase Plan and/or pursuant to restricted stock awards). To allow sufficient time for voting by the trustee, Profit Participation Plan voting instructions must be received by April 22, 2005. If voting instructions have not been received by that date, the trustee will vote those Profit Participation Plan shares in the same proportion as the Profit Participation Plan shares for which it has received instructions, except as otherwise required by law.

Quorum and Voting Requirements

The holders of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting, whether present in person or represented by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. If a quorum is not present at the Annual Meeting, the stockholders present may adjourn the Annual Meeting from time to time, without notice, other than by announcement at the meeting, until a quorum is present or represented. At any such adjourned meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the original meeting. Abstentions and broker non-votes will be counted for purposes of determining whether a quorum is present at the Annual Meeting. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular matter and has not received instructions from the beneficial owner.

A plurality of the voting power present in person or represented by proxy and entitled to vote at the Annual Meeting is required for the election of directors. Only shares that are voted in favor of a particular nominee will be counted towards such nominee's achievement of a plurality. Thus, shares present at the Annual Meeting that are not voted for a particular nominee, shares present in person or represented by proxy where the stockholder properly withholds authority to vote for such nominee, and broker non-votes, if any, will not be counted towards such nominee's achievement of a plurality.

The affirmative vote of the holders of a majority of the voting power of the stock entitled to vote at the Annual Meeting, assuming a quorum is present, is necessary for approval of the proposed amendment to the Company's Restated Certificate of Incorporation. Brokers that do not receive voting instructions from the beneficial owners of the shares held in their name may vote in favor of the proposed amendment to increase the number of authorized shares. Abstentions count as votes against the proposed amendment.

The affirmative vote of the majority of the votes present in person or represented by proxy and entitled to vote at the Annual Meeting is required to ratify the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm of the Company for the year ending December 31, 2005. If a stockholder abstains from voting or directs the stockholder's proxy to abstain from voting on the matter, the shares are considered present at the meeting for such matter, but since they are not affirmative votes for the matter, they will have the same effect as votes against the matter. On the other hand, shares resulting in broker non-votes, if any, while present at the meeting are not entitled to vote for such matter and will have no effect on the outcome of the vote.

Proxies

The enclosed proxy provides that you may specify that your shares of Common Stock be voted "For" the director nominees or to "Withhold Authority" for the nominees and "For," "Against" or "Abstain" from voting with respect to the other proposals. The Board of Directors recommends that you vote "For" each of the three director nominees named in this Proxy Statement, "For" the approval of the proposed amendment to the Company's Restated Certificate of Incorporation, and "For" the ratification of the selection of the independent registered public accounting firm. All shares of Common Stock represented by properly executed proxies received prior to or at the Annual Meeting and not revoked will be voted in accordance with the instructions indicated in such proxies. Properly executed proxies that do not contain voting instructions will be voted in accordance with the recommendations of the Board of Directors.

It is not expected that any matter other than those referred to herein will be brought before the Annual Meeting. If, however, other matters are properly presented, the persons named as proxies will vote in accordance with their best judgment with respect to such matters.

Table of Contents

Any stockholder of record who votes by telephone or the Internet or who executes and returns a proxy may revoke such proxy or change such vote at any time before it is voted at the Annual Meeting by (i) filing with the Corporate Secretary of the Company at 99 Church Street, New York, New York 10007, written notice of such revocation, (ii) casting a new vote by telephone or the Internet or by submitting another proxy that is properly signed and bears a later date or (iii) attending the Annual Meeting and voting in person. A stockholder whose shares are owned beneficially through a bank, broker or other nominee should contact that entity to change or revoke a previously given proxy.

Proxies are being solicited hereby on behalf of the Board of Directors. The cost of the proxy solicitation will be borne by the Company, although stockholders who vote by telephone or the Internet may incur telephone or Internet access charges. In addition to solicitation by mail, directors, officers and employees of the Company may solicit proxies personally or by telephone, telecopy or otherwise. Such directors, officers and employees will not be specifically compensated for such services. The Company has retained Georgeson Shareholder Communications Inc. to assist with the solicitation of proxies for a fee not to exceed \$10,000, plus reimbursement for out-of-pocket expenses. Arrangements may also be made with custodians, nominees and fiduciaries to forward proxy solicitation materials to the beneficial owners of shares of Common Stock held of record by such custodians, nominees and fiduciaries, and the Company may reimburse such custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses incurred in connection therewith.

Delivery of Documents to Stockholders Sharing an Address

If you are the beneficial owner, but not the record holder, of the Company's shares, your broker, bank or other nominee may seek to reduce duplicate mailings by delivering only one copy of the Company's Proxy Statement and Annual Report to multiple stockholders who share an address unless that nominee has received contrary instructions from one or more of the stockholders. The Company will deliver promptly, upon written or oral request, a separate copy of the Proxy Statement and Annual Report to a stockholder at a shared address to which a single copy of the documents was delivered. A stockholder who wishes to receive a separate copy of the Proxy Statement and Annual Report, now or in the future, should submit their request to the Company by telephone at (212) 553-3638 or by submitting a written request to the Company's Investor Relations Department, at 99 Church Street, New York, New York 10007. Beneficial owners sharing an address who are receiving multiple copies of proxy materials and annual reports and wish to receive a single copy of such materials in the future should contact their broker, bank or other nominee to request that only a single copy of each document be mailed to all stockholders at the shared address in the future.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires the Company's directors and executive officers and persons who own more than 10% of a registered class of the Company's equity securities to file with the Securities and Exchange Commission (the "SEC") and the New York Stock Exchange (the "NYSE") reports on Forms 3, 4 and 5 concerning their ownership of and transactions in the Common Stock and other equity securities of the Company. As a practical matter, the Company seeks to assist its directors and executives by monitoring transactions and completing and filing reports on their behalf.

Based solely on the Company's review of copies of such reports furnished to the Company and written representations that no other reports are required, the Company believes that all of its officers and directors and those greater-than-10% stockholders that filed any reports filed all of such reports on a timely basis during the year ended December 31, 2004.

CORPORATE GOVERNANCE

In order to address evolving best practices and new regulatory requirements, the Board of Directors annually reviews its corporate governance practices and the charters for its standing committees. As a result of this review, during 2004 the Board amended the Company's Corporate Governance Principles and the charters of its Audit Committee and its Governance and Compensation Committee. A copy of the amended Corporate

Table of Contents

Governance Principles is available on the Company's website at *www.moodys.com* under the headings "Shareholder Relations — Corporate Governance — Corporate Governance Principles." A copy of the amended charter of the Audit Committee is attached to this Proxy Statement as Appendix A, and it and the amended charter of the Governance and Compensation Committee are also available on the Company's website at *www.moodys.com* under the headings "Shareholder Relations — Corporate Governance — Committee Charters." Copies may also be obtained upon request, addressed to the Corporate Secretary of the Company at 99 Church Street, New York, New York 10007. The Audit Committee and the Governance and Compensation Committee assist the Board in fulfilling its responsibilities, as described below.

Board Meetings and Committees

During 2004, the Board of Directors met five times and had two standing committees, an Audit Committee and a Governance and Compensation Committee, which also performs the functions of a nominating committee. All directors attended at least 75% of the total number of meetings of the Board and of all committees of the Board on which they served (during the periods that he or she served) in 2004.

Directors are encouraged to attend the Annual Meeting. All of the Company's directors were in attendance at the 2004 Annual Meeting.

The Audit Committee

The Audit Committee represents and assists the Board of Directors in its oversight responsibilities relating to: the integrity of the Company's financial statements and the financial information provided to the Company's stockholders and others; the Company's compliance with legal and regulatory requirements; the Company's internal controls; and the audit process, including the qualifications and independence of the Company's principal external auditors (the "Independent Auditors") and the performance of the Independent Auditors, and of the Company's internal audit function. The Audit Committee is responsible for the appointment, compensation and oversight of the Independent Auditors and, as such, the Independent Auditors report directly to the Audit Committee.

The Audit Committee has established a policy setting forth the requirements for the pre-approval of audit and permissible non-audit services to be provided by the Company's Independent Auditors. Under the policy, the Audit Committee pre-approves the annual audit engagement terms and fees, as well as any other audit services and specified categories of non-audit services, subject to certain pre-approved fee levels. In addition, pursuant to the policy, the Audit Committee has authorized its chair to pre-approve other audit and permissible non-audit services up to \$50,000 per engagement and a maximum of \$250,000 per year. The policy requires that the Audit Committee chair report any pre-approval decisions to the full Audit Committee at its next scheduled meeting.

The members of the Audit Committee are Mr. Wulff (Chairman since October 2004), Mr. Anderson, Mrs. Evans, Mr. Glauber (former Chairman), Mr. Kist, Senator Mack, Dr. McKinnell and Ms. Newcomb, each of whom is independent under NYSE and SEC rules and under the Company's Corporate Governance Principles. The Board of Directors has determined that each of Mr. Anderson, Mr. Glauber, Mr. Kist, Dr. McKinnell and Mr. Wulff is an "audit committee financial expert" under the SEC's rules.

Mr. Anderson currently serves on the audit committees of three other public companies. Under the NYSE rules, a member of the Audit Committee may not simultaneously serve on the audit committees of more than two other public companies unless the Board of Directors determines that such simultaneous service does not impair the ability of the member to effectively serve on the Audit Committee. The Board of Directors has determined that Mr. Anderson's simultaneous service on the three other audit committees does not impair his ability to effectively serve on the Company's Audit Committee.

The Audit Committee held seven meetings during 2004.

The Governance and Compensation Committee

The functions of the Governance and Compensation Committee include identifying and evaluating possible candidates to serve on the Board and recommending director nominees for approval by the Board and the Company's stockholders. The Governance and Compensation Committee also considers and makes recommendations to the Board of Directors concerning the size, structure, composition and functioning of the Board and its committees, oversees the evaluation of the Board, and develops and reviews the Company's Corporate Governance Principles.

The Governance and Compensation Committee oversees the Company's overall compensation structure, policies and programs, and assesses whether the Company's compensation structure establishes appropriate incentives for management and employees. The Committee also oversees the evaluation of senior management (including by reviewing and approving performance goals for the Company's executive officers, including the Chief Executive Officer (the "CEO"), and by evaluating their performance) and oversees, and makes recommendations to the Board regarding, compensation arrangements for the CEO and for certain other executive officers. The Committee also administers and makes recommendations to the Board with respect to the Company's incentive compensation and equity-based compensation plans that are subject to Board approval, including the Company's key employees' stock incentive plans.

The Governance and Compensation Committee will consider director candidates recommended by stockholders of the Company. In considering a candidate for Board membership, whether proposed by stockholders or otherwise, the Governance and Compensation Committee examines the candidate's business experience and skills, independence, judgment and integrity, his or her ability to commit sufficient time and attention to Board activities, and any potential conflicts with the Company's business and interests. The Governance and Compensation Committee also seeks to achieve a diversity of occupational and personal backgrounds on the Board. To have a candidate considered by the Governance and Compensation Committee, a stockholder must submit the recommendation in writing and must include the following information:

- The name of the stockholder and evidence of the person's ownership of Company stock, including the number of shares owned and the length of time of ownership; and
- The name of the candidate, the candidate's resume or a listing of his or her qualifications to be a director of the Company, and the person's consent to be named as a director if selected by the Governance and Compensation Committee and nominated by the Board.

The stockholder recommendation and information described above must be sent to the Corporate Secretary of the Company at 99 Church Street, New York, New York 10007, and must be received by the Corporate Secretary not less than 120 days prior to the anniversary date of the Company's most recent annual meeting of stockholders. For the Company's 2006 annual meeting, this deadline is December 27, 2005.

The Governance and Compensation Committee identifies potential nominees by asking current directors and executive officers to notify the Committee if they become aware of persons, meeting the criteria described above, who might be available to serve on the Board. As described above, the Committee will also consider candidates recommended by stockholders on the same basis as those recommended by current directors and executives. The Governance and Compensation Committee also, from time to time, may engage firms that specialize in identifying director candidates for the Committee's consideration. The Company paid a fee to a search firm which assisted in identifying candidates for nomination to the stockholders at this Annual Meeting.

Once a person has been identified by or for the Governance and Compensation Committee as a potential candidate, the Committee may collect and review publicly available information regarding the person to assess whether the person should be considered further. If the Governance and Compensation Committee determines that the candidate warrants further consideration, the chairman or another member of the Committee contacts the person. Generally, if the person expresses a willingness to be considered and to serve on the Board, the Governance and Compensation Committee requests information from the candidate, reviews the person's accomplishments and qualifications, including in light of any other candidates that the Committee might be considering, and conducts one or more interviews with the candidate. In certain

Table of Contents

instances, Committee members may contact one or more references provided by the candidate or may contact other members of the business community or other persons that may have greater first-hand knowledge of the candidate's accomplishments.

The members of the Governance and Compensation Committee are Dr. McKinnell (Chairman), Mr. Anderson, Mrs. Evans, Mr. Kist, Senator Mack, Ms. Newcomb and Mr. Wulff, each of whom is independent under NYSE rules and under the Company's Corporate Governance Principles.

The Governance and Compensation Committee met six times during 2004.

Codes of Business Conduct and Ethics

The Company has adopted a code of ethics that applies to its CEO, Chief Financial Officer and Controller, or persons performing similar functions. The Company has also adopted a code of business conduct and ethics that applies to the Company's directors, officers and employees. A current copy of each of these codes is available on the Company's website at www.moody.com under the headings "Shareholder Relations — Corporate Governance — Codes of Business Conduct and Ethics." A copy of each is also available in print to stockholders upon request, addressed to the Corporate Secretary of the Company at 99 Church Street, New York, New York 10007.

The Company intends to satisfy any disclosure requirements regarding amendments to, or waivers from, the code of ethics by posting such information on the Company's website at www.moody.com under the headings "Shareholder Relations — Corporate Governance — Codes of Business Conduct and Ethics."

Director Independence

To assist it in making determinations of a director's independence, the Board has adopted independence standards, which are set forth below and are also included in the Company's Corporate Governance Principles. The Board has determined that Mr. Anderson, Mrs. Evans, Mr. Glauber, Mr. Kist, Senator Mack, Dr. McKinnell and Mr. Wulff, and thus a majority of the directors on the Board, are independent under these standards. The standards adopted by the Board incorporate the director independence criteria included in the NYSE listing standards, as well as additional criteria established by the Board. Each of the Audit Committee and the Governance and Compensation Committee is composed entirely of independent directors. In accordance with NYSE requirements and the independence standards adopted by the Board, all members of the Audit Committee meet additional independence standards applicable to audit committee members.

An "independent" director is a director whom the Board has determined has no material relationship with the Company or any of its consolidated subsidiaries (for purposes of this section, collectively referred to as the "Company"), either directly, or as a partner, stockholder or officer of an organization that has a relationship with the Company. For purposes of this definition, the Board has determined that a director is not independent if:

1. the director is, or in the past three years has been, an employee of the Company, or an immediate family member of the director is, or in the past three years has been, an executive officer of the Company;
2. (a) the director, or an immediate family member of the director, is a current partner of the Company's outside auditor; (b) the director is a current employee of the Company's outside auditor; (c) a member of the director's immediate family is a current employee of the Company's outside auditor participating in the firm's audit, assurance or tax compliance (but not tax planning) practice; or (d) the director or an immediate family member of the director was in the past three years (but is no longer) a partner or employee of the Company's outside auditor and personally worked on the Company's audit within that time;
3. the director, or a member of the director's immediate family, is or in the past three years has been, an executive officer of another company where any of the Company's present executive officers serves or served on the compensation committee at the same time;

Table of Contents

4. the director, or a member of the director's immediate family, has received, during any 12-month period in the past three years, any direct compensation from the Company in excess of \$100,000, other than compensation for Board service, compensation received by the director's immediate family member for service as a non-executive employee of the Company, and pension or other forms of deferred compensation for prior service with the Company;

5. the director is a current executive officer or employee, or a member of the director's immediate family is a current executive officer, of another company that makes payments to or receives payments from the Company, or during any of the last three fiscal years, has made payments to or received payments from the Company, for property or services in an amount that, in any single fiscal year, exceeded the greater of \$1 million or 2% of the other company's consolidated gross revenues; or

6. the director, or the director's spouse, is an executive officer of a non-profit organization to which the Company or the Company foundation makes, or in the past three years has made, contributions that, in any single fiscal year, exceeded the greater of \$1 million or 2% of the non-profit organization's consolidated gross revenues. (Amounts that the Company contributes under matching gifts programs are not included in the contributions calculated for purposes of this standard.)

An "immediate family" member includes a director's spouse, parents, children, siblings, mother and father-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than a domestic employee) who shares the director's home.

The Company's independent directors routinely meet in executive session, without the presence of management directors or other members of management. Those sessions are presided over by the chairman of the Audit Committee or of the Governance and Compensation Committee, depending upon the primary topic to be discussed at the session.

Communications with Directors

The Board of Directors has established a process to receive communications from stockholders and other interested parties. Stockholders and other interested parties may communicate with the Board of Directors or with all non-management directors as a group, with the directors who preside over executive sessions of the Board, or with a specific director or directors, by writing to them c/o the Corporate Secretary of the Company at 99 Church Street, New York, New York 10007.

All communications received as set forth in the preceding paragraph will be opened by the Corporate Secretary in the office of the Company's General Counsel for the sole purpose of determining whether the contents represent a message to the Company's directors. Any contents that are not in the nature of advertising, promotions of a product or service, or patently offensive material will be forwarded promptly to the addressee.

Compensation of Directors

Non-employee directors receive a combination of cash and equity compensation for serving on the Board of Directors.

In 2004, non-employee directors received an annual retainer of \$60,000, in quarterly installments. The chairman of each of the Audit Committee and the Governance and Compensation Committee received an additional annual fee of \$10,000, in quarterly installments. There were no separate meeting fees in 2004.

In February 2004, each non-employee director at that time received a grant of \$90,000 worth of restricted stock under the 1998 Moody's Corporation Non-Employee Directors' Stock Incentive Plan (the "1998 Directors Plan"). After becoming directors in April 2004, Messrs. Anderson and Wulff received a grant of \$67,500 worth of restricted stock, and after becoming a director in July 2004, Mr. Kist received a grant of \$45,000 worth of restricted stock. The restricted stock vests in three equal annual installments.

A non-employee director may elect to defer receipt of all or a portion of his or her retainer until after termination of Board of Directors service. Deferred amounts are credited to an account and receive the rate of

return earned by one or more investment options in the employee Profit Participation Plan as selected by the director. ITEM 2

APPROVAL OF AMENDMENT TO THE COMPANY'S RESTATED CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK FROM 400 MILLION TO 1 BILLION

The Board of Directors is seeking stockholder approval for an amendment to the Company's Restated Certificate of Incorporation to increase the authorized number of shares of Common Stock from 400 million

Table of Contents

shares to 1 billion shares (the “Proposed Amendment”). Therefore, the Board of Directors has adopted resolutions setting forth the Proposed Amendment in the form of an amendment to the first sentence of Article Fourth of the Company’s Restated Certificate of Incorporation, has determined the Proposed Amendment to be advisable and is recommending that stockholders approve the Proposed Amendment.

The following is the text of Article Fourth, paragraph (1) of the Company’s Restated Certificate of Incorporation, as proposed to be amended:

FOURTH: (1) The total number of shares of all classes of stock which the corporation shall have authority to issue is 1,020,000,000, consisting of (1) 10,000,000 shares of Preferred Stock, par value \$.01 per share (“Preferred Stock”), (2) 1,000,000,000 shares of Common Stock, par value \$.01 per share (“Common Stock”), and (3) 10,000,000 shares of Series Common Stock, par value \$.01 per share (“Series Common Stock”). The number of authorized shares of any of the Preferred Stock, the Common Stock or the Series Common Stock may be increased or decreased (but not below the number of shares thereof then outstanding) by the affirmative vote of the holders of a majority in voting power of the stock of the corporation entitled to vote thereon irrespective of the provisions of Section 242(b)(2) of the General Corporation Law of the State of Delaware (or any successor provision thereto), and no vote of the holders of any of the Preferred Stock, the Common Stock or the Series Common Stock voting separately as a class shall be required therefor.

Purpose and Effect of the Proposed Amendment

The primary purpose of the Proposed Amendment is to provide the Board of Directors with sufficient flexibility to declare a stock split in the form of a stock dividend, while maintaining sufficient authorized but unissued shares for other corporate purposes. The Board of Directors has authorized a two-for-one stock split in the form of a dividend, subject to stockholder approval of the Proposed Amendment.

As of the date of this Proxy Statement, the Company had approximately _____ million shares of Common Stock issued and outstanding and an additional _____ million shares held as treasury shares (which are issued but not outstanding). In addition, as of such date, approximately _____ million shares were subject to outstanding equity compensation awards such as stock options and restricted stock awards (which are treated as outstanding shares) and an additional _____ million shares were reserved for additional awards under the Company’s equity compensation plans. While the Company has sufficient authorized and unissued shares to declare a stock split without effecting the Proposed Amendment, the Board of Directors believes that doing so without first increasing the authorized number of shares of Common Stock through the Proposed Amendment could limit the Company’s flexibility to issue Common Stock for a variety of other corporate purposes, such as to make acquisitions through the use of stock, to raise capital through the issuance of Common Stock or of securities that are convertible into Common Stock and, subject to applicable stockholder approval requirements, to adopt additional equity-based employee benefit plans or to reserve additional shares for issuance under such plans and under plans of any companies the Company may acquire. If stockholders approve the Proposed Amendment, the additional authorized shares of Common Stock may be used for each or any of these purposes.

If the Proposed Amendment is approved, equitable adjustments will be made, as of the effective date of the stock split, in the number and price of shares reserved for issuance under the Company’s equity compensation plans and the number of rights issued under the Company’s stockholder rights plan which are associated with each outstanding share of Common Stock.

Other than the proposed stock split in the form of a stock dividend and for issuances under the Company’s employee benefit plans and under outstanding employee stock options and other forms of equity-based compensation, the Board of Directors has no immediate plans, understandings, agreements or commitments to issue additional Common Stock for any purposes. No additional action or authorization by the Company’s stockholders would be necessary prior to the issuance of such additional shares, unless required by applicable law or by NYSE or other applicable rules. The Company reserves the right to seek a further increase in authorized shares from time to time in the future as considered appropriate by the Board of Directors. Because the Company’s Restated Certificate of Incorporation does not confer to the Company’s

Table of Contents

stockholders preemptive rights with respect to Common Stock, should the Board of Directors elect to issue additional shares of Common Stock, existing stockholders would not have any preferential rights to purchase such shares.

The Proposed Amendment could, under certain circumstances, have an anti-takeover effect, although this is not the intention of this proposal. For example, in the event of a hostile attempt to take over control of the Company, it may be possible for the Company to endeavor to impede the attempt by issuing shares of Common Stock, which would dilute the voting power of the other outstanding shares and increasing the potential cost to acquire control of the Company. The Proposed Amendment therefore may have the effect of discouraging unsolicited takeover attempts, potentially limiting the opportunity for the Company's stockholders to dispose of their shares at a premium, which is often offered in takeover attempts, or that may be available under a merger proposal. The Proposed Amendment may have the effect of permitting the Company's current management, including the current Board of Directors, to retain its position, and place it in a better position to resist changes that stockholders may wish to make if they are dissatisfied with the conduct of the Company's business. However, the Board of Directors is not aware of any attempt to take control of the Company, and the Board of Directors has not presented this proposal with the intent that it be utilized as a type of anti-takeover device.

If the Proposed Amendment is adopted, it will become effective upon filing of a Certificate of Amendment to the Company's Restated Certificate of Incorporation with the Secretary of State of the State of Delaware. However, if the Company's stockholders approve the Proposed Amendment to the Company's Restated Certificate of Incorporation, the Board of Directors retains discretion under Delaware law not to implement the Proposed Amendment. If the Board of Directors were to exercise such discretion, the number of authorized shares would remain unchanged.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE PROPOSAL TO AMEND THE COMPANY'S RESTATED CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK FROM FOUR HUNDRED MILLION (400,000,000) TO ONE BILLION (1,000,000,000). UNLESS A CONTRARY CHOICE IS SPECIFIED, PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE VOTED FOR APPROVAL OF THE AMENDMENT.

ITEM 3

RATIFICATION OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS

The Audit Committee, in its capacity as a committee of the Board of Directors, has appointed PricewaterhouseCoopers LLP to serve as the independent registered public accounting firm to audit the consolidated financial statements of the Company for the year ending December 31, 2005. As a matter of good corporate governance, the Audit Committee has requested the Board of Directors to submit that selection to stockholders for ratification. PricewaterhouseCoopers LLP acted as the independent registered public accounting firm for the year ended December 31, 2004. Services provided to the Company by PricewaterhouseCoopers LLP in 2004 included the audit of the consolidated financial statements, audits of management's assessment of the effectiveness of internal control over financial reporting and the effectiveness of internal control over financial reporting, limited reviews of quarterly financial statements, employee benefit plan audits, consultations on various accounting matters, acquisition due diligence review and statutory audits of non-U.S. subsidiaries.

If the appointment of PricewaterhouseCoopers LLP is not ratified by stockholders, the Audit Committee will re-evaluate its selection and will determine whether to maintain PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm or to appoint another independent registered public accounting firm. If prior to the 2006 Annual Meeting of Stockholders PricewaterhouseCoopers LLP ceases to act as the Company's independent registered public accounting firm or if the Audit Committee removes PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm, then the Audit Committee will appoint another independent registered public accounting firm. A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting. Such representative will have

the opportunity to make a statement if he or she so desires and is expected to be available to respond to appropriate questions.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2005.

- (1) The bonus amounts shown in this column were earned with respect to each year indicated and generally were paid in the following year.

Table of Contents

- (2) The amounts shown in this column for Mr. Rutherford and Mr. Murray represent reimbursement for taxes. In Mr. Murray's case, that reimbursement was associated with an international assignment.
- (3) The amounts shown in this column represent the dollar value of the Common Stock based on the closing price of the Common Stock (\$64.20) on February 9, 2004, the date of grant of the restricted stock. All grants of restricted stock were made under the Company's 2001 Key Employees' Stock Incentive Plan (as amended and restated on April 27, 2004, the "2001 Stock Incentive Plan").

On February 9, 2004, Mr. Rutherford received a grant of 11,546 shares of Common Stock, Mr. McDaniel received a grant of 8,467 shares of Common Stock, Mr. Murray received a grant of 3,464 shares of Common Stock, Jeanne Dering received a grant of 3,849 shares of Common Stock, Mr. Goggins received a grant of 2,386 shares of Common Stock and Mr. Woodham received a grant of 6,158 shares of Common Stock. As of December 31, 2004, the dollar values of such shares were: Mr. Rutherford: \$1,002,770; Mr. McDaniel: \$735,359; Mr. Murray: \$300,848; Ms. Dering: \$334,286; Mr. Goggins: \$207,224; and Mr. Woodham: \$534,822. The dollar values are based on the closing price of the Common Stock (\$86.85) on December 31, 2004. None of the named Company executives held any shares of restricted stock as of December 31, 2004, other than those set forth in this paragraph.

Subject to continued employment through each vesting date, vesting of these restricted stock grants in any one year depends on the financial performance of the Company. Twenty-five percent of the grant represents the "Target Shares" for each vesting year. If the Company's annual operating income growth in any one year is (i) less than 10%, then 50% of the Target Shares will vest; (ii) between 10% and 15%, then 100% of the Target Shares will vest; and (iii) greater than 15%, then 150% of the Target Shares will vest. No more than 100% of the initial grant will vest, and all shares will vest in full, if not previously vested, five years from the grant date, subject to continued employment through such date, regardless of whether performance goals have been achieved.

Dividends will be accumulated and paid, without interest, when the underlying shares vest.

- (4) The amounts shown in this column represent the number of non-qualified options granted in each year indicated.
- (5) The amounts shown in this column represent aggregate annual Company contributions for the account of each named executive officer under the Profit Participation Plan and the Profit Participation Benefit Equalization Plan ("PPBEP"), which plans are open to substantially all employees of the Company and certain of its subsidiaries. The Profit Participation Plan is a tax-qualified defined contribution plan, and the PPBEP is a non-qualified plan that provides benefits to participants in the Profit Participation Plan equal to the amount of Company contributions that would have been made to the participants' Profit Participation Plan accounts but for certain Federal tax laws.
- (6) The amount shown represents the value of 13,277 shares awarded upon full satisfaction of a long-term performance award granted in April 1999, based upon the closing stock price on April 30, 2002, the end of the three-year performance period.
- (7) Mr. Murray became an executive officer of the Company in October 2002. Amounts shown for 2002 include salary and other compensation for his employment with the Company for the portion of the year prior to which he was named an executive officer. Mr. Murray served as Senior Vice President and Chief Human Resources Officer of the Company from October 2002 until June 2004, and resumed those responsibilities on an interim basis from September 2004 until February 2005. Mr. Murray became an Executive Vice President, International, of Moody's Investors Service in January 2004.
- (8) Ms. Dering served as Senior Vice President and Chief Financial Officer of the Company until February 15, 2005, at which time she became Executive Vice President and Chief Financial Officer of the Company.
- (9) Mr. Woodham served as a Senior Vice President of the Company until November 2004. As of February 2005, Mr. Woodham is no longer employed by the Company.

- (1) These options are exercisable in four equal annual installments, the first of which was February 9, 2005, and expire on February 9, 2014.
- (2) Grant date present value is based on the Black-Scholes option valuation model, applying the following assumptions: an expected stock-price volatility factor of 30%; a risk-free rate of return of 3.23%; a dividend yield of 0.46%; and an expected time to exercise of 5 years from the date of grant. The Black-Scholes model is premised on the immediate exercisability and transferability of the options, neither of which applies to the options set out in the table above. The actual amounts realized, if any, will depend on the extent to which the stock price exceeds the option exercise price at the time the option is exercised.

The table below sets forth information concerning options exercised by each of the named Company executives during the year ended December 31, 2004, and the number and value of exercisable and unexercisable options held as of December 31, 2004.

Retirement Benefits

The tables below set forth the estimated aggregate annual benefits payable under the Moody's Corporation Retirement Account (the "Retirement Account"), Pension Benefit Equalization Plan ("PBEP") and Supplemental Executive Benefit Plan ("SEBP") to persons in specified average final compensation and credited service classifications upon retirement at age 65.

The Governance and Compensation approved the inclusion of Mr. McDaniel and Ms. Dering as participants in an amended SEBP effective as of October 22, 2001, and approved the inclusion of Mr. Murray and Mr. Goggins as participants in that amended SEBP effective September 1, 2003 and October 1, 2004, respectively. Mr. Rutherford had been a participant in the SEBP prior to October 21, 2001 and, as such, is subject to the terms of the SEBP prior to the amendment thereof. Mr. Woodham's employment with the Company ended prior to any vesting of benefits under the Retirement Account or the PBEP. He was not a participant in the SEBP.

Table I sets forth estimates of the aggregate annual retirement benefits for Mr. Rutherford based on various assumptions regarding average final compensation and years of credited service. Table II sets forth such estimates for Messrs. McDaniel, Murray and Goggins and Ms. Dering. For Mr. Rutherford, the aggregate annual retirement benefits do not increase as a result of additional credited service after 20 years. For Messrs. McDaniel, Murray and Goggins and Ms. Dering, the aggregate annual retirement benefits do not increase as a result of additional credited service after 30 years.

Average final compensation under the SEBP is defined as the highest average annual compensation during 5 consecutive 12-month periods in the last 10 consecutive 12-month periods of the participant’s credited service. Participants vest in their accrued retirement benefit upon completion of five years of service. The benefits shown in the tables above are calculated on a straight-life annuity basis. Amounts shown in the tables above include benefits payable under the Retirement Account, the PBEP, and U.S. Social Security.

The Retirement Account, together with the PBEP, provides retirement income based on a percentage of annual compensation. The percentage of compensation allocated annually ranges from 3% to 12.5%, based on age and credited service. Amounts allocated also receive interest credits based on 30-year Treasury interest rate equivalent with a minimum compounded annual interest credit rate of 3%.

The approximate number of years of credited service under the plans as of December 31, 2004 are as follows: Mr. Rutherford – 17; Mr. McDaniel – 18; Mr. Murray – 19; Ms. Dering – 19; and Mr. Goggins – 6.

For the purpose of determining retirement benefits, compensation for a given year consists of the aggregate of salary, wages, regular cash bonuses, commissions and overtime pay that are paid to the applicable employee in such year. Severance pay, contingent payments and other forms of special remuneration are excluded. Since the Summary Compensation Table above includes for each year bonuses that are earned in such year but not paid until the following year, compensation for purposes of determining retirement benefits varies from that shown in the Summary Compensation Table.

For the reasons discussed above, compensation for determining retirement benefits for the named executive officers differed by more than 10% from the amounts shown in the Summary Compensation Table. The 2004 compensation for purposes of determining retirement benefits was as follows: Mr. Rutherford –

Table of Contents

\$2,853,000; Mr. McDaniel – \$1,904,485; Mr. Murray – \$1,010,500; Ms. Dering – \$920,145; and Mr. Goggins – \$639,480.

Certain Transactions

In November 2004, Ms. Dering’s spouse, an employee of Moody’s Investors Service, exercised options to purchase 7,170 shares of Common Stock for an aggregate price of \$112,889.61, resulting in a pre-tax gain of \$452,861.44. The shares were sold on the same day the options were exercised, and the transaction was filed with the SEC on a Form 4. Ms. Dering’s spouse earned salary and bonus payments during 2004 totaling \$622,748, and participates in other employee benefit arrangements on terms consistent with other employees at his level.

Career Transition Plan

All of the Company’s executive officers named in the Summary Compensation Table above currently participate in the Company’s Career Transition Plan (“CTP”). The CTP generally provides for the payment of benefits if an eligible executive’s employment terminates by reason of a reduction in force, job elimination, unsatisfactory job performance (not constituting cause) or a mutually agreed upon resignation. In the event of an eligible termination, an executive officer will be paid 52 weeks of salary continuation (26 weeks if the executive is terminated by the Company for unsatisfactory performance), payable at the times the executive’s salary would have been paid if employment had not terminated. For this purpose, salary consists of the executive’s annual base salary at the time of termination. In addition, the executive will receive continued medical, dental and life insurance benefits during the applicable salary continuation period and will be entitled to such outplacement services during the salary continuation period as are being provided by the Company. Except in the case of a termination by the Company for unsatisfactory performance, the executive also will receive: (i) a prorated portion of the actual bonus for the year of termination that would have been payable to the executive under the annual bonus plan in which the executive was participating at the time of termination, provided that the executive was employed for at least six full months during the calendar year of termination; (ii) cash payments equal in value to a prorated portion of any “performance-based awards” under the Company’s stock incentive plan, provided that the executive was employed for at least half of the applicable performance period; and (iii) financial planning/counseling services during the salary continuation period to the same extent afforded immediately prior to termination of employment. The CTP gives the Company’s Chairman and CEO the discretion to reduce or increase the benefits otherwise payable to, or otherwise modify the terms and conditions applicable to, an eligible executive under the CTP.

Change-in-Control Agreement

The Company has entered into an agreement with Mr. Rutherford providing for certain benefits upon actual or constructive termination of employment in the event of a change-in-control of the Company. If, following a change-in-control, Mr. Rutherford is terminated other than for cause or by reason of death, disability or normal retirement, or Mr. Rutherford terminates employment for “good reason” (generally, an unfavorable change in employment status, compensation or benefits or a required relocation), he will be entitled to receive: (i) a lump sum payment equal to three times the sum of salary plus guideline bonus opportunity; (ii) continuation of welfare benefits and certain perquisites for three years; (iii) retiree medical and life insurance benefits; (iv) outplacement consulting in the amount of 20% of the sum of salary plus guideline bonus opportunity, but not exceeding \$100,000; (v) immediate vesting of all deferred compensation and benefit plan entitlements; (vi) a prorated annual target bonus for the year in which the change-in-control occurs and a full target bonus for all other bonus plans in effect at the time of termination; and (vii) payment of any excise taxes due in respect of the foregoing benefits.

REPORT OF THE GOVERNANCE AND COMPENSATION COMMITTEE

Overview of Executive Compensation Philosophy and Program

The Governance and Compensation Committee establishes the performance objectives and the compensation of the Company's key executives, including the Chairman and CEO. The Committee consists entirely of independent non-employee directors and is chaired by Dr. McKinnell. The Company's executive compensation program is designed to:

- provide a competitive total compensation package that will retain key executives and motivate them to achieve outstanding performance for the Company;
- link a substantial part of each key executive's compensation to the achievement of the Company's financial and strategic objectives and to the individual's performance; and
- align key executives' rewards with increases in shareholder value.

In establishing compensation of executive officers, the Committee considers pay levels in a compensation peer group (the "Peer Group") consisting of financial services companies with market capitalization comparable to the Company, as well as other factors noted below. The Company's executive compensation program consists of the following three components:

- *Base Salaries.* In setting base salaries, the Committee evaluates a variety of factors, including competitive pay levels, scope of responsibilities, individual performance and prior experience.
- *Annual Cash Incentives.* Through the annual cash incentive program, a significant portion of total cash compensation is "at risk" and is paid based on both Company and individual performance against quantitative and qualitative measures.
- *Longer-Term Incentives.* Long-term compensation consists of stock options and restricted stock and is intended to align executive pay with shareholder value creation.

Evaluation of Key Executive Performance

Each year, the Governance and Compensation Committee sets financial and non-financial objectives for the Company and key executives in discussion with the Chairman and CEO and after a review by the Board of Directors of the Company's annual operating budget. In evaluating the performance of the Chairman and CEO and other key executives, the Committee considers the financial performance of the Company and the performance of the key executives in relation to those objectives, and also considers other relevant criteria such as accomplishments of individual executives and of the management team as a whole. The Committee determines aggregate funding of the Company's cash incentive program based on the financial performance of the Company, including the Company's growth in operating income and earnings per share compared with its intermediate-term growth targets, and uses discretion in determining individual cash incentive payouts, with the goal of promoting and rewarding outstanding performance.

During 2004, the Company achieved record financial results, with growth in revenue, operating income and earnings per share that were above the Company's normative targets, which are currently 12.5% growth in revenue and operating income and 15% growth in earnings per share. The Company broadened its geographic reach and successfully grew revenues from new products, including RatingsInteractive, the Monthly Default Report and Market Implied Ratings, as well as a suite of analytical tools aimed at investors in securitized transactions. The Company also continued to build on growing the quantitative credit risk assessment and management business of Moody's KMV Company. These factors demonstrate management's success in executing its main strategies — capitalizing on the growth of worldwide capital markets, introducing new products and extending the brand.

Based on these results, the Governance and Compensation Committee approved the 2004 compensation awards shown in the Summary Compensation Table.

Compensation of the Chief Executive Officer

In determining Mr. Rutherford's 2004 compensation, the Committee considered the performance of the Company, Mr. Rutherford's individual job performance and Peer Group compensation data provided by an outside consultant, as well as the factors noted above under "Evaluation of Key Executive Performance." The Committee increased Mr. Rutherford's base salary from \$840,000 to \$900,000 effective as of January 1, 2004. Based on the Company's solid financial results, and Mr. Rutherford's strong performance in managing the business and continuing to implement its strategy, the Committee awarded him a cash bonus for 2004 of \$1,739,780.

Tax Deductibility

Section 162(m) of the Internal Revenue Code limits income tax deductibility of compensation in excess of \$1 million paid to the CEO and the four other most highly compensated individuals serving as executive officers of the Company at the end of the fiscal year to compensation that is "performance-based" as defined under the regulations. Stock options awarded under the Company's stockholder approved Stock Incentive Plans are performance-based, and any amounts required to be included in an executive's income upon the exercise of options do not count toward the \$1 million limitation. For other compensation to be performance-based under the regulation, it must be contingent on the attainment of performance goals approved by stockholders, and the attainment of these goals must be certified by a committee of the Board which consists entirely of independent directors.

While the Governance and Compensation Committee generally seeks to maximize the deductibility of compensation paid to executive officers, and annual awards under the 2004 Moody's Corporation Covered Employee Cash Incentive Plan generally constitute deductible, performance-based compensation, the Committee intends to retain the flexibility necessary to provide cash and equity compensation in line with competitive practice, the Company's compensation philosophy and the Company's best interests.

PERFORMANCE GRAPH

The following graph compares the total cumulative shareholder return of the Company to the performance of Standard & Poor’s Stock 500 Index (the “S&P 500”) and an index of performance peer group companies (the “Performance Peer Group”).

The Company does not believe there are any publicly traded companies that represent strict peers. However, each of the companies in the Performance Peer Group offers business information products in one or more segments of its business.
