PROXY STATEMENT

The Board of Directors (the "Board") of Exact Sciences Corporation (the "Company," "Exact," "we," "us" or "our") is providing these materials to you in connection with Exact's annual meeting of stockholders. The annual meeting will take place on Thursday, July 28, 2016, at 10:00 a.m., local time, at the Monona Terrace Community and Convention Center, 1 John Nolen Drive, Madison, Wisconsin 53703. This proxy statement and the accompanying notice and form of proxy are expected to be first sent to stockholders on or about June 17, 2016.

GENERAL INFORMATION

Why am I receiving these materials?

You have received these proxy materials because our Board of Directors is soliciting your proxy to vote your shares at the annual meeting. The proxy statement includes information that we are required to provide you under Securities and Exchange Commission ("SEC") rules and is designed to assist you in voting your shares.

What is a proxy?

Our Board of Directors is asking for your proxy. This means you authorize persons selected by us to vote your shares at the annual meeting in the way that you instruct. All shares represented by valid proxies received before the annual meeting will be voted in accordance with the stockholder's specific voting instructions.

What is included in these materials?

These materials include:

- the proxy statement for the annual meeting;
- a proxy card for the annual meeting; and
- the 2015 Annual Report to Stockholders, which includes our Annual Report on Form 10-K for the year ended December 31, 2015.

What items will be voted on at the annual meeting?

There are four proposals scheduled to be voted on at the annual meeting:

- the election of the nominees to the Board nominated by our Board of Directors as Class I directors to serve until the 2019 annual meeting of stockholders;
- the advisory vote on the compensation paid to our named executive officers;
- the approval of the Second Amendment to the 2010 Employee Stock Purchase Plan to increase the number of shares reserved for issuance thereunder by 2,000,000 shares; and

- the ratification of the Audit Committee's appointment of BDO USA, LLP ("BDO") as our independent registered public accounting firm for the fiscal year ending December 31, 2016.

The Board of Directors is not aware of any other matters to be brought before the meeting. If other matters are properly raised at the meeting, the proxy holders may vote any shares represented by proxy in their discretion.

What are the board's voting recommendations?

Our Board of Directors recommends that you vote your shares:

- **FOR** the nominees to the Board of Directors as Class I directors to serve until the 2019 annual meeting of stockholders;
- **FOR** the approval of the advisory vote regarding the compensation paid to our executive officers;
- **FOR** the approval of the Second Amendment to the 2010 Employee Stock Purchase Plan to increase the number of shares reserved for issuance thereunder by 2,000,000 shares; and
- **FOR** the ratification of the Audit Committee's appointment of BDO as our independent registered public accounting firm for 2016.

Who can attend the annual meeting?

Admission to the annual meeting is limited to:

- stockholders as of the close of business on June 3, 2016;
- holders of valid proxies for the annual meeting; and
- our invited guests.

Each stockholder may be asked to present valid picture identification such as a driver's license or passport and proof of stock ownership as of the record date.

When is the record date and who is entitled to vote?

The Board of Directors set June 3, 2016 as the record date. All record holders of Exact common stock as of the close of business on that date are entitled to vote. Each share of common stock is entitled to one vote. As of the record date, there were _____ shares of common stock outstanding.

What is a stockholder of record?

A stockholder of record or registered stockholder is a stockholder whose ownership of Exact stock is reflected directly on the books and records of our transfer agent, American Stock Transfer and Trust Company, LLC. If you hold stock through an account with a bank, broker or similar organization, you are considered the beneficial owner of shares held in "street name" and are not a stockholder of record. For shares held in street name, the stockholder of record is your bank, broker or similar organization. We only have access to ownership records for the registered shares. If you are not a stockholder of record, we will require additional documentation to evidence your stock ownership as of the record date, such as a copy of your brokerage account statement, a letter from your broker, bank or other nominee or a copy of your notice or voting instruction card. As described below, if you are not a stockholder of record, you will not be able to vote your shares unless you have a proxy from the stockholder of record authorizing you to vote your shares.

How do I vote?

You may vote by any of the following methods:

- *In person.* Stockholders of record and beneficial stockholders with shares held in street name may vote in person at the meeting. If you hold shares in street name, you must also obtain a proxy from the stockholder of record authorizing you to vote your shares.
- *By mail.* Stockholders of record may vote by signing and returning the proxy card provided.
- *Beneficial owners of shares held in "street name."* You may vote by following the voting instructions provided to you by your bank or broker.

How can I change or revoke my vote?

You may change or revoke your vote as follows:

- *Stockholders of record.* You may change or revoke your vote by submitting a written notice of revocation to Exact Sciences Corporation c/o Secretary at 441 Charmany Drive, Madison, Wisconsin 53719 or by submitting another vote on or before July 27, 2016.
- *Beneficial owners of shares held in "street name."* You may change or revoke your voting instructions by following the specific directions provided to you by your bank or broker.

What happens if I do not give specific voting instructions?

Stockholders of record. If you are a stockholder of record and you sign and return a proxy card without giving specific voting instructions then the proxy holders will vote your shares in the manner recommended by the Board of Directors on all matters presented in this proxy statement and as the proxy holders may determine in their discretion for any other matters properly presented for a vote at the meeting.

Beneficial owners of shares held in "street name." If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is referred to as a "broker non-vote."

Which ballot measures are considered "routine" or "non-routine"?

The election of directors ("Proposal 1"), the advisory vote on the compensation paid to our executive officers ("Proposal 2") and the approval of the Second Amendment to the 2010 Employee Stock Purchase Plan ("Proposal 3") are considered to be non-routine matters under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposals 1, 2 and 3.

The ratification of the appointment of BDO as our independent registered public accounting firm for 2016 ("Proposal 4") is considered to be a routine matter under applicable rules. A broker or other nominee may generally vote on routine matters, and we do not expect there to be any broker non-votes with respect to Proposal 4.

What is the quorum for the annual meeting?

The presence, in person or by proxy, of the holders of a majority of the shares entitled to vote is necessary for the transaction of business at the annual meeting. This is called a quorum.

What is the voting requirement to approve each of the proposals?

The following are the voting requirements for each proposal:

- *Proposal 1, Election of Directors.* The nominees receiving the highest number of votes will be elected as Class I directors to serve until the 2019 annual meeting of stockholders. Under the majority voting policy contained in our Corporate Governance Guidelines, any nominee for director in an uncontested election who receives a greater number of votes "withheld" from his or her election than votes "for" such election must offer his or her resignation as a director to the Corporate Governance & Nominating Committee of the Board of Directors. Upon receipt of this offer of resignation, the Corporate Governance & Nominating Committee will consider the offer of resignation and recommend to the Board of Directors action to be taken with respect to the offer of resignation, including whether or not to accept such offer of resignation. The Board of Directors will then act upon such recommendation and promptly disclose its decision, together with an explanation of the reasons behind such decision.
- *Proposal 2, Advisory Vote on Executive Compensation.* The compensation paid to our named executive officers will be considered approved if a majority of the votes of stockholders present or represented, in person or by proxy, and voting on this matter, are cast in favor of the proposal.
- *Proposal 3, Second Amendment of 2010 Employee Stock Purchase Plan.* Approval of the Second Amendment to the 2010 Employee Stock Purchase Plan to increase the number of shares reserved for issuance thereunder by 2,000,000 shares will be considered obtained if the majority of the votes of stockholders present or represented, in person or by proxy, and voting on this matter, are cast in favor of the proposal.
- *Proposal 4, Ratification of Appointment of Independent Registered Public Accounting Firm.* The ratification of the Audit Committee's appointment of BDO as our independent registered public accounting firm for 2016 will be approved if a majority of stockholders present or represented, in person or by proxy, and voting on this matter are cast in favor of the proposal.

How are abstentions and broker non-votes treated?

Broker non-votes and abstentions are counted for purposes of determining whether a quorum is present. Broker non-votes and abstentions are not counted as votes cast on any proposal considered at the annual meeting and, therefore, will have no effect on the proposals regarding the election of directors, the advisory vote on the compensation of our named executive officers and the Second Amendment of the 2010 Employee Stock Purchase Plan. We expect no broker non-votes on the appointment of BDO as our independent registered public accounting firm for 2016. Abstentions will have no effect on the proposal ratifying the appointment of BDO as our independent registered public accounting firm for 2016.

Who pays for solicitation of proxies?

We are paying the cost of soliciting proxies. We will reimburse brokerage firms and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for sending proxy materials to stockholders and obtaining their votes. In addition to soliciting the proxies by mail, certain of our directors, officers and regular employees, without compensation, may solicit proxies personally or by telephone, facsimile and email.

Where can I find the voting results of the annual meeting?

We will announce preliminary or final voting results at the annual meeting and publish final results in a Form 8-K filed with the SEC within four business days following the meeting.

What is the deadline to propose actions for consideration or to nominate individuals to serve as directors at the 2017 annual meeting of stockholders?

PROPOSAL 1—ELECTION OF DIRECTORS

The Company's Board of Directors currently consists of ten members and is divided into three classes serving terms of three years. Stockholders elect one class of directors at each annual meeting. The class up for election at the 2016 Annual Meeting is Class I, whose members currently include Kevin T. Conroy, John A. Fallon, M.D., David A. Thompson and Katherine S. Zanotti. Upon the recommendation of the Corporate Governance and Nominating Committee of our Board of Directors, the Board of Directors has nominated and recommended Kevin T. Conroy, John A. Fallon, M.D., David A. Thompson and Katherine S. Zanotti for re-election to the Board of Directors as Class I directors.

Shares represented by all proxies received by the Board of Directors and not marked so as to withhold authority to vote for any individual nominee will be voted FOR the election of the nominees named below. The Board of Directors knows of no reason why any nominee would be unable or unwilling to serve, but if such should be the case, proxies may be voted for the election of some other person nominated by the Board of Directors.

In January 2015, the Board of Directors of the Company approved an amendment to the Company's Corporate Governance Guidelines to provide for a majority voting policy in uncontested elections of nominees to the Board of Directors. The Board of Directors adopted the policy as part of its review and evaluation of the Corporate Governance Guidelines and in response to communications received from stockholders. Under the majority voting policy, any nominee for director in an uncontested election who receives a greater number of votes "withheld" from his or her election than votes "for" such election must offer his or her resignation as a director to the Corporate Governance & Nominating Committee of the Board of Directors. Upon receipt of this offer of resignation, the Corporate Governance & Nominating Committee will consider the offer of resignation and recommend to the Board of Directors action to be taken with respect to the offer of resignation, including whether or not to accept such offer of resignation. The Board of Directors will then act upon such recommendation and promptly disclose its decision, together with an explanation of the reasons behind such decision. Our majority voting policy is set forth in our Corporate Governance Guidelines, which can be found on our website located at www.exactsciences.com under "Investor Relations—Corporate Governance."

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

Board Independence

The Board of Directors has determined that each of Thomas D. Carey, James E. Doyle, John A. Fallon, M.D., Daniel J. Levangie, Lionel N. Sterling, David A. Thompson, Michael S. Wyzga and Katherine S. Zanotti is an independent director within the meaning of the director independence standards of The NASDAQ Stock Market, Inc. ("NASDAQ"). Furthermore, the Board has determined that all of the members of the Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee are independent within the meaning of the director independence standards of NASDAQ and the rules of the SEC applicable to each such committee.

Executive Sessions of Independent Directors

Executive sessions of our independent directors are generally scheduled following each regularly scheduled in-person meeting of the Board of Directors. Executive sessions do not include any non-independent directors and are led by the lead independent director, David A. Thompson, who is independent.

Board Leadership Structure

Currently, Mr. Conroy serves as both the Chairman of the Board and the Chief Executive Officer of the Company. Our bylaws permit these positions to be held by the same person, and the Board believes that it is in the best interests of the Company to retain flexibility in determining whether to separate or combine the roles of Chairman and Chief Executive Officer based on our circumstances. While the Board does not have a formal policy regarding the separation of the roles of Chairman and Chief Executive Officer, the Board recognizes that one of its key responsibilities is to evaluate and determine its optimal leadership structure so as to provide independent oversight of senior management, a highly engaged Board of Directors, and the right balance between (i) effective independent oversight of the Company's business, (ii) the Board's activities and (iii) consistent corporate leadership. The Board is open to, and assesses on at least an annual basis, different structures that provide such an optimal leadership structure, particularly given the dynamic and competitive environment in which the Company operates. As part of its most recent such assessment, the independent directors gave thorough consideration to a number of factors, including, but not limited to, the strategic goals of the Company, the dynamics of our Board, best practices within our industry, and the status of the Company's progress with respect to certain key strategic initiatives.

Based upon these considerations, the independent directors determined to maintain the Board's current leadership structure with Mr. Conroy serving as both the Chairman of the Board and the Chief Executive Officer of the Company. The independent directors based this determination on (1) Mr. Conroy's extensive experience in and knowledge of the Company, the diagnostics industry and the regulatory environment, (2) the highly effective bridge Mr. Conroy's service provides between the Board and the Company's management, (3) Mr. Conroy's continued leadership and vision necessary to lead the Board and the Company through its challenging industry and macroeconomic environments, and (4) Mr. Conroy's investor-focused perspective.

Our Corporate Governance and Nominating Committee Charter provides that at any time that the Company does not have an independent Chairman of the Board, the chairperson of the Corporate Governance and Nominating Committee shall also serve as our lead independent director. As such, David A. Thompson serves as our lead independent director. The independent directors believe that Mr. Thompson has demonstrated, and will continue to demonstrate, forceful, energetic and independent leadership and thought in that position.

The Board—which consists entirely of independent directors other than Mr. Conroy and Mr. Arora—exercises a strong, independent oversight function. This oversight function is enhanced by the fact that our Audit, Compensation and Corporate Governance and Nominating Committees are comprised entirely of independent directors. Further, our Board meetings include regular executive sessions of the independent directors and an annual evaluation of our CEO's performance against pre-determined goals. The Board can and will change its leadership structure if the Board determines that doing so is in the best interest of the Company and its stockholders.

Policy Governing Security Holder Communications with the Board of Directors

As set forth in our Corporate Governance Guidelines, a copy of which is available at www.exactsciences.com, security holders who wish to communicate directly with the Board, the independent directors of the Board or any individual member of the Board may do so by sending such communication by certified mail addressed to the Chairman of the Board, as a representative of the entire Board of Directors, the Lead Independent Director, as a representative of the independent directors of the Board, or to the individual director or directors, in each case, c/o Secretary, Exact Sciences Corporation, 441 Charmany Drive, Madison, Wisconsin 53719. The Secretary reviews any such security holder communication and forwards relevant communications to the addressee.

Policies Regarding Director Nominations

The Board of Directors has adopted a policy concerning director nominations, a copy of which is available at www.exactsciences.com. Set forth below is a summary of certain provisions of this policy.

Director Qualifications

The Corporate Governance and Nominating Committee is responsible for identifying the appropriate qualifications, skills and characteristics desired of members of the Board of Directors in the context of the needs of the business and the current composition and needs of the Board of Directors.

Director candidates are considered based upon a variety of criteria, including demonstrated business and professional skills and experiences relevant to our business and strategic direction, concern for long-term stockholder interests, personal integrity and sound business judgment. The Board of Directors seeks members from diverse professional backgrounds who combine a broad spectrum of relevant industry and strategic experience and expertise that, in concert, offer us and our stockholders diversity of opinion and insight in the areas most important to us and our corporate mission. In addition, nominees for director are selected to have complementary, rather than overlapping, skill sets. However, the Corporate Governance and Nominating Committee does not have a formal policy

concerning the diversity of the Board of Directors. All candidates for director nominee must have time available to devote to the activities of the Board of Directors. The Corporate Governance and Nominating Committee also considers the independence of candidates for director nominee, including the appearance of any conflict in serving as a director. Candidates for director nominees who do not meet all of these criteria may still be considered for nomination to the Board of Directors if the Corporate Governance and Nominating Committee believes that the candidate will make an exceptional contribution to us and our stockholders.

Process for Identifying and Evaluating Director Nominees

The Board of Directors is responsible for selecting nominees for election to the Board of Directors by our stockholders. The Board of Directors delegates the selection process to the Corporate Governance and Nominating Committee, with the expectation that other members of the Board of Directors, and of management, may be requested to take part in the process as appropriate. Generally, the Corporate Governance and Nominating Committee identifies candidates for director nominees in consultation with management, through the use of search firms or other advisers, through the recommendations submitted by other directors or stockholders or through such other methods as the Corporate Governance and Nominating Committee deems appropriate. Once candidates have been identified, the Corporate Governance and Nominating Committee confirms that the candidates meet the qualifications for director nominees established by the Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee may gather information about the candidates through interviews, detailed questionnaires, comprehensive background checks, or any other means that the Corporate Governance and Nominating Committee deems to be helpful in the evaluation process. The Corporate Governance and Nominating Committee then meets as a group to discuss and evaluate the qualities and skills of each candidate, both on an individual basis and taking into account the overall composition and needs of the Board of Directors. Based on the results of the evaluation process, the Corporate Governance and Nominating Committee recommends candidates for the Board of Directors' approval as nominees for election to the Board of Directors. The Corporate Governance and Nominating Committee also recommends candidates for the Board of Directors' appointments to the standing committees of the Board of Directors.

Procedures for Recommendation of Director Nominees by Stockholders

The policy of the Corporate Governance and Nominating Committee is to consider properly submitted stockholder recommendations for director candidates. To submit a recommendation to the Corporate Governance and Nominating Committee for director nominee candidates, a stockholder must make such recommendation in writing and include:

- the name and address of the stockholder making the recommendation, as they appear on our books and records, and of such record holder's beneficial owner, if any;
- the class and number of shares of our equity that are owned beneficially and held of record by such stockholder and such beneficial owner including all "synthetic equity instruments" (e.g., derivatives, swaps, hedges, etc.), voting rights, rights to fees, dividends, or other material rights;
- a description of the material terms of any agreements, arrangements or understandings (whether or not in writing) entered into between such stockholder or such beneficial owner and any other person for the purpose of acquiring, holding, disposing or voting of any shares of any class of our equity;
- the name of the individual recommended for consideration as a director nominee;

- why such recommended candidate meets our criteria and would be able to fulfill the duties of a director;
- how the recommended candidate meets applicable independence requirements established by the SEC and NASDAQ;
- the recommended candidate's beneficial ownership in our securities;
- any relationships between the recommended candidate and us which may constitute a conflict of interest; and
- all other information relating to the recommended candidate that would be required to be disclosed in solicitations of proxies for the election of directors or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act, including the recommended candidate's written consent to being named in the proxy statement as a nominee and to serving as a director if approved by the Board of Directors and elected.

Recommendations must be sent to the Chairman of the Corporate Governance and Nominating Committee, c/o Secretary, Exact Sciences Corporation, 441 Charmany Drive, Madison, Wisconsin 53719. The Secretary must receive any such recommendation for nomination not later than the close of business on the 120th day nor earlier than the close of business on the 150th day prior to the first anniversary of the date of the proxy statement delivered to stockholders in connection with the preceding year's annual meeting of stockholders; provided, however, that with respect to a special meeting of stockholders called by us for the purpose of electing directors to the Board of Directors, the Secretary must receive any such recommendation not earlier than the 90th day prior to such special meeting nor later than the later of (1) the close of business on the 60th day prior to such special meeting or (2) the close of business on the 10th day following the day on which a public announcement is first made regarding such special meeting. We will promptly forward any such nominations to the Corporate Governance and Nominating Committee. Once the Corporate Governance and Nominating Committee receives a recommendation for a director candidate, such candidate will be evaluated in the same manner as other candidates and a recommendation with respect to such candidate will be delivered to the Board of Directors.

Policy Governing Director Attendance at Annual Meetings of Stockholders

Our policy is to schedule a regular meeting of the Board of Directors on the same date as our annual meeting of stockholders and, accordingly, directors are encouraged to be present at such stockholder meetings. All of our board members serving on the Board of Directors at the time of the 2015 annual meeting attended the 2015 annual meeting of stockholders.

Code of Business Conduct and Ethics

We have in place a Code of Business Conduct and Ethics (the "Code of Ethics") that applies to all of our directors, officers and employees. The Code of Ethics is designed to deter wrongdoing and promote:

- honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- full, fair, accurate, timely and understandable disclosure in reports and documents that we file with, or submit to, the SEC and in other public communications that we make;
- compliance with applicable governmental laws, rules and regulations;
- the prompt internal reporting of violations of the Code of Ethics to an appropriate person identified in the Code of Ethics;
- accountability for adherence to the Code of Ethics; and
- anonymous reporting of violations of the Code of Ethics via reporting mechanisms approved by our Audit Committee.

A current copy of the Code of Ethics is available at www.exactsciences.com. A copy may also be obtained, free of charge, from us upon a request directed to Exact Sciences Corporation, 441 Charmany Drive, Madison, Wisconsin 53719, attention: Investor Relations. We intend to disclose any amendments to or waivers of a provision of the Code of Ethics by posting such information on our website available at www.exactsciences.com and/or in our public filings with the SEC.

Role of the Board of Directors in Risk Oversight

The Board of Directors administers its risk oversight function directly and through the Audit Committee and the Compensation Committee. The Audit Committee regularly discusses with management the Company's major risk exposures, their potential financial impact on the Company, and the steps taken to monitor and control those risks and reviews with management annually a summary of risk management activities including an insurance review, a review of management's precautionary plans for disaster protection, and a review of the Company's policies and procedures with respect to cybersecurity threats and related issues. Additionally, the Audit Committee assists the Board in its oversight of the Company's compliance with legal and regulatory matters. The Compensation Committee, together with management, has reviewed the Company's compensation policies and practices and concluded that such policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is comprised of John A. Fallon, M.D., Daniel J. Levangie, Lionel N. Sterling and Michael S. Wyzga. None of the members of the Audit Committee is an officer or employee of the Company, and the Board of Directors has determined that each member of the Audit Committee meets the independence requirements promulgated by The NASDAQ Stock Market and the SEC, including Rule 10A-3(b)(1) under the Exchange Act.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls and the certification of the integrity and reliability of the Company's internal controls procedures. In fulfilling its oversight responsibilities, the Audit Committee has reviewed the Company's audited consolidated balance sheets at December 31, 2015 and 2014 and the related consolidated statements of operations, comprehensive loss, stockholders' equity and cash flows for each of the three years in the period ended December 31, 2015, and has discussed them with both management and BDO USA, LLP ("BDO"), the Company's independent registered public accounting firm. The Audit Committee has also discussed with the independent registered public accounting firm the matters required to be discussed by the Auditing Standard No. 16, *Communications with Audit Committees*, as adopted by the Public Company Accounting Oversight Board. The Audit Committee has reviewed permitted services under rules of the SEC as currently in effect and discussed with BDO their independence from management and the Company, including the matters in the written disclosures and the letter from the independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence. The Audit Committee has also considered and discussed the compatibility of non-audit services provided by BDO with that firm's independence.

Based on its review of the consolidated financial statements and the aforementioned discussions, the Audit Committee concluded that it would be reasonable to recommend, and on that basis did recommend, to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2015.

Respectfully submitted by the Audit Committee.

THE AUDIT COMMITTEE:

Lionel N. Sterling, *Chairperson*
John A. Fallon, M.D.

Compensation Discussion and Analysis

Executive Summary

This Compensation Discussion and Analysis explains our executive compensation program as it relates to our "named executive officers," whose compensation information is presented in the following tables and discussion in accordance with SEC rules:

<u>Name</u>	<u>Position</u>
Kevin T. Conroy	Chairman, President and Chief Executive Officer
Maneesh K. Arora	Senior Vice President and Chief Operating Officer
Graham P. Lidgard	Senior Vice President and Chief Science Officer
D. Scott Coward	Senior Vice President, General Counsel and Secretary
William J. Megan	Former Senior Vice President, Finance*

* In January 2016, John K. Bakewell joined us as our Chief Financial Officer. Mr. Megan left the Company in February 2016.

Our executive compensation program is designed to focus executive behavior on achievement of both our annual and long-term objectives and strategy as well as align the interests of management with those of our stockholders. To that end, executive compensation consists of three primary elements: salary, long-term equity interests and an annual cash bonus opportunity based on individual and corporate performance.

Based on our assessment of the performance of the executives and our compensation philosophy as described in this *Compensation Discussion and Analysis*, we took the following actions regarding 2015 compensation:

- Increased the base salaries of Mr. Conroy, Mr. Arora, Dr. Lidgard and Mr. Megan from \$500,000 to \$575,000, \$400,000 to \$440,000, \$357,000 to \$380,000 and \$260,000 to \$283,300, respectively, to recognize contributions of these individuals to the Company. The Company also set Mr. Coward's initial base salary at \$350,000, which was increased to \$360,000 by the Compensation Committee in January 2016;
- Increased Mr. Conroy's target bonus opportunity from 65% to 70% of base salary to bring such target bonus compensation to the market 50th percentile, and increased Mr. Arora's target bonus opportunity from 55% to 60% of base salary to bring such target bonus compensation to the market 50th percentile. The Company also set Mr. Coward's target bonus opportunity at 40% of base salary;
- Granted annual equity awards with time-based vesting terms to Mr. Conroy, Mr. Arora, Dr. Lidgard, Mr. Coward and Mr. Megan at the market 60th percentile, consisting of stock option awards covering 71,000, 32,800, 24,500, 17,500 and 7,800 shares, respectively, and restricted stock unit awards covering 97,600, 45,100, 33,700, 24,100 and 10,800 shares, respectively; and
- Granted equity awards with performance-based and time-based vesting terms to Mr. Conroy, Mr. Arora, Dr. Lidgard, Mr. Coward and Mr. Megan consisting of performance share units covering, (i) at the target amounts, 59,300, 32,900, 18,900, 18,300 and 6,000 shares, respectively and (ii) upon achievement of all performance-based vesting terms contained therein, 88,950, 49,350, 28,350, 27,450 and 9,000 shares, respectively, which, when combined with the annual equity awards discussed above, brought equity compensation in 2015 to the market 80th percentile (assuming the performance-based vesting goals, which were based on certain revenue targets, were achieved for such target amounts). Based on the evaluation of the Compensation Committee, none of the performance-based vesting goals were achieved by any of the executives, all such awards were forfeited, and the executives will not realize any value in connection with the awards.

In addition, in connection with his joining the Company and pursuant to his employment agreement, in January 2015, we granted Mr. Coward a restricted stock unit award covering 75,000 shares.

In 2014, the Company did not issue performance-based equity compensation to its named executive officers because of an insufficient number of shares available under the Company's 2010 Omnibus Long-Term Incentive Plan. The Compensation Committee set total equity compensation for fiscal year 2015 for the Company's named executive officers at approximately the market 80th percentile in part to compensate such named executive officers for the lack of performance-based equity compensation received in fiscal year 2014.

Our executive compensation is discussed in greater detail in the sections that follow. The Compensation Committee will continue to evaluate our overall compensation structure and awards to ensure that they are reflective of the performance of our executive officers and our Company and are consistent with our compensation objectives.

Objectives of Our Executive Compensation Program

Our compensation program for our executive officers is designed to achieve the following objectives:

- Focus executive behavior on achievement of our annual and long-term objectives and strategy;
- Provide a competitive compensation package that enables us to attract and retain, on a long-term basis, talented executives;
- Provide a total compensation structure that the Compensation Committee believes is at least comparable with similarly-sized companies in the life sciences industry with which we would compete for talent; and
- Align the interests of management and stockholders by providing management with long-term incentives through equity ownership.

Elements of Executive Compensation

Our executive compensation program consists of three primary elements: salary, long-term equity interests, and an annual cash bonus opportunity based on both corporate and individual performance. Pursuant to their employment agreements, certain of our executive officers participate in a long-term incentive plan that provides for certain cash payments upon certain changes of control of the Company. All of our executive officers are also eligible for certain benefits offered to employees generally, including, life, health, disability, dental and vision insurance, as well as participation in our 401(k) plan and 2010 Employee Stock Purchase Plan. We do not currently believe it is necessary for the attraction or retention of management talent to provide executive officers with compensation in the form of perquisites.

Determining Executive Compensation

It is the responsibility of the Compensation Committee to administer our compensation practices, to ensure that they are competitive and financially prudent and that they include incentives that are designed to appropriately drive performance. To achieve this, the Compensation Committee periodically reviews commercially-available, industry-specific compensation data for companies of generally similar employee size, complexity and market capitalization in the biotechnology and diagnostics industries as a general guide for establishing our pay and equity practices and structures. The Compensation Committee, along with the Board of Directors, also reviews and approves corporate objectives used in our executive compensation program to confirm that appropriate goals have been established and tracks performance against them. On an annual basis, the Compensation Committee reviews tally sheets reflecting each executive officer's compensation history with respect to each element of compensation, as well as projected payouts that would come due in connection with a termination or change of control.

The Compensation Committee conducts an annual review of performance and compensation during the first quarter of each year for the purpose of determining the compensation of executive officers other than the Chief Executive Officer. As part of this review, the Chief Executive Officer submits recommendations to the Compensation Committee relating to the compensation of these officers. Following a review of these recommendations, the Compensation Committee approves the compensation of these officers, with such modifications to the Chief Executive Officer's recommendations as the Compensation Committee considers appropriate.

The Compensation Committee's review of the Chief Executive Officer's compensation is subject to separate procedures. With input from members of the entire Board of Directors, the Lead Independent Director, along with the Compensation Committee, evaluates the Chief Executive Officer's performance

and reviews the evaluation with him. Based on that evaluation and review and consultation with its independent compensation consultant, the Compensation Committee then determines the Chief Executive Officer's compensation. The Chief Executive Officer is not permitted to attend meetings of the Compensation Committee during voting or deliberations regarding his compensation.

The Compensation Committee has engaged Radford, an Aon Hewitt Consulting Company ("Radford"), as its independent executive compensation consultant. The Compensation Committee has assessed the independence of Radford pursuant to SEC and listing exchange rules and concluded that no conflict of interest exists that would prevent Radford from serving as an independent consultant to the Compensation Committee.

Analysis of Executive Compensation

Pursuant to its engagement, in early 2015 Radford provided the Compensation Committee an annual review of the competitiveness of our executive compensation program, including the competitiveness of our base salaries, target total cash compensation, long-term incentives, and target total direct compensation.

Radford analyzed the components of our executive compensation program against information blended from (1) proxy statement data from a peer group of companies that consisted of publicly-traded diagnostic, biotechnology and medical device companies that were similar to the Company in terms of headcount, stage of development and market capitalization and (2) survey data from a broader group of public diagnostics, medical device and biopharma companies with headcount between 100 and 1,000 employees.

The Compensation Committee seeks to identify an executive compensation peer group of approximately 20 companies in the diagnostic, biotechnology and medical device industries at a similar stage of development and comparable financial profile that may compete with the Company for executive talent. Based on Radford's review and recommendations regarding the Company's executive compensation peer group, the Compensation Committee approved a new peer group for 2015. In its review, Radford focused on creating a peer group that:

- Represented companies operating in the diagnostics, medical device and biotechnology industries;
- Contained commercialized companies with respect to the stage of such companies' development; and
- Captured comparable companies in terms of revenue, employee size and market capitalization.

Based on Radford's recommendations, the Compensation Committee (1) removed eight companies from the prior year's peer group due to varying reasons, including below-scope market values, revenues, employee sizes and stages of development and acquisitions and (2) added eleven companies to the prior year's peer group (Abaxis, Aegerion, Arena, ARIAD, Avanir, Depomed; DexCom; Insulet; Ionis; Nektar; Pacira) that met the stated criteria.

The companies in the peer group were:

<u>Company</u>	<u>Industry</u>
Abaxis	Health Care Equipment
Aegerion Pharmaceuticals	Biotechnology
AMAG Pharmaceuticals	Biotechnology
Arena Pharmaceuticals	Biotechnology
ARIAD Pharmaceuticals	Biotechnology
Avanir Pharmaceuticals	Pharmaceuticals
DepoMed	Pharmaceuticals
DexCom	Health Care Equipment
Dyax	Biotechnology
Halozyme Therapeutics	Biotechnology
ImmunoGen	Biotechnology
Insulet	Health Care Equipment
Intermune	Biotechnology
Ionis Pharmaceuticals	Biotechnology
Ironwood Pharmaceuticals	Biotechnology
Nektar Therapeutics	Pharmaceuticals
NPS Pharmaceuticals	Biotechnology
Pacira Pharmaceuticals	Pharmaceuticals
Quidel	Health Care Equipment
Synageva BioPharma	Biotechnology

Based on Radford's analysis, we reached the following conclusions regarding our executive compensation program relative to our peer group:

- Base salary levels for our named executive officers would remain targeted between the 25th percentile and 50th percentile.
- Total cash compensation (base salary plus annual cash bonus opportunity) levels for our named executive officers would remain targeted between the 40th and 50th percentile.
- The aggregate value of the long-term incentive compensation awarded to our named executive officers would generally remain between the 50th and 75th percentile; provided, that for fiscal year 2015 only, such long-term incentive compensation would be targeted at approximately the 80th percentile, in part to compensate such named executive officers for the lack of performance-based equity compensation received in fiscal year 2014 due to an insufficient number of shares available for issuance under the Company's 2010 Omnibus Long-Term Incentive Plan.

Radford also provided us with an assessment of our annual equity burn rate and the retentive value of equity awards held by our executives as well as an analysis of the alignment of Company performance and CEO compensation.

Based on our assessment of the performance of the executives and our compensation philosophy as described in this *Compensation Discussion and Analysis*, in early 2015 we took the following actions:

- Increased the base salaries of Mr. Conroy, Mr. Arora, Dr. Lidgard and Mr. Megan from \$500,000 to \$575,000, \$400,000 to \$440,000, \$357,000 to \$380,000 and \$260,000 to \$283,300, respectively, to recognize the contributions of these individuals to the Company. The Company set Mr. Coward's initial base salary at \$350,000, which was increased to \$360,000 by the Compensation Committee in January 2016;
- Increased Mr. Conroy's target bonus opportunity from 65% to 70% of base salary to recognize his exceptional performance, highlighted by the CMS reimbursement rate for Cologuard, and

increased Mr. Arora's target bonus opportunity from 55% to 60% of base salary to recognize his high level of performance and importance to the Company. The Company also set Mr. Coward's target bonus opportunity at 40% of base salary;

- Granted annual equity awards with time-based vesting terms to Mr. Conroy, Mr. Arora, Dr. Lidgard, Mr. Coward and Mr. Megan at the market 60th percentile, consisting of stock option awards covering 71,000, 32,800, 24,500, 17,500, and 7,800 shares, respectively, and restricted stock unit awards covering 97,600, 45,100, 33,700, 24,100 and 10,800 shares, respectively;
- Granted equity awards with performance-based and time-based vesting terms to Mr. Conroy, Mr. Arora, Dr. Lidgard, Mr. Coward and Mr. Megan consisting of performance share units covering (i) at the target amounts, 59,300, 32,900, 18,900, 18,300 and 6,000 shares, respectively and (ii) upon achievement of all performance-based vesting terms contained therein, 88,950, 49,350, 28,350, 27,450 and 9,000 shares, respectively, which, when combined with the annual equity awards discussed above, brought equity compensation granted in 2015 to the market 80th percentile (assuming the performance-based vesting goals, which were based on certain revenue targets, were achieved for such target amounts). Based on the evaluation of the Compensation Committee, none of the performance-based vesting goals were achieved by any of the executives, all such awards were forfeited, and the executives will not realize any value in connection with the awards; and
- Granted an additional time-based vesting restricted stock unit award to Mr. Coward covering 75,000 shares, which additional award was intended to serve as a New Hire Grant in connection with Mr. Coward's entering into employment with the Company.

2015 Bonus Plan

The Compensation Committee believes that a significant portion of our executives' compensation should be "at risk:" in other words, contingent upon successful implementation of our strategy and goals. Accordingly, one component of our executive compensation program is an annual cash bonus opportunity pursuant to which each of our executive officers is eligible to earn an annual cash bonus with a specified target amount equal to a percentage of base salary with the actual bonus awarded to be based upon the achievement of corporate and individual performance goals determined by the Compensation Committee in its discretion. In March 2015, the Compensation Committee approved metrics to be used to determine 2015 bonuses, which included (1) the growth of Cologuard revenue, (2) world-class service and (3) pipeline development. Our named executive officers were eligible to earn bonuses for 2015 performance equal to up to 150% of their target bonuses, which were target bonuses of 70% of base salary for Mr. Conroy, 60% of base salary for Mr. Arora, and 40% of base salary for Dr. Lidgard, Mr. Coward and Mr. Megan. The Compensation Committee determined actual bonus payments after the end of 2015 based on the Committee's assessment of the performance of the Company and of the individual executives relative to the business goals and weightings as described in the chart below.

Performance against the applicable goals is expected to be used by the Compensation Committee in determining annual bonus payments. However, in determining actual bonus payments the Compensation Committee ultimately relies on its judgement after a comprehensive review of Company and individual performance, as well as consideration of qualitative and other factors, without being tied to any formulas or pre-established weightings. The Compensation Committee has ultimate discretion to modify the matrix and may periodically revisit goals and weightings as circumstances change (though the Committee did not make any such modifications with respect to 2015 bonuses).

In determining 2015 bonus awards, the Compensation Committee considered the executive team's achievement of a variety of business plan goals, as follows:

Goal	Performance Measures	Weighting
Grow Cologuard revenue	• Certain revenue targets	50%
World-class service	• Greater than 70% patient compliance • Customer satisfaction metrics • Key quality metrics • Gallup's "World Class" employee engagement metric	25%
Pipeline development	• Cologuard support and improvements • Esophageal products • Screening tests for IBD patients • Cologuard development in China	25%

After considering the executive team's achievement of key business plan goals, the Compensation Committee determined to award cash bonuses for 2015 performance to Mr. Conroy, Mr. Arora, Dr. Lidgard, Mr. Coward and Mr. Megan of \$277,725, \$182,160, \$104,880, \$99,360 and \$78,191, respectively. These amounts represented payments at 69% of target.

Annual Equity Awards

We believe successful long-term Company performance is more critical to enhancing stockholder value than short-term results. For this reason and to conserve cash and better align the interests of management and stockholders, we emphasize long-term equity compensation over annual salary and incentive compensation awards.

In March 2015, we made annual equity awards to the executives consisting of time-based restricted stock units and stock options. Mr. Conroy, Mr. Arora, Dr. Lidgard, Mr. Coward and Mr. Megan received stock option awards covering 71,000, 32,800, 24,500, 17,500 and 7,800 shares, respectively. The shares underlying these options vest and become exercisable in four equal annual installments beginning on the first anniversary of the grant date. Additionally, Mr. Conroy, Mr. Arora, Dr. Lidgard, Mr. Coward and Mr. Megan received restricted stock unit awards covering 97,600, 45,100, 33,700, 24,100 and 10,800 shares, respectively. These restricted stock unit awards vest in four equal annual installments beginning on the first anniversary of the grant date.

These awards were intended to further align compensation with achievement of key business plan goals and to motivate the retention of our executives. The Compensation Committee believes that annual equity awards provide executive officers with the opportunity to acquire long-term stock ownership positions, which directly motivate them to maximize long-term stockholder value and that time-based vesting of these awards helps us to retain our leadership team in an extremely competitive environment.

2015 Special Equity Award to Mr. Coward

In addition, in connection with his joining the Company and pursuant to his employment agreement, in January 2015, we awarded Mr. Coward a restricted stock unit award covering 75,000 shares. These restricted stock units vest as follows: 25% on the one-year anniversary of grant and the balance in equal quarterly installments.

2015 Performance Share Unit Awards

In March 2015, we awarded Mr. Conroy, Mr. Arora, Dr. Lidgard, Mr. Coward and Mr. Megan performance share unit awards covering, (i) at the target amounts, 59,300, 32,900, 18,900, 18,300 and 6,000 shares, respectively and (ii) upon achievement of all performance-based vesting terms contained therein, 88,950, 49,350, 28,350, 27,450 and 9,000 shares, respectively. Each executive could earn additional performance share units upon the achievement of certain performance-based goals in excess of the target. The performance share units were to be earned upon the Company's achievement of certain revenue targets in fiscal year 2015, and any earned performance share units would vest in three equal annual installments beginning on December 31, 2015. Based upon the Company's failure to achieve certain 2015 revenue targets, the Compensation Committee determined that none of these awards were earned by any of the executives and the executives will not realize any value in connection with the awards.

Other Compensation

We also permit executive officers to purchase common stock at a discount through our 2010 Employee Stock Purchase Plan on the same terms and conditions as our other employees. Executive officers may also participate in our 401(k) Plan which allows for the investment of a portion of plan assets in shares of our common stock. The Compensation Committee approved a discretionary matching Company contribution to our 401(k) Plan for 2015. The matching contribution was made using Company stock in an amount equal to 100% of an employee's total deferrals into the plan up to a limit of 6% of the employee's total compensation (subject to IRS limits).

Role of Stockholder Say-on-Pay Votes

We provide our stockholders with the opportunity to cast an annual advisory vote on executive compensation (a "say-on-pay proposal"). At the Company's annual meeting of stockholders held in July 2015, approximately 95% of the votes cast on the say-on-pay proposal at the meeting were voted in favor of the proposal. The Compensation Committee believes this vote affirms our stockholders' support of the Company's approach to executive compensation and did not make specific changes to our executive compensation program in response to the vote. However, the Compensation Committee continues to review and refine the design and administration of our executive pay practices. The Compensation Committee also will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for our named executive officers.

Stock Ownership Guidelines

We maintain Stock Ownership Guidelines to encourage ownership of shares of the Company's Common Stock by our directors and senior executives, to further align their interests with the long-term interests of our stockholders, and to further promote the Company's commitment to sound corporate governance. Under these guidelines, directors and senior executives have until the later of

[Table of Contents](#)

(i) April 21, 2019 and (ii) three years from the date the director or senior executive becomes subject to the guidelines, to achieve an ownership target determined as follows:

Position	Ownership Targets: Lower of:	
	Base Salary Multiple	Fixed Share Target
Board of Directors	Number of shares with a stock value equal to or greater than 3 times annual retainer	Number of shares equal to or greater than annual retainer, divided by stock value, multiplied by 3
CEO	Number of shares with a stock value equal to or greater than 6 times base salary	Number of shares equal to or greater than base salary, divided by stock value, multiplied by 6
Senior Executive Officers	Number of shares with a stock value equal to or greater than 2 times base salary	Number of shares equal to or greater than base salary, divided by stock value, multiplied by 2

Under the Base Salary Multiple, "stock value" is calculated annually at the end of each fiscal year based on the average of the closing prices of our common stock for the last 30 trading days of the fiscal year.

Under the Fixed Share Target, "stock value" is calculated as of the later of (1) April 21, 2016, and (2) the date the director or senior executive originally becomes subject to the Stock Ownership Guidelines, as the case may be, based on the average of the closing prices of our common stock for the 30 days leading up to, and inclusive of, the applicable date.

Under the Base Salary Multiple and the Fixed Share Target, "annual retainer" or "base salary" is the director's annual retainer or the senior executive's base salary, as applicable, at the end of each fiscal year (at which time each director's and senior executive's compliance with the Stock Ownership Guidelines is assessed).

Following the initial three-year period that the director or senior executive is afforded to achieve his or her individual ownership target under the Stock Ownership Guidelines, until a director or senior executive has satisfied the applicable ownership target, the director or senior executive is required to retain an amount equal to 25% of the net shares received as the result of the exercise, vesting or payment of any Company equity awards granted to the director or executive. This amount is calculated using the closing price of our common stock on the trading day immediately preceding the date of exercise, vesting or payment of such equity award. Once a director or senior executive achieves his or her individual ownership target, the retention requirements as described above no longer will apply to such director or senior executive unless a disposition by such director or senior executive would cause such individual's stock ownership to fall below his or her ownership target.

Shares of our common stock that count toward satisfaction of the ownership targets include:

- Shares directly owned—by the director or senior executive or his or her immediate family members or held in trust for the benefit of the director or senior executive or his or her immediate family members;
- Shares held by the director or senior executive in a retirement plan, employee stock ownership plan, IRA, or similar plan or account (in each case to the extent vested);
- Shares owned by a partnership, limited liability company, or other entity to the extent of the director's or senior executive's interest therein (or the interest therein of his or her immediate family members), but only if the director or senior executive has the power to vote or dispose of the shares;

- Vested restricted shares, restricted stock units, deferred stock units and performance shares that may only be settled in shares;
- "In the money" vested stock options; and
- Shares held in the Company's 2010 Employee Stock Purchase Plan or any successor plan.

Shares that do not count toward the ownership targets include:

- Unvested stock options, restricted shares, restricted stock units, and deferred stock units;
- Vested deferred stock units, restricted stock units, or performance shares that may be settled in cash;
- "Out of the money" vested stock options; and
- Performance restricted shares or performance equity units not yet vested.

As of April 21, 2016, each of our directors and senior executives was in compliance with, or was in the process of compliance with, the Stock Ownership Guidelines.

Restrictions on Hedging and Pledging of Company Securities

Our Insider Trading Policy prohibits short sales of our securities, including a "sale against the box," by our directors and executives. Our Insider Trading Policy also prohibits directors and executives from engaging in hedging or monetization transactions, such as zero-cost collars and forward sale contracts, as they involve the establishment of a short position in our securities. Our Insider Trading Policy also prohibits directors and executives from holding our securities in a margin account or pledging such securities as collateral for a loan. Provisions in our Insider Trading Policy that previously would have in certain limited circumstances permitted for exceptions from the hedging and pledging restrictions were eliminated in 2015.

Employment Agreements with Named Executive Officers

In April 2009, Kevin T. Conroy and Maneesh K. Arora joined us as our President & Chief Executive Officer and Senior Vice President & Chief Financial Officer, respectively. In February 2012, Mr. Arora was promoted to Chief Operating Officer in addition to his title of Chief Financial Officer. In August 2013, William J. Megan joined us as Senior Vice President, Finance and Mr. Arora dropped the title of Chief Financial Officer. In January 2016, John K. Bakewell joined us as our Chief Financial Officer, and, in February 2016, Mr. Megan left the Company. In August 2009, Graham P. Lidgard joined us as our Senior Vice President & Chief Science Officer. In January 2015, D. Scott Coward joined us as Senior Vice President, General Counsel & Secretary. In connection with each of these appointments we have entered into an employment agreement under which we have agreed to certain compensation arrangements and severance and change of control benefits. At this time, the Board does not intend to provide any additional tax gross-up payments to employees it may hire in the future.

Each of these packages was determined based on negotiations with the applicable named executive officer and taking into account his background and qualifications and the nature of his position. We believe that these compensation packages are appropriate in light of the intense competition for top executives in the biotechnology field and among similarly-situated companies, and that the terms of these arrangements are consistent with our executive compensation goals, including the balancing of short-term and long-term compensation to properly motivate our named executive officers.

Conroy Employment Agreement

Mr. Conroy's employment agreement, dated March 18, 2009, provides for a minimum base salary and for a minimum target bonus opportunity equal to at least 50% of his base salary, with the exact

amount of any such bonus to be based upon the achievement of corporate and individual performance goals to be determined by the Compensation Committee. For 2015, Mr. Conroy's base salary was \$575,000 and his target bonus opportunity was 70% of his base salary. Pursuant to his employment agreement, Mr. Conroy was also granted an option to purchase 2.5 million shares of our common stock at an exercise price of \$0.83 (the closing price of our common stock on the NASDAQ Capital Market on the date Mr. Conroy was hired).

Under his agreement, Mr. Conroy would be entitled to certain payments and benefits in connection with certain termination events or a change of control as described under "*Potential Benefits upon Termination or Change of Control*" beginning on page 36 below. The agreement also prohibits Mr. Conroy from engaging in certain activities involving competition with us and from soliciting our employees for an 18-month period following termination of his employment with the Company.

Arora Employment Agreement

Mr. Arora's employment agreement, dated March 18, 2009, provides for a minimum base salary and for a minimum target bonus opportunity equal to at least 40% of his base salary, with the exact amount of any such bonus to be based upon the achievement of corporate and individual performance goals to be determined by the Compensation Committee. For 2015, Mr. Arora's base salary was \$440,000 and his target bonus opportunity was 60% of his base salary. Pursuant to his employment agreement, Mr. Arora was also granted an option to purchase 1.25 million shares of our common stock, at an exercise price of \$0.83 (the closing price of our common stock on the NASDAQ Capital Market on the date Mr. Arora was hired).

Under his agreement, Mr. Arora would be entitled to certain payments and benefits in connection with certain termination events or a change of control as described under "*Potential Benefits upon Termination or Change of Control*" beginning on page 36 below. The agreement also prohibits Mr. Arora from engaging in certain activities involving competition with us and from soliciting our employees for an 18-month period following termination of his employment with the Company.

Lidgard Employment Agreement

Dr. Lidgard's employment agreement, dated August 1, 2009, provides for a minimum base salary and for a minimum target bonus opportunity equal to at least 40% of his base salary, with the exact amount of any such bonus to be based upon the achievement of corporate and individual performance goals to be determined by the Compensation Committee. Pursuant to his employment agreement, Dr. Lidgard was also granted an option to purchase 600,000 shares of our common stock, at an exercise price of \$2.88 (the closing price of our common stock on the NASDAQ Capital Market on the date Dr. Lidgard was hired).

For 2015, Mr. Coward's base salary began at \$350,000 and was raised to \$360,000 in January 2015 by the

Compensation Committee, and his target bonus opportunity was 40% of this base salary. Mr. Coward also received a relocation stipend in connection with the employment agreement. Pursuant to his employment agreement, Mr. Coward was granted a restricted stock unit award 75,000 shares of our common stock, which vests as follows: 25% on the first anniversary of the date of grant and the balance on a ratable quarterly basis over a three-year period beginning on the first anniversary of the date of grant.

For 2015, Mr. Megan's base salary began at \$275,000 and was raised to \$283,300 by the Compensation Committee in January 2015. Mr. Megan's target bonus opportunity for 2015 was 40% of his base salary.

Under his agreement, Mr. Megan would have been entitled to certain payments and benefits in connection with certain termination events or a change of control as described under "*Potential Benefits upon Termination or Change of Control*" beginning on page 36 below. The agreement also prohibited Mr. Megan from engaging in certain activities involving competition with us and from soliciting our employees for a 12-month period following termination of his employment with the Company. In connection with Mr. Megan's separation from the Company in February 2016, the Company entered into a Separation Agreement and General Release with Mr. Megan that provided certain severance payments to Mr. Megan as described in the Company's most recently filed annual report on Form 10-K.

Change of Control and Severance

We believe that providing executives with severance and change of control protection is important for the following reasons:

- to allow executives to fully value the forward looking elements of their compensation packages, and therefore limit retention risk; and
- to provide compensation assurances which are competitive with those of other similarly-situated companies.

Accordingly, the Company's employment agreements and equity awards generally provide for salary continuation in the event of certain employment terminations beyond the control of the executive, as well as varying degrees of accelerated vesting of equity awards in the event of a change of control of the Company.

For further information see "*Potential Benefits upon Termination or Change of Control*" beginning on page 36 below.

- (1) The amounts shown in this column indicate the grant date fair value of stock awards computed in accordance with FASB ASC Topic 718. Generally, the grant date fair value is the amount that we would expense in our financial statements over the award's vesting schedule. For additional information regarding the assumptions made in calculating these amounts, see the Notes to our audited, consolidated financial statements included in our Annual Report on Form 10-K. These amounts reflect our accounting expense for these awards and do not correspond to the actual value that will be recognized by our named executive officers. The amounts shown in this column include the grant date fair value of certain performance share unit awards computed in accordance with FASB ASC Topic 718. The performance share units were to be earned upon the Company's achievement of certain revenue targets in fiscal year 2015, and any earned performance share units would vest in three equal annual installments beginning on December 31, 2015. The Compensation Committee determined that none of these awards were earned by any of the executives based on 2015 revenue results and the executives will not realize any value in connection with the awards. Accordingly, the accounting expenses recorded for these performance share units were reversed in the fourth quarter of 2015.

2015 Performance RSU Awards

In March 2015, we awarded Mr. Conroy, Mr. Arora, Dr. Lidgard, Mr. Coward and Mr. Megan performance stock unit awards covering, (i) at the target amounts, 59,300, 32,900, 18,900, 18,300 and 6,000 shares, respectively and (ii) upon achievement of all performance-based vesting terms contained therein, 88,950, 49,350, 28,350, 27,450 and 9,000 shares, respectively. Each performance-based RSU represented a contingent right to receive one share of our common stock. These RSUs were made subject to performance-based vesting requirements tied to revenue thresholds for the Company's 2015 fiscal year and were subject to forfeiture to the extent these requirements were not satisfied. Based on the Compensation Committee's evaluation of the achievement of these goals, none of the performance-based RSUs were earned and the executives will not realize any value in connection with the awards.

- Accelerated vesting of all outstanding unvested equity awards (whether stock options, restricted stock or stock purchase rights under the Company's equity compensation plans, or other equity awards), subject to Mr. Conroy's agreement to remain employed by the Company or any successor, if requested, for a period of at least six months following the change of control at his then current base salary;

- Accelerated vesting of all outstanding unvested equity awards (whether stock options, restricted stock or stock purchase rights under the Company's equity compensation plan, or other equity awards), subject to the executive's agreement to remain employed by the Company or any successor, if requested, for a period of at least six months following the change of control at his then current base salary; and
- In the event the executive's employment is terminated by the Company without cause or by the executive for good reason in anticipation or contemplation of a pending or potential change of control or while a potential change of control is under consideration or being negotiated by the Company's Board of Directors, the executive will be deemed to remain an employee for purposes of the Long Term Incentive Plan as of the effective date of the change of control and will receive a full payout under the Long Term Incentive Plan as described in his respective employment agreement as though he remained an employee of the Company as of the effective date of such change of control.

Under Mr. Coward's and Mr. Megan's employment agreements, Mr. Coward and Mr. Megan would become entitled to accelerated vesting of all outstanding unvested equity awards (whether stock options, restricted stock, restricted stock units or stock purchase rights under the Company's equity compensation plans, or other equity awards) if (1) within 12 months after a change of control, he is terminated by the Company (or any successor) without cause or he terminates for good reason, (2) a change of control happens within four months after the Company terminates him without cause or he terminates for good reason, or (3) he remains employed by the Company (or any successor) for at least six months following a change of control.

Conditions to Receipt of Severance and Change of Control Benefits

Under Mr. Conroy's employment agreement, the Company's obligations to provide Mr. Conroy with the severance benefits described above are contingent on:

- Mr. Conroy's resignation from the Board of Directors in the event of any termination of Mr. Conroy's employment with the Company or upon the request of the Board of Directors in connection with any change of control;
- Mr. Conroy's delivery of a signed waiver and release in a form reasonably satisfactory to the Company of all claims he may have against the Company and his not revoking such release within 21 days after his date of termination;
- Mr. Conroy's compliance with his Employee Confidentiality and Assignment Agreement with the Company;
- Mr. Conroy's compliance with the 18-month non-competition covenant in his employment agreement; and
- Mr. Conroy's compliance with the 18-month non-solicitation covenant in his employment agreement.

Under Mr. Arora's, Dr. Lidgard's, Mr. Coward's and Mr. Megan's employment agreements, the Company's obligations to provide the severance benefits described above are contingent on:

- The executive's delivery of a signed waiver and release in a form reasonably satisfactory to the Company of all claims he may have against the Company which such release he or she does not revoke within 21 days after his date of termination;

- The executive's compliance with the terms of his Employee Confidentiality and Assignment Agreement with the Company;
- The executive's compliance with the 18-month (12-month for Mr. Coward and Mr. Megan) non-competition covenant set forth in the executive's employment agreement; and
- The executive's compliance with the 18-month (12-month for Mr. Coward and Mr. Megan) non-solicitation covenant set forth in the executive's employment agreement.

Death or Disability

In accordance with each named executive officer's employment agreement, in the event of the death or disability of the executive during the executive's employment term, the following will occur:

- The executive's employment and the executive's employment agreement will immediately and automatically terminate;
- The Company will pay the executive (or in the case of death, the executive's designated beneficiary) the executive's base salary and accrued but unpaid bonuses, in each case up to the date of termination; and
- All equity awards granted to the executive, whether stock options or stock purchase rights under the Company's equity compensation plans, or other equity awards, that are unvested at the time of termination will immediately become fully vested and exercisable upon such termination.

Long Term Incentive Plan

As part of their employment agreements, we have established a Long Term Incentive Plan pursuant to which Mr. Conroy, Mr. Arora and Dr. Lidgard would be entitled to receive a cash payment upon a change of control based on the equity value of the Company as reflected in the following table.

Name	Portion of Equity Value			
	From \$100 million to \$500 million	Each incremental \$50 million from \$500 million to \$1 billion	Each incremental \$50 million from \$1 billion to \$2 billion	Any amount over \$2 billion
Kevin T. Conroy	1.00%	0.50%	0.25%	0.00%
Maneesh K. Arora	0.50%	0.25%	0.125%	0.00%
Graham P. Lidgard	0.50%	0.25%	0.125%	0.00%

For example, in connection with a change of control transaction having an equity value of \$400,000,000, Mr. Conroy would receive a cash payout of \$4,000,000, and in the case of a change of control transaction having an equity value of \$600,000,000, Mr. Conroy would receive a cash payout of \$5,500,000 (\$5,000,000 + \$250,000 + \$250,000).

Potential Payments upon Termination or Change of Control

The following table sets forth the estimated post-employment compensation and benefits that would have been payable to our named executive officers under their employment agreements, assuming that each covered circumstance occurred on December 31, 2015.

Where amounts are reflected in multiple columns in the table, this does not mean that the officer would be entitled to duplicate payments. For example, the executive would be entitled to receive up to,

but no more than, the maximum amount reflected in the Cash Severance row upon a severance or a change of control (or a combination of the two events).

Director Compensation

Compensation Policy for Non-Employee Directors

We maintain a compensation package for our non-employee directors (the "Director Compensation Policy") to enable us to attract and retain, on a long-term basis, high-caliber non-employee directors.

Pursuant to the Director Compensation Policy, on the date of each annual stockholders meeting, each non-employee director who continues to serve as a director following such meeting is paid an annual cash retainer as follows:

<u>Board Member Compensation</u>	<u>Annual Retainer (\$)</u>
Lead Independent Director	70,000
Director	45,000

<u>Committee Chairperson Compensation</u>	<u>Annual Retainer (\$)</u>
Audit Committee	25,000
Compensation Committee	15,000
Corporate Governance and Nominating Committee	10,000

<u>Committee Member Compensation</u>	<u>Annual Retainer (\$)</u>
Audit Committee	12,500
Compensation Committee	7,500
Corporate Governance and Nominating Committee	5,000

In lieu of cash, each non-employee director may elect to receive shares of restricted stock having an equivalent dollar value.

In addition, non-employee directors are paid cash compensation of \$1,500 per meeting in unusual circumstances when (1) the Board or any committee has met more than 10 times per year or (2) the Board creates a special committee.

Pursuant to the Director Compensation Policy, on the date of each annual stockholders meeting, each non-employee director who is continuing to serve as a director following such meeting is also granted restricted stock or deferred stock units having a value of \$200,000 with the number of restricted stock or deferred stock units to be issued being determined based on the closing sale price of the Company's common stock on the date of grant. These annual equity grants vest upon the earlier of the first anniversary of the grant date or the date of the next annual stockholders meeting; provided upon the death of a director such director's awards vest in full, upon a director's ceasing to serve for any other reason such director's awards vest pro rata based on the number of days since the grant date and upon a change of control all awards vest in full.

Pursuant to the Director Compensation Policy, if a director is elected or appointed to the Board of Directors other than on the date of the Company's annual meeting of stockholders, such director's annual cash and equity compensation as described above, for the period between the date of such election or appointment and the date of the Company's next annual meeting of stockholders, shall be granted in a pro rata amount on the date of such annual meeting to reflect the date of such director's election or appointment and the date of the Company's following annual meeting of stockholders. The number of restricted stock or deferred stock units to be issued to the director based on the foregoing pro rata compensation is determined based on the closing sale price of the Company's common stock on the date of such director's appointment, and such restricted stock or deferred stock units shall be fully vested upon grant.

Upon his or her initial election to the Board of Directors, a new director receives stock options having a grant date fair value computed in accordance with ASC 718 equal to \$300,000. Such options vest in three equal annual installments.

The foregoing compensation is in addition to reimbursement of all out-of-pocket expenses incurred by directors in attending meetings of the Board of Directors.

The following table provides compensation information for the one-year period ended December 31, 2015 for each non-employee member of our Board of Directors. No member of our Board employed by us receives separate compensation for services rendered as a member of our Board.

These amounts reflect our accounting expense for these awards and do not correspond to the actual value that will be recognized by the directors.

PROPOSAL 2 — ADVISORY VOTE ON EXECUTIVE COMPENSATION

This Proposal 2 enables our stockholders to cast a non-binding, advisory vote to approve the compensation of our named executive officers as disclosed in this proxy statement.

As described in detail under the heading "*Compensation and Other Information Concerning Directors and Officers—Compensation Discussion and Analysis*" beginning on page 21, our executive compensation program is designed to attract, motivate and retain our executive officers, who are critical to our success. Please read the "*Compensation and Other Information Concerning Directors and Officers*" section beginning on page 21 for additional details about our executive compensation programs, including information about the 2015 compensation of our named executive officers.

We are asking our stockholders to indicate their support for our executive compensation programs as described in this proxy statement. This vote is not intended to address any specific term of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we are asking our stockholders to vote FOR the following resolution at the annual meeting:

- "RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to the SEC's compensation disclosure rules, including the "*Compensation Discussion and Analysis*", the compensation tables and any related material disclosed in the proxy statement for the Company's 2016 annual meeting, is hereby APPROVED."

Although the vote on this Proposal 2 regarding the compensation of our named executive officers is not binding on our Board of Directors, we value the opinions of our stockholders and will consider the result of the vote when determining future executive compensation arrangements.

Vote Required for Approval

The foregoing resolution will be approved if holders of a majority of the shares present or represented at the 2016 annual meeting, in person or by proxy, and voting on Proposal 2 vote in favor of such resolution.

Board Recommendation

The Board recommends that our stockholders vote **FOR** approval of this Proposal 2.

**PROPOSAL 3 — APPROVAL OF SECOND AMENDMENT TO 2010 EMPLOYEE
STOCK PURCHASE PLAN**

The Company currently maintains the 2010 Employee Stock Purchase Plan (the "Stock Purchase Plan"), which was adopted by our Board of Directors on April 15, 2010 and approved by stockholders at our 2010 Annual Meeting, on July 16, 2010, and subsequently amended with the approval of our stockholders, effective April 29, 2014.

We are asking stockholders to approve a second amendment to the Stock Purchase Plan (the "Stock Purchase Plan Amendment No. 2") to add 2,000,000 shares of common stock to the pool of shares available for purchase by employees. Under the Stock Purchase Plan, the Company initially reserved 300,000 shares of common stock for issuance to eligible employees. In 2014, the Company, with stockholder approval, increased the number of shares of common stock reserved under the Stock Purchase Plan to 800,000. The Stock Purchase Plan is scheduled to expire on October 31, 2020.

The Stock Purchase Plan is meant to encourage stock ownership by all eligible employees of the Company so that they may share in the growth of the Company, and it is designed to encourage employees to remain in the employ of the Company. The Stock Purchase Plan is intended to qualify as an "employee stock purchase plan" as defined under Section 423 of the Code.

As of April 29, 2016, 363,392 shares of common stock remained reserved for issuance under the Stock Purchase Plan. Under the proposed Stock Purchase Plan Amendment No. 2, upon approval, an additional 2,000,000 shares would be made available for sale under the Stock Purchase Plan, increasing the aggregate number of shares authorized for sale to 2,800,000 shares. Other than the proposed increase to the share pool, the Stock Purchase Plan Amendment No. 2 does not make any other changes to the existing Stock Purchase Plan. We currently anticipate that if the Stock Purchase Plan Amendment No. 2 is approved, the number of shares reserved for issuance under the Stock Purchase Plan will provide us with a sufficient number of shares available for sale for at least the next two years.

The material terms of the Stock Purchase Plan, as amended by the Stock Purchase Plan Amendment No. 2, are summarized below. This summary of the Stock Purchase Plan is not intended to be a complete description of the Stock Purchase Plan, as amended by the Stock Purchase Plan Amendment No. 2, and is qualified in its entirety by the actual text of the Stock Purchase Plan, as amended by the Stock Purchase Plan Amendment No. 2, which is attached as Appendix A to this proxy statement. The proposed changes to the Stock Purchase Plan as a result of the Stock Purchase Plan Amendment No. 2 are set forth in Appendix A.

**Material Features of the Stock Purchase Plan, as Amended by the Stock Purchase Plan
Amendment No. 2**

Plan Administration. The Stock Purchase Plan is administered by the Compensation Committee. The Compensation Committee has the authority to interpret and construe the Stock Purchase Plan and any option granted under it, and such interpretation or construction shall be final unless otherwise determined by the Board of Directors. The Compensation Committee may adopt rules and regulations it deems appropriate for administering the Stock Purchase Plan so long as any such rules and regulations are applied on a uniform basis to all employees under the Stock Purchase Plan.

Stock Subject to the Stock Purchase Plan. The stock subject to the options under the Stock Purchase Plan shall be shares of the Company's authorized but unissued common stock or shares of common stock reacquired by the Company, including shares purchased in the open market. Subject to adjustment, the aggregate number of shares of our common stock which may be issued pursuant to Stock Purchase Plan is 2,800,000.

Eligibility and Participation. All employees of the Company or any of its participating subsidiaries whose customary employment is more than 20 hours per week and for more than five months in any

calendar year are eligible to receive options under the Stock Purchase Plan. In no event may an employee be granted an option if such employee, immediately after the option was granted, would:

- Own stock possessing 5% or more of the total combined voting power or value of all classes of stock of the Company or of any parent corporation or subsidiary corporation; or
- Be permitted the right to purchase stock under the Stock Purchase Plan, and under all other employee stock purchase plans, as defined in Section 423(b)(8) of the Code, of the Company and any parent or subsidiary corporations, to accrue at a rate that exceeds \$25,000 worth of fair market value of such stock for each calendar year.

As of April 29, 2016, approximately 726 employees would have been eligible to receive options under the Stock Purchase Plan.

Offering Periods. The Stock Purchase Plan provides for offering periods of 24 months commencing on November 1 and May 1 of each calendar year. The Company will designate one or more dates within each offering period on which shares of our common stock may be purchased by participants in an offering period. Unless and until otherwise determined by the Compensation Committee, there shall be four exercise dates occurring on each April 30 and October 31 within each offering period. Unless otherwise specified by the Compensation Committee, a participant may purchase a maximum of 10,000 shares of common stock during an offering period.

Grant of Options. On the first business day of each offering period, the Company will grant to each participant in the Stock Purchase Plan an option to purchase shares on the exercise dates for a maximum of 10,000 shares, on the condition that such participant remains eligible to participate in the Stock Purchase Plan on the exercise date.

Payroll Deductions. The Stock Purchase Plan permits participants to authorize payroll deductions in an amount not less than 1% but not more than 15% of the participant's total compensation, including base pay or salary and any overtime, bonuses or commissions. If the participant's accumulated payroll deductions on the last date of the offering period would enable the participant to purchase more than the maximum of 10,000 shares, the excess of the amount of the accumulated payroll deductions over the aggregate purchase price shall be promptly refunded to the participant. In the event that there are unused payroll deductions remaining in a participant's account at the end of an exercise date or an offering period by reason of the inability to purchase a fractional share, such payroll deductions shall be carried forward to the next exercise date or offering period.

Exercise of Options. Amounts deducted and accumulated by the participant are used to exercise the options granted to the participant. The participant shall be entitled to exercise the option so granted only to the extent of the participant's accumulated payroll deductions on the exercise date. For each share, the exercise price of the option shall be the lesser of 85% of the average market price of our common stock on the first business day of the offering period and 85% of the average market price of our common stock on the applicable exercise date. Each employee who continues to be a participant on an exercise date within an offering period shall be deemed to have exercised his or her option and shall be deemed to have purchased as many shares as the participant's accumulated payroll deductions will pay for at the exercise price, subject to the 10,000 maximum share limit described above.

Withdrawal from Participation. A participant may withdraw from the Stock Purchase Plan (in whole but not in part) at any time prior to the last day of an offering period by delivering a withdrawal notice to the Company. Any participant who withdraws during an offering period will not be permitted to exercise his or her options. An employee who has previously withdrawn may re-enter the Stock Purchase Plan by filing a new authorization at least ten days before the first day of the next offering period in which he or she wishes to participate. The employee's re-entry into the Stock Purchase Plan becomes effective at the beginning of such offering period, provided that he or she is an eligible

employee on the first business day of the offering period. A participant's participation in the Stock Purchase Plan will also cease if: the participant ceases to be an eligible employee or the Stock Purchase Plan is terminated.

Changes in Capitalization and Similar Changes. In the event of any change in the outstanding shares of our common stock by reason of any reorganization, split-up, liquidation, recapitalization or otherwise, each participant shall be entitled to purchase such number of shares of our common stock or amount of other securities of the Company as were exchangeable for the number of shares of our common stock that such participant would have been entitled to purchase except for such action. The purchase price per share shall be appropriately adjusted to reflect such action. In the event of any stock dividend upon or with respect to shares of stock of the class which shall at the time subject to an option pursuant to the Stock Purchase Plan, each participant exercising such an option shall be entitled to receive the shares as to which the participant is exercising his or her option. In such event, the participant is also entitled to such number of shares of the class or classes in which such stock dividend was declared or paid, and such amount of cash in lieu of fractional shares, as is equal to the number of shares thereof and the amount of cash in lieu of fractional shares which the participant would have received if the participant had been the holder of the shares as to which the participant is exercising his or her option at all times between the date of the granting of such option and the date of such option's exercise. Upon the happening of any of the foregoing events, the class and aggregate number of shares which are subject to options which have been or may be granted under the Stock Purchase Plan shall be appropriately adjusted to reflect the occurrence of the relevant event.

Acquisition. The Stock Purchase Plan provides that in the event of an "acquisition" (as defined in the Stock Purchase Plan), the Compensation Committee or the successor board (as defined in the Stock Purchase Plan) shall, with respect to the options outstanding under the Stock Purchase Plan, either: (1) make appropriate provision for the continuation of such options by arranging for the substitution on an equitable basis for the shares then subject to such options either (a) the consideration payable with respect to the outstanding shares of our common stock in connection with the acquisition, (b) shares of stock of the successor corporation, or a parent or subsidiary of such successor corporation, or (c) such other securities as the successor board deems appropriate, the fair market value of which shall not materially exceed the fair market value of the shares of our common stock subject to such options immediately preceding the acquisition; or (2) terminate each participant's options in exchange for a cash payment equal to the excess of (a) the fair market value on the date of the acquisition of the number of shares of our common stock that the participant's accumulated payroll deductions as of the date of the acquisition could purchase, at an option price determined with reference only to the first business day of the applicable offering period, over (b) the result of multiplying such number of shares by such option price.

Term of the Stock Purchase Plan. Unless sooner terminated, the Stock Purchase Plan shall terminate on October 31, 2020. The Stock Purchase Plan may be terminated at any time by the Board of Directors but such termination shall not affect options then outstanding under the Stock Purchase Plan. The Stock Purchase Plan will terminate when all or substantially all of the unissued shares of stock reserved for the purposes of the Stock Purchase Plan have been purchased. The Compensation Committee or the Board of Directors may from time to time adopt amendments to the Stock Purchase Plan provided that, without the approval of the stockholders of the Company, no amendment may (1) increase the number of shares that may be issued under the Stock Purchase Plan; (2) change the class of employees eligible to receive options under the Stock Purchase Plan, if such action would be treated as the adoption of a new plan for purposes of Section 423(b) of the Code; or (3) cause Rule 16b-3 under the Exchange Act to become inapplicable to the Stock Purchase Plan.

Federal Income Tax Consequences. The following is a general summary of the federal income tax consequences to the Company and to U.S. taxpayers of options purchased under the Stock Purchase

Plan. Tax consequences for any particular individual or under state or non-U.S. tax laws may be different.

The amounts deducted from a participant's pay under the Stock Purchase Plan are included in his or her compensation that is subject to federal income taxes, and the Company will withhold taxes on these amounts. Generally, a participant will not recognize any taxable income (1) when options are granted pursuant to the Stock Purchase Plan, (2) when the shares of our common stock are purchased under the Stock Purchase Plan or (3) at the beginning or end of any offering period.

If the participant transfers shares of our common stock received upon the exercise of an option within a period of two years from the beginning of an offering period or one year from the date of receipt of the shares of our common stock (the "holding period"), then, in general, the participant will have taxable ordinary income in the year in which the transfer occurs in an amount equal to the excess of the fair market value at the end of the offering period over the exercise price. The participant will have long-term or short-term capital gain (or loss) in an amount equal to the amount by which the amount received for such common stock exceeds (is less than) the participant's tax basis in the common stock as increased by the amount of any ordinary income recognized as a result of the disqualifying disposition, if any.

If the participant transfers the shares of our common stock after the expiration of the holding period, he or she will generally have taxable ordinary income in the year in which the transfer occurs in an amount equal to the lesser of (a) any excess of the fair market value at the beginning of the offering period over the exercise price on that same date, and (b) any excess of the fair market value on the date on which the transfer occurs over the amount paid for the shares of our common stock. The participant will recognize capital gain (or loss) equal to the difference between the fair market value on the date of such transfer and the participant's tax basis in the common stock as increased by the amount of any ordinary income recognized as a result of such transfer.

Tax Effect for the Company. We generally will be entitled to a tax deduction for any ordinary income recognized by a participant in respect of options granted pursuant to the Stock Purchase Plan. The participant must remit to the Company an amount sufficient to satisfy all federal (including social security), state, and local withholding taxes incurred in connection with any recognition of ordinary income under the Stock Purchase Plan.

Vote Required for Approval

The affirmative vote of the holders of a majority of the shares present or represented at the 2016 Annual Meeting, in person or by proxy, and voting on the Second Amendment to the Stock Purchase Plan is required to approve the Second Amendment to the Stock Purchase Plan.

Board Recommendation

The Board recommends that the stockholders vote **FOR** approval of the Second Amendment to the Stock Purchase Plan.

PROPOSAL 4 — RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has appointed BDO USA, LLP ("BDO") as our independent registered public accounting firm for the fiscal year ending December 31, 2016. We are presenting this selection to our stockholders for ratification at the annual meeting.

BDO audited our consolidated financial statements for 2015. A representative of BDO is expected to be present at the 2016 Annual Meeting. In addition to having the opportunity to make a statement, the BDO representative will be available to respond to any appropriate questions.

Vote Required for Approval

Ratification of the appointment of our independent registered public accounting firm requires the affirmative vote of a majority of the shares present or represented at the 2016 Annual Meeting, in person or by proxy, and voting on such ratification. If our stockholders fail to ratify the selection of BDO as the independent registered public accounting firm for 2016, the Audit Committee will reconsider whether to retain that firm. Even if the selection is ratified, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year.

Board Recommendation

The Board recommends that our stockholders vote **FOR** ratification of the appointment of BDO as our independent registered public accounting firm for 2016.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Other than compensation agreements and other arrangements which are described in "*Compensation And Other Information Concerning Directors And Officers*" beginning on page 21, in 2015 there was not, and there is not currently proposed, any transaction or series of similar transactions to which we were or will be a party in which the amount involved exceeded or will exceed \$120,000 in which any director, executive officer, holder of five percent or more of any class of our capital stock or any member of their immediate family had or will have a direct or indirect material interest.

In October 2009, our Board of Directors adopted a written policy with regard to related person transactions, which sets forth our procedures and standards for the review, approval or ratification of any transaction required to be reported in our filings with the SEC or in which one of our executive officers or directors has a direct or indirect material financial interest, with limited exceptions. Our policy is that the Audit Committee shall review the material facts of all related person transactions (as defined in the related person transaction approval policy) and either approve or disapprove of the entry into any related person transaction. In the event that obtaining the advance approval of the Audit Committee is not feasible, the Audit Committee shall consider the related person transaction and, if the Audit Committee determines it to be appropriate, may ratify the related person transaction. In determining whether to approve or ratify a related person transaction, the Audit Committee will take into account, among other factors it deems appropriate, whether the related person transaction is on terms comparable to those available from an unaffiliated third-party under the same or similar circumstances and the extent of the related person's interest in the transaction.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The following table sets forth the aggregate fees billed or expected to be billed by BDO for 2015 and 2014 for audit and non-audit services, including "out-of-pocket" expenses incurred in rendering these services. The nature of the services provided for each category is described following the table.

<u>Fee Category</u>	<u>2015</u>	<u>2014</u>
Audit Fees(1)	\$ 463,994	\$ 437,608
Audit-Related Fees(2)	15,450	—
Tax Fees	—	—
All Other Fees	—	—
Total	\$ 479,444	\$ 437,608

- (1) Audit fees include fees for professional services rendered for the audit of our consolidated annual statements, quarterly reviews, consents and assistance with and review of documents filed with the SEC.
- (2) Audit-related fees include fees for professional services rendered for the audit of our 401(k) Plan.

PRE-APPROVAL POLICIES AND PROCEDURES

The Audit Committee has adopted a policy that requires that all services to be provided by the Company's independent public accounting firm, including audit services and permitted non-audit services, to be pre-approved by the Audit Committee. The Audit Committee pre-approved all audit and permitted non-audit services provided by BDO during 2015 pursuant to this policy.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, executive officers and persons who own more than ten percent of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC. Such persons are required by SEC regulations to furnish us with copies of all such filings. Based solely on our review of copies of such filings, we believe that all reporting persons complied on a timely basis with all Section 16(a) filing requirements during the year ended December 31, 2015.

OTHER BUSINESS

The Board of Directors knows of no business that will be presented for consideration at the 2016 Annual Meeting other than those items stated above. If any other business should come before the 2016 Annual Meeting, votes may be cast pursuant to proxies in respect to any such business in the best judgment of the person or persons acting under the proxies.
