**PROXY STATEMENT**

---

**ANNUAL MEETING OF STOCKHOLDERS  
OF MOODY'S CORPORATION**

---

**General**

This Proxy Statement and the accompanying proxy card are being furnished to the holders of the common stock, par value \$.01 per share (the "Common Stock"), of Moody's Corporation ("Moody's" or the "Company") in connection with the solicitation of proxies by the Board of Directors of the Company (the "Board of Directors" or the "Board") for use in voting at the Annual Meeting of Stockholders or any adjournment or postponement thereof (the "Annual Meeting"). The Annual Meeting will be held on Tuesday, April 25, 2006, at 9:30 a.m. at the Company's principal executive offices located at 99 Church Street, New York, New York 10007. This Proxy Statement and the accompanying proxy card are first being mailed to stockholders on or about March 22, 2006. Moody's telephone number is (212) 553-0300.

**Annual Meeting Admission**

Stockholders will need an admission ticket to enter the Annual Meeting. For stockholders of record, an admission ticket is attached to the proxy card sent to you. If you plan to attend the Annual Meeting in person, please retain the admission ticket.

If your shares are held in the name of a bank, broker or other holder of record and you plan to attend the Annual Meeting in person, you may obtain an admission ticket in advance by sending a written request, along with proof of share ownership such as a bank or brokerage account statement, to the Corporate Secretary of the Company at 99 Church Street, New York, New York 10007. Stockholders who do not have admission tickets will be admitted following verification of ownership at the door.

**Record Date**

The Board of Directors has fixed the close of business on March 1, 2006 as the record date (the "Record Date") for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting. As of the close of business on the Record Date, there were 291,173,591 shares of Common Stock outstanding. Each holder of Common Stock entitled to vote at the Annual Meeting will be entitled to one vote per share.

**How to Vote**

In addition to voting in person at the Annual Meeting, stockholders of record can vote by proxy by calling a toll-free telephone number, by using the Internet or by mailing their signed proxy cards. The telephone and Internet voting procedures are designed to authenticate stockholders' identities, to allow stockholders to give their voting instructions and to confirm that stockholders' instructions have been recorded properly. Specific instructions for stockholders of record who wish to use the telephone or Internet voting procedures are set forth on the enclosed proxy card.

If your shares are held in the name of a bank, broker or other holder of record, you will receive instructions from the holder of record that you must follow in order for your shares to be voted. Certain of these institutions offer telephone and Internet voting.

**Special Voting Procedures for Certain Current and Former Employees**

Many current and former employees of the Company have share balances in the Moody's Common Stock Fund of the Moody's Corporation Profit Participation Plan (the "Profit Participation Plan"). The voting procedures described above do not apply to these share balances. Instead, any proxy given by such an employee or former employee will serve as a voting instruction for the trustee of the Profit Participation Plan, as well as a proxy for any shares registered in that person's own name (including shares acquired under the Moody's Corporation Employee Stock Purchase Plan and/or pursuant to restricted stock awards). To allow

sufficient time for voting by the trustee, Profit Participation Plan voting instructions must be received by April 20, 2006. If voting instructions have not been received by that date, the trustee will vote those Profit Participation Plan shares in the same proportion as the Profit Participation Plan shares for which it has received instructions, except as otherwise required by law.

### Quorum and Voting Requirements

The holders of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting, whether present in person or represented by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. If a quorum is not present at the Annual Meeting, the stockholders present may adjourn the Annual Meeting from time to time, without notice, other than by announcement at the meeting, until a quorum is present or represented. At any such adjourned meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the original meeting. Abstentions and broker non-votes will be counted for purposes of determining whether a quorum is present at the Annual Meeting. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular matter and has not received instructions from the beneficial owner.

A plurality of the voting power present in person or represented by proxy and entitled to vote at the Annual Meeting is required for the election of directors. Only shares that are voted in favor of a particular nominee will be counted towards such nominee's achievement of a plurality. Thus, shares present at the Annual Meeting that are not voted for a particular nominee, shares present in person or represented by proxy where the stockholder properly withholds authority to vote for such nominee, and broker non-votes, if any, will not be counted towards such nominee's achievement of a plurality.

The affirmative vote of the majority of the votes present in person or represented by proxy and entitled to vote at the Annual Meeting is required to ratify the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm of the Company for the year ending December 31, 2006. If a stockholder abstains from voting or directs the stockholder's proxy to abstain from voting on the matter, the shares are considered present at the meeting for such matter, but since they are not affirmative votes for the matter, they will have the same effect as votes against the matter. On the other hand, shares resulting in broker non-votes, if any, while present at the meeting are not entitled to vote for such matter and will have no effect on the outcome of the vote.

The affirmative vote of the majority of the votes present in person or represented by proxy and entitled to vote at the Annual Meeting is required to adopt the stockholder proposal set forth in this Proxy Statement. Please bear in mind that the adoption of the stockholder proposal included in this Proxy Statement at the Annual Meeting would serve only as a recommendation to the Board of Directors to take the action requested by the proponent. The affirmative vote of the holders of at least 80% in voting power of the outstanding shares of Common Stock at a future stockholder's meeting would be required in order to declassify the Board of Directors, as requested by the stockholder proposal. If a stockholder abstains from voting or directs the stockholder's proxy to abstain from voting on the matter, the shares are considered present at the meeting for such matter, but since they are not affirmative votes for the matter, they will have the same effect as votes against the matter. On the other hand, shares resulting in broker non-votes, if any, while present at the meeting are not entitled to vote for such matter and will have no effect on the outcome of the vote.

### Proxies

The enclosed proxy provides that you may specify that your shares of Common Stock be voted "For" the director nominees or to "Withhold Authority" for the nominees and "For," "Against" or "Abstain" from voting with respect to the other proposals. The Board of Directors recommends that you vote "For" each of the three director nominees named in this Proxy Statement, "For" the ratification of the selection of the independent registered public accounting firm, and "Against" the stockholder proposal. All shares of Common Stock represented by properly executed proxies received prior to or at the Annual Meeting and not revoked will be voted in accordance with the instructions indicated in such proxies. Properly executed proxies that do

## Table of Contents

not contain voting instructions will be voted in accordance with the recommendations of the Board of Directors.

It is not expected that any matter other than those referred to herein will be brought before the Annual Meeting. If, however, other matters are properly presented, the persons named as proxies will vote in accordance with their best judgment with respect to such matters.

Any stockholder of record who votes by telephone or the Internet or who executes and returns a proxy may revoke such proxy or change such vote at any time before it is voted at the Annual Meeting by (i) filing with the Corporate Secretary of the Company at 99 Church Street, New York, New York 10007, written notice of such revocation, (ii) casting a new vote by telephone or the Internet or by submitting another proxy that is properly signed and bears a later date or (iii) attending the Annual Meeting and voting in person. A stockholder whose shares are owned beneficially through a bank, broker or other nominee should contact that entity to change or revoke a previously given proxy.

Proxies are being solicited hereby on behalf of the Board of Directors. The cost of the proxy solicitation will be borne by the Company, although stockholders who vote by telephone or the Internet may incur telephone or Internet access charges. In addition to solicitation by mail, directors, officers and employees of the Company may solicit proxies personally or by telephone, telecopy, email or otherwise. Such directors, officers and employees will not be specifically compensated for such services. The Company has retained Georgeson Shareholder Communications Inc. to assist with the solicitation of proxies for a fee not to exceed \$10,000, plus reimbursement for out-of-pocket expenses. Arrangements may also be made with custodians, nominees and fiduciaries to forward proxy solicitation materials to the beneficial owners of shares of Common Stock held of record by such custodians, nominees and fiduciaries, and the Company may reimburse such custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses incurred in connection therewith.

### **Delivery of Documents to Stockholders Sharing an Address**

If you are the beneficial owner, but not the record holder, of the Company's shares, your broker, bank or other nominee may seek to reduce duplicate mailings by delivering only one copy of the Company's Proxy Statement and Annual Report to multiple stockholders who share an address unless that nominee has received contrary instructions from one or more of the stockholders. The Company will deliver promptly, upon written or oral request, a separate copy of the Proxy Statement and Annual Report to a stockholder at a shared address to which a single copy of the documents was delivered. A stockholder who wishes to receive a separate copy of the Proxy Statement and Annual Report, now or in the future, should submit their request to the Company by telephone at (212) 553-3638 or by submitting a written request to the Company's Investor Relations Department, at 99 Church Street, New York, New York 10007. Beneficial owners sharing an address who are receiving multiple copies of proxy materials and annual reports and wish to receive a single copy of such materials in the future should contact their broker, bank or other nominee to request that only a single copy of each document be mailed to all stockholders at the shared address in the future.

### **Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires the Company's directors and executive officers and persons who beneficially own more than 10% of a registered class of the Company's equity securities to file with the Securities and Exchange Commission (the "SEC") and the New York Stock Exchange (the "NYSE") reports on Forms 3, 4 and 5 concerning their ownership of and transactions in the Common Stock and other equity securities of the Company. As a practical matter, the Company seeks to assist its directors and executives by monitoring transactions and completing and filing reports on their behalf.

Based solely on the Company's review of copies of such reports furnished to the Company and written representations that no other reports are required, the Company believes that all of its officers and directors

## Table of Contents

and those greater-than-10% stockholders that filed any reports filed all of such reports on a timely basis during the year ended December 31, 2005, except as described below:

- On February 9, 2005, shares of Common Stock beneficially owned by Mr. McDaniel, the Company's Chairman and Chief Executive Officer (the "CEO"), Mr. Goggins, the Company's Senior Vice President and General Counsel, Ms. Dering, the Company's Executive Vice President — Global Regulatory Affairs & Compliance, and Ms. Dering's spouse, a former employee of Moody's Investors Service, were sold in order to make certain tax payments in connection with the vesting of restricted stock. The amounts sold were 1,575, 346, 668 and 236 shares, respectively. Ms. Dering reported the sales of shares owned by her and her spouse in a Form 4 filed on May 4, 2005. Each of Mr. Goggins and Mr. McDaniel reported the sales of shares owned by him in a Form 4 filed on May 16, 2005. On October 1, 2005, 114 shares of Common Stock beneficially owned by Mr. McCabe, the Company's Senior Vice President — Corporate Controller, were sold in order to make certain tax payments in connection with the vesting of restricted stock. Mr. McCabe reported the sale in a Form 4 filed on February 10, 2006.

## CORPORATE GOVERNANCE

In order to address evolving best practices and new regulatory requirements, the Board of Directors annually reviews its corporate governance practices and the charters for its standing committees. As a result of this review, during 2005 the Board amended the Company's Corporate Governance Principles and the charters of its Audit Committee and its Governance and Compensation Committee. A copy of the amended Corporate Governance Principles is available on the Company's website at [www.moodys.com](http://www.moodys.com) under the headings "Shareholder Relations — Corporate Governance — Corporate Governance Principles." A copy of the amended charter of the Audit Committee is attached to this Proxy Statement as Appendix A, and copies of both it and the amended charter of the Governance and Compensation Committee are available on the Company's website at [www.moodys.com](http://www.moodys.com) under the headings "Shareholder Relations — Corporate Governance — Committee Charters." Copies may also be obtained upon request, addressed to the Corporate Secretary of the Company at 99 Church Street, New York, New York 10007. The Audit Committee and the Governance and Compensation Committee assist the Board in fulfilling its responsibilities, as described below.

### Board Meetings and Committees

During 2005, the Board of Directors met six times and had two standing committees, an Audit Committee and a Governance and Compensation Committee, which also performs the functions of a nominating committee. All directors attended at least 75% of the total number of meetings of the Board and of all committees of the Board on which they served (held during the periods in which they served) in 2005.

Directors are encouraged to attend the Annual Meeting. All of the Company's directors were in attendance at the 2005 Annual Meeting.

### The Audit Committee

The Audit Committee represents and assists the Board of Directors in its oversight responsibilities relating to: the integrity of the Company's financial statements and the financial information provided to the Company's stockholders and others; the Company's compliance with legal and regulatory requirements; the Company's internal controls; and the audit process, including the qualifications and independence of the Company's principal external auditors (the "Independent Auditors") and the performance of the Independent Auditors, and of the Company's internal audit function. The Audit Committee is responsible for the appointment, compensation and oversight of the Independent Auditors and, as such, the Independent Auditors report directly to the Audit Committee.

The Audit Committee has established a policy setting forth the requirements for the pre-approval of audit and permissible non-audit services to be provided by the Company's Independent Auditors. Under the policy, the Audit Committee pre-approves the annual audit engagement terms and fees, as well as any other audit services and specified categories of non-audit services, subject to certain pre-approved fee levels. In addition, pursuant to the policy, the Audit Committee has authorized its chair to pre-approve other audit and permissible non-audit services up to \$50,000 per engagement and a maximum of \$250,000 per year. The policy

## Table of Contents

requires that the Audit Committee chair report any pre-approval decisions to the full Audit Committee at its next scheduled meeting.

The members of the Audit Committee are Mr. Wulff (Chairman), Mr. Anderson, Mr. Glauber, Mr. Kist, Senator Mack, Dr. McKinnell and Ms. Newcomb, each of whom is independent under NYSE and SEC rules and under the Company's Corporate Governance Principles. The Board of Directors has determined that each of Mr. Anderson, Mr. Glauber, Mr. Kist, Dr. McKinnell, Ms. Newcomb and Mr. Wulff is an "audit committee financial expert" under the SEC's rules.

Mr. Anderson currently serves on the audit committees of three other public companies. Under the NYSE rules, a member of the Audit Committee may not simultaneously serve on the audit committees of more than two other public companies unless the Board of Directors determines that such simultaneous service does not impair the ability of the member to effectively serve on the Audit Committee. The Board of Directors has determined that Mr. Anderson's simultaneous service on the three other audit committees does not impair his ability to effectively serve on the Company's Audit Committee.

The Audit Committee held eight meetings during 2005.

### **The Governance and Compensation Committee**

The functions of the Governance and Compensation Committee include identifying and evaluating possible candidates to serve on the Board and recommending director nominees for approval by the Board and the Company's stockholders. The Governance and Compensation Committee also considers and makes recommendations to the Board of Directors concerning the size, structure, composition and functioning of the Board and its committees, oversees the evaluation of the Board, and develops and reviews the Company's Corporate Governance Principles.

The Governance and Compensation Committee oversees the Company's overall compensation structure, policies and programs, and assesses whether the Company's compensation structure establishes appropriate incentives for management and employees. The Committee also oversees the evaluation of senior management (including by reviewing and approving performance goals for the Company's executive officers, including the CEO, and by evaluating their performance) and oversees, and makes recommendations to the Board regarding, compensation arrangements for the CEO and for certain other executive officers. The Committee also administers and makes recommendations to the Board with respect to the Company's incentive compensation and equity-based compensation plans that are subject to Board approval, including the Company's key employees' stock incentive plans.

The Governance and Compensation Committee will consider director candidates recommended by stockholders of the Company. In considering a candidate for Board membership, whether proposed by stockholders or otherwise, the Governance and Compensation Committee examines the candidate's business experience and skills, independence, judgment and integrity, his or her ability to commit sufficient time and attention to Board activities, and any potential conflicts with the Company's business and interests. The Governance and Compensation Committee also seeks to achieve a diversity of occupational and personal backgrounds on the Board. To have a candidate considered by the Governance and Compensation Committee, a stockholder must submit the recommendation in writing and must include the following information:

- The name of the stockholder and evidence of the person's ownership of Company stock, including the number of shares owned and the length of time of ownership; and
- The name of the candidate, the candidate's resume or a listing of his or her qualifications to be a director of the Company, and the person's consent to be named as a director if selected by the Governance and Compensation Committee and nominated by the Board.

The stockholder recommendation and information described above must be sent to the Corporate Secretary of the Company at 99 Church Street, New York, New York 10007, and must be received by the Corporate Secretary not less than 120 days prior to the anniversary date of the Company's most recent annual meeting of stockholders. For the Company's 2007 annual meeting, this deadline is December 26, 2006.

## Table of Contents

The Governance and Compensation Committee identifies potential nominees by asking current directors and executive officers to notify the Committee if they become aware of persons, meeting the criteria described above, who might be available to serve on the Board. As described above, the Committee will also consider candidates recommended by stockholders on the same basis as those recommended by current directors and executives. The Governance and Compensation Committee also, from time to time, may engage firms that specialize in identifying director candidates for the Committee's consideration.

Once a person has been identified by or for the Governance and Compensation Committee as a potential candidate, the Committee may collect and review publicly available information regarding the person to assess whether the person should be considered further. If the Governance and Compensation Committee determines that the candidate warrants further consideration, the chairman or another member of the Committee contacts the person. Generally, if the person expresses a willingness to be considered and to serve on the Board, the Governance and Compensation Committee requests information from the candidate, reviews the person's accomplishments and qualifications, including in light of any other candidates that the Committee might be considering, and conducts one or more interviews with the candidate. In certain instances, Committee members may contact one or more references provided by the candidate or may contact other members of the business community or other persons that may have greater first-hand knowledge of the candidate's accomplishments.

The members of the Governance and Compensation Committee are Dr. McKinnell (Chairman), Mr. Anderson, Mr. Glauber, Mr. Kist, Senator Mack, Ms. Newcomb and Mr. Wulff, each of whom is independent under NYSE rules and under the Company's Corporate Governance Principles.

The Governance and Compensation Committee met seven times during 2005.

### Codes of Business Conduct and Ethics

The Company has adopted a code of ethics that applies to its CEO, Chief Financial Officer and Controller, or persons performing similar functions. The Company has also adopted a code of business conduct and ethics that applies to the Company's directors, officers and employees. A current copy of each of these codes is available on the Company's website at [www.moody.com](http://www.moody.com) under the headings "Shareholder Relations — Corporate Governance — Codes of Business Conduct and Ethics." A copy of each is also available in print to stockholders upon request, addressed to the Corporate Secretary of the Company at 99 Church Street, New York, New York 10007.

The Company intends to satisfy any disclosure requirements regarding amendments to, or waivers from, the code of ethics by posting such information on the Company's website at [www.moody.com](http://www.moody.com) under the headings "Shareholder Relations — Corporate Governance — Codes of Business Conduct and Ethics."

### Director Independence

To assist it in making determinations of a director's independence, the Board has adopted independence standards, which are set forth below and are also included in the Company's Corporate Governance Principles. The Board has determined that Mr. Anderson, Mr. Glauber, Mr. Kist, Senator Mack, Dr. McKinnell, Ms. Newcomb and Mr. Wulff, and thus a majority of the directors on the Board, are independent under these standards. The standards adopted by the Board incorporate the director independence criteria included in the NYSE listing standards, as well as additional criteria established by the Board. Each of the Audit Committee and the Governance and Compensation Committee is composed entirely of independent directors. In accordance with NYSE requirements and the independence standards adopted by the Board, all members of the Audit Committee meet additional independence standards applicable to audit committee members.

An "independent" director is a director whom the Board has determined has no material relationship with the Company or any of its consolidated subsidiaries (for purposes of this section, collectively referred to as the "Company"), either directly, or as a partner, stockholder or officer of an organization that has a

## Table of Contents

relationship with the Company. For purposes of this definition, the Board has determined that a director is not independent if:

1. the director is, or in the past three years has been, an employee of the Company, or an immediate family member of the director is, or in the past three years has been, an executive officer of the Company;
2. (a) the director, or an immediate family member of the director, is a current partner of the Company's outside auditor; (b) the director is a current employee of the Company's outside auditor; (c) a member of the director's immediate family is a current employee of the Company's outside auditor participating in the firm's audit, assurance or tax compliance (but not tax planning) practice; or (d) the director or an immediate family member of the director was in the past three years (but is no longer) a partner or employee of the Company's outside auditor and personally worked on the Company's audit within that time;
3. the director, or a member of the director's immediate family, is or in the past three years has been, an executive officer of another company where any of the Company's present executive officers serves or served on the compensation committee at the same time;
4. the director, or a member of the director's immediate family, has received, during any 12-month period in the past three years, any direct compensation from the Company in excess of \$100,000, other than compensation for Board service, compensation received by the director's immediate family member for service as an employee (other than an executive officer) of the Company, and pension or other forms of deferred compensation for prior service with the Company;
5. the director is a current executive officer or employee, or a member of the director's immediate family is a current executive officer, of another company that makes payments to or receives payments from the Company, or during any of the last three fiscal years, has made payments to or received payments from the Company, for property or services in an amount that, in any single fiscal year, exceeded the greater of \$1 million or 2% of the other company's consolidated gross revenues; or
6. the director, or the director's spouse, is an executive officer of a non-profit organization to which the Company or the Company foundation makes, or in the past three years has made, contributions that, in any single fiscal year, exceeded the greater of \$1 million or 2% of the non-profit organization's consolidated gross revenues. (Amounts that the Company contributes under matching gifts programs are not included in the contributions calculated for purposes of this standard.)

An "immediate family" member includes a director's spouse, parents, children, siblings, mother and father-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than a domestic employee) who shares the director's home.

The Company's independent directors routinely meet in executive session, without the presence of management directors or other members of management. Those sessions are presided over by the chairman of the Audit Committee or of the Governance and Compensation Committee, depending upon the primary topic to be discussed at the session.

### Communications with Directors

The Board of Directors has established a process to receive communications from stockholders and other interested parties. Stockholders and other interested parties may communicate with the Board of Directors or with all non-management directors as a group, with the directors who preside over executive sessions of the Board, or with a specific director or directors, by writing to them c/o the Corporate Secretary of the Company at 99 Church Street, New York, New York 10007.

All communications received as set forth in the preceding paragraph will be opened by the Corporate Secretary in the office of the Company's General Counsel for the sole purpose of determining whether the contents represent a message to the Company's directors. Any contents that are not in the nature of advertising, promotions of a product or service, or patently offensive material will be forwarded promptly to the addressee.

**Compensation of Directors**

Non-employee directors receive a combination of cash and equity compensation for serving on the Board of Directors.

In 2005, non-employee directors received an annual retainer of \$75,000, in quarterly installments. The chairman of each of the Audit Committee and the Governance and Compensation Committee received an additional annual fee of \$10,000, in quarterly installments. There were no separate meeting fees in 2005.

In February 2005, each non-employee director at that time received a grant of \$100,000 worth of restricted stock under the 1998 Moody's Corporation Non-Employee Directors' Stock Incentive Plan (the "1998 Directors Plan"). After becoming a director in February 2005, Ms. Newcomb received a grant of \$91,667 worth of restricted stock. The restricted stock vests in three equal annual installments.

A non-employee director may elect to defer receipt of all or a portion of his or her retainer until after termination of Board of Directors service. Deferred amounts are credited to an account and receive the rate of return earned by one or more investment options in the employee Profit Participation Plan as selected by the director. Upon the occurrence of a change-in -control of the Company, a lump sum payment shall be made to each director of the amount credited to the director's deferred account on the date of the change-in -control, and the total amount credited to each director's deferred account from the date of the change-in -control until the date such director ceases to be a director shall be paid in a lump sum at that time. In addition, any notice by a director to change or terminate an election to defer retainers given on or before the date of the change-in -control shall be effective as of the date of the change-in -control rather than the end of the calendar year.

Directors also are reimbursed for travel, meals and hotel expenses incurred in connection with attendance at meetings of the Board of Directors or its committees, which are generally held at the Company's executive office. The Board of Directors typically has a meeting once a year outside the United States in a country where the Company has operations. For those meetings, the Company pays for travel for the directors and one guest of each director, as well as for their accommodations, meals, Company-arranged activities and other incidental expenses.

Effective April 26, 2005, Mary Evans retired as a director of the Board. In recognition of Mrs. Evans's nearly 15 years of service as a director, the Company amended Mrs. Evans's restricted stock award agreements to release, effective as of April 30, 2005, all restrictions on the restricted shares granted to her in February 2003 and February 2004 and, effective as of February 23, 2006, all restrictions on the restricted shares granted to her in February 2005.

In January 2006, Mrs. Evans received a payment of 5,786 shares of Common Stock and 1,413 shares of Dun & Bradstreet Common Stock, representing the deferred performance share balance as of December 31, 2005 under the 1998 Moody's Corporation Replacement Plan for Certain Non-Employee Directors Holding Dun & Bradstreet Corporation Equity-Based Awards (the "Directors' Replacement Plan"). - (1) The bonus amounts shown in this column were earned with respect to each year indicated and generally were paid in the following year. Ms. Huber's bonus amount also includes a \$100,000 sign-on bonus.
- (2) The amounts shown in this column for Ms. Elliott are comprised primarily of amounts provided by the Company with respect to her overseas assignment, including a \$60,400 foreign premium.
- (3) The amounts shown in this column represent the dollar value of the Common Stock based on the closing price of the Common Stock on the respective dates of grant: \$32.10 on February 9, 2004, \$41.765 on February 22, 2005 and \$45.29 on July 1, 2005. All grants of restricted stock were made under the Company's 2001 Key Employees' Stock Incentive Plan (as amended and restated on April 27, 2004, the "2001 Stock Incentive Plan").

On February 22, 2005, the following grants of restricted shares of Common Stock were received: Mr. Rutherford — 9,678 shares; Mr. McDaniel — 24,688 shares; Ms. Dering — 9,874 shares; Mr. Goggins — 6,418 shares; and Ms. Elliott — 3,358 shares. On July 1, 2005, Ms. Huber received a grant of 9,885 restricted shares of Common Stock. All restricted shares granted in 2004 and in February 2005, and their closing prices on the respective dates of grant, have been adjusted for the May 18, 2005 stock split.

Subject to continued employment through each vesting date, vesting of these restricted stock grants in any one year generally depends on the financial performance of the Company. Twenty-five percent of the grant represents the "Target Shares" for each vesting year. If the Company's annual operating income growth in any one year is (i) less than 10%, then 50% of the Target Shares will vest; (ii) between 10% and 15%, then 100% of the Target Shares will vest; and (iii) greater than 15%, then 150% of the Target

Shares will vest. No more than 100% of the initial grant will vest, and all shares will vest in full, if not previously vested, five years from the grant date, subject to continued employment through such date, regardless of whether performance goals have been achieved. The 2001 Stock Incentive Plan provides that a grant outstanding for at least one year vests in full upon the grantee's retirement. Consequently, upon Mr. Rutherford's retirement on April 26, 2005, 14,434 restricted shares awarded to him on February 9, 2004, vested in full. In recognition of Mr. Rutherford's service, the Company also caused the 9,678 restricted shares awarded to him on February 22, 2005, to vest in full.

Dividends will be accumulated and paid, without interest, when the underlying shares vest.

- (4) The amounts shown in this column represent the number of non-qualified options granted in each year indicated. The numbers shown for options granted prior to May 18, 2005 have been adjusted for the stock split on that date.
- (5) The amounts shown in this column for Messrs. Rutherford, McDaniel and Goggins and Ms. Dering represent aggregate annual Company contributions for their accounts under the Profit Participation Plan, which is open to substantially all employees of the Company and certain of its subsidiaries, and the Profit Participation Benefit Equalization Plan ("PPBEP"). The Profit Participation Plan is a tax-qualified defined contribution plan, and the PPBEP is a non-qualified plan that provides benefits to participants in the Profit Participation Plan equal to the amounts of Company contributions that would have been made to the participants' Profit Participation Plan accounts but for certain Federal tax laws. In 2005, Ms. Huber was not a participant in the Profit Participation and PPBEP Plans. The amount described with respect to Ms. Elliott was contributed by the Company's subsidiary to the Australian Superannuation Fund pursuant to Australia's Superannuation Guarantee Law.
- (6) Ms. Huber joined the Company as Executive Vice President and Chief Financial Officer on May 16, 2005.
- (7) Ms. Dering served as Executive Vice President and Chief Financial Officer of the Company until May 2005, at which time she became Executive Vice President — Global Regulatory Affairs & Compliance.
- (8) Prior to becoming an executive officer of the Company on January 10, 2005, Ms. Elliott was a Managing Director of Moody's Investors Service in Australia. Her compensation appears in the table in U.S. dollars but certain elements of her compensation were paid in Australian dollars. An exchange rate of 0.733552 from The Federal Reserve Bank of New York as of December 30, 2005 was used to calculate the U.S. dollars.

The table below sets forth information concerning grants of stock options to purchase Common Stock during the year ended December 31, 2005 to the named Company executives.

- (1) The numbers of shares underlying options granted prior to May 18, 2005, and the exercise prices of those options, have been adjusted for the stock split on that date. All options are generally exercisable in four annual installments, the first of which was February 22, 2006, and expire on February 22, 2015. In recognition of Mr. Rutherford's service, upon his retirement on April 26, 2005, the Company caused the

options on 65,660 shares of Common Stock awarded to him on February 22, 2005, which would otherwise have expired upon such retirement, to continue to vest in accordance with their normal vesting schedule.

- (2) The February 22, 2005 grant date present value is based on the Black-Scholes option valuation model, applying the following assumptions: an expected stock-price volatility factor of 23%; a risk-free rate of return of 4.065%; a dividend yield of 0.528%; and an expected time to exercise of 6 years from the date of grant. The July 1 grant date present value is based on the Black-Scholes option valuation model, applying the following assumptions: an expected stock-price volatility of 23%; a risk-free rate of return of 3.891%; a dividend yield of 0.489%, and an expected time to exercise of 6 years from the date of grant. The Black-Scholes model is premised on the immediate exercisability and transferability of the options, neither of which applies to the options set out in the table above. The actual amounts realized, if any, will depend on the extent to which the stock price exceeds the option exercise price at the time the option is exercised.

The table below sets forth information concerning options exercised by each of the named Company executives during the year ended December 31, 2005, and the number and value of exercisable and unexercisable options held as of December 31, 2005.

### Retirement Benefits

The tables below set forth the estimated aggregate annual benefits payable under the Moody's Corporation Retirement Account (the "Retirement Account"), Pension Benefit Equalization Plan ("PBEP") and Supplemental Executive Benefit Plan ("SEBP") to persons in specified average final compensation and credited service classifications upon retirement at age 65.

The Governance and Compensation Committee approved the inclusion of Mr. McDaniel and Ms. Dering as participants in an amended SEBP effective as of October 22, 2001, and approved the inclusion of Mr. Goggins as a participant in that amended SEBP effective October 1, 2004.

## Table of Contents

Table I sets forth estimates of the aggregate annual retirement benefits for Mr. Rutherford based on various assumptions regarding average final compensation and years of credited service. Table II sets forth such estimates for Messrs. McDaniel and Goggins and Ms. Dering. For Mr. Rutherford, the aggregate annual retirement benefits do not increase as a result of additional credited service after 20 years. For Messrs. McDaniel and Goggins and Ms. Dering, the aggregate annual retirement benefits do not increase as a result of additional credited service after 30 years. Ms. Huber will become a participant in the Retirement Account and the PBEP on June 1, 2006. Ms. Elliott does not participate in the U.S. retirement plans. The contribution of the Company's subsidiary to the Australian Superannuation Fund on behalf of Ms. Elliott is set forth in the Summary Compensation Table.

Average final compensation under the SEBP is defined as the highest average annual compensation during five consecutive 12-month periods in the last 10 consecutive 12-month periods of the participant's credited service. Participants vest in their accrued retirement benefit upon completion of five years of service. The benefits shown in the table above are calculated on a straight-life annuity basis. Amounts shown in the table above include benefits payable under the Retirement Account, the PBEP, and U.S. Social Security.

The Retirement Account, together with the PBEP, provides retirement income based on a percentage of annual compensation. The percentage of compensation allocated annually ranges from 3% to 12.5%, based on age and credited service. Amounts allocated also receive interest credits based on 30-year Treasury interest rate equivalent with a minimum compounded annual interest credit rate of 3%.

## Table of Contents

The approximate numbers of years of credited service under the plans as of December 31, 2005 are as follows: Mr. Rutherford — 18; Mr. McDaniel — 19; Ms. Dering — 20; and Mr. Goggins — 7.

For the purpose of determining retirement benefits, compensation for a given year consists of the aggregate of salary, wages, regular cash bonuses, commissions and overtime pay that are paid to the applicable employee in such year. Severance pay, contingent payments and other forms of special remuneration are excluded. Since the Summary Compensation Table above includes for each year bonuses that are earned in such year but not paid until the following year, compensation for purposes of determining retirement benefits varies from that shown in the Summary Compensation Table.

For the reasons discussed above, compensation for determining retirement benefits for the named executive officers differed by more than 10% from the amounts shown in the Summary Compensation Table. The 2005 compensation for purposes of determining retirement benefits was as follows: Mr. Rutherford — \$2,162,180; Mr. McDaniel — \$1,640,824; Ms. Dering — \$940,368; and Mr. Goggins — \$616,316.

### Certain Transactions

In May 2005, Ms. Dering's spouse, a former employee of Moody's Investors Service, exercised options to purchase shares of Common Stock for an aggregate price of \$2,786,397, resulting in a pre-tax gain of \$4,273,931. The shares were sold on the same day the options were exercised, and the transaction was filed with the SEC on a Form 4. In February 2005, restrictions lapsed on 1,154 restricted shares of Common Stock held by Ms. Dering's spouse and having an aggregate value of \$49,172. Ms. Dering's spouse earned salary and bonus payments during 2005 totaling \$414,113, and participated in other employee benefit arrangements on terms consistent with other employees at his level. In connection with the termination of his employment in May 2005, Ms. Dering's spouse received salary continuation payments totaling approximately \$164,769.

### Career Transition Plan

All of the Company's executive officers named in the Summary Compensation Table above currently participate in the Company's Career Transition Plan ("CTP"). The CTP generally provides for the payment of benefits if an eligible executive's employment terminates by reason of a reduction in force, job elimination, unsatisfactory job performance (not constituting cause) or a mutually agreed upon resignation. In the event of an eligible termination, an executive officer will be paid 52 weeks of salary continuation (26 weeks if the executive is terminated by the Company for unsatisfactory performance), payable at the times the executive's salary would have been paid if employment had not terminated. For this purpose, salary consists of the executive's annual base salary at the time of termination. In addition, the executive will receive continued medical, dental and life insurance benefits during the applicable salary continuation period and will be entitled to such outplacement services during the salary continuation period as are being provided by the Company. Except in the case of a termination by the Company for unsatisfactory performance, the executive also will receive: (i) a prorated portion of the actual bonus for the year of termination that would have been payable to the executive under the annual bonus plan in which the executive was participating at the time of termination, provided that the executive was employed for at least six full months during the calendar year of termination; (ii) cash payments equal in value to a prorated portion of any "performance-based awards" under the Company's stock incentive plan, provided that the executive was employed for at least half of the applicable performance period; and (iii) financial planning/counseling services during the salary continuation period to the same extent afforded immediately prior to termination of employment. The CTP gives the Company's Chairman and CEO the discretion to reduce or increase the benefits otherwise payable to, or otherwise modify the terms and conditions applicable to, an eligible executive under the CTP.

## REPORT OF THE GOVERNANCE AND COMPENSATION COMMITTEE

### Overview of Executive Compensation Philosophy and Program

The Governance and Compensation Committee establishes the performance objectives and the compensation of the Company's key executives, including the Chairman and CEO. The Committee consists entirely

## Table of Contents

of independent non-employee directors and is chaired by Dr. McKinnell. The Company's executive compensation program is designed to:

- provide a competitive total compensation package that will retain key executives and motivate them to achieve outstanding performance for the Company;
- link a substantial part of each key executive's compensation to the achievement of the Company's financial and strategic objectives and to the individual's performance; and
- align key executives' rewards with increases in shareholder value.

In establishing compensation of executive officers, the Committee considers pay levels in a compensation peer group (the "Peer Group") consisting of financial services companies with market capitalization comparable to the Company, as well as other factors noted below. The Company's executive compensation program consists of the following three components:

- *Base Salaries.* In setting base salaries, the Committee evaluates a variety of factors, including competitive pay levels, scope of responsibilities, individual performance and prior experience.
- *Annual Cash Incentives.* Through the annual cash incentive program, a significant portion of total cash compensation is "at risk" and is paid based on both Company and individual performance against quantitative and qualitative measures.
- *Longer-Term Incentives.* Long-term compensation consists of stock options and restricted stock and is intended to align executive pay with shareholder value creation.

### Evaluation of Key Executive Performance

Each year, the Governance and Compensation Committee sets financial and non-financial objectives for the Company and key executives in discussion with the Chairman and CEO and after a review by the Board of Directors of the Company's preliminary annual operating budget. In evaluating the performance of the Chairman and CEO and other key executives, the Committee considers the financial performance of the Company and the performance of the key executives in relation to those objectives, and also considers other relevant criteria such as accomplishments of individual executives and of the management team as a whole. The Committee determines aggregate funding of the Company's cash incentive program based on the financial performance of the Company, including the Company's growth in operating income and earnings per share compared with its intermediate-term growth targets, and uses discretion in determining individual cash incentive payouts, with the goal of promoting and rewarding outstanding performance.

The Company's financial performance during 2005 topped our previous record performance in 2004, with revenue increasing by 20% and operating income by 19% year over year. Diluted earnings per share for the full year 2005 were 31% higher than the same period of 2004. These results were above the Company's current normative targets of low teens percent growth in revenue and operating income and mid teens growth in earnings per share. The Company continued to broaden its geographic reach, including opening Moody's Eastern Europe in Russia together with an office in India, and increasing to 40% its investment in Midroog Limited, an Israeli rating agency. The Company also acquired Economy.com, renamed Moody's Economy.com, a leading independent provider of economic, financial, country and industry research, and continued to grow revenues from its new Market Implied Ratings product. These factors demonstrate management's success in executing its operating strategy with regard to new products, geographical expansion and brand extension by capitalizing on the growth of worldwide capital markets, including both developed and developing domestic and cross-border market activity. The Company also successfully executed its financial strategy to return excess capital to shareholders while retaining appropriate financial flexibility. In particular, management implemented an effective share repurchase strategy and tax strategy, successfully refinanced its maturing debt, and delivered excellent value to shareholders during 2005.

Based on these results, and other achievements relevant to individual performance, the Governance and Compensation Committee approved the 2005 compensation awards shown in the Summary Compensation Table.

**Compensation of the Chief Executive Officer**

2005 was a transition year for the Chief Executive Officer position at the Company, as Mr. Rutherford retired in April and Mr. McDaniel assumed the office.

In determining Messrs. Rutherford’s and McDaniel’s 2005 compensation, the Committee considered the performance of the Company, Messrs. Rutherford’s and McDaniel’s individual job performance and Peer Group compensation data provided by an outside consultant, as well as the factors noted above under “Evaluation of Key Executive Performance.”

Based on Mr. Rutherford’s planned retirement date, the Committee increased his base salary from \$900,000 to \$936,000 per annum effective as of January 3, 2005 through April 30, 2005. Based on the Company’s solid financial results, and Mr. Rutherford’s strong performance in managing the business and successfully effecting the transition to the new Chief Executive Officer, the Committee awarded him a pro-rated cash bonus for 2005 of \$552,871.

Based on Mr. McDaniel’s transition to and formal assumption of the Chief Executive Officer title on April 30, 2005, the Committee increased his base salary from \$564,485 to \$675,000 per annum effective as of January 3, 2005. Based on the Company’s solid financial results and Mr. McDaniel’s strong performance in managing the business and continuing to implement its strategy, the Committee awarded him a cash bonus for 2005 of \$1,600,000.

**Tax Deductibility**

Section 162(m) of the Internal Revenue Code limits income tax deductibility of compensation in excess of \$1 million paid to the CEO and the four other most highly compensated individuals serving as executive officers of the Company at the end of the fiscal year to compensation that is “performance-based” as defined under the regulations. Stock options awarded under the Company’s stockholder approved stock incentive plans are performance-based, and any amounts required to be included in an executive’s income upon the exercise of options do not count toward the \$1 million limitation. For other compensation to be performance-based under the regulation, it must be contingent on the attainment of performance goals approved by stockholders, and the attainment of these goals must be certified by a committee of the Board which consists entirely of independent directors.

While the Governance and Compensation Committee generally seeks to maximize the deductibility of compensation paid to executive officers, and annual awards under the 2005 Moody’s Corporation Covered Employee Cash Incentive Plan generally constitute deductible, performance-based compensation, the Committee intends to retain the flexibility necessary to provide cash and equity compensation in line with competitive practice, the Company’s compensation philosophy and the Company’s best interests.

**PERFORMANCE GRAPH**

The following graph compares the total cumulative shareholder return of the Company to the performance of Standard & Poor’s Stock 500 Index (the “S&P 500”) and an index of performance peer group companies (the “Performance Peer Group”).

The Company does not believe there are any publicly traded companies that represent strict peers. However, each of the companies in the Performance Peer Group offers business information products in one or more segments of its business. The Performance Peer Group consists of Dow Jones & Company, Inc., The McGraw-Hill Companies, Pearson PLC, Reuters Group PLC, Thomson Corporation, and Wolters Kluwer nv.

The comparison assumes that \$100.00 was invested in Common Stock and in each of the foregoing indices on December 29, 2000. The comparison also assumes the reinvestment of dividends, if any. The total return for the Common Stock was 389% during the performance period as compared with a total return during the same period of 3% for the S&P 500, and -22% for the Performance Peer Group.

ITEM 3

STOCKHOLDER PROPOSAL

Mr. Nick Rossi, P.O. Box 249, Boonville, California 95415, the beneficial owner of 1,200 shares of Common Stock as custodian for Katrina Wubbolding, has given notice of his intention, through his designee, Mr. John Chevedden, 2215 Nelson Avenue, No. 205, Redondo Beach, California 90278, and/or Mr. Chevedden's designee, to make the following proposal at the Annual Meeting.

**3 — Elect Each Director Annually**

*RESOLVED:* Shareholders request that our Directors take the necessary steps, in the most expeditious manner possible, to adopt and implement annual election of each director. This would include that our director elections completely transition from the current staggered system to 100% annual election of each director in one election cycle if practicable. Also to transition solely through direct action of our board if this is practicable.

The Safeway 2004 definitive proxy is one example of converting from a 100% staggered system to a 100% annual election of each director system in one election cycle. Southwest Airlines began transition to annual election of each director solely through direct action by the Southwest Airlines board in 2005.

Nick Rossi, P.O. Box 249, Boonville, Calif. 95415 submitted this proposal.

**66% Yes-Vote**

Thirty-three (33) shareholder proposals on this topic achieved an impressive 66% average yes vote in 2005 through late September. The Council of Institutional Investors [www.cii.org](http://www.cii.org), whose members have \$3 trillion invested, recommends adoption of this proposal topic.

**Progress Begins with One Step**

The reason to take the above RESOLVED step is reinforced by viewing our overall corporate governance vulnerability. For instance in 2005 it was reported (and corresponding concerns are noted):

- We had no Independent Chairman or Lead Director — Independent oversight concern.
- Shareholders were only allowed to vote on individual directors once in 3-years — Accountability concern.
- An awesome 80% shareholder vote was required to make certain key changes — Entrenchment concern.
- Cumulative voting was not permitted.
- Our directors were protected by a poison pill — Accountability concern.

Additionally:

- Our full Board met only 5-times in a full year — Commitment concern.
- 37% of our directors were allowed to hold from 4 to 5 director seats each — Over-extension concern.
- Our CEO's personal shareholdings declined over the past year.
- Our compensation committee had two active CEOs, Mr. McKinnell from Pfizer, and Mr. Glauber from the NASD.
- Our company had not reported a formal business ethics code.

This list of deficiencies reinforces the reason to adopt the initial RESOLVED statement of this proposal.

Our directors should be comfortable with this proposal because our unopposed directors typically need only one vote for election — out of tens of millions of shares.

**Best for the Investor**

Arthur Levitt, Chairman of the Securities and Exchange Commission, 1993-2001 said:

In my view it's best for the investor if the entire board is elected once a year. Without annual election of each director shareholders have far less control over who represents them.

**Statement of the Board of Directors in Opposition to the Stockholder Proposal**

The Board of Directors unanimously recommends that stockholders vote AGAINST this proposal.

Under our Certificate of Incorporation, the Board is divided into three classes with directors elected to staggered three-year terms. Approximately one-third of the directors stand for election each year, and a majority of the Board can be replaced in the course of two annual meetings occurring approximately one year apart. The Board recognizes that at some companies a classified board structure may be viewed as reducing accountability of the Board to stockholders. However, the Board believes that the Company has demonstrated its ability to maintain accountability and to enhance stockholder value under the Company's existing governance structure. In addition, due to the nature of the Company's business, the Company benefits from the classified board structure through enhanced stability and the ability to pursue long-term strategies in a unique and dynamic economic and regulatory environment.

**Increased Stability.** Moody's primary business of assessing and issuing credit ratings depends in part upon maintaining the confidence of the marketplace and of regulators that the Company's ratings processes are stable, methodical and free from improper influence. The Board believes that its business reputation benefits from stability at the corporate level and that the classified board structure promotes that stability by buffering the Company from potential hostile acquirors or arbitragers that may have only a short-term focus. The classified board structure does not insulate the Company from potential acquisitions or changes in the composition of the Board, and it does not alter the fiduciary responsibility of directors in responding to any such efforts. Instead, it serves to ensure that any person seeking to effect a change in control proceeds at a reasonable pace and either negotiates with the Board or takes its views to stockholders over a period of at least two annual meetings.

**Improved Long-Term Planning.** The nature of the Company's business and the economic and regulatory environment in which it operates are unique and constantly evolving. The Board believes that the continuity made possible by the classified board structure is essential to the proper oversight of a company operating in this environment. As a result of the existing structure, at any given time a majority of the Company's directors have prior experience as a Company director and thus solid knowledge of the Company's complex business and long-term strategy. The Board believes that experienced directors who are knowledgeable about the Company's business environment are a valuable resource and are better positioned to make decisions that are in the best interests of the Company and its stockholders.

**Enhanced Ability to Resist Unfair and Abusive Takeover Tactics.** A classified board structure augments a board's ability to negotiate the best results for shareholders in a potential takeover situation. The Board believes that, when vested with directors — such as the existing Board members — who are strongly committed to enhancing shareholder value, the classified board structure gives the incumbent directors additional opportunity to evaluate the adequacy and fairness of any takeover proposal, negotiate on behalf of all shareholders and weigh alternative methods of maximizing shareholder value. The Board also believes that a board whose majority includes members with a historical perspective of the company is in a better position

## Table of Contents

to recognize and realize appropriate opportunities to enhance shareholder value. Moreover, although a classified board is intended to cause a person seeking to obtain control of the Company to negotiate with the Board, the existence of a classified board will not prevent a person from accomplishing a hostile acquisition.

**Board Accountability.** The Board believes that the benefits of the current classified board structure do not compromise the directors' accountability to stockholders. Directors elected to three-year terms are equally accountable to stockholders as directors elected annually, since all directors are required to uphold their fiduciary duties to the Company and its stockholders, regardless of the length of their term of office. The Board also believes that through the operation of its existing procedures, including the existence of a director retirement policy and the addition of several new directors in recent years, it is able to assure stockholders that its Board composition is appropriate.

Based on the foregoing, the Board has concluded that the Company's classified board structure continues to promote the best interests of the stockholders. **The Board of Directors therefore recommends a vote AGAINST this stockholder proposal.**

### OTHER BUSINESS

The Board of Directors knows of no business other than the matters set forth herein which will be presented at the Annual Meeting.
