Special Note Regarding Forward-Looking Statements

This prospectus supplement and the accompanying prospectus, including the information we incorporate by reference herein or therein, contain “forward-looking statements” within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act. These statements include statements about plans, strategies, financial performance, prospects or future events and involve known and unknown risks that are difficult to predict. As a result, our actual results, performance or achievements may differ materially from those expressed or implied by these forward-looking statements. In some cases, you can identify forward-looking statements by the use of words such as “may,” “could,” “expect,” “intend,” “plan,” “seek,” “anticipate,” “believe,” “estimate,” “predict,” “potential,” “continue,” “likely,” “will,” “would” and variations of these terms and similar expressions, or the negative of these terms or similar expressions. Such forward-looking statements are necessarily based upon estimates and assumptions that, while considered reasonable by us and our management, are inherently uncertain. Important factors that may cause actual results to differ materially from current expectations include, but are not limited to:

- the factors discussed in our Annual Report on Form 10-K for the fiscal year ended December 31, 2010, under the sections titled “Risk Factors” in Part I, Item 1A and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” in Part II, Item 7, and the factors discussed in our most recent Quarterly Report on Form 10-Q, under the section titled “Risk Factors” in Part II, Item 1A;
- the rate and the pace of economic recovery following the recent economic downturn;
- levels of spending in business and leisure segments as well as consumer confidence;
- declines in occupancy and average daily rate;
- hostilities, including future terrorist attacks, or fear of hostilities that affect travel;
- travel-related accidents;

Table of Contents

- natural or man-made disasters such as earthquakes, tsunamis, tornados, hurricanes, floods and oil spills;
- the seasonal and cyclical nature of the real estate and hospitality businesses;
- changes in distribution arrangements, such as through internet travel intermediaries;
- changes in the tastes and preferences of our customers;
- relationships with associates and labor unions and changes in labor law;
- financial condition of, and our relationships with, third-party property owners, franchisees and hospitality venture partners;
- risks associated with potential acquisitions and dispositions, such as the pending acquisition of certain assets from LodgeWorks, L.P. and its private equity partners, and the introduction of new brand concepts;
- changes in federal, state, local or foreign tax law;
- increases in interest rates and operating costs;
- fluctuations in currency exchange rates;
- lack of acceptance of new brands or innovation;
- general volatility of the capital markets and our ability to access the capital markets;
- changes in the competitive environment in our industry and the markets where we operate;
- outcomes of legal proceedings; and
- violations of regulations or laws related to our franchising business.

These factors and the other risk factors described or incorporated by reference in this prospectus supplement are not necessarily all of the important factors that could cause our actual results, performance or achievements to differ materially from those expressed in or implied by any of our forward-looking statements. Other unknown or unpredictable factors also could harm our business, financial condition, results of operations or cash flows.

All forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by the cautionary statements set forth above. Forward-looking statements speak only as of the date they are made, and we do not undertake or assume any obligation to update publicly any of these statements to reflect actual results, new information or future events, changes in assumptions or changes in other factors affecting forward-looking statements, except to the extent required by applicable laws. If we update one or more forward-looking statements, no inference should be drawn that we will make additional updates with respect to those or other forward-looking statements.

Summary

This summary highlights selected information about us and this offering. It does not contain all of the information that you should consider before deciding whether to invest in the notes. You should also refer to the other information in this prospectus supplement, the accompanying prospectus, any related free writing prospectus and the documents that are incorporated by reference, especially the sections titled “Risk Factors” and the financial statements included or incorporated by reference, before making an investment decision.

The Company

We are a global hospitality company with widely recognized, industry leading brands and a tradition of innovation developed over our more than fifty-year history. Our mission is to provide authentic hospitality by making a difference in the lives of the people we touch every day. We focus on this mission in pursuit of our goal of becoming the most preferred brand in each customer segment that we serve for our associates, guests and owners. We support our mission and goal by adhering to a set of core values that characterize our culture. We believe that our mission, goal and values, together with the strength of our brands, strong capital and asset base and opportunities for expansion, provide us with a platform for long-term value creation.

We manage, franchise, own and develop Hyatt-branded hotels, resorts and residential and vacation ownership properties around the world. Our full service hotels and resorts operate under five world-recognized brands, Park Hyatt, Andaz, Grand Hyatt, Hyatt Regency and Hyatt. Our two select service brands are Hyatt Place and Hyatt Summerfield Suites (an extended stay brand). We develop, sell or manage vacation ownership properties in select locations as part of the Hyatt Vacation Club, which is in the process of changing its name to Hyatt Residence Club. We also manage, provide services to or license our trademarks with respect to residential ownership units that are often adjacent to a Hyatt-branded full service hotel. We consult with third parties in the design and development of such mixed-use projects based on our expertise as a manager and owner of vacation ownership properties, residential properties and hotels. We primarily derive our revenues from hotel operations, management and franchise fees, other revenues from managed properties and sales of vacation ownership properties.

Our principal executive offices are located at 71 South Wacker Drive, 12th Floor, Chicago, Illinois 60606. Our telephone number is (312) 750-1234. Our website address is www.hyatt.com. The information on, or that may be accessed through, our website is not a part of this prospectus supplement or any accompanying prospectus.

Recent Developments

On July 13, 2011, through our subsidiary Hyatt Corporation, we entered into a purchase agreement with LodgeWorks, L.P. and its private equity partners (“LodgeWorks”) pursuant to which we agreed to acquire 24 hotels and certain additional assets from LodgeWorks for approximately \$802 million in cash.

Table of Contents

The completion of the acquisition is subject to customary closing conditions. We also have the right to terminate the purchase agreement, in our sole discretion, during a 75-day inspection period commencing on July 13, 2011. We expect to complete the acquisition of all relevant assets during the third quarter of 2011, although the purchases of certain assets may close at later dates, subject to certain conditions. However, we cannot assure you that any acquisitions will close, or if they do, when such closings will occur.

In addition to our proposed acquisition of these assets, we may engage in other acquisitions.

Risk Factors

See the sections entitled "Risk Factors" in our Annual Report on Form 10-K for the fiscal year ended December 31, 2010, in our most recent Quarterly Report on Form 10-Q and in this prospectus supplement for a discussion of the factors you should consider carefully before deciding to invest in the notes.

Risk Factors

Investing in the notes involves risk. You should carefully consider the following risk factors, as well as the factors discussed in our Annual Report on Form 10-K for the fiscal year ended December 31, 2010, under the sections titled “Risk Factors” in Part I, Item 1A and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” in Part II, Item 7, the factors discussed in our most recent Quarterly Report on Form 10-Q, under the section titled “Risk Factors” in Part II, Item 1A, and the factors discussed in other filings we may make from time to time with the SEC. You should also refer to the other information in this prospectus supplement, the accompanying prospectus, any related free writing prospectus and the documents that are incorporated by reference, especially the financial statements included or incorporated by reference, before making an investment decision.

Risks Related to the Notes

The notes will not be guaranteed by any of our subsidiaries.

We are a holding company. We conduct substantially all of our operations through subsidiaries that own substantially all of our consolidated assets. Consequently, our ability to meet our debt service obligations depends in large part upon the cash flow of our subsidiaries and the payment of funds by our subsidiaries to us in the form of loans, dividends or otherwise. Our subsidiaries are not obligated to make funds available to us for payment of our debt securities or otherwise. In addition, their ability to make any payments will depend on their earnings, the terms of their indebtedness, business and tax considerations and legal restrictions.

As a result, the notes will be structurally subordinated to all of the existing and future liabilities (including trade payables) of each of our subsidiaries. This means that creditors of our subsidiaries will be paid from their assets before holders of the notes would have any claims to those assets. As of June 30, 2011, our subsidiaries had \$265.0 million of debt outstanding. The indenture governing the notes does not limit the amount of unsecured debt that our subsidiaries may incur or the amount of secured debt our unrestricted subsidiaries may incur. Substantially all of our assets are currently held by unrestricted subsidiaries. See “Description of the Notes” in this prospectus supplement and “Description of Debt Securities” in the accompanying prospectus.

There are limited financial covenants under the indenture.

We are not restricted under the indenture governing the notes from incurring additional debt. For example, as of June 30, 2011, we had \$1.13 billion of total availability under our revolving credit facility. The notes will be unsecured and effectively subordinated to any secured debt that we have issued or that we may issue in the future. We expect that we will from time to time incur additional debt and other liabilities. In addition, the indenture will not restrict us from paying dividends or issuing or repurchasing securities.

Although we have generally agreed not to issue debt that is secured by our principal property without also securing the notes and not to enter into sale and leaseback transactions with respect to our principal property, this limitation is subject to significant exceptions. See “Description of the Notes” in this prospectus supplement and “Description of Debt Securities” in the accompanying prospectus. The holders of any secured debt that we may issue will have priority over unsecured creditors to the extent of the value of the assets securing that debt. In the event of our bankruptcy, liquidation or similar proceeding, the holders of secured debt that we may have issued will be entitled to proceed against their collateral, and that collateral may not be available for payment of unsecured debt, including the notes.

Table of Contents

We may not be able to purchase the notes upon a change of control triggering event.

If a change of control triggering event occurs, as defined in this prospectus supplement, we will be required to offer to purchase the notes at a price equal to 101% of their principal amount, together with accrued and unpaid interest, if any, to the date of purchase. At the time of any change of control, we may not have sufficient financial resources to purchase all of the notes that you may tender to us in connection with a change of control offer.

You may not be able to determine when a change of control giving rise to your right to have the notes repurchased by us has occurred and may not be able to require us to purchase notes as a result of a change in the composition of the directors on our board.

A change of control triggering event, as defined in the indenture governing the notes, will require us to make an offer to repurchase all outstanding notes. The definition of change of control, which is a condition precedent to a change of control triggering event, includes a phrase relating to the sale, lease or transfer of “all or substantially all” of our assets. There is no precisely established definition of the phrase “substantially all” under applicable law. Accordingly, your ability to require us to repurchase your notes as a result of a sale, lease or transfer of less than all of our assets to another individual, group or entity may be uncertain.

In addition, a recent Delaware Chancery Court decision found that, for purposes of agreements such as the indenture, incumbent directors are permitted to approve as a continuing director any person, including one nominated by a dissident stockholder and not recommended by the board for election, as long as the approval is granted in good faith and in accordance with the board’s fiduciary duties. Accordingly, you may not be able to require us to purchase your notes as a result of the change in the composition of the directors on our board. The same court also observed that certain provisions in indentures, such as continuing director provisions, could function to entrench an incumbent board of directors and could raise enforcement concerns if adopted in violation of a board’s fiduciary duties. If such a provision were found unenforceable, you would not be able to require us to repurchase your notes as a result of a change of control resulting from a change in the composition of our board. See “Description of the Notes—Change of Control.”

Changes in the ratings of the notes, our credit ratings or the debt markets could adversely affect the price of the notes.

The price for the notes depends on many factors, including:

- our credit ratings with major credit rating agencies;
- the prevailing interest rates being paid by, or the market price for the notes issued by, other companies similar to us;
- our financial condition, financial performance and future prospects; and
- the overall condition of the financial markets.

Disruptions in the financial markets and changes in prevailing interest rates, such as the volatility that has characterized recent market conditions, could have an adverse effect on the price of the notes.

Credit rating agencies continually review their ratings for the companies that they follow, including us. The credit rating agencies also evaluate our industry as a whole and may change their credit rating for us based on their overall view of our industry. Rating organizations may lower their respective ratings of the notes or decide not to continue to rate the notes in their sole discretion. The reduction,

Table of Contents

suspension or withdrawal of the ratings of the notes will not constitute an event of default under the indenture. However, any reduction, suspension or withdrawal of these ratings may adversely affect the market price or liquidity of the notes.

If we fail to comply with certain restrictions under our revolving credit facility and the indenture, our debt could be accelerated and we may not have sufficient cash to pay our accelerated debt.

The operating and financial restrictions and covenants in our debt agreements, including the revolving credit facility and the indenture governing the notes, may adversely affect our ability to finance future operations or capital needs or to engage in new business activities.

In addition, our revolving credit facility contains financial covenants that require us to comply with a leverage ratio, an interest coverage ratio and a secured debt to net property and equipment ratio, as defined in the revolving credit facility, in each case measured quarterly. A failure to comply with the restrictions contained in the revolving credit facility or the indenture, or to maintain the financial ratios required by the revolving credit facility, could lead to an event of default which could result in an acceleration of the indebtedness.

No active trading market may develop for the notes.

Prior to this offering, there has been no trading market for the notes. We have been informed by the underwriters that they intend to make a market in the notes after the offering is completed. However, the underwriters may cease their market-making at any time without notice. In addition, the liquidity of the trading market in the notes, and the market price quoted for the notes, may be adversely affected by changes in the overall market for this type of security and by changes in our financial performance or prospects or in the prospects for companies in our industry generally. In addition, such market-making activities will be subject to limits imposed by the U.S. federal securities laws. As a result, we cannot assure you that an active trading market for the notes will develop or continue. If an active market does not develop or continue, the market price and liquidity of the notes may be adversely affected.

Ratio of earnings to fixed charges ⁽¹⁾	2.3x	2.7x	— ⁽²⁾	2.6x	6.6x	8.9x

⁽¹⁾ For purposes of calculating the ratio of earnings to fixed charges, earnings represents pre-tax earnings before adjustments for income or loss from equity investees; and fixed charges include: interest (expensed and capitalized), amortized premiums, discounts and capitalized expenses related to indebtedness and the interest portion of rent expense that is deemed to be representative of the interest factor.

⁽²⁾ We recorded a pre-tax loss from continuing operations of approximately \$51 million for the fiscal year ended December 31, 2009. As a result, earnings were insufficient to cover fixed charges by \$39 million for such year.

Please refer to the financial statements and financial information incorporated by reference in this prospectus supplement for more information relating to the foregoing. See “Where You Can Find More Information” and “Information Incorporated by Reference.”

Use of Proceeds

We estimate that the net proceeds from the offering will be approximately \$494 million, after deducting underwriting discounts and commissions and our estimated offering expenses.

We intend to use the net proceeds from this offering for general corporate purposes, including, without limitation, working capital, capital expenditures, debt service requirements and repayment of our outstanding indebtedness and other business initiatives, including acquisitions.

Description of the Notes

The 2016 notes and the 2021 notes will be issued each as a separate series of debt securities under an indenture, dated as of August 14, 2009, between the Company and Wells Fargo Bank, National Association, as trustee, as amended by a second supplemental indenture, dated as of August 4, 2011, between the Company and the trustee, and a third supplemental indenture to be entered into on the closing date of this offering with respect to the issuance of the 2016 notes and the 2021 notes. The indenture and a form of third supplemental indenture are incorporated by reference as exhibits to the registration statement of which this prospectus supplement and the accompanying prospectus are a part. We refer to the original indenture, as supplemented by the second and third supplemental indentures, as the indenture.

The following description of the particular terms of the notes offered by this prospectus supplement is subject to, and qualified in its entirety by reference to, the applicable provisions of the indenture, a copy of which is available as described under “Where You Can Find More Information.” You should refer to the indenture and the notes for a complete description of the obligations of the Company and your rights because they, and not this description, define your rights as a holder of the notes.

The definitions of certain terms used in the following summary are set forth below under “—Certain Definitions.” For purposes of this “Description of the Notes,” references to “the Company” refer only to Hyatt Hotels Corporation and not to any of its subsidiaries, unless the context otherwise requires or as otherwise expressly stated. Capitalized terms not otherwise defined below or elsewhere in this prospectus supplement have the respective meanings given such terms in the indenture.

Principal, Maturity, Interest and Ranking

The 2016 notes will:

- be initially issued in an aggregate principal amount of \$250,000,000;
- accrue interest at a rate of 3.875% per annum;
- be issued in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof; and
- mature on August 15, 2016.

The 2021 notes will:

- be initially issued in an aggregate principal amount of \$250,000,000;
- accrue interest at a rate of 5.375% per annum;
- be issued in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof; and
- mature on August 15, 2021.

Interest on the notes will:

- accrue from August 9, 2011 or from the most recent Interest Payment Date (as defined below) to which interest has been paid or provided for;

Table of Contents

- be paid semi-annually on February 15 and August 15 of each year, commencing February 15, 2012 (each, an “Interest Payment Date”), to holders of record of the notes on the immediately preceding January 31 and July 31; and
- be computed on the basis of a 360-day year consisting of twelve 30-day months.

The notes will be our general unsecured obligations and will rank senior to any of our future subordinated indebtedness and will rank equally in right of payment with all our other existing and future unsecured and unsubordinated indebtedness.

Additional Notes

We may issue additional notes of either or both of the series of notes offered by this prospectus supplement, without limitation and without your consent, in accordance with the indenture. If we issue additional notes of either or both series offered by this prospectus supplement, they will have the same terms and conditions as the notes of such series being offered by this prospectus supplement in all respects (except for the payment of interest accruing prior to the issue date of the additional notes) so that the additional notes may be consolidated and form a single series with the notes offered by this prospectus supplement.

We may issue other series of debt securities under the indenture from time to time in an amount authorized prior to issuance. The indenture does not limit the amount of indebtedness that we may incur.

Payment

The trustee, through its corporate trust office, will initially act as paying agent with respect to the notes. We may change the paying agent without prior notice to you, and we or any of our Subsidiaries may act as paying agent. We will make payments of principal, interest and premium, if any, through the paying agent to The Depository Trust Company (“DTC”) as described under “Book-Entry System; Delivery and Form.”

If any Interest Payment Date, maturity date or redemption date falls on a day that is not a business day, the payment will be made on the next business day with the same force and effect as if made on the relevant Interest Payment Date, maturity date or redemption date.

Purchasers are required to pay for the notes in U.S. dollars, and payments of principal, premium, if any, and interest on the notes will also be made in U.S. dollars.

Optional Redemption

We may redeem the notes of each series at our option, in whole or in part, (i) in the case of the 2016 notes, on any date that is one month prior to the stated maturity thereof, and (ii) in the case of the 2021 senior notes, on any date that is three months prior to the stated maturity thereof, in each case at a redemption price equal to the greater of:

- 100% of the principal amount of the notes being redeemed; and
- as calculated by the Quotation Agent (as defined below), the sum of the present values of the remaining scheduled payments of principal and interest on the notes being redeemed from the redemption date to the date of maturity (except for accrued but unpaid interest) discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate (as defined below) plus 50 basis points in the case of the 2016 notes or 50 basis points in the case of the 2021 notes;

plus, in each case, accrued but unpaid interest on the notes to, but not including, the redemption date.

Table of Contents

At any time on or after the date that is one month prior to the maturity date of the 2016 notes and three months prior to the maturity date of the 2021 notes, as applicable, we may also redeem some or all of the applicable notes at our option, at a redemption price equal to 100% of the principal amount of the applicable notes being redeemed *plus* accrued and unpaid interest on the notes to, but not including, the redemption date.

Notice of any redemption will be mailed at least 25 but not more than 60 days before the redemption date to each holder of the notes to be redeemed. On and after the redemption date, unless we default in payment of the redemption price, interest will cease to accrue on the notes or portions thereof called for redemption.

The notice will identify the notes to be redeemed and will state:

- the redemption date;
- the redemption price, which will include interest accrued and unpaid to the date fixed for redemption;
- if any note is being redeemed in part, the portion of the principal amount of such note to be redeemed and that, after the redemption date upon surrender of such note, a new note or notes in principal amount equal to the unredeemed portion will be issued upon cancellation of the original note;
- the name and address of the paying agent;
- that the notes called for redemption must be surrendered to the paying agent to collect the redemption price;
- that, unless we default in making such redemption payment or the paying agent is prohibited from making such payment pursuant to the terms of the indenture, interest on the notes called for redemption will cease to accrue on and after the redemption date;
- the paragraph of the notes or provision of the indenture or any supplemental indenture pursuant to which the notes called for redemption are being redeemed;
- the CUSIP or ISIN number, if any, of the notes; and
- that no representation is made as to the correctness or accuracy of the CUSIP or ISIN number, if any, listed in such notice or printed on the notes.

As long as the notes are represented by global notes held by DTC, we will not be responsible for providing notice of redemption to anyone other than DTC.

If less than all the notes of a series are to be redeemed, the trustee will select the notes of that series to be redeemed on a pro rata basis, by lot or by such other methods as the trustee deems fair and appropriate. The trustee will make the selection from the outstanding notes of that series not previously called for redemption. Notes of that series and portions of them that the trustee selects will be in amounts of \$2,000 and any integral multiples of \$1,000.

Upon surrender of a note that is redeemed in part, we will execute and the trustee will authenticate for the holder a new note of the same series and the same maturity equal in principal amount to the unredeemed portion of the note surrendered.

Mandatory Redemption

We are not required to make mandatory redemption or sinking fund payments with respect to the notes.

Change of Control

If a Change of Control Triggering Event (as defined below) occurs, and we have not previously exercised our option to redeem the notes as described above, we will be required to make the offer described below (the “Change of Control Offer”) to each holder of the notes to repurchase all or any portion (in excess of \$2,000 in integral multiples of \$1,000) of that holder’s notes at a purchase price equal to 101% of the principal amount thereof plus accrued and unpaid interest, if any, to the date of repurchase (subject to the right of holders of record on the relevant record date to receive interest due on the relevant Interest Payment Date).

Within 30 days following any Change of Control Triggering Event, or at our option, prior to any Change of Control (as defined below) but after the public announcement of the pending Change of Control, we will mail a notice to each holder, with a copy to the trustee, which terms will govern the terms of the Change of Control Offer. Such notice will state, among other things:

- that a Change of Control Triggering Event has occurred and that such holder has the right to require us to repurchase all or a portion of its notes at a purchase price in cash equal to 101% of the principal amount thereof on the date of repurchase, plus accrued and unpaid interest, if any, to the date of repurchase (subject to the right of holders of record on the relevant record date to receive interest on the relevant Interest Payment Date);
- the circumstances and relevant facts regarding such Change of Control Triggering Event;
- the repurchase date, which will be no earlier than 30 nor later than 60 days from the date such notice is mailed, other than as may be required by law (the “Change of Control Payment Date”); and
- the instructions, as determined by us and consistent with the covenant described under the indenture, that a holder must follow in order to have its note purchased.

We will not be required to make a Change of Control Offer following a Change of Control Triggering Event if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the indenture applicable to a Change of Control Offer made by us and purchases all notes properly tendered and not withdrawn under such Change of Control Offer.

A Change of Control Offer may be made in advance of a Change of Control, conditional upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer. The Change of Control Offer, if mailed prior to the date of consummation of the Change of Control, will state that the offer is conditioned on the Change of Control being consummated on or prior to the Change of Control Payment Date.

We will comply with the requirements of Section 14(e) under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with the repurchase of notes pursuant to a Change of Control Triggering Event. To the extent that the provisions of any securities laws or regulations conflict with the “Change of Control”

Table of Contents

provisions of the indenture, we will comply with those applicable securities laws and regulations and will not be deemed to have breached our obligations under the “Change of Control” provisions of the indenture by virtue of any such compliance.

Subject to the limitations discussed below, we may, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control Triggering Event under the indenture, but that may increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. However, the indenture will not contain any covenants or provisions that will afford holders protection in the event of any such transaction.

The occurrence of a Change of Control will constitute a default under our revolving credit agreement. Our future debt may contain prohibitions of certain events that will constitute a Change of Control Triggering Event or require such debt to be repurchased or repaid upon a Change of Control Triggering Event. Moreover, the exercise by the holders of their right to require us to purchase the notes may cause a default under such debt, even if the Change of Control Triggering Event itself does not, due to the financial effect of such repurchase on us. Finally, our ability to pay cash to the holders upon a purchase may be limited by our then existing financial resources. We cannot assure you that sufficient funds will be available when necessary to make required purchases. The holders of a majority in aggregate principal amount of each series of the notes may give written consent that the provisions under the indenture relating to our obligation to make an offer to purchase such notes as a result of a Change of Control Triggering Event be waived or modified prior to the occurrence of a Change of Control Triggering Event.

Other Terms

The terms described under “Covenants,” “Mergers, Consolidations, Sales,” “Certain Definitions,” “Events of Default,” “Defeasance of Debt Securities and Certain Covenants,” “Satisfaction and Discharge” and “Modification and Waiver” in the section titled “Description of Debt Securities” of the accompanying prospectus will apply to the notes.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of our Company, as such, will have any liability for any of our obligations under the notes, the indenture, or for any claim based on, in respect of or by reason of, such obligations or their creation. Each holder of notes by accepting a note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the notes. The waiver may not be effective to waive liabilities under the federal securities laws.

Governing Law

The indenture and the notes will be governed by and construed in accordance with the laws of the State of New York.

Trustee

The trustee may resign at any time or may be removed by the holders of the notes or us under certain circumstances. If the trustee resigns, is removed or becomes incapable of acting as trustee or if a vacancy occurs in the office of the trustee for any cause, a successor trustee will be appointed in accordance with the provisions of the indenture.

Notwithstanding the foregoing, no Change of Control Triggering Event will be deemed to have occurred in connection with any particular Change of Control unless and until such Change of Control has actually been consummated.

Book-Entry System; Delivery and Form

The notes will be represented by one or more global notes in definitive, fully registered form without interest coupons. Each global note will be deposited with the trustee as custodian for DTC, as depositary under the indenture, and registered in the name of DTC or a nominee of DTC in New York, New York for the accounts of institutions that have accounts with DTC (“participants”).

You may hold your interests in a global note directly through DTC if you are a DTC participant or indirectly through organizations that are DTC participants. Except in the limited circumstances described below, if you hold notes represented by interests in a global note, you will not be entitled to receive your notes in fully registered definitive form (“definitive notes”).

DTC has advised us as follows:

- DTC is a limited-purpose trust company organized under the New York Banking Law;
- a “banking organization” within the meaning of the New York Banking Law;
- a member of the Federal Reserve System;
- a “clearing corporation” within the meaning of the New York Uniform Commercial Code; and
- a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act.

DTC was created to hold securities of its participants and to facilitate the clearance and settlement of securities transactions among its participants in such securities through electronic book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. DTC’s participants include securities brokers and dealers (which may include the underwriters), banks, trust companies, clearing corporations and certain other organizations. Access to DTC’s book-entry systems is also available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, whether directly or indirectly.

Ownership of Beneficial Interests

We expect that, pursuant to the procedures established by DTC, upon the issuance of each global note, DTC will credit, on its book-entry registration and transfer system, the respective principal amount of your individual beneficial interest represented by the global note to the accounts of participants. Ownership of beneficial interests in each global note will be limited to participants or persons that may hold interests through participants. Your ownership of beneficial interests in each global note will be shown on, and the transfer of those ownership interests will be effected only through, records maintained by DTC (with respect to participants’ interests) and such participants (with respect to the owners of beneficial interests in the global note other than participants).

So long as DTC, or its nominee, is the registered holder and owner of a global note, DTC or such nominee, as the case may be, will be considered the sole legal owner of the notes represented by the global note for all purposes under the indenture, the notes and applicable law. Except as set forth below, as an owner of beneficial interests in a global note, you will not be entitled to receive definitive notes, will not be entitled to have the notes represented by the global note registered in your name and will not be considered to be the owner or holder of any notes under the global note. We understand that under existing industry practice, in the event you desire to take any actions that DTC, as the holder of the global note, is entitled to take, DTC would authorize the participants to take such action, and that

Table of Contents

participants would authorize you to take such action or would otherwise act upon your instructions. As a beneficial owner of an interest in a global note, you will not be able to transfer the interest except in accordance with DTC's applicable procedures. Because DTC can only act on behalf of participants, who in turn act on behalf of others, your ability to pledge that interest to persons that do not participate in the DTC system, or otherwise to take actions in respect of that interest, may be impaired by the lack of a physical certificate of that interest.

All payments on the notes represented by a global note registered in the name of and held by DTC or its nominee will be made to DTC or its nominee, as the case may be, as the registered owner and holder of the global note.

We expect that DTC or its nominee, upon receipt of any payment of principal or interest in respect of a global note, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the global note as shown on the records of DTC or its nominee. We also expect that payments by participants to you will be governed by standing instructions and customary practices, as is now the case with securities held for accounts of customers in the names of nominees for such customers. Such payments, however, will be the responsibility of such participants and indirect participants, and neither we, the underwriters, the trustee nor any paying agent will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in any global note or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests or for any other aspect of the relationship between DTC and its participants or the relationship between such participants and you.

Unless and until it is exchanged in whole or in part for definitive notes, no global note may be transferred except as a whole by DTC to a nominee of DTC or by a nominee of DTC to DTC or another nominee of DTC. Transfers between participants in DTC will be effected in the ordinary way in accordance with DTC rules and will be settled in same-day funds.

We expect that DTC will take any action permitted to be taken by a holder of notes (including the presentation of notes for exchange as described below) only at the direction of one or more participants to whose account the DTC interests in a global note are credited and only in respect of such portion of the aggregate principal amount of the notes as to which such participant or participants has or have given such direction. However, if there is an event of default under the notes, DTC will exchange each global note for definitive notes, which it will distribute to its participants.

Although we expect that DTC will agree to the foregoing procedures in order to facilitate transfers of interests in each global note among participants of DTC, DTC is under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. Neither the underwriters, the trustee nor we will have any responsibility for the performance or nonperformance by DTC or their participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

The indenture provides that if:

- DTC notifies us that it is unwilling or unable to continue as depository or if DTC ceases to be a clearing agency registered under the Exchange Act and, in either case, we do not appoint a successor depository within 90 days of such event;
- we execute and deliver to the trustee an Officers' Certificate to the effect that the global notes are exchangeable; or
- an Event of Default with respect to the notes represented by such global notes shall have occurred and be continuing,

Table of Contents

the global notes will be exchanged for notes in definitive form of like tenor and of an equal principal amount, in authorized denominations. Upon the occurrence of the events set forth in either of the first two bullets of this paragraph, such definitive notes will be registered in such name or names as DTC instructs the trustee. We expect that such instructions may be based upon directions received by DTC from participants with respect to ownership of beneficial interest in global notes.

We have obtained the information in this section concerning DTC and DTC's book-entry system from sources that we believe to be reliable, but neither we nor the trustee take responsibility for its accuracy.

Holding through Euroclear and Clearstream

If the depositary for a global note is DTC, you may hold interests in the global note through Clearstream Banking, *société anonyme* ("Clearstream"), or Euroclear Bank S.A./N.V., as operator of the Euroclear System ("Euroclear"), in each case, as a participant in DTC. Euroclear and Clearstream will hold interests, in each case, on behalf of their participants through customers' securities accounts in the names of Euroclear and Clearstream on the books of their respective depositaries, which in turn will hold such interests in customers' securities in the depositaries' names on DTC's books.

Payments, deliveries, transfers, exchanges, notices and other matters relating to the notes made through Euroclear or Clearstream must comply with the rules and procedures of those systems. Those systems could change their rules and procedures at any time. We have no control over those systems or their participants, and we take no responsibility for their activities. Transactions between participants in Euroclear or Clearstream, on the one hand, and other participants in DTC, on the other hand, would also be subject to DTC's rules and procedures.

You will be able to make and receive through Euroclear and Clearstream payments, deliveries, transfers, exchanges, notices and other transactions involving any securities held through those systems only on days when those systems are open for business. Those systems may not be open for business on days when banks, brokers and other institutions are open for business in the United States.

In addition, because of time-zone differences, if you are a U.S. investor who holds your interests in the notes through these systems and wish on a particular day to transfer your interests, or to receive or make a payment or delivery or exercise any other right with respect to your interests, you may find that the transaction will not be effected until the next business day in Luxembourg or Brussels, as applicable. Thus, if you wish to exercise rights that expire on a particular day, you may need to act before the expiration date. In addition, if you hold your interests through both DTC and Euroclear or Clearstream, you may need to make special arrangements to finance any purchases or sales of your interests between the U.S. and European clearing systems, and those transactions may settle later than transactions within one clearing system.

Material U.S. Federal Income Tax Considerations

The following discussion describes the material U.S. federal income tax consequences relevant to the purchase, ownership and disposition of the notes. This discussion is not a complete analysis of all potential U.S. federal income tax consequences and does not address any tax consequences arising under any state, local or foreign tax laws or any other U.S. federal tax laws, including estate or gift tax laws. This discussion is based upon the Internal Revenue Code of 1986, as amended (the “Code”), U.S. Treasury Regulations promulgated thereunder, judicial decisions, and published rulings and administrative pronouncements of the Internal Revenue Service (“IRS”), all as in effect on the date of this prospectus supplement. These authorities are subject to change, possibly retroactively, resulting in tax consequences different from those discussed below. No rulings have been or will be sought from the IRS with respect to the matters discussed below, and we cannot assure you that the IRS will not take a different position concerning the tax consequences of the purchase, ownership or disposition of the notes or that any such position would not be sustained by a court.

This discussion is limited to holders who purchase the notes for cash in this initial offering at their “issue price” within the meaning of Code Section 1273 (i.e., the first price at which a substantial amount of notes are sold for cash to persons other than underwriters) and hold the notes as “capital assets” within the meaning of Code Section 1221 (generally, property held for investment). This discussion does not address all of the U.S. federal income tax consequences that may be relevant to a holder in light of such holder’s particular circumstances or to holders subject to special rules under the U.S. federal income tax laws, such as banks, financial institutions, U.S. expatriates, insurance companies, regulated investment companies, real estate investment trusts, “controlled foreign corporations,” “passive foreign investment companies,” dealers in securities or currencies, traders in securities, partnerships or other pass-through entities (or investors in such entities), U.S. holders (as defined below) whose functional currency is not the U.S. dollar, persons subject to the alternative minimum tax, tax-exempt organizations and persons holding the notes as part of a “straddle,” “hedge,” “conversion transaction” or other integrated transaction.

As used herein, “U.S. holder” means a beneficial owner of the notes who is treated for U.S. federal income tax purposes as:

- an individual who is a citizen or resident of the United States;
- a corporation (or other entity treated as a corporation for U.S. federal income tax purposes) created or organized under the laws of the United States, any state thereof or the District of Columbia;
- an estate the income of which is subject to U.S. federal income tax regardless of its source; or
- a trust (1) if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (2) that has validly elected to be treated as a U.S. person for U.S. federal income tax purposes.

A “non-U.S. holder” is a beneficial owner of the notes who is neither a U.S. holder nor a partnership for U.S. federal income tax purposes.

If a partnership or other entity treated as a partnership for U.S. federal income tax purposes holds the notes, the tax treatment of a partner generally will depend on the status of the partner and the activities of the partnership. Partnerships and their partners should consult their tax advisors as to the tax consequences to them of the purchase, ownership and disposition of the notes.

Table of Contents

You should consult your tax advisor regarding the U.S. federal income tax consequences to you of the purchase, ownership and disposition of the notes, as well as any tax consequences arising under any state, local or foreign tax laws, or any other U.S. federal tax laws.

Effect of Certain Contingencies

In certain circumstances (see “Description of the Notes—Optional Redemption” and “Description of the Notes—Change of Control”) we may be obligated to pay amounts in excess of stated interest or principal on the notes. We intend to take the position that the notes should not be treated as contingent payment debt instruments because of the possibility of such payments. This position is based in part on assumptions regarding the likelihood, as of the date of issuance of the notes, that such additional payments will not have to be paid. Assuming such position is respected, a holder generally would not be required to include any income in respect of the foregoing contingencies unless and until any of such contingencies occurred. Our position is binding on a holder unless the holder explicitly discloses on its U.S. federal income tax return that it is taking a contrary position. Our position is not, however, binding on the IRS. If the IRS were to challenge this determination, a holder might be required to accrue income on its notes in excess of stated interest, and to treat as ordinary income rather than capital gain any income realized on the taxable disposition of a note before the resolution of the contingencies. The following portions of this discussion assume that the notes will not be treated as contingent payment debt instruments. Holders are urged to consult their own tax advisors regarding the potential application to the notes of the contingent payment debt instrument rules and the consequences thereof.

U.S. Holders

Stated interest

Payments of stated interest on the notes generally will be taxable to a U.S. holder as ordinary income at the time such payments are received or accrued, in accordance with such holder’s method of accounting for U.S. federal income tax purposes.

Sale or other taxable disposition of the notes

A U.S. holder will recognize gain or loss on the sale, exchange (other than pursuant to a tax-free transaction), redemption, retirement or other taxable disposition of a note equal to the difference between the amount realized upon the disposition (less a portion allocable to any accrued and unpaid stated interest, which will be taxable as interest) and the U.S. holder’s adjusted tax basis in the note. A U.S. holder’s adjusted tax basis in a note generally will be the U.S. holder’s cost therefor, decreased by any payments (other than with respect to stated interest) received by such holder with respect to such note. This gain or loss generally will be a capital gain or loss, and will be a long-term capital gain or loss if the U.S. holder has held the note for more than one year. Long-term capital gains of non-corporate holders are subject to tax at a reduced rate. The deductibility of capital losses is subject to limitations.

Information reporting and backup withholding

Information with respect to interest on the notes will be required to be furnished to the IRS and to U.S. holders (other than to certain exempt holders). Information with respect to the proceeds received upon the sale or other disposition (including a redemption or retirement) of the notes will be required to be furnished to the IRS and to U.S. holders (other than to certain exempt holders) by a broker or other securities intermediary through which you hold your notes.

Table of Contents

A U.S. holder may be subject to backup withholding (currently at a rate of 28%) on payments received on the notes or on the proceeds received upon the sale or other disposition of such notes. Certain holders generally are not subject to backup withholding. A U.S. holder generally will be subject to backup withholding if such holder is not otherwise exempt and:

- such holder fails to furnish its taxpayer identification number, which for an individual is ordinarily his or her social security number;
- such holder furnishes an incorrect taxpayer identification number;
- such holder is notified by the IRS that such holder is subject to backup withholding because it has failed to report properly payments of interest or dividends; or
- such holder fails to certify, under penalties of perjury, that it has furnished its correct taxpayer identification number and that the IRS has not notified the U.S. holder that it is subject to backup withholding.

U.S. holders should consult their tax advisors regarding their qualification for an exemption from backup withholding and the procedures for obtaining such an exemption, if applicable. Backup withholding is not an additional tax. Taxpayers may use amounts withheld as a credit against their U.S. federal income tax liability or may claim a refund if backup withholding results in an overpayment of U.S. federal income tax and they timely provide certain information to the IRS.

Non-U.S. Holders

Interest

Subject to the discussion of “—U.S. trade or business” below, interest or amounts received upon a taxable disposition of the notes that represent accrued interest paid to a non-U.S. holder will not be subject to U.S. federal withholding tax, which is imposed at a rate of 30% (or, if applicable, a lower treaty rate), provided that:

- such holder does not directly or indirectly, actually or constructively, own 10% or more of the total combined voting power of all of the classes of our stock;
- such holder is not a controlled foreign corporation that is related to us through stock ownership; and
- either (1) the non-U.S. holder certifies in a statement provided to us or our paying agent, under penalties of perjury, that it is not a U.S. person and provides its name and address (which certification may be made on IRS Form W-8BEN, or applicable successor form), (2) a securities clearing organization, bank or other financial institution that holds customers’ securities in the ordinary course of its trade or business and holds the notes on behalf of the non-U.S. holder certifies to us or our paying agent under penalties of perjury that it, or the financial institution between it and the non-U.S. holder, has received from the non-U.S. holder a statement, under penalties of perjury, that such holder is not a U.S. person and provides us or our paying agent with a copy of such statement or (3) the non-U.S. holder holds its notes through a “qualified intermediary” and certain conditions are satisfied.

Even if the above conditions are not met, a non-U.S. holder may be entitled to a reduction in or an exemption from withholding tax on interest under a tax treaty between the United States and the non-U.S. holder’s country of residence. To claim such a reduction or exemption, a non-U.S. holder

Table of Contents

generally must complete IRS Form W-8BEN and claim this reduction or exemption on the form. In some cases, a non-U.S. holder instead may be permitted to provide documentary evidence of its claim to the intermediary, or a qualified intermediary already may have some or all of the necessary evidence in its files.

The certification requirements described above may require a non-U.S. holder to provide its U.S. taxpayer identification number in order to claim the benefit of an income tax treaty or for other reasons. Special certification requirements apply to intermediaries. Prospective investors should consult their tax advisors regarding the certification requirements discussed above.

Sale or other taxable disposition of the notes

Subject to the discussion of “—U.S. trade or business” below, a non-U.S. holder generally will not be subject to U.S. federal income tax or withholding tax on gain recognized on the sale, exchange, redemption, retirement or other disposition of a note. However, a non-U.S. holder may be subject to tax on such gain if such holder is an individual present in the United States for 183 days or more during the taxable year of the disposition and certain other conditions are met, in which case such holder may have to pay a U.S. federal income tax of 30% (or, if applicable, a lower treaty rate) on such gain (net of certain U.S. source losses).

U.S. trade or business

If interest or gain from a disposition of the notes is effectively connected with a non-U.S. holder's conduct of a trade or business in the United States, the non-U.S. holder generally will be subject to U.S. federal income tax on the interest or gain on a net income basis in the same manner as if it were a U.S. holder (unless an applicable income tax treaty provides otherwise). Effectively connected interest income will not be subject to the U.S. federal withholding tax of 30% described above (assuming the appropriate certification, generally a completed IRS Form W-8 ECI, is provided). A foreign corporation that is a holder of a note also may be subject to a branch profits tax equal to 30% of its effectively connected earnings and profits for the taxable year, subject to certain adjustments, unless it qualifies for a lower rate under an applicable income tax treaty. For this purpose, interest on a note or gain recognized on the disposition of a note will be included in earnings and profits if the interest or gain is effectively connected with the conduct by the foreign corporation of a trade or business in the United States.

Information reporting and backup withholding

Backup withholding will not apply to payments made by us or our paying agent to a non-U.S. holder of a note if the holder meets the identification and certification requirements described in the third bullet above under “—Non-U.S. Holders—Interest.” However, information reporting on IRS Form 1042-S may still apply with respect to interest payments. In addition, information regarding interest payments on the notes may be made available to the tax authorities in the country where the non-U.S. holder resides or is established, pursuant to an applicable income tax treaty.

Payments of the proceeds from a disposition (including a redemption or retirement) by a non-U.S. holder of a note made to or through a foreign office of a broker will not be subject to information reporting or backup withholding, except that information reporting (but generally not backup withholding) may apply to those payments if the broker is:

- a U.S. person or a foreign branch office of a U.S. person;
- a controlled foreign corporation for U.S. federal income tax purposes;

Table of Contents

- a foreign person 50% or more of whose gross income is effectively connected with a U.S. trade or business for a specified three-year period; or
- a foreign partnership if at any time during its tax year, (1) one or more of its partners are U.S. persons who hold in the aggregate more than 50% of the income or capital interest in the partnership or (2) it is engaged in the conduct of a U.S. trade or business.

Payment of the proceeds from a disposition by a non-U.S. holder of a note made to or through the U.S. office of a broker generally is subject to information reporting and backup withholding unless the beneficial owner certifies as to its non-U.S. status or otherwise establishes an exemption from information reporting and backup withholding.

Non-U.S. holders should consult their tax advisors regarding application of withholding and backup withholding in their particular circumstances and the availability of, and the procedure for qualifying for an exemption from, withholding, information reporting and backup withholding under current Treasury Regulations. In this regard, the current Treasury Regulations provide that a certification may not be relied on if the payor knows or has reason to know that the certification may be false.

Backup withholding is not an additional tax. Taxpayers may use amounts withheld as a credit against their U.S. federal income tax liability or may claim a refund if backup withholding results in an overpayment of U.S. federal income tax and they timely provide certain information to the IRS.

Underwriting

Subject to the terms and conditions contained in an underwriting agreement, dated as of the date of this prospectus supplement, between us and the underwriters named below, for whom Deutsche Bank Securities Inc., Goldman, Sachs & Co. and J.P. Morgan Securities LLC are acting as representatives, we have agreed to sell to each underwriter, and each underwriter has severally agreed to purchase from us, the principal amount of notes that appears opposite its name in the table below:

Underwriter	Principal amount of 2016 notes	Principal amount of 2021 notes
Deutsche Bank Securities Inc.	\$ 50,000,000	\$ 50,000,000
Goldman, Sachs & Co.	50,000,000	50,000,000
J.P. Morgan Securities LLC	50,000,000	50,000,000
Scotia Capital (USA) Inc.	35,000,000	35,000,000
UBS Securities LLC	35,000,000	35,000,000
Citigroup Global Markets Inc.	10,000,000	10,000,000
HSBC Securities (USA) Inc.	10,000,000	10,000,000
U.S. Bancorp Investments, Inc.	10,000,000	10,000,000
Total	\$250,000,000	\$ 250,000,000

The underwriting agreement provides that the obligations of the several underwriters to pay for and accept delivery of the notes offered by this prospectus supplement are subject to certain conditions. The underwriters are obligated to take and pay for all of the notes offered by this prospectus supplement if any such notes are taken.

The underwriters initially propose to offer the notes to the public at the public offering price that appears on the cover page of this prospectus supplement. In addition, the underwriters initially propose to offer the 2016 notes to certain dealers at prices that represent a concession not in excess of 0.30% of the principal amount of the 2016 notes, and the 2021 notes to certain dealers at prices that represent a concession not in excess of 0.40% of the principal amount of the 2021 notes. Any underwriter may allow, and any such dealer may reallow to certain other dealers, a concession not in excess of 0.20% of the principal amount of the 2016 notes and a concession not in excess of 0.25% of the principal amount of the 2021 notes. After the initial offering of the notes, the underwriters may from time to time vary the offering prices and other selling terms. The underwriters may offer and sell notes through certain of their affiliates. The offering of the notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

The following table shows the underwriting discount that we will pay to the underwriters in connection with the offering of the notes:

	Paid by us
Per 2016 note	0.600%
Total	\$ 1,500,000
Per 2021 note	0.650%
Total	\$ 1,625,000

We estimate that expenses associated with this offering to be paid by us, other than underwriting discounts, will be approximately \$1.0 million.

We have also agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act, or to contribute to payments which the underwriters may be required to make in respect of any such liabilities.

Absence of Public Market for the Notes

The notes are a new issue of securities, and there is currently no established trading market for the notes. We do not intend to apply for the notes to be listed on any securities exchange or to arrange for the notes to be quoted on any quotation system. The underwriters have advised us that they intend to make a market in the notes, but they are not obligated to do so. The underwriters may discontinue any market making in the notes at any time at their sole discretion. Accordingly, we cannot assure you that a liquid trading market will develop for the notes, that you will be able to sell your notes at a particular time or that the prices you receive when you sell will be favorable.

Stabilization

In connection with the offering, the underwriters may purchase and sell notes in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of notes than they are required to purchase in the offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the notes while the offering is in progress.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased notes sold by or for the account of such underwriter in stabilizing or short covering transactions.

These activities by the underwriters, as well as other purchases by the underwriters for their own accounts, may stabilize, maintain or otherwise affect the market price of the notes. As a result, the price of the notes may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected in the over-the-counter market or otherwise.

Selling Restrictions

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "Relevant Member State"), each underwriter has represented and agreed that, with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "Relevant Implementation Date"), it has not made and will not make an offer of notes which are the subject of the offering contemplated by this prospectus supplement to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such notes to the public in that Relevant Member State:

- to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the representatives for any such offer; or
- in any other circumstances falling within Article 3(2) of the Prospectus Directive;

provided that no such offer of notes shall require the Company or any representative to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

Table of Contents

For the purposes of the above, the expression an “offer of notes to the public” in relation to any notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe the notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, and the expression “Prospectus Directive” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression “2010 PD Amending Directive” means Directive 2010/73/EC.

Each underwriter has represented and agreed that (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (the “Act”)) in connection with the issue or sale of the notes in circumstances in which Section 21(1) of such Act does not apply to us and (b) it has complied and will comply with all applicable provisions of such Act with respect to anything done by it in relation to any notes in, from or otherwise involving the United Kingdom.

Each underwriter has represented and agreed that:

- it has not offered or sold and will not offer or sell in Hong Kong, by means of any document, any notes other than (a) to “professional investors” within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder, or (b) in other circumstances which do not result in the document being a “prospectus” within the meaning of the Companies Ordinance (Cap.32, Laws of Hong Kong), or which do not constitute an offer to the public within the meaning of the Companies Ordinance (Cap. 32, Laws of Hong Kong); and
- it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the notes which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to the notes which are or are intended to be disposed of only to persons outside Hong Kong or only to “professional investors” within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder.

The notes have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (the “Financial Instruments and Exchange Law”) and each underwriter has agreed that it will not offer or sell any notes, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organized under the laws of Japan), or to others for re-offering or resale, directly or indirectly, in Japan or to a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Law and any other applicable laws, regulations and ministerial guidelines of Japan.

Each underwriter has acknowledged that this prospectus supplement will not be registered as a prospectus with the Monetary Authority of Singapore. Accordingly, each underwriter has represented, warranted and agreed that it has not offered or sold any notes or caused such notes to be made the subject of an invitation for subscription or purchase and will not offer or sell such notes or cause such notes to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, the prospectus supplement or any other document or

material in connection with the offer or sale, or invitation for subscription or purchase, of such notes, whether directly or indirectly, to persons in Singapore other than (a) to an institutional investor under Section 274 of the Securities and Futures Act, Chapter 289 of Singapore (the "SFA"), (b) to a relevant person, or any person pursuant to Section 275(1A), and in accordance with the conditions, specified in Section 275 of the SFA or (c) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where the notes are subscribed or purchased under Section 275 by a relevant person which is: (a) a corporation (which is not an accredited investor) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or (b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary is an individual who is an accredited investor, securities (as defined in Section 239(1) of the SFA) of that corporation or the beneficiaries' rights and interest (howsoever described) in that trust shall not be transferable within six months after that corporation or that trust has acquired the notes pursuant to an offer made under Section 275 except: (a) to an institutional investor or to a relevant person defined in Section 275(2) of the SFA, or any person arising from an offer referred to in Section 275(1A) or Section 276(4)(i)(B) of the SFA; (b) where no consideration is or will be given for the transfer; (c) where the transfer is by operation of law; or (d) as specified in Section 276(7) of the SFA.

ABOUT THIS PROSPECTUS

This prospectus is part of an automatic registration statement that we filed with the Securities and Exchange Commission (“SEC”) as a “well-known seasoned issuer” as defined in Rule 405 under the Securities Act of 1933, as amended (“Securities Act”), using a “shelf” registration process for the delayed offering and sale of securities pursuant to Rule 415 under the Securities Act. Under the shelf registration process, we may, from time to time, sell the debt securities described in this prospectus or in any applicable prospectus supplement in one or more offerings. You should read this prospectus and any accompanying prospectus supplement, as well as any post-effective amendments to the registration statement of which this prospectus is a part, together with the additional information described under the sections of this prospectus titled “Where You Can Find More Information” and “Information Incorporated by Reference,” before you make any investment decision.

This prospectus only provides you with a general description of the debt securities we may offer. We are responsible only for the information contained in this prospectus or incorporated by reference in this prospectus or to which we have referred you, including any prospectus supplement or free writing prospectus that we file with the SEC relating to this prospectus. We have not authorized any dealer, salesman or other person to provide you with information different from that contained in this prospectus or additional information. Each time we sell debt securities, we will provide a prospectus supplement that contains specific information about the terms of those debt securities. The prospectus supplement may also add, update or change information contained in this prospectus. To the extent that any statement made in a prospectus supplement is inconsistent with statements made in this prospectus, the statements made in this prospectus will be deemed modified or superseded by those made in the prospectus supplement. You should read both this prospectus and any prospectus supplement, together with the documents incorporated or deemed to be incorporated by reference in this prospectus and the additional information described below under the headings “Where You Can Find More Information” and “Information Incorporated by Reference.”

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus and any accompanying prospectus supplement, including the information we incorporate by reference herein or therein, contain “forward-looking statements” within the meaning of Section 27A of the Securities Act and Section 21E of the Securities Exchange Act of 1934, as amended (“Exchange Act”). These statements include statements about plans, strategies, financial performance, prospects or future events and involve known and unknown risks that are difficult to predict. As a result, our actual results, performance or achievements may differ materially from those expressed or implied by these forward-looking statements. In some cases, you can identify forward-looking statements by the use of words such as “may,” “could,” “expect,” “intend,” “plan,” “seek,” “anticipate,” “believe,” “estimate,” “predict,” “potential,” “continue,” “likely,” “will,” “would” and variations of these terms and similar expressions, or the negative of these terms or similar expressions. Such forward-looking statements are necessarily based upon estimates and assumptions that, while considered reasonable by us and our management, are inherently uncertain. Important factors that may cause actual results to differ materially from current expectations include, but are not limited to:

- declines in occupancy and average daily rate;
- hostilities, including future terrorist attacks, or fear of hostilities that affect travel;
- travel-related accidents;

Table of Contents

- general volatility of the capital markets and our ability to access the capital markets;
- changes in the competitive environment in our industry and the markets where we operate;
- outcomes of legal proceedings; and
- violations of regulations or laws related to our franchising business.

These factors and the other risk factors described or incorporated by reference in this prospectus are not necessarily all of the important factors that could cause our actual results, performance or achievements to differ materially from those expressed in or implied by any of our forward-looking statements. Other unknown or unpredictable factors also could harm our business, financial condition, results of operations or cash flows.

All forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by the cautionary statements set forth above. Forward-looking statements speak only as of the date they are made, and we do not undertake or assume any obligation to update publicly any of these statements to reflect actual results, new information or future events, changes in assumptions or changes in other factors affecting forward-looking statements, except to the extent required by applicable laws. If we update one or more forward-looking statements, no inference should be drawn that we will make additional updates with respect to those or other forward-looking statements.

THE COMPANY

We are a global hospitality company with widely recognized, industry leading brands and a tradition of innovation developed over our more than fifty-year history. Our mission is to provide authentic hospitality by making a difference in the lives of the people we touch every day. We focus on this mission in pursuit of our goal of becoming the most preferred brand in each customer segment that we serve for our associates, guests and owners. We support our mission and goal by adhering to a set of core values that characterize our culture. We believe that our mission, goal and values, together with the strength of our brands, strong capital and asset base and opportunities for expansion, provide us with a platform for long-term value creation.

We manage, franchise, own and develop Hyatt-branded hotels, resorts and residential and vacation ownership properties around the world. Our full service hotels and resorts operate under five world-recognized brands, Park Hyatt, Andaz, Grand Hyatt, Hyatt Regency and Hyatt. Our two select service brands are Hyatt Place and Hyatt Summerfield Suites (an extended stay brand). We develop, sell or manage vacation ownership properties in select locations as part of the Hyatt Vacation Club, which is in the process of changing its name to Hyatt Residence Club. We also manage, provide services to or license our trademarks with respect to residential ownership units that are often adjacent to a Hyatt-branded full service hotel. We consult with third parties in the design and development of such mixed-use projects based on our expertise as a manager and owner of vacation ownership properties, residential properties and hotels. We primarily derive our revenues from hotel operations, management and franchise fees, other revenues from managed properties and sales of vacation ownership properties.

Our principal executive offices are located at 71 South Wacker Drive, 12th Floor, Chicago, Illinois 60606. Our telephone number is (312) 750-1234. Our website address is www.hyatt.com. Hyatt®, Park Hyatt®, Andaz®, Grand Hyatt®, Hyatt Regency®, Hyatt Place®, Hyatt Summerfield Suites®, Hyatt Vacation Club®, Hyatt Residence Club™, Hyatt Gold Passport®, Hyatt Resorts™ and related trademarks, logos, trade names and service marks appearing in this prospectus are the property of Hyatt Corporation, a wholly owned subsidiary of Hyatt Hotels Corporation. RISK FACTORS

Investment in our debt securities involves a high degree of risk. You should carefully consider the risks and uncertainties described under the heading “Risk Factors” in any applicable prospectus supplement and under the caption “Risk Factors” in any of our filings with the SEC pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act that are incorporated herein by reference before you decide whether to purchase our debt securities. These risks could materially adversely affect our business, financial condition, results of operations and cash flows. As a result, the market price of our debt securities could decline, and you may lose part or all of your investment. For more information, see the sections of this prospectus titled “Where You Can Find More Information” and “Information Incorporated by Reference.”

USE OF PROCEEDS

Unless otherwise specified in a prospectus supplement accompanying this prospectus, we intend to use the net proceeds from the sale of debt securities to which this prospectus relates for general corporate purposes. General corporate purposes may include, among other uses, refunding, repurchasing, retiring upon maturity or redeeming existing debt; funding for working capital; capital expenditures; repurchases of our capital stock; and strategic investments and acquisitions.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth the historical ratio of our earnings to our fixed charges for the periods indicated:

	Six Months Ended June 30, 2011	2010	2009	Year Ended December 31, 2008	2007	2006
Ratio of earnings to fixed charges ⁽¹⁾	2.3x	2.7x	— ⁽²⁾	2.6x	6.6x	8.9x

- ⁽¹⁾ For purposes of calculating the ratio of earnings to fixed charges, earnings represents pre-tax earnings before adjustments for income or loss from equity investees; and fixed charges include: interest (expensed and capitalized), amortized premiums, discounts and capitalized expenses related to indebtedness and the interest portion of rent expense that is deemed to be representative of the interest factor.
- ⁽²⁾ We recorded a pre-tax loss from continuing operations of approximately \$51 million for the fiscal year ended December 31, 2009. As a result, earnings were insufficient to cover fixed charges by \$39 million for such year.

Please refer to the financial statements and financial information incorporated by reference in this prospectus for more information relating to the foregoing. See “Where You Can Find More Information” and “Information Incorporated by Reference.”

DESCRIPTION OF DEBT SECURITIES

This prospectus describes certain general terms and provisions of our debt securities. When we offer to sell a particular series of debt securities, we will describe the specific terms of the series in a supplement to this prospectus. We will also indicate in the prospectus supplement whether the general terms and provisions described in this prospectus apply to a particular series of debt securities.

Unless otherwise specified in a supplement to this prospectus, the debt securities will be our direct, unsecured obligations and will rank equally with all of our other unsecured and unsubordinated indebtedness.

The debt securities will be issued under an indenture, dated as of August 14, 2009, between us and Wells Fargo Bank, National Association, as trustee, as supplemented by a second supplemental indenture, dated as of August 4, 2011, between us and the trustee. We have summarized select portions of the indenture below. The summary is not complete. The indenture has been incorporated by reference as an exhibit to the registration statement and you should read the indenture for provisions that may be important to you. In the summary below, we have included references to the section numbers of the indenture so that you can easily locate these provisions. Capitalized terms used in the summary and not defined herein have the meanings specified in the indenture.

References in this section to “we,” “our,” “us,” “Hyatt” and the “Company” refer to Hyatt Hotels Corporation excluding, unless the context otherwise requires or as otherwise expressly stated, its consolidated subsidiaries.

General

The terms of each series of debt securities will be established by or pursuant to a Board Resolution, by a supplemental indenture or in an Officers’ Certificate and set forth or determined in the manner provided in a Board Resolution, by a supplemental indenture or in an Officers’ Certificate. (Section 2.02) The particular terms of each series of debt securities will be described in a prospectus supplement relating to such series (including any pricing supplement or term sheet).

Table of Contents

We can issue an unlimited amount of debt securities under the indenture that may be in one or more series with the same or various maturities, at par, at a premium, or at a discount, as may be set forth in a Board Resolution, a supplemental indenture or an Officers' Certificate. We will set forth in a prospectus supplement (including any pricing supplement or term sheet) relating to any series of debt securities being offered, the aggregate principal amount and the following terms of the debt securities, if applicable:

- the title of the debt securities;
- any limit on the aggregate principal amount of the debt securities;

- the currency of denomination of the debt securities, if other than the U.S. dollar, any places in addition to or instead of the offices of the trustee where the principal, premium and interest on the debt securities will be payable or the method of such payment;
- the price or prices at which, the period or periods within which and the terms and conditions upon which we may redeem the debt securities;
- whether the debt securities are to be issued in registered form or bearer form or both and, if the debt securities are to be issued in bearer form, whether coupons will be attached to them, whether debt securities in bearer form may be exchanged for debt securities issued in registered form, and the circumstances under which and the places at which any such exchanges, if permitted, may be made;
- if the debt securities are to be issued in bearer form, whether certain additional interest payment or tax redemption provisions will apply, whether interest with respect to certain temporary debt securities in bearer form will be paid to any clearing organization and the terms and conditions applicable to such payment, and the terms upon which certain temporary debt securities may be exchanged for more definitive debt securities in bearer form;
- any obligation we have to redeem, purchase or repay the debt securities pursuant to any sinking fund or analogous provisions or at the option of a holder of such debt securities and the prices, periods and terms and conditions upon which such debt securities shall be redeemed, repurchased or repaid;
- the terms, if any, upon which the debt securities may be convertible into or exchanged for any of our stock, other debt securities or warrants and the terms and conditions upon which such conversion or exchange shall be effected, including the initial conversion or exchange price, rate or period;

- any changes to legal defeasance, covenant defeasance and satisfaction and discharge under the indenture;
- if other than the principal amount, the portion of principal amount of the debt securities payable upon declaration of acceleration of the maturity date;
- the terms, if any, of the transfer, mortgage, pledge or assignment as security for the debt securities of any collateral, including the applicability of any provisions of the Trust Indenture Act of 1939 and any corresponding changes to provisions of the indenture as then in effect;
- any addition to or change in the Events of Default described in this prospectus or in the indenture which applies to the debt securities and any change in the right of the trustee or the holders of such debt securities to declare the principal amount of and any premium and interest on such debt securities due and payable pursuant to the acceleration provisions described in this prospectus or in the indenture;
- whether the debt securities will be issued in the form of global debt securities, the terms and conditions, if any, upon which such global debt securities may be exchanged for definitive debt securities and the depositary and form of any legends for such global debt securities;

- the intended material U.S. federal income tax consequences of the debt securities;
- the terms applicable to debt securities that provide for an amount less than the stated principal amount thereof, including the rates at which such original issue discount will accrue; and
- any other terms of the debt securities (which terms are not prohibited by the provisions of the indenture). (Section 2.02)

In addition, the indenture does not limit our ability to issue convertible or subordinated debt securities. Any conversion or subordination provisions of a particular series of debt securities will be set forth in a Board Resolution, the Officers' Certificate or the supplemental indenture related to that series of debt securities and will be described in the relevant prospectus supplement. Such terms may include provisions for conversion, either mandatory, at the option of the holder or at our option, in which case the number of shares of common stock or other securities to be received by the holders of debt securities would be calculated as of a time and in the manner stated in the prospectus supplement.

If we denominate the purchase price of any of the debt securities in a foreign currency or currencies or a foreign currency unit or units, or if the principal of and any premium and interest on any series of debt securities is payable in a foreign currency or currencies or a foreign currency unit or units, we will provide you with information on the restrictions, elections, material U.S. federal income tax considerations, specific terms and other information with respect to that issue of debt securities and such foreign currency or currencies or foreign currency unit or units in the applicable prospectus supplement.

Table of Contents

Transfer and Exchange

Each debt security will be represented by either one or more global securities registered in the name of The Depository Trust Company, as depositary (“DTC”), or a nominee (we will refer to any debt security represented by a global debt security as a “book-entry debt security”), or a certificate issued in definitive registered form (we will refer to any debt security represented by a certificated security as a “definitive debt security”), as set forth in the applicable prospectus supplement. Except as set forth under the heading “Global Debt Securities and Book-Entry System” below, book-entry debt securities will not be issuable in definitive form.

Definitive Debt Securities

You may transfer or exchange definitive debt securities at any office we maintain for this purpose in accordance with the terms of the indenture. No service charge will be made for any transfer or exchange of definitive debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with a transfer or exchange.

You may effect the transfer of definitive debt securities only by presenting the certificate representing those definitive debt securities to us, accompanied by a duly executed written instrument of transfer. You may effect the right to receive the principal of and premium and interest on definitive debt securities only by presenting or surrendering the certificate representing those definitive debt securities to us.

Global Debt Securities and Book-Entry System

Each book-entry debt security will be represented by one or more global debt securities in definitive, fully registered form without interest coupons. Each global debt security will be deposited with the trustee as custodian for DTC, as depositary under the indenture, and registered in the name of DTC or a nominee of DTC in New York, New York for the accounts of institutions that have accounts with DTC (“participants”).

You may hold your interests in a global debt security directly through DTC if you are a DTC participant or indirectly through organizations that are DTC participants. Except in the limited circumstances described below, if you hold interests in global debt securities, you will not be entitled to receive your debt securities as definitive debt securities.

DTC has advised us as follows:

- DTC is a limited-purpose trust company organized under the New York Banking Law;
- a “banking organization” within the meaning of the New York Banking Law;
- a member of the Federal Reserve System;
- a “clearing corporation” within the meaning of the New York Uniform Commercial Code; and
- a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act.

DTC was created to hold securities of its participants and to facilitate the clearance and settlement of securities transactions among its participants in such securities through electronic book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. DTC’s participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Access to DTC’s book-entry systems is also available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, whether directly or indirectly.

Table of Contents

We expect that, pursuant to the procedures established by DTC, upon the issuance of each global debt security, DTC will credit, on its book-entry registration and transfer system, the respective principal amount of your individual beneficial interest represented by the global debt security to the accounts of participants. Ownership of beneficial interests in each global debt security will be limited to participants or persons that may hold interests through participants. Your ownership of beneficial interests in each global debt security will be shown on, and the transfer of those ownership interests will be effected only through, records maintained by DTC (with respect to participants' interests) and such participants (with respect to the owners of beneficial interests in the global debt security other than participants).

So long as DTC, or its nominee, is the registered holder and owner of a global debt security, DTC or such nominee, as the case may be, will be considered the sole legal owner of the debt securities represented by the global debt security for all purposes under the indenture, the debt securities and applicable law. Except as set forth below, as an owner of beneficial interests in a global debt security, you will not be entitled to receive a definitive debt security, will not be entitled to have the debt securities represented by the global debt security registered in your name and will not be considered to be the owner or holder of any debt securities under the global debt security. We understand that under existing industry practice, in the event you desire to take any actions that DTC, as the holder of the global debt security, is entitled to take, DTC would authorize the participants to take such action, and that participants would authorize you to take such action or would otherwise act upon your instructions. As a beneficial owner of an interest in a global debt security, you will not be able to transfer the interest except in accordance with DTC's applicable procedures. Because DTC can only act on behalf of participants, who in turn act on behalf of others, your ability to pledge that interest to persons that do not participate in the DTC system, or otherwise to take actions in respect of that interest, may be impaired by the lack of a physical certificate of that interest.

We understand, however, that under existing industry practice, DTC will authorize the persons on whose behalf it holds a global debt security to exercise certain rights of holders of debt securities, and the indenture provides that we, the trustee and our respective agents will treat as the holder of a debt security the persons specified in a written statement of DTC with respect to that global debt security for purposes of obtaining any consents, declarations, waivers or directions required to be given by holders of the debt securities pursuant to the indenture. (Section 2.15(f))

All payments on book-entry debt securities registered in the name of and held by DTC or its nominee will be made to DTC or its nominee, as the case may be, as the registered owner and holder of the global debt securities. (Section 2.15(e))

We expect that DTC or its nominee, upon receipt of any payment of principal or interest in respect of a global debt security, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the global debt security as shown on the records of DTC or its nominee. We also expect that payments by participants to you will be governed by standing instructions and customary practices, as is now the case with securities held for accounts of customers in the names of nominees for such customers. Such payments, however, will be the responsibility of such participants and indirect participants, and neither we, any agent of ours nor the trustee will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in any global debt security or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests or for any other aspect of the relationship between DTC and its participants or the relationship between such participants and you.

Unless and until it is exchanged in whole or in part for definitive debt securities, no global debt security may be transferred except as a whole by DTC to a nominee of DTC or by a nominee of DTC to DTC or another nominee of DTC. Transfers between participants in DTC will be effected in the ordinary way in accordance with DTC rules and will be settled in same-day funds.

Table of Contents

We expect that DTC will take any action permitted to be taken by a holder of debt securities (including the presentation of debt securities for exchange as described below) only at the direction of one or more participants to whose account the DTC interests in a global debt security are credited and only in respect of such portion of the aggregate principal amount of the debt securities as to which such participant or participants has or have given such direction. However, if there is an event of default under the debt securities, DTC will exchange each global debt security for definitive debt securities, which it will distribute to its participants.

Although we expect that DTC will agree to the foregoing procedures in order to facilitate transfers of interests in book-entry debt securities among participants of DTC, DTC is under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. Neither we, any agent of ours nor the trustee will have any responsibility for the performance or nonperformance by DTC or their participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

The indenture provides that if:

- DTC notifies us that it is unwilling or unable to continue as depository or if DTC ceases to be a clearing agency registered under the Exchange Act and we do not appoint a successor depository within 90 days; and
- we execute and deliver to the trustee an Officers' Certificate to the effect that the global debt securities are exchangeable pursuant to the indenture,

the global debt securities will be exchanged for definitive debt securities of like tenor and of an equal principal amount, in authorized denominations. (Section 2.15(b)) Such definitive debt securities will be registered in such name or names as DTC instructs the trustee. We expect that such instructions may be based upon directions received by DTC from participants with respect to ownership of beneficial interest in global debt securities.

We have obtained the information in this section concerning DTC and DTC's book-entry system from sources that we believe to be reliable, but neither we nor the trustee take responsibility for its accuracy.

Euroclear and Clearstream

If the depository for a global debt security is DTC, you may hold interests in the global debt security through Clearstream Banking, *société anonyme* ("Clearstream"), or Euroclear Bank S.A./N.V., as operator of the Euroclear System ("Euroclear"), in each case, as a participant in DTC. Euroclear and Clearstream will hold interests, in each case, on behalf of their participants through customers' securities accounts in the names of Euroclear and Clearstream on the books of their respective depositories, which in turn will hold such interests in customers' securities in the depositories' names on DTC's books.

Payments, deliveries, transfers, exchanges, notices and other matters relating to the debt securities made through Euroclear or Clearstream must comply with the rules and procedures of those systems. Those systems could change their rules and procedures at any time. We have no control over those systems or their participants, and we take no responsibility for their activities. Transactions between participants in Euroclear or Clearstream, on the one hand, and other participants in DTC, on the other hand, would also be subject to DTC's rules and procedures.

You will be able to make and receive through Euroclear and Clearstream payments, deliveries, transfers, exchanges, notices and other transactions involving any securities held through those systems only on days when those systems are open for business. Those systems may not be open for business on days when banks, brokers and other institutions are open for business in the United States.

Table of Contents

In addition, because of time-zone differences, if you are a U.S. investor who holds your interests in the debt securities through these systems and wish on a particular day to transfer your interests, or to receive or make a payment or delivery or exercise any other right with respect to your interests, you may find that the transaction will not be effected until the next business day in Luxembourg or Brussels, as applicable. Thus, if you wish to exercise rights that expire on a particular day, you may need to act before the expiration date. In addition, if you hold your interests through both DTC and Euroclear or Clearstream, you may need to make special arrangements to finance any purchases or sales of your interests between the U.S. and European clearing systems, and those transactions may settle later than transactions within one clearing system.

No Protection in the Event of a Change of Control

Unless we state otherwise in the applicable prospectus supplement, the debt securities will not contain any provisions which may afford holders of the debt securities protection in the event we have a change in control or in the event of a highly leveraged transaction (whether or not such transaction results in a change in control) which could adversely affect holders of debt securities.

Covenants

Limitations on Liens

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, create, assume or permit to exist, any Lien, other than Permitted Liens, on any Principal Property, or upon Capital Stock or Indebtedness issued by any Restricted Subsidiary and owned by the Company or any Subsidiary, now or hereafter acquired, to secure Indebtedness, without effectively providing concurrently that the debt securities are secured equally and ratably with such Indebtedness, for so long as such Indebtedness shall be so secured. (Section 4.07)

“Permitted Liens” means:

- (i) Liens existing on the date of the indenture;
- (ii) Liens in favor of the Company or a Restricted Subsidiary;
- (iii) Liens on any property existing at the time of the acquisition thereof;
- (iv) Liens on any property of a Person or its subsidiaries existing at the time such Person is consolidated with or merged into the Company or a Restricted Subsidiary, or Liens on any property of a Person existing at the time such Person becomes a Restricted Subsidiary;
- (v) Liens to secure all or part of the cost of acquisition (including Liens created as a result of an acquisition by way of Capital Lease), construction, development or improvement of the underlying property, or to secure Indebtedness incurred to provide funds for any such purposes; provided, that the commitment of the creditor to extend the credit secured by any such Lien shall have been obtained not later than 18 months after the later of (A) the completion of the acquisition, construction, development or improvement of such property and (B) the placing in operation of such property or of such property as so constructed, developed or improved;
- (vi) Liens securing industrial revenue, pollution control or similar bonds; and
- (vii) any extension, renewal or replacement (including successive extensions, renewals and replacements), in whole or in part, of any Lien referred to in any of clauses (i), (iii), (iv) or (v) of this definition of Permitted Liens that would not otherwise be permitted pursuant to any of clauses (i) through (vi), to the extent that (A) the principal amount of Indebtedness secured thereby and not otherwise permitted to be secured pursuant to any of clauses (i) through (vi) of this definition of Permitted Liens does not exceed the principal amount of Indebtedness, plus

any premium or fee payable in connection with any such extension, renewal or replacement, so secured at the time of any such extension, renewal or replacement, except that where (1) the Indebtedness so secured at the time of any such extension, renewal or replacement was incurred for the sole purpose of financing a specific project and (2) additional Indebtedness is to be incurred in connection with such extension, renewal or replacement solely to finance the completion of the same project, the additional Indebtedness may also be secured by such Lien; and (B) the property that is subject to the Lien serving as an extension, renewal or replacement is limited to some or all of the property that was subject to the Lien so extended, renewed or replaced.

Notwithstanding the restrictions described above, the Company and its Restricted Subsidiaries may, directly or indirectly, create, assume or permit to exist any Lien that would otherwise be subject to the restrictions set forth in the first paragraph of this section without equally and ratably securing the debt securities if, at the time of such creation, assumption or permission, after giving effect thereto and to the retirement of any Indebtedness which is concurrently being retired, the aggregate principal amount of outstanding Indebtedness secured by Liens which would otherwise be subject to such restrictions (not including Permitted Liens) plus all Attributable Indebtedness of the Company and its Restricted Subsidiaries in respect of Sale and Leaseback Transactions with respect to any Principal Property (not including such transactions described under any of clauses (i) through (v) as set forth below under “—Sale and Leaseback Transactions”), does not exceed 15% of Consolidated Net Tangible Assets.

Sale and Leaseback Transactions

The Company will not, and will not permit any Restricted Subsidiary to, enter into any Sale and Leaseback Transaction with respect to any Principal Property unless:

- (i) the Sale and Leaseback Transaction is solely with the Company or another Subsidiary;
- (ii) the lease in such Sale and Leaseback Transaction is for a period not in excess of three years, including renewal rights;
- (iii) the lease in such Sale and Leaseback Transaction secures or relates to industrial revenue, pollution control or similar bonds;
- (iv) the Sale and Leaseback Transaction is entered into prior to or within 18 months after the purchase or acquisition of the Principal Property which is the subject of such Sale and Leaseback Transaction;
- (v) the proceeds of the Sale and Leaseback Transaction are at least equal to the fair market value (as determined by the Company's board of directors in good faith) of the Principal Property which is the subject of the Sale and Leaseback Transaction and prior to or within 180 days after the sale of such Principal Property, the Company applies an amount equal to the greater of (A) the net proceeds of such sale, and (B) the Attributable Indebtedness of the Company and its Restricted Subsidiaries in respect of such Sale and Leaseback Transaction to (1) the retirement of long-term Indebtedness that is not subordinated to any debt securities issued under the indenture and that is not Indebtedness owed to the Company or a Subsidiary, or (2) the purchase of other property which will constitute a Principal Property having a value at least equal to the value of the Principal Property leased; or
- (vi) the Attributable Indebtedness of the Company and its Restricted Subsidiaries in respect of such Sale and Leaseback Transaction and all other Sale and Leaseback Transactions with respect to any Principal Property (not including any Sale and Leaseback Transactions described under any of clauses (i) through (v) set forth immediately above, plus the aggregate principal amount of outstanding Indebtedness secured by Liens upon Principal Properties or Capital Stock or Indebtedness issued by any Restricted Subsidiary and owned by the Company or any

Table of Contents

Subsidiary then outstanding (not including any such Indebtedness secured by Permitted Liens) which do not secure such debt securities equally and ratably with (or on a basis that is prior to) the other Indebtedness secured thereby, would not exceed 15% of Consolidated Net Tangible Assets. (Section 4.08)

Mergers, Consolidations, Sales

Unless otherwise provided for a particular series of debt securities by a Board Resolution, a supplemental indenture or an Officers' Certificate, the Company shall not consolidate with or merge into any other Person or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of the Company's and its Subsidiaries' properties and assets, taken as a whole, to any Person, unless:

- the Person surviving such consolidation or merger (if not the Company) or the Person that acquires by sale, assignment, transfer, lease, conveyance or other disposition all or substantially all of the Company's and its Subsidiaries' properties and assets, taken as a whole, shall be a corporation, partnership, limited liability company, trust or other entity organized and existing under the laws of the United States of America, any state thereof or the District of Columbia or Canada, Mexico, Switzerland or any other country that is a member country of the European Union on the date of the indenture and shall expressly assume, by a supplemental indenture, executed and delivered to the trustee, in form satisfactory to the trustee, the due and punctual payment of the principal of and any premium and interest on all the debt securities and the performance or observance of every covenant of the indenture on the part of the Company to be performed or observed;
- immediately after giving effect to such transaction and treating any Indebtedness that becomes an obligation of the Company or any Subsidiary as a result of such transaction as having been incurred by the Company or such Subsidiary at the time of such transaction, no default or Event of Default shall have occurred and be continuing; and
- the Company shall have delivered to the trustee an Officers' Certificate and an Opinion of Counsel, each stating that such consolidation, merger, sale, assignment, transfer, lease, conveyance or other disposition and, if a supplemental indenture is required in connection with such transaction, such supplemental indenture, comply with the terms of the indenture and that all conditions precedent provided for therein relating to such transaction have been complied with.

These restrictions will not apply to:

- any sale, assignment, transfer, conveyance, lease or other disposition of assets solely between or among the Company and its Subsidiaries; or
- any conversion of the Company from a corporation to a limited liability company, from a limited liability company to a corporation, from a limited liability company to a limited partnership or a similar conversion. (Section 5.01)

This covenant includes a phrase relating to the sale or other transfer of "all or substantially all" of the Company's and its Subsidiaries' properties and assets, taken as a whole. Although there is a developing body of case law interpreting the phrase "substantially all," there is no precise definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty in ascertaining whether a particular transaction would involve a disposition of "all or substantially all" of the Company's and its Subsidiaries' properties and assets, taken as a whole. As a result, it may be unclear as to whether the Company is required to comply with these provisions.

Events of Default

Unless otherwise indicated for a particular series of debt securities by a Board Resolution, a supplemental indenture, or an Officers’ Certificate, each of the following constitutes an “*Event of Default*” with respect to each series of debt securities:

- (i) default in the payment of the principal of or premium, if any, when due on the debt securities of that series;
- (ii) default for 30 days in the payment of interest when due on the debt securities of that series;
- (iii) the Company fails to comply with any of its covenants or agreements in the debt securities of that series or in the indenture and such failure continues for 60 days after written notice has been given to the Company by the trustee or the holders of at least 25% in principal amount of the outstanding debt securities of that series, as provided in the indenture;
- (iv) default by the Company or any Subsidiary under any Indebtedness (other than Non-Recourse Indebtedness) of the Company or any Subsidiary having an aggregate principal amount equal to the greater of \$100,000,000 or 2% of Consolidated Net Tangible Assets, or under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by the Company or any Subsidiary having an aggregate principal amount equal to the greater of \$100,000,000 or 2% of Consolidated Net Tangible Assets, whether such Indebtedness now exists or shall hereafter be created, which default shall constitute a failure to pay any portion of the principal of such Indebtedness when due and payable after the expiration of any applicable grace period with respect thereto or shall have resulted in such Indebtedness becoming or being declared due and payable prior to the date on which it would otherwise have become due and payable; provided, that such acceleration shall not have been rescinded or annulled within 10 days after written notice is given to the Company by the trustee or holders of at least 25% of the outstanding principal amount of debt securities of such series as provided in the indenture; and provided, further, that prior to any declaration of the acceleration of the debt securities as provided in the indenture, an Event of Default under this clause (iv) will be remedied, cured or waived without further action on the part of either the trustee or any of the holders if the default under such other Indebtedness is remedied, cured or waived;
- (v) a final judgment or judgments outstanding against the Company or against any property or assets of the Company in an amount in excess of the greater of \$100,000,000 or 2% of Consolidated Net Tangible Assets is or are not paid, vacated, bonded, undischarged or unstayed for a period of 30 days after the date of its or their entry; provided, that prior to any declaration of acceleration of the debt securities as provided in the indenture, an Event of Default under this clause (v) will be remedied, cured or waived without further action on the part of either the trustee or any of the holders if the judgment is vacated, bonded, discharged or stayed; and
- (vi) certain events of bankruptcy, insolvency or reorganization. (Section 6.01)

The occurrence of certain Events of Default or an acceleration under the indenture may constitute an event of default under certain of our other indebtedness outstanding from time to time.

If an Event of Default with respect to the debt securities of any series at the time outstanding (other than an Event of Default referred to in clause (vi) above) occurs and is continuing, the trustee or the holders of at least 25% in principal amount of the outstanding debt securities of that series by notice to the Company, may declare

the principal amount of (or other specified amount), premium, if any, and accrued and unpaid interest on all the debt securities of that series to be due and payable. Upon such a declaration, such amounts shall be due and payable immediately. If an Event of Default referred to in clause (vi) above occurs, the principal amount of (or other specified amount), premium, if any, and accrued and unpaid interest on all the debt securities of each series shall ipso facto become and be immediately due and payable without any declaration or other act on the part of the trustee or any holder.

At any time after the principal of the debt securities of any series shall have been so declared due and payable (or have become immediately due and payable), and before any judgment or decree for the payment of the moneys due shall have been obtained or entered as provided in the indenture, the holders of a majority in principal amount of the debt securities of that series then outstanding under the indenture, by written notice to the Company and the trustee, may rescind and annul such declaration and its consequences if: (i) the Company has paid or deposited with the trustee a sum sufficient to pay all matured installments of interest upon all the debt securities of that series and the principal of (and premium, if any, on) any and all debt securities of that series that shall have become due otherwise than by acceleration (with interest upon such principal and premium, if any, and, to the extent that such payment is enforceable under applicable law, upon overdue installments of interest, at the rate per annum expressed in the debt securities of that series to the date of such payment or deposit) and (ii) any and all Events of Default under the indenture with respect to such series of debt securities, other than the nonpayment of principal (or other specified amount) and interest, if any, on debt securities of that series that have become due solely by such declaration of acceleration, shall have been remedied or waived as provided in the indenture. No such rescission shall affect any subsequent default or impair any right consequent thereto. (Section 6.02) For information as to waiver of defaults, see “—Modification and Waiver.”

Subject to the provisions of the indenture relating to the duties of the trustee in case an Event of Default shall occur and be continuing, the trustee shall be under no obligation to exercise any of the rights or powers vested in it by the indenture at the request or direction of any of the holders pursuant to the indenture, unless such holders shall have offered to the trustee security or indemnity reasonably satisfactory to the trustee against the costs, expenses and liabilities which might be incurred by the trustee in compliance with such request or direction. (Section 7.02(i))

Subject to applicable law and the provisions of the indenture relating to the rights of the trustee and indemnification of the trustee, the holders of a majority in principal amount of the outstanding debt securities of any series may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or of exercising any trust or power conferred on the trustee with respect to the debt securities of that series. (Section 6.05)

Except to enforce the right to receive payment of the principal amount of, premium, if any, and accrued and unpaid interest on the debt securities of any series held by such holder when due, no holder of a debt security of that series may pursue any remedy with respect to the indenture or the debt securities of that series unless:

- the holder previously gave the trustee written notice stating that an Event of Default with respect to the debt securities of that series is continuing;
- the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series make a written request to the trustee to pursue the remedy;
- such holder or holders of the debt securities of that series offer to the trustee security or indemnity reasonably satisfactory to the trustee against any loss, liability or expense caused by taking such action;
- the trustee does not comply with the request within 60 days after receipt of the request and the offer of security or indemnity; and

Table of Contents

- the holders of a majority in aggregate principal amount of the outstanding debt securities of that series do not give the trustee a direction inconsistent with the request during such 60-day period. (Section 6.06)

The Company shall deliver to the trustee within 120 days after the end of each fiscal year of the Company an Officers' Certificate stating that a review of the activities of the Company and its Subsidiaries during the preceding fiscal year has been made under the supervision of the signing officers with a view to determining whether the Company has kept, observed, performed and fulfilled its obligations under the indenture, and further stating, as to each such officer signing such certificate, that, to such officer's knowledge, the Company has kept, observed, performed and fulfilled each and every covenant contained in the indenture and is not in default in the performance or observance of any of the terms, provisions and conditions under the indenture (or, if a default or Event of Default shall have occurred, describing all such defaults or Events of Default of which such officer has knowledge and what action the Company is taking or proposes to take, if any, with respect thereto). (Section 4.03)

We refer you to the prospectus supplement relating to any series of debt securities that are discount securities for the particular provisions relating to acceleration of a portion of the principal amount of such discount securities upon the occurrence of an Event of Default.

Defeasance of Debt Securities and Certain Covenants

Defeasance and Discharge

The indenture provides that, upon our exercise of our option to be discharged from all our obligations with respect to the debt securities of any series (except for certain obligations, including the obligations to exchange or register the transfer of debt securities, to replace stolen, lost, destroyed or mutilated debt securities, to maintain a paying agent, service agent and registrar and to hold moneys for payment in trust), we will be deemed to have been discharged from our obligations with respect to all debt securities of that series then outstanding on the date the conditions to such defeasance are satisfied. (Section 8.02)

In order to exercise such option, we must make an irrevocable deposit with the trustee, in trust, for the benefit of the holders of debt securities of that series, of cash in U.S. dollars or noncallable Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of and any premium and interest on such debt securities on the stated date for payment thereof or on the applicable redemption date, as the case may be. We must also, among other things, deliver to the trustee an Opinion of Counsel in the United States reasonably acceptable to the trustee to the effect that we have received from, or that there has been published by, the U.S. Internal Revenue Service a ruling, or there has been a change in the applicable U.S. federal income tax law, in either case to the effect that, and based thereon such Opinion of Counsel shall confirm that, holders of such debt securities will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such deposit, defeasance and discharge and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such deposit, defeasance and discharge were not to occur. (Section 8.04)

Defeasance of Certain Covenants

The indenture provides that, upon our exercise of our option to be released with respect to the debt securities of any series from our obligations under certain restrictive covenants, including those described under "—Covenants" and the occurrence of certain Events of Default with respect to such restrictive covenants, we will be deemed to be so released with respect to such series of debt securities. (Section 8.03)

Table of Contents

In order to exercise such option, we must make an irrevocable deposit with the trustee, in trust, for the benefit of the holders of debt securities of that series, of cash in U.S. dollars or noncallable Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of and any premium and interest on such debt securities on the stated date for payment thereof or on the applicable redemption date, as the case may be. We must also, among other things, deliver to the trustee an Opinion of Counsel in the United States reasonably acceptable to the trustee confirming that the holders of the outstanding debt securities will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance had not occurred. (Section 8.04)

Satisfaction and Discharge

The indenture will be discharged and will cease to be of further effect as to all debt securities of a series issued thereunder (except for the rights, powers, trusts, duties, indemnities and immunities of the trustee under the indenture and our obligations in connection therewith), when:

- either:
 - we have delivered to the trustee for cancellation all debt securities of such series that have been authenticated (except lost, stolen or destroyed debt securities that have been replaced or paid and debt securities for whose payment money and/or Government Securities have been deposited in trust or segregated and held in trust by us and thereupon repaid to us or discharged from such trust); or
 - all debt securities of such series that have not been delivered to the trustee for cancellation have become due and payable, or are by their terms to become due and payable within one year or are to be called for redemption within one year under arrangements satisfactory to the trustee for giving notice of redemption, and we have irrevocably deposited or caused to be deposited with the trustee, in trust, for the benefit of the holders, cash in U.S. dollars, noncallable Government Securities, or a combination thereof, in amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay at maturity or upon redemption all debt securities of that series not theretofore delivered to the trustee for cancellation, including principal of and any premium and interest due or to become due to such date of maturity or date fixed for redemption, as the case may be;
- we have paid or caused to be paid all other sums payable under the indenture with respect to such series of debt securities; and
- we have delivered to the trustee an Opinion of Counsel and an Officers' Certificate, each stating that all conditions precedent to satisfaction and discharge with respect to such series of debt securities have been complied with.

All our other obligations (except for our obligation to pay and indemnify the trustee) with respect to such series of debt securities will be discharged when all the debt securities of such series have been paid in full. (Section 8.07)

Modification and Waiver

The indenture provides that the trustee may make reasonable rules for action by or a meeting of holders.

Table of Contents

We and the trustee may amend or supplement the indenture or the debt securities of any series without notice to any holder but with the written consent of the holders of at least a majority in principal amount of each series of debt securities then outstanding (including consents obtained in connection with a tender offer or exchange offer for such debt securities) affected by such amendment or supplement by execution of a supplemental indenture. However, without the consent of each holder affected, an amendment or supplement may not:

- reduce the principal amount of any debt securities issued under the indenture whose holders must consent to an amendment, supplement or waiver;
- reduce the rate of or extend the time for payment of interest, including default interest, on any debt security issued under the indenture;
- reduce the principal of or change the Stated Maturity of any debt security issued under the indenture or alter or waive any of the provisions with respect to the redemption of such debt securities;
- reduce the amount payable upon the redemption of any debt security issued under the indenture or change the time at which such debt security may be redeemed, if applicable;
- make any debt security issued under the indenture payable in money other than that stated in such debt security;
- waive a default or Event of Default in the payment of principal of or any premium or interest on the debt securities issued under the indenture (except a rescission of acceleration of the debt securities by the holders of at least a majority in aggregate principal amount of the debt securities then outstanding and a waiver of the payment default that resulted from such acceleration);
- make any change in the provisions of the indenture relating to waivers of past defaults or the rights of holders of debt securities issued under the indenture to receive payments of principal of or any premium or interest on the debt securities;
- waive a redemption payment with respect to any debt security issued under the indenture; or
- make any change to the waiver of past defaults or the rights of holders to receive payment under the provisions in the indenture relating to the waiver of past defaults and the rights of holders to receive payment or in the amendment and waiver provisions described above. (Section 9.02)

The holders of a majority in principal amount of any series of debt securities then outstanding may, on behalf of the holders of all the debt securities of such series, by written notice to the trustee waive an existing default and its consequences except:

- a default in the payment of the principal of and any premium and accrued and unpaid interest on debt securities of such series;
- a default arising from the failure to redeem or purchase any debt security of such series when required pursuant to the terms of the indenture; and
- a default in respect of certain covenants and provisions of the indenture that cannot be amended without the consent of the holder of each debt security of such series then outstanding.

Table of Contents

However, the holders of a majority in principal amount of the outstanding debt securities of any series may rescind an acceleration and its consequences, including any related payment default that resulted from such acceleration, in accordance with the acceleration provisions under the indenture. (Section 6.04)

We may fix as a record date for the purpose of determining the holders of the debt securities entitled to give their consent or take any action required or permitted to be taken pursuant to the indenture. If a record date is fixed, only persons who were holders at such record date (or their duly designated proxies) are entitled to give such consent or to revoke any consent previously given or to take any such action, whether or not such holders continue to be holders after such record date. (Section 9.03)

With respect to the debt securities, notwithstanding the preceding paragraphs, without the consent of any holder of such debt securities, we and the trustee may amend or supplement the indenture or the debt securities:

- to cure any ambiguity, defect, omission or inconsistency;
- to provide for uncertificated debt securities in addition to or in place of definitive debt securities;
- to provide for the assumption of our obligations to holders of such debt securities in the case of a merger or consolidation or sale of all or substantially all of our assets;
- to make any changes that would provide additional rights or benefits to the holders of such debt securities that do not adversely affect the legal rights under the indenture of any such holder;
- to comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act of 1939, as amended;
- to provide for the issuance of additional debt securities in accordance with the indenture;
- to evidence and provide for the acceptance of appointment by a successor or separate trustee with respect to the debt securities and to add or change any of the provisions of the indenture as necessary to provide for or facilitate the administration of the indenture by more than one trustee;
- with respect to any series of debt securities, to conform the text of the indenture applicable thereto or the debt securities of such series to any provision of the section “Description of the Notes,” “Description of Notes” or “Description of Debt Securities” in the offering memorandum, prospectus supplement or other like offering document relating to the initial offering of such series of debt securities that is intended to be a verbatim recitation of the terms of such series of debt securities;
- to establish the form or terms of debt securities and coupons of any series of debt securities; or
- to add to, change or eliminate any of the provisions of the indenture so long as any such addition not otherwise permitted under the indenture shall (i) neither apply to any debt security of any series created prior to the execution of such supplemental indenture and entitled to the benefit of such provision nor modify the rights of the holders of any such debt security with respect to the benefit of such provision or (ii) become effective only when there is no such security outstanding. (Section 9.01)

Governing Law

The indenture and the debt securities will be governed by, and construed in accordance with, the internal laws of the State of New York. (Section 10.08)

PLAN OF DISTRIBUTION

We may sell the debt securities described in this prospectus from time to time in one or more transactions:

- to purchasers directly;
- to underwriters for public offering and sale by them;

- through dealers; or
- through a combination of any of the foregoing methods of sale.

We may sell the debt securities directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act, with respect to any resale of the debt securities. A prospectus supplement will describe the terms of any sale of debt securities we are offering hereunder. Direct sales may be arranged by a securities broker-dealer or other financial intermediary.

The applicable prospectus supplement will name any underwriter involved in a sale of debt securities. Underwriters may offer and sell debt securities at a fixed price or prices, which may be changed, or from time to time at market prices or at negotiated prices. Underwriters may be deemed to have received compensation from us from sales of debt securities in the form of underwriting discounts or commissions and may also receive commissions from purchasers of debt securities for whom they may act as agent. Underwriters may be involved in any “at the market” offering of debt securities by or on our behalf.

Underwriters may sell debt securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions (which may be changed from time to time) from the purchasers for whom they may act as agent.

Unless we state otherwise in the applicable prospectus supplement, the obligations of any underwriters to purchase debt securities will be subject to certain conditions precedent, and the underwriters will be obligated to purchase all the debt securities if any are purchased.

The applicable prospectus supplement will set forth whether or not underwriters may over-allot or effect transactions that stabilize, maintain or otherwise affect the market price of the debt securities at levels above those that might otherwise prevail in the open market, including, for example, by entering stabilizing bids, effecting syndicate covering transactions or imposing penalty bids.

We will name any agent involved in a sale of debt securities, as well as any commissions payable by us to such agent, in a prospectus supplement. Unless we state otherwise in the applicable prospectus supplement, any such agent will be acting on a reasonable efforts basis for the period of its appointment.

If we use a dealer in the sale of the debt securities being offered pursuant to this prospectus, we will sell the debt securities to the dealer, as principal. The dealer may then resell the debt securities to the public at varying prices to be determined by the dealer at the time of resale.

Underwriters, dealers and agents participating in a sale of the debt securities may be deemed to be underwriters as defined in the Securities Act, and any discounts and commissions received by them and any

profit realized by them on resale of the debt securities may be deemed to be underwriting discounts and commissions, under the Securities Act. We may have agreements with underwriters, dealers and agents to indemnify them against certain civil liabilities, including liabilities under the Securities Act, and to reimburse them for certain expenses.

Underwriters or agents and their affiliates may be customers of, engage in transactions with or perform services for us or our affiliates in the ordinary course of business.

The debt securities will be a new issue of securities with no established trading market. Any underwriters that purchase the debt securities for public offering and sale may make a market in such debt securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. We can provide no assurance as to the liquidity of or the trading markets for any debt securities.
