PROXY STATEMENT

The Board of Directors (the “board”) of American Reprographics Company is furnishing you this proxy statement in connection with the solicitation of proxies on its behalf for the 2007 Annual Meeting of Stockholders (the “Annual Meeting” or “meeting”). The meeting will take place at the Glendale Hilton Hotel, 100 West Glenoaks Boulevard, Glendale, California 91202 on Tuesday, May 22, 2007, at 2:00 p.m. local time. In this proxy statement we refer to American Reprographics Company as the “Company”, “we”, “us”, “our” or “ARC”. At the meeting, stockholders will vote on the election of seven directors, the ratification of the appointment of PricewaterhouseCoopers LLP as our independent auditors for fiscal year 2007, and will transact any other business that may properly come before the meeting, although we know of no other business to be presented.

By submitting your proxy (by signing and returning the enclosed proxy card), you authorize Jonathan R. Mather, Chief Financial Officer and Secretary of ARC, Sathiyamurthy Chandramohan, the Chief Executive Officer and Chairman of the Board of ARC, and Kumarakulasingam Suriyakumar, the President, Chief Operating Officer and a director of ARC, to represent you and vote your shares at the meeting in accordance with your instructions. They also may vote your shares to adjourn the meeting and will be authorized to vote your shares at any postponements or adjournments of the meeting.

We are first sending this proxy statement, form of proxy and accompanying materials to stockholders on or about April 23, 2007.

YOUR VOTE IS IMPORTANT. WHETHER OR NOT YOU PLAN TO ATTEND THE MEETING, PLEASE PROMPTLY SUBMIT YOUR PROXY IN THE ENCLOSED ENVELOPE.

ANNUAL MEETING AND VOTING INFORMATION

The board seeks your proxy for use in voting at our 2007 annual meeting of stockholders or any postponements or adjournments of the meeting. Our annual meeting will be held at the Glendale Hilton Hotel, 100 West Glenoaks Boulevard, Glendale, California 91202 on Tuesday, May 22, 2007, at 2:00 p.m. local time. We intend to begin mailing this proxy statement, the attached notice of annual meeting, the accompanying proxy card and our Annual Report to Stockholders on Form 10-K for the fiscal year ended December 31, 2006 on or about April 23, 2007 to all holders of our common stock, par value \$0.001 per share, entitled to vote at the meeting. Our Annual Report to Stockholders on Form 10-K for the fiscal year ended December 31, 2006 does not constitute a part of the proxy solicitation materials and is not incorporated by reference into this proxy statement.

Purpose of the annual meeting.

At the annual meeting, stockholders of ARC will be asked to:

1. Elect seven directors, each for a term of one year, or until their successors are elected and qualified; and
2. Ratify the appointment of PricewaterhouseCoopers LLP as the Company’s independent auditors for fiscal year 2007.

Stockholders also will transact any other business that may properly come before the meeting. Members of ARC’s management team and a representative of PricewaterhouseCoopers LLP, the Company’s independent auditor, will be present at the meeting to respond to appropriate questions from stockholders. The representative of PricewaterhouseCoopers LLP will also make a statement if they so desire.

Admission to the annual meeting.

All record or beneficial owners of ARC's common stock may attend the annual meeting in person. When you arrive at the annual meeting, please present photo identification, such as a driver's license. Beneficial owners must also provide evidence of stock holdings, such as recent brokerage account or bank statement showing that you owned ARC common stock on the record date of April 5, 2007. ARC also has invited certain ARC employees and certain agents of the Company to attend the annual meeting.

Record date and voting.

The record date for the meeting is April 5, 2007. Only stockholders of record at the close of business on that date are entitled to vote at the meeting. The only class of stock entitled to be voted at the meeting is ARC's common stock. Each outstanding share of common stock is entitled to one vote for all matters presented for a vote at the meeting. At the close of business on the record date there were 45,493,850 shares of ARC common stock outstanding.

If you submit a proxy but do not indicate any voting instructions, your shares will be voted:

- FOR the election of the seven nominees to the Board of Directors; and
- FOR the ratification of PricewaterhouseCoopers LLP as the Company's independent auditor.

Voting shares held in "street name."

If your shares are held by a bank or brokerage firm, you are considered the "beneficial owner" of shares held in "street name." If your shares are held in street name, these proxy materials are being forwarded to you by your bank or brokerage firm (the "record holder"), along with a voting instruction card. As the beneficial owner, you have the right to direct your record holder how to vote your shares, and the record holder is required to vote your shares in accordance with your instructions. If you do not give instructions to your bank or brokerage firm, it will nevertheless be entitled to vote your shares with respect to "discretionary" items, but will not be permitted to vote your shares with respect to "non-discretionary" items. In the case of a non-discretionary item, your shares will be considered "broker non-votes" on that proposal. The election of directors and the ratification of appointment of ARC's independent auditors are "discretionary" items.

As the beneficial owner of shares, you are invited to attend the meeting. If you are a beneficial owner, however, you may not vote your shares in person at the meeting unless you obtain a proxy form from the record holder of your shares.

Quorum.

A quorum must be present at the meeting for any business to be conducted. The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date will constitute a quorum. Proxies received but marked as abstentions or treated as broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting for quorum purposes. If a quorum is not present at the scheduled time of the meeting, the stockholders who are represented may adjourn the meeting until a quorum is present. The time and place of the adjourned meeting will be announced at the time the adjournment is taken, and no other notice will be given.

Voting instructions.

If you properly complete and sign the accompanying proxy card and return it in the enclosed envelope, it will be voted in accordance with your instructions. By so doing you are authorizing the individuals listed on the proxy card to vote your shares in accordance with your instructions. The enclosed envelope requires no additional postage if mailed in either the United States or Canada.

If you are a registered stockholder and attend the meeting, you may deliver your completed proxy card in person. Additionally, we will pass out written ballots to registered stockholders who wish to vote in person at the meeting. If you attend the annual meeting, please bring the enclosed proxy card or proof of identification. Beneficial

owners of shares held in street name who wish to vote at the meeting will need to obtain a proxy form from their record holder.

If your shares are held in street name, you may be able to vote your shares electronically by telephone or on the internet. A large number of banks and brokerage firms participate in a program provided through ADP Investor Communications Services that offers telephone and internet voting options. If your shares are held in an account at a bank or brokerage firm that participates in such a program, you may vote those shares electronically by telephone or on the internet by following the instructions set forth on the voting form provided to you by your record holder.

Revoking your proxy.

You may revoke your proxy at any time before your shares are voted and change your vote:

- by signing another proxy with a later date and delivering it in accordance with the instructions set forth in this proxy statement; or
- if you are a registered stockholder, by giving written notice of such revocation to the Secretary of ARC prior to or at the meeting or by voting in person at the meeting.

Your attendance at the meeting itself will not revoke your proxy unless you give written notice of revocation to the Secretary of ARC before your proxy is voted or you vote in person at the meeting.

Any written notice of revocation, or later dated proxy, should be delivered to:

American Reprographics Company
700 North Central Avenue, Suite 550
Glendale, California 91203
Attention: Jonathan R. Mather, Chief Financial Officer and Secretary

Vote required to elect the director nominees.

The affirmative vote of a plurality of the votes cast at the meeting is required to elect the seven nominees named in Proposal 1 as directors. This means that the seven nominees will be elected if they receive more affirmative votes than any other person. If you vote "Withheld" with respect to one or more nominees, your shares will not be voted with respect to the person or persons indicated, although they will be counted for purposes of determining whether there is a quorum.

Nominee who is unable to stand for election.

If a nominee is unable to stand for election, the board may either reduce the number of directors to be elected or select a substitute nominee. If a substitute nominee is selected, the proxy holders will vote your shares for the substitute nominee, unless you have withheld authority.

Votes required to ratify the appointment of ARC's independent auditors.

The ratification of the appointment of PricewaterhouseCoopers LLP as ARC's independent auditors for fiscal year 2007, as specified in Proposal 2, requires the affirmative vote of a majority of the shares present at the meeting in person or by proxy and entitled to vote.

Other Business.

We know of no other business that will be presented at the meeting. If any other matter properly comes before the stockholders for a vote at the meeting, however, the proxy holders will vote your shares in accordance with their best judgment.

Board recommended vote on the proposals.

Your board recommends that you vote:

- FOR the election of the seven nominees to the Board of Directors; and
- FOR the ratification of PricewaterhouseCoopers LLP as ARC's independent auditors.

Counting votes.

ARC's transfer agent, Mellon Investor Services, will tabulate and certify the votes. A representative of the transfer agent will serve as an inspector of election.

Treatment of abstentions and broker non-votes.

Abstentions will be treated as shares present for quorum purposes and entitled to vote. Abstentions from voting on a proposal described in this proxy statement will not affect the outcome of the vote on that proposal. A broker non-vote occurs when a broker is unable to vote on a particular matter without instructions from the beneficial holder and such instructions are not received. Broker non-votes will be treated as shares present for quorum purposes, but not entitled to vote. Therefore, broker non-votes will have no effect on the outcome of the vote on the election of directors or the ratification of our independent auditors.

Voting results of the annual meeting.

We plan to announce preliminary voting results at the annual meeting and to publish final results in our Quarterly Report on Securities and Exchange Commission Form 10-Q for the quarter ended June 30, 2007.

Solicitation of Proxies.

ARC is soliciting the proxies and will bear the entire cost of this solicitation, including the preparation, assembly, printing and mailing of this proxy statement and any additional materials furnished to our stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses and other agents holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to these beneficial owners. In addition, if asked, we will reimburse these persons for their reasonable expenses in forwarding the solicitation material to the beneficial owners. We have asked banks, brokerage houses and other custodians, nominees and fiduciaries to forward all solicitation materials to the beneficial owners of the shares they hold of record.

PROPOSAL 1 — ELECTION OF DIRECTORS

Nominees for Director

The board currently consists of seven directors, each of whom has been nominated to serve for a term of one (1) year and until their successors are duly elected and qualified. Our board is not classified and thus all of our directors are elected annually.

Each of the nominees have consented to being named in this proxy statement and has agreed to serve as a member of the board if elected. The Company has no reason to believe that any nominee will be unable to serve. If a nominee is unable to stand for election, the board may either reduce the number of directors to be elected or select a substitute nominee. If a substitute nominee is selected, the proxy holders will vote your shares for the substitute nominee, unless you have withheld authority.

The affirmative vote of a plurality of the votes cast at the meeting is required to elect the seven nominees as directors. This means that the seven nominees will be elected if they receive more affirmative votes than any other person.

CORPORATE GOVERNANCE PROFILE

We are committed to good corporate governance practices and as such we have adopted formal corporate governance guidelines to enhance our effectiveness. A copy of our corporate governance guidelines can be accessed on our Website www.e-arc.com, by clicking on the “Investor Relations” link at the top of the page and then selecting “Corporate Governance” from the Investor Relations Webpage. The guidelines govern, among other things, board member responsibilities, qualifications, committees, compensation, access, education, management succession, and performance evaluation.

The board’s practice is to hold regularly scheduled executive sessions without management. The Nominating and Corporate Governance Committee selects from among our independent directors a lead director to chair the executive sessions of the non-management directors.

We have adopted a Code of Conduct applicable to all employees, officers and directors, including our chief executive officer, our chief financial officer and our controller which meets the definition of a “code of ethics” set forth in Item 406 of Regulation S-K of the Securities and Exchange Act of 1934 (“Exchange Act”). A copy of our Code of Conduct can be accessed on our Website www.e-arc.com, by clicking on the “Investor Relations” link at the top of the page and then selecting “Corporate Governance” from the Investor Relations Webpage. We will post any amendments to the Code of Conduct, and any waivers that are required to be disclosed by the rules of either the Securities and Exchange Commission (“SEC”) or the New York Stock Exchange (“NYSE”), on our internet site.

The board has adopted the American Reprographics Company Corporate Governance Guidelines. Those Guidelines set forth, among other things, director qualification standards and the factors to be considered in making nominations to the board. While the selection of qualified directors is a complex, subjective process that requires consideration of many intangible factors, the Corporate Governance Guidelines provide that the Nominating and Corporate Governance Committee and the board should take into account the following criteria, among others, in considering directors and candidates for the board:

- Judgment, experience, skills and personal character of the candidate; and
- the needs of the board.

Our stockholders may recommend director nominees, and the Nominating and Corporate Governance Committee will consider nominees recommended by stockholders. To date, we have not received any recommendations from our stockholders requesting that the board or any of its committees consider a nominee for inclusion among the board's slate of nominees in the proxy statement for our annual meeting. A stockholder wishing to submit a director nominee recommendation should comply with the provisions of our amended and restated bylaws and the provisions set forth herein under the heading "Stockholder Proposals and Stockholder Board Nominations". We anticipate that nominees recommended by stockholders will be evaluated in the same manner as nominees recommended by anyone else, although the Nominating and Corporate Governance Committee may prefer nominees who are personally known to the existing directors and whose reputations are highly regarded. The Nominating and Corporate Governance Committee will consider all relevant qualifications as well as the needs of the company in terms of compliance with NYSE listing standards and SEC rules.

Director Independence

As required by the rules of the New York Stock Exchange, our board evaluates the independence of its members at least annually, and at other appropriate times (e.g., in connection with a change in employment status) when a change in circumstances could potentially impact the independence of one or more directors.

Under NYSE rules, a director is independent if the Board affirmatively determines that he or she currently has no direct or indirect material relationship with the company or any of its consolidated subsidiaries. In addition, a director must meet each of the following standards to be considered independent under NYSE rules:

- The director is not and has not been an employee of the company, and no member of the director's immediate family is or has served as an executive officer of the company or any of its consolidated subsidiaries, during the last three years.
- Neither the director nor any member of the director's immediate family has received more than \$100,000 in direct compensation from the company or any of its consolidated subsidiaries (excluding director and committee fees, pensions or deferred compensation for prior service) during any 12-month period within the last three years.
- The director: (i) is not, and does not have an immediate family member that is a current partner of a firm that is the company's, or any of its consolidated subsidiaries', internal or external auditor; (ii) is not a current employee of such external audit firm; (iii) does not have an immediate family member who is a current employee of such external audit firm who participates in such firm's audit, assurance or tax compliance (but not tax planning) practice; and (iv) was not, and does not have an immediate family member that was, within the last three years (but is no longer) a partner or employee of such external audit firm who personally worked on the company's, or any of its consolidated subsidiaries', audit within that time.
- Neither the director nor any member of the director's immediate family is or has been employed within the last three years as an executive officer of any company whose compensation committee, or the compensation committee of any of its consolidated subsidiaries, includes or included an executive officer of the company.
- The director is not a current employee of, and does not have an immediate family member who is a current executive officer of, another company that has made payments to, or has received payments from, the company or any of its consolidated subsidiaries, for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of the consolidated gross revenues of such other company.

In determining whether a material relationship exists between the company and each director, the Board broadly considers all relevant facts and circumstances, including:

- the nature of any relationships with the company.
- the significance of the relationship to the company, the other organization and the individual director.
- whether or not the relationship is solely a business relationship in the ordinary course of the company's and the other organization's businesses and does not afford the director any special benefits.

- any commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships, and such other criteria as the board may determine from time to time.
- If a proposed director serves as an executive officer, director or trustee of a tax exempt organization, whether contributions from the company, or any of its consolidated subsidiaries, to such tax exempt organization in any of the last three fiscal years are less than the greater of (i) \$1 million or (ii) 2% of the consolidated gross revenues of such tax exempt organization for its last completed fiscal year.

Pursuant to the company's Corporate Governance Guidelines, all members of the audit committee must also meet the following requirements:

- Director's fees are the only compensation that members of the Audit Committee may receive from the company or any of its consolidated subsidiaries. Audit Committee members may not receive, directly or indirectly, any consulting, advisory or other compensatory fees from the company or any of its consolidated subsidiaries (other than in his or her capacity as a member of the audit committee, the Board, or any other committee of the Board).
- No member of the audit committee may be an "affiliated person" of the company, or any of its consolidated subsidiaries, as such term is defined by the Securities and Exchange Commission.

A copy of our Corporate Governance Guidelines can be accessed on our website www.e-arc.com, by clicking on the "Investor Relations" link at the top of the page and then selecting "Corporate Governance" from the Investor Relations Webpage. You can request a printed copy of our Corporate Governance Guidelines, at no cost, by contacting Investor Relations at 925-949-5100 or 1981 N. Broadway, Suite 385, Walnut Creek, California 94596, attention David Stickney, Vice President Corporate Communications.

After considering the policies set forth in the company's Corporate Governance Guidelines and the standards for independence adopted by the NYSE described above, the Board determined that, in its judgment, current directors Messrs. Formolo, McCluggage, Mealy, Perez de la Mesa and Scocimara are independent and that Edward D. Horowitz, who served as a director during the last fiscal year from January 1, 2006 until May 22, 2006 was independent. The Board also determined that all members of the audit committee, the nominating and corporate governance committee and the compensation committee are independent. Messrs. Mealy, Perez de la Mesa and Scocimara are the members of the audit committee, Messrs. Perez de la Mesa, Formolo and McCluggage are the members of the compensation committee and Messrs. Mealy, McCluggage and Scocimara are the members of the nominating and corporate governance committee.

When affirmatively determining that Mr. Formolo was independent, the Board considered that Mr. Formolo had a direct ownership interest in CHS Management IV LP, an entity with who we had a management agreement until our initial public offering in February 2005 and to who we paid a management fee. After considering that the management agreement had terminated and that amounts that had been paid under the management agreement were less than the amounts specified in the NYSE independence rules, the board affirmatively determined that Mr. Formolo did not have a direct or indirect material relationship with us.

Compensation of Directors

We pay an annual cash fee of \$40,000 to each of our non-employee directors, payable quarterly. In addition, non-employee directors receive \$5,000 cash per year for duties as chair of any committee of our Board of Directors.

In addition to cash fees, up until March 2007 we also granted each non-employee director a nonstatutory stock option under our 2005 Stock Plan to purchase that number of shares having an aggregate grant date value equal to \$50,000, as computed in accordance with FAS 123R. Such grants were made on the date of our annual meeting of stockholders, without any further action of our Board of Directors. Commencing on the date of our 2007 annual meeting of stockholders and on the date of each annual meeting of stockholders thereafter, each non-employee director will receive as compensation in addition to cash fees and without any further action of our Board of Directors, a number of shares of restricted stock under our 2005 Stock Plan that have an aggregate value equal to \$60,000 based on the closing price of our common stock on the NYSE the day before the grant date.

Directors who are our employees are not compensated for their services as directors.

We reimburse our employee and non-employee directors for reasonable travel expenses relating to attendance at our board meetings and participating in director continuing education.

EXECUTIVE COMPENSATION AND RELATED INFORMATION**Compensation Discussion and Analysis**

The compensation committee of the Board of Directors (“Compensation Committee”), which is comprised solely of independent directors, administers the company’s stock plan and reviews and makes recommendations to the Board of Directors regarding compensation and benefits of executive officers. After consideration of the Compensation Committee’s recommendations, the entire board of directors reviews and approves the salaries, bonuses and benefit programs for the company’s executive officers. The Compensation Committee has the authority to engage the services of outside consultants to assist it. Additionally, the Compensation Committee relies upon data, analysis and recommendations from the Chief Executive Officer.

Executive Compensation Philosophy

Our executive compensation program is designed to attract, retain and motivate our executive officers in a manner that is tied directly to achievement of our overall operating and financial goals, and in turn increase our overall equity value. We believe it is in the best interests of our stockholders and our executive officers that our compensation program, and each of its elements, be easy to calculate. We intend that this simplicity reduce the time and cost involved in setting and implementing our compensation policies and calculating payments under such policies, and increase the transparency of our compensation policies. With this in mind, our compensation program provides our executive officers with the incentive to increase our revenues and earnings per share, and allows us a framework for measuring and rewarding such performance.

Specifically, our executive compensation program for 2006 consisted of three primary elements: base salary, annual incentive bonuses (which are discussed more specifically below, and are disclosed in the Summary Compensation Table), and stock options granted to our Chief Financial Officer and our Chief Technology Officer

(but not to our Chief Executive Officer or to our President and Chief Operating Officer, who are our founders and substantial stockholders of the company).

Our Compensation Committee has not adopted any formal policy for allocating compensation between long-term and short-term, between cash and non-cash, or among different forms of non-cash compensation.

Objectives

The company's compensation objective is to link compensation to continuous improvements in corporate performance and increases in stockholder value. As an employee's level of responsibility increases so does the percentage of compensation that is based upon this objective. The company's executive compensation program goals include the following:

- To establish pay levels that attract, retain and motivate highly qualified executive officers while considering the overall market competitiveness for such executive talent and balancing the relationship between total stockholder return and direct compensation;
- To align executive officer remuneration with the interests of the stockholders;
- To recognize superior individual performance;
- To balance base and incentive compensation to complement the company's annual and longer term business objectives and strategies and encourage the fulfillment of those objectives and strategies through executive officer performance;
- To provide compensation opportunities based on the company's performance; and
- To encourage equity participation by executive officers.

The Compensation Committee believes these goals apply equally to the company's non-executive senior management, and has established that annual incentive bonuses and stock option grants be included as fundamental elements of senior management compensation.

Elements of Executive Compensation

Executive compensation consists of the following elements:

Base Salary. Base salaries for our executives are established based on the scope of their responsibilities, taking into account competitive market compensation paid by similarly sized companies for similar positions. Prior to entering into employment agreements with our executive officers in February 2005, under which their base salaries were established, our then governing board of advisors (prior to our reorganization as a Delaware corporation), which consisted of our Chief Executive Officer, Mr. Chandramohan, our President and Chief Operating Officer, Mr. Suriyakumar, and Andrew W. Code, Thomas J. Formolo and Marcus J. George of Code Hennessy & Simmons LLC, engaged a prominent compensation consulting firm to provide competitive compensation benchmarking data regarding base salary, annual incentive bonuses, long-term incentive compensation, and other elements of executive remuneration for each of our executive officer positions, and recommendations for contracts between us and our executive officers.

The surveys conducted by the compensation consultant of chief executive officers, presidents and chief operating officers, chief financial officers, and chief technology officers included companies with annual revenues between \$300 million and \$600 million, with median revenue of approximately \$425-450 million for the survey samples, by position, which approximated our net revenues for the fiscal year ended December 31, 2004.

Based on the survey data and recommendations of our compensation consultant, we entered into employment agreements with three-year initial terms with each of our executive officers setting their base salaries within approximately 10% of the salaries proposed in our compensation consultant's report for our Chief Executive Officer, President and Chief Operating Officer, and Chief Technology Officer, and just below the median chief financial officer base salary identified in the survey data.

We have not adjusted the base salaries for our Chief Executive Officer, President and Chief Operating Officer, or Chief Technology Officer since entering into the February 2005 employment agreements with them, which agreements fixed their base salaries for three years. In connection with the hiring of a new Chief Financial Officer in December 2006, we entered into an employment agreement with a three-year initial term that sets our Chief Financial Officer's base salary. In determining the base salary, we considered the growth in our current revenues since the date of our compensation consultant's report, as well as current market competitive factors.

Annual Incentive Bonus. We utilize annual bonuses payable in cash or, at an executive officer's election, in shares of our common stock, to focus corporate behavior on achievement of goals for improved financial performance, and achievement of specific annual objectives. Our annual incentive bonuses, as opposed to our stock option and restricted stock grants described below, are designed to immediately reward our executive officers for their performance during the most recent fiscal year. We believe that the immediacy of these annual bonuses, in contrast to equity grants vesting over greater time, provides significant incentive to our executive officers to drive the company's financial performance and meet their respective individual objectives. We believe our annual incentive bonuses are an important motivating factor for our executive officers, in addition to being a significant factor in attracting and retaining our executive officers.

We adopted the recommendation of our compensation consultant to base the annual incentive bonuses for Messrs. Chandramohan and Suriyakumar solely on year-over-year growth of our pre-tax earnings per share on a fully-diluted basis ("EPS"). Pursuant to our employment agreements with these executive officers, they are entitled to receive an incentive bonus in an amount equal to \$60,000 for each full percentage point by which our EPS for the fiscal year exceeds by more than 10% the EPS for the immediately preceding fiscal year, after taking into account the amounts of the incentive bonuses earned by both of them.

Thus, for example, if the EPS for an immediately preceding fiscal year was \$1.00, an incentive bonus of \$60,000 would be due to our Chief Executive Officer and to our President/Chief Operating Officer for the succeeding fiscal year if the EPS that year exceeds \$1.11, but is less than \$1.12. Under their employment agreements, Messrs. Chandramohan and Suriyakumar can elect to receive such incentive bonus in cash or in shares of our common stock.

Notwithstanding our annual incentive bonus agreements with our Chief Executive Officer and our President/Chief Operating Officer, given the significant expected savings to the company resulting from the financial restructuring of our debt in December 2005, the company and Messrs. Chandramohan and Suriyakumar agreed that annual incentive bonuses that would have been earned by them for our fiscal year ended December 31, 2006, and payable during our fiscal year ending December 31, 2007, will be waived given that our reduced interest costs would have resulted in incentive bonuses greater than originally contemplated.

As recommended by our compensation consultant, and by contrast to the annual incentive bonuses available to our Chief Executive Officer and our President/Chief Operating Officer, our Chief Financial Officer and Chief Technology Officer are eligible to earn annual incentive bonuses by successfully completing individual performance criteria during the fiscal year. These goal-oriented awards are intended to be responsive to changing internal and external business conditions and objectives from year to year. Accordingly, each year objectives are established for these executive officers against which their actual performance is subsequently measured at year-end.

The objectives for our Chief Technology Officer are determined jointly by our Chief Executive Officer and our President/Chief Operating Officer annually. These objectives include critical technology initiatives and enhancements to our suite of reprographics technology products. Our Chief Executive Officer annually identifies performance objectives for our Chief Financial Officer that relate to Sarbanes-Oxley Act compliance, internal auditing, corporate budgets, financial reporting systems, and our financial performance. Our Compensation Committee annually reviews and approves the performance objectives proposed for these executive officers, and approves any annual incentive bonus payments to them.

2005 Stock Plan. We believe that equity grants provide our executive officers with a strong link to our long-term performance, create an ownership culture, and closely align the interests of our executive officers and our stockholders. We seek to create an environment where employees have a vested interest in the performance of the company's stock.

Our Chief Financial Officer, Chief Technology Officer, and all management-level employees are eligible to receive stock options pursuant to the American Reprographics Company 2005 Stock Plan (“2005 Stock Plan”). The individual option grant levels for all employees in 2006 were based on each respective employee’s scope of responsibility. Our Compensation Committee has reviewed other forms of long-term equity compensation. Considering the impact of alignment with stockholder interests, accounting costs, perceived value, and cash cost to the company, the Compensation Committee believes that long-term equity incentive primarily in the form of stock options is the best alternative.

Stock options granted in 2006, other than options granted to Mr. Mather, generally vest at the rate of 20% annually over five years or 25% annually over four years. The stock option granted to Mr. Mather vests at the rate of 25% upon the first anniversary of his employment and 1/48th monthly thereafter. We have designed our vesting schedules to encourage stock ownership by our employees and as a means of motivating and retaining them. Nevertheless, there are no specific guidelines regarding employee ownership of the company’s stock. Our current practice is to grant stock options at the first Compensation Committee meeting of the year, which is normally held in February.

The stock options granted in 2006 were incentive stock options, except for options granted to Mr. Mather. The stock options granted in 2006 to Mr. Mather, and all stock options the Compensation Committee intends to grant in 2007, are nonstatutory stock options.

Restricted Stock Awards. In addition to stock options, the 2005 Stock Plan authorizes us to grant restricted shares of our stock. We believe such a grant of restricted stock rewards exceptional performance that drives significant business objectives and is consistent with our executive compensation philosophy. Our Compensation Committee determines the performance-based conditions for an award of restricted stock, and the conditions for vesting of restricted shares, as it determines to be appropriate.

To date, the only restricted stock award we have made was to our Chief Technology Officer, Rahul K. Roy, in connection with the successful development of our Sub-Hub software product, as more fully described in the “Executive Compensation” section below.

Employee Stock Purchase Plan. We offer all of our employees, including our executive officers, the opportunity to purchase our common stock through a tax-qualified employee stock purchase plan (“ESPP”). Under the ESPP, employees may elect to purchase annually, at a five percent discount (applied to the closing price of our common stock on the NYSE on the date of purchase(s)) up to the lesser of (a) 400 shares of our common stock, or (b) that number of shares of our common stock having an aggregate fair market value of \$25,000.

Other Compensation. Our executive officers are entitled to participate in our health, life and disability insurance plans, and our 401(k) plan to the same extent that our other employees are entitled to participate. Our employment agreements with Messrs. Chandramohan, Suriyakumar, Legg and Roy also provide for payment of certain perquisites, including without limitation, automobile leasing and club membership dues.

We have no current plans to change either the employment agreements (except as required by law or as required to clarify the benefits to which our executive officers are entitled as set forth therein) or levels of benefits provided thereunder.

Change in Control and Severance Arrangements. We grant change in control and severance arrangements to our executive officers, as we believe that granting these arrangements to our executive officers is an important element in retaining such employees, and that such arrangements are elements of competitive market compensation, given information furnished by our compensation consultant. Currently, Messrs. Chandramohan, Suriyakumar, Roy, our current Chief Financial Officer, Jonathan R. Mather, and our former Chief Financial Officer, Mark W. Legg, have change in control and severance arrangements, which are described in the “Employment Contracts, Termination of Employment and Change in Control Arrangements” section below.

Summary. After its review of all existing programs, consideration of current market and competitive conditions, and alignment with the company’s overall compensation objectives and philosophy, our Compensation Committee believes that the total compensation program for our executive officers is focused on increasing value for stockholders and enhancing the company’s performance. The Compensation Committee currently believes that

a significant portion of compensation of executive officers is properly tied to stock appreciation or stockholder value through stock options and annual incentive bonus measures. Our Compensation Committee believes that our executive compensation levels are competitive with the compensation programs offered by other corporations with which we compete for executive talent.

- (5) Mr. Mather’s annual base salary is \$360,000.

Grants of Plan-Based Awards

All plan-based stock option awards granted to our executive officers in our fiscal year ended December 31, 2006, except the award granted to Mr. Mather, were incentive stock options, to the extent permissible under the Internal Revenue Code. Pursuant to the 2005 Stock Plan, the exercise price per share of each such option granted to our executive officers (other than Mr. Mather) was based upon the closing sales price for our common stock as quoted on the NYSE on the last trading day prior to the date of grant. Pursuant to Mr. Mather's employment agreement, the exercise price per share of his option is equal to the closing price of our common stock on the NYSE on December 4, 2006, the date Mr. Mather's employment commenced.

Pursuant to our Agreement to Grant Stock with Mr. Roy, we granted him restricted shares of our common stock with an aggregate value of \$1,000,000, based upon the average NYSE closing price for the 10 trading days immediately preceding the fifth trading day prior to the November 10, 2006 grant.

Employment Contracts, Termination of Employment and Change in Control Arrangements

On February 3, 2005, we entered into employment agreements with Messrs. Chandramohan, Suriyakumar, Roy and Legg, and on December 4, 2006, we entered into an employment agreement with Mr. Legg's successor, Mr. Mather. Each of these employment agreements includes an initial three-year term and automatic year-to-year renewal thereafter, subject to notice of non-renewal by the Company or the executive officer. Mr. Legg voluntarily terminated his employment agreement as of February 28, 2007.

Bonus provisions under the employment agreements are described in the "Annual Incentive Bonus" section above. The employment agreements also provide for payment of group medical, disability and life insurance premiums for our executive officers and their eligible dependents. In addition, the employment agreements with Messrs. Chandramohan, Suriyakumar, Roy and Legg provide for payment of certain perquisites, including without limitation, automobile leasing and club membership dues. Our employment agreement with Mr. Mather provides for the grant of an option to purchase 150,000 shares of our common stock at an exercise price of \$33.10 per share (the closing price of our common stock on the NYSE on December 4, 2006, the date Mr. Mather's employment commenced).

Change in Control and Severance Arrangements. The employment agreements between us and Messrs. Chandramohan, Suriyakumar, Roy and Mather each include change in control and severance arrangements, which provide as follows:

- For each of Messrs. Chandramohan and Suriyakumar, if terminated without cause or employment terminates for "good reason" (as discussed below), each is entitled to receive: (a) his base salary through the February 3, 2008 expiration of the employment agreement term; (b) continued payment of premiums for him and his eligible dependants to remain covered by our group medical insurance programs, until the earlier of (i) medical insurance coverage being available through another employer, (ii) termination of eligibility for his children under our policies and applicable laws, or (iii) qualification of him and his spouse, in each instance, for Medicare coverage; (c) continued payment of employer-paid benefits, including without limitation, the lease of automobiles, through the February 3, 2008 expiration of the employment agreement term; and (d) immediate vesting of any unvested stock options, restricted stock or similar rights granted to him as of the effective date of termination. As of December 31, 2006, payment of all the foregoing in connection with termination of Mr. Chandramohan employment without cause or for good reason would have totaled approximately \$729,426, and payment of all of the foregoing in connection with termination of Mr. Suriyakumar's employment without cause or for good reason would have totaled approximately \$724,486. Neither Mr. Chandramohan nor Mr. Suriyakumar had any unvested stock options, restricted stock or similar rights as of December 31, 2006.
- For Mr. Roy, if terminated without cause or employment terminates for "good reason" (as discussed below), he is entitled to receive: (a) his then base salary through the February 3, 2008 expiration of the employment agreement term, provided that in the event such termination occurs for good reason because of a change of control, such payment of base salary shall continue for the greater of (i) the then remaining term of the agreement, or (ii) twelve months; (b) continued payment of premiums for him and his eligible dependants to remain covered by our group medical insurance programs for the period in which he is entitled to continue to receive his base salary; (c) continued payment of employer-paid benefits, including without limitation, automobile leasing, for the period in which he is entitled to continue to receive his base salary; and (d) immediate vesting of all unvested stock options, restricted stock or similar rights granted to him as of the

effective date of termination. As of December 31, 2006, payment of all the foregoing in connection with termination of Mr. Roy's employment without cause or for good reason would have totaled approximately \$470,857. Accelerated vesting of Mr. Roy's outstanding stock options would have resulted in vesting of 123,253 shares of common stock subject to unvested options as of December 31, 2006, with an aggregate fair market value of \$4,105,557 based on the NYSE closing price on the last trading day most recently preceding that date.

- For Mr. Mather, if terminated without cause or employment terminates for "good reason" (as discussed below), he is entitled to receive: (a) his base salary for nine months following the effective date of termination; (b) continued payment of premiums for Mr. Mather and his eligible dependants to remain covered by our group medical insurance programs for nine months following the effective date of termination; (c) in the event the effective date of termination occurs before the December 4, 2007 first anniversary of Mr. Mather's commencement of employment with us, accelerated vesting of all stock options, restricted stock or similar rights granted to Mr. Mather that would have vested as of the first anniversary of his employment; (d) in the event the effective date of termination occurs after December 4, 2007, immediate vesting of all unvested stock options, restricted stock or similar rights granted to him as of the effective date of termination; and (e) a pro-rated incentive bonus based on the number of days Mr. Mather is employed with us during the fiscal year in which his employment is terminated. As of December 31, 2006, payment of all of the foregoing in connection with termination of Mr. Mather's employment without cause or for good reason would have totaled approximately \$300,051. Accelerated vesting of outstanding stock options that would have been vested as of the December 4, 2007 first anniversary of Mr. Mather's employment with us but for his termination without cause or for good reason before that date would result in vesting of 37,500 shares of common stock subject to unvested options as of December 31, 2006, with an aggregate fair market value of \$1,249,125 based on the NYSE closing price on the last trading day most recently preceding that date.

The severance payments and benefits described above are only payable if the executive officer executes and delivers to us an agreement releasing us and our related parties for all claims and liabilities that the executive officer may have against us and our related parties.

Under each of our employment agreements with Messrs. Chandramohan, Suriyakumar, Roy, and Mather, cause is defined to include a willful refusal to perform the duties set forth in the agreement or as delegated to him (subject to a 30-day cure period following written notice in each case), gross negligence, self dealing or willful misconduct injurious to the company, fraud or misappropriation of our business and assets, habitual insobriety or use of illegal drugs, any felony conviction or guilty plea that harms the reputation or business of the company, or material breach of the employment agreement or material policy of ours that is not cured within 30 days of written notice.

Each employment agreement with Messrs. Chandramohan, Suriyakumar, Roy, and Mather provides that termination of employment by the executive officer for good reason means a material change in his respective duties and responsibilities set forth in the employment agreement, without his written consent, a reduction in his compensation, other than as expressly provided in the employment agreement, a material breach by the company of any other material terms of the employment agreement, or a change of control, as a result of which he is not offered the same or comparable position in the surviving company, or 12 months after accepting such position, he is terminated without cause, or he terminates his employment for good reason, as provided in the employment agreement. In addition, under Mr. Mather's agreement, termination for good reason includes a termination resulting from relocation of his principal office to a site greater than 50 miles from Glendale, California.

Under each employment agreement between us and Messrs. Chandramohan, Suriyakumar, Roy, and Mather, a change of control means: (a) our being merged with any other corporation, as a result of which we are not the surviving company or our shares are not exchanged for or converted into more than 50% of the voting securities of the merged company; (b) our sale or transfer of all or substantially all of our assets; or (c) any third party becoming the beneficial owner in one transaction or a series of transactions within 12 months, of at least 50% of our voting securities.

Proprietary Information and Invention Assignment Agreements. Each of our executive officer's employment agreements also includes customary covenants with respect to proprietary information and inventions. Among other

things, the agreements obligate each named executive officer to refrain from disclosing any of our proprietary information received during the course of employment and, subject to an exception under the California Labor Code, to assign to us any inventions conceived or developed during the course of employment.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of our Compensation Committee from January 2006 until May 2006 were Messrs. Perez de la Mesa, McCluggage and Horowitz. In May 2006, Mr. Formolo replaced Mr. Horowitz on the Compensation Committee.

During the year ended December 31, 2006, no executive officer of the company served as a director, or as a member of any compensation committee, of any other for-profit entity that had an executive officer that served on the Board of Directors or Compensation Committee of the company.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Certain of our directors, executive officers, five percent beneficial owners and their affiliates have engaged in transactions with us in the ordinary course of business. We believe these transactions involved terms comparable to terms that would be obtained from an unaffiliated third party at the times the transactions were consummated. The following is a description of these transactions during our fiscal year ended December 31, 2006.

Related Party Leases and Purchases

During our fiscal year ended December 31, 2006, we were a party to leases with entities owned by our Chief Executive Officer, Mr. Chandramohan, and our President/Chief Operating Officer, Mr. Suriyakumar, for eight of our facilities located in Los Angeles, California, San Jose, California, Irvine, California, Sacramento, California, Oakland, California, Gaithersburg, Maryland, Costa Mesa, California and Monterey Park, California. These facilities are leased to us under written lease agreements between us and our subsidiaries, Sumo Holdings LA, LLC, Sumo Holdings San Jose, LLC, Sumo Holdings Irvine, LLC, Sumo Holdings Sacramento, LLC (for both Sacramento and Oakland, California facilities), Sumo Holdings Maryland, LLC, Sumo Holdings Costa Mesa, LLC, and Dieterich-Post Company, respectively.

Messrs. Chandramohan and Suriyakumar are the only members of each of these limited liability companies, and collectively own 85% of the outstanding shares of Dieterich-Post Company.

Under these leases, we paid these entities rent in the aggregate amount of \$1,583,328 in 2006. We were also obligated to reimburse these entities for certain real property taxes and the actual costs incurred by these entities for insurance and maintenance on a triple net basis.

The eight leases described above expire between March 31, 2009 and July 31, 2019.

We sold certain products and services to Thomas Reprographics, Inc., Albinson Reprographics, LLC and Thomas Reprographics of Florida, LLC. Billy E. Thomas owns 69% of Thomas Reprographics Inc., 33.3% of Albinson Reprographics, LLC and 33.3% of Thomas Reprographics of Florida, LLC. Billy E. Thomas beneficial owned more than five percent of our common stock until May 17, 2006. These three companies purchased products and services from us of approximately \$257,610 during the year ended December 31, 2006.

Consulting Agreement

On February 28, 2007, we entered into a written consulting agreement with Legg Consulting LLC, which is controlled by our former Chief Financial Officer, Mark Legg, effective March 1, 2007 upon Mr. Legg's resignation as our full-time employee. The term of the consulting agreement is one year.

Pursuant to the consulting agreement, Mr. Legg will provide us professional services related to merger and acquisition strategic planning and due diligence, transition assistance to our current Chief Financial Officer, pending accounting matters, and such other matters as we may request. We will pay Legg Consulting LLC the sum of \$24,250 per month during the term of the agreement.

Policies and Procedures Regarding Related Persons Transactions

The real property leases described above were originally entered into by us between November 17, 1997 and September 23, 2003. Our Board of Directors determined that as of the February 2005 closing of our initial public offering, we would not enter into any arrangements to lease any additional facilities from Messrs. Chandramohan and Suriyakumar or their affiliates, or from any other related persons. Our Board of Directors requires that any extensions of the existing real property leases will not be approved if the proposed base rent exceeds the then-existing fair market rate in the applicable geographic market. Our Chief Financial Officer reviews relevant market data to ensure that lease term base rent for any extension term does not exceed the fair market rate and is authorized to consult with and retain the services of professionals, as necessary, to determine prevailing market rental rates.

In addition to these guidelines regarding real property leasing, written guidelines adopted by our Board of Directors require that the Board review and approve any proposed transaction with any principal stockholder, director, or executive officer, including their affiliates and other related persons. Pursuant to these guidelines, our Board of Directors reviewed and approved the compensation under the consulting agreement with Legg Consulting LLC described above.

Indemnification Agreements

We have entered into indemnification agreements with each of our directors and executive officers that provide indemnification under certain circumstances for acts and omissions that may not be covered by any directors' and officers' liability insurance. The indemnification agreements may require us, among other things, to indemnify our officers and directors against certain liabilities that may arise by reason of their status or service as officers and directors (other than liabilities arising from willful misconduct of a culpable nature), to advance their expenses incurred as a result of any proceeding against them as to which they could be indemnified, and to obtain officers' and directors' insurance if available on reasonable terms.

Registration Rights Agreement

On April 10, 2000, we entered into a registration rights agreement with Messrs. Chandramohan and Suriyakumar, and with certain other holders of our common stock and holders of warrants to purchase our common stock, including entities affiliated with our director, Mr. Formolo, and our former director, Mr. Code, which registration rights agreement was amended as of December 29, 2004. As of March 30, 2007, holders of 9,150,487 shares of common stock are entitled to certain rights with respect to the registration of such shares under the Securities Act. These registration rights are described below.

Demand Registrations. At any time following six months after the February 9, 2005 closing of our initial public offering, the holders of a majority of the registrable securities held by ARC Acquisition Co., L.L.C., an entity affiliated with our director, Mr. Formolo, and our former director, Mr. Code, and the holders of a majority of the registrable securities held by Messrs. SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires directors and certain officers of the company and persons who own more than ten percent of our common stock to file with the SEC initial reports of beneficial ownership (Form 3) and reports of subsequent changes in their beneficial ownership (Form 4 or Form 5) of ARC’s common stock. Such directors, officers and greater-than-ten-percent stockholders are required to furnish us with copies of the Section 16 (a) reports they file. The SEC has established specific due dates for these reports, and ARC is required to disclose in this report any late filings or failures to file.

Based solely on our review of copies of the Section 16(a) reports received or written representations from such officers, directors and more than ten percent stockholders, we believe that all Section 16(a) filings applicable to our officers, directors and more than ten percent stockholders were complied with during the fiscal year ended December 31, 2006, except for the following: (i) Jonathan R. Mather, our Chief Financial Officer, filed a Form 5 on February 21, 2007 which included the late reporting of a stock option grant effective December 4, 2006; (ii) Rahul K. Roy, our Chief Technology Officer, filed a Form 5 on February 14, 2007, which included the late reporting of the grant of a stock option on February 21, 2006 and filed a Form 5 amendment on February 26, 2007 which included the late reporting of a grant of restricted shares on November 10, 2006, (iii) Mark W. Legg, our former Chief Financial Officer, filed a Form 5 on February 14, 2007, which included the late reporting of the grant of a stock option on February 21, 2006, and (iv) Billy E. Thomas, who owned greater than ten percent of our stock until April 11, 2005, filed a Form 4 on April 19, 2006, which included the late reporting of a disposition of stock that brought his ownership to less than ten percent.

The audit committee has adopted a pre-approval policy governing the engagement of the company's independent registered public accounting firm for all audit and non-audit services. The audit committee's pre-approval policy provides that the audit committee must pre-approve all audit services and non-audit services to be performed for the company by its independent registered public accounting firm prior to their engagement for such services. The audit committee pre-approval policy establishes pre-approved categories of certain non-audit services that may be performed by the company's independent registered public accounting firm during the fiscal year, subject to dollar limitations that may be set by the audit committee. Pre-approved services include certain audit related services, tax services and various non-audit related services. The term of any pre-approval is 12 months from the date of pre-approval, unless the audit committee specifically provides for a different period. The audit committee may delegate pre-approval authority to one or more of its members. The member(s) to whom such authority is delegated must report any pre-approval decisions to the audit committee at its next meeting. One hundred percent of the services provided by PricewaterhouseCoopers LLP during 2006 and 2005 were approved by the audit committee in accordance with the pre-approval procedures described above.

Under Company policy and/or applicable rules and regulations, the independent registered public accounting firm is prohibited from providing the following types of services to the Company: (1) bookkeeping or other services related to the Company's accounting records or financial statements, (2) financial information systems design and implementation, (3) appraisal or valuation services, fairness opinions or contribution-in-kind reports, (4) actuarial services, (5) internal audit outsourcing services, (6) management functions, (7) human resources, (8) broker-dealer, investment advisor or investment banking services, and (9) legal services.

Vote Required For Ratification

The Audit Committee was responsible for selecting ARC's independent auditors for fiscal year 2007 pursuant to the terms of the Audit Committee charter. Accordingly, stockholder approval is not required to appoint PricewaterhouseCoopers LLP as ARC's independent auditors for fiscal year 2007. The board believes, however, that submitting the appointment of PricewaterhouseCoopers LLP to the stockholders for ratification is a matter of good corporate governance. The Audit Committee is solely responsible for selecting ARC's independent auditors. If the stockholders do not ratify the appointment, the Audit Committee will review its future selection of independent auditors.

The ratification of the appointment of PricewaterhouseCoopers LLP as ARC's independent auditors requires the affirmative vote of a majority of the shares present at the meeting in person or by proxy and entitled to vote.

YOUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE RATIFICATION OF PRICEWATERHOUSECOOPERS LLP AS INDEPENDENT AUDITOR FOR 2007

OTHER MATTERS

We know of no other business that will be presented at the meeting. If any other matter properly comes before the stockholders for a vote at the meeting, however, the proxy holders will vote your shares in accordance with their best judgment.

ADDITIONAL INFORMATION

Householding of Proxies

Under rules adopted by the SEC, we are permitted to deliver a single set of any proxy statement, information statement, annual report and prospectus to any household at which two or more stockholders reside if we believe the stockholders are members of the same family. This process, called householding, allows us to reduce the number of copies of these materials we must print and mail. Even if householding is used, each stockholder will continue to receive a separate proxy card or voting instruction card.

The Company is not householding for those stockholders who hold their shares directly in their own name. If you share the same last name and address with another Company stockholder who also holds his or her shares directly, and you would each like to start householding for the Company's annual reports, proxy statements, information statements and prospectuses for your respective accounts, then please contact us at American Reprographics Company, 700 North Central Avenue, Suite 550, Glendale, California 91203, Attention: Jonathan R. Mather, Telephone (818) 500-0225.

This year, some brokers and nominees who hold Company shares on behalf of stockholders may be participating in the practice of householding proxy statements and annual reports for those stockholders. If your household received a single proxy statement and annual report for this year, but you would like to receive your own copy this year, please contact us at, American Reprographics Company, 700 North Central Avenue, Suite 550, Glendale, California 91203, Attention: Jonathan R. Mather, Telephone (818) 500-0225, and we will promptly send you a copy. If a broker or nominee holds Company shares on your behalf and you share the same last name and address with another stockholder for whom a broker or nominee holds Company shares, and together both of you would like to receive only a single set of the Company's disclosure documents, please contact your broker or nominee as described in the voting instruction card or other information you received from your broker or nominee.

If you consent to householding, your election will remain in effect until you revoke it. Should you later revoke your consent, you will be sent separate copies of those documents that are mailed at least 30 days or more after receipt of your revocation.

Stockholder Proposals and Stockholder Board Nominations

Our amended and restated bylaws set forth the requirements that must be satisfied in order for a stockholder to recommend a nominee for election to our board of directors at our annual meeting or to bring other business properly before our annual meeting. For nominations or other business to be properly brought before an annual meeting by a stockholder, (i) the stockholder must give timely notice of the nomination in writing to our Secretary, (ii) such other business must be a proper matter for stockholder action, (iii) if the stockholder provides the Company with a Solicitation Notice (as defined below), the stockholder must deliver a proxy statement and form of proxy, in the case of a stockholder proposal of other business, to holders of at least the percentage of the corporation's voting shares required under applicable law to carry any such proposal and, in the case of a nomination, to holders of a percentage of our voting securities reasonably believed by the stockholder to be sufficient to elect the nominee, and must, in either case, have included in such materials the Solicitation Notice, and (iii) if no Solicitation Notice is timely provided, then the stockholder must not have solicited a number of proxies sufficient to have required the delivery of such a solicitation notice.

To be timely, a stockholder's notice must be delivered to our secretary at our principal executive office not later than the close of business on the ninetieth day nor earlier than the close of business on the one hundred twentieth day prior to the first anniversary of the preceding year's annual meeting. If the date of the annual meeting is advanced more than 30 days prior to or delayed by more than 30 days after the anniversary of the preceding year's annual

meeting, notice by the stockholder must be delivered not earlier than the close of business on the one hundred twentieth day prior to the annual meeting and not later than the close of business on the later of the ninetieth day prior to the annual meeting or the tenth day following the day on which public announcement of the date of such meeting is first made. Public announcement of an adjournment of our annual meeting will not commence a new time period for the giving of a stockholder's notice.

The stockholder's notice must set forth: (A) as to each person whom the stockholder proposed to nominate for election or reelection as a director, all information relating to the nominee that is required to be disclosed in solicitations of proxies for election of directors pursuant to Regulation 14A under the Exchange Act and Rule 14a-4(d) thereunder (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); and (B) as to any other business that the stockholder proposes to bring before the meeting, a brief description of the business desired to be brought before the meeting, the reasons for conducting such business at the meeting and any material interest in such business of such stockholder and the beneficial owner, if any, on whose behalf the proposal is made; and (C) as to the stockholder giving the notice (i) the name and address of the stockholder, as they appear on our books and records, (ii) the class and number of shares of our stock that are owned beneficially and of record by the stockholder, and (iii) whether the stockholder intends to deliver a proxy statement and form of proxy to holders of, in the case of the stockholder proposal, at least the percentage of the corporation's voting shares required under applicable law to carry the stockholder proposal or, in the case of a nomination, a sufficient number of holders of the corporation's voting shares to elect such nominee or nominees (such an affirmative statement being referred to as a "*Solicitation Notice*").

You may contact the Secretary at ARC at our principal executive offices to request a printed copy of the relevant amended and restated bylaws provision regarding the requirements for making stockholder proposals and nominating director candidates.

Members of the Committee and the Committee Chairperson shall be appointed by and may be removed by the Board on the recommendation of the Nominating and Corporate Governance Committee.

Meetings

The Audit Committee shall meet as often as it determines, but not less frequently than quarterly. The Audit Committee may request any officer or employee of the Company or the Company’s outside counsel or independent auditor to attend a meeting of the Committee or to meet with any members of, or consultants to, the Committee.

Committee Authority and Resources

The Audit Committee shall have the sole authority to appoint or replace the independent auditor (subject, if applicable, to stockholder ratification). The Audit Committee shall be directly responsible for the compensation and oversight of the work of the independent auditor (including resolution of disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work. The independent auditor shall report directly to the Audit Committee.

The Audit Committee shall pre-approve all auditing services, internal control-related services and permitted non-audit services (including the terms thereof) to be performed for the Company by its independent auditor, subject to the de minimus exceptions for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act which are approved by the Audit Committee prior to the completion of the audit. The Audit Committee may form and delegate authority to sub-committees consisting of one or more members when appropriate, including the authority to grant pre-approvals of audit and permitted non- audit services, provided that decisions of such subcommittee to grant pre-approvals shall be presented to the full Audit Committee at its next scheduled meeting.

The Audit Committee shall have the authority, to the extent it deems necessary or appropriate, to retain independent legal, accounting or other advisors. The Company shall provide for appropriate funding, as determined by the Audit Committee, for payment of compensation to the independent auditor for the purpose of rendering or issuing an audit report and to any advisors employed by the Audit Committee.

Committee Duties and Responsibilities

The Audit Committee, to the extent it deems necessary or appropriate, shall:

6. Review and discuss quarterly reports from the independent auditors on:

(a) all critical accounting policies and practices to be used;

(b) all alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditor; and

7. Discuss with management the Company’s earnings press releases, including the use of “pro forma” or “adjusted” non-GAAP information, as well as financial information and earnings guidance provided to analysts and rating agencies. Evaluate the qualifications, performance and independence of the independent auditor, including considering whether the auditor's quality controls are adequate and the provision of permitted non-audit services is compatible with maintaining the auditor's independence, taking into account the opinions of management and internal auditors. The Audit Committee shall present its conclusions with respect to the independent auditor to the Board.

14. Ensure the rotation of the audit partners as required by law. Consider whether, in order to assure continuing auditor independence, it is appropriate to adopt a policy of rotating the independent auditing firm on a regular basis.

AMERICAN REPROGRAPHICS COMPANY

Audit Committee Pre-Approval Policy

I. STATEMENT OF PRINCIPLES

The Audit Committee must pre-approve the audit and non-audit services performed by the independent auditor in order to assure that the provision of such services does not impair the auditor's independence. Before the Company or any of its subsidiaries engages the independent auditor to render a service, the engagement must be either:

1. specifically approved by the Audit Committee; or
2. entered into pursuant to this Pre-Approval Policy.

The appendices to this Pre-Approval Policy describe in detail the particular audit, audit-related, tax and other services that have the pre-approval of the Audit Committee pursuant to this Pre-Approval Policy.(1) The term of any pre-approval is 12 months from the date of pre-approval, unless the Audit Committee specifically provides for a different period. The Audit Committee shall periodically revise the list of pre-approved services.

II. DELEGATION

The Audit Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated shall report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The Audit Committee may not delegate to management the Audit Committee's responsibilities to pre-approve services performed by the independent auditor.

III. AUDIT SERVICES

The Audit Committee must specifically pre-approve the terms of the annual audit services engagement. The Audit Committee shall approve, if necessary, any changes in terms resulting from changes in audit scope, Company structure or other matters.

In addition to the annual audit services engagement approved by the Audit Committee, the Audit Committee may grant pre-approval for other audit services, which are those services that only the independent auditor reasonably can provide. The Audit Committee has pre-approved the audit services listed in Appendix A. All other audit services not listed in Appendix A must be specifically pre-approved by the Audit Committee.

IV. AUDIT-RELATED SERVICES

Audit-related services, including internal control-related services, are assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and/or the Company's internal control over financial reporting and that are traditionally performed by the independent auditor. The Audit Committee believes that the provision of audit-related services does not impair the independence of the auditor, and has pre-approved the audit-related services listed in Appendix B. All other audit-related services not listed in Appendix B, and all internal control-related services, must be specifically pre-approved by the Audit Committee.

V. TAX SERVICES

The Audit Committee believes that the independent auditor can provide tax services to the Company such as tax compliance, tax planning and tax advice without impairing the auditor's independence. However, the Audit Committee shall scrutinize carefully the retention of the independent auditor in connection with any tax-related transaction initially recommended by the independent auditor. The Audit Committee has pre-approved the tax services listed in Appendix C. All tax services not listed in Appendix C must be specifically pre-approved by the Audit Committee.

VI. OTHER SERVICES

The Audit Committee may grant pre-approval to those permissible non-audit services classified as other services that it believes would not impair the independence of the auditor, including those that are routine and recurring services. The Audit Committee has pre-approved the other services listed in Appendix D. Permissible other services not listed in Appendix D must be specifically pre-approved by the Audit Committee.

A list of the non-audit services prohibited under the rules of the Securities and Exchange Commission (the "Commission") is attached to this Pre-Approval Policy as Exhibit 1. The rules of the Commission and the Public Company Accounting Oversight Board (the "PCAOB") and relevant guidance should be consulted to determine the precise definitions of these services and the applicability of exceptions to certain of the prohibitions.

VII. PRE-APPROVAL FEE LEVELS

The Audit Committee may consider the amount or range of estimated fees as a factor in determining whether a proposed service would impair the auditor's independence. Where the Audit Committee has approved an estimated fee for a service, the pre-approval applies to all services described in the approval. However, in the event the invoice in respect of any such service is materially in excess of the estimated amount or range, the Audit Committee must approve such excess amount prior to payment of the invoice. The Audit Committee expects that any requests to pay invoices in excess of the estimated amounts will include an explanation as to the reason for the overage. The Company's independent auditor will be informed of this policy.

VIII. SUPPORTING DOCUMENTATION

With respect to each proposed pre-approved service, the independent auditor must provide the Audit Committee with detailed back-up documentation regarding the specific services to be provided.

IX. PROCEDURES

The Company's management shall inform the Audit Committee of each service performed by the independent auditor pursuant to this Pre-Approval Policy.

Requests or applications to provide services that require separate approval by the Audit Committee shall be submitted to the Audit Committee by both the independent auditor and the Chief Financial Officer, and must include a joint statement as to whether, in their view, the request or application is consistent with the rules of the Commission and the PCAOB on auditor independence.
