PROXY STATEMENT

GENERAL INFORMATION

Why am I receiving these proxy materials?

The Board of Directors (the “Board”) of Global Cash Access Holdings, Inc., a Delaware corporation (the “Company”), is furnishing these proxy materials to you in connection with the Company’s 2006 annual meeting of stockholders (the “Annual Meeting”). The Annual Meeting will be held at the Green Valley Ranch, 2300 Paseo Verde Drive, Henderson, Nevada 89052, on April 27, 2006 at 9:00 a.m., Pacific Daylight Time. You are invited to attend the Annual Meeting and are entitled and requested to vote on the proposals outlined in this proxy statement (“Proxy Statement”).

What proposals will be voted on at the Annual Meeting?

There are three proposals scheduled to be voted on at the Annual Meeting:

1. To elect three Class I directors to serve until the 2009 annual meeting of stockholders and until their successors are elected and qualified.
2. To ratify the appointment of Deloitte & Touche LLP as the Company’s independent registered public accounting firm (hereinafter referred to as “independent auditors”) for the fiscal year ending December 31, 2006.
3. To consider such other business as may properly come before the Annual Meeting and any adjournment or postponement thereof.

As to any other business which may properly come before the Annual Meeting, the persons named on the enclosed proxy card will vote according to their best judgment. The Company does not know now of any other matters to be presented or acted upon at the Annual Meeting.

What are the recommendations of the Company’s Board of Directors?

The Board recommends that you vote “FOR” the election of the three Class I directors, and “FOR” the ratification of the appointment of Deloitte & Touche LLP as the Company’s independent auditors for the fiscal year ending December 31, 2006.

What is the record date and what does it mean?

The record date for the Annual Meeting is March 8, 2006. The record date is established by the Board of Directors as required by Delaware law. Holders of shares of the Company’s common stock at the close of business on the record date are entitled to receive notice of the Annual Meeting and to vote at the Annual Meeting and any adjournments or postponements thereof.

What shares can I vote?

Each stockholder of the Company’s common stock, par value \$.001 per share (“Common Stock”), is entitled to one vote for each share of Common Stock owned as of the record date. Holders of Common Stock are referred to herein as “Stockholders.”

At the record date, 82,173,690 shares of Common Stock were issued and outstanding.

What constitutes a quorum?

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares of Common Stock outstanding and entitled to vote on the record date will constitute a quorum permitting the Annual Meeting to conduct its business.

How are abstentions and broker non-votes treated?

Under the General Corporation Law of the State of Delaware, an abstaining vote and a broker non-vote are counted as present and are, therefore, included for purposes of determining whether a quorum of shares is present at the Annual Meeting. Broker non-votes are not included in the tabulation of the voting results on the election of directors or issues requiring approval of a majority of the shares present or represented by proxy and entitled to vote at the Annual Meeting and, therefore, do not have an effect on Proposals 1 or 2. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have the discretionary voting instructions with respect to that item and has not received instructions from the beneficial owner. Under the rules that govern brokers who are voting with respect to shares held by them as nominee, brokers have the discretion to vote such shares only on routine matters. Routine matters include, among others, the election of directors and ratification of auditors. For the purpose of determining whether the Stockholders have approved matters other than the election of directors, abstentions are treated as shares present or represented and voting, so abstentions have the same effect as negative votes. Shares held by brokers who do not have discretionary authority to vote on a particular matter and have not received voting instructions from their customers are not counted or deemed to be present or represented for purposes of determining whether Stockholders have approved that matter.

What is the voting requirement to approve each of the proposals?

Proposal 1. The three candidates receiving the greatest number of affirmative votes of the shares of Common Stock present in person, or represented by proxy, and entitled to vote at the Annual Meeting will be elected, provided a quorum is present and voting. Abstentions and broker non-votes will not be counted toward a nominee's total.

Proposal 2. Ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm will require the affirmative vote of a majority of the shares of Common Stock present in person, or represented by proxy, and entitled to vote at the Annual Meeting. Abstentions and broker non-votes will not be counted as having been voted on Proposal 2.

All shares of Common Stock represented by valid proxies will be voted in accordance with the instructions contained therein. In the absence of instructions, proxies from holders of Common Stock will be voted FOR Proposals 1 and 2.

How do I vote my shares?

You can either attend the Annual Meeting and vote in person or give a proxy to be voted at the Annual Meeting:

- by mailing the enclosed proxy card;
- over the telephone by calling a toll-free number; or
- electronically, using the Internet.

The Internet and telephone voting procedures have been set up for your convenience and are designed to authenticate Stockholders' identities, to allow Stockholders to provide their voting instructions, and to confirm that their instructions have been recorded properly. The Company believes the procedures which have been put in place are consistent with the requirements of applicable law. Specific instructions for Stockholders of record who wish to use the Internet or telephone voting procedures are set forth on the enclosed proxy card.

Who will tabulate the votes?

An automated system administered by ADP Investor Communication Services (“ADP”) will tabulate votes cast by proxy at the Annual Meeting and a representative of the Company will tabulate votes cast in person at the Annual Meeting.

Is my vote confidential?

Proxy instructions, ballots and voting tabulations that identify individual Stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within the Company or to third parties, except (i) as necessary to meet applicable legal requirements, or (ii) to allow for the tabulation and/or certification of the vote.

Can I change my vote after submitting my proxy?

You may revoke your proxy at any time before the final vote at the Annual Meeting. You may do so by one of the following four ways:

- submitting another proxy card bearing a later date;
- sending a written notice of revocation to the Company’s Corporate Secretary at 3525 East Post Road, Suite 120, Las Vegas, Nevada 89120;
- submitting new voting instructions via telephone or the Internet; or
- attending AND voting in person at the Annual Meeting.

Who is paying for this proxy solicitation?

This Proxy Statement and the accompanying proxy were first sent by mail to the Stockholders on or about March 29, 2006. The Company will bear the cost of soliciting proxies, including preparation, assembly, printing and mailing of the Proxy Statement. In addition, the Company will reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners. Proxies may be solicited by certain of the Company’s directors, officers and regular employees, without additional compensation, either personally, by telephone, facsimile, or telegram.

How can I find out the voting results?

The Company will announce the preliminary results at the Annual Meeting and publish the final results in the Company’s Quarterly Report on Form 10-Q for the second quarter of fiscal 2006.

How do I receive electronic access to proxy materials for future annual meetings?

Stockholders can elect to view future proxy statements and annual reports over the Internet instead of receiving paper copies, which results in cost savings for the Company. If you are a Stockholder of record and would like to receive future Stockholder materials electronically, you can elect this option by following the instructions provided when you vote your proxy over the Internet at www.ProxyVote.com.

If you chose to view future proxy statements and annual reports over the Internet, you will receive an e-mail notification next year with instructions containing the Internet address of those materials. Your choice to view future proxy statements and annual reports over the Internet will remain in effect until you contact either your broker or the Company to rescind your instructions. You do not have to elect Internet access each year.

If your shares are registered in the name of a brokerage firm, you still may be eligible to vote your shares electronically over the Internet. A large number of brokerage firms are participating in the ADP online program, which provides eligible Stockholders who receive a paper copy of this Proxy Statement the opportunity to vote via the Internet. If your brokerage firm is participating in ADP’s program, your proxy card will provide instructions for voting online. If your proxy card does not reference Internet information, please complete and return the proxy card in the postage-paid envelope provided.

How can I avoid having duplicate copies of the proxy statements sent to my household?

Some brokers and other nominee record holders may be participating in the practice of “householding” proxy statements and annual reports, which results in cost savings for the Company. The practice of “householding” means that only one copy of the proxy statement and annual report will be sent to multiple Stockholders in a Stockholder’s household. The Company will promptly deliver a separate copy of either document to any Stockholder who contacts the Company’s Investor Relations department at 3525 East Post Road, Suite 120, Las Vegas, Nevada 89120 requesting such copies. If a Stockholder is receiving multiple copies of the proxy statement and annual report at the Stockholder’s household and would like to receive a single copy of those documents for a Stockholder’s household in the future, that Stockholder should contact their broker, other nominee record holder, or the Company’s investor relations department to request mailing of a single copy of the proxy statement and annual report.

When are stockholder proposals due for next year’s annual meeting?

Requirements for Stockholder Proposals to be Brought Before an Annual Meeting. For stockholder proposals to be considered properly brought before an annual meeting by a stockholder, the stockholder must have given timely notice therefor in writing to the Secretary of the Company. To be timely for the Company’s 2007 annual meeting of stockholders, a stockholder’s notice must be delivered to or mailed and received at the principal executive offices of the Company between December 28, 2006 and January 27, 2007. A stockholder’s notice to the Secretary must set forth as to each matter the stockholder proposes to bring before the annual meeting (i) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting, (ii) the name and record address of the stockholder proposing such business, (iii) the class and number of shares of the Company which are beneficially owned by the stockholder, and (iv) any material interest of the stockholder in such business.

Requirements for Stockholder Proposals to be Considered for Inclusion in the Company’s Proxy Materials.

Stockholder proposals submitted pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”) and intended to be presented at the Company’s 2007 annual meeting of stockholders must be received by the Company not later than November 30, 2006 in order to be considered for inclusion in the Company’s proxy materials for that meeting.

**PROPOSAL 1

Each of the nominees, who are current directors of the Company, has consented, if elected as a Class I director of the Company, to serve until his term expires. BOARD AND CORPORATE GOVERNANCE MATTERS

Board Committees and Meetings

During fiscal 2005, the Board held eight meetings. Each director attended at least 75% of the total number of the meetings of the Board and meetings of the committee of the Board on which he served. The Board has three committees: Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee. The members of the committees during fiscal 2005 are identified in the following table:

<u>Director</u>	<u>Audit</u>	<u>Compensation</u>	<u>Nominating and Corporate Governance</u>
E. Miles Kilburn	Chair	X	X
William H. Harris	X		
Charles J. Fitzgerald		X	X
Walter G. Kortschak	X	Chair	Chair

Walter G. Kortschak is currently a member of the Audit Committee, but is not independent under Rule 10A-3 as a result of his beneficial ownership of shares of Common Stock held by Summit Partners. Messrs. Kilburn and Harris are independent under Rule 10A-3 of the Exchange Act. The Company is relying upon the exemption in Rule 10A-3(b)(1)(iv)(A)(2) which provides that a minority of the members of the Company's Audit Committee may be exempt from the independence requirements for one year from the date of effectiveness of the registration statement covering the Company's initial public offering. The Company does not believe that its reliance on this exemption materially adversely affects the ability of the Audit Committee to act independently or to satisfy the other requirements of Rule 10A-3.

Annual Meeting of Stockholders

The Company encourages, but does not require, its Board members to attend the annual stockholders meeting. The 2006 Annual Meeting will be the first stockholder meeting held by the Company since its initial public offering in 2005.

Committees of the Board of Directors

The Audit Committee met three times in fiscal 2005. The Audit Committee has the responsibility for, among other things:

- reviewing policies and procedures adopted by management regarding fair and accurate presentation of financial statements in accordance with generally accepted accounting principles (GAAP) and applicable rules and regulations of the Securities and Exchange Commission;
- overseeing the Company's accounting and financial reporting processes, overseeing audits of the Company's financial statements and reviewing the Company's audited financial statements with management, including a review of major issues regarding accounting and auditing principles and practices, and evaluating the adequacy and effectiveness of internal controls that could significantly affect the Company's financial statements, as well as the adequacy and effectiveness of the Company's disclosure controls and procedures and management's reports thereon;
- reviewing and discussing reports from the Company's independent auditor regarding: (a) all critical accounting policies and practices to be used by the Company; (b) all alternative treatments of financial information within GAAP that have been discussed with management; and (c) other material written communications between the Company's independent auditors and management;
- reviewing major changes to the Company's auditing and accounting principles and practices as suggested by the Company's independent auditors, internal auditors or management, and reviewing the significant reports to management prepared by the Company's internal auditing department and management's responses;

- establishing procedures for: (a) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters; and (b) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters;
- advising the Board of Directors with respect to the Company's policies and procedures regarding compliance with applicable laws and regulations; and
- overseeing the work of the registered public accounting firm engaged in audit, review or attest services for the Company, overseeing the appointment, compensation and retention of the registered public accounting firm, and overseeing and ensuring the independence of the Company's independent auditors, and reviewing and pre-approving of all audit services and permissible non-audit services to be performed by the Company's independent auditors.

The Board has further determined that E. Miles Kilburn is an "audit committee financial expert" as defined by Item 401(h) of Regulation S-K of the Exchange Act and is independent as defined by Item 7(d)(3)(iv) of Schedule 14A of the Exchange Act. A copy of the Audit Committee charter is attached as Appendix A to this proxy statement. A copy of the Audit Committee charter can also be viewed at the Company's website at www.globalcashaccess.com.

The Compensation Committee was formed on July 22, 2005 and met one time in fiscal 2005. The Compensation Committee has the responsibility for, among other things:

- assisting the Board of Directors in discharging its responsibilities relating to compensation of the Company's directors and executive officers;
- reviewing and approving goals and objectives for Chief Executive Officer compensation and recommending to the Board of Directors non-Chief Executive Officer compensation and incentive compensation plans and equity based plans that are subject to Board of Directors approval;
- administering the Company's incentive compensation plans and equity based plans, approving new equity compensation plan or material changes to an existing plan where stockholder approval has not been obtained, and approving awards as determined by the Board of Directors; and
- ensuring corporate performance measures and goals are set and determining the extent that established goals have been achieved and any related compensation earned.

A copy of the Compensation Committee charter can be viewed at the Company's website at www.globalcashaccess.com.

The Nominating and Corporate Governance Committee was formed on September 28, 2005 and did not meet in fiscal 2005. The Nominating and Corporate Governance Committee has the responsibility for, among other things:

- developing and recommending to the Board of Directors, and implementing a set of corporate governance principles and procedures;
- developing and recommending to the Board of Directors, and implementing and monitoring compliance with, a code of business conduct and ethics for directors, officers and employees, and promptly disclosing and waivers for directors or executive officers;
- assessing the adequacy of the code of business conduct and ethics and recommending any changes;
- assisting the Board of Directors in assessing Board of Directors composition, selecting nominees for election to the Board of Directors consistent with criteria approved by the Board of Directors, and advising the Board of Directors on each committee of the Board of Directors regarding member qualifications, committee appointments and removals, committee structure and operations and committee reporting;
- determining the compensation of members of the Board and its committees;

- advising the Board of Directors on candidates for executive offices, and advising the Board of Directors on candidates for the position of Chairman of the Board and Chief Executive Officer; and
- establishing and monitoring a process of assessing the Board of Directors' effectiveness and overseeing the evaluation of the Board of Directors and management.

As provided in the charter of the Nominating and Corporate Governance Committee, nominations for director may be made by the Nominating and Corporate Governance Committee or by a Stockholder of record entitled to vote. The Nominating and Corporate Governance Committee will consider and make recommendations to the Board of Directors regarding any Stockholder recommendations for candidates to serve on the Board of Directors. Stockholders wishing to recommend candidates for consideration by the Nominating and Corporate Governance Committee may do so by writing to the Company's Investor Relations Department-Attention Nominating and Corporate Governance Committee at 3525 East Post Road, Suite 120, Las Vegas, Nevada 89120 providing the candidate's name, biographical data and qualifications, a document indicating the candidate's willingness to act if elected, and evidence of the nominating Stockholder's ownership of Company's Common Stock at least 120 days prior to the next annual meeting to assure time for meaningful consideration by the Nominating and Corporate Governance Committee. There are no differences in the manner in which the Nominating and Corporate Governance Committee evaluates nominees for director based on whether the nominee is recommended by a Stockholder. The Company does not pay any third party to identify or assist in identifying or evaluating potential nominees.

In reviewing potential candidates for the Board, the Nominating and Corporate Governance Committee considers the individual's experience in the Company's industry, the general business or other experience of the candidate, the needs of the Company for an additional or replacement director, the personality of the candidate, the candidate's interest in the business of the Company, as well as numerous other subjective criteria. Of greatest importance is the individual's integrity, willingness to be involved and ability to bring to the Company experience and knowledge in areas that are most beneficial to the Company. The Board intends to continue to evaluate candidates for election to the Board on the basis of the foregoing criteria. A detailed description of the criteria used by the Nominating and Corporate Governance Committee in evaluating potential candidates may be found in the charter of the Nominating and Corporate Governance Committee which is posted on the Company's website.

The Nominating and Corporate Governance Committee operates under a written charter setting forth the functions and responsibilities of the committee. A copy of the charter can be viewed at the Company's website at www.globalcashaccess.com.

Director Independence

Under independence standards established by the Board, a director does not qualify as independent unless the Board affirmatively determines that the directors have no material relationship with the Company, either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company. The Board considers such facts and circumstances as it deems relevant to the determination of director independence. To assist in making its determination regarding independence, the Board considers, at a minimum, the following categorical standards:

- A director who is an employee, or whose immediate family member is an executive officer, of the Company or any of its subsidiaries is not independent until three years after the end of such employment relationship;
- A director who receives, or whose immediate family member receives, more than \$100,000 per year in direct compensation from the Company or any of its subsidiaries, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is not independent until three years after he or she ceases to receive more than \$100,000 per year in such compensation;

The Company may, in the future, attempt to acquire USA Payment Systems or Infonox on the Web, although the Company is not currently engaged in any negotiations or discussions for that purpose. Any such acquisition may involve the Company making payments, directly or indirectly, to Messrs. Maskatiya and Cucinotta. Infonox on the Web

Infonox on the Web is approximately 80% owned by Messrs. Maskatiya and Cucinotta in equal shares. The Company is a party to a Professional Services Agreement and a Technology Side Letter with Infonox on the Web pursuant to which Infonox on the Web develops, implements, maintains, hosts, operates, monitors and supports software for the Company on an as requested basis, including the transaction processing infrastructure upon which the Company's systems operate. This transaction processing infrastructure consists of a customized implementation of a generic reusable transaction processing infrastructure developed by Infonox on the Web. Infonox on the Web has retained ownership of the underlying generic transaction processing infrastructure, but has granted the Company a license, pursuant to the Software License Agreement described below, to use the generic transaction

processing infrastructure during the term of the Professional Services Agreement. The Company possesses all ownership rights in the customized portions of the implementation of the generic transaction processing infrastructure that Infonox has developed exclusively for the Company under the Professional Services Agreement.

The Company's engagement of Infonox on the Web pursuant to the Professional Services Agreement is exclusive within the gaming industry such that Infonox on the Web may not perform any professional services with respect to machines or devices used in the gaming industry other than for the Company, except where those services are performed for non-gaming merchant operations conducted at establishments where gaming activity occurs for the purchase of or payment for goods or services other than money orders or gaming goods or services, subject to some conditions. The Company, on the other hand, is free to engage third parties to provide professional services to the Company, subject to Infonox on the Web's proprietary rights in the underlying generic transaction processing infrastructure and the limitations on the Company's ability to sublicense the Company's license rights therein to a third party during the term of the Software License Agreement with Infonox on the Web. In the event that the Company requires different or additional professional services or service levels with respect to the underlying generic transaction processing infrastructure or the customized implementation thereof that Infonox on the Web cannot or does not agree to provide then, pursuant to a Letter Agreement dated May 13, 2004 between USA Payment Systems, USA Payments, Infonox on the Web and the Company, the Company has the right to engage third-party professional service providers, sublicense to them rights in Infonox on the Web's proprietary technology that are licensed to the Company by Infonox on the Web under the Software License Agreement, and cause Infonox on the Web to cooperate with such third-party professional service providers to enable them to provide such professional services or service levels to the Company.

Under the Professional Services Agreement, the Company owns all work product, including the customized portions of the implementation of the generic transaction processing infrastructure produced by Infonox on the Web in the course of its provision of professional services to the Company, including all intellectual property rights therein. The Professional Services Agreement contains a service level guarantee by Infonox on the Web that the transaction processing infrastructure will be available to the Company and the Company's customers at least 99% of the time during any calendar month, subject to some exceptions. If Infonox fails to meet this service level guarantee during any calendar month, then the Company has the right, as the Company's sole and exclusive remedy for such a breach, to terminate these professional services upon notice to Infonox during the 30-day period following that breach. As of May 2004, the Company is obligated to pay Infonox on the Web a fixed fee of \$100,000 per month for the remainder of the term of these services, potentially subject to adjustments starting in January 2005, and to reimburse Infonox on the Web for some of the expenses it incurs in the performance of services for the Company. Under the Professional Services Agreement, Infonox on the Web's implementation, hosting, operation, maintenance and support of a majority of the Company's systems is scheduled to expire on March 10, 2014, but may be terminated upon certain types of breaches by either party, such as the Company's failure to pay fees owing to Infonox on the Web under the Professional Services Agreement or Infonox on the Web's breach of the service level agreement. The Professional Services Agreement requires Infonox on the Web to continue to provide services during a transition period not to exceed 90 days following termination of the Professional Services Agreement, if the Company so requests and regardless of the legal basis for such termination. During the year ended December 31, 2005, the Company incurred costs and expenses of \$1.6 million in connection with these services.

Pursuant to a Software License Agreement and a Technology Side Letter with Infonox on the Web, the Company enjoys a royalty-free, worldwide right and license to use the generic transaction processing infrastructure described above, including its component software, hardware and related services, solely in connection with the Company's use of the customized implementation of the infrastructure which is hosted and operated by Infonox on the Web pursuant to the Professional Services Agreement. The Company's license to the generic transaction processing infrastructure is exclusive in the gaming industry such that Infonox on the Web may not grant any other licenses to the generic transactions processing infrastructure to any third party, or exercise any of its own rights in that technology except as agreed by the parties, for use with machines or devices used in the gaming industry. The Software License Agreement obligates Infonox on the Web to deposit into third-party escrow, and periodically update its deposit of, the source code to the underlying generic transaction processing infrastructure, and to provide the Company on an automatic basis with source code to any modifications made to customize the generic transaction processing infrastructure for the Company. The Company has rights to access the deposited source code

under limited circumstances, such as Infonox on the Web ceasing to do business, entering into bankruptcy, discontinuing its hosting and operation of the customized implementation of the generic transaction processing infrastructure for the Company, or Infonox on the Web breaching specified obligations to the Company under the Professional Services Agreement or the Software License Agreement. The term of the Software License Agreement lasts at least as long as Infonox on the Web is contractually obligated to host and operate the customized implementation of the generic transaction processing infrastructure for the Company pursuant to the Professional Services Agreement, subject to the Company's right to continue using any software source code released from escrow prior to expiration of the Software License Agreement and the Company's rights to sublicense that source code to an alternative third-party provider of software services. Upon termination of the Software License Agreement, Infonox on the Web is obligated to cooperate in the Company's transition to such an alternative third-party provider if the Company so requests. In addition, upon the expiration of the Software License Agreement or in the event of Infonox on the Web's uncured material breach of either the Software License Agreement or the Professional Services Agreement, provided that the Company has not committed any uncured material breach of any material term of the Software License Agreement at any time during the term of the Software License Agreement, the Company will receive a non-exclusive, royalty-free, irrevocable, worldwide license to continue using the underlying generic transaction processing infrastructure, solely in its object code form at the time of such license grant, and to sublicense that code to specified other parties, including the Company's affiliates and third-party service providers solely for use in the gaming industry.

**PROPOSAL 2
RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Deloitte & Touche LLP has served as the Company’s independent registered public accounting firm since 2000 and has been appointed by the Board to continue as the Company’s independent registered public accounting firm for the Company’s fiscal year ending December 31, 2006. Although the Company is not required to seek stockholder approval of its selection of its independent registered public accounting firm, the Board believes it to be sound corporate governance to do so. If the appointment is not ratified, the Board will investigate the reasons for stockholder rejection and will reconsider its selection of its independent registered public accounting firm. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the fiscal year if the Audit Committee determines that such a change would be in the Company’s and its stockholders’ best interests.

A representative of Deloitte & Touche LLP is expected to be present at the Annual Meeting. The representative will have an opportunity to make a statement if he or she desires to do so, although we do not expect him or her to do so. The representative is expected to be available to respond to appropriate questions.

All Other Fees(3)	0	0
Total	<u>\$494,515</u>	<u>\$548,095</u>

(1) Audit Fees include professional services rendered in connection with the audit of the Company’s annual financial statements, reviews of financial statements included in the Company’s Quarterly Reports on Form 10-Q, and services provided in connection with other statutory and regulatory filings.

(2) Audit-Related Fees include professional services that relate to the audit or review of the Company's financial statements, consultation on accounting standards or corporate transactions and professional services requested by the Company in connection with the design of internal controls over financial reporting in preparation for compliance with Section 404 of the Sarbanes-Oxley Act of 2002. Fiscal year 2005 consists of \$2,250 for professional services in connection with the design of internal control and \$256,270 for professional services related to the Company's initial public offering. In making its recommendation to ratify the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2006, the Audit Committee has considered whether services other than audit and audit-related services provided by Deloitte & Touche LLP are compatible with maintaining the independence of Deloitte & Touche LLP.

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

The Audit Committee pre-approves all audit and permissible non-audit services provided by its independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. The Audit Committee has adopted a policy for the pre-approval of services provided by its independent registered public accounting firm. Under the policy, pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is subject to a specific budget. In addition, the Audit Committee may also pre-approve particular services on a case-by-case basis. For each proposed service, the independent registered public accounting firm is required to provide detailed back-up documentation at the time of approval.

THE BOARD RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2006

REPORT OF COMPENSATION COMMITTEE

The information contained in the following report shall not be deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the 1934 Securities Exchange Act, as amended, except to the extent that the Company specifically incorporates it by reference in such filing.

The Compensation Committee has the responsibility to approve the overall compensation strategy, administer the Company's annual and long-term compensation plans, and make all decisions with respect to executive compensation.

The objectives of the Company's executive compensation policies are to attract, retain, motivate and reward key personnel who possess the necessary leadership and management skills, through competitive base salary, annual cash bonus incentives, long-term incentive compensation in the form of stock options, and various benefits, including medical and life insurance plans.

The Company's executive compensation policies are intended to combine competitive levels of compensation and rewards for above average performance and to align relative compensation with the achievements of key business objectives, optimal satisfaction of customers and maximization of stockholder value. The Compensation Committee believes that stock ownership by management is beneficial in aligning management and stockholder interests, thereby enhancing stockholder value.

Base Salaries. Salaries for the Company's executive officers are determined primarily on the basis of the executive officer's responsibility, general salary practices of peer companies and the officer's individual qualifications and experience. The base salaries are reviewed annually and may be adjusted by the Compensation Committee, in accordance with criteria which include individual performance, the functions performed by the executive officer, the scope of the executive officer's on-going duties, general changes in the compensation peer group in which the Company competes for executive talent, and the Company's financial performance generally. The weight given to each such factor by the Compensation Committee may vary from individual to individual.

Incentive Bonuses. The Compensation Committee believes that a cash incentive bonus plan can serve to motivate the Company's executive officers and management to address annual performance goals, using more immediate measures for performance than those reflected in the appreciation in value of stock options. The bonus amounts are based upon recommendations by management and a subjective consideration of factors including such officer's level of responsibility, individual performance, contributions to the Company's success and the Company's financial performance generally.

Stock Option and Restricted Stock Grants. Stock options and shares of restricted stock may be granted to executive officers and other employees under the Company's 2005 Stock Incentive Plan. Because of the direct relationship between the value of an option or restricted stock award, on the one hand, and the stock price, on the other, the Compensation Committee believes that options and restricted stock awards motivate executive officers to manage the Company's business in a manner that is consistent with stockholder interests. Stock option and restricted stock grants are intended to focus the attention of the recipient on the Company's long-term performance which the Company believes results in improved stockholder value, and to retain the services of the executive officers in a competitive job market by providing significant long-term earnings potential. To this end, stock options and shares of restricted stock generally vest and become fully exercisable over a four-year period. The principal factors considered in granting stock options or restricted stock to the Company's executive officers are prior performance, level of responsibility, other compensation and the executive officer's ability to influence the Company's long-term growth and profitability. However, the Company's 2005 Stock Incentive Plan does not provide any quantitative method for weighing these factors, and a decision to grant an award is primarily based upon a subjective evaluation of the past as well as future anticipated performance.

Other Compensation Plans. The Company has adopted general employee benefit plans in which executive officers are permitted to participate on parity with other employees. In addition, some of the Company's executive officers are entitled to reimbursement of out-of-pocket payments incurred for health care. The Company also makes contributions to a 401(k) plan for the benefit of certain executive officers.

Deductibility of Compensation. Section 162(m) of the Internal Revenue Code ("IRC") disallows the Company to deduct compensation exceeding \$1.0 million paid to certain executive officers, excluding, among other things, performance based compensation. Because the compensation paid to the executive officers has not approached the limitation, the Compensation Committee has not had to use any of the available exemptions from the deduction limit. The Compensation Committee remains aware of the IRC Section 162(m) limitations and the available exemptions and will address the issue of deductibility when and if circumstances warrant the use of such exemptions.

Table of Contents

Chief Executive Officer Compensation. The compensation of the Company's Chief Executive Officer is reviewed annually on the same basis as discussed above for all executive officers. The Compensation Committee established an annual base salary of \$297,500 for Mr. Sanford the time that he entered into his employment agreement with the Company. For fiscal 2006, Mr. Sanford's base salary will be \$297,500. Mr. Sanford's base salary was established in part by comparing the base salaries of chief executive officers at other companies of similar size in relevant industries.

REPORT OF THE AUDIT COMMITTEE

The information contained in the following report shall not be deemed to be “soliciting material” or to be “filed” with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the 1934 Securities Exchange Act, as amended, except to the extent that the Company specifically incorporates it by reference in such filing.

The Audit Committee of the Board of Directors consists of Messrs. Kortschak, Kilburn and Harris. Mr. Kilburn serves as Chairman of the Committee. The Board of Directors has determined that each member of the Audit Committee meets the experience requirements of the rules and regulations of the New York Stock Exchange and the Securities and Exchange Commission, as currently applicable to the Company. The Board of Directors has also determined that Messrs. Kilburn and Harris meet the independence requirements of the rules and regulations of the New York Stock Exchange and the Securities and Exchange Commission, as currently applicable to the Company. Although the Board of Directors has determined that Mr. Kortschak meets the independence requirements of the rules and regulations of the New York Stock Exchange, he is not independent under the rules and regulations of the Securities and Exchange Commission as a result of his beneficial ownership of shares of stock held by Summit Partners. The Company is relying upon an exemption in the rules and regulations of the Securities and Exchange Commission that provides that a minority of the members of the Audit Committee may be exempt from the independence requirements for one year from the date of effectiveness of the registration statement covering the Company’s initial public offering.

The Audit Committee operates under a written charter approved by the Board of Directors. A copy of the charter is attached to this Proxy Statement as Appendix A.

The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities by reviewing financial reports and other financial information provided by the Company to any governmental body or the public, the Company’s systems of internal controls regarding finance, accounting, legal compliance and ethics that management and the Board of Directors have established, and the Company’s auditing, accounting and financial reporting processes generally. The Audit Committee annually recommends to the Board of Directors the appointment of an independent registered public accounting firm to audit the consolidated financial statements and internal controls over financial reporting of the Company and meets with such personnel of the Company to review the scope and the results of the annual audits, the amount of audit fees, the Company’s internal controls over financial reporting, the Company’s consolidated financial statements in the Company’s Annual Report on Form 10-K and other related matters.

The Audit Committee has reviewed and discussed with management the consolidated financial statements for fiscal year 2005 audited by Deloitte & Touche LLP, the Company’s independent registered public accounting firm, and management’s assessment of internal controls over financial reporting. The Audit Committee has discussed with Deloitte & Touche LLP various matters related to the financial statements, including those matters required to be discussed by SAS 61. The Audit Committee has also received the written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1, and has discussed with Deloitte & Touche LLP its independence. Based upon such review and discussions, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2005 for filing with the Securities and Exchange Commission.

The Audit Committee and the Board of Directors also have recommended, subject to stockholder ratification, the selection of Deloitte & Touche LLP as the Company’s independent registered public accounting firm for the year ending December 31, 2006.

(iv) at least one (1) Member must have accounting or related financial management expertise, as the Board interprets such qualification in its business judgment.

If a current Member of the Committee ceases to be independent under the requirements of subparagraphs (i) and (ii) above for reasons outside the Member’s reasonable control, the affected Member may remain on the Committee until the earlier of the Company’s next annual stockholders meeting or one year from the occurrence of the event that caused the failure to comply with those requirements; provided, however, that when relying on the exception set

Structure & Meetings

The Committee shall conduct its business and meetings in accordance with this Charter, the Company’s Bylaws and any direction set forth by the Board. The chairperson of the Committee shall be designated by the Board or, in the absence of such a designation, by a majority of the Members. The designated chairperson shall preside at each meeting of the Committee and, in consultation with the other Members, shall set the frequency and length of each meeting and the agenda of items to be addressed at each meeting. In the absence of the designated chairperson at any meeting of the Committee, the Members present at such meeting shall designate a chairperson *pro tem* to serve in that capacity for the purposes of such meeting (not to include any adjournment thereof) by majority vote. The chairperson (other than a chairperson *pro tem*) shall ensure that the agenda for each meeting is distributed to each Member in advance of the applicable meeting.

The Committee shall meet as often as it determines to be necessary and appropriate, but not less than quarterly each year. The Committee may establish its own schedule, provided that it shall provide such schedule to the Board in advance. The chairperson of the Committee or a majority of the Members may call special meetings of the Committee upon notice as is required for special meetings of the Board in accordance with the Company’s Bylaws. A majority of the appointed Members, but not less than two (2) Members, shall constitute a quorum for the transaction of business. Members may participate in a meeting through use of conference telephone or similar communication equipment, so long as all Members participating in such meeting can hear one another, and such participation shall constitute presence in person at such meeting.

The Committee may meet with any person or entity in executive session as desired by the Committee. The Committee shall meet with the Company’s independent auditors, at such times as the Committee deems appropriate, to review the independent auditor’s examination and management report.

Unless the Committee by resolution determines otherwise, any action required or permitted to be taken by the Committee may be taken without a meeting if all Members consent thereto in writing and the writing or writings are filed with the minutes of the proceedings of the Committee. The Committee may form and delegate authority to subcommittees when appropriate.

Minutes

The Committee shall maintain written minutes of its meetings, which minutes shall be filed with the minutes of the meetings of the Board.
