TRANSACTION SERVICES AGREEMENT

This Transaction Services Agreement (this " Agreement ") is made and entered into as of 17 June 2010, by and between Bain Capital Everest US Holding Inc., a Delaware company (the " Company ") and Bain Capital Partners, LLC, a Delaware limited liability company (the " Advisor "). Certain defined terms that are used but not otherwise defined herein have the meanings given to such terms in Section 10.

WHEREAS, Transaction Services (as defined herein) have been rendered since 11 May 2010 and shall continue to be rendered to the Company and certain of its Subsidiaries and Affiliates (each, a " Beneficiary Affiliate ") in connection with the transactions contemplated by, and consequential upon, the Acquisition Agreement and future transactions;

WHEREAS, the Company hereby confirms its wish to retain the Advisor, and the Advisor confirms its wish to be retained, to provide the Transaction Services to the Company and to each of the Beneficiary Affiliates; and

NOW, THEREFORE, in consideration of the premises and mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties to this Agreement hereby agree as follows:

1. Term . This Agreement shall be in effect for an initial term commencing on the Effective Date and ending on the tenth (10th) anniversary thereof (the " Term "), which initial term shall be automatically extended thereafter on a year-to-year basis unless the Advisors provide written notice of the desire to terminate this Agreement to the Company at least ninety (90) days prior to the expiration of the Term or any extension thereof. Notwithstanding anything to the contrary in this Agreement, this Agreement may be terminated prior to the tenth (10th) anniversary of the Effective Date upon (i) a willful material breach of this Agreement by a party which is not cured within thirty (30) days of receipt of a written notice from the other party requiring cure, (ii) the earlier of (A) consummation of a Change of Control, or (B) an Initial Public Offering (and in each case this Agreement shall terminate automatically without further act of the parties), (iii) written agreement of the Company and the Advisor, or (iv) the Advisor otherwise serving a written termination notice on the Company. The provisions of Sections 6 to 20 (inclusive) shall survive any termination of this Agreement.

2. Transaction Services . The parties hereto agree that certain transaction-specific services, as further described below (collectively, the " Transaction Services ") shall be performed from the Effective Date for the benefit of the Company and the Beneficiary Affiliates. The Transaction Services provided may be evidenced by documentation to be agreed upon between the Company and the Advisor. The Transaction Services shall be provided in connection with the transactions described in Sections 3(a) and 3(b), and may include, without limitation, the following:

(a) advice and support relating to the identification, negotiation and analysis of specific acquisitions and dispositions by any of the Company or the Beneficiary Affiliates, including, without limitation, any share, asset or debt purchase or disposition;

(b) advice and support relating to the negotiation of transaction-specific financing (and consideration of financing alternatives), including, without limitation, in connection with acquisitions, capital expenditures and refinancing of existing indebtedness;

(c) other advice relating to transaction-specific finance , including assistance in the preparation of financial projections and monitoring of compliance with financing agreements;

(d) advice relating to transaction-specific marketing issues, including assessment of marketing plans and strategies relating to specific transactions;

(e) advice relating to transaction-specific human resource issues, including searching and hiring of executives with respect to specific transactions; and

(f) other transaction-specific services for the Company or the Beneficiary Affiliates upon which the boards of directors of the Company and the Advisor agree.

Legal services will not be provided by the Advisor. The Transaction Services will be conducted in support of the members of management and boards of directors of the Company and the Beneficiary Affiliates and, for the avoidance of doubt, such services shall be considered provided by outside consultants, not managers, of the Company and the Beneficiary Affiliates. Pursuant to this Agreement, the Advisor shall not have any authority or power to commit the Company and/or its Subsidiaries to any contracts with third parties.

3. Transaction Fees and Expenses .

In addition, the Company will reimburse the Advisor or its designee, by wire transfer of immediately available funds on the Effective Date, for its reasonable travel expenses and other reasonable out of pocket fees and expenses (including without limitation the fees and expenses of accountants, attorneys and other advisors retained by the Advisor) incurred in connection with the investigation, negotiation, and consummation of the Acquisition.

All Transaction Fees shall be paid by wire transfer in cash or other immediately available funds to the account(s) designated by the Advisor.

4. Recharge of Fees . The Advisor acknowledges that the Company may recharge to the Beneficiary Affiliates such proportion of the Transaction Fees that it pays and as relates to the benefit provided to such Beneficiary Affiliates by the relevant Transaction Services. The Advisor shall, if requested, provide the Company and the Beneficiary Affiliates with such evidence as they may reasonably request of the Transaction Services provided for the benefit of the Company and such Beneficiary Affiliates.

5. Personnel . The Advisor shall provide and devote to the performance of this Agreement such partners, employees and agents of the Advisor as the Advisor shall deem appropriate to the furnishing of the Transaction Services; provided however that , no minimum number of hours is required to be devoted by the Advisor on a weekly, monthly, annual or other basis.

The Advisor makes no representations or warranties, express or implied, in respect of the Transaction Services. Except as the Advisor may otherwise agree in writing after the date hereof: (a) each member of the Advisor's Group shall have the right to, and shall have no duty (contractual or otherwise) not to, directly or indirectly (i) engage in the same or similar business activities or lines of business as the Company or any of the Beneficiary Affiliates or (ii) do business with any client or customer of the Company or any of the Beneficiary Affiliates; (b) no member of the Advisor's Group shall be liable to the Company or any of the Beneficiary Affiliates for breach of any duty (contractual or otherwise) by reason of any the activities referenced in (i) above or of such member's participation therein; and (c) in the event that any member of the Advisor's Group acquires knowledge of a potential transaction or matter that may constitute an opportunity (or potential opportunity) for any of the Company or the Beneficiary Affiliates, no member of the Advisor's Group shall have any duty (contractual or otherwise) to communicate or present such corporate opportunity to the

Company or any of the Beneficiary Affiliates, and, notwithstanding any provision of this Agreement to the contrary, no member of the Advisor's Group shall be liable to the Company or any of the Beneficiary Affiliates for breach of any duty (contractual or otherwise) by reason of the fact that any member of the Advisor's Group directly or indirectly pursues or acquires such opportunity for itself, directs such opportunity to another Person, or does not present such opportunity to the Company or any of the Beneficiary Affiliates. In no event will any member of the Advisor's Group be liable to any of the Company or any of the Beneficiary Affiliates for any indirect, special, incidental or consequential damages, including lost profits or savings, whether or not such damages are foreseeable, or in respect of any liabilities relating to any third party claims (whether based in contract, tort or otherwise) third party Claims (whether based in contract, tort or otherwise) but excluding Claims under Section 7.

The rights of any Indemnitee to indemnification hereunder will be in addition to any other rights any such person may have under any other agreement or instrument referenced above or any other agreement or instrument to which such Indemnitee is or becomes a party or is or otherwise becomes a beneficiary or under law or regulation. Instead, this Agreement shall be reformed, construed and enforced in such jurisdiction as if such invalid, illegal, or unenforceable provision had never been contained herein.

7.4 Portability Package.

(a) Upon either: (i) the expiration of the Initial Term after Customer and Recipients have met the Minimum Revenue Threshold, or (ii) early termination by Customer pursuant to **Section 14.2(a)** or **Section 14.2(b)**, Service Provider will provide to Customer and Recipients: (1) listed in **Schedule B** as of the date of such expiration of the Initial Term or the date of termination (as applicable) and (2) for which Service Provider has completed the ERP Upgrade, a fully paid-up, perpetual, non-exclusive, non-assignable, world-wide, royalty-free, license and right to use, copy, replicate, maintain, modify, enhance, support and create derivative works of the Portability Package, to the extent required to operate an ERP system, in each case solely for the Recipients' own Permitted Internal Business Use, so long as the Customer or such Recipient is not directly or indirectly owned or controlled by Direct Competitor.

(b) If the ERP Upgrade Project is completed for Customer or any Recipient either (i) Styron desires or elects to terminate the Agreement prior to the expiration of the Initial Term, or (ii) upon expiration of the Initial Term but prior to the Minimum Revenue Threshold having been achieved, the Parties will discuss the terms and conditions, including price, upon which Service Provider would grant Customer or a Recipient a license to the Portability Package. In either case, Service Provider will include the ongoing service revenue that Service Provider has received, if any, from Customer's divested Recipients, among other relevant factors, in formulating its commercial licensing proposal for Customer; provided that, such consideration shall not require Service Provider to disclose confidential terms of any agreement between Service Provider and such divested Recipient(s) to Customer or any other third party.

(c) If Customer or a Recipient desires to use the Portability Package for a purpose other than the Permitted Internal Business Use, then the Parties will discuss the terms and conditions, including price, upon which Service Provider would grant Customer or a Recipient an expanded license to permit such desired use.

(d) Customer shall reimburse Service Provider for the actual cost of labor and materials necessary for Service Provider to perform any separation assistance in connection with this **Section 7.4** . For the avoidance of doubt, Service Provider shall retain all ownership rights in the Portability Package and any and all portions thereof.

8.1 Ownership . As between the Recipients and Service Provider, the Recipients own and will continue to own all right, title and interest in and to all Recipient Data, including, for example data pertaining to the volume and quality of the Services. If Customer requests reasonable additional safeguards for Recipient Data, Service Provider will provide those additional safeguards as Additional Services. 8.3 Data Protection . The Parties shall execute a global data protection agreement in the form of **Exhibit 3** and each Party shall otherwise comply (and Service Provider shall require its Subprocessors (as defined in **Exhibit 3**) to comply) with the provisions and obligations imposed on it by such global data protection agreement and applicable Laws relating to data protection or data privacy. To the extent the Recipient, acting in its capacity as a data controller, requires that Service Provider make a change in the manner in which it would otherwise handle Recipient Data in Service Provider Systems, any such changes will be handled in accordance with **Article 3** .

8.4 Export Control .

(a) The Parties acknowledge that certain products, technology, technical data and software (including certain services and training) and certain transactions may be subject to export controls and/or sanctions under the Laws of the United States and other countries and jurisdictions (including the Export Administration Regulations, 15 C.F.R. §§730-774, the International Traffic in Arms Regulations, 22 C.F.R. Parts 120-130, and sanctions programs implemented by the Office of Foreign Assets Control of the U.S. Department of the Treasury). No Party shall directly or indirectly export or re-export any such items or any direct product thereof or undertake any transaction or service in violation of any such Laws.

(b) For any products, technology, technical data (other than Recipient Data) or software provided by Service Provider to any Recipient (“ **Service Provider Export Materials** ”), Service Provider shall be responsible for obtaining all necessary export authorizations and licenses for the export of the Service Provider Export Materials to Recipients where the Parties have agreed that Service Provider will export such Service Provider Export Materials directly to Customer or another Recipient, as contemplated by this Agreement.

(d) For any products, technology, technical data (including any Recipient Data) or software provided by any Recipient to Service Provider, its Affiliates or its Subcontractors (“ **Recipient Export Materials** ”), such Recipient shall identify the specific export control classification, and be responsible for obtaining all necessary export authorizations and licenses for any Recipient’s the export or re-export of such Recipient Export Materials or for Service Provider’s export or re-export of such Recipient Export Materials in connection with Service Provider’s performance of the Services.

The Receiving Party shall not use or retain any Confidential Information that it obtains from access to parts of systems that it is not authorized to access. The Receiving Party shall promptly notify the Disclosing Party of such unauthorized access and delete or destroy any Confidential Information obtained.

9.3 Return of Information . Except for Confidential Information for which a continuing license is granted to the Receiving Party under this Agreement, upon written request by the Disclosing Party, all of the Disclosing Party's Confidential Information in whatever form shall be returned to the Disclosing Party upon termination of this Agreement, without retaining copies thereof except that (a) one copy of all such Confidential Information may be retained by

the other Party's legal department solely for the purpose of policing this Agreement, and (b) any instances of such Confidential Information in an archived form that are commercially impractical to return may be retained so long as the Receiving Party does not access or make use of such Confidential Information after receipt of the written request for return from the Disclosing Party.

9.4 Communications . Each Party agrees to use all reasonable efforts to direct all communications with respect to its operations at a Recipient Facility to only the designated contact Person(s) of the other Party.

Each Party shall bear any costs it incurs in complying with this **Section 9.5** .

9.6 No Implied Rights . Nothing contained in this **Article 9** shall be construed as obligating a Party to disclose its Confidential Information to the other Party, or as granting to or conferring on a Party, expressly or impliedly, any rights, title, or interest (including license) in or to any Confidential Information of the other Party.

10. COMPENSATION.

10.1 General . Customer will pay to Service Provider the Charges set forth in Schedules C. D and any Supplement, and any other charges provided for elsewhere in the Agreement, for the Services in accordance with the terms set forth in this Agreement.

Customer shall also provide Service Provider with timely resale or other applicable exemption certificates. Service Provider and Customer shall cooperate with each other and use commercially reasonable efforts to assist the other in entering into such arrangements as the other may reasonably request in order to minimize, to the extent lawful and feasible, the payment or assessment of any taxes relating to the transactions contemplated by this

Agreement, including, where appropriate, entering into Companion Agreements; provided, however, that nothing in this **Section 10.2** shall obligate Service Provider to cooperate with, or assist, Customer in any arrangement proposed by Customer that would, in Service Provider's sole discretion, have a detrimental effect on Service Provider or any of Service Provider's Affiliates.

10.3 Invoicing and Payment . Service Provider will invoice Customer in accordance with **Schedules C** or **D** and the applicable Supplement (s). Payment terms are net [****] ([****]) days from the date of invoice or as otherwise specified in **Schedule C** or **D** , or the applicable Supplement. All Services shall be provided by Service Provider or the applicable Affiliate of Service Provider pursuant to this Agreement or an executed Companion Agreement Unless and to the extent an individual Companion Agreement expressly provides otherwise, each Companion Agreement shall incorporate by reference the terms and conditions of this Agreement and shall not be construed as altering or superseding the rights and obligations of the Parties under this Agreement.

(b) Customer shall be fully responsible and liable for all obligations of the applicable Recipient, and Service Provider shall be fully responsible and liable for all obligations of itself or any of Service Provider's Affiliates, in each case to the same extent as if such failure to perform or comply was committed by Customer (in the case of the Recipients) or by Service Provider (in the case of Service Provider's Affiliates).

(c) The Account Executives (and/or their respective designees(s)) shall remain responsible for the administration of this Agreement and support the individual Companion Agreements on behalf of Service Provider and Customer respectively and shall be the only individuals authorized to amend, modify, change, waive or discharge their rights and obligations under this Agreement on behalf of Service Provider and Customer. No changes to any Companion Agreement shall be made without the knowledge of the Account Executives and the agreement of the local Service Provider Affiliate and Recipient in a written amendment to the Companion Agreement.

(d) Customer shall have the right to enforce this Agreement (including the terms of all Companion Agreements) on behalf of each Recipient that has entered into a Companion Agreement, and to assert all rights and exercise and receive the benefits of all remedies (including Damages) of each Recipient, to the same extent as if Customer were such Recipient, subject to the limitations of liability applicable under this Agreement. Service Provider shall have the right to enforce this Agreement (including the terms of all Companion Agreements) on behalf of each Service Provider Affiliate that enters into a Companion Agreement, and to assert all rights and exercise and receive the benefits of all remedies (including Damages) of each Affiliate hereunder, to the same extent as if Service Provider were such Affiliate, subject to the limitations of liability applicable under this Agreement.

12. INSURANCE.

12.1 Coverages . At all times during the term of this Agreement and any extension hereof, both Parties shall procure and maintain, at their own expense and for their own benefit, Comprehensive/Commercial General Liability insurance (including Contractual Liability coverage) with a bodily injury, death and property damage combined single limit of not less than $[****] per occurrence and in the aggregate. Each policy of insurance to be maintained hereunder shall name the other Party, including its Affiliates, and the officers, directors and employees of each, as additional insureds. The insurance shall contain no more than a customary deductible for insurance of this type.

In addition, both Parties shall maintain in full force and effect during the term of this Agreement the following insurance coverage.

The insurance to be maintained hereunder shall contain no more than a deductible customary for insurance of this type. 12.3 Risk of Loss . Each Party shall be responsible for the risk of loss of, or damage to, such Party's own property when situated on the other Party's site, regardless of cause. The risk of loss of, or damage to, property in transit will remain with the Party arranging the shipment.

13. INDEMNIFICATION AND LIMITATIONS ON LIABILITY.

13.1 Indemnification .

(a) Indemnification by Customer . Customer agrees to indemnify, hold harmless and defend the Service Provider Parties, from and against any and all Damages due to a Third Party Claim arising out of or relating to this Agreement, including, without limitation, the performance (or failure to perform) by Service Provider of its obligations under this Agreement; provided, however, that to the extent and in the proportion Damages also arise out of or relate to the gross negligence or willful misconduct of any Service Provider Party, then Customer's indemnity under this Section 13.1(a) shall not apply.

(b) Indemnification by Service Provider . Subject to the limitations on liability contained in Section 13.2. Service Provider agrees to indemnify, hold harmless and defend the Customer Parties, from and against any and all Damages due to a Third Party Claim to the extent arising out of or relating to the gross negligence or willful misconduct of any Service Provider Parties; provided, however, that to the extent and in the proportion Damages also arise out of or relate to the to the performance (or failure to perform) by the Recipients of their obligations under this Agreement, then Service Provider's indemnity under this Section 13.1(b) shall not apply.

(c) Infringement.

(1) Indemnity . Service Provider will indemnify, hold harmless and defend the Customer Parties, and Customer will indemnify, hold harmless and defend the Service Provider Parties from and against any and all Damages due to a Third Party Claim to the extent that the claim alleges that any information or materials provided by the Indemnifying Party to the Indemnified Party under this Agreement infringes or misappropriates any copyright or trademark of any third party in any country in which Services are performed or received under this Agreement.

(2) Exclusions . Neither Party shall have any obligation or liability to the other Party to the extent any infringement or misappropriation is caused by:

(i) modifications made by the other Party, its Affiliates (including Recipients, in the case of Customer), or its third party contractors;

(ii) the other Party's combination of the performing Party's work product or materials with items not provided by the performing Party pursuant to this Agreement, unless such combination was approved or directed in writing by each Party;

(iii) a breach of this Agreement by the other Party;

(iv) the failure of the other Party to use corrections or modifications provided by the performing Party offering equivalent features and functionality to the extent the performing Party notified the other Party that the failure to do so could result in infringement liability;

(v) the content provided by the other Party and not resulting from the performing Party's modification of that content without the other Party's approval; or

(vi) third party Software, except to the extent that such infringement or misappropriation arises from the failure of the performing Party to obtain the necessary licenses or to abide by the limitations of the applicable third party Software licenses.

(3) Third Party Software Indemnities . As specified in **Section 13.1(b)(2)(vi)** , the foregoing infringement indemnification does not apply to third party Software. With respect to third party Software provided by Service Provider or its Subcontractors pursuant to this Agreement, Service Provider and its Subcontractors shall use commercially reasonable efforts to obtain intellectual property indemnification for the Recipients (or obtain intellectual property indemnification for itself and enforce such indemnification on behalf of the Recipients) from the suppliers of such Software comparable to the intellectual property indemnification generally available in the industry for the same Software products. With respect to third party Software provided by a Recipient pursuant to this Agreement, Customer shall use (or shall cause the applicable Recipient to use) commercially reasonable efforts to obtain intellectual property indemnification for Service Provider and its Affiliates (or

obtain intellectual property indemnification for itself and enforce such indemnification on behalf of the Service Provider and its Affiliates) from the suppliers of such Software comparable to the intellectual property indemnification generally available in the industry for the same Software products.

(d) Whenever a Party is responsible under **Section 13.1(c)** , the Indemnifying Party may, in addition to defending, indemnifying and holding harmless the Indemnified Party as provided in this **Section 13.1** promptly and at its own cost and expense and in such a manner as to minimize the disturbance to the Indemnified Party, do one of the following: (i) obtain for the Indemnified Party the right to continue using such information or materials; (ii) modify such information or materials so as to no longer be infringing without adversely affecting the intended use as contemplated by this Agreement; (iii) replace such item(s) with a non-infringing functional equivalent acceptable to the Indemnified Party; or (iv) if the options in the preceding clauses (i), (ii) and (iii) are not commercially practicable, require that the Indemnified Party discontinue use of the allegedly infringing or infringing information or material, in which case the associated Service obligations and payments under this Agreement will be adjusted accordingly.

(e) Indemnification Procedure . All claims by any Indemnified Party under this **Article 13** shall be asserted and resolved as follows:

In the event of any Third Party Claim, the Indemnified Party shall promptly send to the Indemnifying Party a Third Party Claim Notice; provided , however , that a delay in notifying the Indemnifying Party shall not relieve the Indemnifying Party of its obligations under this Agreement, except and only to the extent that such failure shall have caused actual prejudice to the Indemnifying Party.

In the event of a Third Party Claim, the Indemnifying Party shall have [****] ([****]) days after receipt of the Third Party Claim Notice relating to such Third Party Claim to elect to undertake, conduct and control, through counsel of its own choosing (provided that such counsel is reasonably acceptable to the Indemnified Party) and at its own expense, the settlement or defense of such Third Party Claim (in which case the Indemnifying Party shall not thereafter be responsible for the fees and expenses of any separate counsel retained by any Indemnified Party except as set forth below) if (i) it gives notice of its intention to do so to the Indemnified Party within [****] ([****]) days of the receipt of such notice from the Indemnified Party, (ii) the Indemnifying Party provides the Indemnified Party with evidence acceptable to the Indemnified Party that the Indemnifying Party will have the financial resources to defend against the Third Party Claim and fulfill its indemnification obligations hereunder, (iii) the Indemnifying Party assumes all responsibility for the Damages underlying such Third Party Claim, without any reservations or rights or similar claims and (iv) the Indemnifying Party conducts the defense of the Third Party Claim actively and diligently, including the posting of bonds or other security required in connection with the defense of such Third Party Claim. Notwithstanding an Indemnifying Party's election to appoint counsel to represent an Indemnified Party in connection

with a Third Party Claim, an Indemnified Party shall have the right to employ separate counsel, and the Indemnifying Party shall bear the reasonable fees, costs and expenses of such separate counsel if (i) the use of counsel chosen by the Indemnifying Party to represent the Indemnified Party would present such counsel with a conflict of interest, or (ii) the Indemnifying Party shall not have employed counsel to represent the Indemnified Party within a reasonable time after notice of the institution of such Third Party Claim. If the Indemnifying Party elects to undertake such defense, (x) the Indemnified Party agrees to reasonably cooperate with the Indemnifying Party and its counsel in contesting such Third Party Claim, and, if appropriate and related to such Third Party Claim, the Indemnifying Party and the Indemnified Party will reasonably cooperate with each other in connection with making any counterclaim against the person or entity asserting the Third Party Claim, or any cross-complaint against any person or entity, (y) such Third Party Claim may not be settled or compromised by the Indemnified Party without the prior written consent of the Indemnifying Party; provided , however , that in the event any Indemnified Party settles or compromises or consents to the entry of any judgment with respect to any Third Party Claim without the prior written consent of the Indemnifying Party, such Indemnified Party shall be deemed to have waived all rights against the Indemnifying Party for indemnification under this **Article 13** , and (z) the Indemnifying Party shall not, except with the consent of the Indemnified Party, enter into any settlement that does not include as an unconditional term thereof the giving by the third party asserting such Third Party Claim to all Indemnified Parties of (A) unconditional release from all liability with respect to such Third Party Claim or (B) consent to entry of any judgment. If the Indemnified Party assumes the defense of any such claims or proceeding pursuant to this **Article 13** because the Indemnifying Party elects not to defend such Third Party Claim, or fails to notify the Indemnified Party in wiring of its election to defend as provided for in this **Article 13** the Indemnified Party may, with the prior written consent of the Indemnifying Party (such consent not to be unreasonably withheld, conditioned or delayed) pay, compromise, settle or defend such Third Party Claim, including settling such claims or proceeding prior to a final judgment thereon or forgoing any appeal with respect thereto; provided, however, the Indemnifying Party shall have the right to participate in the settlement or assume or reassume the defense of such claims of proceedings. The aggregate amount of all Damages in connection with such settlement with respect to which the Indemnifying Party has consented shall be indemnifiable by the Indemnifying Party hereunder up to the aggregate limitation of liability set forth in this **Article 13** . Notwithstanding the foregoing, the Indemnifying Party shall not be entitled to assume the defense of any Third Party Claim (but the fees and expenses of counsel incurred by the Indemnified Party in defending such Third Party Claim shall nonetheless be considered Damages for purposes of this Agreement) if the Third Party Claim: (A) seeks an order, injunction, equitable relief or other relief other than money damages against any Indemnified Party that cannot reasonably be separated from any related claim for money damages, (B) seeks money damages which, together with any other Damages reasonably expected in connection therewith, are likely to exceed the aggregate amount the Indemnifying Party would be responsible for under this **Article 13** with respect thereto, (C) involves a Governmental Authority, or (D) relates to or arises in connection with any criminal Action.

In the event of a Third Party Claim, from and after the delivery of a Claim Notice under this Agreement, at the reasonable request of the Indemnifying Party, the Indemnified Party shall grant the Indemnifying Party and its representatives all reasonable access to the books, records and properties of such Indemnified Party to the extent reasonably related to the matters to which the Claim Notice relates. All such access shall be granted during normal business hours and shall be granted under conditions that will not unreasonably interfere with the businesses and operations of such Indemnified Party. The Indemnifying Party will not, and shall cause its representatives not to, use (except in connection with such Claim Notice or such Third Party Claim) or disclose to any third person or entity other than the Indemnifying Party's representatives (on a need to know basis and except as may be required by Laws) any information obtained pursuant to this **Section 13.1(e)**, which shall be held and treated as confidential by the Indemnifying Party and its representatives.

13.2 Limitations on Liability.

(a) Subject to the specific provisions and limitations of this **Section 13.2**, it is the intent of the Parties that each Party shall be liable to the other Party for any actual Damages incurred by the non-breaching Party as a result of the breaching Party's unexcused failure to perform its obligations under this Agreement. In the event that a Party has a Claim for such Damages, such non-breaching Party shall promptly send to the breaching Party a Claim Notice; provided, however, that a delay in notifying the breaching Party shall not relieve the breaching Party of its obligations under this Agreement, except and only to the extent that such failure shall have caused actual prejudice to the breaching Party. In the event of such a Claim, the breaching Party shall notify the non-breaching Party within [****] ([****]) days of receipt of a Claim Notice whether or not the breaching Party disputes such Claim.

(b) The total aggregate liability of Service Provider under or in connection with this Agreement, regardless of the form of the action or the theory of the recovery, shall be limited to:

(1) With respect to Damages arising out of or relating to the failure by Service Provider to meet the standards set forth in Section 11.1, subject to **Section 13.2(b)(2)**, at Customer's request and subject to Service Provider's reasonable approval, the re-performance of (if applicable), or repayment of the price paid for, such Service;

(2) With respect to indemnity Claims under **Section 13.1** or other Claims arising out of or relating to the gross negligence or willful misconduct of Service Provider, the fees actually received by Service Provider from Customer for Services during the twelve (12) months preceding the last act or omission giving rise to such Claims or, in the event such last act or omission occurs during the first twelve (12) months following the Effective Date, an amount equal to twelve (12) times the fees paid for Services in the month preceding such last act or omission;

(3) With respect to all other Damages under or in connection with this Agreement, the fees actually received by Service Provider from Customer for Services during the six (6) months preceding the last act or omission giving rise to such Damages or, in the event such last act or omission occurs during the first six (6) months following the Effective Date, an amount equal to six (6) times the fees paid for Services in the month preceding such last act or omission.

(c) Each Party shall use its commercially reasonable efforts to mitigate Damages for which it seeks recourse hereunder, provided , that no Indemnified Party or their respective Affiliates shall be required to make any claim against its own insurance for any Damages for which they are entitled to indemnification, provided , further , that the failure of such Party to successfully mitigate such Damages shall not affect such Party's right to seek recourse with respect to such Damages so long as such Party shall have used its commercially reasonable efforts to mitigate and the Indemnifying Party can show that Damages were directly the result of such failure to mitigate.

(d) Any Damages payable under **Article 13** shall be calculated after giving effect to (i) any insurance payments actually paid to the Indemnified Party or any of its Affiliates in connection with the facts giving rise to the right of indemnification, and if the Indemnified Party or any of its Affiliates receives such insurance payment after receipt of payment from the Indemnifying Party, then the amount of such insurance payment, net of reasonable expenses incurred in obtaining such recovery or insurance, shall be paid to the Indemnifying Party; (ii) any tax benefit actually realized by the Indemnified Party or any of its Affiliates arising in connection with the accrual, incurrence or payment of any such Damages during the taxable year of such Damages.

(e) All Claims by Customer for Damages arising out of or based upon this Agreement, or the performance by Service Provider of its obligations under this Agreement, shall be deemed waived unless made by Customer in writing within one year following the provision of such Service.

(f) NO PARTY TO THIS AGREEMENT OR ITS AFFILIATES SHALL BE LIABLE TO OR OTHERWISE RESPONSIBLE TO ANY OTHER PARTY HERETO OR ITS AFFILIATES FOR EXEMPLARY, CONSEQUENTIAL, SPECIAL, INCIDENTAL OR PUNITIVE DAMAGES, LOST PROFITS, LOST SALES, BUSINESS INTERRUPTION OR LOST BUSINESS OPPORTUNITIES THAT ARISE OUT OF OR RELATE TO THIS AGREEMENT OR THE PERFORMANCE (OR FAILURE TO PERFORM) HEREUNDER, REGARDLESS OF WHETHER SUCH DAMAGES WERE FORESEEABLE OR SUCH PARTY HAD BEEN APPRISED OF THE LIKELIHOOD THEREOF; PROVIDED, HOWEVER, THAT SUCH LIMITATIONS SHALL NOT APPLY WITH RESPECT TO THIRD PARTY CLAIMS FOR DAMAGES FOR WHICH A PARTY IS INDEMNIFIED PURSUANT TO **SECTION 13.1** .

(g) Regardless of any other rights under any other agreements or mandatory provisions of Law, neither Service Provider nor Customer shall have the right to set-off the amount of any Claim it may have under this Agreement, whether contingent or otherwise, against any amount owed by such Party to the other Party, whether under this Agreement or otherwise.

13.3 Exclusive Remedy . Neither Party shall have any remedy arising out of or relating to the breach of this Agreement other than the indemnification remedies set forth in **Section 13.1** and Claims for direct Damages referred to in **Section 13.2** , in each case subject to the limitations and exclusions set forth in this **Article 13** , and equitable remedies pursuant to **Section 14.9** .

13.4 Insurance . Service Provider shall cause its insurers to waive their rights of subrogation against Customer with respect to any Claim. Likewise, Customer shall cause its insurers to waive their rights of subrogation against Service Provider with respect to any Claim.

14. TERMINATION.

14.1 Termination for Convenience .

(a) Termination for Convenience During Term . Commencing on the second anniversary of the 2 nd Amendment Date, Customer may terminate the Services or any portion thereof for convenience subject to the payment of Termination Charges, as specified in **Schedule C** , and the following provisions:

(i) Highly Integrated Services . If Customer desires to terminate any

Service designated in **Schedule A** or the applicable Supplement as "Highly Integrated", Customer shall request that Service Provider evaluate the cost and operational impact of terminating such Highly Integrated Services using the Service Management Team and other subject matter experts for the affected Services. Such evaluation shall take into account, as applicable, the scope of integrated service dependencies, interfaces necessary to continue to provide ongoing Services, the data elements necessary for Recipient to bid replacement services, and the recommendations for components of Disengagement Services necessary to accomplish the migration of the relevant services to Customer or a third party. The Parties shall work together in good faith to find a mutually acceptable approach for the termination of such Highly Integrated Services. If the Parties agree on an approach for terminating such Highly Integrated Services, such Highly Integrated Services shall be terminated in accordance with such approach. Service Provider will notify Customer if Customer selects an approach for removing Highly Integrated Services that would have an adverse impact on Service Provider's costs to provide and/or its ability to perform the remaining Services (it being understood that the evaluation of such impact on Service provider's costs shall only consider the resulting costs of providing remaining Services post termination of the requested Highly Integrated Services and shall not

include any impact on Service Provider's costs with respect to maintaining or providing such terminated Service for or to any other party). Customer may then either choose to proceed with its approach or withdraw its request. If Customer elects to proceed with its proposed approach for removing the Highly Integrated Services, (1) Customer shall be responsible for any resulting increase in the Charges associated with the additional costs incurred by Service Provider (as determined in accordance with the Price Adjustment Process); (2) the service standards in **Section 3.3** shall not apply for the remaining Services to the extent they are adversely impacted by the removal of the Highly Integrated Services; (3) Service Provider shall have the right to terminate any remaining Services that cannot be practicably provided as a result of the removal of the Highly Integrated Services, and (4) in the event termination pursuant to this **Section 14.1(a)(i)** during the Initial Term, Customer shall pay Termination Charges in accordance with **Schedule C** . The Parties shall document the approach and any resulting impact on the remaining Services and Charges in writing prior to proceeding with the removal of the Highly Integrated Services.

(ii) Services Other Than Highly Integrated Services . If Customer desires to terminate any portion of the Services that are not Highly Integrated Services, it will provide the amount of notice (i) set forth for removal of such Services in the applicable Statement of Work, or (ii) if not set forth in the Statement of Work, as evaluated and determined by the Service Management Team in good faith, as soon as practicable and no later than [****] ([****]) days after a request by Customer for notification of the applicable notice period, taking into account (A) the complexity of the specific Service(s) to be terminated and (B) any reasonably anticipated Disengagement Services required. If the Service Management Team is not able to agree on a specific notice period then it will be [****] ([****]) months from the date on which notice to terminate is received by Service Provider from Customer. In the event termination pursuant to this **Section 14.1(a)(ii)** during the Initial Term, Customer shall pay Termination Charges in accordance with **Schedule C** .

(b) In the event of termination in accordance with the provisions of this **Section 14.1** , subject to the provisions of **Section 7.4** , Customer's right to remove Services shall not in any event entitle Customer or any third party to use the Service Provider Systems or any Intellectual Property owned or licensed by Service Provider or its Affiliates and supplied to the Recipients under this Agreement for the performance of the terminated Services, nor shall it entitle Customer or require Service Provider to disclose any of Service Provider's Confidential Information to any third parties. The Monthly Service Charges shall be adjusted in accordance with the Price Adjustment Process in **Section 3.4** of **Schedule C** for any Services terminated under this **Section 14.1** and, in the event of termination during the Initial Term, Customer shall pay Termination Charges in accordance with **Schedule C** . For sake of clarity, any termination of Services pursuant to **Section 6** of **Schedule E** pursuant to agreed upon cost reduction plans shall not be a termination for convenience under this **Section 14.1** , it being understood that such plans may include payments required of Customer to achieve the desired cost reduction.

14.2 Termination for Cause . Without limiting the rights of the Parties under any other provision of this Agreement, this Agreement or any Service may be terminated as follows:

(a) by either Party, in the event that the other Party (a) files for bankruptcy, (b) becomes or is declared insolvent, or is the subject of any proceedings (not dismissed within sixty (60) days) related to its liquidation, insolvency or the appointment of a receiver or similar officer, (c) makes an assignment for the benefit of all or substantially all of its creditors, (d) takes any corporate action for its winding-up, dissolution or administration, or (e) enters into an agreement for the extension or readjustment of substantially all of its obligations or if it suffers any foreign equivalent of the foregoing;

(b) by Customer, upon written notice to Service Provider, if following a material breach by Service Provider of this Agreement, Customer sends a notice of such material breach and Service Provider fails to cure such material breach within [****] ([****]) days after receipt of such notice; provided , however , that if cure cannot reasonably accomplished within such [****]-day period, this Agreement may not be terminated by reason of such breach for so long as the Service Provider commences a cure within such [****] ([****]) day period and pursues such cure diligently to completion and such completion occurs within [****] ([****]days of such notice; and

(c) by Service Provider, upon written notice to Customer if, (i) after Customer fails to pay any amount of the Charges due and payable in accordance with this Agreement, Service Provider sends a notice of such failure and Customer fails to pay such Charges within [****] ([****]) days after receipt of such notice or (ii) following a material breach by a Recipient of this Agreement other than a payment default, Service Provider sends a notice of such material breach and Customer or the applicable Recipient fails to cure such material breach within [****] ([****]) days after receipt of such notice; provided however , that if cure cannot reasonably be accomplished within such [****] ([****])-day period, this Agreement may not be terminated by reason of such breach for so long as Customer or the applicable Recipient commences a cure within such [****] ([****])-day period and pursues such cure diligently to completion and such completion occurs within [****] ([****]) days of such notice. The Parties agree that a material breach (including any breach that results in material damage to Service Provider) of the Terms of Use in **Exhibit 1** of **Schedule A-2** will be considered a material breach of this Agreement.

14.3 Service Provider's Right to Terminate for Change of Control . If (1) a majority of the ownership interests in Customer or any Recipient is transferred to a Direct Competitor of Service Provider, or (2) Customer ceases to own and control directly or indirectly a majority of its interests in a Recipient's Facility or business for which there has not been a partial assignment of this Agreement pursuant to **Section 15.8** , Service Provider shall have the right to terminate this Agreement in the case of clause (1), or terminate the Services pertaining to the transferred Facility or business (as the case may be), in the case of clause (2), in each case upon [****] ([****]) days' prior written notice to Customer. In the event Service Provider is entitled to

terminate this Agreement or the Services pertaining to the affected facility or business pursuant to this **Section 14.3**, Service Provider may at its option offer to continue the Services for the new owners of such divested facility or business, provided that any continuation of the Services would be on terms and pricing to be agreed upon by Service Provider and the new owners. In the event of a termination under this **Section 14.3**, Customer shall pay Service Provider Termination Charges in accordance with **Schedule C**.

14.4 Service Provider's Right to Terminate for Compliance Issues. Service Provider shall have the right to terminate any of the Services under this Agreement if Service Provider determines that it must do so because, and to the extent of (i) material legal compliance issues with Service Provider's service delivery model, (ii) changes in Customer's or the Recipients' method of doing business that creates a material conflict of interest for Service Provider and its Affiliates, or (iii) a change in Customer's or the Recipients' methods of operation that would require Service Provider to violate its business standards in any material respect and Customer is unable to resolve such issue within [****] ([****]) days after receiving written notice thereof from Service Provider. Service Provider shall work in good faith with Customer to resolve such issue. Any termination pursuant to this **Section 14.4** shall be limited to terminating only the portion of the Services that must be terminated in order to resolve such compliance issue. In any event, Service Provider will provide Disengagement Services pursuant to **Section 14.7**.

14.5 Service Provider's Right to Terminate Services No Longer Performed by Service Provider. Without limiting the rights of the Parties under any other provision of this Agreement, Service Provider may terminate any Service, upon [****] days' written notice to Customer, in the event Service Provider stops providing such service to itself.

14.6 Termination Charges. Notwithstanding anything set forth in this Agreement to the contrary, Customer shall not be responsible for any Termination Charges with respect to termination (A) termination of any portion of the Services pursuant to Section 3.1(e), unless otherwise agreed upon by the Parties in as part of such adjustment, (B) by Customer of Additional Services, unless otherwise specified in the Supplement for such Additional Services, and (C) by Customer pursuant **Sections 14.2(a)** or **(b)**.

14.7 Rights Upon Termination or Expiration.

(a) General. Commencing (i) upon expiration of the Initial Term (unless the Initial Term is renewed pursuant to **Section 2.2**), (ii) upon receiving Customer's notice of termination, (iii) upon Service Provider's notice of termination pursuant to **Section 14.3**, or (iv) upon either Party's notice of election not to extend a Renewal Term pursuant to **Section 2.2**, and continuing, in each case, for no longer than [****] ([****]) months after the applicable commencement date, Service Provider will provide Disengagement Services reasonably requested by customer, subject to the Parties' mutual agreement on the price of such Disengagement Services; provided that if this Agreement is terminated by Service Provider pursuant to clause (i) of **Section 14.2(c)**, Service Provider's obligation to provide Disengagement

Services shall be conditioned upon Customer paying all past-due amounts and paying monthly in advance for all further Services including Disengagement Services; and provided further that if this Agreement is terminated by Service Provider pursuant to **Section 14.4**, the Parties must mutually find a way for Service Provider to provide the Disengagement Services in a manner which would not create a conflict of interest for Service Provider or require Service Provider to violate its business standards.

(b) Service Provider will provide Disengagement Services to entities that are divested by Customer or Recipients for a period not to exceed [****] ([****]) months for Recipients who are not Direct Competitors, and, in the case of Direct Competitors, for a period not to exceed [****] ([****]) days after Service Provider's termination of notice pursuant to **Section 14.3(c)**; provided that (i) Customer reimburses Service Provider for any licenses or third party consents required in connection with provision of the Disengagement Services to each such entity, (ii) Customer remains responsible and pays all of Service Provider's charges, including charges for any additional management effort required to provide Disengagement Services to each such entity, and (iii) Customer informs each divested entity of its compliance obligations and ensures that the divested entity complies with Customer's obligations under this Agreement.

(c) The Disengagement Services to be provided may include (i) providing Recipient with a complete and uncorrupted version of Recipient Data in the electronic form maintained by Service Provider, (ii) the continuation of the affected Services until the end of the disengagement period described above if such continuation of Services is requested by Customer, and (iii) the Portability Package in accordance with and subject to **Section 7.4**. Any Additional Services requested by Customer or required as a result of a partial termination of the then-current Services shall be subject to **Article 3**.

The charges for Disengagement shall not include Service Provider's stranded costs for resources used by Service Provider in connection with Customer's termination of any Services. Examples of stranded costs include, but are not limited to, severance or redeployment costs of employees, unamortized costs of equipment no longer required, and termination costs of contracts no longer required (other than contracts that may be entered into after the 2 nd Amendment Date at Customer's request).

(d) The Disengagement Services shall be documented in a Supplement to **Schedule A**, which Supplement shall be in the form specified in **Exhibit 2**. Customer will remain responsible for the Charges for ongoing Services during the period of disengagement, which shall be the same as the Charges for the ongoing Services otherwise provided for in this Agreement.

14.8 Transfer of Dedicated Assets .

(a) General . Upon any expiration or other termination of this Agreement, Customer may at its option and on reasonable prior written notice prior to the effective date of the expiration or other termination elect any of the following:

(b) Dedicated Equipment . With respect to any Service Provider Equipment then dedicated exclusively to providing Services to the Recipients and located in the Recipient Facilities, Customer may (A) subject to any restrictions under the applicable Service Provider contracts, assume any leases for such Equipment, or (B) purchase from Service Provider any such Equipment for an amount equal to Service Provider' book value of the applicable Equipment as calculated in accordance with generally accepted accounting principles. For any leases or Equipment that Customer elects to assume or purchase, Customer will assume responsibility for such Equipment leases or Equipment and any Service Provider contracts that relate solely to such leased or owned Equipment (including any maintenance agreements) to the extent those responsibilities relate to periods after the date of termination or expiration of this Agreement, subject to any restrictions in such contracts.

(c) Dedicated Software . With respect to any Service Provider Software then dedicated exclusively to providing Services to the Recipients, Customer may subject to any restrictions under the applicable Service Provider licenses, assume any licenses for such Software, in which case Customer will pay Service Provider for any such Software an amount equal to Service Provider's book value of the applicable Software as calculated in accordance with generally accepted accounting principles. Service Provider shall provide all users and other documentation in its possession that relates to the Software for which Customer has assumed the associated license. For any Software licenses that Customer elects to assume, Customer will assume responsibility for such Software and any Service Provider contracts that relate solely to that Software (including any maintenance agreements) to the extent those responsibilities relate to periods after the date of termination or expiration of this Agreement, subject to any restrictions in such contracts.

(d) Dedicated Contracts . Subject to any restrictions under the applicable Service Provider contracts, Service Provider shall assign to Customer or its designee any Service Provider contracts dedicated exclusively to providing Services. Customer will assume responsibility for such contracts to the extent those responsibilities relate to periods after the date of termination or expiration of this Agreement.

(e) Termination/Transfer Fees . Customer shall reimburse Service Provider for any actual costs, losses, transfer fees or termination penalties incurred by Service Provider in connection with the transfer or assignment to Customer of any Service Provider Equipment, Software or contracts which Customer elects to purchase or assume pursuant to this **Section 14.9** . Service Provider shall use good faith efforts to mitigate such costs including, to the extent feasible, by not entering into such Service Provider contracts that contain transfer fees or early termination penalties.

14.9 Equitable Remedies . Each Party acknowledges that, in the event it breaches (or attempts or threatens to breach) its obligations respecting the confidentiality of the other Party's Confidential Information in accordance with **Article 9** or with respect to Intellectual Property Rights specified in **Article 7** , the other Party shall be irreparably harmed. In such a circumstance, the other Party may proceed directly to court to pursue equitable remedies without regard to the informal dispute resolution requirements specified in **Schedule E** . If a court of competent jurisdiction should find that the other Party has breached (or attempted or threatened to breach) any such obligations, the other Party agrees that without any additional findings of irreparable injury or other conditions to injunctive relief, it shall not oppose the entry of an appropriate order compelling performance by the other Party and restraining it from any further breaches (or attempted or threatened breaches).

15. GENERAL.

15.1 Further Action . The Parties shall use their reasonable best efforts to take, or cause to be taken, all appropriate action, to do, or cause to be done, all things necessary, proper or advisable under applicable Law, and to execute and deliver such documents and other papers, as may be required to carry out the provisions of this Agreement and to consummate and make effective the transactions contemplated by this Agreement.

15.2 Expenses . Except as otherwise specified in this Agreement, all costs and expenses, including fees and disbursements of counsel, financial advisors and accountants, incurred in connection with this Agreement and the transactions contemplated by this Agreement shall be borne by the Party incurring such costs and expenses.

15.3 Notices . All notices, requests, claims, demands and other communications hereunder shall be in writing and shall be given or made (and shall be deemed to have been duly given or made upon receipt) by delivery in person, by an internationally recognized overnight courier service or by facsimile (with a copy simultaneously sent by overnight courier service) to the respective Parties hereto at the following addresses (or at such other address for a Party hereto as shall be specified in a notice given in accordance with this **Section 15.3**):

15.4 Public Announcements . Neither Party shall make, or cause to be made, any press release or public announcement in respect of this Agreement or the transactions contemplated hereby or otherwise communicate with any news media regarding this Agreement or the transactions contemplated hereby without the prior written consent of the other Party unless such press release or public announcement is required by Law or applicable stock exchange regulation, in which case the Parties shall, to the extent practicable, consult with each other as to the timing and contents of any such press release, public announcement or communication; provided, however, that the prior written consent of the other Party shall not be required hereunder with respect to any press release, public announcement or communication that is substantially similar to a press release, public announcement or communication previously issued with the prior written consent of the other Party.

15.5 Headings and References; Construction . The table of contents and headings contained in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement. When a reference is made in this Agreement to an Article, a Section, an Exhibit or Schedule, such reference is to an Article, a Section of, or an Exhibit or a Schedule to, this Agreement unless otherwise indicated. Whenever the words "include," "includes" or "including" are used in this Agreement, they are deemed to be followed by the words "without limitation." The words "hereof," "herein" and "hereunder" and words of similar import, when used in this Agreement, refer to this Agreement as a whole and not to any particular provision of this Agreement. All terms defined in this Agreement have the defined meanings when used in any certificate or other document made or delivered pursuant hereto, unless otherwise defined therein. The definitions contained in this Agreement are applicable to the singular as well as the plural forms of such terms. References to a Person are also to its successors and permitted assigns. The use of **"or"** is not intended to be exclusive unless expressly indicated otherwise. If there is any conflict between the Sale and Purchase Agreement and this Agreement, each of the Sale and Purchase Agreement and this Agreement is to be interpreted and construed, if possible, so as to avoid or minimize such conflict, but, to the extent (and only to the extent) of such conflict, the Sale and Purchase Agreement shall prevail and control.

15.6 Severability . If any term or other provision of this Agreement is invalid, illegal or incapable of being enforced by any Law or public policy, all other terms and provisions of this Agreement shall nevertheless remain in full force and effect for so long as the economic or legal substance of the transactions contemplated by this Agreement is not affected in any manner materially adverse to either Party hereto. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the Parties hereto shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties hereto as closely as possible in a mutually acceptable manner in order that the transactions contemplated by this Agreement are consummated as originally contemplated to the greatest extent possible.

15.7 Entire Agreement . This Agreement constitutes the entire agreement of the Parties hereto with respect to the subject matter hereof and supersedes all prior agreements and undertakings, both written and oral, between the Parties hereto with respect to the subject matter hereof.

15.8 Assignment . This Agreement may not be assigned by operation of Law or otherwise without the express written consent of the other Party hereto (which consent may be granted or withheld in the sole discretion of such Party), as the case may be, and any attempted assignment without such consent shall be null and void; except, that (a) Service Provider shall be permitted to assign its rights hereunder to any of its Affiliates; (b) Customer shall be permitted to assign its rights under this Agreement to a purchaser of all or substantially all of Customer's business or assets, provided that (A) such purchaser is not a Direct Competitor of Service Provider, (B) such purchaser meets Service Provider's reasonable standards of creditworthiness,

(C) Customer reimburses Service Provider for any licenses or third party consents required in connection with such assignment, (D) Customer pays Service Provider's charges for transition or migration of the affected services as well as any additional management effort required to manage the added account for the purchaser, and (E) the assignee agrees in writing to comply with Customer's obligations under this Agreement; and (c) Customer may partially assign its rights under this Agreement to a purchaser of a facility or a business provided that (i) such purchaser is not a Direct Competitor of Service Provider, (ii) such purchaser meets Service Provider's reasonable standards of creditworthiness, (iii) Customer reimburses Service Provider for any licenses or third party consents required in connection with such assignment, (iv) Customer pays Service Provider's charges for transition or migration of the affected services as well as any additional management effort required to manage the added account for the purchaser, (v) the transferred facilities represent a complete business unit or a business representing no less than 10% of Customer's assets as of the Effective Date, (vi) the assignee agrees in writing to comply with Customer's obligations under this Agreement, and (vii) the Parties agree on the allocation of Charges for Services that are partially assigned by Customer to an assignee.

15.9 Amendments . This Agreement may not be amended or modified except (a) by an instrument in writing signed by, or on behalf of, the Parties hereto that expressly references the Section of this Agreement to be amended; or (b) by a waiver in accordance with **Section 15.10** .

15.10 Waivers . Either Party may (a) extend the time for the performance of any of the obligations or other acts of the other Party; (b) waive any inaccuracies in the representations and warranties of the other Party contained herein or in any document delivered by the other Party pursuant hereto; or (c) waive compliance with any of the agreements of the other Party or conditions to such Party's obligations contained herein. Any such extension or waiver shall be valid only if set forth in an instrument in writing signed by the Party to be bound thereby. Any waiver of any term or condition shall not be construed as a waiver of any subsequent breach or a subsequent waiver of the same term or condition, or a waiver of any other term or condition of this Agreement. The failure of any Party hereto to assert any of its rights hereunder shall not constitute a waiver of any of such rights.

15.11 No Third Party Beneficiaries . Except as provided in **Section 10.4** and **Section 13.1** , this Agreement shall be binding upon and inure solely to the benefit of the Parties hereto and their respective successors and permitted assigns and nothing herein, express or implied, is intended to or shall confer upon any other Person any legal or equitable right, benefit or remedy of any nature whatsoever, including any rights of employment for any specified period, under or by reason of this Agreement.

15.12 Governing Law . This Agreement shall be governed by, and construed in accordance with, the Laws of the State of New York. All Actions arising out of or relating to this Agreement shall be heard and determined exclusively in any New York federal court sitting in the Borough of Manhattan of The City of New York; provided, however, that if such federal

court does not have jurisdiction over such Action, such Action shall be heard and determined exclusively in any New York state court sitting in the Borough of Manhattan of The City of New York. Consistent with the preceding sentence, the Parties hereto hereby (a) submit to the exclusive jurisdiction of any federal or state court sitting in the Borough of Manhattan of The City of New York for the purpose of any Action arising out of or relating to this Agreement brought by either Party hereto; and (b) irrevocably waive, and agree not to assert by way of motion, defense, or otherwise, in any such Action, any claim that it is not subject personally to the jurisdiction of the above-named courts, that its property is exempt or immune from attachment or execution, that the Action is brought in an inconvenient forum, that the venue of the Action is improper or that this Agreement or the transactions contemplated by this Agreement may not be enforced in or by any of the above-named courts.

15.13 Waiver of Jury Trial . EACH OF THE PARTIES HEREBY WAIVES TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY WITH RESPECT TO ANY ACTION OR LIABILITY DIRECTLY OR INDIRECTLY ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED BY THIS AGREEMENT. EACH OF THE PARTIES HERETO HEREBY (A) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF ANY SUCH ACTION OR LIABILITY, SEEK TO ENFORCE THE FOREGOING WAIVER; AND (B) ACKNOWLEDGES THAT IT HAS BEEN INDUCED TO ENTER INTO THIS AGREEMENT AND THE TRANSACTIONS CONTEMPLATED BY THIS AGREEMENT, AS APPLICABLE, BY, AMONG OTHER ‘THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS **SECTION 15.13** .

15.14 Counterparts . This Agreement may be executed and delivered (including by facsimile or other means of electronic transmission, such as by electronic mail in “pdf’ form) in one or more counterparts, and by the different Parties hereto in separate counterparts, each of which when executed shall be deemed to be an original, but all of which taken together shall constitute one and the same agreement.

15.15 Force Majeure .

(a) If a Force Majeure Event is claimed by either Party, the Party making such claim shall orally notify the other Party as soon as reasonably possible after the occurrence of such Force Majeure Event and, in addition, shall provide the other Party with written notice of such Force Majeure Event within [****] ([****]) days after the occurrence of such Force Majeure Event.

(b) Neither Party hereto will be liable for any nonperformance or delay in performance of the terms of this Agreement when such failure is due to a Force Majeure Event. If either Party relies on the occurrence of a Force Majeure Event as a basis for being excused

from performance of its obligations hereunder, such Party relying on the Force Majeure Event shall (i) provide an estimate of the expected duration of the Force Majeure Event and its probable impact on performance of such Party's obligations hereunder and (ii) provide prompt notice to the other Party of the cessation of the Force Majeure Event. In no event shall a Force Majeure discharge a Party's obligation to pay amounts due hereunder but will excuse the delay in executing payment only to the extent caused by the Force Majeure Event.

(c) Upon the occurrence of a Force Majeure Event, the same will, so far as possible, be remedied as expeditiously as possible using commercially reasonable efforts. It is understood and agreed that nothing in this **Section 15.15(c)** shall require the settlement of strikes, lockouts or industrial disputes or disturbances by acceding to the demands of any opposing party therein when such course is inadvisable in the discretion of the Party having the difficulty.

15.16 Independent Contractors . Service Provider is an independent contractor, with all of the attendant rights and liabilities of an independent contractor, and not an agent or employee of Customer. Any provision in this Agreement, or any action by Customer, that may appear to give Customer the right to direct or control Service Provider in performing under this Agreement means that Service Provider shall follow the desires of Customer in results only.

15.17 Acknowledgement . The Parties acknowledge that the terms and conditions of this Agreement have been the subject of active and complete negotiations, and that this Agreement shall be construed as if drafted jointly by the Parties and no presumption or burden of proof shall arise favoring or disfavoring either Party by virtue of the authorship of any provision of this Agreement.

15.18 Order of Precedence . In the event of a conflict between **Sections 1** through **15** of this Agreement and the Schedules and Exhibits hereto, **Sections 1** through **15** of this Agreement shall take precedence over the Schedules and Exhibits.

15.19 Survival . Any provision of this Agreement which contemplates performance or observance subsequent to any termination or expiration of this Agreement will survive any termination or expiration of this Agreement and continue in full force and effect including, but not limited to, the following: **Sections 7.4** (Portability Package), **9** (Confidentiality), **13** (Indemnification and Limitations on Liability), **15.4** (Public Announcements), **15.5** (Headings and References; Construction), **15.6** (Severability), **15.14** (Counterparts), and **15.15** (Force Majeure).

2. THIRD PARTY BENEFICIARY CLAUSE

(a) The data subject can enforce against the Data Exporter this Clause, Clause 3(b) to (i), Clause 4(a) to (e) and (g) to (j), Clause 5(a) and (b), Clause 6, Clause 7(b) and Clauses 8 to 11 as third-party beneficiaries.

(b) The data subject can enforce against the Data Importer this Clause, Clause 4(a) to (e) and (g), Clause 5, Clause 6, Clause 7(b), and Clauses 8 to 11 in cases where the Data Exporter has factually disappeared or has ceased to exist in law unless any successor entity has assumed the entire legal obligations of the Data Exporter by contract or by operation of law, as a result of which it takes on the rights and obligations of the Data Exporter, in which case the data subject can enforce them against such entity.

(c) The data subject can enforce against the Subprocessor this Clause, Clause 4(a) to (e) and (g), Clause 5, Clause 6, Clause 7(b), and Clauses 8 to 11, in cases where both the Data Exporter and the Data Importer have factually disappeared or ceased to exist in law or have become insolvent, unless any successor entity has assumed the entire legal obligations of the Data Exporter by contract or by operation of law as a result of which it takes on the rights and obligations of the Data Exporter, in which case the data subject can enforce them against such entity. Such third-party liability of the Subprocessor shall be limited to its own processing operations under the Clauses.

(d) The parties do not object to a data subject being represented by an association or other body if the data subject so expressly wishes and if permitted by national law.

3. OBLIGATIONS OF THE DATA EXPORTER

The Data Exporter hereby agrees and warrants:

(a) that the processing, including the transfer itself, of the personal data has been and will continue to be carried out in accordance with the relevant provisions of the Applicable Data Protection Law (and, where applicable, has been notified to the

relevant authorities of the Member State other jurisdiction where the Data Exporter is established) and does not violate the relevant provisions of the Member State or other jurisdiction;

(b) that it has instructed and throughout the duration of the personal data processing services will instruct the Data Importer to process the personal data transferred only on the Data Exporter's behalf and in accordance with the Applicable Data Protection Law and these Clauses;

(c) that the Data Importer shall provide sufficient guarantees in respect of the technical and organisational security measures specified in Appendix 2 to this contract;

(d) that after assessment of the requirements of the Applicable Data Protection Law, the security measures are appropriate to protect personal data against accidental or unlawful destruction or accidental loss, alteration, unauthorised disclosure or access, in particular where the processing involves the transmission of data over a network, and against all other unlawful forms of processing, and that these measures ensure a level of security appropriate to the risks presented by the processing and the nature of the data to be protected having regard to the state of the art and the cost of their implementation;

(e) that it will ensure compliance with the security measures;

(f) that, if the transfer involves special categories of data, the data subject has been informed or will be informed before, or as soon as possible after, the transfer that his/her data could be transmitted to a third country not providing adequate protection within the meaning of Directive 95/46/EC;

(g) to forward any notification received from the Data Importer pursuant to Clause 4(b) and 7(c) to the data protection supervisory authority if it decides to continue the transfer or to lift his suspension;

(h) to make available to the data subjects upon request a copy of the Clauses, with the exception of Appendix 2 which shall be replaced by a summary description of the security measures, as well as a copy of any contract for subprocessing services which has to be made in accordance with the Clauses, unless the Clauses or the contract contain commercial information, in which case it may remove such commercial information;

(i) that, in the event of subprocessing, the processing activity is carried out in accordance with Clause 11 by a Subprocessor providing at least the same level of protection for the personal data and the rights of data subject as the Data Importer under the Clauses; and

(j) that it will ensure compliance with Clause 3(a) to (i).

4. OBLIGATIONS OF THE DATA IMPORTER

The Data Importer hereby agrees and warrants:

(a) to process the personal data only on behalf of the Data Exporter and in compliance with its instructions and the Clauses; if it cannot provide such compliance for whatever reasons, it agrees to inform promptly the Data Exporter of its inability to comply, in which case the Data Exporter is entitled to suspend the transfer of data and/or terminate the contract;

(b) that it has no reason to believe that the legislation applicable to it prevents it from fulfilling the instructions received from the Data Exporter and its obligations under the contract and that in the event of a change in this legislation which is likely to have a substantial adverse effect on the warranties and obligations provided by the Clauses, it will promptly notify the change to the Data Exporter as soon as it is aware, in which case the Data Exporter is entitled to suspend the transfer of data and/or terminate the contract;

(c) that it has implemented the technical and organisational security measures specified in Appendix 2 before processing the personal data transferred;

(d) that it shall promptly notify the Data Exporter about:

  (i) any legally binding request of disclosure of the personal data by a law enforcement authority unless otherwise prohibited, such as a prohibition under criminal law to preserve the confidentiality of a law enforcement investigation;

  (ii) any accidental or unauthorised access; and

  (iii) any request received directly from the data subjects without responding to that request, unless it has been otherwise authorised to do so;

(e) to deal promptly and properly with all inquiries from the Data Exporter relating to its processing of the personal data subject to the transfer and to abide by the advice of the supervisory authority with regard to the processing of the data transferred;

(f) at the request of the Data Exporter to submit its data processing facilities for audit of the processing activities covered by the Clauses which shall be carried out by the Data Exporter or an inspection body composed of independent members and in possession of the required professional qualifications bound by a duty of confidentiality, selected by the Data Exporter, where applicable, in agreement with the supervisory authority;

(g) to make available to the data subject upon request a copy of the Clauses, or any existing contract for subprocessing, unless the Clauses or contract contain commercial information, in which case it may remove such commercial information, with the exception of Appendix 2 which shall be replaced by a summary description of the security measures in those cases where the data subject is unable to obtain a copy from the Data Exporter;

(h) that, in the event of subprocessing, it has previously informed the Data Exporter and obtained its prior written consent;

(i) that the processing services by the Subprocessor will be carried out in accordance with Clause 10;

(j) to send promptly a copy of any Subprocessor agreement it concludes under the Clauses to the Data Exporter.

5. LIABILITY

(a) The parties agree that a data subject, who has suffered damage as a result of any violation of the provisions referred to in Clause 2 or Clause 10 by any party or Subprocessor is entitled to receive compensation from the Data Exporter for the damage suffered.

(b) If a data subject is not able to bring the action referred to in paragraph 5(a) arising out of a breach by the Data Importer or his Subprocessor of any of their obligations referred to in Clause 2 or in Clause 10 because the Data Exporter has disappeared factually or has ceased to exist in law or became insolvent, the Data Importer agrees that the data subject may issue a claim against the Data Importer as if it were the Data Exporter, unless any successor entity has assumed the entire legal obligation of the Data Exporter by contract of by operation of law, in which case the data subject can enforce its rights against such an entity.

The Data Importer may not rely on a breach by a Subprocessor of its obligations in order to avoid its own liabilities.

(c) If a data subject is not able to bring a claim against the Data Exporter or the Data Importer referred to in paragraphs 5(a) and (b), arising out of a breach by the Subprocessor of any of their obligations referred to in Clause 2 or in Clause 10 because both the Data Exporter and the Data Importer have factually disappeared or ceased to exist in law or have become insolvent, the Subprocessor agrees that the data subject may issue a claim against the data Subprocessor with regard to its own processing operations under the Clauses as if it were the Data Exporter or the Data Importer, unless any successor entity has assumed the entire legal obligations of the Data Exporter or Data Importer by contract or by operation of law, in which case the data subject can enforce its rights against such entity. The liability of the Subprocessor shall be limited to its own processing operations under the Clauses.

6. MEDIATION AND JURISDICTION

(a) The Data Importer agrees that if the data subject invokes against it third-party beneficiary rights and/or claims compensation for damages under the Clauses, the Data Importer will accept the decision of the data subject:

(i) to refer the dispute to mediation, by an independent person or, where applicable, by the supervisory authority;

(ii) to refer the dispute to the courts in the EU Member State or other jurisdiction in which the Data Exporter is established.

(b) The parties agree that the choice made by the data subject will not prejudice his substantive or procedural rights to seek remedies in accordance with other provisions of national or international law.

7. CO-OPERATION WITH SUPERVISORY AUTHORITIES

(a) The Data Exporter agrees to deposit a copy of this contract with the supervisory authority if it so requests or if such deposit is required under the Applicable Data Protection Law.

(b) The parties agree that the supervisory authority has the right to conduct an audit of the Data Importer, and of any Subprocessor, which has the same scope and is subject to the same conditions as would apply to an audit of the Data Exporter under the Applicable Data Protection Law.

(c) The Data Importer shall promptly inform the Data Exporter about the existence of legislation applicable to it or any Subprocessor preventing the conduct of an audit of the Data Importer, or any Subprocessor, pursuant to paragraph b. In such a case the Data Exporter shall be entitled to take the measures foreseen in Clause 4(b).

8. GOVERNING LAW

The Clauses shall be governed by the law of the Member State or other jurisdiction in which the Data Exporter is established.

9. VARIATION OF THE CONTRACT

The parties undertake not to vary or modify the terms of the Clauses. This does not preclude the parties from adding clauses on business related issues where required as long as they do not contradict the Clause.

10. SUBPROCESSING

(a) The Data Importer shall not subcontract any of its processing operations performed on behalf of the Data Exporter under the Clauses without the prior written consent of the Data Exporter. Where the Data Importer subcontracts its obligations under the Clauses, with the consent of the Data Exporter, it shall do so only by way of a written agreement with the Subprocessor which imposes the same obligations on the Subprocessor as are imposed on the Data Importer under the Clauses. Where the Subprocessor fails to fulfill its data protection obligations under such written agreement the Data Importer shall remain fully liable to the Data Exporter for the performance of the Subprocessor's obligations under such agreement.

(b) The prior written contract between the Data Importer and the Subprocessor shall also provide for a third-party beneficiary clause as laid down in Clause 2 for cases where the data subject is not able to bring the claim for compensation referred to in paragraph 5(a) against the Data Exporter or the Data Importer because they have factually disappeared or have ceased to exist in law or have become insolvent and no successor entity has assumed the entire legal obligations of the Data Exporter or Data Importer by contract or by operation of law. Such third-party liability of the Subprocessor shall be limited to its own processing operations under the Clauses.

(c) The provisions relating to data protection aspects for subprocessing of the contract referred to in paragraph (a) shall be governed by the law of the Member State in which the Data Exporter is established, namely the Netherlands.

(d) The Data Exporter shall keep a list of subprocessing agreements concluded under the Clauses and notified by the Data Importer pursuant to paragraph 4(j), which shall be updated at least once a year. The list shall be available to the Data Exporter's data protection supervisory authority.

11. OBLIGATION AFTER THE TERMINATION OF PERSONAL DATA PROCESSING SERVICES

(a) The parties agree that on the termination of the provision of data processing services, the Data Importer and the Subprocessor shall, at the choice of the Data Exporter, return all the personal data transferred and the copies thereof to the Data Exporter or shall destroy all the personal data and certify to the Data Exporter that it has done so, unless legislation imposed upon the Data Importer prevents it from returning or destroying all or part of the personal data transferred. In that case, the Data Importer warrants that it will guarantee the confidentiality of the personal data transferred and will not actively process the personal data transferred anymore.

(b) The Data Importer and the Subprocessor warrant that upon request of the Data Exporter and/or of the supervisory authority, it will submit its data processing facilities for an audit of the measures referred to in paragraph 11(a).

Appendix 2

TO THE GLOBAL
DATA PROTECTION AGREEMENT

This Appendix forms part of the Clauses

Description of the Technical and Organisational Security Measures implemented by the Data Importer in accordance with Clauses 4(d) and 5(c) are:

General

Data Importer shall implement technical and organizational security measures to

(a) ensure that persons entitled to use a data processing system have access only to the data to which they have a right of access, and that personal data cannot be read, copied, modified or removed without authorisation in the course of processing or use and after storage,

(b) ensure that personal data cannot be read, copied, modified or removed without authorisation during electronic transmission or transport, and that it is possible to check and establish to which bodies the transfer of personal data by means of data transmission facilities is envisaged,

(c) ensure that it is possible to check and establish whether and by whom personal data have been input into data processing systems, modified or removed,

(d) ensure that, in the case of commissioned processing of personal data, the data are processed strictly in accordance with the instructions of the Data Exporter,

(e) ensure that data collected for different purposes can be processed separately.

Corporate Policy Program

(a) Data Importer has issued policies to communicate goals and objectives and to establish beliefs, objectives, and employee responsibilities with regard to information technology security,

(b) data protection/data privacy,

(c) protection of personal employee data,

(d) records management,

(e) information handling,

(f) network device security,

(g) information service provider security.

Exception Handling

Exceptions to policy typically require a formal documentation process including a formal acceptance by the corporate owner of the system or process.

Technical Security Controls

The customary technical control elements taken to protect information at Data Importer that are evaluated during a risk assessment and the corporate auditing process are as follows:

Authentication

Users are typically authenticated through the use of a user name and password combination. Employees and other authorized users are responsible to protect passwords and other security authentication mechanisms from unauthorized use or disclosure. In some circumstances, such as some system administrator access or access to Data Importer's network through a Virtual Private Network, a second authentication factor is used. This second factor is typically a logical key that the user must physically possess, in addition to knowing a user name and password, in order to gain access.

Access Control

Access to personal data is typically granted to specific data elements within a processing operation based on the role that a person performs within the company. This is known as the "role based security model".

Security Administration

Administrative roles are distributed within the company. Persons within the working group using a processing operation typically administer security on those operations. These persons are more aware of the security requirements of the data than a remote security administrator would be. Administrator accounts with broad access, such as those used to accomplish hardware maintenance or data backup services, are closely monitored with both technical and organizational controls to assure appropriate use.

Organizational Controls

Work processes typically maintain appropriate “separation of duties” to protect against one employee subverting internal controls.

Auditing

A team within the Information Security group monitors Data Importer’s processing operations and networks continually looking for intrusions, viruses or other breaches of security. This team also monitors external news sources to maintain awareness of potential external threats. Data Importer’s corporate auditing function performs higher-level audits to monitor internal conformance to all policies. External auditors periodically confirm the results and methods of the corporate auditing function.

Application Design

Several classes, depending on project size, of formal design methodology are used in the development or modification of data processing operations. Evaluation of our compliance with this methodology is evaluated using an external project management benchmark.

Change Management

System changes are subject to corporate change management policies. Identified “system owners” are responsible for, and must approve changes to, systems maintained under their control.

Data Backup and Recovery

Data is backed up periodically and the backup media managed by Information Systems is physically secured.

Awareness

Specific formal awareness programs in privacy/data protection are required for various roles within Data Importer. A computer based training module is used to teach managers and others with routine access to personal data, about the company’s policies and expectations about how personal data should be protected.

Usage Logging and Intrusion Detection Systems

Activity on most Data Importer systems is monitored, using a number of different technologies, as part of the overall information security program. These logs and reports are used in particular to detect and act on intrusion attempts, deviations from corporate policy and standards, deviations from legal requirements, to protect Data Importer from the impact of malicious software such as viruses and denial of service attacks, and for data protection control. The monitoring process will be performed in accordance with the applicable local legal requirements.

Physical Control

Data Importer has adopted a standardized methodology for the application of physical security systems and hardware consistent with typical large corporate facilities. This approach focuses on the need to provide a proactive security posture that combines physical, card access, and key locked facilities to control access.

This methodology focuses on four levels of security protection and the devices that should be employed at each level and the strategy for separation between levels. These levels are facility perimeter, public space, employee space, and sensitive space.

The highest level of physical security within the facility addresses those areas that contain facility assets and information that should not be accessed by the general employee population. Examples of these sensitive space areas are telephone switching equipment rooms, fiber entry rooms, network traffic areas, collocation areas, and computer rooms. Access to sensitive space areas is through portals controlled by electronic card access control readers. The security system must be keyed or programmed with sufficient access levels to only allow those personnel with a specific need to be in each sensitive space access to that space during the appropriate days and times when access is required. Sensitive space areas are designed so that personnel may only exit freely from the sensitive space into the employee space.

General network wiring is protected by concealment. Critical networking components, such as routers, hubs, bridges, gateways and patch panels, are further protected within sensitive space areas as described above.

Computing facilities are protected from fire using a number of techniques including use of noncombustible construction materials, automated fire suppression systems, manual fire extinguishers and smoke detectors with alarms systems and cameras.

Availability

Appropriate use of uninterruptible power supplies is made to assure maximum availability of servers. Facilities have a proactive maintenance schedule and maintain appropriate supplies of critical spare parts. Service level agreements document appropriate uptime expectations for each service.

Risk Management

Security measures are reviewed and updated regularly by considering the security risk, threats, possible business impacts and probabilities. Possible deviations with information security measures outlined in this Appendix 2 are corrected without undue delay. Critical risks and threats concerning Data Exporter’s Data shall be reported to Data Exporter without delay.

Access to and use of Data Exporters' facilities

Data Importer will comply with the Data Exporters' standard policies and procedures, as made available to Data Importer, regarding access to and use of Data Exporters' facilities.

Access to Data Exporters' systems

Data Importer will, and will require that all Data Importer's personnel who have access to any systems that are not Data Importer's systems for the purpose of providing the Services will limit their access to those portions of Data Exporter's systems for which they are authorised in connection with the Services. Data Importer will (i) subject to Data Importer's record retention policy, make available to Data Exporter, upon Data Exporter's request, a written list of the names of each individual who has been granted such access, and (ii) adhere to Data Exporters' security rules and procedures for the use of Data Exporter's systems. All user identification numbers and passwords disclosed to Data Importer to permit Data Importer's personnel to access Data Exporter's systems will, as between the parties, be deemed to be, and will be treated confidential. Data Importer will immediately notify Data Exporter of any detected unauthorised

attempt to access or any apparent unauthorised access by Data Importer's personnel to Data Exporter's systems and shall cooperate with Data Exporter in the investigation of any attempted or apparent unauthorised access by Data Importer's personnel to Data Exporter's systems. Data Exporter shall ensure that Data Importer is given access to such Data Exporter's systems (including electronic and physical access to networks and systems) to the extent necessary for the purposes of performing the Services and Data Importer shall ensure that access to Data Exporter's systems is restricted to only those of its personnel who require such access to perform the Services.

Local Law Requirements

Data Importer shall implement further technical and organizational security measures to ensure that the personal data are kept secure, preventing their alteration, loss, unauthorised processing or access if such technical and organizational security measures are legally required under local law (applicable to the respective Data Exporter entity and/or to the respective Data Importer entity).

Amendment To And
Consent to Partial Assignment Of
Styrene Contract of Sale Between
The Dow Chemical Company and Americas Styrenics LLC

This Amendment and Consent to Partial Assignment ("Amendment") is entered into between The Dow Chemical Company ("BUYER" and "Dow"), Americas Styrenics LLC ("SELLER" and "AMSTY") and Styron LLC ("BUYER" and "Styron"), to be effective as of April 1, 2010, and is made with reference to that certain Styrene Contract of Sale with an Effective Date of December 1, 2009 ("Agreement") and the Logistic Letter Agreement effective December 1, 2009 ("Letter Agreement") entered into between Dow and AMSTY.

RECITALS

WHEREAS, in 2009, Dow announced that it grouped four of its businesses into a separate division and its intent to form a new independent business unit called Styron, which includes the following: Emulsion Polymers (Paper and Flooring Latex), Synthetic Rubber, Polycarbonate and Compounds & Blends, Styrenics (which includes Polystyrene and ABS/SAN resins, and Expandable Polystyrene), Automotive Plastics and some styrene monomer assets (the "Styron Businesses").

WHEREAS, on April 1, 2010, Styron became an independent company, containing the Styron Businesses, with affiliates across the world (Styron LLC, Styron Holding B.V. and each of their respective affiliates).

WHEREAS, a significant portion of Dow's Product consuming assets supplied under this Agreement were transferred to Styron on April 1, 2010.

WHEREAS, Dow announced on March 2, 2010 that it plans to sell Styron to Bain Capital Partners by June 1, 2010, following regulatory approval, customary conditions and transaction close ("Transaction").

WHEREAS, in accordance with Section 8. a) of Exhibit E of the Agreement, SELLER and BUYER by this Amendment wish to amend certain terms of the Agreement to accommodate Styron as additional BUYER, as provided herein.

WHEREAS, Dow and AMSTY wish to amend Section VIII of the Letter Agreement to prorate the scheduling and logistic resource fee between Dow and Styron.

WHEREAS, in accordance with Section 8. b) of Exhibit E of the Agreement, BUYER is providing notice of partial assignment and seeking consent to partially assign the Agreement to Styron.

WHEREAS, Styron desires to be bound by the terms of the Agreement and Letter Agreement.

WHEREAS, SELLER desires to consent to the assignment and the amendment to the Agreement and Letter Agreement on the terms and conditions contained herein.

NOW THEREFORE, in consideration of the premises and agreements, provisions and covenants herein contained, BUYER and SELLER agree to amend and partially assign the Agreement and Letter Agreement as follows:

A. Definitions . Capitalized terms not otherwise defined herein shall have the respective meanings ascribed to them in the Agreement or Letter Agreement, as the case may be.

B. Amendments to Agreement :

1. **General** . All references to the term "BUYER" in the Agreement shall be deemed to include Styron as well as Dow, and, except as otherwise set forth in this Amendment, all rights and obligations of "BUYER" set forth in the Agreement shall apply to each of Styron and Dow individually, not in the aggregate, and separately, not jointly. Without limiting the generality of the foregoing, the following illustrates the intent of such amendment for selected provisions of the Agreement:

(a) *Period* . The Agreement allows BUYER to terminate the Agreement in certain circumstances. The provisions of the Agreement relating to "phase-out" shall apply to both Dow and Styron. For example, in the event that Dow terminates the Agreement under such provision, the Agreement would terminate only with respect to Dow and SELLER. In such a situation, SELLER, as the non-terminating party, would have the option to extend the Agreement for the Phase-out Period with respect to Dow pursuant to the provisions of such section. Notwithstanding, if there is termination under such provision by a Buyer, the Agreement shall continue in full force and effect with respect to the non-terminating Buyer and SELLER without regard to such termination between the terminating Buyer and SELLER or effect of any Phase-out Period.

(b) *Rebates* . The Agreement provides that SELLER will issue a rebate to BUYER if there is a unit ratio improvement based on a Calendar Year average and certain conditions are satisfied. It is anticipated that both Dow and Styron may contribute to such unit ratio improvements. In the event SELLER issues a rebate pursuant to the provisions of such section, such rebate shall be allocated pro rata to Dow and Styron based on the volume and price history of Dow and Styron individually.

(c) *Product* : The Product section of the Agreement provides that Product sold and purchased incident to the terms of the Agreement is for BUYER'S internal consumption for end use purposes only and under no circumstances is the Product intended for resale. This Product section of the Agreement is amended to allow Styron to resale Product delivered to Styron's Midland operations to Dow only for use in Dow's Midland operations pursuant to the terms in Paragraph 2 of this Amendment.

2. **Quantity** : [*****]

gain/losses and other charges to be pro-rated in proportion to the size of BUYERS' and SELLER'S respective Product Cargos."

5. **Section VIII** . Section VIII of the Letter Agreement is deleted in its entirety and replaced with the following language:

"Resources: It is agreed that Product Planning and scheduling will be provided by SELLER. A scheduling and logistics resource fee of [*****] U.S. dollars per month of the contract will be invoiced to Styron LLC and [*****] U.S. dollars per month of the contract will be invoiced to The Dow Chemical Company."

6. **Section XI** . Section XI of the Letter Agreement is hereby amended in its entirety to read as follows:

Period: "Year" means the period from any December 1 through November 30; "month" means a calendar month. "Calendar Year" means the period between January 1 and December 31.

The term of this Contract, which shall commence on the Effective Date, shall be for a period of three (3) Years terminating on November 30, 2012, and the Contract will automatically renew Year to Year thereafter for no more than two Years. Either Party may terminate this Contract at the end of the third (3 rd) or fourth (4 th) Year if the terminating Party notifies the other Party in writing at least one (1) Year prior to end of third (3 rd) or fourth (4 th) Year.

If appropriate notice to terminate is given, which results in the termination of this Contract at the end of the third (3 rd) Year of the Contract, then the non-terminating Party may elect, at its option, to extend the Contract by a phase-out period (the " **Phase-out Period** "). The Phase-out Period shall consist of two (2) additional consecutive Years. The non-terminating Party must provide the terminating Party with written notice of its election to exercise its right to require the Phase-out Period within ninety (90) days of the non-terminating Party's receipt of the terminating Party's notice of termination.

During the Phase-out Period, all terms and conditions contained in the Contract will remain in full force and effect with the following exceptions:

The Phase-out Period shall consist of one (1) additional Year. The non- terminating Party must provide the terminating Party with written notice of its election to exercise its right to require the Phase-out Period within ninety (90) days of the non- terminating Party's receipt of the terminating Party's notice of termination.

A.) If BUYER is the terminating Party, then during the Phase-out Period BUYER shall only be obligated to purchase [*****] of BUYER Requirements.

B.) If SELLER is the terminating Party, then during the Phase-out Period SELLER shall only be obligated to sell [*****] of BUYER Requirements.

In the event there is a Phase-out Period this Contract will terminate at the end of the Phase-out Period.

It is understood and agreed to that the Product sold and purchased incident to the terms of this Contract is for BUYER's internal consumption end use purposes only and under no circumstances is the Product intended for resale.

However, BUYER shall be obligated to purchase from SELLER incident to terms of this Contract [*****] of its Product requirements for internal consumption for BUYER locations within North America for end use purposes only ("BUYER Requirements"), during the Contract term, except during the 2010 Calendar Year, the BUYER shall only be obligated to purchase BUYER Requirements less [*****]. Through the end of the 2010 Calendar Year and only through the end of the 2010 Calendar Year BUYER Requirements specifically excludes volumes of Product or similar product supplied under existing supply contracts to Dow's wholly owned subsidiary Rohm and Haas ("Rohm and Haas Supply Agreements"). BUYER will not renew the Rohm and Haas Supply agreements except as otherwise required by contract and then only for Rohm and Haas end use consuming sites.

Unless otherwise agreed to by the Parties, Product will be delivered on a ratable basis over the Year in question.

At least ninety (90) days before the beginning of each Year, BUYER will provide SELLER with an annual forecast in monthly volumes of the quantity of Product BUYER will purchase from SELLER during said Year. These forecasts are for planning purposes only and do not constitute a contractual commitment to purchase or sell said forecasted quantity.

In addition to the annual forecast mentioned above, on or before the [*****] of each month during the term of this Contract BUYER shall provide SELLER with a forecast in writing of its expected purchases of Product for the immediately subsequent three (3) months. It is fully understood and agreed to that SELLER's forecast for the [*****]

[*****]

All price calculations shall be rounded to four digits beyond the decimal.

Territory: This Contract shall apply to and encompass BUYER locations within North America only.

Logistics: The intent is that SELLER will provide the logistical requirements to deliver Product to BUYER's consumptions sites in North America and that BUYER and SELLER will work together to minimize costs. BUYER will pay associated freight and logistics costs to keep SELLER whole. The logistics for supply of Product are more fully set forth in a letter agreement effective on December 1, 2009, between the Parties.

Delivery Product will be delivered to BUYER's Allyn's Pt. location FOB St. James, LA or other U.S.

For FOB deliveries into vessels or barges: Quantity shall be based on the static shore tank measurements at load point. BUYER and SELLER shall split costs equally for the agreed upon independent surveyor at load, which surveyor shall inspect for quality and quantity. If shore tanks are active at loading, quantity will be determined by vessel figures, i.e. closing ullages less retention on board adjusted by vessel experience factor ("VEF"). Such VEF will be determined in accordance with the latest standards of API, the American Petroleum Institute. Quality will be based on shore tank samples taken immediately prior to load. Deliveries via railcar or bulk truck, the quantity shall be based on certified scale weights at load point.
Payment Terms:	On or after the last working day of each month, a consolidated invoice will be issued to BUYER for all shipments of Product during that month. Payment will be due in full net [*****] from the date of invoice. All payments on account are to be made by wire transfer. If BUYER fails to pay SELLER the total amount owed by such date, then BUYER is subject to interest on the unpaid portion and shall accrue from such date until paid at the [*****] per annum ("Interest Rate"), compounded monthly. If payment date falls on a Saturday, then Buyer's payment will be due the prior Friday, if payment date falls on a Sunday or Monday holiday, then BUYER's payment will be due on the next business day. If BUYER disputes the amount due under an invoice, it will promptly pay the invoice, but such payment will not be deemed a waiver of BUYER's dispute, and the Parties shall act promptly to resolve such dispute, If the dispute is resolved in BUYER's favor, then SELLER shall promptly reimburse BUYER in the amount of BUYER's overpayment plus interest on such amount at the Interest Rate, compounded monthly, from the disputed invoice due date until the date of reimbursement.
Unit Ratio Improvement:	BUYER and SELLER desire to improve the unit ratio performance for benzene, ethylene and natural gas at SELLER's St. James, LA, manufacturing facility. BUYER and SELLER shall use reasonable efforts to arrange for mutually agreeable confidential information exchange and technical consulting during the term of this Contract, free of charge, with the objective to achieve such improvements. Such activities shall be conducted according to the terms of the confidentiality provisions in Exhibit B, hereby incorporated by reference.

Title & Risk Of Loss: Except as provided elsewhere in this Contract, BUYER will have no responsibility or liability on account of anything that may be done, happen or arise with respect to Product before risk of loss has passed to BUYER, and SELLER will have no responsibility or liability on account of anything that may be done, happen or arise with respect to Product after risk of loss has passed to BUYER.

Title to, and risk of loss for, Product shall pass to BUYER at the flange connection between the plant discharge line and receiving line of the transportation equipment (vessel or otherwise) at load point.

Records: BUYER will maintain true and complete records in connection with its Product requirements. Such records will be retained by the BUYER for at least twenty-four (24) months following the Year to which the records relate. In order to determine whether BUYER has complied with its obligations under the "Quantity" Section, SELLER will have the right, subject to appropriate provisions on confidentiality, to inspect such BUYER's records at reasonable times and so long as such inspections do not reasonably interfere with such BUYER's business.

Termination of Prior Supply Agreement: By agreement of the Parties, The Dow Chemical Company Sales Contract for Styrene Monomer, dated May 1, 2008, by and between The Dow Chemical Company and Americas Styrenics LLC will be terminated effective November 30, 2009.

Dispute Resolution Except as otherwise provided herein, any dispute arising out of or relating to this Contract or involving the interpretation, legal effect, alleged breach or enforcement of this Contract or any provision hereof, or otherwise concerning rights and obligations which may exist between, among or involving one or more of the Parties arising under this Contract or applicable law, whether involving contract claims, tort claims, statutory claims, or otherwise (the foregoing disputes herein referred to collectively as the "Disputes"), shall be submitted to the dispute resolution procedures and the binding arbitration procedures set forth in Exhibit F.

Any Party intending to seek resolution of a Dispute pursuant to this Dispute Resolution Section and Exhibit F of this Contract shall first give written notice of the Dispute to the other Party (each such notice, a "Notice"). The Notice shall provide the factual and legal basis of the Dispute and the Party's proposed resolution of the Dispute. Promptly following delivery and receipt of the Notice, the management of each Party shall meet in an effort to resolve the matter in Dispute. If, following thirty (30) calendar days such management has been unable to resolve the Dispute, the senior executives (Vice President level or higher) of each Party shall meet in an effort to resolve the matter in Dispute. If the Dispute is not resolved pursuant to negotiations within forty-five (45) days following receipt of the Notice by all affected Parties, then any Party may commence arbitration in accordance with Exhibit F.

Notwithstanding the foregoing provisions of this Dispute Resolution Section, any Party may apply for urgent injunctive or equitable relief from a court of relevant jurisdiction. Such an application does not waive the obligation to arbitrate Disputes or submit any Dispute for resolution other than in accordance with this Dispute Resolution Section and Exhibit F.

Exhibit B

MUTUAL NON-DISCLOSURE AGREEMENT

The Parties agree that activities conducted pursuant to the foregoing Unit Ratio Improvement Section shall be subject to the following provisions.

The Parties possess certain confidential technical information which may include, but is not limited to, physical, compositional and performance specifications, catalyst chemistry, manufacturing conditions and methods, machinery, process technologies, equipment specifications, laboratory analyses and techniques, samples and like materials (collectively "Confidential Information").

The Parties are willing to disclose Confidential Information to each other to improve the unit ratio performance for benzene, ethylene and natural gas at SELLER's St. James, LA, manufacturing facility. ("Said Purpose").

1. Confidential Information of the Disclosing Party will be used by the Receiving Party only for Said Purpose except as may be specifically authorized in writing by the Disclosing Party. The Receiving Party will not disclose Confidential Information of the Disclosing Party to any third Party, or use such Confidential Information in any way which will result in disclosure to any third party. Both Parties agree that all Confidential Information that is disclosed by the Disclosing Party to the Receiving Party will be either:
    a) in tangible form, where such tangible form is marked to indicate that it is confidential; or
    b) in intangible form, either: (i) where such intangible form is indicated, at the time of disclosure, to be confidential, and where the substance of such intangible form is documented in tangible form within thirty (30) days of such disclosure, and where such tangible form is marked to indicate that it is confidential, or (ii) if, given the nature of the information disclosed and the circumstances of the disclosure, a reasonable person would believe such information disclosed to be the Confidential Information of the Disclosing Party, in which case the failure of the Disclosing Party to provide a follow-up tangible form will not affect the confidential nature of the information.
2. The Receiving Party further agrees to restrict access to Confidential Information of the Disclosing Party to only those of its employees who need to have access in order to carry out Said Purpose provided said employees are obligated to the Receiving Party in a manner consistent with the terms of this Agreement.
3. The Receiving Party's obligations of non-disclosure, limited-use, and non-analysis under this Agreement will not apply to any portion of information:
    a) that was developed by the Receiving Party and/or in the Receiving Party's possession prior to the Receiving Party's first receipt, either directly or indirectly, of same from Disclosing Party;
    b) that is now, or hereafter becomes, through no act or failure to act on the Receiving Party's part, generally known on a non-confidential basis to the public or in the relevant industry;

c) that corresponds in substance to information hereafter lawfully furnished to the Receiving Party by a third Party without restriction on disclosure; or

d) that is independently developed by the Receiving Party, verifiable by written documentation, without use of any Confidential Information provided by the Disclosing Party.

Information will not be deemed to be within any of the foregoing exceptions if it is merely embraced by more general information available on a non-confidential basis or in the Receiving Party's possession. In addition, any combination of features will not be deemed within any of the foregoing exceptions unless the combination itself and its principle of operation are embraced by corresponding information which is within one of the foregoing exceptions.

4. Any communication of the Confidential Information made in response to a valid order by a court or other governmental body or that is otherwise required by law (but only to the extent of such order or requirement) will not be deemed to be a violation of a Receiving Party's obligations under this Agreement. Under such circumstances, the Receiving Party agrees that the Receiving Party will (to the extent permitted by applicable law) use reasonable commercial efforts to provide the Disclosing Party with reasonable prior notice of any disclosure to be made pursuant to such order or requirement and cooperate (at the expense of the Disclosing Party) with the efforts of the Disclosing Party to obtain a protective order or other assurance of confidential treatment of the Confidential Information to be disclosed pursuant to such order or requirement. If, in the absence of a protective order, the Receiving Party is compelled as a matter of law to disclose the Confidential Information, the Receiving Party will disclose only that part of the Confidential Information as is required by law to be disclosed and (prior to such disclosure) will (to the extent permitted by applicable law) advise and consult with the Disclosing Party as to such disclosure.

5. All information and samples (including Confidential Information) disclosed pursuant to this Agreement shall be and remain the Disclosing Party's property, and all information in tangible form, and copies thereof, shall be promptly returned to the Disclosing Party upon termination or expiration of this Agreement, or upon the earlier written request of the Disclosing Party. In the case of samples, the Receiving Party will, as specified by the Disclosing Party, either destroy or return to the Disclosing Party all unused and non-commingled samples or materials made from samples. a. SELLER warrants that, at the time of delivery to BUYER, the Product will meet the specifications contained in the attached Exhibit A in all material respects.

b. SELLER DOES NOT MAKE AND EXPRESSLY DISCLAIMS, AND BUYER EXPRESSLY WAIVES, ANY OTHER WARRANTIES, EXCEPT AS SET FORTH IN PARAGRAPH 2(a) ABOVE AND 3 BELOW, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. REGARDLESS OF WHETHER ORAL OR WRITTEN, EXPRESS OR IMPLIED. OR ALLEGEDLY ARISING FROM ANY USAGE OF ANY TRADE OR FROM ANY COURSE OF DEALING.

c. SELLER warrants that the Product is produced and sold free of any infringement of third party industrial or intellectual property rights and that the use of such Product shall not infringe any third party industrial or intellectual property rights. SELLER shall indemnify and hold BUYER harmless from and against all claims of third parties that the production, sale and use of the Product infringes any third party industrial or intellectual property right, but SELLER does not indemnify and hold harmless BUYER against infringement by reason of the use of such Product in combination with other chemical materials. BUYER shall promptly notify SELLER in writing of the occurrence of any such claim or suit.

3. **BUYER's AND SELLER's Commitments .**

BUYER and SELLER acknowledge that it is responsible for the safe selection, loading, transporting unloading, handling, storage, use and disposal of products as applicable.

a. BUYER and SELLER warrants that it shall, as applicable:

i. familiarize itself with product information supplied by SELLER at any time, including the current MSDS for each product;

ii. follow safe handing, use, selling, storage, transportation and disposal practices and ensure that all employees,

iii. ensure contractors, agents and BUYER and SELLER follow these practices, including such special practices as SELLER's and BUYER's use of the products requires;

iv. take appropriate action to avoid spills or other dangers to persons, property or the environment;

4. **Notice of Claims .**

a. Within sixty (60) days after BUYER learns, or should reasonably have learned, of any claim with respect to Product, BUYER will inform SELLER in writing of the claim or the claim is waived.

b. SELLER'S TOTAL LIABILITY ARISING FROM THIS CONTRACT FOR ANY CLAIMS OF ANY NATURE WHETHER BASED IN CONTRACT, TORT (INCLUDING NEGLIGENCE), INDEMNITY, CONTRIBUTION, STRICT LIABILITY OR OTHERWISE, WILL NOT EXCEED THE PURCHASE PRICE OF THE PRODUCT OR REPLACEMENT OF PRODUCT IN RESPECT OF WHICH SUCH CLAIMS ARE MADE. IN NO EVENT WILL SELLER BE LIABLE FOR ANY LOST PROFITS OR ANY INDIRECT. CONSEQUENTIAL, SPECIAL, CONTINGENT, EXEMPLARY OR PUNITIVE DAMAGES INCURRED BY BUYER.

5. **Contingencies .**

a. Performance is excused force majeure when (i) there is any contingency beyond the reasonable control of SELLER or BUYER (for example, war or hostilities, Acts of God, accident, fire, explosion, public protest, breakage of equipment, unplanned outages, governmental actions or legislation, or labor difficulties) which interferes with SELLER's or BUYER's production, supply, transportation or consumption practice. During times when performance is excused, all quantities of affected Product will be eliminated from this Contract without liability and SELLER will allocate its supplies of raw materials and Product among their various uses in any manner that is fair and reasonable. However, SELLER will not be obligated to obtain raw materials or Product from other sources if there are shortfalls or to allocate raw materials or Product from SELLER's internal use.

b. Notwithstanding anything contained in this Contract to the contrary, whenever (in the sole but reasonable judgment of SELLER) (i) SELLER's performance is made substantially more expensive by a contingency or (ii) SELLER is unable to acquire from its then contemplated source of supply on terms it deems reasonable any material or service necessary for the manufacture of Product, SELLER may (aa) reduce or stop deliveries of Product and apportion as provided above and/or (bb) continue deliveries and immediately increase prices. If SELLER increases the price of the Product under this Section, BUYER need not purchase the Product at the increased price.

c. Quantities not purchased or sold due to the provisions of this Section need not be made up later.

d. **Nothing in this Section will excuse BUYER from its obligations to make payments when due.**

6. **Reclamation of Product:** In the event of insolvency of BUYER, SELLER does hereby make demand for reclamation of Product delivered to BUYER but not yet paid for by BUYER, in

accordance with Section 2-702 of the Uniform Commercial Code and Section 546(c)(1) of the United States Bankruptcy Code. In the event of insolvency of BUYER, BUYER agrees to promptly notify SELLER of such insolvency and BUYER hereby waives any defenses to SELLER's right of reclamation of such Product, and BUYER shall promptly return possession to SELLER of such Product at BUYER's expense.

7. **Technical Assistance .** ANY TECHNICAL ADVICE, ASSISTANCE OR TESTING FURNISHED BY SELLER TO BUYER WITH RESPECT TO THE SELECTION OR USE OF THE PRODUCT DELIVERED TO BUYER HEREUNDER WILL BE GIVEN AND ACCEPTED AT BUYER'S SOLE RISK, AND SELLER WILL HAVE NO LIABILITY WHATSOEVER FOR THE USE OF, OR RESULTS OBTAINED FROM, SUCH ADVICE, ASSISTANCE OR TESTING.

8. **Miscellaneous .**

a. This Contract supersedes all prior understanding, drafts, discussions, or statements, whether oral or in writing, express or implied, dealing with the same subject matter. It constitutes a final written expression of all the terms of this Contract and is a complete and exclusive statement of those terms. It may not be amended or modified in any manner except by a written agreement signed by both Parties that expressly amends this Contract. Further, the provisions of this Contract will take precedence over, govern and control any purchase order, sales acknowledgement, invoice or other writing between the SELLER and BUYER despite subsequent issuance, it being agreed and understood, without limitation, that any pre-printed terms and conditions appearing on any other writing, communication or transmittal between SELLER and BUYER pertaining to the subject matter of this Contract will be null and void and have no force or effect.

b. Neither Party may assign any of its rights or obligations under this Contract without the prior written consent of the other Party which will not be unreasonably withheld; provided, however, SELLER may assign its rights and obligations under this Contract to a transferee of all or substantially all of its assets to which this Contract relates without the prior written consent of BUYER. This Contract binds and benefits the Parties as well as their respective permitted successors and assigns. Notwithstanding, SELLER acknowledges that BUYER may wish to assign or partially assign this Contract to a transferee of all or significant portion of its assets that consume the Product and the BUYER and SELLER will use commercially reasonable efforts to agree to the terms of an assignment or partial assignment of this Contract to such transferee. If sixty (60) days after the date SELLER receives notice that BUYER wishes to assign this Contract the Parties have not reached an agreement on the terms of such assignment, then BUYER has the right to resell the Product to any customer of BUYER and BUYER will remain obligated for a period of an additional three hundred (300) days to purchase Product volumes from SELLER under this Contract associated with the requirements of the assets being transferred. In the case of a partial assignment of the Contract, the BUYER's estimated requirements will be reduced proportionally by the volume of Product consumed by the assets transferred to the assignee.

If BUYER transfers all or significant portion of its Product consuming assets and BUYER doesn't notify or request SELLER to consent to assignment or partial assignment then BUYER will continue to purchase Product under this Contract for a period of twelve (12) months at monthly ratable volumes equal to [*****] the Product requirements associated with such transferred assets. For the sake of clarity, this paragraph does not obligate BUYER to purchase for any period beyond the term of the Contract or alter the optional Phase-out Period.

c. Notwithstanding anything to the contrary in this Contract, if, in SELLER's reasonable judgment, reasonable doubt exists as to BUYER's financial ability to make payments when due, or if BUYER is past due in payment of any amount owing to SELLER, SELLER reserves the right, without liability, and without prejudice to any other remedies under this Contract or by operation of law or equity, to (i) suspend performance, decline to ship, or stop any Product shipment in transit until SELLER receives payment of all amounts owing to SELLER, whether or not due, and (ii) require BUYER to make payment on a cash in advance basis or provide a satisfactory security until SELLER, in its sole judgment, determines that the financial ability of BUYER has returned to a level where SELLER no longer has reasonable doubt as to BUYER's ability to make payments when due. BUYER agrees to pay all of SELLER's collection costs including reasonable attorney fees, litigation expenses and court costs.

d. ANY QUESTIONS CONCERNING THE INTERPRETATION AND ENFORCEMENT OF THIS CONTRACT WILL BE GOVERNED BY THE DOMESTIC LAW OF THE STATE OF DELAWARE, WITHOUT REGARD TO THE PRINCIPLES OF THE CONFLICT OF LAWS.

e. Neither Party may give any director, employee, or representative of the other Party any commission, fee, rebate, gift or entertainment of significant cost or value in connection with this Contract or enter into any other business arrangement with any director, employee, or representative of the other, without prior written notification to the other Party. Any representative(s) authorized by either Party may audit, under appropriate provisions of confidentiality, the applicable records of the other Party for the sole purpose of determining whether there has been compliance with this paragraph.

f. The rights and obligations of the Parties under Exhibit B, Paragraphs 2, 3, and 4 of this Contract will survive termination, cancellation or expiration of this Contract.

g. Should any provision of the Contract be or become illegal or unenforceable, such provision will be considered separate and severable from this Contract and the remaining provisions will remain in force and be binding upon SELLER and BUYER as though such provision had never been included. Any waiver by either Party of any breach of any term or condition of this Contract will not be construed as or be deemed to be a waiver of any future breach of such term or condition.

h. The Section headings of this Contract have been inserted only to facilitate reference and will have no bearing on the construction and interpretation of this Contract.

i. Notices given hereunder are effective when sent by email, fax or received by mail. If notice is given by email or fax, a hard copy must be sent via regular mail to the recipient.

Exhibit F

Arbitration Procedures For Disputes

Capitalized terms used but not defined in this Exhibit shall, unless expressly stated otherwise, have the meanings specified in the Contract to which these Arbitration Procedures for Disputes (these " Procedures ") are attached.

1. Agreement to Arbitrate . Any Dispute shall be finally resolved upon the request of any party to this Contract by binding arbitration in accordance with the Commercial Arbitration Rules (including the procedures for Large, Complex Commercial Disputes) (" Rules ") of the American Arbitration Association (" AAA ") subject to any provisions of these Procedures, and the Federal Arbitration Act (9 U.S.C. § 1, et seq., herein referred to as the " FAA ") unless otherwise herein provided. The provisions of these Procedures shall control with respect to all arbitration proceedings hereunder notwithstanding any contrary rule or procedure of any nature, except that in the event any provision of these Procedures is determined by a duly authorized court to be contrary to law and therefore invalid or unenforceable, it shall be severed from these Procedures and the remainder of these Procedures shall be given effect as though said invalid provision did not exist.

2. Applicable Law . Except as otherwise provided in these Procedures, the arbitrators shall apply applicable U.S. Federal or Delaware substantive law in their award and any related rulings.

3. Arbitrators . The arbitral tribunal shall be composed of three arbitrators (the " Tribunal "). Within twenty (20) calendar days after acknowledgement of the filing of the demand for arbitration by the AAA, each party to the Dispute shall appoint in writing one arbitrator (such arbitrators herein referred to collectively as the " Party Appointed Arbitrators "). The party or parties requesting arbitration (the " Claimant ") shall appoint one arbitrator, and the party or parties named as respondent by the Claimant (the " Respondent ") shall appoint one arbitrator. (In the event of disagreement over the alignment of the parties to the Dispute, the AAA shall group the parties as Claimant and Respondent for the sole purpose of appointment of arbitrators.) Within twenty (20) calendar days of accepting appointment, the Party Appointed Arbitrators shall appoint, by agreement, a third arbitrator who shall serve as the Chair and presiding arbitrator of the Tribunal. If the Party Appointed Arbitrators cannot agree on the third arbitrator within this twenty (20) day period, then the third arbitrator shall be selected pursuant to the Rules. The arbitrators must be neutral. To permit the parties to confirm their neutrality, all arbitrators must fully disclose upon appointment (or at such later time as the circumstance comes into being) any current or past business or familial affiliation or other current or past relationship or dealings with any party that may give rise to a reasonable belief of bias or partiality. If for any reason a member of the Tribunal becomes unable or unwilling to serve, a replacement arbitrator shall be appointed within thirty (30) calendar days of the vacancy in the same manner as the withdrawing arbitrator was appointed. Should the parties agree, or the AAA determine, that a Dispute subject to arbitration under these Procedures involves more than two sides for the purpose of appointment of arbitrators, then the three members of the Tribunal shall be appointed by a procedure to which all parties agree in writing or, in the absence of such an agreement, pursuant to Rules L-2(b) and R-11 of the September 1, 2007, edition of the Rules, provided, however that the AAA may appoint from both the National Roster and the Large, Complex Commercial Case Panel (or any successor to either, if applicable).

4. Seat and Hearings; Time . The seat of the arbitration shall be New York, New York, and any hearings shall be held at a mutually agreeable site at the seat. The hearings shall be held on a date and time mutually agreed upon by all parties to the Dispute and the arbitrators, or if the parties cannot

agree, as determined by the arbitrators. In the absence of agreement, the arbitrators shall appoint a date, time, and/or site for the hearings and provide at least thirty (30) days notice thereof to all parties.

5. Discovery, Evidence. Witnesses and Preliminary Hearings . The Tribunal shall have such power to authorize depositions or issue subpoenas for the attendance of witnesses or the production of documents or other evidence as is provided in the Rules. Disagreements between the parties with respect to discovery matters shall be submitted to the Tribunal (or to the Chair should the parties so agree) for resolution. Nothing contained herein shall restrict the parties from obtaining deposition testimony, the production of documents, or other discovery by agreement between such parties. The Tribunal shall have the power to schedule preliminary hearings, either in person or by telephone, *sua sponte* or on request of any party, in order to enter scheduling and discovery orders, decide preliminary motions, hear argument on motions for summary judgment or partial summary judgment, or to otherwise expedite and manage the proceedings.

6. Interim Relief . The Tribunal shall be authorized to grant interim relief to any party, on an emergency basis, to preserve the status quo or protect property or reputational interests from possible irreparable harm pending a preliminary or final hearing on the merits of the Dispute. The Chair may grant such relief in his or her individual authority if it is not practicable to convene the entire Tribunal to hear the request under the circumstances, but in such event the emergency relief granted shall be for only so long as is necessary to convene the entire Tribunal to hear the application for interim relief. Prior to the appointment of the Tribunal, or at such subsequent time as extraordinary circumstances may warrant, any party to the Dispute may petition a court of competent jurisdiction for interim relief, on an emergency basis, pending the appointment and assumption of duties of the Tribunal or the availability of the Tribunal to consider and rule upon the request for interim relief. Such proceedings shall not constitute a waiver of the right of any party to enforce its rights to arbitration under these Procedures.

7. The Award of the Arbitrators . The arbitrators shall render a final award disposing of all remaining claims in the Dispute within nine (9) months of the appointment of the Chair. The arbitrators may extend this period for good cause, and the award will not be subject to challenge solely because it was rendered after the date prescribed in the preceding sentence. The award of the Tribunal shall be in writing and shall set forth the reasons for their decision. In the event the members of the Tribunal are not unanimous in their decision, the award shall be issued by the majority. Unless expressly allowed for herein or in a Related Agreement, punitive, special or exemplary damages shall not be recoverable in the arbitration and the Tribunal shall not have the power to award punitive, special or exemplary damages or to find that this limitation is waived or inapplicable, regardless of whether a court could so find under the applicable law.

8. Enforcement of the Award of the Arbitrators . Any award of the Tribunal shall be final and binding on the parties and may be confirmed in, and judgment upon such award entered by, any court having jurisdiction. The Tribunal's award shall be entitled to all of the protections and benefits of a final judgment as to any Dispute, including compulsory counterclaims, that were or could have been presented to the Tribunal, and shall be final and binding on the parties and not subject to recourse to the maximum extent permitted by law.

9. Confidentiality of Proceedings, etc . All arbitration proceedings under these Procedures, including all communications, proceedings, decisions, or awards relating to any such arbitration, shall be kept strictly confidential, shall not be subject to disclosure except as may be required by law or applicable regulation, or for the provision of professional advice to which the arbitration is relevant, and, subject to Section 12, shall not be used as evidence in any judicial or administrative proceeding, except in

connection with any application for confirmation, modification, vacation, or entry of judgment on the award to which the communications or proceedings relate.

10. Costs and Expenses . The costs and expenses of the arbitration, which shall include the arbitrators' fees and out-of-pocket expenses, shall be paid by the parties in equal shares. Each party shall be responsible for any costs associated with its obtaining the testimony of witnesses or otherwise making such witnesses available to testify. If the testimony of a witness is obtained by all parties, the costs associated with obtaining such testimony shall be borne equally between the parties. Each party shall bear and be responsible for the fees of its own counsel, provided that the arbitrators shall have the discretion to award the prevailing party its attorneys' fees and expenses and costs of arbitration.

“Metric Ton(s)”	means 2204.62 pounds.
“Net Realization”	means the net proceeds received by Seller in connection with the sale to third parties of Monthly Shortfall Quantities, after deduction of all costs of sale including freight, marketing fees, terminating, carrying cost of credit terms [*****] and inspection fees.

ARTICLE II
TERM AND TERMINATION

Section 2.1 . Term.

The period for the sale and purchase of Styrene under this Agreement shall consist of: (i) the period beginning on the Commencement Date and ending ten (10) calendar years from that date (the "Primary Term"), plus any extension period thereafter (the "Extended Term"), followed by (ii) the Disengagement Period (the Primary Term, the Extended Term and the Disengagement Period shall be referred to collectively as the "Contract Period"). This Agreement shall continue automatically at the end of the Primary Term until terminated pursuant to Section 2.2 below. Notwithstanding the foregoing, Buyer has the option, exercisable in its sole discretion, to extend the Primary Term, in accordance with the following:

(i) this option applies only in the event that circumstances arise (prior to the Seller's Plant having achieved commercial production) under which the maximum loss provision of Section 3.2 has application and where such maximum loss has been reached;

(ii) Buyer must provide Seller with notice, by no later than twenty-four months prior to the time when the Primary Term otherwise would expire, that Buyer is exercising this option;

(iii) the length of the extension, to be specified in such notice, can be for as long as the amount of time which elapses between the date when the maximum loss is reached and the date when Seller's Plant achieves commercial production; and

(iv) Buyer may establish a new Annual Contract Quantity, to be specified in such notice and to be effective for the period of the extension, in any amount between [*****] per year.

Section 2.2 . Termination.

Except as expressly provided otherwise in this Agreement, neither Party has the right to terminate this Agreement prior to the end of the Primary Term, Notwithstanding the foregoing:

(a) Seller may terminate this Agreement without incurring cost or liability in favor of Buyer in the event Seller does not obtain financing for the construction of Seller's Plant within the thirty days following the execution of this Agreement; or

(b) if Seller determines not to proceed with constructing Seller's Plant, Seller may terminate this Agreement upon the payment to Buyer of a [*****] provided that Seller gives written notice of such termination to Buyer by no later than April 1, 2005.

Either Party may terminate this Agreement at the end of the Primary Term (followed by the Disengagement Period) by giving the other Party written notice of the termination at least twenty-four (24) Months prior to the end of the Primary Term. Following the expiration of the Primary Term, either Party may terminate this Agreement by giving the other Party written notice of the termination at least twenty-four (24) Months prior to the proposed commencement of the Disengagement Period. In either event, however, the Disengagement Period will commence at the end of the twenty-four month notice period, and this Agreement will terminate only at the conclusion of the Disengagement Period.

Section 2.3 . Termination for Cause.

Either Party ("the First Party") may terminate this Agreement with immediate effect by notice in writing to the other Party on or at any time after the occurrence of any of the following events in relation to any other Party ("the Second Party"):

2.3.1 if the Second Party commits a material breach of any of its material obligations under this Agreement and, where such breach is remediable, fails to remedy the same within thirty (30) days of being required by the First Party to do so, with the agreement between the Parties being that payment or performance by a guarantor of a Party pursuant to the guarantees attached hereto in Exhibit C shall not be construed to be a remedy of such Party's breach; for the purposes of this Section 2.3.1, a breach shall be considered capable of remedy if time is not of the essence in performance of the obligation and if the Second Party can comply with the obligation within the thirty (30) day period;

2.3.2 if the Second Party becomes or is deemed to be insolvent or is unable to pay its debts (within the meaning of the Insolvency Act 1986);

2.3.3 if a petition is presented or meeting convened or resolution is passed for the purpose of winding up the Second Party or the Second Party enters into liquidation whether compulsorily or voluntarily or compounds with its creditors generally or has a receiver, receiver and manager administrator Or administrative receiver appointed over all or any part of its assets or any proposal is made for a company voluntary arrangement in respect of the Second Party;

2.3.4 if the Second Party suffers an event of Force Majeure and the other Party is entitled to terminate this Agreement under Section 9;

2.3.5 if the Second Party experiences a Change of Control;

2.3.6 if the Seller (as the Second Party) implements a change in manufacturing process (from that which is contemplated at the time of executing this Agreement) at Seller's Plant which causes (as determined by an arbitrator appointed pursuant to Section 12.2 hereof) the Styrene to infringe on the valid patents in effect in China, and Seller does not agree to hold Buyer harmless from the effects of such infringement;

2.3.7 if the Seller's Plant has not reached commercial production by July 1, 2009 for any reasons other than Force Majeure as defined in Section 9.1, and Seller does not agree to supply styrene meeting Specification to Buyer at the Contract Price, then Buyer may terminate this agreement; provided however that any termination by Buyer under this Section 2.3.7 will be without prejudice to any claims of Buyer arising under this Agreement, subject to the express provisions of this Agreement relating to such claims; or

2.3.8 if the individual or cumulative effect of any Newly Imposed Tax(es) results in an increase in the Seller's cost of production of at least two times the amount stated at the end of the first sentence of Section 5.4 (hereinafter referred to as Seller's Tax Limit Cost), and Buyer does not agree to pay half of the amount in excess of the Seller's Tax Limit Cost of such Newly Imposed Tax(es) allocable to the Styrene sold pursuant to this Agreement (in which case Seller shall have the termination option as the First Party).

In the event of a termination under Section 2.3.1, the breaching Party shall reimburse the nonbreaching Party for all costs and expenses related to pursuit of payment for any claim in any way arising from such breach, including but not limited to reasonable attorneys' fees.

ARTICLE III
STYRENE SALES AND QUANTITIES

Section 3.1 . Styrene Sales.

With effect from the Commencement Date and continuing throughout the Contract Period, Seller agrees to sell and deliver and Buyer agrees to purchase and receive Styrene in accordance with the terms and conditions of this Agreement. Prior to the Commencement Date (during the start-up of Seller's Plant), certain quantities of Styrene may become available for sale to Buyer; in the event that Buyer chooses to purchase any quantities available prior to the Commencement Date, such sales shall similarly be subject to the terms and conditions of this Agreement. However any such sales before the Commencement Date shall not affect the Contract Period as specified in Section 2.1.

Section 3.2 . Commencement Date Timing.

In the event that Seller's Plant is ready for commercial production prior to April 1, 2007, the Commencement Date shall not be earlier than April 1, 2007 unless otherwise agreed by the parties, and Buyer shall have the option to purchase Styrene produced prior to the Commencement Date pursuant to the terms defined in Section 3.1. If the Seller's Plant is not ready for commercial production by the nominated Commencement Date for any reasons other than Force Majeure as defined in Section 9.1 hereinbelow, Seller, if requested by Buyer, shall perform one of the following options, as Seller may elect in its sole discretion: (i) supply to Buyer styrene meeting the Specifications (obtained from third-party sources) in accordance with the price and other terms agreed hereunder; or (ii) direct Buyer itself to obtain from third-party sources the monthly quantities contemplated herein, in which case Seller shall pay Buyer an amount equal to the net difference between the Styrene Price (as specified under this Agreement) and any higher price of styrene which Buyer pays in obtaining such styrene, net of Buyer incurred costs as defined in Net Realization, given that Buyer agrees to exercise its best efforts to obtain the lowest price achievable under the circumstances. In any event however, the Parties expressly agree that the maximum loss which Seller shall be obliged to incur with respect to the provisions of this Section 3.2 shall be no greater than [*****]. Seller shall not be entitled to delay the achievement of commercial production on the basis of financial, business or market reasons, or on the basis of Seller's gross negligence or willful misconduct, and if Seller breaches this obligation then the provision as to limitation of loss which is contained in the preceding sentence shall not apply to the extent of any delay which is attributable to such breach. In determining whether any delay is due to Seller's willful misconduct, only the actions of the officers and directors of Seller (and of Seller's Affiliates) will be considered.

Section 3.3 . Quantity.

The quantity of sales on an annual basis shall be consistent with each Annual Nomination, in accordance with Section 4.2, which Annual Nomination shall be equal to or greater than the Annual Contract Quantity, except to the extent that Excusing Conditions occur. With respect to sales on a monthly basis, the quantity of sales shall be consistent with each Monthly Nomination, provided pursuant to Section 4.1. However, to the extent that a Monthly Nomination is more than the Maximum Monthly Nomination, such sales shall be at the Seller's discretion.

Section 3.4 . Monthly Shortfall.

If Buyer fails to purchase Styrene for any reason other than any applicable Excusing Conditions, such that there are resulting Monthly Shortfall Quantities, then Buyer shall pay to Seller the Monthly Shortfall Payment in accordance with the provisions of Section 5.2. A sample calculation of a Monthly Shortfall Payment is included in Exhibit B. IT IS UNDERSTOOD AND AGREED BETWEEN THE PARTIES HERETO THAT SELLER'S RIGHT TO COLLECT THE MONTHLY SHORTFALL PAYMENT CONSTITUTES SELLER'S EXCLUSIVE REMEDY FOR BUYER'S FAILURE TO PURCHASE THE MONTHLY NOMINATION, AND IN NO EVENT SHALL BUYER BE OBLIGATED TO PAY MORE THAN THE MONTHLY SHORTFALL PAYMENT FOR ANY VOLUME OF STYRENE NOT ACTUALLY PURCHASED BY BUYER IN A GIVEN MONTH. THE MONTHLY SHORTFALL PAYMENT REPRESENTS A REASONABLE AND GENUINE PRE-ESTIMATE OF DAMAGES WHICH WOULD BE SUFFERED BY SELLER IF BUYER FAILS TO PURCHASE THE MONTHLY NOMINATION AND DOES NOT CONSTITUTE A PENALTY. BUYER SHALL NOT BE REQUIRED TO PAY THE

MONTHLY SHORTFALL PAYMENT TO THE EXTENT OF ANY APPLICABLE EXCUSING CONDITIONS.

Section 3.5 . Alternative Sale of Monthly Shortfall Quantities.

If Buyer fails to purchase the Firm Monthly Nomination, Seller may undertake to effectuate an alternative sale of such Monthly Shortfall Quantities. If and to the extent that the Seller endeavours to make spot sales of the Monthly Shortfall Quantities, Seller will use commercially reasonable efforts to sell it at the highest market price available in any region reasonably chosen by Seller.

Section 3.6 . Annual Shortfall.

If Buyer fails to purchase the Annual Contract Quantity pursuant to Section 4.1 in a given Contract Year (for reasons other than any applicable Excusing Conditions), then Buyer shall pay to Seller the Annual Shortfall Payment. In the event that the cumulative amount of any Monthly Shortfall Payments made by Buyer for the Contract Year in question cause the Annual Shortfall Payment to be a negative number (after netting), then Seller shall reimburse the amount to Buyer. A sample calculation of an Annual Shortfall Amount is included in Exhibit B.

Section 3.7 . Delayed Delivery.

In each Month, Buyer shall have the option to purchase Styrene without taking immediate delivery, upon providing written notice thereof to Seller not later than the 20 th of the prior month. [*****]. The price for such Styrene shall be determined in accordance with Section 5.1 as of the Month of the election. All Styrene sold but not delivered under this Section shall be deemed by the Parties to have been purchased by Buyer at the Delivery Location as of the election date and then accounted for and held by Seller for subsequent delivery to Buyer, as Buyer shall instruct.

ARTICLE IV
FORECASTS

Section 4.1 . Rolling 3-Month Forecasts.

No later than the 20 th of each month during the Contract Period, Buyer shall provide Seller with a [*****] rolling forecast of Monthly Nominations, reflecting the Styrene Buyer intends to purchase and receive during the [*****] starting at the end of the month when the forecast is provided (the "Rolling Forecast"). With respect to the initial month of each Rolling Forecast, the Monthly Nomination shall be provided on a firm and binding basis (the "Firm Monthly Nomination"), whereas the Monthly Nominations[*****] of the Rolling Forecast are understood merely to be good faith estimates.

Section 4.2 . Annual Nomination.

By no later than September 30th of the year preceding each Contract Year, Buyer shall provide to Seller in writing a nomination of Buyer's anticipated purchase levels for the upcoming Contract Year (the "Annual Nomination"). The amount of each Annual Nomination

shall be equal to or greater than the Annual Contract Quantity, except to the extent of applicable Excusing Conditions. However, Buyer acknowledges that to the extent requested sales under the Annual Nomination are greater than the Annual Contract Quantity, such excess sales shall be at the discretion of Seller and the price applicable to such excess sales shall be a matter of negotiation between the Parties. In the event Buyer does not provide the new Annual Nomination by the date specified, the Annual Nomination for the upcoming Contract Year shall be deemed to be [*****].

Section 4.3 . Confirmation of Annual Nomination.

By no later than thirty (30) days following receipt of an Annual Nomination, Seller shall provide Buyer with a response confirming Seller's receipt of the Annual Nomination for the Contract Year in question. In the event Seller does not provide the confirmation within the time period specified, Seller shall be deemed to confirm the Annual Nomination for the upcoming Contract Year, subject to the provisions of Section 4.2 with respect to excess sales.

Section 4.4 . Scheduled Shutdowns.

Buyer and Seller will use reasonable endeavors to coordinate scheduled shut downs with each other and shall give the other Party twelve (12) months advance notice of any scheduled shutdown which shall affect the ability of a Party to supply or receive product on a short-term basis. However, for the avoidance of doubt the Parties hereby acknowledge that scheduled shutdowns shall not constitute an Excusing Condition and thus shall not reduce the purchase and sale obligations contained herein with respect to Annual Nominations unless otherwise mutually agreed.

ARTICLE V
PRICE AND PAYMENT TERMS

Section 5.1 . Pricing

The price for Styrene sold hereunder (the "Styrene Price") shall be established in U.S. cents per pound ("cpp") and converted to U.S. dollars per Metric Ton [*****]. The Styrene Price shall be based upon the following formula, as defined below, and shall be calculated in the following manner:

[*****]

[*****]

[*****]

Section 5.2 . Payment Terms.

On or about the 5 th Business Day of each Month, a consolidated invoice will be issued to Buyer for all Styrene sold during the preceding Month, as well as other amounts due and owing, including any outstanding Monthly Shortfall Payment and (each January following a Contract Year) any Annual Shortfall Payment owing for the Contract Year in question. Buyer shall pay the invoice amount on the 15 th day of each Month (or if such 15 th day is not a Business Day for Buyer, then on the next Business Day) via electronic funds transfer ("EFT") to an account as specified by Seller; provided, however, that said payment date will be extended by the number of days by which Seller is delayed in issuing its invoice. All amounts due under an invoice shall be due and payable in currency of the United States. If either Party disputes the amount due under an invoice, the Parties shall act promptly to resolve the dispute. However, Buyer will only be entitled to withhold payment of that amount subject to bona fide dispute. If any amount is determined or agreed actually to be due and owing, the Party owing such amount shall promptly pay such amount plus interest at LIBOR + 1% for the period from the date of the invoice until payment.

Section 5.3 . Suspending Shipments.

If Buyer is past due in payment of any amount owing to Seller or is unable to pay its debts as they fall due, Seller reserves the right, without liability and without prejudice to any other remedies, to suspend performance, decline to ship, or stop any material or goods in transit, until Seller receives payment of all amounts owing to Seller, or otherwise receives adequate assurance of payment for any amounts outstanding to Seller, in the form of a letter of credit, a parent guarantee or a bank guarantee. If Seller has committed a breach of its supply obligations (which Seller has failed promptly to cure in accordance with Section 2.3.1 and any other provisions of this Agreement), Buyer reserves the right, without liability and without prejudice to any other remedies (including termination pursuant to Section 2.3), to suspend future purchases until Seller's breach is properly cured.

Section 5.4 . Taxes.

Any tax (other than on income or on gross receipts or measured by income or gross receipts), duty or other governmental charge now or hereafter imposed (including "Superfund" taxes) on the delivery of Styrene to Buyer pursuant to this Agreement (or on

Seller, or required to be paid or collected by Seller, by reason of the manufacture of such Styrene), which would have application after the Commencement Date, hereinafter "Newly Imposed Tax", shall be apportioned equally between Seller and Buyer with respect to the Styrene sold under this agreement, in addition to the Styrene price; provided that under no circumstances shall Buyer be obliged to pay an amount in excess of [*****] pursuant to the provisions of this section. It is the intent of the Parties for Buyer to pay only such Newly Imposed Tax as relates to Styrene delivered to Buyer. If a Newly Imposed Tax is calculated on any basis other than an amount per metric ton delivered or as a percentage of purchase price, such as a periodic amount imposed on the manufacture of Styrene, the Newly Imposed Tax will be prorated between Buyer and Seller taking into account only the Styrene delivered to Buyer upon which the Newly Imposed Tax is imposed. Buyer and Seller shall each be entitled to one-half (on a pro rata basis) of any tax credit, refund, or reduction in tax charge that may be available with respect to the taxes paid on delivery, manufacture, sale, or use of such Styrene and Seller shall cooperate with Buyer if necessary to secure such credit, refund, or tax reduction. A Newly Imposed Tax shall not be payable by Buyer to the extent it results from Seller's negligence or from any actions or negotiations of Seller intending to allocate any Newly Imposed Tax on the supply of Styrene to Buyer.

Section 5.5 . Published References.

The Parties agree that they will negotiate an alternative reference price, pricing mechanism or index if any of the published reference prices or indices used to establish a pricing formula are no longer published when no alternative published reference price is already specified in this Agreement. Further, it is recognized by both parties that the Styrene Monomer purchased under this agreement is destined for the major markets in Asia and as such the raw material references are intended to be representative of the actual or prevailing prices impacting the valuation of Styrene Monomer in these markets. The references currently applied in this contract meet this criterion. If any of such reference prices or indices no longer meets this criterion, then either Party has the right to propose to replace an existing reference price in this Agreement with a new prevailing market reference price by communicating to the other Party not later than November 1 preceding any Contract Year. If the other Party does not agree on such alternative reference price within 60 days, then either Party may refer the matter for resolution in accordance with the provisions of Section 12.2, with the new reference price to be applied retroactively to the beginning of the Contract Year in question in the event the disagreement is resolved in favor of the new reference price. If there is a correction in any of the referenced publications within thirty (30) days of publication, the correction shall be applied to the price as applicable.

Section 5.6 . Price Adjustments.

The Parties agree that there will not be any price adjustment made, whether due to publication error or calculation error, to an invoiced amount more than twelve (12) Months after the date of the applicable invoice.

Section 5.7 . Most Favored Purchaser.

If Seller at any time during the term of this Agreement shall offer Styrene for sale to any third party for use in Asia or India (other than an entity in which an Affiliate of Seller owns an equity (or similar) interest of 40% or more), in monthly quantities equal to or smaller than those established in this Agreement, on substantively equivalent or better terms and conditions for the third party (including in relation to contract duration any contractual duration longer than three

years), and on a structured pricing basis substantively equivalent to that which is established in this Agreement, which results in a net price lower than that which is in effect under this Agreement, then Seller shall, to the extent permitted by applicable law, offer Buyer the same lower price for the Styrene purchased hereunder, but only after the two initial years of the contract with the third party have elapsed and thereafter only for the period of time in which such third party's lower price is in effect.

ARTICLE VI
DELIVERY AND MEASUREMENT

Section 6.1 . Delivery Rate.

Seller shall endeavor to deliver and Buyer shall endeavor to take Styrene ratably throughout each Month, subject to the occurrence of any Excusing Conditions and subject to any scheduled shutdowns which have been communicated between the Parties.

Section 6.2 . Delivery Location.

The Styrene purchased and sold under this Agreement shall be delivered at the Delivery Location.

Section 6.3 . Title and Risk of Loss.

Title to the Styrene and all risk of damage or loss with respect thereto shall pass to Buyer at the moment when the Styrene passes through the Delivery Location.

Section 6.4 . Measurement.

Styrene will be sold on a weight basis converted from volume measurements. The volume of Styrene delivered shall be determined by calibrated shore tank gauges or other mutually agreed upon methods by an independent surveyor at the point of delivery. All deliveries shall be computed on the basis of volume adjusted to the standard temperature of 60 degrees Fahrenheit Volume measurements for Styrene shall be adjusted for temperature and converted to weight in metric tons using ASTM D1555M for volume measurements made in metric units.

Section 6.5 . Shipping Details.

In respect of each shipment of Styrene which Buyer wishes Seller to deliver, Buyer shall give to Seller a written nomination setting out:

6.5.1 the quantity of Styrene which Buyer wishes to be delivered in that shipment [*****]

6.5.2 a fifteen (15) day laycan in which the Buyer wishes the shipment to be loaded at Port of Shipment, the first day of which laycan may not be earlier than thirty (30) days after the day on which the order is given to the Seller; and

6.5.3 the details of the vessel nominated by Buyer to carry the shipment, such as the vessel's name, age, deadweight, draft and prior cargo. In the event that either Party becomes aware that a nominated vessel has been cancelled or is likely to

be delayed or otherwise restricted, such Party shall promptly notify the other Party of the same, and Buyer shall then use all reasonable endeavors to mitigate the effects of such delay or cancellation.

6.5.4 Buyer shall nominate a vessel with a laytime based on minimum 200 MT/hr reversible SHINC unless otherwise mutually agreed upon.

ARTICLE VII
WARRANTIES

Section 7.1 . Sole Warranty.

Seller warrants, and only warrants, that the Styrene shall meet Specification (except with respect to Off-Spec Styrene which Buyer agrees to purchase), that Seller shall have the right to sell Styrene and that Seller shall convey the Styrene at the time of delivery at the Delivery Location with good and marketable title,

a. free from any lawful security interest, lien, or encumbrance (or other similar claims);

b. free from any patent claims establishing that the manufacture of the Styrene in Saudi Arabia infringes the valid patent of any third parties in Saudi Arabia; and

c. free from any other third party claim impacting Buyer's good and marketable title resulting from Seller's lack of compliance with any applicable laws or contractual obligations.

Section 7.2 . Disclaimer of Other Warranties.

EXCEPT AS EXPRESSLY SET OUT IN SECTION 7.1 ABOVE, SELLER DOES NOT MAKE, AND SELLER HEREBY EXPRESSLY DISCLAIMS (AND BUYER EXPRESSLY WAIVES), ANY OTHER WARRANTIES INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, REGARDLESS OF WHETHER ORAL OR WRITTEN, EXPRESS OR IMPLIED, OR ALLEGEDLY ARISING FROM ANY USAGE OF ANY TRADE OR FROM ANY COURSE OF DEALING.

ARTICLE VIII
INSPECTION, CLAIMS AND LIMITATION OF LIABILITY

Section 8.1 . Inspection.

Buyer will cause the Styrene to be examined by an independent surveyor at the time of loading at the Delivery Point. Buyer has the right to nominate such independent inspector, subject to the Seller's mutual agreement, and all costs associated with the inspector shall be split equally between Buyer and Seller. The determinations of the independent surveyor as to both quantity and quality shall be binding upon Buyer and Seller, unless either of them can prove that the determination of the independent surveyor was wrong. In the event such independent surveyor believes that there has been a shortfall in delivery of Styrene or that the delivery contain Off-Spec Styrene, Buyer shall notify Seller as promptly as possible, and in the case of Off-Spec Styrene Buyer and Seller shall then enter into discussions pursuant to Section 8.3. In the case of a shortfall in delivery of Styrene, Seller shall deliver the shortfall amount as soon as

possible, using all reasonable diligence, but in no event later than at the date scheduled for the next delivery. Seller shall be responsible for any demurrage, 'dead freight' and costs reasonably incurred by Buyer as a result of Seller's delivery shortfall.

Section 8.2 . Test Methods.

Analytical procedures and test methods for product quality shall be in accordance with Exhibit A. Such procedures shall be no less rigorous than standard industry procedures and shall be revised periodically by agreement between the Parties for this purpose. Seller shall provide Buyer with certification sheets in respect of the analysis and description of the properties of each lot of Styrene part or all of which is to be delivered to Buyer hereunder. Such certification sheets shall be provided promptly following completion of final analysis of samples of such lot.

Section 8.3 . Off-Spec Styrene.

In the event that Buyer is willing to consider purchasing Off-Spec Styrene which it has received, then the Parties shall commence discussions with a view to agreeing terms on which Buyer may elect to accept such Off-Spec Styrene. If the Parties fail to reach agreement, then Buyer shall be entitled to reject the Off-Spec Styrene in which case Seller shall be responsible for the disposition thereof and shall promptly, but in no event later than at the date scheduled for the next delivery, deliver to Buyer an equivalent quantity of Styrene (meeting Specification) in replacement therefor. Where Buyer has rejected such Off-Spec Styrene, Seller shall be responsible for any ship cleaning, demurrage, and additional costs reasonably incurred by Buyer. The Buyer shall not be obliged to pay the Seller for the non-compliant product so rejected. However, in the event that an agreement is reached with respect to the purchase of the Off-Spec Styrene, such quantities shall count towards satisfaction of the Monthly Nomination for the Month in question.

In the event that Seller has Off-Spec Styrene which it desires to sell to Buyer, Seller shall notify the Buyer of the same, providing details of the properties thereof, and if Buyer desires to purchase it, the Parties will discuss the pricing terms which will apply to such sale. The terms and conditions of this Agreement (other than the pricing provisions of Article V) shall apply to the sales of Off-Spec Styrene.

Section 8.4 . Maximum Liability.

EXCEPT AS PROVIDED IN SECTION 8.6 BELOW, A PARTY'S TOTAL LIABILITY TO THE OTHER PARTY ARISING FROM THIS AGREEMENT FOR ANY CLAIMS OF ANY NATURE WILL NOT EXCEED THE PURCHASE PRICE OF THE PORTION OF STYRENE IN RESPECT OF WHICH SUCH CLAIMS ARE MADE.

Section 8.5 . Consequential Loss.

WITHOUT PREJUDICE TO THE APPLICATION OF SECTION 3.4 ABOVE, IN NO EVENT WILL EITHER PARTY BE LIABLE HEREUNDER FOR ANY LOST PROFITS OR ANY INDIRECT, CONSEQUENTIAL, SPECIAL, CONTINGENT, EXEMPLARY OR PUNITIVE DAMAGES WHETHER ARISING IN TORT, CONTRACT, OR OTHERWISE.

Section 8.6 . Reporting.

NOTWITHSTANDING ANYTHING CONTAINED IN THIS AGREEMENT TO THE CONTRARY, THE PROVISIONS OF SECTIONS 8.4 AND 8.5 WILL NOT APPLY TO EITHER PARTY'S INDEMNITY OBLIGATIONS SET FORTH IN ARTICLE XI.

ARTICLE IX
FORCE MAJEURE

Section 9.1 . Force Majeure.

No delay or failure of performance of any obligation under this Agreement by either Party shall constitute default hereunder or give rise to any claims for damages (if any) to the extent that such delay or failure: (i) is beyond the Party's reasonable control; or (ii) results from an event or condition which is unforeseeable or which if foreseeable cannot by the exercise of reasonable diligence be prevented or avoided ("Force Majeure"). Force Majeure events shall include:

(i) in relation to Seller's Plant and Buyer's Nominated Plants (the "Affected Plant"), any act of war (whether declared or undeclared), invasion, armed conflict or act of foreign enemy, blockade, embargo, revolution, riot, civil commotion, act or campaign of terrorism, or sabotage; any government nationalization, sequestration or expropriation; strike, work to rule or go-slow; changes in any law applicable to the Affected Plant; adverse weather conditions affecting production by an Affected Plant, lightning, fire, earthquake, tsunami, storm, cyclone, typhoon, or tornado; fire, epidemic or plague; radioactive contamination or ionizing radiation; explosion; or chemical contamination;

(ii) the lapse, termination or revocation of any consent, permit or license (to the extent beyond the reasonable control of the affected Party); and

(iii) except to the extent caused by a failure of the affected Party to act in accordance with good industry practice in the Affected Plant: failure of any material piece of equipment at the Affected Plant; a delay or failure in supply of fuel, feedstock, catalyst or any other raw material or any utility of any kind necessary for the operation of the Affected Plant; and a delay in the performance of any contractor or subcontractor;

provided always that such event is not caused by the negligence or intentional action of a Party or their respective agents or employees, and provided further that neither Party shall declare Force Majeure with respect to the other Party unless the declaring Party also declares Force Majeure with respect to its other purchasers and suppliers.

Section 9.2 . Reduction in Volumes.

In the event of a Force Majeure event affecting one or more of Buyer's Nominated Plants, Buyer's purchase obligation shall be reduced during the pendency of the Force Majeure event by the percentage amount which is calculated as a fraction, the numerator of which is the amount of reduction in capacity of Buyer's Nominated Plants as a result of the Force Majeure and the denominator of which is the Nominated Plants Capacity.

In the event of a Force Majeure event affecting Seller's Plant, Seller's obligations under this Agreement shall be excused or reduced, as the case may be, to the extent such performance is prevented or limited by the Force Majeure event. Nevertheless, to the extent that Seller's Styrene production is simply reduced rather than completely curtailed due to an event of Force Majeure, any available quantity of Styrene shall be allotted to Buyer on a pro rata basis. More specifically, Seller's delivery obligation to Buyer shall be reduced during the pendency of the Force Majeure event by the percentage amount which is calculated as a fraction, the numerator of which is the amount of Seller's reduction in capacity as a result of the Force Majeure event and the denominator of which is the effective capacity of Seller's Styrene facilities, currently estimated to be [*****]

Section 9.3 . Notice Requirements.

The Party asserting Force Majeure shall in each instance give the other Party notice thereof no later than three (3) days after the beginning of each such occurrence. Such notice shall include a brief description of the event or circumstance of Force Majeure, the nature of the impact on the Party, and an estimate of the anticipated delay. No such delay or continuation thereof shall be effective for a period of more than fifteen (15) days unless prior to the end of the initial fifteen (15) day period, the Party asserting the Force Majeure shall give the other Party notice of the continuation thereof.

Section 9.4 . Remainder of Obligations Not Affected.

Nothing in this Article IX shall alter any obligations under this Agreement to the extent not affected by such Force Majeure event. The affected Party shall make all reasonable efforts to minimize the effects of the Force Majeure event, and the Parties shall consult with each other with a view to agreeing on appropriate measures to be taken to mitigate the effects of the Force Majeure event.

Section 9.5 . Cessation of Force Majeure.

Not later than seven (7) days after the cessation of any Force Majeure event, the Party that asserted it shall give the other Party notice of the date of such cessation; provided that the Party that asserted the claim for Force Majeure shall resume performance of its obligations under this Agreement immediately upon cessation of the Force Majeure event.

Section 9.6 . Termination for Prolonged Force Majeure.

If the cumulative duration of any period or periods of Force Majeure exceeds three hundred and sixty five (365) days, the Party other than the Party asserting Force Majeure may terminate this Agreement forthwith. If the duration of any single period of Force Majeure exceeds one hundred and eighty (180) days, the Party other than the Party asserting Force Majeure shall be entitled to terminate this Agreement unless the Party asserting Force Majeure can perform or cause somebody to perform at least 70% of its obligations under this Agreement.

Section 9.7 . General Limitations.

Neither party shall be entitled to the benefits of the provisions of this Article IX to the extent that:

(1) The failure to observe or perform was caused by the party claiming Force Majeure having failed to act reasonably to remedy the condition and remove the cause or circumstances of Force Majeure, or having failed to resume with all reasonable dispatch the performance of such covenants or obligations.

(2) The event of Force Majeure was caused by lack of finances, any change in the market price for Styrene or was related to the payment of any amount or amounts due under this Agreement.

(3) The failure to observe or perform was caused by either party's failure to use due diligence to maintain a permit, authorization or approval of any governmental authority.

(4) The failure to observe or perform was caused by arrest or restraint of governments or governmental agencies or the order of any court and a such arrest, restraint or order was a result of a reckless or intentional breach or violation by the party claiming Force Majeure of the term of a permit, license, certificate or of any applicable laws, regulations or orders.

(5) The failure to observe or perform was caused by the party claiming Force Majeure failing to act in a reasonable and prudent manner under the circumstances.

ARTICLE X
SAFETY AND HEALTH COMMUNICATIONS

Seller shall furnish to Buyer Material Safety Data Sheets which include health, safety and other hazard communication information on Styrene consistent with the Occupational Safety and Health Administration's Hazard Communication. Buyer shall disseminate to third parties, as required by applicable law, Material Safety Data Sheets which include health, safety and other hazard communication information on Styrene consistent with the Occupational Safety and Health Administration's Hazard Communications. If Styrene is further processed, mixed or incorporated into another product, Buyer shall furnish to third parties, as required by applicable law, Material Safety Data Sheets which include health, safety and other hazard communication information on such product consistent with the Occupational Safety and Health Administration's Hazard Communications Standard.

ARTICLE XI
INDEMNIFICATION

Section 11.1 . Indemnity.

Personal Injury of Related Persons . Each of the Parties (as the "Indemnifying Party") hereby agrees to defend, indemnify and save harmless the other Party, its Affiliates, and their respective directors, officers, employees, servants, consultants and agents (collectively, the "Indemnified Parties") from and against any and all actions, causes of actions, claims, demands, costs, losses and expenses for personal injury to or death of any individual who is the employee, officer, servant, consultant, representative or agent of the Indemnifying Party, which

may be brought against or incurred or suffered by the Indemnified Parties, arising out of, connected with, or relating in any way to this Agreement. **This indemnity will apply whether or not it is alleged or proved that Indemnified Party was passively, concurrently, or actively negligent, and regardless of whether liability without fault is imposed or sought to be imposed on the Indemnified Party.** However, this indemnity will not apply to the extent such liabilities are the result of the sole negligence or willful misconduct of the Indemnified Party.

Personal Injury of Non-Related Persons and Property Damage . Additionally, each of the Parties (as the "Indemnifying Party") hereby agrees to defend, indemnify and save harmless the other Party, its Affiliates, and their respective directors, officers, employees, servants, consultants and agents (collectively, the "Indemnified Parties") from and against any and all actions, causes of actions, claims, demands, costs, losses and expenses

(i) for personal injury to or death of any individual who is NOT the employee, officer, servant, consultant, representative or agent of either Party, and

(ii) for damage to or loss of any physical property by a person other than the Parties or their respective Affiliates,

which may be brought against or incurred or suffered by the Indemnified Parties by reason of, or which may be attributable to or arises out of any act or omission of the Indemnifying Party in relation to this Agreement. If the action, cause of action, claim, demand, cost, loss or expense described hereunder is attributable to the acts or omissions of both the Indemnifying Party and the Indemnified Parties, then they shall share liability in respect thereof in the proportions that their acts or omissions contributed to such liability.

Section 11.2 . Notification of Claims.

The Parties covenant and agree that if one of the Parties (as the Indemnified Party) receives a demand or claim or receives notice of action, proceeding or investigation having been commenced or threatened to be commenced (a "Claim") that may result in the Indemnified Party claiming indemnity from the other Party (as the Indemnifying Party pursuant to Section 11.1), then the Indemnified Party shall promptly give written notice of the Claim to the Indemnifying Party. Provided however, a failure of the Indemnified Party to notify the Indemnifying Party will not relieve the Indemnifying Party from any liability that the Indemnifying Party may have to the Indemnified Party unless such failure to notify prejudices the Indemnifying Party's ability to defend the Claim, or (ii) notice is given after the expiry of the one hundred and eighty (180) days period following the date when the notifiable facts were discovered or should have reasonably been discovered. Upon receipt of notice of the Claim, the Indemnifying Party may elect to resist, compromise, settle or defend the Claim. If the Indemnifying Party elects to resist, compromise, settle or defend the Claim, the Indemnifying Party shall notify the Indemnified Party in that regard and upon so notifying the Indemnified Party, the Indemnifying Party and the Indemnified Party shall consult and cooperate in resisting, compromising, settling, or defending the Claim. Provided however, the Indemnifying Party shall control the settling or defending of any Claim but shall not settle any Claim without the prior written consent of the Indemnified Party, such consent not to be unreasonably withheld. The Indemnified Party shall have the right to participate in the defense of any suit to which it is a party without relieving the Indemnifying Party of its obligations hereunder, except that such participation shall be at the Indemnified Party's own expense. If the Indemnifying Party elects not to resist, compromise, settle or defend the

Claim, or does not give timely notice to the Indemnified Party, then the Indemnified Party shall be entitled to deal with or defend the Claim in any manner it feels appropriate.

ARTICLE XII
DISPUTE RESOLUTION

Section 12.1 . Dispute Negotiation.

Any and all disputes, claims, and controversies between the Parties concerning the validity, interpretation, performance, termination or breach of this Agreement, that cannot promptly be resolved, shall be submitted within thirty (30) days after such dispute, claim or controversy arises to senior level managers of the Parties, who shall meet with one another in person and use all reasonable efforts to find an amicable resolution of such dispute within thirty (30) days (or such longer period as may be mutually agreed upon) of submission of the matter to them.

Section 12.2 . Alternate Dispute Resolution.

If the Parties are unable to resolve a dispute after exerting all reasonable efforts pursuant to Section 12.1, either Party may refer the matter to, and such matter shall be resolved by, arbitration in accordance with the rules of conciliation and arbitration of the London Court of International Arbitration then in effect (the "Rules"), which Rules are deemed to be incorporated herein by reference, on the following basis:

(i) The number of arbitrators shall be three (3), to be appointed in accordance with the Rules. The parties to the dispute shall use their best efforts to agree in advance with the arbitrators to a budget and to time schedules for the arbitration

(ii) The place of arbitration shall be London, England.

(iii) The language to be used in arbitrations shall be English.

(iv) Any arbitrator may be of any nationality and need not be a lawyer or hold any other professional status or membership but shall be experienced in the commercial or business matters that are to be the subject of the arbitration; provided that, except in cases where all parties to the dispute agree that the dispute is not resolvable by reference to applicable law and the terms and conditions of the various contracts among the parties and their Affiliates, the third, presiding arbitrator selected pursuant to the Rules shall be a lawyer.

(v) The arbitral award shall be rendered in writing and shall state the reasons for the award, and shall be final and binding upon the parties to the dispute. No arbitral award shall include punitive damages or consequential damages.

(vi) An award shall be subject to challenge or appeal only as provided under English law. If an award is confirmed by a final English court judgment, the parties will accept the award and will not resist its enforcement in any country. Judgment on any award may be entered by any court of competent jurisdiction, or application

may be made to such a court for judicial recognition or acceptance of the award and any appropriate order including recognition or enforcement.

(vii) Each party to the dispute shall bear its own expenses and attorneys' fees in connection with arbitrations.

(viii) The fees of the arbitrators and the costs and expenses of the arbitration panel shall be shared equally by the parties to the dispute.

ARTICLE XIII
ASSIGNMENT

Section 13.1 . Assignment in General.

Neither this Agreement (including all rights, duties and obligations hereunder) nor any claim against Seller or Buyer arising directly or indirectly out of or in connection with this Agreement shall be assignable by Seller or Buyer or by operation of law, without the prior written consent of the other Party.

Section 13.2 . Assignment to Successor in Interest.

However, notwithstanding the provisions of Section 13.1 above, each of Seller and Buyer shall have the right to assign this Agreement to a purchaser or other successor of

(i) (in the case of Seller) substantially all of the assets involved in the manufacture of Styrene; or

(ii) (in the case of Buyer) the assets of the Nominated Plants associated with a capacity of at least [*****]

without the consent of the other Party, and provided further that the purchaser or other successor assumes in writing the obligations of Seller or Buyer hereunder (as the case may be) and further, provided that the assigning or delegating Party shall not be released of its obligations under this Agreement unless a release is signed by the other Party.

Section 13.3 . Assignment to Affiliate.

Furthermore, this Agreement may be assigned by either Party to an Affiliate without the consent of the other Party, provided that the assigning Party shall not be released of its obligations under this Agreement unless a release is signed by the other Party. Except as otherwise expressly provided herein, the provisions of this Agreement shall inure to the benefit of, and be binding upon, the successors, assigns, executors, and administrators of the parties hereto.

Section 13.4 . Assignment to Lender.

The Buyer irrevocably consents to the assignment by the Seller from time to time of all of the Seller's rights, benefits and interests in, to, under and in respect of this Agreement in favor of any bank or financial institution (an "Assignee Bank") acting as an agent or security agent for and on behalf of certain banks or other financial institutions that from time to time provide finance to the Seller. The Buyer agrees that promptly following request by the Seller

it will provide to the Assignee Bank an acknowledgement of assignment in which the Buyer will undertake, inter alia,

a) to make all payments which fall due for payment by the Buyer under this Agreement to a specified bank account or otherwise as directed by the Assignee Bank; and

b) to advise the Assignee Bank in the event that it becomes entitled to exercise any rights of termination or suspension or to take enforcement action or proceeding in relation to this Agreement and not to exercise any such right for a period of thirty days if so requested by the Assignee Bank.

Notwithstanding any such assignment in favor of an Assignee Bank the Seller shall remain solely liable to perform all of the obligations expressed to be assumed by it hereunder.

Furthermore, the Buyer will provide all evidence as may be requested by the Seller and/or the Assignee Bank to confirm the Buyer's power and authority to enter into this Agreement and to perform its obligations hereunder (including, without limitation, the provision of a legal opinion of reputable counsel to that effect).

ARTICLE XIV
MISCELLANEOUS

Section 14.1 . Public Announcements.

Subject to any applicable requirements of the federal, state, or local laws or regulations of Bermuda, the United States, and the laws and regulations of the Kingdom of Saudi Arabia, including without limitation, the securities laws or regulations of such jurisdictions, neither party will make or cause to be made, whether orally or in writing or otherwise, any public announcement or statement to the news media or to investment or business communities with respect to the transactions contemplated by this Agreement or any of the provisions of this Agreement without the prior written approval of the other party as to the form, content, and timing of such announcement or disclosure.

Section 14.2 . Construction.

In interpreting and applying the terms and provisions of this Agreement, no presumption shall be made against the party that drafted such terms and provisions. In this Agreement, unless the contrary is indicated, any reference to an agreement or document is a reference to that agreement or document as from time to time supplemented, amended, substituted or novated.

Section 14.3 . Severability.

If any part of this Agreement for any reason shall be declared invalid, such decision shall not affect the validity of any remaining portion, which shall remain in full force and effect. The Parties agree, however, to negotiate in good faith concerning the invalid portion with the aim of replacing it with a valid provision that, insofar as possible, has the same economic effect vis-à-vis the Parties.

Section 14.4 . Further Assurances.

Each Party shall, furnish, execute, and deliver such documents, instruments, certificates, notices, or other further assurances as the other party may reasonably require as necessary or appropriate to effect the purposes of this Agreement or to confirm the rights created or arising hereunder.

Section 14.5 . Survival of Representations, Warranties, Covenants, and Obligations.

The representations and warranties and the covenants, agreements, and obligations of the parties contained in this Agreement shall be true and correct in all material respects and have effect as of the effective date of this Agreement, except as expressly stated otherwise herein. The statements contained in any certificate or other instrument delivered by or on behalf of any party shall be deemed representations and warranties or covenants and agreements hereunder, as the case may be. Representations, warranties, covenants, agreements, and, in accordance with their terms, obligations contained in or made pursuant to this Agreement shall survive the expiration of this Agreement, irrespective of any investigation made by or on behalf of any party. Additionally, the obligations of the Parties under this Agreement which by their nature would continue beyond the termination, cancellation or expiration of this Agreement will survive termination, cancellation or expiration of this Agreement.

Section 14.6 . Expenses.

Each Party will pay its own expenses incident to this Agreement.

Section 14.7 . Benefit.

No person who is not a party or an Affiliate of a party to this Agreement shall have any rights or derive any benefit hereunder.

Section 14.8 . No Waiver of Rights.

Except as expressly provided in this Agreement, no delay or omission to exercise any right, power, or remedy accruing to a party hereunder, upon any breach or default of any party under this Agreement, shall impair any such right, power, or remedy, nor shall it be construed to be a waiver of any such breach or default, or an acquiescence therein, or a waiver of or acquiescence in any similar breach or default thereafter occurring; nor shall any waiver of any single breach or default be deemed a waiver of any other breach or default theretofore or thereafter occurring.

Section 14.9 . Governing Law and Precedence.

This Agreement shall be subject to the laws of England. Nevertheless, Buyer acknowledges that the affairs of Seller must be conducted in accordance with the applicable law of Saudi Arabia and any other countries in which it may operate. This Agreement shall take precedence over any other document which may be generated by either of the Parties in connection with the sales contemplated hereunder, unless (i) the particular section of this Agreement which is intended to be superceded is expressly referenced therein and (ii) such superceding provision is signed by both Parties by individuals of the same or higher level of authority as the signers of this Agreement.

Section 14.10 . Notices.

All notices which are required to be exchanged between the Parties pursuant to this Agreement shall be in writing and shall be delivered by personal service or by registered mail,

facsimile with machine issued receipt, or express courier service, addressed as follows, or to such other address as may be notified to the other Party from time to time:

If to Buyer:

A notice shall be deemed to have been made and received: (i) when delivered, if sent by registered mail or international courier or (ii) when dispatched and receipt is acknowledged by the receiving machine, if sent by facsimile.

Section 14.11 . Counterparts.

This Agreement may be executed in one or more English counterparts, each of which shall constitute an original document.

Section 14.12 . English Language and Calendar.

This Agreement and any other legally binding definitive agreements, notices and calendar correspondence in connection herewith shall be written in the English language, and the English language shall control the interpretations of all such agreements, and be interpreted as such. The dates and calendar periods stated in this Agreement are Gregorian dates and time periods, except where otherwise indicated.

Section 14.13 . Relationship Between the Parties.

Each representative of each Party shall be the agent solely of the Party that designated such representative. Accordingly, (a) each such representative of a Party shall act (or refrain from acting) solely in accordance with the wishes of the Party that designated such representative; and (b) no Party (or representative of a Party) shall owe or be deemed to owe any duty, whether fiduciary or otherwise, to the other Party.

Section 14.14 . Conflict of Interest.

Neither Party will give any director, employee, or representative of the other Party any commission, fee, rebate, gift, or entertainment of significant cost or value in connection with this Agreement or enter into any other business arrangement with any director, employee, or representative of the other, without prior written notification to the other Party. Any representative(s) authorized by either Party may audit, under appropriate provisions of

confidentiality, all pertinent records of the other Party as reasonably necessary and proper to verify that there has been compliance with this paragraph.

Section 14.15 . Certain Practices.

Neither Party nor its Affiliates, employees, agents, or subcontractors, or their employees or agents shall make any payment or give anything of value to any government official (including any official, agent or employee or representative of any government department, agency, or instrumentality) to influence any of his or its decisions, or to gain any advantage for either Party in connection with this Agreement or the Agreements stated or contemplated by this Agreement, which in any manner would violate any law applicable to either party hereto. Each Party shall immediately notify the other Party of any violation of this section, and the offending party shall hold the other party harmless from all losses and all expenses arising out of such violation. Any representative(s) authorized by either Party may audit, under appropriate provisions of confidentiality, all pertinent records of the other Party as reasonably necessary and proper to verify that there has been compliance with this paragraph

Section 14.16 . Guarantee.

In consideration for Seller's entering into this Agreement, Buyer's ultimate parent company shall provide, concurrently with the execution of this Agreement, a guarantee of Buyer's performance hereunder in a form substantively equivalent to the form of guarantee attached hereto as Exhibit C. Similarly, in consideration for Buyer's entering into this Agreement, Seller's parent companies (namely Chevron Phillips Chemical Company LLC and Saudi Industrial Investment Group) shall provide, concurrently with the execution of this Agreement and effective through the achievement of commercial production, a guarantee of Seller's performance obligations hereunder, on a several basis (not joint) in proportion to their respective ownership interests in Seller, in a form substantively equivalent to the form of guarantee attached hereto as Exhibit D.

Section 14.17 . Confidentiality.

During the performance of this Agreement, it may become necessary or advisable for either Party (the "Disclosing Party") to disclose Confidential Information to the other Party (the "Receiving Party"), whether disseminated orally, in writing, or through observation. The Receiving Party shall treat all such information received as confidential and shall not disclose it to any person or persons during or subsequent to the term of this Agreement, except to its employees and agents with a need to know as necessary to perform the obligations of this Agreement and except as is required by law. Excluded from the Confidential Information is information that the Receiving Party can prove: (a) was in the public domain as of the execution of this Agreement; (b) has entered the public domain, without the Receiving Party's fault, after execution hereof; or (c) was in the Receiving Party's possession without obligation of confidentiality, having been acquired from sources that neither had previously acquired it directly or indirectly from the Disclosing Party nor were bound by any secrecy obligation. Additionally, the Parties agree that the pricing provisions of Section 5.1 constitute part of the Confidential Information and thus shall be subject to the confidentiality requirements hereof.

Section 14.18 . Entire Agreement and Modification.

This Agreement constitutes the entire agreement between the parties and supersedes all prior oral or written agreements or understandings of the parties with regard to the subject matter of this Agreement. Neither Party has relied on any agreement, understanding, arrangement,

representation, undertaking or warranty (whether written or spoken) not expressly set out or referred to in this Agreement and each Party irrevocably and unconditionally waives any right it may have to rescind this Agreement.

Section 14.19 . Amendment or Modification.

No interpretation, modification, amendment, change, termination, or waiver of any provision of this Agreement shall be binding upon a party unless in writing and executed by the other Party. No modification, waiver, termination, revision, discharge, or cancellation of any right or claim under this Agreement shall affect the right of any party hereto to enforce any other claim or right hereunder,

IN WITNESS WHEREOF, the parties hereto have executed and delivered this Agreement with legal and binding effect as of the date and year first-above written.

P.O. Box 10806
Jubail Industrial City 31961, Saudi Arabia

Mr. Andjelich:

Re: Guarantee

The Dow Chemical Company (the "Guarantor") hereby irrevocably and unconditionally guarantees the prompt payment when due by Dow Europe GmbH ("Dow Europe"), a Swiss company that is indirectly owned one hundred percent (100%) by Guarantor, of invoices relating to purchases of Styrene by Dow Europe from Jubail Chevron Phillips Company ("JCP") pursuant to the *Styrene Baseload Sale and Purchase Agreement* dated as of [date] (the "Agreement") between Dow Europe and JCP; provided , however , that Guarantor's total aggregate liability hereunder is limited to [*****] (the "Cap").

If Dow Europe fails to pay or otherwise discharge any obligation it has when due with respect to invoices issued by JCP to Dow Europe for Styrene delivered to Dow Europe pursuant to the Agreement, Guarantor will, within 5 days of Guarantor's receipt of your written demand, forthwith discharge the same and will pay JCP the amount of any such unpaid invoices up to the amount of the Cap. All monies payable under this Guarantee shall be made to JCP in such manner and to such account as JCP may from time to time direct in writing and shall be paid in full without any deduction or withholding of any kind including, without limitation, for any tax (save as required by law). Any notices required hereunder shall be sent as follows: if to JCP, to the address indicated above; and if to Guarantor, to The Dow Chemical Company 2030 Dow Center, Midland MI 48674 USA, Attention: Treasurer. In addition, Guarantor agrees to pay JCP all reasonable and properly documented out-of-pocket legal fees and expenses incurred by JCP in connection with the enforcement of this guarantee.

The Guarantor hereby agrees that it shall not be necessary, as a condition to enforce this guarantee, that suit be first instituted against Dow Europe or that any rights or remedies against Dow Europe be first exhausted. Rather, it is understood and agreed, that the liability of the Guarantor hereunder shall be primary, direct and, subject to any valid defenses of Dow Europe under the Agreement, unconditional.

This guarantee shall terminate upon the earlier of (a) the termination of the Agreement, or (b) the payment by Guarantor of the Cap amount. Such termination under (a) above shall not, however, affect or reduce Guarantor's obligation hereunder with respect to invoices related to Styrene delivered to Dow Europe under the Agreement prior to such termination.

Neither party shall assign or otherwise transfer any of its respective duties or obligations under this Guarantee without the prior written consent of the other party. The Guarantor agrees that this guarantee shall be construed under the laws of the State of New York, U.S.A.

Capitalized terms used and not otherwise defined herein shall have the meanings ascribed to such terms in the Agreement.

Re: Guarantee

Each of Chevron Phillips Chemical Company LLC ("Chevron Phillips") and Saudi Industrial Investment Group ("SIIG") (individually, the "Guarantor" and collectively, the Guarantors) hereby irrevocably and unconditionally guarantee, on a several basis (not joint) apportioned in accordance with each Guarantor's respective percentage ownership in Jubail Chevron Phillips Company ("JCP"), the prompt payment when due by JCP, a Saudi Arabian company, of certain obligations (specified below) arising under the *Styrene Baseload Sale and Purchase Agreement* dated as of [date] (the "Agreement") between Dow Europe GmbH ("Dow Europe") and JCP.

If JCP fails to pay or otherwise discharge any obligation it has when due with respect to achievement of commercial production for Commencement Date, including Sections 2.2(b) or 3.2 of the Agreement, Guarantors will, within 5 days of each Guarantor's receipt of your written demand, forthwith discharge the same and will pay (on a several basis) Dow Europe the amount of any such unpaid obligation, but limited to the amount of any applicable cap set forth by the Agreement ("Cap"). All monies payable under this Guarantee shall be made to Dow Europe in such manner and to such account as Dow Europe may from time to time direct in writing and shall be paid in full without any deduction or withholding of any kind including, without limitation, for any tax (save as required by law). Any notices required hereunder shall be sent as follows: if to Dow Europe, to the address indicated above; if to Chevron Phillips, to Chevron Phillips Chemical Company LLC, Attn: Vice President and Treasurer, 10001 Six Pines Drive, The Woodlands Texas 77380; and if to SIIG, to Saudi Industrial Investment Group, Attn: Managing Director, Olaya, Mousa Ben Nussair St., P.O. The Guarantors hereby agree that it shall not be necessary, as a condition to enforce this guarantee, that suit be first instituted against JCP or that any rights or remedies against JCP be first exhausted. Rather, it is understood and agreed, that the liability of the Guarantors hereunder shall be primary, direct and, subject to any valid defenses of JCP under the Agreement, unconditional.

This guarantee shall terminate upon the earlier of (a) the achievement of commercial production of styrene by JCP in the event that any and all obligations guaranteed hereunder

have been either paid or discharged, or (b) the payment by each Guarantor of the respective Cap amount (except in situations where the Cap does not apply). Such termination under (a) above shall not, however, affect or reduce Guarantors' obligation hereunder with respect to obligations arising prior to such termination.

Neither party shall assign or otherwise transfer any of its respective duties or obligations under this Guarantee without the prior written consent of the other party. The Guarantors agree that this guarantee shall be construed under the laws of the State of New York, U.S.A.

Notwithstanding any other provision of this guarantee, the rights and obligations of each Guarantor hereunder are several (not joint), apportioned in accordance with each Guarantor's respective percentage ownership in JCP; provided however that the Guarantors' combined respective percentages shall in all circumstances add up to 100%. Neither Guarantor is responsible for the obligations of the other Guarantor, and failure by one Guarantor to perform its obligations hereunder shall not affect the rights or obligations of the other Guarantor.

If senior management cannot reach agreement within thirty (30) days of elevation, then the pricing negotiation becomes a dispute to be arbitrated by a reputable industry consultant, such as CMAI, to be mutually agreed upon by Buyer and Seller; provided , however , that during periods of such arbitration the price mechanism shall continue under the then current price mechanism until the resolution of such arbitration. Fees and costs for the arbitrator shall be shared equally between Buyer and Seller. The decision by the arbitrator shall be the new price starting on the date the arbitrator issues the decision and shall continue for the next thirty-six (36) month period. For the avoidance of doubt, Section 13 of the Dow H&E GENERAL TERMS AND CONDITIONS shall not apply to a pricing dispute pursuant to this section.

In the event any of the indices referenced above ceases publication, stops reporting on Ethylene, materially changes its format for price reporting, or modifies the fundamental basis for price reporting, Seller and Buyer reserve the right to negotiate in good faith a mutually agreeable alternative to the above price mechanism. In the event that the Parties are unable to agree upon an alternative price mechanism within thirty (30) days after initiating negotiations, then Buyer and Seller must elevate the negotiations to senior management of each Party. This Contract is effective as of June 17, 2010 and shall continue to be in effect for ten (10) years and x months from this date (*n.b. termination should be at a year end),* and shall continue for two (2) year periods thereafter until terminated by either Party with at least twelve (12) months prior written notice, unless previously terminated in writing in accordance with Section 13 of this Contract, without prejudice to any other right of termination a Party may have in accordance with the terms hereof.

If Seller terminates this Contract pursuant to this Section 5, Seller will provide Buyer access to Seller's infrastructure, including unloading, storage and pipeline throughput, for a fee equal to the economic costs to be determined at the time of termination, of providing access and under commercially reasonable conditions including maximum capacity for storage and unloading consistent with such capacity in use by Buyer at the time of termination.

10. Product Analysis

Seller will provide Buyer with the analysis of the measured content of Ethylene on a monthly basis.

11. Re-Marketing Fee

Should Buyer fail to purchase at least either the Terneuzen Minimum Quantity or the Boehlen Minimum Quantity during any calendar year, then Seller's sole remedy shall be to collect from Buyer [*****] as liquidated damages and not as a penalty, on a Product quantity equal to the difference between the Terneuzen Minimum Quantity or the Boehlen Minimum Quantity, as applicable, and the quantity actually purchased by Buyer during such calendar year. In calculating Buyer's purchases for purposes of this Section 11, the applicable Minimum Quantity shall be deemed reduced by any quantities not purchased or delivered hereunder as a result of (a) as provided in Section 8 of the Dow H&E GENERAL TERMS AND CONDITIONS, (b) a failure of Seller to deliver product in accordance with the quality specifications, (c) non-purchases of Product occurs at the fault of Seller, except in the case of a planned shutdown as provided for under Section 13.1 of this Contract, or (d) for any reasons set forth in Section 14

of this Contract, and (e) any amount of Product for which Buyer has made a payment under Section 12 of this Contract.

13. Planned Maintenance Turnarounds and Permanent Shutdown

13.1 Planned Maintenance Turnarounds

13.1.1 Seller Planned Maintenance Turnarounds

In the event of a planned Ethylene Cracker turnaround, Seller reserves the option to cancel supply under this Contract at the affected site or sites in association with the shutdown period provided Seller gives Buyer at least twelve (12) months advance notification in writing of the planned shutdown period. The Parties agree that any twelve (12) month notice provided under this section by Seller is not binding and the shutdown notice is for planning purposes only and subject to adjustment by Seller if it gives sixty (60) days notice prior to the planned shutdown date. At Buyer's request, Seller shall use reasonable best efforts to provide ethylene to Buyer during any shutdown from alternate sources at market prices, approved by Buyer; provided , that such market purchase by Seller for Buyer may be effectuated by telephone conversation with the offer and acceptance constituting the agreement between Buyer and Seller. Any subsequent quantities not delivered in association with the shutdown shall not be deducted from the annual quantity. In the event Seller and Buyer mutually agree to recover any lost volume, the Parties will develop a mutually acceptable schedule.

13.1.2 Buyer Planned Maintenance Turnarounds

In the event of a planned shutdown at Buyer's ethylene consuming facilities at Terneuzen and Boehlen, Buyer reserves the option to cancel supply under this Contract at the affected site or sites in association with the shutdown period; provided , that Buyer gives Seller at least twelve (12) months advance notification in writing of the planned shutdown period. The Parties agree that any twelve (12) month notice provided under this section by Buyer is not binding and the shutdown notice is for planning purposes only and subject to adjustment by Buyer if it gives sixty (60) days notice prior to the planned shutdown date. Any subsequent quantities not delivered in association with the shutdown shall not be deducted from the annual quantity. In the event Seller and Buyer mutually agree to recover any lost volume, the Parties will develop a mutually acceptable schedule.

13.2 Permanent Shutdown

13.2.1 Seller Permanent Shutdown

In the event that Seller decides to permanently shutdown or close, sell or liquidate Seller's Ethylene Cracker(s) located at either Terneuzen or Boehlen, Seller reserves the option to unilaterally and permanently cancel supply under this Contract or terminate this Contract with no penalty upon three (3) months advance written notice. In the event that Seller is no longer manufacturing or supplying, or selling Ethylene on a global basis due to the sale of the related business, cessation of operations or shutdown or sale of various assets, Seller may terminate this Contract with no penalty upon three (3)

months advance written notice. If Seller gives three (3) months notice to terminate this Contract, as provided for under this paragraph, Seller agrees to provide twelve (12) months supply support post shutdown by finding supply of Product for the affected site or sites in the market for Buyer to be purchased and supplied by Seller at market terms, approved by Buyer; provided, that such market purchase by Seller for Buyer may be effectuated by telephone conversation with the offer and acceptance constituting the agreement between Buyer and Seller. In such a case that Seller terminates this Contract, as provided under this paragraph, Seller will provide Buyer access to Seller's ethylene terminal or pipeline, as applicable, at the affected site or sites for a fee to be equal to the economic costs to be determined at the time of shutdown unless this Contract is otherwise assigned to a buyer of Ethylene Cracker(s) in the case Seller sells such Ethylene Cracker(s).

13.2.2 Buyer Permanent Shutdown

In the event that Buyer decides to permanently shutdown or close Buyer's ethylene consuming facilities located at either Terneuzen or Boehlen, Buyer reserves the option to unilaterally and permanently cancel supply under this Contract at the affected site or sites or terminate this Contract with no penalty upon three (3) months advance written notice. If Buyer gives three (3) months notice to terminate this Contract, as provided for under this paragraph, Buyer agrees to provide twelve (12) months buyer support post shutdown to either consume or pay the Re-Marketing Fee as described in Section 11 above for any volumes not purchased during this twelve (12) month period.

13.3 Seller and Buyer Cooperation

Seller and Buyer agree to use reasonable best efforts to coordinate planned shutdowns of Seller's Ethylene Cracker(s) and Buyer's Product consuming facilities to optimize downtime and minimize the impact of shutdowns on the operations of Seller and Buyer.

14. Excused Performance

The Parties agree that Seller's inability to obtain raw materials or energy at a cost consistent with the terms agreed hereunder shall reduce the quantities of Products to be delivered without liability, and be treated like a Force Majeure event. In the event of Force Majeure declared by Seller, the reduced quantity of Product shall be apportioned at Seller's reasonable discretion among Seller's customers other than Seller's Affiliates. During an event subject to this Section 14 and at Buyer's request. Seller shall use reasonable best efforts to provide ethylene to Buyer during the duration of such event from alternate sources at market prices, approved by Buyer; provided , that such market purchase by Seller for Buyer may be effectuated by telephone conversation with the offer and acceptance constituting the agreement between Buyer and Seller.

15. Assignment of Contract and/or claims

This Contract may not be assigned by Buyer by operation of law or otherwise without the express written consent of Seller, which consent may only be withheld if assignee is determined by Seller to be a competitor of Seller or any of Seller Affiliates' businesses that are located at the sites subject to this Contract or if Seller deems, in its reasonable discretion, that the assignee's financial responsibility is unsatisfactory. Any assignment by Buyer must include a prohibition on its assignee restricting any further assignment of this Contract without the consent of Seller. Any attempted assignment without such consent from Seller shall be null and void; provided , however , that either Party hereto shall be permitted to assign this Contract, in full or in part to any wholly-owned Affiliate (including assigning some or all of Seller's obligations hereunder, in which case such Affiliate may effect delivery of the Product and invoice Buyer directly.) "Affiliate" means any subsidiary, legal entity, or joint venture in which a Party hereto directly or indirectly holds an ownership interest of at least 50%. This Contract may not be otherwise assigned by Seller to any third party without the consent of Buyer, except any assignment or partial assignment of this Contract does not require consent of Buyer when such assignment is in connection with a sale, conveyance, disposition, divestiture, contribution to a joint venture by Seller of, or a similar transaction, including a merger, consolidation, reorganization or other business combination involving Seller and relating to, all or substantially all of the assets or properties of Seller to which the subject matter of this Contract relates. Upon the assignment of this Contract and the express assumption by the assignee of the assigned obligations of Seller under this Contract through the execution of an assignment and assumption agreement, Seller shall be released from all obligations and liabilities under this Contract. In addition, both Seller and Buyer may assign their respective claims under this Contract to third parties. Agreed quantities and other terms shall not be affected by an assignment.

In the event Dow Europe GmbH, or its Affiliates, sell, convey, divest, or contribute to a joint venture the Ethylene Crackers located at both Terneuzen and Boehlen, then Dow Europe GmbH is obligated to assign this Contract to the third party purchaser or the joint venture for which the assets were contributed, except that only Dow Europe GmbH is subject to this assignment obligation and such obligation does not transfer to any subsequent assignee who is the third party purchaser or the joint venture for which the assets were contributed.

16. Controlling Terms & Amendments

By ordering any of the Products detailed in this Contract, Buyer agrees to all the terms and conditions contained in this document and in the Dow H&E GENERAL TERMS AND CONDITIONS as attached hereto, which override any additional or different terms or conditions included in Buyer's purchase order or other documents or referred to by Buyer. Any amendments or additions to this Sales Contract shall be valid only if agreed in writing by both Parties.

If payment due date falls on a Sunday or a holiday on a Monday, payment shall be made on the next banking day.

3. Determination of Invoice Quantity of Product

The quantity of the Product to be invoiced shall be determined at load point in accordance with the methods and procedures applicable to deliveries of the Product and the Shipment Method defined in this Contract or in accordance to the results of an independent surveyor acceptable to both Parties. DOW EUROPE GMBH

AND

STYRON EUROPE GMBH

Seller agrees to sell and supply to Buyer the Product described in this Contract out of the production plants of Dow Benelux B.V. Terneuzen, the Netherlands and Dow Olefinverbund GmbH Boehlen, Germany or any alternate source subject to qualification, and Buyer agrees to purchase and receive from Seller such Product into Buyer's Product consuming plants in Terneuzen and Boehlen according to the TERMS AND CONDITIONS set out below.

Dow Europe GmbH
Bachtobelstrasse 3
8810 Horgen – Switzerland
("Seller")

Styron Europe GmbH
Bachtobelstrasse 3
8810 Horgen – Switzerland
("Buyer", each of Buyer and Seller a "Party", and collectively, the "Parties")

1.	**Product**	Benzene
2.	**Specification**	Dow standard sales specification for Product delivered to Terneuzen attached hereto as Appendix A and made part of this Contract. Dow standard sales specification for Product delivered to Boehlen attached hereto as Appendix B and made part of this Contract.
3.	**Quantity**	[*****] Volume ranges are by mutual agreement. If Buyer requests additional volume above either the Terneuzen or Boehlen Maximum Quantity, Seller will use reasonable best efforts to provide such volumes, the Parties will negotiate in good faith, and such volumes may be provided if the Parties can mutually agree upon terms of the additional supply.
4.	**Price/Currency**	The following price invoiced in EUR/MT: [*****] (EXCLUSIVE OF VAT) Contract:[*****]

[*****]

The conversion from USD into EUR will be carried out by using the arithmetic average of the European Central Bank daily foreign exchange rate as published on the internet on page "www.ecb.int/stats/eurofxref/" for the month prior to the month of delivery.

At the end of the first eighteen (18) month period and every thirty-six (36) month period thereafter, upon at least twelve (12) months prior written notice by either Buyer or Seller, Seller and Buyer shall reserve the right to negotiate in good faith a mutually agreeable alternative to the above price mechanism. In the event that the Parties are unable to agree upon an alternative price mechanism within thirty (30) days after initiating negotiations, then Buyer and Seller must elevate the negotiations to senior management of each Party.

If senior management cannot reach agreement within thirty (30) days of elevation, then the pricing negotiation becomes a dispute to be arbitrated by a reputable industry consultant, such as CMAI, to be mutually agreed upon by Buyer and Seller; provided , however, that during periods of such arbitration the price mechanism shall continue under the then current price mechanism until the resolution of such arbitration. Fees and costs for the arbitrator shall be shared equally between Buyer and Seller. The decision by the arbitrator shall be the new price starting on the date the arbitrator issues the decision and shall continue for the next thirty-six (36) month period. For the avoidance of doubt, Section 13 of the Dow H&E GENERAL TERMS AND CONDITIONS shall not apply to pricing dispute pursuant to this section.

In the event any of the indices referenced above ceases publication, stops reporting on Benzene, materially changes its format for price reporting, or modifies the fundamental basis for price reporting, Seller and Buyer reserve the right to negotiate in good faith a mutually agreeable alternative to the above price mechanism. In the event that the Parties are unable to agree upon an alternative price mechanism within thirty (30) days after initiating negotiations, then Buyer and Seller must elevate the negotiations to senior management of each Party. If senior management cannot reach agreement within thirty (30) days of elevation, then the pricing negotiation becomes a dispute arising under this Contract and is settled pursuant to the terms of Section 13 of the Dow H&E GENERAL TERMS AND CONDITIONS.

Upon ninety (90) days prior written notice to Seller, Buyer may elect, only once under this paragraph, an alternative price mechanism whereby the pricing for Product will be based on the indices as reported and published by ICIS-LOR for the month of delivery (the " Month of Delivery Pricing Basis "); provided , that , Buyer has not already validly exercised its right to negotiate in good faith a mutually agreeable alternative price mechanism during the term of this Contract pursuant to this Section 4. Upon election by Buyer of such Month of Delivery Pricing Basis, the minimum quantities of Product that Buyer shall buy for the remaining term of this Contract will change to the following minimum quantities as of the date of such election:

If this Contract does not specify trade terms as defined in INCOTERMS 2000, title and risk of loss shall pass to Buyer upon delivery into the custody of the carrier. For pipeline deliveries title to and risk of loss of Product will transfer from Seller to Buyer when product passes the connecting flange of Seller's pipeline to the inlet flange of Buyer's receiving pipeline at delivery point

2. Payment and Payment Value Date

(I) Payment shall be made in such a way that Seller's designated bank account will be credited for good value in accordance with the payment terms specified in this Contract. Payment of the full amount invoiced does not constitute a waiver with respect to any claims Buyer may have against Seller. (II) If payment due date falls on a Saturday or on a holiday other than a Monday, payment shall be made on the last preceding banking day. If payment due date falls on a Sunday or a holiday on a Monday, payment shall be made on the next banking day.

3. Determination of Invoice Quantity of Product

The quantity of the Product to be invoiced shall be determined at load point in accordance with the methods and procedures applicable to deliveries of the Product and the Shipment Method defined in this Contract or in accordance to the results of an independent surveyor acceptable to both Parties. An independent surveyor acting on behalf of Buyer, at Buyer's expense, shall have the right to verify, under an appropriate secrecy agreement, Seller's calibration procedures and measurement records of Seller's meters. In case of dispute, the results if an independent surveyor shall be final and binding to both parties.

4. Seller's Commitments

4.1 Seller undertakes that the Product at the time of delivery meet the agreed Specifications.

4.2 Seller will supply Buyer with the current Material Safety Data Sheets (MSDS).

4.3 Seller will convey the Product with good title, free from any lawful lien or encumbrance.

5. Responsible Practices

arbitrators appointed in accordance with said rules. Arbitration shall take place in Zurich, Switzerland. The language of the arbitration shall be English.

14. No set-off

Regardless of any other rights under any other agreements or mandatory provisions of law, neither Seller nor Buyer shall have the right to set-off any amounts due and payable under this Contract, whether contingent or otherwise, against any amount owed by such party to the other party, whether under this Contract or otherwise.

15. Counterparts

GENERAL TERMS AND CONDITIONS

1. Interpretation of Trade Terms

Trade terms shall be interpreted in accordance with Incoterms 2000. Title shall pass to Buyer at the same time as the risks of loss or damage under Incoterms 2000. If this Contract does not specify trade terms as defined in Incoterms 2000, title and risk of loss shall pass to Buyer upon delivery into the custody of the carrier. For pipeline deliveries, title to and risk of loss of Product will transfer from Seller to Buyer when Product passes the connecting flange of Seller's pipeline to the inlet flange of Buyer's receiving pipeline at delivery point.

2. Seller's Commitments

2.1. Seller undertakes that the Product will at the time of delivery meet Seller's then current Sales Specifications. Seller will notify Buyer if Sales Specifications are changed. All descriptions, drawings, photographs, illustrations, performance and technical data, dimensions, weights and the like, contained in any promotional or technical literature issued by Seller are subject to variation without notice and are not designed to constitute Sales Specifications.

2.2. Seller will supply Buyer with current Material Safety Data Sheets (MSDS) regarding the Product.

2.3. Seller will convey the Product with good title, free from any lawful lien or encumbrance.

3. Responsible Practices

3.1. Buyer will (i) familiarise itself with any product literature or information Seller provides under Seller's product stewardship program, including MSDS, (ii) follow safe handling, use, selling, storage, transportation and disposal practices, including special practices as Buyer's use of the Product requires and instruct its employees, contractors, agents and customers in these practices and (iii) take appropriate action to avoid spills or other dangers to persons, property or the environment. If Buyer is in default of any of its commitments under this Section, Seller will provide Buyer with thirty (30) days to cure such default. If Buyer does not cure such default within the thirty (30) day period, Seller may suspend Product delivery without liability for thirty (30) days ("Suspension Period"). Upon the end of the Suspension Period, if Buyer has not cured such default, Seller may cancel this Contract on fifteen (15) days notice unless Buyer agrees to indemnify Seller for all losses caused by such failure to comply.

3.2. Notwithstanding the provisions of Section 5 hereof. Buyer will indemnify Seller for all claims, damages and related costs, including reasonable attorney fees, arising out of Buyer's non-compliance with any of its commitments under Section 3.1 above.

4. Patents/Trademarks

Seller warrants only that the manufacture of the Product covered by this Contract does not infringe any Letters Patent of the country of manufacture. Buyer assumes all responsibility for use of any design, trademark, trade name, or part thereof, appearing on the Product at Buyer's request.

5. Warranty/Liability

5.1. The commitments set out in Sections 2 and 4 above are Seller's sole warranties in respect of the Product. ANY OTHER CONDITION OR WARRANTY AS TO THE QUALITY OF THE PRODUCT SUPPLIED UNDER THIS CONTRACT OR FITNESS FOR ANY PARTICULAR PURPOSE WHETHER ARISING UNDER STATUTE OR OTHERWISE, IS EXCLUDED.

5.2. Buyer shall inspect the Product supplied under this Contract immediately after delivery. If any of the supplied Product is rejected because of non-conformity to specifications, Buyer shall have the right to return it to Seller only after inspection by Seller and receipt of definite shipping instructions from Seller, such inspection to be made and instructions to be given by Seller within thirty (30) days after notice of rejection by

Buyer. Either (1) failure to give written notice of any claim within thirty (30) days from the date of delivery, or (2) use of the Product supplied under this Contract, constitutes an unqualified acceptance of such Product by Buyer and a waiver by Buyer of all claims in respect of such Product.

5.3. In the event of any liability by either Party whether arising from breach of contract or from statutes it is agreed that the maximum amount of damages recoverable shall be limited to the contract price for the Product with respect to which damages are claimed. In no event shall either Seller or Buyer be liable for indirect, consequential, special, punitive or exemplary damages in connection with or arising out of this Contract.

6. Price and Terms

6.1 [*****]

6.2 [*****]

7. Schedule of Deliveries

Buyer shall attempt to schedule deliveries of the Product uniformly throughout the calendar year. [*****]

8. Transportation

Where the price provides for absorption by Seller of any portion of the freight charges, or where Seller provides the transportation equipment at its cost, Seller shall have the right to select the means of transportation. Where the price provides for payment by Buyer of any portion of the freight charges, the freight charges will be those in effect at the date of shipment.

9. Delivery Equipment

During the time that Seller's delivery equipment is in the possession of Buyer, Buyer shall be liable to Seller for damages or destruction of such equipment attributable to Buyer. All repairs to equipment shall be made under the supervision or direction of Seller.

10. Force Majeure

In the event of accident, mechanical breakdown of facilities, fire, flood, strike, labour trouble, riot, revolt, war, acts of governmental authority, acts of God, or contingencies beyond the reasonable control of the Party affected, interfering with the performance of this Contract, the quantity of Product provided for in this Contract shall be reduced by the amount so affected without liability, but this Contract shall otherwise remain unchanged. The reasonable decision of the Party affected as to the quantities of Product affected shall be final and binding. The affected Party shall decide at its reasonable discretion on the quantities of Product affected and the allocation of the reduced quantities to be sold or purchased; provided , that during such an event subject to this Section 10, Seller shall treat Buyer in the same manner as all other contract customers for Product.

11. Governmental Controls

If the price, freight allowance, or terms of payment, or any price increase, or change in freight allowance, or terms of payment under this Contract, or Seller's ability to make any such increase or change, should be altered or prohibited by reason of any law, government decree, order or regulation, Seller and Buyer agree to address the impacts of such changes in regulatory conditions and attempt to negotiate new terms in good faith. In the event that Seller and Buyer are unable to agree upon how to address the impacts of changes in regulatory conditions within thirty (30) days after initiating such negotiations, then Buyer and Seller must elevate the negotiations to senior management of each Party. If senior management cannot reach agreement within thirty (30) days of elevation, then the pricing negotiation becomes a dispute arising under this Contract and is settled pursuant to Section 16 of the General Terms and Conditions hereof; provided , however , that during periods of such arbitration the existing price mechanism shall continue until the resolution of such arbitration. Fees and costs of the arbitrator shall be shared equally between Buyer and Seller. The decision by the arbitrator shall be the new price starting on the date the arbitrator issues such decision.

12. Non-performance

12.1 If Buyer fails to make a payment under this Contract within three (3) days following notice by Seller that payment is due. Buyer shall be in default. Upon Buyer's default Seller may, at its option and without further reminder, recall shipments, and/or decline to make further deliveries against this Contract, except for cash. If Buyer fails to make payment under this Contract following a thirty (30) day notice by Seller, then Seller may treat such failure to cure by Buyer as final refusal to accept further shipments and may cancel this Contract.

12.2 Seller reserves the right, without prejudice to Buyer's liability to pay on the due date, to charge interest on any overdue balance of a rate equal to [*****].

12.3 If Buyer's financial responsibility becomes unsatisfactory and Seller deems itself insecure (in each case in Seller's commercially reasonable judgment), then Seller may, after three (3) day's prior written notice to Buyer (which shall include the basis for such determination in reasonable detail), defer shipments, accelerate the due dates on all amounts, and/or require cash payments or other security.

12.4 Notwithstanding anything to the contrary in this Sales Contract, Buyer's sole liability for failure to purchase at least the annual Minimum Quantity in any calendar year (unless due to (i) Seller's inability to supply or due to a Force Majeure event affecting Buyer, (ii) a failure of Seller to deliver product in accordance with quality specifications, (iii) non-purchases of product at the fault of Seller, or (iv) any shutdown of Seller's Product consuming facilities) shall be for Buyer to pay Seller as liquidated damages and not as

a penalty, the amount of [*****] for each non-purchased MT below the Minimum Quantity of [*****] as liquidated damages and not as a penalty. Such payment shall be due within thirty (30) days after the end of a contract year.

13. Assignment of Contract and/or Claims

This Contract may not be assigned by Buyer by operation of law or otherwise without the express written consent of Seller, which consent may only be withheld if assignee is determined by Seller to be a competitor of Seller or any of Seller Affiliates' businesses that are located at the sites subject to this Contract or if Seller deems, in its reasonable discretion, that the assignee's financial responsibility is unsatisfactory. Any assignment by Buyer must include a prohibition on its assignee restricting any further assignment of this Contract without the consent of Seller. Any attempted assignment without such consent from Seller shall be null and void; provided , however , that either Party hereto shall be permitted to assign this Contract, in full or in part to any wholly owned Affiliate (including assigning some or all of Seller's obligations hereunder, in which case such Affiliate may effect delivery of the Product and invoice Buyer directly). "Affiliate" means any subsidiary, legal entity, or joint venture in which a Party hereto directly or indirectly holds an ownership interest of at least 50%. This Contract may not be otherwise assigned by Seller to any third party without the consent of Buyer, except any assignment or partial assignment of this Contract does not require consent of Buyer when such assignment is in connection with a sale, conveyance, disposition, divestiture, contribution to a joint venture by Seller of, or a similar transaction, including a merger, consolidation, reorganization or other business combination involving Seller and relating to, all or substantially all of the assets or properties of Seller to which the subject matter of this Contract relates. Upon the assignment of this Contract and the express assumption by the assignee of the assigned obligations of Seller under this Contract through the execution of an assignment and assumption agreement, Seller shall be released from all obligations and liabilities under this Contract. In addition, both Buyer and Seller may assign their respective claims under this Contract to third parties. Agreed quantities and other terms shall not be affected by an assignment.

14. Non-waiver

Failure to exercise any rights under this Contract upon any occasion shall not waive the right to exercise the same on another occasion.

15. Severability of Provisions

Should any provision of this Contract be held invalid or unenforceable, the validity and enforceability of the remaining provisions shall not be affected. Any invalid or unenforceable provision shall be replaced with a new provision which will allow the Parties to this Contract to achieve the intended economic result in a legally valid and effective manner.

16. Applicable Law

This Contract shall be governed by and construed in accordance with the laws of Switzerland.

The United Nations Convention on Contracts for the International Sale of Goods (1980) shall not apply to this Contract. All disputes arising under this Contract shall be finally settled under the rules of Conciliation and Arbitration of the International Chamber of Commerce by one or more arbitrators appointed in accordance with said rules. Arbitration shall take place in Zurich, Switzerland. The language of the arbitration shall be English.

17. Controlling Terms & Amendments

By ordering any of the Product detailed in this Contract, Buyer agrees to all the terms and conditions contained on both sides of this document which override any

additional or different terms or conditions included in Buyer's purchase order or referred to by Buyer. Any amendments or additions to this Contract shall be valid only if in writing and signed by both Parties.

18. No Set-off

Regardless of any other rights under any other agreements or mandatory provisions of law, neither Seller nor Buyer shall have the right to set-off any amounts due and payable under this Contract, whether contingent or otherwise, against any amount owed by such Party to the other Party, whether under this Contract or otherwise.

First Amendment to Amended and Restated Sales Contract
Between Dow Europe GmbH and Styron Europe GmbH dated June 17, 2010

This First Amendment to Amended and Restated Sales Contract (the "First Amendment") is made and entered into as of this 26th day of October, 2011, by and between Dow Europe GmbH ("Seller") and Styron Europe GmbH ("Buyer").

RECITALS

A. Seller and Buyer entered into an Amended and Restated Sales Contract, effective June 17, 2010, for the sale of Polycarbonate grade Bisphenol A (parrabis) in molten from Seller to Buyer, (the "Contract").

B. Pursuant to Section 17 of the Contract, Seller and Buyer now desire, by and through this First Amendment, to amend the Contract according to the terms set forth below:

NOW, THEREFORE, the Parties hereby agree as follows:

1. DEFINITIONS.

Unless otherwise defined herein, capitalized terms shall have the same meanings ascribed to them in the Contract.

2. AMENDMENTS.

The Contract is hereby amended as follows:

2.1 The wording related to and set out opposite the "Quantity" term on page 2 of 12 of the Contract shall be deleted in its entirety, and be replaced with the following:

[****]

Buyer will be obliged to pay liquidated damages pursuant and subject to Section 12.4 of the General Terms and Conditions for any shortfall below the minimum volumes. However, in the event of a coordinated and planned shutdown of both Parties' product consuming facilities (each a "Planned Shutdown"), both, the respective minimum monthly and minimum annual volume stated above, shall be reduced by, and pro-rated based upon, the number of days that both Parties' facilities are shut down. For example, a (7) day Planned Shutdown in March 2012 would reduce the March monthly minimum by (7/31) days * 6,000MT or 1,355MT, and the 2012 annual minimum by (7/365) days * 85,000MT or 1,630MT. Seller and Buyer shall act in good faith and use their respective best efforts to cooperate, plan mutually and coordinate to maximum extent reasonably possible any Planned Shutdowns and related shutdown periods for the purposes of the Contract.

DOW CONFIDENTIAL - Do not share without permission

If Buyer requests additional volume above the maximum volumes stated above, Seller will use all reasonable efforts to provide such volumes and the Parties will negotiate in good faith, and such volumes may be provided if the parties can mutually agree upon terms of additional supply.

2.2 The “Period of Contract” term on page 2 of 12 of the Contract is amended to delete the words “Five (5) years from Effective Date” and replace them with the following language:

“Term of the contract shall extend through December 17, 2015, and be subject to further extension upon mutual agreement of the Parties at the time.”

2.3 The “Price” term on page 2 of 12 of the Contract is amended to delete the first full paragraph thereof, and replace it with the following language:

“Product pricing per metric ton (MT) delivered shall be calculated as follows:

[***]

Where:

[***]

2.4 General Terms and Conditions Section 12.4 on pages 7 and 8 of 12 shall be deleted in its entirety and be replaced with the following:

“Notwithstanding anything to the contrary in this Sales Contract, Buyer’s sole liability for failure to purchase the Minimum Monthly or Annual Volumes, unless and to the extent such failure is not, due to (i) Seller’s inability to supply or due to a Force Majeure event affecting Buyer, (ii) a failure of Seller to deliver product in accordance with quality specifications, (iii) non-purchases of product at the fault of Seller, or (iv) any shutdown of Seller’s product consuming facilities, shall be for Buyer to pay Seller as liquidated damages and not as a penalty, an amount compensating Seller for the respective shortfall and calculated on the basis set out below (each a “Shortfall Amount”) within thirty (30) days of the end of the applicable shortfall period, whether monthly or annual. From the date of this First Amendment through December 31, 2011, the Shortfall Amount shall be calculated on the basis of $300.00 for each non-purchased MT of product below the applicable Minimum Monthly or Minimum Annual Volume. From January 1, 2012, the Shortfall Amount shall be calculated on the basis of $400.00 for each non-purchased MT of product below the applicable Minimum Monthly or Annual Volume. Notwithstanding anything to the contrary in this Contract, it is agreed that the liquidated damages under this Section 12.4

DOW CONFIDENTIAL - Do not share without permission

shall not lead to double compensation for Seller and Buyer shall not be required to pay for its failure to purchase any minimum volumes during a year more than once. For purposes of calculating any liquidated damages under this Section 12.4, for any shortfall in Buyer's annual consumption of product, any liquidated damages based upon any monthly consumption shortfall(s) within the same year shall be deducted from by crediting to offset any liquidated damages owing under this Section 12.4 for the full year. For example, if Buyer's consumption in June 20102 is 5,000MT, Buyer would pay Seller $400/MT x 1,000MT or $400,000 in liquidated damages for such monthly shortfall; however, Buyer's annual volume requirement for that calendar year for purposes of calculating liquidated damages would then be reduced by 1,000MT to 84,000MT."

3. GENERAL PROVISIONS.

3.1 Effect of this First Amendment.

Except as expressly modified by this First Amendment, the terms and conditions of the Contract shall remain in full force and effect.

3.2 Further Amendment, Modifications.

No amendment to this First Amendment will be valid on binding unless and until reduced to willing and executed by each Party's authorized representative.

3.3 Construction, Severability.

This First Amendment was prepared jointly by the parties, and no rule that it be construed against the drafter shall have any application in its construction or interpretation. If any provision of this First Amendment is unenforceable, invalid or prohibited by any applicable law of treaty or court of competent jurisdiction, that provision will be severed and inoperative by the remaining provisions will be valid and binding. This First Amendment will be amended to include provisions which, not being void or unenforceable, most nearly achieve the object of the allegedly void or unenforceable provision.

IN WITNESS WHEREOF, the parties have executed this First Amendment to be effective as of the date first above written.

This Second Amendment to Amended and Restated Sales Contract (the "Second Amendment") is made and entered into as of this [ ] day of October, 2012, by and between Dow Europe GmbH ("Seller") and Styron Europe GmbH ("Buyer").

A. Seller and Buyer entered Into an Amended and Restated Sales Contract, effective June 17, 2010, for the sale of Polycarbonate grade Bisphenol A (parrabis) in molten form from Seller to Buyer (the "Amended and Restated Bisphenol A Sales Contract").

B. Seller and Buyer entered into a First Amendment to the Amended and Restated Bisphenol A Sales Contract, effective as of October 26, 2011 (the "First Amendment", the Amended and Restated Bisphenol A Sales as amended by the First Amendment, the "Contract").

C. Seller and Buyer desire to further amend the Contract in accordance with the terms of this Second Amendment.

NOW, THEREFORE, the Parties hereby agree as follows:

1. DEFINITIONS

2. AMENDMENTS

The Parties agree to amend the Contract as follows:

As part of the body of the Contract, a new Section, entitled (left column) "Pricing Discount", with the following content (right column) shall be added:

"Effective as of September 1, 2012 through to and including December 31 st 2015 [***].

The Pricing Discount shall not be removed or reduced under any circumstance whatsoever prior to and including September 30, 2013, after which date the Pricing Discount may be reassessed in accordance with the below:

[***]

(c) After being modified or removed in accordance with sub-section (a) or (b) above, the Pricing Discount will be restated starting with the month following the month in which the CMAI published PC margin WE General Purpose index did fall below 830 Euro/MT for three (3) consecutive months.

Example: If Buyer consumes 7000MT in one calendar month prior to September 30, 2013, the first 4500 MT will be priced at the regular formula, the remaining 2500MT will be priced at the regular formula minus the Pricing Discount of 200 Euro/MT, leading to a total discount of 500,000 Euro. If 5000MT are consumed within a calendar month there will be no Pricing Discount on that volume as Buyer has not consumed the Minimum Monthly Volume of 6000MT during that month.

2.2 New Section “Cooperation”

In addition, Buyer will use all reasonable efforts that Buyer operations personnel at the Stade PC plant will conduct a daily conference call (excluding Saturdays, Sundays and public holidays in Germany) with Seller on the Stade site to communicate the next 3-day production schedule. The Parties shall be free to, at any time, (i) agree a different time frequency for such conference calls, as well as (ii) release each other from the obligation to conduct and/or attend, as the case may be, such call on any qualifying day, in each case, as they deem appropriate, acting reasonably Save for any unforeseen or unscheduled inability or inexcusable failure to conduct and/or attend (as the case may be) such calls on either side, for instance in the event of short notice or sickness absence of personnel, this call will include at least one member from Buyer’s Stade site, as well as an on-site member from each of the following businesses of Seller in Stade – BPA, Chlor-Alkali, and Site Services (as reasonably needed). For the avoidance of doubt and notwithstanding anything to the contrary contained in the Contract or this Second Amendment, the Parties agree that:

(a) nothing set forth in this Second Amendment shall relieve Buyer of any Minimum Volume requirement, take or pay or other respective obligations under the Contract; and

(b) Buyer’s failure to perform any of the obligations set out in the Contract or the Second Amendment, in particular, but not limited to, Buyer’s obligations under the new Section “Cooperation”, shall not entitle Seller under any circumstance whatsoever to withdraw, hold back and/or to not pay the Pricing Discount to the extent that Buyer has qualified for such Pricing Discount in accordance with the terms of the new Section “Pricing Discount”.

4. GENERAL PROVISIONS

4.1 Effect of this Second Amendment

Except as expressly modified by this Second Amendment, the terms and conditions of the Contract shall remain in full force and effect.

In addition, both Seller and Buyer may assign their respective claims under this Contract to third parties. Agreed quantities and other terms shall not be affected by an assignment.

In the event Dow Europe GmbH or its Affiliates sell, convey, divest, or contribute to a joint venture the Ethylene Crackers located at both Terneuzen and Boehlen, then Dow Europe GmbH is obligated to assign this Contract to the third party purchaser or the joint venture for which the assets were contributed, except that only Dow Europe GmbH is subject to this assignment obligation and such obligation does not transfer to any subsequent assignee who were the third party purchaser or the joint venture for which the assets were contributed.

13. Applicable Law

This Contract shall be governed and construed in accordance with the internal laws of Switzerland. The United Nations Convention on Contracts for the International Sale of Goods (1980) shall not apply to this Contract. Arbitration shall take place in Zurich, Switzerland. The language of the arbitration shall be English.

14. No Set-off

Regardless of any other rights under any other agreements or mandatory provisions of law, neither Seller nor Buyer shall have the right to set-off any amounts due and payable under this Contract, whether contingent or otherwise, against any amount owed by such party to the other party, whether under this Contract or otherwise.

15. Counterparts

This Contract may be executed and delivered (including by facsimile or other means of electronic transmission, such as by electronic mail in "pdf" form) in one or more counterparts, and by the Parties in separate counterparts, each of which when executed shall be deemed to be an original, but all of which taken together shall constitute one and the same agreement.

ARTICLE 4 - SUPPLY AND OFF-TAKE OF PRODUCT

4.1 During the term of this Agreement and in consideration of JSR's payments made according to Article 3 above,

(i) JSR has the right to request DOW to manufacture Products utilizing [*****] of the New Train on an operating time basis, and

(ii) DOW shall have the obligation to manufacture Products utilizing [*****] of the New Train on an operating time basis,

according to the details as set out herein below.

4.2 DOW shall use best efforts to operate the New Train in accordance with DOW's operational standards as practiced for their own manufacturing operations (hereinafter "DOW Operational Standards"), applicable laws and regulations and the annual operational time schedule as agreed according to Article 4.4. DOW agrees to disclose to JSR, prior to the RTO-Date, subject to Article 21 herein below, an outline of DOW Operational Standards, and subsequently advise JSR of any material modification thereto.

4.3 JSR shall be eligible to request Dow to utilize the capacity of the New Train [*****] of its operating time and have DOW produce Products in the New Train. Dow agrees and commits that equal time periods (hereinafter "Time Slots") will be dedicated interchangingly to the production of SSBR products for each Party in the New Train, regardless of the actual production volume during the Time Slots. DOW shall use its best efforts to operate the New Train and to manufacture Products as efficient as possible. Unless otherwise agreed by the Parties, each Party's Time Slot shall be for a period of 60 consecutive Calendar Days.

4.4 The Parties shall use best efforts to agree in writing on annual schedules for the Time Slots by September 30 of each year for the following Calendar Year and allocate capacity utilization of the New Train giving due regard to (i) efficiency (e.g. optimal use of product mix), (ii) customer needs and (iii) balancing unplanned time losses. If the Parties cannot agree by September 30, they continue to negotiate in good faith and if they cannot agree by December 31, the Time Slots shall be allocated as specified in Schedule 7.B approximately one year prior to the RTO. Schedule 7 also sets out the Time Slots for the first full Calendar Year after the RTO as well as the Calendar Year in which the RTO occurs. The Parties will constantly review the workability and efficiency of the agreed upon annual schedules.

4.5 The Time Slot of each Party includes (i) time for necessary cleaning activities dictated by the Party's product mix, defined by each Party's product, production sequence and product run length, (ii) time for cleaning activities required before the transition to the next Time Slot. The time required for all cleaning activities will be agreed upon by the Operational Committee. If maintenance activities or any Unplanned Shutdown during a single Time Slot cause loss of production time in excess of an aggregate of three (3) Calendar Days, then both Parties will share the loss of time exceeding these three (3) days and will on an annual basis balance the loss of time in the production schedule for the subsequent Time Slots, unless the loss of production was solely caused by gross negligence or willful acts or willful omissions of DOW or DOW's employees, in which case JSR will be eligible to have the lost time added to JSR's subsequent Time Slots.

4.6 Should [*****] of the New Train for a specific Calendar Year, the respective Party shall give written notice to the other Party of such request. The receiving Party shall provide a written response to such request within 30 days. The receiving Party shall be under no obligation to accept such request. Any additional operating time conceded under this paragraph shall not influence or prejudice the Time Slots or requests for additional operating time for subsequent periods.

4.7 The first Product Portfolio to be produced by DOW for JSR from the New Train for delivery to JSR and the first Time Slot will be agreed by the Parties approximately one year prior to the date of the RTO and will be attached as Schedule 7B. Any modification of JSR's Product Portfolio (elimination or substitution with other Commercialized Grades) within any of JSR's Time Slots requires a prior written

notification to DOW with at least 30 days notice period and a prior mutual agreement of the Parties.

4.8 JSR will notify DOW when JSR desires to have certain grades of SSBR products be added to, or eliminated from, the Product Portfolio produced on the New Train. Incase JSR desires to add additional grades of products to the Product Portfolio, JSR shall provide DOW with Product Specifications, the basic recipe, samples, know-how and other Proprietary Information to the extent DOW and JSR deem it necessary to provide such information in order to enable DOW to manufacture the Products. 4.9 The Parties recognize the fact that, during commercialization, the production of Developmental Grades may lead to lower productivity as compared to the production process of Commercialized Grades. During the commercialization process Dow shall use best efforts to reach the highest productivity feasible for Developmental Grades. Immediately following the commercialization process and upon qualification of a Product as Commercialized Grade, the Parties will agree in the Operational Committee on a respective productivity (MT/day) ("Target Productivity") for such Commercialized Grade. The determination of the Target Productivity shall be based on the results of the commercialization process and shall be reviewed annually by the Operational Committee based on the production results of the previous year. DOW shall use its best efforts to achieve the Target Productivity.

4.10 The Parties shall discuss the production plan, production efficiency, production loss, productivity and related matters in the Operational Committee as described in Schedule 6.2.

ARTICLE 8 – NEW INVESTMENTS

8.1 Both Parties commit to invest for required improvements associated with sustaining plant performance as well as meeting Environmental, Health & Safety ("EH&S") standards and to equally share all resulting cost. For the avoidance of doubt, investments in or for the New Train required for EH&S reasons will be shared equally by both Parties. Investments for the New Train that are also beneficial for other trains or plants shall be shared on a pro rata basis with these trains and plants using the same methodology applied for DOW internal recharge practice as described in Schedule 3.

8.2 All new investments into the New Train related to capacity increase, technical or process modifications will have to be agreed by both Parties and related costs will be shared equally after such agreement. DOW has the right to decline the execution of any investments that might bring at risk the integrity and efficient operation of the New Train, or do not meet EH&S standards.

8.3 If the Parties agree to make a new investment that is solely in the interest of one of the Parties, then that Party will bear all of the costs and shall enjoy the full benefit of the investment, provided such benefit is not integrally and inseparably connected to the whole operation of the New Train.

9.9 JSR will independently judge and as a next step at its own cost test conformity of the Products to the relevant Product Specifications and manufacturing specifications and approve and accept the quality of the Products by inspecting the relevant Product Quality Report furnished by DOW in accordance with Article 9.8 hereof. For Developmental Grades JSR may at its own cost request DOW to submit to JSR advance samples of the relevant Products for its inspection and evaluation until JSR is satisfied with the results of the comparison to be made between the contents of such Product Quality Report and the results of JSR's actual inspection and evaluation at its laboratory.

At such time, both Parties shall also exchange any other memoranda, reports or other tangible and intangible media which refer to any Proprietary Information or destroy all such information and certify the fact of such destruction to the other Party. As exceptions to the foregoing, (1) each Party may retain in its confidential files one copy of all such Proprietary Information for record

ARTICLE 22 – ENTIRE AGREEMENT, AMENDMENTS, SEVER ABILITY

22.1 This Agreement and its schedules constitute the entire understanding between the Parties with respect to sales and toll conversion of the Products and the Capacity Rights of JSR in the New Train.

22.2 No modification or any claimed waiver of any of the provisions hereof shall be binding unless in writing and signed by the Party against whom such modification or waiver is to be enforced.

22.3 The Parties may jointly amend the Product Specifications to reflect technology and process improvements, regulatory requirements and market place needs.

22.4 Should a provision of this Agreement be or become invalid or unenforceable or should this Agreement prove to be incomplete, such invalidity, unenforceability or incompleteness shall not affect the valid or enforceable provisions. Any invalid or unenforceable provision shall be replaced with such new provision which will allow the Parties to achieve the intended economic result in a legally valid and effective manner. In case of incompleteness, the Parties shall agree on an additional provision which pursuant to the original intent of this Agreement would have been agreed upon if the Parties had considered such matter from the outset.

22.5 Failure of either Party to exercise any of its rights under this Agreement upon one occasion shall not waive this Party's right to exercise the same right on another occasion.

ARTICLE 23 – NO ASSIGNMENT

23.1 Unless specified differently in this Agreement, including but not limited to Articles 19 and 20, none of the Parties may delegate its obligations or assign its rights under this Agreement without prior written consent of the other Party, such consent not to be unreasonably withheld. Any attempted delegation or assignment without prior written consent of the other Party shall be of no force or effect.

23.2 Any of the Parties' obligations under this Agreement may be performed by any of the Parties' Affiliates; provided that such Party using Affiliates to perform its obligations, shall not be released from any of such obligations until and unless such obligations have been fully performed by such Affiliates.

ARTICLE 24 – NO JOINT VENTURE

The cooperation required between the Parties under this Agreement does not constitute a partnership nor a joint venture and shall not extend to any possible marketing and sales of SSBR products. The Parties confirm that they will remain independent in their efforts to market and sell SSBR products.

ARTICLE 25 – TERM OF AGREEMENT AND TERMINATION OF AGREEMENT

25.1 The initial term of the Agreement shall expire twenty (20) years after the RTO-Date (hereinafter "Initial Term").

25.2 Upon the expiration of the Initial Term, the term of the Agreement will automatically be extended for consecutive three-year periods (each such three-year period hereinafter "Extension Term"), unless either Party terminates the Agreement with three years prior written notice to the end of the Initial Term or any of the Extension Terms.

25.3 JSR may terminate the Agreement at will and without giving any reasons either

(i) with such termination taking effect six (6) years after the RTO-Date or thereafter, provided JSR has given three years prior written notice, or

(ii) with such termination taking effect three (3) years after the RTO-Date or thereafter, provided that JSR (1) has given three (3) months prior written notice to Dow, and (2) JSR pays immediately the aggregate FAP corresponding to the three (3) year period starting from the date of termination notice.

For purposes of clarification, any termination according to this Article 25.3 does not affect JSR's payment obligations under Article 3 of this Agreement.

25.4 DOW may terminate the Agreement

with such termination taking effect six (6) years after the day of the RTO-Date or thereafter, provided all of the following conditions are fulfilled:

(1) DOW has decided to cease to conduct a business utilizing the New Train or a larger portion of its rubber business, and tried to sell the New Train or the larger portion of its rubber business according to Articles 19.1 or 19.2, as the case may be, but has not been able to find a purchaser,

(2) DOW has fully complied with its obligations under Article 19 of this Agreement;

(3) JSR does not wish to acquire the New Train for a fair market value, and

(4) DOW has given three years prior written notice to JSR.

Should the Agreement be terminated in accordance with this Article 25.4, DOW shall immediately on the effective date of such termination cease to produce SSBR products in the New Train.

25.5 If the Parties fail to find a solution according to Article 18.3 within three (3) months after start of discussions and both Parties' outside law firms unanimously conclude in another self-assessment, that other than termination of the Agreement there is no other equitable solution which comes close to the original intent of the Parties in a legally valid and effective manner, either Party may terminate the Agreement with six (6) months written notice. Such notice needs to be sent to the other Party within three months after the date of the respective self-assessment of the outside counsels. If such equitable solution makes it necessary for JSR to acquire the New Train, then DOW will make available the necessary services, raw materials, energy and utilities to operate the New Train under a service agreement to be separately negotiated and agreed based on the principles of this Agreement.

25.6 If the event causing the Force Majeure as described in Article 26.1 (i) necessitates the rebuilding or significant structural repair of the New Train or (ii) leads to a loss in Asset Capability, and JSR does not exercise the right to participate in the replacement of lost capacity under Article 26.5, both Parties will confer in good faith to deal with the situation. If the Parties fail to reach agreement within three (3) months, either Party may terminate the Agreement by giving a three (3) months written notice to the other Party.

25.7 If either Party ("Breaching Party") has materially breached its obligations under this Agreement, both Parties shall discuss in good faith to encourage Breaching Party to rectify such breach. If Breaching Party has not rectified the breach within three (3) months after start of discussions, then the other Party ("Non-breaching Party") may terminate the Agreement immediately by giving a written notice to Breaching Party. The Parties agree that only the following events shall constitute a material breach:

(i) JSR is deemed to have materially breached its obligations under this Agreement if JSR does not fulfill the payment obligations under this Agreement for more than ten (10) days without DOW's prior written consent.

(ii) DOW is deemed to have materially breached its obligations under this Agreement if DOW intentionally or in gross negligence and without any operational justification, including but not limited to Force Majeure or Turnaround activities, did not manufacture Products during any JSR's Time Slot for JSR for more than ten (10) days without JSR's prior written consent.

25.8 The right to terminate the Agreement for material breach under Article 25.7 of the Agreement must be exercised within six (6) months after the Party that is entitled to terminate the Agreement has become aware of the reasons giving rise to its termination right.

25.9 Should the Agreement be terminated, JSR shall not be obliged to pay any FAP for the time after the termination becomes effective, except in the case of termination by (i) JSR according to Article 25.3 (ii), in which case JSR shall pay as provided for therein, or (ii) Dow according to Article 25.7, in which case JSR shall pay FAP corresponding to three (3) year period after termination.

25.10 Should the Agreement be terminated, DOW retains title to the New Train and is not entitled to compensation for its part of the Total Capital.

25.11 Should the Agreement be terminated, JSR is entitled to a pro rata reimbursement of its part of the net book value of the New Train according to U.S. GAAP, unless

(i) the Agreement is terminated under Articles 25.2, 25.3 or 25.6 of the Agreement, or

(ii) the Agreement is duly terminated by DOW under Article 25.5 solely due to the fact that JSR has actively contributed to a change of market conditions which led to a negative risk assessment according to Article 18.3, or

(iii) the Agreement is duly terminated by DOW under Article 25.7 because JSR materially breached its obligations under the Agreement.

25.12 Should the Agreement be duly terminated by JSR under Article 25.7 because DOW materially breached its obligations under the Agreement, DOW shall immediately cease to utilize [*****] of the New Train for the production of SSBR products on an operating time basis.

25.13 In case of the termination of this Agreement in accordance with Articles 25.2 through 25.6, neither Party will be obliged to compensate for any damages or losses of the other Party unless otherwise expressly provided for in this Agreement.

25.14 In case of termination of this Agreement in accordance with Article 25.7, Non-breaching Party is entitled to compensation for the damages and losses directly caused by such material breach. In addition, Breaching Party shall be liable for Non-breaching Party's loss of profit directly caused by that breach. However, Breaching Party's total liability for the aforementioned direct damages, losses and loss of profit shall not exceed an aggregate amount of the FAP for the Period (as defined in Article5.3) in which the damaging event happened.

ARTICLE 26 – FORCE MAJEURE

26.1 If the performance of this Agreement or of any of the obligations hereunder, except the making of payments, is prevented, restricted or interfered with by reason of any event of force majeure, including fire or other casualty or accident, strikes or labor disputes, war or other disturbance, breakdown of facilities, or any law, order, proclamation, rule, regulation, ordinance, demand or requirement of any government agency, or any other act or condition whatsoever (including the inability to acquire raw materials or energy at commercially reasonable rates), which are beyond the reasonable control of the Parties hereto ("Force Majeure"), then the Party so affected, upon giving prompt notice to the other Party, shall be excused from such performance and released from any liability for non-performance of its obligations hereunder to the extent of such Force Majeure. The performance of the party so affected shall be suspended only for as long as the event of Force Majeure continues, but such party shall use its best efforts to find alternative means of accomplishing such performance.

26.2 The Party whose obligations are affected by the Force Majeure event shall give notice and full particulars, including the expected duration, of such event by telephone, later confirmed in writing, to the other Party as soon as possible after the occurrence of such event. The Party declaring such event shall advise the other Party regarding the progress of efforts to resolve such event and its resolution.

26.3 Immediately upon the cessation of the event of Force Majeure, the Party affected will notify the other Party and will take steps to recommence or continue the performance that was suspended.

26.4 If the Force Majeure event necessitates the rebuilding or significant structural repair of the New Train the Parties agree to meet and discuss future cooperation. If DOW chooses not to rebuild or make such repairs, then JSR shall be entitled to a [*****] share of any net insurance proceeds received by DOW after deduction of necessary remediation cost.

26.5 If the event causing the Force Majeure leads to a loss in Asset Capability and DOW intends to replace the lost Asset Capability, then JSR shall have the right to participate in such capacity upon terms and conditions to be agreed upon by the Parties.

ARTICLE 27 – GOVERNING LAW

This Agreement shall be interpreted in accordance with and governed by the laws of Germany without reference to its conflict of laws provisions. The United Nations Convention on Contracts for the International Sale of Goods (1980) shall not apply to this Agreement.

For clarity, **NET CONSUMPTION** includes all losses occurring from acquisition and storage up to usage of materials, energy and utilities. The resulting yield loss will be defined per each Product.

For example typical yield losses for batch SSBR are for (i) Butadiene between 3% to 5%, and (ii) for Styrene monomer between 1.5% and 2%.

If supply or contract situation for materials, utilities, energy or services change then invoicing formulas will be subject to change in an equitable manner.

If materials, utilities, energy or services are or become subject to special taxes, those taxes will be added and invoiced with the respective item. Typical examples are EEG, (Erneuerbare Energien Gesetz) ÖKO Tax, KWK (Kraft-Wärme-Kopplung) and CO2 Tax.

In special cases and after mutual agreement JSR can supply scarce polymerization chemicals, in such case Dow will apply [*****] calculated on the estimated procured value.

For clarity, “Dow internal recharge price” or “Dow internal cost” reflect a price or cost respectively determined according to internal Dow accounting mechanism to equitably allocate costs between different Dow Business Units or Functions which make use of the services, materials, energy or utilities.

SCHEDULE 5

TO SSBR TOLL CONVERSION AND CAPACITY RIGHTS AGREEMENT

QUALITY CONTROL

Within a year of RTO the New Train will be part of the collective certification for the Dow Rubber Complex in Schkopau according to TS16949.

Dow will perform standard Quality Control, according to Dow Operational Standards. Data will be recorded in the Dow Quality and Laboratory Information System (LIMS).

Dow will issue a Product Quality Report, which summarizes the analytical measurements performed by Dow, in the form set in SCHEDULE #9, as part of the weekly Production Report.

In addition a Dow standard Certificate–of-Analysis (CoA) will be issued per production lot.

The standard analytical services included in the Quality Control Service for finished Products are provided on a per batch basis (defined as full 24 hr production) and according to Dow sampling plan.

Analytical Measures according to Dow sampling plan:

[****]

It is anticipated that with increasing experience in manufacturing Products, it may become possible to predict and/or control specifications by means other than analytical

laboratory measurements. In such case, those means can substitute for analytical measurements.

If JSR requests additional analytical services, then Dow has the right (i) to evaluate whether such services are within its operational scope and ability, and (ii) charge JSR all additional costs, including but not limited to investments for laboratory equipment, that will render such services feasible and available to JSR. The principles outlined in SCHEDULE 3 for Variable Payments will apply for all service and material charges.

If during the execution of the contract new analytical methods are introduced and become the standard in the industry, then the Operational Committee will agree on implementation and sharing of related costs.

ASSET CAPABILITY, PRODUCT PORTFOLIO, TIME SLOTS

A. ASSET CAPABILITY

The Asset Capability of the New Train will be at least [****] per annum of SSBR, according to Dow Operating Discipline Management System (ODMS).

For clarity, the Asset Capability will be defined by Dow within 12 months after RTO on the basis of the following process:

1. Selection of one “control” grade, in this case a standard Dow Batch SSBR commercial grade.
2. Production of the “control” grade for a period of 30 consecutive Calendar Days.
3. Calculation of Asset Capability by annualizing production volume described in step 2 above on a 365-day Calendar Year.

The “control” grade will also serve as the comparative measure for production rates of all Developmental Grades and Commercialized Grades. For example, Dow will use its best efforts to achieve the same production rates for Products as for the “control” grade. However, the outcome of said efforts will depend upon the complexity of Products. The Parties will be cooperating to achieve improvements of production rates for the Products on a continuous basis.

B. FIRST PRODUCT PORTFOLIO AND FIRST TIME SLOT

The details of the topic will be agreed upon and included here approximately 1 year prior to RTO according Article 4.7.

Licensee shall promptly, upon discovery, notify Licensor of any alleged malfunction which may exist. Party to respond to any such claim), the Indemnified Party shall give the Indemnifying Party notice of such Indemnified Claim. The Indemnifying Party shall be entitled to assume and control the defense of such Indemnified Claim at its expense and through counsel of its choice if (i) it gives notice of its intention to do so to the Indemnified Party within [****] ([****]) days of the receipt of such notice from the Indemnified Party, (ii) the Indemnifying Party provides the Indemnified Party with evidence acceptable to the Indemnified Party that the Indemnifying Party will have the financial resources to defend against the Indemnified Claim and fulfill its indemnification obligations hereunder, (iii) the Indemnifying Party assumes all responsibility for the Damages underlying such Indemnified Claim, without any reservations or rights or similar claims, and (iv) the Indemnifying Party conducts the defense of the Indemnified Claim actively and diligently, including the posting of bonds or other security required in connection with the defense of such Indemnified Claim. The Indemnified Party shall reasonably cooperate with the Indemnifying Party in such defense and make available to the Indemnifying Party, at the Indemnified Party's expense, all witnesses, pertinent records, materials and information in the Indemnified Party's possession or under the Indemnified Party's control relating thereto as is reasonably required by the Indemnifying Party. If the Indemnifying Party elects to direct the defense of any such claim or proceeding, the Indemnified Party shall not pay, or permit to be paid, any part of such Indemnified Claim unless the Indemnifying Party consents in writing to such payment or unless the Indemnifying Party withdraws from the defense of such Indemnified Claim liability or unless a final judgment from which no appeal may be taken by or on behalf of the Indemnifying Party is entered against the Indemnified Party for such Indemnified Claim. If the Indemnified Party assumes the defense of any such claims or proceeding pursuant to this SECTION 13.3 because the Indemnifying Party elects not to defend such Indemnified Claim, or fails to notify the Indemnified Party in writing of its election to defend as provided for in this SECTION 13.3, the Indemnified Party may, with the prior written consent of the Indemnifying Party (such consent not to be unreasonably withheld, conditioned or delayed) pay, compromise, settle or defend such Indemnified Claim, including settling such claims or proceeding prior to a final judgment thereon or foregoing any appeal with respect thereto; provided, however, the Indemnifying Party shall have the right to participate in the settlement or assume or reassume the defense of such claims or proceedings. Notwithstanding the foregoing, the Indemnifying Party shall not be entitled to assume the defense of any Indemnified Claim (but the fees and expenses of counsel incurred by the Indemnified Party in defending such Indemnified Claim shall nonetheless be considered Damages for purposes of this Agreement) if the Indemnified Claim: (A) seeks an order, injunction, equitable relief or other relief other than money damages against any Indemnified Party that cannot reasonably be separated from any related claim for money damages, (B) seeks money damages which, together with any other Damages reasonably expected in connection therewith, are likely to

exceed the aggregate amount the Indemnifying Party would be responsible for under this ARTICLE 13 with respect thereto, (C) involves a Governmental Authority, or (D) relates to or arises in connection with any criminal Action. The Indemnified Party shall not admit any liability with respect to, or settle, compromise or discharge any Indemnified Claim without the Indemnifying Party's prior written consent. The Indemnifying Party shall have the right to settle any Indemnified Claim for which it obtains a full release of the Indemnified Party in respect of such Indemnified Claim or to which settlement the Indemnified Party consents in writing, such consent not to be unreasonably withheld, conditioned or delayed.

SECTION 13.4 Limitations on Liability.

(a) Except for Claims arising out of or relating to the gross negligence or intentional misconduct of Licensor or the willful refusal to provide Services pending a dispute, the total aggregate liability of Licensor for breach of this Agreement shall be limited to the Service Charges actually paid to Licensor during the [****] ([****]) months preceding the last act or omission giving rise to such Claim. If such act or omission occurs during the first [****] ([****]) months of the Agreement, such limit shall be equal to an amount calculated by extrapolating from the Service Charges paid from the Effective Date up to the last act or omission to generate the equivalent of [****] ([****]) months of Service Charges; for example, if the last act or omission arises at the end of month [****] ([****]), then the Service Charges paid to Licensor during the initial [****] ([****]) month period will be [****] to reach the liability limit. Notwithstanding the foregoing, the aggregate liability of Licensor for its indemnity obligations under SECTION 13.2 shall not be limited by this provision.

(b) Except for Claims arising out of or relating to the gross negligence or intentional misconduct of Licensee or Licensee's obligation to pay undisputed amounts under this Agreement, the total aggregate liability of Licensee for breach of this Agreement shall be limited to the Service Charges actually paid to Licensor during the [****] ([****]) months preceding the last act or omission giving rise to such Claim. If such act or omission occurs during the first [****] ([****]) months of the Agreement, such limit shall equal an amount calculated by extrapolating from the Service Charges paid from the Effective Date up to the last act or omission to generate the equivalent of [****] ([****]) months of Service Charges; for example, if the last act or omission arises at the end of month [****] ([****]), then the Service Charges paid to Licensor during the initial [****] ([****]) month period will be [****] to reach the liability limit. Notwithstanding the foregoing, the aggregate liability of Licensee for its indemnity obligations under SECTION 13.1 shall not be limited by this provision.

(c) Each Party shall use its commercially reasonable efforts to mitigate Damages for which it seeks recourse hereunder, provided, that no Indemnified Party or their respective Affiliates shall be required to make any claim against its own insurance for any Damages

for which they are entitled to indemnification, provided, further, that the failure of such Party to successfully mitigate such Damages shall not affect such Party's right to seek recourse with respect to such Damages so long as such Party shall have used its commercially reasonable efforts to mitigate and the Indemnifying Party cannot show that Damages were directly the result of such failure to mitigate.

(d) Any Damages payable under this ARTICLE 13 shall be calculated after giving effect to (i) any insurance payments actually paid to the Indemnified Party or any of its Affiliates in connection with the facts giving rise to the right of indemnification, and if the Indemnified Party or any of its Affiliates receives such insurance payment after receipt of payment from the Indemnifying Party, then the amount of such insurance payment, net of reasonable expenses incurred in obtaining such recovery or insurance, shall be paid to the Indemnifying Party; and (ii) any Tax benefit actually realized by the Indemnified Party or any of its Affiliates arising in connection with the accrual, incurrence or payment of any such Damages during the taxable year of such Damages.

(e) NO PARTY TO THIS AGREEMENT OR ITS AFFILIATES SHALL BE LIABLE TO OR OTHERWISE RESPONSIBLE TO THE OTHER PARTY HERETO OR ITS AFFILIATES FOR ANY INDIRECT, EXEMPLARY, CONSEQUENTIAL, SPECIAL, INCIDENTAL OR PUNITIVE DAMAGES, LOST PROFITS, LOSS OF WAGES, LOST SALES, BUSINESS INTERRUPTION OR LOST BUSINESS OPPORTUNITIES THAT ARISE OUT OF OR RELATE TO THIS AGREEMENT OR THE PERFORMANCE (OR FAILURE TO PERFORM) HEREUNDER, REGARDLESS OF WHETHER SUCH DAMAGES WERE FORESEEABLE OR SUCH PARTY HAD BEEN APPRISED OF THE LIKELIHOOD THEREOF. THE LIMITATIONS SET FORTH IN THIS SECTION 13.4(e) SHALL NOT IN ANY WAY LIMIT A PARTY'S INDEMNITY OBLIGATIONS UNDER SECTION 13.1 OR SECTION 13.2, INCLUDING IF THE CLAIM UNDERLYING SUCH INDEMNITY OBLIGATION INCLUDES DAMAGES OF A TYPE OTHERWISE LIMITED BY THIS SECTION 13.4(e).

(f) Regardless of any other rights under any other agreements or mandatory provisions of Law neither Licensor nor Licensee shall have the right to set-off the amount of any Claim it may have under this Agreement, whether contingent or otherwise, against any amount owed by such Party to the other Party, whether under this Agreement or otherwise.

SECTION 13.5 Neither Party shall have any remedy for Claims arising out of or relating to this Agreement other than (i) the indemnification remedies set forth in SECTION 13.1 and SECTION 13.2 and (ii) Claims for direct Damages resulting from a breach of this Agreement, subject, in the case of both clauses (i) and (ii), to the limitations and exclusions set forth in this Article 13; provided, that: (y) either Party shall have the right to seek specific performance of this Agreement; and (z) a Party shall not have a Claim for direct Damages resulting from a breach of this Agreement with respect to Damages that are specifically addressed in SECTION 13.1 and SECTION 13.2.

SECTION 13.6 Licensor shall cause its insurers to waive their rights of subrogation against Licensee with respect to the indemnification provided by SECTION 13.2(a), SECTION 13.2(b) or SECTION 13.2(c). Likewise, Licensee shall cause its insurers to waive their rights of subrogation against Licensor with respect to the indemnification provided by SECTION 13.1(a), SECTION 13.1(b) or SECTION 13.1(c).

For the avoidance of doubt, the Services performed by Licensor

hereunder shall not include any services related to the supply, support or maintenance of the Minicomputer. This SECTION 14.3 and SECTION 14.2 are deemed fundamental to the basic purposes of this Agreement and may not be severed from this Agreement.

APPENDIX B

SERVICE TERMS

Section 1. Scope of Services and Responsibilities

1.1 Licensor agrees to provide, either itself or through a designated provider, and Licensee agrees to acquire from Licensor or said designated provider as may be required by Licensee, the support and maintenance services listed in Column 2 of the **" Table of Support and Maintenance Services "** which is attached to these Service Terms, for the MOD ™ 5 Systems and PRODUCERTM, in each case, in the Facilities which operate using MOD ™ 5 Software. Licensee, in addition, hereby agrees to accept and properly discharge Licensee's responsibilities which are listed in Column 4 of the attached Table of Support and Maintenance Services. No support for PRODUCER ™ will be provided by Licensor after December 31, 2012, unless the Parties agree to extend the term with respect to PRODUCER ™ as set forth in SECTION 4.2.

1.2 The Services include:

(i) Training Services shall consist of training in methods which Licensor deems appropriate for supporting the Licensed Software in the Facilities by Licensee. This shall include, but is not limited to, training in: producing the Application Program and Compiled DOWTRANTM; Licensed Software operation; hardware maintenance; use of DOWTRANTM; application of MOD ™ 5 OVERHEADSTM; and use of DOWTRAN ™ Support Tools. Such training shall further include education in the use of the Interface Processor, MOD ™ 5 Compiler, MOD ™ 5 Computer, and GPI to provide process information and process information management capabilities.

(ii) Procurement, Maintenance and Support Services for Licensed Software and MOD ™ 5 Hardware include the notification of and assistance for implementation, where necessary, of product notices for Licensed Software and MOD ™ 5 Hardware, printed circuit board repair services, preventive maintenance based on the specific needs of MOD ™ 5 Hardware, and remedial maintenance advice for Licensed Software, MOD ™ 5 Hardware, Firmware and other hardware maintenance that is conducted by Licensor, upon Licensee's request. Licensor shall render service promptly.

(iii) The provision of any improvements, upgrades or enhancements of the MOD ™ 5 Systems or PRODUCER ™ that may be developed by Licensor that are applicable to Licensee.

(iv) A source for repair or replacement of subassemblies and printed circuit boards will be provided by Licensor for Licensee's account, i.e., at Licensee's expense, working with a vendor of such components authorized by Licensor. Licensee will not have the ability to purchase new MOD ™ 5 Systems and will only have the right to purchase spare parts which shall be supplied to Licensee by or on behalf of Licensor. Acquisition and installation of Hardware Consumables shall be the responsibility of Licensee.

1.3 Licensor and Licensee agree that all requests for services described in SECTIONS 1.2(i) and 1.2(ii) to be performed by Licensor on MOD ™ 5 Systems or PRODUCER ™ in the Facilities shall be submitted through a General Service Order, whereby Licensor shall provide an estimate of the cost (budget) of carrying out the project. These costs shall reflect the full cost to be incurred by Licensor in providing services under the General Service Order, including all salary, fringe benefits, travel, direct overhead, materials, supplies, telecommunications, rent, leases, insurance and depreciation of allocable capital. Licensor shall be authorized to carry out the project upon approval of a General Service Order by the General Service Coordinators for the Parties. Telephone Support Services for Process Critical Systems and Applications as described in the attached Table of Support and Maintenance Services may be performed prior to the approval of a General Service Order; however, a General Service Order shall be completed by Licensee as soon as practical thereafter.

1.4 Licensee and Licensee's Affiliates shall participate in Licensor's MOD ™ 5 Recovery and Redeployment Program (**" Program** ") attached as APPENDIX D, on the same standing as Licensor's Affiliates. Licensor's ability to provide ongoing support depends upon Licensee's participation in the Program.

Section 2. Service Limitations

Services will not be performed on any computerized process control systems, including but not limited to AspenTech IP.21 interface, other than the MOD ™ 5 Systems. Services are contingent upon the proper use of the Licensed Software in accordance with Licensed Software training provided under SECTION 1 above, to the extent that Licensee's failure to use the Licensed Software in accordance with such training substantially impedes Licensor's ability to provide Services with respect to such Licensed Software. Services do not include any of the following: electrical work external to the Interface Processor or Minicomputer; replacing or providing Hardware Consumables; refinishing Licensed Software; or maintenance of accessories, attachments, machines or other devices not provided by Licensor. Service shall not include practices which in Licensor's judgment are unsafe or impractical for Licensor to render because of alterations to the Licensed Software or connection of the Facilities by mechanical or electrical means to machine devices furnished by a supplier other than Licensor. Service will not be performed on Licensed Software located in an unsafe or hazardous environment, as determined by Licensor. Service to be provided does not include service necessitated by elements external to the Licensed Software which are not within Licensor's operation or maintenance instructions or installation site preparation guidelines including, but not limited to, humidity, temperature, power failure, surges, air conditioning, grounding, static charge control, service resulting from accident, neglect, alterations, improper use or misuse of the Licensed Software or by repairs attempted by Licensee's personnel or service to a version other than the installed version of Licensed Software and MOD ™ 5 Hardware.

MOD ™ 5 RECOVERY AND REDEPLOYMENT PROGRAM

The MOD ™ 5 Recovery and Asset Redeployment Program is a program that optimizes the utilization of hardware from decommissioned MOD ™ 5 Systems. As new spare parts become unavailable, critical components from Licensee's and/or its Affiliates' decommissioned MOD ™ 5 Systems are kept in an inventory at a location designated by Licensor for break/fix items to be used for all remaining running plants that comprise the MOD ™ 5 System installed base. Both Licensee and its Affiliates benefit from the redeployment and proactive management of the MOD ™ 5 Hardware. Participation in this program is critical in order to achieve sufficient quantities of spare parts to support Licensee's plants and is required in order for Licensor to provide ongoing support of Licensee's and/or its Affiliates' systems.

AMENDMENT NO. 1
TO THE AMENDED AND RESTATED
MOD ™ 5 COMPUTERIZED PROCESS CONTROL SOFTWARE AGREEMENT
LICENSES AND SERVICES

This Amendment No. 1 (this " Amendment ") to the Amended and Restated MODTM 5 Computerized Process Control Software Agreement is entered into effective June 1, 2013 (the " Amendment Effective Date ") by and between Rofan Services Inc. (" Licensor ") and Styron LLC (" Licensee ").

WHEREAS, Licensor and Licensee (collectively with their permitted assigns, the " Parties " and each, a " Party ") have entered into an Amended and Restated MODTM 5 Computerized Process Control Software Agreement, dated as of June 17, 2010 (the " Agreement "); and

WHEREAS, the Parties desire to amend the Agreement as further described herein.

NOW THEREFORE, in consideration of the mutual promises and covenants contained in this Amendment, and of other good and valid consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

1. APPLICABILITY OF PROVISIONS OF THE AGREEMENT

This Amendment is subject to, and shall be governed by, all of the provisions of the Agreement, as amended, except to the extent such provisions are expressly modified by this Amendment. Unless otherwise specified, references in this Amendment to Articles, Sections, Schedules and Exhibits refer to the Articles, Sections, Schedules and Exhibits of the Agreement. Capitalized words and phrases used, but not defined in this Amendment, shall have the same meanings as defined in the Agreement or the Second Amended and Restated Master Outsourcing Service Agreement ("SAR MOSA"), as applicable.

2. AMENDED PROVISIONS

Effective as of 12:00:01 a.m., U.S. Eastern Time on the Amendment Effective Date, the following provisions of the Agreement are amended as set forth below:

2.1 **Section 4.2** of the Agreement is hereby deleted in its entirety and replaced with the following language:

The term of this Agreement shall commence on the Effective Date hereof and, subject to the provisions herein shall continue until December 31, 2020, unless terminated earlier in accordance with Article 15. Licensor will use reasonable efforts to continue to provide support to Licensee for PRODUCER ™ so long as it

is able to support its own plants; however, notwithstanding the foregoing, Licensor may terminate the license and support for PRODUCER ™ by providing [****] ([****]) months written notice to Licensee. In the event that Licensor terminates the license and support for PRODUCER ™ , Licensor shall provide to Licensee, to the extent Licensor is able to: (i) a list of Licensor's preferred vendors of any applications to replace PRODUCER ™ , (ii) all documentation associated with PRODUCER ™ that is used by Licensor to support PRODUCER ™ for Licensee; (iii) an assignment of all necessary licenses of PRODUCER ™ so that Licensee may continue to use and support PRODUCER ™ . Licensee shall bear costs and expenses associated with providing the foregoing items (i) through (iii).

2.2 **Section 5.2** of the Agreement is hereby deleted in its entirety and replaced with the following language:

All Annual License Charges shall be payable by Licensee to Licensor during the term of this Agreement in the amounts specified on the attached Schedule 1. All Annual License Charges shall be due on the first day of each Contract Year hereunder and shall be paid within [****] ([****]) days of the due date. If all of the Conditions defined in Section 5.3 are met during any Contract Year during the Term, then Licensee shall be entitled to a discount for the Annual License Charges due for the subsequent Contract Year. All Annual License Charges shall apply to all MOD ™ 5 Systems until such time that the relevant MOD ™ 5 equipment is returned to Licensor in accordance with the MOD ™ 5 Recovery and Redeployment Program.

2.3 **Section 5.3** of the Agreement is hereby deleted in its entirety and replaced with the following language:

Licensee shall be entitled to a discount in the Annual License Charges, if Licensee shall meet the following conditions for the term of the Agreement (together, the " **Conditions** "):

(a) by [****] of every Calendar Year, Licensee has submitted to Licensor a written document describing Licensee's plan (updated from year to year) to migrate its MOD 5 Systems to a different process control system (" **Migration Plan** "), wherein such Migration Plan includes at least the following information:

- Vendor selection;
- Key milestones (including timing) for the migration;

- The estimated date(s) on which MOD 5 System equipment will be returned to Licensor in accordance with the MOD 5 Recovery and Redeployment Program [1] , and;
- Any other such information associated with the Migration Plan that Licensor may reasonably request.

(b) Based on the number of MOD 5 CANS existing as of the Effective Date, but not including any divested MOD 5 Systems unless such MOD 5 Systems have been migrated to other process control systems by Licensee:

(i) by [****], Licensee has migrated at least [****]% (±[****]%) of its MOD 5 Systems to other process control systems;

(ii) by [****], Licensee has migrated at least [****]% (±[****]%) of its MOD 5 Systems to other process control systems;

(iii) by [****], Licensee has migrated at least [****]% (±[****]%) of its MOD 5 Systems to other process control systems;

(iv) by [****], Licensee has migrated at least [****]% (±[****]%) of its MOD 5 Systems to other process control systems; and

(c) the Second Amended and Restated Master Outsourcing Service Agreement (" **SAR MOSA** ") between Licensee and The Dow Chemical Company dated June 1, 2013 has not been terminated (unless Styron has terminated the SAR MOSA for cause).

The discount in Annual License Charges shall be [****]%, calculated as set forth in Schedule 1. If Licensee fails to meet any of the Conditions listed in this Section 5.3 during any year, then the discount shall not apply for the subsequent year. If Licensee divests a Facility, the discount in Annual License Charges is non-transferable and shall not apply to the party acquiring the divested Facility.

2.4 **Section 6.2** of the Agreement is hereby amended by inserting a new clause at the end of the sentence as follows:

", which pre-approval shall not be unreasonably withheld".

[1] Licensee shall provide reasonable notice to Licensor of any delays or significant risks to this date.

2.5 **Appendix B, Section 2** of the Agreement is hereby amended as follows:

(a) By deleting in its entirety the first sentence and replacing it with the following sentence:

"Services will not be performed on any computerized process control systems other than the MOD 5 Systems; for the sake of clarity, the services will include reinstallation and troubleshooting assistance for the CIMIO style of real-time interface routine."

(b) And by inserting after the third sentence the following:

For the sake of clarity, these TSOs and their respective fees are reviewed annually as part of the normal TSO review process, including adjustments in fees.

2.6 **Appendix B, Section 3.1(i)** of the Agreement is hereby amended by inserting at the end of the paragraph the sentence as follows:

"Service Charges and fees for the Technical Services Orders listed in Appendix B, Section 2 of this Agreement for 2014 through the end of the Term of the Agreement will be based on Service Charges and Technical Services Orders fees from the then current Contract Year and will be adjusted for the subsequent Contract Year, year over year, for changes in Licensor's budgeted costs and Licensee's pro rata share, as determined at the end of the previous calendar year, of total users of MOD 5 Systems, plus Licensee's pro rata portion of any last-time hardware purchases deemed by Licensor to be required due to product obsolescence.

Upon Licensee's request prior to [****] of any year, Licensor will, no later than [****] of that year, provide Licensee with a non-binding estimate of Service Charges for the upcoming year using information available to Licensor at the time. Upon conclusion of Licensor's annual financial planning processes, but no later than D[****] of each year, Licensor will provide Licensee with the actual Service Charges for the upcoming calendar year, which will include, as applicable, the non-binding amount related to last-time hardware purchases, as known by Licensor at the time."

3. OTHER PROVISIONS OF THE AGREEMENT UNCHANGED

Except as specifically amended by this Amendment, all other provisions of the Agreement shall remain in full force and effect and shall not be altered by this Amendment.

4. ENTIRE AGREEMENT

This Amendment may be signed in multiple counterparts, each of which shall be an original but all of which will constitute one and the same Amendment. Appendix 1 is intended to list license agreements under which Licensors have received licenses and/or sublicenses from Counterparties with respect to Intellectual Property used, held for use or that is the subject of research or development for the Styron Business, other than the Transferred Contracts (as defined in the Sale and Purchase Agreement) and agreements that relate exclusively to Excluded IP.

any Owned Patent(s) included in any Dow Retained Patent Group (as such terms are defined in the IP Assignment Agreement) until such time as such patents or patent applications are transferred to Styron under Section 2.3(b)(3) of the IP Assignment Agreement (at which time such patents and patent applications shall be Assigned IP hereunder), and all patents issuing or claiming priority from any of the foregoing, including foreign counterparts thereto.

(2) " **Licensed Copyrights** ": The copyrighted works Owned or Controlled by one or more Licensors or their Affiliates as of the Effective Date to the extent used, held for use or the subject of research or development for the Styron Business as of the Effective Date.

(c) for reproducing, distributing, performing, displaying, adapting and modifying works that are protected by Licensed Copyrights, and creating derivative works thereof, including for the purposes described in Section 2.1(a) and Section 2.1(b).

The license granted by Licensors and their Subsidiaries under this Section 2.1 is worldwide, and is subject to the exclusive licenses that Dow has granted under the Licensed Scope IP for any territories prior to the Effective Date. Styron may grant sublicenses to its Affiliates (and such Affiliates shall have the right to grant further sublicenses) and any Third Parties under the license granted in this Section 2.1. For the avoidance of doubt, this Agreement does not grant Styron any right or license with respect to Excluded IP.

Section 2.2 Licensors hereby grant, and shall cause each of their Subsidiaries to grant, to Styron, and Styron hereby accepts, a perpetual, irrevocable, fully paid-up, royalty-free, sublicensable right and license to practice and otherwise use the Licensed End Use IP in connection with the Styron Business, subject to the limitations set out below in subsections (a) through (c). The license granted hereunder is worldwide, includes the right to have made and is subject to the exclusive licenses that Dow has granted under the Licensed End Use IP for any territories prior to the Effective Date.

(a) Styron may sublicense the Licensed End Use IP to any Third Parties only for use in connection with Styron Products that were acquired directly or indirectly from the Styron Group or a sublicensee of the Styron Group;

(b) Styron may grant its Affiliates a right to grant further sublicenses under Licensed End Use IP; and

(c) For the avoidance of doubt, Styron and the Styron Group have no right or license to use, disclose or sublicense Non-Licensed End Use IP.

Section 2.3 The licenses granted by Licensors and their Subsidiaries to Styron under Section 2.1 and Section 2.2 shall be exclusive (i) within the Styron Business for Licensed Patents that are primarily used in the Styron Business (including, for the sake of clarity, for Styron End Uses), and (ii) with respect to Licensed Patents that have the Dow case numbers [****] ([****] and patents with common priority (including foreign counterparts thereto)) and [****] ([****] and patents with common priority (including foreign counterparts thereto)), for the production of foams (other than Dow Products or Dow Exclusive Products) that have a density of at least [****] from Styron Products; except that, with respect to each of the foregoing subsections (i) and (ii):

(a) this Section 2.3 shall be subject to the rights that Licensors or their Affiliates have granted to Third Parties under the Licensed IP prior to the Effective Date; and

(b) Licensors retain a perpetual, irrevocable, fully paid-up, royalty-free, non-exclusive right under the Licensed IP solely for Licensors and their Affiliates to use Licensed Patents to the same extent that Licensors have the right to use Assigned IP pursuant to Section 2.5.

Section 2.4 Licensors hereby grant, and shall cause each of their Subsidiaries to grant, to Styron, and Styron hereby accepts, a non-exclusive, perpetual, irrevocable, fully paid-up, royalty-free, sublicensable, worldwide right and license to practice and otherwise use any Licensed Scope IP other than the Licensed Patents, in connection with products other than Styron Products, provided that such use does not infringe any patent rights Owned or Controlled by Licensors or their Affiliates. Styron may grant sublicenses to its Affiliates under the license granted in this Section 2.4, and this license includes the right to have made.

Section 2.5 Subject to the pre-existing rights and licenses granted to other Persons to practice and otherwise use any Assigned IP, Styron hereby grants to Licensors a non-exclusive, perpetual, irrevocable, fully paid-up, royalty-free, worldwide right and license to practice and otherwise use the Assigned IP (other than Trademarks) as set forth in this Section 2.5. Subject to Section 2.3(b), this Section 2.5 further sets out the scope of Licensors' retained right under Section 2.3(b).

(a) Licensors and their Affiliates may practice and otherwise use Assigned IP but only to the extent outside the Styron Business and outside the Styron End Uses.

(b) Licensors and their Affiliates may practice and otherwise use Assigned IP in connection with the research, development, manufacture, distribution, marketing or sale of styrene acrylate latexes sold by Dow but only to the extent outside the following markets: (i) coated paper, (ii) coated paperboard, (iii) carpet, and (iv) performance latexes.

(c) Licensors and their Affiliates may practice and otherwise use Assigned IP to make and use Styron Products for their Internal Consumption solely for use in manufacturing products that are End Use products sold by Dow outside the Styron End Uses, but, for the sake of clarity, only to the extent such products are not Styron Products. For the avoidance of doubt, Licensors and their Affiliates may also practice and otherwise use Assigned IP for the limited purpose of making, using and selling Styron Products, and operating and maintaining facilities, for the benefit of Styron, but only as expressly permitted in the Transaction Documents and as may be otherwise required for Licensors and its Affiliates to perform its obligations under the Transaction Documents.

(d) Licensors may grant sublicenses (i) to their Affiliates under the license granted to Licensors pursuant to Section 2.5(a) and Section 2.5(b), (ii) to Third Parties under the license granted to Licensors pursuant to Section 2.5(a) and Section 2.5(b) but only with respect to know-how and such sublicense right shall not include the right to sublicense any patents or patent rights, and (iii) to their Affiliates under the license granted to Licensors pursuant to Section 2.5(c) (but, for the sake of clarity, not for use or sale in connection with Third Party products and services) and for the limited purposes set forth in Section 2.5(c); provided that, in each such sublicense, Licensors expressly limit such sublicense grant to use in connection with the manufacture of Dow Products for Dow, or for the limited purposes set forth in Section 2.5 (c).

(e) If any product first commercially sold by Licensors (or any sublicensees permitted pursuant to Section 2.5(d)) after the Effective Date falls within the scope of a valid and unexpired patent within the Assigned IP, the product shall be subject to a reasonable non-discriminatory royalty to be agreed upon by the Parties. If the Parties cannot agree on the amount of such a royalty, the amount shall be determined in accordance with the Service Management Model.

Notwithstanding the foregoing, this Section 2.5 shall not apply to any asset described in Internal Revenue Code section 197(d)(1)(A) or (B) (goodwill or going concern value).

Section 2.6 Licensors hereby grant, and shall cause each of their Subsidiaries to grant, to Styron and its Affiliates, and Styron hereby accepts on behalf of itself and its Affiliates, an irrevocable, fully paid-up, royalty-free non-exclusive right and license to practice and otherwise use any Intellectual Property owned or controlled by Licensors or their Subsidiaries solely for the limited purpose, and to the extent necessary, for Styron or any of its Affiliates to perform its or any of their obligations under any Transferred Contract (including any Transferred IP Agreement) or Partially Transferred Contract (as each such term is defined in the SPA) or any Transaction Document.

Section 2.7 Notwithstanding anything in this ARTICLE 2, no rights are granted hereunder to Styron for the use of the "DOW", "DOW CHEMICAL", "THE DOW CHEMICAL COMPANY" and "ROHM AND HAAS" names, together with all variations and acronyms thereof and all trademarks, service marks, Internet domain names, trade names, trade dress, company names and other identifiers of source or goodwill containing, incorporating or associated with any of the foregoing, including the Dow Diamond logo (*i.e.* ,

).

Section 2.8 The Parties acknowledge and agree that the licenses granted herein to Styron do not extend to or grant rights under any other Intellectual Property that is licensed to Styron or its Affiliates (as the case may be) pursuant to any of the other Transaction Documents, including any MOD ™ 5 software and any operating systems and tools, and Styron's or its Affiliates' rights and obligations with respect to such Intellectual Property are dictated solely by the terms and conditions of the documents under which such Intellectual Property is specifically licensed.

ARTICLE 3. SUBLICENSE OF LICENSED INTELLECTUAL PROPERTY

Section 3.1 Subject to the terms contained in this ARTICLE 3, Licensors agree, and shall cause each of their Subsidiaries to agree, to provide Styron with a sublicense under the Sublicensed Intellectual Property for Styron's operation within the Styron Business. In order to carry out such intentions, the Parties agree to the following procedure:

(a) As soon as practical after the Effective Date, Licensors shall make available and Styron shall review the terms of the agreements within the Contract Pool. Styron and Licensors shall confirm the relevant scope of rights to be sublicensed to Styron within the scope of the Styron Business. After reviewing each agreement in the Contract Pool and confirming the scope of rights, Styron shall acknowledge in writing if it is willing to be bound by the relevant obligations of Dow with respect to such agreement (a " **Sublicensed Contract"),** and any other obligations that are necessary in order for Licensors to grant a sublicense under the Sublicensed Contract to Styron. This acknowledgement shall be in a form acceptable to all parties to the Sublicensed Contract.

(b) Subject to Section 3.5, Styron's right to request a sublicense under an agreement pursuant to Section 3.1 shall be deemed waived, if

(1) Licensors do not receive a written acknowledgement from Styron as set forth in Section 3.1(a) within [****] ([****]) days after the confirmation of rights in Section 3.1(a) with respect to such agreement; and

(2) Licensors have notified Styron in writing that the [****] ([****]) day period following the confirmation of rights in Section 3.1 (a) has expired; and

(3) Licensors do not receive a written acknowledgement from Styron as set forth in Section 3.1(a) within [****] ([****]) days after delivery of the written notice in Section 3.1(b)(2); and

(4) Styron is unable to demonstrate manifest error or other circumstances under which it would not be unduly burdensome or inequitable for Licensors to be required to grant such a sublicense.

(c) Licensors shall arrange (or shall cause their applicable Subsidiaries to arrange) for an appropriate sublicense for each Sublicensed Contract as soon as practical after the latest of:

(1) receipt of Styron's acknowledgement under Section 3.1(a); and

(2) receipt of consent from every Counterparty to the Sublicensed Contract, if required.

(d) The scope of any such sublicense of Licensors' rights will be the same as the scope of the licenses (including the exclusive or nonexclusive nature of such licenses, using the same criteria) set forth in Section 2.1 through Section 2.4, solely to the extent Licensors have the right to grant such a scope under the Sublicensed Contract.

(e) The Parties acknowledge that the purpose of the sublicense shall be to grant members of the Styron Group a substantially similar set of rights and obligations with respect to the Sublicensed Contract after the Effective Date in the Styron Business to the rights and obligations that Dow possessed immediately prior to the Effective Date in the Styron Business.

(f) Styron acknowledges that Dow is obligated to comply with the Decision and Order issued by the Federal Trade Commission on March 31, 2009, in Docket No. C 4243 **("Decision and Order"),** and the terms of the Intellectual Property Assignment and License Back Agreement between TDCC and Arkema Inc. dated as of January 25, 2010 **("Arkema Agreement").** The Decision and Order and Arkema Agreement relate to, among other things, patents and know how used in certain UCAR™ Emulsion Systems styrene acrylic specialty latex products (" **UES Specialty Latex IP** "), which are licensed to Dow under the Arkema Agreement. Notwithstanding Section 3.1(d), and contingent on the UES Specialty Latex IP becoming Sublicensed Intellectual Property under the terms of a written acknowledgement acceptable to the Parties pursuant to Section 3.1(a),

TDCC shall grant Styron a sublicense under the UES Specialty Latex IP only for use within the Styron Business in the following fields: (i) carpet backing, (ii) artificial turf, and/or (iii) paper and paperboard. Styron shall not knowingly use or otherwise knowingly permit, induce or assist any other Persons to use or practice the UES Specialty Latex IP in the production, manufacture, or sale of any products in any other fields.

(g) The Parties acknowledge that any rights sublicensed to the Styron Group pursuant to this Agreement are subject to (i) the terms and conditions of the license agreement granting Licensor such sublicensing rights, and (ii) the rights that Dow has previously granted under the Sublicensed Intellectual Property to other Persons. Licensors will use commercially reasonable efforts to prevent the modification, amendment or termination of Styron's rights under any Sublicensed Contract until Styron receives reasonable prior written notice of such action that provides Styron a reasonable opportunity to consider the impact of such action and (at Styron's expense) to avoid such amendment, modification or termination. If requested by Styron, Licensors will use commercially reasonable efforts to obtain for Styron the continuation or assignment of such rights at Styron's cost to the extent practicable under the circumstances.

Section 3.2 If the benefit of a Sublicensed Contract cannot be transferred to the Styron Group except with the consent or approval of a Counterparty or any other Third Party:

(a) this Agreement does not constitute a sublicense or an attempted sublicense of such Sublicensed Contract if the sublicense or attempted sublicense would constitute a breach of such contract;

(b) the Parties hereto shall each use commercially reasonable efforts to obtain such consent or approval to the sublicense in respect of such Sublicensed Contract;

(c) until any consent or approval is obtained or until agreement to any sublicense is achieved, (A) Licensors shall do each act and thing reasonably requested by Styron to enable performance of such Sublicensed Contract by the Styron Group, and to use commercially reasonable efforts to provide to Styron, from the Effective Date, the benefit and the burden of such Sublicensed Contract; and (B) with respect to the period after the Effective Date, as between the Parties, Styron shall, and shall cause its Affiliates to, be responsible for any liabilities arising from or relating to breaches of, or defaults in, such obligations under such Sublicensed Contract and be responsible for, or entitled to, as applicable, any payment (whether by way of deposit, prepayment or otherwise) in respect of the price or cost of any product, service or other benefit provided under such Sublicensed Contract; and

(d) upon any consent or approval to sublicense being obtained, the Parties hereto shall, or shall procure that their respective Affiliates shall, enter into a sublicense in respect of such Sublicensed Contract.

Section 3.3 Subject to the terms of any Sublicensed Contract, the sublicense shall be effective only when executed by a Licensor (or its Subsidiaries) and Styron. After a sublicense is effective under Section 3.1, Styron and its Affiliates shall comply with all obligations in the acknowledgement under Section 3.1(a) and pay all fees that arise from the sublicenses or from operations of Styron and its Affiliates under the Sublicensed Contracts.

Section 3.4 Where applicable, Licensors will allow Styron and Styron's Personnel to exercise the rights of Licensors and Licensors' Personnel in the Sublicensed Contracts, and, where consent to the sublicense of a Sublicensed Contract is obtained, consent shall also be obtained to amend references to Licensors or Licensors' Personnel in such Sublicensed Contract to references to Styron or Styron's Personnel, as appropriate.

Section 3.5 It is the Licensors' intent that Appendix 1 lists all license agreements under which Licensors have received licenses or sublicenses from Counterparties with respect to Intellectual Property used, held for use or that is the subject of research or development for the Styron Business (other than contracts assigned or intended to be assigned pursuant to the Sale and Purchase Agreement and agreements that relate exclusively to Excluded IP). The Parties shall notify each other in a timely manner of any omission from Appendix 1 that they discover. If the Parties agree that Appendix 1 is incorrect, they shall immediately execute an amendment to correct the error, such agreement not to be unreasonably withheld, conditioned or delayed, which amendment will have the effect from the Effective Date; provided , that except as otherwise set forth in the Transaction Documents, Licensor shall have no liability for failure of a contract to appear in Appendix 1 as of the Effective Date or for actions taken in good faith prior to such amendment that would have been inconsistent with Licensor's obligations for the license agreements set forth in Appendix 1 under this Agreement. If the Parties dispute in good faith whether an error has occurred, the dispute shall be resolved in accordance with the Service Management Model.

ARTICLE 4. IMPLEMENTATION OF LICENSES

Section 4.1 Styron acknowledges that it has acquired engineering documents and operating manuals in its acquisition of the Styron Business under the Transaction Documents, as well as employees that are experienced in the Licensed Know How. The Parties acknowledge and agree that further disclosures of Licensed Know How may take place (if necessary) under the following conditions:

(a) For [****] ([****]) years after the Effective Date, Licensors shall make available to Styron copies of technical documentation in the possession of Dow that relate to the Licensed Know How, including engineering documents, operating manuals, technical reports and laboratory notebooks. Styron will be entitled to one copy, and if available, an electronic copy, at Licensors' expense, of each such technical document not already in Styron's possession at the Effective Date, nor available to Styron electronically without Dow's involvement or assistance. Styron shall bear all costs associated with recovering, copying, translating or delivering further copies of such documentation.

(b) If Personnel of Licensors have knowledge of Licensed Know How that is not available to Styron through its own Personnel, Licensors will make such Personnel reasonably available to Styron, at such times as agreed to by the Parties, to provide technical advice and guidance on the Licensed Know How, under the terms of the Technical Services Agreement or other applicable agreement. Styron shall compensate Licensors for this service as provided under the Technical Services Agreement.

Section 4.2 All disclosures of the Licensed IP and all technical assistance to be provided under this Agreement shall be made or conducted, as the case may be, in the English language, unless the Parties agree to another language.

Section 4.3 Licensors, for themselves and on behalf of Dow, shall prosecute and maintain all registrations and applications to register the Licensed Patents in accordance with Dow's usual practices. Licensors shall (or shall cause any of their Subsidiaries to) give reasonable notice to Styron in advance of any non-payment of any maintenance fee, annuity, Tax or other payment necessary to keep any of the Licensed Patents in force, and in advance of any abandonment or lapse of any of such patents or patent applications, so as to accord Styron a reasonable opportunity at its sole expense to make such payment and/or avoid such abandonment or lapse, and Licensors agree to provide reasonable cooperation as shall be reasonably required to effectuate such right. In the event that Styron at its sole expense avoids any abandonment or lapse of any Licensed Patent pursuant to this Section 4.3, Licensors shall assign (or as applicable cause their Subsidiaries to assign) such Licensed Patent to Styron promptly upon Styron's request. After such assignment, the Licensed Patent shall be part of the Assigned IP and subject to all relevant terms of this Agreement and the Transaction Documents for Assigned IP.

Section 4.4 Styron shall prosecute and maintain all registrations and applications to register the patents and patents applications included in the Assigned IP, in accordance with Styron's usual practices. Styron shall (or shall cause any of their Affiliates to) give reasonable notice to Licensors in advance of any non-payment of any maintenance fee, annuity, Tax or other payment necessary to keep such Assigned IP in force, and in advance of any abandonment or lapse of any of such Assigned IP, so as to accord Licensors a reasonable opportunity at their sole expense to make such payment and/or avoid such abandonment or lapse, and Styron agrees to provide reasonable cooperation as shall be reasonably required to effectuate such right. In the event that a Licensor at its sole expense avoids any abandonment or lapse of any patent in the Assigned IP pursuant to this Section 4.4, Styron shall assign such patent to the Licensor promptly upon the Licensor's request. After such assignment, the patent shall be part of the Licensed IP and subject to all relevant terms of this Agreement and the Transaction Documents for Licensed IP.

Section 4.5 It is the Licensors' intent that Appendix 2 lists all patents and patent applications owned or controlled by one or more Dow entities to the extent:

(a) used, held for use or the subject of research or development for the Styron Business as of the Effective Date; or

(b) issued or filed after the Effective Date to the extent that the invention upon which such future patent or patent application is based was included in the Licensed Know How and reduced to practice prior to the Effective Date;

in each case of (a) and (b), other than the patents or patent applications or parts thereof included in the Excluded IP and the Assigned IP. The Parties shall notify each other in a timely manner of any correction or update needed in Appendix 2 (either due to omission or over inclusion) that

they discover. If Appendix 2 is incorrect, the Parties shall immediately execute an amendment to correct or update the Appendix, such agreement not to be unreasonably withheld, conditioned or delayed, which amendment will have the effect from the Effective Date; provided , that except as otherwise set forth in the Transaction Documents, Licensor shall have no liability (i) for failure of a patent or patent application to appear in Appendix 2 as of the Effective Date, or (ii) arising out of or relating to Licensors' use or encumbering a patent or patent application prior to receipt of notice of such error in Appendix 2. If the Parties dispute in good faith whether an error has occurred, the dispute shall be resolved in accordance with the Service Management Model.

ARTICLE 5. TAXES

Section 5.1 The provisions of Article VII of the SPA shall apply *mutatis mutandis* to all Taxes arising from the license grants and other transactions contemplated in this Agreement as of the Effective Date, and thereafter, the party receiving a royalty shall be responsible for paying all withholding Taxes on any royalties under or pursuant to this Agreement. For the avoidance of doubt, Styron will not be responsible for paying or reimbursing Licensors for net income, profit or gains Taxes (or Taxes measured by net income, profits or gains, whether actual or deemed net income profits or gains).

ARTICLE 6. EXCLUSION OF OTHER RIGHTS

Section 6.1 Other than the rights to use the Licensed IP and to sublicense the Sublicensed Contracts as expressly provided herein, no license or right is granted herein to Styron with respect to any of Licensors' Intellectual Property rights or agreements. Other than the rights to use the Assigned IP as expressly provided herein, no license or right is granted herein to Licensors with respect to any of Styron's Intellectual Property rights or agreements. Specifically, except as set forth in Section 4.5, no right or license is granted herein by any Party with respect to any Intellectual Property developed or acquired after the Effective Date and as between Licensors and Styron, each Party shall have full rights of ownership and enjoyment with respect to such Intellectual Property as between the two with no duty to license or sublicense the other with respect to the same.

ARTICLE 7. ENFORCEMENT OF INTELLECTUAL PROPERTY

Section 7.1 Each Party shall promptly bring to the attention of the other Party any infringement, misappropriation or other violation of the Licensed IP by any Third Party of which it becomes aware (to the extent it has rights to disclose such information). Licensors shall have the exclusive right, but not the obligation, to take enforcement Action against Third Parties after the Effective Date for infringement, misappropriation or other violation of the Licensed IP primarily outside the scope of the Styron Business, at Licensors' own expense and for Licensors' own benefit. In the event of such enforcement Action, Licensors shall have the sole right and discretion to select counsel and to conduct and control the litigation (including settlement thereof), and shall be solely entitled to any awards or sums resulting therefrom. Styron shall, at Licensors' cost, provide any reasonable cooperation that is requested by Licensors in any such Actions, including being joined as a party thereto.

Section 7.2 Styron shall have the exclusive right, but not the obligation, to take enforcement Action against Third Parties after the Effective Date for infringement, misappropriation or other violation of the Licensed IP that is primarily within the scope of the Styron Business, at Styron's own expense and for Styron's own benefit. In the event of such enforcement Action, Styron shall have the sole right and discretion to select counsel and to conduct and control the litigation (including settlement thereof), and shall be solely entitled to any awards or sums resulting therefrom. Licensors shall, at Styron's cost, provide any reasonable cooperation that is requested by Licensors in any such Actions, including being joined as a party thereto.

Section 7.3 If the Parties cannot agree that an infringement, misappropriation or other violation of the Licensed IP by any Third Party is subject to Section 7.1 or Section 7.2, Licensor(s) and Styron shall jointly discuss and agree to a strategy for enforcement of the Licensed IP, including selection of counsel, objectives, milestones, and cost-control. Such legal Action shall be in accordance with the following terms:

(a) Licensor(s) shall file the enforcement Action, and prosecute the Action, in accordance with the agreed strategy.

(b) Styron may have representatives and counsel appear at all hearings, depositions and settlement negotiations and review all filings at Styron's expense. Licensor(s) shall give Styron reasonable prior notice of hearings, depositions, negotiations and filings.

(c) Licensor(s) and Styron shall share all costs associated with the enforcement Action based in proportion to the size of each Party's claim in the Action.

(d) Within thirty (30) days after any payment in respect of such Action or any judgment thereunder, (i) the proceeds shall first be used to pay for the Parties' costs of bringing the enforcement Action, and (ii) the applicable Licensor(s) shall then pay to Styron the portion that is attributable to the infringement, misappropriation, or violation of Licensed IP within the scope of the Styron Business. Licensor(s) shall not admit any liability with respect to, or settle, compromise or discharge the claim within the scope of the Styron Business without the prior written consent of Styron, such consent not to be unreasonably withheld, conditioned or delayed.

(e) If Styron elects not to participate in the enforcement Action, Licensors may proceed at their own expense and for their own benefit, and Styron's obligations to reimburse costs and rights to the recovery shall not apply. Styron shall, at Licensor's cost, provide any reasonable cooperation that is requested by Licensors in any such Actions, including by providing Licensors with reasonable access to Personnel and documents having information useful to the enforcement Action.

(f) Styron shall not knowingly or intentionally aver or acknowledge contestable facts that Styron knows or should know will significantly weaken or reduce the claim, give rise to counterclaims involving another Party, or support a finding that the Licensed IP is invalid or unenforceable, except as required by applicable Law.

(g) Notwithstanding any other term in this ARTICLE 7, no Party has any duty to initiate or maintain any Action or assert any position that it believes in good faith is contrary to the applicable facts or Law or exposes such Party to unreasonable risk of liability or loss of its Intellectual Property based solely on the merits of the Action.

Section 7.4 Licensor shall promptly bring to the attention of Styron any infringement, misappropriation or other violation of the Assigned IP by any Third Party of which it becomes aware (to the extent it has rights to disclose such information). For the avoidance of doubt, as between the Parties, Styron shall have the exclusive right, but not the obligation, to take enforcement Action against Third Parties after the Effective Date for infringement, misappropriation or other violation of the Assigned IP, and Licensors shall at Styron's cost provide any reasonable cooperation that is requested by Styron in any such Actions. No Licensor shall knowingly or intentionally aver or acknowledge contestable facts that such Licensor knows or should know will significantly weaken or reduce the claim, give rise to counterclaims involving any member of the Styron Group or any of its Affiliates, or support a finding that the Assigned IP is invalid or unenforceable, except as required by applicable Law.

ARTICLE 8. WARRANTIES AND INDEMNITIES

Section 8.1 (a) As of the Effective Date, Licensors hereby warrant that:

(1) Licensors have the right to grant the licenses granted herein.

(2) Other than as set forth in Appendix 4 of this Agreement and the agreements set forth in Schedule 1.01(w) of the SPA *(i.e.*, the Transferred IP Agreements (as defined in the SPA)), there are no licenses or other rights or options that have been granted by Licensors or any of their Affiliates with respect to any of the Licensed IP within the Styron Business.

(3) Other than as set forth in Appendix 4 of this Agreement and the agreements set forth in Schedule 1.01(w) of the SPA *(i.e.*, the Transferred IP Agreements (as defined in the SPA)), there are no exclusive licenses that have been granted by Licensors or their Affiliates with respect to any of the Licensed IP.

(4) The Assigned IP, the Licensed IP, the Intellectual Property supplied to Styron under other Transaction Documents, the Intellectual Property that is the subject of the contracts that are intended to be assigned pursuant to the SPA, and the Intellectual Property to be sublicensed to Styron pursuant to this Agreement contain all of the patents and patent applications, copyrights and trade secrets that are necessary for and material to the conduct of the Styron Business as conducted as of the Effective Date.

(5) Licensors have provided Styron with true, correct and complete copies of all documents set forth in Appendix 4 of this Agreement at least five (5) days prior to the Closing.

(b) The warranties set out in Section 8.1(a) are subject to the following limitations:

(1) No claim may be asserted nor may any Action be commenced against a Party hereto *:*

(i) for monetary damages arising out of breach of any representation, warranty, covenant or agreement contained in Section 8.1, unless written notice of such claim or Action is received within [****] ([****]) months after the Effective Date; and

(ii) for nonmonetary damages arising out of breach of any representation, warranty, covenant or agreement contained in Section 8.1, unless written notice of such claim or Action is received within [****] ([****]) months after the Effective Date;

(2) Licensor's aggregate liability to the Styron Group with respect to any and all claims and Actions under Section 8.1 shall not exceed US$ [****], except under Sections 8.3 and 8.5 (but nothing herein shall limit claims brought other than under Section 8.1 of this Agreement); and

(3) Styron's sole remedy for a breach of Section 8.1(a) shall be the provision, by Licensors, of the Intellectual Property sufficient to make the warranty to be true and correct as written.

Except as provided in this ARTICLE 8 or otherwise in the Transaction Documents, the Licensed IP and the Assigned IP are provided herein "as-is" and without any warranty, and the Parties disclaim and waive any and all express or implied warranties or representations relating to this Agreement and all matters and things pertaining to it.

Section 8.2 The Technical Services Agreement recites all warranties by Licensors and their Related Persons with respect to services provided under such agreement specified herein. Licensors disclaim, and Styron waives, any other warranty with respect to such services. In particular, Licensors do not assume any fiduciary relationship or duty with respect to Styron as a result of services performed under this Agreement.

Section 8.3 Each Party shall be responsible for claims and liability arising from illness, injury or death of its own Related Persons and loss or damage to its own property under this Agreement.

(a) LICENSORS SHALL DEFEND AND INDEMNIFY STYRON AND STYRON'S RELATED PERSONS AND HOLD THEM HARMLESS AGAINST ANY AND ALL DAMAGES DUE TO ANY ACTION ARISING FROM ILLNESS, INJURY OR DEATH OF LICENSORS' RELATED PERSONS, OR LOSS OR DAMAGE TO LICENSORS' PROPERTY THAT ARISES FROM THE LICENSORS' OR ITS RELATED PERSONS' OPERATIONS OR PERFORMANCE UNDER THIS AGREEMENT.

(b) STYRON SHALL DEFEND AND INDEMNIFY LICENSORS AND LICENSORS' RELATED PERSONS AND HOLD THEM HARMLESS AGAINST ANY AND ALL DAMAGES DUE TO ANY ACTION ARISING FROM ILLNESS, INJURY OR DEATH OF STYRON'S RELATED PERSONS, OR LOSS OR DAMAGE TO STYRON'S PROPERTY THAT ARISES FROM STYRON'S OR ITS RELATED PERSONS' OPERATIONS, PERFORMANCE OR RECEIPT OF SERVICES UNDER THIS AGREEMENT.

Section 8.4 STYRON SHALL DEFEND AND INDEMNIFY AND HOLD HARMLESS LICENSORS AND THEIR RELATED PERSONS FROM AND AGAINST ANY AND ALL DAMAGES DUE TO ANY ACTION BY THIRD PARTIES ARISING OUT OF OR RESULTING FROM LICENSORS' GRANT OF THE LICENSES GRANTED HEREIN TO STYRON; PROVIDED , HOWEVER, THAT TO THE EXTENT AND IN THE PROPORTION DAMAGES ALSO ARISE OUT OF OR RELATE TO THE BREACH OR INACCURACY OF ANY REPRESENTATION OR WARRANTY OF TDCC UNDER THE SPA OR THIS AGREEMENT, THEN STYRON'S INDEMNITY UNDER THIS SECTION 8.4 SHALL NOT APPLY.

Section 8.5 LICENSORS SHALL DEFEND AND INDEMNIFY AND HOLD HARMLESS STYRON AND THEIR RELATED PERSONS FROM AND AGAINST ANY AND ALL DAMAGES DUE TO ANY ACTION BY THIRD PARTIES ARISING OUT OF OR RESULTING FROM STYRON'S GRANT OF THE LICENSES GRANTED HEREIN TO LICENSORS; PROVIDED , HOWEVER, THAT TO THE EXTENT AND IN THE PROPORTION DAMAGES ALSO ARISE OUT OF OR RELATE TO THE BREACH OR INACCURACY OF ANY REPRESENTATION OR WARRANTY OF STYRON UNDER THE SPA, THEN LICENSOR'S INDEMNITY UNDER THIS SECTION 8.5 SHALL NOT APPLY.

Section 8.6 FOR THE AVOIDANCE OF DOUBT, AND WITHOUT EXPANDING SECTION 8.3, 8.4, OR 8.5, THE WAIVERS AND INDEMNITIES IN THIS ARTICLE 8:

(a) APPLY REGARDLESS OF ANY ACTUAL OR ALLEGED NEGLIGENCE OR STRICT LIABILITY OR BREACH OF WARRANTY OR OTHER LEGAL RESPONSIBILITY OF THE INDEMNIFIED PARTY OR ITS RELATED PERSONS;

(b) APPLY (BUT ARE NOT LIMITED) TO ALL PERSONAL INJURIES, ILLNESSES AND DEATHS, AND TO ALL PROPERTY LOSSES AND DAMAGES, NOT ONLY OF THE PARTIES TO THIS AGREEMENT, BUT ALSO OF THEIR RELATED PERSONS AND THIRD PARTIES; AND

(c) INCLUDE BUT ARE NOT LIMITED TO ALL ATTORNEY'S FEES AND OTHER LITIGATION EXPENSES.

NOTWITHSTANDING THE FOREGOING, THE WAIVERS AND INDEMNITIES IN THIS ARTICLE 8 DO NOT APPLY TO LOSS OR LIABILITY DIRECTLY CAUSED BY THE GROSS NEGLIGENCE OR INTENTIONAL MISCONDUCT OF THE INDEMNIFIED PARTY OR ANY OF ITS RELATED PERSONS, OR BY FRAUD. FURTHER, A PARTY HAS NO DUTY TO INDEMNIFY AN INDEMNIFIED PERSON AGAINST CLAIMS BY ITS RELATED PERSONS.

Section 8.7 In no event shall a Party or any of its Related Persons be liable to another Party or any of the other Party's Related Persons for any consequential, special, punitive, exemplary, indirect or incidental damages, lost profits, lost wages, business interruption, or lost business opportunities arising from this Agreement or performance under this Agreement. This

waiver applies regardless of whether or not the damages were foreseeable, and regardless of the theory or cause of action upon which the damages might be based. The foregoing shall not be deemed to modify or limit any such Damages arising under any other Transaction Document.

Section 8.8 The provisions of this ARTICLE 8 shall be effective to, and only to, the maximum extent, scope and amount permitted by applicable Law, and shall be so construed, interpreted and enforced by any reviewing arbitrator or court. If such provisions are determined to exceed the maximum extent, scope or amount of protection permitted by applicable Law, said provisions shall be construed, interpreted and enforced so as to preserve the maximum protection that is permitted by applicable Law.

Section 8.9

(a) An indemnified Party shall give the indemnifying Party notice of any Action, audit, demand, assessment or other matter which an indemnified Party has determined has given or could give rise to a right of indemnification under this Agreement (each, an **"Indemnified Claim"),** within [****] ([****]) days of such determination, stating the amount of the loss or damage, if known, and method of computation thereof, and containing a reference to the provisions of this Agreement in respect of which such right of indemnification is claimed or arises.

(b) If an indemnified Party shall receive notice of any Indemnified Claim within [****] ([****]) days of the receipt of such notice (or within such shorter period as may be required to permit the indemnifying Party to respond to any such claim), the indemnified Party shall give the indemnifying Party notice of such Indemnified Claim. The indemnifying Party shall be entitled to assume and control the defense of such Indemnified Claim at its expense and through counsel of its choice if it gives notice of its intention to do so to the indemnified Party within [****] ([****]) days of the receipt of such notice from the indemnified Party. If the indemnifying Party elects to undertake any such defense against an Indemnified Claim, the indemnified Party may participate in such defense at its own expense. The indemnified Party shall cooperate with the indemnifying Party in such defense and make available to the indemnifying Party, at the indemnified Party's expense, all witnesses, pertinent records, materials and information in the indemnified Party's possession or under the indemnified Party's control relating thereto as is reasonably required by the indemnifying Party. If the indemnifying Party elects to direct the defense of any such claim or proceeding, the indemnified Party shall not pay, or permit to be paid, any part of such Indemnified Claim unless the indemnifying Party consents in writing to such payment or unless the indemnifying Party withdraws from the defense of such Indemnified Claim liability or unless a final judgment from which no appeal may be taken by or on behalf of the indemnifying Party is entered against the indemnified Party for such Indemnified Claim. If the indemnified Party assumes the defense of any such claim or proceeding pursuant to this Section 8.9 and proposes to settle such claims or proceeding prior to a final judgment thereon or to forgo any appeal with respect thereto, then the indemnified Party shall give the indemnifying Party prompt written notice thereof and the indemnifying Party shall have the right to participate in the settlement or assume or reassume the defense of such claims or proceeding. The indemnified Party shall not admit any liability with respect to, or settle, compromise or

discharge any Indemnified Claim without the indemnifying Party's prior written consent. The indemnifying Party shall have the right to settle any Indemnified Claim for which it obtains a full release of the indemnified Party in respect of such Indemnified Claim or to which settlement the indemnified Party consents in writing, such consent not to be unreasonably withheld, conditioned or delayed.

Section 8.10 Each Party shall use its commercially reasonable efforts to mitigate Damages for which it seeks recourse hereunder; provided , that no indemnified Party or their respective Related Persons shall be required to make any claim against its own insurance for any Damages for which they are entitled to indemnification; provided , further , that the failure of such Party to successfully mitigate such Damages shall not affect such Party's right to seek recourse with respect to such Damages so long as such Party shall have used its commercially reasonable efforts to mitigate and the indemnifying Party cannot show that Damages were the direct result of such failure to mitigate.

Section 8.11 Any Damages payable under this ARTICLE 8 shall be calculated after giving effect to (i) any insurance payments actually paid to the indemnified Party or any of its Affiliates in connection with the facts giving rise to the right of indemnification, and, if the indemnified Party or any of its Related Persons receives such insurance payment after receipt of payment from the indemnifying Party, then the amount of such insurance payment, net of reasonable expenses incurred in obtaining such recovery or insurance, shall be paid to the indemnifying Party; or (ii) any Tax benefit actually realized by the indemnified Party or any of its Related Persons arising in connection with the accrual, incurrence or payment of any such Damages during the taxable year of such Damages.

Section 8.12 Regardless of any other rights under any other agreements or mandatory provisions of Law, neither Party shall have the right to set-off the amount of any Claim it may have under this Agreement, whether contingent or otherwise, against any amount owed by such Party to the other Party, whether under this Agreement or otherwise.

ARTICLE 9. SECRECY

Section 9.1 The Parties hereto acknowledge and agree that (a) Sections 1 – 5 and Section 6.6 of the Umbrella Secrecy Agreement (the **"Confidentiality Provisions"**) are hereby incorporated into this Agreement, and shall apply to the transactions contemplated by this Agreement, *mutatis mutandis;* and (b) each of the Parties hereto shall be bound by the Confidentiality Provisions in the same manner as if each such Party hereto were a party to the Umbrella Secrecy Agreement.

ARTICLE 10. TERM OF THE AGREEMENT

Section 10.1 From the Effective Date and thereafter, this Agreement amends and supersedes the Previous Agreement in its entirety. The terms of the Previous Agreement govern the rights and obligations of the Parties with respect to the subject matter thereof during the time period from April 1, 2010 until the Effective Date of this Agreement. The terms of this Agreement shall govern the rights and obligations of the Parties with respect to the subject matter hereof (including Licensed IP received by Styron under the Previous Agreement) as of the

Effective Date and thereafter. This Agreement shall continue until the expiration of the last item of Intellectual Property, unless terminated in part earlier under Section 10.3. Notwithstanding anything herein to the contrary, after the expiration of the term under this Section 10.1, the rights and licenses granted in ARTICLE 2 and the sublicenses in ARTICLE 3 shall survive in perpetuity within the same scope as granted within this Agreement; provided , however , that the sublicenses under a Sublicensed Contract shall only survive for the contractual term provided under the applicable Sublicensed Contract.

Section 10.2 If Styron shall commit any material breach of any covenant or term of this Agreement, including the incorporated provisions of Section 9.1, and fails to remedy any such default or breach within [****] ([****]) days after written notice thereof by Licensors, Licensors may seek injunctive relief and/or damages, but in no event shall Styron's rights and licenses under this Agreement terminate. Except in accordance with Section 10.3, the licenses granted by Licensors to Styron hereunder are non-terminable and irrevocable.

Section 10.3 Notwithstanding anything herein to the contrary, if Styron defaults in the performance of its obligations under Section 8.4 on any Action with respect to any product group covered by this Agreement *(i.e.,* styrene monomer, catalyst and polymer products, SAN and ABS products, synthetic rubber products, polycarbonate products, latex products, compounded and blended products, or products other than Styron Products) and such default is not corrected by Styron within sixty ([****]) days (or if such default cannot be corrected using commercially reasonable efforts within a [****] ([****]) day period, Styron does not take commercially reasonable actions within such [****] ([****]) day period, and does not thereafter continue to use commercially reasonable efforts to correct such default) following the date it receives written notice of such default, Licensors may, upon written notice to Styron, terminate Styron's rights and licenses under this Agreement solely with respect to such product group.

Section 10.4 Notwithstanding anything herein to the contrary, if a Licensor defaults in the performance of its obligations under Section 8.5 on any Action with respect to any product group covered by the license granted to a Licensor to Assigned IP pursuant to Section 2.5 and such default is not corrected by such Licensor within [****] ([****]) days (or if such default cannot be corrected using commercially reasonable efforts within a [****] ([****]) day period, such Licensor does not take commercially reasonable actions within such [****] ([****]) day period, and does not thereafter continue to use commercially reasonable efforts to correct such default) following the date it receives written notice of such default, Styron may, upon written notice to Licensors, terminate Licensors' rights and licenses under this Agreement solely with respect to such product group.

Section 10.5 Each of the Parties hereto acknowledges and agrees that it would be irreparably damaged if any of the provisions of this Agreement are not performed in accordance with their specific terms or are otherwise breached and that any non-performance or breach of this Agreement by any Party hereto could not be adequately compensated by monetary damages alone and that the Parties hereto would not have any adequate remedy at Law. Accordingly, in addition to any other right or remedy to which a Party hereto may be entitled, at Law or in equity (including monetary damages), and notwithstanding anything contained herein, such Party shall be entitled to enforce any provision of this Agreement in any court or jurisdiction by a decree of specific performance and to temporary, preliminary and permanent injunctive relief to prevent breaches or threatened breaches of any of the provisions of this Agreement without posting any bond or other undertaking.

Section 10.6 ARTICLE 1, Section 2.6, Section 5.1 (second sentence), ARTICLE 6, Section 8.3 through Section 8.12 and ARTICLE 9 through ARTICLE 11 shall survive any expiration of this Agreement.

ARTICLE 11. GENERAL PROVISIONS

Section 11.1 Further Action. The Parties hereto shall use their reasonable best efforts to take, or cause to be taken, all appropriate action, to do, or cause to be, done all things necessary, proper or advisable under applicable Law, and to execute and deliver such documents and other papers, as may be required to carry out the provisions of this Agreement and to consummate and make effective the transactions contemplated by this Agreement.

Section 11.2 Payment of Patent Annuities. TDCC shall pay any and all annuities, maintenance fees and renewal fees **("Annuities")** for the pending patents and patent applications listed on Appendix 1 of the IP Assignment Agreement that become due and payable during the period beginning on the Effective Date and ending on [****] in a timely manner; provided , that Styron shall reimburse TDCC for such payments within [****] ([****]) days after receiving evidence of payment from TDCC. Such reimbursement shall be made by wire transfer in immediately available funds. Styron shall provide any cooperation that is reasonably requested by TDCC for TDCC's payment of the Annuities. The Parties hereby acknowledge and agree that the benefits that Styron shall receive pursuant to the payment of the Annuities by TDCC shall not be considered a current asset for purposes of the determination of the Closing Date Working Capital Amount (as defined in the SPA).

Section 11.3 Expenses. Except as otherwise specified in this Agreement, all costs and expenses, including fees and disbursements of counsel, financial advisors and accountants, incurred in connection with this Agreement and the transactions contemplated by this Agreement shall be borne by the Party incurring such costs and expenses.

Section 11.4 Notices. All notices, requests, claims, demands and other communications hereunder shall be in writing and shall be given or made (and shall be deemed to have been duly given or made upon receipt) by delivery in person, by an internationally recognized overnight courier service or by facsimile (with a copy simultaneously sent by overnight courier service) to the respective Parties hereto at the following addresses (or at such other address for a Party hereto as shall be specified in a notice given in accordance with this Section 11.4):

Section 11.5 Public Announcement. No Party to this Agreement shall make, or cause to be made, any press release or public announcement in respect of this Agreement or the transactions contemplated hereby or otherwise communicate with any news media regarding this Agreement or the transactions contemplated hereby without the prior written consent of the other Parties unless such press release or public announcement is required by Law or applicable stock exchange regulation, in which case the Parties to this Agreement shall, to the extent practicable, consult with each other as to the timing and contents of any such press release, public announcement or communication; provided , however , that the prior written consent of the other Parties shall not be required hereunder with respect to any press release, public announcement or communication that is substantially similar to a press release, public announcement or communication previously issued with the prior written consent of the other Parties.

Section 11.6 Headings and References ; Construction. The table of contents and headings contained in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement. When a reference is made in this Agreement to an Article, a Section or an Appendix, such reference is to an Article, a Section of, or an Appendix to, this Agreement unless otherwise indicated. Whenever the words “include,” includes” or “including” are used in this Agreement, they are deemed to be followed by the words “without limitation.” The words “hereof”, “herein” and “hereunder” and words of similar import, when used in this Agreement, refer to this Agreement as a whole and not to any particular provision of this Agreement. All terms defined in this Agreement have the defined meanings when used in any certificate or other document made or delivered pursuant hereto, unless otherwise defined therein. The definitions contained in this Agreement are applicable to the singular as well as the plural forms of such terms. References to a Person are also to its successors and permitted assigns. The use of “or” is not intended to be exclusive unless expressly indicated otherwise. The word “shall” indicates that the named action or inaction is compulsory, and the word “may” indicates that the named action or inaction is within the discretion of the Party. If there is any conflict between the Sale and Purchase Agreement and this Agreement, each of the Sale and Purchase Agreement and this Agreement is to be interpreted and construed, if possible, so as to avoid or minimize such conflict, but, to the extent (and only to the extent) of such conflict, the Sale and Purchase Agreement shall prevail and control.

Section 11.7 Severability. If any term or other provision of this Agreement is invalid, illegal or incapable of being enforced by any Law or public policy, all other terms and

provisions of this Agreement shall nevertheless remain in full force and effect for so long as the economic or legal substance of the transactions contemplated by this Agreement is not affected in any manner materially adverse to the Parties hereto. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the Parties hereto shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties hereto as closely as possible in a mutually acceptable manner in order that the transactions contemplated by this Agreement are consummated as originally contemplated to the greatest extent possible.

Section 11.8 Entire Agreement. This Agreement and the Transaction Documents constitute the entire agreement of the Parties hereto with respect to the subject matter hereof and supersede all prior agreements and undertakings, both written and oral, between the Parties hereto with respect to the subject matter hereof.

Section 11.9 Assignment.

(a) This Agreement may not be assigned by operation of Law or otherwise without the express written consent of the other Parties hereto (which consent may be granted or withheld in the sole discretion of such Parties), as the case may be, and any attempted assignment without such consent shall be null and void; provided , however , that each Licensor shall be permitted to assign its rights hereunder to any of its Affiliates ; provided , further , that no such assignment shall relieve such Licensor of its obligations hereunder.

(b) Notwithstanding the foregoing, the relevant rights and obligations pursuant to this Agreement may be assigned or transferred divisibly by each Licensor to any Third Party without the consent of Styron in connection with a sale by such Licensor of:

(1) all or substantially all of the assets or properties of Licensor to which the subject matter of this Agreement relates; and/or

(2) any part of the foregoing assets or properties to which the subject matter of this Agreement relates, including a business or business unit of Licensor, in which case Licensor may only assign such rights and obligations pursuant to this Agreement as may be related to such part;

provided , in either case, that such Third Party assumes the Licensor's obligations hereunder (or, if transferred divisibly, assumes the applicable part of Licensor's obligations hereunder) and accepts any of Licensor's Owned or Controlled IP subject to the terms of this Agreement.

(c) Notwithstanding the foregoing, the relevant rights and obligations pursuant to this Agreement may be assigned or transferred divisibly by Styron to any Third Party in connection with a sale by Styron of:

(1) all or substantially all of the assets or properties of Styron or its Affiliates to which the subject matter of this Agreement relates; and/or

(2) any part of the foregoing assets or properties to which the subject matter of this Agreement relates, including a business or business unit of Styron or its Affiliates, in which case Styron may only assign such rights and obligations pursuant to this Agreement as may be related to such part;

provided , however , that Styron may not assign this Agreement, in whole or in part, without Licensors' consent in connection with Styron's sale of a facility, plant or business unit if the prospective purchaser already operates similar facilities, plants or business units with a different technology, until the Licensors and the prospective purchaser enter into a written agreement that would prevent the co-mingling of their technologies. Any Third Party that receives an assignment or transfer of Intellectual Property rights under this Agreement must agree to be bound by Styron's obligations hereunder with respect to such Intellectual Property (or, if transferred divisibly, must agree to be bound by the applicable part of Styron's obligations hereunder). Styron will give Licensors notice of an assignment under this Section 11.9 (c) no later than the later of (i) [****] ([****]) days prior to the assignment; or (ii) when Styron has rights to disclose the assignment to Licensors, but in no event later than the public announcement of the underlying transaction.

(d) Upon the assignment of this Agreement and the express assumption by the assignee or transferee of the assigned obligations of the applicable Party under this Agreement through the execution of an assignment and assumption agreement, the applicable Party shall be fully and unconditionally released:

(1) in the case of an assignment of this Agreement, from all obligations and liabilities under this Agreement except ARTICLE 9; and

(2) in the case of an assignment of certain rights and the assumption of certain obligations pursuant to Section 11.9(b) or Section 11.9(c), from all obligations and liabilities under this Agreement with respect to such rights and liabilities except ARTICLE 9.

(e) Styron may assign this Agreement and all of its rights and obligations under this Agreement to any Affiliate that is substantially owned, directly or indirectly, by the same Person as Styron with notice to TDCC, provided the Affiliate expressly assumes (in writing to TDCC) all of Styron's obligations hereunder.

Section 11.10 Amendment. This Agreement may not be amended or modified except (a) by an instrument in writing signed by, or on behalf of, the Parties hereto that expressly references the Section of this Agreement to be amended; or (b) by a waiver in accordance with Section 11.11.

Section 11.11 Waiver. Any Party to this Agreement may (a) extend the time for the performance of any of the obligations or other acts of the other Parties; (b) waive any inaccuracies in the representations and warranties of the other Parties contained herein or in any document delivered by the other Parties pursuant hereto; or (c) waive compliance with any of the agreements of the other Parties or conditions to such Parties' obligations contained herein. Any such extension or waiver shall be valid only if set forth in an instrument in writing signed by the Party or Parties to be bound thereby. Any waiver of any term or condition shall not be construed as a waiver of any subsequent breach or a subsequent waiver of the same term or condition, or a waiver of any other term or condition of this Agreement. The failure of any Party hereto to assert any of its rights hereunder shall not constitute a waiver of any of such rights.

Section 11.12 No Third Party Beneficiaries. This Agreement shall be binding upon and inure solely to the benefit of the Parties hereto and their respective successors and permitted assigns and nothing herein, express or implied, is intended to or shall confer upon any other Person any legal or equitable right, benefit or remedy of any nature whatsoever, including any rights of employment for any specified period, under or by reason of this Agreement.

Section 11.13 Governing Law. This Agreement shall be governed by, and construed in accordance with, the Laws of the State of New York, without giving effect to principles of conflicts of laws or principles that might refer the governance or construction of this Agreement to the law of another jurisdiction. All Actions arising out of or relating to this Agreement shall be heard and determined exclusively in the Delaware Court of Chancery; provided , however , that if such court does not have jurisdiction over such Action, such Action shall be heard and determined exclusively in any Delaware state court or United States federal court sitting in the State of Delaware or in the Borough of Manhattan of The City of New York. Consistent with the preceding sentence, the Parties hereto hereby (a) submit to the exclusive jurisdiction of the Delaware Court of Chancery or, if such court does not have jurisdiction, any Delaware state court or United States federal court sitting in the State of Delaware or in the Borough of Manhattan of The City of New York, for the purpose of any Action arising out of or relating to this Agreement brought by either Party hereto; and (b) irrevocably waive, and agree not to assert, by way of motion, defense, or otherwise, in any such Action, any claim that it is not subject personally to the jurisdiction of the above-named courts, that its property is exempt or immune from attachment or execution, that the Action is brought in an inconvenient forum, that the venue of the Action is improper, or that this Agreement or the transactions contemplated by this Agreement may not be enforced in or by any of the above-named courts. The foregoing shall not, however, limit either Party's right to seek equitable relief as set out in Section 10.5.

Section 11.14 Waiver of Jury Trial. EACH OF THE PARTIES HERETO HEREBY WAIVES TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY WITH RESPECT TO ANY ACTION OR LIABILITY DIRECTLY OR INDIRECTLY ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED BY THIS AGREEMENT. EACH OF THE PARTIES HERETO HEREBY (A) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF ANY SUCH ACTION OR LIABILITY, SEEK TO ENFORCE THE FOREGOING WAIVER; AND (B) ACKNOWLEDGES THAT IT HAS BEEN INDUCED TO ENTER INTO THIS AGREEMENT AND THE TRANSACTIONS CONTEMPLATED BY THIS AGREEMENT, AS APPLICABLE, BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION 11.14.

Section 11.15 Counterparts. This Agreement may be executed and delivered (including by facsimile or other means of electronic transmission, such as by electronic mail in "pdf" form) in one or more counterparts, and by the different Parties hereto in separate counterparts, each of which when executed shall be deemed to be an original, but all of which taken together shall constitute one and the same agreement.

THE PARTIES AGREE AS FOLLOWS:

SECTION A
INTERPRETATION

1. INTERPRETATION

1.1 Master Definitions and Framework Deed

1.1.1 Capitalised terms in this Agreement shall, except where the context otherwise requires and save where otherwise defined in this Agreement, have the meanings given to them in Clause 2.1 of the Master Definitions and Framework Deed (including any schedules to such deed referred to or incorporated by reference to such terms in Clause 2.1) executed by, among others, each of the parties to this Agreement (the " **Framework Deed** ") on 12 August 2010 (as amended or amended and restated on 17 August 2010, 24 May 2011, 4 July 2012 and on or around the Dutch Closing Date (as defined therein) and as it may be further amended, varied or supplemented from time to time with the consent of the parties to it) and this Agreement shall be construed in accordance with the principles of construction set out in the Framework Deed.

1.1.2 In addition, the provisions set out in clauses 3 to 8 and 10 to 25 of the Framework Deed (the " **Special Framework Provisions** ") shall be expressly and specifically incorporated into this Agreement, as though they were set out in full in this Agreement. In the event of any conflict between the provisions of this Agreement and the Special Framework Provisions, the provisions of this Agreement shall prevail other than Clause 22 of the Framework Deed as it relates to the Styron Security Trustee.

1.2 **Cash Management Agreement**

This Agreement is the Cash Management Agreement referred to in the Framework Deed.

1.3 **Meaning of to ensure**

In this Agreement, where there is a reference to the giving of notices, performing of calculations, provision of documents, making of determinations and other similar administrative activities, in each case, to be carried out "to ensure" the compliance with or performance of certain terms in certain agreements, any such reference means the giving of all such notices, the making of all such calculations, the provision of all such documents, the making of all such determinations and all such other administrative activities as are required by the terms of such agreements to make such compliance or performance possible.

1.4 **Meaning of to arrange**

Where this Agreement states that the Cash Manager is "to arrange" for a payment to be made, or other obligations to be performed, to or by the Master Purchaser, the Styron Security Trustee or any other person, the Cash Manager (unless expressly provided otherwise) shall be obliged to use all reasonable endeavours to make all the administrative arrangements required on the part of the Master Purchaser, the Styron Security Trustee or any other person and/or of itself to facilitate such payment or performance and to the extent that it has done so shall have discharged its obligation "to arrange" for the relevant payment to be made or other obligation to be performed and shall not be liable as primary debtor, indemnitor, guarantor or otherwise as surety, in respect of such payment or other obligations and, in particular:

1.4.1 the Cash Manager shall incur no liability if the payer or performer (as appropriate) refuses or is unable (for whatever reason) to make such payment or to perform such obligations (as the case may be); and/or

1.4.2 the Cash Manager shall not be obliged to pay out any money belonging to the Cash Manager in respect of such payment or other obligations, except where and to the extent that:

(a) the refusal or inability of the payer or performer (as the case may be); and/or

(b) the inability of the other person to pay or perform (as the case may be),

is caused directly by a Breach of Duty in relation to this Agreement by the Cash Manager (whether or not acting in its capacity as Cash Manager) or the Cash Manager's servants or agents.

1.5 **Cash Manager not regarded as payer**

In this Agreement the Cash Manager shall not be regarded as the "payer" merely by reason of its making administrative arrangements for the transmission or payment of funds.

SECTION B

2.4 Cash Manager's directions regarding financial policies not binding

The Master Purchaser (and the Master Purchaser's directors) shall not be required or obliged at any time to comply with any directions which the Cash Manager may give with respect to the operating and financial policies of the Master Purchaser, control of which is, and shall at all times remain, vested in the Master Purchaser and its directors and the Cash Manager agrees that it will at all times act consistently with this provision.

For the avoidance of doubt, save as otherwise expressly provided in any Relevant Transaction Document none of the Master Purchaser, the Regency Noteholder, the Styron Security Trustee or the Instructing Party shall be obliged to gross up any such payment following any such deduction or withholding.

12.7 **Tax Credits**

If any of the Swiss Seller, the Dutch Seller, the Swiss Servicer or the Dutch Servicer pays any additional amount (an " **Additional Payment** ") under paragraph (a) of Clause 12.5 and the Master Purchaser, the Regency Noteholder, the Styron Security Trustee, or the Instructing Party, as the case may be, effectively obtains a refund of Tax or credit against Tax on its overall net income by reason of that Additional Payment (a " **Tax Credit** ") and the Master Purchaser, the Regency Noteholder, the Styron Security Trustee or the Instructing Party, as the case may be, is able to identify such Tax Credit as being attributable to such Additional Payment, then the Master Purchaser, the Regency Noteholder, the Styron Security Trustee or the Instructing Party, as the case may be, shall reimburse the Swiss Seller, the Dutch Seller, the Swiss Servicer or the Dutch Servicer (as the case may be) such amount as the Master Purchaser, the Regency Noteholder, the Styron Security Trustee or the Instructing Party, as the case may be, shall determine to be the proportion of such Tax Credit as will leave it, after that reimbursement, in no better or worse position than it would have been in if that Additional Payment had not been required. The Master Purchaser, the Regency Noteholder, the Styron Security Trustee or the Instructing Party, as the case may be, shall use reasonable efforts to claim any Tax Credit and, if it does so claim, shall have absolute discretion as to the extent, order and manner in which it does so but shall in no circumstances be liable to the Swiss Seller, the Dutch Seller, the Swiss Servicer or the Dutch Servicer for not doing so.

12.8 **After Tax Amount**

In the event that any taxing authority seeks to charge to Tax any sum paid to the Master Purchaser, the Regency Noteholder, the Styron Security Trustee or the Instructing Party as a result of the indemnities contained herein then the amount so payable shall be grossed up by such amount as to ensure that after payment of the Tax so charged (and taking account of the Tax effect of any loss giving rise to the right to such an indemnity) there shall be left a sum equal to the amount that would otherwise be payable under such indemnity or obligation.

12.9. Notwithstanding anything else to the contrary in any Transaction Document, none of the U.S. Seller, U.S. Servicer, U.S. Intermediate Transferor, Swiss Seller, Swiss Servicer and Chargor, German Seller, German Servicer, Dutch Seller, Dutch Servicer, Parent, Guarantor, the Styron Security Trustee or the Master Purchaser shall be required to pay any additional amounts, gross-up, indemnity payment or other similar amount with respect to any Tax imposed under the laws of the United States that is an Excluded Tax, as such term is defined in the U.S. Intermediate Transfer Agreement.

13. **WAIVERS; REMEDIES CUMULATIVE**

13.1 No failure or delay by any party hereto in exercising any right, power or privilege under any Transaction Document to which it is a party or available at law shall impair such right, power or remedy or operate as a waiver thereof. The single or partial exercise of any right, power or remedy under this Deed or any Transaction Document to which it is a party or at law shall not preclude any other or further exercise thereof or the exercise of any other right, power or remedy under this Deed or any Transaction Document to which it is a party or at law.

13.2 The rights of any party to any Transaction Document shall not be capable of being waived otherwise than by an express waiver in writing or by a waiver in such other form as may be agreed by the parties to the relevant Transaction Document for the purposes of minimising or avoiding liability to stamp tax.

13.3 The rights, powers and remedies provided in this Deed and any Transaction Document to which it is a party are cumulative and may be exercised as often as they are considered appropriate and are in addition to any rights and remedies provided by law.

14. MODIFICATION AND WAIVER

14.1 Unless otherwise specified in the Styron Security Deed, no amendment, modification, waiver or variation of any or all of the Transaction Documents shall be effective unless:

(a) it is in writing and signed by or on behalf of each of the parties to the relevant Transaction Document to be so modified, waived or varied or initialled for identification on behalf of such parties or in such other form as may be agreed by the parties to the relevant Transaction Document for the purposes of minimising or avoiding any liability to stamp tax; and

(b) such amendment, modification, waiver or variation complies with the requirements of clause 29 of the Styron Security Deed.

14.2 The Master Purchaser agrees with the Sellers that the Sellers may request an increase in the Facility Limit from time to time and the Master Purchaser shall, subject to conditions to be agreed, use its commercially reasonable endeavours to agree to such increases with the Regency Noteholder and the Styron Noteholder (subject to the credit and business approval processes of the Liquidity Facility Provider) and shall not require any increase in the fees on such additional amounts from the fee levels set out in the Transaction Documents or any increase in the CP Rate or Reuters Screen Rate from that set out above or any other alteration to the terms in a manner that is or could be reasonably expected to be adverse to any Seller.

15. ENTIRE AGREEMENT

Each and every Transaction Document sets out the entire agreement and understanding between the parties in respect of the subject matter of the agreements contained therein and supersedes any previous agreement between the parties relating to the subject matter therein. It is agreed that:

(a) no party has entered into any Transaction Document in reliance upon any representation, warranty or undertaking of any other party which is not expressly set out or referred to in any such Transaction Document;

(b) except for breach of an express representation or warranty under any Transaction Document no party shall have any claim or remedy under any of the Transaction Documents in respect of misrepresentation (whether negligent or otherwise, and whether made prior to or at the time of execution of the Transaction Documents) or untrue statement made by any other party; and

(c) this Clause shall not exclude any liability for fraudulent misrepresentation.

16. **NO LIABILITY**

Notwithstanding any other provision of this Deed or any other Transaction Document, no recourse under any obligation, covenant, or agreement of any party (acting in any capacity whatsoever) contained in any Transaction Document shall be had against any shareholder, officer, director, employee or agent of the Master Purchaser or the Regency Noteholder or the Styron Security Trustee as such, by the enforcement of any assessment or by any proceeding, by virtue of any statute or otherwise, it being expressly agreed and understood that each Transaction Document is a corporate obligation of the relevant party and no personal liability shall attach to or be incurred by the shareholders, officers, agents, employees or directors of any party as such, or any of them, under or by reason of any of the obligations, covenants or agreements contained in any Transaction Document, or implied therefore, and that any and all personal liability for breaches by such party of any such obligations, covenants or agreements, either at law or by statute or constitution, of every such shareholder, officer, agent, employee or director is hereby expressly waived by the other parties as a condition of and consideration for the execution of this Deed.

17. **LIMITED RECOURSE AND NON-PETITION IN FAVOUR OF REGENCY NOTEHOLDER**

17.1 Notwithstanding any other provision of this Deed, each of the parties hereto (other than the German Seller and the German Servicer) hereby agrees with the Regency Noteholder that it shall not:

(a) take any corporate action or other steps or legal proceedings for the winding-up, dissolution, examinership or re-organisation of or for the appointment of a receiver, administrator, administrative receiver, trustee, liquidator, examiner, sequestrator or similar officer to the Regency Noteholder or of any or all its revenues and assets; or

(b) have any right to take any steps for the purpose of obtaining payment of any amounts payable to it under this Deed by the Regency Noteholder and shall not take any steps to recover any debts whatsoever owing to it by the Regency Noteholder.

17.2 Notwithstanding any other provision of this Deed, each party hereto (other than the Regency Noteholder, the German Seller and the German Servicer) agrees and acknowledges with the Regency Noteholder that:

(a) it will only have recourse in respect of any amount, claim or obligation due or owing to it by the Regency Noteholder (the " **Claims** ") to the extent of available funds pursuant to the Regency Noteholder's programme documents in respect of its USD$20,000,000,000 asset-backed commercial paper notes issuance programme (the " **Programme Documents** ") subject to and in accordance with the terms thereof and after all other prior ranking claims in respect thereof have been satisfied and discharged in full;

(b) following the application of funds following enforcement of the security interests created over the Regency Noteholder's assets under the relevant Programme Documents, subject to and in accordance with the provisions

relating to the application of funds specified therein, the Regency Noteholder will have no assets available for payment of its obligations under such documents and this Deed other than as provided for pursuant to the Programme Documents and any Claims will accordingly be extinguished to the extent of any shortfall; and

(c) the obligations of the Regency Noteholder under the Programme Documents and this Deed will not be obligations or responsibilities of, or guaranteed by, any other person or entity.

17.3 Notwithstanding any other provision of this Deed or any Transaction Document, each of the parties hereto (other than the German Seller and the German Servicer) agrees and acknowledges that the provisions of Clauses 16 and 17 of this Deed shall survive and shall not be extinguished by the termination of this Deed and shall continue to bind the parties thereafter.

17.4 For the avoidance of doubt, Clause 22 (*Limited Recourse and No-Petition in Favour of Regency Noteholders*) of the German Receivables Purchase Agreement binds the German Seller and Clause 1.4(h) of the German Servicing Agreement binds the German Servicer.

18. MISCELLANEOUS PROVISIONS

18.1 Evidence of indebtedness

In any proceeding, action or claim relating to any Transaction Document a statement as to any amount due which is certified as being correct by an officer of the Instructing Party, shall, unless otherwise provided in the Transaction Document or this Deed, or in the case of manifest error, be *prima facie* evidence that such amount is in fact due and payable.

18.2 Severability

Any provision of any Transaction Document or this Deed which is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. To the extent permitted by applicable law, each of the parties hereto hereby waives any provision of law but only to the extent permitted by law which renders any provision of any Transaction Document prohibited or unenforceable in any respect.

18.3 Assignability

(a) Save as specifically provided in any Transaction Document and subject to sub-paragraph 18.3(b) below, none of the Swiss Seller, the German Seller, the Dutch Seller, the German Servicer, the Dutch Servicer, the Swiss Servicer, Regency Noteholder or the Master Purchaser shall be entitled to assign any of its rights or transfer any of its obligations under any of the Transaction Documents without the prior written consent of the Instructing Party and the Regency Noteholder, and prior written notice being given to Moody’s and S&P.

(b) The Regency Noteholder may assign its rights or transfer its obligations under the Transaction Documents to any person subject to obtaining the prior written consent of the Swiss Seller (in its sole discretion) **provided that** the consent of the Swiss Seller shall not be required in respect of assignments or transfer (i) to Affiliates provided such arrangement or transfer shall not increase the Master Purchaser's cost of funding or (ii) following a Termination Event which has occurred and which is continuing.

(c) Each assignor or transferor shall notify the Instructing Party and the Swiss Seller of any assignment or transfer under paragraph (a) or paragraph (b) of Clause 18.3. Each assignor or transferor may, in connection with any such assignment or transfer, disclose to the assignee or transferee or potential assignee or transferee any information relating to the Swiss Seller, the German Seller, the Dutch Seller, the German Servicer, the Dutch Servicer or the Swiss Servicer, including the Receivables, furnished to such assignor or transferor by or on behalf of the Swiss Seller, the German Seller, the Dutch Seller, the Swiss Servicer, the German Servicer or the Dutch Servicer **provided that** , prior to any such disclosure, the assignee or transferee or potential assignee or transferee agrees to observe the confidentiality of such information which is confidential in accordance with Clause 20 below.

18.4 **Set-Off**

(a) Except as otherwise provided in the Transaction Documents and subject to paragraph (b) of this Clause 18.4, all payments required to be made under the Transaction Documents shall be calculated without reference to any set-off or counterclaim and shall be made free and clear of and without any deduction for or on account of any set-off or counterclaim, save as provided by mandatory provisions of law.

(b) The Master Purchaser, the Regency Noteholder, the Instructing Party and the Styron Security Trustee may (in addition to any other rights it may have) at any time after a Termination Event has occurred and is subsisting, set-off, appropriate and apply any deposits and any other indebtedness held or owing by such Person (acting in its capacity as such) to, or for the account of, the Swiss Seller, the German Seller, the Dutch Seller, the German Servicer, the Dutch Servicer or the Swiss Servicer against any amount owing by that Seller, the German Servicer, the Dutch Servicer or the Swiss Servicer, as the case may be, to such Person.

18.5 **Styron Noteholder, Master Purchaser, Swiss Seller, Swiss Servicer, Dutch Seller and Dutch Servicer Set-Off**

(a) The Master Purchaser may, at any time, unless notified to the contrary by the Instructing Party, set-off its obligation to pay Initial Purchase Price to the Swiss Seller or the Dutch Seller against its right to receive any amount of Initial Subscription Price or Additional Subscription Price from the Styron Noteholder.

(b) The Master Purchaser may, on any Monthly Payment Date, unless notified to the contrary by the Instructing Party, set-off its obligation to pay any Styron USD Note Redemption Amounts or Styron EUR Note Redemption Amounts to the Styron Noteholder against its right to receive Collections from each Seller.

(c) The Styron Noteholder, the Master Purchaser, the Swiss Servicer, the Swiss Seller, the Dutch Servicer and the Dutch Seller may, on any Settlement Date, unless notified to the contrary by the Instructing Party:

(i) set-off the Styron Noteholder's obligation to pay any Additional Principal Amount under the Styron Note against the Master Purchaser's obligation to pay Initial Purchase Price or Deferred Purchase Price to the Swiss Seller or the Dutch Seller on such Settlement Date;

(ii) set-off the Swiss Servicer's obligation to pay Collections to the Master Purchaser against the Master Purchaser's obligation to pay any amounts due to the Styron Noteholder pursuant to the Styron Note; and

(iii) set-off any amounts in accordance with Clause 3.3(c) of the Swiss Receivables Purchase Agreement, Clause 3.2(c) of the Dutch Receivables Purchase Agreement, Clause 4.3 of the Swiss Servicing Agreement or Clause 4.3 of the Dutch Servicing Agreement.

18.6 **Regulation**

(a) From 1 January 2015, the Sellers undertake to the Master Purchaser and the Noteholders that each of them will, whilst any of the Notes remain outstanding ensure the Noteholders have readily available access to all materially relevant data on the credit quality and performance of the individual Purchased Receivables, cash flows and collateral supporting the Transaction, as well as such tests on the cash flows and collateral values supporting the Notes (for the purpose of which, "materially relevant data" has the meaning given to it in Article 122a of Directive 2006/48/EC or any successor thereto) provided that no Seller shall be in breach of the undertakings given pursuant to this Clause 18.6 if due to events, actions or circumstances beyond such Seller's control, such Seller is not able to comply with such undertakings, subject always to any requirement of law.

(b) The Sellers and the Servicers covenant with the Cash Manager to provide it with all information which it may reasonably require to comply with requirements of law or regulation as to the disclosure of information including (but not limited to) pursuant to European Regulation 1060/2009 (as amended from time to time).

19. COUNTERPARTS

Each of the Transaction Documents, including this Deed, can be executed in any number of counterparts and by the parties to it on separate counterparts, each of which shall be an original but all of which together shall constitute one and the same instrument. Delivery of a counterpart of any Transaction Document, including this Deed, by e-mail attachment or fax shall be an effective mode of delivery.

20. **CONFIDENTIALITY**

None of the parties shall, and they shall procure that none of their agents or representatives shall, during the continuance of any of the Transaction Documents or after the termination of any of them, disclose to any person, firm or company whatsoever any information relating to the business, finances or other matters of a confidential nature of any other party to this Deed of which it may in the course of its duties under this Deed or any Transaction Document or otherwise have become possessed and all the parties shall use all reasonable endeavours to prevent any such disclosure, **provided however that** the provisions of this Clause 20 shall not apply:

(a) to the disclosure of any information which is expressly permitted or required by the Transaction Documents to any person who is a party to any of the Transaction Documents or is required in relation to the transactions envisaged by the Transaction Documents;

(b) to the disclosure of any information already known to the recipient otherwise than as a result of entering into or negotiating any of the Transaction Documents **provided that** the recipient has not, to the knowledge of the party disclosing information, acquired such information in breach of any contractual obligation of confidentiality;

(c) to the disclosure of any information which is or becomes public knowledge otherwise than as a result of the conduct of the recipient or as a result of a breach of this Agreement;

(d) to the extent that the recipient is required to disclose the same pursuant to any law or regulation or order of any court or pursuant to any direction, request or requirement (whether or not having the force of law) of any central bank or any governmental or other regulatory authority (including any official bank examiners or regulators) or stock exchanges or Rating Agency or any other rating organisation to whom disclosure is required by applicable law in order to issue or maintain a credit rating, provided such disclosure is made strictly in accordance and solely to ensure compliance, with the provisions of the relevant law (including, for the avoidance of doubt, Rule 17g-5 of the General Rules and Regulations promulgated by the Securities Exchange Act of 1934);

(e) to the extent that the recipient needs to disclose the same for the protection or enforcement of any of its rights under any of the Transaction Documents;

(f) to the disclosure of any information to any provider of liquidity, credit enhancement, hedging or other facilities (subject to them being informed of the confidential nature of such information and being subject to confidentiality restrictions consistent with this Clause 20);

(g) to the disclosure of any information to professional advisers who receive the same under a duty of confidentiality;

(h) to the disclosure of any information with the written consent of the parties hereto in form and substance satisfactory to the Instructing Party; and

(i) to the disclosure of any information reasonably disclosed to a prospective provider of Regency Noteholder Related Debt, a prospective or a substitute Instructing Party or Styron Security Trustee (provided it is disclosed on the basis that the recipient will hold it confidential and will not use it in the course of its business).

21. CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

In relation to each Transaction Document governed by English law, a person who is not a party to such Transaction Document shall, unless otherwise expressly provided in a Transaction Document, have no right under the Contracts (Rights of Third Parties) Act 1999 to enforce any of the terms thereof.

22. STYRON SECURITY TRUSTEE PARTY TO TRANSACTION DOCUMENTS

22.1 Better preservation and enforcement of rights

Except where any Transaction Document provides otherwise, the Styron Security Trustee has agreed to become a party to each Transaction Document to which it is a party only for the better preservation and enforcement of its rights under such Transaction Document and shall not assume any liabilities or obligations under any Transaction Document unless such obligation or liability is expressly assumed by the Styron Security Trustee in such Transaction Document.

22.2 Styron Security Trustee has no responsibility

The Styron Security Trustee shall not have any responsibility for any of the obligations of the other Transaction Parties and the other Transaction Parties acknowledge that the Styron Security Trustee has no such responsibility and that the Styron Security Trustee is entitled to the protections contained in and on the terms set out in the Styron Security Deed.

22.3 Styron Security Deed governs the Styron Security Trustee

Each of the parties hereto agrees that the exercise or performance or non-exercise or non-performance of any of the trusts, powers, authorities, duties, discretions or obligations of, or the giving of any consents by the Styron Security Trustee and the Styron Security Trustee's liability in relation to the same shall in the case of each Transaction Document to which it is a party be subject to the detailed provisions of the Styron Security Deed and, in the event of any conflict, the provisions of the Styron Security Deed shall prevail.

23. TRUSTEE ACT

In relation to each Transaction Document governed by English law and which creates or purports to create a trust or fiduciary relationship, the parties hereto agree that to the fullest extent permitted by law, none of the provisions of the Trustee Act 2000 shall apply to the trust or fiduciary relationship created by such Transaction Document or to the role of the trustee or fiduciary in relation to such trust or fiduciary

relationship. The disapplication of the Trustee Act 2000 as provided by this Clause 23 shall constitute an exclusion of the provisions of the Trustee Act 2000 for the purposes of that Act.

24. RESTRICTION ON ENFORCEMENT OF SECURITY, NON-PETITION AND LIMITED RECOURSE IN FAVOUR OF THE MASTER PURCHASER

24.1 No proceedings against the Master Purchaser

Notwithstanding any other provision of this Deed or any Transaction Documents, only the Styron Security Trustee may pursue the remedies available under the general law or under the Styron Security Deed, the German Security Assignment and Trust Agreement or the U.S. Security Agreement to enforce the Security and no Transaction Party shall be entitled to proceed directly against the Master Purchaser to enforce the Security. Each Transaction Party (other than the Master Purchaser, the German Seller, the German Servicer, and the Styron Security Trustee) agrees with and acknowledges to each of the Master Purchaser and the Styron Security Trustee, and the Styron Security Trustee agrees with and acknowledges to the Master Purchaser, that:

(a) none of the Transaction Parties (nor any person on their behalf, other than the Styron Security Trustee where appropriate) are entitled, otherwise than as permitted by the Transaction Documents, to direct the Styron Security Trustee to enforce the Security or take any proceedings against the Master Purchaser to enforce the Security;

(b) none of the Transaction Parties (other than the Styron Security Trustee acting in accordance with the provisions of the Styron Security Deed, the German Security Assignment and Trust Agreement or the U.S. Security Agreement) shall have the right to take or join any person in taking any steps against the Master Purchaser for the purpose of obtaining payment of any amount due from the Master Purchaser to any of such Transaction Parties;

(c) until the date falling two years after the Final Discharge Date none of the Transaction Parties nor any person on their behalf shall initiate or join any person in initiating an Insolvency Event or the appointment of an Insolvency Official in relation to the Master Purchaser other than a Receiver appointed under clause 18 (*Appointment and Removal of Administrator and Receiver*) of the Styron Security Deed; and

(d) none of the Transaction Parties shall be entitled to take or join in the taking of any corporate action, legal proceedings or other procedure or step which would result in the Payments Priorities not being complied with.

24.2 Limited Recourse

(a) Each Transaction Party (other than the Master Purchaser, the German Seller, the German Servicer and, in accordance with the provisions of the Styron Security Deed, the Styron Security Trustee) agrees with each of the Master Purchaser and the Styron Security Trustee, and the Styron Security Trustee agrees with the Master Purchaser, that notwithstanding any other provision of any Transaction Document, all obligations of the Master Purchaser to such Transaction Party, including, without limitation, the Obligations, are limited in recourse as set out below:

(i) it will have a claim only in respect of the Charged Property and will not have any claim, by operation of law or otherwise, against, or recourse to any of the Master Purchaser's other assets or its contributed capital;

(ii) sums payable to each Transaction Party in respect of the Master Purchaser's obligations to such Transaction Party shall be limited to the lesser of (a) the aggregate amount of all sums due and payable to such Transaction Party and (b) the aggregate amounts received, realised or otherwise recovered by or for the account of the Master Purchaser in respect of the Charged Property whether pursuant to enforcement of the Security or otherwise, net of any sums which are payable by the Master Purchaser in accordance with the Payments Priorities in priority to or *pari passu* with sums payable to such Transaction Party; and

(iii) upon the Styron Security Trustee giving written notice to the Relevant Transaction Parties that it has determined in its sole opinion, that there is no reasonable likelihood of there being any further realisations in respect of the Charged Property (whether arising from an enforcement of the Security or otherwise) which would be available to pay unpaid amounts outstanding under the Relevant Transaction Documents, the Relevant Transaction Party shall have no further claim against the Master Purchaser in respect of any such unpaid amounts and such unpaid amounts shall be extinguished and discharged in full.

The provisions of this Clause 24 (*Restriction on Enforcement of Security, Non-Petition and Limited Recourse in Favour of the Master Purchaser*) shall survive termination of the Transaction Documents.

(b) For the avoidance of doubt Clause 21 (*Restriction on Enforcement of Security, Non-Petition and Limited Recourse in Favour of the Master Purchaser*) binds the German Seller and Clause 15.4 (*Subordination of German Servicer's Rights and Non Petition Undertaking*) of the German Servicing Agreement binds the German Servicer.

25. PROVISIONS RELATING TO THE TRANSACTION DOCUMENTS

25.4 **Recoveries after Enforcement**

Except for moneys paid out by the Styron Security Trustee pursuant to the Post-Enforcement Payments Priorities, all monies received or recovered by the Secured Creditors in respect of the Secured Amounts after delivery of an Enforcement Notice (whether by way of set-off, retention, compensation, balancing of accounts or otherwise) shall forthwith be paid to (and pending such payment held on trust for) the Styron Security Trustee.

26. GOVERNING LAW

This Deed and any non-contractual obligations arising herefrom shall be governed by, and construed in accordance with, English law.

27. FAILURE TO SATISFY INITIAL CONDITIONS PRECEDENT

27.1 **Termination**

If the Initial Conditions Precedent have not been satisfied or waived by the Instructing Party prior to 26 August 2010 the Transaction Parties hereby agree that, with effect from 26 August 2010, subject to Clause 27.2 (*Continuing obligations*) and Clause 27.3 (*Accrued liabilities*) and notwithstanding anything else contained in the Transaction Documents:

(a) each Transaction party is irrevocably released and discharged from all covenants, undertakings, representations, warranties, liabilities and obligations owed to the other parties (or any of them) to the Transaction Documents arising under the Transaction Documents, whether, without limitation, in contract, tort or otherwise;

(b) the rights and entitlements of each party to the Transaction Documents against the other parties to the Transaction Documents in respect of the Transaction Documents are irrevocably waived and cancelled; and

(c) the Transaction Documents are terminated,

without giving rise to any liabilities as a result of such termination and discharge, other than as set out herein.

27.2 **Continuing obligations**

The termination of the Transaction Documents pursuant to Clause 27.1 is without prejudice to any provision of such Transaction Documents which expressly states that it will survive the termination of such Transaction Document, or which reserves the rights of the parties to such Transaction Document in the event that any payment made to them under or pursuant to the Transaction Document is subsequently challenged.

27.3 **Accrued liabilities**

The termination of the Transaction Documents is without prejudice to any rights and liabilities under the Transaction Documents accrued prior to 26 August 2010 and will not give rise to any liabilities as a result of such termination other than as set out herein.

6.2 Seller reserves the right by written notice given at any time before shipment, to increase the price under this Contract, if them is any increase in the price or cost of the Product to Seller by virtue of foreign exchange fluctuations, currency regulations, changes in duties or taxes, increase in the cost of raw materials, labor or transport or any other causes beyond the control of Seller. If Buyer is of the opinion that any such increase in price is unreasonable, it may object to such increase by written notice given within fifteen (15) days of the date of receipt of Seller's notice; Seller shall then have the option to continue to supply Buyer at the price currently in effect, if willing to do so or to cancel the Contract immediately upon notice to Buyer in writing.

Buyer shall schedule deliveries of the Product uniformly throughout the calendar year. Not more than ten percent (10%) of the annual quantity of the Product shall be scheduled for delivery in any calendar month, except with Seller's prior written consent.

8. Transportation

The decision of the party affected as to the quantities of Product affected shall be final and binding.

11. Governmental Controls

If the price, freight allowance, or terms of payment, or any price increase, or change in freight allowance, or terms of payment under this Contract, or Seller's ability to make any such increase or change, should be altered or prohibited by reason of any law, government decree, order or regulation, Seller may cancel this Contract upon fifteen (15) days written notice. However, at its option, Seller may by written notice elect to postpone the effective date of any price increase or proposed change to the extent so prevented until such date or dates as it is not so prevented. By electing to postpone rather than cancel, Seller will not waive its right to cancel thereafter because of such continued or further alterations or prohibitions.

12. Non-performance

12.1 If Buyer fails to perform any of the terms of this Contract when due, Seller may, at its option, decline to make further deliveries against this Contract, except for cash, or may recall or defer shipments until such default is made good, or may treat such default as final refusal to accept further shipments and cancel this Contract.

12.2 Seller reserves the right, without prejudice to Buyer's liability to pay on the due date, to charge interest on any overdue balance of a rate equal to the one month LIBOR interest for the currency invoiced, as fixed by the British Bankers Association on the last business day of the month preceding the date of payment, plus five percent (5%) points. Such right is in addition and without prejudice to any other rights Seller may have under this Contract.

13. Performance by Affiliates

At Seller's option, any Sales Contract obligation may be performed by The Dow Chemical Company or any of its affiliates. Any deliveries made under this condition may be invoiced by such affiliate and shall constitute performance of this Contract by Seller.

14. Assignment of Contract and or Claims

Buyer, without any further notice to be given, hereby irrevocably consents to Seller's future assignment of this Contract, in full or in part (including some or all of Seller's obligations), to any wholly owned Affiliate, in which case the Affiliate may effect delivery of the Product and invoice Buyer directly. "Affiliate" means any subsidiary, legal entity, or joint venture in which The Dow Chemical Company directly or indirectly holds an ownership interest of at least 50%. In addition, both Seller and Buyer may assign their respective claims under this Contract to third parties. Agreed quantities and other terms shall not be affected by an assignment.

Notwithstanding the foregoing, this Agreement may be assigned by Seller to any third party without the consent of Buyer in connection with a sale by Seller or any of its Affiliates of all or substantially all of the assets or properties of Seller or any of its Affiliates to which the subject matter of this Agreement relates. Upon the assignment of this Agreement and the express assumption by the assignee of the assigned obligations of Seller under this Agreement through the execution of an assignment and assumption agreement, Seller shall be released from all obligations and liabilities under this Agreement.

15. Non-waiver

Failure to exercise any rights under this Contract upon any occasion shall not waive the right to exercise the same on another occasion.

16. Severability of Provisions

STYRON ALLGEMEINE VERKAUFS- UND LIEFERBEDINGUNGEN

I. Geltungsbereich

1 . Unsere Verkäufe, Lieferungen und Leistungen (im Folgenden einheitlich: „Lieferungen") erfolgen nur nach Maßgabe der nachstehenden Bedingungen. Sie finden Anwendung gegenüber Unternehmern, juristischen Personen des öffentlichen Rechts und öffentlich-rechtlichen Sondervermögen (Käufer). Der Käufer erklärt sich durch deren widerspruchslose Entgegennahme mit ihrer ausschließlichen Geltung für die jeweilige Lieferung sowie für alle Folgegeschäfte einverstanden. Entgegenstehende oder von unseren Bedingungen abweichende Bedingungen des Käufers erkennen wir nicht an, es sei denn, wir hätten ihrer Geltung ausdrücklich schriftlich zugestimmt. Unsere Bedingungen gelten auch dann, wenn wir in Kenntnis entgegenstehender oder von unseren Bedingungen abweichender Bedingungen des Käufers die Lieferung an den Käufer vorbehaltlos ausführen.

2. Wir behalten uns vor, unsere Allgemeinen Verkaufsbedingungen von Zeit zu Zeit zu ändern. Der Käufer erklärt sein Einverständnis mit der ausschließlichen Geltung der geänderten Bedingungen, wenn er nicht innerhalb einer Woche nach Zugang bei ihm der Geltung schriftlich widerspricht und er von uns anlässlich der Bekanntgabe der geänderten Bedingungen auf die Bedeutung seines Verhaltens besonders hingewiesen wurde.

II. Angebot, Muster, Garantien, Vertragsschluss

1 . Unsere Angebote sind bezüglich Preis, Menge, Lieferfrist und Liefermöglichkeit freibleibend. Angebote können nur binnen 30 Tagen angenommen werden.

2 . Die in Datenblättern, Broschüren und anderem Werbe- und Informationsmaterial enthaltenen Informationen und Daten dienen nur als Richtschnur und werden nur dann verbindlicher Vertragsinhalt, wenn wir dem ausdrücklich schriftlich zugestimmt haben.

3 . Eigenschaften von Mustern und Proben sind nur dann verbindlich, wenn dies ausdrücklich vereinbart wurde.

4. Beschaffenheits- und Haltbarkeitsangaben gelten nur dann als Garantien, wenn sie ausdrücklich als solche bezeichnet werden. Dasselbe gilt für die Übernahme eines Beschaffungsrisikos.

5. Der Vertrag ist erst dann für uns verbindlich, wenn wir die Auftragsbestätigung schriftlich erteilen. Mündliche Abreden bedürfen der schriftlichen Bestätigung durch uns.

III. Preise, Zahlung, Verzug, Beendigung bei Insolvenzantrag

1. Die Preise verstehen sich ausschließlich gesetzlicher Mehrwertsteuer, äußerer Verpackung und Versandkosten (ab Werk).

2. Alle Preise beruhen auf den Kostenfaktoren im Zeitpunkt des Vertragsschlusses bzw. der Auftragsbestätigung. Treten danach wesentliche Erhöhungen der Kosten für Rohstoffe, Energie, Frachten oder Verpackungsmaterial bei uns oder unserem Lieferanten ein und führen diese zu einer wesentlichen Erhöhung unserer Einkaufspreise oder Selbstkosten, so sind wir berechtigt, unverzüglich mit dem Käufer Verhandlungen über eine Preisanpassung zu verlangen. Kommt innerhalb angemessener Frist eine Übereinkunft nicht zustande, so sind wir bezüglich noch ausstehender Lieferungen von unserer Lieferpflicht entbunden.

3. Unsere Rechnungen sind innerhalb der vereinbarten Zahlungsfrist zu bezahlen, spätestens 30 Tage ab Rechnungsdatum.

Maßgebend für die Einhaltung von Zahlungsfristen ist der Eingang der Zahlung auf unseren Konten. Schecks werden nur zahlungshalber angenommen. Anfallende Spesen gehen zu Lasten des Käufers.

4. Bei Zahlungsverzug werden Zinsen in Höhe von 8 Prozentpunkten jährlich über dem jeweiligen Basiszinssatz (§ 247 BGB) fällig. Der Nachweis eines weitergehenden Verzugsschadens bleibt vorbehalten.

5. Wir sind zur Erfüllung des Vertrages solange nicht verpflichtet, wie der Käufer seinen Pflichten auch aus anderen Verträgen mit uns nicht vereinbarungsgemäß nachkommt, insbesondere fällige Rechnungen nicht bezahlt.

6. Der Käufer kann nur mit solchen Ansprüchen aufrechnen oder ihretwegen die Zahlung zurückhalten, die schriftlich unbestritten oder rechtskräftig festgestellt sind.

7. Wir sind berechtigt, ausstehende Lieferungen nur gegen Vorkasse durchzuführen oder von der Stellung einer Sicherheit abhängig zu machen, wenn der Käufer mit vereinbarten Zahlungszielen auch nach Ablauf einer angemessenen Nachfrist in Verzug ist oder Umstände vorliegen, die bei Anlegung banküblicher Maßstäbe Zweifel an der Zahlungsfähigkeit des Käufers begründen. In diesen Fällen sind wir darüber hinaus berechtigt, alle Forderungen gegen den Käufer aus der Geschäftsverbindung sofort fällig zu stellen.

8. Dieser Kaufvertrag endet automatisch, wenn ein Antrag auf Eröffnung eines Insolvenzverfahrens über das Vermögen des Käufers ge stellt wird und das zuständige Insolvenzgericht daraufhin Sicherungsmaßnahmen gemäß §§ 21, 22 InsO anordnet.

IV. Lieferung und Lieferzeiten, Verpackung, Gefahrübergang

1 . Für Art und Umfang der Lieferung ist unsere schriftliche Auftragsbestätigung maßgebend. Wir sind zu Teillieferungen berechtigt, soweit sie für den Käufer zumutbar sind.

2. Lieferfristen gelten nur annähernd, sofern sie nicht ausdrücklich schriftlich als verbindlich zugesagt wurden. Die Lieferzeit beginnt mit der Absendung unserer Auftragsbestätigung, jedoch nicht vor Klärung aller für die Durchführung des Vertrages wesentlichen Fragen im Zusammenhang mit vom Käufer vorzunehmenden Handlungen. Insbesondere beginnt die Lieferzeit nicht, bevor wir vom Käufer oder dessen Vertreter alle für die Lieferung benötigten Informationen erhalten bzw. bevor der Käufer nachweist, dass er, soweit erforderlich, vertragsgemäß ein Akkreditiv eröffnet oder eine Vorauszahlung bzw. Sicherheit geleistet hat.

3. Die Lieferfrist ist eingehalten, wenn bis zu ihrem Ablauf der Leistungsgegenstand unser Werk verlassen hat oder unsere Lieferbereitschaft mitgeteilt ist.

4. Alle Fälle von höherer Gewalt, Streik, Aussperrung, unzureichender Material-, Rohstoff- oder Energieversorgung, Mangel an Transportmöglichkeiten und andere ähnliche Ereignisse oder Ursachen außerhalb unseres Einwirkungsbereiches entbinden uns für die Zeitdauer und den Umfang solcher Hindernisse von unserer Verpflichtung zur Erfüllung des Vertrages. Dies gilt auch, wenn diese Umstände bei unseren Zulieferern eintreten. Die vorbezeichneten Umstände sind auch dann von uns nicht zu vertreten, wenn sie während eines bereits vorliegenden Verzuges eintreten. Beginn und Ende solcher Hinderungsgründe teilen wir dem Käufer baldmöglichst schriftlich mit.

5. Falls Lieferung einer Gesamtmenge in mehreren Abrufen vereinbart ist, hat der Käufer die Einzellieferungen gleichmäßig über das Kalenderjahr zu verteilen. Falls in einem Kalendermonat mehr als 10% des jährlichen Lieferumfangs abgerufen werden soll, bedarf dies unserer vorherigen, schriftlichen Zustimmung.

6. Wir bestimmen die Art der Verpackung und des Versands.

7. Die Gefahr geht spätestens mit der Absendung des Leistungsgegenstandes auf den Käufer über, und zwar auch dann, wenn wir zusätzliche Leistungen wie Verladung, Transport oder Entladung übernommen haben. Verzögert sich die Lieferung infolge von Umständen, die der Käufer zu vertreten hat, geht die Preisgefahr am Tag der Mitteilung der Lieferbereitschaft auf ihn über. Auf Verlangen des Käufers versichern wir die jeweilige Sendung auf seine Kosten gegen Diebstahl, Bruch-, Transport-, Feuer- und Wasserschäden.

8. Beanstandungen wegen Transportverzögerungen, Fehlmeldungen oder Transportschäden hat der Käufer unverzüglich gegenüber unserem Spediteur und Frachtführer geltend zu machen und uns dies unverzüglich mitzuteilen.

9. Wir sind auch nicht verpflichtet, auf Geheiß des Käufers an Dritte zu liefern.

V. Mängelansprüche, Pflichten des Käufers bei Mängelanzeige durch seine Kunden, Aufwendungsersatz, Haftung

1. Mängelansprüche des Käufers setzen voraus, dass er seinen gesetzlichen Untersuchungs- und Rügepflichten ordnungsgemäß nachgekommen ist. Bei offensichtlicher Mangelhaftigkeit oder Unvollständigkeit der Ware sind uns die Beanstandungen innerhalb von 2 Wochen nach Ankunft der Lieferung am Bestimmungsort schriftlich unter genauer Bezeichnung des Fehlers und der Auftrags- bzw. Rechnungsnummer anzuzeigen. Auf unsere Aufforderung sind die auf Lieferung bezogenen Dokumente, Muster, und/oder die fehlerhafte Ware an uns zurückzusenden. Ansprüche des Käufers wegen Mangelhaftigkeit oder Unvollständigkeit der Lieferung sind ausgeschlossen, wenn er dieser Verpflichtung nicht nachkommt.

2. Sollte die Ware Mängel aufweisen, können wir nach unserer Wahl als Nacherfüllung die Mängel beseitigen oder mangelfreien Ersatz leisten. Erst wenn dies wiederholt fehlgeschlagen oder unzumutbar sein sollte und es sich nicht nur um unerhebliche Mängel handelt, ist der Käufer nach Maßgabe der gesetzlichen Vorschriften zum Rücktritt oder zur Minderung berechtigt. § 478 BGB bleibt unberührt. Schadensersatzansprüche stehen dem Käufer nach Maßgabe von Ziffer V.6. zu.

Hinsichtlich etwaiger Ersatzlieferungen und Nachbesserungsarbeiten gilt eine Verjährungsfrist von 3 Monaten ab Ablieferung bzw. Ausführung, die aber mindestens bis zum Ablauf der Verjährungsfrist für Mängelansprüche unserer ursprünglichen Leistung läuft (vgl. Ziffer V.9.).

3. Der Käufer hat uns unverzüglich über jede Mängelanzeige seines Kunden in Bezug auf unsere Liefergegenstände zu informieren. Kommt der Käufer dieser Verpflichtung nicht nach, hat er keine Mängelansprüche gegen uns, auch keinen Aufwendungsersatzanspruch gemäß § 478 BGB. Der Käufer hat zudem Beweise in geeigneter Form zu sichern und uns auf Verlangen Gelegenheit zur Überprüfung zu geben.

4. Nicht von uns vorab autorisierte Werbeaussagen des Käufers in seinen Werbematerialien oder gegenüber seinen Kunden begründen keine Mängelansprüche gegen uns.

5. Mängelansprüche bestehen nicht bei nur unerheblicher Abweichung von der vereinbarten Beschaffenheit und/ oder bei nur unerheblicher Beeinträchtigung der Brauchbarkeit. Wir haften nicht für die Eignung der Ware für die vom Käufer beabsichtigten Zwecke, es sei denn, der beabsichtigte Zweck ist schriftlicher Vertragsinhalt.

6. Wir haften unbeschränkt nach dem Produkthaftungsgesetz, in Fällen der ausdrücklichen Übernahme einer Garantie oder eines Beschaffungsrisikos sowie wegen vorsätzlicher oder grob fahrlässiger Pflichtverletzungen. Ebenso haften wir unbeschränkt bei vorsätzlicher oder fahrlässiger Verletzung des Lebens, des Körpers oder der Gesundheit. Für leicht fahrlässig verursachte Sach- und Vermögensschäden haften wir nur im Falle der Verletzung solcher Pflichten, deren Erfüllung die ordnungsgemäße Durchführung des Vertrags überhaupt erst ermöglicht und auf deren Erfüllung der Käufer in besonderem Maße vertrauen darf („wesentliche Vertragspflichten), jedoch begrenzt auf den bei Vertragsschluss voraussehbaren, vertragstypischen Schaden.

7. Ansprüche auf Ersatz von Schäden aller Art, die infolge unsachgemäßer Behandlung, Veränderung, Montage und/oder Bedienung der Liefergegenstände oder durch fehlerhafte Beratung oder Einweisung durch den Käufer entstehen, sind ausgeschlossen, es sei denn, wir haben sie zu vertreten. Zudem trägt der Käufer die volle Verantwortung für die Verwendung eines auf seinen Wunsch auf der Ware erscheinenden Designs, Warenzeichens oder Handelsnamens.

8. Ist der Käufer berechtigt, Schadensersatz statt der Leistung zu verlangen oder vom Vertrag zurückzutreten, so muss er sich auf unser Verlangen binnen angemessener Frist erklären, ob und wie er von diesen Rechten Gebrauch machen wird. Erklärt er sich nicht fristgerecht oder besteht er auf der Leistung, ist er zur Ausübung dieser Rechte erst nach fruchtlosem Ablauf einer weiteren angemessenen Nachfrist berechtigt.

9. Ansprüche wegen Mängeln verjähren in 12 Monaten ab Gefahrübergang. Für Rechtsmängel gilt Entsprechendes. Bei vorsätzlichen Pflichtverletzungen, bei Ansprüchen aus unerlaubter Handlung, beim Fehlen garantierter Eigenschaften, bei Übernahme von Beschaffungsrisiken sowie bei Verletzung von Personen gelten die gesetzlichen Verjährungsfristen. Ist die Leistung für ein Bauwerk bestimmt und hat sie dessen Mangelhaftigkeit verursacht, beträgt die Verjährungsfrist für Mängelansprüche 5 Jahre. §§ 438 Abs. 3, 479 und 634 a Abs. 3 BGB bleiben unberührt.

10. Falls dem Käufer wegen einer von uns zu vertretenden Verzögerung ein Schaden entsteht, kann er für jede volle Woche der Verzögerung 0,5%, insgesamt aber höchstens 5% vom Rechnungspreis desjenigen Teils der Leistung verlangen, der infolge der Verspätung nicht rechtzeitig oder nicht vertragsgemäß benutzt werden kann.

11. Eine weitergehende Haftung auf Schadensersatz als in den vorstehenden Absätzen dieser Ziffer V. vorgesehen, ist - ohne Rücksicht auf die Rechtsnatur des geltend gemachten Anspruchs - ausgeschlossen.

12. Die vorstehenden Haftungsbeschränkungen gelten nach Grund und Höhe auch zugunsten unserer gesetzlichen Vertreter, Mitarbeiter und sonstigen Erfüllungs- und/oder Verrichtungsgehilfen.

VI. Eigentumsvorbehalt

1. Wir behalten uns das Eigentum an allen gelieferten Waren vor, bis der Käufer sämtliche derzeitigen und künftigen Verpflichtungen aus der Geschäftsverbindung mit uns vollständig erfüllt hat. Dies gilt auch dann, wenn Zahlungen auf besonders bezeichnete Forderungen geleistet werden. Bei laufender Rechnung gilt die Vorbehaltsware als Sicherheit für die Saldoforderung.

2. Be- und Verarbeitung der Vorbehaltsware erfolgen für uns als Hersteller im Sinne des § 950 BGB, ohne uns zu verpflichten. Die be-/verarbeitete Ware gilt als Vorbehaltsware im Sinne dieser Bedingungen. Wird die Vorbehaltsware mit anderen, uns nicht gehörenden Gegenständen verarbeitet oder untrennbar vermengt/verbunden, so erwerben wir das Miteigentum an der neuen Sache im Verhältnis des Rechnungswertes der Vorbehaltsware zum Rechnungswert der anderen verwendeten Gegenstände zum Zeitpunkt der Verarbeitung oder Vermengung/Verbindung. Wird die Vorbehaltsware mit anderen, uns nicht gehörenden Gegenständen zu einer einheitlichen Sache verbunden oder untrennbar vermengt und ist diese Sache als Hauptsache anzusehen, so überträgt uns der Käufer hiermit anteilmäßig Miteigentum, soweit die Hauptsache ihm gehört. Der Käufer verwahrt das so entstandene Eigentum unentgeltlich für uns mit.

3. Der Käufer ist bis zu unserem Widerruf, der jederzeit und ohne besondere Begründung zulässig ist, berechtigt, die Vorbehaltsware im ordentlichen Geschäftsgang weiterzuveräußern, weiterzuverarbeiten oder umzubilden. Als Weiterveräußerung in diesem Sinne gilt auch der Einbau in Grund und Boden oder in mit Gebäuden verbundene Anlagen oder die Verwendung zur Erfüllung sonstiger Verträge.

Der Käufer tritt uns für den Fall der Weiterveräußerung bereits hiermit seine aus einer solchen Veräußerung entstehende Kaufpreisforderung gegen den Kunden ab. Wird die Vorbehaltsware vom Käufer zusammen mit anderen, nicht von uns gelieferten Sachen veräußert, so gilt die Abtretung nur in Höhe der in unserer Rechnung genannten Werte der jeweils veräußerten Vorbehaltsware. Bei der Weiterveräußerung von Gegenständen, an denen wir gemäß Ziffer VI.2. Miteigentumsanteile haben, gilt die Abtretung in Höhe dieser Miteigentumsanteile. Die abgetretenen Forderungen dienen in demselben Umfang zur Sicherheit wie die Vorbehaltsware.

Wird die abgetretene Forderung in eine laufende Rechnung aufgenommen, so tritt der Käufer bereits jetzt einen der Höhe nach dieser Forderung entsprechenden Saldo aus dem Kontokorrent an uns ab.

Der Käufer ist bis zu unserem Widerruf, der jederzeit und ohne besondere Begründung zulässig ist, berechtigt, die uns abgetretene Forderung einzuziehen. Er ist auf unser Verlangen verpflichtet, seinen Kunden die Vorausabtretung an uns anzuzeigen und uns die zur Geltendmachung der Forderung erforderlichen Auskünfte und Unterlagen zur Verfügung zu stellen.

4. Übersteigt der Wert der für uns bestehenden Sicherheiten unsere Forderungen insgesamt um mehr als 10%, geben wir auf Verlangen des Käufers entsprechende Sicherheiten nach unserer Wahl frei.

5. Zu anderen Verfügungen über die Vorbehaltsware (Verpfändungen, Sicherungsübereignungen) oder anderen Abtretungen der in Ziffer VI.3. genannten Forderungen ist der Käufer nicht berechtigt. Im Falle von Pfändungen oder Beschlagnahmen der Vorbehaltsware hat der Käufer auf unser Eigentum hinzuweisen und uns unverzüglich zu informieren.

6. Der Käufer ist verpflichtet, die Vorbehaltsware gegen alle üblichen Risiken, insbesondere gegen Feuer, Einbruchs- und Wassergefahren auf eigene Kosten angemessen zu versichern, sie pfleglich zu behandeln und sie ordnungsgemäß zu lagern.

7. Ist der Käufer mit der Zahlung von mindestens zwei Kaufpreisraten ganz oder teilweise in Zahlungsverzug, sind wir nach erfolglosem Ablauf einer von uns gesetzten Nachfrist auch dann zur Rücknahme der Vorbehaltsware berechtigt, wenn wir nicht vom Vertrag zurückgetreten sind.

VII. Leistung durch verbundene Unternehmen

Auf unser Verlangen kann jede unserer vertraglichen Verpflichtungen durch ein anderes Unternehmen des Konzerns Trinseo S.A. (Luxemburg) erfüllt werden. Die berechtigten Interessen des Käufers sind dabei angemessen zu berücksichtigen. Solange die Leistung gleichwertig ist, gelten die betreffenden vertraglichen Verpflichtungen als erfüllt.

VIII. Beachtung von Sicherheits- und sonstigen Vorschriften

1. Soweit im Einzelfall nicht abweichend vereinbart, ist der Käufer für die Beachtung gesetzlicher und behördlicher Vorschriften sowie anerkannter Praktiken bezüglich Einfuhr, Transport, Lagerung, Handhabung, Verwendung und Entsorgung der Ware verantwortlich.

2. Der Käufer ist zudem verpflichtet,

- sich mit allen von uns gestellten Produktinformationen einschließlich Material Safety Data Sheet (MSDS) vertraut zu machen,
- seinen Mitarbeitern, Auftragnehmern, Agenturen und Kunden ausreichende Anweisungen zum Umgang mit den Produkten zu erteilen,

- geeignete Maßnahmen zur Verhütung von schädlichen Umwelteinwirkungen und anderen Gefahren für Personen oder Vermögenswerte durch unsere Ware zu treffen.

3. Verletzt der Käufer die in Ziffer VIII.1. und 2. genannten Pflichten nicht unerheblich, sind wir berechtigt, nach vorheriger Abmahnung vom Vertrag zurückzutreten.

4. Der Käufer haftet gegenüber uns für alle Schäden, die infolge der Missachtung der Sicherheitsvorschriften durch ihn entstehen und stellt uns von entsprechenden Inanspruchnahmen Dritter frei.

IX. Übertragung von Rechten, Markenbenutzung

1. Die Übertragung der Rechte des Käufers aus der Vertragsbeziehung ist nur mit unserer vorherigen, schriftlichen Zustimmung zulässig.

2. Der Käufer darf die für uns geschützten Marken in seiner Werbung nur mit unserem zuvor erteilten Einverständnis, nach unseren Vorgaben, in der Originalgestaltung und nur für unveränderte Originalwaren nutzen. Unser Einverständnis kann jederzeit widerrufen werden. Für die Ausgestaltung seiner Werbung trägt der Käufer die alleinige Verantwortung.

X. Vertraulichkeit, Vertragsstrafe, Datenschutz

1 . Der Käufer hat die ihm im Rahmen der Vertragsbeziehung offenbarten Geschäfts- und Betriebsgeheimnisse, insbesondere die mit ihm vereinbarten Preise, streng vertraulich zu behandeln. Er wird sie Dritten nur nach unserer vorherigen schriftlichen Zustimmung mitteilen. Der Käufer hat seine Mitarbeiter auf diese Vertraulichkeitsverpflichtung hinzuweisen. Für jeden Fall einer Verletzung dieser Ziffer X. hat der Käufer eine Vertragsstrafe in Höhe von € 10.000,— zu zahlen.

2. Wir sind berechtigt, die im Zusammenhang mit der Geschäftsbeziehung erhaltenen Daten unter Beachtung der gesetzlichen Vorgaben zu verarbeiten, zu speichern oder zu übermitteln, soweit dies für den Vertragszweck oder zur Wahrung unserer berechtigten Interessen erforderlich ist und kein Grund zur Annahme besteht, dass ein überwiegendes, schutzwürdiges Interesse des Käufers dies verbietet.

3 . In diesem Zusammenhang können wir Ihre persönlichen Daten innerhalb unserer weltweit tätigen Unternehmensgruppe sowohl an mit uns verbundenen Unternehmen als auch an im In- und Ausland ansässige Dritte, die für uns Dienstleistungen erbringen, übermitteln. In einigen Ländern gelten möglicherweise weniger strenge Datenschutzbestimmungen für Ihre persönlichen Daten. Wir treffen mit Dritten entsprechende vertragliche Vereinbarungen, die diese verpflichten, die datenschutzrechtlichen Erfordernisse zu beachten, soweit dies geboten ist.

XI. Rechtswahl, Gerichtsstand

1. Es gilt ausnahmslos das für die Rechtsbeziehungen inländischer Vertragspartner maßgebliche Recht der Bundesrepublik Deutschland; die Anwendung des UN-Kaufrechtsübereinkommens vom 11.4.1980 wird ausgeschlossen.

2. Für alle sich aus dem Vertragsverhältnis ergebenden Streitigkeiten ist, wenn der Käufer Kaufmann, eine juristische Person des öffentlichen Rechts oder ein öffentlich-rechtliches Sondervermögen ist oder im Inland keinen allgemeinen Gerichtsstand hat, als Gerichtsstand Frankfurt am Main vereinbart. Wir sind aber berechtigt, den Käufer auch an seinem allgemeinen Gerichtsstand zu verklagen.

2. Seller's Commitments

2.1. Seller undertakes that the Product will at the time of delivery meet Seller's then current Sales Specifications. Seller will notify Buyer if Sales Specifications are changed. All descriptions, drawings, photographs, illustrations, performance and technical data, dimensions, weights and the like, contained in any promotional or technical literature issued by Seller are subject to variation without notice and are not designed to constitute Sales Specifications.

3. Responsible Practices

4. Patents/Trademarks

5. Warranty/Liability

5.1. The commitments set out in Sections 2 and 4 above are Seller's sole warranties in respect of the Product. ANY OTHER CONDITION OR WARRANTY AS TO THE QUALITY OF THE PRODUCT SUPPLIED UNDER THIS CONTRACT OR FITNESS FOR ANY PARTICULAR PURPOSE WHETHER ARISING UNDER STATUTE OR OTHERWISE, IS EXCLUDED.

Buyer shall have the right to return it to Seller only after inspection by Seller and receipt of definite shipping instructions from Seller such inspection to be made and instructions to be given by Seller within thirty (30) days after notice of rejection by Buyer. Either (1) failure to give written notice of any claim within thirty (30) days from the date of delivery, or (2) use of the Product supplied under this Contract, constitutes an unqualified acceptance of such Product by Buyer and a waiver by Buyer of all claims in respect of such Product.

5.3. In the event of any liability by either party whether arising from breach of contract or from statutes it is agreed that the maximum amount of damages recoverable shall be limited to the contract price for the Product with respect to which damages are claimed. In no event shall either Seller or Buyer be liable for indirect, consequential, special punitive or exemplary damages in connection with or arising out of this Contract.

6. Price and Terms

6.1. Seller may change the previously agreed price, terms and conditions of payment or of transportation, or the minimum requirement per shipment at any time, by fifteen (15) days prior written notice to Buyer, Buyer's failure to make written objection to the change prior to the effective date shall be considered acceptance. If Buyer objects within the fifteen (15) day period, Seller shall have the option (a) to continue to supply on the terms and conditions in effect prior to the announced change, or (b) to cancel the affected Product quantities immediately and shall advise Buyer accordingly within fifteen (15) days from receipt of Buyer's written objection.

6.2. Seller reserves the right by written notice given at any time before shipment, to increase the price under this Contract, if there is any increase in the price or cost of the Product to Seller by virtue of foreign exchange fluctuations, currency regulations, changes in duties or taxes, increase in the cost of raw materials, labor or transport or any other causes beyond the control of Seller. It Buyer is of the opinion that any such increase in price is unreasonable, it may object to such increase by written notice given within fifteen (15) days of the date of receipt of Seller's notice. Seller shall then have the option to continue to supply Buyer at the price currently in effect, if willing to do so or to cancel the Contract

immediately upon notice to Buyer in writing.

8. Transportation

Where the price provides for absorption by Seller of any portion of the freight charges, or where Seller provides the transportation equipment at its cost. Seller shall have the right to select the means of transportation. Where the price provides for payment by Buyer of any portion of the freight charges the freight charges will be those in effect at the date of shipment.

9. Delivery Equipment

During the time that Seller's delivery equipment is in the possession of Buyer, Buyer shall be liable to Seller for damages or destruction of such equipment attributable to Buyer. All repairs to equipment shall be made under the supervision or direction of Seller.

10. Force Majeure

In the event of accident, mechanical breakdown of facilities, fire, flood, strike, labor trouble, riot, revolt, war acts of governmental authority, acts of God, or contingencies beyond the reasonable control of the party affected interfering with the performance of this Contract, the quantity of Product provided for in this Contract shall be reduced by the amount so affected without liability, but the Contract shall otherwise remain unchanged. The decision of the party affected as to the quantities of Product affected shall be final and binding.

11. Governmental Controls

If the price, freight allowance, or terms of payment, or any price increase, or change in freight allowance, or terms of payment under this Contract, or Seller's ability to make any such increase or change, should be altered or prohibited by reason of any law, government decree, order or regulation, Seller may cancel this Contract upon fifteen (15) days written notice. However, at its option, Seller may by written notice elect to postpone the effective date of any price increase or proposed change to the extent so prevented until such date or dates as it is not so prevented. By electing to postpone rather than cancel, Seller will not waive its right to cancel thereafter because of such continued or further alterations or prohibitions.

12. Non-performance

12.1. If Buyer fails to perform any of the terms of this Contract when due, Seller may, at its option, decline to make further deliveries against this Contract, except for cash, or may recall or defer shipments until such default is made good, or may treat such default as final refusal to accept further shipments and cancel this Contract.

12.2. Seller reserves the right, without prejudice to Buyer's liability to pay on the due date, to charge interest on any overdue balance of a rate equal to the one month EURIBOR interest for the currency invoiced, as fixed on the last business day of the month preceding the date of payment, plus five percent (5%) points. Such right is in addition and without prejudice to any other rights Seller may have under this Contract.

13. Performance by Affiliates

At Seller's option, any Sales Contract obligation may be performed by Styron Holding B.V. or any of its affiliates. Any deliveries made under this condition may be invoiced by such affiliate and shall constitute performance of this Contract by Seller.

14. Non-transferable

This Contract is neither transferable nor assignable by Buyer without Seller's prior written consent

15. Non-waiver

Failure to exercise any rights under this Contract upon any occasion shall not waive the right to exercise the same on another occasion.

16. Severability of Provisions

Should any provision of this Contract be held invalid or unenforceable, the validity and enforceability of the remaining provisions shall not be affected. Any invalid or unenforceable provision shall be replaced with a new provision which will allow the parties to this Contract to achieve the intended economic result in a legally valid and effective manner.

17. Applicable Law and Jurisdiction

This Contract shall be governed by and construed in accordance with the laws of the Netherlands. Any disputes arising out of this Contract shall be submitted to the competent courts of Rotterdam, the Netherlands.

18. Controlling Terms & Amendments

By ordering any of the Product detailed in this Contract, Buyer agrees to all the terms and conditions contained on both sides of this document which override any additional or different terms or conditions included in Buyer's purchase order or referred to by Buyer. 1. Determination of Credit Limits

- Credit limits > 100,000 USD:
  CCM is the standard tool for calculation of the credit limit for customers with credit limit greater than 100,000 USD. If CCM is not applicable due to incomplete financial data, next level approval must be obtained.
- Credit limits ≤ 100,000 USD:
  If the credit limit required is 100,000 USD or below, the credit limit might be based on credit agency reports and other factors; for example pay habit, references or others.
- Credit limits ≤ 5,000 USD:
  If the credit limit required is 5,000 USD or below, only a D&B, Creditreform or Amadeus online search will be done to verify legal existence and no further credit check is needed.

2. Documentation of Credit Decisions

For each trade customer, a file shall be maintained. It shall contain at least the following documents:

- Customer Information Worksheet (credit request) and/or CCM coversheet
- Most recent Dun&Bradstreet (D&B), Creditreform, Amadeus, SABI Report or Bundesanzeiger report

Exception:

3. Risk Rating

CCM is the standard tool for determination of the risk rating.

If CCM is not applicable, the risk category will be determined as follows:

- Company fully owned subsidiary of multinational, qualifying for rating 01
- Credit limit is less 10% of total net worth
- Outstanding reputation of management*
- Number of employees over 500

*If the reputation of management is questionable, THE CREDIT LIMIT MUST ALSO BE APPROVED BY THE AREA CFS DIRECTOR AND THE risk rating automatically moves to 4.

- Total net worth in excess of 1,000,000 USD
- Company is more than five years in business
- All sources of information favorable
- Good collection experience
- Credit limit is less than 20% of total net worth

- Customer has operated with a loss during the last two years

Overview

Introduction

To ensure timely collection of the company's receivables and to manage the company's cash position, it is often necessary to call customers before the due date of the invoice in order to:

1. verify that the invoice has been received;
2. determine if there are any queries or disputes;
3. confirm the value date of the payment.

There are different reports from SAP or SDN that give the possibility to select the invoices, split by customer, which are due for payment in certain periods in advance. Ex.: YFCCIPC03, YFCCIPC02, YFCCRP90, DTS selection report, etc.

It is strongly recommended to use only SAP abap reports for pre-collection activities. SDN (BO reports) has 2 days delay information with regarding A/R on-line accounts .BO can be used only as informative monthly reporting purpose

Step by step on these reports, can be found in the "P&H and Credit Manager Curriculum" (module 6 – Cash Collection-)

In this section

Following is a list of topics in this document:

Description	See Page
Responsibility for Performing Pre-Collection	2
Steps in Performing Pre-Collection	2
Example - How to Retrieve the Pre-Collection Report	4
Example of the Pre-Collation Report	5
Cash Management (Treasury)	5

Responsibility for Performing Pre-Collection

As outlined in the Money Collection Process, the responsibility for pre-collection of receivables lies in the hands of the RSs. Although it may be necessary, depending on the region and the customer, to perform pre-collection for all incoming payments, it is extremely important for cash management purposes that the pre-collection is carried out for any big-ticket items (amounts exceeding USD 1,000,000 or combination of several invoices due at the date) in order to confirm the value date of the payment at least two days in advance.

Note: It is extremely important to intensify the pre-collection activities during month-end in order to minimize as much as possible our A/R exposure and to obtain the least possible DSO level.

Each RS should run a pre-collection abap/report as often as needed depending on the payment terms of the region/customer. The RS can then identify the invoices that are due for collection in the upcoming week(s) and contact the customer prior to the due date of the invoice(s) in order to confirm the value date of the payment.

Some logic needs to be applied by the receivable specialist in order to identify the cases where pre-collection gives more value added, for example, big tickets and customers who are known for not paying their invoices in time.

RS does not need to report amounts to be collected under direct debit, as the cash management group is directly advised by A/R of the total direct debit run per company.

Once the RS has confirmed the value date of the payment with the customer, they need to update it with details in DTS and, only for big tickets (amounts bigger than $1,000,000) they need to inform the cash management team (preferably via the cash web, but otherwise via normal e-mail or DTS e-mail to functional mailbox FEMCASH). If several invoices will be paid on the same day, one e-mail or DTS message is enough for cash management. If the RS is not able to confirm the value date, or knows that the invoice will not be paid on time, this information needs to be communicated to CFS via DTS preferably.

Steps in Performing the Pre-Collection

The following lists the steps to be followed in performing pre-collection:

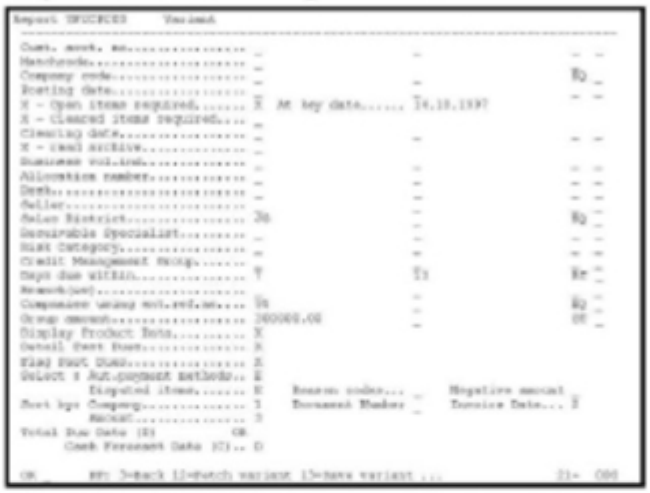
Step	Action
1	The RS runs the pre-collection report (YFCCPO03, 02, YFCCRP00 or any other) at the beginning of the week for invoices due in the following week. For businesses/customers with very short payment terms (i.e. 5 days or less), the RS will need to run the abap more often in order to capture all the invoices.
2	The RS contacts the customer in order to ensure that the invoice(s) has been received and determine if there are any queries concerning the invoice(s).

3a	If the customer has received the invoice and there are no queries or disputes, the RS asks the customer to specify the value date for which Styron's account will be credited. It is important to note that although the customer may confirm that the payment went out on a certain date (payment date), this is not necessarily the date with which our account will be credited, therefore we must ask the customer to clearly specify the value date of the payment. Go to step 4a.
3b	If the customer has not received the invoice or has a query on the invoice and does not plan to pay until an AAD is raised, the RS needs to take the necessary action in getting the problem resolved, i.e. send themselves a copy of the invoice (via documentum), request the invoicing department to send a new original invoice (should a copy not be enough) or initiate an AAD. Go to step 4b.
4a	Once the customer has confirmed the value date of the payment, the RS needs to update this information in SAP with comments in DTS and, for big ticket items (bigger than $1,000,000), advise cash management (functional mailbox FEMCASH) with the following info: Customer name, amount, currency, value date, company where funds will be collected. If possible, invoice number should be added in order to help treasury find out in which bank account funds will be collected. If by chance, the RS knows that customer will pay to a different bank from the one stated in the invoice, RS should also mention it. In cases where customer pays several invoices, only one advise is to be sent with the total amount to be paid, value date, etc. and at least one of the invoice numbers so that they can identify at which bank funds are expected.
4b	If the invoice was not received by the customer and therefore will not be paid on time, the RS (depending on whether customer needs an original or a copy) will either request the invoicing department to send a new original invoice to the customer or arrange for the copy themselves via documentum. The RS still needs to follow-up on the value date of the payment once the customer has received the original or the copy of the invoice and follow steps indicated in 4a when customer confirms value date of payment. If the invoice was received, however there is a commercial dispute, the Receivable Specialist has to attach the necessary reason code (please refer to the Business Procedure for Disputed Items). Upon resolution of the dispute, RS needs to follow-up as indicated in step 4a. If the invoice was received but requires an AAD to correct it or cancel it entirely, the Receivable Specialist should attach the appropriate reason code 'GM' or 'DM' (please refer to the Business Procedure for Disputed Items), to the original invoice. In the case of a correction whereby the customer will pay the invoice once the AAD is received, the RS needs to follow-up as indicated in step 4a.

Example - How to retrieve the Pre-Collection report in SAP

Although several reports could be run in order to obtain the items due in the next week (s), as an example we explain how to run abap YFCCPC03. Other abaps that can be used are YFCCPC02, YFCCRP00, DTS reports, SDN reports, etc.

Abap YFCCPC03 contains the following selection details:



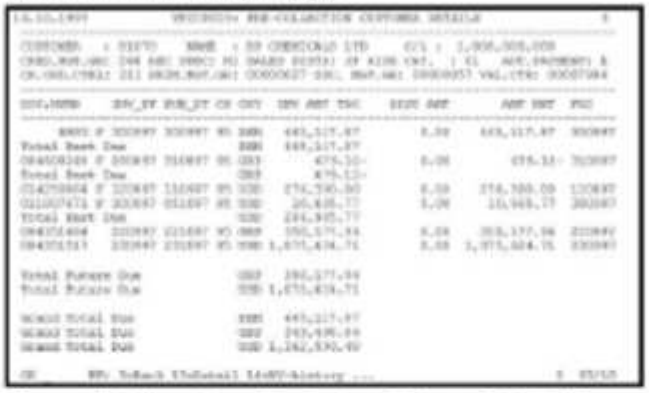
The variant for the Pre-Collection abap has to be set to select invoices due within the following week in order to allow enough time to contact the customers and confirm the value date of the payments at least two days in advance.

The RS should retrieve the report at least once a week by performing the following steps:

1. Type ABAP at the command line and press enter
2. Type YFCCPC03 in the report field and the name of the specific variant in the variant field.
3. Press PF14 for batch request
4. Put an X in the field 'start immediately' and press PF13 to start. The report will be printed automatically on the printer that has been defined in the system (make sure your printer is set up correctly by pressing PF15 on this screen before you press PF13 to start - your printer ID should be indicated in the field 'Terminal Printer').

Example of the Pre-Collection Report

The following gives an example of the Pre-Collection screen for a single customer (each customer is listed on a separate page):



The report lists both past dues and invoices due within the specified period. The reason for including past dues is to remind the RS to update DTS with the value date of these big ticket items as soon as it is known and to keep Treasury informed.

The totals are split by Past Dues and Future Dues, with Grand Totals due in each currency. In the future dues, the invoices are sorted first by Due Date then by Currency, with sub-totals for more than one invoice due on a certain date.

Unfortunately it is not possible to see the product data on this report for factored invoices and in order to retrieve this information it is necessary to go into transaction TA03 with the invoice number and original billing company. Also invoices under direct debit will appear in this report, which will require the RS to keep them apart from the pre-collection effort, as the customer will be automatically debited at due date.

Cash Management (Treasury)

Cash Management (Treasury) needs to be informed of the value date of any big tickets (above $1,000,000) for most of the European countries: Spain, Portugal, France, Italy, Germany, Belgium, The Netherlands, Finland, Sweden, Norway, Denmark, UK, Ireland, Poland, Hungary and Czech Republic. They can be informed preferably via their cash web, but otherwise via e-mail or DTS e-mail to the functional mailbox FEMCASH.

The cash web address can be found on: http://hqnt25.cw.dow.com/cashmanagement/. Select "Payment advise" menu, "Submit a payment advise" option, "Incoming".

In case that the RS has a big ticket advise from any other country, she needs to inform the local treasury team of that country. Should the RS not be aware of whom to inform she he can also request this information to FEMCASH, and they will indicate her who the local cash manager is for that country.

Past Due Collection Policy - SGRAPP01

Introduction

This paper will outline the intended plan for past due collection by the Payment Receipt & Handling Process as well the plan for full implementation and the constraints attached.

Each Receivable Specialist should have a documented policy for Past Collection which may have variations based on their business and customer mix.

Statement of Intent

It is the intent of the PR&H Process is to:

1. Call on all past due invoices on the day on which they become 1 day past due (with adjustment for those reaching this stage on a weekend or holiday).
2. Document and encode every past due invoice with the appropriate reason.
3. Follow-up on each unpaid invoice in 9 days after initial contact.
4. Refer those which remain unpaid and without a valid reason to Sales or CFS for further follow-up.
5. Ensure follow-up on those for which corrective action is initiated and monitor until timely resolution is achieved.

Continued on next page

Past Due Collection Policy - SGRAPP01, Continued

Implementation Plan

A start up plan should be generated by each R.S. for their accounts. A suggested plan is as follows:

- Each day run the list of invoices past due 1 day for that day.
- Call as many of these as possible starting with larger dollar invoices and customers with more than one invoice.
- Document the reasons in text and add the discrepancy code.
- Pass on information regarding required adjustments to the appropriate entry point for CQCS/QM entry. In most cases the person who first determines the reason should enter the QM.
- File for follow-up in 14 days.
- Any invoices not called upon will be left untouched and a new list run the next day.
- The dunning process will be used as a backup contact method for invoices missed in the calling sequence.
- If all invoices are handled in a day then revert to the previous days list and continue.
- Log the number of calls and invoice dollar value of calls made each day
- Document number and value of invoices cleared at the end of follow-up as well as the reason for delays.
- Utilize the data on reasons to initiate corrective action..

Expectations

1. As the customers get more used to Styron calling on past dues, more will begin to pay on time.
2. As more corrective action is initiated on reasons for discrepancies and past dues, there will less reason for customers to hold payments and fewer discrepancies so more time can be spent on follow-up and past due collection.
3. The number of invoices in the dunning process will decline and therefore so will the need to manage incoming phone calls.

Global Styron Process	*Customer Credit Assessment*

General Task Information for Customer Credit Assessment		
Step	***Instruction***	***Example Ref. (copy of your report etc or other examples of docs)***
1.	**New Customer and Re-activating liable account in Inca** Field Sellers will request a new liable account creation for a prospective customer as part of the business qualification process. A credit assessment may also be requested if a customer is in the process of being re-activated in Inca, and there is no valid Credit Risk Score in SAP or the Credit Risk Score is to expire shortly (in 3 months). This request should be made via the following intranet link or the Credit Application Form for NAA	http://customerserv.intranet.dow.com/work_process/ptdb/cdm/forms/Europe/liable.asp NAA_CreditApplicationStyron.pdf
2.	**Customer has qualified Styron based on a sample** A sample liable account has been created as per the customer's supplier qualification process. If our products fit with the customer requirement and they agree to enter in business relationship with Styron and prior to accepting the first order from them, a credit assessment is required in order to set up the relevant Credit Limit and Payment Term. This request should be made via the Credit Data Questionnaire and/or Credit Application Form by the field seller.	
3.	**Periodic Customer Credit Assessments** Periodic Customer or Corporate credit reviews are required as part of the internal credit review cycle or may be triggered by Credit management Team for other reasons during the cycle (e.g., possible change in customer circumstances, early warning signal etc...). Periodic credit assessments should be started via a request to the Field Seller to complete the Credit Data Questionnaire. With respect to the customer re-assessment or the Corporate Review at the internal credit review cycle, it is advisable to print off a list of customers due for review at least 3 months in advance so that the workload can be planned & allocated accordingly. This list can be retrieved from Business Object or the Master Progress Report. Prior to commencing the review ensure that the customer file and any notes which have been added to the customer folder on the Styron server and/or customer Outlook folder are read and familiarise yourself with the recent history of the customer/related entities/group. A periodic credit assessment of a Customer is only required if there has been sales in the last 18 months. If there have been no sales with the customer for 18 months, the liable account should be inactivated in the system (see the related process). In such	Credit Data questionnaire_Template

	instances: - In the 'Individual Progress Report', highlight the supplier in light blue. Mark it as "Not Relevant – no sales in the last 18 months" in the other comment column. - In Inca mark the liable account as inactive as per the related process.	
4.	<u>Credit Limit Review</u> Credit limit review is required where the total exposure is very close or exceeding the granted credit limit. A credit assessment could also be triggered by a substantial change in the sales and/or criticality of the customers where there is no valid score in the system. The credit assessment is only required if: • The Customer passes through the front-end filter. • The next review date close (3 months) • Current credit limit was based on financials more than 12 months old. • However there may be instances where the FS request a Customer credit assessment, when normally it would not be required (intend to grow business, change in payment term, prices increase, etc…). In such instances, if there is a Business need, the credit assessment may be completed. Check if the Customer is already listed in the Progress Report. Ensure the 'Master Progress Report' is updated (as it should contain all assessed Customers) and Customers highlighted as 'Not Relevant' or 'No Credit Check' should also be checked. Confirm whether the Customer already has a valid Credit Risk Score. If the Credit Risk Score is current, check the age the financials used for the last assessment. If these financials are less than 12 months old base your new credit limit on the last assessment. Update Inca with the needed credit limit. No matter if the next review date is or not updated in Inca. Next review date is automatically calculated in Business object as per the internal credit review cycle. Do not forget to update the master Progress report. If the Customer was previously shown as 'Not Relevant' or 'No Credit Check' and a credit assessment is now required (after passing through the Front-end Filter), the responsible Credit Team Member is to updated the Progress Report.	 Customer_Front end Filter Matrix_Template Master Progress Report Individual Credit Staff Progress Report
5.	Each time a credit assessment is being completed, the following data should be gathered: - New credit data questionnaire. In the case of a Corporate Review, a credit data questionnaire is requested for each liable account. Also ensure to get one credit data questionnaire from each business dealing with the customer. - Request financial statements from related the Field Seller. If not available to the credit agency (last 3 years financials if	Credit Data Questionnaire Financial Statements Credit Agency Report

	possible). If the assessment has been initiated as part of the internal credit review cycle, this request should be made to the field seller or the key account manager. It is the sales department responsibility to obtain financial statements, however the Credit Management Team may provide assistance when requested. 'Customer financial information' template can be provided to the FS for use. - Complete an Internet search to identify any current news about the company. This should include a review of the customer's website.	
6.	Methods to obtain Financial Information: - If the customer is listed on stock exchange, financial information may be published on the internet otherwise it may be available directly from the Customer. - If the customer is unwilling to give financial data directly to FS, they may be comfortable to send this information directly to the CMT upon signing of a Non-disclosure Agreement. - Ask whether the customer is willing to provide some key financial information. If so, email the 'Company Financial Information' Template. - Ask whether CMT Staff can visit the customer and view the financials on-site.	Template – Non-disclosure Agreement
7.	Credit Data Questionnaire Credit Data Questionnaire provided by the FS should contain sufficient background information to complete the assessment. The following information should be completed in order to have a better understanding of the customer: - Styron Business dealing with the customer - Customer status: Prospective / Existing / Previous - Legal entity name of the company that Styron is dealing with. - Criticality data - Guarantees held - Comments about the Customer. Any information that could help CMT to get a better understanding of the customer. - If the questionnaire indicates that Styron has a Parent Company Guarantee (PCG) from the Customer, the original should be obtained and filed by Styron CMT. A credit assessment should be completed based on the financials from the parent in order to determine if the PCG is valid and/or if a Credit Limit could be granted to the customer (depending on the group structure.)	

General Task Information for Customer Credit Assessment		
Step	***Instruction***	***Example Ref. (copy of your report etc or other examples of docs)***
8.	**Parent/Subsidiary/Legal Entity** In case a Customer does not produce separate financials or provides weak financials, if the Customer belongs to a group, the financials of the Parent entity can only be used if: - A Parental Guarantee has been provided that covers all Orders and Agreements for all Styron entities. - The Group has a cash pooling system. This practise is very usual in certain countries such as Germany (This is typically acknowledged in the financial notes of the Annual Report.) - The parent has guaranteed the debts of it subsidiary via a Letter of Liability (some countries allow parent entities to officially lodge a Letter of Liability to cover the debt of subsidiaries. This is typically acknowledged in the financial notes of the Annual Report.) If a Customer has a Sister entity, the financials of the Sister company can only be used if: - A cross guarantee exists between the Sister and the Subsidiary (both entities must belong to the same group as per the corporate structure.)	Credit Data Questionnaire
9.	**Credit Assessment Template (CAT)** Complete the customer credit assessment using the Customer Credit Template (CAT). The CAT is a standardized template designed to simplify the credit assessment process. The information required to complete this form may come from various sources. Key points to note regarding completion of each section: Section A - Select all Businesses dealing with the customer: This information should be provided by business. It also could be retrieved via Business Object. - Ensure that the raison for credit assessment is selected. Section B - It is vital that Styron knows with which legal entity it has a contractual relationship. If there is doubt about the legal entity that requires the credit assessment, request confirmation from the field seller. - Ensure the corporate structure is reviewed with each credit assessment and that the parent company is correctly identified.	

General Task Information for Customer Credit Assessment		
Step	**Instruction**	***Example Ref. (copy of your report etc or other examples of docs)***
	Section C - Using the rating from the Credit Agency Report, translate this rating into an internal Risk Score. Use the 'External Ratings' spreadsheet to determine how the rating should be translated into an internal score.	
	Section D - Consult the customer web site to get as much information about the company as possible - Use the credit agency report and corporate structure information to confirm the ownership structure. Information about the size of the company could also be get from this report Section E - Whilst the FS will provide an estimated forward looking spend, where possible, obtain from SAP Abap report or Business Object the total sales of the past year with the customer. - Because the range in the 'criticality fields' is quite wide, where there are actual values shown in the credit data questionnaire, add this to the remarks/comments section. Section F - Always enter financial data in the local currency of the Customer in the "Financial Data" of the CAT. - Only input financials where both the balance sheet and profit & loss statement for the same period are available. Partial financials or key data from part-year results could also be used. A comment should be entered in the Section I. - Use the Blumberg screen (if available) or SAP transaction TM08 to obtain the exchange rate with USD as of the customer account closing date where required - Review securities provided, in particular obtain copies of any parent company guarantees; confirm they are still valid; what they cover and if they have an expiring date. - Check if it is updated in SAP transaction "TM31", Table "692".	Supplier Credit Assessment Template

Step	***Instruction***	***Example Ref. (copy of your report etc or other examples of docs)***
	- A Credit Risk Score cannot be calculated unless there are at least two consecutive years of financial statements provided. If this is not available, the Credit Risk Score will be "No Data". Section G - Ensure that Early Warning Signals have been validated prior to being selected. Section H - Any changes to the automatically calculated risk score or criticality score needs to be justified using the provided comments field provided. - Select the Final Risk Score from the drop-down list. The "Overall Risk Score" is the same as the Risk Rating. However the score "No Data" could be given due to lack of financial information. Financial risk category will automatically appear when select the risk score: o 1 = Very Low Risk o 2 = Low Risk o 3 = Medium risk o 4 = High Risk o 5 = Very High Risk o 9 = No Data - "Computed Credit Limit" & "Optimal Timely Payment" are the two methodologies used to calculate the maximum exposure that should be incurred. - "Supported Credit Limit" is the actual maximum Credit Limit grantable to the customer. - The 'Next Review Date' is the expiring date of the risk score. This is determined as per the Styron Credit Policy. Section I - Three areas should be covered in the comments section: o Background of Customer; what they buy from Styron and any bankruptcy proceedings, court rulings, and positive/negative information. o Describe and comment Criticality. o Review of financials and any qualitative information considered relevant. If parent financials were reviewed, add a comment confirming the level of health of the parent.	

General Task Information for Customer Credit Assessment		
Step	***Instruction***	***Example Ref. (copy of your report etc or other examples of docs)***
	Section J - Comment on the criticality score, risk score and overall risk score. - Provide the final "Credit Decision" - Provide any further recommendations	
10.	**Credit Decision & Recommendation Approval** Once the credit assessment is complete, add the information to the Customer "Credit Decision & Recommendation" and proceed as follows: - If the requested (or needed) Credit Limit is below or equal to DOA, email the credit assessment outcome to the FS, CSR and RS and Management (only attach the "Credit Decision & Recommendation" if the risk score is 4 or No Data). Update Inca and/or SAP with the relevant items. - If the requested (or needed) Credit Limit is above the DOA, a documented approval request should be sent via the "Customer Credit Decision & Recommendation" template to the next level. ***If parent financials have been obtained and reviewed, these are to be included. The Corporate Structure should also be added to the "Customer Credit Decision & Recommendation" where available. Once the Credit Assessment has been reviewed by Management, the final Credit Risk Score, the Requested Credit Limit and the Credit Recommendation have been agreed and approved, the Credit Assessment Template and Credit Recommendation Template are to be updated as necessary. Email the final outcome to the FS, CSR, RS and copy Management where Risk score is 4,5 or No Data. Place a hardcopy of the finalised "Customer Credit Decision & Recommendation" into the customer file.	
11.	**Follow up of Credit Recommendations**	Credit Recommendation

General Task Information for Customer Credit Assessment		
Step	***Instruction***	***Example Ref. (copy of your report etc or other examples of docs)***
	Make sure that credit recommendations are actioned. For those recommendations where there are specific action items, such as obtaining financials, guarantees, undertakings, letters of comfort or specific information to clarify the company situation, the responsible Credit team Member is to follow up with the Business until the action has been completed. Results of the action should be assessed to determine if the Credit Risk of the customer has reduced as a result of the action being executed. ***Do not forget to update the system (Inca and/or SAP) and the Master Progress report	Template

INSTRUCTIONS REGARDING UNIFORM SALES & USE TAX CERTIFICATE

To Seller's Customers:

In order to comply with the majority of state and local sales tax law requirements, the seller must have in its files a properly executed exemption certificate from all of its customers who claim a sales tax exemption. If the seller does not have this certificate, it is obligated to collect the tax for the state in which the property or service is delivered.

If the buyer is entitled to sales tax exemption, the buyer should complete the certificate and mail it to the seller at its earliest convenience. If the buyer purchases tax free for a reason for which this form does not provide, the buyer should send the seller the special certificate or statement.

Caution to Seller:

In order for the certificate to be accepted in good faith by the seller, seller must exercise care that the property or service being sold is of a type normally sold by wholesale, resold, leased, rented or incorporated as a ingredient or component part of a product manufactured by buyer and that resale is the usual course of its business. A seller failing to exercise due care could be held liable for the sales tax due in some states or cities. Misuse of this certificate by seller, lessee, buyer, lessor, or the representative thereof may be punishable by fine, imprisonment or loss of right to issue certificate in some state or cities.

Note:

1. The states of Colorado, Hawaii, Illinois, and New Mexico do not permit the use of this certificate to claim a resale exemption for the purchase of taxable service for resale.
2. Alabama: Each retailer shall be responsible for determining the validity of a purchaser's claim for exemption.
3. California
   A. This certificate is not valid as an exemption certificate. Its use is limited to use as a resale certificate subject to the provisions of Title 18, California Code of Regulations, Section 1668 (Sales and Use Tax Regulations 1668. Resale Certificates)
   B. By use of this certificate, the purchaser certifies that the property is purchased for resale in the regular course of business in the form of tangible personal property, which includes property incorporated as an ingredient or component part of an item manufactured for resale in the regular course of business.
   C. Where the applicable tax would be sales tax, it is the seller who owes that tax unless the seller takes a timely and valid resale certificate in good faith.
   D. A valid resale certificate is effective until the issuer revokes the certificate.
4. Connecticut: This certificate is not valid as an exemption certificate. Its use is limited to use as a resale certificate subject to Conn. Gen. Sta §§12-140(5) and 12-4.1(14) and any regulations and administrative pronouncements pertaining to resale certificates.
5. District of Columbia: This certificate is not valid as an exemption certificate. It is not valid as a resale certificate unless it contains the purchaser's D.C. sales and use tax registration number.
6. Georgia: The purchaser's state of registration will be accepted in lieu of Georgia's registration number when the purchaser is located outside Georgia does not have nexus with Georgia, and the tangible personal property is delivered by drop shipment to the purchaser's customer located in Georgia.
7. Hawaii allows this certificate to be used by the seller to claim a lower general excise tax rate or no general excise tax, rather than the buyer claiming an exemption. The no tax situation occurs when the purchaser of imported goods certifies to the seller, who originally imported the good into Hawaii, that the purchaser will resell the imported goods at wholesale. If the buyer does or notes does not in fact apply to the sale, the purchaser is liable to pay the seller the additional tax imposed. See Hawaii Dept. of Taxation Tax Information Release No 92-5, November 10, 1992, and Tax information release No. 96-8, October 30, 1996.
8. Use of this certificate in Illinois is subject to the provisions of 86 Ill. Adm. Code. Ch1, Sec. 130.1405. Illinois does not have an exemption of sales of property for subsequent lease or rental, nor does the use of this certificate for claiming resale purchase of services have any application in Illinois.

   The registration number to be supplied next to Illinois on page 1 of this certificate must be the Illinois registration or resale number, no other state's registration number is acceptable.

   "Good Faith" is not the standard of care to be exercised by a retailer in Illinois. A retailer in Illinois is not required to determine if the purchaser actually intends to resell the item, instead, a retailer must confirm that the purchaser has a valid registration or resale number at the time of purchase. If a purchaser fails to provide a certificate of resale at the time of sale in Illinois, the seller must charge the purchaser tax.

   While there is no statutory requirement that blanket certificates of resale be renewed at certain intervals, blanket certificates should be updated periodically, and no less frequently than every three years.
9. Maine does not have an exemption on sales of property for subsequent lease or rental.
10. Maryland: This certificate is not valid as an exemption certificate. However, vendors may accept resale certificates that bear the exemption number issued to a religious organization. Exemption certificates issued to religious organizations consists of 8 digits, the first two of which are always "29". Maryland registration, exemption and direct pay numbers may be verified on the website of Comptroller of the Treasury at www.marylad.com.
11. Michigan: Effective for a period of three years unless a lesser period is mutually agreed to and stated on this certificate. Covers all exempt transactions otherwise accepted by the seller in "good faith" as defined by Michigan statute.
12. Minnesota
   A. Does not allow a resale exemption for purchases of taxable services for resale in most situations.
   B. Allows an exemption for items used only once during production and not used again.
13. Missouri
   A. Purchasers who improperly purchase property or services under the using this certificate may be required to pay the tax, interest additions or tax or penalty.
   B. Even if property is delivered outside Missouri, facts and circumstances may subject it to Missouri Tax, contrary to the second sentence of the first paragraph of the above instructions.

STYRON

14. Nebraska: A blanket certificate is valid 3 years from the date of issuance.
15. New Mexico: For transactions occurring on or after July 1, 1998, New Mexico will accept this certificate in lieu of a New Mexico nontaxable transaction certificate and as evidence of the deductibility of a sale of tangible personal property provided:
a) this certificate was not issued by State of New Mexico;
b) the buyer is not required to be registered in New Mexico; and
c) the buyer is purchasing tangible personal property for resale or incorporation as an ingredient or component part into a manufactured product.
16. Oklahoma would allow this certificate in lieu of a copy of the purchaser's sales tax permit as one of the elements of "properly completed documentation" which is one of the three requirements which must be met prior to the seller being relieved of liability. The other two requirements are that the vendor must have the certificate in his possession at the time the sale is made and must accept the documentation in good faith. The specific documentation required under OAC 710:65-7-6 is:
A. Sales tax permit information may consist of
(i) A copy of the purchaser's sales tax permit; or
(ii) In lieu of a copy of the permit, obtain the following:
(I) Sales tax permit number; and
(II) The name and address of the purchaser;

Pre-Collection Procedures

Introduction	This procedure describes the detailed activities required for securing payment information on target invoices prior to their due dates. Past Due Invoices will be handled in the Overdue Account Process. It is extremely important to perform pre-collection activities on targeted invoices to increase Dow's overall cash position.
Document Control Responsibilities	It is the responsibility of the PR&H Process & Technology Leader to ensure that these procedures are kept current and distributed to the appropriate personnel affected by these procedures.
Collection Process – Pre-Collection	It is the responsibility of each Receivable Specialist to proactively pre-collect Big Ticket Items that is invoices greater than $100,000 USD. Past due invoices will continue to be handled by the Overdue Account Collection Process. **Exceptions:** **Europe:** *All businesses*: Pre collect all invoices. *DAS Specific*: Northern RCU: *Benelux*: Pre collections are done twice a year due to nature of business. Southern RCU: *Italy*: FSM pre collects on non distributors. *Spain/Portugal*: Month end only. Do not call on drafts. *France*: Month end only. *Eafrasia*: N/A Due to high degree of letter of credit. **North America:** *DAS*: Pre collect all invoices.

Collection Process – Pre-Collection Continued

Pacific:

Japan/Korea: No pre collection.

ZuES: No dedicated RS. Pre collection is done by country focal point if necessary.

All other countries: On a weekly basis, RS will identify critical accounts to pre collect, regardless of dollar amount. Additionally, will review accounts 10 days before month end and pre collect all invoices coming due within the month.

On a weekly basis, each Receivable Specialist will identify invoices that meet requirements for pre-collection & are coming due within the next 10 days, and secure payment information on those invoices.

Pre-collection activity should be intensified during month-end, quarter end and year end in order to minimize our accounts receivable exposure, increase cash flow, and reduce our DSO.

It is the decision of the Receivable Specialist, with input from the respective Credit Manager, to opt to pre-collect all invoices on the account versus big ticket items only. Situations where pre collections are a priority: customer receives consolidated invoices, customer is high risk, customer routinely pays late or has excuses, customer's invoices frequently have errors which prevent payments from being processed on time.

Pre-Collection Process

STEP	ACTIVITY (RESPONSIBILITY)	ACTIONS

1	Extract List of Qualifying Invoices on a weekly basis of invoices coming due in the next 10 days
	
	(Receivable Specialist)
	(Europe DAS Italy: FSM/RS)
	(Pacific DAS specific: Country Focal Point)
		• Using YDT1 select the list of invoices.
		• Specify:
		  • RS Number
		  • Company Code
		  • Posting Key 01 and 08
		  • Transaction amount GE $100,000.00 USD Specify Days Late as follows: 10- to 0 BT (between)
		Europe specific:
		• Run ABAP YFCCPC02 or YFCCPC03 using RS desk number as parameter.
		• RS should run pre-collection reports once a week or according to regions requirements: RIBA method of payment in Italy does not request weekly pre collection.
		Pacific specific:
		• Run ABAP YFCCPC02 or YFCCPC03 using RS desk number as parameter.

2	Determine which Invoices to pre-collect *(Receivable Specialist) (Europe DAS specific: CSR/RS)* *(Pacific DAS specific: Country Focal Point)*	• Review DTS, IDT, YFCC and segment text on documents to determine if any targeted items should be excluded. • Review document history via TV01 and Quality Communication System. If information is found, update segment text or DTS text as appropriate and update reason code. Review the list of outstanding QM's by customer (YQ53, QM03) to determine if any invoices are affected.

STEP	ACTIVITY (RESPONSIBILITY)	ACTIONS

3	Initiate Contact
	
	(Receivable Specialist)
	(Europe DAS specific: CSR/RS)
	(DAS Italy specific: FSM/RS)
	(Pacific DAS specific: Country Focal Point)

		  • Verify invoice(s) has been received.
		  • Request immediate notification if any invoices are in dispute. If so, refer to Discrepancy Resolution Process if appropriate, Step 8.
		  • Confirm invoice(s) will be paid on or before the due date.
		• In some cases, it may be appropriate to pre-collect all near due invoices on the account, regardless of the value. In this case, fax or email is suggested on the first contact. Use one of the two following methods to generate a list/statement of near due invoices:
		  • Run customer statement in SAP, ABAP - YFCUST10.
		  • Run customer statement via Business Objects
		  • Email or fax per customer's preference

4	Is there an issue on the Invoice?
	(Receivable Specialist)
	(Europe DAS specific: CSR/RS)
	Europe Italy DAS specific: FSM/RS)
	(Pacific DAS specific: Country Focal Point)
		• If there is a reason why the invoice will not be paid on time take appropriate action.
		  • Will not be paid on or before the due date:
		  • Resolve issue, if possible
		  • Escalate to field sales and CFS for assistance in collections, if RS can not resolve.
		  • Inaccurate invoice, proceed to step 5.
		  • Invoice not received, send copy of the invoice.

5	Initiate Corrective Action
	(Receivable Specialist)
	(Europe DAS specific: CSR/RS)
	(Europe Italy DAS specific: FSM/RS)
	(Pacific DAS specific: Country Focal Point)
		• Advise customer to short or over pay invoice.
		• Determine the type of corrective action required (QM, Sales Adjustment, etc) and initiate discrepancy resolution process.
		• In all cases ensure the invoice is coded with the appropriate reason code.
		  • Exception: Europe DAS Italy (non-distributors) not coded since FSM resolves problem (RS not included in communication.)
		Europe specific: RS will address corrective action to appropriate team depending on business:
		  • CIPC&T – SAST or CFT

7	Extract list for follow-up – second contact *(Receivable Specialist)* *(Europe DAS specific: CSR/RS)* *(Europe Italy DAS specific: FSM/RS)* *(Pacific DAS specific: Country Focal Point)*	• Use YDT1 to select a list of near due target invoices which require follow-up. Europe & Pacific specific: Run ABAP YFCCPC02 to select a list of near due target invoices which require follow-up.

8	Initiate follow-up phone call *(Receivable Specialist)* *(Europe DAS specific: CSR/RS)* *(Europe Italy DAS specific: FSM/RS)* *(Pacific DAS specific: Country Focal Point)*	• Refer to Step 3 above.
9	Contact Customer *(Receivable Specialist)* *(Europe DAS specific: CSR/RS)* *(Europe Italy DAS specific: FSM/RS)* *(Pacific DAS specific: Country Focal Point)*	• If a sales adjustment has been issued contact the customer with the sales adjustment number and request that they include on their remittance advice. • If there is quality/service problem ensure the proper QM is entered and advise customer of the status. • If invoice is not paid on time, RS will follow the Overdue Account Procedure.

Past Due Invoices from 1-15 days

	(Receivable Specialist, Field Seller)
	
	(Pacific DAS: Country Focal Point w/o RS)
		• Daily review past due reports (YDTS, RFFOPO00, RFDOPR10, YFCCRP00).
		  • *Pacific – reviewed twice a week*
		• Using TB15, YFCC, DTS or SAP, look at customer account to identify any additional items which need to be addressed.
		• When reviewing the account, ensure to add a reason code on all overdue items, including the credit and debit notes.
		Latin America Specific:
		• Identify expired payment information (Reason Code GZ) and review account and contact customer, sales and CFS as appropriate to resolve.
		Europe Specific:
		• Run past due report:
		  • Use ABAP report YFBC0002 specifying RS desk number to obtain the list of customers with past dues invoices.
		  • Select a customer with PF2 option and proceed to the analysis of the situation.
		Using DTS, look at customer accounts to identify any additional items which need to be addressed.

2	Review Past Due Information. *Receivable Specialist* *(Pacific DAS: Country Focal Point w/o RS)*	• Review account in SAP. • Determine if items need to be excluded by reviewing segment text and/or DTS text. • Review document history via TV81, determine if QM exists, review DTS message. (YDTS/TB02) • If due to a discrepancy issue, and there is no commitment to pay, then go to Discrepancy Resolution Process - add link • If customer's refusal to pay is beyond any further control of the RS, the issue should be referred to the responsible Field Seller and Credit Manager.
5	Payment Received *(CISS)*	• If payment is received, go to Lockbox/Matching Process. • Pacific Specific: If payment is received, go to Auto Cash Process and/or offline Cash Application Process

Field Sales - Past Due Invoices from 16 - 30 Days	This section identifies the timeline for the Account Manager/Field Sales to obtain an acceptable response in regard to a past due invoice. An acceptable response may take the form of a certified check or bank draft, promise to pay with a check number and date or an explanation of a Dow error that needs corrective action.
	
	In all cases, and aligned with Receivable Specialist responsibilities, it is imperative that the contact and response be documented as soon as possible preferably in DTS text of the invoice in question. The receivable specialist works with the designated field seller to obtain resolution to the past due invoices. It is critical that the RS is advised of the outcome so documents can be updated as appropriate.
	
	Europe specific:
	
	The RS will send the designated Account Manager an email detailing issues with the account. The Account Manager becomes responsible for resolving past due issues upon receiving email from RS.
	
	Field Sales will complete the following steps:
	
	• Account Manager will insure the customer understands and agrees with past due balance and will document all communication with the customer in a return e-mail to the RS.
	
	• Account Manager will have 15 days to resolve the issue with the customer and e-mail the appropriate RS (by replying to E-mail) regarding the outcome.
	
	  • All customer requests for payment arrangements must be approved by CFS prior to any commitment from Dow employee.
	
	  • If payment is not made in full or if the customer has not agreed to negotiate a payment schedule with CFS within 15 days of the Account Manager receiving communication from the RS the account will be turned over to CFS for resolution.
	
	Pacific Specific:
	
	The RS will send the designated Field Seller an email (copy CFS) detailing issues with the account. The Field Seller will communicate the past dues with customers and response to the RS by phone or email.
	
	LAA Specific:
	
	The RS will send the FS an e-mail (via DTS preferably) in order to advise them of the past due. However, the RS will continue to follow up with the Accounts Payable Contact.

CFS Involvement on Items over 30 Days old	Items which have exceeded the period of 30 days past due or any items which, due to changing circumstances, now represent a risk situation become the responsibility of CFS to obtain satisfactory resolution with the customer. RS will remain in the channel of communication and will identify these items with a Reason Code and update DTS text with appropriate information. The List of Reason codes are available on the Global Customer Service Website under Matching Rules (SGRAAR01).

Past Due Collection Policy - SGRAPP01

Introduction

This paper will outline the intended plan for past due collection by the Payment Receipt & Handling Process as well the plan for full implementation and the constraints attached.

Each Receivable Specialist should have a documented policy for Past Collection which may have variations based on their business and customer mix.

Statement of Intent

It is the intent of the PR&H Process is to:

1. Call on all past due invoices on the day on which they become 1 day past due (with adjustment for those reaching this stage on a weekend or holiday).
2. Document and encode every past due invoice with the appropriate reason.
3. Follow-up on each unpaid invoice in 9 days after initial contact.
4. Refer those which remain unpaid and without a valid reason to Sales or CFS for further follow-up.
5. Ensure follow-up on those for which corrective action is initiated and monitor until timely resolution is achieved.

Continued on next page

Past Due Collection Policy - SGRAPP01, Continued

Implementation Plan

A start up plan should be generated by each R.S. for their accounts. A suggested plan is as follows:

- Each day run the list of invoices past due 1 day for that day.
- Call as many of these as possible starting with larger dollar invoices and customers with more than one invoice.
- Document the reasons in text and add the discrepancy code.
- Pass on information regarding required adjustments to the appropriate entry point for CQCS/QM entry. In most cases the person who first determines the reason should enter the QM.
- File for follow-up in 14 days.
- Any invoices not called upon will be left untouched and a new list run the next day.
- The dunning process will be used as a backup contact method for invoices missed in the calling sequence.
- If all invoices are handled in a day then revert to the previous days list and continue.
- Log the number of calls and invoice dollar value of calls made each day
- Document number and value of invoices cleared at the end of follow-up as well as the reason for delays.
- Utilize the data on reasons to initiate corrective action..

Expectations

1. As the customers get more used to Dow calling on past dues, more will begin to pay on time.
2. As more corrective action is initiated on reasons for discrepancies and past dues, there will less reason for customers to hold payments and fewer discrepancies so more time can be spent on follow-up and past due collection.
3. The number of invoices in the dunning process will decline and therefore so will the need to manage incoming phone calls.

– **Collections Procedure - Customer Facing Role,** continued

– **Process** The following describes the various steps required to execute this work process. These steps are for the Customer Facing Receivable Specialist role.

Step	Procedures
1	• Identify a list of invoices that qualify for collection in the initial collection contact. Utilize transaction YDT1 to review list of invoices, refer to area exceptions: • Remember to log into all clients that you have accounts assigned to your RS code to complete collections on those accounts you are assigned. If you are unsure if open receivables exists in other clients, utilize the Cross Client report on the PR&H website as appropriate. Refer to your area exceptions for any area specifics. • Refer to the job aid called, "Collections initial Report – YDT1." • The variant called, " **Collections1"** has been created which will bring in the required data. • Once list appears, sort by customer name. If the report is lengthy, sort various ways to ensure old items are captured as well.

– **Collections Procedure - Customer Facing Role,** continued

Step	Procedures
2	• Start with the first customer - identify all invoices which are past due for that customer (be sure to review YFCC for any invoices coming due the current day or the week to eliminate duplicate calls). These items are 0 days late. ***Be sure to complete various sorts on report in case the report is lengthy. Sort by days late in order to capture those invoices that are very old.***
	• Refer to the job aid called, "Reviewing Customer Credit Information – YFCC" for further assistance.
	• Research the invoice(s) to see if any QMs, previous adjustments, pending adjustments, payments on account exist for the invoice:
	• If the item is a PK08 and a stop payment or insufficient funds, you will need to utilize TB14/15 to review the clearing for the customer. The customer will need to remit payment for these items again as for some reason the original payment was stopped, however, the items were still cleared from the customer's account. Refer to the job aid called, "Reviewing Items on Account – TB14/15."
	• Review customer account for open payments. If there are open payments on account review payments for status to see if they will automatically be applied by CISS or need manual application. Refer to your area exceptions for appropriate guidelines.
	• Review invoice history via transaction TV81 to see if any previous adjustments have been issued. If so, take note of the adjustments. Refer to the job aids called "Displaying Document History – TV81" or "Displaying Document Flow – TV81."
	• Review customer account (YFCC or TB14/15) to see if adjustments are open on account. If adjustments are open, take note of adjustments – review details on previous and pending adjustments and communicate to customer when contacting them for payment information. Refer to the job aid called "Reviewing Item Details on Customer Account – YFCC" or "Reviewing items on account TB14-15."
	• To see if any pending QM's exist against an invoice, retrieve the order number from the invoice (Transaction TA93), then go to transaction QM03. In the Quality Message field use =O XXXXXXX (where XXXXXX is the order number). Refer to the job aid called, "Determining if a QM Already Exists – QM03." If QM is found, review the QM by viewing the QM in QM03, refer to the job aid called, "Displaying a QM – QM03."

– **Collections Procedure - Customer Facing Role,** continued

Step	Procedures
2, cont	• If QMs exist, review to determine if they require pending adjustments (returns, quality, etc). Take note to advise customer of pending issue. If QM indicates a full return of the invoice, document this on the invoice in DTS. Ensure you properly code the item for root cause using Global Discrepancy Code List. Update segment text and DTS with information regarding the return. Add a follow up date to ensure follow up on the item. Refer to the job aid called, "Updating DTS-YDT2." • Review the SAR database for any pending sales adjustments as appropriate, refer to your area exceptions for details. Refer to the job aid called "View Requests."
	• Continue this research on all invoices for each customer.
3	• If a customer statement is preferred, submit a Service Request to the Supporting Activities team for that specific customer/location. Refer to the job aid called, "Creating a Siebel Service Request with Activity Plan."
	• Refer to the individual work processes on the PR&H Supporting Activities website for more details.
4	• Contact the customer for payment information. Utilize Siebel to find the customer accounts payable contact information. Refer to the job aid called, "Reviewing/Identifying Account Contacts – Siebel" for further details.

The Master Purchaser hereby irrevocably appoints the Styron Security Trustee to be its attorney in its name and on its behalf to execute any such instrument of appointment. Such a person shall (subject always to the provisions of these presents) have such trusts, powers, authorities and discretions (not exceeding those conferred on the Styron Security Trustee by these presents) and such duties and obligations as shall be conferred or imposed by the instrument of appointment. 5.4.2 The Master Purchaser is not required to make an increased payment to the Noteholder under this clause for a Tax Deduction imposed under the laws of Ireland from a payment of interest in respect of a Note if on the date on which the payment falls due the payment could have been made to the Noteholder without a Tax Deduction if it was a Qualifying Investor but, on that date, the Noteholder is not or has ceased to be a Qualifying Investor other than as a result of any change after the date it became a Noteholder under this Agreement in (or in the interpretation, administration, or application of) any law or Tax Treaty, or any published practice or concession of any relevant tax authority.

5.4.3 The Master Purchaser is not required to make an increased payment to the Noteholder under this Clause for a Tax Deduction imposed under the laws of the United States with respect to Excluded Taxes, as such term is defined in the U.S. Intermediate Transfer Agreement.

(3) upon the Styron Security Trustee giving written notice to the Noteholders that it has determined in its sole opinion, that there is no reasonable likelihood of there being any further realisations in respect of the Charged Property (whether arising from an enforcement of the Security or otherwise) which would be available to pay unpaid amounts outstanding under the Relevant Transaction Documents, the Noteholders shall have no further claim against the Master Purchaser in respect of any such unpaid amounts and such unpaid amounts shall be extinguished and discharged in full.

9.1.2 Notwithstanding any other provision of these Conditions or any Transaction Document, no recourse under any obligation, covenant, or agreement of any party (acting in any capacity whatsoever) contained in any Transaction Document shall be had against any shareholder, officer, director, employee or agent of the Master Purchaser or the Regency Noteholder or the Styron Security Trustee as such, by the enforcement of any assessment or by any proceeding, by virtue of any statute or otherwise, it being expressly agreed and understood that each Transaction Document is a corporate obligation of the relevant party and no personal liability shall attach to or be incurred by the shareholders, officers, agents, employees or directors of any party as such, or any of them, under or by reason of any of the obligations, covenants or agreements contained in any Transaction Document, or implied therefore, and that any and all personal liability for breaches by such party of any such obligations, covenants or agreements, either at law or by statute or constitution, of every such shareholder, officer, agent, employee or director is hereby expressly waived by the other parties as a condition of and consideration for the execution of this Framework Deed.

Interest on every Note shall be payable in accordance with the provisions of Condition 4 (*Interest*), subject to the terms of Condition 12 (*Payments and Calculations*) and this Condition 13.

14. **Remedies and Waivers**

No failure by the Noteholder to exercise, nor any delay by the Noteholder in exercising, any right or remedy in respect of the Note shall operate as a waiver thereof, nor shall any single or partial exercise of any right or remedy prevent any further or other exercise thereof or the exercise of any other right or remedy. The rights and remedies herein provided are cumulative and not exclusive of any other rights or remedies (whether provided by law or otherwise).

15. **Partial Invalidity**

If, at any time, any provision hereof is or becomes illegal, invalid or unenforceable in any respect under the law of any jurisdiction, neither the legality, validity or enforceability of the remaining provisions hereof nor the legality, validity or enforceability of such provision under the law of any other jurisdiction shall in any way be affected or impaired thereby.

11.4 The Swiss Servicer shall, where its obligations hereunder have been sub-contracted or delegated to a Swiss Sub-Delegate in accordance with Clause 11.1, remain fully liable to the Master Purchaser to the same extent and under the same terms as if the Swiss Servicer itself was servicing the Swiss Purchased Receivables.

11.5 In the case of any sub-contracting or delegation to a Swiss Sub-Delegate in accordance with Clause 11.1, (i) any reference to the Swiss Servicer shall include a reference to any such person, to the extent appropriate, and (ii) the Swiss Servicer covenants and warrants that it shall procure that any such person, to the extent appropriate, shall comply with the terms of this Agreement.

12.1 Exclusion of Liability of Swiss Servicer

The Swiss Servicer shall have no liability for the obligations of any Obligor and nothing in this Agreement or any other agreement or document executed pursuant to or in connection with the Transaction Documents shall constitute a guarantee, or similar obligation, by the Swiss Servicer (in its capacity as Swiss Servicer) of the performance by any person (other than the Swiss Servicer) owing any payment obligation in respect of a Swiss Purchased Receivable.

Upon the occurrence of a Perfection Event which is continuing, the Master Purchaser may, at its own discretion, notify or require the Swiss Servicer to notify the Obligors that all Collections must be paid into a Master Purchaser Account or another account of the Master Purchaser as specified in writing by the Master Purchaser.

14.3 Obligation to Notify of Cash Control Event, Perfection Event or Termination Event

As soon as possible and in any event within one Business Day of the Swiss Servicer becoming aware of such fact, the Swiss Servicer shall notify the Master Purchaser and the Styron Security Trustee of the occurrence of any Cash Control Event, Perfection Event or Termination Event (which is continuing), as applicable, and shall notify such parties as soon as it becomes aware that such event ceases to be continuing.

14.4 Appointment to Terminate

14.10 Fees

On termination of the appointment of the Swiss Servicer, it shall be entitled to receive all fees and other monies accrued up to the date of termination but shall not be entitled to any other or further compensation. Such monies so receivable by the Swiss Servicer shall be paid by the Master Purchaser on the dates on which they would otherwise have been payable under this Agreement subject always to the provisions of this Agreement and the other Transaction Documents. For the avoidance of doubt, such termination shall not affect the rights of the Swiss Servicer to receive payment of all amounts due to it from the Master Purchaser other than under this Agreement.

15. FURTHER PROVISIONS

15.1 Rectification

In the event that any amount paid pursuant to this Agreement shall be determined (after consultation between the parties in good faith) to have been incorrect, the parties hereto shall consult in good faith in order to agree upon an appropriate method for rectifying such error so that the amounts received by all relevant parties are those which they would have received if no such error had been made.

CHARTER OF WILMINGTON TRUST, NATIONAL ASSOCIATION

ARTICLES OF ASSOCIATION
OF
WILMINGTON TRUST, NATIONAL ASSOCIATION

For the purpose of organizing an association to perform any lawful activities of national banks, the undersigned do enter into the following articles of association:

FIRST. The title of this association shall be Wilmington Trust, National Association.

SECOND. The main office of the association shall be in the City of Wilmington, County of New Castle, State of Delaware. The general business of the association shall be conducted at its main office and its branches.

THIRD. The board of directors of this association shall consist of not less than five nor more than twenty-five persons, unless the OCC has exempted the bank from the 25-member limit. The exact number is to be fixed and determined from time to time by resolution of a majority of the full board of directors or by resolution of a majority of the shareholders at any annual or special meeting thereof. Each director shall own common or preferred stock of the association or of a holding company owning the association, with an aggregate par, fair market or equity value $1,000. Determination of these values may be based as of either (i) the date of purchase or (ii) the date the person became a director, whichever value is greater. Any combination of common or preferred stock of the association or holding company may be used.

Any vacancy in the board of directors may be filled by action of a majority of the remaining directors between meetings of shareholders. The board of directors may not increase the number of directors between meetings of shareholders to a number which:

1) exceeds by more than two the number of directors last elected by shareholders where the number was 15 or less; or

2) exceeds by more than four the number of directors last elected by shareholders where the number was 16 or more, but in no event shall the number of directors exceed 25, unless the OCC has exempted the bank from the 25-member limit.

Directors shall be elected for terms of one year and until their successors are elected and qualified. Terms of directors, including directors selected to fill vacancies, shall expire at the next regular meeting of shareholders at which directors are elected, unless the directors resign or are removed from office. Despite the expiration of a director’s term, the director shall continue to serve until his or her successor is elected and qualifies or until there is a decrease in the number of directors and his or her position is eliminated.

Honorary or advisory members of the board of directors, without voting power or power of final decision in matters concerning the business of the association, may be appointed by resolution of a majority of the full board of directors, or by resolution of shareholders at any annual or special meeting. Honorary or advisory directors shall not be counted to determine the number of directors of the association or the presence of a quorum in connection with any board action, and shall not be required to own qualifying shares.

FOURTH. There shall be an annual meeting of the shareholders to elect directors and transact whatever other business may be brought before the meeting. It shall be held at the main office or any other convenient place the board of directors may designate, on the day of each year specified therefor in the bylaws, or, if that day falls on a legal holiday in the state in which the association is located, on the next following banking day. If no election is held on the day fixed, or in the event of a legal holiday on the following banking day, an election may be held on any subsequent day within 60 days of the day fixed, to be designated by the board of directors, or, if the directors fail to fix the day, by shareholders representing two-thirds of the shares issued and outstanding. In all cases at least 10 days advance notice of the time, place and purpose of a shareholders' meeting shall be given to the shareholders by first class mail, unless the OCC determines that an emergency circumstance exists. The sole shareholder of the bank is permitted to waive notice of the shareholders' meeting.

In all elections of directors, the number of votes each common shareholder may cast will be determined by multiplying the number of shares such shareholder owns by the number of directors to be elected. Those votes may be cumulated and cast for a single candidate or may be distributed among two or more candidates in the manner selected by the shareholder. If, after the first ballot, subsequent ballots are necessary to elect directors, a shareholder may not vote shares that he or she has already fully cumulated and voted in favor of a successful candidate. On all other questions, each common shareholder shall be entitled to one vote for each share of stock held by him or her.

Nominations for election to the board of directors may be made by the board of directors or by any stockholder of any outstanding class of capital stock of the association entitled to vote for election of directors. Nominations other than those made by or on behalf of the existing management shall be made in writing and be delivered or mailed to the president of the association not less than 14 days nor more than 50 days prior to any meeting of shareholders called for the election of directors; provided, however, that if less than 21 days notice of the meeting is given to shareholders, such nominations shall be mailed or delivered to the president of the association not later than the close of business on the seventh day following the day on which the notice of meeting was mailed. Such notification shall contain the following information to the extent known to the notifying shareholder:

1) The name and address of each proposed nominee.

2) The principal occupation of each proposed nominee.

3) The total number of shares of capital stock of the association that will be voted for each proposed nominee.

4) The name and residence address of the notifying shareholder.

5) The number of shares of capital stock of the association owned by the notifying shareholder.

Nominations not made in accordance herewith may, in his/her discretion, be disregarded by the chairperson of the meeting, and the vote tellers may disregard all votes cast for each such nominee. No bylaw may unreasonably restrict the nomination of directors by shareholders.

A director may resign at any time by delivering written notice to the board of directors, its chairperson, or to the association, which resignation shall be effective when the notice is delivered unless the notice specifies a later effective date.

A director may be removed by shareholders at a meeting called to remove the director, when notice of the meeting stating that the purpose or one of the purposes is to remove the director is provided, if there is a failure to fulfill one of the affirmative requirements for qualification, or for cause; provided, however, that a director may not be removed if the number of votes sufficient to elect the director under cumulative voting is voted against the director's removal.

FIFTH. The authorized amount of capital stock of this association shall be ten thousand shares of common stock of the par value of one hundred dollars ($100) each; but said capital stock may be increased or decreased from time to time, according to the provisions of the laws of the United States.

No holder of shares of the capital stock of any class of the association shall have any preemptive or preferential right of subscription to any shares of any class of stock of the association, whether now or hereafter authorized, or to any obligations convertible into stock of the association, issued, or sold, nor any right of subscription to any thereof other than such, if any, as the board of directors, in its discretion, may from time to time determine and at such price as the board of directors may from time to time fix. Preemptive rights also must be approved by a vote of holders of two-thirds of the bank's outstanding voting shares. Unless otherwise specified in these articles of association or required by law, (1) all matters requiring shareholder action, including amendments to the articles of association, must be approved by shareholders owning a majority voting interest in the outstanding voting stock, and (2) each shareholder shall be entitled to one vote per share.

Unless otherwise specified in these articles of association or required by law, all shares of voting stock shall be voted together as a class, on any matters requiring shareholder approval. If a proposed amendment would affect two or more classes or series in the same or a substantially similar way, all the classes or series so affected must vote together as a single voting group on the proposed amendment.

Shares of one class or series may be issued as a dividend for shares of the same class or series on a pro rata basis and without consideration. Shares of one class or series may be issued as share dividends for a different class or series of stock if approved by a majority of the votes entitled to be cast by the class or series to be issued, unless there are no outstanding shares of the class or series to be issued. Unless otherwise provided by the board of directors, the record date for determining shareholders entitled to a share dividend shall be the date authorized by the board of directors for the share dividend.

Unless otherwise provided in the bylaws, the record date for determining shareholders entitled to notice of and to vote at any meeting is the close of business on the day before the first notice is mailed or otherwise sent to the shareholders, provided that in no event may a record date be more than 70 days before the meeting.

If a shareholder is entitled to fractional shares pursuant to a stock dividend, consolidation or merger, reverse stock split or otherwise, the association may: (a) issue fractional shares; (b) in lieu of the issuance of fractional shares, issue script or warrants entitling the holder to receive a full share upon surrendering enough script or warrants to equal a full share; (c) if there is an established and active market in the association's stock, make reasonable arrangements to provide the shareholder with an opportunity to realize a fair price through sale of the fraction, or purchase of the additional fraction required for a full share; (d) remit the cash equivalent of the fraction to the shareholder; or (e) sell full shares representing all the fractions at public auction or to the highest bidder after having solicited and received sealed bids from at least three licensed stock brokers; and distribute the proceeds pro rata to shareholders who otherwise would be entitled to the fractional shares. The holder of a fractional share is entitled to exercise the rights for shareholder, including the right to vote, to receive dividends, and to participate in the assets of the association upon liquidation, in proportion to the fractional interest. The holder of script or warrants is not entitled to any of these rights unless the script or warrants explicitly provide for such rights. The script or warrants may be subject to such additional conditions as: (1) that the script or warrants will become void if not exchanged for full shares before a specified date; and (2) that the shares for which the script or warrants are exchangeable may be sold at the option of the association and the proceeds paid to scriptholders.

The association, at any time and from time to time, may authorize and issue debt obligations, whether or not subordinated, without the approval of the shareholders. Obligations classified as debt, whether or not subordinated, which may be issued by the association without the approval of shareholders, do not carry voting rights on any issue, including an increase or decrease in the aggregate number of the securities, or the exchange or reclassification of all or part of securities into securities of another class or series.

SIXTH. The board of directors shall appoint one of its members president of this association, and one of its members chairperson of the board and shall have the power to appoint one or more vice presidents, a secretary who shall keep minutes of the directors' and shareholders' meetings and be responsible for authenticating the records of the association, and such other officers and employees as may be required to transact the business of this association.

A duly appointed officer may appoint one or more officers or assistant officers if authorized by the board of directors in accordance with the bylaws.

The board of directors shall have the power to:

1) Define the duties of the officers, employees, and agents of the association.

2) Delegate the performance of its duties, but not the responsibility for its duties, to the officers, employees, and agents of the association.

3) Fix the compensation and enter into employment contracts with its officers and employees upon reasonable terms and conditions consistent with applicable law.

4) Dismiss officers and employees.

5) Require bonds from officers and employees and to fix the penalty thereof.

6) Ratify written policies authorized by the association's management or committees of the board.

7) Regulate the manner in which any increase or decrease of the capital of the association shall be made, provided that nothing herein shall restrict the power of shareholders to increase or decrease the capital of the association in accordance with law, and nothing shall raise or lower from two-thirds the percentage required for shareholder approval to increase or reduce the capital.

8) Manage and administer the business and affairs of the association.

9) Adopt initial bylaws, not inconsistent with law or the articles of association, for managing the business and regulating the affairs of the association.

10) Amend or repeal bylaws, except to the extent that the articles of association reserve this power in whole or in part to shareholders.

11) Make contracts.

12) Generally perform all acts that are legal for a board of directors to perform.

SEVENTH. The board of directors shall have the power to change the location of the main office to any other place within the limits of Wilmington, Delaware, without the approval of the shareholders, or with a vote of shareholders owning two-thirds of the stock of such association for a relocation outside such limits and upon receipt of a certificate of approval from the Comptroller of the Currency, to any other location within or outside the limits of Wilmington Delaware, but not more than 30 miles beyond such limits. The board of directors shall have the power to establish or change the location of any branch or branches of the association to any other location permitted under applicable law, without approval of shareholders, subject to approval by the Comptroller of the Currency.

EIGHTH. The corporate existence of this association shall continue until termination according to the laws of the United States.

NINTH. The board of directors of this association, or any one or more shareholders owning, in the aggregate, not less than 50 percent of the stock of this association, may call a special meeting of shareholders at any time. Unless otherwise provided by the bylaws or the laws of the United States, a notice of the time, place, and purpose of every annual and special meeting of the shareholders shall be given at least 10 days prior to the meeting by first-class mail, unless the OCC determines that an emergency circumstance exists. If the association is a wholly-owned subsidiary, the sole shareholder may waive notice of the shareholders' meeting. Unless otherwise provided by the bylaws or these articles, any action requiring approval of shareholders must be effected at a duly called annual or special meeting.

TENTH. For purposes of this Article Tenth, the term "institution-affiliated party" shall mean any institution-affiliated party of the association as such term is defined in 12 U.S.C. 1813(u).

Any institution-affiliated party (or his or her heirs, executors or administrators) may be indemnified or reimbursed by the association for reasonable expenses actually incurred in connection with any threatened, pending or completed actions or proceedings and appeals therein, whether civil, criminal, governmental, administrative or investigative, in accordance with and to the fullest extent permitted by law, as such law now or hereafter exists; provided, however, that when an administrative proceeding or action instituted by a federal banking agency results in a final order or settlement pursuant to which such person: (i) is assessed a civil money penalty, (ii) is removed from office or prohibited from participating in the conduct of the affairs of the association, or (iii) is required to cease and desist from or to take any affirmative action described in 12 U.S.C. 1818(b) with respect to the association, then the association shall require the repayment of all legal fees and expenses advanced pursuant to the next succeeding paragraph and may not indemnify such institution-affiliated parties (or their heirs, executors or administrators) for expenses, including expenses for legal fees, penalties or other payments incurred. The association shall provide indemnification in connection with an action or proceeding (or part thereof) initiated by an institution-affiliated party (or by his or her heirs, executors or administrators) only if such action or proceeding (or part thereof) was authorized by the board of directors.

Expenses incurred by an institution-affiliated party (or by his or her heirs, executors or administrators) in connection with any action or proceeding under 12 U.S.C. 164 or 1818 may be paid by the association in advance of the final disposition of such action or proceeding upon (a) a determination by the board of directors acting by a quorum consisting of directors who are not parties to such action or proceeding that the institution-affiliated party (or his or her heirs, executors or administrators) has a reasonable basis for prevailing on the merits, (b) a determination that the indemnified individual (or his or her heirs, executors or administrators) will have the financial capacity to reimburse the bank in the event he or she does not prevail, (c) a determination that the payment of expenses and fees by the association will not adversely affect the safety and soundness of the association, and (d) receipt of an undertaking by or on behalf of such institution-affiliated party (or by his or her heirs, executors or administrators) to repay such advancement in the event of a final order or settlement pursuant to which such person: (i) is assessed a civil money penalty, (ii) is removed from office or prohibited from participating in the conduct of the affairs of the association, or (iii) is required to cease and desist from or to take any affirmative action described in 12 U.S.C. 1818(b) with respect to the association. In all other instances, expenses incurred by an institution-affiliated party (or by his or her heirs, executors or administrators) in connection with any action or proceeding as to which indemnification may be given under these articles of association may be paid by the association in advance of the final disposition of such action or proceeding upon (a) receipt of an undertaking by or on behalf of such institution-affiliated party (or by or

on behalf of his or her heirs, executors or administrators) to repay such advancement in the event that such institution-affiliated party (or his or her heirs, executors or administrators) is ultimately found not to be entitled to indemnification as authorized by these articles of association and (b) approval by the board of directors acting by a quorum consisting of directors who are not parties to such action or proceeding or, if such a quorum is not obtainable, then approval by stockholders. To the extent permitted by law, the board of directors or, if applicable, the stockholders, shall not be required to find that the institution-affiliated party has met the applicable standard of conduct provided by law for indemnification in connection with such action or proceeding.

In the event that a majority of the members of the board of directors are named as respondents in an administrative proceeding or civil action and request indemnification, the remaining members of the board may authorize independent legal counsel to review the indemnification request and provide the remaining members of the board with a written opinion of counsel as to whether the conditions delineated in the first four paragraphs of this Article Tenth have been met. If independent legal counsel opines that said conditions have been met, the remaining members of the board of directors may rely on such opinion in authorizing the requested indemnification.

In the event that all of the members of the board of directors are named as respondents in an administrative proceeding or civil action and request indemnification, the board shall authorize independent legal counsel to review the indemnification request and provide the board with a written opinion of counsel as to whether the conditions delineated in the first four paragraphs of this Article Tenth have been met. If legal counsel opines that said conditions have been met, the board of directors may rely on such opinion in authorizing the requested indemnification.

To the extent permitted under applicable law, the rights of indemnification and to the advancement of expenses provided in these articles of association (a) shall be available with respect to events occurring prior to the adoption of these articles of association, (b) shall continue to exist after any restrictive amendment of these articles of association with respect to events occurring prior to such amendment, (c) may be interpreted on the basis of applicable law in effect at the time of the occurrence of the event or events giving rise to the action or proceeding, or on the basis of applicable law in effect at the time such rights are claimed, and (d) are in the nature of contract rights which may be enforced in any court of competent jurisdiction as if the association and the institution-affiliated party (or his or her heirs, executors or administrators) for whom such rights are sought were parties to a separate written agreement.

The rights of indemnification and to the advancement of expenses provided in these articles of association shall not, to the extent permitted under applicable law, be deemed exclusive of any other rights to which any such institution affiliated party (or his or her heirs, executors or administrators) may now or hereafter be otherwise entitled whether contained in these articles of association, the bylaws, a resolution of stockholders, a resolution of the board of directors, or an agreement providing such indemnification, the creation of such other rights being hereby expressly authorized. Without limiting the generality of the foregoing, the rights of indemnification and to the advancement of expenses provided in these articles of association shall not be deemed exclusive of any rights, pursuant to statute or otherwise, of any such institution-affiliated party (or of his or her heirs, executors or administrators) in any such action or proceeding to have assessed or allowed in his or her favor, against the association or otherwise, his or her costs and expenses incurred therein or in connection therewith or any part thereof.

If this Article Tenth or any part hereof shall be held unenforceable in any respect by a court of competent jurisdiction, it shall be deemed modified to the minimum extent necessary to make it enforceable, and the remainder of this Article Tenth shall remain fully enforceable.

The association may, upon affirmative vote of a majority of its board of directors, purchase insurance to indemnify its institution-affiliated parties to the extent that such indemnification is allowed in these articles of association; provided, however, that no such insurance shall include coverage to pay or reimburse any institution-affiliated party for the cost of any judgment or civil money penalty assessed against such person in an administrative proceeding or civil action commenced by any federal banking agency. Such insurance may, but need not, be for the benefit of all institution-affiliated parties.

ELEVENTH. These articles of association may be amended at any regular or special meeting of the shareholders by the affirmative vote of the holders of a majority of the stock of this association, unless the vote of the holders of a greater amount of stock is required by law, and in that case by the vote of the holders of such greater amount. The association’s board of directors may propose one or more amendments to the articles of association for submission to the shareholders.

OF

WILMINGTON TRUST, NATIONAL ASSOCIATION

ARTICLE I
Meetings of Shareholders

Section 1. Annual Meeting . The annual meeting of the shareholders to elect directors and transact whatever other business may properly come before the meeting shall be held at the main office of the association, Rodney Square North, 1100 Market Street, City of Wilmington, State of Delaware, at 1:00 o'clock p.m. on the first Tuesday in March of each year, or at such other place and time as the board of directors may designate, or if that date falls on a legal holiday in Delaware, on the next following banking day. Notice of the meeting shall be mailed by first class mail, postage prepaid, at least 10 days and no more than 60 days prior to the date thereof, addressed to each shareholder at his/her address appearing on the books of the association. If, for any cause, an election of directors is not made on that date, or in the event of a legal holiday, on the next following banking day, an election may be held on any subsequent day within 60 days of the date fixed, to be designated by the board of directors, or, if the directors fail to fix the date, by shareholders representing two-thirds of the shares. In these circumstances, at least 10 days' notice must be given by first class mail to shareholders.

Section 2. Special Meetings . Except as otherwise specifically provided by statute, special meetings of the shareholders may be called for any purpose at any time by the board of directors or by any one or more shareholders owning, in the aggregate, not less than fifty percent of the stock of the association. Every such special meeting, unless otherwise provided by law, shall be called by mailing, postage prepaid, not less than 10 days nor more than 60 days prior to the date fixed for the meeting, to each shareholder at the address appearing on the books of the association a notice stating the purpose of the meeting.

The board of directors may fix a record date for determining shareholders entitled to notice and to vote at any meeting, in reasonable proximity to the date of giving notice to the shareholders of such meeting. The record date for determining shareholders entitled to demand a special meeting is the date the first shareholder signs a demand for the meeting describing the purpose or purposes for which it is to be held.

A special meeting may be called by shareholders or the board of directors to amend the articles of association or bylaws, whether or not such bylaws may be amended by the board of directors in the absence of shareholder approval.

If an annual or special shareholders' meeting is adjourned to a different date, time, or place, notice need not be given of the new date, time or place, if the new date, time or place is announced at the meeting before adjournment, unless any additional items of business are to be considered, or the association becomes aware of an intervening event materially affecting any matter to be voted on more than 10 days prior to the date to which the meeting is adjourned. If a new record date for the adjourned meeting is fixed, however, notice of the adjourned meeting must be given to persons who are shareholders as of the new record date. If, however, the meeting to elect the directors is adjourned before the election takes place, at least ten days' notice of the new election must be given to the shareholders by first-class mail.

Section 3. Nominations of Directors . Nominations for election to the board of directors may be made by the board of directors or by any stockholder of any outstanding class of capital stock of the association entitled to vote for the election of directors. Nominations, other than those made by or on behalf of the existing management of the association, shall be made in writing and shall be delivered or mailed to the president of the association and the Comptroller of the Currency, Washington, D.C., not less than 14 days nor more than 50 days prior to any meeting of shareholders called for the election of directors; *provided, however,* that if less than 21 days' notice of the meeting is given to shareholders, such nomination shall be mailed or delivered to the president of the association not later than the close of business on the seventh day following the day on which the notice of meeting was mailed. Such notification shall contain the following information to the extent known to the notifying shareholder:

(1) The name and address of each proposed nominee;

(2) The principal occupation of each proposed nominee;

(3) The total number of shares of capital stock of the association that will be voted for each proposed nominee;

(4) The name and residence of the notifying shareholder; and

(5) The number of shares of capital stock of the association owned by the notifying shareholder.

Nominations not made in accordance herewith may, in his/her discretion, be disregarded by the chairperson of the meeting, and upon his/her instructions, the vote tellers may disregard all votes cast for each such nominee.

Section 4. Proxies . Shareholders may vote at any meeting of the shareholders by proxies duly authorized in writing, but no officer or employee of this association shall act as proxy. Proxies shall be valid only for one meeting, to be specified therein, and any adjournments of such meeting. Proxies shall be dated and filed with the records of the meeting. Proxies with facsimile signatures may be used and unexecuted proxies may be counted upon receipt of a written confirmation from the shareholder. Proxies meeting the above requirements submitted at any time during a meeting shall be accepted.

Section 5. Quorum . A majority of the outstanding capital stock, represented in person or by proxy, shall constitute a quorum at any meeting of shareholders, unless otherwise provided by law, or by the shareholders or directors pursuant to Article IX, Section 2, but less than a quorum may adjourn any meeting, from time to time, and the meeting may be held, as adjourned, without further notice. A majority of the votes cast shall decide every question or matter submitted to the shareholders at any meeting, unless otherwise provided by law or by the articles of association, or by the shareholders or directors pursuant to Article IX, Section 2. If a meeting for the election of directors is not held on the fixed date, at least 10 days' notice must be given by first-class mail to the shareholders.

ARTICLE II
Directors

Section 1. Board of Directors . The board of directors shall have the power to manage and administer the business and affairs of the association. Except as expressly limited by law, all corporate powers of the association shall be vested in and may be exercised by the board of directors.

Section 2. Number . The board of directors shall consist of not less than five nor more than twenty-five members, unless the OCC has exempted the bank from the 25-member limit. The exact number within such minimum and maximum limits is to be fixed and determined from time to time by resolution of a majority of the full board of directors or by resolution of a majority of the shareholders at any meeting thereof.

Section 3. Organization Meeting . The secretary or treasurer, upon receiving the certificate of the judges of the result of any election, shall notify the directors-elect of their election and of the time at which they are required to meet at the main office of the association, or at such other place in the cities of Wilmington, Delaware or Buffalo, New York, to organize the new board of directors and elect and appoint officers of the association for the succeeding year. Such meeting shall be held on the day of the election or as soon thereafter as practicable, and, in any event, within 30 days thereof. If, at the time fixed for such meeting, there shall not be a quorum, the directors present may adjourn the meeting, from time to time, until a quorum is obtained.

Section 4. Regular Meetings . The Board of Directors may, at any time and from time to time, by resolution designate the place, date and hour for the holding of a regular meeting, but in the absence of any such designation, regular meetings of the board of directors shall be held, without notice, on the first Tuesday of each March, June and September, and on the second Tuesday of each December at the main office or other such place as the board of directors may designate. When any regular meeting of the board of directors falls upon a holiday, the meeting shall be held on the next banking business day unless the board of directors shall designate another day.

Section 5. Special Meetings . Special meetings of the board of directors may be called by the Chairman of the Board of the association, or at the request of two or more directors. Each member of the board of directors shall be given notice by telegram, first class mail, or in person stating the time and place of each special meeting.

Section 6. Quorum . A majority of the entire board then in office shall constitute a quorum at any meeting, except when otherwise provided by law or these bylaws, but a lesser number may adjourn any meeting, from time to time, and the meeting may be held, as adjourned, without further notice. If the number of directors present at the meeting is reduced below the number that would constitute a quorum, no business may be transacted, except selecting directors to fill vacancies in conformance with Article II, Section 7. If a quorum is present, the board of directors may take action through the vote of a majority of the directors who are in attendance.

Section 7. Meetings by Conference Telephone. Any one or more members of the board of directors or any committee thereof may participate in a meeting of such board or committees by means of a conference telephone or similar communications equipment allowing all persons participating in the meeting to hear each other at the same time. Participation in a meeting by such means shall constitute presence in person at such meeting.

Section 8. Procedures . The order of business and all other matters of procedure at every meeting of the board of directors may be determined by the person presiding at the meeting.

Section 9. Removal of Directors . Any director may be removed for cause, at any meeting of stockholders notice of which shall have referred to the proposed action, by vote of the stockholders. Any director may be removed without cause, at any meeting of stockholders notice of which shall have referred to the proposed action, by the vote of the holders of a majority of the shares of the Corporation entitled to vote. Any director may be removed for cause, at any meeting of the directors notice of which shall have referred to the proposed action, by vote of a majority of the entire Board of Directors.

Section 10. Vacancies . When any vacancy occurs among the directors, a majority of the remaining members of the board of directors, according to the laws of the United States, may appoint a director to fill such vacancy at any regular meeting of the board of directors, or at a special meeting called for that purpose at which a quorum is present, or if the directors remaining in office constitute fewer than a quorum of the board of directors, by the affirmative vote of a majority of all the directors remaining in office, or by shareholders at a special meeting called for that purpose in conformance with Section 2 of Article I. At any such shareholder meeting, each shareholder entitled to vote shall have the right to multiply the number of votes he or she is entitled to cast by the number of vacancies being filled and cast the product for a single candidate or distribute the product among two or more candidates. A vacancy that will occur at a specific later date (by reason of a resignation effective at a later date) may be filled before the vacancy occurs but the new director may not take office until the vacancy occurs.

ARTICLE III
Committees of the Board

The board of directors has power over and is solely responsible for the management, supervision, and administration of the association. The board of directors may delegate its power, but none of its responsibilities, to such persons or committees as the board may determine.

The board of directors must formally ratify written policies authorized by committees of the board of directors before such policies become effective. Each committee must have one or more member(s), and who may be an officer of the association or an officer or director of any affiliate of the association, who serve at the pleasure of the board of directors. Provisions of the articles of association and these bylaws governing place of meetings, notice of meeting, quorum and voting requirements of the board of directors, apply to committees and their members as well. The creation of a committee and appointment of members to it must be approved by the board of directors.

Section 1. Loan Committee . There shall be a loan committee composed of not less than 2 directors, appointed by the board of directors annually or more often. Such report shall state whether the association is in a sound condition, and whether adequate internal controls and procedures are being maintained and shall recommend to the board of directors such changes in the manner of conducting the affairs of the association as shall be deemed advisable.

Notwithstanding the provisions of the first paragraph of this section 3, the responsibility and authority of the Examining Committee may, if authorized by law, be given over to a duly constituted audit committee of the association's parent corporation by a resolution duly adopted by the board of directors.

Section 4. Trust Audit Committee. There shall be a trust audit committee in conformance with Section 1 of Article V.

Section 5. Other Committees . The board of directors may appoint, from time to time, from its own members, compensation, special litigation and other committees of one or more persons, for such purposes and with such powers as the board of directors may determine.

However, a committee may not:

(2) Approve action required to be approved by shareholders;

(3) Fill vacancies on the board of directors or any of its committees;

(4) Amend articles of association;

Section 6. Committee Members' Fees . Committee members may receive a fee for their services as committee members and traveling and other out-of-pocket expenses incurred in attending any meeting of a committee of which they are a member. The fee may be a fixed sum to be paid for attending each meeting or a fixed sum to be paid quarterly, or semiannually, irrespective of the number of meetings attended or not attended. The amount of the fee and the basis on which it shall be paid shall be determined by the Board of Directors.

The president shall also have and may exercise such further powers and duties as from time to time may be conferred or assigned by the board of directors.

Section 3. Vice President . The board of directors may appoint one or more vice presidents. Each vice president shall have such powers and duties as may be assigned by the board of directors. One vice president shall be designated by the board of directors, in the absence of the president, to perform all the duties of the president.

Section 7. Resignation . An officer may resign at any time by delivering notice to the association. A resignation is effective when the notice is given unless the notice specifies a later effective date.

ARTICLE V
Fiduciary Activities

Section 1. Trust Audit Committee. There shall be a Trust Audit Committee composed of not less than 2 directors, appointed by the board of directors, which shall, at least once during each calendar year make suitable audits of the association's fiduciary activities or cause suitable audits to be made by auditors responsible only to the board, and at such time shall ascertain whether fiduciary powers have been administered according to law, Part 9 of the Regulations of the Comptroller of the Currency, and sound fiduciary principles. Such committee: (1) must not include any officers of the bank or an affiliate who participate significantly in the administration of the bank's fiduciary activities; and (2) must consist of a majority of members who are not also members of any committee to which the board of directors has delegated power to manage and control the fiduciary activities of the bank.

Notwithstanding the provisions of the first paragraph of this section 1, the responsibility and authority of the Trust Audit Committee may, if authorized by law, be given over to a duly constituted audit committee of the association's parent corporation by a resolution duly adopted by the board of directors.

Section 2. Fiduciary Files. There shall be maintained by the association all fiduciary records necessary to assure that its fiduciary responsibilities have been properly undertaken and discharged.

Section 3. Trust Investments. Funds held in a fiduciary capacity shall be invested according to the instrument establishing the fiduciary relationship and applicable law. Where such instrument does not specify the character and class of investments to be made, but does vest in the association investment discretion, funds held pursuant to such instrument shall be invested in investments in which corporate fiduciaries may invest under applicable law.

ARTICLE VI
Stock and Stock Certificates

Section 1. Transfers . Shares of stock shall be transferable on the books of the association, and a transfer book shall be kept in which all transfers of stock shall be recorded. Every person becoming a shareholder by such transfer shall in proportion to such shareholder's shares, succeed to all rights of the prior holder of such shares. The board of directors may impose conditions upon the transfer of the stock reasonably calculated to simplify the work of the association with respect to stock transfers, voting at shareholder meetings and related matters and to protect it against fraudulent transfers.

Section 2. Stock Certificates . Certificates of stock shall bear the signature of the president (which may be engraved, printed or impressed) and shall be signed manually or by facsimile process by the secretary, assistant secretary, treasurer, assistant treasurer, or any other officer appointed by the board of directors for that purpose, to be known as an authorized officer, and the seal of the association shall be engraved thereon. Each certificate shall recite on its face that the stock represented thereby is transferable only upon the books of the association properly endorsed.

The board of directors may adopt or use procedures for replacing lost, stolen, or destroyed stock certificates as permitted by law.

The association may establish a procedure through which the beneficial owner of shares that are registered in the name of a nominee may be recognized by the association as the shareholder. The procedure may set forth:

(1) The types of nominees to which it applies;

(2) The rights or privileges that the association recognizes in a beneficial owner;

(3) How the nominee may request the association to recognize the beneficial owner as the shareholder;

(4) The information that must be provided when the procedure is selected;

(5) The period over which the association will continue to recognize the beneficial owner as the shareholder;

(6) Other aspects of the rights and duties created.

ARTICLE VII
Corporate Seal

Section 1. Seal . The seal of the association shall be in such form as may be determined from time to time by the board of directors. The president, the treasurer, the secretary or any assistant treasurer or assistant secretary, or other officer thereunto designated by the board of directors shall have authority to affix the corporate seal to any document requiring such seal and to attest the same. The seal on any corporate obligation for the payment of money may be facsimile.

ARTICLE VIII
Miscellaneous Provisions

Section 1. Fiscal Year . The fiscal year of the association shall be the calendar year.

Section 2. Execution of Instruments . All agreements, indentures, mortgages, deeds, conveyances, transfers, certificates, declarations, receipts, discharges, releases, satisfactions, settlements, petitions, schedules, accounts, affidavits, bonds, undertakings, proxies and other instruments or documents may be signed, executed, acknowledged, verified, delivered or accepted on behalf of the association by the chairperson of the board, or the president, or any vice president, or the secretary, or the treasurer, or, if in connection with the exercise of fiduciary powers of the association, by any of those offices or by any trust officer. Any such instruments may also be executed, acknowledged, verified, delivered or accepted on behalf of the association in such other manner and by such other officers as the board of directors may from time to time direct. The provisions of this section 2 are supplementary to any other provision of these bylaws.

Section 3. Records . The articles of association, the bylaws and the proceedings of all meetings of the shareholders, the board of directors, and standing committees of the board of directors shall be recorded in appropriate minute books provided for that purpose. The minutes of each meeting shall be signed by the secretary, treasurer or other officer appointed to act as secretary of the meeting.

Section 4. Corporate Governance Procedures. To the extent not inconsistent with federal banking statutes and regulations, or safe and sound banking practices, the association may follow the Delaware General Corporation Law, Del. Code Ann. tit. 8 (1991, as amended 1994, and as amended thereafter) with respect to matters of corporate governance procedures.

Section 5. Indemnification. For purposes of this Section 5 of Article VIII, the term "institution-affiliated party" shall mean any institution-affiliated party of the association as such term is defined in 12 U.S.C. 1813(u).

Any institution-affiliated party (or his or her heirs, executors or administrators) may be indemnified or reimbursed by the association for reasonable expenses actually incurred in connection with any threatened, pending or completed actions or proceedings and appeals therein, whether civil, criminal, governmental, administrative or investigative, in accordance with and to the fullest extent permitted by law, as such law now or hereafter exists; provided, however, that when an administrative proceeding or action instituted by a federal banking agency results in a final order or settlement pursuant to which such person: (i) is assessed a civil money penalty, (ii) is removed from office or prohibited from participating in the conduct of the affairs of the association, or (iii) is required to cease and desist from or to take any affirmative action described in 12 U.S.C. 1818(b) with respect to the association, then the association shall require the repayment of all legal fees and expenses advanced pursuant to the next succeeding paragraph and may not indemnify such institution-affiliated parties (or their heirs, executors or administrators) for expenses, including expenses for legal fees, penalties or other payments incurred. The association shall provide indemnification in connection with an action or proceeding (or part thereof) initiated by an institution-affiliated party (or by his or her heirs, executors or administrators) only if such action or proceeding (or part thereof) was authorized by the board of directors.

Expenses incurred by an institution-affiliated party (or by his or her heirs, executors or administrators) in connection with any action or proceeding under 12 U.S.C. 164 or 1818 may be paid by the association in advance of the final disposition of such action or proceeding upon (a) a determination by the board of directors acting by a quorum consisting of directors who are not parties to such action or proceeding that the institution-affiliated party (or his or her heirs, executors or administrators) has a reasonable basis for prevailing on the merits, (b) a determination that the indemnified individual (or his or her heirs, executors or administrators) will have the financial capacity to reimburse the bank in the event he or she does not prevail, (c) a determination that the payment of expenses and fees by the association will not adversely affect the safety and soundness of the association, and (d) receipt of an undertaking by or on behalf of such institution-affiliated party (or by his or her heirs, executors or administrators) to repay such advancement in the event of a final order or settlement pursuant to which such person: (i) is assessed a civil money penalty, (ii) is removed from office or prohibited from participating in the conduct of the affairs of the association, or (iii) is required to cease and desist from or to take any affirmative action described in 12 U.S.C. 1818(b) with respect to the association. In all other instances, expenses incurred by an institution-affiliated party (or by his or her heirs, executors or administrators) in connection with any action or proceeding as to which indemnification may be given under these articles of association may be paid by the association in advance of the final disposition of such action or proceeding upon (a) receipt of an undertaking by or on behalf of such institution-affiliated party (or by or on behalf of his or her heirs, executors or administrators) to repay such advancement in the event that such institution-affiliated party (or his or her heirs, executors or administrators) is ultimately found not to be entitled to indemnification as authorized by these bylaws and (b) approval by the board of directors acting by a quorum consisting of directors who are not parties to such action or proceeding or, if such a quorum is not obtainable, then approval by stockholders. To the extent permitted by law, the board of directors or, if applicable, the stockholders, shall not be required to find that the institution-affiliated party has met the applicable standard of conduct provided by law for indemnification in connection with such action or proceeding.

In the event that a majority of the members of the board of directors are named as respondents in an administrative proceeding or civil action and request indemnification, the remaining members of the board may authorize independent legal counsel to review the indemnification request and provide the remaining members of the board with a written opinion of counsel as to whether the conditions delineated in the first four paragraphs of this Section 5 of Article VIII have been met. If independent legal counsel opines that said conditions have been met, the remaining members of the board of directors may rely on such opinion in authorizing the requested indemnification.

In the event that all of the members of the board of directors are named as respondents in an administrative proceeding or civil action and request indemnification, the board shall authorize independent legal counsel to review the indemnification request and provide the board with a written opinion of counsel as to whether the conditions delineated in the first four paragraphs of this Section 5 of Article VIII have been met. If legal counsel opines that said conditions have been met, the board of directors may rely on such opinion in authorizing the requested indemnification.

To the extent permitted under applicable law, the rights of indemnification and to the advancement of expenses provided in these articles of association (a) shall be available with respect to events occurring prior to the adoption of these bylaws, (b) shall continue to exist after any restrictive amendment of these bylaws with respect to events occurring prior to such amendment, (c) may be interpreted on the basis of applicable law in effect at the time of the occurrence of the event or events giving rise to the action or proceeding, or on the basis of applicable law in effect at the time such rights are claimed, and (d) are in the nature of contract rights which may be enforced in any court of competent jurisdiction as if the association and the institution-affiliated party (or his or her heirs, executors or administrators) for whom such rights are sought were parties to a separate written agreement.

The rights of indemnification and to the advancement of expenses provided in these bylaws shall not, to the extent permitted under applicable law, be deemed exclusive of any other rights to which any such institution-affiliated party (or his or her heirs, executors or administrators) may now or hereafter be otherwise entitled whether contained in the association’s articles of association, these bylaws, a resolution of stockholders, a resolution of the board of directors, or an agreement providing such indemnification, the creation of such other rights being hereby expressly authorized. Without limiting the generality of the foregoing, the rights of indemnification and to the advancement of expenses provided in these bylaws shall not be deemed exclusive of any rights, pursuant to statute or otherwise, of any such institution-affiliated party (or of his or her heirs, executors or administrators) in any such action or proceeding to have assessed or allowed in his or her favor, against the association or otherwise, his or her costs and expenses incurred therein or in connection therewith or any part thereof.

If this Section 5 of Article VIII or any part hereof shall be held unenforceable in any respect by a court of competent jurisdiction, it shall be deemed modified to the minimum extent necessary to make it enforceable, and the remainder of this Section 5 of Article VIII shall remain fully enforceable.

The association may, upon affirmative vote of a majority of its board of directors, purchase insurance to indemnify its institution-affiliated parties to the extent that such indemnification is allowed in these bylaws; provided, however, that no such insurance shall include coverage for a final order assessing civil money penalties against such persons by a bank regulatory agency. Such insurance may, but need not, be for the benefit of all institution-affiliated parties.

ARTICLE IX
Inspection and Amendments

Section 1. Inspection . A copy of the bylaws of the association, with all amendments, shall at all times be kept in a convenient place at the main office of the association, and shall be open for inspection to all shareholders during banking hours.

Section 2. Amendments . The bylaws of the association may be amended, altered or repealed, at any regular meeting of the board of directors, by a vote of a majority of the total number of the directors except as provided below, and provided that the following language accompany any such change.

If the undersigned is not a broker-dealer, the undersigned represents that it is not engaged in, and does not intend to engage in, a distribution of Exchange Notes. If the undersigned is a broker-dealer that will receive Exchange Notes for its own account in exchange for Original Notes that were acquired as a result of market-making activities or other trading activities, it acknowledges that it will deliver a prospectus in connection with any resale of such Exchange Notes; however, by so acknowledging and by delivering such a prospectus, the undersigned will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

PLEASE READ THE ACCOMPANYING INSTRUCTIONS CAREFULLY

Ladies and Gentlemen:

Upon the terms and subject to the conditions of the Exchange Offer, the undersigned hereby tenders to the Companies the above-described principal amount of Original Notes. Subject to, and effective upon, the acceptance for exchange of the Original Notes tendered herewith, the undersigned hereby exchanges, assigns and transfers to, or upon the order of, the Companies all right, title and interest in and to such Original Notes. The undersigned hereby irrevocably constitutes and appoints the Exchange Agent as the true and lawful agent and attorney-in-fact of the undersigned (with full knowledge that said Exchange Agent also acts as the agent of the Companies and as Trustee under the Indenture governing the Original Notes and the Exchange Notes) to cause the Original Notes to be assigned, transferred and exchanged. The undersigned represents and warrants that it has full power and authority to tender, exchange, assign and transfer the Original Notes and to acquire Exchange Notes issuable upon the exchange of such tendered Original Notes, and that, when the same are accepted for exchange, the Companies will acquire good and unencumbered title to the tendered Original Notes, free and clear of all liens, restrictions, charges and encumbrances and not subject to any adverse claim. The undersigned also warrants that it will, upon request, execute and deliver any additional documents deemed by the Exchange Agent or the Companies to be necessary or desirable to complete the exchange, assignment and transfer of tendered Original Notes.

The Exchange Offer is subject to certain conditions as set forth in the Prospectus under the caption "Description of the Exchange Offer—Conditions to the Exchange Offer." The undersigned recognizes that as a result of these conditions (which may be waived, in whole or in part, by the Companies) as more particularly set forth in the Prospectus, the Companies may not be required to exchange any of the Original Notes tendered hereby and, in such event, the Original Notes not exchanged will be returned to the undersigned at the address shown below the signature of the undersigned.

The undersigned also acknowledges that the Exchange Offer is being made by the Companies in reliance on interpretations by the staff of the Securities and Exchange Commission (the " ***SEC*** "), as set forth in no-action letters issued to third parties. The Companies believe that Exchange Notes may be offered for resale, resold, and otherwise transferred by holders thereof (other than any such holder that is an "affiliate" of the Companies within the meaning of Rule 405 under the Securities Act or that tenders Original Notes for the purpose of participating in a distribution of the Exchange Notes), without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that such Exchange Notes are acquired in the ordinary course of such holders' business, and such holders have no arrangement or understanding with any person to participate in the distribution of the Exchange Notes. However, the Companies do not intend to request that the SEC consider, and the SEC has not considered, the Exchange Offer in the context of a no-action letter and therefore the Companies cannot guarantee that the staff of the SEC would make a similar determination with respect to the Exchange Offer. The undersigned acknowledges that if the interpretation of the Companies of the above mentioned no-action letters is incorrect such holder may be held liable for any offers, resales or transfers by the undersigned of the Exchange Notes that are in violation of the Securities Act. The undersigned further acknowledges that neither the Companies nor the Exchange Agent will indemnify any holder for any such liability under the Securities Act.

By tendering, each Holder of Original Notes represents to the Companies that:

(i) the Exchange Notes acquired pursuant to the Exchange Offer are being acquired in the ordinary course of business of the person receiving such Exchange Notes, whether or not such person is such Holder itself,

(ii) at the time of the commencement or consummation of the Exchange Offer neither the Holder of Original Notes nor, to the knowledge of such Holder, any other person receiving Exchange Notes from such Holder has an arrangement or understanding with any person to participate in the distribution (within the meaning of the Securities Act) of the Exchange Notes in violation of the provisions of the Securities Act,

(iii) neither the Holder nor, to the knowledge of such Holder, any such other person receiving Exchange Notes from such Holder is an "affiliate," as defined in Rule 405 under the Securities Act, of the Companies or any of the guarantors, or if it is an affiliate, it will comply with the registration and prospectus delivery requirements of the Securities Act to the extent applicable,

(iv) if the Holder is not a broker-dealer, neither such Holder, nor to the knowledge of such Holder, any other person receiving Exchange Notes from such Holder, is engaging in or intends to engage in a distribution of the Exchange Notes, and

(v) if the Holder is a broker-dealer, such Holder has acquired the Exchange Notes for its own account in exchange for Original Notes that were acquired as a result of market-making activities or other trading activities and that it will comply with the applicable provisions of the Securities Act (including, but not limited to, the prospectus delivery requirements thereunder).

By acknowledging that it will deliver and by delivering a prospectus meeting the requirements of the Securities Act in connection with any resale of such Exchange Notes, a broker-dealer is not deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

The undersigned further agrees that acceptance of any and all validly tendered Original Notes by the Companies and the issuance of Exchange Notes in exchange therefor constitutes performance in full by the Companies of certain of its obligations under the registration rights agreement that is an exhibit to the registration statement of which the Prospectus is a part.

All authority conferred or agreed to be conferred pursuant to this Letter of Transmittal and every obligation of the undersigned hereunder is binding upon the successors, assigns, heirs, executors, administrators, trustees in bankruptcy, and personal and legal representatives of the undersigned and will not be affected by, and will survive, the death or incapacity of the undersigned.

The undersigned understands that tenders of Original Notes pursuant to the instructions hereto will constitute a binding agreement between the undersigned and the Companies upon the terms and subject to the conditions of the Exchange Offer.

Unless otherwise indicated under "Special Issuance Instructions," please issue the certificates representing the Exchange Notes issued in exchange for the Original Notes accepted for exchange and return any Original Notes not tendered or not exchanged, in the name(s) of the undersigned (or in either such event in the case of Original Notes tendered by DTC by credit to the respective account at DTC). Similarly, unless otherwise indicated under "Special Delivery Instructions," please send the certificates representing the Exchange Notes issued in exchange for the Original Notes accepted for exchange and any certificates for Original Notes not tendered or not exchanged (and accompanying documents as appropriate) to the undersigned at the address shown below the undersigned's signatures, unless, in either event, tender is being made through DTC. In the event that both "Special Issuance Instructions" and "Special Delivery Instructions" are completed, please issue the certificates representing the Exchange Notes issued in exchange for the Original Notes accepted for exchange and return any Original Notes not tendered or not exchanged in the name(s) of, and send said certificates to, the person(s) so indicated. The undersigned recognizes that the Companies have no obligation pursuant to the "Special Issuance Instructions" and "Special Delivery Instructions" to transfer any Original Notes from the name of the registered holder(s) thereof if the Companies do not accept for exchange any of the Original Notes so tendered.

INSTRUCTIONS
Forming Part of the Terms and Conditions of the Offer

1. *Guarantee of Signatures.* Signatures on this Letter of Transmittal need not be guaranteed if the Original Notes tendered hereby are tendered:

- by each registered holder of Original Notes thereof, unless such holder has completed either the box entitled "Special Issuance Instructions" or the box entitled "Special Delivery Instructions" above; or
- for the account of an institution that is a member in good standing of a Medallion Signature Guarantee Program recognized by the Exchange Agent, for example, the Securities Transfer Agents Medallion Program, the Stock Exchanges Medallion Program, or the New York Stock Exchange Medallion Signature Program or firms that are members of a registered national securities exchange, members of the National Association of Securities Dealers, Inc., commercial banks or trust companies having an office in the United States, or certain other eligible guarantors.

In all other cases, all signatures on this Letter of Transmittal must be guaranteed by an Eligible Institution (as defined in Instruction 6).

2. *Delivery of Letter of Transmittal and Certificates.* The certificates for the tendered Original Notes (or a confirmation of a book-entry into the Exchange Agent's account at DTC of the Original Notes delivered electronically), as well as a properly completed and duly executed copy of this Letter of Transmittal or a facsimile hereof and any other documents required by this Letter of Transmittal must be received by the Exchange Agent at its address set forth herein prior to 5:00 p.m., New York City time, on the Expiration Date. The Companies may extend the Expiration Date in its sole discretion by a public announcement given no later than 9:00 a.m., New York City time, on the next business day following the previously scheduled Expiration Date. The method of delivery of the tendered Original Notes, this Letter of Transmittal and all other required documents to the Exchange Agent is at the election and risk of the Holder and, except as otherwise provided below, the delivery will be deemed made only when actually received by the Exchange Agent. If such delivery is by mail, the Companies recommend registered mail, properly insured, with return receipt requested. In all cases, sufficient time should be allowed to assure timely delivery. No Letter of Transmittal or Original Notes should be sent to the Companies. Holders who wish to tender their Original Notes and (i) whose Original Notes are not immediately available or (ii) who cannot deliver their Original Notes, this Letter of Transmittal or any other documents required hereby to the Exchange Agent prior to the Exchange Date, or who cannot complete the procedure for book-entry transfer on a timely basis must tender their Original Notes and follow the guaranteed delivery procedures set forth in the Prospectus under "Offer to Exchange—Guaranteed Delivery." Pursuant to such procedures: (i) such tender must be made by or through an Eligible Institution; (ii) prior to the Expiration Date, the Exchange Agent must have received from such Eligible Institution a properly completed and duly executed Notice of Guaranteed Delivery, acceptable to the Companies (by telegram, facsimile transmission, mail or hand delivery) setting forth the name and address of the Holder of the Original Notes, the certificate number or numbers of such Original Notes and the amount of Original Notes being tendered, stating that the tender is being made thereby and guaranteeing that within three New York Stock Exchange trading days after the Expiration Date, this Letter of Transmittal (or copy thereof) (or electronic instructions containing the character by which the participant acknowledges its receipt of and agrees to be bound by this Letter of Transmittal) together with the certificate(s) representing the Original Notes (or a confirmation of electronic mail delivery of book-entry delivery into the Exchange Agent's account at DTC) and any of the required documents will be deposited by the Eligible Institution with the Exchange Agent; and (iii) such properly completed and executed Letter of Transmittal (or copy thereof) (or electronic instructions containing the character by which the participant acknowledges its receipt of and agrees to be bound by this Letter of Transmittal), as well as all other documents required by this Letter of Transmittal, and the certificate(s) representing all tendered Original Notes in proper form for transfer (or a confirmation of electronic mail delivery of book-entry delivery into the Exchange Agent's account at DTC), must be received by the Exchange Agent within three New York Stock Exchange trading days after the Expiration Date. Any Holder of Original Notes who wishes to tender these Original Notes pursuant to the

guaranteed delivery procedures described above must ensure that the Exchange Agent receives the Notice of Guaranteed Delivery prior to 5:00 p.m., New York City time, on the Expiration Date.

3. *Inadequate Space.* If the space provided herein is inadequate, the certificate numbers should be listed on a separate duly executed schedule attached hereto.

4. *Withdrawal of Tenders.* A tender of Original Notes may be withdrawn at any time at or before the Expiration Date by delivery of a written or facsimile notice of withdrawal to the Exchange Agent at the address set forth on the cover of this Letter of Transmittal. To be effective, a notice of withdrawal must:

- be received by the Exchange Agent at or before the Expiration Date;
- specify the name of the person having tendered the Original Notes to be withdrawn;
- identify the Original Notes to be withdrawn (including the certificate number or numbers, if applicable, and the principal amount of such Original Notes);
- specify the principal amount of Original Notes to be withdrawn;
- where certificates for Original Notes were transmitted, specify the name in which such Original Notes are registered, if different from that of the withdrawing holder, and the serial numbers of the particular certificates to be withdrawn;
- if Original Notes have been tendered pursuant to the procedures for book-entry transfer, specify the name and number of the account at the book-entry transfer facility to be credited with the withdrawn Original Notes and otherwise comply with the procedures of DTC;
- include a statement that such holder is withdrawing his, her or its election to have such Original Notes exchanged;
- be signed by the holder in the same manner as the original signature on the Letter of Transmittal by which such Original Notes were tendered, with such signature guaranteed by an Eligible Institution (unless such withdrawing holder is an Eligible Institution) or be accompanied by documents of transfer (including a signature guarantee by an Eligible Institution) sufficient to permit the trustee under the Indenture to register the transfer of such Original Notes into the name of the person withdrawing the tender; and
- specify the name in which any such Original Notes are to be registered, if different from that of the person tendering the Original Notes.

The Exchange Agent will return the properly withdrawn Original Notes promptly following receipt of the notice of withdrawal. All questions as to the validity of notices of withdrawal, including time of receipt, will be determined by the Companies in their sole discretion and such determination will be final and binding on all parties.

Any Original Notes so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the Exchange Offer. Any Original Notes that have been tendered for exchange but that are not exchanged for any reason will be returned to the holder thereof without cost to such holder (or, in the case of Original Notes tendered by book-entry transfer into the Exchange Agent's account at DTC pursuant to the book-entry transfer procedures described above, such Original Notes will be credited to an account with DTC specified by the holder) promptly after withdrawal, rejection of tender, or termination of the Exchange Offer. Properly withdrawn Original Notes may be retendered by following one of the procedures described under the caption "Description of the Exchange Offer—Procedures for Tendering Original Notes" in the Prospectus at any time at or before the Expiration Date.

5. *Partial Tenders.* Tenders of Original Notes will be accepted only in minimum denominations of $2,000 principal amount and integral multiples of $1,000 in excess of $2,000. If a tender for exchange is to be made with respect to less than the entire principal amount of any Original Notes, fill in the principal amount of Original

Notes that are tendered for exchange in column (3) of the box entitled "Description of Original Notes," as more fully described in the footnotes thereto. All of the Original Notes delivered to the Exchange Agent will be deemed to have been tendered unless otherwise indicated. Accordingly, a blank in column (3) of the box will indicate that the holder is tendering all of such holder's Original Notes. In the case of a partial tender for exchange, a new certificate, in fully registered form, for the remainder of the principal amount of the Original Notes, will be sent to the holders of Original Notes unless otherwise indicated in the boxes entitled "Special Issuance Instructions" or "Special Delivery Instructions" above, as soon as practicable after the expiration or termination of the Exchange Offer.

6. *Signatures on this Letter of Transmittal; Bond Powers and Endorsements.* If this Letter of Transmittal (or copy hereof) is signed by the registered Holder of the Original Notes tendered hereby, the signature must correspond with the name as written on the face of the Original Notes without alteration, enlargement or any change whatsoever.

If this Letter of Transmittal (or copy hereof) is signed by the registered Holder of Original Notes tendered and the certificate(s) for Exchange Notes issued in exchange therefor is to be issued (or any untendered number of Original Notes is to be reissued) to the registered Holder, such Holder need not and should not endorse any tendered Old Note, nor provide a separate bond power. In any other case, such Holder must either properly endorse the Original Notes tendered or transmit a properly completed separate bond power with this Letter of Transmittal, with the signature on the endorsement or bond power guaranteed by an Eligible Institution.

If this Letter of Transmittal (or copy hereof) is signed by a person other than the registered Holder of Original Notes listed therein, such Original Notes must be endorsed or accompanied by properly completed bond powers which authorized such person to tender the Original Notes on behalf of the registered Holder, in either case signed as the name of the registered Holder appears on the Original Notes. If this Letter of Transmittal (or copy hereof) or any Original Notes or bond powers are signed by trustees, executors, administrators, guardians, attorneys-in-fact, or officers of corporations or others acting in a fiduciary or representative capacity, such persons should so indicate when signing and unless waived by the Companies, evidence satisfactory to the Companies of their authority to so act must be submitted with this Letter of Transmittal.

Endorsements on Original Notes or signatures on bond powers required by this Instruction 6 must be guaranteed by an Eligible Institution.

Signatures on this Letter of Transmittal (or copy hereof) or a notice of withdrawal, as the case may be, must be guaranteed by a member firm of a registered national securities exchange or of the National Association of Securities Dealers, Inc., a commercial bank or trust company having an office or correspondent in the United States or an "eligible guarantor institution" within the meaning of Rule 17Ad-15 under the Exchange Act (an " ***Eligible Institution*** ") unless the Original Notes tendered pursuant thereto are tendered (i) by a registered Holder (including any participant in DTC whose name appears on a security position listing as the owner of Original Notes) who has not completed the box set forth herein entitled "Special Issuance Instructions" or "Special Delivery Instructions" of this Letter of Transmittal or (ii) for the account of an Eligible Institution.

7. *Transfer Taxes.* Except as set forth in this Instruction 7, the Companies will pay or cause to be paid any transfer taxes applicable to the exchange of Original Notes pursuant to the Exchange Offer. If, however, a transfer tax is imposed for any reason other than the exchange of Original Notes pursuant to the Exchange Offer, then the amount of any transfer taxes (whether imposed on the registered holder(s) or any other persons) will be payable by the tendering holder. If satisfactory evidence of the payment of such taxes or exemptions therefrom is not submitted with this Letter of Transmittal, the amount of such transfer taxes will be billed directly to such tendering holder.

8. *Special Payment and Delivery Instructions.* Tendering Holders should include, in the applicable spaces, the name and address to which Exchange Notes or substitute Original Notes for any principal amount not tendered or exchanged are to be sent, if different from the name and address of the person signing this Letter of Transmittal

(or in the case of tender of the Original Notes through DTC if different from the account maintained at DTC indicated above). In the case of issuance in a different name, the taxpayer identification or social security number of the person named must also be indicated.

9. *Irregularities.* All questions as to the forms of all documents and the validity of (including time of receipt) and acceptance of the tenders and withdrawals of Original Notes will be determined by the Companies, in its sole discretion, which determination will be final and binding. Alternative, conditional, or contingent tenders will not be considered valid. The Companies reserve the absolute right to reject any or all tenders of Original Notes that are not in proper form or the acceptance of which would, in the Companies' opinion, be unlawful. The Companies also reserve the right to waive any defects or irregularities as to the tender of any particular Original Notes. The Companies' interpretation of the terms and conditions of the Exchange Offer (including the instructions in this Letter of Transmittal) will be final and binding. Any defect or irregularity in connection with tenders of Original Notes must be cured within such time as the Companies determine, unless waived by the Companies. Tenders of Original Notes will not be deemed to have been made until all defects or irregularities have been waived by the Companies or cured. Neither the Companies nor the Exchange Agent, nor any other person will be under any duty to give notice of any defects or irregularities in tenders of Original Notes, or will incur any liability to registered holders or beneficial owners of Original Notes for failure to give such notice.

10. *Waiver of Conditions.* To the extent permitted by applicable law, the Companies reserve the right to waive any and all conditions to the Exchange Offer as described under "Procedures for Tendering Original Notes" in the Prospectus, and accept for exchange any Original Notes tendered. To the extent that the Companies waive any condition to the Exchange Offer, it will waive such condition as to all Original Notes.

11. *Mutilated, Lost, Stolen or Destroyed Certificates.* Any holder of Original Notes whose Original Notes have been mutilated, lost, stolen, or destroyed should contact the Exchange Agent at the address or telephone number set forth on the cover of this Letter of Transmittal for further instructions.

12. *Questions or Requests for Assistance or Additional Copies.* Questions or requests for assistance or additional copies of the Offer to Purchase, this Letter of Transmittal and the Notice of Guaranteed Delivery may be obtained (at the Purchaser's expense) from the Exchange Agent at its address or telephone number set forth on the cover of this Letter of Transmittal.

13. *Definitions.* Capitalized terms used in this Letter of Transmittal and not otherwise defined have the meanings given in the Prospectus.

IMPORTANT : **This Letter of Transmittal, together with certificates for tendered Original Notes, with any required signature guarantees or an Agent's Message in lieu thereof, together with all other required documents or a Notice of Guaranteed Delivery must be received by the Exchange Agent prior to 5:00 p.m., New York City Time, on the Expiration Date.**

Certain penalties may also apply.

FOR ADDITIONAL INFORMATION CONTACT YOUR TAX CONSULTANT OR THE INTERNAL REVENUE SERVICE.

IMPORTANT TAX INFORMATION

Under U.S. federal income tax law, a tendering holder whose Original Notes are accepted for exchange may be subject to backup withholding unless the holder provides the Exchange Agent with either (i) such holder's correct taxpayer identification number (" ***TIN*** ") on the Substitute Form W-9 attached hereto, certifying (A) that the TIN provided on Substitute Form W-9 is correct (or that such holder of Original Notes is awaiting a TIN), (B) that the holder of Original Notes is not subject to backup withholding because (x) such holder of Original Notes is exempt from backup withholding, (y) such holder of Original Notes has not been notified by the Internal Revenue Service that he or she is subject to backup withholding as a result of a failure to report all interest or dividends or (z) the Internal Revenue Service has notified the holder of Original Notes that he or she is no longer subject to backup withholding and (C) that the holder of Original Notes is a U.S. person (including a U.S. resident alien); or (ii) an adequate basis for exemption from backup withholding. If such holder of Original Notes is an individual, the TIN is such holder's social security number. If the Exchange Agent is not provided with the correct TIN, the holder of Original Notes may also be subject to certain penalties imposed by the Internal Revenue Service and any payments that are made to such holder may be subject to backup withholding (see below).

Certain holders of Original Notes (including, among others, all corporations and certain foreign individuals) are not subject to these backup withholding and reporting requirements. However, exempt holders of Original Notes should indicate their exempt status on the Substitute Form W-9. For example, a corporation should complete the Substitute Form W-9, providing its TIN and indicating that it is exempt from backup withholding. In order for a foreign individual to qualify as an exempt recipient, the holder must submit a Form W-8BEN, signed under penalties of perjury, attesting to that individual's exempt status. A Form W-8BEN can be obtained from the Exchange Agent. See the enclosed "Guidelines for Certification of Taxpayer Identification Number on Substitute Form W-9" for more instructions. Holders are encouraged to consult their own tax advisors to determine whether they are exempt from these backup withholding and reporting requirements.

If backup withholding applies, the Exchange Agent is required to withhold 28% of any payments made to the holder of the Exchange Notes or other payee. Backup withholding is not an additional tax. Rather, the tax liability of persons subject to backup withholding will be reduced by the amount of tax withheld. If withholding results in an overpayment of taxes, a refund may be obtained from the Internal Revenue Service, provided the required information is furnished. The Exchange Agent cannot refund amounts withheld by reason of backup withholding.

A holder who does not have a TIN may check the box in Part 2 of the Substitute Form W-9 if the surrendering holder of Original Notes has not been issued a TIN and has applied for a TIN or intends to apply for a TIN in the near future. If the box in Part 2 is checked, the holder of Original Notes or other payee must also complete the Certificate of Awaiting Taxpayer Identification Number below in order to avoid backup withholding. Notwithstanding that the box in Part 2 is checked and the Certificate of Awaiting Taxpayer Identification Number is completed, the Exchange Agent will withhold 28% of all payments made prior to the time a properly certified TIN is provided to the Exchange Agent and, if the Exchange Agent is not provided with a TIN within 60 days, such amounts will be paid over to the Internal Revenue Service. The holder of Original Notes is required to give the Exchange Agent the TIN (e.g., social security number or employer identification number) of the record owner of the Original Notes. If the Original Notes are in more than one name or are not in the name of the actual owner, consult the enclosed "Guidelines for Certification of Taxpayer Identification Number on Substitute Form W-9" for additional guidance on which number to report.

Manually signed copies of the Letter of Transmittal will be accepted. The Letter of Transmittal and any other required documents should be sent or delivered by each holder or such holder's broker, dealer commercial bank or other nominee to the Exchange Agent at one of the addresses set forth below.
